Volume 38 | Tahoka, Lynn County, Texas, Friday, May 8. 1942. | Number 39.

School's Closing Exercises Next Week

Scholastic Census Shows Increase In Lynn County

There were 2,986 scholastics in Lynn County in March this year, according to census returns compiled by Mrs. Lenore M. Tunnell, county school superintendent, as compared with 2,816 scholastics last year. This does not include 71 scholastics residing in Lynn County in March of last year but who were included in the Garza County enumeration nor approximately the same number of such pupils so enumerated this year. If the number is the same this year as last year, then there were in fact 3,057 cholastics residing in this county during the past March as against 2,887 in March of last year. These 71 scholastics are lost to Lynn County by reason of the fact that they reside in county line districts.

The Joe Bailey district has been incorporated with the O'Donnell Independent district since the enumeration was made in March last year. Joe Bailey was therefore dropped from the list of common school districts this year and its pupils are included in the O'Donnell district.

In the seven common school districts this year, there are 449 scholastics, as compared with 479 in the eight districts that existed in March of last year.

In the two rural high school dis-

Stolen Car Was Recovered Tuesday

Marvin Hinkle, out southeast of town, did have a hired hand, but he has none now. The fellow disappeared some time Sunday night as did also Hinkle's 1939 Ford Coach and $26.00 in cash.

Hinkle rushed to town Monday morning and reported his loss to Sheriff B. L. Parker, and B. L. soon had the telephone wires hot. Officers at Dickens City located the car there, and Parker and Hinkle went down Tuesday morning and got it.

The hired hand and the money were not located, but Parker got on their trail. Having burnt up all the gasoline in the tank of the car, the fugitive had abandoned it on the edge of Dickens City and had gotten the operator of a filling station to flag down a bus bound for Wichita Falls. The fleeing thief rode the bus into that city, but his trail from there could not be immediately picked up. Parker was confident that he would get the gentleman before the sun sets many more times.

The fellow had been working for Mr. Hinkle only about a week. Mrs. Hinkle was in Lubbock, and Mr. Hinkle and a son and the hired man were the only persons in the house Sunday night. While the father and son slept, the hired hand arose and quietly stole away.

Turner Rogers is new employed in the Consolidated Aircraft plant in San Diego, Calif., and writes his parents that he has seen the George Hogan family there, as well as Jack Swafford and Alton Aiken.

Mann Congratulates Lynn County

Austin, Texas,
11:15 a. m., May 4,

E. I. Hill, Tahoka, Tex:

Hearty congratulations to you and your workers in filling the Navy Relief Society quota for Lynn County and to the people of your county for their generous response to this appeal. Each one of you who has contributed in any way to the success of your drive has the Navy's deepest thanks as well as my personal appreciation for a job well done. Best regards.

Gerald C. Mann, chairman,
Texas Citizen's Committee,
Navy Relief Society.

Farmer 'Grapevine' System Is Planned

In response to the Secretary of Agriculture's request that a human system of communication be set up in each county whereby every farm family in the nation could be reached within a few hours, the Lynn County Land Use Planning Committee took steps Tuesday to mobilize the farm people of the county. This committee was called upon by the Extension Service to serve as a County Agricultural Victory Council for the duration of the war

(Continued on Back Page)

Immunization Is Given 160 People

Dr. J. W. Sinclair, county chairman of the Health and Emergency Medical Service, Office of Civilian Defense, expressed himself as highly gratified at the response made by the people of Lynn County Wednesday to the offer to give free immunization against smallpox.

Approximately 160 people were vaccinated, he says, by himself and Dr. Emil Prohl and about forty persons were turned away by reason of the fact that the supply of vaccine on hand was depleted.

Dr. Sinclair states that two more Wednesdays, however, will be devoted to this work, and he has ordered from the State Department of Health a sufficient amount of vaccine to accommodate twice as many applicants as were accommodated last Wednesday. He urges that all who have not been vaccinated should present themselves at the county court room between the hours 9:00 and 12:00 a. m. or 2:00 and 5:00 p. m. next Wednesday, and he gives assurance that he will have a sufficiency of vaccine to accommodate them.

Those who were vaccinated last Wednesday are also requested to appear in order that their reaction to the vaccination may be noted.

The Doctor also calls attention to the fact that this program is for the benefit of all the people of the county, from every town and community in it, and they are urged to avail themselves of this opportunity to get immunization free of charge.

The Doctor further announces that following the conclusion of this program, immunization against diphtheria will be given.

Irrigation Rates Now Available

Any citizens of Tahoka desiring to do so may avail themselves of the benefits of irrigation rates for water this summer by signing the application therefor, Miss Rosemary Nelms, city secretary, announces.

The rates are: $2.50 for the first 10,000 gallons and 15 cents for each 1,000 gallons in addition thereto in any one month.

Some citizens of the town avail themselves of these rates the year round. Those who have not done so should call soon at the office of the city secretary and sign up.

Auxiliary Luncheon At Lubbock Saturday

Legion Auxiliary members of the 19th District will meet at a luncheon in the Hilton Hotel, Lubbock Saturday at 1 p. m., to hear Dr. Martha Wood, Austin, state president, Mrs. Geo. Berry, former state president, and other dignitaries, according to Mrs. R. L. Richardson of Tahoka, who is district president.

All Auxiliary members are invited to attend, and a number of members of the local unit plan to be there.

Mrs. Johnnie Peters, daughter of Mrs. W. A. Eaton, received her diploma as a nurse at the graduating exercises at the West Texas Hospital Tuesday.

A MESSAGE FROM THE SECRETARY OF THE TREASURY

THE SECRETARY OF THE TREASURY
WASHINGTON

May 1, 1942

TO THE PEOPLE OF TEXAS:

This week a new campaign for the sale of War Bonds and Savings Stamps is under way throughout the Nation. It is the War Bond Quota Campaign.

It is urgently necessary that you double the rate at which you are now buying War Bonds and Stamps. This will mean the sale direct to individual Americans of War Bonds and Stamps to the amount of not less than one billion dollars every month.

One billion dollars a month is the National quota. It is equal to one-tenth the combined incomes of all Americans.

This money is needed to buy the tools of war for your fighting forces. It will not pay for all of them. Our war expenditures now are at the rate of about FOUR BILLIONS a month, and they are growing daily. But a billion dollars a month direct from the people will make all-out production possible. Without it we cannot do our best; without it we cannot put forth our full effort.

It is desperately needed for another reason. We can't fight a war and at the same time live and spend as usual. There are not enough goods to go around — the things we buy with money. If we go on spending at the 1941 scale, we'll be robbing the fighting man to add to our own comfort or pleasure. We'll be driving up the cost of living for all of us. We'll be imposing dire hardships on our neighbors.

What is asked of you is ten per cent of your earnings — a tithe for Liberty. It is not a tax; it is not even a contribution; it is a loan at interest, for your use and protection later.

Your Government asks you to cut down your expenditures, TO SAVE — your boys on the firing line and in the training camps, through your Government, ask you to save so that they may have what they need to win YOUR WAR for you — America asks you to save; to SAVE TO WIN THE WAR; to buy War Bonds and Stamps up to not less than ten per cent of your income.

Is Liberty worth it? Is Democracy worth it? Is America worth it? I think I know your answer.

Sincerely,

H. Morgenthau Jr.

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

The above letter was sent to this newspaper by Secretary Morgenthau in Washington. We publish it in the interest of the War Bond Quota Campaign and earnestly recommend that all our readers do their share in the tremendous job ahead of financing the War effort.

11,000 Register For Sugar Ration Cards

Approximately 11,000 persons had been registered in Lynn County up to Wednesday night for sugar rationing, according to W. O. Thomas, chairman of the county rationing board. It was expected tha a few others would register Thursday.

In Tahoka, a total of 2,830 persons were registered at the school building the first three days, according to Supt. W. T. Hanes. Of this number, 2,432 were registered on board. It was expected that a few Wednesday.

Only fifteen of those who registered here had more sugar on hand than the amount allowed. These, of course, were not furnished with ration books and will be unable to procure additional sugar for the next two weeks.

At the end of that time, they should appear before the rationing board in the court house and make application, whereupon all who are entitled to them will be furnished sugar rationing cards.

Mr. Hanes expressed keen appreciation of the services of those who assisted in the registration and of the splendid co-operation of the people of Tahoka and vicinity.

The same co-operation was shown throughout the county, it is said.

Pfc. Guy Hegi of the Army Flying base, Lubbock, visited his brother, Pete Hegi, here Monday.

Books Are Delivered To Lubbock Soldiers

Books collected here for use of boys in the Army were carried to the Advanced Flying Base, Lubbock, recently, Mrs. G. M. Stewart, chairman of the drive in Lynn county, reports. A total of 254 books and 850 magazines were delivered to the school.

A number of children's books in the collection, obviously not suitable for the soldiers, were placed on the shelves of the county library.

Mrs. Stewart states that books are still being accepted and will be delivered to Army camps later.

Draw-Redwine School Closing

Closing exercises for the Draw-Redwine Schools will begin Sunday, May 10, with the Senior Baccalaureate Sermon. The sermon will be delivered by Rev. J. E. Young at 9:30 p. m. at the Draw Methodist Church.

High School Commencement will be Thursday, May 14, at 9:30 p. m. in the High School Auditorium.

E. H. Foster, Deputy State Superintendent, will bring the Commencement Address. Special numbers will include a vocal solo by Miss Ethel Pearson and a piano solo by Miss Sylba Busby. The salutatorian, Belle Proctor, will give the Welcome Address, and the Valedictory address will be given by Juanita Williams.

The graduates are: Ethyl Bennett, Sylba Busby, Lela Fae Parker, Bill Proctor, Belle Smith, Charles Tyler, and Juanita Williams.

Grammar School exercises will be Friday, May 15, at 9:30 p. m.

Lunwood Dodson is superintendent.

NEW CO-OP DIRECTORS

New directors elected at the recent annual meeting of the Farmer Co-op. No. 1 were L. D. Howell, E. L. Johnson, and Deen Nowlin. Other members of the board are B. J. Emanuel, Terry Noble, Vernon Willhoit, and G. A. Henry.

Two Evans Boys Join Air Corps

C. B. Evans Jr. and Boyce Evans, sons of Mr. and Mrs. C. B. Evans Sr., recently enlisted in the Army Air Corps, and are now stationed at Sheppard Field, Wichita Falls, where they are doing duty as aviation mechanics. They have been gone about three weeks.

Up to the time of his enlistment, Boyce was a student in Texas Tech. C. B. Jr. resided here, and his wife is still here.

Quota Reached For Navy Relief

Here is the low-down on the contributions of Lynn County people to the Navy Relief program which is being presented to the people of the United States.

Lynn County's quota was $300.00 On last Saturday, the Lynn County chairman, E. I. Hill, mailed to the Texas Navy Relief Committee at Austin, of which Attorney-General Gerald Mann is chairman, a check for $310.00.

Of this amount Tahoka contributed $153.13. The contributions of Ta-

(Continued on Back Page)

1942 Football Boys Lose To All-Stars

With the best "next year" prospects for a winning football team in many years, Spring training was brought to an end by the Tahoka Bulldogs Wednesday night when they played a regulation game with an all-star team on the local field.

Although the all-star team, made of many of Tahoka's best players of years past, won the game by a score of 27 to 6, Coach Leo Jackson's Bulldogs showed much potential power. In fact, he used about thirty boys in the game, frequently substituting by teams. Not only is the squad larger than before in numbers, but as a whole the boys are larger individually. Fans were exceedingly well pleased with the boys' looks.

Rusty Waldrep, for the all-stars, pushed over the first touchdown for the all-stars from the one-yard line in the first quarter, and Earl Adams passed to "Ham" Maasen for the extra point. In the same period the school boys scored their only touchdown when "Red" Harvick plowed through center.

A long pass to Botkin brought the stars' second touchdown, in the second quarter; in the third, Jakie Weathers raced to paydirt, and Adams kicked the extra point; and in the fourth, Adams made the score and kicked goal. Score 27 to 6.

The all-star team was about as formidable bunch of players as Tahoka has ever gotten together.

Clean-Up Week Is Planned Soon

The mayor and city council have designated the week beginning May 25 as Clean-Up Week for Tahoka, when it is hoped a clean sweep of the trash and rubbish of the town will be made.

The City will furnish a truck to pick up the rubbish if it is placed in sacks or other containers at convenient places, according to City Secretary Rosemary Nelms. The people are requested, however not to just pile loose junk in the alleys or other places and then expect it to be hauled away. It must be placed in some kind of container.

It is hoped that the Rotary Club, the Boy Scouts, and other organizations will assist with the campaign, Miss Nelms stated.

Dr J. D. Donaldson Is In Naval Reserve

Dr. J. D. Donaldson of the Lubbock General Hospital, son of Mr. and Mrs. John Donaldson, of Tahoka, left Sunday for San Diego, Calif., having volunteered for service in the Navy Reserve. He has been given the rank of Lieuteant, Junior Grade, and assigned to service in the Medical Division, at the Base Hospital in San Diego.

Dr. Donaldson was born and reared in Tahoka. He is a graduate of the Tahoka High school, ex-student of Texas Technological College, and a graduate of the Medical Branch of the University of Texas class of 1940. He has been connected with the Lubbock General Hospital, formerly the Lubbock Sanitarium, since June, 1941.

Class Sermon Will Be Sunday Night At Auditorium

Beginning Sunday night with the baccalaureate sermon, closing exercises of the local schools will continue throughout next week, culminating in the graduation exercises Friday night, when about 45 boys and girls will receive diplomas.

Baccalaureate services for the Tahoka High School senior class will be held in the high school auditorium Sunday evening, May 10, at 9:30 o'clock.

Reverend J. M. Lewis, pastor of the First Presbyterian Church, Lubbock, will deliver the sermon. The order of service has been planned:

Processional ..... High School Choir
Invocation ..... Garnie Atkisson,
Pastor, Church of Christ.
Hymn ..... Congregation
Scripture Reading
Solo — "A Prayer, Stairs"
..... Pershing Alexander
Sermon ..... Rev. J. M. Lewis
Hymn ..... Congregation
Benediction
Recessional ..... Mrs. Marcus Edwards

* * *

Dr. R. N. Richardson from Hardin-Simmons University, Abilene, will be the speaker for the graduation exercises on Friday evening, May 14, at 8:30 o'clock.

Bernice Huffaker and Mary Ruth Hargett, first and second honor

(Continued on Back Page)

Grade School Will Present Program

Tahoka Grade School will present "America The Beautiful," a panorama revealing the development of American life, Wednesday night, May 13, at 8:45, in the Grade School Gymnasium, to climax the year's work in studying citizenship and patriotism.

The period of discovery and colonization will be portrayed by the first three grades. The First Grade will depict Indian life with music and a harvest dance representative of the first real Americans. The Second Grade will show the New England colonization movement by the Dutch and Pilgrims in a drill and folk dance. Colonization in the Southern States will be portrayed by the Third Grade when they offer the Minuet, dressed in their hoop skirts and frock-tail coats.

The Intermediate Grades will unfold American growth and expansion as a nation to embrace the many peoples which make up America of today. Pioneer and frontier life will be depicted by a Square Dance characteristic of these people. The Fourth Grade will represent this group. The Fifth Grade brings the Negro element into American life by a scene typical of the colored race. The Spanish element of the Southwest will be shown by Sixth Grade in a Spanish folk dance.

Throughout the performance the Fifth and Sixth Grades Chorus will sing songs characteristic of each period, while in a grand finale the entire cast will give the Pledge of Allegiance to the Flag.

The public is cordially invited to attend this program in which a majority of the Grade School children will participate. There will be no admission charge.

Hero Of Bataan Has Tahoka Kin

Lieut. William Knight Boyd, of Amarillo, who figured in the headlines of daily newspapers recently by reason of his clever and heroic escape from the Japs as they were closing in on Bataan Peninsula, is the son of Mr. and Mrs. M. M. Boyd and the grandson of Mr. and Mrs. W. L. Knight of Tahoka. He was serving in the air corps until it was practically put out of commission and during the final days of the Americans on Bataan he was in the front line Infantry Corps.

Price Control Laws Will Be Explained To All Retailers

LUBBOCK, May 5—Recent Government orders controlling retail and wholesale prices for the duration of the war in order to halt the swiftly mounting cost of living will be explained in detail at a meeting in Lubbock at 8 p. m. today (Friday).

Especially invited to the meeting are all retailers and others of the merchandising trade — owners of large and small stores alike—from eighteen counties surrounding this city. Those counties are: Parmer, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Terry, Lynn, Garza, Kent, Gaines, Dawson and Borden.

The meeting will be in the Lubbock Senior High School auditorium, 19th Street and Avenue T. J. D. Hassell, member of the Lubbock Chamber of Commerce Committee on National Defense; will be chairman of the affair.

Full opportunity will be provided at the meeting, or clinic, for all business men to learn all about the general maximum price regulations which will become effective May 18. Officials from the Regional Office of Price Administration at Dallas will be present to speak on various phases of the regulations. After their presentations they will answer questions sent up from the floor.

The clinic here is one of 31 such sessions being held during May in Texas. The Lubbock Chamber of Commerce, in co-operation with OPA, and the Business Education Division of State Board for Vocational Education and the Lubbock Public Schools, is sponsoring and arranging for the meeting as a service to the war program, and to the people of this territory.

In view of the fact that the retailers and wholesalers have joined the consumers in the national fight against mounting costs, sponsors of the clinic urge all retailers and wholesalers of the counties listed above to be present. The affair will be open to all who desire to come.

Officials of the Lubbock Chamber of Commerce, the Business Education Division of State Board for Vocational Education, the Office of Price Administration and the Lubbock Public Schools, are anxious that all retailers be given this interpretative information on price regulations now, when it is so greatly needed by them in the conduct of their business.

To be explained by the Price Administration specialists will be how the over-all price regulations places an absolute ceiling over substantially all commodities and services sold at retail. The ceiling also extends over prices charged by wholesalers, manufacturers, and producers—the ceiling being the highest prices charged by each individual seller for each commodity or service during the month of March, 1942.

The regulation has been termed as strictly a wartime measure that will apply for the duration and be abandoned as soon as possible after peace comes. As will be explained at the meeting here, the general price control means a guarantee to the American people that their costs of living will remain stable, that the buying power of wages and salaries will not be impaired, and that scarce goods will not go solely to those who have the most money, but that all the people, rich and poor alike, will have an equal chance to obtain their share at a fair price.

Tahoka Planning Citizenship Day

Plans are being discussed for the staging of another "I Am An American" Citizenship Day again this year similar to the one held last year, and the Tahoka Rotary Club and Defense Guard committees are meeting today to work out details.

The day has been set aside by authorities of our National government, and is designed to impress on young voters the importance of being a good citizen. A week from Sunday has been proclaimed "I Am An American Day."

All communities of the county observance of the day at the will be invited to co-operate in program to be held here during the afternoon.

Wm. T. McFadden, Soldier In Philippines, Still Unheard From

Nothing had ever been heard from Wm. T. McFadden, son of Mr. and Mrs. Lee McFadden of this city who was in the Coast Artillery on Corregidor fortress in the mouth of Manilla Bay before war with the Japs broke out, according to his father.

Early on Tuesday of last week, a bunch of letters they had written him previously were returned. They have tried every method to get some word from him. However, authorities have pointed out that in cases like MaFadden's, no news is good news, since casualty lists have been made public from Corregidor, and it is likely that he is now a prisoner of war.

Adding to the anxiety, though, is the fact the William, who was a corporal at the time, was transferred from the U. S. Army to the Philippines as an instructor some time prior to the start of the war and the parents think it possible that he might have been moved from Corregidor.

Wm. T., who is now 29, graduated from Wilson High School before he reached the age of 15. He resided with his parents north of Tahoka until his enlistment in the Army nearly two years ago.

Lester Adams, who is employed at the D. W. Gaignat Hardware Store, has made application for service in the supply department of the Lubbock Air Base, and is waiting to be called for duty, either with or without rating.

Lee Simpson of O'Donnell enlisted last week in the Construction Regiment of the U. S. Navy as a carpenter's mate.

The first popularly elected administration of the Republic of Texas was inaugurated when the first Congress of the Republic met in Columbia in October, 1836.

Corregidor Falls To Jap Invaders

Climaxing a series of disasters suffered by us in the Pacific since that fateful morning of last December 7, Corregidor and three other fortresses in the mouth of Manila Bay fell into the hands of the Japs early Wednesday morning, almost exactly five months after the Japs began the war.

General Wainwright and about seven thousand American soldiers were made prisoners of the invaders.

While this is a staggering blow to the United States, the American people are deermined that the time shall come in the near future when this and all our other defeats will be avenged. America can and will eventually give Japan the drubbing that she deserves.

Mrs. Ward Eakin, who underwent an operation in a Dallas hospital a few weeks ago, was brought home in a W. M. Harris ambulance last Sunday, having made most satisfactory improvement, it is said. Her husband and Louie Weathers went to Dallas for her.

M. A. Dorman of Hagerman, New Mexico, has been here this week visiting relatives after having visited a few days at Snyder. Mr. Dorman lived in this county for a number of years.

REPRESENTATIVE OF MILLING COMPANY VISITS TAHOKA

W. H. Hooper, representative of the International Milling Company, was a business visitor in the News office Thursday, leaving an advertisement to be run in this issue of the paper.

"The International Milling Company," he stated, "is the third largest flour milling concern in the world, with nine mills in the United States and Canada, serving the South Plains through the Mill's branch at Lubbock.

"Though comparatively new in West Texas, Robin Hood flour has been milled for the past fifty years, and every bag of it is backed by a money-back-plus-10-per-cent guarantee, which your local merchant is authorized to back," he declared.

"In every bag of twelve pounds or larger will be found a valuable coupon, which is redeemable for kitchen ware."

Judge Chester Connolly and County Attorney Calloway Huffaker left Tuesday at noon to spend a few days down on the South Concho in the vicinity of San Angelo trying their luck as fishermen.

Among the bass fishermen who helped open the game fishing season near San Angelo last week end were Douglas Finley, Jack Fenton, Don Turner, and Jack Welch. They claim to have caught what they went after.

Still speaking their native tongue and retaining tribal customs, the Alabama and Coushatta Indians are today living on a reservation in Texas' Polk County.

Bales of cotton served as fortification for the steamers of the Texas forces under General Magruder when they recaptured Galveston during the Civil War.

T. E. L. CLASS MEETS

The T. E. L. Sunday School Class of the First Baptist Church met in the home of Mrs. J. L. Reece Tuesday evening.

Devotional was read by Mrs. H. A. Riddle. Prayer by Mrs. B. Davis after which a business meeting was held. Games were enjoyed by all during the social hour.

Refreshments were served to the following: Mmes. B. Davis, H. A. Riddle, Fender, Kelly, House, Edwards, Douthit, Woosley, Hancock, Jolly, Akin, Nevill, Reece, and Mrs. Margarett Preston, a visitor.

SMALLS ATTEND BROWN COUNTY MEET

At a meeting of ex-residents of Brown County held in the City Park at Lamesa last Sunday, George W. Small of Tahoka was elected vice-president of the organization.

Other Tahoka people attending were Mrs. Small, Mrs. Claud Wells, and Ollie Wright.

The meeting next year will be held in Big Spring.

Mr. Small extended an invitation for it to come to Tahoka, and the vote resulted in a tie. Then Mr. Small yielded to Big Spring with the unanimous understanding that it would come to Tahoka the following year.

About a hundred persons were present Sunday.

Lespedeza will grow on some soils too poor for any clover and on fertile soils too acid for either alfalfa or sweet clover, extension specialists say.

Shown above are A. D. Wenzel and his two 4-H Club sons of near Wilson and three of their Berkshire hogs that won prizes at the Plainview Stock Show held on April 16. Wilburn Wenzel, the smaller boy, showed two hogs and won first places in the light and heavy weight classes and grand champion in the 4-H club contests. Leo, the larger boy, won second place with his hog in the light weight class. The father, showing one hog in the open class won the championship ribbon.

Give a book for a soldier.

ARE YOU A MEMBER OF THE CHURCH OF CHRIST?

If so, where do you worship, or do you worship at all? Do you go and take your family to Bible Study? The "whole duty of man is to fear God and to keep his commandments:" The Lord has through the New Testament told us to study, pray, sing, give and to assemble around the table and break of the loaf and drink of the fruit of the vine. My friends, you cannot keep the commandments of God and not be present at the worship on the Lord's day. You cannot say "Amen" to prayers that you never hear. You cannot break of the loaf that you never touch. You cannot partake of the fruit of the vine that you never taste. Do you love God. May we all show our love for him by "worshipping Him in spirit and truth."

Make your plans now to be present and on time for all of the services next Lord's Day. We had the largest crowd we have ever had last Sunday for Bible Study. We want to do even better this Sunday. When we all cooperate with each other it gives every one more encouragement, and is more pleasing in the sight of God.

Special Notice: There will be a singing at the Gordon Church of Christ next Sunday at 3:00. Every one is invited to go and enjoy the good singing.

METHODIST CHURCH

Mother's Day Sunday will be observed appropriately with a sermon. There will also be a dedication of infants by infant baptism at the beginning of the service.

We will have League at 8 p. m. and dismiss our evening congregation that they may go to the Baccalaureate Sermon at the school.

MRS. SMITH IS HOSTESS TO CHILD GUIDANCE CLUB

The Child Guidance Club met at Mrs. W. E. Smith's home Tuesday evening.

Mrs. Emil Prohl gave a book review on "Wildfire" by Mary Hasting Vanning. This story tells how gossiping women can ruin the life of a young innocent girl.

Members attending were Mmes. Alton Cain, James Clinton, K. R. Durham, Coy Fielder, Douglas Finley, John Hamblen, Fred Hegi, Calloway Huffaker, Emil Prohl, W. E. Smith, Truett Smith, Jack Welch, A. L. Pace, Leo Jackson and Fred McGinty.—Reporter.

Pledger Coleman came over from El Paso, where he is employed, last week end, for his wife, who had been here several weeks. They left the first of this week.

Spring Tune-Up Chev. Special

- You can't get a new car so TUNE UP the one you have.
- Tighten cylinder heads and manifolds.
- Adjust valve tappets.
- Test compression of each cylinder.
- Clean spark plugs and adjust gaps.
- Clean and adjust distributor points; inspect and adjust generator.
- Check breaker points and timing.
- Check voltage regulator.
- Test ignition coil and wiring.
- Clean battery terminals.
- Clean and adjust carburetor.
- Blow out fuel lines; clean system.
- Check water pump.
- Check fan belt.
- Clean air cleaner.
- Road test car for performance

All for $2.50
(Parts extra, if necessary)

PANHANDLE MEMBER PRESS ASSOCIATION

This war is teaching us one thing—patience. A few months ago little old Japan sneaked up behind us and gave us a terrific kick in the pants, which we were not expecting. Before we could collect our senses, we found that we had some broken bones. We immediately became furious and sternly resolved to knock Japan out in short order. But when we attempted to strike, we found that we could not reach her. We also found that she was operating a regular kicking machine at lightning speed; and while we have been doing the best we could do under the circumstances, we have been compelled to see her grab Wake and Guam away from us, snatch up Manila and put her foot sternly down on all Luzon, including Bataan, drive our big ally cut of Malaya and seize Singapore, march proudly into Rangoon and Mandalay, in the meantime driving south in the Pacific and crushing the armies of the Dutch East Indies, and now making another threat to attempt an invasion of Australia. We have been compelled to just stand by and see all these things happen, while Uncle Sam keeps telling us that he is feverishly loading his guns and getting ready to shoot a terrific load. But how long, O Lord, how long must we yet wait? How long before we can get planes and guns and ships and men to brave General MacArthur? Help us, Lord, to be patient.

Texans have reason to be proud of the record her sons are making in the war, both in the number of men actively engaged in the conflict and the valor and efficiency they are displaying. For instance, a recent check-up showed that one person out of 27 in Lynn County is in some branch of the armed forces of the United States, while the average for the country as a whole is said to be one out of every seventy. There are very few unmarried men over 21 years of age left in Lynn County, and a number of married ones have gone. It may be that a larger proportion of men from the states in the North and East are employed in war industries. But those men are making no sacrifice, for they are paid handsome salaries for their labor, while the ordinary soldier, sailor, and the members of the Marines, the men who risk their lives for their country, are meagerly paid. We are just wondering if other sections of the country are exhibiting the same degree of patriotism and making the same kind of sacrifices that the people of the South and West are making. If not, we hope that they really get busy, for we certainly need more men on the seas and in the air. We must win this war, and the sooner the better.

Once there was a ponderous elephant who decided that it was wrong to spill the blood of his fellow-beasts of the forest, even in self-defense He sent word to a menancing lion that if said lion should make an assault upon him, he, Old Jumbo, would not actively resist the assault, although he would not co-operate with the lion in any way — which meant that he would not help the lion to kill any of the other beasts of the forest. So, the old lion proceeded to slay old Mr. Bear and old Mr. Wolf and little Mr. Fox, and then fell upon noble Mr. Horse, and gentle Mrs. Bossie and innocent Miss Lamb, in due order, and slew them also. Lazy old Jumbo had been sleeping on undisturbed during all this carnival of slaughter; and when he saw the ferocious old lion creeping up again toward him, he merely closed his eyes and again went to sleep. Can you guess what happened to that elephant? Well, that old elephant is big, ponderous India, sleeping on under the hypnotic power of that misguided genius, Mohandas K. Gandhi; and the cunning and cruel lion is treacherous, ravenous Japan. We are about to see the cunning lion slay that lazy, good-natured elephant right before our very eyes.

All newspaper people will know how to sympathize with the Stamford AMERICAN force in the following described accident:

A calamity which newspaper folk constantly dread but seldom suffer hit like a two-ton bomb in our press room last Thursday. Two page forms were pied just at press time. The reaction of printers and newspaper folk to the word "pie" is something entirely different from that of the average person. We spell it "pi" and the only way we can define it is 'type mixed into a helluvamess." That's what happened when two pages of type jumped off the press. It meant hours and hours of work destroyed in an instant, city deliveries delayed and train schedules missed. To us the calamity was second only to the fall of Bataan, which happened to be pictured on the pied front page. However, with the entire shop and office force working at top speed, the damage was repaired in four hours, which was record time. The same disaster occurred sixteen years ago in the middle of a weary night's work. That was worse. This editor has resolved to work harder and skimp more in the hope that he can retire before such a disaster rolls around again. He might not be able to stand the shock the third time.

Red Cross Is Meeting Needs In Many Fields

Hon. Tom Garrard, Red Cross chairman for the Lynn County chapter, has received the following communication from the Midwestern office, St. Louis, dated May 1, giving information about recent activities. The letter follows:

AMERICAN RED CROSS
Midwestern Area
1709 Washington Avenue
St. Louis, Missouri
May 1, 1942

TO: Chapter Chairmen in Texas

The month of April has brought floods and tornadoes to Nebraska, Kansas, Oklahoma, and Texas. About April 20th, it became evident that serious flood conditions threatened along the upper watershed of the Trinity River affecting Dallas and Tarrant Counties, Texas. Continued rainfall has kept the rivers at flood stage and the families out of their homes for an extended period.

As this letter is written, the following counties are affected: Dallas, Tarrant, Kaufman, Johnson, McLennan, and Ellis. Five known deaths have resulted and more than 1,500 families are affected. National representatives were assigned immediately to assist chapters in extending aid to those in need. Eighteen Red Cross disaster workers are now on duty to aid flood sufferers.

On the evening of April 28th a tornado struck Crowell, Texas, with devastating force, inflicting heavy property damage. This town of 1,817 population was practically levelled. Preliminary reports show 9 deaths, 75 people seriously injured, and 1,000 others homeless. The Foard County Chapter, Crowell, Texas, aided by volunteers from adjacent chapters took immediate steps to meet emergency needs. Red Cross cots and blankets have arrived on the scene for use of those quartered in public buildings. A canteen is operating and needs of these disaster stricken families are being met pending plans for rehabilitation. Twelve National Red Cross Disaster workers, including two nurses, are now assigned to this area. Chapter volunteers are working with our staff in extending relief to the tornado victims.

Therefore, each chapter in Texas should make it known that the Red Cross is providing necessary assistance to the affected families. Chapters are authorized to accept contributions offered for relief in the stricken areas. Contributions received should be remitted to this office to be applied to Red Cross relief budgets in connection with these operations.

Sincerely yours,
Wm. M. Baxter Jr.,
Manager.

Mrs. J. A. Giles left Monday to visit her son and daughter-in-law, Mr. and Mrs. Truett Giles, at Sheppard Field, Wichita Falls. She also expected to visit relatives at Decatur.

BIG FRUIT CROP IN PROSPECT

The News editor has an invitation to visit the Von Roeder Seed and Fruit Farms down in the southeast portion of Borden County this summer. Think we will go down and get a big watermelon and a bushel of those fine peaches.

Mr. Nolan von Roeder of Knapp, one of the proprietors, writes us. (quote): "We should have at least 5,000 bushels of peaches, plums and apricots. They will start ripening the first of June. I believe the preservation of fruit will contribute toward the winning of this war. Thank you. Yours Truly, Nola von Roeder.

"P. S. This will entitle you to all the fruit and melons you can eat. —N."

Then comes the invitation. We'll bet Mr. Nolan von Roeder has no idea how much fruit and melons we can eat in a whole summer.

FRANK McGLAUN GRADUATES AT LOWRY FIELD, COLO.

The News has received the following communication from Sgt. Frank McGlaun Jr., mailed April 30 at Salt Lake, Utah.

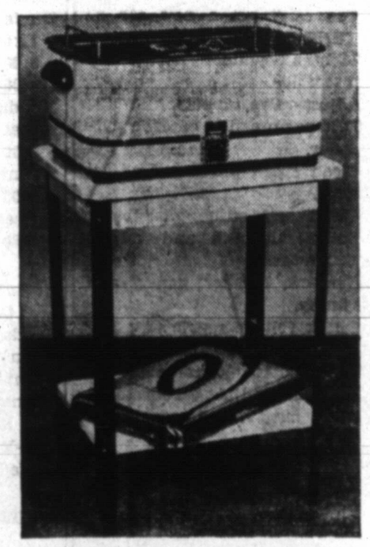

"Dear Mr. Hill: I have graduated from the Air Corps Technical School at Lowry Field, Denver, Colorado, in Bombsight Maintenance. I am back at Las Vegas, Nevada, and will soon depart for Roswell, New Mexico, an advanced school for Bombardiers.

"Hope to see you soon.—Frank."

Frank was reared here principally and is a graduate of the Tahoka High school.

Texas is the 28th state to be admitted to the Union.

"Down with the land of the rising scum"

ODDS and ENDS - - -

by Eee Eye, the Elder

As this is written, there are suspicions and rumors that the Japs are about to renew their drive southward in the Pacific either in an attempt to invade Australia or to cut the transportation lines between that island and the United States. In that event, one of the most terrific struggles of this World War will be precipitated and will be waged among South Sea Islands. So, more than ever before, we become intensely interested in them.

✣

Heretofore, when South Sea Islands were mentioned, we immediately thought of Robert Louis Stevenson or of Robinson Crusoe, or of cannibals, savages who eat human flesh. Noted among these were the Maoris of New Zealand.

When Captain James Cook, the first English navigator to cruise through the waters of the South Seas, touched on the coast of New Zealand in 1769, he decided to go ashore. When he did so the natives quickly gave him the "once-over" and decided that was about the best chance for a palatable dinner they had had in a long time. He had to kill several of them before he could convince them that he had no idea of becoming their meat. Then they turned their attention to some of the sailors with him. History records that they killed and ate the entire crew of one of his ships. In order to more fully satisfy their appetites, the Captain then turned loose on their island a number of pigs and chickens which he had aboard, gave them some seeds to plant, and sailed away. He visited the island several times after that, but we guess he always kept his old muzzle-loader ready for any emergency.

Only ex-convicts and desperate characters seeking adventure dared to settle on the islands back in those days, and they too must have gone armed for bear, otherwise they couldn't have escaped the maws of these savage cannibals. Gradually other settlers came, and finally, in 1914, came the missionaries.

Of the 1,600,000 inhabitants of New Zealand today, 75,000 of them are Maoris, descendants of those cannibals. But they are not savages. The English have Christianized them and taught them the ways of civilization, and they are good and fairly intelligent citizens today. Furthermore, they are said to be about the finest examples of physical manhood to be found anywhere.

And if New Zealand is compelled to fight against the Japs for its independence and its life, these Maoris will be among the most valiant soldiers in the New Zealand armies.

✣

But, the vast majority of the New Zealanders are descendants of the English, with a considerable sprinkling of Scotch, and Irish, and some from other countries of Europe.

Because they have been pioneers in a new country, they, like the Australians, are more like Americans, perhaps, than they are like the people of England.

And yet, while there are no large cities in New Zealand, more than half of the people live in cities and towns.

The largest city is Auckland, with a population of 225,000 to 250,000. Wellington has more than 150,000; Christchurch 135,000; and Dunedin almost 100,000. Must be a bunch of Scotchmen there, if we are to judge by the name.

✣

Believe it or not, this little country of New Zealand with a population of little more than a million and a half, is one of the most progressive countries in the world. It is so "progressive" in fact that we Americans would be inclined to regard its people as rather socialistic.

If "Sockless" Jerry Simpson of Kansas and old "Cyclone" Davis and Harry Tracy of Texas, and other Populist leaders of the eighties and nineties of the last century had gone to New Zealand to start their crusade, they would have had no trouble whatever in being elected to the highest offices in the land, for as one scans the list of laws enacted in New Zealand along about that time, he imagines he can see Populist tracks everywhere.

In fact, ante-dating the Populist movement in the United States, a "Single Tax" measure was enacted by the General Assembly of New Zealand in 1876, which placed a heavy tax on land but exempted from taxation all improvements thereon — in accordance with a theory of taxation promulgated by Henry George, famous as a political economist three-quarters of a century ago. This measure had the effect, of course, of dissolving all land monopolies and of making land readily available for homes for the people. It also encouraged the making of improvements on the land.

And then the Government adopted the policy of buying the land of dissatisfied land-owners and of leasing it in comparatively small tracts for long terms of years to tenants who desired to improve it and live on it.

✣

Then came the Populistic measures.

Government ownership of railroads was authorized in 1870, and this policy has prevailed in New Zealand ever since.

Along with that came the Government ownership and operation of the telegraph and telephone lines.

An income tax was adopted in 1891.

Full suffrage was granted to women in 1893.

Old age pensions were first granted in 1898.

Compulsory arbitration of labor disputes was adopted in 1894, and a law was enacted in 1908 making it an offense for any person to participate in a labor strike.

A universal minimum wage scale was established by law in 1899.

Labor troubles such as we have in the United States were rendered impossible in New Zealand by these laws, and if we had similar laws in this country today, there would have been no delay in our war-equipment building program.

The Government of New Zealand has also established and operates a system of life insurance, a system of fire insurance, an agriculture program, etc.

✣

Well, what form of government do they have in New Zealand any way? one may ask.

Just as thoroughly democratic as our own.

True, members of the upper house of its General Assembly, called the Legislative Council, are appointed, but like the British House of Lords, it has little real power. The lower house, known as the House of Representatives, is the real legislative power of the country, and its members are elected by the people.

The Maoris, descendants of the savages who in 1769 tried to kill and eat Captain Cook, are given four seats in the upper house, so that their interests may always be represented in the legislative body.

The governor-general, we believe, is appointed by the King of England, but like the King he is a mere figurehead. He can recommend legislation but he has no voice in the legislative body and he has no power to veto an act passed by the General Assembly.

New Zealand believes in and practices democracy, and she will fight to the death any and every dictator, whether he be Japanese or German, who undertakes to take her liberties away from her.

O, that we had hundreds of more ships and thousands of more planes to send to New Zealand and Australia this minute!

Tahoka Men Given Air Corps Promotion

Clayton A. Lawrence of Tahoka, son of C. A. Lawrence, who was connected with the AAA office here for years, has been promoted to Private, First Class, at the Lubbock Army Flying School, according to an announcement made by Col. Thomas L. Gilbert, Commandant Lawrence is a graduate of the Tahoka High School.

It is also announced that John Reed Townes, son of Mrs. Effie Towes, of Tahoka, has also been promoted to Private, First Class. He was reared in Tahoka and is also a graduate of Tahoka High.

Both are now with the 93th Material Squadron at the large Advanced Twin Engine Flying School. Lawrence is an inspection clerk and Townes is in the Link trainer department.

G. C. Wells, son of Mr. and Mrs. J. C. Wells, another native of Tahoka and a high school graduate, has been promoted to Sergeant, and is in the field maintenance crew at the Advanced Twin Engine Flying School. He was at Brooks Field for several months before being transferred to Lubbock.

By the Compromise of 1850, Texas accepted $10,000,000 for its claim to all land north and west of the present boundary lines of the Trans-Pecos region and the Panhandle.

The flag of the United States replaced the Lone Star banner over the Capitol of Austin, February 16, 1846.

THE FIRST NATIONAL BANK
TAHOKA, TEXAS

Sure, every acre's raising more . . . Now what's upping the mileage from this oil?

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers — modern synthetics — were added to improve on nature.

AND MODERN SYNTHETICS in Conoco N*th* motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco N*th* oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco N*th*!...the oil you can have for your needed Spring oil change that's now overdue...the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco N*th*. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess wear, and keeping up mileage with your engine OIL-PLATED.

But Conoco N*th* oil also includes *Thialkene inhibitor*...another synthetic ...invented to inhibit or restrain the dangerous "jelling" of oil under excess strain. Engine heat and pressure can even gum up oil into something like fly-paper coating—only dirtier, and not much better for mileage. Against this threat, *Thialkene inhibitor* was created for Conoco N*th* (U. S. Pat. 2,218,132). And Conoco N*th* out-mileaged the others in the Death Valley Test—from 74% all the way up to 161%. You can get real optimistic about your own mileage. Conoco N*th* will come through for you. Change at Your Mileage Merchant's Conoco station. Continental Oil Company

CONGRATULATIONS

Graduates of Tahoka, O'Donnell, Wilson, New Home, and Draw-Redwine High Schools

We are proud of today's Graduating Youth. We are happy that each of you are at this milestone in life, and are sure you feel the great responsibilities that lie before you.

To some, with a world at war, the future may seem dismal. But, remember, there is Glory in American Democracy, for it is founded on the teachings of Christ, even if it is sometimes polluted by politicians and labor racketeers and czars of big business.

Your future depends a lot on YOU. You have a start on your education as a good American citizen. You have youth, confidence, courage, eagerness, vigor, and trained intelligence upon which a new world of peaceful living must be founded. School students of today, our leaders of tomorrow, we are happy with you — all the graduates of Lynn County — on this happy commencement season.

Raise Fund For Victims Of Storm

A total of $230.00 has been sent from Tahoka to aid the victims of the tornado which swept through Crowell nearly two weeks ago, killing nine persons, rendering 1,500 people homeless, and wrecking eighty per cent of the residences and business houses of the town.

The funds went to two separate agencies there, but it is all to be used for the benefit of the stricken town. One hundred dollars of the amount raised is credited to the Tahoka Methodist Church while the remainder was cotributed by the business men and other citizens of Tahoka. Rev. George E. Turrentine, pastor of the Methodist Church here, who was pastor at Crowell for four years some time back, and Jack Welch, who was reared in that vicinity, circulated the petition for the funds here; and they express their appreciation of the liberal response of the people.

CADES VISIT JOHN TARLETON COLLEGE

Mr. and Mrs. A. M. Cade returned Monday from Stephenville, where they had gone to visit their daughter, Miss Iris Dean, who is a student in John Tarleton College, and to attend the celebration of "Parents' Day" at that institution Sunday.

An elaborate and intensely interesting program was given, Mr. Cade says, beginning at 10:30 Sunday morning and closing at 4:30 in the afternoo, with Goveror Coke Stevenson as the speaker of the day. Mr. Cade says that his address was very fine.

From 6:30 to 7:45 a great "V—for Victory" pageant was staged at Hays Field, which was pronounced most beautiful and inspiring.

The Cades thoroughly enjoyed the visit and came back with a very fine opinion of John Tarleton College. Miss Iris Dean is herself very entnusiastic about the school and will probably remain there for the summer session.

TOM GARRARD SPEAKER AT ROTARY LUNCHEON

Tom Garrard was the speaker at the Rotary luncheon Thursday, telling of conditions he found in Washington upon his recent trip to that city in company with Garland Pennington, both of whom went in the interest of the Lyntegar Electric Cooperative.

"Washington is a mad-house," he said. "All the Congressmen are thinking about what the sentiment of the people back home may be . . . Everybody seems to be expecting an airplane attack upon the city any day. Immense new buildings are being constructed of frail material all over the city."

Mr. Garrard also declared that all airplanes are crowded and reservations must be made several days in advance.

He told many interesting things that cannot be set out at length, but he found that the heads of all departments and agencies are making everything else secondary to winning the war.

Bonnie Jean Clark, the Club sweetheart, gave several piano numbers.

A committee was appointed to confer with officers of the Defense Guard respecting the observance here of "American Day" on Sunday, May 17.

A committee was also appointed to make recommendations as to whether or not the Club will send a delegate to the Rotary International convention in Toronto this summer.

The Club voted to send President Frank P. Hill to the district meeting in Wichita Falls Monday.

GOOD HALF & HALF COTTON SEED—For Sale. Culled, treated, ad sacked. Deen Nowlin. 39-4tc

Lorene Reese On Assistants' Board

Miss Lorene Reese, who accompanied Dr. and Mrs. K. R. Durham to San Antonio last week for the conventions of the Texas Dental Society and the Dental Assistants' Society, was accorded a distinct honor on her own account when she was elected a member of the board of directors of the last named organization. The Dental Assistants Society was organized two years ago.

Dr. Durham has long been a prominent member of the Texas Dental Society, usually having a place on the program at its conventions. He reports a good attendance and excellent programs at the meetings last week.

Congratulations--

Dr J. W. Sinclair announces the following recent births in this county:

A son weighing 9½ pounds was born to Mr. and Mrs. Q. W. Withers residing six miles east of Tahoka, on Thursday of last week. He was named Elmer Bruce.

A daughter weighing 9½ pounds was born to Mr. and Mrs. Francis Gill at Slaton last Friday. She bears the name of Ricci Lorene.

A daughter, who has been given the name of Betty Caroline, was born to Mrs. T. V. Abney, residing six miles east of Tahoka, last Saturday night; weight, 9½ pounds.

A son was born to Mrs. Milie Dove of Tahoka April 2; name, Jerry Day, weight, 9½ pounds. The father is now somewhere in the Far East in the service of his country. This and those that follow were not immediately reported to the News.

A son weighing 9 pounds was born to Mr. and Mrs. R. E. Bagby, residing five miles northeast of Tahoka, on April 4. He bears the name of Raymond Edwin Bagby Jr.

A daughter, Ruby Atrail Mason, weighing 8½ pounds, was born to Mr. and Mrs. L. H. Mason of Three Lakes on April 4.

500 BUSHELS of re-cleaned Georgia Second Year Half & Half Cotton Seed for Sale at my place. 5 miles east and 4 south of Tahoka. Price: $1.50. C. B. Evans. 39-3tp

Camp Blanding Boys Back After Visit Here

Finis Connolly of Camp Blanding, Florida, left Thursday for the camp after a visit here with his parents, Mr. and Mrs. James (Skinner) Connolly. He came on Saturday of last week.

James Foster, also of Camp Blanding, left here on Thursday of last week after a visit of several days with his aunt, Mrs. Leonard Craft.

While these boys do not talk much, it can be readily detected that they would like to get into active service somewhere. They and other Tahoka boys remained at Camp Bowie, Brownwood, for more than a year; then they were sent to Camp Blanding, where they have been several months, and if there is any prospect for them to be sent to any fighting front any time soon they have no inkling of it.

They and many others, doubtless, have become somewhat impatient under the enforced delay, for they cannot understand why a few of their companions have been in the fighting zones for months while they must remain in camp.

Keith Connolly, brother of Finis, who went to Camp Bowie the same time that James went, is now serving as a machine gunner on one of the American planes in the Southwest Pacific, according to information reaching his parents here.

R. L. Pirtle of Draw was taken to the Lubbock General Hospital on Thursday of last week, where he underwent an operation for appendicitis and also for gall bladder trouble and other ailments. At last reports he was doing fairly well under the circumstances.

COLDS SET BACK CHICKS

When your chicks are feeling sick because of runny noses and watery and swollen eyes, you can't expect them to do well. Keep Dr. Salsbury's Can-Pho-Sal handy so you can use it at the first sign of colds or lung troubles . . . See us today.

WYNNE COLLIER
DRUGGIST
A member of Dr. Salsbury's Nation-Wide Poultry Health Service

ANNUAL SCOUT CIRCUS AT LUBBOCK TODAY

Thousands of Boy Scouts are to be in Lubbock today and tonight attending the Annual Scout Circus. The program begins at 2:30 this afternoon, and there will be another program at 8:00 o'clock tonight at the Texas Tech Stadium. It is said that 4,000 Scouts attended this annual affair last year, and H. B. McCord says that 5,000 are expected to be there today.

Attending from Tahoka will be 21 members of troop 21, together with Scoutmaster A. R. Milliken, H. B. McCord, the secretary-treasurer of the local organization, and W. A. Redoell, committeeman, and possibly others.

A. C. Weaver, the cub-master, expressed regret that the cubs of Tahoka, as a rule, would be unable to attend.

G. C. PRICE TRANSFERRED TO FORT LEWIS, WASH.

G. C. Price, 21, son of Mr. and Mrs. J. G. Price of Tahoka, who volunteered for service in the army and went to Fort Bliss about four weeks ago, was assigned to Camp Fort Lewis near Seattle, Washington, and is now stationed there. He is in the Medical Corps. His father states that he was in the Medical Corps himself in World War No. 1.

In the first two years of war, British lifeboats saved 4,058 lives in 2,006 trips.

Navy Relief . . .

(Continued from Page 1)

hoka business men and a few farmers amounted to $140.03, while faculty members and students of the public schools here contributed $13.10.

Contributions coming from O'Donnell amounted to $75.00; from Wilson, $60.00; and from Draw-Redwine, $21.87.

The rural districts of the county generally were not covered at all. At Wilson, many farmers contributed and quite a number in the Draw-Redwine district did the same thing, but no canvass of the citizenship was made there at all.

This incomplete coverage was due to the fact that the campaign in this county was started a week late on account of the illness of the chairman; and no county-wide organization was perfected for the same reason. With workers in every school district, $500.00 could have been raised easily. The people generally responded heartily to the cause, very very few who were approached failed, to contribute.

Marshall Stewart resident of the Edith community and member of the county selective service board, was the first person in the county to make a contribution, doing so without solicitation.

Supt. W. T. Hanes is due the credit for the contribution by the Tahoka schools, having taken the matter up with the faculty and students of his own accord while the chairman was confined to his room from a little illness. E. R. Edwards, an ex-navy man and at present manager of the Union Compress here, also deserves much credit for the success of the canvass in Tahoka.

Hardly enough can be said in praise of the work of Charley Cabool, Supt. S. F. Johnson, B. M. Haymes, Charley Bradley, and others at O'Donnell; while J. C. Key and Supt. S. G. Anthony are responsible for the fine work at Wilson. E. W. Holloway saw to it that a container bearing an appropriate label was so placed at Draw that any persons who might wish to contribute would have an opportunity to do so.

If any person who has been missed desires to make a contribution, he may do so yet, and the amount will be sent into Austin within a few days.

Scholastics . . .

(Continued from Page 1)

tricts, New Home and Draw-Redwine, there were found to be 615 scholastics this year as compared with 565 last year.

In the seven Independent school districts, Tahoka, O'Donnell, Wilson, Grassland, New Lynn, Wells, and Midway, there are 1922 scholastics this year as compared with 1772 last year.

By districts, the number of scholastics are given as follows:

Independent Districts		
Name	1941	1942
Tahoka	643	661
O'Donnell	450	507
Wilson	333	413
Grassland	105	111
New Lynn	93	80
Wells	91	75
Midway	57	75
Total	1,772	1,922

Rural High Districts		
No. 1, Draw-Redwine	187	248
No. 2, New Home	378	367
Total	565	615

Common School Districts		
T-Bar	56	63
West Point	66	52
Edith	56	73
Three Lakes	29	40
Dixie	80	83
Gordon	46	47
New Moore	89	91
Joe Bailey	57	00
Total	479	449
Grand Total	2,816	2,986

"Grapevine" . . .

(Continued from Page 1)

emergency.

The main function of the County Agricultural Victory Council will be to aid the County and Home Demonstration Agents and other agricultural agencies in bringing information of an educational and war emergency nature to every rural family in the county. The plan will involve a minimum of community meetings, thereby conserving automobiles and rubber.

Each community will be broken down into neighborhoods. One man and one woman in each neighborhood will serve as victory leaders and will be responsible for passing information to each of the ten to twenty families in their neighborhood.

County Agent Don Turner and Home Demonstration Agent Maurine McNatt are contacting community leaders this week and assisting them in breaking down the community into neighborhoods and selecting neighborhood leaders.

A complete list of the names of the Community and Neighborhood Victory Leaders for the county will be published at a later date.

Schools . . .

(Continued from Page 1)

graduates, respectively, will speak briefly. The following program will be presented:

Processional ..... High School Band
Salutatory ..... Mary Ruth Hargett
Valedictory ..... Bernice Huffaker
Song, "The Bells of St. Mary's"
..... High School Girls' Chorus
Address ..... Dr. R. N. Richardson
Presentation of Diplomas ..... Mr. Prentice Walker, president of the school board.
Recessional ..... High School Band

* * *

Seventh Grade Graduation Exercises are to be held in the high school auditorium Thursday, May 14, 1942. The program will start promptly at 8:30 p. m.

Irwin Lehman, salutatorian, will introduce numbers on the program as follows:

Piano Duet by Gay Jackson and Jeannine Smith, who is the valedictorian.

Vocal Number by 12 boys and girls.

Class History by Geraldine Frazier.

Piano Solo by Lewis Botkin.

J. Fred Bucy Jr. will introduce the speaker, Mr. Truett Smith.

The diplomas will be presented by Mr. Wynne Collier, member of the local school board.

The last number on the program will be a song by the entire Seventh Grade.

Mrs. John Berry of Draw returned to her home last Saturday from the Lubbock General Hospital, where she had undergone a major operation about ten days before, and is said to be improving nicely. Mr. Berry has been ill, however, taking to his bed the same day that he brought Mrs. Berry home.
