Briefly

Church meeting

The Crockett and Smiley Street Church of Christ in Loraine will hold a weekend meeting, Friday March 23 through Sunday March 25.

Lynn Fisher of Snyder will be the speaker with services beginning at 7:30 each evening and Sunday morning services at 10:30 and Sunday evening at 6 p.m.

Everyone is invited to attend.

Senior dance

The Senior Citizens Dance will be Monday, March 24 at the Boys Club building on the corner of Third and Chestnut streets.

The dance will start at 7:30 p.m.

Good Friday

"The Cup," a Good Friday service, will be presented at the First United Methodist Church in Colorado City on Friday evening, March 23 at 7:30.

The Gethsemane experience and other events leading to the cross will be interpreted in scripture, music, and painting. This expression in worship will be led by the combined creative talents of Leslie Anderson, Addie V. Payne, and Leola Anderson. Leslie is youth, education, and music director for the First United Methodist Church in Sweetwater and will be the soloist and reader for the evening. The organist will be Addie V. and Leola, the painter.

The public is invited.

Good Friday

All Saints Episcopal Church will celebrate Good Friday at 7 p.m. March 23. Father Malcolm Slayter from Odessa will be the celebrant.

The public is invited.

Lioness meeting

A meeting to elect officers for the Lioness Club for the coming year will be held at the First National Bank meeting room on Tuesday, March 25 at 6:30 p.m.

Other items on the agenda include planning the year's activities and selecting a name for the organization.

All ladies are invited to become a part of the Lioness Club and serve with the world's largest women's service organization.

Jo Monk, one of the organizers, explains that while the Lion-Lioness Clubs are international, their main efforts are locally oriented.

For further information, contact Mrs. Monks at 728-2124.

Office closed

The driver's license office at the Mitchell County Courthouse will be closed March 24-27. It will reopen on Monday, March 31.

Grant program nears completion

Colorado City's Community Development Block Grant program is nearing completion after nearly three years of intensive revitalization efforts in the northwest part of town (Sands area) according to Gary Smith, project administrator.

Officially approved by the U.S. Department of Housing and Urban Development in March, 1983, construction activities were begun one year later after fiscal year funds were allocated and environmental-engineering clearances were obtained.

"All activities originally call-

ed for in the city's application for funding are either completed or presently underway," said Smith. "Because of effective cost management, efficient designs, good contractor bids and city crews undertaking some of the demolition work, additional funds were available to under take more improvements to the CDBG area. These additions included one more rehabilitated house, the construction of a new water line along Cypress Street that feeds the targeted area and installation of a sprinkler system in the new park, named

Paredez Plaza."

To date, activities completed include the rehabilitation of 30 owner-occupied houses at a total cost of \$150,001.34. The one additional home improvement is presently under construction as well as remaining and follow-up improvements as warranted by the contractors. Five contractors worked at various times on the rehab projects. Problems encountered were a lack of bidders at any one time which led to time delays, the sheer age and deterioration of most of the houses and some substandard

contractor work which had to be corrected, explained Smith.

"The City Council placed a high priority on hiring local contractors where at all possible," said Smith, adding that owners of the houses were all of low income with 20 of them elderly and three physically handicapped.

Approximately 20 abandoned, dilapidated structures are being demolished by city crews and two contractors completed major commercial-type demolitions. Only about \$15,000 was expended for the item out of the

\$50,000 budget with the remainder used for extra sewer lines (\$6,806.12), the water line on Cypress Street (\$23,894.40) and the sprinkler system at the park (\$19,711.98).

Smith said that street paving and drainage improvements were responsible for \$308,000 of the total project with \$10,000 of the \$318,000 budget items transferred to install the water line. Twenty blocks of paving were constructed, with curb and gutter in some areas, and a drain-

Declining oil prices worry CISD board

The Colorado Independent School District board of trustees took a "wait and see" attitude when setting salaries for several administrators.

Meeting Thursday night, the board agreed to grant the \$114 a month mandated state raise for school principals Jerry Reynolds, James McLean, Dell Riley and Bobby Lemons and athletic director Tom Ramsey.

Supt. Charlie Uselton explained that because of the concern over school district tax evaluations due to declining oil prices, the board decided not to give a local raise. The contracts were extended for one year, giving the administrators two-year contracts. Uselton said that high school principal Reynolds' con-

tract was changed to give him 220 working days instead of 207.

Tax collector-business manager Geneva Findley's contract was also extended for one year. She was not given a salary increase, but her car allowance was increased from \$100 to \$200 a month.

One-year contracts also were given to Richard Steere, transportation supervisor; Christine Cooley, lunchroom supervisor; Barbara Gray, community education director; and Erna Lou Burt, Plan A counselor-director. Steere was given a 25-cent an hour raise.

Holy Week services slated

The 1984 Holy Week services have been scheduled Monday, March 24 through Friday, March 28 with the services to be held at the First Baptist Church. The services are sponsored by the Mitchell County Ministerial Alliance.

The worship service will begin at noon each day with a meal to be served at 11:30 a.m. and one at 12:30 p.m.

The theme of this year's services will be "God's Love." On Monday, Julius Early, pastor of the First United Methodist Church in Colorado City

will speak on the "The 'Stretch' of God's Love." On Tuesday, Fred Johnson, pastor of the First Assembly of God, will speak on "The 'Down' of God's Love" while on Wednesday, Rick Alkire, pastor of the First Baptist Church in Loraine, will speak on "The 'Up' of God's Love." On Thursday, Reta Richards, pastor of the First United Methodist Church in Loraine, will speak on "The 'Inclusiveness' of God's Love" while on Friday, John Taylor, pastor of Plainview Baptist Church, will speak on "The

"Visibility" of God's Love."

Music for the Holy Week services will be provided by Alta Miles, organist, and Connie Penland, pianist. Rick Alkire will be song leader. Special music will be provided by Martha Anderson on Monday, Rick Alkire on Tuesday, Christy Burtner on Wednesday, Colorado City Singers on Thursday and Maxine Burson on Friday.

Master of ceremonies will be Glenn Roenfeldt, pastor of First Baptist Church.

Exchange student makes adjustment

By Ray Mayo
Editor

It's a long way from the small European country of Norway to west Texas, but Kari Holth, a 17-year-old foreign exchange student at Westbrook High School, seems to have made the adjustment with style.

Kari, a senior student, is staying in the home of Junior and Bobbie Smith while here. The Smith's daughter, Kellyn, is also a senior at Westbrook this year.

Kari says Norway contrasts sharply with west Texas.

"Where I live, there are a lot of trees," she says. "It's hilly country and cold in the winter with a lot of snow."

"Everything's so flat and brown here, it was kind of strange in the beginning," she relates.

However, she describes Texas as "real neat...I really like it."

Kari, who started learning English in the fourth grade, speaks English quite well, but admits that she has acquired

some of the Texas "twang." She learned the British-style English in Norway and says her teacher will probably be upset when she returns home with her Texas accent.

Kari's father is a farmer and her mother teaches elementary school. She has one brother and one sister, both older.

She said she had always wanted to come to the United States ever since she was 12 years old.

"In the fall of 1983, I went to the counselor at school and filled out an application and waited," she said. Texas was her first choice because "everybody hears about Texas."

She says practically everything about Texas is different from her homeland. For one thing, the size of Texas is about double the size of Norway.

The people are different and the food is different, but she says she is enjoying every minute of it.

"I had never tasted ice tea

Hospital gets good report

Mitchell County Hospital received a good report following the annual Medicare survey which concluded Thursday, according to Ray Mason, hospital administrator.

Mason said that a team of five inspectors from Lubbock spent two days at the hospital.

"The survey team was extremely complimentary," said Mason, who noted there were only a few minor deficiencies found by the survey team.

"The records were in good shape and the entire staff is to be commended for a job well done," said Mason.

He said the lab received three deficiencies while the pharmacy and nursing services each received one. There were seven to eight deficiencies in dietary, but most were about maintenance of the facility itself.

Mason said the home health care and swingbed programs were also surveyed but received no deficiencies.

"We're very proud of everybody here at the hospital and the work they have done," said Mason.

late Frank and Pearl Elizabeth Hamm. He was the oldest of seven children, six of whom are still living.

Mr. Hamm was a charter member of the Merkel Lions Club and a charter member of the Colorado City Kiwanis Club where he served as president in 1959. He was a long-time drug-gest at Colorado Drug, having moved to Mitchell County in 1940.

He was twice elected to the Colorado City Council and served as chairman of the Mitchell County draft board during the World War II years.

He married Blanch Durham January 27, 1924 in Merkel. They moved from Colorado City to Fort Worth in 1968 where he continued to be employed in the

drug business with his son until 1979 when he retired at the age of 80. He was a member of the Davis Memorial Methodist Church in North Richland Hills (Fort Worth).

Survivors include his wife of Fort Worth; a son, Alan Hamm of Fort Worth; a daughter, Mrs. Bim (Ray Anne) Carlock of Colorado City; three grandsons, Tom Carlock of Colorado City, Jim Carlock of Abilene and David Hamm of Fort Worth; two granddaughters, Jean Anne Hamm and Carolyn Hamm, both of Fort Worth; two great-grandsons and one great-granddaughter; two brothers, Bill Hamm and Ted Hamm, both of Merkel; and four sisters, Mrs. Byers Petty of Abilene, Mildred Hamm of Merkel, Mrs. Guy Darsey of Austin and Mrs. John Hill of Grand Prairie.

before I came here," she explains. "Everything is tried here, so I had to really get used to the food."

School is also different with students here going to the same classes at the same time every day.

In Norway, students take more subjects and their schedules vary from day to day.

Also, she notes that the 12th

grade is comparable to the 9th grade in Norway. If she were home, she would be in secondary school which is a lot like college, she explains. When she returns home, she'll have two more years in secondary school and then will go to a university where she plans to study chemistry and biology. She will study for five years in the university.

Another change she has had to get used to is being in a small school. Although she lives in the country in Norway, she goes to a school which has 600 students in three grades. Her family lives about 70 miles from Oslo, the capital. She attends school in Halden, about 20 miles from her home, which has a population of about 35,000.

Kari, who arrived last August and won't return home until July, says she hasn't been homesick. She corresponds with her family regularly and her parents telephoned her at Christmas.

She says her experience here will always be a memorable one. She has seen a lot of Texas, from the rattlesnake roundup in Sweetwater where she tasted rattlesnake (there are no snakes at all in Norway) to Dallas to El Paso. She also went to the horse races at Ruidoso, N.M. and toured the border town of Juarez, Mexico. Before she returns home, she will tour the Eastern seaboard of the United States, taking in sights from Florida to Washington, D.C.

Her only regret upon leaving will be missing her friends, teachers and her host family.

age channel-structure was built. In addition, \$150,000 was used to install approximately 23 blocks of sanitary sewer in the targeted area. Because of isolated blocks and cost inefficiency, a few houses could not be served, he explains.

"\$37,160.40 of the \$38,000 park budget has been expended with the remainder obligated," said Smith. "The sprinkler system is now being installed by a local contractor and other improvements are complete. Realizing that a park area is a vital and beautiful asset to the entire community, several civic clubs have already planted trees in the park."

He said the remaining work to be done includes the completion of one housing rehab project, demolition of 15 structures, completion of the sprinkler system and grass planting, the final audit which will be contracted to a qualified, independent auditor and HUD closeout. Actual construction should be finished by mid-April and final closeout should be accomplished by July.

"The investment of \$800,000 into the community in terms of jobs and local contractors, increased quality of life and physical facilities can significantly stimulate the economy, reduce the crime rate and add to the tax rolls," said Smith. "Another important consideration of the city council has been that by putting in quality, low-maintenance improvements in this targeted area, the quality of city services can improve throughout the city. City crews will not have to devote so much time to severe washouts, and the health and safety of the neighborhood will improve."

work under contract, but his employment for another year was approved.

Useiton said the board decided to make no commitment on salary increases until it is determined what the dropping oil prices will do to the tax base.

"A lot of school districts are cutting some employees," said Useiton. "We don't want to have to do that."

The board also evaluated teachers during an executive session and considered contract renewals. Useiton said that following the executive session, the board decided to eliminate one teaching position for the coming school year.

The board approved the school calendar for 1986-87. Classes will begin Tuesday, September 2. Thanksgiving holidays will be November 27-28 while Christmas holidays will be December 22-January 2. Teacher in-service days are scheduled on Friday, October 10, Saturday, January 17 and Saturday, May 30. The spring break is set for March 10-13 with Monday, March 9 set aside for a bad-weather day. Friday, April 17 will be set aside for another bad-weather day. If school officials don't have to dismiss school for bad weather, then students and teachers will have holidays those two days. Graduation will be Friday, May 29.

In other business, the board approved the purchase of insurance on the district's buildings for the coming year at a cost of \$44,339. Bob Ratliff, representing the four local insurance agencies which carry the insurance, said this year's premium is about \$4,000 more than last year, but the coverage is better.

Cancer Society sees film

Those attending the Mitchell Unit Board meeting of the American Cancer Society Wednesday were once again inspired by the young amputee, Jeff Keith.

Pat Froesch of Abilene showed a short film entitled "Courage to Win" which highlighted some of Keith's life as he ran across America for cancer research and education. Other athletes were shown who have dealt with cancer and its struggles.

The meeting was held at the Villa Inn Restaurant with Charlie Uselton presiding. Committee reports and a staff report

from Pat Froesch were heard followed by a routine business meeting. Uselton appointed Mike Burt, chairman, Ann Beatty and Nadine Gordon to a nominating committee to elect new officers.

Attending the District 16 Crusade kick-off in Abilene March 13 were Mary Posey, Eddie Barclay, Virginia Dearen, and Anna Staats. The theme was "Ready or Not: Here Comes the Future." Speakers for the evening were Sharene Richardson, District 16 crusade chairman from Cloco, J. Hadley Hall,

DDS, Abilene, Karyn Green, Nolan crusade chairman, Becky Davis, District 28 crusade chairman, Fort Worth, and Anna Staats, Mitchell County crusade chairman.

Present at the local meeting were Erna Lou Burt, Charlie Uselton, Janice Oursbourn, Mike Burt, Billie Ruth Tartt, Glen Coon, Anna Staats, Virginia Dearen, Mary Posey, Carolyn Shaw, Mary Lou Maines and Pat Froesch, Abilene.

The next meeting will be April 16.

Weddings, Engagements

Newsom, Sheen united March 8th

Miss Marilyn Sue Newsom became the bride of Brian Doyle Sheen, March 8th in a double ring candlelight ceremony in Calvary Baptist Church.

The bride is the daughter of Dwight Newsom and the late Evelyn Newsom of Maryneal. Parents of the groom are Bob and Hazel Sheen of Colorado City.

Rev. Sam Packer of the Maryneal Baptist Church officiated in the 2 p.m. ceremony. Mrs. Pat McClure was organist and played numerous selections as well as the traditional wedding march and recessional. Rochelle Belew of Sweetwater sang "There Is Love" and during lighting of the unity candle sang "Flesh of My Flesh."

The vows were recited in a garden setting which was centered with an arched candelabra adorned with assorted fresh foliage and large pink bow which enhanced the pink tapered candles. Flanking the center setting were two seven branched candelabras with matched foliage, pink bow and pink tapers. Altar railings had additional foliage

arrangements. The unity candle stood on a scrolled stand decorated with fresh foliage, pink bow and pink tapers. Family pews were marked with a matching pair of globed candelabras adorned with fresh foliage and gypsophelia with intertwining pink satin streamers. Other pews were complimented with bows of pink and burgandy satin.

Given in marriage by her father, the bride wore an elegant formal gown of white satin and chantilly lace. The bodice had a dropped waistline fitted into a petit point in front with a y-neckline. Front and back was emphasized by a crystal satin pleated ruffle. The front was encrusted with alencon lace appliques and beaded bugle and seed pearls and iridescent sequins. The long-sleeved sleeves were adorned with satin appliques forming a leaf design. The skirt of glossy slipper satin flowed into a scooped cathedral train and was accented with satin leaf design and crystal pleating around entire bottom. The finger tip veil with blusher featured a head band of silk flowers and wide lace around the entire veil and was designed and made by the bride's mother. She carried a silk bouquet of cascading royal white roses and delicate phalaenopsis orchids defined by white delphiniums, highlighted with stephanotis and gypsophelia. The bouquet was accented with pink satin and white lace streamers.

In keeping with tradition, the bride wore for something old, her mother's wedding rings, something new was her veil and pearl earrings, wedding gift from the groom. Something blue was her garter made for her by the groom's mother and she wore a pearl necklace, borrowed from her sister-in-law, Valerie Newsom.

Matron of honor was Mrs. Heidi Jones of Colorado City. Bridesmaids were Mrs. Carolyn Greer of Maryneal, sister of the bride and Mrs. Valerie Newsom of Midland, sister-in-law of the bride. They each wore floorlength dresses of deep pink crepe trimmed with burgandy bows and featured scooped neckline, natural waistline, elbow length bouffant sleeves ending with wide double ruffles and wide ruffle at bottom of skirt. Each carried candlelit globes nestled in silk bouquets of pink tea roses, alstromeria, burgandy gypsophelia and cascading foil-

Mrs. Brian Sheen

aged tied with burgandy picot satin streamers.

David Wilson of Lubbock attended the groom as best man and groomsmen were Steven Dunbar of Lamesa, cousin of the groom and Jody Sneed of Midland, brother-in-law of the groom. They wore burgandy tuxes in keeping with the bride's colors.

Ushers were Rodney Landreth of San Antonio, brother-in-law of the groom and Tommy Greer of Maryneal, brother-in-law of the bride.

Candles were lit by Brian and Kelly Greer of Maryneal, nephew and niece of the bride. Brian wore a burgandy tuxedo and Kelly wore a deep pink crepe dress fashioned in the same style as the bride's attendants.

The couple was honored at a reception in the church parlor following the ceremony.

Members of the houseparty were Susan Landreth and Gail Sneed, sister of the groom, Helen Wilks and Barbara Hale, aunt and cousin of the bride.

The bride's table was covered with a white organza cloth caught in a drape effect by pink bows with lace bells. The centerpiece featured a silver lotus bowl candelabra with pink tapers and a silk arrangement of pink tea roses, alstromeria, loosestrife and gypsophelia. The

centerpiece was placed atop a round mirror encircled with burgandy glass pebbles and clear ice crystals along with curled ribbon streamers.

The traditional three-tiered cake was decorated with pink and burgandy roses and the top featured a bride and groom encircled by white lace ruffled edged with pink. The bride and groom replicas stood upon pink and burgandy silk flowers and overhead pink butterflies held pink and burgandy bells. Punch was served from an elevated crystal bowl and crystal appointments were used.

The groom's table, covered with a burgandy satin cloth, held a German chocolate cake served from a wooden pedestal cake stand. Burgandy tapers in wooden candlesticks decorated with burgandy silk flowers were at each side of the cake. A silver coffee service and silver appointments completed the setting.

The bride and groom will reside in Sweetwater after a trip to Ruidoso, New Mexico. She is a 1985 graduate of Highland High School and is employed by Moore, Dickson, Roberts and Ratliff Law Firm. The groom graduated in 1981 from Colorado High School and is employed by United States Gypsum.

The rehearsal dinner was hosted by the groom's parents on March 7th.

Group painting is free

A group painting class for Senior Citizens meets each Tuesday, 9-11:45 a.m., at the Wallace Center in Colorado City.

Everyone is invited to come and paint (any medium) in a group for fun and share your techniques with others. Jan Blasingsame will be the leader for the group. There will be no fee for this activity.

Please call the Community Education office, 728-2392, for more information.

CHARLES HAMILTON, right, was honored Friday morning on his last day of work at the Colorado City Post Office. Postmaster Charles Greer, left, presented Hamilton with a cap and a billfold. Hamilton retired after serving as Star Route carrier for eight years. Prior to that, he was a city carrier for nine years. Hamilton, who lives in Lorraine, is also retired from the U.S. Marine Corps, having served 27 years with the military branch. Hamilton and his wife Wanda were honored at a reception Friday night at the C. C. Thompson Room hosted by Charla Lane, his daughter, and Sharon Dockrey.

WORSHIP IDOLS? WHO ME?

Rev. James R. Galbreath - Pastor

Payne Chapel C.M.E. Church

Idolatry is the human problem, whether ancient or modern. The human imagination is a factory tooled to produce false images of God.

These images are not just the idle fancies we engage in, they are much more basic, because none of us lives with them.

You will never meet a person who is not religious. Not that everyone goes to church, or faithfully carries our religious rituals. But even the most secular of modern persons has a reverence for something beyond himself. Business success, political power, material comfort, personal pleasure are just a few of the ambitions that people are willing to devote themselves to.

Measure a person's use of time, weigh the attention given to various topics and you will get a picture of what that person worships.

Such worship is dangerous. It crowds the true and living God out of our lives. Or even worse it makes Him a tool by which we try to achieve the ambition that is our real god. We ask God to support our national causes, because patriotism has become our idol. We beg God to help us be successful financially, because money is what we really worship.

Such worship is dangerous. It degrades the worshipper. It pins his hopes on things that are not helpful. It anchors his mind on things that are not permanent.

Our idolatry is so ingrained that it takes shocking tactics to call it to our attention. One of the ministries of the Bible is to use such tactics to jerk us up short and force us to see what we are really doing when we worship something besides the God of the Bible.

Some fat is necessary

By Debbie Christian
County Extension Agent

Diet, fitness, and fat just don't seem to go together. Yet nutritionists and medical authorities agree that some fat is a necessary part of a balanced diet.

The question is, how much fat is too much?

Many health organizations recommend that we should get about 30 percent of our calories from fat.

So if you require 2,000 calories to maintain your weight, about 600 of those calories should come from fat. About 10 percent of that fat can come from saturated fat sources.

Saturated fats come from meat, fat, chicken and turkey skin, whole milk, hard cheese, cream and butter, plus certain vegetable oils including palm oil, coconut oil, and hydrogenated shortening.

Here are some suggestions for ways to keep your fat consumption below the 30 percent mark:

—Bake, broil, boil, steam, poach, or stir fry with little or no added fat.

—Trim any visible fat from beef, veal, pork and lamb. Remove the skin from turkey and chicken.

—Refrigerate gravies, stews, and soups—then skim off the hardened fat.

—Drain the fat from cooked foods.

—Select low-fat dairy products, such as skim or low fat milk, low fat cheeses, low fat cottage cheese and low fat yogurt.

Anniversary noted

Mt. Zion Baptist Church will be celebrating its 102nd church anniversary, Sunday, March 23 at 3 p.m.

Rev. Robert Bracy of the St. James Baptist Church will bring the message.

Dinner will be served following the service.

The public is invited to attend.

Agriculture picture could begin to brighten

COLLEGE STATION—Prosperity likely won't return to agriculture for a few more years, and the road to recovery will be tough. But with certain adjustments in policies and agricultural production, the agricultural picture should begin to improve.

"A lower federal deficit should bring lower interest rates, a weaker dollar and more competitive prices in the world market," points out Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, The Texas A&M University System. "Farm policies also are needed that adjust U.S. prices so that our farmers can compete in the world market."

Anderson believes that the new farm bill addresses some of these needs. The new adjusted loan rates are more in line with world prices and offer a potential turnaround for U.S. agriculture. Also, removal of some 45

million acres of fragile cropland out of production will help reduce the problem of surplus commodities.

"Strong trade agreements with trading partners are needed to assure farm export markets," emphasizes Anderson. "Countries exporting to the U.S. should be expected to buy a large amount of American farm products. Of course, favorable export credit programs are

needed for countries buying American farm products."

The economist also proposes targeting market developments in countries that must import farm commodities and developing markets in countries that lack money for effective demand. Programs of food aid to encourage commercial foreign markets have worked in the past, Anderson says.

New product sales to standing

foreign customers also can be encouraged, including more processed foods to industrialized countries, says the economist. Marketing processed farm products would increase jobs and income from agriculture and agriculturally-related businesses.

"Even in times of economic stress such as today, well-managed farms can realize a profit," believes Anderson.

Council buys used truck

The Colorado City Council, during a special meeting Friday at 8 p.m., agreed to purchase a used 1974 Chevrolet garbage truck for \$3,750 from R. T. Morris of Ballinger.

The only other bidder was Gerald King of Coahoma who asked \$4,350 for a 1978 Ford garbage truck.

The council accepted Morris' bid at the recommendation of City Manager Brenda Tarter and Public Works Director Bus Rich. The truck will be used as a back-up when one of the regular trucks is not working.

Indictments returned

A Mitchell County grand jury Friday returned 24 indictments, 10 of which were sealed.

The other 14 indictments included:

- Thomas Raymond Sheppard III for attempted murder and aggravated assault with a deadly weapon;
- Silverio Guerrero for driving while intoxicated, subsequent offense;
- Elmer Eugene Randle for criminal attempt to murder;
- Bruce David Bobo for forgery;
- Joe Barrera for aggravated assault;
- George Michael Yarbrough for forgery and another indictment for unauthorized use of a motor vehicle; and;
- Mike Clark was indicted seven times for forgery.

Kitchens ruled incompetent

A 32nd District Court jury Friday determined that Jack Kitchens, 57, of Colorado City is incompetent to stand trial and Judge Weldon Kirk ordered Kitchens be sent to Rusk State Hospital for treatment until which time he regains competency.

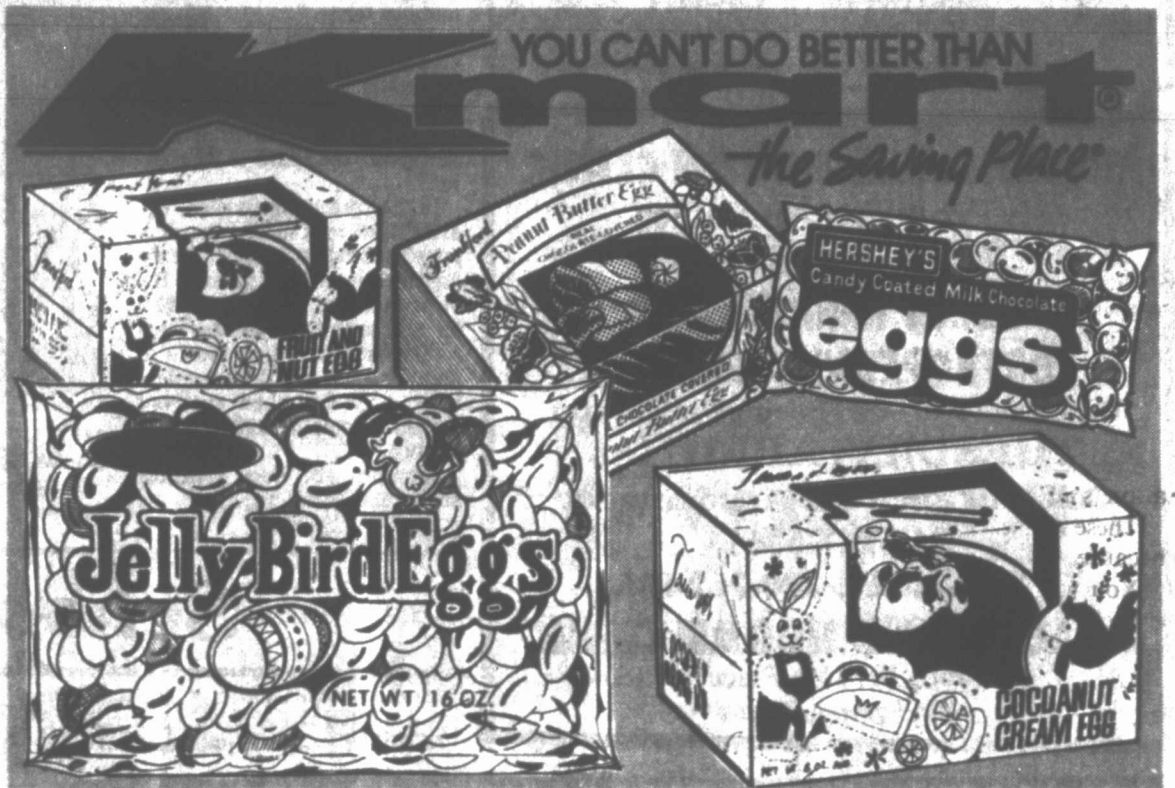

Kitchens had been charged with the January 4 assault of Bill Erwin at the VFW Post 9178.

Erwin was assaulted in the restroom of the VFW and required a number of stitches to his head.

Kitchens had been charged with aggravated assault with a prohibited weapon and for carrying a prohibited weapon on property where liquor is served.

Jackson takes first in shotput at tourney

Rashanda Jackson heaved the shotput 27'5 1/4" to give the Westbrook, junior high track team its only first place at a Grady meet Thursday where the girls took third place and the boys fourth.

Sands won the girls division and taking second place was host Grady. Glenda Wallace gave the Wildcat girls a second in the 100 meter dash and winning fourth in the event was Sherry Putman. Placing third was the 800 meter relay team of Putman, Evelyn Smith, Shanna Burnett and Wallace. Also at third were Linda Cantu in the 800 and Kerri Baker in the shot with a throw of 24'8". Putman took sixth in the 800.

Smith won third in the long jump at 12'10 1/4" and in sixth at 12'5" was Wallace.

A 14.76 gave Smith fourth in the 100 meter dash and fifth places were Cantu in the 1600 and the 1600 relay of Jackson, Smith, Burnett and Wallace.

Baker added to Westbrook's 65 team points with a sixth in the discus.

The Wildcat boys scored 54 points in their division won by Grady. In second place was Sands and taking third was Ira.

Leading the boys was Ruben Fuentes with a second place long jump of 16'4 1/4", a second place 2:35.67 in the 800 meter run, a third place 13.39 in the 100 and a third place 28.65 in the 200.

Scotter Hines took second in the discus with a throw of 103' and fifth in the shotput with a heave of 31'2". Francisco Rincones ran a 28.73 to take fourth in the 200 and a 13.78 for fourth in the 100.

Jason Morris won fifth in the 100 and sixth in the 200 with times of 14.13 and 29.32 respectively and Lewis Martinez was sixth in the 400 with a time of 1:07.31. The 1600 meter relay team of Morris, Martinez, Rincones and Felix Vigil won fifth with a 4:30.75.

CMS tennis team posts Stanton victory

Eighth grade girls singles

player Cody Calaway beat Singletary 6-2.

Shelia Cawthron, seventh grade singles player, lost to Rios 6-4.

In doubles, eighth graders Michelle Mitchell and Sunnye Biggs suffered a 6-2 loss to Rios and Singletary then beat Saldivar and Burnett 6-1. Seventh grader Marcia Cawthron and eighth grader Candy Hudson lost to Saldivar and Burnett 6-4.

Lawn

Gardening Tips

(Q) My shrubs are overgrown. How far back can I prune them?

(A) Some shrubs, including ligustrums, hollies, photinias and many of the other vigorous broadleaved types, can be pruned back 40-50 percent or even more. Evergreens such as junipers and arbovitae have a harder time rejuvenating new growth and shouldn't be pruned back more than 10-30 percent.

Any heavy pruning of this type should be done during late winter, just before spring growth begins. Make all the cuts flush with remaining limbs. Try to leave as much foliage as possible on the plant to nurse it back to vigorous growth.

Benefit checks change

Veterans benefit checks will take on a new look beginning April 1. A lightweight paper check will replace the familiar green punched-card check issued by the federal government for the past 40 years.

The change is part of a national conversion to paper checks being implemented by the U.S. Department of Treasury.

Over 4 million checks each month go to veterans, spouses, and dependent children in compensation, pension, educational, or insurance benefit payments. Bi-weekly paychecks for Veterans Administration employees around the country will also take on the new look.

The change to paper checks was made because of changes in technology which made the punched-card check system obsolete. The new check, which contains more than a dozen security features, is more difficult to alter or counterfeit, according to Treasury officials.

The check's design features a full-length reproduction of the Statue of Liberty on the left and a muted close-up of the Statue's head and torch on the right. The check's colors range from light blue to pale peach with the letters "USA" creating a background pattern.

Resurfacing of hiways discussed

A pre-construction conference was held Friday morning at the local office of the State Highway Department covering the desurfacing of two state highways inside the city limits of Colorado City.

A major portion of Hwy. 208 (Hickory Street) and State Highway 80 (2nd Street) will soon undergo a major resurfacing.

The portion of Hickory Street includes the area from 13th Street south to Hwy. 80.

The resurfacing on Hwy. 80 will be from Waco Street, west to the River bridge.

Several local downtown businessmen and women attended the conference concerned mainly about the disruption of traffic and parking in the downtown area.

Helzog Contracting Corporation of St. Joseph, Mo., was awarded the bid in February.

Representatives of the company told the audience that the disruption of traffic would be minimal.

Construction is to begin within the next 90 days and should be completed in 75 days thereafter.

Overdue VA debts could hinder refund

The Veterans Administration is sending thousands of letters to delinquent debtors informing them that unless efforts are made to pay overdue VA debts, their Federal Income Tax refund may be reduced or denied altogether.

"Unless you take action to liquidate this debt, we intend to refer the debt to the Internal Revenue Service for collection. Any federal income tax refund to which you may be entitled may be offset in full or partial satisfaction of this indebtedness," the letter says.

The letter also provides a nationwide toll-free telephone number for making arrangements to repay the debt. The number is 1-800-626-2912. Minnesota residents may call 1-800-622-2121.

DOWN TO EARTH TALK ABOUT SATELLITE DISHES

Presented by Frontier Cable Television Of Colorado City

For years people have said cable companies and programmers will never get scrambling off the ground. Too many difficulties would prevent the scrambling of satellite signals.

But the down to earth truth: Scrambling is here. However, some satellite retailers will tell consumers that scrambling will never happen. Ever. Or that an inexpensive black box will be made available. Cheap. The facts are, private satellite earth station owners will soon be unable to view cable's most popular show.

There is an answer. Special authorized retailers will be licensed by the program services (such as Cinemax & MTV) to sell "authorizations" to backyard dish owners for a monthly fee.

Frontier Cable TV will be such an authorized retailer-in market areas where cable service is already provided, as well as contiguous or nearby areas where cable is not presently available.

Although monthly subscriber fees for all the services haven't been established yet, we don't expect them to be much different from existing cable rates.

Frontier Cable wants you to know the facts...And wants to help you make the adjustment to scrambling as easy as possible.

For further information about scrambling, write or call:
