Two Men Stage Daring Robbery Here

ELEVEN PERSONS DEAD IN FIRE—Eleven members of one family, including two mothers and nine children, were burned to death Friday after a 13-year-old girl vainly pleaded that they follow her second-floor leap form their burning Utica, N. Y. home. The unexplained fire swept the two-story dwelling and the walls collapsed. Fourteen escaped and three were hospitalized with burns. Young Mary Hoage said she jumped into a snowbank after failing to convince her stepmother, Mrs. Ruth Hoage, 24, and others to do the same. "They said they would wait for the firemen to rescue them," she related. (AP Wirephoto).

Four-Year Aid Plan Okayed

(By The Associated Press)

WASHINGTON, Feb. 13 — The Senate Foreign Relations committee agreed late today on a four-year European recovery program with the U.S. putting up $5,300,000,000 for the first 12 months.

President Truman had asked $6,800,000,000 for the first 15 months.

Chairman Vandenberg (R-Mich) said the cut—which averages $11,666,666 a month—was "a change in the timetable" rather than a net reduction.

Major Questions Cleared

Shortening the 15-month period, Vandenberg told a news conference, will give Congress a chance to make "a realistic review of the recovery program" at "the earliest possible moment" and then vote whatever additional funds it thinks necessary.

Vandenberg said a few details remain to be worked out before the committee's bill is put into final form. Today's action cleared away the last major question, however, and meant that the measure may be sent to the Senate floor next week.

Its fate there is uncertain. Senator Taft (R-Ohio) and other leading Republicans have called for large outright cuts. Taft suggested a $2,000,000,000 slash.

Vandenberg said the bill authorizes the Reconstruction Finance corporation to advance $1,000,000,000 to start the aid ball rolling as soon as the measure becomes law.

This means that funds wouldn't be held up while Congress debated a separate appropriation bill.

Four-Year Plan Included

Vandenberg said the bill authorizes appropriations through June 30, 1952, as the administration asked. Thus each Congress between now and that date can vote funds without going through the long drawn-out procedure of passing an authorization bill like the present one.

Vandenberg also announced a compromise permitting the Marshall plan countries to charter 300 U. S. ships.

These would have to be dry-cargo ships — no tankers — and would have to be drawn from those not in current use by this country.

The administration wanted to sell the European countries 200 ships and charter 300 others. Maritime unions, the U.S. Maritime commission and other groups opposed this, however.

Forrestal Warns Armed Forces To Halt Disputes In Public

WASHINGTON, Feb. 13 (AP)—Defense Secretary Forrestal told the armed forces today to quit quarreling in public.

If they intend to say anything to the public or congressional committees about controversial subjects they must give a copy to the defense chief first.

Forrestal mentioned the budget as a controversial topic. Often in the past, the services have been inclined to elbow each other in their drive for funds.

A Navy man, for example, will make a speech picturing the Navy as the vital part of the defense setup. This makes the Army and Air Forces angry, and they retaliate. The memorandum Forrestal made public today disclosed that the subject came up at a meeting of the war council on February 3.

New Norther Due To Hit Texas Sunday

Ten Dead In State As More Cold Seen

(By The Associated Press)

TEXAS' thaw from a severe two-day thrust by winter was to continue today but a fresh cold wave out of Canada will begin moving across the state Sunday, the U. S. Weather bureau said.

Ten deaths in Texas were blamed directly or indirectly on the current norther. As it spent its force, the new cold wave came across the U. S. border from Canada.

It sped toward the upper Mississippi valley and north central states. The northeast will feel its effect late Sunday or Monday. And by Sunday afternoon it probably will have reached as deep into Texas as Dallas, the bureau said.

Five Fatalities Reported

The bureau said it was too early to say how severe the new cold wave would be.

Five of the fatalities in the norther now dying were reported Friday. Two aged sisters were found dead in their home at Whitney and a physician expressed a tentative opinion that they perished of exposure. A mother and her son were killed in a traffic crash near Seymour caused by an icy highway. A negro boy died in Waco of injuries suffered in a highway accident laid to the storm.

Five other deaths—three from exposure to the Panhandle blizzard—were reported Thursday.

Temperatures lifted above freezing during the day in virtually all parts of the state, and there was rapid thawing of snow and ice that had halted or slowed travel for two days.

Duster Covers South Plains

There's a saying in West Texas: "If you don't like the weather, just wait a minute."

Its truth was being borne out as the weekend approached, for on the heels of a near-disastrous cold wave the South Plains was treated Friday to 50-degree temperatures, wholly unexpected, and a spring-like dust storm with 48-mile an hour winds.

New Cold Wave Seen

And at midnight the weatherman was already talking about another cold wave, scheduled for arrival late Sunday.

It's hoped that this one will not approach in severity either of the two recent storms which resulted in a natural gas shortage on the South Plains, the Weather bureau station north of Lubbock said at midnight.

The new cold wave was in Montana and North Dakota at midnight and heading southward toward the Panhandle-South Plains area, and will undoubtedly push the mercury down below the freezing point Sunday night, the weather station said.

Friday's wind and dust storm reached its worst stage about 1 p. m., when 48-mile an hour winds were recorded, increasing in gusts to 55 and 60 miles per hour. They

Marshall Says Western Bloc Peace 'Hope'

(By The Associated Press)

DES MOINES, Feb. 13—Secretary of State Marshall tonight described the formation of a western European union as "our great hope."

A "stable and healthy western Europe," Marshall said, would make Soviet leaders "much more inclined" to reach a settlement of problems that now divide Russia and the West.

European Bloc Approved

Marshall's remarks were contained in an address at the National Farm Institute. Grounded by bad weather at Knoxville, Tenn., while en route here by plane, the secretary arranged to read his speech by telephone from a radio station in Knoxville.

He unreservedly endorsed the western European union proposals of British Foreign Secretary Ernest Bevin.

And he declared that "half-hearted and inadequate" U. S. aid to Europe would have the "tragic" result of letting western Europe, the Middle East and the entire Mediterranean area pass into the control of "the Soviet Union and their Communist allies."

Peace Settlement Possible

To "meet the situation grudgingly," the secretary declared, would be the same as doing nothing—and doing it "at great expense."

Marshall recalled saying when he returned from the latest London conference of foreign ministers that "there must be a decided change in the situation before we would have a basis for a genuine settlement with the Soviet Union."

"I meant," he said, "that if a stable and healthy western Europe can be realized, the Soviet leaders, being supreme realists, would be much more inclined to reach a settlement on the terms of a peace treaty."

Europe's Future Involved

Marshall said the decision of 16 European countries to pool their recovery efforts—under what has become known as the "Marshall plan"—was "a historical step of first importance towards the making of a peaceful world."

"And now," he said, "there is in progress a further development of this concert of free nations and one of great importance to the future of Europe.

"On the recent proposal of the British foreign minister, Mr. Bevin, they have passed beyond their agreements for economic coordi-

Soviets Plan New German Setup

By LYNN HEINZERLING
Associated Press Staff Writer

BERLIN, Feb. 13—Russia ordered a Soviet model of the British-American economic administration set up in eastern Germany today.

The action was a further step in the partition of Germany between east and west. It marked a further departure from the unified four-zone economy promised by the Big Three at Potsdam in the summer of 1945.

Russians Spurn Invitation

Marshall Vassily Sokolovsky, Russian commander in Germany, issued directions for formation of a 25-member German "economic commission" in the eastern zone. It closely parallels the German economic administration set up by the British and American military governments at Frankfurt for their combined zones.

Spurning repeated invitations to join in the administration and carry out the Potsdam program, Sokolovsky has likened the Frankfurt organization to a western German state and demanded its dissolution. He has warned that its maintenance might break down all joint four-power machinery in Germany.

Soviet Move Feared

But when he announced his Soviet zone commission, Russian spokesmen declared it would not be an "east German government."

Der Abend, U. S.-licensed Berlin newspaper, said 17 of the 25 members would be named by the Russians and "there now exists the danger that the economic commission will bleed the Soviet zone white."

Der Abend said Russia already has taken "far more than the $10,000,000,000 in reparations demanded at Yalta."

Most political observers agreed

SAN FRANCISCO, Feb. 13. (AP)—The Chinese Communists acknowledged today that they had captured five U.S. Marines, who disappeared Christmas day north of Tsingtao, and that one had died of wounds.

Mississippi Storms Kill Five, Hurt 25

NEWTON, Miss., Feb. 13 (AP)—A pair of tornadoes struck 85 miles apart in Mississippi today, leaving at least five dead, 25 injured and 30 homes destroyed.

All the known dead were victims of a twister that ripped a zig-zag course around this town 30 miles west of Meridian.

They were: M. P. Phillips, 61, Mrs. Phillips, about 50; Mrs. Virgie Page, 61; Rodell Page, her daughter, about 35; H. E. Hurse, about 60.

Early reports said Lee Roberts, 65, was killed by the storm, but it was later determined he had died of natural causes.

The other twister hit 12 miles south of Monticello, which is 75 miles southwest of here. It destroyed two homes as well as many garages and outbuildings.

Fresh Cold Wave With 30-Mile Winds Moves In From Canada

(By The Associated Press)

CHICAGO, Feb. 13—A fresh cold wave came across the border from Canada today, bolstered by 30 to 35 mile an hour winds.

It sped toward the upper Mississippi valley and north central states. The northeast will feel its effect late Sunday or Monday.

The cold mass was expected to send temperatures in Minnesota and the Dakotas down to 20 below tonight. The Ohio river area will have 5 to 10 above readings tomorrow night, federal forecasters said. Light snow flurries will accompany the cold air.

The cold wave is the latest in a series of winter blows which sent a "twister" to Mississippi, posed flood threats in West Virginia, deluged a wide belt of the country with rain, and put down a glazed covering from the plains states to the east Gulf region.

In Logan county, W. Va., one boy was drowned and schools throughout the county were closed after rain, melting snow and ice, sent tributaries of the Guyandotte river over their banks.

The American Red Cross reported that flash floods had occurred in Tennessee, North Carolina, Kentucky, West Virginia and Mississippi. Some 6,000 persons were reported affected by the floods, which made 400 families temporarily homeless in Tennessee alone. More rain was forecast for Saturday.

Grain Market Confused As Prices Continue To Fall

Sharp Drop In Market Slowed As Comeback Is Attempted

(By The Associated Press)

CHICAGO, Feb. 13—Still falling market prices pushed most major cost of living commodities lower today, but the headlong plunge of prices tended to level off in some lines.

Butter spearheaded the day's parade, breaking as much as 6½ cents a pound in the wholesale markets and selling lower in retail stores in several cities.

More grocery stores clipped meat prices during the day. Rye, soybeans, and some corn contracts for future delivery crashed the daily permissible limits on North American exchanges.

Market In Turmoil

A series of buying and selling waves kept the grain market in a turmoil, with prices skittering. At the end, however, all prices were coming down.

Although many commodities made their strongest showing of the week, the most that could be said for the recovery effort was that it tended to check the precipitate slump. In no lines were there indications of a full-scale comeback drive.

Wheat prices closed both higher and lower in Chicago. Both May and July corn were down the eight cents a bushel limit at the market close. Oats moved higher.

Stock Averages Up

The new slump in corn prices brought the decline in May corn to 73½ cents a bushel since the Jan. 16 peak. May wheat, which fell five cents, was 74½ cents under the Jan. 16 peak.

The New York Stock exchange made little important headway in its post-holiday session. Individual rail and industrial stocks made recoveries but many market leaders suffered from neglect. The overall average was up for the first time in a week. Bond prices were jumbled.

Stocks moved somewhat higher at London, Singapore and Tokyo.

Meats Continue Decline

Mill prices of bakery flour came down another five cents at Minneapolis but home use flour remained unchanged.

Most classes of wholesale meats continued to decline in New York and Chicago. Livestock prices changed little at Chicago, although bulls and slaughter lambs were as much as 50 cents a hundred pounds lower.

Both the Associated Press wholesale price index of 35 basic commodities and the Dow-Jones commodity futures index dropped again. The AP index slipped 1.46 points to 186.32—down more than 20 points from a month ago. The 1926 average was 100. The Dow-Jones index fell nearly a point to 146.83.

No Depression Seen

Discussion of whether the country faced a danger of inflation or deflation continued.

Secretary of the Treasury Snyder said it is entirely too early to appraise the effects of the commodity price break. He added he was confident, however, that this was not "leading us into a depression."

New retail price cuts in the corner grocery stores of several cities indicated some retailers were swift to follow up on declining market and whole prices. However, many independent shop keepers complained they were forced to cut prices beyond wholesale reductions simply to meet chain store competition.

Although wholesale soap prices were cut five per cent yesterday, a spot survey showed that only in isolated cases had this savings been passed on immediately to the consumer.

The downturn in some prices has not discouraged retail buying. Dun & Bradstreet credited early Easter buying and continued interest in staple winter merchandise with boosting sales in the week ended Wednesday slightly ahead of a week ago and 6 to 10 per cent beyond the corresponding week a year ago.

MEAT SHORTAGE IS TALKED

Retail Prices Continue In Downward Trend Over U.S.

(By The Associated Press)

NEW YORK, Feb. 13—Meat and butter made the headlines in today's story of price cuts. Shoppers are asking if the trend will last.

Some economists say it may not. They say receipts of both are larger just now than in average years.

Besides, meat prices generally take a seasonal slump about now. Ranchers normally move the cattle to markets in the winter. This year they had even more reason to.

Meat Shortage Feared

Watch out for a meat shortage in May, the experts warn.

Butter receipts have been unusually large recently. Trade sources say this is probably due to nervousness of dealers with large quantities in storage. Competition from margerine is increasing as its price falls in response to lower costs for fats and oils. Both causes have pushed butter prices down.

Many of the experts also take a skeptical view of the retail price cutting. How much of it, they ask, reflects lower wholesale and producer prices, and how much is due to a "price war?"

"Price War" Charged

Some independent grocers are accusing the big food chains of just that.

They call it capitalizing on the advertising value of cutting retail prices, whether justified or not by wholesale quotations.

When headlines scream that commodity prices are plunging on the exchanges, consumers demand that retail prices go down pronto. Smart store managers cut their prices, although the stock had been bought at old, high wholesale levels. Grateful shoppers, the theory goes, will keep on buying at that store after the price war cools down.

Housewife "Out Of Money"

But the consumer didn't play as passive a role as that theory implies.

Many in the food industry agree that with each boost in food prices another income group was dropped from the list of steady customers to become once-or-twice-a-week customers.

Albert T. Luer, chairman of the board of the Western Meat Packers association, said in San Francisco that meat purchases throughout the country dropped from 25 to 50 percent in the last month because "the American housewife has run out of money."

Sugar Production Up

When that happens, shortages turn into surpluses with surprising rapidity.

One big chain in New York has dropped the price of butter 12 cents since Tuesday, from 97 to 85 cents a pound.

Sugar has come down, but for another reason. Production has increased, Cuba will probably have a surplus this year, and so raw sugar prices have come down. This is getting along to the retailer slowly, but in many places refined sugar is off one to two cents for a five-pound package.

Dishes Are Broken As Alpine Jarred By Earth Tremors

(By The Associated Press)

EL PASO, Feb. 13—Residents of Alpine Friday were comparing notes on the effects of a tremor that shook the West Texas community at 11:55 p. m. (CST) Thursday rattling windows, breaking dishes and jarring pictures from walls.

Plaster fell from ceilings in Alpine felt its first quake in 17 years. Reports said the first shock was accompanied by an explosive blast, followed by a rumbling, wavelike motion that spread to the downtown area. The tremor was believed to have lasted about 20 seconds.

In El Paso, the Rev. A. J. Westland said that the seismograph at Loretto academy showed a slight earthquake at 10:59 p. m. (MST) Thursday.

Taft Says He's 'True Liberal'

OMAHA, Feb. 13 (AP)—Senator Taft (R-Ohio) tonight claimed the title of "true liberal," a term he said New Dealers have no right to "appropriate."

In a major political speech here, the Ohio candidate for the GOP presidential nomination attacked as non-liberal President Truman's proposals for price-wage and rationing control, compulsory health insurance and universal military training.

Party Change Endorsed

Earlier grain and livestock men had heard the Ohioan condemn government regulations and, surprisingly, advocate a cut in the level of farm price supports.

"I think that if there is to be such a support program it ought to be at a much less percentage of parity than 90 percent, although at 90 percent the government might undertake to interest itself actively in creating more of a market for the product," Taft told members of the livestock exchange in South Omaha.

Taft endorsed a proposed change which would base "parity" largely on national income, rather than other factors now used.

Two Dead, Five Hurt In Seymour Accident

SEYMOUR, Feb. 13. (AP)—Mrs. Bertha Tripp Prescott, 38, and her son, Willard R. Prescott, 15, both of Crosbyton, were killed near here early this morning in an automobile accident.

Four other persons were injured.

State highway Patrolman T. W. Leedy said the car in which the victims were riding sideswiped a truck after skidding on the ice-covered highway.

Cecil Lee Prescott, 40, husband of the dead woman and father of the youth, was injured and is in the Baylor County hospital.

Also injured and in the hospital here are Roy E. Tripp, 40, driver of the automobile; his wife, Mrs. Laura R. Tripp, 40, and their son, Wilbur N. Tripp, 17. The Tripp family is from Ringling, Okla.

Thural Lester Garner, 18, of Spur, driver of the truck, escaped injury.

Highway Patrolmen M. C. Lloyd and T. W. Leedy who investigated the mishap said the truck was loaded but remained upright on the highway after the impact.

From Crosbyton, it was learned that the Prescott family live on a farm, and had been in Crosby county approximately a year.

The Tripps had moved to Crosby county three or four months ago. Tripp was a laborer, it was said.

The six person swere en route to Ringling, Okla., where some of them formerly had lived, for a visit with relatives.

MEAT COSTS SHOW DECLINE

Market Slump Brings Drop In Food Prices In Stores Here

LOWER retail prices, particularly on the food front, were reflecting plummeting prices on the nation's stock and commodity markets Friday, with Lubbock housewives paying much less this week than last week for many table items.

Based on advertisements in the Avalanche-Journal, retail prices for some leading table items are off 15 to 30 per cent. These items include bacon, flour, pork chops and sausage, shortening, and butter.

First grade bacon, which last week sold for 89 cents a pound and has been higher, was 65 cents this week. Second grade bacon, which last week was 59 cents and two weeks ago was 69 cents, was 39 cents today.

Sausage, labeled as pure pork, packed by major companies, showed a smaller decline, from 59 cents to 49, but pork chops prices were more precipiate, dropping from 79 cents last week to 53 cents today.

Shortening was similar to sausage, dropping from $1.39 to $1.14, and butter took about the same trend despite the continuing scarcity. Butter prices are 79 cents

Robbers Take $418 From Finance Firm

BY JOE HITCHCOCK
Avalanche Staff Writer

TWO armed men staged a daring holdup of the People's Finance and Guaranty company, 1006 Ave. J, about 5:30 o'clock Friday afternoon and escaped with $418.55 in cash. Mr. and Mrs. Robert Reed, of Yucca courts, employes of the company, were forced to lie face down behind the counter during the robbery.

The bold daylight robbery was the third in Lubbock in less than two months, all along a similar pattern with the exception that the others were at night. The holdup occurred only a block and a half from the city police station on the corner of Avenue J and Ninth street, indicating the boldness of the two bandits.

Descriptions Are Given

The two robbers were described to police as about 26 years old, and wearing truck drivers caps, dark glasses, and brown jackets. One was said to be about six feet tall, and the other about five feet, seven inches tall. Both were slender and had dark hair. Both carried pistols, believed to have been .32 automatics.

Police and sheriff's department officials immediately began a search for the two men after the holdup, but no definite clues had been found early this morning, it was said.

Mrs. Reed said that she was the only person in the office when the two men entered. While the smaller of the two stood at the door, the tall man approached the counter and said 'I'd like to make a loan.'

When she asked him where he worked, he replied the Mercury place, and to the question 'Is that the Ford place?,' he answered yes. He said that he was a mechanic.

Just when he stated that he had lived in Lubbock ten years, Mrs. Reed noticed the venetian blinds going down, and heard the lock of the front door click. At the same time, the robber facing her stuck a gun in her face and said: 'This is a holdup, where do you keep the money?' And to this she replied 'in the safe.'

'We'll take it,' he said.

He then told her to turn around and walk to the wall. The tall man asked if anyone was in the back, Mrs. Reed said, but she didn't know. So he checked that, even opening the door and looking into the adjoining section of the building which is a skating rink, and returned after locking the back door, she said.

Husband Returns To Office

At this point, her husband came back to the office. After he tried the door several times, the other robber let him in.

The tall robber shouted from behind the counter the victims said,

"Come on in, and both of you lie down over there face down," pointing behind the counter.

He then took the money from the safe which was open, turned and ordered Reed and his wife to 'stay there five minutes,' and headed for the front door. The victims did not notice whether the robber put the cash in his pockets or in a bag.

NEW "GADGET" TO SAVE MONEY

Boon Seen For U. S. Airports

AN agency like the Civil Aeronautics authority obviously must plan well ahead for such facilities as airports. Thus normal foresight was evidenced by the CAA announcement this week of a three-year program involving $28,760,000 in allocations for 352 airports in Texas.

However, information reported to a recent meeting of the Associated General Contractors of America in Dallas encourages hope that one of the biggest items in airport building and maintenance soon may be reduced to a fraction of present costs. Those present were told that a new type of gear is nearing perfection which will enable a plane to take off from or land on any runway, regardless of wind direction.

At present, any airport must have runways extending in several directions to enable craft to land, or take off, into the wind. Runways are exceedingly costly and, under the present system, they require a great deal of land. If one strip could be made to serve the purpose, airports could be located closer to business centers and the cost of building and maintaining them could be reduced very substantially.

The Lubbock Municipal airport, as one example, might not require more than half the land now used for completely efficient operation.

This possibility naturally cannot yet be made the basis for CAA planning. However it does suggest the agency should plan flexibly so as to take full advantage of any developments which occur. Doubtless the CAA is doing that.

Certainly the improvement reported at Dallas seems logical and suggests the time may be nearing when the provision of an entirely adequate airport will be neither as difficult nor as costly as at present.

RELIGIOUS, RACIAL ISSUE TALKED

HST Stand Puts Demos On Spot

By RAY TUCKER
Special Correspondent

WASHINGTON—President Truman's strong stand for civil liberties, and especially his demand of an end to all forms of segregation based on color, race or creed, has placed the Democrats in a predicament insofar as the selection of a vice-presidential nominee is concerned.

Powerful individuals and factions in the party have quietly suggested that he lift the torch of the "four freedoms" still higher by insisting on the nomination of a member of the Catholic faith as his running-mate. The two men most prominently mentioned in this connection are Senators Brien McMahon of Connecticut and Joseph C. O'Mahoney of Wyoming.

TUCKER

Although making no particular effort for the honor, or so they maintain publicly, it is understood that the two Yankees (Senator O'Mahoney went west from Massachusetts) are agreeable to the idea.

• • •

QUALIFIED: Both men are admittedly well qualified for a post which is generally regarded as an innocuous assignment, although John Nance Garner of Texas showed that the occupant could be an influential figure and force if he chose. Mr. McMahon served for years as First Assistant to former Attorney General Homer S. Cummings, and has guided all atomic legislation through Congress.

Mr. O'Mahoney has headed numerous Senate investigations of economic national resources and similar problems. He is looked upon as one of the top ten men in the upper chamber.

Either Senator, according to one argument on their behalf, could fill a lack in a slate headed by Mr. Truman. They have likable and pleasing personalities, they make an attractive appearance and they can deliver a rattling good speech.

Depending on the identity of the Republican ticket, either Mr. O'Mahoney or Mr. McMahon might prove important offsets. Should the G.O.P. name Governor Earl Warren of California for first or second place, the Wyoming expert on western affairs might loom as a possible Democratic counterweight.

But should the anti-Truman opposition turn to Speaker Joseph W. Martin Jr. of Massachusetts for the top or secondary spot, Nutmegger McMahon would be a more strategic selection.

• • •

SUPPORT: President Truman has frequently boasted that he has not a drop of bigotry in his body. He takes pride in the fact that, although he is a 33rd degree Mason, he has generally captured the support of all faiths in Missouri.

He named the only Catholic, so it is understood, to a high judicial position in his home state, despite powerful forces working for rival candidates. His personally selected National Chairman, Senator J. Howard McGrath, adheres to the Catholic faith, and, though it may be only a coincidence, hails from the homeland of Roger Williams, who fled Mr. O'Mahoney's birth state because of religious oppression.

Nevertheless, although this is a subject rarely discussed openly and honestly, White House aides are dubious about taking the chance which the Democrats did in 1928 when they named Alfred E. Smith.

Two questions, they figure—religion and race—can lead a few southern states, as Al's nomination did twenty years ago, to vote Republican. Mr. Truman has already antagonized some southern leaders by his civil liberties program. It is doubtful if the hard-boiled party bosses will want to add to their troubles by naming either of the two Senators mentioned.

New Laws In State Asked

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Feb. 13—The needs of Texas children are so great that the time has come for a full review and modernization of legislation affecting them, the state committee on children and youth recommended today.

The group representing 70 organizations interested in child welfare went on record for establishment of a children's commission by the legislature. It would have official status "and sufficient funds to carry on investigations and make recommendations to the legislature."

Health Care Lacking

In a formal statement of policy and purposes, the committee noted it was a spokesman for "all children in Texas, regardless of race, creed or color." It pinpointed seven preliminary findings calling attention to particular needs of children:

1. Thousands of Texas children are without adequate health care and protection.

2. Children need wholesome programs of recreation to occupy their leisure time and assure their development into useful citizens.

3. Hundreds of Texas children are without proper parental care and support.

4. Many Texas children are handicapped physically or mentally and they need special care, training, education and rehabilitation both in and out of institutions.

5. Many Texas children . . . are being forced or allowed to sacrifice their education to work long hours in unsuitable occupations and at too early an age.

Treatment Is Detrimental

6. Many children in Texas are being denied their educational birthright.

7. Many children, coming into conflict with the law, are being overlooked or treated in a manner detrimental to their best interest and welfare.

Representatives of the organizations represented were asked to carry back to them, for whatever action they may want to take, preliminary recommendations to meet these needs. They included:

Stepped up health and hospital services on state and local levels; increased and improved recreational programs; stepped up child welfare programs on local and state levels; revision of the child labor laws; better provisions for defective children; specialized domestic relations and juvenile courts.

The needs singled out and the preliminary recommendations were based on reports considered during the committee's two-day session here.

"Many of these unmet needs have developed because the legislative provisions in our state have not kept pace with changing concepts of what is best for children," the committee declared.

Child health and juvenile delinquency problems were emphasized in section conferences today. More children die in Texas than any other state because of dire shortages of hospital beds and lack of adequate training centers on child health, Dr. Arild Hansen told the section on child health.

Dr. Hansen, chairman of the department of pediatrics at the University of Texas medical branch at Galveston, said persons of influence and power must be influenced and challenged to act to remedy this unhappy situation.

Contribution Of $1,100 To Boys Club By Hubbers Is Announced

Announcement was made at American Business club luncheon Friday noon at Hilton hotel of a $1,100 contribution to the Lubbock Boys club by the Lubbock Hubber baseball team.

The contribution represented a one-cent voluntary contribution on each ticket for Hubber games last season. W. D. Girand, attorney for the baseball club, made the announcement and read a letter signed by the late owner, Sam Rosenthal, and every player on the Hubber team. Mrs. Rosenthal was a guest at the luncheon and was introduced by G. H. Nelson as was Mr. Girand.

The check and a copy of the letter signed by the Hubber players were presented to the American Business club, sponsoring organization for the Boys' club.

Lubbock To Receive New Equipment

Opening Of New Fire Station Seen Soon

City Manager Homer Hunter and Fire Chief W. E. Twitty announced Friday morning that sufficient new equipment may arrive within a few days to enable opening of the city's large fire station No. 3 at Thirtieth and Texas Avenue, creating a higher potential fire-fighting ability in Lubbock.

Two 20-foot electrically-operated steel curtain doors, similar to those at Central Fire station, are en route by rail.

A 220-horsepower Mack straight pumper and hose wagon that will throw 750 or more gallons of water a minute is expected "any day now."

Finishing modification work is being done on a recently-purchased Chevrolet straight booster that will pump 40 gallons a minute from a 250-gallon pump Chief Twitty's men manufactured.

Construction of the new station, except for the doors and installation of furniture which has been bought, was completed weeks ago.

Staffing of the station with firemen can be accomplished within a comparatively brief period, Hunter said.

To Shift Manpower

He explained that opening of the No. 3 station would entail a resultant shift of manpower and equipment from Central and Nineteenth Street stations.

A cadre of experienced men from the two older stations would be transferred to the No. 3 station to work with 18 to 20 men who would be selected from applications on file," he said. Thirty-eight firemen are on duty at Central and No. 2 stations.

Chief Twitty outlined the distribution of rolling equipment among the three stations.

Central station would have two 750-gallon Mack pumpers, two 250-gallon GMC straight boosters, and a 1000-foot Packard hose wagon.

May Add Aerial Truck

Sometime this year, it is hoped, an 85-foot Peter Pirsch aerial truck that has been on order since January, two years ago, may be added to Central station's equipment. It would be equipped with a hydraulic lift, and would offer the utmost in speed and utility Cost—it was contracted for at a fixed price—would approximate $15,000.

No. 2 station, on Nineteenth, would be equipped with a 750-gallon American La France pumper, and the Chevrolet straight booster being equipped by firemen who built for $17 a two-reel hose unit that would have cost $108 on the market and a rear step assembly that saved the city approximately $50. There is room for no more equipment in the residential-type fire station there.

No. 3 station would get unit No. 5, a No. 6, another Chevrolet booster wagon; and No. 8, a Packard 1000-foot hose wagon.

The new station cost $78,400, which leaves scarcely enough earmarked money for construction of a station that had been planned for Fourth and College, on ground owned by the city. Also it rules out for the moment a station proposed for southwest Lubbock. It had been hoped that three new stations could be built for approximately $101,000.

The cost is in sharp contrast to that entailed in building Central station which, larger to extent of a mechanical shop and a hose-drying tower, cost only $45,000 when built in 1940. The host tower alone cost $10,000 of that.

However, it was conceded that unforeseen costs of construction still would make the city's investments logical—inasmuch as the high-priced equipment would be used to protect private, commercial and business properties that have advanced in value just as fast.

Weather Hits Texas Roads

(By The Associated Press)

AUSTIN, Feb. 13—The bite that old man winter has put on Texas this year has caused the "worst damage" in history to highways, state maintenance Engineer G. B. Finley said today.

Winter's driving rains, sleet, snow and ice have also damaged vegetable crops, and the intense cold weather has taken dollars out of the pockets of Texas workers.

Damage In Millions

How much monetary loss has been suffered as a consequence of the cold fronts which have swept down from the north can not be estimated at present, officials said.

Highway damage alone will amount to several millions. Prior to this week's rugged weather, Dallas county had set damage to its roads at half a million dollars. West Texas, the Panhandle, and Northwest Texas roads were all hard hit by icing conditions.

Sheathed in ice on two different occasions, Texas highways contracted. The ice melted and the highways began to expand. Water soaking into the road beds didn't help the situation any. Materials deteriorate under such conditions.

"Sometimes a road will look like it's going to crumple up, and then it will settle back and not give us any trouble," Finley explained.

Crop Damage Not Known

"Then again a road that looks all right will suddenly go to pieces. It may be a month or more before we can assess the damage."

"I do know that the county roads which are lightly built have been hurt very badly," he added.

V. C. Childs, who keeps agricultural statistics in Texas for the U. S. Department of Agriculture, said it is impossible to say how much the farmers may lose financially because of crop damage.

He said the earlier severe cold in January harmed tender crops in the valley and south Texas.

Lt. Musick was killed Jan. 7 on the island of Guam. His body arrived in Lubbock Friday morning, accompanied by Lt. Kenneth Taylor, USN.

MARKET IN SMALL RALLY

NEW YORK, Feb. 13. (AP)—Stocks tried for post-holiday recovery with selective successes today although many market leaders failed to emerge from minus territory. The overall average recorded its first advance of the week.

Early improvements of some recently slumping commodities inspired timid bidding for securities. Professional short covering and other buying again was based on the idea that the list had been substantially deflated and could negotiate a technical comeback.

Top marks of a point or so were trimmed or cancelled in numerous cases at the close. Utilities eased with this index touching a new bottom for the past year. Transfers of 930,000 shares compared with 1,490,000 Wednesday.

The Associated Press 60-stock composite was up .3 of a point at 60.5. Of 988 issues registering, 377 rose and 379 fell.

Ahead a point or so were Firestone Tire at 33½, Montgomery Ward 50⅝, American Can 79, Allied Chemical 173 and Santa Fe 87½. Lesser gainers were Chrysler, Goodyear, Goodrich, American Woolen, Warner Bros., Southern Pacific, Gulf Oil, International Harvester and J. I. Case.

American telephone dropped better than a point to a new 1947-48 low and finished off ⅝ at 149. On the downside were Western Union, U. S. Steel, General Motors, Kennecott, General Electric, United Fruit, Texas Co., Standard Oil (NJ), Phillips Petroleum, Rock Island and Southern Railway.

Cotton

NEW YORK REPORT

NEW YORK, Feb. 13 (AP) — Cotton futures turned irregular in nervous dealings today, with traders still apprehensive over the price outlook.

The market initially sold off as much as $3.90 a bale on an accumulation of liquidating and hedging orders over the holiday. Thereafter prices worked higher, with the recovery extending more than $4 a bale from the low of the day before the market eased partially again on further liquidation.

New crop deliveries were steady since prices were around the possible government loan level on the next cotton crop.

Cotton closed barely steady.

Theft Warrants Are Issued Here

A John Doe warrant was issued late Friday from the justice court of D. W. Robertson after Zeck T. Davis, J. H. Buchanan and Earnest Williams had informed Waggoner Carr, assistant district attorney, that four suitcases belonging to them had been stolen.

The men said they came to Lubbock from Los Angeles in a travel bureau car and that they were unable to find it or their baggage.

Car Is Described

They described the car minutely, even to license number, and an official check with Austin brought return information of the record owner's name and a disclosure that title to the machine had not been transferred on records there.

Theft by bailee of property valued at more than $50 was charged in the complaint.

County Attorney John Steele accepted complaints charging two men with illegally carrying a pistol. One of them, Dane Durd Bennett, 30, of Lubbock, pleaded guilty and paid a fine of $100 and court costs. The other, 26, who posted $600 bond, will be charged in a new complaint, it having been discovered that officials listed him under the "wrong given name," it was announced. The original complaint will be dismissed, Steele said.

Police Block Roads

The men, and one other, 22, all of Lubbock, outdistanced a Slaton police officer in their new automobile early Friday, officials said.

Police blocked two roads and arrested the men on South Ave. A in Lubbock and said they found in the car a pair of metal knuckles, a pair of opera glasses, a knife, a .380 Russian Tokarev pistol fully loaded, and a Japanese Nambu 8mm 1914 automatic pistol.

Sheriff Sam Floyd of Lynn county informed the sheriff's department here of the theft there Thursday night of a voltmeter and $150 worth of electric tools in a box, including two star drills and several bits.

Dick Medlock informed the sheriff's department of the theft within recent days of a 12-by-12 olive drab Army tent from the O. C. Medlock farm five miles north of Lubbock.

Seek Negro

Another theft by bailee investigation was underway as outgrowth of an unreturned .22-caliber rifle Hubert Foster of 1714 Ave. H said he had rented to a negro boy. No arrest had been reported.

Burglary of Sun Ray courts, at 3320 Ave. H, and the theft of $5 in nickels from a cigaret machine and $1 in pennies from a cash register, were reported Friday morning to police by Jack McLarty, courts manager.

Juvenile officials said they had learned that a horse and saddle found in possession of a 10-year-old Lubbock boy who claimed to have made a "down-payment" of $25 on the property is owned by Bud Roberts, a Lubbock county youth who had tied the horse behind a downtown store.

In Pen Six Times

The district attorney's department said it had been informed by records supplied by the FBI that Willie Roberson, a negro under indictment charging him with burglary and as an habitual criminal, had been to the state penitentiary six times, under total assessments of 14 years for burglary. The latest indictment charged a Jan. 30 break and entering of property controlled by W. A. Conwell of Lubbock.

Romans used to celebrate Valtine's Day as the Feast of Lupercalia, dedicated to the pastoral god Lupercus and to the Goddess of Love, Juno. The birds of Italy began mating on February 14, the oracles observed.

Two Men Sought

(Continued From Page One)

When they heard the door slam, both raised up, only to have the 'tall one' shout again: 'I told you to stay there five minutes.'

On the second slam, both raised up more slowly and Reed called the police.

Nothing Unusual About Men

Mrs. Reed said that the small, quiet robber, who remained at the door with his back to her the entire time, only spoke once. As the venetian blinds went down, he asked his companion, 'Are you ready?'

She said they looked like 'ordinary' working men, in work clothes, that she did not notice any unusual or identifying features about the man who gave all the orders, and who faced her while making application for a 'loan.'

About two minutes after the hold up, E. L. McNeely, of 1812 Fifth street, another employe of the company, returned from an errand on Ave. K, where he had been checking on some automobile loans, according to Mrs. Reed. As he came toward the office he happened to notice two men getting into an old model automobile, she said. His description of these men corresponded to that of the robbers.

While Reed was calling police, Mrs. Reed had gone to the door and looked out, but saw no one by that time, she said, nor had they heard a car drive off.

Reed said that the pistols which both men carried appeared to be .32 automatics. The cash was reported taken in denominations of ten, five, and one-dollar bills, and silver.

Prior to the robbery, Mrs. H. P. Stewart, Lubbock Route 6, was in her car, which was parked in front of an adjacent building to the finance company, noticed two men walking back and forth on the sidewalk. They kept watching her as well as the finance company entrance, she told police. Her description of the men corresponded with the others given.

There was no indication by investigating police authorities that the holdup was in any way connected with the robbery of the College Avenue Prescription Pharmacy the night of Dec. 26 when a tall man and short man armed with a pistol took approximately $180 and a quantity of narcotics, or a similar armed holdup of the Lytal Prescription Pharmacy at 1109 Avenue L the night of Jan. 19. A total of approximately $240 and a large amount of narcotics was taken in that case, engineered by a lone, nervous red-bearded young man.

cast a return of temperatures below freezing to freezing all over the state Friday night except in the lower Rio Grande valley.

At Amarillo, the mercury climbed to 38 degrees at mid-afternoon after dropping to zero Friday morning for the lowest mark of the current cold wave. Daytime temperatures in other parts of the state were well above freezing.

The women found dead at Whitney were Emma and Edna Johnson, sisters believed to have been in their sixties. Dr. S. F. Grant said after a preliminary examination that he believed they died of exposure.

The negro boy, Woodrow Wood, eight years old, was struck by an automobile on the Waco-Marlin highway Wednesday night as he stepped from a school bus.

Travel conditions began to return to normal Friday as the slippery snow and ice sheaths melted.

A report from the lower Rio Grande valley said there were scattered frosts Thursday night but the only possible crop loss was to vegetables replanted after a freeze earlier in the month. Rio Grande City's 32 degrees was the lowest reading in that section.

By 4 p. m. Friday the temperature at Brownsville had reached 60, up from a low of 36. Other afternoon temperatures included: Pampa 30, Big Spring 54, Abilene 50, El Paso 45, Wink 52, Midland 52, San Angelo 55, Wichita Falls 34, Fort Worth 41, Dallas 43, Texarkana 35, Austin 57.

Minimums reported early Friday included Del Rio 28, Corsicana 26, El Paso 24, Wink 18, Wichita Falls 20, Childress 10, Abilene 22, Marshall 29, Bonham 22, Gainesville 21.

were northwesterly. At times visibility was reduced to less than a mile.

The winds gradually died down until 6:30 p. m. when a 16-mile recording was noted. At midnight a gentle 10-mile wind had shifted to west-northwest, and the temperature had dropped to 29.

An early morning minimum of 20 was forecast for early this morning, and today's minimum will probably be a balmy 60, weather observers predicted.

Winds today may be fairly high —as high as 30 miles an hour at times.

Officials of West Texas Gas company, catching their breath Friday night after almost Herculean efforts Thursday to avert disaster in the form of a gas shortage, reported the gas pressures in the company's lines were normal for this time of year.

All businesses except a few heavy industrial users opened and carried on as usual. Schools remained closed in Lubbock and over the South Plains and are scheduled to reopen Monday.

Body Of Man Killed Overseas To Be Buried At Brownfield

BROWNFIELD, Feb. 13 (Special)—Funeral services for Sgt. William R. Overman, son of Mr. and Mrs. J. H. Overman of northeast of Brownfield, will be conducted at 2:30 o'clock Saturday afternoon at the Meadow High school gymnasium, Rev. R. L. Shannon, pastor of Meadow Baptist church, officiating.

Sergeant Overman, who was 20 years old at the time of his death, was killed during the Normandy invasion in France. He was awarded the Silver Star and Purple Heart awards posthumously.

Survivors, in addition to the parents, are one brother, John L. Overman, stationed with the Army at Phoenix, Ariz.; and five sisters, Mrs. L. O. Moorhead of Brownfield, Mrs. J. A. Benson of Meadow, Miss Floy Overman of Borger, and Ruth and Sue Overman, residing with the parents near Brownfield.

Food Prices In City

(Continued From Page One)

today, compared with 90 cents a week ago. Pork lard was at 70 cents compared with 90 the previous week.

Flour In Decline

High patent flour which last week sold for 99 cents on 10-pound sack was 67 cents this week, and the 5-pound bag, which last week was 59 cents was 36 cents today.

Another significant indication of the general trend was prices on cocoa, which this week were down 10 cents from previous weeks.

Wholesale sources point to the lower butter market as not stabilized because of the continuing shortage of butterfat, but there was no indication that other items were not taking a normal course with the downward trend in markets generally.

Prices Continue Strong

Prices paid to the farmer and other producers for butterfat continued strong in wholesale markets here. One major buyer posted 88 cents a pound Friday, and said there is no immediate indication of a drop. It was explained that many small producers have disposed of dairy cows due to high feed costs and the formerly high prices for animals, and that the volume of production is far under the average.

Feed prices also trended downward except in cases of some concentrates, such as cottonseed meal and soybean meal, which were off some but not precipitately like some other items. Animal proteins, such as fish oil and similar concentrates, were holding steady.

Mill feeds, like bran and shorts were off about $1 a hundred pounds from the highs attained recently, and commercial mixed feeds for poultry and livestock were 25 to 30 a hundred lower than last week.

Alfalfa Remains Steady

Alfalfa remained about steady, due partly to a short crop, with prices running around $45 to $47.50 per ton. Sources said bundle feed was not down in proportion to concentrates.

Cottonseed meal, which has been retailing here for more than $5 a hundred pounds, and is 50 to 60 cents higher in eastern New Mexico, showed a downward trend.

It appeared that business generally welcomed the declining prices along with the housewife and other consumers, feeling that much benefit will come from lower prices if they level off generally at some reasonable figure.

At least the housewife is happy over the fact that the grocery budget will reach much further this week than last.

Two Men Arrested In Spearman To Face Burglary Charges Here

A Lubbock negro, Philip B. Brown, 19, was arrested Friday on a charge of check law violation, records at the sheriff's office showed.

Objectives Given

The European recovery program confronts the American people with "the greatest decision" in their history, Marshall said.

He warned against getting "so preoccupied with the details that we lose sight of the great objectives" of the recovery plan.

America Must Lead

If Russia takes over Europe, Marshall said, "free institutions would not long survive" on the continent. Moreover, "the position of the British Isles and the whole structure of the British commonwealth, which has exerted a profound influence on the stability of the world and world trade, would be critically affected."

Even more tragic than the "material effect" of giving too little aid, Marshall said, "would be the psychological impact of a default in American leadership."

"You cannot be a leader without leading," Marshall declared, "and the more distressing or dangerous the situation, the more necessary it is for the leader to take action."

Three days ago Marshall Sokolovsky stated in a published interview that priority for reconstruction would be given "industries which are owned by the people."

Lonnie Balch Is Knocked Out In First Round; Frank Telles Loses Bout By Decision

Lubbock Team Cut To Three; All Facing Ring Dates Tonight

By JOE KELLY
Avalanche Sports Editor

WILL ROGERS COLISEUM FORT WORTH, Feb. 13—Hub City fighters had their worst night of the 12th annual Texas Golden Gloves tournament here, fighting two bouts and losing both as Lightweight Frank Telles dropped a three-round decision and Middleweight Lonnie Balch fell victim to a knockout in 54 seconds of the first round.

The knockout of Balch came with surprising swiftness, after the Lubbock boy had sent some hefty punches into Barron's head. Barron suddenly opened up a solid barrage to Balch's chin, driving through Balch's guard to drop the Tech student to the mat.

★ ★ ★

Telles' Effort Game

Telles made a game effort, after losing the first round by a fairly wide margin, the "dried out" fighter from Texas Tech, slightly nervous in his first ring appearance here, got off to a bad start. Arbuckle used a long left to keep Telles off, continually flicking him with it and, when Telles closed, using a right effectively.

The Lubbock fighter from Fabens, wasn't able to land a single effective blow getting a little more in return each time he tried to get under Arbuckle's long left.

The second round came close to being even, with Telles landing some good rights, although he never used his left at all.

The third round was Telles' best. The courageous fighter who had lost 12 pounds in five days, landing several stinging rights to the head that shook Arbuckle. But Telles didn't have the power he had as a welterweight and his strenuous diet and sweating out weakened him.

Telles shook his man early in the round, but instead of following with either left or lefts and rights, he tried to recover and rely entirely on his right.

Balch Hit Hard

Defending Middleweight Champion Tommy Barron of the Dallas athletic club lost little time in going after Balch, stunning him with a solid right that flipped Lonnie's head back. Balch recovered, but before he could get firmly set, Barron drove him to a neutral corner on the far side of the ring.

There a flurry of lefts and rights sent Balch reeling and, as the Lubbock fighter started to sink slowly to the mat, his head hanging down, Barron continued to pour jarring lefts and rights at the game Texas Tech student's head and body. It was the most callous display of viciousness seen so far in the entire tournament.

Balch like all the other Lubbock fighters has been worrying about his fight, he has been eating well, but went on losing weight.

The results of tonight's fights involving Lubbock team fighters cut the Hub city team from six to three men.

It was hoped that at least one of tonight's two fights would result in a decision for Lubbock. As a result of the double loss, Lubbock virtually was eliminated from a chance for the team trophy, with only Featherweight Bill Henderson, Light-Heavyweight J. D. Kirkpatrick and Heavy Weight Gene James remaining in the running for individual honors.

All Fight Tonight

Saturday's fights will bring together all entrants in the tourney with the list of survivors bound to be pared down for Monday's semi-final and final round.

Henderson will lead the Lubbock parade Saturday meeting Benard Smith of Beaumont. Smith won a close decision in his initial fight Thursday night and did not appear to be much of a match for the classy Henderson.

Kirkpatrick goes into action Saturday against Norman Theis of San Antonio, who did not look like a fighter, but boxed well in decisioning his opponent Thursday night. He does not seem to carry the punch that the Petersburg Puncher does and J. D. should not be extended.

James, who won a decision Thursday, goes against Red Worley of Abilene, who looked vicious in scoring a second round TKO Thursday night. James needed the opening fight to get the feel of the tournament and should not be as stiff Saturday as he was in his opening bout.

Sudan Hornets Down Levelland Five, 45-28

LEVELLAND, Feb. 13 (Special)—An overflow crowd tonight saw the rangy, sharpshooting Hornets of Sudan high throttle the Levelland floor attack, and then blast the baskets in a superb goaling exhibition to beat the Levelland high Lobos, 45-28.

Thus the Hornets came through the District 4-A north zone basketball campaign without a loss while Levelland finished second in the zone race with two backsets, both by these rangy Sudan sharpshooters.

Bouldin Bags 18

Tall, fast breaking, eagle-eyed Bob Bouldin was the goaler Levelland's guards couldn't stop tonight, and meshed 18 points for top scoring honors.

W. A. Wise hit the meshes for six baskets, or 12 points, to lead the Lobo sharpshooting.

Bobby Hart, always banging away for more than his share of the buckets, was limited to three free pitches.

Sudan got off to a running start and led at the close of the first period, 14-7, and at the halfway mark, 26-11.

The Lobos were never able to close this gap, and the Hornets were out front, 36-17, with the close of the third period.

In their last meeting Levelland held the Hornet sharpshooters fairly well in check, and Sudan eased in with a 30-28 triumph.

Both In Tourney

But the rivalry between these two is far from ended for the season. Both go into the District 4-A championship tournament next week with the winners of the south zone. Tahoka is definitely in while Abernathy and Sundown must play off to decide the winner of the south zone second place team.

Johnson Leads Goaling Attack With 23 Points

BROWNFIELD, Feb. 13 (Special)—Deadly shooting accuracy and an air-tight defense gave the surging Lubbock High Westerners an impressive 57-33 District 1-AA cage triumph over the Brownfield Cubs here tonight.

The speedy Westerner quint took the lead in the opening seconds of the tussle on a field goal by Guard Charles Galey, then Forward Virgil Johnson connected with push shots to increase the margin to 8-2. Galey, Johnson and Alderson alternated in swishing the net and at the end of the first period the Westerner quint held an 18-2 edge.

Cubs Narrow Issue

Coach Harvey Dunn used substitutes during the entire second period and the Cubs found the going a little easier. Jerry Worsham, Glen Gorby and Jim Dalton racked up field goals for the Brownfield five and narrowed the halftime tally to 27-12.

The Westerner regulars entered the conflict again in the third quarter and all but swept the Cub cagers off the court. Johnson, Galey and Henry dropped in baskets in a torrid scoring offensive that counted 15 points in the quarter, giving the Lubbock crew a 42-19 margin at the end of the third period.

Subs again took over for the Westerners during the final period and coasted to the impressive 57-33 win.

Rangy Virgil Johnson copped high point honors for the clash, chalking up 23 point for the Lubbock five on 10 field goals and three charity throws, with Galey holding the runner-up post with 13 points. Jerry Worsham led the Brownfield quint with 12 points on five field goals and two gift tosses.

Hill Sparks Tech Floor Play With Sharp Goaling Attack

By EARL SCUDDAY
Avalanche Sports Writer

Texas Tech's rangy Red Raiders bounced back into the win column in the Border conference basketball title chase by drubbing a ragged Arizona State of Flagstaff quint, 57-43, Friday night at the Tech gymnasium. The victory was the sixth of the season in loop play for the Techsans, against four defeats.

The sluggish game lacked the pulse-pounding excitement of Thursday night's Tech-Tempe clash, since both fives missed numerous shots and passed wildly, but the Raiders led all the way and breezed to the triumph in a convincing manner.

See High Pointer

Lanky Wayne See grabbed individual scoring honors for the tussle, tallying 14 points for the Lumberjacks on six field goals and two free throws, while James (Wimpy) Hill paced the Raiders with 13 points on six field goals and a single charity toss. Big Don Grove, the Raiders' stellar center, was held to two field goals and a free throw, chiefly because his teammates failed to pass the ball to him except at infrequent intervals.

Guard Ardis Barton gave the Techsans a quick lead in the clash by dropping in a crip shot, but Lumberjack Vince Cisterna tied the count with a push shot. Grove sank a charity throw, then Hill connected with a short toss to give the Raiders a 5-2 edge. See swished the net with a layup and Baroldy deadlocked the tally again with a successful gift throw, but Grove and Hill canned two-pointers to give the Tech cagers a margin they never relinquished.

Raider Guard Jiggs Jackson sparked a scoring splurge by the home five late in the initial period, sinking two set shots, then Gene Gibson and C. W. Dukes tallied field goals to increase the halftime count to 23-19, despite the efforts of 'Jacks Larry Baroldy and the scrappy See.

Raiders Jump Ahead

The Raiders forged far ahead early in the second half when Jackson and Jay Kerr sank two free shots and Grove and Barton tallied field goals, but the Flagstaff crew made a last desperate rally on baskets by Danny Yurkovich, Baroldy and Cisterna. Kerr and Hill continued to set a torrid pace in the point-making department, however, and the Techsans pulled away to a comparatively safe 41-33 lead with 10 minutes remaining in the tussle.

Dukes, Gibson, Hill and Kerr alternated in chalking up two-pointers in the waning minutes of the game and sub Gilbert McAlister canned a free toss in the last 10 seconds to make the final count 57-43. Only Agee was able to connect for the Lumberjacks in the last three minutes of play, dropping in two field goals.

The Raiders journey to Albuquerque Wednesday to tangle with New Mexico university in their next conference clash, with tilts at Las Cruces and El Paso Thursday and Friday.
