The wedding of Miss Ora Coon daughter of Mr. and Mrs. W. J. Coon, and Mr. Edward Bertram Gray son of Mr. C. B. Gray of San Angelo, took place Tuesday morning at eight o'clock at the home of the bride's parents.

A mass of greenery, lighted by white candelabra, and flanked by baskets of pink larkspur, formed the background for the ceremony. Rev. N. E. McGuire of San Angelo and a former pastor here, read the marriage vows.

The pre-nuptial music was given by Mrs. W. R. Martin, soloist, who sang "At Dawning" accompanied by Mrs. K. L. Taylor. Mrs. Cecile Meskimen of Colorado, played "Lohengrin's Wedding March" for the entrance of the bridal party.

Mr. Gray and his best man, Mr. Glen Desmond Coon, entered together. Mrs. Marvin Lee Dorn, matron of honor to her sister, entered alone. She wore a pink crepe, lace trimmed frock with white accessories, and carried an arm bouquet of pink sweet peas.

The bride, who entered with her father, wore a white rough crepe, fur trimmed, ankle length suit with white accessories. She carried an arm bouquet of pink carnations.

Mrs. Gray has lived in Loraine most of her life. She finished high school here, then took a Bachelor of Music Degree from Simmons University in 1928. Since that time she has been teaching piano. She was dean of fine arts at Montezuma College in New Mexico until that institution closed more than two years ago. From there she went to San Angelo and has been studying and teaching there for the past two years.

Mr. Gray is the son of C. B. Gray of San Angelo. He is a teller at the Central National Bank there. He has been connected with the bank for nine years. Mr. and Mrs. Gray left immediately by motor for Chicago, for a two-weeks wedding trip. They will be at home at Pasadena Courts in San Angelo, after June 15.

Guests at the wedding were Mrs. J. L. Pratt, Mr. and Mrs. Woodrow Pratt, Mrs. Sallie R. Looby and daughter Richards, Mrs. J. B. The News joins with the many friends of the couple in extending congratulations and best wishes for a long and happy married life.

Boxing Legal After 38 Years

The Texas legislature Tuesday sent to Governor Ferguson a bill to legalize prize fighting in Texas outlawed for 38 years, when the house voted 72 to 52 to concur in senate amendments to house proposal.

The senate Monday passed the bill 20 to 9. The bill failed to receive enough votes to make it operative immediately, and if the governor approves it will become operative in 90 days after the legislature adjourns.

Boxing has been outlawed in Texas since 1885 when Governor Charles A. Culberson called a special session of the legislature to pass anti-boxing statute to prevent a schedule championship match in Dallas between James J. Corbett and Bob Fitzsimmons. The bill vests control over the boxing and wrestling in the state labor commissioner. An annual license fee will be levied on corporations promoting fights, on individual promoters, a manager and on participants in boxing and wrestling matches in addition to the gross receipts tax.

METHODIST CHURCH NOTES

Sunday school was well attended Sunday. The reds, whites and blues are all very busy working to be winners in the contest.

The junior department honored the school with a short program just before church services.

Rev. Harrell's message was from the third and fourth chapters of Malachia. "Will a Man Rob God" was his text. He brought out very clearly that the tenth of everything we possess belongs to God. "Testing God" was the subject and it was shown how each of us have tested Him in these trying times.

The adult department of Colorado and Roscoe met with us Sunday afternoon. There is a new organization of the adults in Sunday School work. Colorado brought a good program. Will meet in Roscoe next fourth Sunday.

The subject for the evening service was the Seven Words from the Cross, found in Luke 23-24.

League was well attended. Mrs. Johnson and the Leaguers visited Brownlee after League for the evening service.

BRIDAL SHOWER

Seventy guests were present Tuesday afternoon at the lovely home of Mrs. J. L. Meadows at an attractive shower honoring Miss Ethry Joe Dean. Miss Dean was married on June first to Mr. Clifford Walker Carson of Van Horn.

Misses Lola Coffee and Edith Wilkerson presided at the punch bowl as the guests entered.

Following piano selections by Mrs. B. L. Templeton of Colorado, Miss Mary Miller and Mrs. H. P. Morrison gave beautiful and humorous toasts to the bride to be and to the girls left behind. Little Miss Louise Linam of Lone Star, in a very charming manner, presented the bride elect with a "basket of groceries" which contained many beautiful gifts that were admired by the bride and her many friends present.

Seventh Grade Exercises Held

Graduating exercises for the seventh grade were held in the auditorium last Thursday night, at which time nineteen members of the class were given certificates of promotion by Mrs. Hall Hooker.

Rev. Dick O'Brien, pastor of the Baptist Church at Colorado, in his witty and pleasing manner gave the address to the class. His subject was "Stamps" and in a very forceful way he illustrated how stamps stick to their corner until their work is done and stated that persons who accomplished things in the world must stick to his task until it is finished.

Members of the class who received diplomas are: Roy Price, Leo Shultz, Lewis Brians, Donald Saunders, Louise Ohlenbusch, Edwin Tolliver, Dorothy Chambers, Charles Glass, Lillian Hendrick, Iris Riden, Ruth Ann Hall, Lloyd Brame, W. F. James, Opal Martin, Billie Marie Rowland, Clyde Wilson, Malcolm Mayes, Byron Bennett, Duane Bruce.

HIKE IN COTTON ACREAGE SHOWN

The international statistical bureau Monday estimated an increase of 9.7 per cent in cotton planted this year, compared with last year's revised harvested acreage.

Condition of the crop is placed at 66 per cent of normal, compared with the 10-year average of 71 per cent.

BAPTIST CHURCH NOTES

Sunday school attendance almost went to 150 again Sunday. Why not make it 200? Several teachers were absent Sunday. We hope that they may return soon. We also pray that our superintendent may be with us again soon.

Rev. A. C. Hardin brought a message from Micah 6:1-8, using as his text "God's Controversy With Man". His subject for the evening hour was "The Healing Waters." The scripture is found in Ezekial 47:1-12. Loraine Baptist Church should pray for her pastor, her absent prayer service, her falling budget, her children and young people, and her indifference, then she could lead the lost to Christ.

Senior and adult B. T. S. members gave the program "The Stranger Within Thy Gates" in the form of a play Sunday evening, each one on the program acting the part of a foreigner.

We urge that each B. T. S. member come every Sunday evening. Some day you may want to sing and pray and talk and God will not give the chance.

Wyona Hardin won the award drill Sunday evening. Wyona is an associate member of B. T. S. but one of our best Bible readers.

Study Mark 14:10-72 for next Sunday.

COURT RULES AGAINST DENISON

The third court of civil appeals in Austin Monday affirmed the decision of the 98th district court holding that Frank Denison, Temple, is not entitled to serve as chairman of the state highway commission. Denison was appointed by Governor Miriam A. Ferguson and he was twice rejected by the senate which failed to give a two-thirds vote for his confirmation.

The governor claimed that Denison had received a majority vote for confirmation in the senate and she issued him a commission. He would have succeeded the late Cone Johnson, Tyler as a member of the board and W. R. Ely of Abilene, as chairman. When Denison appeared at the state highway commission offices claiming the right to act, Attorney General James V. Allred filed quo warranta proceedings calling upon him to show by what authority he attempted to exercise the office.

If Congress casts a favorable eye on the plans of the President, government expenses will be cut about a billion dollars. Having cut them, there remains the equally serious problem of keeping them down. Assuming that they are not permitted to raise again, there are a good many dead horses to pay for, as well as several new and live ones to be taken care of. Like it or not, there is but one mine that can be depended upon to yield unflinching pay-dirt, and that mine is taxation. The excise taxes, scheduled for the scaffold on the first of July, are likely to be given a reprieve of a year. Others will be created or increased. Heavier tax paying seems distinctly probable. The immediate result will be the production of ready cash in the Treasury. If the list of tax-free securities is suspended, the market for government bonds will be improved, but what will happen to the securities that heretofore have been regarded as gilt or less distant future, may prove to be highly satisfactory, but no one should delude himself into thinking that there are no high mountain ranges yet to be crossed. It will be necessary to carry on for some time to come.

The Navy Department has issued orders that sailors who swear are to be punished. It will be recalled that Farragut made harsh remarks about the torpedoes. South. Horace Greeley could rip Washington broke loose at Mont-it off on occasion. A newspaper says that a former Vice President and dam. Discrimination against uses only the "conventional" hell the boys in the forecastle is evi-

The door nail, although popularly regarded as dead, has been kept alive for several centuries by a proverb of common speech. Even as a by-word, the door-nail is doomed to go. The current phrase is "deader than a war debt."

The representative of the United States at Geneva assures the conference of the support of his country in efforts to put down future wars, a statement which has a good and wholesome sound. The only thing that causes apprehension is the fact that the delegates of the other nations greeted the announcement with cheers. Woe unto you when all men shall speak well of you.

Relaxing revision of anti-trust laws is suggested now and then, as a means for bolstering up business. There was a time when the bad men of history were Benedict Arnold and Mr. Rockefeller. The future may conclude that John D. should have a statue in the Hall of fame.

By W. H. Darrow, Extension Service Editor

"My husband's tobacco bill was larger than our grocery bill last year", declared a member of the Port Lavaca Home Demonstration Club in Calhoun County. The family put up a pantry according to the 4-H plan.

Such good results have come to Dallas county dairymen from feeding stock beets to cows the last two years that the county agent reports 30 more farmers showing the crop this year.

Transplanting 451 peach seedlings from the remains of one of the best early seedling orchards in San Augustine county, Bessie Balch of New Hope Girls' Home Demonstration Clubs has gone in for supplying her family plenty of fruit in the years to come. She has three rows of trees ready to bud to known varieties in June, and plans to produce extra trees for giving to other club girls who cannot buy them.

Three herds of Wheeler county beef cattle fed out in demonstrations last season averaged their owners 81 cents per bushel for corn.

Sub-irrigation garden systems have been installed on six Haskell county farms this spring by home demonstration club families. A total of 1155 feet of hole made concrete tile was installed at a cost of less than one cent per foot.

Eleven Lee county farmers operating demonstration poultry flocks with the help of the county agent averaged more than 20 eggs per hen in March, produced at a feed cost of a little less than four cents per dozen.

Cows turned into oat and vetch patches in Harrison county this spring have increased decidedly in milk flow. The county agent predicts an increased use of this practice in the future.

With 56 permanent pasture demonstrations under way, of which the county agent says 32 are in tip-top shape, Red River County is turning definitely toward improved pastures as the basis of farming. F. M. Watkins of Bogata got \$91.06 worth of grazing from an 18-acre improved pasture in first four months of the year.

Claude McCann of Victoria county told farmers on a tour of county agent demonstrations recently that 556 tons of feed has been put in two trench silos at a cost of 82 cents per ton, including the digging of the silos. He said it was the cheapest feed he

ever put up and was a big factor in making a profit on 500 steers which she fed.

More than \$300 worth of hooked rugs were made and sold in one year by Mrs. S. H. Gwyn, Midland county home demonstration club woman.

Of 33 community meat cutting, curing and canning teams trained by county farm and home demonstration agents in Falls county last fall, 15 report showing 936 people how to handle meat on the farm the A.M. Way in 149 demonstrations.

Placing poison baits on 8,000 acres of Tarrant county pasture land where wolves and dogs were killing large numbers of lambs entirely relieved the situation according to the agent who was aided in the work by the U. S. Biological Survey.

Needing a barn to house her milk goats, Mrs. J. H. Robins, 4-H pantry demonstrator of Amelia Home Demonstration Club in Jefferson county, traded chickens for the lumber required. A rooster, 12 hens, and 150 baby chicks bought 1000 feet of dressed lumber.

**MORE CREDITS
TO SNYDER SCHOOL**

State affiliation in two more subjects has been granted Snyder High School, Superintendent C. Wedgworth announced this week. A half credit each for Texas history and anthropology is included in the new grant.

A remarkable feature of the accrediting is the fact that no written work was required to be submitted to the State Department of Education. Instead, the state supervisor inspected the efficient work of Miss Mattie Ross Cunningham, teacher of the two courses, during regular inspection here, and made the grant accordingly.

Application has also been made for a half credit in public speaking, which is being taught by W. W. Hill. Mr. Wedgworth feels certain that this subject will also be affiliated.

Snyder High School now has 32 affiliated units, exclusive of public speaking.

The course in Texas history is taught the first half of each year, and the occupation course the last half.

The old City Tabernacle that has adorned (?) the City Park for many years was this week torn down and the lumber removed to be used elsewhere, under orders of the city council. Much of the lumber will be used in recovering the City's water storage tanks.

It was decided to remove this old landmark because apparently there was danger of its being blown down during some high wind with possible damage to other city property or injury to some person.

**A BOY CAN'T LEARN THE VALUE OF MONEY
TOO SOON**

Youth is naturally idealistic. Many a man can remember making youthful remarks about a life work that he would enjoy regardless of income. And boys today still think the same way. It is not until they grow older that they realize the full value of money—and its inescapable necessity. Meantime, start them on a good habit—a savings account and regular deposits!

LONG STAR TWINKLINGS

A nice rain fell over this section of the country last Wednesday and Thursday. Several farmers hadn't begun planting but they are now all busy. The rain was greatly appreciated as there wasn't enough moisture to bring up the crops that was planted. It was also a great help to gardens and other truck patches.

A large crowd was present for the sermon preached by Bro. Bodine, a Primitive Baptist minister of Buford Community. The sermon was enjoyed by all present and we invite him to come back again.

One of the largest crowds of the year attended singing at Pleasant Valley Sunday afternoon. Among the visitors from other communities were Miss

Bean of China Grove. Bud Rieburg, Dee Fagan Brians, William Martin, of Loraine, Mr. and Mrs. Smith, Woodrow, Memory and Cleckler Smith, Gellete Anderson and Miss Cleckler of Westalla and Mr. and Mrs. R. V. Martin Homer Hart of Valley View, Misses Edith and Anna Bess Wilkerson and Oza Gunn, and Rev. Balderee of Bauman. Mr. and Mrs. Robert Mote and Mrs. Richardson of Loraine were visitors in the home of Mr. and Mrs. Moody Richardson Sunday. Bro. Bodine and wife and his mother were the dinner guests of Mr. and Mrs. J. M. Compton Sunday.

Mr. and Mrs. Raymond Wheeler entertained the young people with a party Saturday night.

The Place of Pleasure in our Life Program—George Mahoney.

BAPTIST W. M. S.

Members of the W. M. S. met at the church Monday and studied the last lesson in "Things We Should Know." Mrs. Reeder read a part of Gal. 6 for devotional. Prayer was offered by Mrs. Ray. After the lesson a motion was made to send \$10 to Baylor maintenance fund. The W. M. S. decided to make plans next Monday for territorial circles in our W. M. S. The meeting was dismissed by Mrs. Hardin.

The Society will meet in a missionary program next Monday at the home of Mrs. Clarence Rowland.

PROPER FOODS PREVENT PELLAGRA

College Station—Pointing out that pellagra, which caused 1039 deaths in Texas in 1932, is a disease brought on by faulty diet, Miss Lola Blair, nutritionist in the Texas A. and M. College Extension Service states that it is an unknown ailment in families getting an adequate diet as outlined in the 4-H pantry demonstration promoted by county home demonstration agents. It is estimated by the State Health Department, she says, that there are from 50,000 to 100,000 persons suffering from pellagra in Texas. People who have enough food, Miss Blair explains, including plenty of milk, lean meat, fish, poultry and plenty of green leafy vegetables or tomatoes, do not have pellagra. It is a disease likely to be produced by a diet made up wholly of fat meat, rice or potatoes, molasses or syrup, and corn meal.

"Fresh vegetables may be had from gardens in Texas almost the year around, and a canned supply of 120 containers of leafy vegetables and 150 containers of tomatoes should furnish a family of five a part of the pellagra preventive food for months when fresh stuff is not available," she states. "If a dairy cow and chickens are not kept, wild game may be killed in some sections to obtain lean meat, or cheap cuts of lean pork and beef may be bought. Dried or canned milk may substitute for the fresh product in pellagra prevention."

The essentials of an adequate diet, on which the 4-H pantry demonstration is based, are three servings daily of vegetables of which at least one should be leafy or green in color; two servings per day of fruit with tomatoes or citrus fruit at least three times per week; 1 1/2 pints of milk per person per day; at least one tablespoonful of butter per day; two servings per day of meat or eggs or cheese or nuts or dried beans and peas; at least one serving of whole grain; and fats, sweets and other grain (flour and cereals) in addition. With the exception of milk, all these requirements may be met for the winter months by canning or storing home-grown products by the budget used in the 4-H pantry demonstration. This is obtainable direct from county home demonstration agents or in Circular C-76 "Feeding the Family the 4-H Pantry Way" from the Extension Service College Station.
