Mrs. H. W. Wright Dies Thursday After Long Illness

Mrs. H. W. Wright, a Wellington resident since 1918, died at her home here at 3:45 a.m. Thursday, October 2. She had been confined to her bed for the last 18 years, and this year suffered a stroke which greatly weakened her condition, which had grown critical in recent weeks.

Mrs. Wright was 83 years, four months and 20 days of age. Funeral services for Mrs. Wright were held Friday afternoon, at the First Baptist Church, with the Rev. Clyde Hankins of Dalhart, a close friend of the family, officiating. Assisting were the Rev. Chester O'Brien and the Rev. Bill Saunders.

Pall bearers were Bill Langford, Tom Bryant, Tom Caldwell, Woody Wood, Hurshel Tyler and Bruce Hite. Flower bearers were Mrs. Bill Langford, Mrs. Bruce Hite, Miss Olene Ford, Mrs. Rufus Sweat, Mrs. Frank Thomason and Mrs. Earl Hunter.

Burial was in the Wellington cemetery by the side of her husband, who preceded her in death in January, 1948. The Ellis Funeral Home was in charge.

Mrs. Wright was born Mary Ann Thompson in Niles, Michigan, June 13, 1869. Her parents were Gus Thompson, who was born in Gothenburg, Sweden, and Mary Ann Gallivan, who was born in Dublin, Ireland.

The family moved to Missouri about 1871, then a few years later came to Leonard, Texas, where her father was a building contractor. Her parents died when she was only eight years old, however, and she made her home with sisters. She received her education at St. Mary's School for Girls in Little Rock, Ark., and was a teacher before she and Mr. Wright were married on December 25, 1897, at Trenton.

They then lived on a farm near Commerce for a number of years, then left in 1906 to move to Runnels County, living at Miles Station. They moved to Hollis in 1911, and to Wellington in 1918.

Mrs. Wright became a member of the Baptist Church in Wellington in 1921, and was an active and devoted member as long as her health permitted her to attend its services.

Ten children were born to Mr. and Mrs. Wright, and all survive: Hershel Wright of Shamrock, Mrs. Tom Berryman of Matador, Mrs. Russell Jones of Lampasas, Mrs. M. G. Duvall of Hollis, Mrs. Harve Campbell of Wasco, Calif., Mrs. Johanna Glasgow, Hardy Wright, Mrs. Albert Thompson and Gabe Wright of Wellington, and Mrs. Frank Kovar of Fort Worth. One brother also survives, Gus Thompson of Paris, and there are a number of grandchildren.

Throughout her married life, Mrs. Wright's interests centered in her home, her children, her husband and his work, and her church. Even after her health did not permit her to be any longer active, her interest in these continued, and her devotion to her family and her friends remained to the end of her life.

Former Welfare Worker Charged

Charges of forgery and misapplication of public funds have been filed against Monroe Ritchie, former county welfare worker for Collingsworth County who was transferred to the Fort Worth Office a few months ago.

The charges were filed following an investigation by state welfare department officials and allegedly concern the listing of non-existent persons to receive aid from the state welfare department.

Ritchie was brought here Sunday by Sheriff Hubert Mauldin and is being held in the county jail. His bond has been set at \$2,000 on each of two counts, the sheriff said.

Robinson Attends Clerk Convention

David Robinson, county clerk, returned Monday from McAllen, where he attended the annual convention of the Association of County and District Clerks of Texas.

The meeting was in session Thursday through Saturday, October 2, 3 and 4.

Following the business sessions, those attending were taken on a tour of the "Magic Valley" area around McAllen and into Mexico.

Concert Association Drive Gets Under Way This Week

The Wellington Mutual Concert Association officially launched its annual membership drive with a kick-off dinner Monday night, October 6th, at the Community Building. Attending were the officers and board of directors of the association and division chairmen, team captains and workers.

Dr. Charles B. Jones, president of the association, presided, and introduced Ray Wilson, representative of the Pryor-Menz Concert Service, Council Bluffs, Iowa, who outlined selling procedures to the guests and spoke of the artists available for the coming concert season. At least three concerts by internationally established artists, more if the budget permits, will be presented.

Admission to concerts will be by membership card only. No single admission tickets will be available for any concert. Membership dues are: Adults \$5, students \$3 and a special family membership for \$12, admitting an entire family regardless of its number. Membership cards are transferable.

The membership campaign lasts from October 6th to October 11th, only. No more memberships will be sold after this time.

Each person buying a membership this year will have the opportunity to vote for the artists

he would like to be brought to Wellington; members will indicate their choices on a talent ballot, listing 12 outstanding attractions that are available to Wellington. This list includes:

Lucine Amara, glamorous young prima-donna of the Metropolitan Opera; Lillian Kallir, brilliant 20-year old Austrian-American pianist, featured May 17th issue of Saturday Evening Post; Cornelia Stabler, unique one-woman theatre program; Nelson & Neal, celebrated Australian-American duo piano team (who bring their own Baldwin pianos);

Eugene Conley, sensational leading tenor of Metropolitan Opera; National Music League Vocal Trio, three outstanding American singers in program of solos, duets, trios — featuring excerpts from "Song of Norway," "Student Prince," etc.; Irene & Sylvia Rosenberg, two sisters, who merge their talents in violin and piano classics;

Henry L. Scott, America's foremost concert humorist, "The Will Rogers of the Piano;" Edith Allaire, singer of American folk songs and ballads; accompanies herself on Vermont harp-guitar; Columbus Boychoir, "America's Singing Boys," featured in Life and on radio and TV; Enchanted

Strings, all - girl radio and TV string ensemble of thirteen, with piano and violin soloists. Directed by Ving Merlin of NBC; Gregory and Strong, unique concertina, tap-ballet dance, piano combination in a program ranging from Bach to Gershwin.

This talent poll will help the board of directors to determine which artists to choose for the coming season's entertainment at the talent meeting to be held Saturday afternoon, after the close of the campaign, October 11th.

Memberships may be obtained from the following volunteer helpers: Division chairmen: Mrs. Jack Kopp, Mrs. E. K. Jones, Miss Rita Duncan, Mrs. Jack Davis, Mrs. Deskins Wells, Mrs. Frank Coburn and Mrs. Charles T. Roberts; Team captains: Mrs. Lowell Wells, Mrs. A. L. Elliott, Mrs. Jimmie Cochran, Mrs. John Holton, Mrs. Charles Allen, Mrs. Heber Brantley, Mrs. Ansel McDowell, Miss Katherine Boverie, Mrs. Pat Swift, Mrs. Donita Jones, Dr. D. V. Watkins,

Mrs. William Barjenbruch, Mrs. Helen Hurst, Miss Sara Jones, Mrs. Burnalee Duncan, Mrs. Bo Yates, Mrs. J. M. Strong. Workers: Mrs. Bennett Goodloe, Mrs. Sandy Parsons, Jr., Mrs. (Continued on Page Twelve)

Rehearsals Set

Annual Rotary Minstrel Set For Two Night Performances

The Wellington Rotary Club has scheduled its annual Negro Minstrel for a two-night stand, Saturday night, October 25, and Monday night, October 27, Dr. C. B. Jones announced this week.

The performances will be given at the high school auditorium, beginning at 8:00 p.m.

First rehearsals were held Tuesday night, October 7, under the direction of Mrs. Pat Swift and Mrs. Lowell Wells.

This year's performance will

depart somewhat from those of other years, with more music and singing, Mrs. Swift said. A feature of the minstrel will be a Night Club Scene on Deep Elm. Bennett Goodloe's orchestra will also be a highlight.

Minstrels will be Tom Bryant, Henry Sullivan, Supt. C. T. Roberts, Dr. C. B. Jones, Paul Guthrie, Horace Small, Zook Thomas and Allen Humphries. The chorus personnel and special numbers are still tentative.

Last year's Minstrel, by far the most popular ever given here, was presented at several points in the county, as well as in all surrounding towns.

Thomas Sparks Honey Campaign

John G. Thomas, secretary of the Collingsworth County Beekeepers Association, will be in charge of the local phases of the National Honey Campaign during the month of October, designed to promote interest in bees and honey.

Honey displays will be featured by several Wellington grocers, and honey nut sundaes and other honey delights will be featured by local drug stores during the month, Thomas said.

Two Added to Wellington State

Two additions to the staff of the Wellington State Bank were announced this week by A. D. Jenkins, executive vice-president.

Mrs. Max Davis began work a short time ago as private secretary to Mr. Jenkins. The former Cecilia Davis, she graduated from high school this spring as salutatorian of her class.

Mrs. Ed White also began work a few days ago in the bookkeeping department of the bank.

Juniors Sponsor it

Student-Parent Ball Game Scheduled

The junior class of Wellington high school is sponsoring a basketball game October 14, between members of their own group and teams of adults made up of parents, teachers and business men.

The game will be held at the high school gym, beginning at 7:30 p.m. A small admission will be charged.

Players already signed up to meet the juniors include those who will be on the women's team,

S. W. Nelson, 83, Dies Following Brief Illness

S. W. Nelson, who has been seen around Wellington for the past 41 years, passed from the walks of men at his home on East Avenue Thursday, October 2, at 11:00 a.m., his frail body having worn out. Mr. Nelson had, however, remained unusually active until only the day before his death.

He was born January 10, 1869, in Lincoln County, Tennessee, and at the time he passed away he was 83 years, eight months and 22 days of age. He came to Denton County while just a boy, then to Knox County in 1892, and to Lynn County in 1908. He moved to Collingsworth County in 1911, where he has lived until his death, with the exception of the years 1931 and 1932, which he spent at Melrose, N. M. with some of his children.

He was married to Annie Laura Cook April 20, 1895. She preceded him in death April 22, 1914. To this union there were born six children, all of whom survive: Mrs. C. A. Womack of Slaton, Rufus Nelson of Wellington, Mrs. H. A. Bledsoe of Gentry, Ark., Jack Nelson of Wellington, Mrs. C. L. Beebe of Aiken, Mrs. J. S. Gardner of Quanah. There are 19 grandchildren, 22 great grandchildren and 10 surviving nephews and nieces.

Mr. Nelson was a man who loved his children and was loved by his children; he loved his neighbors and was loved by them; and he loved his God. He was an unselfish man, as expressed by one of his sons-in-law, "the most unselfish man I have ever known."

He had been a member of the church for 55 years and tried hard to live a better Christian life each year of this time.

Funeral services were conducted Saturday, October 4, at 2:00 p.m. by Guy N. Wood and Paul Lusby (Continued on Page Twelve)

3 Team to Meet Vernon B Thurs.

By JAMES GLASSCOCK
The Skyrocket B team will meet the Vernon B team here Thursday night October 9, at 7:30 p.m. in what Coach Clifford Niles predicts will be one of the better B team games of the season.

The youthful Rockets have lost their only two games played so far this season, to Lakeview and the Perryton B team, but Coach Niles says the boys are in good shape this week.

"We want and need the support of the local football fans. There is no A team game at home this week, and we hope you'll be out Thursday night. We guarantee you a good game," the coach said.

Special Train to Pampa Celebration

Businessmen from Dallas, Fort Worth, Childress, Wellington and Shamrock will be guests of the Gray County 50th Birthday Celebration Assn., Inc., on Monday, October 13, at a buffet luncheon at the Pampa Country Club.

The visitors will arrive in Pampa at 10:30 a.m., that day, via special train which originates at Dallas. They will be conducted on a tour of Pampa by local businessmen, and, following the special luncheon, will have an opportunity to watch the big downtown parade at 2:30 p.m.

Officials of the Birthday Association are expecting the parade to be one of the largest, if not the largest, ever presented in the Texas Panhandle. It will contain some 35 to 50 floats, some of which are being constructed by the H. C. Worth Co., of Dallas. A number of others will be built by individuals and organizations, and are being entered from all over the Panhandle.

The special train is being run by the Fort Worth and Denver Railway, and a large group of Wellington businessmen are expected to make the trip.

Five city men will be special guests of the railroad for this trip, Deskins Wells, editor of The Wellington Leader; Clark Anderson, president of the Wellington Chamber of Commerce, County Judge R. L. Templeton and James Sullivan.

Revise City Water Rate, Garbage Collection Set-up

The City Council, meeting Tuesday night, October 7, voted to raise the water rate minimums to \$2.00 per month, but at the same time to drop the charge for garbage collection and to make that service 100 per cent effective over the town. Water rates above the minimum are unchanged.

The announcement was made jointly by Mayor L. B. Bratten

and City Manager Bura Handley Wednesday morning.

The move was made for two reasons primarily, it was explained:

1. Wellington is paying for a sanitation program which, if it were completely effective, would put Wellington on the par with any town or city of any size in the Panhandle, but because voluntary co-operation in the garbage

collection program has been poor, city officials and employees feel they are doing only half a job from the sanitation standpoint.

2. The extended drought in this section has caused the water level to drop to such an extent that the city is having to drill additional wells and will drill others during the winter. These can be financed and operation of the water and sanitation departments put on a pay-as-you-go basis by increasing the water minimum to \$2.00. Otherwise, a bond issue would be necessary for financing the new wells.

"The increase in rates will mean very little increase in water bills. In some cases it will mean a decrease. Residential users, now paying the \$1.25 minimum, will pay \$2.00 minimum, but at the same time, if they now have garbage collection, the \$1.00 collection charge will be eliminated, resulting in an actual saving of 25 cents per month," Mayor Bratten pointed out.

The sewage charge will remain the same, \$1.00 per month.

The present minimum rates are \$1.25 for residential users; \$1.50 for business users, and \$1.75 to users outside the city limits. The garbage collection program does not go outside the city limits.

An Ordinance, passed by the City Council Tuesday night as an emergency measure, requires that each household in the city provide himself with a receptacle in which garbage is to be put, and that it be placed in the alley where the garbage can be collected by the city's garbage truck. The ordinance will be enforced, city officials point out, and those who allow their garbage to become a nuisance can be fined on by the city sanitarian for maintaining a nuisance at their residences.

The change in the set-up also makes these provisions:

1. Every person will receive garbage collection service, whether he is on the city water line or not. Garbage will be collected once each week in the residential area and daily in the business section, as at present. The city truck is already picking up all garbage in alleys, whether or not the owner is now paying for the service.

2. Spraying of every garbage receptacle will be done during the fly season. It is felt that this will do more to eliminate flies than periodic fogging of the entire town.

3. The service will be city-wide, including the colored section.

4. All alleys will be worked and put in first class condition and kept that way.

5. Weed control will be facilitated during the growing season.

6. The city's water and sanitation departments will be put on a pay-as-you-go basis, and a bond issue will not be necessary for digging additional wells during the coming year.

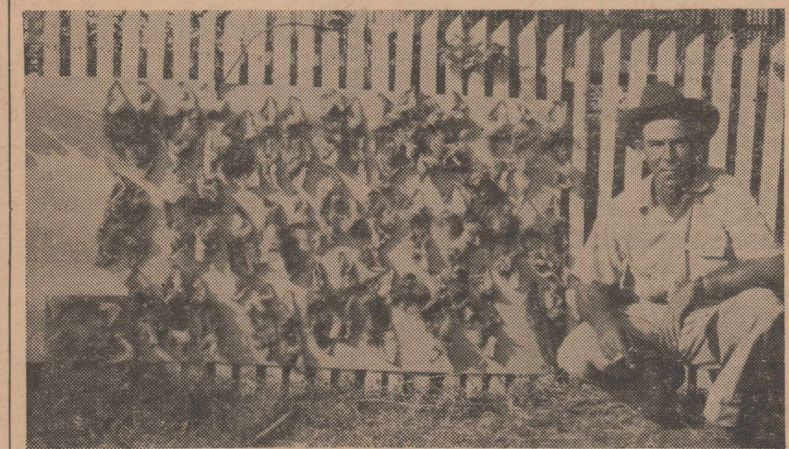

It is pointed out that the \$2.00 minimum has long been in effect in most towns in this area, and that of these do not offer the garbage collection service available in Wellington.

The City has a paid sanitarian, W. R. Ritter, of Shamrock, who will make regular inspections of the city's alleys and the garbage disposal facilities. Mr. Ritter is carrying out the city's sanitation program, and already exercises close supervision over all food handling establishments. Most livestock has been moved out of the city limits, and other measures are taken that insure a more sanitary and healthful town.

"We cannot know how much pollution or other filth-borne disease was eliminated from Wellington this year, but we do know that clean towns are healthful towns. We want to keep Wellington that way," Mayor Bratten declared.

"The city feels that its sanitation program has been only half-effective under the present set-up. Our whole purpose was being defeated because of the ineffective garbage collection situation. It can be 100 per cent effective and we intend to make it that way," he continued.

"Under the present set-up, it is necessary to partially finance the garbage collection program with money from the water receipts. As it is, those water users not now having garbage disposal are actually helping pay for the service the other users receive. Under the new set-up, everyone will have the same service."

TROPHIES OF A MONTH'S COYOTE HUNTING

County Trapper Roland Smith here shows the scalps of 48 coyotes and one bob cat that represented his September catch—considered excellent for this time of year by trappers, farmers and the Wildlife Service. The scalp of each animal caught must be taken and sent to the Wildlife Service at San Antonio. Farmers needing the trapper's services can contact him in Wellington, A. J. Fires, secretary of the Coyote Trappers Association said.

Rocket-Blackhawk Game AA Highlight

By JAMES GLASSCOCK

The Wellington Skyrocks journey to Phillips Friday night, October 10, to meet the Phillips Blackhaws.

The Hawks have been rated as possibly the best team in this region, and by some sports writers as a state contender.

The Blackhaws are still undefeated in play, while the Rockets have won three and lost one game—to the Quanah Indians. Phillips last week blasted the Childress Bobcats 39 to 0, while Wellington beat Perryton 20-0.

Last year, the Rockets, coached by Maxey McKnight and Donald Briggs, beat Phillips by the measurable margin of 20 to 0 on Powell Field.

But this year's Hawks are a different story. Chesty Walker's team has three power-laden backs plus

a line that is built like the "Rock of Gibraltar."

Matched against them will be Wellington's speedy backfield and rough, scrappy line. Although the Rockets are always outweighed, they never lose that will to win.

"The Phillips line is a good team. They have a powerful running and passing attack. These combinations make them one of the best teams in the state."

"They use one and only one formation. That is the T formation," Coach McKnight said this week.

The Rockets have a few minor injuries, but all the team should see action in the Phillips game. Ed Bawcom got a side injury in the Perryton game, while Jack Eads is getting over a leg injury he got in the Mangum game and is now getting back to work-outs. This week will see some strenuous action on Powell Field, Coaches McKnight and Briggs declare.

The Rocket traveling squad includes 24 boys who will make the trip by bus. They will leave Wellington at 12:30 Friday, and game time is 8:00 p. m.

The probable Blackhawk starting lineup includes:

Donald Smith, 146 pounds, and Bill McDonald, 168 pounds, ends; Gerald Lane, 170, and Joel Kirkpatrick, 160, tackles; Gary Tucker, 155, and Don White 170, guards; C. R. Riggs, center; Allen Grur, 141, quarterback; Ted Reddick, 141, right half; Chuck Bennett, 146, left half; and Don Meek, 142, fullback.

Douglas Duncan, backfield regular, received a broken right thumb in the game with Perryton Friday, but Coach McKnight believes he will be able to go into the Phillips game as usual.

Studebaker-Ferguson Agency

Warricks Buy Anglin Motor Company Here

Announcement was made this week that Lawrence Warrick and Velman Warrick have bought the Studebaker agency and the Ferguson tractor and implement agency from Everett Anglin and Henry Anglin, who have owned and operated it for the past year.

The business will be known in the future as the Western Motor and Implement Company.

Dewey Barker, an employee of Anglin Brothers, has been named manager of the company and Sam McGill will be in charge of the

mechanical department.

Velman Warrick and Lawrence Warrick will continue to operate their other business interests here. "We will maintain a complete line of parts for Ferguson tractors and implements and for Studebaker cars and trucks at all times. It will be our aim to operate a business that will be pleasing and profitable to our customers, and we believe you will find our service efficient and satisfactory," the new owners said.

O-O At the Half

Rockets Blank Rangers
In Hard-Fought Battle

By JAMES GLASSCOCK

After a hard-fought first half, the Wellington Skyrockets broke loose in the third quarter to score 14 points and then go on to score another 6 points in the fourth quarter, as they blanked the Perryton Rangers 20-0 on Powell Field Friday night.

This game was a hard-fought battle from the opening gun. Wellington marched down the field to Perryton's goal line, but the Rockets just couldn't reach pay-dirt. In the first half, most of the playing was in the Perryton end of the field. During these two periods, sparkling offensive as well as defensive play was the order. Time and time again Wellington, led by the linemen swarmed the Rangers to give them losses or no gains.

Late in the second quarter, the Perryton cause was crushed when back-field man Don Dietrich was injured as he was tackled by two Rockets after attempting to pass, and somewhere in the mixup was cleated under the right eye.

Both teams had played slambang football the first half.

Penalties marred this ball game. Wellington got 10 for 85 yards and Perryton 2 for 20 yards. At one time Wellington had a first down and 30 yards to go because of penalties.

In the second half, Wellington came out strong. The Rockets looked like a new team, and the line, manned by Hood, Bawcom, Brown, Orr, Starkey, Baird, Johnson, Leggett, Drummond, Judd, Keisling and Lacy the necessary holds that couldn't be found during the first half. These linemen deserve real praise for their part in the game.

The Rocket backfield looked more fit, and showed they had their second wind. Beautiful runs by Moore, Duncan, Woods and Ingram, along with timely passes by Dakil helped the Skyrocket cause.

Perryton's all-state, who does their punting, didn't have too good a night. He punted 4 for 30 yards, while Wellington's Clyde Ingram punted 4 for 35.

Passing figured in this game, but few of the passes were completed, while each side had one intercepted.

With only four minutes and 30 seconds of the third quarter remaining, Douglas Duncan, Rocket fullback, skirted right end on a pitch-out for 12 yards and a touchdown. With Quarterback Lonnie Woods holding, Doolen Starkey, ft tackle and ace placekicker, kicked the extra point to give the Rockets a 7-0 lead.

On the first play after the kick-off, the Rangers fumbled the ball and Starkey recovered for Wellington on the Ranger 27. After successive plunges and runs by Moore, Duncan, and Ingram, Harold Moore, left half, plunged over from the one yard line on an off-tackle play.

Starkey again split the up-rights.

The last Skyrocket touchdown came when Quarterback Lonnie Wood ran around end for 7 yards

and a touchdown. Starkey's conversion attempt was wide and the final score was 20-0.

Perryton attempted a last-minute touchdown with a series of passes and beautiful runs, but all these came too late.

Starting lineup:
Perryton: Laurel Lovett and Dick Haar, ends; Johnnie Witt and Don Cooper, tackles; Doc Carter and Ronnie Witt, guards; Charles Parker, center; Gene Devers, Edward Cummings, Landrum Osborne and Don Dietrich, backs.

Wellington: Edward Bawcom and Charlie Johnson, ends; Phil Handley and Doolen Starkey, tackles; Floyd Hood and Gene Baird, guards; Vesta Lee Orr, center; Clyde Ingram, Harold W. Moore, Douglas Duncan and Lonnie Wood, backs.

Statistics:
Wellington: First Downs, 9; penalties, 10 for 85 yds.; fumbles, 4, rec. 3; yards rushing, 175; yds. lost, 44; passes attempted, 11; passes completed, 2 for 13 yards; passes intercepted, 1; punts, 4 for 35 yards.

Perryton: First downs, 6; penalties, 2 for 20 yds.; fumbles, 6, rec. 1; yards rushing, 122; yards lost, 16; passes attempted, 17; passes comp., 7 for 32 yards; passes intercepted, 1; punts, 4 for 30 yards.

Miss Sherye Harlene Horton Becomes Bride of Orville Mullins in Amarillo

Sherye Harlene Horton and Orville Mullins, son of Mr. and Mrs. A. C. Mullins, 806 Dallas, Amarillo, exchanged double-ring nuptial vows recently in the home of the bride's parents, Mr. and Mrs. J. T. Horton, 2216 Rule, Amarillo, formerly of Wellington.

Rev. E. R. Foster, pastor of the First Assembly of God Church, read the vows.

Miss Kay Yates, maid of honor, wore yellow with white accessories. Cpl. Jerry Bement served as best man.

The bride, given in marriage by her father, was attired in a white ballerina-length dress of Chantilly lace over taffeta. Her fingertip veil of white net fell from a white tiara. White roses surrounded by white stephanotis made up her bouquet.

The bride's mother wore a brown and gold faille suit with brown accessories and a corsage of bronze pompon chrysanthemums. For a wedding trip to East Tex-

as, Mrs. Mullins chose an aqua suit with brown accessories and a corsage of white roses.

Both the bride and groom are graduates of Amarillo High School. Mrs. Mullins is employed by the First National Bank and the groom works for the Texas Company.

The couple is living at 3622 North East Ninth in Amarillo.

The bride is the niece of Alvin Horton and Mrs. Ernest Harwell of Wellington.

"THE GREATEST SHOW ON EARTH"

James Stewart (left) and Charlton Heston come to the aid of fallen circus aerialist Cornel Wilde in this scene from Cecil B. DeMille's "The Greatest Show On Earth," Paramount Technicolor spectacle which opens Saturday, October 11 and will run through Thursday, October 16, at the Ritz Theatre in Wellington. DeMille both produced and directed the film.

DeMILLE'S CIRCUS SPELLBINDER IS MAGNIFICENT FILM ACHIEVEMENT

In "The Greatest Show on Earth," a Paramount picture which opens Saturday at the Ritz Theatre, Cecil B. DeMille has applied his film-making genius to a massive circus spectacle combined with a drama about the performers and workers of the Big Top. The result is a truly superb Technicolor treat that captures the spirit and essence of the Greatest Show as no film has ever done before.

With infinite skill, DeMille has depicted the whirling excitement, the spangled gaiety and the soaring thrills that make the circus such a beloved institution. Here in brilliant color photography is an authentic view of the Big Top that is every bit as exciting as a ring-side circus seat.

With Betty Hutton, Charlton Heston, Cornel Wilde, Dorothy Lamour, Gloria Grahame and James Stewart starred at the head of a huge cast, the film sets forth the hopes, despairs, trials and triumphs that are played out behind the glittering arena displays. The plot details Miss Hutton's daredevil rivalry with fellow-aerialist Cornel Wilde for the coveted trapeze above the center ring; the strange secret hidden behind James Stewart's clown mask; and the tireless

efforts of circus boss Charlton Heston to keep the show on its feet.

But "The Greatest Show" is essentially a happy picture — a warm-hearted record of the brightness and excitement that the circus brings, blended with a memorable portrait of the courageous people who make it all possible.

Made in cooperation with Ringling Bros.-Barnum & Bailey Circus at their winter quarters in Sarasota, Florida, and during actual performances on the road, this drama-epic features many of the circus' most famous acts. Acrobats, trapeze artists, tightrope walkers, equestrians, clowns, performing elephants and dogs are seen in the film, as well as the menagerie of animals.

There is a brilliantly colorful mile-long circus parade; there are fascinating scenes of roustabouts raising and striking the mammoth Big Top; and there are views of the infinite number of skills that keep this massive machine rolling with clock-like precision.

Not only do the circus regulars perform, but the picture's stars actually do their own stunts. Miss Hutton, as Holly, the aerialist, and Wilde, as Sebastian, the trapeze star, perform high above the tanbark with the precision of veteran "flyers." Gloria Grahame as Angel, the Elephant Girl, rides in an elephant's trunk and also allows a ponderous pachyderm to lower its foot on her face.

The stars perform with skill, as well as daring. Betty Hutton achieves the finest characterization of her career in a beautifully modulated and moving portrayal. Newcomer Charlton Heston is ruggedly convincing as the hard-driving Big Top boss, and Cornel Wilde contributes a fine performance as the "flyer" whose recklessness almost puts an end to his career. James Stewart as Buttons, the clown, delivers a sensitively keyed portrayal, despite the fact that he never removes his clown makeup in the film, and Gloria Grahame and Dorothy Lamour are both effective and easy on the eyes as a pair of circus beauties.

DeMille, who both produced and directed, has mounted this engrossing spectacle in flawless fashion. His inspired direction uncovers the heart of the circus — its immensity, its power, and the never-ending wonderment that it generates.

"The Greatest Show On Earth" is the circus at its best and master showman DeMille at his best. If you have to beg, steal or borrow the price of admission, by all means see it. It's a motion picture experience you won't soon forget.

Texas Democrats want TEXAS-BORN IKE

"RESOLVED . . . that it is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice-President . . ."

TEXAS STATE DEMOCRATIC CONVENTION
AMARILLO, TEXAS *** SEPTEMBER 9, 1952

A MAN OF PRINCIPLE WHO THINKS AS WE DO

You can be a Democrat without being a Trumanite. Your party's state convention in Amarillo on September 9 passed the resolution quoted above. Texans who believe in the time-tried Jeffersonian principles of the Democratic Party are going to vote for Dwight D. Eisenhower on November 4. If you are tired of Trumanism and want to help elect Eisenhower, send in the coupon. Be a Texan—not a Trumanite—vote Ike.

TEXAS DEMOCRATS FOR EISENHOWER

I am a Texas Democrat for Eisenhower, and I want to work in my community to elect him. Please send me further information.

EDITORIAL COMMENT — THE WELLINGTON LEADER

Thursday, October 9, 1952

If You Grow Up At Wellington

By Paul Crume

In The Dallas Morning News—MEMO TO THE UNITED STATES: We're getting a little of the gag. For a long time, those of us who live in Texas have played along with such items peddled by the visiting magazine writers as that Texas is peopled mainly by oil millionaires, that Texans are given to excessive Texas brags and look upon themselves as a race apart. For awhile, it all seemed good, clean fun, but it isn't funny any more. Of course, there's a modicum of truth in the myth. There are oil millionaires down here; Dallas is slightly more than \$3,000 a year. There are loud mouths abroad. We had occasion to check on one recently, a Dallas "oilman" who had been cutting up quite spectacularly in Hollywood. We could find nobody responsible in the oil business who know his name. The manager at the Petroleum Club summed it up, "Everybody in Dallas is an oilman," he said, "as soon as he gets out of town."

We have an idea that a lot of you folks in Hollywood, New York, Boston and Minneapolis have run into some people like this. You've been sucked, my friends.

If you live in those cities, the guy from Texas that you meet may very well be an oilman. Those guys get around. The man also could be one of our gamblers, very tinnish by most other cities' standards. After all, anybody in Texas with few extra thousand dollars is at least dabbling in oil. We personally know half a dozen men, probably, who may have 60 to 100 million dollars. None of them is billed as a Texas oilman when he gets away from home. One of them is, in his field and a half dozen related ones, the state's leading scholar, and we think he'd prefer to be known that way. Another used to give big parties for people that he liked, whether they made \$40 a week or \$4,000. But we don't even remember that this man raised his voice above a mild and meant pleasantry. Catch one of our Texas blusterers, and when he's solid, you'll find that he is operating on somebody else's money. One of Dallas' more spectacular operators on the money of an oilman who is just John Jones, to most people.

In the beginning, the Texas brag was a joke which often told a bitter truth. Most of us down here know that, if we have more land than any other state, we also have more sorry land. California is the only near competitor in this

field.

The modern-day Texas brag doesn't have much in common with the original ones. The old stories had an essence to them which was truth, like the weather stories. There was the real estate man out on the Plains who had the embarrassing job of showing a buyer the land while a duststorm was raging. "We have some pretty high winds out here, but there has never been a cyclone," said the agent apologetically. "I believe you," said the buyer emphatically. "If a cyclone ever stuck its head up out here, this wind would blow heck out of it." . . . Most of us down here love our land. If you grew up on the red-gashed earth around Wellington and knew the look of it and the grain sorghum shocks under that blue autumn haze, you love it the way a New Englander loves that delicate green of a Vermont spring. This is permissible, it seems to us, and it isn't necessary to buy any other Texas story.

STRICTLY FRESH

Omaha, Neb., motorist, Harry Marble, parked his car, dropped a nickle in the meter and went on. Cops came, removed the meter, put up "No Parking" signs and ticketed Marble's auto. We wonder if the guy will get his nickle back.

Itch which trailed Staff Sgt. Donald Arrington through four years of Army service, and put him in the hospital four times, was diagnosed at his pre-discharge medical examination. He was allergic to, of all things, khaki.

A manufacturer of helium-inflated, floating animals, used as displays, hired a rifleman to shoot down any stray cows, horses, pigs or sheep he might spot drifting across the landscape. So that's what happened to the cow that went over the moon.

An elephant was reported loose in the Alps recently. As yet the animal is still free. Only man able to bring elephants through the Alps was Hannibal and he has not been around for a long time.

With the steel strike settled we can probably figure paying more for that new car which we couldn't afford in the first place.

Two newlyweds who were marooned on an Italian mountain after their marriage have set out on their honeymoon hiking across the Alps. Their's will be an uphill marriage.

Lord Jim Says--

By Bill Hughes

"I thought your great-grandfather, your grandfather, your father, your aunts and uncles were Democrats."

They were and they are. "I thought that your great-grandfather spent most of his life in Texas and died a Texan, that your mother was born in Fort Worth?"

You are right. "Then how can you 'like Ike'?" The facts:

- A. Foreign Policy
 1. Loss of our traditional friend and Ally — China to Russia.
 2. A very hot war in Korea against not only North Korea but Communist China.
 3. A very cold war in Europe.
 4. The loss of half the world gobbled up behind the Iron Curtain of Russia.
 5. A seriously unstable middle East.
 6. Despite the so-called End of World War II, 7 years ago, we still have American troops and equipment of War on foreign soil East and West with a growing need for more rather than less.
 7. Allied faith in African leadership divided and wobbly by inexplicable contradictions.
- B. Internal Security.
 - In spite of proven defections by such cases as Fuchs and Hiss that led into the very heart of our government, the administration not only refuses to open its eyes but far worse it fights every effort to expose and clean up the most deadly enemy a nation can have: fearful idealists, weak compromisers, men of indecision, traitors to country.

C. Waste, Graft, Influence, and Corruption. Case after case have been proven and are still coming out on nearly every major department, even up to and among the Aides of the President. If he is not at fault and not to blame, then much worse, he is captive of an undemocratic influence whose tap roots are fed from the slime of the underworld and the treachery of Anti-Christianity — Communism.

D. Utopian Economy. We never had it so good! But what has been the cost? It has cost more money in eight years of government spending than the combined expenditures of all other administrations in our

entire history excluding only the cost of World War II but including the cost of Recovery from the last depression.

What is it based on? It is based upon a pump-primed production — half of which is for war. It is based on an employment of literally increased hundreds of thousands in government, an employment that does not produce, butter, eggs, meat, steel, aluminum nor pick cotton and make clothes, but only adds to the burden of taxes that must pay for government workers.

What is the result? Many are making more dollars. However, for all the increase in production, costs in dollars keep on rising, taxes in dollars keep on going up, and buying power of the Dollar goes down.

How long do you think it can last? You want peace but half of "having it so good" is supported by war and preparation for more war, and still more of it is supported by Federal payroll that must be carried basically by agricultural and industrial workers—the producers of the only real wealth from which can be had the only real higher standard of living.

I am for Ike because he alone has an uncompromised chance to do a desperately needed better job. He is experienced. He is tried and true in the service of his nation. He is honest. He is a man of integrity. He is our hope for unity in America.

Furthermore, he lends our great family of democrats the opportunity to rid itself of very false parts, the opportunity to consolidate its unquestioned good works and the chance to regain health leadership.

However, it must be leadership unsullied by proven traitors like Hiss, tainted aides like Vaughn,

Dawson and their ilk, scandal trapped servants like Caudle and McGrath, ignorant politicians like DeSalle who thought cows littered like sows, fearful compromising dreamers like Acheson. Most of all, the leader himself cannot claim no responsibility for false parts with the right hand and yet clutch in the left hand the coat tails of the things he has denounced as a "mess."

I just don't think that good Texas as democrat, the man whose name I bear, my great-grandfather, a Southern Colonel, is groaning in his grave. If you hear anything it's the creaking of his coffin rocked by his applause for democrats led by Governor Byrnes of North Carolina, Senator Byrd of Virginia, and Governor Shivers of Texas, who "like Ike" and are going to vote for him.

Marrying a woman for her beauty is like buying a home for its paint.

Small minds discuss people; average minds discuss events; great minds discuss ideas.

If you want to make friends at the right time, make 'em before you need 'em.

The honeymoon is over when she stops dropping her eyes and starts raising her voice.

Girls, you can't make your husband feel like a Pagan God by placing a burnt offering before him at mealtime.

Anybody care to run for this office?

Candidate Wanted: Must be efficient, honest, experienced. Pay and term of office uncertain, since public will vote every day to see if candidate stays in office.

We bet you don't want that job of being forced to get elected every day. Yet it's a reasonably accurate description of what a manufacturer must do to hold his job.

Every day at the sales counter, millions of women and men vote General Electric in or out of a job.

When you stop to think of it, we don't hold office for four years—or even two. We have a daily fight on our hands.

Hands at the sales counter pick up G-E products—hold them, turn them over, inspect them, try them against competitive articles for value and price—then decide for or against.

The only way we can win the election is by constantly improving our product. Thousands of engineers are paid to think up ways to improve, redesign, simplify. We use every known device of mass production to deliver more for the money. And our employees are as keen on winning our daily "public election" as is the salesman at the counter.

Manufacturers sell products on the basis of "be good every day—or get out of office." The result is the American public has the world's highest standard of living.

You can put your confidence in—
GENERAL ELECTRIC

Buck Creek Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek has an odd idea this week, his letter reveals.

Dear editor:

As is usual during a political campaign, the candidates are promising to increase government benefits and lower taxes at the same time, and while it can't be done, it reads and listens good and people vote for it just the same.

Like it is now, the candidate that promises he most frequently has the best chance. For example, take farm prices. You know, it started out with one side promising 70 per cent of parity, and the other side upped it to 80, then the other raised it to 90, and then the other upped it to 100 per cent. Looks like they're hung there, although I haven't got any objection to getting 150 per cent of parity. Feel like I got it comin to me anyway to off-set them days when cotton was bringin 5 cents a pound.

I'm not sayin I'm in favor of it, but I have hit on a plan whereby a candidate who didn't promise anything except to lower taxes could be elected. It's all a matter of timin. Don't know why it hasn't been thought of before.

All we have to do is make income taxes come due on election day. Instead of holdin the election with its golden promises in November and waitin four months till March to pay taxes, with the Christmas spirit in between, move the March 15 session back to November.

You let a voter go in one door to pay his taxes and on through another to vote, and a wave of economy will hit this country faster than a rocket on its way down. There'd be so many new faces in Congress, all of em stony, there'd be delegations of bankers headin for Washington pleadin with the members to break down and spend at least enough money to keep the post offices open till noon.

I won't be responsible for what happens, ain't even sure I'm in favor of it at all, but if you want the budget balanced and then shrunk and taxes really cut for the first time in history, just merge them two dates and sit back and watch.

Yours faithfully,
J. A.

'AND DARK AND TRUE AND TENDER IS THE NORTH'
Tennyson's lines seem apt in describing this graceful stranger from the cold, far north sighted from U. S. Coast Guard cutter Eastwind. The heavy-duty ice breaker spotted the berg as the ship crunched her way through ice fields to the Canadian-American weather station at Alert on the northern tip of Ellesmere Island. Bergs like this one break off their mother glacier, drift down to threaten North Atlantic shipping lanes.

Library Club Presents Skits

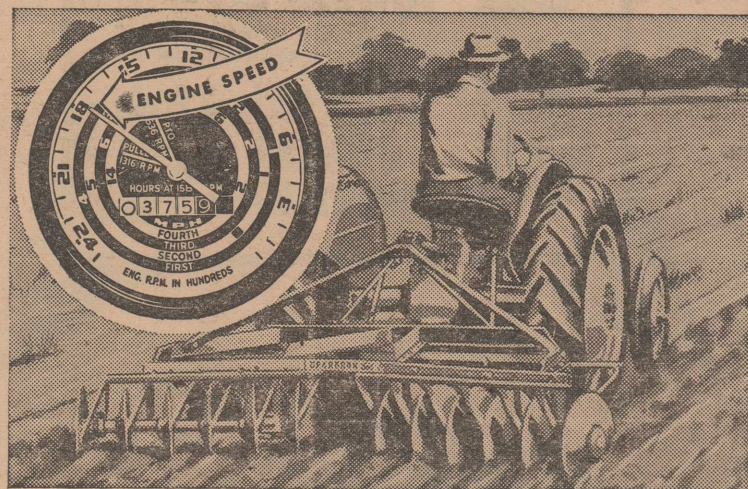

The Teen-Age Library Club of Wellington high school held its semi-monthly meeting Monday night, September 29, at the high school library.

During the entertainment hour, groups of members selected a book, dressed as characters from it, and presented a skit from it. This brought out an array of Indians, cowboys, women, children, gangsters, cops, reporters and Romans. The skits were from "Peggy Covers the News," presented by LaWanda Strickland, Virginia Lacy and Nadyne Howell; "Alice in Wonderland," Roberta Posey and Mary Hagler; "The Story of the FBI, Larry Jesse and LaVere Joliff; "A Sinner of Saint Abilene," LaVena Murdock, Mary Ruth Stall, Janice Davis and Barbara Akin; "Mickey" Shirley Pritchard and Patsy Patton; and "Abilene or Bust," Don Wheeler, Billy Corby, C. W. Caison, Wayne Maxwell.

Refreshments were served following the entertainment. Mrs. Dema Justice is club sponsor.

Mrs. J. T. Herrigan and brother, George of McLean returned from Tyler Monday night where they had been visiting their father who is ill.

ENGINE PERFORMANCE always AT ITS PEAK!

...with the new Ford Tractor and **PROOF-METER**

The Proof-Meter—available only on the new Ford Tractor—shows engine speed at a glance, in revolutions-per-minute. This information, never before available except on specially-equipped tractors, can mean money in the bank for you! It enables you to get top performance from your tractor engine always... on any job.

One good example is drawbar work. Ford Tractor delivers peak pulling performance and best fuel economy at an engine speed of 1750 R.P.M. ... so that's what you want. To get it you simply open the throttle until the indicator on your Proof-Meter shows an engine speed of 1750 R.P.M. Nothing easier, thanks to the Proof-Meter.

Proof-Meter helps you to get best results on belt pulley and P.T.O. jobs too, just as easily. It has many more advantages...

5 Instruments in ONE! In addition to Engine Speed, the Proof-Meter shows you Tractor Travel Speed, P.T.O. Speed, Belt Pulley Speed, and indicates Hours Worked. Nothing else like it.

Only the Ford Tractor has the Proof-Meter!

SEE FOR YOURSELF! Let us show you the dozens of ways in which the versatile Ford Tractor and Dearborn Farm Equipment can help you cut costs, get better results, and help make more money for you!

Cubs Hold Pack Meeting

The regular Cub Scout Pack Meeting was held Monday, September 29, at the community building, when approximately 30 boys and 40 parents were present for the meeting, County Attorney Ed Poole, Cubmaster, reported.

Three new members were accepted, Harold Pigg, Dan McDowell and Douglas Ward.

Two boys, Don Maxwell and Michael Rainey, completed all ratings for Wobolies, the last rank to be attained in Cub work before the boys advance into Boy Scout status.

During October, boys of the 6 Cub dens are studying the Crusades, and are making replicas of implements used by the Crusaders. Skits pertaining to the study will be presented.

The next pack meeting will be held October 27, at the community building, Mr. Poole said.

Deck's DIDACTICS

—By Deskins Wells

This mythical war between the Blue and Orange forces is a simulated one; but there was nothing phony about the war old Mother Nature declared on the NATO forces yesterday. Af if bored with the maneuvering of the tiny ships on her bosom, she heaved a sigh of impatience and sent down an Arctic gale that set even the largest of the ships to bobbing and rolling.

Choppy seas which rolled up 20 to 25 foot swells caused considerable damage on several of the ships that we know about and probably on many more. The impact and the sound of the first big wave caused many of the veteran seamen to start scrambling into their clothes. Many told this writer that they thought something like the Hobson incident, in which 160 men aboard the destroyer lost their lives, might have occurred again. They said the noise was louder and that the carrier shuddered more than she did when the Wasp cut the Hobson half in two.

The Midway had one of the giant curtains on her hangar deck damaged and could not get them closed. She was shipping so much water that she had to turn from the rest of the fleet in order to keep that side of the ship protected from the giant waves. The Wasp did not escape without injury either. The forward gun turrets were smashed and 900 rounds of ammunition for the three inch guns forward were washed overboard and the electrical controls of the gun turret were put out of commission. In addition some of the compartments in the front of the ship were flooded and the forward part of the catwalk on the starboard side was bent out of position.

The day before the storm all 160 of the NATO vessels had engaged in a fruitless search for a Norwegian submarine that was believed to be lost. The search was halted when it was learned that the submarine was safe in another port. Men aboard the Wasp were wondering whether the sub was damaged and had to put into port or whether there was a misunderstanding due to communications. All orders for all ships are given in English for the ships of the eight nations involved and it is reported that Norwegian land forces had difficulty in getting information from our airmen due to language difficulties.

But the storms are not the only hazards, for we have suffered losses of life. Just before the storm, we were advised that Major Edward William Dane was lost from the Roosevelt. A veteran of World War II with a distinguished record, he was making a practice run and as the planes were being recovered he was waved off for a better approach. His plane went into a spin due to the low speed and both he and the plane were lost. He barked right next to us aboard the Roosevelt and we had several interesting conversations with him on the way over. All of the weekly editors felt that they had lost a personal friend.

This makes the fourth pilot and the fifth plane that has been lost since we put out from Norfolk. The pilots take these things in stride. They figure that 5 per cent of them will be killed in practice flying each year (that is the average, and it is the reason that they are so hostile toward those senators in Washington who want to eliminate the extra pay for pilots who are actively engaged in flying.

Have met a number of Texans aboard and most that I have met to date are pilots. They are Lt. Jack Stuart of Texarkana, Lt. Cmd. Felix Craddock of Tyler, Lt. W. G. Walston of San Antonio, Lt. Ashby of San Antonio and Lt. Robert F. McMillen of Amarillo.

Lt. McMillen is the son of Mrs. R. F. McMillen, 1204 West 18th Street, Amarillo. He graduated from Amarillo high school in 1945 and was an enlisted man until 1946. He has been on active duty since 1948. He flies one of the sky-raid, one of the largest and fastest planes in use aboard the carriers at the present time. He is leaving the Navy this winter and intends to enter college to study electrical engineering. He will continue to be a reserve officer and intends to keep his hand in flying while attending college.

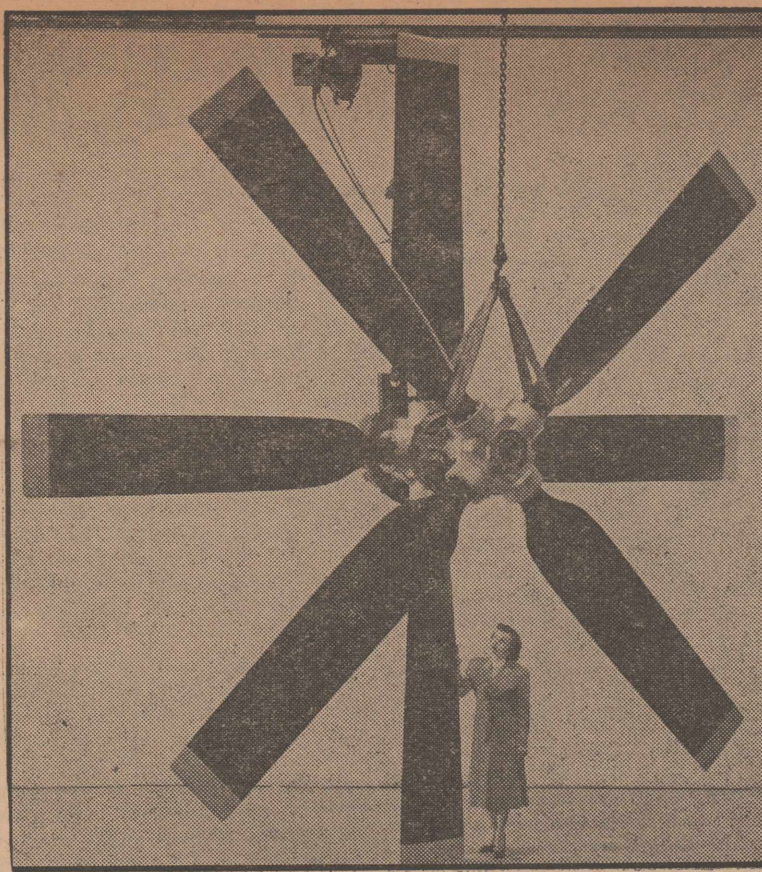

Sat up the other evening with Lt. McMillen and Lt. Ashby fanning the breeze, as they call it, until way past midnight. Both are eager to get back in the air. They say that just a few days makes quite a difference in how sharp a pilot is in his reflexes and his judgment and they don't like to be grounded too long at a time. There is a cool courage and carefree gaiety about all of these fliers that amazes this writer.

We are now sailing south and the weather is getting warmer. Again the Wasp is maintaining a ready deck while the planes from the Midway, Roosevelt and other carriers are in the air. Our pilots are muttering to themselves, for they want to be flying.

The weekly editors are not so hardy and not nearly so ambitious. Only one of us is under 50 years of age and that is energetic Gordon Lewis who has been commissioned by Time Magazine by wire to prepare a human interest story on the doings and the mishaps of the weekly editors. Another of our group went to the sick bay this morning. He was R. G. Lytle of Meeker, Colorado, who underwent a minor operation. He is most disgusted with himself. Being one of the game commissioners of Colorado he has always prided himself on being something of a big man. But this life on a modern navy is proving a little rugged for this old corporal of World War I.

The fact that few of us have received any mail from home in a month and the plans have been changed so that we will get there over a week later than was originally announced has caused several of us to realize that we are homesick. Some of us are flirting with the notion of jumping ship at Portsmouth and paying our own back aboard the liner United States. Advertisements in the magazines in the ship library inform us that the mode of travel is somewhat more luxurious than aboard a warship.

(Editor's note. This was written before we learned that the Navy would fly us back).

LITTLE GIRL, GAY BLADE—Eighteen feet in diameter, this sprawling "octoprop" makes a midget of the girl standing beside its lower blade. The prop is one of the largest turbo-electric aircraft propellers made today. Eight blades, made of hollow steel, using dual rotation, it is capable of harnessing 15,000 horsepower. Intended for use with a new turbo-prop engine, the octoprop was developed by Curtiss-Wright and the U. S. Air Force.

The waters of Texas make life habitable in Norway. It gives you a strange feeling to know that the warm waters piling into the Gulf of Mexico along the Texas coast are the same waters that keep the ports and fjords of Norway open all year long.

Here is the way it happens as I understand ocean currents. The prevailing southeasterly winds from the Caribbean Seas move the warm waters from the tropics into the Gulf of Mexico. They reach a level constantly higher than that of the Atlantic Ocean. The waters rush out between Florida and Cuba to form a mighty ocean along the Eastern Seaboard of the United States and then turns across the Atlantic to warm the countries of Western Europe and keeps on along Norway into the Arctic Circle.

It is this great stream pouring into the North Sea at the rate of 140 million to 170 million cubic feet a second that keeps the ports from freezing. Our own Great Lakes freeze over in the winter yet they are over 20 degrees south of the middle of Norway. Two thirds of Norway lies within the Arctic Circle.

It is in about the same latitude as Alaska. The temperature varies by longitude and not by latitude. For instance the Ports on the west side of Norway are never blocked by ice but inland fjords and lakes that are much farther south are frequently blocked by ice.

Eastern Star Rummage Sale

The Eastern Star is sponsoring a rummage sale to be held Saturday, October 11, in the Higdon Auto Sales building on the east side of the square.

All persons having rummage to contribute are asked to bring it during Saturday morning. Members of the Eastern Star will be on hand from 8:00 a.m. to accept garments and make sales.

SALT FORK

By MRS. R. H. ISBELL

Winter arrived with a bang — almost everyone wore their coats to Sunday School and the fire felt good. Hope it doesn't freeze too soon. Lots of late feed needs more time to mature.

We regret the serious illness of Mrs. Charlie Ogletree. She had been sick a long time. She took worse lately. She is at Borger. Mr. and Mrs. David Peters were called up there. Their children are with Mr. and Mrs. Richard Peters. They were our visitors at Sunday school Sunday morning.

Mr. and Mrs. J. P. Cummings, and Mr. and Mrs. C. A. Wright and Edna Ellen attended the quarterly conference at Fresno Sunday. Mr. and Mrs. R. H. Isbell also attended in the afternoon.

The J. W. Gollighugh, C. A. Wrights, Mrs. U. S. Bolton and children, and Bill Clifton pulled cotton on the Wright and Isbell farm three days last week. Everyone brought good things to eat. Mrs. Wright and Mrs. Isbell cooked and served the noon day meal. A good time was had by all eating, visiting and resting. Four bales of cotton were pulled and ginned.

Mrs. Wayne Cummings helped the J. P. Cummings pull cotton last week.

Mr. and Mrs. Arletus Needham have moved back in our community. They lived in one of Zook Thomas's houses.

Mr. and Mrs. R. H. Isbell and Mrs. Wright visited in the J. W. Gollighugh home awhile Sunday night.

Mr. and Mrs. Albert Gollighugh and W. A. and Mr. and Mrs. Billy Gollighugh were callers at the John Gollighugh home Sunday afternoon.

We want to express our heartfelt sympathy to Mr. and Mrs. Howard Sullivan in the loss of their little baby.

Mrs. Maxwell and Charles Wright visited in the Earnest Maxwell home in Wellington Sunday afternoon.

BALANCED BUSHELS—Champion bushel balancer of the world shows his skill at a London basket-bearing contest. Each bushel weighs 10 pounds and Alf Hardy totes 10 of them on his head. Called upon to defend his title, Hardy stacked up the baskets, showed up all comers in the bushel-basket stakes.

We're all real proud of our school boys and girls in their 4-H and FFA work. The FFA boys won 15 first places, two second places and three third places at the Shamrock Fair. They also won second place on their booth at the Amarillo Fair.

Clyde Gollighugh won first at Shamrock Fair on his martin maize, Jeanetta Gollighugh won second on her canned pickles and okra, third place on her chow chow, also third place on her pillow cases and cup towels.

LOCO

By MRS. GEORGE ADKINS

Rev. and Mrs. W. E. Hamilton of Childress held conference at Fresno Methodist Church Sunday. Rev. Hamilton delivered a fine sermon. A delicious dinner was served to all four of the churches. Those going from the Bethel Methodist Church were: Mrs. W. B. Wyrick, Mr. and Mrs. B. Hammons, Mrs. W. D. Dufrey, Mr. and Mrs. George Adkins, and Mr. and Mrs. W. M. Dufrey. Rev. and Mrs. Hamilton left early to preach at Lubbock Sunday evening.

Miss Juanell Wolf of Pampa visited her parents, Mr. and Mrs. L. H. Wolf, over the week end.

Rev. and Mrs. J. L. Estes and children have moved from Wellington to the C. M. Terry farm west and south of Loco. Mr. and Mrs. Terry will make their home in Wellington.

Dwayne Scott returned home from Korea after spending several months across. Dwayne is the son of Mr. and Mrs. R. B. Scott of Loco.

Mr. and Mrs. Jim Whitfield and boys visited Mr. and Mrs. J. P. Sullivan and Mr. and Mrs. Coy Cates and family over the week end.

Mr. and Mrs. W. M. Dufrey took Betty to Altus, Okla. Thursday for an eye examination. Betty will have her glasses changed soon.

There is a large number in this community that is on the sick list.

The airplanes have been flying over several fields here in the Community defoliating the cotton. There has been a number of cotton pullers being demonstrated here this week.

R. B. Scott and Willie West are

having some remodeling work done on the foundations of their homes this week.

The 4-H Club will have its next meeting at Loco Auditorium Tuesday, October 7, at 7:30 p.m. Everyone is invited to attend this meeting. Especially the children from 8 to 14 years of age.

The ball game at Wellington was well attended Friday night by the Loco fans.

All of the Mannahan's family and Miss Nola Meeks have been on our sick list this week.

James A. Glascock, Doolen Starkey, and James Ray Leggett were speakers at the Bethel Methodist Church Sunday morning. We invite these boys back.

Extension Service Workers Here

Miss Doris Leggett, district home demonstration agent, and Miss Francis Reasonover, food specialist of the Extension Service, College Station, spent Monday, October 6, in the county with Miss Mary Trammel, county home demonstration agent.

The group worked on plans for the demonstration club year books and lessons for study in 1953.

Singers to Meet At Cordell, Okla.

The Oklahoma Texas District Singers Association will convene at Cordell, Oklahoma Saturday and Sunday, October 11 and 12. M. H. Conn of Childress, president, has announced.

A large crowd of singers from Collingsworth County is expected to attend, and all interested are invited.

CAREFULNESS PREVENTS FIRES! INSURANCE PREVENTS LOSS!

The Three Most Common Causes of Fire:

MEN
WOMEN
CHILDREN

Did you know only about 10% of the nation's fires are started by natural causes?

Did you know nearly a thousand people per month lose their lives in fires? Did you know that more than a half million dollars in destruction of property occurs in annual fires?

Yes, this is the shocking prospect of loss our nation faces each year. But the most shocking aspect of all, is that most of this loss could have been prevented by YOU . . . AND YOU . . . AND YOU.

Fire Prevention is everybody's business . . . every minute . . . every day! Check your home, your job, your car . . . keep them safe from fire hazards. Keep all inflammable waste properly stored or properly burned. Snuff out lighted matches. Watch out for faulty wiring, inflammable liquids, gas leaks, etc. Keep matches out of reach of children. BE SURE AND YOU'LL NEVER BE SORRY.

And then, to guard against losses from fire, carry enough insurance. But your best insurance is always and all ways . . . is FIRE PREVENTION.

FARMERS TO SIGN-UP 1953 FARM PROGRAM WHEN PMA MAN VISITS

Farmers may now sign up in the 1953 Agricultural Conservation Program, but this year the signing-up will be done on the farm when the PMA community committeemen pays his required visit to each farm in his area, J. A. Coleman, county chairman, has announced.

This farm-by-farm visit of community committeemen was tried out in at least one county in each state under the 1952 program, and for 1953, the program was extended to all counties.

"On these visits, the committeemen is to help each farmer go over the conservation problems on the farm and determine what is needed to check erosion, build resistance to washing and blowing and to improve the soil for further increases in production," Mr. Coleman said.

A review will be made of past conservation practices and whatever plans the farmer may have, including those prepared by the Soil Conservation Service or other agricultural agencies. The farmer's own experience and the crops

he has been growing on the land will be considered.

A field by field check will be made to note signs of erosion.

"This is to help determine the most needed conservation on the farm so that 1953 program assistance for soil and water conservation practices can be geared to those needs," Mr. Coleman declared.

"Farmers will be encouraged to carry out all the soil and water conservation practices needed on their farms, but assistance will be only for those most needed and those which otherwise would not be carried out," Mr. Coleman continued.

The practices on which assistance will be offered are: construction of terraces; subsoiling; bringing clod-forming subsoil to the surface; drilling or digging wells; constructing earthen dams or reservoirs; application of potash and phosphate; turning under or leaving on the land a good stand and growth of rye seeded in the fall of 1953; control of destructive plants; control of sagebrush and

establishing or improving permanent pastures by seeding adapted pasture grasses and legumes.

They are now calling them the "obstinate" sex.

HEADRESSES: REAL, NATURAL, ARTISTIC

Man competes with nature in creating original headresses to beautify faces of lovely ladies round the world. Best in the business is Hollywood and one of the film capital's proudest products (1) is a "replica" of Cleopatra's headdress. It is shown curving over curls of Rhonda Fleming who plays the Egyptian Queen in the movie "Serpent of the Nile." Nature, not to be outdone by man, points to plumes (2) of Paris Zoo's Tufted Goura pigeon. Artistic headdress (3) patterned after those used in Hindu dances, is worn by solo-water-ballet-star Beulah Gundling, considered one of the world's best. Crusted with tradition, authentic Balinese headdress (4) is worn by dainty 13-year-old dancer Ni Gusta Raka. Member of troupe which will tour America, she is the principal performer. Her headdress and gown, richly decorated with traditional Balinese figures, delight costume designers.

Stanley Oldham Party Honoree

Stanley Oldham, son of Mr. and Mrs. Albert Oldham, was honored with a party on his third birthday.

Each guest was presented with a hat, horn and balloon, and served ice cream, cake, jelly beans, and punch.

Those attending were: Eugene and Regina Glazner, Karen Cunningham, Connie and Karen Ezell, Betty and Brenda Coleman, Ann and Donnie Kirkland, and Lonnie and Gary Oldham.

Mrs. Doyle Glazner, Orville Cunningham, Forrest Ezell, Donald Coleman, Bill Neeley, Donald Kirkland, hostess, Mrs. Oldham, and the honoree, Stanley.

Birthday Dinner Honors Mrs. Muncie

Mrs. A. C. Muncie was honored with a birthday dinner by her daughters, Mrs. Bill Tarter and Mrs. Claude Killingsworth, Sunday, October 5. The dinner was held in the Claude Killingsworth home.

Those present were: Mrs. Nola Bain and J. R. and Mr. and Mrs. H. D. Owen, Howie and Sharon, of Fort Worth; and Mr. and Mrs. Woodrow Killingsworth, Kaye, Jimmy, and Jerry, of Dimmitt.

Dr. C. E. Killingsworth of Borger; Miss Mona Jean Tarter of ACC at Abilene; hosts, Mr. and Mrs. Tarter and Mr. and Mrs. Killingsworth; and the honoree, Mrs. Muncie.

Mr. & Mrs. L. Bratten Invite Friends to Golden Wedding

Mr. and Mrs. L. Bratten of Hollis, long-time residents of this county, will observe their golden wedding anniversary Sunday, October 12, when friends in this county help them celebrate this occasion.

The open house honoring them will be held at the Community Building in Wellington from 2 to 5 p. m., and all friends and acquaintances of the couple are invited to call.

Mr. and Mrs. Bratten were the parents of Mayor L. B. Bratten of Wellington and Mrs. Jack White of the Shinnery community.

The couple came to Collingsworth County in 1906 and remained until 1929, living in the Kelly, Fresno, Buck Creek and Loco communities where Mr. Bratten farmed. Upon leaving here, they moved to Custer County, Oklahoma, and L. B. Bratten and Mrs. White.

There are 17 grandchildren. So far as is now known all the children will be present for the celebration Sunday, as will most of the grandchildren.

Mrs. Bratten, who before her marriage was Miss Oma Lee Brewer, has many relatives in this county. She is a sister of Mrs. Winfield Vaughan, Ben Brewer and the late Mrs. Henry Vaughan. She is also a niece of Mrs. Tom Lewis, Winfield Brewer, Robert Brewer and Mrs. Fannie Patterson.

Mr. and Mrs. John Bishop and son, J. W., and Mrs. Mel Samman and young daughter of Guyton, Oklahoma, are visiting in Cortez, Colorado, with Mr. and Mrs. Weldon Gilbreath.

Minister Stepe of Childress filled the pulpit for both services at the Church of Christ on Sunday. He was the dinner guest in the Fred Bourland home.

Mr. and Mrs. Glen Smith and children visited with friends and relatives in Quanah last week.

Mrs. Jim Lowe and daughter, Billie Evelyn, and Mrs. Lowe's parents, Mr. and Mrs. L. D. McMinn of Wellington, are visiting in Snyder with Mr. and Mrs. Carl Whitfield.

Mr. and Mrs. George Thomas left Tuesday for a few days visit in Quanah.

Mrs. W. L. Atkinson and son, W. L. Atkinson Jr., of Phoenix Arizona, were dinner guests in the Tom Crabtree home on Thursday. The Atkinsons were former Quail residents. Upon leaving the Crabtree home, they journeyed to Amarillo, where they visited with friends before returning to their home at Phoenix.

Mr. and Mrs. Gerald Copeland and son, Gene, of Memphis visited with Mr. and Mrs. Bert Weaver and Barbara on Sunday evening.

later to McCloud, where they lived until about two years ago.

Both Mr. and Mrs. Bratten were born at Batesville, Arkansas. They were married in Rockwall County, Texas, fifty years ago, when he was 22 years of age and she was 16. Present for their golden wedding celebration will be the maid of honor at their wedding, Mrs. Homer Kesler, living east of Wellington, a cousin of Mrs. Bratten.

Through the years of their married life, Mr. and Mrs. Bratten have been active in the work of the Methodist Church, and during the time their children were growing up, they were active in school affairs, and he has served on school boards.

There are five children, Buren Bratten of Shawnee, Okla.; Adrain Bratten of Ft. Myers, Fla.; Keiffa Bratten of Hammon, Okla.; L. B. Bratten and Mrs. White.

There are 17 grandchildren. So far as is now known all the children will be present for the celebration Sunday, as will most of the grandchildren.

Deck's DIDACTICS

—By Deskins Wells

We are leaving the Firth of Clyde and operations Mainbrace is beginning. But first I want to write a little about the six days the weekly editors spent ashore after we landed in Glasgow. The minute the ship docked we scattered like a covey of quails before the hunter's gun. One took off for Italy where his uncle lives; two set forth for Switzerland where he had a first cousin he had never seen before and three got a plane for Paris as fast as they could while some of the editors confined their travels to Scotland and England.

My own group composed of Gordon Lewis of Milwaukee, Wisconsin, and Merle Butcher of Kingman, Kansas, and myself decided on a slightly different program from any of the others. We took a train trip from Glasgow to London and on to Paris on a schedule that would bring us back to Glasgow in time to spend two full days in Scotland. Which we did by the skin of our teeth; but not without several mishaps about which you will hear.

The train trip from Glasgow to London gave us a leisurely day to observe the Scottish and English countryside. And as I observed in another paragraph the English are still on an austere diet. We talked with Mrs. D. Johnson of Ivy House of Whitmore, Staffordshire, which is near Crewe, and she told us that the British were rationed to one egg a week per person and one pound of meat each week. Figure that one out for your meal in America.

We spent a pleasant night in London at the Picadilly Hotel right at Picadilly Circus, and the next day we were off by train to Dover and across the English Channel to Calais. Saw the lush country side so carefully tended by the French farmers during the centuries — no erosion — no waste — everything utilized and conserved. Saw the effects of the German bombing at a railway terminus which they said also had important industrial connections. The English have cleared their bombed areas out in London although they have not rebuilt in many of them. The French have left some of theirs standing; but it seems to me that the French have not tightened their belts to any such degree.

More about rationing a young Scotsman gave us the figures. Last winter they were limited to this: one egg a week, milk, 1/2 pint a week; butter, 2 oz.; oleo, 4 oz.; sugar, half pound; buther

meat, 1/2 pound.

This same Scotsman had his ideas about socialized medicine in the British Isles. He said it had taken the heart out of the profession. They are assured of a living for life; but there is no reward for reaching great heights of accomplishment. It is routine since the government controls it. He thinks that the people as a whole are suffering in health as a result of socialized medicine.

Am still on thoughts obtained in Scotland and England and have not got to reporting on our hasty trip to France. We arrived at the Terminal Nord station and in giving some francs to one of my companions I must have dropped my travelers checks at the exit of the station. You may imagine how low and lost I felt — three thousand miles away from the dear old Panhandle and only \$10 in genuine American money and about the same in francs and pounds left on my person. I knew that I would not lose the money in the end; but it is a strange feeling to be in a foreign land with only \$30 worth of currency in your pocket and only one-third of that in American money. My mishap changed all our well laid plans.

We reported to the station police; but none of them could speak American — at least they could not speak Texan. Finally went to a hotel nearby and had a friendly porter at a hotel notify the police. Next day took our tour of the

sights of Paris as scheduled and in the afternoon went with my traveling companions on a shopping tour in the best section. They bought and bought and urged me to do so on their money; but I did not have the stomach for spending borrowed money at that time. I did buy my wife one bottle of perfume so that she could say that she had one little item from Paris.

If we had returned to the hotel when I wanted to go, I could have had my checks back early; but I was broke and practically at their mercy. They went shopping and waited until it suited them to go to the American Embassy, the Bank of America and return to contact the police again. When we returned we were informed that Mrs. Marie Rodriguez had found and returned my checks, and that I would have to wait until nine o'clock the next morning to get them. That left me low in spirits so I refused to go with them to see the night life and went to bed.

When we had to stay over another night in Paris, we had to cancel our reservations. As a result we had to ride third class from London to Glasgow, which was quite an experience. We had four bunks in a small compartment in which to sleep. We had a thin blanket and a pillow and that was all; so we slept with our clothes on; and we were mighty glad to get back to good old Glasgow.

We spent the first day in Glasgow shopping for linens,

You'll discover this about a Buick:

The more you drive it, the more you like it; the longer your trip, the louder your praise.

That's what people tell us. And we'll tell you why.

You can drive a Buick three, four, five hundred miles in a single day, and feel fresh enough to keep right on going.

You can romp up high hills, cruise straightaways, ease through traffic-tangled towns, clock off hour after hour of relaxed and pleasurable driving — and be no more tired than a neighborhood jaunt would make you.

How come this comfort-rich ground-covering ability in a Buick?

There's the ease of deep, soft seats for one thing — and plenty of move-about room for arms, legs, shoulders.

There's Dynaflo Drive* taking all the chore out of driving, and giving your whole ride a satiny smoothness without trace of jerkiness or driving tension.

There's a handful of thrilling, tireless power from a high-compression, valve-in-head Fireball 8 Engine that whips out miles like a tarpon reels off line.

There's the soft, steady, solid, swerve-free going of a coil-spring-cushioned ride that's well worth the million-plus dollars it cost to engineer.

There's all this and more — much more — that

makes your heart grow fonder of this trim and thrifty traveler.

But words can't do justice to a Buick in motion. Only you can.

When will you come sample this experience yourself?

Farm Bureau Membership Drive Opens Oct. 10

The annual membership drive of the Collingsworth County Farm Bureau opens Friday, October 10, and will continue through Monday, October 20, W. R. Breeding, president, announced this week.

During that time, every farmer, farm operator and business man in the county will be contacted and urged to join the Farm Bureau.

Following the drive, the annual barbeque and election of officers will be held Thursday night, October 30, at 7:30 p.m. in the community building.

Guest speaker will be Walter Hammond, president of the Texas Farm Bureau Federation.

In pointing out what Farm Bureau works for, Mr. Breeding declared that the state organization, of which the county unit is a vital part, has saved the county thousands of dollars in road money through its part in defeating certain state legislation designed to take road money from counties.

"We will get \$21,585.15 road bond assumption money in 1952 and again in 1953. We will get 4.4 miles of farm to market roads each of these years, built with Colson-Briscoe funders. Conservatively speaking, it costs about \$10,000 per mile to build these farm-to-market roads, and this will mean about \$44,033.71 a year that this county will receive from this source.

"If these groups had not fought the battle that saved this road money, it would have been necessary to raise taxes in Collingsworth county to build roads, if we had any roads built," Breeding declared. Certain groups have an eye on this road money and another fight will be waged in the next legislature if this money is retained for rural roads, he predicted.

The farm bureau also prevented the second roll-back on beef prices, saving the county five cents a pound or \$30 an animal, a total of about \$301,350 for the county, Mr. Breeding said.

He pointed out that the Farm Bureau is fighting socialized medicine, deficit financing by the federal government, and regimentation by price controls.

Dr. E. W. Jones Leaves for Study

Dr. and Mrs. E. W. Jones left Tuesday, September 30, for the east, where Dr. Jones will do special study in proctology for the next two months.

From here Dr. and Mrs. Jones went to Roanoke, Va., to visit his brother and family, Dr. and Mrs. Calvin Jones, who are there while Dr. Jones is doing a special two-year study in eye, ear, nose and throat work. Dr. Calvin Jones, who formerly practiced here, has been living at Pampa.

Dr. E. W. Jones will choose the place for his study after determining where he can best get the work he wants, but it will be at the University of Virginia School of Medicine, at New York City or Boston, his son, Dr. E. K. Jones said.

Dr. and Mrs. Jones will return here around December 1.

Guests of Mrs. S. B. Jackson recently were her daughter and family, Lt. and Mrs. J. B. Clothier and children, Beth, Alice, Bart and Kathy, of Green Cove Springs, Fla. Lt. Clothier is stationed there with the Navy.

CHRISTMAS SEAL DOLLARS AT WORK—Mrs. R. M. Almanrode of Munday, outgoing president of the Texas Home Demonstration Association, gets a chest X-ray at the annual THDA convention in Kingsville. The X-ray bus of the Texas Tuberculosis Association was stationed in the center of convention activity on A. and I. campus to X-ray the approximately 900 delegates as a part of its program of tuberculosis control which is financed by the annual sale of Christmas Seals. Mrs. B. M. Harris of Plainview was elected at the convention as new president of the rural women's organization which has more than 43,000 members in HD clubs throughout Texas.

H. D. Club Plans For 1952-53 Made Saturday

The Collingsworth County Home Demonstration Council met September 28, when special guests were members of the commissioners court, Judge R. L. Templeton, and Commissioners Cortez Barnett, Jack Brewer and Alfred Knoll, and also the county agent, J. W. Thomas.

Mrs. J. W. Thomas presented a report of the plans for girls 4-H Club work in the year ahead, and Mr. Thomas told of the projected work among the boys 4-H clubs. Judge Templeton explained plans of the Commissioners Court, including the proposed re-allocation of taxes.

Projects for 1953 approved by the council included sponsoring a dress revue for home demonstration club women: a vegetable and flower shop; a bake and egg show; an achievement day tour; a 4-H Banquet for all 4-H boys and girls, their adult leaders and members of the Commissioners Court; and a county-wide encampment; and a tea for the 4-H girls. These events will be worked in at convenient times during 1953.

The next council meeting will be an all day affair with a covered dish luncheon served at noon. Reports will be given on the THDA meeting held at Kingsville recently.

Attending the council meeting were Mrs. M. C. Cleveland, chairman; Mrs. Charles Cason Sr., Mrs. W. A. Morrow; Mrs. V. J. Simpson, Mrs. Tom Caldwell, Mrs. Gus Gooch, Mrs. Wayne Laycock, Mrs. J. L. Alexander and Nancy, Mrs. W. R. Breeding, Mrs. A. L. Honeycutt, Mrs. E. C. Clement, Mrs. Rufus Sweat, Mrs. T. J. Bowling, Mrs. Nathan Thompson, Mrs. Velman Warrick, Mrs. J. C. Ward, Mrs. Homer Holton and granddaughters, Rita and Polly, Mrs. Jack Lowry, and Miss Inez Clement, Miss Mable Clement, Mr. and Mrs. Thomas, Judge Templeton, Mr. Knoll, Mr. Brewer, Mr. Barnett and Miss Trammel.

Attending the Dallas Fair during the week end were Mrs. Austin O'Neil and Mrs. Frank Anderson and the latter's sister, Mrs. Leon Reeves of Hedley. They were guests of Miss Sue Anderson of that city. Accompanying the group was Mrs. Cecil Street, who was the guest of her daughter, Miss Mary Street, who recently accepted a place with an interior decorating firm there.

at the Church of Christ. Funeral arrangements were directed by his neighbors, Jimmie and Gladys Kelso. Pall bearers were grandsons and flower bearers were friends of his and the family.

His body was laid to rest by the side of that of his wife in the Wellington cemetery, to await the resurrection at which time he had a strong hope of being called by his Lord and given a new body and a home in that new world, there to live in peace throughout the ceaseless ages of eternity.

Home from Texas Tech during the week end were Joe Lynn Moore, Jerry Nix, Tommy Beam and Miss Peggy Riggs.

Evening Services At Catholic Ch.

Evening devotions are being held at Our Lady of Mercy Catholic Church each Wednesday and Friday at 7:30 through October, the Rev. Charles Knapp, pastor, has announced.

The devotions include the Rosary of the Blessed Virgin, the litany of the Blessed Virgin, and the Benediction of the Most Blessed Sacrament.

Instruction is given also at the Wednesday evening service.

Similar services are held at St. Patrick's Church in Shamrock each Tuesday evening at 7:30.

Lodge Honors Mrs. McKinney

The Rebekah Lodge surprised Mrs. Buck McKinney, secretary, of the Lodge, with a birthday supper in the IOOF Hall Monday night, October 6.

About thirty women attended.

Mrs. Fred LeDerer was a Dallas visitor last week. She was joined during the week end by her son, James Frederick LeDerer, and Phil Handley, who attended the State Fair of Texas. They also visited Mrs. LeDerer's niece, Mrs. Frank Eikenburg and children, who formerly lived here.

Minimum Water Rates

AND

Garbage Collection Program

The Wellington City Council as passed an Emergency Ordinance setting a new Minimum Water Rate at \$2.00 per month, for all users, but at the same time eliminating the garbage collection fee of \$1.00 per month for residential areas and \$4.00 per month for business users.

In the future, there will be garbage collection for every house in the city where garbage receptical is provided and placed in the alley for weekly pick-up by city trucks. All householders are required to have one of these recepticals in the alley behind his house.

BY THIS MOVE, THE CITY IS PROVIDING MORE AND BETTER SANITATION SERVICE FOR THE CITY OF WELLINGTON, AT AN INCREASE OF ONLY A FEW CENTS PER MONTH FOR ANY WATER USER, AND AN ACTUAL DECREASE FOR SOME.

You will receive these additional services:

SPRAYING OF EVERY GARBAGE CAN REGULARLY DURING FLY SEASON.

GARBAGE COLLECTION SERVICE TO EVERY HOUSE IN TOWN, INCLUDING THE COLORED SECTION.

IMPROVED ALLEYS

WEED CONTROL

This program puts the city's water and sanitation departments on a pay-as-you-go basis and it will provide for drilling more water wells without an increase in taxes or voting a bond issue.

It will make Wellington's sanitation program effective. We have the set-up for one of the most effective sanitation programs of any town or city in the Panhandle. This will make our program 100 per cent effective.
