Thousands of Cotton Acres Affected by Herbicide

DEFORMED COTTON

A cotton stalk in a field near Rolla displays characteristics of severe herbicide effects: elongated stems, and long, thick, narrow leaves deformed so much that they are hardly recognizable as cotton leaves.

Thousands of acres of Collingsworth County cotton crops have apparently been affected by the aerial spraying of an herbicide from an as yet undetermined source.

But no one knows what the final effects will be on the cotton.

Texas Department of Agriculture (TDA) officials are investigating the case here this week.

Farmers have reported deformed cotton plants in crops growing south of the Rolla community in the southwest part of the county through the Plymouth flat area north of Salt Fork.

The most severely affected cotton is south of Rolla.

Reports of affected cotton have also been received from north Childress County.

"The cotton that I have checked shows the distinct characteristics of a plant affected by 2, 4-D," Dennis Maloney, TDA entomologist, said Tuesday.

2, 4-D is an herbicide used to control weeds. 2, 4, 5-T is an herbicide, used to control brush, that causes similar damage.

"The characteristics of affected plants include elongated stems that turn square instead of their normal round shape, thicker, longer, and narrower leaves, and in severe cases changes in root structure," Maloney said.

"In severe cases, the cotton leaf is completely distorted. It's only 1/2 inch to 3/4 inch wide, and is thick, twisted and very deformed

in appearance," Maloney said.

"Cotton is at the highest level of plant susceptibility to a chemical such as 2, 4-D. Okra, peas, tomatoes, sunflowers and some trees can also be affected. It affects any broadleaf plant, although those with waxy leaves are not as susceptible," Maloney said.

"It takes only a minute amount to cause curling, but in this case the plants appear to have gotten a good dose," Maloney said. "The affected area appears to be 12 to 14 miles wide and 18 to 24 miles long. The most severe area is southwest of Wellington, but I have seen moderate damage just east of Quail."

Maloney said 2, 4-D is a chemical formulation of a compound normally found in the plant that causes growth. External application causes the plant to grow rapidly and erratically.

Maloney began full-time investigation of the case Monday. He said Tuesday he had checked 10 fields of 5 complainants. He said he has received approximately 45 complaints.

Farmers who think they have crops that have been affected must file a written complaint form with Maloney before he can investigate their fields.

The forms are available at the County Extension Agent's office in the Courthouse.

Maloney said TDA was sending at least two more representatives to Wellington later this week or early next week to help in the investigation.

He said he would be here "a week, two weeks or a month—I'll be here as long as it takes to complete the investigation."

Maloney said TDA could suspend or revoke an herbicide applicator's license if he is found to be in violation of TDA regulations on applying an herbicide. And he said TDA might also file misdemeanor charges in county court against the applicator.

But farmers are on their own as far as recovering damages from an applicator or land owner. They must file a civil suit themselves, Maloney said.

He said that TDA officials could serve as expert witnesses in the civil cases, however.

Maloney said it was TDA's job to find a source of the chemical. Maloney said both the person applying the chemical and the person owning the property where it was applied are responsible parties.

No date of spraying has been determined, although farmers whose cotton came up in the affected area after June 20 have not reported damage.

The chemical apparently came from the south and drifted north.

Maloney said that in the future farmers who see or hear of spraying that they think might affect their crops should try to identify the ground rig or plane. He said it was one of the keys to positive proof of a source.

School Budget Up Five Percent

Wellington School Board took its first look at a proposed budget for the '83-'84 school year at regular board meeting Monday, July 11.

The proposed operating budget is \$1,431,761, a 5 percent increase over last year's operating budget. Interest and sinking fund (building bond) payments will add \$89,050 to the budget for a total budget of \$1,544,721.

The board set a budget hearing for 7 p.m. Monday, August 8.

In other action, the board accepted Wellington State Bank's bid to be the depository for school funds

for the next two years.

The board also amended the personnel sick leave policy to include "visits to the dentist, illness of a member of the teacher's immediate family or for a family emergency."

The board also approved Collingsworth County Appraisal District's 1984 budget of \$46,114.

The board tabled until next meeting a proposed Wellington High School student handbook.

Present were board members Reed Souder, Frances Schmidt, John Barton, Kirby Campbell, Carroll Nunnelle, Dan Langford and Bill Spillman.

Buddy Carter, Church Leader, Dies Friday

Elmer (Buddy) Carter, Jr., a church leader and popular Wellington business man, died in Collingsworth General Hospital at 1:49 p.m. Friday, July 8, after an illness of several months. He was 61 years of age and a lifetime Wellington resident.

He was owner of Carter Drilling Co., a water-well drilling firm that has operated throughout the Southeast Panhandle area for many years. He was highly respected in this field.

His leadership in First Baptist Church was recognized as he was one of those who led the church through its period of great growth and expansion in recent years. He was a deacon and had served on a number of committees and boards.

He had served on the Collingsworth General Hospital board since April 1980.

Mr. Carter had served in the Army during World War II. Born in Wellington, Feb. 24, 1922, he was the son of Mrs. Merle Carter and the late E.W. Carter. He was a graduate of Wellington High School.

On August 22, 1942, he and Jo Jones were married in Hollis.

Funeral services were conducted at 3 p.m. Sunday, July 10, when a former

City Approves Gas Rate Increase, Suspends Proposed WTU Rate Hike

Wellington City Council has passed and approved an ordinance setting the new rate which Lone Star Gas Company will charge its Wellington customers.

The measure was passed in a called meeting of the council Monday, July 11 as an emergency measure.

In its next action the council passed a resolution suspending the operation of the proposed rate increase filed by West Texas Utilities Company for a period of 120 days beyond the date on which the rate increase

would otherwise go into effect.

The new rates Lone Star Gas Company will charge its Wellington customers, which are the maximum applicable to customers per meter per month are:

--Residential users will be charged \$4.00 customer charge, with all consumption of gas at the rate of 5.146 cent per Mcf in winter and 4.896 cent per Mcf in summer.

--Commercial users will pay a \$6.50 customer charge with consumption charged

at 5.146 cent per Mcf in winter and 4.896 cent per Mcf in summer.

Lone Star Gas Company accepted a rate increase which the city had offered on the advice of its engineers, Bill R. McMorris & Associates, Inc., Amarillo. These are the rates listed above.

This allows the company an increase in rates amounting to 5.12% which would give the company an increase of \$33,748 per year from its Wellington system.

The company had requested an increase of 6.95% which would have given \$45,874 additional income.

Lone Star Gas Company filed its Statement of Intent to change rates in Wellington on February 8, with an effective date of March 16, 1983.

The City Council then suspended its rates for 90 days (as it is allowed to do by law) until July 14, 1983.

The company will be permitted to make reconnect charges of \$20 from 8 a.m. to 5 p.m. Monday through

Bank Deposits at Midyear Peak

At midyear, deposits of Wellington's two banks, Wellington State Bank and City State Bank have passed \$43,736,000, a record for this time of the year. Figures were shown in statements of condition at the close of business June 30, 1983.

This deposit figure is approximately one million higher than one year ago, when deposits were \$42,760,000, and more than

\$6,000,000 higher than the 1980 figure of \$37,067,000.

But more astonishing, deposits in the two banks have doubled since the mid-year 1975 figures of \$21,773,000.

This year's deposit figure was reached with only a small amount of the money from the bumper wheat crop appearing in customer deposits when the call was made from the State Banking Commissioner and

Federal Reserve Bank.

Although some oil and gas lease rental payments appear in the deposit figure, along with money from production in the north part of the county, oil and gas is not the important factor that is was two years ago, 1981, when deposits were \$40,276,000.

On the other hand, Wellington Industries, Inc., continues to make a substantial input into the

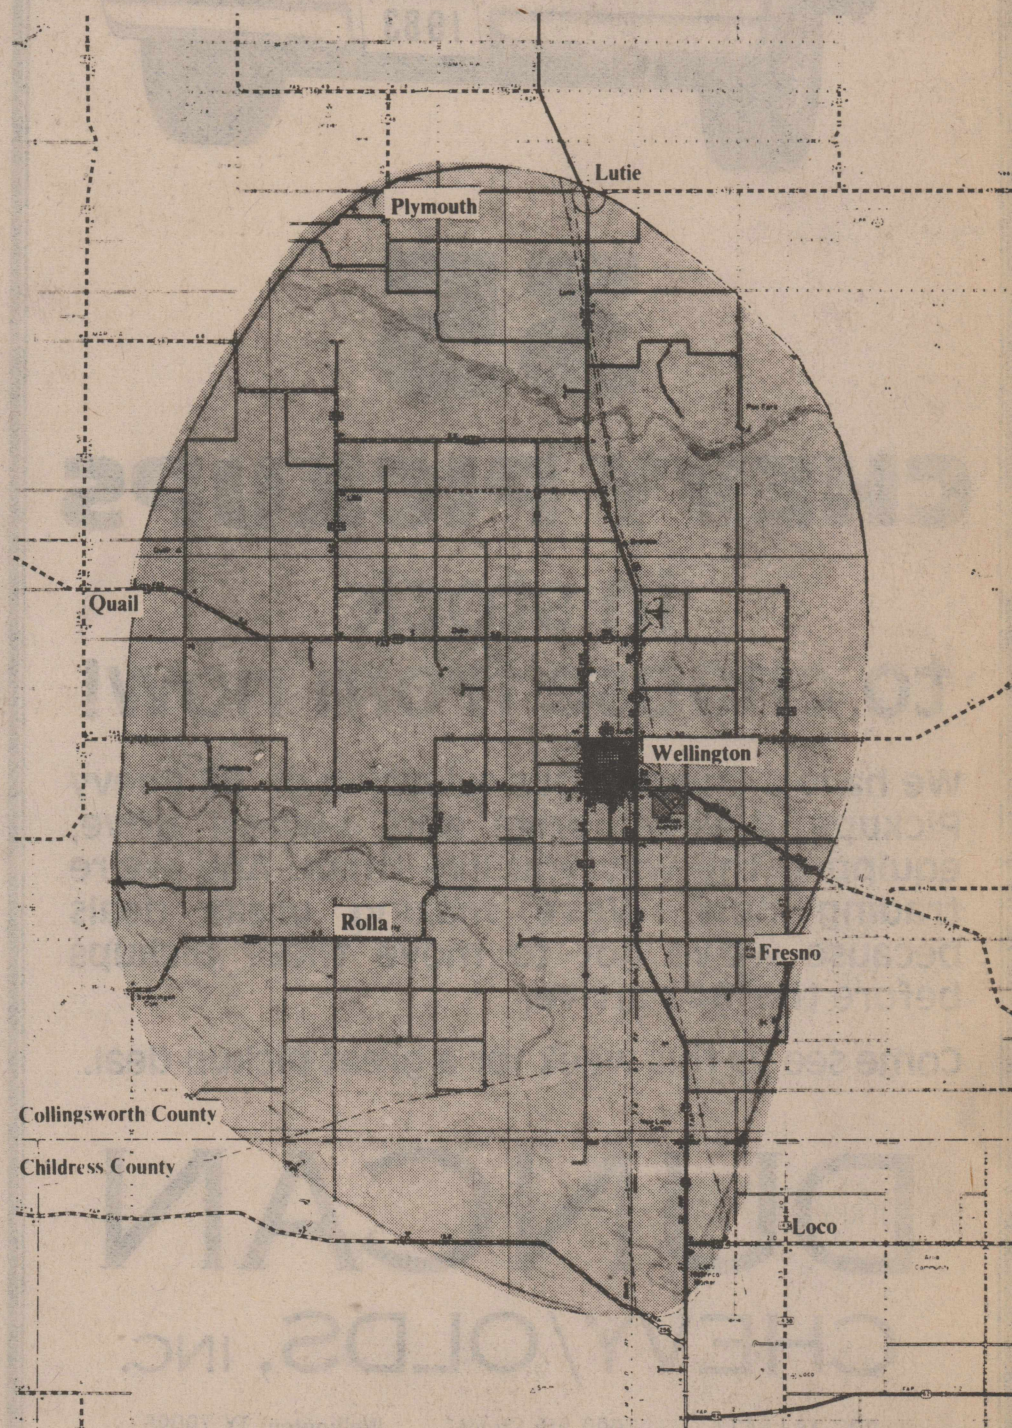

county's economy, as it has for several years.

The 1983 figures underline the fact that Collingsworth is primarily an agricultural county.

By comparison, deposits since 1975 are:

1982-\$42,766,000
1981-\$40,176,000
1980-\$37,067,000
1979-\$32,218,000
1978-\$29,412,000
1977-\$26,706,000

Friday; \$30 from 5 p.m. to 8 a.m. Monday through Friday; and \$30 for Saturdays, Sundays and holidays.

There are several exceptions to this, including a builder using gas temporarily or for the first occupant of the premises.

In its resolution on the West Texas Utilities Co. request for a rate increase, the City Council suspended the operation of the proposed new rate for the 120 day period from July 16, 1983 for further study, investigation, and presentation of evidence.

This will postpone any new rates going into effect until Nov. 20, 1983.

In other action, the council approved the purchase of \$5,000 certificate of deposit for the Wellington Cemetery Trust Fund Association to bear 9.55% interest.

This money comes from memorials to the Association since its perpetual care program was set up.

Three members of the Wellington Volunteer Fire Department will attend the annual Firemen's and Fire Marshals School in College Station and \$650 was approved to cover their expenses. They are Richard Keller, Dan Langford and Kenneth Patterson.

All bids submitted on a crane which the city had offered for sale were rejected.

Walter Clements, a vice president of Wellington State Bank was appointed to serve as a member of the Industrial Revenue Board, succeeding Billy Moseley.

Present at the council meeting were Mayor Ralph Owens; Councilmen: Lyndon Crelia, Sam McGill and Willie Gragson, and City Secretary Nell McKinney. Councilmen John Rainey and Gary Brewer were absent.

Rodeo Ass'n Slates Called Meeting Tues.

A called meeting of the Wellington Rodeo Association will be held Tuesday, July 19, at 7 p.m. in the Heritage Room of Wellington State Bank.

Jeff Langford, president, said assignment of duties will be made for the annual rodeo Friday and Saturday, August 19 and 20.

A work day will be decided on.

"We need everyone there who is interested in having a rodeo in Wellington," Langford emphasized. One does not have to be a member of the association to help with it.

The rodeo will be held in the VFW arena in northeast Wellington, and work this year will include shortening the arena and putting up a buffer at the north end.

Church Sponsors Luncheon

The congregation of the Church of God in Christ is sponsoring a benefit lunch at Bura Handley Community Center Saturday, July 16. This is a fund raising rally and proceeds go to the church building fund.

The public is invited to attend, and tickets will be \$4 for adults and \$2 for children, according to Rev. Jimmy Barber, pastor.

Serving hours will be 11:30 to 1:30 and the meal

Following a trend of a number of years, time deposits continue to grow and have reached \$35,403,000, up two million dollars from June 30, 1982.

Three years ago time deposits were \$26,190,000.

The food will include a choice of roast, fried or barbecued chicken and other meats, a variety of vegetables, a selection of salads, hot rolls, tea, and such desserts as home made

pies, peach cobbler, which is a specialty, and home made cakes.

"We invite the public to help make this a success," Barber said.

The Young Women's Christian Council is in charge of preparing the food.

This benefit luncheon is one of the events leading up to the church anniversary program, and the money will help pay for remodeling of the church about the time of its organization.

The anniversary program will be held on Sunday, July 31, with members of surrounding churches invited to participate. The Rev. James Mimms, pastor of New Hope Pentecostal Church of God in Christ, Childress, is to preach the anniversary sermon. The program will start at 2:30 p.m.

"There will lots of good singing and we hope to have choirs from surrounding areas and lots of good ministry," said Rev. Barber.

Fr. Hutzler New Catholic Pastor

The Rev. Jim Hutzler has been named pastor of Our Mother of Mercy Catholic Church by the Most Reverend Leroy Theodore Matthiesen, bishop of the Amarillo Diocese.

Father Hutzler will also serve as pastor of St. Patrick's Church in Shamrock. He will live in Shamrock partly because Wheeler will later be added to his responsibilities and because of the expense of renovating the Wellington rectory.

He will celebrate mass at Our Mother of Mercy Church at 6:30 p.m. Wednesdays and 9 a.m. Sundays until further notice.

Father Hutzler succeeds Father B.A. Erpen, who has served the Wellington and Shamrock Churches since 1975, who was transferred

FATHER JIM HUTZLER

to Amarillo.

A native of San Antonio, Father Hutzler, received his education at Assumption Seminary, St. Mary's College, and The Oblate

College of the Southwest, all in San Antonio.

He has taught English and Photography at Alamo High School, Amarillo since 1973 and also served as assistant pastor of St. Joseph's Catholic Church. He was ordained to the Priesthood, July 25, 1980.

Father Hutzler lists racquetball, tennis and golf among his interests. He is an accomplished harpsichordist, and plans to play special music during Christmas and Easter masses.

Father Erpen has worked in West Texas 33 years and came to Our Mother of Mercy Church and St. Patrick's Church in July 1975.

A highlight of his service was a Papal Blessing he received in 1970 when he assisted a group touring

Europe. He called it a dramatic moment when Pope Paul leaned on his shoulder and they spoke together.

Father Erpen, a midwesterner, attended school principally in Milwaukee and was ordained in May 1947. His first duties were as a high school teacher and assistant pastor at Rowena.

He assisted four parishes with building programs. From 1950-55 he was at Rotan-Spur; from 1957-1960 at Tulia where he developed the mission to parish status; and at Silverton he established a church and living quarters.

While he was at Borger, 1960-70, a new church was built and at Stinnett, a new combination community center-church hall-living quarters were constructed.

COLLINGSWORTH COUNTY AGENT REPORT

by DON REEVES

CONTROL WHITE GRUBS IN LAWNS

May or June beetles are emerging from the soil and starting to swarm late in the evening. Females are laying eggs and white grub worms that hatch will soon be feeding on roots of bermudagrass in home lawns. Once grubs begin feeding, control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Collingsworth County will need to treat in mid-summer. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon, Dursban or

Dylox provide adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding.

Educational programs conducted by the Texas Agricultural Extension Service serve people all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Cancer Surgery Doesn't Stop Stephanie Maxwell

Courtesy Mexia Daily News

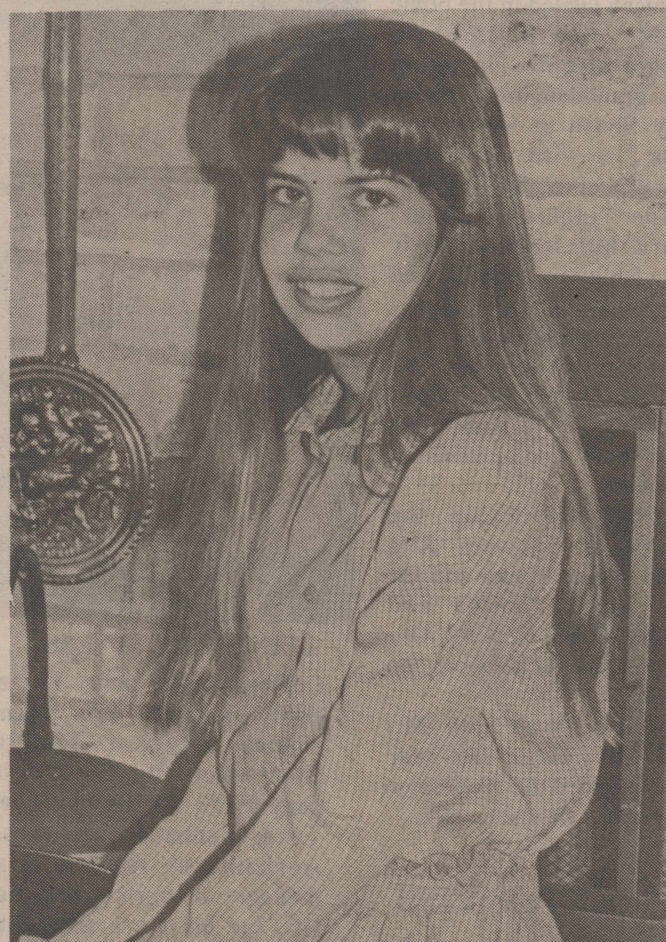

[Editor's Note: Ten-year-old Stephanie Maxwell, who underwent cancer surgery in March at M.D. Anderson Hospital and Tumor Institute, Houston, is the daughter of Mr. and Mrs. Wayne Maxwell of Groesbeck, 40 miles east of Waco, and the granddaughter of Mr. and Mrs. Ernest Maxwell, Wellington. Both parents formerly lived here.]

by Jean Ann May
Mexia Daily News

You would never guess that Stephanie Maxwell has just recently undergone surgery to remove a malignancy of cancer in her neck.

Stephanie, a brown-haired, brown-eyed fourth grade beauty has only been home three weeks after having surgery at M.D. Anderson in Houston. But you would never guess by looking or talking to her that she has just undergone such a traumatic experience. Just days after surgery, Stephanie was participating in her dance classes. When asked what she likes to do, she replied "I like to run, play tennis, dance, ski and I like to swim." Stephanie hopes to become a fashion designer or a veterinarian.

She and her parents noticed the lump on her neck about a year ago, but the doctors said not to worry, it was a kernal and it would go away. It was not until later, when Stephanie turned her head to ask her mother a question, did they notice it had not gone away. "You could not see it unless she turned her head a certain way," explained

STEPHANIE MAXWELL

Stephanie's mother.

The Maxwells went to a local doctor and he sent them to Waco. The doctors removed one of the nodules and sent it off for a pathology report. The knot was malignant. Immediately the Maxwells were sent to M.D. Anderson and had the remaining nodules removed, which were 11 lymph-nodes.

In all surgeries, there are risks. In Stephanie's case, there were several to consider. It was a possibility that if the tongue nerve was effected by surgery, she would have to learn to speak again and if the lip nerve was effected, her bottom lip would drop down. "I wasn't

scared of the operation, I had already had one in Waco, but I was scared of what they might find," explained the 10 year old. Stephanie was fortunate in all respects, she has recovered tremendously and has not been required to take any treatment or medication. The doctors credit this to Stephanie's good health and her active lifestyle.

"Her attitude is what kept us going," said her father, Wayne Maxwell. "When we first heard it was malignant, we were scared." The bad parts are all you hear about, you never hear about the good," he continued. Mrs. Maxwell added, "First thing you think of when someone has cancer is death, and it's not that way."

Stephanie is the perfect example of "It's not that way." She is a high-energy 10 year old with a dynamic sense of humor. The fact of her having cancer has not slowed her down in the least.

Mead, the mildly alcoholic beverage that was the favorite drink of Queen Elizabeth I, was made by combining honey and water with spices, herbs and lemons. After boiling, it was left to stand for three months. Finally it was bottled, and considered fit to drink six weeks later.

Annual Coleman Reunion Held Saturday and Sunday

The annual Coleman Reunion was held this Saturday and Sunday, July 9-10 for visiting and good food.

The first generation of the Coleman family is made of the four surviving of the 7 sons of the late John and Sarah Coleman, who were among the first to settle in the Dozier area. They are John Coleman, J.D. Coleman, Jess Coleman and Leon Coleman.

One of the highlights of each reunion is listening to these four brothers tell stories of their childhood on the family farm—which is still in the Coleman family.

Saturday night several met at the Pioneer Park north of Wellington for sandwiches and home made ice cream. The children flocked to the river for wading while the adults caught everyone up on the year's happenings.

Sunday at noon, again, several gathered to share more Coleman tales. Past Mayor John Coleman received honors as the oldest family members, while Nicole Sims (his great-granddaughter) received honors as the youngest member present. Nikki is seven months and the daughter of Richard and Jane Sims.

Sarah Presley traveled from Denton and received honors for the farthest distance traveled.

Those present for the fun from Wellington were: Mr. and Mrs. Frank Coleman, Tommy Coleman, Jody Coleman, Mr. and Mrs. John Coleman, Mr. and Mrs. Billy Mac Sims, Mr. and Mrs. Richard Sims and

Nikki, Randall Sims, Mr. and Mrs. Dee Coleman, and Mr. and Mrs. Guy Bell.

Relatives from McLean were: Mr. and Mrs. Jesse Coleman, Mr. and Mrs. Max Coleman with Shane, Jerrett and Vance, and Mr. and Mrs. Charles Roberts, Jr., with Charla and Scott.

Shamrock residents attending were: Mr. and Mrs. Byron Bell with Beau and Jackie, Martha Coleman and Lettie Coleman.

Out of state relatives attending were: Mr. and Mrs. Leon Coleman of Edmond, Okla., and Mark Coleman also of Edmond.

Next year's reunion is scheduled for the third weekend of July with similar activities but some new tales to tell.

Officers for next year are: president, Tommy Coleman; vice president, Randall Sims; secretary-treasurer, Sarah Presley, Denton.

Baby Shower Given Monday Honors Mrs. Jacen Jeffrey

Miss Kathleen Reeves was hostess for a baby shower given Monday morning, July 11, for Mrs. Jacen Jeffrey.

The honoree opened her gifts after the guests had arrived.

A round refreshment table was covered with an eggshell colored fringed cloth, which was centered with an arrangement of

flowers and foliage. The central candle with a baby motif was presented to Mrs. Jeffrey.

Those attending were Lynette Spillman, Valerie Van Pelt, Vanda Wood, Jannon Thomason, Stacy Weatherly, Kathy Whitten, LaVonda Hartman, Diana Lindsey, Cathy Crelia, Belinda Crelia, Sandie Cobb, Sandi Seale, Lina Nunnelle, Mrs. Bobby Wyatt of Dalhart, Sandy Morris, DeeDee Heisler, Jennifer Pendleton, and Mrs. Dick Pendleton, mother of the honoree.

Four Members of Hively Family Visit Former Home at Shinnery

Four former residents of the Shinnery community, returned to visit that community and in Wellington from Tuesday until Friday, July 5-8.

They were, Mrs. E.L. Hively of Neosho, Mo., and her daughters, Mrs. James Burks (Audie) of Midwest City, Okla., Mr. Marc Brun (Noma Lee) of Wichita, Kansas; and Mrs. Tom Brumfield (Bonnie Gay) of Neosho.

They were houseguests of Mrs. Fred Yarbrough, 101 18th St. The families were neighbors at Shinnery.

Mrs. Yarbrough honored Mrs. Hively, now 83, and her daughters on Tuesday with a surprise party which included an old fashioned buffet and ice cream social. Co-hostesses were Mrs. Emma Adkins, now of Hollis, and Mrs. Irene Yarbrough.

An attempt was made to have all former Shinnery residents present who still live in the area.

These included Mr. and Mrs. Truman Estes, Drury Lacy, Millard Brown, a family friend, Mr. and Mrs. Denzil Lacy and family, Mr. and Mrs. Don Lacy and family, Dr. and Mrs. Bill Estes, Mr. and Mrs. Bob McAlister and Mrs. J.B. Wade.

After the meal, there was time for catching up on each other's lives and a songfest.

The Hively's had not returned to their former community since they left in 1951, and they found the houses in which they and most of their neighbors lived are gone; the two-room brick school is used for storage; and there is nothing to indicate where the Shinnery Baptist Church used by all denominations, stood.

Mrs. Hively and the late Mr. Hively first came to Shinnery in a covered wagon in 1922. Later they returned to Arkansas but a short time later came back to Collingsworth County.

The Hively girls and their brother, Dale, now of Tulsa, will be remembered for their musical talent and their singing of gospel songs. Singing Conventions drew capacity crowds across this part of the southwest in the years they were growing up, and they sang across the county and throughout Texas and Oklahoma. Bonnie Gay and Dale, the youngest, had to stand in chairs to be tall enough.

Their father, Edd Hively, directed his children in their performances. He was an officer of the Collingsworth County Singing Convention and the Texas-Oklahoma State Convention many years. The Hively family had its own radio show in Missouri.

Bonnie Gay graduated

from Wellington High School in 1950; Audie and Noma Lee from Vinson High School in 1941 and 1943.

While they were here, they brought friends up to date on their lives: Bonnie Gay Brumfield and her husband farm just outside Neosho, Mo., and Mrs. Hively lives nearby. Bonnie Gay retired as office manager for a Neosho hospital a short time ago and devotes time to her hobby, doll making.

Audie Burks has retired from Civil Service and her husband from a career in the Army. She is also an artist.

Mrs. Brun retired from Hughes Aircraft, Tucson, Ariz., when her husband, an engineer with two doctors degrees, went to Boeing Military Aircraft Corp.

Ex-Students Finalizing Plans

More than 200 Ex-students of Wellington schools have pre-registered for the annual reunion to be held Saturday, August 6, Louise Lancaster Peters and Louise Whisenant Henard announced following a meeting of directors Monday, July 11.

The board voted at that time to limit attendance at the dance and that no one presently attending Wellington High School will be eligible to attend the Ex-Students Dance.

The Wells Fargo Band will play for the dance, and several large mounted fans will be placed around the Bura Handley Community Center Auditorium, where the dance will be held.

Country Cuisine will cater the Ex-Students meal on Saturday evening in the school cafeteria at the Elementary Building.

Coffee will be served in the registration area through the reunion, with reunion headquarters to be in the community building.

Recent letters from ex-students, and pre-registrations include:

Dear Youall;
I am sorry I will not be able to attend the homecoming of the Wellington High School this year. Next year, I believe it will be my 50th anniversary of graduation from High School, and I would like to be able to come then.

In the next year, I suppose I will be retired from the Akron Beacon Journal as a writer on Specialty subjects, including antiques, collectibles, and general events. I am about ready to retire. I was a florist and landscaper for about 20 years when I was injured.

Then I was able to turn to my second college major, that of writing and journalism, to write for the Akron Beacon Journal with a syndication of about 25 newspapers across the country. It has been fun. But because I am 67, I will be happy to retire to do some more of the travelling I have enjoyed through the years.
Sincerely yours,
J.B. Tarter, 1934

Hi Ex-Students
Sounds like fun. I would love to be there. Sorry to say I can't make it. Aug. is busy where I work. "I'm still married." Have one daughter and a beautiful granddaughter. I'm a Hydro Operator at Horse Mesa Dam. We live on the dam. It's about 2 1/2 hr. drive from

Phoenix. Beautiful here.

Jo Hunt at Dodson says the Darrell Royal mentioned last week as being a student at Arlie School is not the Darrell Royal of OU-Texas fame, but another Darrell Royal who lived in the area. She believes the coach did not live outside of Hollis in his growing up years.

But Arlie School records also reveal a Howard Hughes as a student, but

not THE Howard Hughes.

Rev. Jim Horton, new pastor of Abundant Life Fellowship and his wife, Sherry, already talk like full-fledged Wellington folks. "We love your brick streets," he declares. He jogs on them. "I was a jogger a long time before jogging was popular," he explains. But the most unusual thing is the new set

More Chairmen Named for Fair

More divisional chairmen of the 1983 Collingsworth County Fair were announced Friday by Walter Clements, general chairmen. The Fair date is Friday and Saturday, September 9 and 10.

There will be even greater emphasis on Funfare than last year, when that highly successful fun event was introduced.

Loretta Wright is Funfare chairman. She is out of town until mid or late July, and upon her return plans will be finalized.

Funfare will feature the same events as last year, such as chili cookoff, bed race and other races of all sorts for both adults and children, and other events offering delightful home-grown fun.

Anyone needing information regarding Funfare should contact Margaret Vines at the Chamber of Commerce Office, 447-5848, Clements said.

Nancy Bigby, extension agent for homemaking, is chairman of all events which will be located in Bura Handley Community Center. These include the arts show, hobbies and crafts show, agricultural and horticultural exhibits, women's and girls divisions, the flower show, and commercial booths.

Currently these divisions are being organized.

"People are being sought to help Miss Bigby in carrying out this work," Clement said. Anyone interested in helping with the Fair in any department or capacity should contact Clements at the Wellington State Bank.

Samnorwood Fire Department and Lions Club will be in charge of the Friday noon barbecue again this year.

The Country Store, held in the American Legion building, will be under the direction of the Satellite Center, with Susan Murphy. All profits from the Country Store will go to the Satellite Center.

Present plans are to close the community building activities and Country Store at noon Saturday so that those involved will be at the Ellison Park Funfare.

None of those will conflict with the carnival which will be open each night through the week of September 5-10.

A new parade chairman will be in charge of the parade, Billy Jackson, resident manager of Lone Star Gas.

The parade traditionally opens the Fair, and the hour and plans will be announced.

"We encourage as many people as possible, all organizations and businesses to contribute in some manner to the parade said Clements. He also urged that there be a record number of floats and that the sponsors begin plans immediately on the decorations.

Donnie Gray of General Telephone Co., is the new pet show chairman. This will be held on the court house lawn Saturday morning, with the hour to be

of relatives they found in Wellington.

In a telephone call to one of his members, Modell Horton Cleveland, she mentioned they might be related. They pursued the ideas further. "Are you one of the Hortons from Horton Gap, Alabama," she asked. "I certainly am," the new pastor replied. They believe they are third cousins. This also makes him a cousin of Alvin Horton, Raymond Horton and Willie B. Harwell, and Mack Horton.

There were many interesting sidelights to the 50th anniversary reunion of Mr. and Mrs. Oxford. Two of their sons and daughters-in-law, the Claud Oxfords and Jackie Oxfords, came from Wasilla, Alaska. The men farm as a second occupation, and on the day after the celebration, they were out hunting over the county to find a good used small combine and truck with hydraulic grain bed for their operation.

Their wives have returned home by way of California. The men plan to drive the truck-with-combine to Alaska by the shortest, coolest route.

Wasilla is in the Mantunuska Valley which is famous for its vegetables. Mrs. Claud Oxford says: "We grow zucchini this long (she measured a two foot length with her hands) and at the state fair, you can see cabbage heads this big (she made a circle with her arms, fingertips touching)."

This active, interesting family lived away from the Wellington-Madge area many years, before Mr. and Mrs. Oxford retired and came back. But as one of the daughters expressed it, "We always thought of Wellington as coming home."

1984 Wheat Program Guidelines Announced

WASHINGTON, July 1--Secretary of Agriculture John R. Block today announced general guidelines concerning the provisions of the 1984 wheat program. The program provisions are tentative but will likely fall within these guidelines:

--An acreage reduction requirement of between 20 and 30 percent.

--An additional land diversion of between 20 and 25 percent with a payment-in-kind compensation for farmers who divert additional land.

--An in-kind compensation of between 70 and 80 percent of program yield.

"These points should provide wheat farmers general guidance for planning purposes," Block said.

"We had hoped to announce the 1984 wheat program in more detail, but it is impossible to finalize the provisions until Congress completes its consideration of target price freeze legislation that has been requested by the Administration since January. Without a target price freeze, the tentative program provisions I announced today would be subject to change."

The Senate Committee of Agriculture, Nutrition and Forestry approved the target price freeze legislation on June 21. The House Committee on Agriculture met on May 25 to consider the legislation, but postponed further consideration.

"Many farmers have already begun to prepare

seedbeds and apply fertilizer for the upcoming crop," Block said. "With these financial commitments being made, it is only reasonable that the Congress act judiciously so that we can announce all of the specific program provisions as soon as possible."

Collingsworth Chamber of Commerce directors heard a progress report in their meeting Monday, July 11, then approved a representative to the Wheatheart contest, purchased a copier and made a donation to the Wellington Rodeo Association.

Walter Clements, fair chairman discussed plans finalized at this time and explained booths in the Country Store will be available on a first come, first served basis.

Meetings of the various

chairmen and their committees will be held from now to fair time, Clements said. First of these was on Wednesday with Nancy Bigby, chairman of all community building events.

Vanda Wood was selected to represent the chamber at the Miss Wheatheart contest to be held in Perryton, August 20. She is the third member of her family to receive this honor, as her sister, Debbie, was a representative, and her mother, Mrs. Farris Wood, was a National winner of the

Miss Wheatheart contest.

Money was approved for the trip.

Members voted to buy a plain copier from Radio Shack, with accessories, at a cost of about \$1,500.

This will be available for use by the public at a charge of 50 cents per sheet.

Wellington Rodeo Association was given permission to use the Welcome to Wellington bunting around the business section during the August 19-20 rodeo with the chamber to split the cost of putting up the bunting.

Present plans are to leave it up through the two weeks until the fair opens.

Nominees for the three places of director retroactive to July 1 were announced:

Jerry Duncan, Don Reeves and Walter Clements. All are currently on the board.

Present were Tommy Hudson, president, Charles Darter, vice president, and Bill Hatch, Nick Gilley, Tommy Thomas, Charles Britten, Danny Martin, Reeves, Clements, and Margaret Vines, secretary.

Ministries Group Due at Fellowship

"Love Life Ministries", a group based out of Topeka, Kansas, will be ministering at Abundant Life Fellowship Friday, July 15, at 7:30 p.m.

The group is comprised of three young Christian men having different denominational affiliations and backgrounds, and coming from different parts of the United States.

Under the direction of Merrill Leal, the group will share in song, drama, testimony and personal ministry. Emphasis is given to praise, worship and the Word, under the guidance of the Holy Spirit.

"There is no admission charge and everyone is invited to share in this time of spiritual inspiration with the Love Life Ministries," said the Rev. Jim Horton.

It is made up of Merrill, Keith and Scott. With them

will be Mark Olson, who conducted the recent Vacation Bible School at the fellowship. They have traveled throughout the United States and Jamaica.

A large group is expected to attend from Altus, and there will be visitors from other area towns.

Watson Wins Reserve Program Promotion

D.L. (Sonny) Keese, sheriff of Lubbock county, has announced the promotion of Bob Watson in the reserve officer program.

"Due to your leadership in the reserve program, and as a member and leader and lieutenant of the C-Team, it is now a great pleasure to promote you to the rank of captain," Keese wrote in making his appointment.

"Your qualifications and professional competence places you at the top and

you stand as an excellent example for other members of the reserves." The appointment was effective July 5.

Watson, former county judge of Collingsworth County, will have added responsibilities, as a lieutenant and 10 regular reserve officers under him. C-Team is one of four reserve teams which works with Keese's office in a reserve capacity, functioning throughout Lubbock County.

The work ties in with, but

is not a part of, Watson's regular job as Director of Law Enforcement Training for the South Plains Association of Governments. His training courses not only train officers for SPAG, but also receives some officers from the Panhandle Regional Planning Commission for training.

Watson said that from 6,000 to 7,000 more training hours have been given by his office this year than a year ago.

Eighteen teams were entered in the tournament, according to Candy Reyes, president of Wellington Softball Association and co-ordinator of the tournament. This was a double elimination tournament.

"Crowds were good, even in the early hours of morning, around 2 o'clock, and lots of these were from out of town," Reyes said.
