PAMPA GRAY COUNTY, TEXAS THURSDAY-EVENING, JULY 11, 1929

PRICE FIVE CENTS

FIVE PERSONS KILLED IN WRECK

CALIFORNIA MOTOR NOISY BUT FLIGHT CONTINUES

NEARLY MILLION BUSHELS OF WHEAT LEAVES VICINITY

TWO HUNDRED CARLOADS NOW AWAITS CARS

Much Grain Is Still
Being Placed on
Ground

ESTIMATE TO
BE REALIZED

Market Breaks But
Revives to End
Higher

With harvest about half completed, nearly 1,000,000 bushels of wheat has been shipped from elevators at Pampa, Hoover, Heaton, Laketon, and Kingmill, a check by The News late yesterday revealed.

Shipments approached the 550-car mark, and upon the ground or in storage was the equivalent of nearly 200 additional cars.

Wheat cutting is again in full swing, with prospects that most of the crop will have been harvested by the end of this month. Good weather is preventing the week-end moisture is preventing damage to the well-ripened crop. Indications still point to a crop of 1,750,000 bushels in this immediate territory.

While cars were plentiful in Pampa, elevator men said that it was difficult to move loaded cars and spot empties as rapidly as desired. The buyers at the smaller points near here said they were not receiving half the cars ordered, but that in some instances the sidings were too small to accommodate the empties desired. One Kingsmill elevator is ordering 15 cars daily and getting three to five. It has 80,000 bushels upon the ground and is still adding to the huge piles.

Wheat prices which broke sharply on the nation's markets revived to close nervously at 5-8 to 1 1-8 cents above yesterday's finish. Local quotations were about 95 cents per bushel.

SAYS WOMAN CONFESSED

TOPEKA, July 11. (P)—Sheriff Wayne Horning this afternoon said Mrs. Vivian Scaper, 25, had confessed she was the woman who held up and robbed two employees of the Security Benefit association of \$14,000 payroll money here June 28. He said she did not implicate anyone else.

FLORIDA BANK CLOSES

DELAND, Fla., July 11. (P)—The Volusia County Bank & Trust company, oldest financial institution in this county, failed to open its doors today, and an hour later the First National bank closed temporarily following a run on that institution.

GIANTS LOSE ANOTHER

POLO GROUNDS, New York, July 11. (P)—The Cubs won their second straight from the Giants, 8 to 3, in the first game of a double header here today. Fred Fitzsimmons was hit hard, and the Bruins profited from three Giant errors, which added four runs to the Chicago total. Malone was steady save in the seventh and the ninth. McMillan and Fullis hit homers.

Score:
Chicago.....110 303 009—8 11 1
New York.....000 000 300—3 7 3
Malone and Taylor; Fitzsimmons, Mays, and Hogan.

THE WEATHER VANE

FORECAST
WEST TEXAS: Partly cloudy to night and Friday, local thundershowers in extreme west portion.

—AND A SMILE

CALGARY, Alberta (P)—Lee Farris, "The Canada Kid", a champion all-around cowboy, is in a hospital as the result of riding a steer and winning first money after the animal had gouged his right eye out.

RIOTS MARK NEW ORLEANS CAR STRIKE

Riots broke out along Canal street in New Orleans when striking street car employees wrecked and burned cars operated by non-union men in the heart of the city. Pictured above are hundreds of strikers and sympathizers burning a car which the company had attempted to operate with imported strike-breakers. The mob stoned the car before they set fire to it.

EFFORTS TO SALVAGE SUNKEN SUBMARINE ABANDONED AS TOO DANGEROUS—WILL HONOR MEN

Bank's Deposits Over 2 Millions for First Time

Deposits at the First National bank have passed the two-million mark, B. E. Finley, president, announced today. Enormously increased by the influx of wheat money, the deposits first passed the mark July 8, when they were \$2,007,049.77. At the close of business last night they had reached \$2,070,479.55.

Oil Worker Badly Burned by Steam

C. R. Bolin, employee of the J. R. Groover Drilling company operating near LeFors, was scalded by steam at noon today. He was brought to the McKeen & Connor in a Malone ambulance and late reports stated he was resting as well as could be expected.

The man was disconnecting a pipe and when the board on which he was standing slipped, he was thrown in front of a steam pipe. He was scalded about the hands, face and body.

COUNTRY-WIDE ACTIVITY OF FORGER IS REVEALED

CHICAGO, July 11. (P)—Thomas Seymour Botts of Houston, Texas, arrested yesterday on a bad check charge, voluntarily wrote a confession today relating country-wide activity as a forger. He also talked with his mother over long-distance telephone.

Botts, when arrested, said he was a graduate of the University of Texas.

Following the conversation with her son, Botts' mother told police he was wanted by the United States marines for desertion. She suggested he be surrendered to the military authorities, but police declined.

LONDON, July 11. (P)—The admiralty has decided to abandon all further operations for salvaging the sunken submarine H-47. Announcement of this was supplemented by the statement that this decision had been reached after full consideration of the location of the lost warcraft and the difficulties in attempting to salvage it.

The admiralty statement says the facts which guided it in reaching this decision were the certainty that all the missing men perished almost immediately after the vessel sank and that the great depth of water, risk from tides and weather would render salvage—even if an ultimate possibility—a task involving the divers and others in great and continual danger.

Even if the H-47 were salvaged, the statement adds the damage through pressure and flooding would render her unfit for service, and salvage operations of such difficulty would not be justified. The battleship Rodney, flying the flag of the rear admirals command, the submarines and other vessels, before leaving the vicinity, will halt over the position where the H-47 lies and pay last respects to those who lost their lives.

DALLAS LAWYER DIES
AFTER MONTH'S ILLNESS

DALLAS, July 11. (P)—Julius A. Germany, widely known lawyer, died at his home here today after an illness of about a month.

Mr. Germany was stricken while attending a celebration at Southwestern university, Georgetown, several weeks ago. He was 59 years old.

He was born at Edom, Van Zandt county. After being graduated from Southwestern university he practiced law at Grand Saline for many years. He came to Dallas in 1913.

Crowded Jail Is Vexing Problem Before County

Conditions in the county jail here have become so crowded that a cry for additional quarters has been raised by citizens and prisoners. The small concrete building was originally built to accommodate twelve prisoners. Last night a total of 41 persons spent the night in the bastle.

There are 33 prisoners being held over for next term of court or on charges for which fourteen days confinement will "lay out" a fine. Additional prisoners put in every night add to the misery of those already held.

One prisoner told a News reporter this morning that two men were sleeping in each single bunk. Others crawl under the lower tier of cots to sleep on the cement floor, and the rest have to stand up or sit down if that is possible.

"I have stood up for two days and two nights now, and I can't stand it any longer. I am going to try and make bond," he said to Justice Cary.

"Conditions are deplorable," Sheriff E. S. Graves says. "But so far we have been unable to remedy the situation. The commissioners have been asked to erect a temporary jail where we could put drunken prisoners and minor offenders, but no action has been taken," he said this morning.

It will probably be a year before the courthouse will be completed and by that time Pampa will be a much larger city than at present," Justice C. E. Cary says. "Who has ever heard of a county with a population of more than 20,000 that has a jail to hold only twelve prisoners," he continued.

On the other hand the commissioners hesitate to add further to the growing indebtedness of the county, and Judge Duncan advocates releasing of men held on minor charges for inability to pay their fines. Negro "vags" for instance, repeatedly break the law by gaming and cost the county much for food.

On the grounds that the fees of the office of sheriff and tax collector, plus aid previously granted, are sufficient for payment of deputies, Commissioner Lewis O. Cox and Judge Duncan opposed the appropriation of \$200 additional grant per month to the sheriff's department. This amount was passed by the vote of the three commissioners from the other three precincts. The county furnishes two automobiles, their upkeep and \$433 per month to the sheriff's department. There are two regular deputies, another who serves principally on officer duty, and one acting as jailer, for Pampa, and one deputy each for LeFors and McLean.

TENTH DAY IS SPENT EASILY ABOVE FIELD

Men Intend to Stay
Up as Long as
Possible

WILL BE GIVEN
LARGE PLANE

Trouble With Oil
Pumps Develops
Last Night

CULVER CITY, Cal., July 11. (P)—Circling the airport here with the same flawless consistency of performance that has marked each hour since the start of their flight, L. W. Mendell and R. B. Reinhart in the biplane Angelino reached the 219th hour in the endurance flight at 10:29 a. m. today.

As the tenth day of the flight began officials of the Buhl Aircraft company of Marysville, Mich., builders of the Angelino, announced they would present Mendell and Reinhart with a six-passenger Buhl air sedan biplane, powered with a Wright whirlwind J-6, 300-horsepower motor, in appreciation of the endurance feat.

CULVER CITY, July 11. (P)—After 216 hours in the air, L. W. Mendell and R. B. Reinhart, dropped a note this morning indicating the motor of their endurance plane might be beginning to show signs of weakening.

"Think motor a trifle noisy," the note said. "Some trouble with oil pump last night."

The plane was refueled at 7 o'clock. The fliers indicated they were "O. K."

CULVER CITY, Calif., July 11. (P)—Still unfaltering in their battle against time and gravitation, the two "tough hombres," L. W. Mendell and R. B. Reinhart, continued to drive their second-hand biplane in circles above the Culver City airport today. At 5:30 a. m., they had been in the air 215 hours.

That they expected to remain in the air 300 hours or more was indicated when they dropped a note saying "tell that crowd if they want to see us land, to come back next Tuesday. We're gonna stay up another hundred."

The fliers, who broke the previous sustained flight record of 174 hours, 59 seconds Wednesday afternoon, found their fuel supply dangerously low late yesterday. A quick contact with their refueling plane replenished the fuel supply.

When they reached the 200-hour mark, a heretofore unattained but oft-sought goal, they took another hitch in their belts, demanded more sugar in their coffee and reiterated they would stay in the air as long as the motor ran.

It was announced their biplane was a secondhand ship placed at their disposal by William G. McAdoo, former secretary of the treasury, through his son, W. G. McAdoo, Jr. McAdoo was attracted to the young fliers after their determination had won the support of Paul Whittier, owner of a carrier pigeon-type former mail service plane, in which he volunteered to handle the refueling, with the help of Glade Hulbert.

M. A. Finney to Go to Odessa

M. A. Finney, district superintendent of the Pure Oil company in this area for the last two years and a half, has been transferred to the Odessa area, it was announced today. He will be district head there, also.

John Merritt, "farm boss" here, will take Mr. Finney's former position, it was said.

Mr. and Mrs. Finney will move to Odessa before the first of August, the former leaving here within a few days. Mrs. Finney plans to visit her parents in Fort Smith, Ark., before going to her new home.

BULLETINS

GEORGETOWN, July 11. (P)—A mandate restraining the warden of the penitentiary from executing H. J. Leahy early tomorrow was issued here today by Judge Harry Dolan.

WOODVILLE, July 11. (P)—Walter (Big Boy) Davis was in jail here today charged with the murder of O. F. Haynes, his brother-in-law. Davis surrendered after the shooting.

FORT WORTH, July 11. (P)—Floyd R. Taylor, Fort Worth, who accidentally shot himself yesterday at Rocky Falls, near Bridgeport, while on a fishing trip, died here today. Taylor was brought to the hospital late last night in a Bridgeport ambulance. A shotgun he was handling was accidentally discharged.

BINGHAMPTON, N. Y., July 11. (P)—Search for an African lion which has been wandering about the hills northwest of this city since Monday shifted today to Castle Creek, 10 miles north, from where reports came to the sheriff's office that a cow and a calf had been killed during the night.

TRENTON, N. J., July 11. (P)—Mrs. Margaret Walker, wife of Mickey Walker, world's middleweight boxing champion, today filed suit for separate maintenance. The Walkers were married June 22, 1923, and separated last month. Mrs. Walker charges cruelty and excessive use of liquor.

AUSTIN, July 11. (P)—Frustrated in what police claim was an attempt to commit suicide preceded by the destruction of \$1,000 in currency, an aged Austin recluse was held for investigation in jail today.

KENDRICK, Okla., July 11. (P)—E. L. Blakely, assistant cashier of the bank of Kendrick, was shot in the leg today by one of two bandits who robbed the bank of between \$500 and \$600.

A posse was close on the heels of the robbers, one of who was believed to have been wounded in the fight.

FIRE FOLLOWS WHEN TANK IS BROKEN OPEN

New York Express
Hits Freight
Train

TRAINMEN ARE
MAIN VICTIMS

Hobo Passenger Is
Taken Out of
Wreckage

CORNING, N. Y., July 11. (P)—Five persons were burned to death and a sixth may die, as the result of a fire which broke out after the east bound Cleveland-New York express, on the Erie railroad struck a freight train near here today.

The locomotive of the passenger train ploughed into a tank car, the contents of which broke into flames, the fire spreading rapidly to the baggage car, two mail cars and a passenger coach which had been derailed.

The dead were identified as Fred E. Blake of Hornell, engineer; W. J. Latonik of Susquehanna, Pa., fireman; railway mail clerk Hubert of Arkport and Flavin of Salamanca, and a wayfarer identified as Swan Berger, 38 of Moline, Ill.

Vaughn Rose of New York City, tentatively identified as a passenger in the derailed coach, was extricated from the wreckage and taken to Corning hospital so seriously burned he probably will die.

The passenger train left Corning at 12:35 a. m., and passed the westbound freight about three miles east of the city.

According to railroad officials the locomotives of the two trains were nearly abreast when the first tank car

(See FIRE, Page 8)

They'll "Be Down Tuesday"

Here are R. B. Reinhart, left, and Loren W. Mendell, and their Buhl airplane Angelino which have been flying for ten days above the Culver City, Calif., airport. They sent word down this morning that they and their motor were "O. K." and to tell the crowd below to "come back Tuesday" to see them land.

Methodist Women Study Social and Economic Problems in Interesting Circle Programs Wednesday Afternoon

Social Calendar

THURSDAY

The Young Women's auxiliary of the Baptist church will meet at 3 o'clock in the church parlors.

Mrs. Floyd A. Hollenbeck will entertain the High Bridge club at her home at 2:15 o'clock.

FRIDAY

Mrs. J. H. Lutz will entertain the We Bridge club, with the games opening at 2:30 o'clock.

A called meeting of the Order of the Eastern Star will be held at 8:15 o'clock when initiatory work will be given.

W. M. U. Circle Has Enjoyable Social Meeting

Members of Circle 2 of the Baptist Women's Missionary union met yesterday afternoon at the home of Mrs. J. H. Ayers for a delightful benefit social. Games and contests, which made up the entertainment program, were directed by Miss Ellen Nabers. Each guest, blindfolded, drew a package from a grab-bag. Punch was served.

Visitors and members present were as follows: Mrs. G. W. Stark of Pioneer, Mo.; Mrs. L. H. Green, Mrs. J. C. Barnard, Mrs. T. H. Barnard, Mrs. W. D. Benton, Mrs. Paul Link, Mrs. G. C. Stark, Mrs. John B. Ayers, Mrs. Robert Mitchell, Mrs. Ray R. Hunsate, Mrs. John McKamy, Mrs. Hamilton, Mrs. H. J. McAllister, Miss Edeline Benton, Miss Mary McKamy, Miss Ethel Hamilton, and Miss Ellen Nabers.

Circle 3 met at the home of Mrs. S. L. Anderson, where a lesson from "The Story of Jesus" was studied, with the hostess leading in the discussion. The following members were present: Mrs. W. B. Barton, Mrs. Taylor, Mrs. G. D. Holmes, Mrs. Hall, Mrs. E. L. Anderson, and Mrs. L. H. Anderson.

cussions. Others present included: Mrs. Lee Harrah, Mrs. N. P. Wahlgemuth, Mrs. J. M. Turner, and Mrs. J. E. Johnson. The hostess served light refreshments.

Nine members attended the meeting of Circle 4 in the church parlors. Mrs. Lewis Robinson was in charge of the program. Mrs. Tom W. Baltham, Mrs. C. C. Dodd, Mrs. Nellie Walberg, and Mrs. George Walstad assisted in the presentation. They were joined in a general discussion by Mrs. J. H. Kelly, Mrs. Smith, Mrs. Caldwell, and Mrs. N. Walberg.

A general meeting of the Missionary society will be held in the church parlors next Wednesday afternoon, with the program opening at 2 o'clock.

Piano Class Will Appear in Public Recital Friday

Mrs. P. P. McKimming will present her summer piano class in recital tomorrow evening at the Presbyterian church. The program is open to the public, with a special invitation extended to the parents and friends of the pupils who will appear. The recital will begin at 8:30 o'clock.

Two eight-hand selections for two pianos by advanced students will feature the program, in addition to the solos and duets. Violin solos and a group of readings by children will give the musical added interest and variety.

Order Eastern Star Initiation Service to Feature Program

A short program will be given at the initiation service of the Order of the Eastern Star at 8:15 o'clock Friday evening. It will include a vocal solo by Mrs. A. H. Doucette, whose accompaniment will be played by Mrs. Tom E. Rose; a reading by Miss Catherine Vincent, and a piano solo by Mrs. R. A. Webb.

Mrs. Wilson Hatcher, worthy matron, has requested the presence of all members of the chapter at this service, which is to be held for two candidates.

Mrs. J. B. Baird of Clarendon will return home today, after a visit of a few days in the home of Mrs. H. L. Barnhart.

Mr. and Mrs. J. G. Cotton and children, their houseguest, Miss Robbie Ora Sandal of Huntsville, Miss Frankie and Miss Julia Mae Barnhart left this morning for a camping party in the Palo Duro canyon on Harding's ranch, near Amarillo. They will remain through the week-end.

Modes of the Moment

Chruut shows some of the most feminine and frail printed chiffon dresses on view. One of them, with normal waistline, has an apron front and fishtail back. Rita

Changes in Post Office Equipment Must Be Made

Better service at the general delivery window of the post office depends upon alteration of equipment more than anything else, it was stated last night. Four men are trying to serve the more than 1,800 patrons who have their mail sent "general delivery," but they work in

congested quarters which hamper speed. Alterations of equipment awaits arrival of the postal inspector who has been on a vacation for several days.

Beginning Monday, there will be fifteen post office employees. By a rearrangement of working hours, mail placed in the post office up to 9:30 p. m. is now put in the night mails. A mail box at the railway station to handle night mailing has been shipped, but the date of its arrival is uncertain.

April Wedding of Prominent Young Couple Announced by Bride's Parents

Announcement of the marriage of Miss Alice Rittenhouse and Mr. F. Earle Scheig, which took place April 28, at Sayre, Okla., has been made by the bride's parents, Mr. and Mrs. L. G. Rittenhouse. The Rev. J. H. Burns, Baptist minister, performed the ceremony at the court clerk's office.

Both the bride and the bridegroom have wide circles of friends in the social and business groups of the city. Mrs. Scheig came here from Denver two and a half years ago. She had graduated from Loveland, Colo., high school shortly before, and later she took a course in business science in a Dallas school. She has been with Wm. T. Fraser and company, insurance agency, for more than a year. She is a member of the Business and Professional Women's club and the French Heels Bridge club.

Mr. Scheig has been with the Dungan Tool & Supply company the last year. He formerly lived in Tulsa, where he attended high school and college. He and his bride will make their home here.

TROTSKY REQUEST REFUSED

LONDON, July 11. (AP)—Home Secretary Cliney announced in the house of commons today he had decided against allowing Leon Trotsky, exiled communist leader, to visit Great Britain.

Mrs. Harold Pegus and Miss Minnie Lee Johnson of Amarillo visited their mother, Mrs. J. M. Hartley, last evening.

Chorus May Be Formed Here Soon

Emil F. Myers, president of the Amarillo College of Music, was here yesterday in consultation with T. A. Pannell, manager of the local branch of the college.

While here Mr. Myers said that he had signed a \$4,000 contract with Ede-rewski, master pianist, for a concert in Amarillo in February.

In connection with Mr. Pannell's work here, it was stated that a community chorus likely will be formed under his direction. Such a move has been advocated for some time.

NOTICE

In the future the "Pampa Mattress Factory" will be known as the "AYER'S MATTRESS FACTORY"

This change in name is being made as others have solicited work under our firm name. Be sure it's an "Ayer's" representative when you have work done in the future!

These Frigidaire features mean less work for you

The new "Cold Control" speeds freezing... saves time

If you want an electric refrigerator so efficient, automatic and care-free that you will never have to give it a thought, investigate Frigidaire before you buy.

The powerful Frigidaire compressor is completely concealed in a separate compartment in the base of the cabinet. It has the extra power for emergencies. And it is so quiet you don't hear it start, stop, or run.

Come in and investigate Frigidaire. See the new "Cold Control"... a simple patented device which speeds the freezing of ice cubes and desserts. Examine the patented self-sealing ice trays which increase the speed of freezing. See the shelves that are placed at a convenient height to eliminate spooning.

At the same time you can get the new low prices and the liberal General Motors deferred payment plan.

Only Frigidaire will give you all these 8 outstanding features:

- 1 The Frigidaire "Cold Control" which speeds the freezing of ice cubes.
- 2 Beautiful cabinets... with all mechanism completely concealed.
- 3 Food shelves at a convenient height.
- 4 Patented self-sealing ice trays.
- 5 Surplus power... which keeps foods safe... no matter how warm the weather.
- 6 Quiet operation... you don't hear it start, stop, or run.
- 7 New low prices.
- 8 Liberal General Motors terms.

CUBS' FAILURE NOT APPARENT BUT FORECAST

By WILLIAM J. CHIPMAN
Associated Press Sports Writer

Reports the Cubs were cracking seem to have been exaggerated. Fresh from two larrupings by the Braves in three games, the Chicago contenders stepped into the Polo grounds yesterday and cracked curves and fast ones up against the walls with such abandon the Giant outer patrol ran itself dizzy. The Bruins won the opener of the five game series, 6 to 2, but it seemed like an Irish mile.

Turned back in the first assault, the Giants faced the necessity of winning all four of the remaining games if they were to displace the Cubs in second position in this series. A double header was on the card beneath Coogan's Bluff today, with single games scheduled for tomorrow and Saturday. Meanwhile the Pirates will be gambling in Baker Bowl with the Phillies, whom they defeated by 15 to 9 in a home run orgy.

The Buccaneers now lead Chicago by one and one-half games, and the chances for either the Giants or the Cubs to gain in the immediate future are slim. The four remaining Cub-Giant games at the Polo grounds are likely to be divided evenly, and the Phillies are poor hands to depend upon to stop a team like the Pirates under the circumstances.

William Watson Clark outpitched Jess Haines and Fred Frankhouse to enable Brooklyn to win the opener of its series against the Cardinals, 9 to 6. This victory again pulled the Robins within three games of the sagging champions and the first division.

The Reds punched the Braves by 10 to 2 at Boston in the opening of Jack Hendrick's personal campaign to escape from the cellar.

The day's maneuvers in the American league were disappointing to all three contenders. Alphonse Thomas defeated the Yankees for the second time in his major league career. The score was 6 to 3.

The Athletics started with a rush, winning the opener at St. Louis by 4 to 1 when Howard Ehmke turned in a two-hit game against Sammy Gray, but the Browns got even in the nightcap. George Walberg and Eddie Rommel failed to hold Howley's boys, and the home team won by 7 to 5.

Legion to Honor K. M. Landis Friday

CHICAGO, July 11. (P)—Ken Shaw Mountain Landis, commissioner of baseball, will receive the national distinguished service medal of the American Legion Friday.

The decoration, awarded previously to only nine persons, is to be bestowed for the commissioner's work in connection with the American Legion junior baseball tournament, and will be presented by National Commander Paul V. McNutt.

Two old Virginia carriages from colonial days have joined Henry Ford's collection at Wayside Inn.

WOMEN PLAY FASTER GAME; BRIEFER COSTUMES HELP

This harder hitting generation of female stars could never play in the bundling garments (above) which were popular 20 years ago. The modern girl's garb is shown by Mrs. Charlotte Chapin, American player.

WIMBLEDON, England.—(P)—These famous courts, ancient even when blushing belles bundled in long skirts patted a gentle game, have had a rude awakening.

The modern stars play a different game and dress a decidedly different game. Gone are the swathing costumes which covered the shoe tips and anchored the players. Gone are the leg o' mutton sleeves; gone are the sleeves altogether and almost gone are the skirts.

The clothes worn by the modern stars weigh no more than their rackets. And the smashing drives they skim across the net would have sent screaming from the court the lady players of a generation ago.

Suzanne Lenglen ushered in a new dynasty of hitting, free moving women stars but even the days seem far removed. Helen Wills succeeded and the California girl brought her own ideas of swat and several new ideas of costume.

Lenglen wore the shortest dresses seen on the courts but la Suzanne thought a great deal of her complexion and her gay headresses were entirely feminine. Miss Wills wears simple frocks of unchanging design, consigns her complexion to the care of the sun and adheres rigidly to the visored shield, which she popularized.

Now the uniform de rigueur is a one piece dress brief enough to give the knees freedom, loose enough to leave the arms unhampered and ending abruptly at the shoulders. Some of the more hardy have adopted the "sun-back" model.

So far Wimbledon has been spared the stockingless fad which the young ladies insist, is not so much a fad as a downright convenience. But as other famous clubs have permitted the competitors to select their own apparel.

The men have not fared so well. Custom still requires shirts with sleeves. Last year a mild furore was created by the appearance of John Hennessey in a pair of striped trousers. But no traditions were shattered, for the good natured American smiled down to Bond street and outfitted himself with "slacks" of pristine elegance.

Now, though, there is a movement on foot to permit the masculine element to appear in shorts. What the ladies will do in rebuttal has not been intimated.

Fight Results

NEW YORK—Kid Chocolate, Cuba, outpointed Ignacio Fernandez, Philippines, (10). Armando Santiago, Cuba, knocked out Tony Pelligrino, New York (1). Black Bill, Cuba, outpointed Phil Tobias, New York, (10).

CLEVELAND—Billy Wallace, Cleveland, outpointed Tommy Grogan, Omaha, Neb., (10).

BENTON HARBOR, Mich.—Pee Wee Jarrell, Mishawaka, outpointed Tony Lombardo, Toledo, (10).

MILWAUKEE—Rene Devos, Belgium, stopped Joe Gordon, Minneapolis, (5). DAYTON, Ky.—Joe Chaney, Baltimore, and Eddie Kid Wagner, Philadelphia, (declared no contest in seventh round).

INDIANAPOLIS—Johnny Mason, Scranton, Pa., outpointed Jack Chief Elkhart, Chicago, (10). Jimmy Sansone, Cincinnati, outpointed Lon Lovelace, Terre Haute, (8).

To cheer Martin Feldman, 10, who was ill, a younger brother set off fireworks in his room. Little damage was done.

Texans Coming to Play Grays Next Sunday—Field Is Obtained for Team

The Pampa Grays, sponsored by the second base and Gibson at short stop. Ed Gober, Gray manager, has not announced his line-up for Sunday but says he will show Pampa fans the best team seen here in some time. He has started building his team for the Amarillo tournament, which opens July 21.

The new diamond is being put in condition today and bleacher seats will be arranged before Sunday afternoon. The big game has been called for 3 o'clock.

The contest will be a benefit game for the Legion band, uniforms for which are being purchased. The band also needs money for instruments and word received here. Farley will be on music.

BLAZING the SPORTS TRAIL

By ALVIN J. GOULD
Associated Press Sports Writer

Whether, as a few believe, it is the passing of the creative genius of Tex Rickard; or whether, as most observers hold, it is because of a slump in the fighting talent, there is little or no chance of a successor to Gene Tunney being elected by acclamation or named by the royal edict of boxing solons for 1929.

Most of the talk about Jack Dempsey making a final bid is just that—talk. Max Schmeling, the most promising prospect, created no great sensation by chopping up the woodshopper, Paulino Even if Maxie escaped legal entanglements with his managers long enough for a bout with Jack Sharkey, the Lithuanian-American "hope" for keeping the heavyweight business in America, the customers might very well ask, "What of it?" In short, the permanent retirement of Mr. Tunney has left the whole heavyweight industry in a very sad state of repair. The retirement of Mr. Dempsey, at least temporarily, has been even more depressing, for there never was any question of gate receipts where the old mauler was concerned.

This seems likely to be the first year in about a decade which has lacked either a heavyweight championship affair or a battle of "crocial" proportions to keep fight fandom in at least a mild furor. The Dempsey era was full of fireworks while it lasted, with big title shows in 1921, 1923, 1926, 1927. Tunney came along to share the spotlight in the last two and wind up his career by annihilating Tom Heeney in 1928. In 1922, the build-up of Luis Firpo was under way. The feature in 1924 was to have been a Wills-Dempsey battle. It never materialized but Wills then the black menace, fought and beat Firpo before a tremendous crowd in Boyle's Thirty Acres. Nineteen twenty-five saw Tunney on the way up, knocking out Tom Gibbons in the feature affair.

There has been some concern in a few places this season about baseball attendance. St. Louis and Cincinnati have not had the pleasure of former years, for example, and there is talk of the National League franchise in one of these places being transferred to Detroit to make the motor metropolis a two club town.

This is for the magnates to debate.

Diamond Suffers Lack of Material

DALLAS, July 11. (P)—A veteran baseball scout who has just returned from a tour of the state complains that amateur and semi-pro ball is in the same slump that has hit the small bush leagues. At the present rate there will be an alarming scarcity of diamond material in a few years, he declared.

"It used to be that I could make a loop of small towns within a radius of 100 miles, find baseball going full blast in all of them and discover as fine looking prospects for the majors as ever pulled on spiked shoes. Now these diamonds are grown up in Johnson grass."

FULLMAN CHAIRMAN DIES
CHICAGO, July 11. (P)—John S. Rummel, 84, chairman of the board of the Pullman company, died today at his summer home at Chocoma, N. H., the company offices here were informed.

Boxing to Follow Grappling Tonight on Pla-Mor Bill

A 10-round boxing match will follow the wrestling battle at the Pla-Mor auditorium tonight. This is the first time such a card has been staged here.

The two giants, Oscar Dotson and Bill Lutz will crawl on the mat at 9 o'clock and will go to a finish, two falls out of three. The Pampa blacksmith says he is going to make short work of the battle tonight, but the 220-pound Lutz says he is in the best of condition and will show Dotson something new in the wrestling game.

Speedy Joe Snow, local 144-pound boy, and Fighting Dye, 148 pounds of Phoenix, Ariz., will be the boxing pair. Both are fast and experienced boys.

Two good preliminaries will precede the wrestling match.

Baseball Scores

(YESTERDAY'S RESULTS)

National League
Chicago 6; New York 2.
St. Louis 6; Brooklyn 9.
Pittsburgh 15; Philadelphia 9.
Cincinnati 10; Boston 2.

Fire Chief Frank Jaynes of Rochester, N. Y., has served in every disastrous battle of his department for 55 years.

STEERS BADLY CRIPPLED—NOW IN BASEMENT

By GAYLE TALBOT, Jr.
Associated Press Sports Writer

Chances are that Messrs. Dreyfuss and McJunkin of the Dallas Steers wouldn't take a pretty for that first half championship of them. At the present clip of the hamstringing Mavericks they will be lucky to finish in calling distance of the second half title.

In the last two days the team that nosed out Shreveport in the first heat has suffered everything except fire and pestilence. Crippled and cracked, the Steers occupied the basement today.

Yesterday the Stockmen not only lived up to the popular belief that they are suckers for a good left hander by dropping both ends of a double to the Sports, but topped off the day by losing another regular infielder for a couple of weeks. Country Davis, the Herd's hard hitting first baseman, suffered a spiked leg and a wrenched knee when he and St. Rosenthal, right fielder, collided while shagging a fly ball and probably will be out a fortnight.

The unprecedented string of mishaps has left the Steers with only one regular infielder. Irvin Jeffries at third, Pitchers and catchers are strung all around the works as the first half titlists limp over to Shreveport for a pair of engagements. Little sympathy they will get in the Louisiana metropolis. Art Pheasant nearly has a stroke every time he thinks about that split.

Wilbur Cooper southpawed the Mavs into submission in the first half of yesterday's bargain bill, 12 to 2. He permitted five hits, while Joe Martina was no puzzle to the stugging Phenixites. Thompson, another wrong-hander, tamed the Steers in the second 11 to 8, although he needed help from Turo before it was over.

Wichita Falls took a strange hold on the top rung by shading the Panthers, 3 to 2, in the first of a two game series at Athletic Park. There is a strong feeling in baseball circles that the Spud ders are long gone for the second half and a playoff with Dallas.

Paul Wachel, ranking veteran on the Houston roster, and Joel Hunt, rookie shortstop, shared plaudits in the Buffs 5 to 0 triumph at Waco. Wachel because he flared again for an afternoon and blanked the Cubs with six hits, and Hunt because he was making his first professional appearance in the city which once claimed him as a high school football star.

San Antonio's opener at Beaumont was washed away.

Cut your Gasoline Bills with extra miles

COST per mile—that's the real basis for figuring motor fuel efficiency during the touring season.

Get down your speedometer reading the next time you fill with Conoco Gasoline. Then check it at re-filling time. You'll wonder how you got so many miles from so little gasoline!

Conoco Gasoline is made for big mileage and at the same time it gives you those other desirable qualities, quick starting and rapid acceleration. Because it has a continuous chain of boiling points, it functions efficiently at every step in the driving operation—with special emphasis on power and mileage. You be the judge. Drive to a Conoco pump—then speed away for extra miles.

Talks To Parents

FUNDAMENTALS
By ALICE JUDSON PEAL

We are learning something about fundamentals.

Recent studies made by doctors and psychologists show conclusively that in the whole development of the child nothing is more important for his future happiness and success than the proper development of his emotions.

They mean as much to him as his health and more than his schooling.

We have all noticed in a haphazard way that gifted children often didn't turn out as well as everyone expected.

We have seen children who were brilliant in academic work fail lamentably in other phases of their lives.

We have observed children who were most carefully educated at good schools and who were showered with all sorts of "advantages" achieve less than youngsters who had to scramble for what they got and who appeared not especially well endowed in the first place.

We have all more or less hazily guessed that the answer lay in that mysterious thing called character. The scientific studies which have been made make it plain that our hunch was right and that character or person-

ality is determined by the emotional development of the individual. It is, then, the education of your child's emotions which is the most important of all.

And where and when does that education begin? At home. In the cradle.

Your job is far more important than the school's. It is at home that your child will learn the really great lessons of life, and he will have to learn most of them before he is six!

It is at home with you that he will learn all that really matters, all that he cannot acquire without help. It is at home that he must learn how to

love and work and play, how to control his temper, how to take frustration, how to endure pain.

If you teach him these the rest will take care of itself, for he has mastered the fundamentals of a good life.

love and work and play, how to control his temper, how to take frustration, how to endure pain.

If you teach him these the rest will take care of itself, for he has mastered the fundamentals of a good life.

BY RICHARD MASSOCK

NEW YORK.—On the tenth floor of an office building at one of New York's busiest corners a shabby young man at the other noon and nervously twisted a battered hat.

He was in the reception room of Dr. H. M. Warren, who had on his desk a note from a neurological clinic. The young man, the letter said, was contemplating suicide. And so the clinic had sent him to Dr. Warren, president of the National Save-a-Life league.

More than a thousand cases of mental distress that have almost reached the self-destruction stage this are sent to the fired founder of the anti-suicide organization each year. Some are sent by physicians, others by clergymen, teachers or friends.

By personal interviews or by mail Dr. Warren hears of their troubles and responds with the counsel of hope.

"Wait another day," he advises. "Sleep on it."

It is, he said, effective treatment.

Called to Service

More than 20 years ago Dr. Warren was a Baptist minister, pastor of a New York church. Often his spiritual duties took him to the city's hotels to talk with despondent strangers who in their loneliness were in want of advice.

One day such a stranger, at loose ends, telephoned frantically to one clergyman who was out to another who was "too busy," to a third who refused to visit him. Then he leaped from his window.

That determined Dr. Warren to give up his pastorate and devote time and income, which was independent of his

salary, to the saving of lives. He felt that he "was raised by God to do this work."

For Dr. Warren believes in a God whom man meets in the hereafter, and a Satan. Both, he thinks, influence lives, one offering hope and fulfillment, the other despair and "the lie of futility."

To Dr. Warren suicide is self-murder, as much a crime as the taking of another's life. It is hurling oneself "unbidden and unprepared before the judgment bar of an offended God, where no one can escape personal responsibility for the deeds done in the body, and where possibly you may begin life there as you leave it here."

Through the league, therefore, he offers what preventive seems to be needed: free medical treatment, free legal aid, or temporal help (i. e., money), and spiritual assistance. He himself always prays with those who come to him personally.

"It has," he said, "a magical, psychological effect."

Diversions

The young man who was waiting to see Dr. Warren was sent to the league's "salvatorium" at Hastings-on-Hudson. A hundred former service men, wrecks of the war, have been treated there to rest and recreation.

Dr. Warren himself carries heavily the duties of his office. The loose frame of this grey, mild-mannered man seems fatigued by the cares he takes from others in exchange for restored hope.

He finds some relaxation in the study of astronomy; music, his own playing on organ or piano; motoring, for which he has two cars, and an active social life. But even with these diversions, it was necessary for him to pass last winter in the south, to fit himself for another year of life-saving.

WILSON'S DAUGHTER IS IN CRITICAL DANGER

CHICAGO, July 11. (AP)—A blood transfusion was performed today to save the life of Miss Dorothy Wilson, debutante daughter of Milton Wilson, a director of Wilson Brothers, manufacturers.

Miss Wilson was critically injured yesterday when her motorcar was struck by an automobile driven by Miss Helen Hertz, 19-year-old daughter of John Hertz, former president of the Yellow Cab company. Miss Hertz faces charges of assault with a deadly weapon and is at liberty on her own recognizance.

Speed of Modern Life Is Causing Many Ailments

PORTLAND, Ore., July 11. (AP)—The speed and pressure of modern life were blamed by speakers before the American Medical association congress here for many physical ailments.

Dr. Joseph Eckel, Buffalo, N. Y., psychiatrist, declared daily excitement not only affected the mind but that mental disorders due to the pressure of environment "may actually produce deafness, blindness or serious gastric symptoms."

Studies at the Cornell university clinic of patients suffering from ailments of the digestive system brought on by emotional strain were presented by Dr. George S. Stevenson of New York.

The pace of modern educational methods was deplored by Dr. Lloyd Mills of Los Angeles, who declared its speed was not only conducive to ill health but also made accurate thinking impossible.

Dr. Lovell Langstroth of San Francisco told the congress that while most Americans had advanced beyond the fried potatoes, sweet desserts, and pie breakfast diet, the liking for menus conducive to degenerative diseases remained.

Rose of Sharon Is Race Threat

CHICAGO, July 11. (AP)—The mud-died question of 3-year-old supremacy of the season may be still more mud-died as far as the country's leading colts are concerned, after the running of the \$60,000 American classic at Arlington park Saturday.

The threat against the ranking of Clyde van Dusen, Blue Larkspur, Windy City, Dr. Freeland, and a host of other excellent colts is Rose of Sharon, midwestern queen of the turf.

The giant daughter of Light Brigade-Rosa Mundt smothered all opposition in four of the leading fifty events of the middle west, the Latonia Oaks, Ashland Oaks, Kentucky Oaks, and Illinois Oaks.

E. R. Bradley's Blue Larkspur arrived at Arlington park yesterday in perfect condition, and ranks as the favorite for the country's richest race.

A banquet is the reward for workmen in the Oklahoma oil fields who are careful. The inducement cut accidents 25 per cent.

Patna rice, now grown only in India, soon may thrive in southwestern Texas as the American Rice Growers' association hopes.

Narcotic Ring Is Object of Search

SAN FRANCISCO, July 11. (AP)—Ramifications of a purported international opium smuggling ring were being traced by government officials here today as they awaited instructions from Washington regarding Mrs. Susie Ying Kuo, wife of the suspended Chinese vice-consul here, in whose baggage a fortune in opium was found last Monday.

Investigators announced "incriminating evidence" had been found in Mrs. Kuo's personal baggage, opened after the opium had been found. It was said to have implicated "a high official" in the Chinese consulate here.

United States Attorney George J. Hatfield said only Mrs. Kuo's quasi-diplomatic standing had prevented her arrest thus far. He said he expected instructions from the department of justice today on the case.

Five Actors Are Under Suspension

HOLLYWOOD, Calif., July 11. (AP)—Suspension of five actors from the Actors' Equity association and the reinstatement of two others was announced by Frank Gilmore, president, today. While no statement was made as to the cause of the suspensions, it was understood they resulted from making contracts with talking motion picture producers without sanction of the organization.

Those suspended were Tully Marshall, Anders Randolph, Raymond Hatton, Louise Dresser, and Henry Otto.

The action at a meeting of the association last night was interpreted to be the first move of equity in its demand that producers accept only contracts from paid-up members of Equity. Leading members of the industry here made a flat refusal of the demand, insisting openness would continue.

You can keep your own home town prosperous and give employment to Pampa workmen by using Pampa made products.

Mother's Bread

IS MADE IN PAMPA BY PAMPA LABOR

Effort to Run Street Cars Will Be Made Soon

NEW ORLEANS, July 11. (AP)—While negotiators strove for a truce in the street car strike, United States Marshall Victor Loeis announced he would attempt to have street cars operated either Saturday or Sunday under protection of United States deputies and by authority of a federal injunction recently granted.

The marshal said he did not anticipate violence from the strikers, but he was prepared to protect the company's property against onslaughts such as prevailed last week during riots caused by operation of cars by strike breakers. All quarters were quiet today.

Civic and government negotiators carried on conferences hoping to arrive at a plan of strike settlement.

Reed Landis, son of the baseball arbiter, and a world war ace has forgotten aviation for the peacetime pursuit of advertising.

PAMPA ICE COMPANY

One of the Leading Ice Manufacturing Companies of This Part of The State Located at 417 Foster Street.

With modern ice plants and an adequate distribution system, this company is equipped to supply any demand that may be made for pure ice. It is indeed one of our most important institutions. A concern that is under a very progressive management and has demonstrated its value to the public in a most impressive manner.

No concern dealing with the public can prosper without giving the utmost in service. The type of service this company is giving is reflected in the increased business which is making it necessary for them to build another plant in the 900 block of Cuyler street. The plant will be of brick and tile construction and will have a capacity of 20 tons of ice per day. This will give the company a production of 60 tons of ice per day, enough to supply the wants of a city twice the present size of Pampa. It reflects the faith that the Pampa Ice company has in the future growth and prosperity of Pampa. The ice from the new plant will take care of the fast growing south side of the town and the south oil field.

It is an essential business that requires at its head men of experience in the ice and manufacturing business, executives who are familiar with retail and the necessity for a distribution system that fully accommodates and serves its patrons. This company excels in their service of distribution. It is such a house as the one that adds to the convenience of the retail ice dealer and provides good ice of the highest quality at reasonable prices.

The story of the success of the Pampa Ice company is one that a great many business men would find profitable reading. This firm began its career with the sound belief that success could be obtained by furnishing ice of purity upon a reasonable margin of profit. As their trade increased and the business flourished they expanded until now it is one of the leading ice manufacturing institutions of the state.

The public should know that they possess a plant which is not surpassed in any state and a distribution system which serves the buyers in the best possible manner.

Strength to the one . . . to the other speed

NATURE seldom gives the maximum of two good qualities to any animal, plant, mineral or any natural oil. Most motor oils are made from crude oil that has a paraffine base or another crude oil with a naphthene base. Both these crude oils have qualities peculiar to themselves. The chemists of the Gulf Refining Company chose the best paraffine and naphthene crude oils and after exhaustive research finally succeeded in perfecting a blend of the two, which is

SUPREME MOTOR OIL

This two-base oil is especially made for today's high-compression high-speed motors.

Youth Is Killed, Girl Attacked, by Alabama Negro

EDFAULA, Ala., July 11. (P)—Jack Hines, 25, was killed instantly, and Miss Beatrice Clark, 18, his companion in an automobile, attacked and seriously injured north of here last night by a negro who escaped in Hines' automobile.

A shot killed Hines. Miss Clark said she was dragged from the automobile and attacked. She said the man was a negro. She reported receiving several blows on her head and arm. Attendants at a hospital here said her arm was badly mutilated.

Both victims of the attack are of prominent families here. A posse was organized.

Clara Bow Admits Her Engagement

LOS ANGELES, July 11. (P)—Clara Bow, referred to as the "It" girl of the screen, is engaged to wed Harry Richmond, upon completion of pictures which Miss Bow and Richmond are making here.

Richman broke the news of the engagement yesterday. Many times reported engaged since the beginning of her film career, Miss Bow has had occasion to deny such reports but this one she confirmed.

"As soon as we complete our respective pictures," said the actress, "we are going to be married."

The romance, which began when the actress was on a vacation in New York several months ago, was renewed when Richmond arrived in Hollywood recently to take part in his first talkie.

Richman began his career at a cafe near Los Angeles, later going to New York where he first met with success. He was married to Yvonne Stevenson in 1918 at Santa Ana, Calif., and divorced in 1922. Miss Bow never has been married.

"Untin" Bowler Is Ready for Flight

CHICAGO, July 11. (P)—With 600 gallons of fuel in its tanks, the "Untin" Bowler awaited favorable weather today at Port Burwell, Labrador, to dash across Hudson and Davis straits to Mt. Evans, Greenland, next scheduled stop on its flight from Chicago to Berlin.

The Chicago Tribune, which is backing the flight, was told by Robert Wood, aviation editor and a passenger on the "Untin" Bowler, that thick fog and unfavorable winds kept the amphibian out of the air yesterday. The day was spent, Wood said, in fighting to keep the plane from being crushed by huge ice cakes blown into the fjord where it was anchored.

Theft of religious articles from churches in Italy is being punished severely since application of canon law to the kingdom.

CHURCHES

FIRST BAPTIST CHURCH

The negroes of the South, brought here and subjected to abject slavery for nearly 250 years, still feel the curse of slavery upon them, although they have been free over 60 years. Many of them, like many of us, are very wicked. Many of them are good obedient citizens and are trying to do right.

The Christian white people of the South composing the Southern Baptist convention are doing much for the negroes within their territory, but we are not doing as much as we could or as we should do for them. We employ missionaries to help them; we have given them the American Baptist Theological seminary located in Nashville, Tenn. For seven years we gave them the services of Rev. J. W. Bailey, who, as our negro evangelist, was paid a salary to go over the South and preach to his own people.

His own convention now has him employed without a salary to serve as evangelist to his people. Brother Bailey is in Pampa doing a great work among the colored people. His salary depends upon the generosity of the white and the colored people who know and approve of his work. Under his ministry in Pampa the past 10 days, a number of the negroes have been saved and several have joined the colored Baptist church. All who have heard him have been strengthened in spirit.

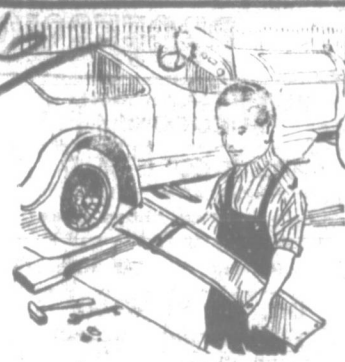

The closing service of Brother Bailey's campaign here will be held tonight at 8:30 o'clock in the auditorium of the old First Baptist church building, across the street from the new courthouse. All the colored people of the city are urged to hear Rev. Bailey's last message, and the white citizens of Pampa are cordially invited to attend the service. A special section of the auditorium will be reserved for the white visitors. White people having negroes in their employ are urged to encourage such employees to attend this closing service.

The pastor of the negro Baptist church is expected to arrive in time to baptize the candidates for baptism. A choir of 25 voices from the negro Baptist church of Amarillo is expected to be present to sing a number of negro spirituals such as "Swing Low, Sweet Chariot."

Let us encourage these good Christians in their work among their own people by attending the service this evening.

JOHN LEE HARRIS,
Asst. Pastor.

Mrs. Jack Mason left Tuesday with a party of friends from Amarillo on a week's motor trip to Carlsbad, N. M., El Paso, and other points of scenic and historic interest in the west.

Trouble Feared in Chinese Rail Seizure Problem

TOKYO, July 11. (P)—Japanese official circles watched events in Manchuria today with growing anxiety, seeing in the Chinese coup which has destroyed Russian control of the Chinese Eastern railway a situation dangerous to the Chinese Southern railway, in which Japan has a vital interest.

TOKYO, July 11. (P)—A Rengo dispatch from Harbin today stated that the Chinese authorities took over complete control of the Chinese eastern railway at midnight last night.

Oil Man Warns Against Requa's Conservation Idea

TULSA, Okla., July 11. (P)—Wirt Franklin, Ardmore oil man and president of the Independent Petroleum association of America, sounded a warning here yesterday to editors of the nation not to accept Mark L. Requa's plan of conservation for the oil industry at its face value.

Mr. Franklin's warning was issued in response to a letter sent by Mr. Requa, presumably to every editor in the country, describing an acute need for conservation by "restricting drilling to meet the requirements" of the market.

"Whatever may be the ideas and objects behind Mr. Requa's plan, the result of it, if it were put into effect and carried out, would be to limit production in the United States to barely meet the market requirements that could not be met by the importation of oil," Mr. Franklin said.

West Foster Paving Now Being Poured

Paving operations on West Foster avenue were resumed yesterday afternoon and that street will be completed in a few days. The center section was completed several days ago but had to "set" three days before the other sections could be poured.

Fine grade on East Francis avenue, nine blocks, is being completed this week and paving will start next week, officials of the Stuckey Construction company say. Rough grade and curb and gutter structure are under way on five and a half blocks on East Kingsmill avenue.

Little Miss Catherine Culbertson, daughter of Mr. and Mrs. F. M. Culbertson, returned home yesterday from a three-week visit with her grandparents, Mr. and Mrs. G. W. Whitcomb of Rochester, Minn. She was accompanied by her aunt, Miss Beulah Whitcomb, who left last night for her home.

Fake Fire Call Is Placed Here

Efforts to trace a call received by the Pampa fire department yesterday afternoon from information given from the local telephone office proved unsuccessful, the office where the call originated from not having any knowledge that a call had been made from that place.

The message stated that the fire was at the Schneider hotel, but the call had been placed from another office. The department answered the call but failed to find any fire.

"This is the first time in several months that we have received a fake call," Fire Chief Ben R. White said this morning.

Queer Malady Is Causing Deaths

SAFFORD, Ariz., July 11. (P)—Six persons were dead today at a little lumber camp 35 miles from here, victims of an illness which has mystified physicians. A seventh victim was believed to be recovering from an attack of the same malady.

Meager reports last night told of the deaths of William Evans, 45, and an 11-year-old boy named Powell, after Evans' 4-year-old daughter had died earlier in the day. Three boys had succumbed yesterday.

The first victims were John Green, 16, Grayer Siebold, 16, and Ralph Kerby 11. Pitomaine poisoning from drinking home made intoxicants at first was decided to have been the cause of the deaths, but the theory was discounted with the death of Evans' child, who was said not to have partaken of the beverage.

Dr. W. E. Platt, county health officer, said the symptoms resembled cerebro-spinal meningitis.

Drowning Hoax Believed Found

EVANSVILLE, Ind., July 11. (P)—Police today believed Allen C. Yeager, Evansville business man and boys

worker, was heading for Arizona after perpetrating a drowning hoax here. It was revealed last night that Russell Morris, 13, who disappeared with Yeager, had told friends he was going to Arizona and New Mexico with a friend who had a car and "lots of money."

Yeager and Young Morris were presumed to have drowned after the boat in which they were riding on the Ohio river Saturday night was found capsized near here Sunday.

1385 ACME LUMBER CO.

Located at 110 West Thut Street, Features Lumber, Timbers, Sash, Doors, Builders' Hardware, Cement and Many Specialties—An Institution That Is a Great Aid In The Present Building Campaign As They Have On Hand Vast Quantities Of Lumber and Building Materials

This is the day and age when the public demands not only magnanimous service, but the best in quality at a reasonable price. Thoroughly conversant with all the manufacturing, wholesale and retail conditions of the country and with a wide experience in their particular field of endeavor, the management of this popular institution has been able to render a service to the people in this time that is distinctly satisfactory.

They carry a most complete line of supplies which arrives at their place in large lots and includes all the special sizes required by the public and the contractors. It is purchased at most reasonable prices and thus this firm is able to dispose of it to the public at prices that are very satisfactory. They have excellent facilities for the keeping of the stock and when it arrives at its destination it is in good condition for work.

Service is a feature of the concern. When you order whether in person or by phone you will find that you will get exactly what you order in good time and you will not be bothered by having to send it back or be inconvenienced in any way.

When it comes to quality we assure you that this stock will compare favorably with the best in the state. Whether you want materials of moderate price or the most expensive kind on the market, you will find that this firm will give you value received for your money.

All you have to do is to call them over the phone and the delivery will be at your place in a short time with the order.

The manager and assistants have been earnest workers in the interests of the community in which they are located. With acute business judgment, which is responsible for the success of this large and growing business, they realized that every commercial and industrial enterprise would wither and die if located in a community that did not improve and keep pace with the times.

The Acme Lumber company conducts a truly well known business house of this section and are always prominently identified with the industrial progress of the community.

WHEAT PRICES BREAK
CHICAGO, July 11. (P)—With many traders inclined to regard bullish aspects of government crop reports as having been discounted beforehand, wheat prices suffered a sharp break today. Light rains in drought districts northwest and hedging pressure from the southwest tended also to give an advantage to the selling side.

Opening 3-4 off, to 3-4 up, wheat later developed a pronounced downward trend. Corn and oats weakened also, with corn starting unchanged to 1c higher, and subsequently undergoing a general setback. Provisions held firm.

CHICAGO GRAIN
CHICAGO, July 11. (P)—Wheat: No. 2 red 1.24; No. 2 mixed 1.25. Corn: No. 2 mixed 96-97; No. 2 white 97-1-2. Oats: No. 3 white 44 1-2-45; No. 4 white 42 1-2-44.

Wheat closed nervous, 5-8 to 1 1-8c above yesterday's finish. Corn closed 1-2 to 7-8c up, oats 1-4 to 1-2c advanced, and provisions varying from 5c decline to 5-8c.

Curry Is New Lions President—Is Inducted Today

W. H. Curry took the reins of the Lions club today as its third president, succeeding Judge Ivy E. Duncan. The first president of the club was H. Otto Studer.

After complimenting the administration of Judge Duncan, during which the club greatly increased its membership, President Curry made announcements concerning his regime and said that the constitution of the international organization would be closely followed.

The principal report was made by Lion W. J. Rogers, who had been appointed to assist in obtaining free mail delivery for Pampa. Lion Rogers read numerous letters and telegrams exchanged with postal authorities. He said letters and telegrams were being sent to Senator Morris Shepherd in behalf of the club.

He pointed out Coughlin at the general delivery window, and said that on June 21 there were 1,982 personal calls for mail. That 43 blocks meet requirements for free delivery was also announced.

Divorce Plea Ends in Shooting

AUSTIN, July 11. (P)—A divorce suit filed one week ago by Mrs. D. A. Bush, 47, against her husband, was held today by police to have caused the fatal shooting yesterday of Mrs. Bush's sister, Mrs. Otis White, and the serious wounding of the estranged woman. The shooting occurred at the Bush home.

D. A. Bush, claim agent and secretary of the local street railway company, was held without bond today on a charge of attempted murder in the wounding of his wife.

Bush refused to reveal any information to officers.

Houston Negro Killed by Officer

HOUSTON, July 11. (P)—An unidentified negro was shot to death here early today by Detective Dave Turner. Turner and his partner, Hal Jamieson, said the negro tried to get away after they had stopped him. He grabbed Jamieson's pistol from his holster and struck the officer across the face with the barrel. Turner then fired once, and the negro fell.

FIRE—

(Continued from Page 1)

in the freight apparently buckled and left the rails. The passenger locomotive, traveling at a high speed, crashed into it and spread the tank car's inflammable contents over a wide area.

None of the freight car crew was injured.

After the collision nearly half the fifty cars in the freight train buckled and covered both tracks with blazing wreckage.

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Pampa Drug Co.

Swedish Fliers Land in Greenland

COPENHAGEN, Denmark, July 11. (P)—Devices received here from Ivigtut, Greenland, state that Capt. Alvin Ahrensberg and the crew of the airplane Sverige reached Ivigtut at 6 a. m. today in a motor boat after landing at Kungnaib bay from Reykjavik, Iceland.

FILES SLANDER SUIT

CHICAGO, July 11. (P)—Ann Livingston of Tulsa, Okla., who won a \$25,000 verdict in her breach of promise case against Franklin Harding last week, has filed a new suit against the 63-year-old manufacturer, this time asking \$200,000 and charging slander.

FLY-TOX

DEVELOPED AT MELLON INSTITUTE OF INDUSTRIAL RESEARCH BY RESEARCH FELLOWSHIP

There is no excuse for flies—filthy carriers of disease. It is so easy to kill them with fragrant, stainless FLY-TOX. Rooms may be sprayed freely as FLY-TOX is harmless to people and will not stain.

A vast army of insects is bred in FLY-TOX laboratories to be released in the FLY-TOX "Chamber of Death" to test and destroy the pestiferous little creatures of FLY-TOX before it is sold to you.

Tune in on FLY-TOX Program every Thursday morning. Program comes to you over the Columbia Broadcasting Chain through station KMOX St. Louis. Do not miss it—it's different.

COLTEXO MEN ARE HELD UP

Three men, two armed with pistols and one carrying a sawed-off shotgun, held up Coltexo employees at a bunkhouse, about three miles east of LeFors last night and escaped with about \$40.

They were still searching their victims when A. R. Cain and Brutus Savell, other employees arrived. Seeing the newcomers, the hold-up trio left hurriedly in their Cadillac coupe.

According to Mr. Cain, one of the men was heavyset and about 40 years old, while the others were small men, apparently under 30 years of age. One of their intended victims had \$105 in his pocket, which would have been taken had not the robbers been scared away.

Deputies are working on the case.

Garage Building Is Begun Today

Construction work on the Saunders Brothers \$54,000 brick and steel garage building was started this morning. Engineers "staked off" the location for the building yesterday. The new addition to Pampa's business district will be situated at the corner of East Kingsmill avenue and Ballard street, one door south of the Texas hotel.

Material is on the ground and W. E. Davis, building contractor, will rush the garage to completion. The ground floor will be used as a Studebaker and Hupmobile showroom, service station, tire sales station, battery shop and storage rooms. The top floor will be a work shop and car storage.

Entrance to the second floor will be on an incline at the rear of the building.

PASTOR IS VINDICATED AND ACCUSERS OUSTED

DALLAS, July 11. (P)—Nineteen members of the First Baptist church of Trinity Heights, a Dallas suburb, who sought the dismissal of their pastor, the Rev. L. L. Shoptaw, were themselves ousted when the pastor was exonerated by an overwhelming vote after a hearing of the charges.

The hearing was based on a petition circulated a month ago alleging improper conduct.

"The pastor was exonerated by an overwhelming vote and was given a rising vote of confidence," a spokesman of the church said today. "This faction, unwilling to let the majority of the membership rule, was held in contempt of the church, and for slandering the pastor and fellowship of the church was withdrawn from them."

TOBACCO THEFT RING IS BELIEVED OPERATING

GREENVILLE, July 11. (P)—Convinced that an organized band specializing in the wholesale theft of tobacco is operating in Northeast Texas, railroad officials and peace officers have united in a determined drive against the band.

Eleven special railroad agents, representing practically all the major lines operating in this section, were here today investigating two of the most recent robberies attributed to the band. Thefts of cigarettes, canned tobacco and snuff in large quantities from box cars in Northeast Texas have been reported during the past few months.

HOOVER URGES YARDSTICK

WASHINGTON, July 11. (P)—President Hoover today advised senate republican leaders to apply the yardstick of "adequate protection" to the pending tariff bill.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

NOTICE IS HEREBY GIVEN That by virtue of an order of sale issued by the Clerk of the District Courts of Dallas County, Texas, on the 3rd day of June, 1929, in a certain cause wherein Home Building & Savings Association, a corporation, is plaintiff, and M. E. Bethurum, J. C. Clem, E. W. Braxton and Mrs. E. W. Braxton, his wife, are defendants No. 78384-D, plaintiff recovered judgment against the defendants M. E. Bethurum and E. W. Braxton for the sum of \$2,113.06, with interest from April 26, 1929, at 10 per cent per annum on \$1,921.51 of said sum, and 6 per cent per annum on \$192.15 thereof, which judgment was rendered on April 26, 1929, in the District Court of Dallas County, for the 96th Judicial District of Texas, I have levied upon, and will, on the first Tuesday in July, 1929, same being the 2nd day of said month, at the Court-house door in the City of Pampa, Gray County, Texas, between the hours of 10 o'clock a. m. and 4 o'clock p. m., proceed to sell to the highest bidder for cash all the right, title and interest of the four above named defendants in and to the following real estate, levied upon on June 5, 1929, as the property of said defendants, to-wit:

Situated in the County of Gray, State of Texas, to-wit:

Being all of Lot No. 5, and Lot No. 6, in Block No. 81, according to the original map or plat of the Town of McLean, Gray County, Texas; and being the same property described in a deed from W. E. Bogan and wife, Pearl Bogan, to M. E. Bethurum.

The above sale will be made by me to satisfy the above described judgment, together with interest and costs, and the proceeds will be applied to the satisfaction thereof.

E. S. GRAVES,
Sheriff of Gray County, Texas.

BRITISH EDITORS ARE "FLABBERGASTED"

By U. S. A. CHICAGO, July 11. (P)—Flabbergasted, as one them said, by the size of this country, its beauty and industry, a group of editors of nine European newspapers arrived in Chicago today for a four-day visit.

The European editors are touring the United States as guests of the Carnegie Foundation for International Peace. From here they go to New York, by way of Niagara Falls. In Chicago they are guests of the publishers of the Chicago newspapers.

AUSTIN, July 11. (P)—Emmett Spann, convicted in Gregg county in 1928 for violation of the prohibition law and sentenced to serve a one-year term, was given a 30-day furlough today by Governor Moody.

THE STATE OF TEXAS, COUNTY OF GRAY, IN THE COUNTY COURT OF WHEELER COUNTY, TEXAS.

H. P. Mundy, Plaintiff

vs.
I. Scott, Defendant:

WHEREAS, by virtue of an execution issued out of the county court of Wheeler County, Texas, on a judgment rendered in said court on the 16th day of April, 1929, in favor of H. P. Mundy, and against I. Scott, No. 679 on the Docket of said court, I did, on the 17th day of June, 1929, at 10 o'clock a. m. levy upon the following described tract and parcel of land situated in the County of Gray, State of Texas, and belonging to the said I. Scott, to-wit:

All of Lots 1 and 2, in Block 3, of the original Town of McLean, Gray County, Texas, as shown by the recorded map and plat of said town, and consisting of two town lots, and known as the I. Scott Filling Station Property; and on the 6th day of August, A. D. 1929, being the First Tuesday of said month, between the hours of 10 a. m. and 4 p. m. on said date, at the courthouse door of said county, I will offer for sale, and sell at public auction for cash all the right, title, and interest of the said I. Scott in and to said property.

Done at Pampa, Texas, this the 6th day of July, A. D. 1929.
E. S. GRAVES,
Sheriff Gray County, Texas.
By C. E. PIPES,
Deputy. 8-15-22-29
