County Commissioners draft

\$3 million budget

Mitchell County Commissioners arrived at a tentative budget of \$3,012,414 for 1989, after a final workshop session Wednesday afternoon.

The new proposed budget reflects an overall 11.33% increase of \$309,937 over last year's budget of \$2,702,477.

Major increases in the new budget are \$80,000 for road equipment, \$79,000 for county jail remodeling, \$55,000 for an average 5 percent salary increase for employees, \$20,000 for hospitalization and health insurance, \$12,000 for worker's compensation and \$14,000 for a new Sheriff's car, which amount to \$281,000 of the increase.

Some of the other increases put into the budget were additional \$6,500 for charities, \$1,650 for child welfare, \$5,000 for fire protection, \$2,000 for post mortems, and \$6,000 for new office equipment for the Sheriff's Office.

SHORTFALL

Taxable valuations in the

County increased by over 12% and total revenues are anticipated to be \$2,757,343, up from \$2,298,565 last year. But the revenues will still be \$255,071 short of meeting the budgeted expenditures, which will have to be made up from the \$5.5 million in reserve funds on hand. Last year, the shortfall was \$403,912.

SAME TAX RATE

The anticipated revenues are based on the same tax rate as last year, 39.07 cents per \$100 valuation. Mitchell County Appraisal District set the County's effective tax rate—the rate that would bring in the same amount of tax dollars as last year—at 39.49 cents. Anticipated revenues of an estimated \$119,000 from the new 1/2 percent sales tax levy, would lower this figure by 2.75 cents, giving a new effective rate of 36.74 cents. However, the Court proposes to set the same tax rate of 39.07 cents, which is 2.33 cents over the calculated effective tax rate. Thus, it appears that the taxpayers will be getting no

benefit from the 1/2 percent sales tax; except that without it, the tax rate may well have had to be higher.

Surprisingly enough though, the taxes on homeowner and business properties in the county will be a little lower. It has been calculated that the average mean value of all homes in the county was \$20,450. With the 5 percent adjustment on values this is reduced to \$19,430. Plus there is a homestead and senior citizen exemption. At the current tax rate of 39.07 cents per \$100 value, the taxes on the average would will be \$73.14 as compared to \$77.13.

PUBLIC HEARINGS

The Commissioners Court has called a public hearing for August 15 for the final approval of the proposed budget. After allowing time for proper notification, another public hearing has been scheduled for Friday, August 19, for the official setting of the tax rate.

Free Senior Class tests

Free cholesterol and hemogram screening will be offered by Mitchell County Hospital to members of its Senior Class program.

The Senior Class is open to senior citizens and offers a variety of services through Mitchell County Hospital and St. Mary of the Plains Hospital in Lubbock.

Lipid research studies have established that lowering elevated blood cholesterol levels will reduce the risk of coronary heart disease. Their conclusions indicate that a one percent reduction in the blood cholesterol level results in a two percent reduction in coronary heart disease.

For free screening, Senior Class members should complete a form elsewhere in today's Record and bring it with them to the hospital laboratory during 6-10 a.m. Aug. 8-12, said Ray Mason, hospital administrator.

Persons having the tests done should not eat any food 12 hours before the test. You may drink water.

The test results will be available three days after blood is drawn and may be picked up at the Senior Class office of the hospital.

Any abnormal results will be noted so that a physician can be consulted.

New life-support device used

Mathis gets heart transplant

Dale Mathis, 47, manager of Landmark Cablevision here, was reported to have undergone an apparent successful heart transplant in Baylor Medical Center, Dallas, Thursday night.

Friday afternoon he remained in critical condition in the intensive care unit, but his condition was stable, vital signs good, and he was doing well.

His wife, Linda, told The Record that a donor heart had been received from California about 5:35 p.m. and the transplant was completed around 10 a.m.

Mathis was the 25th heart transplant patient at Baylor Medical Center, but he may have made a bit of medical history.

Mathis suffered a severe heart attack Sunday, July 24. He was rushed an Abilene hospital and flown to the Dallas Hospital where he was the first patient to be successfully connected to an experimental artificial heart pump used to bridge transplantation, while awaiting a suitable donor heart. Mathis remained on the external "pump" device for 10 days.

When the suitable donor heart was received, the five hour transplant surgery was performed by Peter Alivizheos, M.D. director of cardiac transplantation at the hospital, assisted by cardiac surgeons Drs. John Capchart and Kimbell Jett.

A national news conference was held at the hospital about 1 p.m. Friday when doctors described the new device, called BVS System 5000, manufactured

by Abiomed of Danvers, MA. The conference was to be televised Friday night on national network news.

Baylor Medical Center is only one of six hospitals in the country approved to utilize the BVS-5000 system, and was the first to use it successfully. The external system is connected to the patient by two tubes, which supplies full life-sustaining functions. It has been under development for four years. Baylor Medical had been approved for the device only two weeks prior to Mathis' arrival.

Mrs. Mathis said she and the family were very pleased with Dale's conditions, but they have been warned that complication could develop. She said they have "greatly appreciated all the prayers, calls and concern expressed by their friends in Colorado City."

New telephone directories

Delivery of the new 1988-89 Southwestern Bell Telephone directories for Colorado City, Loraine and Westbrook began August 4 and should be completed by August 11, Jim West Area Manager-external Affairs has announced.

West said about 3,773 directories, up about 25 over last year, will be delivered to area residents

and businesses. Each residential customer will receive one directory. For additional copies, customers may call the Southwestern Bell Telephone business office.

This year, 28 white pages and 49 yellow pages make up the Colorado City area directory.

Three persons injured

Assault charged on driver

A charge of aggravated assault with a motor vehicle has been filed against a local woman in an incident that resulted in three persons being injured and a series of assault reports.

City Police reported that last Wednesday about 9:47 p.m. a 1976 gold and white Blazer was driven through a yard at 1640 Peach Street at a high rate of speed. The vehicle was reported to have hit a 1971 GMC pickup and struck two pedestrians—

Isabel Cantu, 10, and Lisa Villalon, 18—who were both treated at Mitchell County Hospital. Also a passenger in the Blazer, Celia Diaz, was injured and was taken by ambulance for treatment at the hospital.

The driver of the Blazer, Dielia Diaz, was arrested and charged.

Possibly related to the incident was a report by Ernesto Diaz, Sr., 943 Independence, of an assault and criminal mischief later that

evening; and another assault report the next day by Aussie Villalon, 235 West 9th. Police are still investigating the incident.

Also last Tuesday, Douglas Vest, 628 Rusk, reported another burglary of a motor vehicle and Otis Matlock, 305 Elm, reported a burglary.

Wednesday, Aug. 3, Venture Foods, 520 Oak, also reported a check forgery.

FROM THE SCRIPTURES— "...Therefore we will sing my songs with stringed instruments all the days of our life..." Isaiah 38:20.

Had an interesting visit with Fred "Cornfed" Crawford and Dr. Hondo Whitmire over lunch at B&B One-Stop the past week. They both grew up in the Monahans-Wickett area, and I in nearby Wink about the same "era"—competing in sports, for the same girls, etc., we had many of the same acquaintances.

Cornfed Fed has been in the radio business almost as long as I have been in the newspaper business, but he also had a successful stint as a song writer. Back in the 1954, one of his songs, "Never Gonna Get Married Again," hit the national popularity charts, and over 50,000 single records were sold. Elvis Presley was coming up about that time, and during a chance meeting, Elvis once said, "Boy, Mr. Crawford, I sure hope I can sell as many records as you have!" He did, of course, multiplied by a million or so. But Cornfed Fred didn't do bad with a total of 17 different records. I also watched Roy "Oooby Dooby" Orbison,

grow up in Wink, entertaining customers at a popular drug store, with his singing, while just a student in junior high school. A few years later, Cornfed, then a DJ at Radio Station KERB in Kermit, was the first to put Orbison, now a very successful singer and songwriter, "on the air". Cornfed was also a DJ on Radio Station KVKM part of the time I was working on the Monahans News". It's a small world.

THE LONE WOLF SAYS, "In the 1930's people paid 10 cents to see a movie. Now they pay several hundred dollars for a TV set—and see the same movie."

Orientation for the students at area colleges is already underway. Over at Western Texas College, at Snyder, they routinely cancel a course if fewer than 15 students register for it, and "The American Revolution and the War of 1812" was thus threatened—until its savvy instructor changed the catalog listing to read "13-Star Wars and the British Empire Strikes Back."

DID YOU KNOW? Statistics show there are 236,800,000 bedrooms in the United States...in California 13% of them have water beds.

CAMPAIGNS HERE—Bert Terrill, left, of San Angelo, accompanied by former Colorado City resident Johnny Matthews, right, campaigned here Thursday in preparation for his race as a Republican candidate for State Representative, 66th District. (See story on Page 9)

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Mitchell County Commissioners' Court will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in Mitchell County by 6.34 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on August 15, 1988 at 9:00 a.m. at the Mitchell County Courthouse.

FOR the proposal: Commissioners: Edward R. Roach, Johnny Shackelford Paul Hunter and Bill Preston

AGAINST the proposal:

PRESENT and not voting:

ABSENT: Judge Bill Carter

The statement above shows the percentage increase the proposed rate represents over the 1987 tax rate that the unit published on August 6, 1987. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	LAST YEAR	THIS YEAR
Average home value	\$20, 450.00	\$19, 430.00
General exemptions available (amount available on the average home, not including senior citizen's)	\$3,000.00	\$3,000.00
Average taxable value	\$20,450.00	\$19,430.00
Tax Rate	\$0.3907/100	\$0.3907/100
Tax	\$77.13	\$73.14

Under this proposal taxes on the average home would decrease by Three & 99/100 dollars (\$3.99) or five percent (5%) compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would not increase the amount of taxes per \$100 of taxable value or zero percent (0%) compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Announcing the First Rate C.D.

Just when you thought your savings would never see an increase in interest rates, First National Bank has designed a new savings plan to help you get a headstart on your earnings.

It's FIRST RATE. And for the first 90 days of your investment, you can earn up to a three percent bonus rate depending on which FIRST RATE plan you choose. It's simple. If you choose a one-year certificate with a minimum deposit of \$1,000, your investment will earn a bonus of one percent more than the current competitive rate for the first 90 days. After that time, your earnings rate will revert to the current competitive rate established for one-year investments. With a two-year certificate, you earn two points more than the current competitive rate for the first 90 days. And a three-year certificate will bring back for the first 90 days the double-digit earnings rates you've missed so much.

COMPARE EARNINGS OF THE FIRST RATE C.D.

	Term	Annual Percentage Rate	
		Days 1-90	Days 91-Maturity
FIRST RATE C.D. Regular C.D.	1 year	8.25	7.25
	1 year	7.25	7.25
FIRST RATE C.D. Regular C.D.	2 year	9.50	7.50
	2 year	7.50	7.50
FIRST RATE C.D. Regular C.D.	3 year	10.75	7.75
	3 year	7.75	7.75

So, act now and earn the FIRST RATE bonus for the next 90 days.

Local ranch to defend title

Renderbrook-Spade has colorful past

Established in 1881 by J. Taylor Barr, the Renderbrook-Spade Ranch was bought by one of two inventors of barbed wire, Col. Isaac Ellwood of Illinois, in 1889 from the Snyder Brothers. According to legend, the ranch, located 22 miles south of Colorado City, takes its name from the nearby Renderbrook Spring, so named for a soldier ambushed by Indians along its banks. Actually, however, an 1876 Army staff map shows the spring was named for a Captain Joseph Renderbrook.

TEXAS RANCH ROUNDUP

Ellwood purchased his first cow herd from J.F. "Spade" Evans. Since that time, cattle on the 120,000 acre Renderbrook spread have worn the Spade brand.

Because Ellwood felt his investment had been a good one, he insisted that all improvements be permanent. So, in 1901, a rock house with carbide lighting and the latest conveniences, including hot and cold running water, was built at ranch headquarters. The Renderbrook Ranch also piped water to its cattle long before other West Texas ranches began to do so.

When his son W.L. Ellwood died in 1933, Ellwood left the ranch, which by now included land in Lubbock, Hale, Hockley and Lamb counties, to his daughters, Mrs. F.H. Chappell and Mrs. R. Leland Keeney. Fourteen years later, Col. Ellwood's great-grandson, F.H. Chappell Jr., established the 40,000 acre Chappell-Spade Ranch.

The Spade Ranches today consist of five outfits: the Renderbrook-Spade Ranch in Mitchell, Coke and Sterling counties; the Borden-Spade Ranch in Border County near Gail; the Wagon Creek-Spade in Throckmorton; and the Chappell-Spade and Clabber Hill-Spade near Tucumcari, N.M. The Spade brand is common to all the ranches.

They are operated by F.H. Chappell Jr. and Mrs. B.D. (Marion) Bassham, and are managed by W.J. "Dub" Waldrip, who introduced crossbreeding to the ranches. The strains, which never contain more than 1/4 percent of any breed in the cross, are Hereford, Angus, Brown Swiss and Simmental. His plan was the first which crossed two British and two Swiss breeds.

In addition to his cattle, the ranches breed horses and sheep. The land is not cultivated, but remains native range.

At 99 years, the Renderbrook-Spade Ranch is three years older than Colorado City. It has been acknowledged by the Texas Historical Survey Committee with a marker for its "White House", a structure built in the late 1800s by the Snyder Brothers, which is still in use.

Renderbrook-Spade Ranch of Colorado City will return to defend its 1987 title when 12 of Texas' best known ranches put their skills to the test in a real cowboy showdown at the annual Texas Ranch Roundup Aug. 19-20 in Wichita Falls.

Now in its eighth year, the Texas Ranch Roundup showcases the time-honored skills and talents of the state's working cowboys. On the line for participating ranches are bragging rights as the best ranch in Texas.

Patterned closely after daily ranch chores, Texas Ranch Roundup competition includes team roping, team branding, penning, horse breaking (better known as bronc riding) and wild cow milking.

These and other events highlight the rugged, romantic lifestyle that Texas ranchers have maintained since the birth of the cattle industry.

In addition to area competition, roundup participants challenge each other in a chuckwagon cookoff; a first lady contest honoring ranch women for contributions and knowledge of the industry; and a talent competition, as well as favorite campfire songs and skits.

The Texas Ranch Roundup illustrates just what it's like to be a Texas cowboy - the kind who still works cattle every day for a liv-

ing," says event coordinator Ruth Ann Allred of Falls Distributing Co.

"Ranch life has withstood the test of time, changing very little since the cattle industry's inception on the Texas frontier," she said.

The two-day event, said Allred, also revives the traditional concept of the "rodeo".

"Like their forefathers did for the early rodeos in the late 1800s, entire ranch families and crews come from throughout the state to visit, swap tales and watch as their outfits compete at working cattle," she said.

Also competing this year are Cowan & Son Circle Bar Ranch of Seymour, Double U Hereford Ranch of Levelland, JA Cattle Co. of Palo Duro, King Ranch, Inc. of Kingsville, Lewis Ranches of Clarendon, Moorhouse Ranch Co. of Benjamin, Pitchfork Land & Cattle Co. of Guthrie, R.A. Brown Ranch of Throckmorton, Tongue River Ranch and Spur Headquarters Ranches of Dumont and W.T. Waggoner Estate of Vernon.

The 1988 Texas Ranch Roundup, held at the Wichita County Mounted Patrol Arena, benefits the North Texas Rehabilitation Center in Wichita Falls, the West Texas Rehabilitation Center in Abilene and the West Texas Boys Ranch in San Angelo.

Contestants are named

Among the contestants at the Texas Ranch Roundup Aug. 19-20 in Wichita Falls are these from the Renderbrook-Spade Ranch in Colorado City:

Roundup Events - Bob Northcutt, manager; Buba Swann, foreman; and Roy Wilson, Tooter Jameson, Ronnie Clark, Rudy Gabaldon, David Northcutt and Butch Gass, cowboys.

Ranch Cookoff - Marjie Smith, cook; Loyd Smith, ranch hand; and Bill McClellan, cow-

boy. **Talent Contest** - Charlotte Northcutt, painting; Rachel Swann, crochet; Brenda Wilson, singing; and Kathy Wilson, singing.

First Lady Contest - Darlene Gabaldon

Roundup events are Saddle Bronc Riding, Team Roping, Team Branding, Wild Cow Milking, Team Penning and Wild Horse Racing.

SUBJECT: Cholesterol and Hemogram Screening

Mitchell County Hospital will perform, without charge, Cholesterol and Hemogram Screening for all Senior Class Members who desire to have these tests done.

Lipid research studies have established beyond doubt that lowering elevated blood cholesterol levels will reduce the risk of coronary heart disease. Their conclusions indicate that a 1% reduction in the blood cholesterol level results in a 2% reduction in coronary heart disease.

For free screening, just complete the form below and bring it with you to the hospital laboratory during the designated hours on the designated dates. The results of these tests will be available three days after your blood is drawn and may be picked up at the Senior Class Office of the Hospital. Any abnormal results will be noted on your report so you may consult your physician.

For many, it was a brand new experience. For others, it wasn't a new experience, but one which easily won't be forgotten.

The smell of hamburgers sizzling on the grill, chili heating for Frito pie and huge dill pickles. The close-by sewer treatment plant added a delicate aroma to the flavorful menu.

Flics were buzzing, kids were yelling and running and the adults (yes, even those working in the concession stand) were having fun.

Can you guess what it was?

If you guessed softball tournament, you're right. It was held here last weekend.

This wasn't your run-of-the-mill tournament. It was sponsored by a bunch of amateurs, most of whom didn't know that softball tournaments were such a popular summer event.

"Is this the season for softball tournaments?" one asked in all seriousness as various money-making projects were discussed weeks and weeks in advance.

The sponsoring agency was the Mitchell County Child Welfare Board. Its purpose was to raise money to help supplement what the county gives to buy needed shoes, clothing and other essentials for children who are in foster care.

All-in-all, the tournament can be termed a success. It netted over \$1,000. Not bad for a two-day event which had about 10 teams entered.

Of course, if you look at all the man hours that went into the tournament, \$1,000 probably wouldn't seem like much. Yet, it'll mean a lot to the kids who will benefit from the hard work by the dedicated group of volunteers.

I was mostly an observer at the tournament and spent most of my time at the field sitting in a lawn chair watching the action and visiting with other husbands who were put to work at times by running errands and doing other odd jobs such as cooking hamburgers, doing concession stand duty or picking up trash around the field at 12:30 in the morning.

My wife is one of the board members. She and the others spent countless hours planning for the tournament, organizing volunteers to help work and soliciting donations that ranged from cash to home grown tomatoes.

I think the whole board was surprised that the tournament went as smoothly as it did.

But, there was one wrinkle in the tournament. That came in the closing minutes when the group was shutting down the concession stand. They had already sold out of hamburgers and just about everything else but they had a handful of those home-grown tomatoes left over. What were they going to do with them?

After a brief discussion, it was decided to divide the remaining tomatoes and let the members take them home.

While we ended up with just one of the tomatoes, it was a good one.

Letters to the editor

Hometown bragging

TO THE EDITOR: In our weak moments we sometimes indulge in "Hometown Bashing" but today I want to indulge in a little "Hometown Bragging".

Last Friday and Saturday the Mitchell County Child Welfare Board sponsored a Softball Tournament to benefit the abused children in our community. The Tournament was a complete success and the Board wishes to thank publicly the following Mitchell County citizens and businesses who contributed so much of their time, effort and resources to the completion of this project. A special thanks goes to First Western Savings not only for helping us with the trophies and prizes but also for sponsoring one of the winning teams. Other major contributors to the Tournament were: City National Bank, First National Bank, Southwest Savings, EZ Way Superette, Cox

Quality Meats, Fuller Foods, Woods Boots, Carol Due Dakan, Dr. Don Bennett, C.C. Athletics, the Kiwanians and the Ministerial Alliance.

We also wish to thank Charles Ray and Dixie Watlington for their professional advice and for their hard work throughout the Tournament. Others whose help is greatly appreciated are: Lulu Boyd, Darlene Hudgins, Linda Martin, Kevin Lamb, David Silva, Joe Silva, Alex Rocha, Abel Alvarez, Tanis Moreno, Bobby Matlock, Brian Bassham, Woody Anderson, Randy Erwin, Rocky Vicra and other certified umpires.

Our concession stand workers who labored long and hard in the heat: Cathy Williams, Leigh Ann Erwin, Kathy Bassham, Karan Johns, Emma Godina, Jessie Alvarez, Anita Reyna, Janie Lou Greenlee, Cathy Hammond, Lorena Turnbow, Debbie Carlock, Jana Ratliff, Robyn Morris, Barbara Hammond, Brenda Johnson, Betty Gorham, Joy

Abilene, Texas isn't like most modern cities. I've been observing it from close range for about 18 years now, as have some of you.

For one thing, it's small by city standards - only about a 100,000 people. Of those 100,000 people, only about 409 are hard-core sinners. Everyone else is practically perfect.

The problem is trying to keep the 409 low lifes from dirtying up the town to the point the other 99,591 can't stand to drive through it.

Since most towns have a far higher percentage of imperfection, they clasp their Ivory soft hands with the clammy, sweat-soaked hands of their cheesiest residents. Together they build special editions in designated acres of the community where the scum can grow moldy together.

They bring in the neon light salesmen and call Los Angeles to send out it's best porno-professionals. They find a few murky local citizens who like to wear G-strings and less in public, then put up a city marker identifying the area as "Decadent Row."

Cop cars cruise the area constantly, and periodic raids assure everybody will have something to talk about after they post bail and return to their respective - if not altogether respectable - places of business.

It's not like that in Abilene, Texas, and for good reason.

If they were to suddenly sanction such activity, first thing you know, Abilene would have 1,011 unclean citizens instead of 409. That would attract still more business-people of slimy propensity from the slime capitals of the world - places like Times Square, the French Quarter, and, of course, the entire city of Los Angeles.

Within a year, Abilene would be trying to cope with 2,847 human maggots.

Now you've got problems. Now, you've got to hire more cops to drive through Decadent Row, making sure everybody is dressed properly. Or at least dressed partly.

An Abilene television station sought to educate its 99,591 clean citizens recently by donating two nights of news time to male dancers. That's because clean people have always been fascinated by dirty people.

The dancers are imported from cheesier places like Dallas, since any local boy who pranced in front of local women the way they do, would have his skull re-shaped by local boys in Wranglers wielding good clean tire tools.

Even with imported talent, though, Abilene's decadent - at least 312 of which are known to be females - have to get by with less visual pollution. That's because the city ordinance requires the boys to keep at least as much of their anatomies covered as swim suit briefs manage to keep covered at all the respectable apartment complexes. Anything less is considered a G-string, and that's too much for the Abilene woman to see, even if she is decadent.

What few male decadent types remain, suffer similar visual restrictions. Female dancers, for instance, must be properly band-aided in certain areas of the city, and properly bra-ed in less decadent - but still mildly decadent - areas.

The effect of all this has been to dilute decadence to the point where there is no dependable area for sleaze. This means there is always the danger that un-informed clean people can walk right into a place and focus on something cheesy without getting to make a willing and conscious decision to do so.

This surely is a violation of a person's visual rights. When you go to Bourbon Street in New Orleans, you know you're not going to see the Mormon Tabernacle Choir. When you go to Times Square in New York, you're not going to see Shirley Temple. Well, you're not going to see the original Shirley Temple, anyway.

But, if you come to Abilene, Texas looking for a restaurant, if you don't study the signs closely, you're liable to see anything from a bikini top, to a band-aid, to a fidgety man wearing a swimming suit.

In other words, you could wind up seeing something decadent and not realize it.

Truly, this is a unique city among cities.

THE POWER OF CHRIST

An anonymous author made this striking comparison: "Socrates taught for 40 years, Plato for 50, Aristotle for 40, and Jesus for only 3. Yet the influence of Christ's 3-year ministry infinitely transcends the impact left by the combined 130 years of teaching from these men who were among the greatest philosophers of all antiquity. Jesus painted no pictures; yet some of the finest paintings of Raphael, Michelangelo, and Leonardo da Vinci received their inspiration from Him. Jesus wrote no poetry; but Dante, Milton, and scores of the world's greatest poets were inspired by Him. Jesus wrote no music; still Haydn, Handel, Beethoven, Bach, and Mendelsohn reached their highest perfection of melody in the hymns, symphonies, and oratorios they composed in His praise. Every sphere of human greatness has been enriched by this humble Carpenter of Nazareth."

"His unique contribution to the race of men is the salvation of the soul! Philosophy could not accomplish that. Nor art. Nor literature. Nor music. Only Jesus Christ can break the enslaving chains of sin and Satan. He alone can speak peace to the human heart, strengthen the weak, and give life to those who are spiritually dead."

Mustangs edged at state tournament

A rash of fielding errors by the Colorado City Mustangs resulted in a quick exit from the Minor League state baseball tournament held at Houston last week.

The tournament was to have concluded Saturday. Two Colorado City pitchers recorded three-hitters at the tournament but the Mustang's defense

committed 16 errors that proved too much to overcome.

The Mustangs, 10-0 regular season champions, began the tournament with a contest against 14-3 Bartlet.

Bartlet won 8-6. Losing pitcher was Bear Cooper. Cooper allowed only three hits, struck out eight and walked one but the Mustangs committed 12 errors.

The visiting Mustangs jumped to a 3-0 lead in the top of the first inning. Shortstop Adam Molina led off with a base on balls and was followed by catcher Jessie Rivera's double.

1988 PROPERTY TAX RATES

LORAIN INDEPENDENT SCHOOL DISTRICT

This notice concerns 1988 property tax rates for LORAIN I.S.D. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:	
Last Year's operating taxes	\$232,810.00
Last year's debt taxes	\$67,441.00
Last year's total taxes	\$300,251.00
Last year's tax base	\$23,096,270.00
Last year's total tax rate	1.30/\$100

THIS YEAR'S EFFECTIVE TAX RATE:	
Last year's adjusted taxes (after subtracting taxes on lost Property and taxes to correct appraisal roll errors)	\$298,123.00
This year's adjusted tax base (after subtracting taxes on new property)	\$22,227,790.00
This year's effective tax rate x 1.03	\$1.3412/\$100
Maximum rate unless unit publishes notices and holds hearings	\$1.3814/\$100

THIS YEAR'S ROLLBACK TAX RATE:	
Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)	\$231,160.00
This year's adjusted tax base (after subtracting taxes on new property)	\$22,227,675.00
This year's effective operating rate x 1.08	\$1.0399/\$100
This year's maximum operating rate	\$1.1231/\$100
This year's debt rate	\$0.3167/\$100
This year's rollback rate	\$1.4398/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Local Maintenance	\$275,000.00
Interest & Sinking	\$39,919.00

SCHEDULE B: 1988 DEBTS SERVICE

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable.)

Description of Debt	Principal or Contract Payment to Be Paid	Interest To be paid	Other Amounts To Be Paid	Total Payment
1980 Bond	\$45,000.00	\$23,267.00	\$500.00	\$68,867.00
Total required for 1988 debt service			\$68,867.00	
Amount (if any) paid from funds listed in Schedule A			\$0.00	
Excess Collection last year			\$0.00	
Total to be paid from taxes in 1988			\$68,867.00	
Amount added in anticipation that the unit will collect only 97% of its taxes in 1988			\$2,130.00	
Total Debt Service Levy			\$70,997.00	

SCHEDULE C: EXPECTED REVENUE FROM ADDITIONAL SALES TAX

NONE

Burt Terrill campaigns here for state representative

Burt Terrill of San Angelo, was in Colorado City Thursday, organizing his campaign as a Republican candidate for State Representative, 66th District, subject to the November general election.

Terrill was accompanied by long-time friend and campaign worker Johnny Matthews, who was reared in Colorado City, while his father served as pastor of the Plainview Baptist Church.

At a luncheon meeting with local friends and supporters at MacMichaels, Terrill pointed out that he has gotten major support and backing from local, state and national GOP officials after meetings with President Reagan, Senator Phil Gramm, Governor Clements, Tom Loeffner, Lamar Smith and others. He stated that his race with Democratic opponent Ron Junell is shaping up as a showcase confrontation between business and citizen interests and the Trial Lawyers Association's special interests, particularly in Worker's Compensation and insurance liability laws.

In organizing his local campaign, Terrill pointed out that he and his campaign workers are searching for a good local project they might benefit while contacting voters through out Mitchell County, much like their collecting of canned goods for the Food Bank in San Angelo.

Terrill, a San Angelo business and civic leader, is a new, conservative and said "I'm tired of too much government and too much regulation, too much spending. I don't like being made a criminal, just because I forget or don't want to wear a seatbelt!"

Terrill expressed his opposition to the new 60-day plant shutdown notification requirement, any type of state income tax and the continuing escalation of taxes and fees. He said he is upset with the state prison system, "Prisoners should be working, rather than sitting in plus, air conditioned rooms and getting early paroles."

"We must have stronger drug laws, complete revamping of the worker's compensation and liability insurance laws, tort reforms and resolve the inequities in school financing, and rural hospital regulations," he said.

The former Mayor and Councilman of San Angelo added, "I will listen, talk and reason, but will not promise. I can say 'no' to special interest groups when necessary. We need to create jobs, reduce taxes and cut state spending."

Terrill is a graduate of Texas A&M and holds a Masters of Business Administration from Syracuse University. A combat Vietnam veteran, he has owned and operated small businesses for over 15 years, and has been active church, civic and community affairs.

--DEMOCRAT--

**FOR SENATOR DISTRICT 30
VOTE SATURDAY
AUGUST 13th**

A Senator For All Generations

"The people who live in the 30th District believe in themselves, believe in their communities, and believe in the future. We want to raise our children well and with a chance to make the best of that future. If we are to succeed, we have to make our case and claim our share in Austin.

"I'll make the same kind of Senator as I have Representative: I will listen to my constituents, make the right decisions for this district, and fight hard for our interests."

- ✓ Dignity for Senior Citizens
- ✓ Hold down Property Taxes
- ✓ Continuing Seniors' Self Help Programs
- ✓ Hold down Utility Rates
- ✓ Affordable Untaxed Medicine
- ✓ Security for Your Family's Future
- ✓ Preservation of Homestead Law

Dear Friends,

My father used to always tell me, "Son, you learn more if you keep your ears open and your mouth shut." He taught me that to listen, to pay attention, to understand, and then to act was the proper order for doing business.

As a member of the board of the Senior Texas Employment Program and the advisory board of Green Thumb, I've had the opportunity to listen to seniors throughout our area. I have paid attention to your concerns.

Senior citizens in our area primarily tell me they want four things.

- (1) Respect and dignity
- (2) A fair shake
- (3) A government that keeps its commitments to them
- (4) A chance for a better future for themselves, their children, and their children's children.

As State Representative, I have fought for the needs of seniors. Now I'm asking for your help to continue the fight as State Senator.

Senior citizens worked all their lives to ensure our future. It is our duty to protect theirs.

I'll always listen and I'll always try to do the right thing. I ask for your vote, your support, and your prayers in my effort.

STEVE CARRIKER

Obituaries

Lucy Pearl Snowden

Lucy Pearl Snowden, 87, of Bridgeport, formerly of Colorado City, died Thursday morning at Decatur Community Hospital.

Graveside services will be at 10 a.m. Monday at Colorado City Cemetery under the direction of Hawkins Funeral Home of Bridgeport and Kiker-Seale Funeral Home of Colorado City.

The body will lie in state at Kiker-Seale Funeral Home Sunday. She was born Nov. 15, 1900. She was a housewife and a member of the Church of Christ.

She was preceded in death by her husband, Charlie Snowden, two sons, Troy Snowden and Glenn Snowden, and a grandson, Mike Forbes.

Survivors include a daughter, Charlene Whirley of Paradise; a son, Lee Snowden of Dallas, Ore.; a brother, Marvin Davis of Pampa; 10 grandchildren and 8 great-grandchildren.

J.W. Schafer

J.W. Schafer, 78, of Big Spring died Thursday in a Big Spring hospital.

Services were at 10 a.m. Saturday at Nalley-Pickle & Welch Rosewood Chapel with Dr. Claude Craven, pastor of Trinity Baptist Church, officiating. Burial was in Trinity Memorial Park.

Born Feb. 24, 1910 in Dallas County, he married Thelma Bell June 10, 1933 in Brown County. They moved to the Big Spring area in the early 1940s. He retired in 1975 after 30 years with Mobil Oil Co. in the production department. He was a member of the Trinity Baptist Church.

Survivors include his wife, Thelma Schafer of Big Spring; a son, Travis Schafer of Lamesa; two daughters, Beth Ingram and Dawne Pearson, both of Big Spring; three brothers, Cecil Schafer and L.O. Schafer, both of Colorado City, and J.L. Schafer of Seagoville; a sister, Clara Henderson of Westbrook; seven grandchildren; and five great-grandchildren.

Officials endorse Carriker

WICHITA FALLS - Several Wichita County officials appeared on the Courthouse steps to endorse the State Senate candidacy of Democrat Steve Carriker.

Commissioners Weldon Nix pointed out that the political association of the Texas Commissioners and Judges Association has already endorsed Carriker. "Steve Carriker has worked to make state government our partner not our overlord. He has consistently opposed state programs that would increase our local property tax burden and he is the only candidate for State Senate who has addressed the issues. We are proud to join with our Association in support of Steve Carriker and we look forward to working with him as our Senator," Nix said.

County Treasurer Mary Lynn Welborn said that "when I first considered who to support to succeed Senator Farabee, I asked myself two questions. First, who would be the most effective senator for District 30 and second, who would be the most effective Senator for Wichita County. I am happy to inform you today that the resounding answer

to both those questions is Steve Carriker."

Sheriff Tom Callahan said "people who are concerned about crime and law enforcement have no better friend in the legislature. Speaking for myself and District Attorney Barry Macha, who unfortunately could not be here today, we are delighted to join other law enforcement officials throughout Texas in endorsing Steve Carriker for State Senator."

Commissioner Gordon Griffith said "we Wichita County officials have joined other officials throughout Texas today in endorsing Steve Carriker for State Senate because he has proved himself sensitive to county government and because he has demonstrated his concern for property owners, and because Steve Carriker won't require On The Job Training. He will be an effective Senator for the people of District 30 from the day he is sworn in to office."

"We here in Wichita County have a special concern that the person who replaces Ray Farabee be effective and responsive, and we agree that that person should be Steve Carriker."

San Antonio: many unique cities in one

You're on a riverboat floating lazily on a ribbon of jade-green water that flows beneath arched bridges of a centuries-old city. Along the shore are cobblestone walkways, sidewalk cafes and boutiques. Guess where you are: The canals of Venice?

Standing in the open air market, you're surrounded by a kaleidoscope of colorful clothing, arts and crafts, and fresh produce. And you're bargaining for that exquisite piece of Mexican pottery. Market day in Guadalajara?

Strolling among quaint adobe homes and shops, you stop to admire silver and turquoise jewelry, hand-spun fabrics and fanciful wood carvings. The heart of Santa Fe?

You gasp in amazement at the mammoth black-and-white body of Shamu the killer whale seemingly defies gravity and then plunges back into the water, sending up an explosion of salt water spray. Sea World in San Diego?

Wrong on all accounts. You're in San Antonio, the city that Will Rogers, the American humorist and king of one liners, called "one of America's four unique cities."

Spend a few days touring San Antonio, and you may conclude that Will underestimated the true diversity of the Alamo City. With its River Walk area, Spanish missions, revitalized downtown, historic neighborhoods, theme parks, world-class zoo, tropical gardens, museums, art galleries and shopping meccas, San Antonio seems like a melange of many, many cities.

In truth, San Antonio is its own unique city blessed with an abundance of recreational and cultural treasures, which makes it one of the top tourist destinations in Texas.

This year alone, six new tourist attractions debuted in San Antonio: Sea World of Texas, IMAX Theater, Rivercenter Mall, Ripley's Believe It or Not gallery, Lucile Haßell Conservatory, and Memory Lane Museum of Dolls and Toys.

Since San Antonio is about 150 miles from the sea, it was only natural that the sea and its denizens should come to San Antonio. Sea World of Texas, the world's largest marine life park, opened in northwest San Antonio on April 15 and celebrated its grand opening on May 28. A showplace for family entertainment and educational fun, the 250-acre Sea World of Texas is the newest, most impressive member of the Sea World family of parks.

Top billing goes to the gravity-defying performances of Shamu and fellow killer whales at the 4,500-seat Shamu Stadium. No less entertaining are the comic antics of walruses, sea lions and otters in another stadium. A 12-acre lake is the setting for precision acrobatics performed by expert water skiers.

And there's still much more to see: penguins waddling in a polar habitat, a 400,000-gallon aquarium stocked with sharks, an exotic 300,000-gallon coral reef environment, the world's largest waterfowl collection, a marine mammal touch-feeding pool, the Garden of Flags, and the Texas Walk with life-sized sculptures of notable Texans.

Speaking of famous Texans, you can see larger-than-life Texas heroes in "Alamo...The Price of Freedom," a 45-minute, sabre-rattling movie reenactment of the 13-day siege that sparked the Texas Revolution. The spectacular cinematic recreation can be seen at the all-new, 21,000-

square-foot IMAX Theatre, which boasts a six-story high, 84-foot wide screen that makes film images appear ten times larger than shown on conventional movie screens.

IMAX Theatre is but one of many exciting attractions at Rivercenter, a new ten-acre shopping, dining and entertainment complex in the heart of San Antonio's River Walk area, between the River Walk extension and the Alamo. Anchor tenants include a 1,000-room, 42-story Marriott Hotel (opening in October), as well as Lord & Taylor and Dillard's department stores. Rivercenter features 135 specialty shops and fine restaurants for your shopping and dining pleasure.

Only a few blocks away from Rivercenter are some of the most unusual, mystifying exhibits to be found

anywhere on earth. Where else but Ripley's Believe It or Not can you find such oddities as the stuffed remains of the first monkey in space, a pair of fleas dressed as a bride and groom, and a film of a man who could rotate his head 180 degrees? Located in the lower level of the Plaza Theatre of Wax, the 12,000-square-foot Ripley's Believe It or Not museum is filled with more than 500 exhibits.

Another newcomer to San Antonio is Memory Lane Museum of Dolls and Toys, a showcase of 2,000 dolls and toys dating back to the 1800s. Now you can take a walk down Memory Lane at the museum's new location--209 Alamo Plaza. Relocated from Mystic, Connecticut, the museum also sells new and antique dolls and toys.

This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:

Last year's operating taxes	\$939,722.34
Last year's debt taxes	\$0.00
Last year's total taxes	\$939,722.34
Last year's tax base	\$156,620,390.00
Last year's total tax rate	0.6000/\$100

THIS YEAR'S EFFECTIVE TAX RATE:

Last year's adjusted taxes (after subtracting taxes on lost Property and taxes to correct appraisal roll errors)	\$938,326.74
This year's adjusted tax base (after subtracting taxes on new property)	\$160,514,330.00
This year's effective tax rate x 1.03	\$0.5849/\$100
Maximum rate unless unit publishes notices and holds hearings	\$0.6026/\$100

THIS YEAR'S ROLLBACK TAX RATE:

Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors)	\$939,722.34
This year's adjusted tax base (after subtracting taxes on new property)	\$160,514,330.00
This year's effective operating rate x 1.08	\$0.5849/\$100
This year's maximum operating rate	\$0.6313/\$100
This year's debt rate	\$0.00
This year's rollback rate	\$0.6313/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Maintenance & Operation	\$200,000.00

SCHEDULE B: 1988 DEBTS SERVICE

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues.

Description of Debt	Principal or Contract Payment to Be Paid	Interest To be paid	Total Payment
NONE			
Total required for 1988 debt service		\$0.00	
Amount paid from funds listed in Schedule A		\$0.00	
Excess Collection last year		\$0.00	
Total to be paid from taxes in 1988		\$0.00	
Amount added in anticipation that the unit will collect only 100% of its taxes in 1988		\$0.00	
Total Debt Service Levy		\$0.00	

SCHEDULE C: EXPECTED REVENUE FROM ADDITIONAL SALES TAX

NONE

This notice contains a summary of actual effective and rollback tax calculations. You can inspect a copy of the full calculations at WESTBROOK ISD TAX OFFICE.
