Ready for the Relay For Life ...

Tahoka High School students who are on Relay For Life teams are ready for the event to begin Friday night.

## ACS "Relay For Life" Starts Friday Night

The Lynn County Relay For Life, an American Cancer Society 12-hour fundraising event, begins at 7 o'clock Friday night, Nov. 17 at the Tahoka High School football field. The event runs all night, closing at 7 a.m. Saturday. All proceeds raised in conjunction with the Relay For Life will go to the American Cancer Society for research in the battle against cancer.

Admission is free, and all area residents are invited to attend, whether they are participating as a team member or walking in the "Survivors Walk", or to watch the special Luminaria ceremony that will light up the field at 9 p.m., or just to see what all the fun is about at the football field. There will be plenty of opportunities for people to donate to the ACS, by purchasing ACS gear or food/drink items at the Relay For Life, or just to donate in collection buckets.

Chaired by Tahoka High School FCCLA student Amy Barrera, with a Tahoka High School student committee organizing the entire event, this is the first student-led ACS Relay For Life in Texas.

Troy Hinds, THS Principal, says he is excited about the school playing such a big part in the Relay For Life. "The community is coming together as usual and making it out to be a big success for Amy and Tahoka High School. Amy has been working on this project from the very beginning and has instructed and delegated assignments to different people that she can count on. With the help of other students and the support of the community, there is no doubt that this project will be a success for such a worthy cause. I encourage people to come out, plan on having a good time, and walk through the night."

Relay For Life teams will set up camp on the football field from 5-7 p.m., and musical entertainment is scheduled throughout the evening.

Opening ceremonies begin at 7 p.m. with all area cancer survivors invited to walk around the track in a "Lap of Hope." Each survivor will receive a free t-shirt and will walk a lap around the track as an honored guest.

"This emotional lap honors the courage of all who have defeated cancer, and gives hope to those still battling it. Survivors can walk, run, or wheelchair the opening lap in unified victory and in hope," says Kristin Box, a THS junior who is assisting Barrera as Marketing and Public Relations chairman for the Relay.

At 9 o'clock, the field will be alight with luminarias honoring cancer survivors and victims. Anyone desiring to purchase a luminaria may do so by contacting Kristin Box at (806) 790-1157 or Amy Barrera at (806) 201-2870. Luminarias may also be purchased at the Relay event, prior to 9 p.m.

"Luminaria candles are available for any donation you feel comfortable giving. All funds raised through these sales support the programs and services of the American Cancer Society," explained Barrera. "You can decorate your own luminaria sack, or you can purchase one already decorated by students," she added.

Music, food, entertainment and other activities will be offered throughout the night, and the community is invited to stay as long as they would like. Relay teams must have a representative from each team walking on the track at all times throughout the night, and teams will sponsor fund-raising events all night as well.

It's all for a good cause, with all proceeds from the event going to the American Cancer Society for cancer research and services.

A complete schedule for the Lynn County Relay For Life can be found on page 5 of this issue of *The News*.

## Man Jailed For Burglary, Assault Here

An 18-year-old Tahoka man was arrested and charged with burglary and aggravated assault Saturday morning after a 23-year-old Tahoka woman reported that he had broken into her home, threatened her with a knife and then was thwarted in an attempted sexual assault.

She told police the man fled after she resisted. While she was talking to a police officer, a sheriff's deputy arrested the suspect at a nearby location for public intoxication. Further charges against the man are pending, police said.

Last Monday at the intersection of S. 1st St. and Ave. L in Tahoka a 1995 Chevrolet pickup driven by Luciano L. Sosa, 71, of Tahoka and a 1999 Chevrolet Tahoe driven by Eduardo Alvarado, 39, also of Tahoka, collided. Monica Morales, 15, a passenger in the pickup, and Cheyenne Alvarado, 12, a passenger in the Tahoe, were taken to Lynn County Hospital by private vehicles for treatment of apparent minor injuries.

Driving while license was invalid was the charge filed against three of the eight persons jailed in Lynn County during the last week. Others were arrested for Dawson County warrant on theft by check, assault/family violence, no current drivers license plus failure to display inspection sticker, fictitious drivers license, and burglary of a habitation plus aggravated assault with a deadly weapon.

The total number in jail early this week was 44, with 14 of these held for Garza County, five for Lubbock and two for Gaines.

### Early Deadline Next Week!

All news and advertising must be turned in by 5:00 p.m. Monday, Nov. 20  
The Lynn County News will publish one day early for Thanksgiving.

OVER AT THE Lynn County courthouse, there's an elevator for people who can't (or really don't like to) climb stairs, and during my occasional use of the elevator, I have noticed a compartment you can open which has a phone inside, so a person stuck inside the elevator can call directly to the sheriff's office.

I always wondered if it really worked, but never had any need to try it, and figured if I just tried it as a test, I might get into big trouble, which I don't need any more of. Privately, I figured that if I picked up the phone in the elevator, I likely would get a response something like this from the sheriff's office:

"Press one for English, dos for espanol. Press 2 if you are trapped inside the elevator, but first, enter the last four digits of your Social Security number and speak your great-grandmother's maiden name.

"Your call is important to us. Please stay on the line until we get through chasing some bad guys.

"Press 3 if you have any prior felony convictions, or if you are an attorney, and we will come to your assistance within five working days."

Sheriff Jerry Franklin, however, advises me that none of those things will happen, and the direct line to the sheriff's office works just like it is supposed to. In fact, he said, the phone has been used on a couple of occasions to rescue people from the elevator when it malfunctioned.

He didn't say if any of them were attorneys or judges.

**Trey Daves Qualifies For Area Choir**

Last Friday at Lubbock High School in competition against students from 5A schools in Abilene and Lubbock, Trey Daves of Tahoka earned first chair, Second Tenor at Pre-Area. This qualified him to go to Area Choir in Abilene, January 6, where he will again compete against mainly 5A students from Amarillo, Abilene, Lubbock, Wichita Falls, and part of the MetroPlex. Area contestants must sing selections from four songs and then sightread a piece of music after only looking at it for 30 seconds and never having heard it play.

"I am very proud of Trey and his accomplishments, especially a small school student going up against 5A choir students. He is probably the first student from Tahoka that has ever made it to Area. The competition at Area will be very keen and a lot will depend upon how well each student sightreads," said Carroll Rhodes, director.

**New Fire Truck Okayed By City**

by JUANELL JONES

Tahoka City Council met in regular session Monday night, Nov. 13, awarding a bid for the purchase of a new fire truck for the Tahoka Volunteer Fire Department and conducting other business.

Only one bid was submitted for the new fire truck, in the amount of \$102,385 from Ferrara Fire Apparatus, which council members approved with a 4-0 vote. Councilman Jeff Martin, who is a member of the Tahoka VFD, abstained from voting in the issue.

The council directed Tim Devine to make a dilapidated building in the 1000 block of Avenue K "habitable" to meet city codes, noting that work must begin on the property within 30 days and should be completed within six months of the directive. Devine was present at the meeting, and said he would comply, according to City Administrator Jerry Webster.

Council members voted 4-0 to survey acreage offered in a property exchange by Joe Calvillo, with council member Clara Calvillo abstaining from voting. Calvillo has offered the city some acreage adjacent to the tailwater return pit at the city sewer project in exchange for acreage on a hilltop on which an

old house and barn sit, also near the sewer project. Webster said the council is considering the exchange, and ordered the survey to be conducted.

The city's sanitation collection service contract is up for consideration, and the council approved advertising for bids. Currently, the city contracts with Duncan Disposal.

The new city landfill is not yet operational, due to failing to meet certain requirements in an EPA inspection (a 50-ft. buffer around each pit was not quite met, according to the City Administrator). Webster said the city's engineering firm has addressed the issue, and a re-inspection is to take place soon, after which it is hoped the new landfill will be in operation.

An interlocal agreement was approved with the Texas Municipal League Intergovernmental Employee Benefits Pool, pertaining to health insurance for city employees.

Monthly bills were paid, and Steve McKay and Justin Cogburn presented a report from the Tahoka Police Dept.

All council members were present, including Rudy Fuentes, Clara Calvillo, Amy Preston, Jeff Martin, Ray Box, and Mayor Mike Mensch.

## Letters to the Editor

### Tahoka ISD Cafeteria Passes Inspection With Flying Accolades

Being inspected is always nerve-racking and filled with anticipation, especially in the days just before the inspection. Being inspected by TDA is one of the requirements we face every three to four years. It simply means if we are doing our jobs daily, weekly, monthly and yearly we are in good shape. A very in-depth review and evaluation is done of our Food Service Department to assure we are feeding our/your children according to federal guidelines, and we are in compliance with all federal laws, and that we are meeting federal guidelines on nutrition, to assure our/your children are receiving the right portions and food of the highest quality.

I am proud to announce our inspection is now complete and we received a perfect score. This perfect score comes from the dedication of each employee in the Food Service Department: Lupe, Rose, Ida, Diane, Anita, Susie, Diana, and Virginia.

I had just started to relax the day after, and who shows up but the County Health Inspector. Oh boy, just the surprise we needed. The result was a score of 92, and with that result we are all smiling. We currently have equipment on order that will take this department to the next level of excellence.

We are proud of the job we do and we just wanted you the parents/public to know we take pride in our jobs and wanted to share our enthusiasm with you. Please feel free to give me a call and stop by and see our/your first class operation.

A special thanks goes to Mr. Parker, Mr. Harper and the [Tahoka School] Board for supporting our department, and the Tahoka ISD staff. Without their support we could not have accomplished these results.

A letter to Mr. Parker from Fred Higgins, Assistant Commissioner, Food and Nutrition Division of the Tx. Dept. of Agriculture stated, "Dear Mr. Parker, We are pleased to acknowledge that you and your district's Child Nutrition Program achieved an excellent review during your recent Co-ordinated Review Effort on October 25, 2006.

"By providing nutritional meals and teaching children the relationship between proper eating and good health, Mr. Daniel Harper and his department are clearly committed to safeguarding the health and well-being of their students. He and his staff exemplify the highest standards of caring and service.

"Child nutrition personnel succeed in their work only through the support and cooperation of the school board, superintendent, administration, teachers and support staff. Thank you for promoting that cooperation and support in your district."

I assure you the best is still ahead of us as we attend training throughout the school year and into the summer months. We are all professionals in the Tahoka Food Service Department.

It is with a great deal of pride that I serve as Director of the Tahoka Food Service Department and work directly with the finest group of truly dedicated ladies.

/s/ Rosalinda Padilla

## TISD Audit Is Approved

Tahoka Independent School District Board of Trustees met Thursday, Nov. 9, approving the district's 2005-06 audit report from Bolinger, Segars, Gilbert & Moss. The audit was "clean" and auditors noted that the school district's policies and procedures for controlling fraud were in good order, offering no changes in procedures. Trustees approved the audit as presented.

The school district's farm lease was renewed with Steve Miller, and District and Campus Improvement Plans for 2006-07 were approved. No personnel issues were considered at the meeting.

Campus principals reported on campus activities and enrollment figures, and Superintendent Jimmy Parker reported to trustees that Tahoka ISD teaching staff was 100% for the 2004-05 year in meeting the "Highly Qualified Teacher Requirements" as required by federal law. The requirement is part of the "No Child Left Behind" law, with the progress status for prior years to be made public as they become available.

The next board meeting was scheduled for Monday, Dec. 11.

Present at the meeting were trustees Math Bartley, Joe Calvillo, Jimmy Dorman, Valton Stephens and Kent Kahl, with trustees Carmen Chapa and Frank McLelland absent.

**Dogs End Season  
With Close Loss**

The Tahoka Bulldogs wound up their football season with a narrow 9-7 loss to Roosevelt here Friday night, a game where the margin of victory for the Eagles was a safety in the fourth quarter when the snap to a Tahoka punter went out of the end zone.

The tough loss left the Bulldogs with a 5-5 season record, with four of the losses coming in district for Coach Jay Hellums' team. For 15 THS seniors, it was the last high school game.

Roosevelt put up a stout defense, especially against the run, and Tahoka's top running back, Jay Tillman, managed just 25 yards rushing, leaving him 34 yards short of the 1,000-yard mark for the season. Tillman carried the ball only 13 times, however, as he was used as a passer to try to overcome the strong Eagle rushing defense. He completed 3 of 6 passes for 50 yards in the

game. Damon Moore completed one of 5 for 20 yards, that one going to Britt Wuensche, who caught three passes for a total of 63 yards.

Moore also scored Tahoka's only touchdown, on a 5-yard run in the fourth period, after Roosevelt had taken a 9-0 lead. Tillman kicked the extra point.

Tahoka had just 34 total yards rushing and only 7 first downs.

Roosevelt scored its only touchdown on a 10-yard run by Shelbie Lopez in the second quarter.

**ACS Great American  
Smokeout Is Nov. 16**

During the American Cancer Society's 30th Annual Great American Smokeout and every day throughout the year, smokers and their loved ones can find the support they need to quit smoking for good. The Society provides helpful, specific tobacco-related resources via the Internet at [www.greatamericansmokeout.org](http://www.greatamericansmokeout.org). The Web site supplies materials and beneficial ideas to help smokers quit, employers create a smoke-free environment, and allows residents to have access to educational materials on tobacco.

The American Cancer Society's Great American Smokeout, which will be held November 16, is nationally recognized as a platform to educate the public on the dangers associated with tobacco use and to encourage smokers to quit for a lifetime by starting with just one day. Designed to provide factual information and educational materials to people concerned about the effects of tobacco use, the Great American Smokeout Web site was created to aid smokers trying to quit for the event and anytime throughout the year. On the site, visitors have the opportunity to retrieve information concerning:

- Planning their quit day;
- Creating a smoke-free workplace;
- Finding local Great American Smokeout events;

- Learning about local advocacy efforts concerning tobacco; and
- Downloading educational materials for schools, organizations, corporations, family, and friends.

"Each day, numerous workers and patrons are exposed to the more than 60 known or probable carcinogens and 4,000 chemicals contained in secondhand smoke," explains Robin Gardner, Community Manager for Health Initiatives for the American Cancer Society. "Unfortunately, for every eight smokers who die from tobacco-related illnesses, they take one non-smoker with them. By offering these resources, our hope is that we will help smokers quit, and enable employers to begin creating smoke-free environments."

*The American Cancer Society offers support and information for smokers who want to quit via their 24-hour helpline at 1-800-ACS-2345 and their Web site at [www.cancer.org](http://www.cancer.org).*

The American Cancer Society is the nationwide, community-based, voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer through research, education, advocacy, and service.
