MAN BELIEVED CRAZED FIGHTS RANGER POLICE

Chief of Police Jim Ingram of Ranger had quite a struggle with a patient of a Ranger hospital, who was thought to have become temporarily crazed, early Thursday morning.

A call was received from the hospital that a patient had escaped and H. H. Vaughn, who was working in the place of Bill Angus, night patrolman, answered the call. He soon returned and informed the chief that a patient, believed crazy, had jumped from a second story window and had escaped.

Chief Ingram went to the scene and found the man, dressed in a hospital nightgown, backed up against a light pole, armed with large stones. The chief approached carefully and the man heaved several of the stones.

Finally he ran, with the chief in pursuit, and rounded the police BARBER Shear, which had been left nearby with the lights on. Several spectators scattered when the man pursued them, throwing rocks. Suddenly he darted into the police car, where a shotgun had been left by the chief. But Chief Ingram entered the door on the opposite side before the man could escape, and the struggle ensued.

The man was finally overpowered, the chief stated today, but only after he had bitten Ingram on one finger of his right hand. The man was reported to have been unharmed, both in the jump from an upper story window, and in the struggle with the police chief.

L. B. DENNING TO BE SPEAKER AT BANQUET

L. B. Denning of Dallas, president of the Lone Star Gas Company and also president of the American Gas Association will be the principal speaker at the annual banquet of the Ranger Chamber of Commerce at the Gholson Hotel Friday evening. A number of leading business men from surrounding cities have been invited and because of the prominence of the speaker, it is expected the meeting will draw a large attendance.

Lone Cedar Will Have School Play

A play, "Business Picks Up," will be presented at the Lone Cedar school on Friday evening, March 6, at 7:30. The public is cordially invited to be present.

The cast of characters for the play is as follows: Dr. Paul Malloy, a young dentist craving adventure, Jack Wheeler; Detective Blair, on the trail of the adventures, Cloyd Wheeler; Jimmy Welch, who upset the adventure, Morris Griffin; Louie AWF, the office boy, Robert Rowch; Esther Kimberley, who plans the adventure, Madeline Wait; Valerie Elrod, the adventuress, Lilly Parker; Mrs. Mattie Snipper, a patient, Marie Vinson; Mimi Snipper, her young daughter, Marie Rowch; Grandma Malloy, always saving for a rainy day, Jamie Falls; Mrs. Hara, another patient; Frances Falls; Patsy Backer, looking for a scoop, Frances Maye Duggan.

OFFICIAL WILL QUIZ CONDON IN CANAL ZONE

TRENTON, N. J., Mar. 5.—A representative of Gov. Harold Hoffman now is enroute to the Panama canal zone to attempt to question Dr. John Condon, key figure in the Lindbergh baby kidnapping case, it was learned today.

The governor's agent, Andrew Dutch, state motor vehicle inspector, called Friday on the Cunard liner.

Dr. Condon, the Bronx educator, who turned over \$50,000 ransom money to the kidnapers of Charles A. Lindbergh Jr., and was one of the state's leading witnesses in gaining the conviction of Hauptmann, has been vacationing in the Canal zone.

Gov. Hoffman, active in Hauptmann's behalf, has stated repeatedly that there were discrepancies in the stories told by Dr. Condon at the trial and before and after Hauptmann's murder conviction.

Meanwhile in New York, Gov. Hoffman said he had no legal right now to grant Hauptmann another reprieve and he would not do so unless some situation arose which he and Attorney General David Wilentz could first lay before the judge who sentenced Hauptmann.

Hoffman made this announcement to newspaper men when he arrived to address a luncheon.

Texas Day Program Is Heard By Lions

A Texas program was presented at today's meeting of the Lions Club, under the direction of Al Larson, program chairman.

Three pieces of literature were at every plate telling the story of Texas in brief, the calendar of Texas Centennial celebrations and a travel guide for vacations in Texas.

There was also a wind- shield stickers bearing the Lone Star in blue with the words "1936—Texas—1936 Centennial Celebration," which every Lion was asked to stick on his windshield.

Mrs. Weldon Webb, club pianist, accompanied the Lions in the singing of a Lion song, a "Texas" song and "America," after which she entertained with several Texas numbers.

After the luncheon, Judge L. H. Fleweller, the grandson of the last survivor of the Battle of San Jacinto in which Texas won her independence from Mexico, gave a brief but complete history of Texas as from the discovery of America through its destiny under six flags to its present status in the flag of the United States.

Dog Licenses Are Due For the Year

Announcement was made today by R. A. Jameson, city secretary, that collection of the annual dog tax had begun at the city hall, and that the dog wagon would be started on its rounds in the next few days, taking up all unlicensed dogs.

A short time is being allowed in which owners of dogs can secure the 1936 licenses, after which all dogs found on the streets, or on private premises, without the 1936 licenses being paid on them will be picked up by the operator of the dog wagon.

Plans Completed for County Poultry Show Opening at Eastland on Friday

The Eastland County Poultry Show will be held for two days beginning Friday at the Beard building which is one-half block off the square at Eastland, it was announced Thursday.

The show will begin at 8 a. m. and entries, in charge of J. R. Boggus of Eastland, will be received until 10 o'clock.

A supply of ribbons to be awarded owners of prize winning poultry had been received Thursday and entry blanks had been prepared. H. C. Davis, Eastland Chamber of Commerce secretary, had received several entries and poultrymen stated that many had been indicated from over the county.

A. H. Johnson of Eastland will serve as judge. The judging will be held Saturday.

McBee Hanging Skeleton Case Centers Around These Scenes Prosecution Says

Four persons have been indicted in the death of H. L. McBee, Rising Star highway worker, in a case the state holds centered in the scenes pictured above. McBee lay with a stab wound and died May 1, 1933, in the house in the top picture, which was his home; his body was buried in the hole shown in the second view, and later was disinterred and hung from the tree at the center of the bottom picture beside the men, it is charged. McBee's skeleton was found hanging from the tree men, it is charged. McBee's skeleton was found hanging from the tree men, it is charged. J. C. Penney Is A Visitor Here

Expressing gratification over the welcome given him by many who made his acquaintance in the store which is one of his 1,500, J. C. Penney was a visitor here Thursday.

"I was agreeably surprised at the nice building you have here," Penney stated.

He expressed an optimistic viewpoint for business in general and other sections he has visited.

On his brief stop in Ranger J. C. Penney was a guest of P. A. Nelson, local manager of the J. C. Penney store.

Penney is interested in purchased Guernsey cattle and registered Percheron horses. He has farms in several sections of the country.

Plans Made FOR PROCESS TAX PROGRAM

WASHINGTON, Mar. 5.—Congressional tax experts received from the agriculture department today a plan for temporary, two-year processing taxes on 33 farm products, designed to raise \$221,000,000 annually.

At the same time treasury experts submitted schedules showing the amount of revenue that might be derived through wide changes in personal income tax provisions and through a general manufacturer's excise levy.

The house ways and means sub-committee, which received the tax suggestions, made clear they were "just suggestions."

The processing tax levy, however, received more serious consideration.

Such taxes would raise approximately \$442,000,000 of the \$517,000,000 total President Roosevelt told congress the treasury needed to make up losses due to the supreme court AAA decision.

Ranger Woman to Be Buried Friday

Funeral services for Mrs. Ollie Moore, 41, wife of G. J. Moore of Ranger, will be conducted from the Central Baptist Church of Ranger Friday morning at 10:30. Rev. K. C. Edmonds will conduct the services. Interment will be in Evergreen cemetery, with Killingsworth, Cox & Co. in charge of arrangements.

The decedent is survived by her husband, G. J. Moore of Ranger, one daughter and two sons. She died at her home Thursday morning at 2 o'clock after a long illness.

Grand Jury Meets At Eastland Again

Grand Jurors for the March term of 88th District Court reconvened at Eastland Thursday. The group Tuesday indicted Mr. and Mrs. Raymond Henry and Jack and Lynn Smith on charges alleging connection in the death of H. L. McBee at Rising Star May 1, 1933.

SECRECY HAS BEEN KEPT IN U. S. SPY CASE

LOS ANGELES, March 5.—Charges that spies obtained war secrets of the United States Navy and offered them for sale in an "international market" were under investigation today by a federal grand jury.

Extraordinary precautions were reported being taken by the department of justice to keep the deliberations of the jury secret because of "delicate considerations" involved.

The inquiry was recessed today until next Wednesday, at which time, it was said, the grand jury will receive details of the so-called plot.

Two men awaiting questioning in connection with the plot were held in county jail. The first was identified as Henry Thompson, 27, a former sailor, who assertedly was discharged from the navy in 1926 for insubordination. The charge on which he is held was listed as the illegal wearing of a naval uniform. Tompson's former mate, Willard Turntine, of Long Beach, Calif., was held as a witness. He was brought here recently from Sweetwater, Texas.

A third man, said to be an Oriental, is being sought by federal agents for questioning.

Soil Depressing Crop to Be Cut To Conserve Soil

MEMPHIS, Mar. 5.—Secretary of Agriculture Henry Wallace today outlined a broad, flexible and tentative program under which the federal government proposes to conserve soil, reestablish and maintain fair farm incomes and protect consumers of the future.

Details of the program were revealed as the agricultural department began a three-day conference to get reactions of farm leaders and let them settle details as to how it will be applied.

For 1936 the plan calls for shifting about 30,000,000 acres normally planted to "soil depressing" for commercial crops, that are "soil preserving." About 10,000,000 of the total would be shifted from normal cotton planting.

To these farmers who volunteer to shift from soil depressing crops the government will pay from its approximately \$500,000,000 soil conservation and domestic allotment act fund, an undetermined sum per acre.

Funeral for P. L. Mangum Held

Funeral services for P. L. Mangum, 72, who died Monday in a San Antonio hospital after a three-year illness and who had been Katy railroad agent at Mangum for 25 years, were held Thursday afternoon from the Mangum Baptist Church at Mangum. The Rev. B. F. Clement of Carbon and the Rev. T. D. Martin, also of Carbon, officiated. Burial was at Flatwood.

Mangum was the brother of E. N. and R. L. Mangum who opened the first store at Mangum and for whom that community was named.

Born in Rawleigh, Miss., Aug. 25, 1864, Mangum came to Texas in 1882. He had lived in Freestone and Limestone counties.

Survivors are the widow and a son, Fred L. Mangum of Abilene; four brothers, R. L. Brownwood; F. M. Carbon; W. J. Henrietta, Texas; E. N. Mangum, and one sister, Mrs. A. L. Lamb, Wortham Texas. Three children of Mangum's first marriage also survive and are Claude Mangum, Mrs. Dora Humphrey and Miss Letta Mangum, all of Mexia.

Mangum was a member of the Methodist church.

Hamner Undertaking company, Eastland, returned the body from San Antonio and was in charge of funeral arrangements.

Testimony Shows Lobby Records of Company Destroyed

WASHINGTON, Mar. 5.—Testimony that records relating to the Cities Service Utilities system campaign against the Wheeler Rayburn holding company control act were destroyed was presented to the senate lobby committee.

"We never save that stuff at all," said John Beard, Hagerstown, Me., branch manager of a Cities Service subsidiary.

L. S. Cooke, salesman in the Pennsylvania office, testified his records were "thrown in the waste basket and then burned."

2,500 Resettlement Clients of Region Receive \$100,000 in Loans for March

March checks approximating \$100,000 are in process of distribution to 2,500 clients of the Resettlement Administration in 24 counties, Robert W. Fisher, supervisor of Region No. 11 with headquarters at Eastland, announced Thursday.

The checks have been sent to county supervisors who will supervise the spending of the funds of their clients for food, clothing, livestock, and other essentials for farming and living which the government is providing in loans.

Texas is divided into 14 regions, each under a supervisor, for administration of the program. Counties are under rural home supervisors and county supervisors.

George I. Lane is supervisor for Eastland county and Mrs. Madge Wagner rural home supervisor. The county has 284 clients. Over \$40,000 has been received for clients in the county this month, Fisher stated.

Explaining that the Resettlement Administration is directly connected with the department of agriculture, Fisher called attention to the magnitude of the program and its direct financial meaning to merchants.

"This money is regular and is spent locally by the clients," he stated.

Following is a list of other counties in the region and number of families signed in the program and who received an average of \$40 this month:

Palo Pinto, 125; Stephens, 538; Hood, 120; Somervell, 80; Erath, 230; Comanche, 150; Shackelford, 17; Callahan, 234; Jones, 105; Taylor, 170; Fisher, 153; Mitchell, 80; Scurry, 130; Garza, 25; Kent, 40; Dickens, 150; Motley, 25; Floyd, 70; Briscoe, 105.

STRIKERS MAY "TAKE OF LID" IN NEW YORK

NEW YORK, Mar. 5.—James Bambrick, leader of New York's five day elevator strike, threatened today to "take the lid off" and extend the walkout throughout the city unless real estate owners agreed to submit the strike demands to arbitration.

In a 15-hour conference at city hall, which ended at 4 a. m., the strikers withdrew their demands for immediate acceptance for proposals for higher wages and shorter hours and agreed to arbitration.

Bambrick, returning to headquarters after a few hours sleep, said the union would yield no more and would "fight to the finish on the arbitration issue." The building owners, represented by the realty advisory board, refused to arbitrate.

If the owners hold to that stand Bambrick said he would order a walkout of elevator operators and other building service employes in the busy Grand Central business zone, which includes some of the world's largest skyscrapers, and in other districts.

SELASSIE HAS SENT A REPLY TO PEACE PLAN

GENEVA, Mar. 5.—League officials were informed today that Emperor Selassie had sent to the Ethiopian legation in Paris a reply accepting the suggestion of the league committee of 13 that peace negotiations be resumed for settlement of the Italian-Ethiopian war.

The reply will be relayed to Geneva. It was understood Selassie agrees to negotiate peace "in the framework of the league of nations and in the spirit of the covenant."

That has been his attitude throughout whenever peace negotiations were proposed.

There was a threat of sanctions however, in the situation. Reports flashed through Geneva that Switzerland had warned that if an oil embargo is imposed on Italy thereby forcing Italy from the league, Switzerland might follow.

Reports in Paris and other capitals dealt with the possibility that Hungary, which is also not cooperating in present league penalties against Italy, also might follow Italy out.

Clothing Plants In Texas Employ The Most Women

AUSTIN, Mar. 5.—Clothing plants employed the largest number of women engaged in industry in Texas, a survey showed.

The survey was made by the woman's bureau of the U. S. Department of Labor and covers 43 cities and towns and 369 establishments that were visited in 1932.

Facts developed were: More Mexicans live in Texas than any other state. Two of every 11 women included in the study were Mexican. One in each 11 was a negro. Women's wages were found to be very low.

Convict Hunger Strike Is Ended

New Hope Women to Plan Club Formation

Further steps in organization of a women's home demonstration club at New Hope will be taken next week when Miss Ruth Ramey, county home demonstration agent, calls a meeting in that community.

The organization was discussed by Miss Ramey with several women in the New Hope section Thursday morning.

Lake Hagaman Is Closed to Fishing Until First of May

Announcement was made today by Jim Ingram that all fishing in Lake Hagaman had been prohibited until May 1, as the season on game fish is closed in Texas during the months of—March and April.

"Although there is no closed season on other fish during the two months," Ingram stated, "fishing in Lake Hagaman is prohibited because the lake is stocked annually with fish furnished by the state. In order that no game fish may be taken from the lake during the breeding season fishing has been prohibited and this applies to all kinds of fish."

The lake will be open to the public again on the first day of May; customarily, when anyone with a permit may fish throughout the fishing season.

Operation May Stop Constant Laughing

WESTON, W. Va., Mar. 5.—An operation on a pelvic nerve center was the principal hope of doctors today in an effort to prevent Thersa Hawkins, 18, from laughing herself to death.

Powerful sedatives diminished the laughter that has wracked her body for eight days, but doctors were unable to quiet her enough for an operation.

1,000 Automobile Drivers Licensed

Over 4,000 drivers had obtained their licenses, Chief Tax Assessor-Collector Deputy Clyde S. Karkalita, reported Thursday.

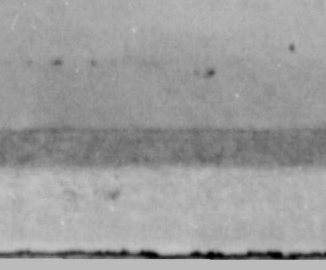

Issuance the past few days has been slow, Karkalita stated, who urged that citizens take immediate steps to obtain the license.

Five hundred and 61 passenger car licenses had been issued. Thirty truck, three trailer and eight farm truck plates had been issued.

Slow Process of Law is Costly Business

One of the handiest ways to kid yourself right now
would be to suppose that the constitutionality of the vast
TVA program has been settled just because the U. S. Su-
preme Court at last has spoken.

When you stop to review this decision and what went
before it, you discover that a good many things still are
up in the air; and you also get a look at one of the most
cumbersome and inefficient devices of government which
any great nation has ever put up with.

The TVA scheme was put through back in 1933. Under
congressional authority, some almost incomprehens-
ibly far-reaching plans were drawn up. Great dams were
started; whole towns were taken off the map; new towns
were laid out; hundreds of people were moved from homes
which their ancestors had occupied for scores of years.

Altogether, the project was one of the most ambitious,
in sheer point of size ever undertaken by any government.

Things had hardly begun to move before protests were
heard. Men who had devoted their lives to a study of the
law asserted that the whole business was unconstitutional,
that the federal government was spending millions on a
job which it had no right even to touch.

Lawsuits began fluttering through the air like falling
leaves in October. One after another, they got into the
courts; and in the course of time, the judicial machinery
ground one of them all the way up to Washington.

So at last, nearly three years after the great project
was started the supreme court handed down its decision.

But did this action finally settle things? By no means.
The supreme court expressly refused to pass judgment on
the validity of the plan as a whole. It took one relatively
small part of it and said that this one small part, if handled
in such and such a way, was legal.

Concerning all the rest it did not commit itself. Pres-
umably some new lawsuit, struggling up to the surface
from the murky depths of some lower court, will one day
hit the supreme court bench—and then we shall get a new
ruling on some other small portion of the whole.

You could not easily think of a clumsier or more in-
efficient way of doing business. Three years of delay—then
a ruling on only part of the whole project—and meanwhile
millions are spent, great engineering works are completed,
the map is radically altered, and no living man knows if it
all is being done according to Hoyle or not.

This is not to say that the supreme court should not
pass judgment on acts of Congress. It is simply to point
out that everything would be much better if the court
could render advisory opinions before legislation is finally
passed.

Let the constitutionality of a measure be determined
before, not after, the millions are spent.

A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

All kinds of people choose Luckies, each for reasons of his own. But everyone agrees that Luckies are A Light Smoke of rich, ripe-bodied tobacco. It is a rather surprising fact that the leaves of the same tobacco plant may vary far more than the leaves from plants of quite different types. Chem- ical analysis shows that the top leaves contain excess alkalies which tend to give a harsh, alkaline taste. The bottom leaves tend to acidity in the smoke. It is only the center leaves which approach in nature the most palatable, alkaline balance. In Lucky Strike Cigarettes, the center leaves are used.

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%. RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS. Luckies—"IT'S TOASTED" Your throat protection—against irritation—against cough

Mrs. Leslie Hagaman Greatly Appreciated In Talk at City Council

Extensive progress and intensive interest was in evidence Wednesday afternoon at the monthly meeting of City Council, when Mrs. Leslie Hagaman, president of the Parent-Teacher Association, presented a report on the work of the association during the past year.

The City Council, whose activities are guided by the capable president, Mrs. Louis Pitcock, meet once a month, and have recently begun the custom of holding each program with one of the local Parent-Teacher Associations or Child Study Club associations. The meetings of late date have been outstanding with such speakers as Miss Dora Wesley, W. T.

Waltton, O. G. Lanier, Mrs. A. Neill, and Principal Powell, presented as guest speakers.

Yesterday's honor speaker was one who has for a number of years been one of Ranger's valued club women and ex-school teacher with 11 years' experience, Mrs. Leslie Hagaman. She chose as her subject, "The Teacher," and her talk proved one of the most splendid to have been heard at such a meeting for a long time.

Other features of the program well given brought the introduction of the official state song, "Texas, Our Texas," led by Mrs. W. W. Jarvis Jr., with Mrs. Weldon Webb at the piano. Young Betty Bradley gave two readings, "When a Little Girl Prays," and "When a Little Girl Prays," Mrs. Weldon Webb followed with a piano selection.

The business period brought a rising vote of thanks to Mrs. O. G. Lanier for the use of her home for the "Founders' Day" tea, held in February.

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.
If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist.

Roofing Company Opens In Ranger

The West Texas Roofing company, which will serve 11 West Texas counties, has been opened in Ranger in the old Waples Platter building, and is now ready to contract for any kind of roofing work no matter how large the contract. The company is operated by L. E. Spalding, formerly of Eastland, who has had 20 years' experience in the roofing business and who is one of the best roofing men in the state. The office is being managed by Carl Butler, who is business manager for the company.

In speaking of roofing today Spalding said that probably more roofs were ruined each year by being patched by someone who did not know what they were doing than from any other cause. "We will not do a job which we think will not hold up," he stated, "and we are prepared to do any kind of roofing job that may be needed, and do it in a way that will give perfect satisfaction."

County Agents Are Working On Calf Project For City

Elmo Cook, county agent for Eastland county, and his assistant, Hugh Barnhart, were in Ranger Wednesday evening, visiting with the president and secretary of the chamber of commerce.
There has been some interest for the past few months in a boys calf club for Ranger and Cook is very anxious to get such a club organized here.
Barnhart is going to give his full time to the club work and is especially fitted for this kind of work. They also visited A. J. Ratliff, C. H. Davis and G. C. Love, while in Ranger and discussed the club work with them.

Any boy who would like to feed a calf is urged to get in touch with the chamber of commerce at once and make arrangements for the project. Anyone who has a good calf that could be sold for the calf feeding project can also dispose of it by contacting the chamber of commerce, it was said today.
It is the intention of those now interested to call a meeting of all interested in the project within the next few days to perfect an organization, provided enough of the boys show an interest.

OPERA STAR SCORES IN "ROSE OF RANCHO"

From a play that had its first showing on Broadway back in 1912 Paramount has come forth with one of its most brilliant musical romances yet seen on the screen—"Rose of the Rancho," which opened yesterday at the Ar-

andia Theatre with Gladys Swarthout, youthful star of the Metropolitan Opera, making her film debut opposite John Boles.

"Rose of the Rancho" enjoyed huge successes both as a legitimate production and in the silent pictures. It was first produced for the screen 'way back in 1914 by Cecil B. DeMille. But this version—so copiously interspersed with music that it falls under the operetta heading—is by all odds the last word.

Miss Swarthout, whose surpassing beauty and glorious singing voice are only equalled by her dramatic abilities, is the daughter of one of Monterey's richest Spanish land-owners. At the outset we find her affianced to Don Alvarado, but as the war between the Spanish vigilantes and the predatory, brutal American land-grabbers grows more bitter, a new romance comes into her life in the person of John Boles, sent into California as a secret agent by the federal government.

Most of the action, as well as the singing, take place out-of-doors. Miss Swarthout, incidentally, proves herself an adept horse-

woman. And her "Sombbrero dance" during the great fiesta at Monterey is a joy to behold.

Mrs. Leslie Hagaman Greatly Appreciated In Talk at City Council On "The Teacher"

Extensive progress and intensive interest was in evidence Wednesday afternoon at the monthly meeting of City Council, when Hodges Oak Park Parent-Teacher Association served as hostess and had as their guests members of other P.T. A.'s, study clubs, and a welcomed number of mothers whose visits are not so frequent at these sessions.

The City Council, whose activities are guided by the capable president, Mrs. Louis Pitcock, meet once a month, and have recently begun the custom of holding each program with one of the local Parent-Teacher Associations or Child Study Club associations. The meetings of late date have been outstanding with such speakers as Miss Dora Wesley, W. T.

Waltton, O. G. Lanier, Mrs. A. Neill, and Principal Powell, presented as guest speakers. Yesterday's honor speaker was one who has for a number of years been one of Ranger's valued club women and ex-school teacher with 11 years' experience, Mrs. Leslie Hagaman. She onose as her subject, "The Teacher," and her talk proved one of the most splendid to have been heard at such a meeting for a long time.

Other features of the program well given brought the introduction of the official state song, "Texas, Our Texas," led by Mrs. W. W. Jarvis Jr., with Mrs. Weldon Webb at the piano. Young Betty Bradley gave two readings, "When a Little Girl Reads," and "When a Little Girl Prays." Mrs. Weldon Webb followed with a piano selection.

The business period brought a rising vote of thanks to Mrs. O. G. Lanier for the use of her home for the Founders' Day tea, held in February. At 5 o'clock a delicious refreshment course of pie and coffee was served from a colorfully appointed board by members of the hospital committee, Mrs. Lanier, Mrs. Saule Perlestein and Mrs. John Hassen.

Child Study Club No. 2 was announced as hostess for the next City Council meeting in early April.

Miss May Moffett Hostess To Delightful Outing On Scenic Hill Top

The new park atop Scenic Point, the attractive spot where many a lingering glance is cast, since spring is in the air, was chosen by hostess, Miss May Moffett, last evening, when her party guests motored there at early twilight and enjoyed a perfectly arranged picnic supper.

A group of appropriate games followed supper, and at their close the party personnel went to the home of Mr. and Mrs. Elmo Decker, Walnut street, where card games rounded out a perfectly spent evening.

Those sharing the hospitable affair were Misses Winnifred Dunkle, Mary Overland, Corine Thompson, Agnes Brown, Norma Ross, Tommye Strong, Beatrice Jennings, Lillie Shepard, and Mrs. Ellis Neal, Mrs. Elmo Decker, Mrs. Saule Crider, Mrs. J. S. Starkey of Pampa, and Stanley Neal, Elmo Decker, J. E. Hawley of Wichita, Kan., E. A. Prather of Dallas.

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, sitting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 2 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist.
