Universal Service For All Americans In Wartime Sought

American People Told That Nation Likely Will Become Battlefield And An Arsenal

(By The Associated Press)

WASHINGTON, April 23—A "universal service" program to make sure every American does "his proper part" if war comes again was commended to Congress today for study.

The Senate war investigating committee set forth the proposal in a report on industrial mobilization. It says:

"The American people must realize that in another war this nation may at once become not only an arsenal but also a battlefield."

The report also says that "in this era of total war" new methods must be developed "to take unfair profits out of war and preparation for war."

The study came to Congress' doorstep in the midst of bustling preparations for military defense. But there appeared to be little chance for action this session on the "universal service" legislation suggested by the committee.

The industrial mobilization document, made available to a reporter in advance of its general release, says:

"The essence of totalitarianism is universal service imposed by an authoritarian regime. The salvation of Democratic institutions may be found only in universal service imposed by the good sense of millions of freedom-loving citizens.

"Universal service envisions the elimination of unfair profits and may measurably avoid the disruption of our economic system by creation of an enormous debt."

The report outlines no specific program. It simply says "consideration may well be given" to such a program.

But the committee places great emphasis on a recommendation

Decision On College Building Plan Delayed

Brief Hearing Held In Court This Morning

Judge Roy Archer Promises Action Within Few Days

By CHAS. A. GUY
Avalanche-Journal Editor

AUSTIN, April 23 — Only an hour was required to present evidence in Texas' contested $60,000,000 college building amendment before Judge Roy Archer in 126th district court here today. Judge Archer took the case under advisement and will announce a decision within a few days.

There was a slightly tense atmosphere in the small courtroom of the Travis county courthouse, within the shadow o' the state's captol, as Judge Archer called the case before a crowd of approximately 25 persons, including numerous well-known state figures.

University Power Shown

Evident was the power of the University of Texas which sought through passage of the amendment, to stagnate the growth of 14 smaller state institutions. Among the spectators was Dudley K. Woodward, jr., chairman of the University of Texas board of regents, who engineered the amendment through the legislature with the aid of the powerful university bloc.

The trial without jury, which came seven months after contestants threw the August-adopted amendment into court, was consumed entirely with a submission of printed briefs and prepared exhibits by both sides. There were no witnesses called nor oral arguments made.

Early Action Promised

After presentations, Judge Roy C. Archer declared:

"Gentlemen, I will read your briefs and let you hear from me at the earliest possible date — which will not be long. If I need further assistance from you — which I probably will—I will let you know."

The amendment, adopted by a close vote, would provide a 30-year building program for 15 state supported colleges and the University of Texas. It had been bitterly opposed in the legislature and through pre-election campaigns from West Texas, particularly by supporters of Texas Tech at Lubbock.

The suit challenging validity of the election was brought by Clarence W. Whiteside, Spencer A. Wells, and Homer Maxey, all of Lubbock, and H. E. Speer of Dallas. They named as defendant Secretary of State Paul Brown,

Two Industries Deliver Blows At High Costs

Westinghouse And U. S. Steel Make Wide Reductions

(By The United Press)

PITTSBURGH, April 23 — The electrical industry joined steel today in a big price slashing movement to beat inflation.

Westinghouse Electric Corp. announced price reductions on a wide range of electrical products which will save industrial customers about $3,125,000 annually.

U. S. Steel Delivers Blow

The action came after U. S. Steel Corp. delivered one of the biggest blows to the high cost of living since the war. The corporation yesterday chopped prices by about $25,000,000 on a myriad of steel products.

The nation received U. S. Steel's price-cutting plan with mixed opinion. A member of President Truman's cabinet hailed the action as "very salutory," but union leaders and some smaller manufacturers were suspicious.

Westinghouse said reductions were made possible "through increased efficiency and improvements in manufacturing methods."

Five Percent Average

The firm reduced prices an average of five per cent in electrical equipment which controls and regulates the distribution of power.

The company listed affected items as circuit breakers, complete outdoor substations, metal clad switchgear of all types, feeder voltage regulators, switches, distribution switchboards, lightning arresters and other protective equipment for transmission lines.

The Westinghouse cut followed by only a few days a similar five per cent price reduction by General Electric corporation on the same products.

Wage Boost Refused

U. S. Steel slashed prices as an alternative to granting the CIO United Steelworkers a third round of wage increases. The steelworkers received wage hikes in 1946 and 1947, but Benjamin F. Fairless, U. S. Steel president, said they simply "won't work."

Fairless said the corporation was trying "something new" in the war against inflation by lowering prices. He said the new prices, to be announced in a few days, will affect items sold directly to consumers and others converted by customer companies into finished steel products.

Gwilyn A. Price, president of Westinghouse, said U. S. Steel's

League Meet Set Saturday

Plains Towns Send Students For Contests

1,150 Expected To Take Part; Other Visitors Are Due

Announcement of towns which will compete against one another Saturday in literary events of the Region 1 Interscholastic League meet at Texas Technological college was made this morning from the office of Dr. Ernest Wallace, assistant dean of arts and sciences at the college and director-general of the regional meet.

Dr. Wallace estimated about 1,150 students would compete, as indicated by advance entries certified to him from district directors.

Won District Contests

Another step in the process leading up to statewide league competition May 7 and 8, the regional contests bring together students who have won in district contests conducted over a wide territory from the Oklahoma line to El Paso and eastward as far as Wichita Falls.

All literary events will be conducted Saturday. The only event scheduled today was tennis A and B drawing and preliminaries, an athletic event being started early in order that competition may be completed Saturday.

Others Are Expected

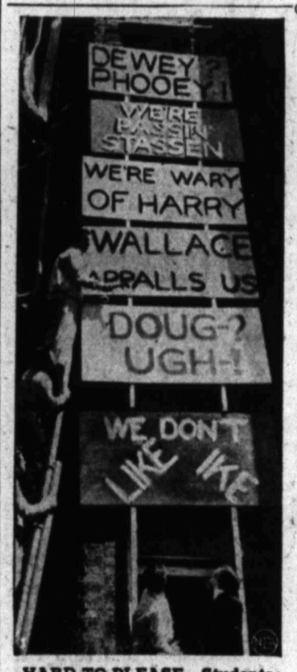

In addition to the 1,150 contestants expected, numerous parents, teachers and friends of contestants likely will be attracted to Lubbock for the contests.

The towns to be represented in each literary contest, listed along with the time, place and director-general of each, are:

DEBATE—Dr. J. William Davis, director, 10 a. m., Conferences AA, A and B preliminaries, 1 p. m., AA, A and B second round, all in room 302 administration building; girls' entries, Pampa, Lubbock, Wichita Falls in AA, Ralls and Levelland in A and none in B; boys' entries, Amarillo, Lubbock and Wichita Falls in AA, Ralls in A and none in B.

DECLAMATION — Dr. D. D. Jackson, director, 10 a. m., all divisions, agriculture auditorium; entries, Amarillo, Lubbock and Wichita Falls in senior girls, AA,

Play Contests To Be Public

Announcement that public performances of regional Interscholastic League one-act play competition will be presented at Senior High school auditorium Saturday was made by Miss Annah Jo Pendleton, one-act play director for regional contests.

Miss Pendleton gave the titles of plays and casts for most of the production, as received by her from the various schools.

Presented In Groups

Plays will be presented in groups, according to whether the schools are in Conference AA, A or B. Twenty-five cents admission will be charged for attendance of each group of plays.

Conference A plays will be presented Saturday morning, beginning at 9 o'clock, as follows:

McCamey High school — Miss Ellie Shults, director, "Gray Bread" (Jean Lee Latham), with Vena Gay Thompson, and Virginia Culwell as cast members.

White Deer High school—Wendell Cain, director, "Dust of the Road" (Kenneth Sawyer Goodman), Dorothy Barnett, Gaynor Simmons, Tom Horn and Gilbert Dickens, cast members.

Tulia High school — C. T. Mitchell, director, "Noble David," cast not yet learned here.

Seminole High school — Miss Martha Parnell, director, Act. 2 of "Our Town" (Thornton Wilder), Harry Cayce, Bobby Hunter, Billye McReynolds, Robert Jameson, Peggy Starling, Odell Kite, Hazel Rogers, Martina Tate, Wayman Briggs and Andy Buhman, cast members.

Four Reported Dead In Crash Of Plane

HOPE, Ark., April 23 (AP) — Arkansas state police reported an Army plane crashed 40 miles south of here today killing at least four persons.

District police headquarters here said the ship was a B-25 from Barksdale Field, La. Site of the crash was Camfield, Ark., near the Louisiana border.

The police said it had received reports that the plane exploded in flight, crashed and burned.

Four badly charred bodies have been recovered, the police said.

Funniest Pair Are Benny, Eve Arden

HOLLYWOOD, April 23. (U.P.)—The Jesters of America today rated Jack Benny and Eve Arden the nation's funniest pair.

The Jesters, including 2,500 comedy writers and performers, named Miss Arden and Bob Hope in their annual poll last year.

Pickets And Police Stage Bloody Battle

Officers Swing Clubs As They Move In On Screaming, Cursing Crowds Before Plant

(By The United Press)

KANSAS CITY, Kan., April 23—Police swinging sticks battled CIO packinghouse strikers and pickets in a bloody outbreak at the main gate of the strikebound Cudahy Packing Co., plant here today.

At least a half dozen strikers, including some women, required hospital treatment as police clubs hammered the heads of screaming, cursing persons in the area of the union hall, diagonally across from the Cudahy gate.

Capt. Eli Dahlin, detective in charge of quelling the outbreak, was ordered to the scene by Mayor Clark Tucker.

"I tried to reason with them," Dahlin said, "but it was no good."

Police moved into the turbulent neighborhood ready for action, Dahlin said, "and from now on, I'm going to run this show."

When strikers sought to escape the blows of swinging police sticks inside their headquarters, Dahlin ordered the door smashed in.

Within a few minutes, the union headquarters was a shambles of shattered glass, blood-spattered walls and smashed furniture.

Ben Shanoski, Kansas City, Kan., an Acme News photographer, was hurt when he was smashed against an automobile as he sought to escape with his camera. He suffered a lacerated leg.

The outbreak lasted an estimated 10 minutes.

"It was a free-for-all," one witness said. "Police were swinging clubs everywhere and strikers were running in fright, trying to find safety."

Strikers withdrew to cafes and other buildings a block or farther away from the battle scene.

Dahlin said after the melee that he was allowing "only 10 pickets on the line."

And, he declared, ". . . that is all

Arab Nations Told To Prepare Armies

(By The Associated Press)

AMMAN, Trans-Jordan, Apr. 23—King Abdullah urged all Arab nations to send their armies into Palestine to battle the Jews when the British give up their mandate May 15.

Trans-Jordan's monarch told reporters yesterday the Arab world must act against Zionism—the push for a Jewish homeland in the Holy Land—because "our peace and liberty are at stake."

"I call on all Arab countries," he said, "to join my army in a movement to Palestine to 'retain the Arab character of that country,"

Soldiers Are Training

Abdullah's two-year-old kingdom is just east of Palestine. Some 10,000 of his soldiers—about two-thirds of his Arab legion—now are in the Holy Land.

He said they will stick to their job of helping British security forces and not start military operations until the mandate ends.

"But they will and they are now in the process of training and preparing for that date," he added.

Abdullah saw Ahmad Sharabati, Syrian defense minister. Tomorrow he will talk with Iraq's regent Abdul Ilah and the Iraqui chief of staff.

Leaders Are Calm

Arab leaders here were calm about news of recent Jewish successes in the Palestine warfare. They said, "wait until May 15."

In Cairo, reliable sources said yesterday as many as 50,00 men from the regular armies of six countries will move into Palestine from three directions May 16 unless United Nations action meanwhile changes the situation.

These soldiers, the informants said, will strike north from Egypt and Saudi Arabia, west from Iraq and Trans-Jordan and south from Syria and Lebanon. They will consist either of regular army units or of army regulars released for Palestine duty.

The sources said Arab leaders are convinced they have underestimated Jewish power and that

Arabs Fleeing Captured City

HAIFA, April 23 (U.P.) — The Arab population of Haifa was reported fleeing by land and sea today after refusing a Jewish truce demanding that they lay down their arms and submit to search.

More than 6,000 fled by sea in small fishing boats across the bay to Acre, Arab stronghold near the Syrian border. Other thousands, mostly women and children, streamed out by road to Arab strongholds in the hills.

Expect Counterattack

Jewish Haganah forces fanned out from the city in expectation of a quick Arab counterattack. They captured the Arab area of Suq, on Haifa's eastern gate, and assaulted the southern Arab suburb of Tireh.

Reports from the outskirts said the battle of Tireh, about four miles south of the port area, was one of the major Jewish actions designed to protect the great oil port from an Arab counterattack.

Not more than 10,000 Arabs were reported left in the city, with more than 40,000 already evacuated. Some were reported to be Arab fighters left to contest full Jewish capture of the strategic port.

They May Return

It was understood the Jewish command did not intend to carry out a house by house search for

Law Violations Are Numerous

One negro was cut with a knife, another was shot in a shoulder, a 40-year-old white man was arrested at Nineteenth and Ave. L and charged wit hintent to burglarize, and another place was broken and entered, among other investigations undertaken this morning by law enforcement officials.

Winston Lee Lewis, a negro, was taken to a hospital about 4:45 a. m. for treatment of a head cut.

He told police he had been assaulted by a negro woman known to him as "Bertha Lee." Police arrested Bertha Lee Thomas, 27, a negro woman, about 6:50 a. m. for questioning into the case.

Lewis said the cutting resulted from an argument over a $5 loan he attempted to collect from his assailant.

Wife Admits Shooting

George Sneed, the other negro, was admitted for hospital treatment of a gunshot wound in the left shoulder.

Sallie Mae Sneed, his 42-year-old wife, was at the hospital with him when police investigators arrived. He accused her of the assault, and she admitted it, officials said. Acting on her directions, they recovered a .38-caliber revolver at 1917 Ave. B, where the shooting happened. The Sneed woman was arrested for further investigation, police said.

A complaint charging attempted burglary of Max Tidmore Construction company office at Nineteenth and Ave. L was prepared by E. G. Pharr, assistant district attorney. It named Robert Lee Echols of 1808 Twentieth, upon oath of LeRoy Boling, jr., a city detective.

LEWIS ESCAPES FURTHER FINES

Contempt Penalty Shelved By Judge

(By The Associated Press)

WASHINGTON, April 23 — Judge T. Alan Goldsborough today postponed indefinitely auy further contempt penalty against John L. Lewis and the United Mine Workers union.

Goldsborough accepted a government recommendation that he impose no further punishment at this time.

Assistant Attorney General Graham Morison said no useful purpose could be accomplished by new fines against Lewis and the union now.

Last Tuesday, Goldsborough fined Lewis $20,000 personally and the UMW $1,400,000 for criminal contempt of court. The contempt finding was based on their disregard of an April 3 court order to stop the coal strike.

There was also a finding by the judge that Lewis and the union were guilty of civil contempt.

Today's court session was for sentencing on the civil contempt charge.

Morison told Goldsborough that 85 percent or more of the soft coal miners have returned to work.

Therefore, Morison said, he moved that a civil contempt sentence be put off "indefinitely." The judge agreed.

Morison said "the government is quite happy" over the back-to-work movement in the coal fields.

Injunction Issued

The government attorney indicated that the Justice department might renew its contempt charge if there is a resumption of the walk out.

Goldsborough has issued an injunction under the Taft-Hartley labor act. This injunction, or court order, forbids continuance or renewal of the strike on grounds it would threaten the national health and safety.

Lewis' attorney, Welly K. Hopkins, agreed to Morison's proposal that the civil contempt sentencing be put off indefinitely. He said there were more than 85 percent of coal diggers back on the job—the figure used by Morison.

Judge Is Happy

Judge Goldsborough said "the court is more than happy to know that the normal situation is being restored."

"The court postpones indefinitely any sentence for civil contempt."

"All right gentlemen," Goldsborough said without looking toward Lewis, who was in his ac-

Italian Reds Are Arrested

ROME, April 23 (AP) — Carabinieri keeping the post-election peace in Italy arrested Communists in three communities last night.

The Communist-dominated Popular Front lost to the Christian Democrats in the balloting for a Parliament last Sunday and Monday.

Communist Leader Palmiro Togliatti subsequently promised his followers would not use force against the government. Some of the front's small fry, however, apparently were not taking the defeat so peacefully.

Several Are Arrested

A flying column of carabinieri rushed to the Castelli Romani area behind Rome last night and arrested several Communists on charges of preparing punitive expeditions.

Terrified residents had barricaded themselves in their homes and in churches against Communist attacks rumored to be impending.

The carabinieri picked up seven machineguns, seven automatic rifles, 10 hand grenades and other assorted weapons.

Carabinieri skirmished with leftists in the village of Russiano near Naples last night, wounding one Communist and jailing 20.

Gang Is Surprised

They said they had surprised a Communist gang getting ready to blow up a church and a government building. They seized some hand grenades and 4,000 bullets.

In Artena, some 25 miles southeast of Rome, one Communist was reported to have slashed at a Christian Democrat and three others to have stoned a carabinieri patrol. All four were arrested.

Trieste free territory also reported clashes between pro-Italians and pro-Communists in which two of the former were wounded.

FRANKFURT, Germany, April 23 (AP)—Scores of Germans are trying to enlist in a non-existent American 'foreign legion," military government sources reported today.

The origin of the widespread rumor that America was creating a foreign fighting force was unknown.

One theory is that Germans read of such a proposal being made in Congress and misinterested it to believe that a foreign legion already had been set up.

Sponsors Are Signing Up As Entry List Climbs To 87 Today

South Plains Boys, 11 To 15, Invited To Big Free Soap Box Derby Show In City Saturday

Everything was all set today for the big Soap Box Derby show at the Palace theater Saturday morning at 10 o'clock when boys of the South Plains between the ages of 11 and 15 years of age will be guests of the Avalanche-Journal and the Lindsey theaters in the showing of a sound technicolor picture on the Derby and a full explanation of rules and regulations of the event.

The Avalanche-Journal-Chevrolet Official Soap Box Derby will be staged for the first time in Lubbock on July 5.

With only four days of registration behind him, Derby Director Roy Finley announced today that a total of 87 boys had already entered the Derby, two days before the big show when all details will be explained.

And Lubbock Exchange club members reported unusual response in the signing up of sponsors for boys in the race, who pay a $17.50 fee which will provide for all of the youth's expense in the local race. Exchange club members hope to secure sponsors for every boy not able to finance his entry into the race.

Saturday's show will include the showing of a regular full-length picture on the Soap Box Derby in addition to a comedy and another film, and a full explanation of the Derby. Ice cream will be furnished by Borden's for the boys present.

In the meantime the entry list for the big race continued to climb at the official Derby headquarters in the showroom at Kuykendall Chevrolet company, 1901 Texas avenue.

Entries were received Thursday from:

Four Held In Grain Thefts

GREELEY, Colo., April 23. (U.P.)—Authorities today questioned two men and two women who admitted that they netted $17,400 by rustling grain from elevators in Colorado and Texas.

The grain rustling operations were exposed when a jealous girl friend put the finger on Olaf L. Woods, 29-year-old truck driver from Sterling, Colo.

Girl Also Held

Police also held the girl, Eunis K. Wales, 24, who tipped off authorities after she and Woods quarreled. Woods was arrested in a Denver tavern along with Irene Williams, 23, Denver, who was found with him. They implicated Sidney Uphoff, 32, of Sterling, who was arrested later.

Under intensive questioning, the four admitted that they had made a dozen night-time forays on grain elevators near Roggen, Colo., and Stratford, Dumas and Tulia, Tex.

Miss Wales told officers that Woods jimmied the elevator doors, drove his truck inside, and filled it with grain. Usually, Woods said, he drove the truck to Denver or to Grand Island, Neb., to sell the grain.

They said they began their thefts last October.

DELEGATION IN AUSTIN

A Lubbock delegation is in Austin today for the court hearing on the College Building amendment suit. Included in the group are three of the four plaintiffs in the case, Spencer A. Rushing and Chas. A. Guy, editor of the Avalanche-Journal; Dudley Brennemith, and Waggoner Carr, Lubbock attorneys, are also present for the hearing.

cedure in amending the constitution is mandatory and amendments are invalid if they do not follow that procedure, (3) that pre-election publication of the proposed amendment failed to comply with constitutional requirements, (4) that amendments must submit propositions singly for a vote on each proposition separately, (5) that the building amendment contained more than one proposition, (6) that the ballot description of the amendment did not give a clear idea of he scope and character of the amendment.

The brief showed nine law firms, with R. Guy Carter of Dallas as chief counsel, for the contestants.

State Presents Brief

The state's brief submitted by Attorney General Price Daniel and executive assistant Attorney General Joe R. Greenhill, presented among its contentions the argument that where the validity of a constitutional amendment is attacked after it has been submitted to and adopted by the people, every reasonable presumption of law and fact is to be indulged in favor of its validity.

The state also alleged that a substantial compliance satisfies the constitutional requirement of publicatiin. The brief said there was publcation in 94.5 percent of the state's counties to constitute "substantial compliance."

The state offered a stack of letters and telegrams to show efforts by the secretary of state to secure publication before the election. Also presented were newspaper clippings to show "actual notice" in instances where formal advertisement was lacking.

Objection Is Entered

Carter objected to the admission of the clippings, contending they were immaterial and hearsay.

Judge Archer said he wiuld dispose of the objections with his judgment in the case.

There were numerous well-known state figures present.

Among them were Woodward; Attorney General Daniel; Dr. J. G. Flowers, president of Southwest Texas State Teachers college at San Marcos; State Rep. Preston Smith of Lubbock, who bitterly fought the amendment in the House of the 50th legislature; D. A. Bandeen, manager of the West Texas Chamber of Commerce; and Charles Black, Austin attorney, appearing as amicus curae (friend of the court). would permit the University of Texas to issue $10,000,000 worth of building bonds and Texas A. and M. college $5,000,000 worth, to be paid off with income earned by the University permanent fund.

Would Levy Tax

The measure would levy a 5-cent per $100 valuation ad valorem tax to finance $45,000,000 worth of buildings for the 14 other state-supported colleges.

When the election contest was brought, Judge Archer granted a temporary injunction restraining the secretary of state from 'tabulating, estimating, or canvassing" the returns of the election.

Already Were Counted

This was a formality, as the votes had already been counted. The decisive effect of the court order was to freeze the building program's status because it prevented certification that there was no litigation against the building program bonds.

Without such certification, the attorney general's office consistently applies a rule to refuse approval of bonds.

Backers of Texas Tech and the other state colleges besides A. and M. denounced the constitutional amendment on the ground it was highly favorable to the University of Texas and A. and M. and would not provide sufficient funds to meet needs of the other 14 schools for the next 30 years. (The measure contains a provision that the legislature may not appropriate any additional funds for the school's building programs during the 30-year period).

Daily Markets

Stock Market

ANOTHER NEW HIGH

NEW YORK, April 23 (AP) — Stocks pushed to another new average high since last July in a fast market session today.

Many leading issues scored gains of fractions to more than 2 points despite active profit-taking at times.

Oils and rails were early targets of this selling, but some of the carriers revived in the final hour. Rallying tendencies cropped out elsewhere, also, with a broad list of stocks closing at or near their best levels of the year.

The market more or less repeated Wednesday's pattern. A lively first hour saw 830,000 shares traded, and the total for the day ran to around 2,400,000 on late activity.

Holding advances, some at new highs for the year or longer, were such issues as Union Pacific, Chesapeake & Ohio, Denver & Rio Grande Western common and preferred, Seaboard Oil (on news of a "significant" new well), American Can, J. I. Case, Youngstown Sheet, International Paper, American Smelting and Johns-Manville.

Lower were Warren Petroleum, Superior Oil of Calif., Gulf Oil, and United Aircraft.

Bonds advanced.

Cotton Market

NEW YORK REPORT

NEW YORK, April 23 (AP) — Cotton futures declined today under pressure of profit taking, liquidation in nearby May, and selling on higher cotton acreage ideas. Increased May liquidation was prompted by the approach of first notice day next Tuesday, while at the same time certificated cotton stocks increased sharply by 1,116 bales to 76,291 bales. Losses in futures extended to $2.75 a bale before the market recovered partially on mill buying and short covering.

Private advices noted that farm work has made excellent progress in the eastern cotton belt with indications the acreage there might exceed 19 per cent over last season. Increases in the central belt ranged from 6 to 15 per cent.

Cotton closed easy.

Mobilization

(Continued From Page One)

that "adequate legislation" be passed by Congress now "to implement industrial mobilization."

The report says that in 1939, President Roosevelt was forced to turn to "an utterly outmoded" law of 1916 "for any semblance of authority for industrial mobilization."

The report adds that the defense advisory board set-up authorized under that law was a "seven-man monstrosity . . . strangely reminiscent of the committees of public safety of pre-revolutionary days."

The problem of an adequate plan, the study continues, "grows constantly more complicated in this atomic era and makes more and more impractical any reliance upon improvisation."

Congress and the President should decide "now," the committee said, "how and when the industrial mobilization plan should be put into effect when the need arises."

Jury Gets Charge In Dillard Trial

Judge G. V. Pardue, of 99th district court commenced reading a jury charge at 1:30 o'clock this afternoon in the Brewster E. Dillard murder trial.

Counsel said he gave a charge instructing in the laws of self-defense and accidental homicide, as well as of superior strength Dillard claimed for Garlon Douglas Weaver, about 39, in connection with whose shooting Nov. 1 at a Texas Ave. service station Dillard is charged. He also charged that admission of a portion of Dillard's past convictions into the case record could be considered only as affecting the defendant's credibility as a witness.

Special Prosecutor Victor H. Lindsey will open for the state and District Attorney Lloyd Croslin will close. The defense had not announced the order of its speakers in arguments. Burton S. Burks and J. E. Vickers are defense counsel. Judge Pardue limited arguments to and hour and a half to the side.

Dillard, appearing as a witness in in his own behalf Thursday afternoon, claimed self-defense and accidental discharge of a pistol during a wrestling in his car outside the service station, after he had fled in fear from Weaver and a threat.

Arab Nations

the Arab volunteer army now in Palestine will not be enough to withstand it.

Only Yemen in the seven-nation Arab League was exempted from the Palestine effort.

The league's political committee met for four hours on Palestine yesterday in Cairo.

Syrian Premier Jamil Mardam Bey said after the meeting, "we will fight on land, sea and air until we achieve victory."

Some 10,000 Egyptian regulars now are camped just south of the Palestine boundary.

Four 75-millimeter artillery batteries of the Syrian army moved out of their camp at Haiboun yesterday. An army source said they were Palestine bound.

In London, the British war office announced last night the Middle East command is being reshuffled in view of plans to drop the mandate and to pull all British troops out of Palestine by Aug. 1.

possible Arab snipers. Both British and Jewish forces felt that Arab laborers would return to their homes within a few days if the city remained quiet.

The Arab evacuation indicated that the largest port in Palestine, which observers consider the key to the Holy Land, fell into Jewish hands with surprising ease.

The port city gives the Jews a major stronghold in the northern area for incoming shipments of arms. Previous reports said that large supplies of Jewish arms were gathered in Mediterranean ports waiting shipment to Palestine when the British leave.

Truce Attempts Fail

Three-way efforts for a truce broke down last night after six hours of conferences when members of the Arab national committee refused to sign despite British urgings.

It was understood that the British commander, Maj. Gen. H. C. Stockwell, virtually ordered the Arabs to sign the Jewish truce terms. The Arabs remained adamant, apparently, planning to reenter Haifa when they received reinforcements.

Man Is Found Dead, Rifle At His Side

ELGIN, Tex., April 23 (AP)—Shelby B. Moore, about 40, of Kerrville was found dead at the home of his parents, Mr. and Mrs. Henry H. Moore, here Wednesday. A .22 caliber rifle was found beside him and he had a gunshot wound behind the right ear.

Justice of the peace M. A. Burleson returned a verdict of suicide.

Moore had come here from Kerrville Sunday, the same day that his parents went to Kerrville to visit him and a daughter there. It was believed he died Sunday night.

Survivors include his widow, a son, both of Kerrville and Abilene; his parents; two brothers, Kenneth of Austin and Tom of Tucson, Ariz.; five sisters, Miss Ruth Moore of Austin, Mrs. Tom Kilcoyn of San Antonio, Mrs. Eugene Atchenson of Llano; Mrs. Warren Klien of Kerrville and Mrs. Roy Wood of Beaumont.

Law Violations

lice were informed. Glass panels were taken from a door at rear of the grease room.

The sheriff's department said it had arrested Robert Lewis Scales, 33, a Lubbock negro, and committed him to jail to serve two "old" liquor law fines and costs that attached.

Brownfield authorities informed the sheriff's office that $100 reward is being offered for rocovery of a 1944 Ford tractor and attached Oliver breaking plow which were stolen there several days ago. The reward notice was posted by Sheriff Ocie H. Murray of Terry county.

Police said a stolen Yellow Cab had been recovered in 2300-block Ave. Q. Keys were in it when it was found.

Bicycles Stolen

Hugh D. Whitfield of 408 Twenty-second and James Gordon of 1920 East Ave. B reported bikes valued respectively at $50 and $60 stolen from them.

A pile of new lumber, valued at $20, was reported stolen from Joe Gonzales of 110 Ave. M.

Ernest Ward, deputy sheriff of Slaton, said $40 was missing from a store at Posey. He said the loss was discovered immediately after departure of five or six drunk Mexicans.

M. S. Dismuke of 2902 Twentieth informed police that fender skirts valued at $55.40 had been taken from his heavy automobile, parked on Texas Tech campus.

Burglary Thwarted

An attempted break-in of a store at 806 Main was thwarted about 9 p.m. yesterday when the proprietor entered the establishment causing the burglars to flee. The suspects apparently had broken into a nearby cleaning shop but nothing was found missing.

Virgil E. Skaines, owner of Fair Price Shoe Shop & Hardware Store, said that he heard a noise at the rear of the building when he came in the front entrance. He also heard someone running away.

Glass had been broken from the back door and a piece of it laid on a bed, according to police.

They said that large footprints were traced to Kleenit Cleaners, at 804 Main, which had been entered. The owner, Sam King, was contcated, and a preliminary check showed nothing missing.

Wallaceites Seek "Liberal Leaders"

HOUSTON, April 23. (U.P.)—The Wallace-for-President campaign in Texas today emerged as a movement to elect "liberal leaders" in every county, state and congressional office.

"What good would it do to elect Henry Wallace as President if we keep in office a legislature which has passed nine anti-labor laws, every one as vicious as the Taft-Hartley law?" asked Herman Wright.

Wright is chairman of the Texas Wallace-for-President committee.

His announcement of the intention of Wallace supporters to put a full slate in the field came as he disclosed plans for a $25-a-plate dinner to be held here tomorrow night.

The dinner will precede the third party founding convention to be held in Houston on Sunday.

Wright predicted the third party would not have difficulty getting candidates for county, state and congressional offices.

Texas Tech Board To Meet Saturday

Members of the board of directors of Texas Technological college will gather in a meeting Saturday at Fort Worth. The meeting will be conducted in the Fort Worth club.

High on the agenda will be consideration of the resignation of Dr. W. M. Whyburn as president of the college. Action will likely be confined to appointment of a committee for selection of a successor.

Chairman Chas. C. Thompson of Colorado City recently said the matter would be one of the major items to be discussed by the board. O. B. Ratliff, Lubbock member of the board, left today for Dallas and will go to Fort Worth early Saturday for the meeting.

Possible Scattered Showers Are Seen

Although Ralls, Floydada, and other South Plains points received beneficial showers Thursday afternoon and Thursday night, no general precipitation was forecast for this area today, according to local weather bureau officials. There are indications, however, that low clouds will roll in from the south during the early afternoon, bringing a possibility of additional scattered showers to the area.

Weather officials predicted that fairly strong variable winds will resume again today, averaging 25-30 this afternoon with gusts in excess of 30.

The forecast for Lubbock and vicinity is for broken or overcast skies this afternoon with a possibility of scattered showers. Maximum temperature forecast for today is 78. Thursday's maximum was 69.

Scrap Paper Collection Shows How Poets Composed Work

BUFFALO, N. Y., April 23. (U.P.)—A motley collection of worn scrapes of paper is bringing international fame to the University of Buffalo.

The apparent odds and ends, numbering 3,000, are the actual working sheets used by modern poets in composing their works. The manuscripts include tattered notebooks, flaps of used envelopes and even the backs of gas and electric bills.

The unique collection, constantly expanding, has acquired a reputation among scholars since its inception 12 years ago. Within the past year, it was brought to the attention of the world at large through a book.

The volume, "Poets at Work," describes the University of Buffalo collection and its value. Its first edition was exhausted so rapidly that the publisher immediately started printing a second edition.

Letters Get Results

The collection was started in 1935 by Charles D. Abbott, librarian of the Lockwood Memorial Library. Laying the groundwork took more than a year. Then letters went out to 50 American and British poets, asking for a dossier as complete as possible on the composition of a single poem.

A majority responded with what hadn't been requested—handwritten copies of familiar poems. But 17 sent just what was wanted.

The letter appeal was continued and the response was good. Such poets as Edna St. Vincent Millay, Christopher Morley, John Peale Bishop, Genevieve Taggard, Louise Bogan, George Stantayana, Robert Hillyer, Marianne Moore, John Gould Fletcher and others contributed striking examples of their works in the making.

All Contributions Gifts

All contributions were gifts. The university paid for none. As Librarian Abbott points out, if it did there was no yardstick for measuring the value of such treasures.

The collection covers the complete making of a poem, its first draft and subsequent drafts, revisions by word and line, deletions and additions. Included are 350 files of poetry magazines, anthologies, biographies of poets, memoirs of non-poets if they contain relevant material, critical studies of individuals and movements and books of theory.

"Some poets are represented by only one poem, some by hundreds," Abbott said. "There are great and famous names on many, and unknowns on others. But who can tell how a future generation will distribute its 'greats' and its 'obscures'?"

MEET ME IN CHICAGO

CHICAGO (U.P.)—The upsurge in conventions held in Chicago continues. The city's convention bureau reports that 66 meetings are being held in April, compared with 52 meetings last year. This month's convention will bring at least 52,400 persons to town.

DOUBLE TROUBLE—On trial in connection with drowning death of a Kansas City child, Frances Wanstreet, 18, was happy with her new engagement ring and the thought that she and her sweetheart, Donald Bell, left, would be married soon regardless of the jury's verdict. Bell, who claimed to be 22, was arrested when his age was found to be 15. Sam Melnick, United Press reporter, center, tells Frances of Bell's arrest.

Actor Is Victim Of Overdose Of Pills

BURBANK, Calif., April 23 (AP) Actor Lon Chaney, jr., was in serious condition at St. Joseph's hospital today, victim of a reported overdose of sleeping tablets.

Det. Lt. W. D. Hendricks said the 43-year-old son of the late character star took the pills at his North Hollywood home last night. Chaney's personal physician said the actor had taken several doses.

Chaney, best known for his role of Lennie in "Of Mice and Men," is married to non-professional Patsy Beck. He has two children by a former marriage.

President George Washington while in office received such gifts from citizens as apples, cheeses, Jerusalem artichokes, flower roots, and Spanish swords.

Chicago Ex-Mayor To Make Trip To Paris

CHICAGO, April 23 (INS)—No Paris night clubs for former Mayor Carter Harrison of Chicago—just "pictures and statues."

The onetime mayor said he was planning a trip to Paris with his wife and daughters. He added:

"We're going to leave on May 26 . . . have one more little fling, but no night clubs. I'm going to look at pictures and statues."

Harrison passes "just another milestone that I hate" tomorrow—his 86th birthday.

FAKE "DIAMONDS"

Sapphires often are passed off as diamonds. When the color is removed from the sapphires, even experts find it difficult to distinguish them from diamonds.

MGM Makeup Head Sued For Divorce

LOS ANGELES, April 23. (AP)—Mrs. Gloria Doll Dawn, 21, was granted $125 weekly alimony pending trial of her divorce suit against Jack Dawn, 57, head of the M-G-M makeup department.

She asked $1,500 a month, testifying in yesterday's hearing that she was badly in need of clothing. Mrs. Dawn was secretary to her husband before they were married in Ensenada, Mex., Sept. 7, 1946. They separated last March 31.

With Their Own Money In It, New Yorkers Closely Watch Building Of Miami Hotel

MIAMI BEACH, Fla., April 23. (U.P.)—Five times a night two earnest men climb wearily out of bed and wet down the concrete floor of the house they are building.

When the plasterers, carpenters, and laborers arrive at 8 a. m., the two hover around them like anxious mothers, counting the bags of concrete and unloading lumber and steel.

It sounds like two GIs squeezing the last dime out of a government building loan. But the house Ivar Blacker and Sam Cohen are building is a $3,000,000 hotel—the biggest and most expensive ever raised in this glittering playground.

They are giving it plenty of personal attention because it's their $3,000,000.

No Great Hurry

Blacker and Cohen and two other partners, J. C. Cohen, Sam's father, and Martin Fisher, all of New York, have Miami's get-rich-quick building industry watching every move they make.

It is the first time in many years that one of Miami's fabulous vacation hotels hasn't been built in a hurry to get the tourist money at once, not next year.

Dozens of hotels and apartments were built in Miami and Miami Beach immediately after the war to soak up the war-time savings and black market spending. The builders paid fabulous prices for labor. Plasters were getting $65 a day to run up their buildings in a hurry. Rates were high to pay off the investments.

Hotels were leased at incredible $160,000 in 1944 was turned over rentals. One which leased for in 1947 for $1,400,000 and the leassor lost money.

Spending in Miami and Miami Beach took a $50,000,000 dive this year and people were saying the days of get-rich-quick building were over for a long time.

Then Blacker, Fisher and the Cohens moved in.

Putting Cash In

"This is a new kind of operation for Miami Beach, all right," said Blacker. "We're putting cash into this. We've got a check for $3,000,000 in a New York bank that says we're going to finish this hotel. And we're giving ourselves 20 years to get it back. We're here to stay. Nobody runs this hotel for the next 20 years but us."

They're calling it the Sherry-Frontenac. The name is boldly nailed to a rough wooden shack on the building site used for an "office."

When completed some time in November the hotel will rise 14 stories above the white sands. Its lobby, which is the concrete Blacker and Cohen hose down every night, is 160 by 60 feet. It is partitioned off by rolling glass walls that give unobstructed vision from the entrance to the sea.

The daily rates will run from $27 a day for a double room to $80 for one of the 36 penthouse suites.

It will be a city in itself, with movies, doctors, dentists, solariums, turkish baths, shops, night club, restaurants and a beach with 100 cabanas for washing the sand off bathers' feet.

Blacker said the drop in spending on Miami Beach doesn't worry him.

"We're not expecting American economy to go to pieces," he said. "This is a prosperous country. There will always be people with a lot of money and even more with just enough money to come down here and have the kind of vacation everybody has always wanted. That's the kind of trade we'll get and the kind we want."

Guests Speak Before PTAs

Parent-Teacher associations met Thursday afternoon for programs and reports of the recent district meeting held in Anson.

Dr. Richard Sloan who was guest speaker at a Thursday afternoon meeting of Central Ward P-TA at the school discussed "Personality." He was introduced by Mrs. Harvey Dunn.

The program was opened with a prayer by Miss Martha Mathis; Mrs. Sam Allred presided. A play on health was presented by fifth grade pupils of Mrs. Ance English and guitar numbers were played by Sammy Mack, assisted by I. D. Dupagan.

Alfred Smith, principal, presented a life P-TA membership to Mrs. Allred.

The district P-TA meeting held in Anson last week was reported by Mrs. D. M. Beach and the Central Ward scrapbook which won first place at the meeting was displayed.

Attendance count was won by rooms of Mrs. J. T. Shaver and Mrs. English.

Present Talent Show

A Mother's Day talent show was presented by the following pupils of George M. Hunt school for the P-TA:

Marsha Brock and Mary Jane Hartley played piano solos; Billie Gray Haney, Sandra Pritchard and James Pritchard gave vocal solos; Bob White and Sybil Sue Marion gave a vocal duet; Peggy Jim Owens read a poem; and the entire group sang the song, "Mother." Tommy Anthis was master of ceremonies. Mrs. Lattie Rankin directed the program and Mrs. Jeanette Jenkins played the piano.

"Discipline of the Child" was discussed by a guest, Dr. R. C. Douglas. A prayer was offered by Mrs. J. C. Burns.

Mrs. Ross Tillinghast, president, reported the district P-TA meeting and presented certificates to 33 parents who have completed courses in states procedure, parliamentary law, home improvement and visual aid and to 12 teachers who have completed an adult education course. The P-TA won third place with its history book and honorable mention with its publicity book at the district meeting.

Seventy-three persons attended the afternoon program; Mrs. Rankin's room won the attendance count with 24 present.

Following a program given by sixth grade pupils of Mrs. Beatrice Comer and Miss Grace North for Sanders P-TA, a member of Alcoholics Anonymous spoke on the subject, "Which Path Will Our Children Follow."

A cake sale for May 1 was planned and Mesdames Cecil Thomas, Winnie Flynt, Eubanks and C. H. Tisdel were placed on the committee in charge of arrangements.

Room count was won by the rooms of Mrs. Grace Smith and Miss North.

Officers Installed

A program for Dupre P-TA given at the school cafeteria included a talk by Mrs. Nancy Green on "What the Tuberculosis Association Is Doing In Lubbock" and numbers by the Dupre orchestra.

Mrs. L. L. Miller installed officers for 1948-49.

Afterwards, a tea hour was held with Mrs. E. B. Kelly in charge. The retiring president, Mrs. Alfred Crosby, and the new president, Mrs. Bruce Craig, presided at the tea table which was decorated with spring blossoms.

One hundred fifteen persons attended.

MARY HAWORTH'S MAIL . . .

Doctor's Wife Is Dismayed By His Drinking; Has Two Or Three Highballs Every Night

DEAR MARY HAWORTH: We've been married 10 years, have a fine son and daughter and are very much in love. Liquor is the problem.

We both like to drink and during our short courtship did quite a bit of it. In marriage, it has been an integral part of our daily routine, but such discord as we've had is easily traceable to its influence, so recently I decided to give it up, except for parties.

However, my change of pace hasn't altered my husband's routine — two or three highballs every night before dinner and six or seven on special occasions. Is this normal drinking?

He is a doctor and rather well versed in psychology, but on the subject of drink he has little or nothing to say; and is this tacit admission of a weakness he can't control?

• • •

MAN IS READY WITH EXCUSES

HE is very much of an introvert and I'm sure has always felt that liquor helps him overcome a natural shyness. Has he had this prop so long he can't give it up; and will it get worse as time goes on? Am I at fault some way?

I feel there is no place in his work for hangovers, yet he has many of them, and surely patients who detect the aroma must disapprove. When our small son says, "Mommy, what's the matter with daddy? Why does he talk so funny?", it seems to me time to take stock.

What's wrong? Why can't he drink enough for a glow, then stop before he loses his dignity and my respect? I've talked to him seriously along these lines and he never says a word, unless to excuse the night before.

Always he has "good reason" why he slipped up — dinner was late, the company was dull, he was tired, his tooth ached, etc.,— evasions which shrink my regard for him. I feel he is weak to allow these slips; but can he alter the habit of years? What do you think?

Signed L. B.

• • •

MAN MUST KNOW HE'S ALCOHOLIC

DEAR L. B.: As a physician rather well versed in psychology, your husband probably knows that he is an alcoholic, by medical definition, at this point.

And your illuminating remarks about his temperament suggest that his social drinking in the early rounds was an attempt to conjure a hearty manner foreign to his gentle, sensitive, contemplative nature; and also, perhaps, as sedative-relief from neurotic, professional and economic anxieties that haunt his sober hours.

In any event, it is obvious that he is compulsively addicted to liquor now, along the lines of a drug-habit, which makes his present state worse than his first. And as a doctor, he ought to know that alcoholism is an illness which progressively destroys the patient who refuses to face it; and that the chances of cure are proportionate to the patient's courage to admit his peril and summon help in a fight for health.

• • •

WIFE'S ALARM IS WARRANTED

AS of today, the most serious aspect of his behavior is not the drinking per se, but his refusal to admit it has him licked; and like his drinking, this evasion of fact is a form of retreat from reality, which gives additional cause for wifely concern, and, in my opinion, confronts you with constructive necessity to insist on honest stocktaking, and by example show him that temperance is feasible.

You, too, would be playing ostrich if you blinked the truth that he is going to pieces gradually, carry hangovers to work, etc., but in dealing with alcoholics, there is no guarantee that suasion will save them.

Society offers two forms of help for a man in his shoes: one, analytic treatment; the other, fellowship in Alcoholics Anonymous, a group which candidly works with God and attributes cure to faith in Him, a philosophy which ties in with a psychiatrist's statement, to-wit: "Only God can help a drunkard, and only if he wants to be helped." M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

City Federation Tea Honors Outstanding Club Women

Culminating the season's activities, City Federation of Women's clubs entertained Thursday afternoon in the Hilton hotel ballroom with its second annual "Every Woman's Tea" and presented Mrs. J. W. Walker of Plainview in an address on "What Women Can Do for Peace." Outstanding women of the member clubs sat on the platform and were introduced at the close of the program by Mrs. Bryan Edwards, retiring Federation president, who gave the welcome and presided.

In an earnest plea for understanding and good will, Mrs. Walker, who is chairman of the Texas division of Woman's Action Committee for Lasting Peace, began her lecture with a few searching questions and the declaration that "we must go on and achieve one world or we face annihilation."

"An enlightened and Christian people must find the way and then show others that way to understanding and good will," she said. "Women of the United States have leisure time in which to instruct themselves. What do you read? What do you study? What do you talk about to your family at the breakfast table?" she asked

If women insure the preservation of peace they must be informed, they must be tolerant, they must be understanding and they must make democracy work, she pointed out.

"Does it not follow, she questioned, "that the most powerful, the richest nation in the world has the greatest responsibility of any people? What will we women do with this power?"

Present Musical Program

Mrs. Lloyd Croslin arranged a musical program that preceded the talk. These numbers were: Vocal solo, "Indian Love Call" (Friml), Mrs. D. E. Ing, accompanied by Mrs. Marlin R. Smith; violin obligato, Mrs. H. J. Steinhoff; piano solo, "Gardens in the Rain" (Debussy), Mrs. Leon Cavaness; violin solo, "Souvenir" (Drdla), Mrs. Steinhoff, accompanied by Mrs. Don Mitchell; vocal solo, "The Love Pipes of June" (Day), Mrs. Ing, accompanied by Mrs. Smith.

Introduces Officers

Mrs. Edwards introduced the incoming officers who will serve a two-year term: Mesdames L. D Marshall, president; Russell Denison, first vice president; J. D. Hinson, telephoning secretary; Jimmie Cunningham, treasurer Garland Newsom, parliamentarian

Others elected on alternate year were: Mesdames Clarence Whiteside, second vice president; Raymond Painter, recording secretary; Gordon Treadaway, auditor and Aubrey Edwards, historian.

Tribute to the officers and committees who had worked with her was paid by Mrs. Edwards in closing remarks. "Each of you has served in an official capacity, as well as a regular member of the Federation, and has become a treasured friend," she said.

Mrs. Marshall, in accepting responsibility of the office, asked the group to look forward with vision instead of being content to rest on past laurels.

Woman's Forum, Clement-Sorosis and Lubbock Junior Garden club members were hostesses for a tea hour. Mesdames J. G Keyes and Clarence Whiteside presided at the refreshment board which was arranged in U-shape and covered with a yellow cloth.

A maypole of gardenias and pastel daisies from which extended pastel ribbons was main decor and the table was garlanded with fern and gardenias.

Three hundred women were in attendance.

Slight Drop In Cost Of Living Is Brief

WASHINGTON, April 23. (U.P.)— Labor department figures showed today that the cost of living dropped slightly during the month ended March 15 but a department economist said prices have been on the upswing since then.

The department said the retail cost of living in the nation's large cities fell 0.4 per cent from mid-February to mid-March. It attributed the drop chiefly to a 1.2 per cent decline in overall food prices.

The department economists, who declined to be quoted by name, said foor prices already have begun to climb again. And he predicted that the trend will wipe out by June 1 the 3.5 per cent drop in food prices since mid-January.

Gum Company Fined In Anti-Trust Case

AUSTIN, April 23. (AP) — The Ford Gum and Machine company, Inc., of New York was assessed a $10,000 Texas anti-trust penalty yesterday.

The penalty was assessed by Judge J. Harris Gardner in 53rd district court.

The suit was brought by the state last January.

Assistant Attorney General J. A. Amis, jr., had introduced evidence in the trial to show operation of gum vending machines in several West Texas counties in violation of Texas' anti-trust laws. Contracts were said to restrict retailers and gum machine operators as to the type of gum which could be sold and set up exclusive territories.

More Tax Collectors Asked To Trace Down Nation's Evaders

WASHINGTON, April 23 (AP) — Rep. Knutson (R-Minn) today urged more tax collectors with more funds to run down billions lost through tax evasion.

"Too many people are escaping their fair share of taxes, by evasion and otherwise," Knutson said. He is chairman of the tax-framing House ways and means committee and author of the new $4,800,000,000 income tax reduction law.

Government Losing

Treasury reports indicate that uncollected taxes, some dating back to war years, now amount to about $5,000,000,000—with the government losing $1,000,000,000 a year because it lacks enforcement personnel.

Knutson urged the House appropriations committee to carry out recommendations of a committee of four tax specialists who called for a huge expansion and reorganization of the Internal Revenue Bureau.

The specialists committee, set up by Congress, said in its report yesterday the bureau's appropriations should be increased from $188,000,000 to $250,000,000 next year. It also recommended a boost in personnel from 51,254 to 67,700.

Can't Pinch Pennies

"We can't afford to pinch pennies so far as the Internal Revnue Bureau is concerned. For every dollar we invest in the bureau many dollars in additional revenue are returned.

"I want the government to see that everybody who owes a dollar in taxes pays it."

The men who made the special study were Henry H. Bond, Boston Lawyer; William J. Carter, Atlanta public accountant; N. Loyall McLaren, San Francisco public accountant, and George W. Mitchell, Chicago tax economist.

Work Is Resumed On New Mexico Project

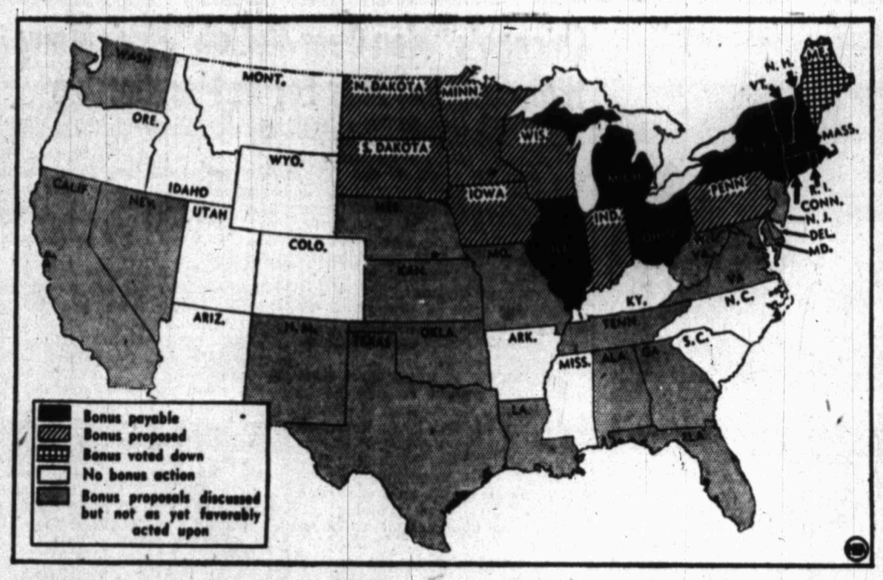

ALBUQUERQUE, N. M., April 23 (INS) — Partial operation was resumed today at the secret government project east of Albuquerque following settlement of a ten-day strike by more than 650 workers.

The Peter Kiewit sons' construction company, of Omaha, and the six unions involved, issued a joint statement last night that an agreement had been reached after a conference with federal conciliators.

The strike originally involved 58 members of an A. F. of L. carpenters' union. Other union members refused to cross picket lines, and work at the project almost came to a standstill.

Terms agreed upon included a 25-cent-per-hour wage increase for the carpenters, bringing their hourly pay to two dollars, and meeting of the Albuquerque wage scale for the other five unions.

The Nebraska firm is operating under a government construction contract at the project, which has no connection with nearby Sandia Base special weapons project. The construction center is under the command of the U. S. Engineers.

WORLD WAR II VETS GET BIGGER BONUS OUTLAY—World War II's veteran bonuses already overshadow those of World War I. This is illustrated by the fact that nine states have authorized a total of $1,577,000,000 payable for service in the armed forces. Less than one-fourth of that amount, $385,000,000, was paid in bonuses by a total of 20 states after World War I, according to Veterans Administration. Highest bonus, a maximum of $900, is paid in Illinois. Map above shows status of veteran bonus legislation by state to date. Bonuses are also payable to veterans in Alaska and Hawaii.

Improvements Set For Big Bend Park

WASHINGTON, April 23 (AP) — The National Park service says that $9,250,000 will be needed during the next 12 years for improvements for the Big Bend National park in Texas.

The figure was a part of the service's master plan which calls for $50,000,000 to make national parks spic, span and comfortable.

The plan calls for physical improvements, roads and trails and parkways.

No such allowances have been provided for 1948-49, but park experts hope to get the plan under way in the next few years.

In Big Bend park, the government will follow the new plan of building its own installations, rather than having the concessionaire build them—and Government Services, Inc., which operates cafeterias in federal buildings in the national capital, will lease them.

The main development—a lodge and cabins—will be at one of three sites, Daniels ranch, Bouillas or Panther Springs, with smaller projects at the other two.

No further developments are planned at the present for tent-and-cabin camp at Chisos basin.

This ultimately is to be an international park, if plans are approved by Mexico.

From 1939 to 1945, Canada's total production more than doubled the pre-war level, from 5.1 to 11.75 billion dollars.

Pickets Prohibited By Judge's Order

LOS ANGELES, April 23 (AP) — A temporary order today prohibited the CIO-United Packinghouse Workers union, local 12, from mass picketing the strike-hampered meat packing plant of Armour and Co.

Superior Judge Clarence M. Hanson issued the order, pending further hearing, on petition of the company which sued the union for $350,000 damages. The restrainer also forbade harassment of persons going to and from the plant.

Armour asks $300,000 punitive damages, $50,000 actual damages and $10,000 a day as long as pickets prevent normal business operations. Armour's plant was struck March 16 along with Swift, Cudahy and Wilson in the nationwide walkout.

Woman Talks Robber Out Of Store Holdup

LOS ANGELES, April 23 (AP)—Though he held a pistol in his hand, the young man had a soft spot.

Mrs. Dirothy Feur, grocery owner, told police she kept talking and waiting on customers for nearly an hour. Finally the youth put the gun in his pocket and walked out.

"I saw a discharge button in his lapel and just talked to him about my own son in the service," Mrs. Feur explained.

School-Built House Is Not Moving Fast

DECATUR, Ill., April 23. (U.P.)—A five room house built by the Decatur High school building trades class has turned out to be a white elephant.

A $12,000 price tag was put on the house by the school board but there were no takers. The Decatur board of relators, foregoing the usual sales fee, then tried unsuccessfully to find a buyer.

Now the school board has agreed to pay a commission to any real estate salesman who can close a deal. The price still is $12,000.

United States Abandons Plans For Police Body In Palestine

By LARRY HAUCK
Associated Press Writer

LAKE SUCCESS, April 23. — The United States has abandoned plans to call for a special police force to augment a Palestine truce commission, informed sources said today.

The American delegation was said to be prepared, however, to press for security council creation of a United Nations truce commission. This on-the-spot group, probably with five members, would be charged with enforcing the council's week-old cease-fire order which has been ignored by the Jews and Arabs.

No Explanation

The plan for a police-augmented truce commission has been under serious consideration in the American delegation since it became apparent that the Jews and Arabs would not adhere to the cease fire directive. No explanation was available for the reported decision to drop the police angle.

Informants said the new step represented no change in Warren R. Austin's offer of American troops for Palestine duty provided that other U. N.-selected nations would do likewise. At that time Austin stipulated that those troops would be for the period of trucetrusteeship, presumably remaining until order was established and a government functioning.

The truce commission plan comes up in the security council (3 p. m. EST) for debate.

Support Lacking

The American proposal for interim trusteeship in the embattled Hold and was making little headway. It drew no support yesterday in the special assembly's 58-nation political committee. Australia moved formally that the U. N. stick to partition.

The committee resumes sessions today (10:30 a. m. EST) with Arthur Creech Jones, British colonial secretary, listed as the first speaker. He was supposed to speak yesterday but changed his mind without explanation. Some delegates believed that new instructions might be enroute.

Other developments:

Truman Backs Austin —

In Washington President Truman backed up Austin's conditioned promise of troops; Sen. Vandenberg (R-Mich) said the President probably had authority to send U. S. troops without consent of Congress.

France proposed that the U. N. trusteeship council take steps to insure the protection of Jerusalem and its inhabitants; a spokesman said the United States would support the move with minor modifications.

Faris El Khoury of Syria brought the Jewish seizure of Haifa into U. N. debate, terming it an atrocious attack on defenseless people.

Shine Machine Is Said Too Liberal

OLYMPIA, Wash, April 23. (U.P.)—Disabled American Veterans in Washington are thinking of cutting down the time limit on their automatic shoeshine vendor in the state capitol.

The device, installed in the capitol cafeteria, provide three minutes of buffing and polishing for ten cents.

It's getting so a line forms around the machine every time someone with a dime steps up. Before the machine stops, the spender and maybe three of his friends have shines.

IT'S AN OLD CHINESE CUSTOM—During the Tsing Ming Festival, a time of the year devoted to ancestor worship, Chinese widows clean the bones of their dead husbands. This Shanghai woman, at the Cantonese Cemetery, carefully cleans each bone before replacing them in burial jars. Next year, she'll do it again, as the day's outing is believed to bring good health. (Photo by NEA-Acme staff correspondent Warren Lee.)

Fortune In Stamps Hoarded By Hermit

PITTSBURGH, April 23. (U.P.)—Eight hundred pounds of stamps were carted from the four-room death trap home of a 74-year-old North Side hermit.

Gustave Pfeiffer had the stamps piled almost to the ceiling along with all kinds of debris. He was taken from the house last November and is now in a county home.

The value of Pfeiffer's collection has not been determined yet, but Fred Ott, stamp expert who is handling the sale, said the collection is the "heaviest single acquisition" to be placed on the market to his knowledge.

Since there are approximately 3,000 stamps in a pound, Pfeiffer's collection produced the almost unbelievable total of 2,400,000. Stamp experts hoped that when the collection has been sorted and arranged, a $25,000 "master collection" might be found.

Chicago's "Men Over 40 Club" Finds Many High-Salaried Jobs For Its Membership

CHICAGO, April 23 (U.P.)—"Help Wanted" advertisements don't say so but many jobs are available to men over 40 years of age.

The Men Over Forty Club in Chicago is begging for more members. Its president, T. H. Gilmour, says job offers from employers far outnumber the club membership. That, he says, indicates industry's confidence of continued prosperity.

But the club is choosy about whom it takes into the fold. Only one applicant out of every 10 meets the requirements.

To join the organization a man must have passed 40 and be in good health. He must have earned more than $4,000 a year (based on the pre-war wage scale) in executive or specialized work. The club thoroughly checks each applicant's background as to character and ability. One who lost his job through his own negligence never is accepted.

Not Members Long

Membership itself is short-lived. Some men are members for one or two days and then are employed. For others, it might take a week or more. They then become alumni.

Every man works regular hours without pay while a member. His work consists of "selling the club" to employers. But the member himself does not apply for any job. Employers submit available positions to the club.

"Our biggest trouble is in lining up the right man with the right job," Gilmour said. "We never try to fill a round hole with a square peg. That would ruin the faith employers now have in the club."

Experience and salary of each job must fit the man's background. Most members have earned between $5,000 and $10,000, Gilmour said, and most get jobs paying about $6,000. There have been members, however, who made more than twice that amount. The club has been asked to fill positions paying $40,000.

Mainly Executive Jobs

The jobs mainly are for executives in industrial and professional fields: salesmen purchasing agents, accountants, engineers, production and advertising men. fcvcarefcb-,uc

"A man over 40 can't do the manual labor he could twenty or even ten years before," Gilmour explained. "But we need men who have good heads and mature judgment. Many in that classification lost their jobs through politics or mergers, or when their firms folded or moved out of town. They are the ones we want to help."

Women, Gilmour said, interfere with the club's work because they don't understand it. Wives don't see why their husbands must work at selling the club. Women figure that their men might just as well apply for the jobs themselves.

"Women don't realize what a man 40 years old is bucking. They fail to see what the club worker gets to the presidents of companies and others who hire the high-salaried man. We don't have to fight to get past the receptionist and just hope for a chance to see the personnel manager," he said

Pedant Disapproves Of "Romantic Love"

COLUMBUS, O., April 23 (U.P.)—"Romantic love" and "the free choice system of mate selection" would be banned if an Ohio State University professor had his way.

Dr. A. R. Mangus, professor of rural sociology, however, leaves open the question of what he would put in its place.

"The free choice system of mate selection no longer works well," Dr. Mangus said. "In our mobile society it brings together in marriage couples who lack common background and are incompatible.

"Further, romantic love blinds couples to each other's faults and immaturities. They awake to their basic incompatibilities only after marriage has forced them to realities."

As remedies, Dr. Mangus suggested a program of parent education to develop proper personalities in children, to advise parents of the social and personal needs of children, and in methods of child management.

Brain, Not Stomach, Controls Appetite

CHICAGO, April 23. (U.P.)—Medical researchers here contend that poor appetite may be "all in your mind."

Doctors at Michael Reese hospital tested their theories that the brain, not the stomach, controls the appetite.

A dozen "guinea pigs" from the hospital's medical staff fasted for 12 hours. Shortly before they were to eat, they were subject to various obnoxious odors, such as asafoetida, chloroform and ether.

Despite gnawing hunger, none wanted to eat.

"The study draws attention to the importance of a clean atmosphere and pleasant surroundings at meal time," the scientists concluded.

Jimmy Wakely, star of Monogram Western movies and Capitol recording star, will headline the big stage show at the Arcadia Theatre Sunday, April 25. With Jimmy Wakely will be Cannonball, considered by fans the funniest comedian in Western pictures. Cannonball was formerly featured as a comedian with Wild Bill Elliott, and now appears in the same role in all of JimmyWakely's pictures. In addition to these two sars, the show will include an outstanding western band and featured entertainers. Wakely will sing many of the hit songs which he introduced in his movies and on Capitol records. Cannonball, in addition to his comedy, will prove that he is as great a musician as he is comedian by his sensational playing of the xylophone. This theatre has been selected as one of the very few on this limited tour, as Jimmy Wakely and Cannonball must be back in Hollywood shortly to begin work on another series of western pictures. The engagement at the Arcadia theatre is limited to one day only.

U.S. Guards Atom Secrets

WASHINGTON, April 23. (U.P.)—The Atomic Energy commission has secrets so secret the general public doesn't even know they exist.

By now, everybody interested knows that the commission has a secret weapons-testing base at Eniwetok atoll. It has a secret weapon-building plant at Los Alamos, N. M.

It also has a lot of secrets at such well-publicized places as Hanford, Wash, and Oak Ridge, Tenn., where it makes bomb materials.

But in addition to all that it possesses secret facilities so secret that even their geographic locations are secret, too. And it will not define, even in the most general terms, the secret activities being carried out at those facilities.

The commission freely states from time to time that it is making secret weapons at Los Alamos. It says without hesitation that it conducting secret tests at Eniwetok.

But in a discussion with newspaper men here of atomic projects, the commission chairman, David E. Lillenthal stopped short after listing a dozen or so. Then he added, "I won't mention some others."

He went on to "ask co-operation" of the press in "not identifying them" in case of any of his hearers should learn about the secret installations.

He was not referring to the armed forces' special weapons base at Sandia, N. M. It was at Sandia, as a commission spokesman put it, that "our work is tied in with the military's."

One of the secret projects at Sandia, it is understood, is development of atomic warheads for guided missiles.

But the existence of the Sandia base is no secret; its establishment was announced officially.

Nor is it any secret that the atomic commission is stockpiling bomb material as rapidly as it can. Where the deadly stuff is being stored, however, is perhaps as big a secret as the commission has.

Maybe that is what Lilienthal was talking about.

Only One Civil War Vet In State Now

OLYMPIA, Wash, April 23. (U.P.)—The ranks of Washington's remaining Civil War veterans were cut in half by the death of Jacob Cheadle.

Cheadle was one of the two members of the GAR living in the state. Now, Hiram Gale of Seattle is the last survivor of the war between the states.

The Olympia veteran died at his home shortly after celebrating his 100th birthday.

Cheadle was born in what is now Newport, O., March 4, 1848. He served with the 39th Missouri Volunteers, an infantry outfit in the Union Army, when he was 16.

SPRING HEATS THINGS UP

CHICAGO. (U.P.)—Warm spring weather sent firemen on 250 alarms for grass fires in the Chicago area on the first balmy Sunday of April. One man died of burns fighting one of the fires.

Wild Bird Answers When Name Called

SANTA PAULA, Calif., April 23. (U.P.)—Brownie is the smartest of Al Reeves' wild bird friends and hops right into his hand when his name is called at a twice-a-day doorstep crumb-time feeding.

Reeves said Brownie, a little wild towhee, first started eating out of his hand four years ago. He would dart up on his hand, snatch a piece, and be off then. Now he flies right to the kitchen and hangs on the screen while his birdseed is being prepared. He is so bold that he husks his seeds right in Reeves' hand.

Brownie is one of a feathered flock that comes to the Reeves home at 7 a. m. and 6 p. m. each day for a handout of crumbs and birdseed. The flock includes gold finches, humming birds, wild canaries, blue jays, robins, mocking birds and woodpeckers.

TIMBER COMES HIGH

PRINEVILLE, Ore. (U.P.) — The Ochoco Lumber Co. has bought the largest block of timber ever sold in the Ochoco national forest. The company submitted a high bid of $1,142,475 for 67,000,000 feet of ponderosa pine, 4,500 ,000 feet of Douglas fir, 700,000 feet of white fir and an unestimated amount of dead timber.

Safety Rules For Flying Are Given

WICHITA, Kan., April 23. (U.P.)—Larry A. Enzminger, who has been a pilot half his 48 years, completed 10,000 hours in the air without an accident of any sort.

He attributes his spotless safety record — he actually knocks on wood when talking about it—to four factors:

1. Considering safety first.
2. Taking good care of equipment.
3. Understanding weather.
4. Good luck.

"Weather kills more people in the air than all other factors put together," the veteran pilot says.

Preliminaries Start In Regional Meet; Tech Host In Triangular Meet Today

LUBBOCK EVENING JOURNAL
SPORTS
PAGE EIGHT, LUBBOCK, TEX., FRIDAY, APRIL 23, 1948

Tennis Matches To Feature Day

Fourteen Class A and B tennis teams opened competition in the preliminaries of the Region 1 Interscholastic league meet here this morning, with the girls playing their matches on the Tech courts and the boys clashes being unreeled at the Dupre and Wagner park courts.

Both A and B contestants are competing in a single division, but the Class AA net bracket will be run off separately Saturday, officials said.

Quality For State Meet

Winners of all divisions of the tennis brackets will be qualified to enter the state Interscholastic league meet at Austin May 7-8.

Approximately 150 cinder path teams from the Panhandle, South Plains and southwest Texas will tangle in the three-way track and field carnival preliminaries at 9 o'clock Saturday morning at the Tech oval, officials have announced, with finals slated at 1:30 o'clock Saturday afternoon.

The regional track and field meet will be conducted in separate divisions for Class AA, A and B teams, under the new TIL organization setup, and individual performers must win one of the top two places in an event to qualify for the state meet. Previously, all contestants were grouped in one division at the regional and state events, regardless of classification.

Lubbock High's Westerners will be shooting for their fifth consecutive Region 1 championship Saturday, with Pampa's potent Harvesters rated as the strongest challenger. The Lubbock team is well-balanced and features some of the top sprinters and one of the best mile relay quarters in West Texas, but the Pampans boast speedster Carl (Red) Mayes and a crack sprint relay group.

Seminole Crew Is Strong

Mayes is considered certain to cop the 100 and 220 yard dash crowns and first place in the broad jump, which will give the Harvesters an opportunity to win the meet title if some of the other AA schools—Amarillo, Plainview or Wichita Falls—take enough points away from the Lubbock representatives in other events.

Seminole looms as an odds-on favorite in the Class A division, although Andrews, Pecos and Lefors all are rated as strong contenders. Seminole is sparked by a speedy group of sprinters, headed by dependable Val Joe Walker, but the Lefors delegation will be headed by Joe Ogden, who has chalked up a 9.9 century this year.

Sturdy Jack Young of Andrews will be favored in the broad jump and hurdles and Pecos will depend on ace dashman Bill Fairley.

The complete entry list for the Class A and B tennis bracket today:

GIRLS DOUBLES

Westerners To Play At Borger Tonight

Three Games On Tap As All 1-AA Teams Go Into Action

Three games this afternoon and tonight will send all schoolboy diamond teams of District 1-AA into action, with Plainview host to Pampa at 3:30, Brownfield invading Amarillo at 4 and the Lubbock Westerners battling Borger at 8 o'clock tonight at the Bulldog field.

Amarillo's Golden Sandies defeated Borger, 23-9, in the district lid-blaster Tuesday night, but today's games mark the first full-scale loop competition.

Local Hurler Hurt

The inexperienced Brownfield nine faces the toughest task in meeting the always-strong Sandies on the Amarilloans home grounds, since the Potter county nine was rated as one of the top contenders for the district crown in pre-season predictions. The Sandies are sparked by a group of boys who played with the "Golden Outlaws" last year and boast a hard-hitting team.

Lubbock's Westerners, with ace hurler Denny Davidson still on the injured list, are due to meet rebounding Border in another spotlight contest. The Westerners are rated as championship prospects on the basis of experience and stellar mound performers, but the absence of Davidson and expected "first game jitters" should make the tussle too closely-matched for Coach Fred Taylor's comfort. The clash will also be the first game under the lights for the Lubbock schoolboys, while Borger has already played one tilt under the arcs.

Pampa is scheduled to journey to Plainview for the third district game at 3:30 o'clock this afternoon, but officials said last night that the contest was still in the doubtful stage because of the wet playing field. If the sun dries out the field this morning the game will probably be played, officials announced, but more moisture will definitely cause a postponement.

Westerners Leave Today

Coach Taylor and a 22-player Lubbock squad left from the Chapman field clubhouse at 8:30 o'clock this morning by chartered bus for Borger, then will return to Amarillo tonight following the game with the Bulldogs. The Westerners meet the Golden Sandies Saturday night at Gold Sox park, but plan to return to Lubbock immediately after the setto.

The Westerners' starting lineup, according to Taylor, will probably include Bobby Griffin at third base; Royce Jones in right field; Jack Alderson in center field; Charles Galey, second base; Jackie Cook, shortstop; Dorrance Guy, first base; Dwight Moore, left field; and Bill Wylie, catcher.

Hurling assignments had not been made last night, but Taylor said that he would probably give sophomore Jim Wilson or veteran James Wilson the nod at Borger, with Lefty Jackie Martyn and Denny Davidson to face the loop-leading Sandies Saturday night.

The probable lineups and batting order:

LUBBOCK		BORGER

Dallas Takes League Lead

By WILBUR MARTIN
Associated Press Staff Writer

Bill Sanders' pinch single and an assist from the weather gave Dallas sole ownership of first place in the Texas league today.

Sanders' single beat Fort Worth, 1-0, last night.

The weather halted the San Antonio-Beaumont game after five and one-half innings and San Antonio took a 4-3 decision.

City Outlasts Tulsa

In other games last night, Oklahoma City outlasted Tulsa, 20-15, in a wild affair at Tulsa and Shreveport chased Houston's Buffs, 7-4.

Marty Errante held Fort Worth to five hits as he hooked up in a tight pitching duel with Car Erskine, who spaced eight Dallas hits.

Erskine walked two men before Sanders delivered in the top of the ninth and Bill Serena romped home from second base with the winning run.

Beaumont scored two runs in the top of the sixth inning, but a hard rain erased them as the game was halted. The Exporters had been tied with Dallas for the top spot.

George Archie hit a home run for the Missions in the second inning and Bud Kimball hit for the circuit for Beaumont in the third.

Oklahoma City had three home runs in the 18 hits it collected off five pitchers, while Tulsa picked up one home run in the 14 hits it banged off two hurlers.

Wild Ninth Inning

A wild ninth inning saw the Indians score six times and Tulsa seven.

The three hour and 15 minute baseball game was the longest nine-inning game ever played at Tulsa.

Shreveport opened its two-game series at Houston with Warren Hacker receiving credit for his second victory of the young season. Johnny Wood relieved him in the eighth.

The Sports jumped into the lead in the first inning and added to their margin on 12 hits off three Buff pitchers.

The same teams play again tonight at the same sites.

New Mexico U. Not To Compete

Track and field men from the University of New Mexico and West Texas State Teachers college are competing with Texas Tech this afternoon in a triangular meet in the old Tech stadium.

Texas School of Mines, originally scheduled to enter and form a quadrangular meet, advised Tech officials yesterday afternoon that they would not be present. Miner officials said that students would miss too much time from their classes.

Tech Won Last Week

Tech last week ran Texas Mines into the ground at El Paso in a quadrangular meet, in which New Mexico A. and M. and West Texas State Teachers college also participated.

The first event today was scheduled to begin at 1 p. m.

WTSTC Squad Small

Coach Maxey McKnight again looks for a strong showing by the track portion of the Raider squad with any unexpectedly good showing by the field men a definite help. If the field men can gain several points, they will make it that much easier for the cinder-path runners to add the clinching points.

West Texas' Buffaloes probably will not bring down enough men to threaten the Raiders and the Lobos, with the meet turning into a dual match of strength. It also will be a good indication of both the Raiders and Lobos probable strength in the Border Conference meet in May.

Charley Reynolds of Odessa again will spearhead the Tech team's fight for first place, with able assistance from Charles Pinnell and Ed Clepper in particular. These three men scored the majority of the Raider points at El Paso and promise to be the strongest threats for individual titles at the Border loop meet.

Other help will come from such men as Moon Mullins and Sem Murphey in the dash events; Ernest and Edgar Hawkins in the quarter and distance races; Costin Bufkin in the 440-yard dash and relays; and James Cruser in the distance events.

Clepper, Pinnell and Dingy Davis form the main Tech threat in the field events.

Players Fined For Abusive Language

DALLAS, April 23 (AP)—President J. Alvin Gardner of the Texas league said today he was fining Gene Costello, Robert Austin, and Don Runge of the Fort Worth Cats for abusive language to the umpires in a game at Oklahoma City Monday night.

Billiard Exhibition Scheduled Tonight

A billiard demonstration by one of the outstanding players, Andrew Ponzi, will be given tonight at 7:30 at the Lubbock Boys club and the public is invited to attend.

Ponzie, one of the greatest billiard players and a former world's champion, will demonstrate billiard technique for an hour and a half tonight. No charge will be made for the demonstration.

To Demonstrate Art

The billiard artist, who holds the world's record high run of 153 in match play, will demonstrate three principals in billiards. First he will show how to enjoy the game, which is one that can be enjoyed throughout life. Then he will explain six fundamentals of billiards, demonstrating with shots. And his third point will be to give helpful hints to bring each individual's game up to intercollegiate tournament caliber.

Ponzi's appearance is being made possible by the Association of College Unions, the Billiard Association of America and the Boys Clubs of America. He also will give free personal instruction in billiards.

Texas Tech Bowlers Plan Odessa Play

A group of bowlers from Texas Tech will journey to Odessa Saturday night, where they will ready themselves for a match Sunday afternoon at 2 o'clock against a picked team of Odessa bowlers.

Paul A. Knight, a Tech student from Odessa, will be captain of the team and direct it while on the trip. He is one of three keglers on the Tech team of six men who lives in Odessa.

No prizes or other awards will be given to winners in the match.

Members of the Tech team, all of whom have been selected from the four-week old College Bowling league, include Knight, Tommy Scott and Jimmy Oates of Odessa, Eddie Davis and Harry Nelson of San Antonio and "Soapy" Smith of Vernon.

Between . . . The Lines

— By JOE KELLY —

The Hubbers had a night off to enjoy a little relaxation Thursday, but if the weather permits play tonight, they go back to the wars with Borger here. The Gassers, on their two previous visits, failed to impress Lubbock fans. They haven't improved much over last year, or such is the general concensus, and should provide the Hubbers with good practice. But in Clayton Fries they have one of the best pitchers in the loop and he will be something of a problem.

• • •

In retrospect, that game with Clovis Wednesday night could have gone either way in the final three innings. Not that Hal Smith was getting any weaker, but the Hubbers were hitting a lot of drives right to fielders. And if those drives started going a little to one side, the locals might have been off to the races. You can't second guess ball games, though, and any such practice is nonsense. The Hubbers lost; now we can begin think about the next game.

• • •

Opening the season with a defeat certainly isn't an omen of anything. Neither the New York Yankees nor the Boston Red Sox are in first place at present, which doesn't mean that they won't wind up there. Losing the first game doesn't mean that the Hubbers will lose 'em all, or that it is something about to worry. You can bet they'll lose more before the season is over; you can also bet that they'll win a lot of them this year.

• • •

And speaking of losing, there have been many requests for information on the 1947 Hubbers and where they are. With the exception of one man, final assignments are certain now. Still with the Hubbers are Manager Jackie Sullivan, First Baseman Virgil Richardson, Third Baseman Frank McAlexander, Shortstop Al Smith and Pitcher Royce Mills.

Five players have gone to Flint, Mich., a Detroit farm in a new Class B league. Included in this group are Pitchers Jerry Ahrens and Bill McDonald, Outfielders Zeke Wilemon and Jack Cerin and Catcher Mike Dooley. Outfielder Pat Rooney is with Greenville, Miss. Pitcher Eulis Rosson has gone to Austin. And Shortstop Bill Serena and Pitcher Paul Hinrichs are with the Dallas Rebels. Pitcher Len Heinz has a good job in Chicago, will play semi-pro ball on the side and has retired from organized ball.

• • •

Catcher Clem Cola is the only player unaccounted for and final disposition of him has not been made by Dallas. There is talk that he will go to Flint, along with the other five ex-Hubbers. Alvis, who spent a short time here, is on the suspended list, while Haughwout, who also was here only briefly, is living in Dallas and not playing ball this year.

Bill Henderson is getting off to a beautiful start in the professional boxing world, fighting twice and winning both of them by knockouts in the first round. The Levelland Larruper always was a faithful trainer and student, which shows in his ring successes. Joe Vella wrote us, after Bill's first fight, that Bill's fight hadn't gone long enough for him to say anything about it. The same probably can be said again after this fight. If any fighter ever put his heart and soul into his task, it is the Levelland boy.

If — and we use the word with shudders — it should rain and wash out the ball game tonight, we're going down to the Lubbock Boys club to see Andrew Ponzi demonstrate billiards. It isn't often that the public is able to see one of the grand old names of billiards in an exhibition and Ponzi definitely is one of the greats. Billiards, as opposed to pocket pool, is played with only two balls and the cue ball and without the benefit of pockets. Scores are made by kissing both white balls with the cue ball, a procedure that taxes the geometrical angle skill of the player. Should you think it an easy game, go down to the Boys club tonight and try it.

THE ROUNDUP: Our apologies to the Hubbers. The outfield has been worked on and is in better shape now . . . Bob Marquis of Lubbock, who has been playing with Beaumont this spring, has been shipped to the Class B Quincy, Ill., club in the Three-I league. Marquis played with Lufkin last season . . . Johnnie Hamilton of Lamesa is president of the West Texas-New Mexico Wolf Hunters association, with Roy Phillips of Sand secretary. The association will hold its annual hunt on Sept. 23, 24 and 25, with a committee appointed to select a site . . . State Game Warden John R. Wood of Brownwood informs us that fishing conditions at Lake Brownwood are excellent, with several good catches, both black and white bass.

Tigers, A's Show Effective Pitching

BY JOE REICHLER
Associated Press Sports Writer

If the Detroit Tigers and Philadelphia Athletics had more batting punch to back up their strong pitching staffs, they and not the New York Yankees and Boston Red Sox probably would be the co-favorites for the American league flag.

There seems little doubt the Tigers and Athletics possess the best mound corps in the junior circuit.

Currently they are leading the parade with three victories and no defeats each.

Win On Few Hits

Take yesterday's games, for example. The Tigers got only six hits off rookie Howard Judson and Ike Pearson, yet defeated the White Sox in Chicago, 3-2. Virgil (Fire) Trucks went the route for Detroit, yielding eight hits. He walked one and allowed one extra base hit

That made it only 23 hits and seven runs given up by Detroit hurlers in three games, an average of less than eight hits and about two runs per game. The Tigers, meanwhile, accumulated only 27 hits and 12 runs themselves.

A's Equally Effective

Philadelphia's pitchers have been equally effective. Joe Coleman yesterday became the first Athletics' hurler to fail to go the distance, but some splendid relief pitching by Bob Savage helped the Mackmen nip the Red Sox in Boston, 5-3. Savage held the slugging Red Sox to one hit in a three-inning chore. He was credited with the victory when the A's scored two runs in the ninth as rightfielder Sam Mele lost Barney McCosky's fly ball in the sun.

The Red Sox could muster only eight safeties off Coleman and Savage for a total of only 19 hits and nine runs in 29 innings against Philadelphia pitching. That's an average of six hits and three runs per game.

On the other hand, the Red Sox and Yankees' pitchers have been faring badly. The Sox have used seven pitchers in three games and the Yankees six.

The National league race, as predicted, already is showing signs of turning into a free-for-all. With only four playing days gone, every club has been beaten at least once. The St. Louis Cardinals and Philadelphia Phillies, last of the unbeatens, got their first lickings yesterday. The Cards were edged out by the Cincinnati Reds in St. Louis, 4-3, while the Boston Braves walloped the Phils in Philadelphia, 10-4.

In the other National league games the Brooklyn Dodgers defeated the Giants in New York, 6-3, and the Pirates shut out the Chicago Cubs in Pittsburgh, 3-0. The Yankees, St. Louis Browns, Cleveland and Washington were not scheduled.

Dukes Win Lone Game In WT-NM

While most of the West Texas-New Mexico League clubs sat in despair and watched rain wash their scheduled games out on the second day of the season, the Lamesa Loboes would have given anything to have had some of the moisture.

The Loboes fell victims to a rampant Duke club from Albuquerque, who bashed out 24 hits good for 24 runs at the expense of three Lobo hurlers. The slaughter, witnessed by a brave band of 500 chilly spectators, reached its peak in the ninth inning, when the Dukes shoved over five funs and insure a 24-4 win.

Dukes Are Methodical

The Dukes were methodical about their victory. They went to work in the first inning and kept pushing runs across, not missing a single inning thereafter. Manager George Sturdivant, slightly exasperated, benched himself and inserted subs, most of whom looked just like the regulars. The victory evened the Lobo-Duke series at a game apiece.

Elsewhere in the league the basehit patter turned to rain and three games were postponed. Manager Jackie Sullivan sat morosely in the Hubber business office, staring at the cloudy skies and the rain-spattered streets. Finally General Manager Larry Larson checked on the field's condition, found it horrible and called off the tilt.

Same Story At Abilene

At Abilene it was the same story, with the Amarillo Gold Sox one-up in games over the Blue Sox and ready to go after their second consecutive victory.

And Borger players, in the Panhandle at Pampa, sat in hotel rooms and watched rain prevent them from opening the season for the second consecutive night.

Today, if all goes well, the teams will be playing on other fields, with Lubbock entertaining Borger, Albuquerque invading Abilene, Amarillo shifting to Lamesa and Pampa playing host of Clovis.

Russell Slated To Pitch

Billy George "Cotton" Russell, the 18-year Fort Worth chattel on the Hubber hoster, will go to the mound in an attempt to bring the Hubbers their first league victory tonight at 8. Russell originally had been nominated by Manager Sullivan to hurl against Clovis Thursday.

Russell's opponent on the hill likely will be Clayton Fries, who compiled a 17 and 12 record for the Gassers last season and was rated as one of the best hurlers in the league.

Golf Team Scores Impressive Wins

DALLAS, April 23 (Special) — Three Lubbock High school golf team members opened firing in the second round of the state schoolboy championship links tournament here today over the Cedar Crest layout, following impressive first round wins Thursday.

Medalist Ross Mitchell defeated Billy Hise of Abilene, 3 and 1, in one of the feature matches of the day, with Billy Tatum winning over Dick Vallot of Freeport, 2 up. George Canon chalked up the third Lubbock win with a 1 up triumph over Bob Carpenter of Sunset High of Dallas.

Only Lubbock player to be defeated was Edward Bean, who lost a 3 and 2 decision to Rex Munger of Thomas Jefferson, San Antonio.

Pairings for the second round today send Mitchell against Dickie Crabtree of Crozier Tech, Dallas; Tatum will battle Don McCormick of Amarillo; and Canon is slated to meet Edwin Kizer of Austin.

Softball Dual Bill Here Is Postponed

A South Plains Softball league doubleheader slated last night at Jumbo Webster field was postponed on account of rain and will be unreeled Monday night, starting at 8 o'clock, league officials have announced.

Although the rainfall was a welcome to many, it was a disappointment to close followers of the league's leaders, since they were scheduled to play in the nightcap of last night's twin bill.

Cloverlake meets Golden Light Coffee in the opening game Monday. Both teams currently share cellar position in the league.

In the second half of the show Monday, league-leading Bluebonnet-Sunbeam Laundries meets second-place Thomas Jewelers. Both teams are undefeated. A win for the Jewelers would move them into league leadership ahead of the Sunbeamers.

Jackie Neel probably will get the mound assignment for Sunbeam. G. W. Warden, the Jewelers' top hurler, probably will see mound duty for that team.

Hole-In-One Scored On Publinx Course

The second hole-in-one of the spring season was turned in yesterday afternoon on the Meadowbrook Publinx club course, when O. A. "Terrible" Terry of 2111 29th street turned in an ace.

Terry used a No. 8 iron on the 95-yard No. 2 hole. He swung, hit and sent the ball spinning high into the air. It landed on the green, bounced once and then disappeared from sight.

C. H. Cale, H. G. Gantz and Judge Homer Pharr made up the foursome that witnessed the golfing rarity. The foursome played two more holes before rain broke up the match.

It was Terry's first hole-in-one in several years of golfing.

Speedsters Prep For Race At Arlington

ARLINGTON, Tex., April 23 (AP) Big-time racers will roar over the Arlington Downs track again tomorrow in a warm-up for the second annual 100-mile American Automobile association-approved spin that will count on the national championship.

Twenty-five drivers, including defending champion Ted Horn of Paterson, N. J., the AAA national titlist for two straight years, will be in the field.

Golfers Rest For TCU Play

The Texas Tech golf team rests from today until Monday morning at 10 o'clock, when a strong Texas Christian university golf squad invades the Lubbock Country club for matches with the Red Raiders.

The match will follow by three days Tech's latest links venture, the Raiders gaining no better than a tie with a University of New Mexico fairway squad yesterday at the Country club.

Play Ends In Tie

Both Texas Tech and New Mexico ended up in an 18-point tie.

Leading the golfers yesterday was Elmer H. McKinney, ace of the Raider squad, who fired a neat 68 in medal play. McKinney also turned in six points to top all other golfers in individual point-making.

Trailing McKinney closely was Jim Frost and Roger Martin of New Mexico, each with five points apiece. McKinney teamed with Jerry Stoltz to down the New Mexico golfers in the low ball match with a 64, good for another three points.

Stoltz Fires 73

If Ted Forsythe and E. C. Feagan had not been held to a split in their low ball match with Frost and Martin, the Raiders might have come in with another victory. If either team had captured the low ball play, it would have meant victory in the match.

Following McKinney in the medal play was Stoltz with a 73. Bob Carriveau and Frost had 74s, Martin had a 76, Feagan a 77, Forsythe a 78, Jim Boyle of NMU a 79, and John Trout, Tech, and Gene Zylster, NMU, 80s.

For the Raiders, McKinney's six points was tops, followed by Trout with 3, Stoltz, 2½, and Feagan and Forsythe, 1 each.

For NMU, Frost and Martin each had five points, followed by Carriveau with 3½, and Zylster, 3. Boyle was whitewashed.

BROYLES, IVY PACE TECH NET TEAM TO VICTORIES OVER NM

Texas Tech's highly-rated tennis team, bolstered by the return of aces Jake Broyles and Glenn Ivy from the River Oaks Invitational tourney at Houston, swept three singles matches from New Mexico university netters Thursday afternoon at the Tech courts before rain halted the dual meet.

Steady-stroking Jake Broyles drubbed New Mexico's David Ong in the No. 1 singles match, 6-2, 6-1, with a series of sharp placements and a more consistent forehand. Ong copped three games during the two sets with his well-placed service, but was never a serious threat.

Glenn Ivy trounced Joe Palaia for the second Tech triumph, 6-1, 6-2, using his strong forehand to squelch the visiting netter. Ivy also used a cut service to good advantage against the lanky Palaia.

Carl Schmidt, holding the No. 3 slot on the Tech team, chalked up the final win over Bill Ross, 6-1, 6-2. Schmidt had trouble with his placements early in the initial set, but rallied on a sparkling forecourt game to coast to the victory.

Don't Order World Series Tickets Yet

Bosox, Yanks Cross Up Dope As Tigers, A's Pull Ahead

By OSCAR FRALEY
United Press Sports Writer

NEW YORK, April 23.—It's a bit early today to be ordering world series tickets but the getaway action has been quite surprising to some of the baseball experts—and to some of the favorites.

The Boston Red Sox and the New York Yankees were picked to conduct a two-team race in the American league. So what happens? The Red Sox lost their first three to the lightly-regarded Philadelphia Athletics. And the Washington Senators, picked by many to finish in the International league, dumped the world champs in two of the first three.

Sox Play Senators

It should be quite a shindig today when moaning Joe McCarthy sends his Bosox against howling Bucky Harris at Yankee Stadium.

Meanwhile, two of the teams living up to and possibly beyond expectations are the Detroit Tigers and the Philadelphia Athletics. You can credit it to pitching, the Tigers knew they had it—the Athletics hoped.

Still, there are storm warnings flying for the Tigers. Their ace, Hal Newhouser, got away fast with en eight-hit job and had things his way in a 5-2 victory. But remember that it came against the White Sox, one of the front runners for last place in the American league.

None Too Promising

So the next two Tiger victories over the Chicagoans—each by a hectic one-run count—aren't too promising. On top of which Dizzy Trout only went six and two-thirds innings to a deadlock before Stubby Overmire replaced him to win the second game by one run. And Virgil (Fire) Trucks had his work cut out to score a 3-2 triumph over the Anemic Pale Hose in the threesome.

The Cardinals are squared off at the top with the surprising Phillies and the distance-running Dodgers but from early returns it doesn't seem like there's team in the league which can win the pennant. As for the Phils, the lads from the city of brotherly love just don't have what it takes to keep it sweetness and light all the way.

Cards Not So Hot

The Cards are certain now that they won't get away as poorly as last season, when they dropped seven of their first eight. But before you send for October reservations in St. Louis, be a bit cautious.

Murry Dickson won the opener with a 4-0 shutout, but it was a shaky, 10-hit job. Big Red Munger kept them rolling with a 5-2 five hitter. He's never had a losing season in three years with the Cards and doesn't look like he will start acquiring bad habits. But Howie Pollet was a disappointment yesterday and Jim Hearn's relief job left much to be desired.

Dodgers Are Untested

Brooklyn remains absolutely untested. They won two of three from the Giants, each trying to give the marathon games away. But you can't overlook the fact that to now the Giants haven't come up with a pitcher who can reach the plate on the first bounce.

So it appears that a very interesting season has started to unfold. Some of the big guys are knocking out their brains against the cellar door and a few of the underprivileged are enjoying fresh air and sunlight. Strange things may happen before they straighten out in the stretch.

BOUT SCHEDULED

NEW ORLEANS, April 23 (AP)—Buddy Garcia, 22, Galveston, light heavyweight, has been signed to meet Chester Rico of New Yor', in a ten-round bout here May 3.

Trio Tied For Bowling Lead

Three teams gained clean sweeps from their opponents last night at the Lubbock Bowling club, as the College Bowling League went into its fourth week of play.

The Raiders, the Snipes and the Press Bulls, the top three teams currently deadlocked for first place, had little trouble taking all three games from the Shamrock Rollers, the Dallas Demons and the Turkey Tortters respectively.

Leading Individuals

The Lucky Strikes won two out of three games from the Pin Men to go into undisputed possession of fifth place.

Leading keglers for each team last night included Alex Kiosis, Raiders, 526; Eddie Davis, Snipes, 499; T. I. Brown, Press Bulls, 651; Bob Bilheimer, Pin Men, 486; Paul Knight, Lucky Strikes, 503; Bob Norris, Dallas Demons, 531; Jim Hall, Turkey Trotters, 541; and Dub Walling, Shamrock Rollers, 444.

The standings:

	Won	Lost
Raiders	9	3
Snipes	9	3
Press Bulls	9	3
Pin Men	6	6
Lucky Strikes	5	7
Dallas Demons	4	8
Turkey Trotters	3	9
Shamrock Rollers	3	9

Longview Holds To Lead In Lone Star

(By The Associated Press)

Longview's Texans had the Lone Star league's only unbeaten record today and also sole possession of first place.

The Texans made it three straight victories against no defeats last night with a 5-3 win over Marshall. In other games, Tyler downed Gladewater, 6-2, Henderson beat Kilgore, 4-2, and Bryan walloped Lufkin, 14-9.

Okey Flowers scattered five Marshall hits as the Texans piled up an early lead. The Tigers got four of their five hits in the first three innings and made two of their five hits in the first three innings and made two of their three runs in the second.

Otho Mitchalas' six-hit pitching and Roy MacMillan's timely hitting helped Tyler to open its home season on the right note.

Otto Reyes chipped in a three-run double in the fourth inning as Henderson made it two in a row over Kilgore. Melvin Tappe had the Drillers blanked until the ninth, when Murphy singled home two runs.

OPTIONED TO TULSA

HOLLYWOOD, April 22 (U.P.)—The Hollywood Stars today optioned catcher Hal Unser to Tulsa of the Texas league. Unser played in parts of only four games for the Stars this year.

Idle Wichita Takes Lead In Big State

(By The Associated Press)

The boys are playing them close to the vest in the Big State league.

Three more close ones were reeled off last night while the Wichita Falls Spudders were easing into first place although idle because of rain.

Waco edged Austin 4-3 and Sherman-Denison nosed Greenville 6-5 while Paris was licking Texarkana 9-6.

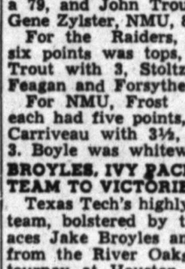

Today six of the eight clubs are playing .500 ball.

The Gainesville-Wichita Falls game was called at the end of the second inning when the rains came and as a result Wichita Falls rides the loop with one victory against no defeats and Gainesville is on the bottom with one loss and no wins.

The clubs change stands tonight with Austin at Waco; Gainesville at Wichita Falls, Sherman-Denison at Greenville and Texarkana at Paris. It will be the home openers for Waco, Wichita Falls, Greenville and Paris.

Clark Gable Is Back At Work, Happy About The Whole Thing

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, April 23.—The king is back at work again, and this time he seems to be happy about the whole thing.

Of course, I'm speaking of Clark Gable, the undisputed ruler of Hollywood. In our last conversation he was giving out gripes about his lot and hankering to give it all up. That was when he was admiring George Brent's plan to sail to tahiti and stay there.

"I see Brent came back—and what's more, he got married," Clark said on the "Command Decision" set. "Haw!" was the comment of Gable, who recently said he would never marry again.

Has Good Picture

The king doesn't talk about the wanderlust these days and he reported the reason—a good picture ("Homecoming.") His previous depression was attributed to the two films before than one.

"Go on," I said, "you've had your 'Parnells, before,"

"But never two bad ones in a row," he smiled. He was referring to "Adventure" and "The Hucksters". I disputed with him over "The Hucksters," but not even the most ardent Gable fan would contend his first postwar film was anything but a turkey (except at the box-office, MGM declares.)

When I remarked that his crown wasn't wobbling, he answered, "Yes, but it teeters back and forth a little. When I go over to the executive building, they raise their eyebrows a bit."

Likes It Here

"But I like it here," he admitted. "The pay's good, the hours aren't soo long and I get some time off." (He's allotted four months between pictures.) Clark has five more years to go on his MGM contract and I asked him what will happen then.

"I'll probably sign for 10 more. I'll be playing father parts and grandfather parts as long as they'll let me."

He added with the Gable grin: "What am I saying?"

Happy 20th birthday to Ma Shirley Temple . . . Also in the youngster anniversary dept.: Mickey Rooney celebrates his silver anniversary in show business Sunday. On April 25, 1923, he appeared in a vaudeville sketch with his mother and father in a Brooklyn theater. He was a red-cheeked two-year-old at the time. . . .

Tech Students To Enter H-SU Rodeo

Eight contestants from Texas Technological college, who have proven their worth in former rodeos, will be on hand to defend last year's championship when the second annual Hardin Simmons university Intercollegiate rodeo opens at Abilene at 2 p. m. today.

Six men and two women from Tech have entered various events in the competition which includes representatives of 13 colleges and universities from four states in the Southwest. Those from here entering the rodeo include Betty Franks, Rocksprings; Helen Calcote, Rankin; Leon Jones, Enochs; Guy Tom Cowden, Midland; Tommie Bell, Valentine; Joe Boone, Seymour; Jack Buchanan, Big Spring and J. H. Heath, Holly, Colo.

Girls Enter Two Events

The two girls will enter the goat tying and wild cow milking contest and the men will enter several of the other events. Guy Tom Cowden was elected All-Around Cowboy at the second annual Texas Tech All-College rodeo held April 16-17 at the Panhandle South Plains Fair grounds. All the other Tech entries in the Abilene contest also competed in the all-college rodeo.

The rodeo performers will be matched against each other individually and as team members. Each school may use six of its contestants to win team points. All contestants must be enrolled in a Southwestern college or university and in good scholastic standing. Schools having entered are Baylor TCU, Texas A&M, Texas A&I, John Tarleton, McMurry, Texas Tech, New Mexico, Arizona, Oklahoma Baptist university, Hardin-Simmons, Ranger Junior college, and North Texas Agricultural college.

By one estimate, there are more than 170,000 miles of water pipe mains in the United States.

NEW STAMPS COMMEMORATE WISCONSIN CENTENNIAL, HONOR HEROIC CHAPLAINS—The two new postage stamps pictured here will be on sale next month. Commemorating the centennial of Wisconsin statehood, the one at left will go on sale in Madison, Wis., May 29. At right is the stamp honoring the four heroic wartime chaplains who went down with the U.S.S. Dorchester. They are, left to right, George L. Fox, Clark V. Poling, John P. Washington and Alexander D. Goode. It will be released in Washington May 28.

Events Leading To Outbreak Of War Are Recalled By Churchill

NEW YORK, April 23 (AP)—Winston Churchill says in the second installment of his war memoirs that the British and French made a mistake in leaving Russia out of conferences before and at Munich.

The British wartime prime minister's memoirs are being published in this country by the New York Times and Life magazine.

In today's installment, Churchill deals with the period of 1936 to 1938 and the German invasion of Austria and the sacrifice of Czechoslovakia by the Munich agreement. The installment in titled part two of "The Gathering Storm," which embraces the first five volumes of the memoirs.

Benes Erred

He says he thinks President Edouard Benes of Czechoslovakia erred in yielding to the Munich terms.

If Benes had defended his territory, Churchill wirtes, it is likely that France would have come to the Czech's aid, and that Britain would have moved to help France.

Churchill criticizes the French government for abandoning its treaty to fight Germany in event of an attack on the Czechs.

Both the French and Prime Minister Neville Chamberlain of Britain blundered when they agreed not to consult with the Czechs, and failed to include Russia in their conferences during the period, Churchill says.

FDR Rebuffed

He discloses that President Roosevelt in 1938 sought to invite European representatives to Washington to discuss the situation, but that Roosevelt was rebuffed by Chamberlain, who wanted to pursue his own efforts with Germany and Italy.

In 1937, Churchill says he was invited to the office of Joachim Von Ribbentrop, then German Ambassador to Britain. Von Ribbentrop said Germany wanted a free hand to expand in eastern Europe, but when told England would not agree, he said war was inevitable, Churchill relates.

Von Ribbentrop was attending a dinner given him by Chamberlain when news of the German invasion of Austria reached England, Churchill says.

After receiving the news by special messenger at the dinner, Chamberlain and his wife sought to terminate the event, Churchill writes, but Von Ribbentrop lingered, presumably to keep Chamberlain from the telephone.

A new container, claimed to be radar-proof, for air shipment of photoflash bulbs has been announced.

The Empire State Building in New York City has 50 miles of permanent pipe for water and steam.

Homes of the future may be heated by a new radiant heating panel that heats from the ceiling. The panels are heated by a conductive rubber resistance element.

Fraud In Plane Deals Charged

HONOLULU, April 23 (AP) — Two Howard Hughes companies and six individuals were indicted yesterday by a federal grand jury on charges of conspiring to defraud the government in buying surplus planes.

The companies and five of the individuals were accused of using two war veterans as fronts in buying six transport planes valued at more than $600,000 for $105.000. The sixth, a former government official, was charged with having approved the sales.

U. S. District Judge Delbert E Metzger set arraignment for May 7 and fixed bonds of $5,000 each.

Individuals Named

The grand jury named the Hughes Tool Co., a Delaware corporation, and the Hughes Aircraft Co. along with these six individuals:

Edward J. O'Connell, Washington, D. C., until March 31 assistant chief of the War Assets administration's territories division; Charles A. Loring, Los Angeles, attorney for the Hughes companies; Glenn Edward Odekirk, Los Angeles, assistant to the president of the Hughes Tool Co., Joseph V. Petrali, Los Angeles, an official of the Hughes Aircraft Co.; Morris Pratt Woolley, Honolulu businessman, and Frederick M. Llewellyn Honolulu, a war veteran.

Ray J. O'Brien, federal district attorney, and William Blatt, his assistant, said Hughes Aircraft is a subsidiary of Hughes Tool. They said the indictment identifies them as 'the Hughes Tool Co., a Delaware corporation doing business as the Hughes Aircraft company" but both were charged in the indictment.

Said Inadvertent

Noah Dietrich, vice president of the Hughes Tool Co., said in Los Angeles certain employes acted without authorization and "if there was any violation of law it was unintentional and inadvertent."

Dietrich said the incidents alleged became known to the Hughes management last year, the War Assets administration was notified, and steps were taken to prevent repetition.

The indictment accuses Okekirk, Petrali and Woolley of planning to buy eight planes through veterans. Loring is charged with drafting mortgages to conceal the fact that sales to the veterans were not bonafide. Llewellyn is charged with buying four of the planes on his veteran's priority. O'Connell is charged with approving the sales.

The government alleges the two other planes were bought from another veteran, Stanley M. Sabihon of Honolulu, who was not indicted.

Physical Culturist To Be Wed Today

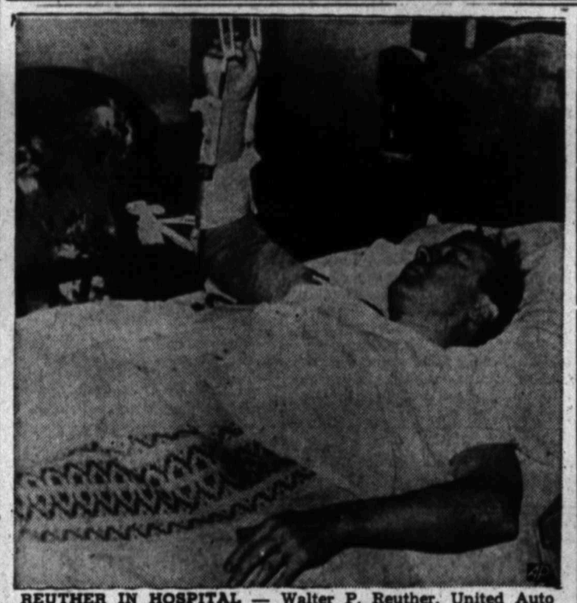

MIAMI BEACH, Fla., April 23 (AP)—Bernarr MacFadden, 79-year-old millionaire physical culturist, takes his third bride today—a 42-year-old grandmother.

MacFadden and Mrs. Jonnie Lee plan to be married at 4 p. m. (CST) in the Community church here at a conventional ceremony performed by the Rev. John Yenches.

The reception to follow will be something else. The bride, a New York interior decorator, will cut a five-foot wedding cake made entirely of whole wheat flour and honey, and there will be carrot juice for those whose tastes run to such things. For others, traditional champagne will be served.

After a short honeymoon, MacFadden expects to resume his campaign for the Democratic nomination for governor of Florida.

The airfield at Bogota, Colombia, is known as Techo—the roof—because it is situated at 8,600 feet above sea level.

His Tombstone Avers He Was Pretty Good

PRETTY PRAIRIE, Kan., April 23 (U.P.)—Fred V. Pargeter has a $1,300 tombstone, complete with a glowing description of his life, awaiting him in Lone Star cemetery near here.

He and his 79-year-old wife are planning to take a vacation trip to England this summer, if her health will permit.

The inscription on the tombstone, which the couple erected to themselves, says of Pargeter:

"A good and honest citizen, a man among men."

Of his wife, it says:

"A good wife and a much-loved woman."

"Typical Yankee" Is Rank Newcomer

BOSTON, April 23. (U.P.)—Accompanied by an artist, George White, an advertising man, toured northern New England by automobile for three weeks, seeking a "typical Yankee."

Finally, in a remote Maine coastal hamlet, they came upon an oldster who was mending a lobster pot and who was just the man they were looking for.

"I suppose you were born and have lived all your life right here in this little village," White observed.

"No," the "typical Yankee" retorted. "I moved down here from Boston just four months ago!"

Communists Rioting On Korean Island

SEOUL ,Korea, April 23. (U.P.)—Communist factions spread rioting and sabotage across the island of Chepu off the southern coast of Korea today.

An extra battalion of Korean constabulary was rushed to the scene to meet what was described as "a serious situation."

Fragmentary reports arriving from the so-called "Amazon island" said communication lines on the island were being cut constantly. Handbills urging the constabularly and rightists to desert to the Communist cause also were being distributed.

Forrestal Says 70-Group Air Force Would Destroy Balance

NEW YORK, April 23 (U.P.) — Defense Secretary James Forrestal said last night that the 70-group Air Force proposed in Congress would disrupt the balance of the three services "to give one player a chance for a grandstand play."

Forrestal told the Bureau of Advertising of the American Newspaper Publishers association that there was no question but that air power is the decisive factor in war.

"But the Navy and Army do not exist solely for the support they give the Air Power," he said. "To ignore their functions and their needs would be to disrupt an effective team in order to give one player a chance for a grandstand play.

Impair Usefulness

"The unbalance would impair the usefulness of the whole military establishment, including the Air Force; and any idea that any segment of a preparedness program can be relied upon to the exclusion of another is a most dangerous fallacy.

"To put it bluntly, the Navy and Army are just as necessary to the national safety, now and for the foreseeable future, as the Air Force. The Air Force itself could not conduct sustained operations without the support of both Navy and Army."

The defense secretary absolved W. Stuart Symington, secretary of air, from blame in supporting the 70-group Air Force in opposition to the recommendation of the administration.

"The secretary of air could not, without stultifying himself, have withdrawn from the position he took earlier before the Finletter and Brewster-Hinshaw committees, Forrestal said.

FALLS FOR SPORTS

ROCK ISLAND, Ill., (AP)—Lots of folks are carried away by the round ball sport—and some of them go too far. A little boy named Jimmy Mulhern fell out of the balcony at Wharton field house during a basketball game. His only apparent injury was a bump on the head.

Air Force Uniforms Cut Out By Senate

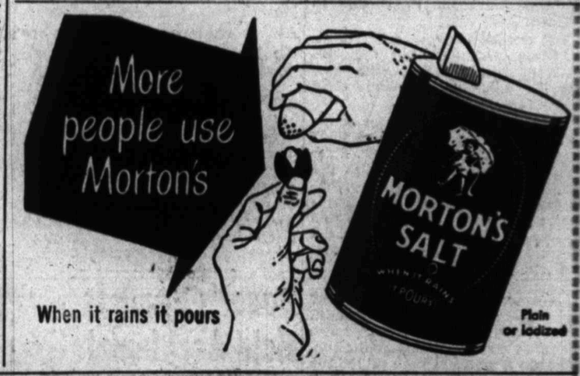

WASHINGTON, April 23 (AP)—A blue note for the Air Force men who have been expecting to get new blue uniforms: They won't.

The Air Force asked Congress to approve funds for a new and distinctive "Royal Air Force blue" uniform.

The House okayed $10,000,000—but the Senate appropriations committee today slashed the uniform money from its appropriation bill. Now the Air Force will have to get along at least another year with its old khaki uniforms.

Pennsylvania Primary Places Big Question Mark On Stassen

PHILADELPHIA, April 23. (AP) —The presidential derby moves into Pennsylvania next Tuesday with the biggest question mark opposite the name of Harold E. Stassen.

The question involved is whether Stassen—fresh from victories in Wisconsin and Nebraska—can add the industrial Keystone state to his fold.

Only a sampling of voter sentiment is expected at the April 27 primary. With the G. O. P. state leadership frankly playing the field with a big bloc of 73 unpledged delegates, none of the contenders entered for the Pennsylvania presidential preference vote. A blank space on the ballot, however, permits write-in votes.

Same Last Time

That was the situation four years ago when Gov. Thomas E. Dewey, of New York, rolling on to the 1944 presidential nomination, piled up a write-in vote of 146,706 compared to 1,502 for the former Minnesota governor. Gen. Douglas MacArthur, an avowed candidate this year, got 9,032 write-in votes four years ago.

On the Democratic side, President Truman was entered for the presidential preference vote by the Democratic state committee without his consent. J. Warren Mickle, Democratic state chairman, announced the Pennsylvania delegation of 74 members will support President Truman.

While neither Stassen nor other presidential contenders campaigned for the state's delegates, the former Minnesota governor named Col. Jay Cooke, Philadelphia, to look out for his interests.

Without predicting the result of the primary, Cooke said of Stassen's prospects:

"I find in the last few weeks a definite groundswell of opinion and sentiment in favor of Stassen, much more noticeable since the Wisconsin and Nebraska primaries."

Governor James H. Duff, who will head the Pennsylvania delegation keep an open mind on candidates until the convention sessions start.

The plan of straegy is to rally around U. S. Senator Edward Martin as the state's "favorite son" candidate for the first few ballots but to be prepared to take quick advantage of developments.

She Doesn't Have To Live With Mama

BUFFALO, N. Y., April 23. (AP)—You can't force a wife to live with her mother-in-law, even in a 22-room house, City Judge Clifford J. Chipman ruled today.

Mrs. Vincent Caruso, 31, suing for support of her self and her seven-week-old baby, told the court she felt "caged up" in her husband's 22-room farmhouse with his father, mother and a brother and sister.

Said Mrs. Caruso, "I want a home of my own."

"I don't see anything wrong with that," commented Chipman. "You can't force a wife to live with her mother-in-law."

He ordered Caruso to pay his wife $5 a week for support of their child.

Boxer's Death Is Held Accidental

MILWAUKEE, April 23 (AP) — District Attorney William McCauley today cleared boxer Bert Lytell of responsibility for the death of Jackie Darthard, 19, who died of injuries suffered in a bout with Lytell.

McCauley said the death was accidental and that no inquest has been ordered.

"Darthard's death yesterday can be charged to lots of hard luck," McCauley said. "We are convinced there was no suspicion of foul play."

Mrs. Mary Darthard, mother of the victim, came here from Darthard's home at Kansas City as soon as she learned her son had been injured."

She told Lytell that everyone knew it was not his fault.

"It must have been the will of God," she told Lytell. "Don't let it ruin your life."

Jordan Davis, co-manager of the victim, was scheduled to appear in district court today on a charge of carrying a concealed weapon. He was arrested shortly after the fight last night when police found a gun in his pocket.

Davis, who is free on $250 bond, said he carried the gun to protect receipts from Darthard's fights.

Supply Firm Holds Equipment Showing

Seventy-two plumbing and heating dealers of Lubbock were entertained at the Hilton last night by the Morrison Supply company, distributor for the Day and Night Manufacturing Co., Monrovia, Calif.

A film and stage presentation of Day and Night gas water heaters, gas wall heaters and water coolers followed a buffet dinner and refreshments. Lubbock is the third stop on the itinerary of a show team, now on tour to 60 cities where the firm's products are sold. Amarillo is the next stop.

L. Cole, Morrison supply manager, was in charge of the arrangements. He introduced Monty Graham, local Day and Night representative.

Other company officials on the trip are William G. Cartter, vice-president and sales director; Howard J. Ferris, assistant director of sales; Walter J. Lambert, director, advertising and promotion; Joseph W. Rubenson, manager, refrigeration sales; and Richard Hassinger, traveling sales representative.

Stassen, Taft Keeping Busy

CLEVELAND, April 23 (AP) — Sen. Robert A. Taft and Harold E. Stassen opened another round today in their campaigns for Ohio presidential support.

Stassen, seeking 23 of the state's 53 delegates to the Republican national convention, planned talks in the industrial centers of Akron and Canton.

Taft, halting his state tour for the time being, was to return to Cleveland for conferences and two radio appearances.

Both Keep Busy

Both candidates, eyeing the state's May 4 primary, have spent the past two days campaigning in Ohio.

In an address before approximately 750 in Steubenville last night, the Ohio senator again referred to Stassen's contention that he is more liberal than Taft.

"I've been interested to learn that Stassen considerers himself more liberal than I am," Taft said. He then asked Stassen to state his position on socialized medicine, federal aid in education and "certain public housing in slum clearance measures."

Asserting that Sen. McCarthy (R-Wis) had "delayed" public housing, Taft asked:

"Are these groups supporting McCarthy also supporting Taft? Does Stassen have any better plan?"

Stassen, appearing before the University of Toledo law school association last night, told questioners he was opposed to the idea of a third party.

"I think the two-party system gives the most effective leadership and best serves representative government for free peoples," he explained.

He declared, however, the two major parties always should remain open for contest of views.

Indicating labor view differences with Taft, the former Minnesota governor quoted him as saying "the union (men) are more radical than their leaders in most cases."

Stassen said his own view was "American workmen as a whole are just as loyal, conscientious and sensible as any other group of American citizens."

He also asserted Taft favored allowing employers in some cases to obtain temporary injunctions against unions, but he believed in limiting such relief to the government.

A third difference, the 41-year-old Republican said, is their stand on industry-wide bargaining between labor and management. Stassen said he favored giving the unions this right, but Taft apparently opposed it.

Funeral Procession Treated To Beers

LONDON, April 23 (AP)—William Ayling's funeral procession stopped at a country pub yesterday and the mourners piled in for a round of beers.

One of his last wishes was that they should have a final quickie —on him.

Senators Push 70-Group Bill

WASHINGTON, April 23. (AP)—Air-minded senators pushed off a drive today to build America's defenses around a 70-group Air Force despite stiff administration opposition.

With Chairman Bridges (R-NH) at the controls, the potent Senate appropriations committee decided to speed by both a 66-group compromise and the combined draft-UMT bill being written by the Senate armed services committee.

To Start Hearings

"I'm for the 70-group plan", Bridges told a reporter in announcing that his committee will open hearings Monday on a measure to start the 70-group plan.

This is the $3,198,000,000 money bill that zoomed through the House last week by a 343 to 3 vote. Of the total $822,000,000 was added at the last minute to expand the Air Force by 15 groups more than the administration itself had proposed.

"We want to move as rapidly as possible," Bridges said. "We've got to hear the evidence from the experts but that should not take long."

Conflict Is Hinted

Some senators thought Bridges' stress on speed indicated a conflict between him and Chairman Gurney (R-SD) of the armed services group.

But Gurney, who has been sympathetic to Secretary of Defense Forrestal's proposals, said it's not so.

"That's all right with me," he told a reporter when informed of Bridges' announcement. Gurney also is a member of the appropriations committee.

"I will listen to all the evidence," he said. "It just depends upon what recommendations we get from the three branches of the armed services."

Bridges said Forrestal will be asked to lead off testimony before his committee.

Bridges said Forrestal will be asked to lead off testimony before his committee.

HEARING IS SET

AUSTIN, April 23 (AP) — The railroad commission has set for hearing June 15 the application of W. W. Lechner for a discovery allowable and new field designation for his W. J. Tramel "D" well No. 2, Bazette field, Navarro county.

Two Killed In Car Accident

SWEETWATER, April 23 (U.P.) —Three persons were treated in a hospital today for injuries received yesterday afternoon when a loaded passenger bus and an automobile convoy truck collided near Sweetwater in a rainstorm. Two persons were killed in the accident.

The bus was carrying some 30 sailors—on "boot leave"—from the San Diego, Cal., naval station.

The dead were James W. Hamilton, 18-year-old sailor of Dallas, and a man about 50 years old, who boarded the American Lines bus at Phoenix, Ariz. His indentity was not established immediately.

Injured Are Identified

The injured were identified as Clarence R. Gore of St. Louis and Brown Long, home address not known, both negro passengers on the bus, and Lewis Hammond of Dallas, driver of the convoy.

The automobile convoy, loaded with four new Chrysler automobiles, sheared off the rear section of the bus. The young sailor and the older man, a civilian, were sitting in that section.

The bus was eastbound, for Dallas, and the convoy, property of the United Transport Co., was westbound.

Rites Are Set For Snyder War Vet

The body of Sgt. Earl B. Bavousett, 37, of Snyder, a former Tech student, will arrive at Snyder at 6 a. m. Tuesday, April 27, it was reported here last night.

He was a member of the 90th division and was killed in action in Normandy, France, July 3, 1944.

Services will be conducted at 2:30 p. m. Wednesday, April 28, at Snyder.

Survivors include his parents, Mr. and Mrs. M. W. Bavousett, of Snyder, two sisters, Miss Oma Bavousett, of 1015 Ave. T, and Mrs. Richard Crume, of 2703 Thirty-fifth, and four brothers, Roe, of 2627 Twenty-third, and Scott, of 3203 Ave. H, all of Lubbock. Steve, student in John Tarleton at Stephenville, and Lynn of Snyder.

States' Rights Are Defended By Jester

AUSTIN, April 23. (AP) — Gov. Beauford H. Jester yesterday proposed more state taxes and less federal taxes in order to preserve states' rights.

He said he will attend the governor's conference at Portsmouth, N. H., in June and will suggest "that the states must perform state duties to prevent the invasion of states' rights.

Accountants Elect Chapter Officers

Members of the local chapter of the Texas Association of Public Accountants meeting Thursday night at Hotel Lubbock elected officers for the ensuing year and heard a talk by C. A. White, immediate past state president of the organization.

Officers elected were Milton E. West, president; C. S. Williams, vice-president; D. D. Lacey, secretary; Fred I. Merrick, treasurer.

Williams, White, Merrick and Crayton O. Campbell were elected delegates to represent the Lubbock chapter at the Northwest District meeting, for which place and date will be announced later. Wayne L. Kelly and Raymond Q. Phillips were chosen as alternates.

Delegates named to attend the state convention to be held in Fort Worth June 11-12 were White, Williams and Phillips. Mrs. Mary T. Hogan and Lacy were chosen as alternates.

New members in attendance were Boyd P. Millsap and Lyle Deffebach of Snyder. Visiting accountants were Charles B. Thompson of Levelland, Samuel E. Gillispie of Lubbock and F. G. Treat of Lubbock.

Dominican Tremors Are Reported Again

NEW YORK, April 23. (AP)—A new series of earthquakes in the Dominican Republic was reported today by the Rev. Joseph J. Lynch, Fordham university seismologist.

The university seismograph recorded shocks at 6:55.15 a. m. (EST) and 6.59.04 a. m .today.

Father Lynch said they were not as severe as yesterday's tremors.

Trainmen Seek Repeal Of Laws

HOUSTON, April 23. (U.P.) — Start of a drive to repeal nine labor laws passed by the last session of the Texas legislature was announced today by Joe T. Stedham of Austin, new chairman of the joint board of the Brotherhood of Railroad Trainmen.

"The legislature passed the laws as a threat against labor," he said. "We feel that they were nothing more than 'spite' laws."

Although Steadham said the brotherhood would not campaign actively against legislators who sponsored labor bills, he did announce that the membership would be furnished a list of legislators who voted anti-labor.

The 350 delegates to the joint convention, which ended a four-day session today, also voted to sponsor railroad and highway safety legislation.

"We're going to try to make the railroads and highways safer," Steadham said. "We're going to start with the grade crossings."

During the voting yesterday, W. H. Savage of Sanderson was re-elected state chairman of the trainmen.

Foreign Subs Seen In Sea Of Marmora

ISTANBUL, Turkey, April 23. (AP)—Istanbul newspapers reported today that two foreign submarines have been seen prowling in the sea of Marmora.

There was no official comment. The papers said the submarines came from the north and slipped through narrow Bosporus strait unnoticed.

The time has come to sound a sweet note or "jam session." So, here's a fanfare for Mrs. W. E. Chaney of Dallas, who wins $10 with:

For a quickly made and easily handled jelly bag, snap the top of the cloth bag between a pair of embroidery hoops.

Jelly Step No. 2: Snap stout cord into hoops along with jelly bag; suspend bag by cord from a cabinet door handle over container for juice . . . clearer jelly.

With egg prices still in the top roost, wasting leftover yolks is enough to make Plymouth rock . . . but $10 to Mrs. Wm. W. Reed, Brownsville, Texas, for the answer:

Leftover egg yolks will keep perfectly for several days in your refrigerator if MRS. TUCKER'S SHORTENING, melted and *cooled*, is poured over them in a small bowl. When you are ready to use them, the shortening lifts off in one piece leaving yolks intact. If all are not used, repeat the process.

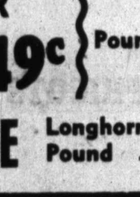

Join the parade of Postal Pot Luckers with your homehelp or recipe. $10 from Mrs. Tucker if printed. Send to Mrs. Tucker's Homemakers' Dept., Sherman, Texas.

FUNNY CAKE

(or, now you can have your cake and eat pie!)

1st Part	2nd Part
⅓ cup cocoa	¼ cup MRS. TUCKER'S SHORTENING
¼ cup sugar	¾ cup sugar
⅓ cup water	1 egg
½ teaspoon vanilla	½ cup milk
	1¼ cups cake flour
	1 teaspoon baking powder
	½ teaspoon vanilla
	½ teaspoon salt
	1 unbaked pastry shell

Pour cake batter (2nd part) into unbaked pastry shell. Pour warm cocoa sauce (1st part) over batter. Bake in a moderate oven (350 degrees) 45 minutes or until cake springs back to touch and pastry is nicely browned. Cool and serve in wedges.

(When "Funny Cake" is baked, the sauce is between the cake and the pastry, leaving the cake light in color. It is best served within 24 hours of baking, preferably as soon as thoroughly cooled.)

Hot bread made with MRS. TUCKER'S SHORTENING is practically an order with home-made jelly. And next to your jelly . . . you'll like MEADOLAKE MARGARINE best. MEADOLAKE'S wholesome, melt-in-your-mouth flavor is a *pure* case of food flattery. NO. 13

Administration's Tariff Cuts For Czechs Are Bitterly Opposed Without Avail By House GOP

BY WILLIAM F. ARBOGAST
Associated Press Staff Writer

WASHINGTON, April 23 (AP) — Angry House Republicans found themselves up a blind alley today in their hunt for a way to block Administration-granted tariff cuts to Czechoslovakia.

But they said they are determined to prevent any future consessions to other Soviet-dominated governments.

President Truman last night proclaimed new, lower import duties for Czech products in return for tariff reductions already put into effect by Prague.

Withdrawal Proposed

Rep. Harness (R-Ind), who had tried in vain to have the agreement held up, told newsmen he sees little chance that the chief executive might reverse his action "in view of past performances."

But Harness drafted a resolution to put the House formally on record as favoring a withdrawal.

It will go to the House ways and means committee, which plans to start hearings soon on a bill to extend the reciprocal trade agreement act now due to expire June 12.

Chairman Knutson (R-Minn) of the ways and means group took the position there is little Congress can do now about the Czech agreement negotiated under that act. But House Republican leader Halleck of Indiana said there is much it can do in the future.

No Aid To Enemies

"Certainly this makes it necessary that, when studying the proposition of renewing the trade agreement act, we must make certain that no economic benefits will go to potential enemies," Halleck told reporters.

Knutson called the President's action "unsound," adding:

"I do not see how it is possible to justify a policy that gives the same treatment to Communist countries that is given to Democracies. If we are sincere in our campaign to prevent the further spread of Communism, we should give more favorable treatment to non-Communist nations."

There was no immediate democratic reaction.

A State department explanation issued along with Mr. Truman's tariff proclamation said this country had a legal obligation to make good the cuts it promised last October in a general agreement reached at Geneva with 22 other nations. That was before the Communists seized control in Czechoslovakia.

But Rep. Grant (R-Ind) said Mr. Truman could have held up the Czech agreement under article 27 of the Geneva agreement.

That article, Grant said, provides for the withholding of concessions from "a government which has not become, or ceases to be, a contracting party."

The difference between the Czech government with which the negotiations were started, and the Czech government today, he added, "Is the difference between day and night."

The State department said the main Czech products on which duties were cut are household china, table and kitchen glassware, jewelry, certain types of shoes and gloves and hops.

The American products on which Prague reduced its duties include certain types of office machines, passenger automobiles, canned vegetables, fruits and juices and some dried fruits.

Elizabeth, Philip Admitted To Order

WINDSOR, Eng., April 23 (AP)—Princess Elizabeth and her husband, Prince Philip, and five other Britons were received into the knightly Order of the Garter by King George VI today in a ceremony of regal splendor.

The princess, in the traditional purple robe lined with white taffeta, bowed low before her father as he bound around her left arm the inch-wide blue velvet garter with its motto, "Honi Soit Qui Mal Y Pense." ("Evil to him who evil thinks.") The order is the Empire's highest rank of chivalry.

Two of the other three living ladies of the Garter, Queen Elizabeth and Queen Mother Mary, both in the robes of the order, witnessed the investiture in the oak-panelled, gold-ceilinged throne room of Windsor castle. The ceremony took place on the 600th anniversary of the order, founded by Edward III. The only other living lady of the Garter is Queen Wilhelmina of the Netherlands.

Test Is Said Given New Mexico Oil Well

Midcontinent Petroleum Corporation No. 1-A Santa Fe, prospective discovery for commercial oil production from a deep lime zone in extreme northeast Lea county, New Mexico, is credited by unofficial sources to have run a four-hour drillstem test at 12,181 to 12,214 feet.

A 3,000-foot water blanket was used, and the drill pipe is said to have kicked out some fluid before the tester was closed. It is understood that some fluid bubbled out of the pipe as it was being pulled and racked.

Total recovery was said to have been about 9,700 feet of free, 43-gravity oil, and 13 stands of water. The water was thought to have been partly water blanket and partly drilling water. Interested observers said that an anlysis showed that none of the water was from the formation.

The venture cored 35 feet deeper and is reaming to bottom before undertaking another drillstem test.

The possible discovery is about six miles east of Crossroads, 20 miles north of Tatum, and 660 feet from the south line and 1,980 feet from the east line of section 27, block 9S, survey 36E.

Children Get Ride In Trunk Of Auto

EVERETT, Mass., April 23 (AP)—Eugene O'Connell, 7, and his sister, Margaret, 10, climbed into the trunk of Harold W. Flyer's car, parked outside their Wilmington home yesterday. The trunk lock snapped.

They were taken for an unexpected 20-mile ride before Flyer discovered their plight. They were released uninjured—but plenty frightened.

LAST RITES SET

REFUGIO, April 23 (AP)—Last rites were scheduled today for W. Joseph Simmons, 60, hotel owner and retired oil man, who died here yesterday.

Saturday Dance Set By Air Reservists

Members of 707th bomb squadron of the Air Force reserve will be hosts at a semi-formal dance at the old officers' club building at Lubbock Army Air field, Saturday night, Lt. Nathan Douthit, program chairman, announced this morning.

Bailey Ireland and his orchestra will furnish music from 9 p. m. to 1 a. m. Admission charge will be $2.50 per couple.

Members of all reserve organizations are invited to attend, Lt. Douthit said. Uniforms are optional.

Philadelphia Dogs Are Footloose Now

PHILADELPHIA, April 23 (AP)—Philadelphia's dogdom was footloose and fancy free today. The city had no dogcatcher for the first time since 1870.

Complaints are coming into police stations against packs of dogs running on the loose in some cases running against pedestrians and knocking them down.

The women's Pennsylvania Society for Prevention to Cruelty to Animals recently terminated its dog catching service. The society said it just couldn't afford to continue.

A Revolutionary New Washday Miracle!

IT'S TIDE

...you've never used anything like it!

TIDE is a truly amazing discovery that brings you a wonderful new kind of washday! Born of new knowledge gained in wartime research, Tide does *what's never been done before*—washes clothes cleaner than any soap, yet leaves colors brighter! The first time you try Tide, you'll know it's a brand-new product! Oceans of suds billow up instantly, even in *hardest* water! Those wonder suds *look* different... they even *feel* different!

ONLY *Tide* DOES ALL FOUR!

1. Washes clothes cleaner!

Yes, cleaner than any soap made! *Everything* comes cleaner with Tide—even greasy overalls and heavily soiled work shirts! Tide not only leaves clothes free from ordinary dirt, but *actually* removes dingy soap film as well! No soap in the world can get your whole wash as clean as Tide!

2. Actually brightens colors!

Tide is not only *safe* for dainty, washable colors; but actually *brightens* soap-dulled, faded-looking colors. Brightness perks up almost like magic as Tide makes dulling soap film disappear! You can *see* the difference!

3. Never "yellows" white things!

Tide can't turn them yellow, no matter how often they're washed or how long they're stored. Tide-washed clothes stay dazzling white, week after week!

A Hymosol Product

4. Gives more suds—

Prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in *hardest* water! Tide cuts grease like magic... washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry *sparkling clear*—even without wiping!

Government's "Loyalty Check" Hasn't Found Many Subversives

By ROWLAND EVANS, JR.
Associated Press Staff Writer

WASHINGTON, April 23.—The government's drive to find disloyal federal employes isn't finding many.

More than 1,000,000 of the 1,800,000 government workers have been checked by the Federal Bureau of Investigation.

Less than 1,000 have needed further investigation (the rate is about 77 investigations out of every 100,000 checked.)

And many of those who get a complete investigation are found loyal. Others quit their jobs before the investigation is finished.

"Subversive File"

The FBI decides whether to dig deeper into a worker's loyalty after checking his finger prints and identity charts against its huge "subversive file." ((Subversive is defined as "having a tendency to overthrow, upset or destroy.")

If a link is found between an employe and the subersive file an investigation starts.

Checking on the loyalty of federal employes is nothing new. We've been doing it off and on ever since 1883, the date of the civil service act. We've done a lot of it since 1939.

Lot Of Checking

Why? Because—

1. Working for the government is not a right, but a privilege. So the United States can set up standards of employment like other employers.

2. The Hatch act (1939) won't let Uncle Sam pay any one who advocates, or belongs to an organization advocating, the overthrow of the government.

But we've never done as much loyalty checking as we're doing now. And we've never done as much investigating.

Here's an example of how and why a federal worker is investigated.

In a routine check of an employe's finger prints and identity chart, the FBI discovers he once was a member of the Ku Klux Klan.

Brings Full Check

It doesn't matter whether he's still a member of the KKK. If he ever was he's marked for a full-scale investigation.

Why? Because the KKK is an outfit which the attorney-general says comes under one of the following headings:

1. Is "totalitarian, Fascist, Communist or subversive."

2. Favors denying persons "their rights under the constitution," by "acts of force or violence."

3. Seeks to "alter the form of government of the U. S. by unconstitutional means."

These conditions are listed in the President's executive order which started the present loyalty check. KKK comes under heading No. 2.

After fully investigating the former KKK member (only about 200 investigations have been finished so far) the FBI sends its full report to the head of his agency.

The agency's loyalty board (it consists of officials of the agency) gives him a hearing and decides:

1. He's eligible for further employment, or

2. He's ineligible, in which case he's fired.

There are two appeals, if he's found ineligible—to the head of his agency and to the president's loyalty review board. The board is made up of private citizens.

If both uphold the decision he's out of luck. All he can do is go to court.

And there's plenty of precedent in favor of the court's upholding the firing.

Ralph Cocanougher Gets New Awards

NEW ORLEANS, April 23.—Lt. (jg) Ralph K. Cocanougher, USNR, 1711 Fourteenth St., Lubbock, has been awarded the Distinguished Flying cross and a gold star in lieu of second Air medal with permanent citations, Eighth Naval district headquarters here announced today.

Secretary of the Navy John L. Sullivan cited fighter pilot Cocanougher for "heroism, extraordinary and meritorious achievement" in fighting squadron 84 of the carrier USS Bunker Hill, during enemy action over Tokyo on Feb. 16, 1945.

A veteran of the first raid on Truck, airman Cocanougher has been previously decorated with the Navy and Marine Corps Medal and the Presidential Unit citation.

Lt. (jg) Cocanougher is the son of Mr. and Mrs. A. T. Cocanougher, and is married to Mrs. Ophelia M. Cocanougher of Lubbock. His brother, Major Harold F. Cocanougher, was in the Army Air Corps during the war.

Texans Urged To Support Ike

United Front Being Sought

AUSTIN, April 23. (AP)—A trial Eisenhower-for-President balloon was floating over Texas pro-Truman territory today.

It was launched here yesterday by Mrs. R. A. Thompson of Goliad, vice chairman of the Democratic executive committee, in the form of a "specific program" designed to unite "All Texas Democrats."

The apparent compromise offer followed battle rumblings from two factions of Texas Democrats —Truman organization Democrats seeking an uninstructed Texas delegation to the national convention and Truman-loyal Democrats seeking a Truman-instructed delegation.

Want Them In Fold

In her attempt to bring both factions back into one fold, Mrs. Thompson would agree to an instructed delegation—but for Gen. Dwight D. Eisenhower instead of Pres. Truman.

Gov. Beauford H. Jester, who early in the Truman-Dixie fuss over civil rights had plugged for the Texas-born retired general but whose enthusiasm relaxed later, refused to comment on Mrs. Thompson's proposal.

Mrs. Thompson's prepared statement to the press read in part:

"It is my firm belief that if Gen. support in this way that his reaction will be favorable.

"In making this suggestion, I do not question the sincerity of Woodville Rogers (leader of Texas' pro-Truman Democrats) or of any person who is supporting President Truman.

Would Support Ike

"I do doubt the advisability, however, of nominating a Democratic candidate who cannot be elected.

"In my opinion, the majority of voters will support Gen. Eisenhower in preference to any Republican candidate."

At his press conference Gov. Jester appeared to prefer to see how far the balloon would ride under its initial momentum without giving it his own personal boost or puncture.

"Aren't you a supporter of Eisenhower?" he was asked.

"No comment," he replied.

"Do you think Eisenhower could be nominated?"

"No comment."

Supporters Rallied

Rogers had rallied his pro-Truman supporters at Mother Neff state park Tuesday where plans were laid to fight the forces for an uninstructed delegation at the state convention at Brownwood next month. The crowd was small (300) but apparently determined.

Jester, the executive committee and other supporters for non-instruction had rallied on the same night in Fort Worth, where they

HERE'S A POST-WAR STORY WITH A HAPPY ENDING

Dreams Coming True As Girl Plans Reunion With Parents

By OPAL DIXON
Journal Staff Writer

* * *

Dreams are coming true for Helene Lerner as she joyfully plans to leave Lubbock Tuesday for New York to meet a ship bringing her parents from Shanghai, China.

Seven years ago last November 13, she told her parents and brother goodbye as she left for a vacation in the Philippines. She has not seen them since that time.

Was Taken Prisoner

Fighting was underway in China then and difficulty in securing passage back home developed. Then the Pearl Harbor attack occurred. Young Helene was taken prisoner by the Japanese in Manila in 1942 and was told she would be held prisoner three days during investigation. She was kept a prisoner of war three years—a period of mental torture and starvation—at Santo Tomas in Manila and later Los Banos.

In Shanghai, her father, who was in the diplomatic service of Poland, and her mother and brother, Leonard, were taken prisoner by the Japanese. They were interned three years in China during World war II.

Heard Through Red Cross

From January, 1942, to January, 1946, Miss Lerner had no idea what had happened to her parents and brother. Then one day in January, 1946, while she was in Mexico obtaining a permanent visa to come to the United States, she heard from her parents through the American Red Cross.

In May, the family plans to be reunited on a New York dock.

Miss Lerner, who is office manager of the South Plains council Boy Scout office in the Myrick building, said Thursday, "It's the most wonderful thing that could have happened to me. There have been so many hardships. Now, seeing my folks, it seems like all my dreams are coming true.

Sorry To Leave Lubbock

"I'm sorry to leave here," she said, "but I am happy I will see my parents and brother. I'm sure I will miss the friendliness and hospitality here."

Her parents have been in America before on a pre-war vacation, which they spent on the Eastern

HELENE LERNER

coast. They probably will live in the East.

A shipboard friendship was the cause of Miss Lerner's choice of Lubbock in which to live—and she has been glad of her choice because she likes the city.

She was coming to the United States in 1945, following her liberation from Japanese prisoner of war camp by American forces on Feb. 22 of that year. On shipboard, she met Mr. and Mrs. E. T. Conant, who now live at 2630 Twenty-third. They then lived in California and invited Miss Lerner to come with them to Lubbock, where they visited their son. Miss Lerner obtained a job here and remained.

On Visitors' Permit

She originally came to the United States with a visitors' permit. She could not obtain her permanent visa for nine months.

Her parents had asked the Red Cross to locate their daughter and a letter from her parents was delivered when she went to Mexico to obtain her permanent visa.

When she last saw her brother, Leonard, he was 13 years old. "Mother says he's really a man by now," Miss Lerner said.

Friendly, good-natured and attractive, Miss Lerner's appearance gives little hint of hardship and suffering she has undergone at times during the long separation from her family.

Get Used To Hardship

"After so much hardship, you get used to it and learn you may as well look on the brighter side of things," she said.

She likes America and is glad they will live here. Since she was able to resume communication with her parents in 1946, she has kept informed concerning her folks. Her father has been retired since the war. Her mother has been in ill health and that caused her parents' decision to come to this country. Because of the state of events abroad, Miss Lerner has worried about her mother.

She is to leave Lubbock Tuesday afternoon by train and expects to arrive in New York April 29, visiting friends until her parents' arrival. The ship on which her parents and brother are to arrive is to reach New York after docking first in San Francisco and continuing around the coast. Miss Lerner is to learn by telegram the time of arrival in New York and expects to be on the dock.

The last seven and one-half years has not been the first period in her life that she has been separated from her folks, but always before they visited her frequently. The family lived the first seven years of her life in her native Poland, then she went to England and was in school there two years, then she went to Switzerland to attend school. Her father had been in the Polish diplomatic service in various parts of Europe. In May, 1940 he went to Shanghai. Miss Lerner had been in private girls' school in New Castel, Switzerland, and joined her parents when they went to Shanghai, remaining there until she went to the Philippines for a visit.

Tech Contests Will Attract Many To City

Over 70 high schools have entered a total of 209 teams in the twenty-fourth annual vocational agriculture judging contests to be held at Texas Technological college Saturday.

Of the 209 teams, 58 have entered the livestock judging, 56 have entered the dairy cattle judging, 37 in the poultry contests, 29 teams will judge crops, 10 will judge cotton and 13 have entered the judging of dairy products.

Three In Each Team

Each team is comprised of three members, bringing the total individual contests to 627 students. Entries were supposed to close at noon Thursday but L. M. Hargrave, associate professor of agricultural education, indicated that several more schools would undoubtedly request entrance today and that they would be allowed to enter.

The contests are sponsored each year by the college chapter of the Future Farmers of America at Texas Tech with no limit to the area from which contestants may enter. So far entries have been receivec from as far away as El Paso, Ballinger and Alpine. Several New Mexico high schools have also entered the contests.

A great many awards will be made with blue ribbons going to the five boys making the highest score in each division, blue and gold banners to the three highest teams in each division, a gold medal to the highest individual in each contest, a sweepstakes banner to the highest team in the entire contest and a gold medal to its coach.

A school can enter teams in as many divisions as it so desires but cannot enter the team in the same division the following year.

Competition will be interrupted at noon for a sack lunch, prepared by the Texas Tech FFA chapter and the Lubbock Cooperative Oil Mill will give a picnic dinner for all contestants, guests and officials in Aggie Grove in the evening.

Results of the various contests will be announced at about 6 p. m. in the stock pavilion at the college.

$8,000 In Paper Is Left In Old Coat

NEW YORK, April 23. (AP)—Police were looking today for one Michael Bane, who made a slight oversight—about $8,000 worth.

Bane's name was found on 17 $25 government bonds, six $1,000 bonds, a $1,000 life insurance policy and a bank book for $805, all fished out of an old coat bought recently by a Bronx junk dealer.

The junkman, Samuel Elberg, took the articles to police. He found them while rummaging through a collection of old clothes.

Tech Displays Are To Be Open Today

Annual Engineers' Show And Open House By Home Ec Department Will Be Staged

Texas Technological College plays host today and Saturday for the annual Engineers' Show and the Home Economics Open House in a program which enables the public to see for itself the facilities and equipment available and the work being done by students in the two respective divisions.

Both programs open simultaneously at 2 p. m.

The Engineers' show will remain open from 2 until 10 p. m. today and Saturday and the Home Ec open house will continue from 2 until 9 p. m. today and from 9 a. m. until 5 p. m. Saturday.

When the doors finally close on both shows, it is predicted that more than 10,000 people will have viewed the exhibits and demonstrations offered by the Engineers' show and 5,000 or more will have attended the Open House. No admission is being charged for either show.

The Engineers' show will incorporate all engineering departments, including mechanical, electrical, industrial, chemical, petroleum, textile, architecture and applied arts and civil engineering as well as the military science, physics and geology departments. The entire show will be housed in several buildings over the campus with all exhibits and demonstrations being complete within themselves. All laboratories used by students in the engineering division will be open to inspection by the public. Printed programs will be available in each building explaining the location, purpose and function of each exhibit it contains.

Includes Several Buildings

The Open House will be on a conducted tour plan with guides stationed along the route to direct traffic to the various exhibits and demonstrations. The tour will begin at the main Home Economics building, proceed from there to the Applied Arts laboratories in buildings X25 and X26, from there to the nursery school south of the main building, and finally to the Home Management house located east of the main building.

Parts of the engineers' show will be located in the following buildings: Chemistry, X17, main Engineering building, Military Science building and area, and the Textile Engineering building. Visitors to the Chemistry building will have a chance to see chemical, physics and geological exhibits. In the auxiliary building X17 will be found petroleum engineering exhibits with the field equipment displayed on the east side of the building. These departments are highlighted by the plastic ash tray operation of the chemical engineers, the Van de Graaf generator of the physics department, and the model of an anticlinal oil well shown by the petroleum engineers.

The Main Engineering building will contain exhibits of the civil, electrical, industrial, mechanical, and architectural engineers. Attractions in these departments will include an operating model paper mill, material testing operations, demonstrations of various types of engines, a radio controlled car and demonstration of a Link trainer.

The military science building and grounds will contain weapons and equipment of that department, most of which will be in actual operation, and captured enemy war equipment.

The making of cotton cloth from raw cotton, completely through the dying process, will be featured at the textile engineering department and all equipment in the department will be in actual operation to be viewed by the public.

The Home Management department of the Open House is featuring gas as a fuel in the home and the latest gas equipment. Gas ranges, refrigerators, clothes driers, hot water heater, floor furnace, wall panel heating, and interesting displays on year-round air conditioning will be featured in Annex K of the Home Economics building.

Among other interesting exhibits will be playground equipment for the average home, books on marriage and family relations, demonstrations and exhibits on

Vice Presidential Race Held In China

NANKING, April 23 (AP)—Gen. Li Tsung-Jen, Peiping military commander, led six candidates for the vice presidence of China today on the first—but incomclusive—ballot in the national assembly.

Li polled 754 votes, far short of the majority of 1,523 needed to become the first vice president under the country's new constitution.

Second was Sun Fo, the incumbent, with 569 votes. Third was Gen. Cheng Chien, deputy chief of staff, with 522.

Three others were eliminated on the first ballot. They were scholarly Yu Yu-Jen with 493; independent Mo Teh-Hui 216 and Social Democrat Hsu Fu-Lin 214. Li had charged only yesterday that Chiang Kai-Shek secretly would order delegates to vote for Yu. The balloting indicated he was misinformed.

Each of the top three candidates is a member of the Kuomintang (government party).

The second ballot will be cast tomorrow.

Observers predicted the vice president, who has little constitutional power, will not be chosen until the fourth ballot.

Extra Session Slated Monday By City Dads

Acting on a variety of matters Lubbock City commission spent six hours in session Thursday afternoon at City hall but will have to meet again in a special meeting Monday to transact pressing business facing them.

High on the agenda is the matter of providing additional water wells to take care of an expected increase in consumption again this summer Mayor W. H. Rodgers stressed the water problem several times during Thursday's session and said he would call for prompt action on the part of the commission to authorize the drilling of new wells at once so as to provide enough water to meet domestic needs by June 1.

"We can't go through another summer without a sufficient water supply," Mayor Rodgers said. "We've got to get these wells started right away so that the new reservoirs which will be put into use by June 1 will not stand half-filled with water."

Right-O-Way Cases Talked

Occupying a lot of time Thursday afternoon was right-of-way matters on the Avenue A sector of the new traffic dispersal system being constructed in the city. Indications were that all right-of-way cases hanging fire would be cleared up in time for the letting of the contract on the Avenue A route from the traffic circle south of Lubbock to as far as the entrance of Mackenzie State park. Only a few cases remain yet to be settled.

Approvals for settlements with Joe Telford, Mrs. A. W. May, B. B. Barron, M. D. Scott, and V. N. Voegeli were given by the commission.

For the first time in history, the city called for bids on approximately 95 blocks of paving only to find that no bids had been submitted. The paving will probably have to be continued through employment of city crews as has been the case in the past several years.

Contract Change Studied

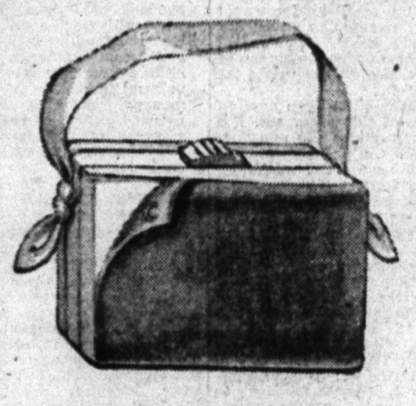

A low bid by J. R. Fanning for surfacing and seal-coating of approximately 38 blocks of partially-completed paving and existing paving at various points throughout the city was approved. The bid was $43,371 base bid for a complete job.

Other matters considered during the lengthy session included:

Decision to discuss with members of the Airport board a recommendation that the contract with Pioneer Airlines be amended so that 2 per cent of the gross revenues derived from passenger, freight and express receipts be paid to the city in lieu of the present landing fees;

Renewal of the appointment of

SITTING out in the Atlantic some 800 miles off the coast of Portugal is a collection of islands called the "Azores" by us, the "Acores" by the Portugese, who own them.

The Azores are the hub of much trans-Atlantic air travel, Winter and Summer. In Winter, they are the ace-in-the-hole for pilots and passengers traveling not only between the U. S. and Europe. The year 'round, they are important to air travel between the U. S. and Africa, and South America and Europe.

Important as the Azores are in times of peace, they are more important in times of war: Therefore, there must never by any danger of our losing our aerial toehold there—that toe-hold being Lagens Field, on the Island of Terciera.

* * *

There is some talk going around and about that maybeso our position in the Azores isn't quite as certain as it should be.

Whether that is true, or not, we wouldn't know. Neither would very many people—probably no people at all outside a very few high in the government.

But it better not be true. We must ice down our hold in Terciera, whatever the price we must pay.

* * *

IF we can afford to dump billions of dollars of materials and credits into Italy, Germany, France, Britain and other countries, we certainly can afford to make any reasonable arrangement with Portugal to keep Lagens Field and to do whatever fortifying necessary to hold it, should such become necessary.

Certainly the people of the Azores want us there, because we have brought them much prosperity—more than they've ever known before. We'll bring them even more, too, if and when are needs are expanded.

Keep your eyes on—your ears open about—the Azores.

If anything slips out there, the American public should rise in its might and demand that our interests there be guarded to the hilt.

MORRIS LEVINE, longtime good citizen of Lubbock who now sojourns in Dallas, was here the other day and dropped in for a visit. We got to discussing the Palestine situation and Morris brought out a point generally overlooked by most Americans as far as the Jewish-Arab fighting is concerned.

The opposing forces in Palestine fighting, Morris pointed out, are not Jews and Christians, or, even, Jews and Gentiles. Correctly, he says the Arabs are not Christians and neither are they Gentiles, under the customary definition of the term. They are Semites and, basically, they stem from the same racial groups the Jews stem from, Morris says.

But regardless of the basic situation in Palestine, it is most regrettable that so many lives have been lost and that the conflicting interests there cannot be brought together. Sooner or later a solution will come and when it does all concerned will realize that the same solution could have been reached without bloodshed.

The way it all happened was that A. L. Ferguson, the auto parts man, killed a moose in the Jackson Hole country last October and as a result found himself in possession of 450 pounds of good meat. So he made a deal with a lady up Floydada way to use part of it in tamales and chili, had the tamales and chili canned—and sat back waiting for a time to spring it on some of his chums.

The other day he sprung it, without notice, on the roundtable lads with whom he regular eats lunch at the Hilton boardinghouse. Although it was hottern the hinges of hades outside, Neil Wright, sr., Bill Stone, Marion Sanford, Buddy Erwin, Mr. Furguson and yr. humble servant (who just happened to chisel in on the roundtable that day) ate chili and tamales until the juice ran outen their ears.

A couple of years ago, people were pretty much het up over the increase in the divorce rate—and well they might have been. Divorces were running neck-and-neck in number with marriages, for a time at least.

Now, however, the picture is changing. According to the Metropolitan Life Insurance company's statistical department, the disruptive effect of the war on family life is wearing off—and rapidly. The divorce total in 1947, for instance, was 25 per cent off the all-time high of 1946 and indications are that the trend will continue. Texas, incidentally, showed a 20 per cent drop in divorces last year as compared with the year before.

Incidentally, it's the first five years (not the first 100 years, as the wags have it) which are the hardest on marriage stability. Two and a half times as many couples are divorced during the first five years of marriage as compared with the number divorced in the second five years, while the divorce figures over the first five years as compared to the third five years are 5-to-1.

From 1941 through 1946, divorces were constantly on the rise in the U. S. Last year was the first one to show a decrease since 1940 over 1939.

BY DREW PEARSON: FORRESTAL'S OLD BANKING FRIENDS SET POLICY FOR GERMANY

Washington Overrules Clay To Spare Nazi Plants

WASHINGTON.—A damaging piece of paper has just been found in Germany. It is a memo, written during the war, asking authorization to erect a new crematorium big enough to burn 40 bodies daily at the Auschwitz slave-labor camp run by I. G. Farben.

PEARSON

This evidence is expected to clinch the guilt of I. G. Farben directors for their war guilt in helping to kill thousands of laborers drafted by Hitler from occupied Europe.

But just as this evidence was uncovered, a strange thing happened in Nuremburg. Gen. Talford Taylor, hardworking war-crimes prosecutor, got instructions to come home. Taylor, at first, demurred, but Washington insisted. Just out of the hospital after an airplane accident, Taylor obeyed orders and is now back in the U. S. A.

Simultaneously, certain highly placed defense chiefs have started a quiet drive to save both the factories and the personnel of I. G. Farben, the Krupps and other big Nazi munitions-makers.

This is probably the most significant development in Germany today.

• • •

Gen. Clay Overrules

The shift in policy, it's important to note, comes direct from Washington. Gen. Lucius Clay, U. S. commander in Germany, has had nothing to do with it. In fact, he refused to sign one directive ordering the big munitions cartels exempt from decartelization.

After the war, it was unanimous Allied policy (1) that the big munitions plants should be broken up, (2) that Nazi munitions masters be punished for war guilt. This was not the Morgenthau plan, but was agreed on by such men as Eisenhower, Secretary of War Stimson and his successor, Secretary of War Patterson. They disagreed with Morgenthau that Germany should become an agricultural state, but they were emphatic that the big war plants be broken up, also that munitions-makers guilty of plotting war be punished.

For, in 1932, it was the Krupps, the Thyssens, and the Ruhr industrialists who gave Hitler the money to take over Germany.

• • •

INCIDENTALLY, it was also the Wall street firm of Dillon, Read and company, of which James V. Forrestal was head, that loaned a lot of money to these same munitions-makers.

Today, Forrestal is Secretary of National Defense, William H. Draper, former vice president of Dillon, Read, is undersecretary of the Army, while Paul Nitze, another vice president of Dollon, Read, holds a key economic job in the State department.

Finally, Phillip Hawkins, son-in-law of Dillon, Read partner Draper, is chief of the property division of the American Military government in Germany and is the man who wrote the new memo decreeing a change in policy toward I. G. Farben and the Nazi cartels. This was the memo which General Clay refused to sign.

One year ago, when he was a brigadier general serving under Clay in Germany, Draper gave a talk to visiting American business executives criticising U. S. policy of breaking up Nazi cartels. On learning of this talk, Clay reprimanded Draper.

Today, Draper is no longer subordinate to General Clay. He is now undersecretary of the Army working directly under his old Wall street partner, Forrestal, where he, himself, can set policy. Furthermore, Draper's son-in-law, Phil Hawkins, is in Germany in charge of carrying out economic policy toward the Nazi munitions-makers which Dillon, Read once helped finance.

The Forrestal-Draper group argue that war plants in Germany are needed to prepare for possible war with Russia. But General Clay and Chief of Staff Omar Bradley warn that if Russia attacks she will take all of Germany in a few days. Thus, Nazi war plants, rebuilt with U. S. help, would then become the priceless property of the Red army.

WAR NOTES

Russia is reported to be producing better war tanks than the United States . . . Large American air bases are being built located for flights across the Arctic. They have underground hangars and the longest runways in the world . . . Believe it or not, but the armed services still have scarcely begun stockpiling strategic war materials. $275,000,000 has been set aside for this, but little has been done. Some congressmen are beginning to ask Secretary Forrestal whether he plans to draft men, but not mobilize the factories and materials to supply them arms . . . National defense officials have decided to give top priority to the construction of 14 underground factories covering essential industries. These factories, all large in size, would be used to continue basic arms production in case American industry was atom-bombed . . . Ken Galbraith, one of the top New Deal economists, has been retained by Secretary Forrestal as a special consultant to work on the mobilization program . . . Secretary of Defense Forrestal's aides have already begun drafting a $16,000,000,000 further expansion of the national defense budget. It will include (1) reopening of all major Army bases, (2) building of additional aircraft and arms plants, and (3) taking about half the fleet out of moth balls.

DATE of the Big 3 conference between Marshall, Bevin and Bidault is being delayed until President Truman decides to ask for a new lend-lease act. The Big 3 want this conference to end with concrete guarantees to small nations that they will have arms from the U. S. A. to resist Russia. . . . Last week the State department received new arms appeals from Belgium, France, Italy, Norway, Denmark, Luxemburg and The Netherlands. If they have to fight Russia, they want arms. However, President Truman is holding up a request to Congress for a new lend-lease act . . . U. S. representatives at the United Nations doubt that the United States can muster the two-thirds vote required to reverse partition of Palestine . . . The French cabinet is alarmed at the new drop in the value of the franc. Black-market now sell at 400 to the dollar . . . Penny-pinching Congressman John Taber has warned new European Recovery Czar Paul Hoffman that he, Taber, will oppose appropriations for European relief if Hoffman hires any State department men for top jobs. In other words, Taber doesn't believe in three independent branches of government . . . Several hundred Americans of Finnish ancestry have just been banished from Moscow. They left the U. S. A. about ten years ago to become Soviet citizens, but apparently the Kremlin doesn't trust anyone born in the U. S. A. They are suspected by the Kremlin of being secret American agents . . . As a result of the Bogota outbreak the State department will high-pressure Congress to supply standard arms equipment to all Latin-American neighbors. Thus their guns and our ammunition would be interchangeable.

BY MARQUIS CHILDS

Politician Uses "Propaganda" Accusations Much Too Freely

WASHINGTON—Propaganda is one of those words that slip conveniently off the politician's tongue. He uses it to attack any point of view that he happens to disagree with.

CHILDS

A curious crusade is being carried on here behind the main current of the news. The crusader, the man on a white horse, the man with banners, is California's Senator Sheridan Downey. The object of his devotion is California's great central valley where on irrigated land rich crops of fruit and vegetables are grown.

Downey's goal is to have the limitation lifted restricting the holding of any individual to 160 acres of land under the irrigation project of the Bureau of Reclamation. In the valley today 34 of the biggest owners, most of them corporations, have 748,490 acres of land. If these owners got the benefit of water provided by the Bureau of Reclamation, they would have to split up their holdings.

The argument Downey chiefly relies upon is a complicated one having to do with water levels under the earth and what would happen to the underground water with large-scale irrigation. He insists that the small holder would end up by paying the water bill of the large holder, who would refuse to come under the bureau of reclamation project because of the 160-acre limit.

No ordinary citizen can pass on the merits of this argument. But the ordinary citizen can and does have opinions of the big corporations from versus the moderate-size family farm.

It is just here, it seems to me, that Downey, the passionate crusader, goes off the track. He says it is "propaganda" by the Bureau of Reclamation, and most particularly by Commissioner of Reclamation Michael W. Straus, that has made so many people want to keep the 160-acre limit.

He has written a book, "They Would Rule The Valley," to prove it. He took the time of a subcommittee of the Senate for days to present his case against the Bureau of Reclamation "propagandists."

When the Senate committee got tired and lost interest, Downey took his case over to the House. There he persuaded Rep. Forest A. Harness of Indiana, chairman of a subcommittee that specializes in tracking down bureaucrats suspected of making propaganda, to look into the case. Downey never misses a chance to deliver a speech attacking Straus.

• • •

Campaign Said Silly

The funny thing about all this is that it builds Straus up into one of the greatest propagandists of all time. It makes him into a master mind, persuading organizations and individuals by his subtle propaganda to accept the 160-acre limitation. That is, of course, perfectly silly.

The Grange, the Farmers union, the veterans' organizations, the National Catholic Rural Life conference, the AFL and CIO all are for keeping the limit. So are many other groups.

Some months ago, water users on the Coachella irrigation district voted on a Bureau of Reclamation contract embracing in positive terms the acreage restriction law. The vote was 1139 to 19 in favor of the contract.

A year ago Bishop Robert J. Armstrong of Sacramento wrote on "Family Farm vs. Factory Farm" in the Catholic magazine "America." In the article, he said:

"The latest attempt, therefore, to change our national land policy is a challenge which cannot be lightly laid aside by those who have faith in the liberty-loving independent American farmers who cultivate the soil. They rear the families that support and people America's large cities. The fight against the political power of corporate monopoly demands an extra effort from the unorganized majority of American cities. The same fight must be waged on the land."

• • •

SENATOR DOWNEY would apparently have us believe that all of this results from the "propaganda" of a few bureaucrats in Washington. That is not the way deep convictions take hold. They are woven into men's minds and hearts.

That has been demonstrated in Soviet Russia. After thirty years of unceasing propaganda and all the techniques of force and violence, including starvation, the Russian peasant still clings to his love of a piece of land of his own.

The time has come to stop this silly talk about propaganda. It has got so that a government official can hardly explain the work of his department in the normal course of his duty without being accused of propagandizing. The politician should realize that people are not quite so simple-minded.

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

EVERYBODY apparently has a right to stand up at the head of the class and tell just what IS wrong with modern woman—or "the lost sex," as she is sometimes cheerfully called.

So, please, ladies, may I be heard now?

I say there's nothing wrong with the American woman of today—except other women.

MILLETT

She just sees entirely too much of them — that's all.

All this leisure that women been granted through labor-saving devices and small families has to be spent somehow. And how does the modern woman spent it?

She spends it, of course, with other women. If she is a dogooder she gets herself tied up with every woman's organization that comes along. If she likes to grow flowers she gets into a gardening club. If she likes to spend her afternoons sitting in one spot without moving she plays bridge.

• • •

MISERY NEEDS COMPANY

WITH clever cunning women do their utmost to make each other dissatisfied with what they have. Mrs. Brown, who should be happy because she has a good husband, healthy children and a tidy house, comes home from a woman's club meeting at Mrs. Rich's house envious of Mrs. R's home.

Even when several women are in the same boat, they like to make each other miserable. They never count their blessings.

The trouble with women is—women.

Today's Journal Editorial

POLITICS AND CIVIC EFFORT

The Junior Chamber of Commerce in a relatively short time has become a great civic force in Texas. In almost every community of appreciable size, the Jaycees are organized in this state and they keep working to improve living in those communities.

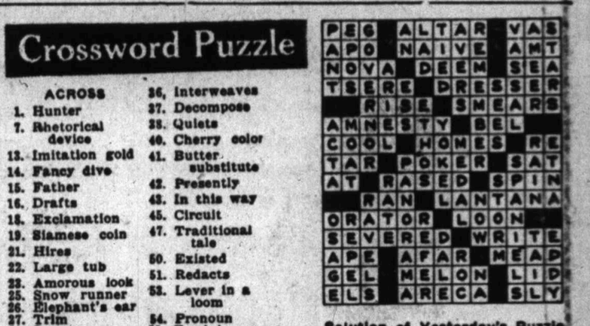

It now appears that in the not too distant future, the Junior Chamber will decide whether or not it shall enter the field of state politics—and, if it does, it will be interesting to note whether or not it can be both a political force and a civic force.

A young lawyer named John Ben Shepperd, of Gladewater, currently is national president of the Junior Chamber of Commerce. Before that, he was head of Texas Jaycees. Full of energy—and ambition—young Mr. Shepperd recently let it be known that he would be sympathetic toward an invitation to become president of Texas Technological college. But that being highly improbable, indications are that he soon may transfer his efforts from the civic to the political field.

If personable young Shepperd does take the plunge into state politics—as many expect him to do by 1950—solid, or near solid, Jaycee support would be most valuable to him and probably would be forthcoming. Yet, on the other hand, a general Jaycee delve into politics might very well hobble the organization's civic program.

It will be interesting to watch developments quite possible of arising if and when Mr. Shepperd runs for state office. And the decision which Jaycee organizations must make then will be a portentious one.

Bogota Parley Unanimously Approves Anti-Red Resolution

By LESLIE HIGHLEY

BOGOTA, Columbia, April 23. (AP)—The Pan American conference unanimously adopted a resolution last night condemning international Communism and other forms of totalitarianism.

The resolution recommends that each of the 21 participating nations adopt measures to combat Communism.

It was a revised version of a resolution offered Wednesday by the United States, Peru, Chile and Brazil. Some delegates said the adopted resolution was stronger than the original.

Combat Violence

As adopted, it condemns international Communism and the methods of violence it employs.

Delegates said the document harmonized the various shades of opinion of nations which objected to the wording of the original resolution.

Dardo Regulies of Uruguay said: "We combat communism as a regime of violence, but not as the doctrine of a political party We closed the door to communist violence."

Assistant Secretary of State Norman Armour said the United States was "quite happy" with the compromise draft.

To Study Colonies

The conference—driving for adjournment April 30—also voted yesterday to create a permanent commission to study a plan for the peaceful abolition of foreign colonies and occupied territories in the western hemisphere.

Argentina was reported to have made a reservation that any government which prefers not to use the services of the special commission could handle the problem individually.

Argentina, Chile and Guatemala have made territorial claims against Britain.

The Colombian government gave provisional freedom yesterday to several liberal party leaders who had been detained in connection with the April 9 revolt, which disrupted the conference for several days.

Broadcasts Charged

The government said it would decide later whether the freed leaders were guilty of inciting the rebellion, which followed the assassination of liberal chief Jorge Eliecer Gaitan.

The detained leaders were accused of making radio broadcasts during the uprising.

U. S. Planes Will Salute Roxas Grave

MANILA, April 23. (AP)—A formation of U. S. fighter planes will fly over Manila's North cemetery Sunday when the late President Manuel Roxas is buried.

The planes are the 18th fighter group, the same ones which put on an aerial show for Roxas when he visited Clark field April 15, the day he was fatally stricken.

Woman Wins Fight For $100,000 Fund After 33 Years

TORONTO, Ont., April 23 (INS)—For the past 33 years, Mrs. Mary B. Laing, 71, has been fighting for a $100,000 trust fund left by her father in 1914.

Today, she finally won her legal battle. But failing health prevented her from celebrating her victory.

The long fight stemmed from the father's will which stipulated that the daughter would inherit the trust fund provided she did not marry for a year after his death.

The daughter did marry, however, before the year was up.

She carried her fight to the supreme court of Ontario, the supreme court of Canada and the British Privy council, the highest court in the empire itself.

Legal obstacles blocked her until the Ontario legislature passed a bill dissolving the trust.

Her attorney estimated the case had cost Mrs. Laing at least $30,000.

Skeleton Said Clue To Ancient Indians

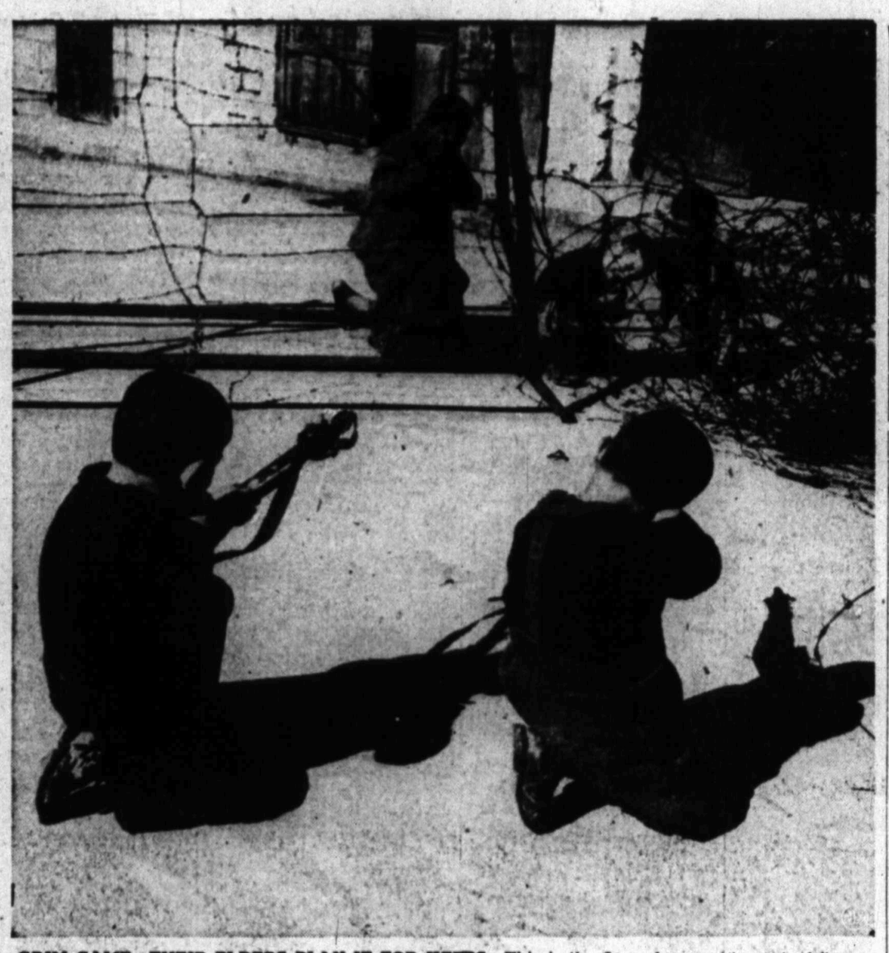

BOULDER CITY, Nev., April 23. (U.P.)—Research into what happened to the ancient Patayan Indians has been aided by the discovery near here of an 850-year-old burial site and a perfect skeleton estimated to have been interred about 1100 A. D.

Hailed with interest by the scientific world, the skeleton was uncovered about 15 miles below Hoover dam, where a large sand terrace, imbedded with arrowheads, broken bits of pottery and campfire ashes marked the site of an extensive pre-historic Indian camp site.

Dr. Gordan Baldwin, National Park Service archeologist, seeking Indian relics along the Colorado where they will be covered by Davis dam waters, made the discovery.

The Patayan people inhabited this region from about 700 to 1200 AD, said Dr. Baldwin, who noted that they raised corn, beans and cotton, lived in crude brush and mud shelters, and made clay pottery.

They had disappeared as a race by the time white expolorers arrived during the 16th and 17th centuries. It is the hope of the archeological world that Dr. Baldwin's work will provide an answer to the question of what happened to them.

GRIM GAME—THEIR ELDERS PLAY IT FOR KEEPS—This is the Jerusalem counterpart of "cops and robbers." It's called "Arabs and Jews." These are Arab youngsters playing the game, using wooden guns and a real barbed wire barrier in Jerusalem's Old City. (hPoto by NEA-Acme staff correspondent David S. Boyer.)

Police All Wet In Accusing Clarence

OKLAHOMA CITY, April 23 (AP) — Someone was all wet here last night—and it wasn't truck driver Clarence McElroy.

When his tank truck was found leaking into the street, he was hauled in by police.

A fire inspector lectured him severely on the explosive hazards of dripping gasoline.

When they got ready to file charges, McElroy interructed. He said he was hauling water.

He was.

SUPER-TANKERS ON WAY

PORTLAND, Me. (U.P.) — Four super-tankers that will carry 10,000,000 gallons of oil a trip are to be built at Portland. The huge ships will carry almost double the present normal tanker load and are expected to help ease New England's winter fuel problem.

BIRD RITUAL

"Bird anting" is an ornithological riddle. For reasons yet unknown, many species of birds have been observed in the peculiar ritual of grasping an ant in their beak and rubbing it vigorously on their feathers. The performance has been given the name, "bird anting."

Stoppage Of Coal Mining Seems Definitely Over In Most Areas

PITTSBURGH, April 23. (AP)—The soft coal work stoppage appeared definitely over today.

Less than 50,000 of the nation's 400,000 bituminous diggers remained out of the pits. Most of these remained idle because there was no work for them.

About 20,000 of West Virginia's 120,000 were still jobless mainly because an acute railroad car shortage blocked opening of two score mines in the northern part of that state.

Ready To Work

Iowa's 2,000 miners stood ready to work when operators called them back to the pits.

Elsewhere throughout the nation, crews remained idle while mines were prepared for resumption of work.

The percentage of miners still protesting the $1,420,000 fines imposed by the federal court Tuesday against John L. Lewis and the United Mine Workers appeared to be small.

Here and there, however, a group continued to hold doggedly to its earlier resolution to see what the courts do to Lewis before going back to work.

Judge T. Alan Goldsborough said he would sentence Lewis and the UMW today on civil contempt charges. The fines Tuesday were for criminal contempt in failing to end the 29-day walkout.

There was an indication from government sources that fines imposed today, if any, would be light. It was not expected the action taken would be such as to cause further walkouts by the miners.

Operators as well as union leaders expressed confidence the nation's coal production will be 100 per cent by Monday—for the first time since the miners' pension walkout began March 15.

dress making, furniture restyling, constructin of tiered draperies, decorative designing, silk screen printing, cake decorating, and food preparation. The lack of an adequate diet and its effect on the body will be demonstrated and moving pictures on various subjects will be shown.

Automobile traffic directions and parking areas have been set forth by show officials and are as follows: Visitors are asked to observe the 15 mile per hour speed limit on the campus, travel around the circle to the left at all times and observe the various signs provided for the direction of traffic.

Parking areas will be as follows: For the Chemistry building, the area between the library and the Chemistry building; for the main Engineering building and the military science area, the space immediately south of the main Engineering building and the area behind that building; for the Textile Engineering building, the area across the street south of the gymnasium.

Parking areas for the Home Economics area will be the lots directly in front of the main Home Economics building, behind the book store and south of the administration building.

Managers of the two shows have stated that more preparation has gone into the 1948 events than for any show in the past and due to new developments and equipment, they should be bigger and more interesting than ever before.

Seagraves Library Showing Is Held

A demonstration library program held at Seagraves High school Thursday afternoon was attended by approximately 150 librarians and school officials from about 15 towns and cities in this area, Dr. Doyle D. Jackson, president of district 4-A of the Texas State Teachers association, reported.

The Seagraves demonstration, which is one of 11 demonstrations in the state, is part of a movement sponsored by the Texas State Department of Education to make libraries the centers of educational life in the schools, Jackson said.

Jackson Is Speaker

Miss Mattie Ruth Moore, director of State School Libraries, made the principal talk of the afternoon, outlining the history and aims of the library demonstration movement in a speech entitled "Why Demonstration Libraries?"

Jackson, professor of education and psychology at Texas Technological college, spoke on "The Future High School Library."

The Seagraves school library had been completely remodeled in preparation for the demonstration. New books were added to the library's collection, walls and book cases received a new panting, floors were refinished and venitian blinds and fluorescent lighting was installed.

The program started officially at 3 p. m. and lasted until about 5:15 p. m., Jackson said, with a luncheon being served in the high school cafeteria after the program ended.

Attending the demonstration from Lubbock were Jackson, Thomas F. Murray, director of elementary education, Mrs. Ruth Carter and Leo Warren, both principals of Lubbock schools.

Delegations were present from Abernathy, Andrews, Brownfield, Denver City, Litlefield, Lubbock, Pettit, Post, Seminole, Whiteface, Sundown, Wellman, Idalou and Levelland.

Intensive Inquiry Into Attempted Slaying Of CIO Leader Is Pushed; Communist Is Grilled

DETROIT, April 23 (AP)—An intensive police probe into the attempted killing of Walter Reuther was stepped up today with the continued questioning of an admitted Communist.

The 52-year-old negro foundry worker was reported by an unidentified fellow employe at a Ford Motor Co. plant to have said he knew who fired the shot that shattered the arm of the CIO United Auto Workers president Tuesday night.

Prosecutor James N. McNally identified the man as Nelson Davis and said he had signed a formal statement that he was a member of the Communist party

Faces No Charge

He emphasized, however, that no charge has been placed against Davis. There is conclusive evidence that he was on the job when Reuther was attacked, McNally added.

Davis was taken to police headquarters yesterday along with three other UAW members. McNally informed his attorney Davis would be held without charge for further questioning today 'by court order if necessary."

The others, Sheldon Tappes, 37, former secretary of Ford local 600, Percy Llewellyn, ex-president of the local, and Wilfred Grant, left the station after questioning by police officers.

Identity Is Secret

Prosecutor McNally said he had talked to the tipster who gave police news of Davis, and had received "some valuable information." The informant's identity remained a closely-guarded police secret.

"He is the father of six children and leading a respectable life," the prosecutor added. "His name will not be disclosed."

Appearance of former UAW Secretary-Treasurer George F Addes at police headquarters also marked last night's developments.

The ex-official, a political opponent of Reuther in UAW circles, talked to McNally for a long time. Then the two held a press conference.

The prosecutor explained to newsmen police had been informed that on Tuesday morning Addes had been "seen on a street corner in Detroit talking to two men in a red car similar to the one seen at the scene of the Reuther shooting Tuesday night."

Was Repairing Boat

"Addes denied that such was the case and said at the time he was repairing his motor boat at the Detroit river several miles away," McNally continued. "Addes has told me that he knows nothing whatsoever about the Reuther shooting."

McNally said Addes gave an emphatic "no" when asked if he was a Communist.

Addes then expressed hope that the "individual or individuals responsible for trying to rub Reuther out will be apprehended and prosecuted."

"I have no knowledge of the shooting," he added, "but if I can I will be delighted to shed any light on it."

Of the three possibilities for the attack suggested by the wounded Reuther, "management, Communists or a screwball," Addes declared he could not see "how management could be involved." That the shooting might have been done by "an ordinary crank" he deemed "not an unlikely possibility."

"And I am sure it has nothing to do with internal differences within the union," he asserted.

While Reuther was reported by his physician to be "doing fine," the House of Representatives in Washington considered a Pennsylvania member's suggestion that its un-American activities committee immediately investigate "the Communist situation in the entire Detroit area."

Rep. McDowell, Republican member of the committee, said in a statement Reuther was the second "target of assassins" in the vicinity during recent months. The first was John, Bankhead, U. S. consul at Windsor, Ont., who was fired at March 28 when he stepped from his car in the Canadian city.

Both the auto workers president and Bankhead have been active foes of Communism.

Physicians said Reuther's right arm probably would be saved, but added he could expect to be in the hospital at least six weeks.

Rewards totaling $117,900 — possibly the largest amount ever offered in this country—have been put up for information leading to the would-be killer's arrest. The gunman aimed through the window of Reuther's home while the labor leader was getting a late snack Tuesday night.

School Board Asks Tax Levy On Rents

PITTSBURGH, April 23 (AP) — The school board in suburban Crafton has a new idea for a tax—a five per cent levy on all rents.

The tax, believed to be the first such proposed in the nation, was offered yesterday with final action to be taken by the school board on May 17.

Walter E. Colborn, board secretary, said he thought the proposed tax—to be levied against all leases "written, oral or implied"—would be a fair way to get all tenants to support the school district. He estimated the tax would yield from $20,000 to $24,000 a year.

The levy would be enforced under a law enacted by the state legislature at its last session, permitting all municipalities and school districts—except Philadelphia—to tax virtually anything not taxed by the commonwealth.

Boyle Finds Big City Is Thing Of Beauty At Two Times In Day

By HAL POYLE
Associated Press Staff Writer

NEW YORK, April 23—The poet said a thing of beauty is a joy forever.

Sometimes it is a pain forever, too.

But beauty, whether it hurts or helps, is a daily adventure—in a big city.

The features of a rural landscape you learn quickly. To learn a city may take your lifetime. And after a lifetime all many people have to remember is a few street addresses—numbers that cloak the anonymity of a million similar experiences.

You say to yourself:

"Something happened to me here I never can forget."

And maybe the same thing happened to the older man you brushed by as you say it.

There are two times in the day when New York City is most beautiful. That sentence isn't grammar—but it's truth.

Those times are early morning and just at dusk.

At dusk in this town of endless errands everyone is going forward to a hope. Whether he gets it or not is for the moment unimportant. He is on the way.

Adventure Ahead

Behind him is the job his life's in hock to. Ahead is the adventure of evening. A thousand skyscraper windows hold an electric beacon of promise. At 5:30 p. m. There is no such thing as failure. The long day a man has dedicated to bread is done—and the night is his own.

It may wear down to an ebony defeat—and probably will—but no man is sure when dusk comes down it will turn into his night. There is always the chance of candles and romance.

Dawn is for those who missed something the night before. The city is new in the morning and the slate of life is wiped clean.

No Place Like It

The towers shoulder a mist. They stand for all the things you believe in and never quite achieve. They are stone forests of peace—the peace all men seek.

Sometime, somewhere, you will be away from this city and remember it. You will remember it at dusk, and remember it at dawn.

There is no other place in the world like it. And, if you are lucky, you will remember it for something that happened to you in it and left you with a pang you never can outgrow.

If you don't remember it that way—then you never knew New York.

St. Louis began as an American town of 1,000 in 1803 when President Jefferson made the Louisiana Purchase from Napoleon.
