Colorado City is very fortunate to have someone like J.L. Jones, Jr. Not many cities are so lucky.

He has really taken an interest in the history that surrounds Mitchell County.

In case you don't know, he has written two books. His first, "Lore and Legend," deals with the history of Colorado City and Mitchell County. His second, "Red Raiders Retaliate: The Story of Lone Wolf, the Elder (Gulpagho),"

He has taken a lot of time and effort to compile the information that went into both of these books.

I've started reading his book on Chief Lone Wolf and must say I find it most interesting. He has even put pictures of Chief Lone Wolf and other Indian chiefs into this book. Some of Mitchell County's landmarks such as Seven Wells are also pictured in the book.

It really is embarrassing to think how the white man used to take advantage of the Indian. Granted, the Indian wasn't perfect, but how would we have reacted if someone tried to take our land away from us and killed our source of food?

If you would like to read "Red Raiders Retaliate: The Story of Lone Wolf, the Elder (Gulpagho)," J. Lee Jones, Jr. has donated three copies of it to the Mitchell County Public Library.

I read where gold class rings may soon become a thing of the past with the price of gold going up all the time.

Class ring manufacturers say they will probably start making them out of some alloy.

If you have a gold class ring, hang onto it. It may become an antique sooner than you think.

How's this for planning ahead: a couple went to England to get married so they could get a divorce. Sound strange?

The couple was from Spain where divorce is against the law so they went to England to get married. That way if it didn't work out they could go back to England and get a divorce where divorce is legal.

Today is the day! Super Bowl XIV! Poor wives of America. Today is the day your husband will blot out everything you say or ask him to do.

On the other hand it might be a good day to ask him for that special something you have been wanting. He'll say yes just to get you out from in front of the TV.

Good luck wives.

THE MOST EXCELLENT WAY

Rev. Luke Smith
Pastor

Corinthians 12:31b-13:3 NIV And now I will show you the most excellent way. If I speak in tongues of men and of angels, but have not love, I am only a resounding gong or a clanging symbol. If I have the gift of Prophecy and can fathom all mysteries and all knowledge, and if I have faith that can move mountains, but have not love, I am nothing. If I give all I possess to the poor and surrender my body to the flames, but have not love, I gain nothing.

Are you satisfied with your religious life? Does your faith give you strength and peace? Are your neighbors and church important to you? If your answer to any of these questions is no, you may think that Christianity is weak or not supposed to meet the needs here on earth; but this is not true! Christianity is not weak and it meets the needs of each individual to the point of happiness, which is what we all seek. In this passage of scripture Paul indicates that Love is the key to a victorious Christian life.

In this passage Paul indicates that religious form is just show if it is devoid of Love. Religious form is found in every church from smallest to largest. It can be formal or informal, conservative or liberal, active or inactive, loud or quiet but whatever your religious form is, if it does not have Love it is meaningless.

Paul also states that the end of knowledge is not worth anything to us without Love. The more a man learns and understands about life and even God the more frustrated and empty he becomes if Love is not there to give direction to knowledge.

The ability to work great miracles or generosity add nothing to man without the motivation of Love. Nothing can be take the place of Love in one's life.

We notice that Paul talks of Love not as something you do; But rather something you have. The bible simply says God is Love. If you have God in your life you have Love. If you do not, you can through Jesus Christ the son of God. Empty your life of those things that have been leaving you nothing and ask Jesus Christ to come in and take their place and He will.

Will we get a large increase in insurance premiums when our teenager starts driving the family car?

Regrettably, yes. Young drivers, particularly young men, cause a disproportionate number of accidents, and consequently rate a higher premium. In 1972, for example, drivers between 15 and 24 made up 20 percent of the driving public but accounted for 32 percent of all fatal accidents. Your daughter may also be rated higher, but her increase will be more modest.

If your son or daughter has successfully completed an approved driver education program, he or she is probably eligible for a premium discount. Also, if your teenager is a good student, as indicated by his high school or college grades, he may be eligible for still another discount. Your local independent agent can help you obtain the discounts, which may be substantial.

YEAR: From Page 1 little rare, just raise your hand in the air."

The opening item on the program was a report by outgoing Chamber President Mac McKinnon in which he said "1979 has been a fantastic year both for the Chamber of Commerce and for Colorado City."

He noted many things the Chamber had been involved in during the year, including plans for the Colorado City Centennial; the Farm Tour; the Arts and Crafts Show; the July 4 Fly-In, AJRA Rodeo and the Frontier Day's Parade, just to name a few.

McKinnon concluded by saying all of these accomplishments had been due to the efforts of, "Many fantastic people from all walks of life."

Reilly then presented incoming Chamber President Bradford Rose who presented the 1980 officers of the chamber board, which, in addition to himself include: Vice-President Shirley Delaney, Vice-President Travis Cawthron, Treasurer Carl Beery Moore and Secretary Betty Williams.

The chamber directors for the coming year will also include Drew Ballard, Chris Hubbard, Loyd Ledbetter, Barbara Gray, Bobby Lemons, Mac McKinnon, Jack Perkins, Joe Kirschbaum, Van Mills and Dr. Rick Schaffer.

McKinnon was presented with two awards, one for his efforts as Chamber President for the past year and another for all his other work in promoting the community.

Carolynn Godsey, wife of Chamber Vice-President Ken Godsey who died in December, was also presented an award on behalf of her husband.

McKinnon introduced Starr Greenblatt, who has accepted the position as chamber manager and executive vice-president and who will be assuming her duties on Feb. 4. She is currently Assistant Chamber of Commerce Manager in Weatherford, Texas.

Ms. Greenblatt in a few brief comments said, "I am proud to be here, I will be making my home here and the chamber door will always be open to anyone needing assistance."

One of the highlights of the evening was the annual awards which are given to outstanding members of the community in recognition of their achievements.

The Business and Professional Women's Club Woman of the Year Award was presented to Dona Reed in recognition of her contributions in church, club and civic activities.

The Colorado City Jaycees Distinguished Service Award was presented to Carl Beery Moore. The award is presented to a man between the ages of 18 and 36 who has shown outstanding evidence of personal and business progress and leadership ability during the past year.

The Citizen of the Year Award, presented to someone who has shown outstanding leadership, was this year presented to Loyd Ledbetter.

Former Colorado City resident David Hancock was presented by Mc-

Kinnon with a special "Footprint" Award for his work in promoting and organizing the Mitchell County United Girls' Softball Association during the time he lived here.

Finally, one of the evening's most prestigious awards, The Outstanding Agricultural Family Award, was presented to Mr. and Mrs. Jimmy Harrison.

Harrison, who farms 1,400 acres in Mitchell County, has an impressive array of achievements to qualify him for the award.

He is a native of Mitchell County and attended Texas A&M University. He has served as director of the Mitchell County Soil and Water Conservation District for 11 years and has been chairman of the board for the past seven years. He serves on a special committee of 100 which represents soil

and water conservation districts in legislative and other matters.

Harrison is a director of the Big Country Resource Conservation and Development Project.

His other activities are many. He is a deacon in the First Baptist Church, a 32nd degree Mason and Democratic Chairman of Precinct Three.

Harrison is also a former scout master, has served as president of both the little league and pony league and has served as director of the West Central Texas Council of Governments.

He also is a past director of the Chamber of Commerce, a 20 year member and past president of the Noon Lions Club and a charter member of the Colorado City Jaycees.

Harrison and his wife, Billie, have two children

and five grandchildren. James Jolly, the featured speaker for the evening, is a well known Amarillo humorist who presented an enjoyable program of yarns and stories mixed with patriotism and his feelings about our country.

Jolly, who has had a varied career as a minister, singer and traveling salesman, told stories about his childhood life during the depression.

He said during his childhood, his family was so poor that "They had dried apples for breakfast, water for dinner and swelled up for supper."

During the more serious side of his presentation, Jolly asked the audience, "How long has it been since we looked and listened to one another...How long has it been since you stood up for what you believe in?"

JURY, From Page 1 stemming from a Dec. 17, 1979 incident in which, according to the indictment, "They did knowingly and intentionally, with intent to commit theft, enter a building not open to the public without the effective consent of Sam Forbes, the owner."

A two count indictment was returned against Charlie Molina stemming from a Dec. 6, 1979 incident.

The first count said, "Molina did intentionally and knowingly possess a controlled substance in penalty group I, namely cocaine."

The second count said that Molina possessed another controlled substance, "Namely Phen-termine, an isomer of Methamphetamine."

A two count indictment was also returned against Oscar Armando Baeza because of a Dec.

18, 1979 incident. The first count said, "Baeza did intentionally and knowingly cause bodily injury to Bobby Calloway, a peace officer in the lawful discharge of his duty by...kicking Calloway in the left leg."

The second count stated likewise that "Baeza did bodily injury to Peace Officer Peggy Smith by kicking her."

CITY, From Page 1 perversion, I have always operated under a limited budget situation. I have been made aware of the amount available to my department and have tried to stay within that limitation while offering the citizens of Colorado City the best possible service," Mendoza said.

"I am offering my experience, ability to work with all people and total attention to the residents of Mitchell County," he said.

Board Members Return

Four board members and the Superintendent of Loraine I.S.D. returned Tuesday from New York City. They met with a representative of Moody's Investors Service, Inc. in N.Y. for the purpose of obtaining a rating on \$525,000.00 bonds which were approved December 11, 1979.

A rating is necessary on bonds to obtain a good interest rate for selling, according to board members.

Those making the trip were Ronald Bruce, president of the board, Glenn Sanders, superintendent of schools, George Martin, Eugene Smith and wife, Pearl and Linton Ray Webb and wife, Almaz.

The wives' expenses were paid by their husbands, Sanders noted.

The district expects to receive word on their bond rating in approximately one week.

We'll Be Happy To Explain Value and Economy For Your Tire Dollar

Every Michelin 'X' tire is backed by a 40,000 mile warranty for tread wear on domestic cars. That's just about twice the mileage you'd expect from a conventional tire under the same driving conditions. Also, because of its radial design the Michelin 'X' rolls with less road resistance than conventional tires, and that means you can save up to 10% on your present gas consumption (pretty good considering today's fuel crisis.) Plus, every Michelin 'X' tire gives you all the distinctive radial tire advantages over conventional bias-ply tires: smoother ride, easier handling, better traction and firmer road holding. And, they add up to a lot of comfort and safety. Invest in better driving. Stop in and have a set of Michelin 'X' radials installed today.
