## Showdown in U. N. Pledged By New Chief

LAKE SUCCESS —(AP)— Britain's Sir Gladwyn Jebb takes over as president of the United Nations Security Council today, determined to end Russian Jakob A. Malik's month-long stalemate of pending U.S. council moves to localize the Korean war.

A spokesman quoted Jebb as saying:

"We shall turn the calendar back to July 1. We shall pretend that Malik has never been president and get on with our work."

At this afternoon's council meeting, Jebb reportedly planned as the first order of business the seating of a representative of South Korea and the refusal of a place to a North Korean envoy.

Malik had, through one parliamentary move or another, prevented this action while he held the presidency during August.

Then, the British spokesman declared, the council would take up an American resolution declaring the North Koreans to be the aggressors and calling on all U.N. members to refrain from aiding them.

"The Soviet Union will probably veto this, and then we shall go on to our next piece of business," he said.

That would be consideration of Red China's charges, presented by the Soviet Union, of American aggression against Formosa and air raids on Manchuria. The council voted yesterday, 8-3, to hear the air raid charges.

The fact that the two Soviet-backed items are on the agenda was taken here as conclusive evidence that Malik would be present and would not renew his boycott of the United Nations which ended when he assumed the council presidency Aug. 1.

U.S. Delegate Warren R. Austin took the council by surprise yesterday by admitting an American fighter plane might have strafed a Manchurian airfield by mistake Aug. 27.

He asked for a full U.N. on-the-spot investigation of the charges and promised, if they were proved, that the U.S. would pay an indemnity and take "proper disciplinary action" against those involved.

When the delegates got their breath after this statement—much franker than is usual in diplomatic parleys — they speculated that the United States may have pulled off a significant diplomatic coup.

They pointed out that it is highly unlikely that either Communist China or North Korea will permit a United Nations investigating committee to come into their territories.

If they refuse, these sources said, the world will conclude that either the charges were frivolous propaganda or that the two Communist states have secret reasons for refusing an inquiry.

## President to Say Korean Action Was Only Alternative

By ERNEST B. VACCARO

WASHINGTON — (AP) — President Truman tonight will tell the nation — and the world — that the United States had no alternative when it sent its troops into Korea.

He ordered this step, the president is expected to say, in the interests of world peace.

Mr. Truman speaks from the White House at 8 p.m. (CST) over all the major radio networks and television.

His address is described by the White House as a "report to the people."

Those familiar with the text say that it is just as much a report to the peoples of Western Europe, Asia and elsewhere where Mr. Truman hopes American foreign policy will be heard and understood.

The "Voice of America" will beam it everywhere it can reach a listening audience.

Associates told a reporter Mr. Truman will say he had to move quickly when the North Korean Reds invaded South Korea to draw a line somewhere against the steady advance of communism against peaceful countries.

Something had to be done, Mr. Truman is expected to say, lest communism nibble off other nations, one by one.

The address is reported to be in the nature of an answer to the propaganda of Jakob Malik, the Soviet Russian delegate, during his month as president of the U.N. security council.

Malik's term as president ended yesterday and the president's reply was said to be timed to counter it quickly. Malik labeled the U.S. over and over as aggressors for sending troops to Korea and for dispatching the Seventh Fleet off Formosa.

## Guill Home to Nip Truman

By HENRY S. GORDON

Declaring the "only way to nip Harry Truman's power and stop the snowballing of increasing federal bureaucracy is to elect a Republican Congress this year," Congressman Ben Guill arrived home a day ahead of schedule landing at Amarillo Municipal Airport this morning.

Guill left Washington Thursday night by plane and flew, in two jumps, to Amarillo without even so much as a catnap. He talked to newsmen this morning after a hurried refresher-bath and small breakfast.

The Republican Congressman, who opposes his fellow townsman, Walter Rogers, in the November general election for the full two-year term as representative from the 18th Congressional District, faces a busy week of engagements before returning to Capitol Hill after the Labor Day recess of the House.

Guill said he has a lot to tell the people from "facts, that are on record in Washington." He added, however, that his talks to the various civic groups next week will not be campaign talks, but will center around what he has seen, learned and what is going on in Washington today.

He described Harry Truman as being "the most powerful man in the world today and that as long as he holds the majority of support in Congress he will remain in that position. The only way we can nip Harry Truman's power and the snowballing of increasing government bureaucracy in Washington is to elect a Republican Congress this year."

Guill, in no uncertain terms, stated he was definitely in favor of universal military training, but predicted it would not come to a congressional vote before election. He reiterated the observation made by most newsmen that Congress is "scared to death" over the bill since so many of them are up for re-election this year.

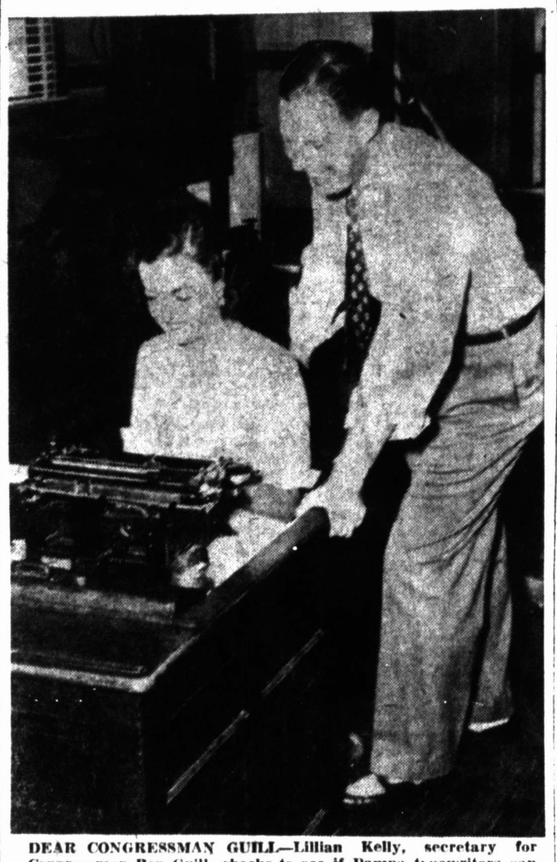

The off-hand chat between Guill and newsmen this morning shifted from one subject to another and then back to others since the interview was strictly informal.

He asserted he was proud of the fact that he voted against President Truman's proposed price control bill and did so because it was purely "selective controls." Guill went into that one deeply.

"When they (the administration) get these powers, they hate to turn them loose. It (the bill) gives the president power to place controls where he sees fit, and I could not, conscientiously, vote for it. We found out that the banking and currency committee, in its hearings on the bill, heard only three witnesses — all government employes. There were no representatives from labor, consumer, manufacturer, business, the professions or any one else, just the government boys."

Guill told newsmen he has definitely gone on record as being opposed to adjournment of Congress this fall regardless of making campaigns for re-election. He added that he knew remaining in Washington would hamper his chances fore being named to a full two-year term, but added: "I believe the people would resent my coming home to campaign if Congress remains in session. I certainly think we should remain in sesion at the

(See GUILL HOME, Page 8)

DEAR CONGRESSMAN GUILL—Lillian Kelly, secretary for Congressman Ben Guill, checks to see if Pampa typewriters can do as impressive a job as Washington machines. The Republican Congressman seems to approve. Rep. Guill, his family and secretary are home from congressional sessions in Washington and will remain here about ten days, meeting old friends and checking developments for his November campaign for Congress. (News Photo and Engraving)

## Doctor Draft Bill Approved By Conferees

WASHINGTON — (AP) — A Senate-House committee agreed today on a bill that would permit drafting of male doctors and dentists through age 50 who are not in the armed forces reserves.

It would apply also to four kinds of "allied specialists" — pharmacists, osteopaths, veterinarians and optometrists.

The committee was appointed to compromise differences between separate bills passed by the Senate and the House.

A representative of the House armed services committee said that on the main points the Senate-House group accepted the House bill. The Senate measure had called for a draft of doctors through age 55 and dentists through age 45.

The compromise must be submitted to the House and Senate.

The House is expected to act on it today.

Those drafted would be liable for 21 months service.

The bill aims to put into uniform first some 5,600 doctors and 3,000 dentists who during the last war received part or all of their training at government expense, who saw little or no active service, and who are not now in the reserve.

The bill exempts from the draft those who are in the reserve. No date is set as a deadline for entering the reserves.

That in effect gives those who are not now in the reserves a "last minute" chance to enroll.

Once a man was in the reserves he could be called to active duty immediately.

Those drafted would be called in this order:

First, men who received part or all of their training at government expense and who had less than 90 days active service in the last war.

Second, those trained at government expense and who had more than 90 days but less than 21 months of war service.

Third, those who got their training at other than government expense but who have nev-

(See DOCTOR DRAFT, Page 8)

## State Charters $100,000 Firm

A state charter has been granted James F. Smith, Jeanie Smith and John L. Ketler, all of Pampa, for the formation of the Empire Investment Corp.

The corporation, with capital stock of $100,000, will handle FHA mortgage loans. Office for the enterprise, not yet in operation, will be at 848 W. Foster.

## Control Measure Approved in House

WASHINGTON — (AP) — The House gave quick approval today to compromise legislation handing President Truman broad powers to control the domestic economy and curb war - born inflation.

There was no roll call on passage, only a shout of "ayes." Before that vote, a motion to send the bill back to committee was defeated 155 to 20 on a standing vote.

The House action sent the bill on to the Senate where leaders aimed to get it to President Truman before nightfall.

A direct result of the Korean fighting, the home-front mobilization measure would permit wage and price controls, consumer rationing, penalties for hoarding, and real estate and consumer credit controls.

To spur defense production, it also provides for allocation of scarce industrial materials, priorities for defense orders, government loans and loan - guarantees and the requisitioning of plants and equipment.

A compromise between separate bills passed by the Senate and the House, it was whipped into final shape late yesterday by a conference committee of the two branches.

The agreement was reached just about six weeks after Mr. Truman asked Congress on July 19 for power to combat inflation and speed production for an expanded military program.

Mr. Truman has said he sees no need now for wage - price controls or rationing. He is expected to expand on what will be required of the American people in a broadcast tonight.

Both Republican and Democratic members of the conference committee predicted the bill would be sent on to the president for his signature before the day was over.

## Six Million Asked For FBI Activity

WASHINGTON — (AP) — President Truman asked Congress today for $6,000,000 for the FBI because of its increased activity due to "the changed international situation."

He gave no details of how the money is to be spent — whether for employment of additional agents or how. In the ordinary routine, Mr. Truman makes only a request for the total. Details are supplied to Congress later by the Budget Bureau or the agency for which the appropriation is asked.

If it comes from a hardware store, we have it. Lewis Hdw.

## Hereford Breeder Tour Is Termed Complete Success

At the close of the second half of the Hereford breeders' tour, Cliff Vincent, president of the Top o' Texas Hereford Breeders Association, which sponsored the tour, stated that "the tour was a complete success."

Vincent expressed his appreciation to all directors of the Top o' Texas group and other Hereford associations for their cooperation in making the tour "one of the smoothest affairs ever conducted in the Panhandle."

Vincent gave special mention to Highway Patrolmen Preston Wynne and E. J. Robertson, who controlled highway traffic and assisted in organizing the caravan after each stop. He also commended Clayton Knapp, driver of the sound car, for his assistance and cooperation.

A caravan of up to 50 cars led by F. Jake Hess of McLean, chairman of the tour committee of the TOTHBA, toured the Panhandle Wednesday and Thursday and visited 17 farms and ranches.

One of the main events of Thursday's tour was an animal evaluation demonstration given by W. L. Stangel, dean of agriculture at Texas Tech, with assistance from Ted Alexander and Willie Joe Largent, a qualified Hereford judge from Merkel.

Stangel and Largent emphasized the main points which are stressed by the cattle judge in his effort to determine the top money winners at either show or sale.

The demonstration was held at the ranch of R. T. Alexander and Son, seven miles south of Gem City in Wheeler County, Thursday afternoon.

Lunch was served at the five-mile park east of Miami on Highway 60, through the courtesy of Frank Carter and the TOTHBA. Rufus Sewell, Bill Graham and Al Suttle, all of Pampa, prepared the barbecued beef, donated by Carter, and served it to an estimated 135 persons.

Thursday's tour began at the farm of Clyde Carruth, east of Pampa on the Miami highway. From there, the caravan went to the A. B. Carruth place, southeast of town, with the third stop being at Dr. M. C. Overton's, north of Pampa.

Fourth stop was at Frank Carter's, 14 miles north of Pampa and Raymond Nelson's was the next halting place.

Wayne Maddox drew sixth

## U. S. Counterattack Results In Re-Capture of Vital City

TOKYO, Saturday —(AP)— North Korean Reds renewed their hammering assault on the southern ends of the flaming western front Friday night after punching an 8½ mile dent in American lines.

But swiftly-moving U. S. tanks and infantrymen recaptured flaming Haman Friday in a slashing counterattack that temporarily blunted the Reds' massive assault on the southwestern anchor of the United Nations beachhead in Korea.

The Communists hurled a two-division attack at Haman Thursday night, and for a time threatened to crack the American line.

But the U.S. 25th infantry division reacted swiftly, lashed back and broke the momentum of the Red assault.

Behind strong air and artillery support, American tanks and troops rolled into Haman and regained ridges west of the city, 35 miles west of the vital allied supply port of Pusan on the southeast Korean coast.

An American officer at the front said the Communists were making their big effort — "and I think it is their last one."

However, an intelligence officer at General MacArthur's headquarters said a second major Red offensive — against another section of the beachhead — was still possible. He added that the largest mass of enemy infantry still is presumed to be in the Weagwan area, northwest of Taegu.

The Tokyo headquarters summary issued shortly after midnight said allied forces were "poised for an all-out fight" to restore positions four miles east of the Naktong-Nam river junction. This summary evidently was well behind field dispatches, however, as it had the Reds still holding Haman, which Americans have recaptured.

The powerful Red onslaught had set the front aflame on a 55-mile stretch from a point on the Naktong River west of Taegu southward to the sea.

The newest strike on the roaring front was a Red thrust against the extreme southwest flank of the 25th division, defended by the fifth regimental combat team.

A mortar barrage preceded the attack and a little later a North Korean plane, in one of the rare appearances of the Red air force, dropped two bombs in the sector. Neither did any damage.

At least one tank was reported

(See REDS HAMMER, Page 8)

## Strike Delays Paper Supplies For The News

**The Pampa Daily News has become a casualty of the Canadian railroad strike.**

**Four-fifths of this country's supply of newsprint comes from the Dominion of Canada, and this newspaper's supply is part of that amount. The recent railroad strike, which was terminated late Wednesday night, has stranded two carloads of newsprint scheduled for The News at the mills in Canada. Hence, there has been an enforced curtailment on the size of The News until at least one of those cars of newsprint arrives, which will probably be between 10 days and two weeks.**

**The advertising has been rationed out to the local businessmen in proportion to their previous needs. There will be no reduction in the number of news stories, although the stories will be condensed to just the bare essentials.**

**Also casualties of the newsprint shortage are the "Dollar Day" and "Farm and Ranch" editions. Dollar Day has been re-scheduled for Sept. 11, with the "Farm and Ranch" edition to be printed later this month.**

**Therefore, we hope that our many readers will understand the situation and bear with us until the effects of the recent Canadian railroad strike are shaken off.**

## 62,367,000 Jobs Set New Record In Employment

WASHINGTON — (AP) — Employment jumped 1,153,000 in August to reach a new record high of 62,367,000, Secretary of Commerce Sawyer said today.

It was the first time the 62,000,000 mark had been crossed. The August total for those with jobs was 752,000 above the previous record — 61,615,000 in July, 1948.

Secretary Snyder commented:

"The economy was gradually moving toward full employment before the Korean crisis. With increasing defense preparations, it may be expected that this trend will continue at an accelerated pace."

Factory hiring was chiefly responsible for the upswing in jobs. This sent the number of

(See EMPLOYMENT, Page 8)

## Miami Resident Since 1908 Dies

Mrs. R. D. Duniven, Miami, born Sept. 24, 1880, in Fayetteville, Tenn., died at 7:20 a.m. today in Worley Hospital. She had been ill for about nine days and entered the hospital Monday.

Mrs. Duniven had lived in Miami since 1908. She moved there from Grand Saline, Texas.

Survivors include her husband, R. D., Miami; one son, Ollie, also of Miami; five brothers, Ben Abbott, Clarksville, Clem and Roy of Greenville; Raymond, Dallas, and Alva of California; one sister, Mrs. Ada Spoonmore, Greenville; five grandchildren and six great-grandchildren.

Funeral arrangements, with Duenkel-Carmichael in charge, are pending.

## Formosa Mix-Up Charged

WASHINGTON — (AP) — Demands for an early peace treaty with Japan arose in Congres today after Republicans attacked as "confusing" President Truman's plan to withdraw naval protection from Formosa when the Korean fighting ends.

Mr. Truman told his news conference yesterday it will not be necessary to keep the Seventh Fleet off Formosa when peace has returned to Korea.

He said also the incident caused by his cancellation of Gen. Douglas MacArthur's message on Formosa was closed.

MacArthur contended that the United States ought to see to it that Formosa never falls into hostile hands, a longer range commitment than President Truman made in ordering the fleet to neutralize the island temporarily.

In this connection, Mr. Truman said settlement of the Formosa question is one to be worked out in a peace treaty between Japan and the allied nations which fought her.

This prompted Senators Magnuson (D-Wash), Chapman (D-Ky) and Gurney (R-SD), all members of the Senate armed services committee, to urge that the United States get busy at once on the job of drafting a treaty.

Magnuson told a reporter he thinks this country ought to ignore Russia, write a treaty with Japan in which other non-Communist nations could join and make that the foundation for a Pacific defense pact.

"Russia has no interest in any peace treaty exept to advance her own Communist designs," Magnuson said. "We ought to do in the Pacific exactly what we have done in the Atlantic — form a mutual defense pact."

Chapman said he fears that if the Seventh Fleet is withdrawn before there is a Japanese peace treaty and a settlement of Pacific problems "the Chinese Communists will just take over Formosa."

The China Reds have marked that island, now in the hands of

(See FORMOSA, Page 8)

## U. S. Loan Granted Mexico, Aleman Claims in Report

MEXICO CITY — (AP) — President Miguel Aleman said today that Mexico has been granted a much disputed United States loan of $150,000,000.

The announcement was a high spot in the president's annual "state of the nation" address to Congress and the people. It was his most optimistic report since he took office at the close of 1946.

Pesident Aleman said the U.S. loan was made by the Export-Import Bank to Mexico's government finance corporation, Nacional Financiera. It will be used to develop highways, railways, communications, irrigation and electric power, he said.

Originally, Mexico had asked the loan to finance new oil wells. President Truman supported, but Mexico withdrew the application after an exchange of confidential notes with the State Department. The public works loan apparently will permit Mexico to finance her own oil drilling program.

A glowing account of Mexico's economy emerged from the 16,000 word presidential report. Figures were given to show that industry, agriculture, mining, and petroleum production all are on the increase. Labor has been productive, living costs have leveled off, tax receipts are up, and Mexico's dollar reserves rapidly are being replenished, the president reported.

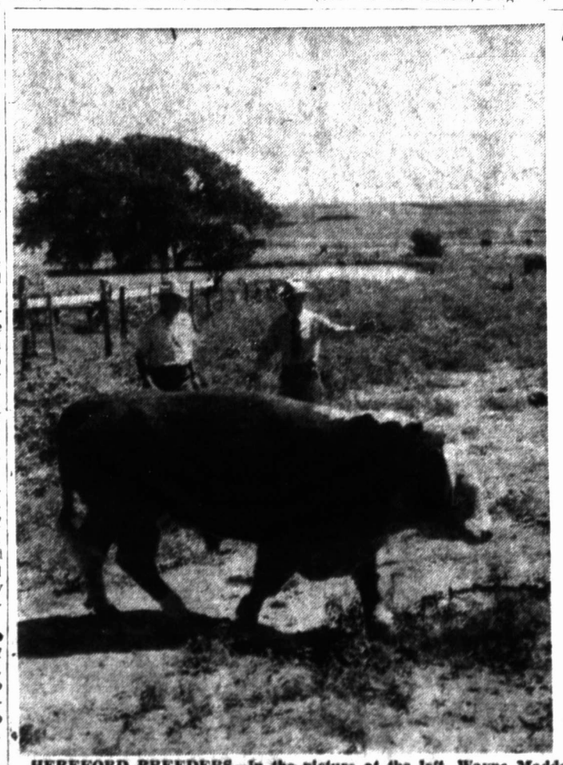

## Telephone Company Appeals to Hunters

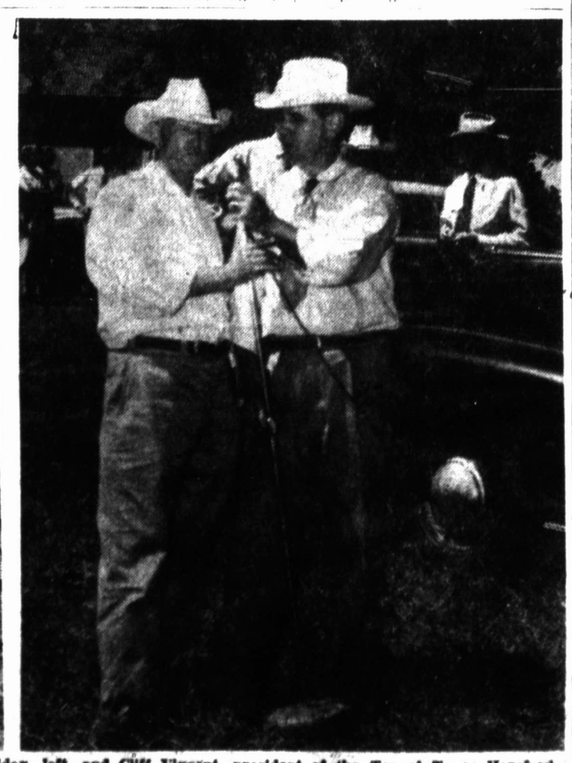

With the approach of the hunting season, George Newberry, manager of the Pampa exchange, Southwestern Bell Telephone Co., made a strong request to hunters not to shoot at birds sitting on telephone wires.

"Thousands of telephone wires are broken each year by bullets hitting the wires and not the birds. Birds can fly away, but the wires can't and have to sit there and take it," Newberry said.

Newberry said he was "sure" hunters didn't mean to be destructive or that "real sportsmen" would shoot at sitting birds, adding, "but they don't realize that a hasty shot can disrupt telephone service."

Free plans and estimates for heating in new or old homes. Several heaters on hand at old prices. Bert A. Howell & Co., 119 N. Ward, Ph. 152.—adv.

HEREFORD BREEDERS—In the picture at the left, Wayne Maddox, left, and Cliff Vincent, president of the Top o' Texas Hereford Breeders Association, look at LAM Doctor Domino III, son of a Reeves bull which was grand champion at the 1946 Hereford show and sale in Pampa. The bull was one of many exhibited to breeders, buyers, and visitors on the Hereford breeders tour Thursday. At the right, M. H. Smith, Wheeler County breeder of polled Herefords, gives a brief history of his herds when the caravan visited his place Thursday. With him is J. P. Smith, of Pantex Farms, near Amarillo, who acted as master of ceremonies on the entire tour. (News Photos and Engravings)

## Sunday P. M. Service At Brethren Church

Services will be resumed on Sunday evenings at the Church of the Brethren beginning this Sunday. They were not held during the summer months. The Rev. Russell G. West will deliver the sermon.

## CHRISTIAN SCIENCE

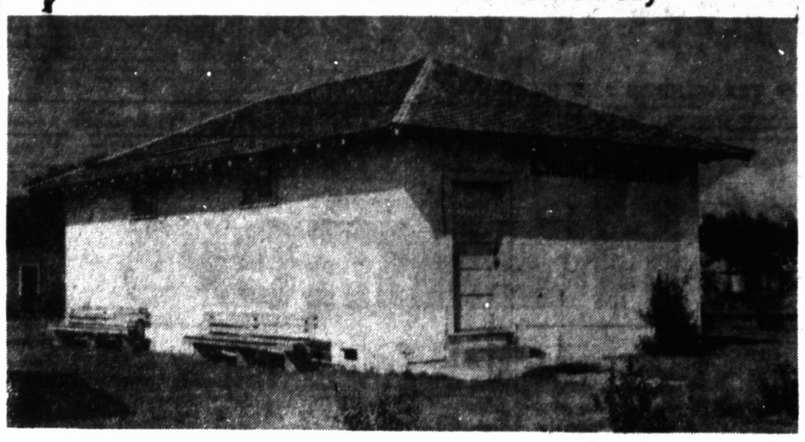

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 3, 1950.

The Golden Text is: "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night" (Ps. 1:1,2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness" (Ps. 17:15).

The Lesson-Sermon also includes the following from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is and forever has been, God's reflection" (page 475).

## Negro Church of Christ Grows More Active Daily

With only a small congregation, the Church of Christ at 506 W. Oklahoma has set up an organization which was founded in 1945.

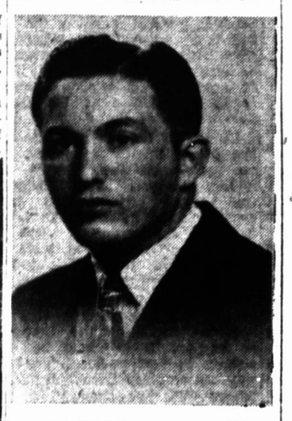

W. B. Moore is the minister of the church, which is supported by the Central Church of Christ, 500 N. Somerville. Mr. Moore and his wife are leaders of the 14-member church.

The minister came to Pampa in 1943 and went into the grocery business, which he still has. When the church was established, the minister began a campaign for membership which is still in progress. Now, the church holds all the activities of other churches, such as Bible classes and Bible studies and women's organizations.

Mrs. Moore leads the group of women known as the Women's Mission. The group promotes home missions and their studies, and charity work.

Church services are held in a small white stucco building erected soon after the organization of the church. The parsonage is built next door to the church.

Bible classes for all ages are held at 9:45 each Sunday morning, followed by the regular worship services at 11. In addition to these, a Bible study for all members of the church is held each Wednesday night at 7:30.

PREACHER — Jimmy Wilson, student minister from the First Baptist Church, will deliver the sermon at the Church of the Brethren at 11 o'clock Sunday morning. Jimmy, son of Mr. and Mrs. Elmer Wilson, was a star football player at Pampa High School before graduating two years ago. He now attends Sul Ross. Jimmy was in a high school Bible class taught by Russell G. West, pastor of the Church of the Brethren, during his senior year.

## Grace Friend . . .

**INTRODUCTIONS**

Dear Mrs. Friend:

How should I introduce two people?

It always makes me nervous and I stumble over the right procedure.

M.A.

Dear M. A.:

If you are at a party, introduce a guest to the guest of honor.

One introduces a man to a woman, a younger woman to an older woman.

There are a few exceptions in that a woman is always introduced to the President of the United States, to a king, or to a high dignitary of the church.

Be sure, when you are introducing two people to speak their names distinctly so that they can have no doubt as to who the other is.

**WEDDING BREAKFAST**

Dear Mrs. Friend:

I am going to be married in the morning and I suppose that I shall have a breakfast afterwards. Will you explain in what ways the menu for a wedding breakfast varies from that for a reception?

Mae

Dear Mae:

A wedding breakfast always follows morning weddings. No matter what you serve, a wedding reception before noon is always called a breakfast.

**ZION LUTHERAN CHURCH**
1210 Duncan Street

Sunday School 10 a.m. Divine service 11 a.m. Rev. Arthur A. Bruns, 12 N. Lefors St.

Industry spares no pains or expense when it comes to protecting the bodies of factory workers.

Spark-proof helmets, sturdy shoes, non-slip floors, easy exits—the list of precautionary devices is long. They call it "Safety Engineering."

Is it too much to say that the Church too is engaged in a type of safety engineering? Through the religious faith on which it is founded the Church knows that the *souls* of people need protection even more than do their eyes and limbs.

The Church believes that human hearts yearn for a comforting arm just as human frames require safe-guarding. It believes that physical safety is not enough; that to bring peace of mind is a more important mission than to insure absence of bodily risk.

As long as lives are saved from the blight of godlessness, the institution contributing to such saving is entitled to all the encouragement and support you can give it.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Book | Chapter | Verses |
|---|---|---|
| Sunday ..... Deuteronomy | 30 | 11-14 |
| Monday ..... Psalms | 119 | 1-8 |
| Tuesday ..... Matthew | 5 | 17-20 |
| Wednesday ..... John | 5 | 37-47 |
| Thursday ..... II Timothy | 2 | 8-15 |
| Friday ..... II Peter | 1 | 5-11 |
| Saturday ..... Psalms | 37 | 1-9 |

By mail, $7.50 per year in retail trading zone; $12.00 per year outside retail trading zone. Price per single copy 5 cents. No mail order accepted in localities served by carrier delivery.

## What's Wrong With Us Americans

What's the matter with us Americans?

There's no point in puffing out your chest and snapping, "Not a damn thing!" For something is the matter with us. And whatever it is it seems to be getting worse.

If there isn't something pretty wrong why do we stomach such a foul mess as we're handed by the United Nations security council? If our heads are on straight, why do so many of us listen and give the nod to such enemies of our national ideals as the spouters for Union Now, the yammerers for a federation of nations in which this country would be one state instead of the United States of America, free and independent?

What are these outfits doing in America, anyhow? Why are they permitted to use tax-supported halls for spreading their lousy doctrines against individual freedom and our national independence?

Free speech? Okay. But not free facilities. Let these spouters against our principles hire a hall to do their bellyaching in. We certainly shouldn't have to pay taxes to furnish them a yammering place. And if our heads were on straight we'd spend mighty little time listening to them.

Of course, if our heads were on straight we wouldn't stand for such business as goes on in the United Nations hall where Red Malik intimates we're a nation of jackasses and proves his point by making jackasses out of us. We sit back and show him "diplomatic courtesy" while his country engineers the slaughter of our youth in Korea and goads us into a state of full-fledged war emergency here at home.

We order our soldiers to go out and do battle to preserve our way of life. We tell them they've got to whip communism in Korea. And while they're fighting and dying we act like a bunch of boot-lickers to show "diplomatic courtesy" to one of the bigwigs of the forces that are killing our men.

We bob our heads like disgusting yes-men to the statements of spouters who are scheming to make our country the next thing to a non-entity in a world setup of countries that like us only for what they can get out of us FOR NOTHING.

If there's nothing the matter with the way our heads are put on why aren't we, individually and together, doing something about these goings-on that are knocking the foundation of our country to pieces? We should have demanded long ago—every last one of us—that Malik and every other servant of Stalin be pitched headlong out of the councils of the United Nations and out of the United States.

If there's nothing wrong with us we'd have fought our way thru the mass of stinking, un-American propaganda that's piling up on us and smothering our brains and our good old-time American spunk.

We've gone soft, that's what's the matter with us.

## Fair Enough - Pegler

By WESTBROOK PEGLER

NEW YORK — The Korean war has emphasized the mortal enmity of communism and Communists toward this country. But actually nothing is changed. That enmity existed in 1933 when Roosevelt "recognized" the Kremlin. It is no worse today than it was at Potsdam. President Truman's request for laws to restrain and punish Communists is, in effect, an admission that he was too stupid to recognize the enemy as an enemy even on the basis of the enemy's unconditional declarations in his political literature. But it is also an attempt to take credit for initiative in fighting traitors, in cludiing many in his own administration as inherited from Roosevelt, who knew what he was doing when he opened the bureaucracy to them. He should not be allowed to get away with this.

It is hard to believe that Truman's excuse was just stupidity, for if he is that stupid we really are up against it. But the only alternative is to believe that he did know the nature of the oath-bound alien conspiracy against his country but, even so, obstructed the patriotic efforts of better Americans to root them out, all for the sake of the disloyal political party which calls him chief.

My own proposal that Communists and intentional fellow-travelers be put to death for acts of treason has startled even me. For long familiarity with traitorous conduct has established among us a tolerance of crimes incomparably more dangerous than the mournful individual cases of first - degree murder which provide the only clients of our hangmen. But, by a strange contradiction, we dig our heels in and move reluctantly toward capital punishment of criminals whose perfidy is premeditated for years and directed by a foreign nation. The traitor who helps the enemy to break the secret of the atom bomb does so hoping that he will contribute to the slaughter of masses of his countrymen, to the destruction of the United States and to the enslavement of all free people. He is not repentant but defiant.

Louis Waldman, a noted lawyer with long experience in union cases which, in New York, inevitably bring him into contack with Communists, has sent to the leaders of both parties in Congress a proposal which stops short of mine. He says Truman's proposals are "woefully inadequate but must be included in any comprehensive program." He would embody also the Mundt-Ferguson Republican proposal to require Communist organizations and fronts to register and name their members and officers and to reveal the sources of their income.

I will not try to discuss his recommendations, preferring to present the mature judgments of a wise man who knows the subject better than most of us and is known as a liberal in politics.

"The need for such legislation cannot be overstressed," Mr. Waldman wrote. "While I deny the ill-founded assertion that there is public hysteria on the question of communism today, there is great danger that the absence of legislation under which the government can take appropriate steps under law will lead to hysteria. I strongly urge that such legislation be incorporated in an omnibus bill, sponsored as a bipartisan measure.

While Americans are fighting and dying against Communist aggression in Korea there is no time for bickering as to who will get political credit for this legislation. On the battlefield our fighting men are not divided into Republicans, Democrats, liberals or conservatives. At home there should be no such division, in or out of Congress, on the question of fighting and defeating any Communist - controlled fifth column.

"In many states, the Communist party carries on its work through other political organizations, such as the Progressive party and, in New York, the American Labor party."

Mr. Waldman could have added and, I think, would admit that in New York they also operate through the Democratic and Republican parties. The Republican party in the city of New York is actually a Communist front. Notorious Communists bear its label and work within the Republican party to keep the Democratic Communist party in office.

"Their political organizations are a mere transparent disguise for their Kremlin-directed activities," Mr. Waldman's letter continues.

"In proposing this omnibus law I want to emphasize that there is not a vestige of truth in the claim that the provisions of the Mundt-Ferguson Bill are anti-labor. This is a false issue. Nor, in my opinion, would the inclusion of the Mundt-Ferguson Bill, as I urged above, violate civil liberties.

"The reason for immediate action is that the Communists have turned their cold war against us into an actual war. This Korean war is not one of nation against nation. It is but a single and tragic manifestation of the general war that Communists throughout the world, including those in our own country, are waging against us as a nation, as a people and as a civilization. Our enemy, therefore, is communism and Communists, wherever they may be, in whatever nation they are born. The fight against communism is not divisible. We cannot call on our sons to die resisting Communist aggression in Korea and fail to combat Communist fifth-column activities at home."

## So They Say

Korea is only one small outpost of a terrible ideology of human slavery that could eventually kill the greatness of America and destroy the divine gift of freedom to live and work where and as we choose.
—John K. Northrop, president of Northrop Aircraft, Inc.

If one side attacks its neighbor it is (according to Russia) not an act of war but an act of peace.
—Sir Gladwyn Jebb, British delegate to UN.

## What About The Unions?

BY DAVID BAXTER

In the past I have never been extremely anti-union but have, in fact, imagined that some good has been accomplished through working men associating themselves for some mutual benefit. At the same time I have always believed in the right of any man not to join a union if he doesn't want to. In recent years, however, organized labor seems to have been unable to stay within respectable limits and will no doubt have to learn from experience what other people and movements that went to extremes learned. You can't hurt people without some kind of reaction setting in. The Taft-Hartley Act is just a beginner. If unions can't read warning signs then more and more drastic laws will be passed designed to prevent them from harming people. I think that many of us who are for the working man have made a mistake in supposing that we were helping him by aiding and abetting unions in their search for political and economic power.

Now that many citizens and members of Congress are determine to force total mobilization upon us, every man, woman and child being forced to work where and at whatever they are told to, we might take stock of our labor unions and find out exactly where they are going to fit into this program. That issue should be settled before any mobilization is made into law. It will be settled or it will result in civil violence later.

During the last war, with the Roosevelt gang in the saddle, you couldn't work for your own government in defense industries without having to join a union and share your wages with racketeers. In a country where we, the people are supposed to be the government—meaning you and me—we couldn't even work for ourselves in fighting a war without paying tribute to men who did not so much as touch a shovel themselves. Voluntary associations of craftsmen is one thing, but forcible unionism is something else again—an absolute violation of the rights of individuals to liberty and self-determination.

Now if we are to be ordered around by compulsion in the coming war with no say-so about where we'll work or at what, are we also going to insist that every worker join a union before he can serve his government in defense industry? Suppose I don't want to join a union and refuse to do so? That's my right. Yet, if the law says I must work at what I'm told to how are the powers-that-be going to see to that if I refuse to join a union while another ruling says I can't work without membership? I can tell you right now that if any law is passed forcing me to work at anything some petty bureaucrat orders, I have no intention of sharing my pay check with any gang of labor racketeers and bolsheviks, Newspaper Guilds or any other union I do not wish to belong to. The government has absolutely no right or constitutional authority to make any citizen join an organization, from a church to a union. The only way I can see for the government to get off the hook here is to keep its hands strictly off and adopt a policy of non-unionism in defense industry; that is, any worker can work in any industry whether or not he belongs to a union.

The other way—the organized labor way—simply consists of setting up a Communist rule in America overnight the moment war comes in which we are supposed to be fighting Communism. It's very simple. Everybody is forcibly mobilized and put to work. Everybody must be a union member in order to work. Therefore, everybody in America except those who prefer jail, is a labor unionist. Labor unions insist that all members must vote and follow the political decisions of the unions and a member can be fined and suspended for having independent political ideas, as in the case of Cecil De Mille, who wanted to vote Republican when his union had decided that all of its members must support Roosevelt and assessed them one dollar apiece for that purpose.

Therefore, while supposedly fighting Communism abroad, organized labor could, by making compulsory members of every American, set up a Soviet dictatorship in America. The word soviet means a "council" as in Russia, a council or collective of unions. All organized labor has to do to achieve this end is to get directives that all of the mobilized citizens working in war industry must be union members. That's the finish of what little is left of America and human liberty. With every citizen organized we then have a labor government or dictatorship of the proletariat, as Marx termed it.

That's the way it is in Russia. Unless we take firm steps now to prevent this take-over in America there is no sense in fighting any war, we will have become two of a kind and the Russian idea would already have won.

Russia is a Union of Socialist Soviet Republics. Everybody belongs to his or her union, the top racketeers in the Soviet are united in a supreme council with those of the other union Soviets. These few top men, in turn, select one of their members to dictate the whole show. In Russia this top man is Stalin (meaning "man of steel"). In America it would Walter Reuther or David Dubinsky or some other top labor leader. In England it's Attlee.

We must remember that once this Soviet system takes hold it will be come a permanent peacetime form of government as well as in war. It is next to impossible to overthrow it once it has regimented and forced the citizenry into it.

Just wanted to mention the matter in case you haven't thought about it or noticed recent developments toward total mobilization. You might be very wise should you sit down right now and get out a letter to your congressman and senator demanding protection of your rights.

## Washington.....by Peter Edson

WASHINGTON—(NEA)— Pennsylvania Congressman Frank Buchanan's Select Committee to Investigate Lobbying Activities is preparing to drop a dozen hot reports soon. They should do much to throw the spotlight on Washington's $8-million - a - year high - pressure industry.

But according to Chairman Buchanan himself, "This just scratches the surface. There is still much unfinished business."

The Buchanan Committee's money is now about all gone, or will be by the time it concludes hearings and gets its reports and legislative recommendations printed by the end of September. The committee was given $40,000 to start on. Then it got another $45,000. Whether the investigation which the Buchanan Committee has begun will be continued and completed is of course up to the next Congress.

What the investigation has proved so far, says Chairman Buchanan, is that lobbying has gone underground. It has gone into the fields of propaganda. It has become subtle. It seeks to influence public opinion by indirection. And it needs watching and exposure.

Ways have been found to evade the Lobby Registration Act which was made part of the Congressional Reorganization plan of 1946. One of the Buchanan Committee's most important reports, still in the drafting stage, will be legislative recommendations to strengthen the Lobby Registration Act now on the books.

The committee has already issued two reports. One covered a detailed study of the housing and real estate lobbies. The other was a preliminary report on lobbying by the Federal Security Agency in behalf of its own proposals for health insurance.

LOBBIES CHECKED

To be released within the next week or so are three reports, each dealing with a pair of opposing lobbies — one supported by liberal interests, the other by conservatives. This manner of presentation was decided on to meet divided political opinion in the committee, also to avoid any appearance that the reports were slanted either to the right or the left.

One report will cover lobbying activities of Public Affairs Institute, and the Foundation for Economic Education. Public Affairs Institute, run by Dewey Anderson, was financed by a grant from Brotherhood of Railway Trainmen. Foundation for Economic Freedom, whose executive secretary is Leonard Reed, was financed by big business contributions.

Another report will cover activities of Dr. Edward A. Rumley's Committee for Constitutional Government and William L. Patterson's Civil Rights Congress. Both Dr. Rumley and Patterson have refused to disclose completely the sources of their financial backing, and they face a possible committee recommendation that they be cited for contempt of Congress.

Also facing possible citation for contempt is Joseph P. Kamp, vice president of the Constitutional Education League. Kamp has already been sentenced to four months in jail for refusing to disclose the source of his backing to the House Campaign Committee.

Merwin K. Hart's National Economic Council and Americans for Democratic Action—whose chairman is ex-Attorney General Francis Biddle — will be the subjects of the select committee's third in this series of special agency reports.

GOVERNMENT AGENCIES

Other reports to come from the committee will cover lobbying activities by Department of State, Department of Agriculture and other government agencies. American Bar Association witnesses are to testify in September and their appearance will be followed by a report on contingency fee lobbying, the particular pet of the legal profession in Washington.

A series of four special reports will be issued on lobbying activities investigated by the committee's staff, but on which there has been no time to conduct hearings. They will cover activities of the small business groups, the electric power lobby, the medical profession's lobby, the savings and loan companies' lobby.

Another special report will analyze returns from a questionnaire sent out by the Buchanan committee to business, labor, farm and other pressure group organizations active in Washington.

Finally there will be an overall report by the committee, summarizing the results of its investigations thus far.

The committee has had a somewhat stormy year. The two ranking Republican members, Rep. Clarence Brown of Ohio and Charles A. Halleck of Indiana, have warred constantly with Chairman Buchanan and the committee counsel, Benedict F. FitzGerald, Jr., over objectives and methods of the investigation.

But it has uncovered a lot of useful information on how the pressure groups operate and how they attempt to influence legislation. It has shown that these are subjects which require almost constant policing in the public interest.

news behind the news

By RAY TUCKER

WASHINGTON — A Truman-engineered attempt to stampede the California delegation of House Democrats into supporting Representative Helen Gahagan Douglas in that state's senatorial contest has precipitated such explosive resentment among the victims that she may lose rather than win votes because of the strategy.

A week ago, the Democratic members were surprised to receive an invitation from Navy Under Secretary Dan A. Kimball, a fellow-Californian, to have dinner and a sail down the Potomac on the naval yacht, the Sequoia.

Inasmuch as everybody likes Dan, and he serves most excellent dinners and before-and-after refreshments, they accepted gladly. It was to be a stag affair, they were informed, and they were warned not to bring their wives.

DUTY — When the guests had assembled for cocktails on the deck, Secretary Kimball appeared with Mrs. Douglas on his arm. Despite the injuncion that it was to be a "stag" affair, it became obvious that she was the guest of honor rather than just another member of the state's delegation.

Secretary Kimball also let it be known that the White House expected every Congressman to do his duty by her in her contest with Representative Richard M. Nixon, the Republican nominee for the Senate. It was also intimated, since she is running on the same ticket, that they were expected to do the same for James Roosevelt, the party's candidate for Governor.

PICTURE — Hardly had the Sequoia guests recovered from their amazement at this performance before they were summoned to Speaker Rayburn's office for a mysterious audience.

When they arrived, they found the Speaker, Majority Leader McCormack and — again — Secretary Kimball on hand. They also found several still and movie photographers present, with their equipment already set up for picture-taking.

Under Mr. Kimball's Hollywoodish direction, the squirming members stood under the glare of the lights for elaborate shots in which, again, Mrs. Douglas was the principal political actress.

"MOUSE - TRAPPED" — The members' resentment over being "mouse-trapped," as they describe the effort to make it appear that Mrs. Douglas has their solid backing, has reached the boiling point, although few will express their feelings publicly.

One reason for their bitter reaction is that many of them do not agree with the congresswoman's radical stand on many matters, and have sided against her on large and minor questions.

Representing relatively conservative districts, some of them would alienate former supporters if they tried to win votes for her. In fact, several hope that she doesn't find time to speak in their districts.

CROSS-FILING — Mrs. Douglas will carry a torch for the Fair Deal's domestic and foreign policies, as she has on the floor of the House. But quite a few Democrats intend to leave Mr. Truman, Secretary Acheson and Secretary Johnson out of their speeches entirely, campaigning on their own records and on their own personalities.

Moreover, several Democratic Representatives have been endorsed by the Republicans under California's cross-filing system. They might toss away this reservoir of votes if they urged her election directly or indirectly. Others sought the GOP nomination, and missed getting it by only a few thousand votes.

INDEPENDENT — Moreover, California is not a "one package" state politically, because of the independent spirit of the electorate.

Members prefer to run as individuals, without tying to the presidential, gubernatorial or senatorial tickets, unless a candidate on those slates happens to be unusually strong. They do not so regard Mrs. Douglas.

"Furthermore," remarks an outspoken Democrat, "she has never done anything for us or for the delegation generally. She has worked for Helen Gahagan Douglas, and nobody else. We'll do the same next November, no matter what the White House wants!"

PLAYBOY — Dan Kimball's active intervention in partisan politics has furnished the Republicans of that and other states with possibly effective ammunition for the congresional contests. For that matter, they will try to capitalize on the president's own partisan participation at a time of world crisis.

As Under Secretary of a beleaguered and economy - battered navy, they will argue, Mr. Kimball should be attending to more important matters than staging political parties right now. In fact, in view of the many dinners and cocktail parties which Secretary Matthews and he hold aboard the Sequoia, they have been dubbed the "playboy sailors."

As recently reported here, Mr. Truman helped to engineer the William D. O'Dwyer appointment to Mexico solely as an assist to New York Democrats. Likewise, he is spending a lot of his energy on behalf of Senate Leader Lucas in Illinois and Senate Whip Myers in Pennsylvania. He is putting off hard decisions that might lose votes in every way possible.

But the Truman - Kimball-Douglas scenario is the most spectacular demonstration yet of this sort of extracurricular activity, coming in the midst of our difficulties in Korea and Formosa and Europe.

## Bid For A Smile

Why is a bank teller called a teller? Because "teller" is a corruption of "tallier," meaning a tally-man. The duty of the tally-man was to compare the tallies, receive money, give receipts and pay what was due.
—Irish Wkly. Independent

—o—

Minister—I am very sure that my sermon in which I urged thrift and frugality was very convincing this morning.
Wife—What makes you so sure?
Minister—I have just counted the collection.

—o—

Mistress —Mabel, I'd rather you didn't wear any jewelry when you wait on the guests at dinner tonight.
Maid—Well, I've nothing very valuable, Madam, but thanks for the tip, just the same.

—o—

Sandy—I want a cheap coat hanger, Assistant—Yes, sir, two pence.
Sandy—Two pence! Is there nothing cheaper?
Assistant—Yes, sir, a nail.

Their cars having collided, Jock and Pat were surveying the situation. Jock offered Pat a drink. Pat drank and Jock returned the bottle to his pocket.
Pat—Aren't you going to have a drink yourself?
Jock—Not until the police have been here.

—o—

Sam—Your wife seems a garrulous woman.
Joe — Garrulous? Why, if I suddenly went dumb it would take her a week to find it out.

—o—

"I expect a lot of dirty work when I start my new business."
"Treachery, eh?"
"No, I'm opening a laundry."

The car owner pulled up at the roadside stand and inquired of the sour looking person in charge:
Car Owner—Well, what do you have to eat here?
Proprietor— I don't have to eat here. I work here.

## The Nation's Press

IF WE HAD JOINED THE LEAGUE

(The Chicago Daily Tribune)

Does anybody still believe that if the United States had joined the league of nations there would have been no more wars?

Americans were told that it was all their fault when Italy invaded Ethiopia. They heard that story again when Japan invaded Manchuria in 1931 and extended its aggression in 1937; when there was foreign intervention in the civil war in Spain; when the second great war broke out in Europe in 1939.

The story was that everything would have been different if the United States senate had been willing to accept the league of nations without reservations after the first World War; that, in failing to do so, the United States betrayed the peace.

On Jan. 15, 1945, before the creation of U.N., Sen. Pepper of Florida, a faithful supporter of the Roosevelt foreign policy, informed his colleagues, "It was not on the battlefields of Flanders that the last war and its victory of peace were lost, but in this chamber."

Mr. Pepper was challenged by Sen. Millikin of Colorado to demonstrate that the course of history would have been different if the United States had been a member of the league of nations.

"I will tell the senator how I think they (decisions made by the league) would have been different," Mr. Pepper responded. "I think the United States at the conclusion of the last war had the moral leadership of the world... I believe the United States in a world-wide organization would have brought to its councils not only moral leadership, great physical power, great natural resources and their strength, but a moral elevation, if you please, and personal disinterestedness which the nations of the Old World do not have. I think we could have brought to bear upon those councils influences without which they disintegrated into a bickering, fighting lot of Old World powers, as they have always been..."

This was the thesis, and the subsequent committment of the United States to U.N. by senate action certainly provided the conditions for testing its validity. Our "moral elevation" and power have not stopped war. They have not deterred the pursuit of power goals by an Old World state. Collective security has not resulted. Instead, we alone have been nominated to fight U.N.'s war.

When the charter of the United Nations came before the senate for ratification, Sen. Connally of Texas, New Deal chairman of the foreign relations committee, declaimed that foreign nations were distrustful lest the senate again would let them down. Mr. Connally said that these nations "know how the league of nations was slaughtered here on the floor. Can you not still see the blood on the floor? Can you not see upon the walls the marks of the conflict that raged here in the chamber where the league of nations was done to death? They fear that same sentiment may keep the United States from ratifying this charter.

"Our ratification of it will instill hope into the hearts of the peoples of the earth... I trust that the senate...will ratify this charter by a vote so overwhelming as to carry the conviction over the earth that the United States expects to assume its obligations for the purpose of keeping them, for the purpose of living up to them, for the purpose of supporting a world organization for peace with all our spirit and with all our hearts."

Under this barrage the senate voted the United States into U.N. on the representation that peace, collective security, and the trust and friendship of the rest of the world would attend the action. Instead, the harvest has been division, war, the concentration of hate upon us, and a unilateral American obligation to bleed and die.

Did ever a cause get more expansive billing than collective security under U. N., and was there ever a greater default? The senate which rejected the league of nations in 1919 was wise. The senate which accepted the same scheme in 1945 was foolish. One world league was as impotent as the other. American membership in the league's successor utterly failed to change power aspirations, but it did get us into a war in which Americans are making all the sacrifices without prospect of achieving anything.

## The Doctor Says

WRITTEN FOR NEA By EDWIN J. JORDAN, M.D.

Some people who suffer from ragweed hay fever plan their vacations during late August and early September with the idea of getting away from the source of their trouble.

Several places on the North American continent have no ragweed or so little that the trouble is greatly lessened. There is practically no ragweed in the Pacific northwest and northern California, and very little in southern California, Arizona and New Mexico. The Rocky Mountains themselves have little ragweed, though ragweed grows well in the plains just east of the mountains. There is practically no ragweed in southern and eastern Florida and there is a strip of territory in western and northern Maine away from the seacoast which is claimed to have very little ragweed.

Northern Minnesota and upper Michigan have less ragweed than farther south. Many victims of hay fever get a great deal of relief in these areas, though when a strong wind is blowing from the south they often have trouble.

With the exception of the areas which are known to be free of ragweed pollen or have very small amounts in the air, the amount of relief which hay fever sufferers get from resorts is variable. Some people get almost complete relief, some people are better off than at home but not completely relieved, and others seem to have just about as much trouble, probably because they are sensitive to very small quantities of pollen.

MANY ARE HELPED

According to pollen studies cities with no ragweed in the air or very small amounts include Sacramento, Miami, Reno, Portland (Oregon), Seattle, Spokane, Prince Alberta (Saskatchewan), and Mexico City.

Favorable claims are also made for such places as Machinac Island, Marquette and Charlevoix in Michigan; Bethlehem, Bretton Woods and Dixville Notch in New Hampshire; Campobello Island in New Brunswick, Canada, Minaki Lodge, Port Arthur and Haliburton County, Ontario and Murray Bay, Quebec.

Most of these places have their enthusiasts but others who have tried them have not always found relief. It is safe to say, however, that hundreds of thousands of hay fever victims are helped each year by getting out of the worst ragweed belts.

Dr. Jordan will answer questions from his readers in a special column once a week. Watch for it.

## • Thoughts

And he sent, and brought him in. Now he was ruddy, and withal of a beautiful countenance, and goodly to look to. And the Lord said, Arise, anoint him: for this is he.—I Samuel 16:12.

True beauty is in the mind; and the expression of the features depends more upon the moral nature than most persons are accustomed to think—Frederic Saunders.

He shall separate himself from wine and strong drink, and shall drink no vinegar of wine, or vinegar of strong drink, neither shall he drink any liquor of grapes, nor eat moist grapes, or dried.—Numbers 6:3.

## Lobos Stop Clovis, 9-5

LAMESA — (AP) — Superlative relief pitching by Ed Arthur enabled the Lamesa Lobos to come from behind and win their sixth straight from the Clovis Pioneers 9 to 5 here last night before a crowd of 968 fans who turned out for "Seminole night," including a large delegation and members of the sheriff's posse of that Gaines County city.

Pitcher Mel Kramer had too much stuff for the Gassers last night and the Oilers made a clean sweep of the three geme series, taking the finale — 12 to 2.

Kramer struck out nine men and walked none in notching his victory.

The Oilers will meet the Amarillo Gold Sox at 8 o'clock tonight. George Payte is scheduled to go for Pampa.

It took the Oilers three and a third innings to thaw out starter Wendell Freeze. Dick Dawson greeted the erratic righthander with a single in the first inning. Deck Woldt worked out a walk and Johnny Jeandron shot a single to left to score Dawson, Woldt stopping at second.

Joe Fortin moved the two runners up a notch with a sacrifice, and Virgil Richardson reached first on a walk. Don Ricketson got life on a fielder's choice, and Woldt crossed the plate with the second run. Homer Matney then forced Ricketson at second with a ground ball to Earl Perry to end the inning.

Kramer retired the first 12 Gassers to face him. Earl Perry, first up in the top of the fifth, broke the spell with a Texas Leaguer to rightfield. Kramer tightened up and retired the next three men.

Borger broke through for two runs in the seventh inning. Perry and Eddie Carnett singled, and Pappy Williams bounced a double off the left field wall to move the two runners across the plate.

Pampa scored in every inning except the eighth. Bob Cluley relieved Freeze in the fourth inning after Virgil Richardson blasted a home run over the right centerfield fence. Homer Matney, father of a new baby girl, made two sensational catches. The Oiler centerfielder pulled down Nim Free's drive with a great running catch. Matney then robbed Rene Vega of a hit when he came in fast to make a shoe string catch.

## Elk City, Alpine Unbeaten at Kansas Semipro Tourney

WICHITA, Kans. — (AP) — Two teams from the Southwest topped the field yesterday in the National Semipro Baseball Tournament.

The Alpine, Texas Cowboys earned a top spot last night by upsetting the St. Joseph, Mich., Auacos, 8-7. It was the first defeat for St. Joseph, the No. 1 seeded club.

Alpine and the Elk City Elks now are the only unbeaten teams in the lengthy double-elimination tournament. Each has four victories.

A fight among players featured the Alpine-St. Joseph game. The fracas started in the fifth inning after Roxx Jones of St. Joseph was tagged out by Alpine catcher Bill Looney. Looney, Jones and Alpine pitcher Tex Shirley were ousted from the game.

Sinton, Texas, yesterday walloped Roxboro, N.C., 13-1.

## Club Gets Charter

The Pampa Rifle and Pistol Club has been granted a National Rifle Association charter, it was announced in Washington yesterday.

John Wilkinson will head the rifle and pistol enthusiasts. Other officers are: William Ragsdale, vice-president; Fred Sloan, executive officer, and William Leonard, secretary and treasurer.

## Dukes Defeat Abilene, 11-4

ABILENE — (AP) — Featuring Jim Marshall's three-run homer, the Albuquerque Dukes broke loose to count five times in the seventh inning to break up a previously tight ball game, and sweep the Abilene series with an 11-4 victory here last night.

In four football games, Army and Penn State have broken even. Each team claims one victory; two games ended in ties.

# High Schools Hit Football Trail Today

By WILBUR MARTIN
Associated Press Staff

Football starts today for nearly 800 Texas high schools, but they're two weeks behind some 219 others in a different division of Texas' vast interscholastic league program.

City Conference, Class AA, B and six man football teams drew equipment and started practice today. Class A schools started two weeks ago and twelve have first games this week-end.

Today, Crosbyton meets Littlefield, Shamrock takes on Lockney, Nederland plays Bishop Byrne of Port Arthur and Freer is at Donna. Other games this week match Colorado City and Wink and Cleveland and Port Acres (Port Arthur).

A difference of opinion gave Class A schools a two week start on the rest of the state's schoolboy grid teams. This division voted to pass up spring training in favor of an Aug. 15 starting date for fall practice. Other classes held spring training and couldn't begin workouts until today.

Some of the schools starting training today will open schedules next week, but most will wait until Sept. 15. Next week, however, finds Class A with 103 games scheduled.

The City Conference is made up of teams in Dallas, San Antonio, Houston and Fort Worth; Class AA of schools with more than 500 enrollment; A of schools with an enrollment of between 250 and 500; B of schools with an enrollment of less than 250 and most six man teams represent schools with less than 100 pupils.

The much abused City Conference may be making its last stand this year. Even schoolmen who legislated for its existence want it dropped and rumor is a Triple-A Conference — for schools with more than 750 enrollment —may be in the works.

City Conference, Class AA and Class A teams play to a division championship, Class B to regional titles.

Highland Park, a suburb of Dallas, is being boomed as a likely title threat. The Scots have made a habit of getting in the playoff of Class AA and are no strangers at copping championships.

Wichita Falls, the defending Class AA titlist, may come up with another well balanced team.

You can take your choice for top City Conference contenders, but it looks like the champion in this bracket may again come from the south — either from San Antonio or Houston.

# Golfers to Fire for Berth In Top o' Texas Tournament

Approximately 150 golfers will invade Pampa Saturday to shoot for a berth in the Top o' Texas Golf Tournament. Qualifying rounds start 9 o'clock Saturday morning, and the two-day tournament will get underway at 9 a.m. Sunday.

Johnny Austin, country club pro, said Friday more than 60 golfers would be firing for the 32 openings, 16 in the championship flight, and 16 in the first flight.

The Top o' Texas Golf tourney started back in 1934, on Labor Day. Frank Foxhall, a lefthanded swinger, won the cup, playing 18 holes of sand greens.

Billy Houck, Hubber Golf Club of Borger, winner of the crown last year, will be back to defend his title.

Houck will have to be at his best to match strokes with such golf stars as Ross Mitchell of Lubbock. Mitchell is the No. 1 man on the SMU golf team and is already tabbed as one of the favorites.

Another par buster is Jack Parr of Electra. Jack Douglas of Plainview is also named as a strong contender.

Clare Freeman of Pampa, recent Green Belt champion, is another dangerous tournament shooter.

Nine Pampa golfers, however, will probably have something to say about the outcome before the tournament is finished Monday. They are:

Malcolm Douglass, Clarence McGinnis, Grover Austin, Jr., Johnny Forman, Cecil Branscum, Charlie Douglass, Harry Wilbur, Mark Heath and Marvin Harris.

After the qualifying rounds Saturday, a driving contest will be held off the number one green. At 7:30 Dutch Lunch is scheduled for players and members of their family. Members of the Country Club are also invited. Calcutta pool will follow the lunch.

The public is invited to attend the tournament. There will be no admission charge.

## Hubbers Streak Past Gold Sox

LUBBOCK — (AP) — Bob Clodfelter last night became the third WT-NM League pitcher to win 20 games this season as he hurled the Lubbock Hubbers to a 6-5 decision over the Amarillo Gold Sox.

Moore; stolen bases: Castino, Difani; sacrifice hit: Graham; double play: Murray, Higgins and Lewis, Wilcox, McCallum and Carr; left on bases: Amarillo 8, Lubbock 4; hit by pitcher by: Graham (Morrow); winning pitcher: Clodfelter; pass ball: Castino; umpires: Sadowski, Simon and Welch; time: 1:29.

Northwestern and Illinois have met 43 times on the gridiron, and each team has won 20 games, with three ties.

## Home Run Record Tied by Hodges

By JOE REICHLER
Associated Press Sports Writer

Gil Hodges, called by many the strongest man in the National League, has just about proved it.

The husky Brooklyn first baseman hit four home runs last night to record a feat performed only five times before in Major League baseball. Hodges' walloping of four separate Boston Brave pitchers temporarily shared attention with the hot American League pennant race.

It happened at Ebbets Field as the Dodgers trounced the Braves, 19-3, to gain a half-game on the idle Philadelphia Phillies. The Phillies still lead the National League by six games.

In the American League, Detroit's stumbling Tigers blew a 2-1 game to Washington and dropped two games behind the American League leaders, the New York Yankees, victorious over Cleveland, 7-5.

The five other Major Leaguers with four home runs in the record book are Bobby Lowe, 1894 Boston Nationals; Ed Delehanty, 1896 Philadelphia Nationals; Lou Gehrig, 1932 New York Yankees; Chuck Klein, 1936 Philadelphia Phillies, and Pat Seerey, 1948 Chicago White Sox.

## Southwest Loop Teams Start Grid Workouts

(By The Associated Press)

Southwest Conference football started today with a two-a-day workout.

Squads at the seven schools ranged from 50 at Rice to 85 at Baylor, generally picked to finish last this season.

Texas, on the spot as the conference favorite and ranked high nationally, had a squad of 56. Coach Blair Cherry tried to minimize that favorite tag by pointing out he had only four veterans for back-field duty. His line, however, is rated by far the best in the circuit.

There are three new head coaches this year, Otis Douglas at Arkansas, George Sauer at Baylor and H. N. (Rusty) Russell at Southern Methodist. Russell moved up from an assistant's job when Matty Bell decided to become a full time athletic director.

They'll Do It Every Time — By Jimmy Hatlo

## HEREFORD

(Continued from Page 1)

place, followed by the lunch stop. Next came the M. H. Smith polled Hereford ranch, followed by the Alexander ranch.

The caravan went next to Lyndon Simms', with the last stop being that at Gordon Whitener's.

At each place, J. P. Smith of Pantex Farms interviewed each owner concerning pertinent information about his herd.

In connection with this tour, a short course will be held at Amarillo at a later date. At that time, breeders and buyers will be brought together so that they might determine just what the other expects and desires in commercial Herefords.

## DOCTOR DRAFT

(Continued from Page 1)

er served in the armed forces or public health service.

Fourth, those who got their training at other than government expense and have served in the armed forces.

The standard of literacy in Ceylon is probably the highest in Asia after Japan.

## FORMOSA

(Continued from Page 1)

the Chinese Nationalists, as a prime target for invasion.

Gurney commented: "The Seventh Fleet should stay right there until we get peace with Russia settled through the United Nations."

Senator Lyndon Johnson (D-Tex) supported Mr. Truman's position that Formosa's fate must be settled by international agreement.

But Senator H. Alexander Smith (R-NJ), a member of the Senate foreign relations committee, said the matter may be taken out of American hands if the fleet is removed at the end of the Korean fighting.

"How can we work out any settlement of the Japanese peace treaty unless we protect Formosa from being taken over by the Communists?" he asked, adding: "I am disappointed with the president's statement. It leaves me confused as to what our policy is."

Senator Knowland (R-Calif) also called Mr. Truman's statement confusing.

KANSAS CITY, Sept. 1—(AP)—Cattle 500; calves 50; slow, steady to weak.

Hogs 800; slow, mostly 25 lower; good and choice 190-270 lbs 23.50-24.00; sows 50-1.00 lower at 17.50-21.50.

## REDS HAMMER

(Continued from Page 1)

in the attacking force.

Youthful American soldiers pulled back from Yongsan on the U.S. second division front before a strong tank-led Red drive which pushed across the Naktong River.

These men, on the left flank of the second division, had retreated eight and one-half miles in all.

AP Correspondent Bem Price, who was with one of the last groups to pull out of Yongsan into the hills to the east, said the men who gave the ground came out tired but not broken. He said they were still in good spirits.

The Americans immediately dug in the hills east of Yongsan against the Red thrust aimed at cutting the main highway between the supply port of Pusan and the communications center of Taegu.

## EMPLOYMENT

(Continued from Page 1)

persons in non-farming work to an unprecedented 54,207,000 last month.

Unemployment, a bugaboo just a year ago, dropped 713,000 last month to 2,500,000, the lowest since the start of 1949.

## GUILL HOME

(Continued from Page 1)

present time because of the serious international situation."

Next week Guill starts to visit the various towns of the Panhandle where he has scheduled talks and receptions. At 6:30 p.m. he speaks for 30 minutes over KGNC. Tuesday he goes to a noon meeting at Childress, sponsored by the Lions and Rotary clubs, that has been thrown open to the public. In the evening he will be guest at a reception there. Wednesday the Lions and Rotary will sponsor a public forum at Memphis and that evening he will speak at a public meeting in Wilington, an assembly called by the Wellington mayor. Also he will guest of honor ranch near Wellington. He will spend Thursday in Perryton where he speaks to the school children, the Rotary club and a public meting in the Ochiltree County Court House. He will wind up the week's tour Friday at a noon luncheon at Hereford sponsored by the Rotary, Lions and Kiwanis clubs, and the Junior Chamber of Commerce.

"All of the meetings," Guill said, "will be simply a report of the congressman to his people and will finish with question and answer periods."

**ORDINANCE No. 315**

**RESOLUTION ADOPTING AND APPROVING ENGINEER'S ESTIMATE ROLLS AND/OR STATEMENTS FOR IMPROVEMENTS ON PORTIONS OF STREETS, AVENUES, AND/OR ALLEYS, FIXING TIME AND PLACE OF HEARING AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE.**

WHEREAS, the City of Pampa has heretofore ordered that the hereinbelow mentioned portions of streets, avenues and/or alleys be improved by raising, grading and filling and paving, and by installing concrete curbs and gutters and storm sewers and drains where necessary on Units Nos: 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567

as designated below, and,

WHEREAS, arrangements for the making and construction of said improvements have been made and entered into by the City of Pampa as Contractor, and the City Engineer has made and prepared and filed with the City his estimates, rolls, or statements showing the amounts to be assessed against parcels of abutting property and the owners thereof, and showing other matters and things, and said statements have been examined and corrections made where necessary.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF PAMPA, TEXAS, THAT:

I. Said estimates, rolls or statements be and the same are hereby adopted as approved.

II. That a hearing be given and held by and before the City Commission of the City of Pampa, to the owners of property abutting upon said streets and alleys to be improved, and to all others in any wise interested or affected, concerning said improvements the amounts of the proposed assessments against abutting property and the owners thereof, concerning the apportionment of the cost of said improvements and the descriptions of property, names of owners, regularity of proceedings, and concerning all other matters and things in connection with which anyone is entitled to be heard under the Law and Charter with amendments in force in said City, and the proceedings of the City with reference to said improvements.

The portions of streets and alleys to be improved and in connection with which such rolls or statements are adopted being set forth in the form of notice herein below prescribed.

III. The said hearing shall be held in the regular Commission meeting room of the City Hall in the City of Pampa, Texas on the 19th day of September, A. D. 1950, at 2:00 P.M. and may be continued from time to time until the purposes thereof are in the opinion of the Commission fully accomplished and such hearing shall in all respects be conducted in accordance with said charter with amendments, law and proceedings.

IV. The City Secretary is directed to give notice of the time, place and purpose of such hearing by causing notice in substantially the form hereinbelow prescribed to be published at least three times prior to the date of said hearing in a newspaper published in and of general circulation in the City of Pampa, Texas, the first of which publications shall be at least ten days before the date for such hearing and the form of which notice shall be substantially as follows:

**NOTICE**
**TO THE OWNERS OF PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTIONS OF STREETS, AVENUES AND/OR ALLEYS, AND TO ALL OTHERS AFFECTED:**

The Governing Body of the City of Pampa has heretofore ordered that the following portions of streets, avenues, and/or alleys in said City of Pampa, be improved by raising, grading, and filling and paving and by installing concrete curbs and gutters and storm sewers and drains where necessary on the streets, avenues and alleys designated below:
