BOMB IS SENT TO PILSUDSKI, POLISH CHIEF

BERLIN, July 30.—An attempt to assassinate Marshal Pilsudski, Polish minister of war, was frustrated through the discovery of a time bomb in the Polish army office, according to private dispatches from Warsaw today. The bomb was in package addressed to the marshal. Dispatches said this was secret in Warsaw and when it was found it was rumored that Pilsudski in a rage shot a soldier on duty in his office.

EASTLAND CO. VOTERS GIVEN LEE'S THANKS

Gratification was expressed by R. Lee, congressional candidate who apparently has received substantial plurality over his opponents in the Democratic primary Saturday. In a brief statement made on Monday he said he was glad to be notified of his lead this morning. Lee expressed his deep appreciation both of the support given by counties throughout the entire district, for the loyalty of his friends who worked hard for him, and for the clean campaign which preceded the election. "My heart overflows with gratitude for the expression of confidence in me manifested by my friends of Eastland county and Cisco and the people of the nineteen Texas counties comprising the nineteenth congressional district. It is extremely gratifying to me that my support was general throughout the district. There were four hundred gentlemen in the race with me, and I am not disappointed that these men carried some counties and towns over me, although I am runner-up in most of the counties in which I did not lead. I am particularly pleased that the high plane upon which the campaign was conducted. I believe that all five or six who engaged in the race can each take the laurels that we are actually better than we were before the campaign. This fact to me is as gratifying as the handsome vote given to me by the voters."

Complete officials returns of the Democratic primary in Eastland county will not be known until the county executive committee meets at Eastland next Saturday to canvass the returns. However, the forecast of the Daily News Sunday in regard to the runoff for offices in which no candidate received a majority held good today when a few more precincts made known their votes.

R. Q. Lee of Cisco was given a substantial lead throughout Eastland county, only the city of Eastland, the home of R. N. Grisham, an opponent, and Romney going against him.

B. W. Patterson of Cisco and O. C. Funderburk, Eastland, are running a tight race for associate justice of the court of civil appeals. They have been alternating in the lead. James A. Stephens of Knox county is a poor third in the race but the small vote he is receiving will be enough to throw the two Eastland county men into the August runoff.

Oscar Chastain continued to pile up a substantial lead over D. J. Neil for representative from the 106th district.

June K. Hendricks has only an outside chance of overtaking W. H. (Bill) McDonald for district clerk. C. L. Garrett has an equally safe margin over Wilbourne H. Collier for county judge. J. Frank Sparks, county attorney seeking a second term, apparently has been defeated by Joe H. Jones. Beulah Speer has maintained a steady majority over her two opponents for county superintendent of schools, J. C. Carter and H. A. Reynolds.

Apparently there will be two offices contested in the runoff primary. The offices of sheriff and tax assessor are the ones at stake. John S. Hart has a slight lead over Virge Foster and George Bryant has an equally slim margin over Mrs. Fanny Burkett.

The other county offices were uncontested in the first primary.

TILDEN LOSES, DAVIS CUP TO STAY IN PARIS

PARIS, July 30.—The Davis cup, emblematic of world supremacy in tennis, will remain in France another year. Henry Cochet made that certain today when he defeated the American ace, Bill Tilden, in straight sets, 9-7, 8-6, 6-4, giving the French three of the four matches already. Cochet and Jean Borotra defeated Tilden and Francis T. Hunter in the doubles Sunday in five grueling sets, 6-4, 6-8, 7-5, 4-6, 6-2.

UNITED STATES HAS POOR DAY IN OLYMPICS

AMSTERDAM, July 30.—One of the American's most disastrous days in the Olympic competition was climaxed this afternoon when Frank Wykoff, Glendale, Cal., school boy, could do no better than fourth place while Bob McAllister, "man of destiny," was sixth and last in the 100-meter final. Williams of Canada won, London, an Englishman, was second, Lammers of Germany was third.

The Americans also had hard luck when Bracy of Rice Institute, Houston, and Russell were shut out in the semi-finals of the 100 meters. In the women's 100-meter race the United States qualified only Elizabeth Robinson of Chicago.

In spite of the day's disasters America was still leading its nearest competitor, Finland, three to one in points.

300 FAMILIES HOMELESS IN KANSAS FLOOD

HAYS, Kans., July 30.—Big Creek, transformed into an angry river by a week end deluge, went on a rampage early today and a third of this town is under water and more than 300 families are homeless. Property damage is estimated at hundreds of thousands of dollars. No loss of life has been reported but it is feared that some persons in the outlying lowlands may have perished.

BLANTON WILL AID CONNALLY NEXT MONTH

DALLAS, July 30.—Thomas Blanton, congressman from the seventh district and defeated Saturday's primary for the nomination for United States senate today congratulated Congressman Tom Connally of Marlin, who enters the runoff primary in August with Senator Earle B. Mayfield. Blanton's telegram to Connally was as follows:

"You have made a gallant fight. Victory is yours. I congratulate you. Our unbroken friendship of 23 years is still intact. I am for you and hope you will command me if you need my services. Hope all my friends will support you. Blanton."

HUMBLE TEAM DOWNS ARABS IN TIGHT TILT

One of the season's fastest and most closely contested games of baseball was played at Humble Park Sunday between the Humble Pipe Line team of Cisco, and the Arab Gasoline Co. team of Eastland. The Humble boys defeated the visitors 1 to 0. The game was fast from start to finish, and there were thrills a plenty to gratify the many fans.

The lone run which won the game was made in the seventh inning by Robinson, and Taber is credited with the hit that prevented the game from being a nothing tie.

PARNELL WILL GIVE HELP TO BARRY MILLER

AUSTIN, July 30.—J. D. Parnell, eliminated as a candidate for lieutenant governor, today announced that he will support Barry Miller, incumbent, in the August primary. His statement expressed confidence in Tom Love's honesty but doubted the wisdom of his bolting the Democratic national ticket.

WINNING CANDIDATE HAS NERVOUS BREAKDOWN
BRECKENRIDGE, July 30.—Mrs. Millie Blackburn, candidate and what looks like to be a sure winner in the race for county superintendent, suffered a nervous breakdown about 9 o'clock Saturday night after she had retired to her home to await the election returns. Two doctors attended her, and several hours later she was reported resting nicely.

Judging by the amount of talk he stirred up, the world's greatest man was Alexander Graham Bell.—Kalamazoo Gazette.

clothes and so on. The clothes are all together, and they are necessary to make a bag. It is made of paper, and the two sides are of the bag from the edge of the belt to the bottom about 17 inches, and the width 16 inches. The top edge of the bag is four inches. Any decorations, such as stitching, should be done before the bag is assembled. Then bind the edges of the bag to the back and bind them all the way around. The bag is then ready for use. The belt which is made from a three-inch strip of the four has material. The ends may button or have a bow tie.

This bag costs but a few cents and is very popular for bazaars or makes a good gift for a bride's kitchen shower.

Encampment of Church of God; to Be Old-Fashioned Camp Meet

"Every preparation is being made for one of the biggest and most successful camp meetings ever held at the encampment grounds at Gorman by the Church of God, which begins next Wednesday," said Rev. J. W. Batdorf, pastor of the Cisco church, this morning. "This will be the state encampment of the denomination, and many of the leading ministers of the churches of Texas will be in attendance and assist in conducting the meeting."

Rev. C. H. Featherstone, evangelist of Decatur, Ill., will conduct the meetings, filling the pulpit at each evening's service. Other ministers will preach at the other services during the day. This encampment will be held on the camp grounds at Gorman, owned by the church, beginning at 10:30 o'clock August 1, and there will be three general services each day—at 10:30 a. m., 2:30 p. m., and 8 p. m. In addition to these general services there will be a morning prayer service each day, at 8 a. m.; the ministers' meetings at 9:30 a. m.; and Young People's meetings at 4:30 p. m.

"August 1 will be Sunday School Convention Day, and August 7 will be Young People's Convention Day. This will be an old-fashioned religious camp meeting, where the worshippers may bring their food and bedding and camp out as they did in those other days, spending the entire week on the grounds. How ever, ample provision has been made to accommodate those who prefer stopping at hotels and securing their meals on the grounds. Special rates have been secured at the hotels, and arrangements have been made whereby meals may be secured on the grounds. We are expecting a record-breaking attendance, and indications are for a most successful religious revival."

HOOVER IS GIVEN MEDAL FOR SAVING HUMAN LIFE

NEW YORK, July 30.—In recognition of his "great public service from the standpoint of human values," and particularly "for his conspicuous work in the Mississippi flood relief," Herbert Hoover has been awarded for 1927 the Major Surgeon Louis Livingston Seaman medal by the American Museum of Natural History. The medal, as described by its donor, Major Seaman, is "for the best record in the saving of life in the field of sanitation and accidents." The most recent award was made in 1922 to the late Judge Elbert H. Gary.

breaking over it. Hill will go mostly by inside passages where there are such, but often by open sea for long stretches. He expects to make it in six months. That will make a lot of speedboat fiends gape and exclaim. They will not understand slow, patient progress, with no frenzied desire to get away with a rush and roar from wherever one happens to be, but with calm enjoyment of sun, air, water and one's own thoughts hour after hour and day after day for an aqueous eternity. And that's all right with Hill. They can have their express cruisers and steam yachts.

SWIFT JUSTICE.

Leslie Taylor, aged 20, of London, England, had little respect for American courts. "Justice here," he announced, when he began to get his bearings, "is so slow and ineffective compared with English law that a fellow can do 'most anything he likes and get away with it." Leslie had the courage of his opinion, and stole an automobile in Philadelphia. To his astonishment he was promptly jerked into court and sentenced to a term of two to ten years in prison, with a promise of deportation when he gets out. It was a good object lesson for Leslie and other smart foreigners. And now, between ourselves, if American courts in general should go ahead and act as promptly and efficiently in cases involving Americans, particularly major crimes, there will be less temptation for foreigners to take liberties with our laws.

Loss to railroads from old-fashioned robbery has been reduced in the last few years from \$10,000,000 annually to only \$1,000,000, according to a railroad official. On the other hand, the loss from "fraudulent damage claims"—a more subtle sort of robbery—now amounts to \$38,000,000 annually.

NOISY MOTOR BOATS.

Residents of Huntington, L. I., have aroused a wave of approval among eastern summer resorters and lovers of peaceful water sports by having a motor boat owner arrested for operating his boat without a muffler. There is no evidence that, as the defense charges, this is a "millionaires' plot" to bar the plain people from the water. The same rule, properly enforced, would bar some millionaires and do thousands of plain people everywhere a blessed service. It is surprising what one little put-put can do to spoil the afternoon for a community when running without a muffler or with the cut-out open. Many cities have laws against this nuisance, but they are seldom enforced. The law of decency and human consideration for others alone ought to be enough. Automobiles are not allowed to make such a racket; why should motor boats?

It is estimated that Uncle Sam is spending money at the rate of about \$10,000,000 a year to oversee Nicaragua's coming election. After, and if, the marines are withdrawn, will Nicaragua be able to maintain the standards to which we have accustomed her in such matters?

SCHOOL HISTORIES IN JAPAN.

"Japan has advanced more rapidly than the United States in the education of children against war," says Mrs. Katherine Eddy, of the foreign Y. W. C. A. "Our histories laud war, battles and those who have conquered. In Japan a national organization known as the Women's Peace Society has put through the National Diet a bill designed to eliminate in grade schools the too great praising of war heroes that may tend to the emulation of war." Would the D. A. R. and other patriotic societies permit that in this country?

Inherits \$4,000,000, But He'll Stay on the Job

"Bill" Plankinton Wants To Win Success On His Own

By GRAHAM STEWART
International Illustrated News Staff Writer

NEW YORK.—The boyish chap whose picture appears in the adjoining column is UNIQUE among modern youths. He is the heir to \$4,000,000 of the \$10,000,000 estate left by his father, the late William Woods Plankinton, Sr., yet he chooses to WORK for his living. True, he quit his \$20-a-week job upon learning of the bequest, but it was not preliminary to embarking upon a career of dissipation and high-powered spending. It was so he could make a connection with some newly-organized construction firm where he will have an opportunity to climb up in the world.

For "Bill" Plankinton still has visions of making a fortune in his own name despite the burden of wealth suddenly placed upon his shoulders. In this manner he shyly confided that he expected to get the most "kick" out of life.

"All I'll be at first," he said, his grayish-blue eyes fixed on the skeleton of a tall office building in the mid-Forties. "Is a general 'funky.' But some day I hope to invest in the company."

The young millionaire explained that he preferred to associate himself with a new company run by young men because old-established firms are prone to conservatism in the matter of boosting their employees. They aren't suited for the young man with ideas of his own.

"BILL" PLANKINTON

for it's too easy to get into an argument. The boy, who is "Bill" to his friends despite his wealth, hasn't even thought of marriage yet, declaring he is too young and that he wants to "get started" in business before choosing a wife. But he quickly added that he isn't indifferent to a pretty girl; that, in his own good time, he intends to "get around" to the matter.

"But," he said, "when romance does enter my life, I want it to be a lifetime affair."

Rum Running from Canada Being Reduced, U. S. Officials Claim; Smuggling on Great Lakes Caught

WASHINGTON, July 30. — The government is finally winning its fight to reduce rum running from Canada.

Combined prohibition, customs and Coast Guard forces have during the past year for the first time since prohibition reduced the amount of whiskey legally exported from Canada from the previous year. This was announced by treasury officials, but since the information was given out confidentially by the Canadian government, the exact figures are not available.

Most of the whiskey "legally exported" from Canada goes into this country through bootleg channels by being smuggled across the Great Lakes in fast boats or over the border in automobiles.

All Records Broken

All records for arrests and seizures have been broken during the past year. The extent of the bootlegging operations and of the attempts of the three government agencies to suppress them were revealed in reports from Detroit, center of the smuggling operations.

One report made by Prohibition Administrator Thomas E. Stone shows that in the 10 months ending July 1 prohibition agents in his district arrested 2,911 bootleggers, seized 112,236 quarts of whiskey, 1,040,396 quarts of beer and confiscated 327 automobiles and three launches.

Although the figures represent the entire Michigan district, fully 50 per cent of them are for Detroit alone," Prohibition Administrator James M. Doran said.

Another Report

An equally impressive report was filed by the customs collector for Detroit covering activities for his district and of the coast guard forces now operating on the Great Lakes.

This report shows that during the year ended July 1 a total of 315 speed boats and launches and 697 automobiles used in smuggling liquor were seized in the Detroit district alone. These seizures, together with the arrests of smugglers attempting to cross the border on foot, resulted in the confiscation of 110,569 quarts of whiskey; 11,792 gallons of alcohol; 69,331 cases of beer; 4,194 half barrels of beer and 234 quarter-barrels of beer.

The total appraised value of the property seized by prohibition agents in the Detroit district was given by Administrator Stone as \$2,412,351.

Four State Senators, 87 Members of Lower House Nominated Without Opposition in Saturday's Primary

Running for office wasn't so very expensive to more than 199 candidates in the Democratic primary of Saturday. Nineteen persons were elected to state and district offices without opposition as were four to the state senate and 37 to the Texas house of representatives.

The legislators, whose only expense was the payment of fees to get their names on the ballot, were as follows:

- State Senate.**
- Seventh District — Thomas G. Pollock, Tyler, incumbent.
 - Eighth District — Benjamin F. Berkley, Alpine, incumbent.
 - Thirtieth District — Frank L. Parrish, Lubbock.
 - Thirty-First District — Clint C. Small, Wellington.
- Representatives in House.**
- District 1 — W. J. Simmons, Texarkana, incumbent.
 - District 2 — C. C. Hines, Linden.
 - District 3 — R. M. Hubbard, New Boston.
 - District 4 — Ben J. Woodall, Marshall, incumbent.
 - District 5 — F. H. Jendergraft, Marshall.
 - District 6 — S. R. Williams, Brenham, incumbent.
 - District 7 — E. Quinn, Beaumont.
 - District 8 — J. W. Kinney, Beaumont, incumbent.
 - District 9 — E. E. Nichols, Port Neches, incumbent.
 - District 10 — L. M. Kenyon, Galveston, incumbent.
 - District 11 — R. E. Morse, Houston, incumbent.
 - District 12 — C. H. Waddell, Rosenberg, incumbent.
 - District 13 — W. C. Carpenter, Bay City.
 - District 14 — J. J. Olsen, Yoakum, incumbent.

\$1500 IS REFUSED BY SOLDIER FOR FAMOUS BUGLE

KANSAS CITY, JULY 30. — Fifteen hundred dollars for a bugle! Off hand this would seem a bit high for a maker of military music even though it does gleam with gold plate and is nearly minted.

It does appear too, as though the price tag might have been marked up, when you consider that the same instrument was purchased from Uncle Sam for \$7.50 less than ten years ago.

But fifteen hundred dollars is what Staff Sergeant Frank Withey of the third cavalry was offered for his shrill voiced deep breaker, less than a year ago. Since that time Sergeant Withey has been told to name his price. But Sergeant Frank, the gleam of pride in his clear eyes outsparking the lustre of his prized golden horn, always has been significantly dumb on these occasions.

The reason for the boom in Sergeant Frank's own private bugle market is simple. Pressed to the tight pucker of lips of the stiffly erect Sergeant the golden voiced horn has sent the mournful sobbing notes of taps out upon the hushed air on many notable occasions. Sergeant Frank blew taps at the grave of the unknown soldier at Arlington Cemetery. He sounded the military dirge at the funeral of Woodrow Wilson, in Washington, and at the graves of Lieutenant-Generals Nelson A. Miles and S. B. Young, and the late William Jennings Bryan and Major-General Leonard Wood. After services for the unknown soldier Sergeant Frank bought the bugle from the Government for the stock price of \$2.50.

Born in Kansas City in 1889, Withey enlisted in the third cavalry in 1908 at Fort Clark, Texas. He has served continuously in this regiment "the brave rifle" of the Mexican War fame. He was made a corporal in 1911 and has been a non-commissioned officer ever since. He served overseas twenty-three months with the regiment in the World War.

And though collectors continue to bid for Sergeant Frank's historic music maker, the most famous bugle in the American army is not for sale!

Wouldn't the League of Nations be just another power trust? — Syracuse Herald.

300 EBL. WELL IS BROUGHT IN EAST OF CISCO

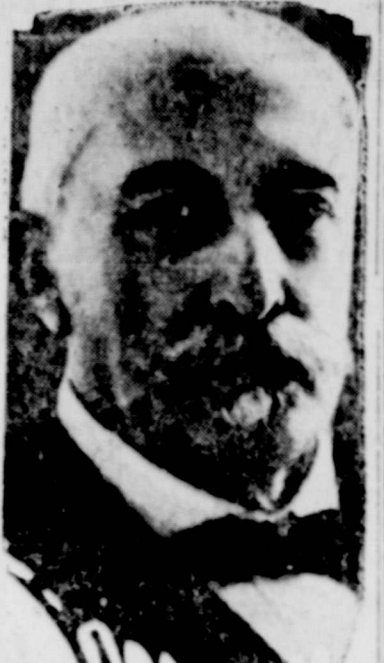

Flowing 300 barrels the C. M. Root well, on the Bill Kirkland farm, was reported a good producer today. This is distinctly a Cisco well, being only 3 1-2 miles east of Cisco. The pay was struck in the sand at 3,200 feet. This well, formerly a gusher, had been practically abandoned, when Root decided to drill it deeper into the pay in the hope of reviving its production. After the bit had been sent down several feet to the 3,200 foot level, it gave no indication of being either a gas or oil producer. After some deliberation the well was given a shot late Friday afternoon, and responded as a generous gusher, whose production is reported to be of high gravity oil. The pay is said to be in the sand, indications of a long life producer, and is flowing this oil natural.

SLAYER OF THEATER CASHIER SENTENCED TO DEATH CHAIR
FORT WORTH, July 29.—J. R. Silver today was sentenced to die in the electric chair September 20 for the murder of Rosey Wilson, Majestic theater cashier. The sentence was pronounced by Judge Cullen after a hearing in the district court. Silver, who was arrested last week, is being held in the county jail. He is a native of Oklahoma and has been in the theater business for many years. The victim, Rosey Wilson, was a popular cashier at the Majestic theater and was shot in the back of the head while working the box office. Silver's defense attorneys have filed a writ of habeas corpus, but the court has refused to grant it. The execution is scheduled for September 20 at the state penitentiary in McAlester.
