

DISEASE STALKS HURRICANE AREA

RELIEF WORK IS BEING RUSHED

SCOURGE IS FEARED IN AREA; GANGRENE SETS IN

WASHINGTON, Sept. 8.—Santo Domingo devastated by a hurricane last Wednesday which took more than 4,000 lives, today feared that outbreaks of disease would cause a scourge as bad as the storm itself.

Inefficient medical supplies, unclean streets and the lack of food contributed to a condition which worried native and visiting physicians. Cremation of the dead continued.

Attitude of the physicians probably was best indicated in that all are taking every prophylactic injection possible.

With the hospital survey finished more than 1,000 storm victims already have been found to have gangrene or other infections. At one camp yesterday more than 1,000 persons took anti-toxin injections for typhoid. Medical supplies were sent from San Juan and Havana.

Streets Need Cleaning
The task of cleaning the city's streets of debris is proving almost impossible. There is not an automobile or truck or wagon in the country which was not damaged.

One of the principal needs is good drinking water. Work has been started on re-establishing the power house, and reconstruction of the water line.

ADHESION TO NEW RULE TELEGRAPHED FROM OVER REPUBLIC

Buenos Aires, Sept. 8.—The revolution which Saturday night overthrew the government by President Hipolito Yrigoyen and established a new regime headed by General Jose Evrardos Urquiza today spread its fervor to every corner of the republic.

Province after province telegraphed adhesion to the new order. Federal interventors were removed, and new provincial governments headed, designated by the junta or provincial governments established by General Urquiza at Buenos Aires took charge.

In Buenos Aires citizens returned to work today after retirement of President Yrigoyen in favor of vice-President Maristany, meeting of the army and navy, actual resignation of President Yrigoyen and his bitter denunciation, practically a prisoner, in a military barracks, and establishment of a new government headed by General Urquiza, 44-year-old opposition leader.

Armed Band of Men Kill Negro In Jail
DARIEN, Ga., Sept. 8.—In the face of machine gun fire in the streets, an armed band of men forced its way into the Milton county jail today and shot George Grant, 40-year-old negro convict, of killing one officer and wounding three other persons in an early morning gun battle.

The men disregarded the pleas of Col. Ray Neal, commanding the Savannah unit of the national guard and holding county officers outside the jail at bay with shot guns, craved into the building.

Bower Returns From Conference
H. J. Bower, agriculturalist at the Technological college, returned this morning from Manhattan, N. Y., where he attended a conference of agriculturalists from Texas, Oklahoma, Colorado, Nebraska, and Kansas.

The meeting was held last Wednesday at Kansas State Agricultural college.

Purpose of the gathering was to discuss problems concerning better water wheat problems. Representatives also attended from the United States Department of Agriculture.

STAMFORD, Conn., Sept. 8.—Rhoda Edna Mallock, 70, artist and inventor of many paintings used by water color painters, died at her home yesterday.

GOVERNOR LONG OF LOUISIANA GETS INTO TROUBLE ON EVE OF ELECTION FOR SENATORSHIP; TWO MEN SOUGHT

NEW ORLEANS, Sept. 8.—On the eve of his entrance into the Democratic primary tomorrow as a candidate for the United States senate against Senator Joseph E. Ransdell, Governor Huey P. Long was brought into federal court here today and questioned concerning the whereabouts of Samuel Dreyfus and James Terrell, who were seized and detained as they planned to file suits against the governor in New Orleans.

With Judge Wayne C. Borah presiding and Assistant Attorney General E. R. Schwaiber questioning, Governor Long said he did not know where Dreyfus was but stated he was in Jefferson parish, outside of New Orleans. He testified that he had not seen Terrell in over a year and did not know where he was.

Engage In Fight
Before going to court in answer to a subpoena, the governor engaged in a fist fight with William G. Wagnard, reporter of the New Orleans Times-Picayune.

BOND ISSUE IN QUESTION

DEMO FORCES MAY DIVIDE ON PLANK

LOVE DECLARES ISSUE SHOULD BE INCLUDED IN PLATFORM

GALVESTON, Sept. 8.—The only hint of a cloud in the Democratic sky today as the party's representatives prepared to organize for the state convention tomorrow was the possibility of a division between Ross S. Sterling, gubernatorial nominee and Senator Thomas B. Love, who aligned with the

Senator W. C. Woodward of Coleman was recommended by the state Democratic executive committee today by acclamation, on the motion of General Joseph F. Walters of Houston, at temporary chairman and keynoter of the state convention tomorrow.

Galveston, Sept. 8.—The only social event scheduled was a formal ball tonight. Twelve hundred delegates were expected.

Whether or not Butte accepts the nomination, the Republicans will make a militant fight against Ross S. Sterling, Democratic nominee for governor, and other nominees of the party, Cragger declared. He also made the statement that no faction of the Democratic party would be catered to by the Republican platform.

Turn Down Vote
"We'll turn down no votes," he said, "from Democrats who like our candidates and our platform, but we certainly have not traded with any faction nor do we intend to trade."

This statement was literally interpreted as a denial that the Republicans would openly seek the

nomination in the second primary race, as to what should be done in the platform about the statewide highway bond issue.

Today's business consisted of the state Democratic executive committee's meeting and caucus of the various districts. It was believed that Sterling had been selected for tonight.

As to the bond proposition, it was believed that there was only a small chance that any disagreement of magnitude would develop. Senator Love, though, he believed the platform should carry a plank asking the legislature to submit the bond issue to the popular vote—a plank supposedly different from that held by the nominee—in most major political matters see eye to eye with Sterling as against the latter's enemies.

Debate for the nomination in the first primary, the senator immediately announced his support of the Houston man. These and other facts were interpreted as meaning that Sterling would have no bitterness engendered between the two. Mr. Sterling's position in the road bond issue, as defined by a leader close to him, is that the convention merely should go on record as supporting a highway policy which would require the traffic to pay the cost of road building and comparable counties for expenditures heretofore made on state roads.

European Nations Considering Union
GENEVA, Sept. 8.—Representatives of 27 European nations were in conference here this afternoon to study Aristide Briand's plan for a political and economic federation in Europe.

A full explanation by the French foreign minister of his scheme, which is among the most important business of the present council and assembly session, will probably be given on Thursday.

Roscoe Youth Dies As Truck Overtaken
PAMPA, Sept. 8.—Charles S. Dooley, 21, was killed instantly near here yesterday when his truck overturned on a winding hill and pinned his body beneath it.

Officials here explained that the purpose of the trucker's union is to have a fund for benefits through insurance. Opinions have been expressed by several county agents over the South Plains where similar projects are underway, that it would be well to start such projects in the county and to have them for a broader spread which would build a larger organization next session.

Dallas Farmer Is Charged In Death
DALLAS, Sept. 8.—J. N. Hall, 30, farmer of Hubbard, was indicted today for murder in the shooting of Oscar Bell, 40, head writer of the state committee, last Tuesday.

Hall, who was held without bond, confessed shortly after the shooting to a statement to District Attorney William McCraw the farmer said he had warned Bell to stay away from his home.

Dr. Butte Is Considered Likely To Accept Texas Republican Nomination

BY PAUL BOLTON
Associated Press Staff Writer
SAN ANGELO, Sept. 8.—The probability that Dr. George C. Butte of Austin, assistant U. S. Attorney General at Washington would accept the Republican nomination for governor grew today as Republicans from all parts of Texas gathered here for their state convention tomorrow.

Dr. Butte will not attend the convention but the opinion was unanimous that he would accept the nomination accorded him in the Republican primary, even though to do so may entail resignation from his Washington position.

Best Candidate
R. E. Cragger, national committeeman for Texas, expressed the opinion that Butte would make the best candidate the Republicans could offer, both because of his large following and because of his record in 1924 and because of his excellent personal reputation over the state.

The state executive committee was scheduled to meet today to outline the convention's work. The only social event scheduled was a formal ball tonight. Twelve hundred delegates were expected.

Whether or not Butte accepts the nomination, the Republicans will make a militant fight against Ross S. Sterling, Democratic nominee for governor, and other nominees of the party, Cragger declared. PRODUCTION IS INDICATED IN REPORT

YIELD IS PLACED AT 14,340,000 BALES ON SEPT. 1

WASHINGTON, Sept. 8.—The drouth apparently had little effect on the cotton crop, which was indicated today by the department of agriculture from conditions existing Sept. 1 as being 14,340,000 bales, a reduction of 22,000 bales from the production indicated a month ago.

The indicated crop is 488,000 bales smaller than last year's and 688,000 bales less than the average crop of the last five years.

Condition Is Lower
The condition of the crop on September 1 was 53.2 per cent of a normal, compared with 62.2 on August 1 this year, 55.4 a year ago and 56.8, the September 1 ten-year average, indicating a yield of 153.2 pounds per acre, compared with 155.3 pounds on August 1, 155.9 pounds last year and 155.1 pounds, the ten-year average.

The total abandonment of acreage after July 1 was placed at 2.2 per cent, leaving 44,791,000 acres for picking, on which average the department's estimate of the indicated total production was based. The area in cultivation July 1 was 45,813,000 acres, and the average abandonment after that date for the ten years, 1920-29, was 2.5 per cent. The acreage to be picked, based on the average abandonment, used a month ago in computation of the August indicated production, was 44,252,000 acres.

ANTON IS HOST TO FARMERS

CO-OP GATHERING IS BEING HELD THERE TODAY

With a scheduled program which includes addresses from several nationally prominent agricultural authorities and a picnic later in the day, more than 2,000 persons are expected to attend a gathering at Anton today in the interest of the Texas Cotton Cooperative association.

The speaking program was to have started at 3 o'clock while the barbecue will not be held until 5:30.

W. T. Martindale, of Indiana, a director of the American Farm Bureau federation, will be one of the feature speakers. Mrs. M. S. Hudson, of Hale Center, director of the Texas Farm Bureau federation, R. J. Murray and R. C. Hoping, both of Lubbock, also will speak.

Both Well Known
As director of the district organization of the Texas Cotton Cooperative association, Mr. Murray is well known as one of the best in-ternational speakers on the subject of cooperative marketing. Mr. Hoping is sales manager of the Ellywood Farm Lands company.

Anton business men and farmers have been busily engaged in making preparations for the gathering of expected visitors and committees which have served in outlining the plans include: Finance—A. L. Atkinson, Ed. M. Hart and W. A. Turner; publicity—P. L. Elliott, F. L. Burdick, N. H. Payne and Al Hill; wood—J. D. Jordan, R. B. Gordon, J. C. Groce; barbecue—W. H. Harrell, W. L. Allen, and L. L. PRESIDENT HOOVER EXPRESSES U. S. FEELING AT SUCCESSFUL FLIGHT OF FRENCH FLIERS; OTHER ACES ATTEND

WASHINGTON, Sept. 8.—President Hoover expressed today to Dierdome Coste and Maurice Bellonte the feeling of the United States that their Paris to New York flight returned the vast made in France by Charles A. Lindbergh at the White House before the state luncheon he gave in their honor, the president recalled "the thirty hours and more of intense emotion that gripped us while our own Colonel Lindbergh was winging his way to Paris."

"Today, therefore," he said, "every American knows exactly what pride and happiness possesses every French heart, as the knowledge that these two gallant sons of France landed safely on our soil."

The achievements of Coste and Bellonte and Lindbergh were linked by Mr. Hoover with those of two of America's other famous aviators, Rear Admiral Richard E. Byrd and Captain "Eddie" Rickenbacker, at the luncheon.

Earlier, the French fliers had honored the tomb of the unknown soldier at Arlington with a wreath. They also had paid their respects to members of the cabinet.

LUBBOCK TO SEND GOOD DELEGATION TO CARLSBAD CAVERN HIGHWAY MEET TOMORROW; 35 SIGN FOR TRIP TODAY

Thirty-five Lubbock men today had signed to compose a party from this city to the regular quarterly meeting of the Carlsbad Cavern Highway association, to be held in Carlsbad, N. M. Tuesday, according to announcement this morning. About 25 others also have indicated intentions of making the trip if possible.

The local group will leave Lubbock tomorrow morning at 3 o'clock from the city hall to arrive in Carlsbad in time for the opening session of the day's meeting which starts at 10 o'clock. The return trip will be made tomorrow night, start scheduled about 4 o'clock.

Large Meeting Expected
Officials of the highway association today stated that the largest representation of citizens from cities along the route of the highway is expected than at any other meeting due to the fact that several matters of great importance have been outlined for consideration. Chief among the discussions will be that of making the route an international one in scope. Following federal designation as U. S. Highway No. 62, from Massville, Ky., to El Paso, officials have expressed a desire to extend the line into Canada and Mexico. Representatives of the State of Chihuahua have been invited to attend Tuesday's conference to discuss

GROUP NAMED FOR TRIPS

TWENTY-TWO MEN WILL HAVE CHARGE OF FAIR JAUNTS

A committee composed of 22 Lubbock men has been appointed by officials of the Panhandle South Plains Fair association to plan winter trips for this year's exposition and first meeting of the group is being held this afternoon at offices of the Lubbock Chamber of Commerce. The meeting was started at 3 o'clock.

Plans are being outlined today for motorcades which will include a visit to practically every town on the South Plains for the purpose of advertising the 1930 fair and to build goodwill throughout the territory.

Plans to Go Afloat
In previous years four trips have been made annually and officials stated this morning that the custom probably will remain unchanged. The Lubbock high school Westerner band, a favorite throughout the South Plains, will possibly be one of the outstanding features of this season's jaunts as it has been on prior occasions.

Members of the committee indicated this morning that one of the trips might be made this week.

With W. O. Daniels as chairman, the committee is composed of the following: Frank Magdus, R. E. Stroupe, R. F. Humphries, M. D. Raliff, H. A. Davidson, R. P. Bayless, R. B. Borders, J. M. Gordon, H. O. Payne, Arthur Miller, J. C. Anderson, O. W. Ribble, Fred Johnston, Bryna Miller, Joe Bowman, Bayless Elliott, C. A. Simmons, Carl D. Brandt, Clark M. Mullan, Dr. W. A. Jackson, and Dr. S. S. McKay.

GRAND JURY IS SELECTED TODAY

Grand jury of the 99th district court, presided over by Judge Clark M. Mullan, was empaneled this morning and docket was read for the September term of the court.

Petit jury was to have reported to the court this afternoon at 1:30 o'clock.

Members of the grand jury include: J. T. Abbe, G. A. Porter, H. M. K. L. Scudder, I. A. Eubank, N. L. Peters, E. S. Brooks, W. L. Copeland, O. L. Nisler, J. H. Brewer, F. A. McGee, M. T. McGee, M. T. Daniel, Douglas Pounds, C. U. James, A. J. Bultman, J. T. Trigg, and G. A. Porter.

The petit jury is composed of H. C. Burrus, M. F. Quetterbach, B. R. Jones, Mr. Garland, J. W. Garner, Con Caraway, R. D. Campbell, A. J. Kahlisch, Guy B. Ely, Joe Swink, Roscoe Fort, W. T. Ferechman, J. F. Abbe, G. A. Porter, H. M. K. L. Scudder, I. A. Eubank, N. L. Peters, E. S. Brooks, W. L. Copeland, O. L. Nisler, J. H. Brewer, F. A. McGee, M. T. Daniel, Douglas Pounds, C. U. James, A. J. Bultman, J. T. Trigg, and G. A. Porter.

The meeting was held last Wednesday at Kansas State Agricultural college.

Purpose of the gathering was to discuss problems concerning better water wheat problems. Representatives also attended from the United States Department of Agriculture.

 A writer in the current issue of
 the Nation calls attention to a by-
 product of the automobile industry
 which ordinarily goes unmentioned—
 the utter ruination of tempers and
 manners which the automobile
 seems to have brought to millions
 of good citizens. It is a point worth
 considering.

There seems to be something in-
 herent in the mere act of driving an
 automobile that makes a man feel
 that he is exempt from all, or
 nearly all, of the common require-
 ments of courtesy and human de-
 cency. It applies to nearly all of us,
 and in the last few years it has pro-
 duced a set of road manners which
 would seem to justify the complaint
 that we are a nation of barbarians.

Yet we are not, ordinarily, nearly
 as bad as we seem to be. Most of us,
 in the common round of daily life,
 are fairly well-disposed people. We
 have a fair amount of courtesy, we
 do not over-forward, we are quite
 willing to give the other fellow a
 break and to refrain from pushing
 ourselves to the front too blatantly.
 But one of us behind the wheel of
 an automobile, however, and that
 happens? Dr. Jekyll vanishes and
 Mr. Hyde comes tearing to the
 front, grinding his teeth, clenching
 his fists and muttering swear words.

The mildest of men is transformed
 into a ruthless dictator, demanding
 that all other motorists get out of
 the highway give way before him.

Really, it is actually amazing the
 way our dispositions change for the
 worse. We will put on an extra
 burst of speed to keep the other
 fellow from crossing ahead of us.
 With an hour in which to make a
 15-minute drive we will pocket for
 10-second advantages as if the fate
 of the nation hung on our speed.
 If some luckless soul stalls his en-
 gine, runs out of gas or encounters
 a mechanical defect that stops him
 in his tracks, do we offer to help
 him, or at least to show our sym-
 pathy on him? Not much—we yell
 at him, and toot our horns, and
 mutter in our beads as if he were
 the most fiendish criminal of the
 age.

To list all the ways in which we
 show our boorishness on the high-
 ways would take all day. You can
 guess what your own list would be
 if you do it carefully and honestly,
 the chances are you'll be surpris-
 ed at your own lack of manners.
 All of us display a surliness and
 a selfishness as drivers that we
 would never dream of displaying in
 any other field.

This is more than just a matter
 for melancholy regret. Our auto-
 mobiles are killing more than 30,
 000 people a year, an a great many
 of these 30,000 would still be alive
 if it were not for this national
 habit of selfishness on the highway.

As first the stories were interest-
 ing, and then they became mildly
 amusing. Now they are only boring,
 in the last degree. A good many
 citizens, beyond doubt, are reach-
 ing the point where they would be
 quite content never to read another
 line about these two ladps.

One thing does stand out; Almie
 does not seem to need a public re-
 lations counsel. No press agent
 worth his salt would ever allow the
 two of them to get involved in pub-
 licity of the kind they have been
 getting lately.

At lower stations attending sum-
 mer classes at North Carolina State
 College, a team, they
 probably call themselves the Red
 Sox. They're invariably in the cel-
 ebrated

THE PLAINSMAN

Says:

That Girl on Broadway says the
 only thing some people ever learn
 about an automobile is that it runs
 easier with the brake off.

The innocent bystander isn't al-
 ways innocent. Sometimes he
 breaks the speed laws getting there,
 for fear he'll miss something.

A well-meaning lady asked
 the Plainsman the other day
 if it is much trouble to write this
 column. To be honest about it,
 we have more trouble getting
 people to read it.

If I had a thousand dollars in
 loose money—or rather, in any
 kind of money—I'd buy \$2,000 worth
 of Lubbock real estate and I'd let
 it sit for 18 months. People with
 foresight are going to clean up—
 providing they have the cash capital to put
 their foresight, working.

The time to buy is when folks
 want to sell—and the time to sell
 is when folks want to buy. That's an
 age old law you can't beat. It's just
 like 2-and-2 and more fortunes have
 been built by following it than by
 any other way—writals included.

While nine-tenths of the people
 are standing around with their
 hands in their pockets, talking
 about hard times, business depression
 and other things they know little about,
 the other tenth is going to dig up some
 money some way or another
 and buy until it hurts. A year
 or 18 months from now you'll
 see those people riding around
 in shiny new automobiles, build-
 ing new homes and sending the
 kids off to college. They're go-
 ing to make money.

Faint heart never won fair la-
 dy, neither did it ever pick up
 some easy money. The Plainsman
 doesn't advise speculation except
 under very limited regulations. But
 Lubbock real estate is no speculation.
 It is an investment which
 cannot fail.

There will be lean years in this
 country, in fact it might be better
 said that there ARE lean years in
 this country. But there are lean
 years in every country and a grow-
 ing country has fewer of them than
 the rest.

You'll remember the article
 in this column the other day,
 about the Plainsman's conver-
 sation with a visitor from Bath,
 Maine. Making his first visit to
 Texas and the South Plains as
 a part of a nation-wide swing,
 he promptly opined that this
 section of the country is in bet-
 ter shape, generally, than any
 he has yet visited. His trip thus
 far has carried him through the
 northeast, the old south,
 the middle west and into Texas.

To be sure, there are strips on the
 South Plains and over West Texas
 which are in very poor shape. Some
 of them won't make a crop at all.
 But there are other sections. In
 the majority where crops will be made
 and while they may not be bumper
 crops, they'll use us over very nicely.
 My Maine visitor points out that
 crops all over the country range
 from poor to poorer and this sec-
 tion, as a whole, is in better con-
 dition than the others he has visited.

We all know that there are be-
 tween six and seven million
 acres of land in Lubbock's trade ter-
 ritory which has yet to go under
 the plow and we all know that one
 of these days people are coming in
 with the plows to turn the truck
 that can man but one thing—a
 bigger Lubbock. As Lubbock grows,
 so will its realty value, which is
 the Plainsman's reason for saying
 that real estate here is no specu-
 lation, but instead a very sound in-
 vestment.

That Man on Avenue Q says the
 poet who wrote of fall as "The
 Melancholy Days Are Come,
 the Saddest of the Year," didn't live
 in West Texas!

A West Texas cowhand down
 at Midland wrote a touching
 letter to his sweetheart, ten
 miles away.

"I'd swim the ocean for you,"
 he told her. "I'd climb the high-
 est mountain. I'd battle snow
 and ice across the north pole to
 be with you and I'd ride through
 a hurricane to be by your side."
 "And baby, you can count on
 this—I'll be over to see you Sun-
 day if it doesn't rain!"

UP around Tulsa, where The
 Plainsman was feted by them, they
 tell a story of an Easterner travel-
 ing through Oklahoma and meeting
 an Indian.

"Hello John," the white man said
 to the Indian, "what do you do for
 a living?"

"Ugh, ugh" returned the red man,
 "me preach."

"How much salary does your
 preaching pay you, John?" persist-
 ed the white man, to be told "at
 it netted the Indian \$10 per year."

"That's not much of a salary for
 a preacher, is it?" the visitor ob-
 served.

"No, white man," was his answer,
 "but he not much of a preacher."

There's some pretty good
 philosophy in that story if you
 stop to consider it. A lot of us
 are always kicking because we're
 not making as much money as

 which was returned to office in
 1920 with a slogan of "More
 business in government and less
 government in business."

Between actual federal enterpris-
 es and various types of assistance
 to existing industries, Uncle Sam
 qualifies as the world's biggest
 business.

Very few important lines of busi-
 ness activity you'll find where he
 isn't engaged in one way or an-
 other.

Dabbling in Agriculture
 Recently the government has en-
 tered the business of agriculture in
 a big way. It has lent American
 farmers a large portion of the
 \$500,000,000 provided in the farm
 relief act and it actually speculated
 in wheat when the Farm Board
 bought up about 60,000,000 bushels
 of wheat which it is still holding
 at a cost of something like \$1,900,-
 000 a month.

The farm loan system supervised
 by the treasury closed \$216,000,000
 in loans last year. Up to June 30
 loans by its federal land banks had
 amounted to \$1,631,420,000 by its
 joint stock land banks \$891,046,000
 and federal intermediate credit
 banks \$991,121,000—or a total of
 more than \$3,500,000,000.

Uncle Sam will be partially in
 the power business with the con-
 struction of Boulder Dam at a cost
 of \$163,000,000. The power he pro-
 duces will be sold and distributed
 over a wide area in the southwest.

He still owns Music Shooks,
 which cost him \$150,000,000, and is
 collecting a few hundred thousand
 dollars a year from the sale of his
 power there. For years there has
 been a fight on in Congress to de-
 termine just how much further we
 are going into the power business
 and the fertilizer business at Mus-
 cle Shoals.

Down at the Panama Canal, which
 cost \$375,000,000 when canals were
 cheap, Uncle Sam not only
 operates a toll gate but does busi-
 ness as a ship chandler as well.
 Receipts from toll fees for 1929
 were \$27,367,000 against expenses
 of \$9,827,000 and receipts from
 business operations—such as sup-
 plies and repairs—were \$17,230,000,
 as against \$16,498,000 expenses.
 And there's more and more talk of
 building a Nicaragua canal, which
 would cost about a billion.

Up in Alaska there's the Alaska
 railroad, federally owned and oper-
 ated. It had a deficit of \$364,000 for
 the last fiscal year.

Business and shipping interests
 chortle at the news as Congress
 passed a \$120,000,000 rivers and
 harbors bill which Senator Vandenberg
 of Michigan insisted involved
 \$360,000,000 in commitments. The
 cost of construction and mainte-
 nance of inland waterway systems
 has amounted to more than \$490,-
 000,000 in date.

Government bargains on the Mis-
 sissippi and Warrior rivers have
 had a total income of nearly \$30,-
 000,000 in the last five years, with
 a net operating income of about
 \$850,000.

No doubt was left as to the valid-
 ity of Uncle Sam's claim to being
 the world's largest road builder
 when Congress passed the Dowe-
 dale \$375,000,000 road bill last
 spring. The measure provided ap-
 propriations of \$125,000,000 an-
 nually on roads for the next three years,
 \$80,000,000 more than in any pre-
 vious year.

Aviation and the merchant ma-
 rine have been stimulated by in-
 creasingly large mail contracts.
 Ocean mail contracts this year,
 under liberal provisions of the
 Jones-White act, will total \$13,778,-
 000. Air mail contracts for the last
 fiscal year were let for \$14,618,000,
 as compared with \$13,900,000 paid
 out by the Postoffice Department to
 railroads.

There's Flood Control, too.
 As a result of the last big Mis-
 sissippi flood the same Uncle took
 over a \$325,000,000 flood control job
 which is being spread over a period
 of 10 years.

Practically \$130,000,000 has been
 invested in irrigation work in the
 west, the money being taken from
 leases and sales of public lands and
 paid back by water users.

And of course the government
 has been in the shipping business
 since the war. It went in still
 further under the Jones-White act
 provisions for shipping loans and
 more liberal mail contracts.

The other fellow seems to be
 making. Maybe he'd be mak-
 ing it if he were a little better
 in our chosen line.

And we'll close the evening lesson
 by remarking that a symposium is
 not a new-fangled name for a nut-

In New York With Fun

Gilbert Swan

NEW YORK, Sept. 8.—Notes from
 the week's log . . .

Wandering through Forty-fourth
 street, I dropped up for a chat with
 Mamma Seif in the Shubert offices,
 and we fell to talking about the
 forthcoming appearance of Ethel
 Barrymore in a burnt cork role.
 And he told me that so great was
 the national interest in this event
 when, through misinformation,
 an erroneous date was given for a
 Cleveland, O., opening, the theater
 front gathered a line several blocks
 long. And already orders are com-
 ing for seats for a New York open-
 ing, despite the fact that no date
 has been set.

So, ambling along almost
 tripped over a vaudeville midger
 who had squeezed his tiny way out
 of a subway station and was
 scampering along carrying a vanity
 case for a hand bag. . . Only to
 bump square into Sid Grauman, the
 Hollywood impresario, who arriv-
 ed on Broadway to demonstrate how
 the movie capital puts on its very
 super-super premieres. . . And they
 tell of the time when all Hollywood
 was adorned with signs, balloons
 and heaven-knows-what carrying
 the slogan, "Welcome home, Bud,"
 whereas Grauman had been out of
 town. . . But that's the way with
 things out there. . .

At lunch I noticed Louis Brom-
 field, who graduated from a Pulitzer
 prize author to a patier writer
 for the cinema. . . And what has
 astonished me is the writing gen-
 tility that has been paid for at a
 price where they had what they
 called "plomatine poisoning." What
 had actually happened to them was
 that they had simply paralyzed their
 whole digestive tract by upsetting
 the time schedule of their food in-
 take.

As I say, I have learned this and
 I do not make radical changes in
 my meal schedule when I am in
 France. I admit it is no easy job.
 The French try very hard to make
 you adhere to their system. I was
 the other day in a very small town
 in France and insisted for break-
 fast on an orange, ham and eggs
 and coffee and toast. The waiter
 at first tried to persuade me that I
 did not want that. He called the
 other waiters around, and they
 talked me over at some length.

Finally, they decided they would
 experiment with me. They would
 give me a chance to make good.
 They brought me everything I or-
 dered. And as I actually ate it,
 they gathered around me in silent
 awe. One hurried out to get the
 manager and the chef. They went
 across the street and got the wait-
 ers from the other hotel to see the
 mad American eating ham at 9
 a.m. And if I had not finished so
 soon they would have gone to the
 town hall to bring the mayor, and
 if it had been open that early they
 would have gone to the postoffice
 for the post mistress to give her a
 look. But the postoffice was closed.
 (It opens at 10 and closes again at
 11. If all the mail is not distrib-
 uted by that time you are just out
 of luck. Cartwheels will not ring for
 you that night.)

The moral of all of which is that
 you can get your meals on time if
 you try hard enough.

Miss Alice Barr and Dick Perdue Are Married Sunday In Clovis, New Mexico

Bride's Family Accompanies Pair To New Mexico; Will Reside In Lubbock

Miss Alice Barr, second daughter of Dr. and Mrs. I. E. Barr, 2114 15th street, became the bride of Dick Perdue Sunday in a nuptial service read by the Rev. Paul J. Lux, pastor of the Clovis, N. M., First Presbyterian church, in his study. Members of the bride's family accompanied the couple to Clovis for the marriage.

Mr. and Mrs. Perdue left from Clovis for El Paso and other points in the Southwest on a wedding trip. They expect to return to Lubbock this week-end and will be at home here.

The bride's wedding dress was of dark blue. She wore blue hat and shoes with other accessories in tan. She is a graduate of the Lubbock High school and has been a student in Texas Technological college for two years. The groom has been in Lubbock for about six years coming here from East Texas and is associated with the Lubbock Laundry company as tailor.

NEWS BRIEFS

Miss Charlotte Elms, of Dalhart, former Tech student, is visiting in the home of Miss Veta Stafford, 2011 Broadway.

Harvey Black, who has been living in Denison and Wink during the past year, is to join his wife in Lubbock shortly and attend Texas Technological college this fall. Mr. Black is a former star athlete of the Wichita Junior college football team.

Mr. and Mrs. Arthur L. Brown have returned from Dallas where they spent a week purchasing supplies for their photographer's studio, the other furnishings having been burned in the fire which destroyed the Conley building two weeks ago.

Mrs. Lynn Williams and children, Betty Jean and Donnie, will return to their home in Plainview the first of the week after a long visit with her father, the Rev. R. C. Conn, of Holston, Kansas. Mr. Williams and Junior left for the Kansas city several days ago to accompany them home. Mrs. Williams has been recuperating following a nervous illness of several weeks.

Miss Wanda Spuhler, who has been employed in Lubbock for several months, has gone to Tahiti-Cari, New Mexico, to make her home with her parents, Mr. and Mrs. F. J. Spuhler.

Miss Mary Porter of Plainview spent the week-end in Lubbock as the guest of Mr. and Mrs. D. C. Pollard. Mrs. Pollard is a sister of Miss Porter.

Mr. and Mrs. O. L. Davis of Smyer are announcing the arrival of a ten-pound son who was born this morning.

Mr. and Mrs. John Prude and small daughter, of Colorado, are the guests of Mrs. Prude's parents, Mr. and Mrs. C. C. Reed, 1810 Avenue M.

Cecil Jones of Floydada is a business visitor here today.

Mr. and Mrs. H. D. Chipley and Miss Mary Evelyn Woodson returned to their home at 2214 Broadway Saturday night following a two months' vacation. After leaving Lubbock they visited the Grand Canyon and traveled on up the western coast into Canada. Crossing Canada they saw Niagara Falls, visited in New York City and Washington, D. C. and returned by way of the east coast of the United States.

Mrs. Chipley reports that the climate was delightful most of the time and the weather in New York northeastern the wearing of a light coat.

Mrs. F. R. Smith of Sherman is in Lubbock to be at the bedside of her daughter, Mrs. E. D. Good-knight, who is seriously ill at her home here.

Harroll and Carol Laird, twin sons of Mr. and Mrs. D. C. Laird and graduates of the Plainview high school, plan to enter Texas Technological college September 17. They will stay with the J. S. Stansell family while attending school. The Laird twins were outstanding athletes at Plainview high school.

Miss Willie Brashear, who has been visiting her sister, Mrs. G. N. Atkinson, spent the week-end in Plainview as the guest of Mr. and Mrs. M. F. Brashear and will visit here again before returning to her home in Denton.

Misses Blanche and Virginia Bacon returned to their home here last night after a short visit to Dallas and other Texas cities.

AMERICAN FACIST CAUSING TROUBLE

(By Associated Press)

ATLANTA, Ga., Sept. 8—Holt J. Gwinther, signing himself adjutant general of the American Facist, order of blackshirts, issued a statement denying charges that the blackshirts have demanded the discharge of negro employees.

Gwinther's statement followed a resolution passed yesterday by the Fulton county grand jury condemning the blackshirts and appealing to the judges in the superior court to deny a charter to the organization. The resolution, among other things, said that housewives of Atlanta had been alarmed over efforts of the blackshirts to intimidate negro servants, and that manufacturers had also been approached regarding their negro workers.

Gwinther's statement said the blackshirts "never have made a demand on a single merchant or manufacturer in the city of Atlanta or any place else that they discharge negro employees."

Ku Klux Leader Is Held For Charges

GARY, Ind., Sept. 8 (P)—Ralph B. Bradford, Gary political and Ku Klux Klan leader, charged with complicity in a narcotic syndicate, today surrendered to federal officers. A warrant had been issued for the politician's arrest yesterday after officers followed a mail package, said to contain narcotics valued at \$5,000, to Bradford's office. His bond was set at \$25,000.

Camp Fire Choral Club Is Organized

Mary Margaret Carter was elected president of the Camp Fire choral club Saturday afternoon in the first meeting of the organization and Sarah Sue Stewart was elected secretary.

This organization, which is open to all Camp Fire girls in the city, is to meet on the first Saturday afternoon of each month in the First Methodist church basement and Miss Louise Jennings is to direct choral work. Soprano and alto parts were practiced Saturday afternoon.

Wild Gasser Still Rampant In South

BEAUMONT, Sept. 8 (P)—Yount-Lee Moore's Blubb Number 3 gasser at Esperson Dome was still wild putting out about 50,000,000 feet of dry gas a day and resisting attempts to choke it with mixtures of opaline. The noise could be heard for two miles but there is no fire hazard except to the well's own derrick, the wildcat being far removed from any other properties. The gas blew out with 7,000 feet of drill stem in the hole, the well being cased to that depth.

FORT WORTH, WICHITA FALLS, LUBBOCK AND TAHOKA PREPARE FOR PLAY-OFF SERIES

WEDNESDAY IS OPENING DAY OF GAMES

CATS ARE SLIGHTLY IN FAVOR; MEMPHIS IS OPPONENT

By GAYLE TALBOT, Jr., Associated Press Sports Writer

The dreary business of playing the Texas League schedule right down to the bitter end having been attended to yesterday, five days after Fort Worth had clinched the second half crown, fans were free today to devote their attention to the impending playoff for the championship and the right to meet Memphis in the Dixie Series.

While the personnel of six less fortunate teams scattered to winter quarters, final checks stowed away in their plastic pockets, the surviving pair faced a two-day hiatus in which to store up energy for the five-game series starting Wednesday at Wichita Falls.

Although it might mean nothing at all insofar as the playoff is concerned, the fact remained that the Cats wound up their final four-game series at Wichita Falls with three victories. They had a 2-1 record, with a makeshift lineup, while the Spudders took their best lick right to the last. Dick McCabe was the only member of the Kittens' "big three" to participate in the series. The Spuds used everything they had in the way of pitchers. Of course, they might have been just "posturing" to throw the Cats off guard, but it is unlikely.

"Red" Roberts, a member of the Cat staff not even expected to start in the play-off, stopped the first half championship game yesterday, allowing only one hit until he was relieved by Haynes in the sixth. The Kitties, meanwhile, had gotten to Mill Steingrafe for two runs in five innings and then jumped all over his successor, Ray Caldwell, in the late innings. The final count was 12 to 9 for the Cats, who punched 16 solid hits off the two Spud veterans.

The Houston Buffs closed their books with an 11 to 3 victory over San Antonio, thanks to some excellent chunking by Stout and Dean. The win enabled the Buffs to nose out Shreveport for second place on the full season standing and cut in on the Dixie Series purse.

Dallas knocked the Sports out of a share in the series money by winning their last, 5 to 3. With Manager Jakey Alt absent and no players available, "Lefty" Holmes, a rookie, took the hill for the Sports and held the Sports scoreless except in one frame. Adkins, a pitcher, and Tesmer, catcher, filled two outfield posts for the winners.

Slipper Del Pratt played every position, even pitching one inning, as his Waco Cubs nosed out Beaumont, 14 to 13, in their final. The Cub leader struck out one batter and batted four hits in five tries. A pair of homers by Bob Sanguinet proved decisive.

Final standings of the Texas League teams for the season including Sunday's game follow:

Wichita Falls	35 58 .371
Houston	29 65 .378
Shreveport	26 65 .370
Fort Worth	24 62 .382
Waco	22 61 .457
Beaumont	22 64 .447
San Antonio	20 69 .392
Dallas	18 73 .384

When the Fort Worth Panthers and the Wichita Falls Spudders come together Wednesday afternoon for the first game of the championship series, an attempt will be made to break one of the oldest traditions of the league. The Panthers will enter the series favorites to win the crown, yet the title has never been won by a team which failed to win the first half of a split season.

According to all traditions, custom, habit, etc., the Spudders, therefore, will represent the state in the Dixie series with the Memphis Chicks, but stronger than tradition or habit are the good right and left arms of Lil Stoner, Dick McCabe and one Mr. Whittworth. The latter has earned the distinction of being the most able pitcher between the two clubs with his recent winning streak.

Wichita Falls' two leading hurlers, Willise and Steingrafe, have shown such a reversal of form during the past few weeks that it makes it impossible to class them with the Cat twirlers, but two days of rest and a Spud club in general and the chunking staff in particular. We're not making suggestions, but we'd stake very little on the Spudders and less than that on the Panthers.

Turning from the diamond to the gridiron, we find six Southwest Conference teams and a whole flock of T. I. A. A. and Texas Conference teams pulling on molecules and hopping about dressing rooms in painful anxiety to get down to business. Those college gridsters who were not already occupied with the more serious side of life have been working diligently on the practice fields for the past few weeks, game for the entire summer, but legal operations cannot begin until Wednesday.

Both the leaders of the Southern Association won their title Sunday but even if New Orleans won all the remaining games, the chance of overtaking the Memphis Chicks is very slim as "Doc" Frothro and his men have only to win two of their remaining games to clinch the pennant.

Walter Beck led the Chicks to their Sunday victory over Nashville by limiting the hard hitting Volunteers to three hits and blanking them while Memphis ran up five runs.

The Pelicans and Atlanta Crackers had a light game but two runs in the eighth gave New Orleans the count, 3 to 1. The Crackers could hit the Pel II to 7 but they could not bunt them for runs. The loss put Atlanta in grave danger of losing their first division hold before the season is closed, as the Little Rock Travelers nosed out Chattanooga three to two by a two-run rally in the eighth yesterday, which put them only one game behind the Crackers.

Although the Chicks have the pennant almost sewed up, there is a keen competition between the other clubs to better their positions before the season is closed. The rivalry, as presently is between New Orleans and the Birmingham Barons, who were idle with the Mobile club Sunday.

INTERSECTIONAL PLAY DECIDES RACES

IN THE REALM OF SPORE

With Collier Parria Journal Sports Editor

It's a big week for sports. The Texas league play-off series for the championship will contest the opening of the football practice season for popularity. Both begin on the same day, Wednesday.

CARDS MOVING UP NEARER TOP RUNG

ROAD TRIPS MAY CLOSE RACES; SENS STILL HAVE CHANCE

BY HUGH S. FULLERTON, JR., Associated Press Sports Writer

The National league pennant race depends on the final intersectional series western clubs playing in the east and this raises the hopes of the third-place Giants.

The Giants have done well so far this season in entertaining visitors, while the Cubs have turned in about as many victories in the east as their stay-at-home rivals.

The St. Louis Cardinals now hold second place and are closer to the league leading Cubs than any team has been for some time.

The Cards fell down in their first visits to the east, but since then have had a great string of victories in their own section, both at home and on the road and have moved from fourth place into second, only 1-2 games behind the league leaders.

A double victory over the Cincinnati Reds yesterday, 11 to 6 and 4 to 2, made seven straight victories and a clean sweep of the eleven home games against Cincinnati. The Cubs and the Giants both in single games, leaving the Cards only 2-1-2 games away from the leaders and 11-2 games ahead of New York.

While Rhen and Haines were holding the Reds in check the latter with a five hit performance. Four Cub pitchers, (ated) to stop Pittsburgh. The Cubs overcame one Pittsburgh lead only to have the Pirates score six runs in the last three innings for a 9 to 7 triumph.

The Giants found the Brooklyn jinx working during a one-game visit to Flatbush. Darryl Vance did most of the jinxing while the Robins supported him with timely hitting and brilliant fielding to win 5 to 2. The victory left the Robins only a half game behind the Giants and 4-2 games back of Chicago.

Two teams which are clear out of the running put the leaders to shame in yesterday's performances as the Phillies and Boston Braves split a double header. Philadelphia won the first 1 to 0, although Ed Brandt allowed only two hits while Phil Collins gave the Braves seven. Boston turned the tables in the second winning 2 to 1 although Ray Benge outpitched Harry Siebold to the extent of five hits to eight.

The Philadelphia Athletics kept all set to put the American league pennant away in their locker after two innings against Washington, but the Senators, after losing a game on Saturday, scored two runs in the ninth to win, 7 to 6. The champions assaulted Sam Jones in their last game, five runs in the second inning when they saw their lead trickle away as Fred Marberry pitched them into submission while the Senators picked up a run or two at a time to beat Walberg and Farnshaw. The teams start their final four of the west with the Athletics 6-1-2 games ahead.

The New York Yankees tottered on the verge of mathematical elimination from the race as they dropped the first game of a twin bill to the Boston Red Sox, 5 to 3, while the A's were ahead, but they recovered by winning the second game, 5 to 2, and retained the bare possibility of heading off the leaders.

The Detroit Tigers and St. Louis Browns ended their season's play all square when the Browns pounded out a 9 to 6 victory in their rain-hampered final clash. Backed by timely hitting Walter Stewart outlasted five Detroit pitchers. The Chicago White Sox won their last clash with the Cleveland Indians, 5 to 2, behind the six-hit pitching of Rookie Jim Moore, but did not fare so well in the year's play. Cleveland won 12 of their 22 games.

coaches and officials met here and formed the West Texas Coaches and Officials Association. It is due to promote a greater interest in sports in this section than any other one thing. Affiliated as it is with the state association, the West Texas organization will be able to care for the needs that inevitably arise in any section. We rise to congratulate Pete Cavthon of Texas Tech for his part in making the meeting here a success, and for his being elected first president of the association.

INTEREST HIGH IN CONFAB ON RULES

ORGANIZATION RESULTS FROM MEETING HERE ON SATURDAY

The first athletic rules interpretation meeting for West Texas high school and college coaches and officials was marked with a greater degree of success than was anticipated, and resulted in the organization of the West Texas Coaches and Officials association, the membership of which consists of more than one hundred coaches and officials of this section.

At the instigation of P. W. Cavthon, head coach of a Texas Tech athletics, more than a hundred officials and coaches of West Texas high schools and colleges met here Saturday for the purpose of studying and interpreting the rules which will govern football this season. The confab here was held as a supplement to the state convention in Houston last week, which Cavthon attended. Local business men assisted in advertising the Lubbock meeting and the Lubbock Chamber of Commerce acted as entertainment committee, giving a luncheon for the visitors at the Hotel Lubbock at noon.

Luncheon is held

Following a meeting in the Tech gymnasium where Coach Cavthon led in a rules interpretation pep show, participated in by several visiting coaches and officials, the meeting adjourned to the Hotel Lubbock where the association was organized. After the luncheon, during which visiting notables addressed the assembly, Russell T. Smith, athletic business manager at Tech, explained the purpose of an organization, and P. W. Cavthon was elected first president of the new association.

Since it is affiliated with the state convention and the Southwestern Coaches association, the West Texas organization members will also hold bona fide membership with the larger body.

Garnett Reeves, publicity manager for the Lubbock Chamber of Commerce, was elected secretary-treasurer of the association, with three vice presidents appointed from different sections to act with the president as an executive committee. Blair Cherry, Amarillo high coach; Barry Holton, Wichita Falls high coach; and Les Cranfill, Simmons University coach at Abilene, were named as vice presidents. The delegates voted unanimously to elect Lubbock as the meeting place for the association next year.

A bill providing a fund of not more than \$2,000,000 to help farmers install electrical devices on their farms has been passed by the Ontario legislature.

SOUTHLAND AND TAHOKA TO FIGHT IT OUT FOR SOUTH PLAINS FLAG; SERIES TO BE ARRANGED BETWEEN 2 TEAMS

The South Plains baseball league closed its official scheduled season yesterday, with games at Tahoka and Anton. Tahoka finished the season in a blaze of glory by defeating a fighting Levelland team 8 to 3 in a fast game on the Lynn county boys' field. Anton marveled at the feat of the center-holding Lubbock Hubbers, smothering them with an 18 to 3 runaway.

Southland, winners of the second half of the season, did not play their regular scheduled game with Brownfield, there being a feeling of peculiar animosity between the clubs as a result of recent games and protests. The Southland crew will begin a play-off series with Tahoka, winners of the first half, some time this week, probably Wednesday, for the championship of the league.

Best at Brownfield

The best game of the day was not a league game, but an exhibition tussle at Brownfield between the Lubbock team number 1, and the regular Brownfield lineup. Brownfield came from behind in the sixth inning to push over three runs and win a thrilling 6 to 5 victory, after Lubbock had led the field for five innings. Young Kerbow, who pitched for an East Texas league during the early part of the season, was on the mound for Lubbock, and for five innings he sat the Brownfield batsmen on their shoulders, giving up two hits to hold the Browns to a minimum of scores.

A let down in the sixth gave Brownfield a chance to steal the fighting Kerbow, and Lefty Thorne, hurling a six-hit game for Brownfield, settled down and held the Hubbers to nothing for the rest of the game. His steady pitching was the feature of the game, though it was almost overshadowed in the first part by Kerbow's hurling.

Eight Hubbers went out via the strike out route before Thorne. Tahoka, Wins

Tahoka and Levelland mixed well in their final scheduled game. Lefty Squires was on the mound for Tahoka, and while he gave up eleven hits, the visitors were held to three runs by close fielding on the part of his mates. Evans started for Levelland but was relieved by Rutherford in the sixth. Each team marked up two home runs. Jack Wells for Tahoka clouted a four-base blow in the seventh with the bases drunk. Evans got one beyond the walls in the eighth. White and France hit for the circuit for Levelland, but no mates were aboard.

Officials of the Southland and Tahoka teams will meet tonight in Tahoka to arrange a play-off series between the teams. Five games probably will be played for the championship.

Dallas Gets 1931 Public Golf Play

PORT WORTH, Sept. 8 (AP)—The 1931 tournament of the Texas Public Golf association will be held in Dallas. The Stevens Park course of that city was chosen as the site for next year's event at banquet and business meeting of the association here.

The name of the golf body was changed from the Texas Municipal Golf association to the Texas Public Golf association. The change in the name becomes effective with the 1931 tournament.

John R. Noble of Dallas, present vice-president, was promoted to the office of president for 1931. He held the same position in 1929 when the event was staged at Waco. Noble succeeds Joe Fraser of Port Worth.

the Woman who wouldn't Talk*

• If there was one thing of which Mrs. Julian was firmly convinced, it was that "she could not hear over long distance."

Even the thought of attempting it disconcerted her.

So her daughter was not surprised one evening, after the telephone had rung, to hear her call excitedly:

"Dorothy! It's long distance—Philadelphia! You take the call. You know I can't hear over long distance."

Dorothy smiled. "Yes you can, mother, if you let yourself. It's as easy as any other call. Try it."

Mrs. Julian shook her head, but turned again to the telephone.

"Hello," she ventured doubtfully

A pause, during which her perplexed expression gradually gave way to a delighted—and wondering—smile.

"Martha!" she exclaimed at last. "This is a surprise! You'll be here day after tomorrow, for a whole week's stay. I am so glad!"

And then, the wonder of it overshadowing even the joy of the coming visit, she continued, "You know, Martha, I can hear you just as well as if you were telephoning from across the street!"

Next day her son-in-law (name and address upon request) wrote a letter to the telephone company.

"Mrs. Julian," he concluded, "is far from being an old fogey, but somehow she didn't know how easy it is to talk and hear over long distance. Don't you

suppose there are still many who feel as she did?"

Undoubtedly there are. Long distance service has improved so rapidly in the last few years that those who have not recently cannot be expected to know how much like local service it is.

But the "proof lies in the eating." One special call will tell you more about the ease, speed, and clarity of long distance than we could in a whole book.

For long distance is not only clear.

It is easy. In most cases you are connected with the distant telephone while you hold the line, particularly if you can give the number of this telephone.

It's personal. It is the only way whereby question and answer

HACK WILSON SETS ANOTHER RECORD

NEW YORK, Sept. 8 (AP)—Hack Wilson, clubbing outfielder for the Cubs, has established a new National league record for runs batted in for one season.

Wilson now has driven in 183 runs, compared to the league record of 150 he set last season. With sixteen games yet to go, Wilson has a chance to eclipse the major league record of 175 established by Lou Gehrig of the New York Yankees in 1929.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

"The Coliseum is, no doubt, one thing the whole world read about," exclaimed the friendly Travel Man. "It is a monstrous place. Full fifty thousand people once could sit and watch athletic stunts. Bold gladiators used to stage most every sort of race."

"And folks had comfort in those days, protected from the strong sun's rays by awnings that spread out and added to the thrilling sight. One of the best things we've seen yet. It's something you will never forget." "You bet we won't. It's wonderful," said Scouty Tiny-mite.

And then the whole bunch walked around and every place they stopped they found another sight of interest. They were thrilled as thrilled could be. Soon everyone heard Scouty shout, "Oh, watch that water gushing out. That is the finest fountain that I ever hope to see."

"Fountain Di Trevi is the name of that spot. It has earned its fame," explained the kindly Travel Man. "There's Neptune, perched up high. It is good luck, the people think to stop and take a real deep drink. That's what most of the people do before they pass by."

"Then, ten folks stop and drop coins in. This makes the little arches grin. He promptly goes awading so's to fish the money out. 'That's interesting,' Scouty said. 'And just like stories I have read. I certainly am pleased to know what it is all about.'"

Just then a flower boy, sauntered by and Scouty shouted, "Here, lad! I would like to buy a little flower." "Oh, yes sir," said the lad. The Travel Man then bought each one a flower. It was a lot of fun to see the flower boy scowled a smile. The sale had made him glad.

MICHIGAN WILL VOTE TUESDAY

TWELVE MAJOR OFFICES ARE IN DISPUTE IN ELECTIONS

(By Associated Press)
DETROIT, Sept. 8.—Candidates for the Republican nominations for ten major offices and for two Democratic congressional nominations will be decided by the voters in the state wide primary Tuesday.

The Republican nomination in such race is regarded as practically equivalent to election.

The campaigns have been devoid of general issue, except in the race for United States senator where Senator James Couzens' opponent, Chase S. Osborn, former governor, has drawn on "party regularity" and in a few congressional districts where the prohibition question has been raised.

Wet-Dry Issue Out
Couzens has accepted the brand of "independent and irregular" and neither he nor Osborn has discussed the wet-dry issue. Osborn was described by the Michigan Anti-Saloon League as a "staunch prohibitionist" but he was not specifically endorsed. Couzens' position is that the prohibition amendment is a mistake but that he will support enforcement as long as it is in effect.

The contest for the Republican nomination for governor, while a three-cornered one, has been, in effect, a renewal of the ancient feud between Alex. J. Groesbeck, three times governor, and the incumbent, Fred W. Green, who beat him four years ago and now is retiring at the end of his second term. Groesbeck is running for the office, and Green has given his support to Wilber M. Brucker, attorney general of the state.

The third candidate in this race is Judge Edward J. Jeffries of Detroit, a Democrat until this year when he declined the gubernatorial nomination.

The Democratic candidates for senator and governor have no opposition in their own party. They are, respectively, Thomas A. E. Westbrook and William A. Comstock, both of Detroit.

The prohibition issue has received the most attention in the sixth district, where Grant M. Hudson is running for renomination with a strong endorsement from the anti-saloon league. He has three opponents. State Senator Seymour H. Person, Mrs. Maud Florence Morris and Robert H. Cook. The sixth district is the largest in population and voting strength in the United States, incorporating several large cities and part of Detroit. Its population is estimated at 1,300,000.

have hopped on the running board of the car as he slowed down to enter the side road. He was shot in the right side of the head and tracks of the automobile indicated he was driving the machine when shot.

Officers found two \$1 bills in his watch pocket. No other valuables were found, indicating robbery as the motive.

His body was found lying on the right of way where it had been thrown by his attackers.

OFFICERS SEEK TWO MEN FOR ATTACK
PORT WORTH, Sept. 8.—(U.S.P.)—Officers continued their search today for two men who beat W. S. Warner, 26, into unconsciousness, bound his hands and feet and placed his body on the Cotton Belt railway track north of Fort Worth, Saturday night. He missed death by only a few seconds when his body rolled from the track as a switch engine was approaching.

Warner told investigators he was forced to get into an automobile on a downtown street by two men, one of whom displayed a pistol. He said he was asked by the men if he was going to contest his wife's divorce suit, filed Tuesday, and when he replied that he would, one of the men struck him. He said he did not know the names of his assailants.

When he was found unconscious beside the railroad track, early Sunday, he was taken to a hospital, where he was treated for bruises and two broken ribs.

Howell Infant Is Buried Here Sunday
Ida Pearl Howell, one-month-old daughter of Mr. and Mrs. H. R. Howell, of Lubbock, died at the family residence here Sunday morning at 9 o'clock.

Funeral services for the infant were held Sunday afternoon at 3 o'clock with Rev. N. B. Baucum, pastor of the Cumberland Presbyterian church, officiating. Burial was in the Carlisle cemetery under direction of Bynum Brothers.

She is survived by the parents, and grandparents, Mr. and Mrs. D. T. Martin, and Mr. and Mrs. M. A. Howell, all of Lubbock.

Radiotelephone service is now available between England, Scotland and Wales, and Argentina, Chile and Uruguay.

TEXAS FARMER

Prices for cotton on the local exchange dropped approximately \$2 a bale following publication of the census bureau's crop figures showing an unexpectedly large crop estimate and gainings. Immediately after resumption of trading following the customary suspension for reception of the figures, October contracts broke from 11.22 cents a pound to 10.80 cents a pound and December contracts from 11.28 to 11.01 or 37 to 43 points down.

Under the new setup of the organization, made at the El Paso convention in October of last year, the West Texas chamber was given a new constitution, provided an entirely different plan for raising its budget and made responsible to its member towns.

Debt Liquidated
Less than a year ago, directors state the organization faced a deficit of approximately \$25,000. This debt has been liquidated, operations are now on a cash basis, and the financing was done without a cent of commission having been paid by anyone. The payment was made possible by
