Mrs. Derryberry Dies Suddenly Early Friday

Mrs. Alvis Derryberry, a
Wellington resident 46 years,
died unexpectedly at her home
early Friday, July 26. She had
not been ill, and her passing
came as a shock to both her
family and friends. The family
home is 811 Haskell St.

A life-long Texan, she was
born at Dexter February 14,
1897, and was the former Nettie
Lee Barnes, daughter of Walter
and Amanda Harvell Barnes.

She grew up in Cook County,
and was married to Mr.
Derryberry on August 7, 1918,
at Gordonville. They came here
from Cook County in 1928.

Mrs. Derryberry worked
closely with her husband during
the years he was in business
here.

She was a member of Calvary
Baptist Church in Hollis.

Funeral services were con-
ducted at 3:00 p.m. Sunday, at
First Baptist Church. Officiating
were the Rev. Roy Collins,
pastor, and the Rev. Horace
Elliott, pastor of Calvary Baptist
Church, Hollis. Burial was in
Memorial Gardens under the
direction of Kelso Funeral Home.

Pall bearers were Elvis Pitts,
Marvin Manuel, Emmett Ware,
Don Garner of Hollis, Wayne
Ware of Spearman and Bill
Tarter.

Survivors are her husband;
three sons, Milburn Derryberry
and Boyd Derryberry of

Nicholson Exes to Gather on Aug. 1

If you ever went to school at
Nicholson -- in all the years of
that community's existence, you
are eligible to attend the ex-
students reunion to be held
Sunday, August 18, at Sham-
rock Park.

This announcement comes
from Mrs. Mattie Garner,
long-time resident of that area
now living in Shamrock.

Like past ones, visiting
and reminiscence highlight
the day.

"We will have former
Loco and Arlie's present
this time wave never
attended one reunions,"
said Mrs. Lockhart. "On
the other hand, we will
have many who carry year."

Registration get under
way at 9:30 when coffee
will be served.

Lunch will be at 12:00
noon, Mrs. L. said, and
each family is to bring a
basket lunch. (and tea will
be furnished).

The business will get
under way at 1:00, and a
program is planned to follow
immediately.

Merritt Duff will be master
of ceremonies.

Musical entertainment will
be by a men's quartet of
Truett Hollamie Lennon,
Tom Wilkins and Bledsoe.
They will sing and play
familiar songs.

There will be a short
memorial service for
residents and former
residents of the community
who died in the past year.

A poem will be presented
by Miss Doris Wh.

As is custom with this
reunion, there will be an
exhibit of paintings of Loco-
Arlie artists, which are to
be present or for sale to
anyone who is interested.

Old photographs and
other items will be
shown.

The reunion will
continue to visit late in
the evening as they.

Working with Lockhart
are Mrs. A.V. Le, secre-
tary, Mrs. Georgeann, Mr.
Duffy and Missite.

Fire Dages Hay, Pig

Approximately \$90 to \$400
dollars worth damage was
done when an ad of hay
caught fire July 1. Sagebrush
Feed Lot.

Chief David Is said the
blaze was believed caused
by some form of spontaneous
combustion. The hay was
in the hay and spread to
the 1966 Ford which
belongs to Sageb Feed Lot.

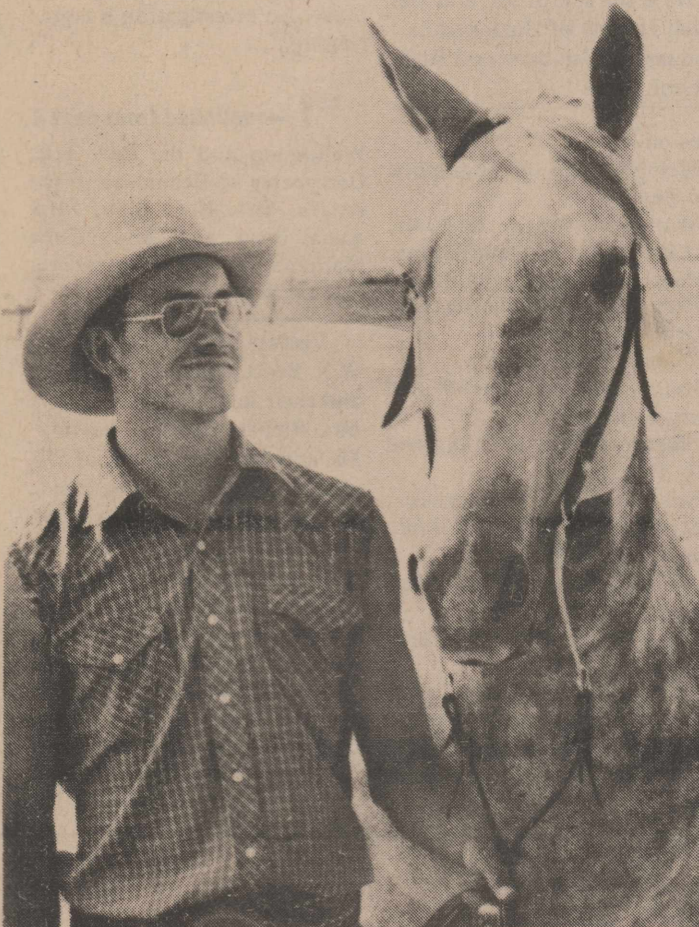

Daughters of Mrs. Julia Muse Give to County Museum

Three lots immediately north
of the Collingsworth County
Historical Museum property
have been given to museum
by members of a per family.

The gift is in memory of the
late Mrs. Julia E. Coleman
Muse by her three daughters,
Winnie, Jim Muse (Bac of
Los Angeles, Mrs. Jack
Muse Saunders and, Mary
Jean Muse Bassett Vascom.

Announcement of gift was
made by Mrs. C. Drake,
Museum administrator. The
deed was presented to her
Monday, July 29.

The lots themselves are an

Skyrockets Get Shoes August 7

The first stirrings of football
are just a week away, when the
1974 Skyrocket team literally
takes its first step.

Shoes will be issued to the
team on Wednesday, August 7.
Coach James Williams announced
before leaving for coaching
school.

Workouts will start Monday,
August 12.

Coach Williams said that
shoes will be issued to juniors
and seniors Wednesday from
5:00 to 6:00 p.m.; to sophomores
from 6:00 to 7:00
and to freshmen from 7:00 to
8:00 p.m.

The workouts starting Mon-
day will be at 6:07 a.m. and will
continue daily until the opening
of the season.

Wellington Skyrockets have
only four seniors returning this
year: Jim Bob Nall, fullback;
Steve Emmert, center; Kelly
Cook, end; and Ricky Ford.

This gives Wellington a
young team for the coming
season, but Coach Williams

points out that there will be
some fine boys coming up from
last year's B team.

Assistant coaches this year
are Robert Hicks, Bruce Dollar,
Phil Bailey and Ronnie Glenn.

The Skyrockets finished their
1973 season 4-5-1, upsetting
Childress a stunning 14-8, and
barely losing to District 2-A
co-champion, Claude, 21-20.

Coach Williams shows pride
in the 1974 Rockets, and
indicates he thinks they have
the potential to rise considerably
above the rating given them
by some of the polls.

The Skyrockets play Hollis
here as their first opponent
Friday, September 6. This will
be followed by:

Sept. 13, Paducah, here.
Sept. 27, Childress, there.
Oct. 4, Memphis, there.
Oct. 11, Wheeler, here.
Oct. 18, Claude, here.
Oct. 25, Silvertown, there.
Nov. 1, Shamrock, there.
Nov. 8, McLean, here.

up to take possession, they
found the house in flames -- and
it burned to the ground without
their ever having spent a night
in it.

Mrs. C. de Baca, Mrs.
Saunders and Mrs. Bassett were
born while the family lived at
Shamrock, and later they made
their home in Amarillo. Mrs.
Muse and her daughters
returned here in the 1930's, and
she worked in the Collingsworth
County Library with Miss
Katherine Boverie for several
years before leaving in 1942, to
live with one of the daughters.

Mrs. Muse died in 1965 and is
buried in the Dozier Cemetery.

Kindergarten Enrolls Aug. 1

Children who will attend kindergarten this year will
enroll at Elementary School Thursday, August 1, Supt.
E.W. Clement reminded parents.

The child's immunization record and birth certificate
must be brought, he added.

Both Bob Copeland, Elementary School principal,
and Mrs. Joe Tarver, kindergarten teacher, will be
present to enroll the children.

Wellington Ex-Students Meet Saturday for Reunion, Visiting

Wellington Ex-Students will
gather Saturday, August 3, in
Bura Handley Community
Center for their day-long
reunion. Colorful bunting,
however, is extending a
week-long "Welcome to Well-
ington" to all who ever went to
school here.

Several late-breaking features
have been added and were
announced by Mrs. Calvin
Mitchell, president.

Hay Camp Country Club will
be open for Ex-Students to visit
on Saturday, Mr. and Mrs. A.B.
Dean said.

Wellington High School,
remodeled since many of the
ex-students have seen it, also
will be open for visitors, said
Supt. E.W. Clement, himself an
ex-student.

Door prizes will be given
several times during the day,
with the hour not previously
announced.

Collingsworth County His-
torical Museum will be open all
day Saturday to welcome
visitors. Mrs. Clyde Drake,
administrator, is also an
ex-student.

The traditional evening meal
will be held at the community
center at 8:00 p.m. and the
Alumni Dance will follow and
will be the final event on the
program.

One class reunion, that of
1955, was cancelled Tuesday, as
not enough members could be
contacted.

Besides these events, Ex-
Students will be encouraged to
drive around Wellington, to see
the changes and improvements
being made in both the business
and residential sections.

No program is planned -- just
visitation -- as that is what most
ex-students have indicated they
want, Mrs. Mitchell said.

A visit to Hay Camp Country
Club will be a highlight for
many. This is the former Mill
Iron Ranch Headquarters, with
its historic ranch house now the
club house. Its picturesque
beauty is unusual to the
Panhandle.

Just after entering the club
grounds, visitors will visit the

modern new swimming pool,
pro shop, and golf course. The
latter will open in a short time.

This is a private club, and it is
opened for visitors through the
courtesy of the owners, Mr. and
Mrs. A.B. Dean. Hay Camp is
now in only the first stage of its
development.

Those wishing to visit it will

go by FM road 338 (the Dodson
Highway) then onto FM 1642,
following it to the point where it
turns south. A north turn
instead will take the visitor to
Hay Camp.

Visitors will be free to eat at
one of the Wellington restau-

Skyrockets in the Greenbelt Bowl Game Satur-
day, August 10. Wellington's nominee for Green-
belt Bowl Queen is Kim Goforth.

Entries Sought in County Fair Parade

Mrs. Edd Henard will be the
parade chairman for the
Collingsworth County Fair, and
she urged this week that all
businesses and organizations
plan now to have an entry.

The parade will open the fair
at 11:00 a.m. Friday, September

6. "We would like to make this
big and colorful," she pointed
out, "and we can do it only if
many, many people take part."

There will be all the different
categories -- organizations,
youth, commercial, bicycle, and
a number of others, and the
rules will be about the same, the
chairman said, adding that
entries from every part of the
county are sought.

"This is a county-wide affair to
create interest and pride in our
county. If people don't get
involved in the activities, it
cannot be very successful,"
Mrs. Henard declared.

Parade rules are available
from her or from the Chamber of
Commerce Office, 914 West
Ave.

School Announces Auxiliary Workers

Hiring of additional auxiliary
personnel for the Wellington
Schools was announced this
week by Supt. E.W. Clement.

Mrs. Cora Brown, RN, has
been elected as Title 1 School
Nurse, to work with the school
three days each week. Mrs.
Brown resigned as director of
nursing service of Collingsworth
General Hospital to accept the
position.

Mrs. Mike Smith was elected
as an EPCO teachers aide
working in special education.

Two EPCO speech therapists,
to work in Wellington two days
each week, have been approved,
and additional information will
be announced next week, Mr.
Clement said.

Mrs. Smith, the former Judy
Porter, attended Midwestern
University, Wichita Falls one
year and West Texas State
University, Canyon, two years.
She is a member of the 1924
Study Club and active in civic
work.

Mrs. Brown moved to
Wellington in 1967, when her
husband, Doyle Brown was
transferred by the Texas
Highway Department.

She was employed part time
as head nurse for St. Joseph's
Hospital and became Director of
Nursing Service when Collings-

worth General acquired the
hospital in March 1972.

A graduate of Shamrock High
School and Oklahoma General
Hospital School of Nursing, she
was employed by Baptist
Hospital, Oklahoma City, Harris
Methodist Hospital, Ft. Worth,
Orange Memorial Hospital,
Orlando, Florida, and was
director of nursing service at
Shamrock General Hospital
three years just prior to moving
here.

Band Practice to Begin August 12

Members of That Skyrocket
Band will hold their first session
Monday, August 12, at 7:00
p.m. at the band hall, their new
director, Garry Wofford, an-
nounced this week.

This first session will be for
the director and the students to
get acquainted, he pointed out.
They will also discuss other
practice sessions which will be
held each evening.

Band members are asked to
bring their instruments to that
meeting. The high school band
includes grades 8 through 12.

Colquitt Nash To Church Post In New Mexico

Colquitt Nash, youth and
education director of the Church
of Christ, has resigned to accept
a similar position with the
Church of Christ at Lovington,
New Mexico.

He, his wife and their
daughter, Michelle, two years
old, will leave for their new
home Tuesday, August 13.

"It was a hard decision for
us," said Mr. Nash. "This
being our first work, we really
fell in love with everybody."

Mr. Nash began work with
the Church of Christ here a little
more than a year ago, following
his graduation from Lubbock
Christian College, with a B.A.
degree in Bible.

"The boys and girls in the
church have been instrumental
for much that was accomplish-
ed," he said.

Besides his work with the
church, Mr. Nash is a member
of the Volunteer Ambulance
Service, Kiwanis Club and the
Chamber of Commerce.

He reported Skyrocket foot-
ball games for The Wellington
Leader during the 1973 season.

Hospital Names Mrs. Inghram to Nursing Post

Mrs. Glenna Inghram, RN,
has been appointed director of
nursing service of Collingsworth
General Hospital, Garner Al-
ton, administrator, announced
this week.

She succeeds Mrs. Cora
Brown, RN, who resigned to
become school nurse.

Mrs. Inghram joined the
hospital staff here in March as
assistant director of nursing
service.

"Mrs. Inghram is eminently
qualified in all areas of nursing,
having worked as surgery nurse
and relief in the obstetrical
department at Highland General
Hospital, Pampa, five years.

She served as head nurse in
the United States Air Force
Hospital at Bitburg, Germany,
and worked in hospitals in
Pennsylvania before moving to
Pampa in 1969.

She was graduated from
Mobeetie High School, attended

Mr. Wofford comes here from
Trent, where he was band
director two years.

Rearred at Stamford, he
received his BM degree in
music education from Hardin-
Simmons University. He was a
member of the HSU Cowboy
Band and played with it at
President Nixon's Inauguration
in 1969 and in Macy's
Thanksgiving Parade in New
York City.

Mrs. Wofford is also a HSU
graduate and taught English
and speech three years.

Coaches Attending Association School

The coaching staff of Wellington High School left Saturday, July 27, to attend the Texas High School Coaches Association annual school in Houston.

Representing the school were Head Coach James Williams, Phil Bailey, Robert Hicks, Bruce Dollar and Ronnie Glenn.

The coaching school will feature lectures by major college coaches among them Texas Coach Darrell Royal.

These men will cover

techniques, offensive and defensive sets, and other information pertinent to the Texas high school coaches.

Trainers with major college teams will also speak on techniques of taping and medical treatment of injured players.

On the final night, Thursday, August 1, the Texas High School All-Star football game, between North and South teams, will be played, as will the Texas High School All-Star basketball game, Coach Williams said.

'Texas' Crowds Up in Spite of Energy Crisis

The energy crisis has had no noticeable effect on the crowds at "TEXAS". Cars and buses in increasing numbers are finding their way to the Palo Duro Canyon State Park near Amarillo and Canyon, Texas for performances of the musical drama, "TEXAS", the spectacular story of the early days in the magnificent canyon. Paul Green's story of the settlement of this part of the plains is drawing more people this year than ever before. At the halfway mark of the season, attendance was up 5% from the record-breaking numbers of last year, and 44,281 people had come.

Unexpectedly, in light of the energy shortage, more than a fourth of the crowd comes from a distance of more than 500 miles. There is very little change in this percentage from the last few years.

For tickets and information, please write Box 268, Canyon, Texas or call 806-655-2182. It is best to make reservations in advance.

Mrs. Trimble Dies of Injuries

A former Wellington woman, Mrs. Juanita Trimble of Shamrock, died in a hospital there Saturday, July 27, of injuries suffered a week earlier in a dune buggy accident.

The vehicle carrying Mrs. Trimble and a friend overturned as they were riding on the O'Neil Ranch in the north part of the county. She was an aunt of Austin O'Neil, Jr., Ted O'Neil of Whitney and Walter Lee O'Neil of Ft. Worth, the owners.

Mrs. Trimble, the former Juanita Dean, was born and reared in Wellington. She married Allen Trimble in 1933. He died in 1972. She has lived in Shamrock about 40 years.

Funeral services were conducted at First Baptist Church, Shamrock, with the Rev. Bill Rushing of Samnorwood Baptist Church officiating. Burial was in Shamrock cemetery.

Survivors are a brother, Doc Dean of Wellington; four nephews and two nieces. She was a sister of the late Mrs. Austin (Polly) O'Neil.

"Mrs. Brown's dedication to duty and service to our hospital has been appreciated and is going to be missed," said Mr. Altom, "but we wish her well as she continues to serve our community in another capacity."

The Kentucky Fried Chicken Buffet will be served in Bura Handley Community Center at 8:00 p.m. Tickets are \$5.00 for adults and \$2.00 for children under 12. This covers the alumni dance also, Mrs. Mitchell said. Plans are made for 200.

Pre-registration is under way through this week. Reunion day registration will begin at 10:00 a.m. and continue through the day, under the direction of Mrs. Keith Smith.

Those who will assist in registering were announced this week and include:

10:00 a.m. to 12:00 noon: Ann Smith, Karen Maxwell Strickland and Cheryl Spillman.

12:00 to 1:00 p.m.: Dora E. McClaskey Smith.

1:00 to 3:00 p.m.: Mary Nell Scruggs Holton, Eunice Watts Nunnally and Angie Mitchell.

3:00 to 5:00 p.m.: Janell Bettis Brown and Yvonne Shields Brewer.

5:00 to 7:00 p.m.: Juliana Baumgardner and Evelyn Ball King.

7:00 to 9:00 p.m.: Margaret Vaughan Hartman, Bessie Rainer, Dora E. McClaskey Smith and Lucille Bennett Woodridge.

Wellington merchants will give the door prizes. Drawings will be from registration cards.

The Alumni Dance which also will be at the community center, will be to recorded music.

There will be four class reunions.

Final plans for the 1943 reunion were announced Tuesday and include: 9:30 a.m. to 12:00 noon, a Kaffeeklatsch at the Heritage Room. 6:30 p.m., a dutch treat dinner at Hay Camp Country Club. Those planning to attend this should contact Billy Mac Sims.

Other classes holding individual reunions include 1954, 1964 and 1965.

This year's officers are making a special appeal to Wellington Ex-Students still living in Collingsworth County to attend.

"We have many exes coming from considerable distance, and they want to see you and visit with you," Patsy Mitchell urged.

week of workouts before the Saturday night battle between the East and West Teams.

Coaches this year for the West Team are Buddy Fornes and Ronnie Giles, of Tarleton State, and coaches for the East Team are, Dean Slayton and Harold Mayo, of Howard Payne College.

Play by play announcer will be Jim Pratt, managing news director for KVII-TV, Channel 7, Amarillo.

Each player has selected a Greenbelt Bowl Queen Nominee and the winner of the Queens Contest will be crowned during half-time ceremonies the night of the game.

Queen nominees will be featured in Parade of Queens, scheduled for 4 p.m. Saturday, August 10, and will also be entertained by local organizations Friday at various functions.

Tickets for the game sell for \$2.50, general admission; \$1.00, students; and \$3.00 reserve seat and can be obtained at the Childhood Chamber of Commerce, or the gate.

Stolen Purse Found at Memphis

A purse taken from an employee of Dairy Queen Friday, July 26, was located later in the day thrown into a trash barrel in Memphis, Sheriff John Rainey reported.

He said checks, social security and drivers licenses and other items belonging to the young owner, Pam Vines, were still in the purse.

Mr. Rainey added that apparently someone reached through the back door of the building and picked up the purse. An investigation is continuing.

There isn't a job as tough as Dickies Workclothes

Dickies work clothes are the toughest work clothes you can buy your husband.

They're made with a tough, new blend of 65% polyester/35% cotton and the fabric is impregnated with a lasting finish called Soil Release, so you'll never have any trouble getting them clean.

And Dickies even makes them rugged enough to keep their proportioned shape without ironing.

Dickies may make the toughest work clothes, but you'll find them easy enough to pay for.

MRS. JIM HENARD

Jim Henard Weds Jo Rita Rogers In Church Ceremony at Wheeler

First United Methodist Church in Wheeler was the setting for the wedding of Miss Jo Rita Rogers and Jim Henard of Wellington on Saturday afternoon, June 22. The Reverend Marvin Roark officiated.

The bride is the daughter of Mr. and Mrs. Joe Rogers of Wheeler, and the granddaughter of Mrs. W.F. McNeill, also of Wheeler.

Parents of the bridegroom are Mr. and Mrs. Samuel Edward Henard. He is also the grandson of Mrs. John Henard, Sr., and the late Mr. Henard, members of early ranching families here, and of Mr. and Mrs. Mike Burkhalter.

Wedding music was presented by Mrs. Elaine Martin, organist, and Miss Pam Ramming and Miss Sally Keeton of White Deer, vocalists.

The bride wore a formal gown of white peau de soie in fitted style. A wide band of lace was gathered at the rounded neckline, and matching lace bordered the floor-length illusion veil, which was attached to a Juliet cap. She carried a bouquet of yellow daisies on a bride's bible.

Her attendants were Miss Machille Mitchell of Wheeler, maid of honor, Miss Karen Brown of Dumas and Miss Beth Rutledge of Canadian, bridesmaids. They wore floor-length floral print dresses with white picture hats. Their nose-gays were of multicolored daisies.

Joe Blacksher was the best man, while groomsmen were Billy Henard, brother of the bridegroom, and Bill Wilson. All are from Wellington. Ushers were Neil Rogers of Wheeler, Dean Rogers of Spearman, Dale Rogers of Oleta, Oklahoma, and John DeVoss of Wellington.

They were attired in navy blue western cut tuxedos with coordinated pale blue ruffled shirts.

The flower girl was Tammie

Henard while the ring bearer was Mandy Rogers. The aisle cloth was placed by Le Ed Oswald and Sandy Henard.

After the ceremony, Mr. and Mrs. Rogers entertained with a reception to honor the couple.

The bride's table was laid with a white dotted swiss cloth, hand made especially for the festivities accompanying this wedding. A green and ivory floral arrangement formed the centerpiece.

Miss Ruth Ann Mason of Seymour cut the cake and Miss Marlene Moore poured. Assisting with the reception were Mrs. D.H. Porter of Pampa and Mrs. W.D. Mitchell of Wheeler.

Guests were registered at the wedding by Miss Moore. The bride graduated from Wheeler High School and the bridegroom from Wellington High School. Both attended Clarendon College.

Since returning from their wedding trip to points in Oklahoma, the couple is at home north of Wellington, where Mr. Henard is engaged in ranching.

Mrs. A.V. Atkinson recently visited friends and relatives at points in Arizona and New Mexico over a three-week period.

Mr. and Mrs. Frank Anderson met their daughter, Mrs. Jimmy Heneger of Bakersfield, Calif., in Denver and then spent a week in Boulder, Colo., where they visited with Mr. and Mrs. Jack Kopp, Catherine and Brad.

Mrs. Ralph Messer and daughter, Mrs. Virginia Thomas, and granddaughter, Mrs. Mark Killian, visited over the week end with Mrs. Messer's sister, Mrs. Eva Wright in Arlington. They also visited Six Flags over Texas and Seven Seas.

Questions People Ask About the Catholic Church

- Q. Do Catholic Priests have office hours like other professional men?
- A. Not really. They are basically on duty 24 hours a day. However, most of us would not like to be disturbed at mealtimes or during the night, unless for extreme emergencies. Priests eat, sleep, and take showers like everyone else, and it is a nuisance having to answer calls during these times. However, if it is a dire emergency, a priest will come at any hour.
- Q. My last name is Gonzalez. I wondered if there were any famous Catholic priests by that name.
- A. There is one that I read about. Blessed Roch Gonzalez. He was a Jesuit priest who worked with the Indians in Paraguay. He was murdered by renegades in 1628. It is a traditionally Catholic name, and you should be proud of it.

Sewing for Babies Not Complicated

Sewing for babies is joyful -- and not too complicated, one authority pointed out.

"Baby clothes don't need darts, fittings, facings, linings, or any of the time-consuming details, so they can be completed in a short time," Marilyn Brown, clothing specialist, Texas Agricultural Extension Service, The Texas A&M University System said.

Babies need soft, comfortable clothes which allow easy rolling and peaceful sleep. Lightweight cottons -- from flannel and stretch terry to batiste that are both absorbent and washable are the best choice, according to the specialist.

Babies don't need many clothes. Stretch suits and gowns for the cooler months and shirt sets for the warmer ones, with a few dressy outfits for special occasions form a complete wardrobe for a baby.

"Select trims and closings with a thought to newborn skin. Trim should be soft and washable; buttons and snaps should be small and securely attached so they won't come loose. Zippers should be the nylon coil variety," she advised.

Clothing for babies needs to be easy to put on without twisting an arm or leg and should open easily for diaper change.

"French seams, with the raw edges completely encased, are best for finishing babies' garments," Miss Brown noted.

MRS. WILLIAM FREDRICK CROSTHWAITE

Miss Holman Weds Mr. Crosthwaite In June 20 Ceremony at San Diego

Miss Patricia Louise Holman and William Frederick Crosthwaite of San Diego, California, were married Saturday, July 20, at six in the evening with the Reverend John Sorenson performing the ceremony.

The bride is the daughter of Mrs. Dorothy Jane Holman of 5612 Dartford Way, San Diego, and the granddaughter of Mr. and Mrs. Howard Riggs of 3448 Milton, Dallas, all former Wellington residents.

The bridegroom is the son of Mrs. Betty Crosthwaite of San Diego, and Fred Crosthwaite of El Cajon, California.

The wedding was on two terraces to the south of Cafe Del Rey Moro, surrounded by the gardens of Balboa Park, San Diego. The center of the lower terrace has a wishing well, where a large bouquet of white flowers was hung, and in front of this the couple took their vows.

The bride's formal length gown was of satin, lace, net and tulle, with a high neckline, and long sleeves. Her double tulle veil swept to chapel length, and her flowers were a cluster

of white gardenias and baby's breath.

Among the bride's attendants were her two sisters, Mrs. Beverly Koehrk of Eugene, Oregon, matron of honor, and Miss Rebecca Anne Holman, a bridesmaid. The other bridesmaids were Miss Mindy Mann and Miss Shirley Lyall. Their formal length dresses of powder blue crepe and white eyelet insets were in finafare design and each wore a large white picture hat. All carried bouquets of daisies.

Mike Carnahan was best man and groomsmen were Rick Stellick, David Wildman and Phillip Wildman, of Dallas, cousins of the bride.

Shannon Frankenburger, niece of the bridegroom, was the flower girl and Eric Johnson was the ring bearer.

The reception was held at the Marine Corps Reserve Depot Officers' Club immediately following the ceremony. Fruit punch, champagne, wedding cake and a cold buffet were featured.

Home Management

By Mrs. Arla Felts

July has been a busy month for most homemakers. The intense heat in our area has drawn the family indoors more than in recent months.

Our cabinet and sink area seems to be filled with glasses used for gallons of lemon ade, iced tea, and soft drinks. During vacation we consumed large quantities of cold drinks in an effort to beat the heat.

Too often families tend to eat more snacks and snack type meals during the summer months. Make a conscious effort to check your family's vitamin intake now. Remember the 4-4-3-2 of Good Nutrition.

Four fruits and vegetables, four breads and cereals, three milk and dairy, and two meat or meat alternates daily. In recent years, American diets have been growing poorer. Our eating patterns have shifted away from plain staple foods like fruits, vegetables and milk, towards more refined, processed and "convenience" foods. A Ten-State Nutrition Survey

made in 1968-70 reports a significant proportion of the population surveyed was malnourished. Adolescents between the ages of 10 and 16 years had the highest amount of malnutrition. Young males out-numbered young females in this respect. Elderly persons were another group with increased nutritional deficiencies. These same two groups' diets were found to be lower in vitamin C than other age groups.

Give special consideration to vitamin C since your body can not store it.

Vitamin C foods make good snacks too. Some of these would include lemon ade, juice of citric nature, and tomatoes.

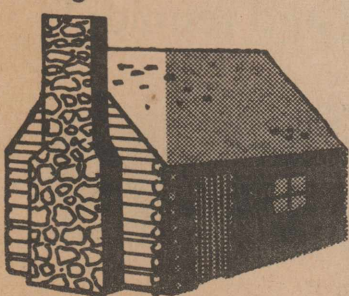

Just one word of caution... heat, air, and light (sunlight included) are factors that destroy vitamin C. It is important that vitamin C foods and beverages be stored in a tightly covered container in a refrigerator.

Women's Division Has Big Role in 1974 Fair

One of the major departments of the Collingsworth County Free Fair is the Women's Open Division. Some of the finest handwork, outstanding sewing, and food preservation being done here today is on display.

Rules and classifications were announced this week by Mrs. Haskell Manuel, overall chairman. The Fair is Friday and Saturday, September 6 and 7. The women's division will be exhibited in Bura Handley Community Center.

Any woman 19 years of age and over is eligible, said Mrs. Manuel. All entries must be in place from 1:00 to 5:00 p.m. Thursday, September 5. All exhibits are to remain in place until 5:00 p.m. Saturday.

Nothing is to be entered that has been shown previously, and each entrant must have completed her own work between the 1973 and 1974 Fairs. Articles must be clean, there is to be no name or number on the clothing or handwork, but there is to be a place tag on all products telling which class and division that item is to be entered in.

All canned products must be in standard pint or quart jars,

jellies in standard jelly jars, pint or half-pint, and all products must be cool. One-time jars, such as mayonnaise comes in, are not standard jars.

Foods must be plastic-wrapped on paper plates or cardboard. Articles not claimed will be disposed of, and there is to be only one entry in each class per individual.

First, second and third place ribbons will be awarded, and Grand Champion and Reserve Champion rosettes will go to the two women with the highest number of points.

To further stimulate interest in home canning, Kerr Company is offering nine dozen wide mouth Mason Jars, three dozen half pint jars and 8 Kerr home canning books.

The Home Demonstration Clubs exhibits will be judged.

Wellington Ex-Students

It's good to have you walk streets again, visiting with folks you went to school with recalling other years and comparing achievements.

While you are here, look around you -- at the old familiar places that have a special meaning. But look at the New Wellington, too. New buildings, new businesses and new dreams in the making. A new historical museum and county park. (And while we're visiting you have a standing invitation from City State Bank to come back to Wellington to live.)

We wish you well on this day of remembering and reunion!

Mrs. Tennon in Capping Ceremony

A Wellington girl, Mrs. Mary Lou Tennon, was among the 29 students in vocational nursing training at Amarillo College who participated in a capping ceremony on campus recently.

This indicates the students have completed the first five months of the 12-month vocational nursing program, said Mrs. Sue Ann Hicks, coordinator-instructor.

They will complete the course in February.

Mrs. Tennon, who was graduated from Wellington High School in 1973, is the daughter of Mr. and Mrs. James Davis. She has been an A and B student at Amarillo College.

While visiting her parents over the week end, the nursing student said that class work has been completed and they are now doing clinical work at Northwest Texas Hospital. She is assigned to the emergency receiving center.

Mrs. Tennon said another vocational nursing course will begin in August and is still accepting applicants. Upon completing her course, she plans to return to Wellington to work.

Five Graduating Classes Will Hold Reunions During Ex-Student Meeting

Five classes will hold individual reunions in conjunction with the 1974 Ex-Students Reunion. Four of these will be Saturday, the fifth is scheduled for Friday night.

These are the classes of 1943, 1954, 1955, 1964 and 1965.

Plans for each of these is announced.

CLASS OF 1943

Observing the 31st anniversary of their graduation is the Class of 1943, the only wartime class to be celebrating this year.

Billy Mac Sims is in charge of arrangements for the class reunion Saturday, August 3.

Two events are scheduled for the class. Members will meet at the Heritage Room Saturday morning.

In the evening, they will hold their dinner at Hay Camp Country Club.

Mr. Sims has been out of town, and more specific information will be announced on his return.

Graduating with the class of 1943 were Donnie Armstrong, John Terry Alexander, Ruel Wade Alexander, Pearl Ball, Windel Brewer, J.D. Bruce, L.V. CLASS OF 1954

The Class of 1954 will hold its 20th anniversary reunion Saturday, August 3, in the Farm Bureau Hospitality Room. The hours are 2:00 to 5:00 p.m. according to Mrs. Earl Patterson (Deloris Ward). Co-chairman with her is Mrs. Virgil Patterson (Genevieve Bartlett).

"We're looking forward to 20 years of catching up," said Deloris Patterson.

There will be visiting and viewing of old pictures.

This reunion is planned informally so that those attend-

ing may have all the time possible to bring themselves up to date on what two decades have brought their classmates.

Members of this class, with the married surnames of the girls given, include:

Joan Aaron Eudy, Genevieve Bartlett Patterson, Edward Bawcom, Winifred Bickerstaff, Frances Boyd Harrison, Betty Cagle McCutchen, Lynn Couch, Mary Sue Crawford Raburn, Camal Dakil, Marilyn Dickey Beam, Elinor Drake Donnell, Douglas Duncan, Sharon Elbert Gibson, Bill Gardner, Barbara Graves Tillman, Donald Green, Carl Hackler, Bill Hill, Bill Harvey, Calvin Hiett, Dennis Holliman, Beatrice Hutchins Coleman, Truman Judd, Betty Karnes Brasell, Doris Lewis, Donnie Lockhart, Lester Montgomery, Olan Murdoch, Mary Bess McKinney McClure,

CLASS OF 1955

Dr. and Mrs. John Gordon Thomas (Janice Davis) are in charge of plans for the 1955 class reunion.

Since they are handling these from Bryan, not all plans are known here, however a number of members are due to gather, and they will be notified of the reunion location and other plans.

The 44 seniors graduating in 1955 included Billy Frank Agee, Billy Branch, Fredricka Boyd, Johnny Block, Eugene Brown, Donovan Bounds, W.L. Burkhart, John Cartwright, Donald Cason, Martha Crane, Janice Davis, Patsy Falk, Mary Ann Hunter, Nell Hurst, Hanes Isaacs, Larry Jesse, Frank Jones, Wayne Ketchum, Hugh Kutch, Barbara Lowrie, Boone Martin, Wayne Maxwell, Henry McClain, Jimmy McCutchen, LaVena Murdoch, Jean Phipps, Shirley Pritchard, Donald Roy Raburn, Donald Rummel, Eddie Slay, Walter Spear, LaNora Stall, Mary Ruth Stall, Selma McAlister, John Gordon Thomas, Joe Thompson, Billie Sue Ward, Vera Ward, Ray Wauer, Jim Wilson and LaJuan Wilson.

Class sponsors were Mrs. Taylor Lowrie, Mrs. Calvin Adcock, Coach Maxey McKnight and Coach John Hurley.

CLASS OF 1965

The pool area of Hay Camp Country Club will be the setting for the reunion of the WHS Class of 1965 Friday, August 2, at 8:00 p.m.

More than 60 members of

this class are invited to take part in the 9-year reunion to be held in conjunction with the Wellington Ex-Students Reunion this week end.

Plans were announced by Mrs. Don S. Nabors (Jan Cudd) of Lubbock. Joining her in making arrangements are Miss Jan Glenn of Houston and Mrs. George Porter (Vickie Mayhugh).

A barbecue supper will be served, and there will be swimming and dancing for those who wish it.

"All our teachers are especially invited to join us, as well as the friends of this class," said Mrs. Nabors.

Fun awards will be presented in such categories as "The one who has changed the most." The program will be brief, however, and most of the time will be given over to visiting and catching up on the happenings to class members since their graduation.

The graduates of 1965 were Dianne Brownlowe, Kay Chandler, Karen Childress, Betty Courtney, Beckie Davis, Nancy Gibbs, LaQuinta Martin, Janyth Estes, Jan Glenn and Sharon Glover, LaVelle Harper, Joyce Holton, Joan James, Wynona Jones, Linda Karnes, Anna Kay Kelso, Jan Lindsey, Vickie Mayhugh, Connie Null, Aleta Owens, Brenda Phillips, Karen Richardson, Linda Sikes, Beverly Singley, Susan Sullivan, Glenna Taylor, Marsha Tyler and

Norman Ray, Joe Rudy, Bill Spillman, Henry Stall, Billy Thomas, Dan Warrick, Roger Weems, Gary White, Lynn Wolf and Randy Wooldridge.

CLASS OF 1964

The Heritage Room will be the setting for the class of 1964 on Saturday, August 3, from 2:00 to 5:00 p.m.

Arrangements are being made by Mrs. Dan Langford (Anne Henard), Mrs. Glenn Thomas (Jane Orr), and Mrs. Dennis Cudd (Judy Crawford). Other members of the class who still live here will assist.

They point out that anyone who was ever a member of the class, whether or not that person was with it at graduation, is invited. Teachers are also urged to attend.

Sponsors of the class at the time of graduation were Ralph Word, who now teaches at Arnett, Louis Graham, now in charge of counseling with the Plan A Eastern Panhandle Co-op Program, and Coach Don

Beck, now Perryton head coach. Those in charge point out that members are invited to bring their spouses to the get-together. Refreshments will be served, but most of the time will be given over to visiting.

Notices have gone out to those who graduated, as well as others who were with the class during part of their school years. Graduates and others who have received invitations to the 10-year reunion include:

Donna Allred Waggoner of Dallas, Tim Bailey of Addison, Mary Beth Aaron White of Hereford, William Barton of Vernon, Elaine Bearden Barton, Wellington, Gary Bergvall, Austin, Carol Blain of Memphis, Graham Bowen of Memphis, Charles Black of Wellington,

STATE CAPITAL

Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Legislative budget planners recommended nearly \$480 million in pay raises and fringe benefits for 116,000 state employees next year.

General revenue cost of the package (which includes a 23.8 per cent salary boost for lower-scale personnel and higher travel allowances) is about \$285 million.

Legislative Budget Board gave its blessing to the cost-of-living catch-up proposals to help planning of the 1976-77 appropriations bill.

Assuming the entire plan is approved by the legislature, more than 90 per cent of the anticipated general revenue surplus will be used on compensation and benefits of 116,000 state workers.

One budget executive conceded the action "placed a little strain" on Gov. Dolph Briscoe's pledge of no new taxes next year, although the comptroller's estimate of a \$315 million surplus is viewed as conservative. Further, existing revenues are expected to generate much more money next fiscal period than they do today.

Many budget requests are running ahead of present appropriations by staggering amounts.

Examples are the Department of Mental Health and Mental Retardation, the Department of Public Welfare, the Department of Corrections, the Health Department and Texas Youth Council.

LBB took a sobering look at some of the requests at its last meeting.

Not satisfied with salary raises delayed until next year, state employees said they still want a special legislative session to get inflation relief now.

CITIES LOSE MONEY — A group of Texas cities got the sad news last week that they will not get federal grants they requested to build sewage treatment plants.

About 204 projects were tabled because of a \$27 million

ion federal fund deficit this fiscal year.

A total of \$142.1 million in FY '75 money is available to Texas. But Texas Water Quality Board's "project list" includes \$169.1 million worth of projects.

Projects are carried on the TWQB list in line with how important they are to water pollution control.

FOOD CRUNCH NEXT — A "food crunch" could make the energy crisis seem mild by comparison, according to Texas Agriculture Commissioner John C. White.

A sudden world demand for better quality food is driving grocery prices up again, White said, and causing Americans to compete with the world markets for their own products.

U.S. producers can keep up with the demand if they have time to gear up, White stated. He predicted the United Nations World Food Conference in Rome next November can "make or break" U.S. agriculture. He warned against commitment to "specific deals" which would handicap our own agriculture marketing system.

FACILITY FATE UNKNOWN — Future use of Gatesville State School is undecided, according to Texas Youth Council Chairman W. Forrest Smith of Dallas.

Enrollment has dropped sharply since 18-year-olds and children in need of supervision were removed. Possible uses mentioned are as a welfare facility, Department of Corrections unit and continuation as a school for boys, Smith said.

COURTS SPEAK — Th. Texas Supreme Court held the Dallas Episcopal Diocese and bishop cannot be held responsible for an ex-priest's alleged alienation of an Irving housewife's affections. In other opinions, the Court concluded:

"Stocks! Bonds! Pencils!"

Mike Gregory

• A Pasadena civil service commission order dismissing a police patrolman for insubordination should be dismissed.

• A case involving San Marcos city council's power to set rates for electrical power sold by Lower Colorado River Authority within the city should be heard.

• A moving and storage company that handed furniture and other belongings to the wrong person without a proper warehouse receipt must pay the owner for his loss.

• The state has no special right to refuse answers to questions in a suit filed by a prison inmate as the result of losing an eye due to a basketball injury.

• Court of Criminal Appeals ordered new trials for two Del Rio men on marijuana possession charges because of an illegal search of

their residence.

AG OPINIONS — Atty. General John Hill invalidated an appropriations bill rider requiring state agencies to insure equal employment opportunity for all through special plans for ending discrimination.

He said he favors such a program, but it must be established by separate law. The ruling does not affect federal legal requirements prohibiting discrimination in jobs.

In other recent opinions, Hill held:

• A teacher's eligibility for sick leave depends on applicable rules and regulations and is not affected by concurrent eligibility for leave of absence. Maximum leave of absence for temporary disability may not be set at less than 180 calendar days.

• Public bodies letting contracts for public works may include value of "fringe benefits" in calculating "prevailing wage rates" for their locale and type of work.

ANTHRAX CONTROLLED

Agriculture Commissioner John C. White credited fast response by ranchers and governmental agencies with bringing a Falls County anthrax outbreak under "excellent control."

Anthrax, said White, is not now as big a problem in Texas as drought and low prices of cattle.

Local veterinarians and representatives of Texas Animal Health Commission conducted a mass vaccination of all livestock in Falls County and seven surrounding buffer counties.

CROSSROADS REPORT

Dear Editor:

News is that a Florida citizen has sued a church group for return of \$800 in tithes he says the preacher got from him with promises that the Lord would give him blessings.

But he claims the money was obtained with false promises, because he hasn't yet got any blessings he can spend.

And if this fellow wins his case, my bamboozled neighbor is going to sue his Congressman who promised that his \$10 campaign contribution would get him vast blessings from Washington.

Strictly Fresh

The days of the silent movie are still with us on our totally inept local TV station.

Anyone with no bad habits must live a pretty dull existence.

Now is the time for all good men to find the batch of yule cards still snuggled in their overcoat pockets.

Untold wealth is frowned on by the IRS.

After New Year's, a hang-over is where you live with a hangover.

Both medicine and advice are easy to prescribe, but hard to take.

Here we are with a bright new year, and we'll have it pretty well tarnished in six weeks or so.

We're all becoming collectors of rare money.

Welcome Ex-Students, to a Wellington Moving Forward

We join all others in Wellington to welcome home our ex-students, at the first of the day-long reunions in two years.

We can only hope that those who come will end the day with a deep contentment and a sense of well being at having once been a part of Wellington.

And while we expect that your reminiscences will be lively indeed, we invite you to look around you at the Wellington today. Look at the new businesses and the new homes and find out who owns them. Consider why Wellington is considered such an attractive town.

Look Deeper. Talk to people about the optimism that infuses our town, the feeling that we are a town on the go. That we have it within us to solve our problems and build for ourselves a good future. We have a new highway and a new county park and a private recreation area at Hay Camp that is new since most of you were here. We have plans under way for airport improvement and much else. Find out about these things.

Wellington with the same spirit that you knew -- Wellington that is strong and at the same time a delightful place to live -- welcomes its ex-students home.

Other Editors Say . . .

"Study the Past; Past Is Prologue"

Howard Fieger of U.S. News & World Report Magazine wrote recently about a communication which came across a desk at the publication. It said:

"More than anything, the individual today is interested in economic security. Those are just big words for 'making a living' or 'keeping a job' or 'saving something for old age.' But most people are unable to tackle the subject by themselves.

"They know that forces beyond their own control make or unmake their economic security. What is the biggest single force the people look to when they are concerned about that security? They look to government, not so much to take care of them but to find out 'what's going to be done.'

The communication also said:

"The businessman has his own troubles with economic security. He tries to plan ahead. He wonders where he is going to get the raw materials he must have. He wonders what the government is going to do about it. Or perhaps some businesses which are fulfilling extraordinary demand out of reserve stocks make high profits. Critics say, 'What's the government going to do about it?'"

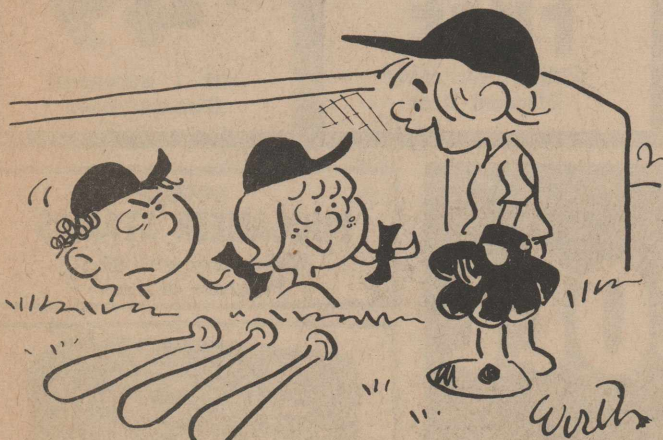

"People are worried about the future. They don't know what it holds because the present inflation and the present high level of prices keeps the purchasing power of the dollar down below all past levels and is bound to create more uncertainty ahead.

"On top of all our domestic woes we see the international situation rising up to worry us, too. It is a time of international uneasiness. That's another form of concern about our own economic security."

These are excerpts from an inter-office memo written to his associates by the late David Lawrence, the magazine's founder and editor. The memo is dated Dec. 6, 1948.

Livestock Management, Forage Meet Planned

BUSHLAND - An afternoon symposium on forage and livestock management will kick off with a tour of improved grasses and alfalfa plots at the USDA Southwestern Great Plains Research Center here Thursday, August 15.

According to Dr. John Shipley, associate professor of economics with the Texas Agricultural Experiment Station at Bushland who is coordinating the event, the symposium is expected to attract producers, research scientists and agribusinessmen from throughout the High Plains.

After the tour which begins at 1:00 p.m., conferees will return to the center for a series of presentations on forage and alfalfa production, improved pasture grazing, crop residue grazing, and discussions on implanting calves on pasture and what to do with severely stressed lightweight calves.

"Forage production is an important aspect of the livestock oriented agricultural industry on the High Plains," says Dr. Frank Petr, area agronomist with the Texas Agricultural Extension Service at Amarillo, who is lead-off speaker for the half-way program.

"The energy crises and shortages of agricultural inputs," he adds, "have resulted in direct and indirect changes in the economic potential of some agricultural enterprises."

"Increased forage production may be a profitable alternative for some producers. For this reason, this seminar may be an important source of latest information about forage production, management and utilization by livestock."

Dr. Kenneth Porter, professor-in-charge of TAES research at Bushland, will preside over the first session which will include talks by Petr, Dr. Harold Eck, soil scientist with the Agricultural Research Service-USA at Bushland; and Jim Conkwright, livestock breeder

and producer from Hereford. Petr will discuss forage production with small grains, improved grasses and alfalfa. Eck follows with a report on alfalfa production as affected by soil profile modification and irrigation, and Conkwright will list some practical aspects of grazing improved forage pastures.

Presiding over the second session, will be Dr. John Coleman, associate professor in veterinary research with TAES at Bushland. Shipley leads off with a talk on crop residues as an alternative and a supplement to winter wheat grazing. Following him will be Dr. Dennis R. White, area livestock specialist with the Extension Service at Vernon, who will discuss implanting calves on pasture and subsequent effects on feedlot performance.

Dr. Wally Koers, TAES assistant professor in animal nutrition at Bushland, will round out the program with information on problems, research and recommendations, concerning severely stressed lightweight calves.

A question and answer period will follow each session.

Sponsoring the event are USDA Southwestern Great Plains Research Center, the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station of Texas A&M University, and the Panhandle Economic Program. (PEP is a voluntary organization of citizens interested in the economic and social growth of the Panhandle).

MONEY TO BURN

Now it's the Governments turn to be cited for air pollution. How did it happen? By trying to dispose of all those worn out dollar bills and other denominations of paper currency. The San Francisco Federal Reserve Bank has been charged with violation of air pollution rules 13 times in the past 24 months and faces a \$500 fine for each infraction. (Each regional Federal Reserve Bank must dispose of worn and unusable paper currency.) The problem is complicated by the fact that our paper money is a combination of 75% cotton and 25% linen. The ink contains iron oxide and lead. This compound gives our paper money an average life of just 18 months. But the process for destroying paper and other trash doesn't work very well on our paper currency.

Several of the Federal Reserve Banks burn the worn out currency just as they have for many years. The Dallas Fed uses a hammermill to chew up the currency. This causes problems due to the large amount of space required for the equipment which makes a tremendous racket heard throughout the building when the machinery cranks up. It also creates a fluff several times the volume of the currency being destroyed. Dallas bales this fluff and ships it to a drilling mud company in Kansas. The San Antonio Fed converts its fluff into roofing felt and the Philadelphia Fed converts its fluff into wall plates for electric switches.

Destroying currency by the use of wet chemicals would be a neat solution except for the water pollution and handling problems which it creates.

Meanwhile the New York Fed burns over 400-million pieces of money and the Los Angeles

Financial Management Ups Profit Potential

Farmers and ranchers should develop a financial management plan to increase their profit-making potential, believes Cecil Parker, economist for the Texas Agricultural Extension Service. "Because capital is the most important input of production, efficiency in its use is important in maximizing profits," says the Texas A&M University System specialist.

The financial statement, profit-loss statement and cash flow ledger are three items required to develop a financial management plan.

The financial statement shows the farm's financial picture at a given time. This includes the present solvency of the operation and also a projection of future solvency. List all assets and liabilities. Current, intermediate and fixed or long-term groupings can be used in defining assets and providing a realistic look at repayment requirements.

The profit-loss statement sums up income and expenses and the resulting net profit or loss during a given period, such as a crop year. Handle non-farming items separately. To obtain the operation's gain or loss, subtract net cash expenses from net cash income and adjust for changes in inventory and capital items. Comparing profit-loss statements for a period of years will show any progress or decline of the farming or ranching operation.

The cash flow ledger lists all cash income and expenses. It includes family living expenses, money borrowed and debts paid. A monthly summary of these figures determines the flow of cash during the planning period. The time and amounts of credit needs and availability of

repayment funds can be determined by cash flow, points out Parker.

"Although some time is required to develop a sound financial management plan, the end result can be increased returns on capital," contends the economist.

Coin Auction Set at Pampa

The Gray County Bicentennial Coin Auction and Art Exhibit will be held Monday night, August 5, in the M.K. Brown Auditorium, Pampa. A reception will be included.

At the same time, E.O. "Red" Wedgworth announced that arrangements had been made for Col. Walter Britten to handle the actual sale of the Commemorative Medallions on the night of August 5th. Col. Britten is well known in Pampa and the area in that he has been that auctioneer for the Annual Top 'O Texas Hereford Breeders and Junior Livestock Sale for many years.

In reviewing the plans of the local group, Clotile (Mrs. Fred) Thompson indicated that the August 5th Auction was just one of many activities planned by the group, but that it was an important one in that almost all of the funding for the Gray County celebration will come from the sale of the commemorative coins. Sales of the coins have been going well, she said, but the auction of the first ten numbered sets in each category should bring in considerably more money than regular prices.

Alfalfa Weevil Under Study

The alfalfa weevil, considered to be the most destructive insect of this important hay crop, has in only five years spread throughout Texas' production areas.

N.M. Randolph, Texas A&M University Entomology Department professor, said the Texas Agricultural Experiment Station is busy conducting chemical control trials along with the introduction of natural parasites of the weevil.

Working with Randolph are E.E. Latham and L. Reed Green, county entomologist and assistant entomologist, respectively, for the Texas Agricultural Extension Service.

Randolph said that in College Station tests, 10 insecticides reduced weevil populations for 14 days.

Trichlorfon was less effective than carbofuran, phosvel, methyl parathion, Baygon, azinphosmethyl, carbaryl, Imidan and diazinon at three and seven days after treatment. Carbofuran was more effective than trichlorfon and diazinon at seven days.

No differences were noted among insecticides at 14 days post-treatment, Randolph said.

He said four parasite species which attack the alfalfa weevil have been released in Texas. Two of the parasites have been recovered under field conditions. Research results of this phase of the project are still inconclusive.

of Mr. and Mrs. Ople White Sunday morning. Mr. Helbert grew up in the Quail community. His parents, Mr. and Mrs. Bill Helbert, formerly lived on the farm where the Whites now live.

Mr. and Mrs. Gary Barton and Stacy and Kellye, of Denver, Colo. and Mr. and Mrs. Jerry Barton of Rudy, Ark., were guests of Mr. and Mrs. Raymond Barton during the week end. Mrs. Gary Barton and children are still here visiting her parents, Mr. and Mrs. Elvis Pitts. The Jerry Bartons also visited her parents, Mr. and Mrs. Roy Canada.

Mr. and Mrs. Z.J. Neeley, Jr., of Roswell, N.M. visited over the week end with his parents, Mr. and Mrs. Z.J. Neeley.

County's Oil, Gas Income Near Quarter Million in 1973

Current higher prices for crude oil and natural gas produced in Collingsworth County point to a significant jump in 1974 income for county land and royalty owners who last year received \$223,264 as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if

prices hold up," according to Sherman Hunt, Dallas, Associate president.

The Association's study shows that crude oil and natural gas produced last year in Collingsworth County was valued at \$1.8 million, ranking the county 155th in the state. Crude oil production of 35,754 barrels was valued at \$137,295 and 8.7 billion cubic feet of natural gas at \$1.6 million.

Statewide, crude oil prices for "Should price rollback schemes and other tax-and-control proposals now underway in Congress be successful, current economic gains will evaporate," Hunt said.

1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$6,316 in oil production taxes and \$123,661 from natural gas.

Also adding to the dollar flow in the county last year were these factors: -- Operation of other oil and gas facilities, including one natural gasoline processing plant with 4 million cubic feet per day capacity.

Man Charged With Aggravated Assault, DWI

A Wellington man was tried in county court Monday, July 29, on a charge of driving while intoxicated, and on the same day arraigned in justice court on an aggravated assault charge.

He was identified by Deputy Sheriff Alvin Minatrea as Jacinto Aguilar, who has lived here about two months.

The assault charge stemmed from an incident on the east side of the square Sunday about 7:00 p.m., in which his wife, Blanca, received a cut on one leg, Deputy Minatrea said.

She was taken to Collingsworth General Hospital suffering from considerable loss of blood.

Mrs. Beatrice McKinney, Justice of the Peace, set Aguilar's bond at \$5,000. He was unable to make bond and remains in county jail.

Deputy Minatrea said that after Aguilar injured his wife, he fled and the DWI charges were filed upon his being apprehended a short time later.

He pled guilty in county court before Judge Zook Thomas Monday and was fined \$100 plus \$52.30 costs.

Investigating officers included Sheriff John Rainey, Deputy Henry Hobbs, Policeman Mike Gilmore and Patrolman Harold Price.

Group Attends Derryberry Rites

A group of out of town friends and relatives came Sunday, July 28, to attend the funeral of Mrs. Alvis Derryberry. Some were former residents here.

Farm Bureau Sends Fireman To School

COLLEGE STATION -- Bob Watson, Volunteer Fireman, on the Wellington Volunteer Fire Department of Wellington, is attending the 45th Annual Texas Firemen's Training School July 22-26. The school, attended by nearly 1,350 students representing about 520 cities from approximately 20 states, is being held on the Texas A&M University campus this week.

Firemen can choose their course at the school from a list including Firefighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue Operations.

Fireman Watson is being sponsored by Collingsworth County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 104 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 104 firemen at the school.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President J.T. (Red) Woodson of Gober. "It is our hope in sponsoring this program that the fireman will help the Wellington Volunteer Department to better serve the residents of Collingsworth County."

ONE WAY

... means a more efficient flow of traffic. Because all cars are going in the same direction, they get there in the minimum amount of time. The same is true of package insurance: — it's more efficient ... and often saves you money in the long run.
