NUMBER 7

PEACE IN MEXICO FORMALLY DECLARED

DESIGNATED REPRESENTATIVES
OF GOVERNMENT AND REVOLUTIONISTS TAKE ACTION.

SIGN PAPERS AT JUAREZ

Telegrams Announcing Event Are Sent
To Leaders of Both Sides in Various Parts of Country.

Special to the Times.

Juarez, Mexico, May 22.—Tranquility of an official variety reigned in northern Mexico today for the first time in six months. Joy beamed on the face of Carranza, the peace envoy this morning as he prepared to depart for Mexico City. Madero the leader of the revolutionists leaves for Mexico City within a week to accept the resignation of Diaz.

The peace agreement which was signed at ten o'clock last night provides for the gradual disbanding of the insurgents.

Madero now feels he is responsible for the restoration of complete tranquility in the republic and will attempt to demonstrate that if he cannot control some of the bands he can at least subjugate them.

Official Agreement.

The agreement follows:
In the city of Juarez, on the 21st day of May, 1911, in the customs house, Senor Don Francisco S. Carranza, president of the government of Gen. Porfirio Diaz, Dr. Francisco Vasquez Gomez, Dr. Francisco I. Madero and Don Jose Maria Pino Suarez, as the representatives of the revolutionary forces, having gathered to treat about the hostilities in the entire National territory, and considering:

"1. That Senor Gen. Porfirio Diaz has manifested his resolution of resigning the Presidency of the Republic before the end of the present month; and
"2. That bona fide news is at hand that Ramon Corral will resign the vice presidency of the Republic within the same period; and

De La Barra in Charge.
"3. That by the administration of law Senor Francisco Leon de Barra, at present Minister of Foreign Relations of the government of Gen. Diaz, will assume for the interim the power of a executive of the Nation and will call the general election according to the terms of the Constitution; and
"4. That the National government will study the conditions of public opinion in the actuality to satisfy the conditions with the revolutionaries of the Constitution and will come to an agreement conducive to indemnifying the losses directly caused by the revolution, the two parties represented in this conference, in view of the previous considerations, have agreed to formulate the following agreement:

Cessation of Hostilities.
"From today on hostilities which have existed in the entire National territory of the Republic shall cease between the forces of the government and those of the revolution; those forces to be disarmed, the revolutionaries to be treated as citizens, as in each state the necessary steps are taken to guarantee tranquility and public order.

Transitory provision.
"As soon as possible the reconstruction or repair of the railway lines high erto interrupted shall be begun.
"Don Francisco S. Carranza,
"Don Francisco Vasquez Gomez,
"Don Jose Maria Pino Suarez."

The agreement was signed after three days of indecision. Francisco I. Madero, Jr., leader of the revolution expressing the view that peace could be declared only when Senor de la Barra became provisional President and the new Cabinet was installed.

Some of the chiefs argued otherwise, declaring that armed forces in the field in the interim might precipitate trouble. It was suggested too, that in deference to the wish of President Diaz to retire when tranquility was restored, the peace agreement be made immediate, as his resignation is expected within four or five days. The latter view prevailed.

FIVE GIRLS BURNED.

Parents Badly Burned When Explosion Follows Striking Match—Father Rescues Daughter.

Utes, May 21.—Five daughters of Mr. and Mrs. Harry Roach, ranging in age from 7 to 16, were burned to death last night in a fire, which started in the Roach restaurant.

The parents were badly burned. The mother of the young girls fired a lamp with gasoline by mistake preparatory to ascending the stairs leading to the second floor room, where her daughters were asleep. She applied a match to the lamp and an explosion followed, sending a burst of flame up the stairway. The woman's clothing caught fire but were extinguished by her husband.

He rushed to the burning stairs and caught his youngest daughter, five years old, in his arms. Calling to the other girls to follow him, he ran to a rear window and jumped to the ground the little girl safe in his arms. The others failed to follow him and in a few minutes the bedroom in which the girls were sleeping was a seething mass of flames. Later their bodies were recovered.

U. S. Mother to New Japan War Unlikely

By Associated Press.
Denver, Colo., May 22.—"The United States is the mother of New Japan. Would a son war with his mother or a mother with son?" This is what Dr. Ogata, president of the Methodist University of Tokyo, said here last night in an address on the Japanese war scare at the Asbury Methodist church.

M.W.A. DRILL TEAM HOPES TO WIN AT BUFFALO

The drill team of the local camp of the Modern Woodmen of America is making preparations to attend the head camp which convenes in Buffalo, N. Y., June 20th.

The team is drilling almost every night and has already reached a high degree of proficiency in the ax manual and drill evolutions and with the four weeks constant work yet remaining there is little doubt, but that this team will be in condition to carry off one of the good prizes offered in the contest at Buffalo.

These prizes range from \$50 to \$450. Capt. C. B. McConnell, who has charge of the local team has had several years' experience in this work during which time he participated in three head camps, viz: Kansas City, St. Paul and Indianapolis, and at each place won honors with his team.

In speaking of the local team and its chance of winning a prize at Buffalo, he says: "In all my experience as a drill master, I have never had as good material for a drill team and barring accidents, I feel confident that our boys will give a good account of themselves in Buffalo and bring home one of the big 'plums'."

While the boys are drilling hard and making every arrangement for this trip, there is one obstacle to be surmounted in the way of finance. The team is composed of 18 men and the railroad fare is \$55.05 making a total of \$990.90. The major portions of this amount has already been raised and with just a little effort by the "pull together" citizens of Wichita Falls, the balance will soon be in the hands of the committee of which Dr. Wade Walker is chairman.

In the event the team makes this trip they will travel in a special tourist sleeper with a banner on each side of the car running full length of the car advertising Wichita Falls the "Busiest and Best Built City in Texas." This car will run straight through to Buffalo in addition to this the boys will carry with them advertising literature and souvenirs of every description that the citizens will furnish and distribute same, and as the return trip will be made over various routes, the team splitting up at Buffalo, these advertisements will be scattered over an immense territory.

Wichita Falls is the only city in Texas that is contemplating sending a team to the head camp. This fact alone should appeal to our citizens as a matter of taking the lead.

Another item of interest will be that Wichita Falls through this team will be advertised in the Modern Woodman Journal which has a circulation of 1,250,000.

To Baptize Murderers.
Oklahoma City, May 19.—Utilizing the bath tub in the county jail, Sin Killer Griffin, negro evangelist, who has been holding revival services here, will on next Sunday afternoon baptize Elijah Turner, Bob Johnson, Chas. Pacey, Columbus Holmes and John Henry Prather, sentenced to death June 21 for the murder of W. H. Archie. The negroes have all professed religion and joined the Baptist church.

MEXICAN REBELS KILL 224 CHINESE

Mexican Minster Orders Strong Representations to Mexican Government.

By Associated Press.
Washington, D. C., May 22.—Sam Wah, the proprietor of the International hotel at C. P. Diaz, received a telegram this morning that 224 Chinese were killed in a fight with rebels at Torreon. Wah, who is a partner of Foon Chuek, the Chinese millionaire of Mexico, has appealed to the Chinese Minister at Washington for protection to the Chinese in Mexico.

No Subpoena Necessary.

By Associated Press.
Washington, D. C., May 22.—Andrew Carnegie has notified the House Steel Trust investigation committee that he is willing to appear before it and that no subpoena is necessary for his presence in Washington when desired.

Another Aviation Accident.

By Associated Press.
Rheims, May 22.—Aviator Bardot, while making a flight here today fell to the ground. His shoulder was broken and he suffered many contusions on the body. His aeroplane was splintered.

RE-OPENING LORIMER INQUIRY DEMANDED

DEMOCRATS WILL REFER LAFOLLETTE'S RESOLUTION TO ELECTIONS COMMITTEE WITH INSTRUCTIONS.

THE MEETING WAS SECRET

Some Members of Democratic Steering Committee Favored Appointment of Special Committee.

By Associated Press.
Washington, May 22.—An immediate investigation by the Senate committee on privileges and elections on the renewed charges that Senator Lorimer of Illinois is not entitled to his seat will be demanded this afternoon, when Senator LaFollette calls up his resolution for the inquiry. This decision was made by the Democratic steering committee this morning.

The meeting of the committee was secret. Several members insisted that the attempt to reinvestigate should be undertaken by a special committee appointed by the Senate. Others led by Senator Martin, of chairman, held out for a reference of the matter to the elections committee. Finally the two factions are said to have compromised, agreeing to return LaFollette's resolution to elections committee with instructions to at once begin another investigation of the charges against Lorimer.

To Dedicate \$8,000,000 Library.

New York, May 22.—The program for the dedication of New York's \$8,000,000 public library, at Fifth Avenue and Forty-second street, has been completed in all its details. The exercises will be held tomorrow afternoon. The speakers are to be President Taft, Governor Dix, Mayor Gaynor, Dr. John L. Billings, director of the public library system of New York, and the venerable John Bigelow.

ENROLLING PUPILS FOR MUSICAL CONSERVATORY

Dr. Dunavski in City to Close Arrangements for Opening of Conservatory.

Dr. B. Dunavski has returned to the city with a view to opening a musical conservatory here as indicated in The Times several days ago. It will be remembered that the Doctor was here on a previous occasion at which time he was given the moral support of the Chamber of Commerce, in connection with which he announced he would establish a conservatory here without bonus if a sufficient number of pupils could be secured to assist in defraying the expense until the institution was more thoroughly established. As a result several volunteered to enroll and the encouragement received was of such a nature as to induce him to make another visit, this time to remain several days with the hope of closing up the matter. There has not as yet been a sufficient number who have signified their intention to patronize the conservatory to justify him in establishing but he is hopeful of success in the matter and to this end invites those who are interested to call on him at the Westland, where he will stop until he decides definitely what he will do in the matter.

Dr. Dunavski has arranged with a well known attorney and citizen of Amarillo to take charge of the business management of the institution if established, as shown by papers exhibited today, in order that he may devote his entire time and attention to teaching and to building up an institution at this place that will be a credit to not only himself, but to the city as well.

As indicated above he will be at the Westland for several days and will be pleased to meet all those who are interested in such an institution and in the development of a high class conservatory of music at this place.

CLASS DAY EXERCISES HELD AT HIGH SCHOOL

Class Day exercises were held at the High School building Monday morning. The following was the program:

Trilo—Bess Kell, Pearl Underwood, Lillian Bachman.
Class History—Muriel Hickman.
Class Song.
Clarinet solo—Gerald Pond.
Class Popsy—Pearl Underwood.
Class Poem—Gerald Pond.
Last will and Testament.
Senior Class—Russell Jones.
Cremation of Books.

Henry Lewis Stimson (above), the new Secretary of War, and Jacob M. Dickinson, whom he succeeds, Mr. Dickinson has resigned his portfolio for private reasons. It being his desire to return to Tennessee to care for his business interests. The selection of Mr. Stimson, who was defeated for Governor of New York last year on the Republican ticket, seems to meet with the general approval of all. His selection will be most gratifying to all to Colonel Roosevelt who led the campaign for Mr. Stimson last fall.

Stimson Sworn In.
By Associated Press.
Washington, D. C., May 22.—Henry L. Stimson, of New York, today was sworn in as Secretary of War, succeeding J. M. Dickinson, resigned.

Extra Session in Arkansas.
Little Rock, Ark., May 22.—The members of the Arkansas legislature assembled in special session today in pursuance of the call issued a week ago by Governor Donaghey. The Governor will ask the legislature to make an appropriation for completing the new Capitol and also to provide for a general revision of the revenue system.

DEALERS MUST PAY DEPOSIT FOR BOTTLES

After June 1st, retail dealers and others who buy bottled goods from bottlers in Northwest Texas will be required to make a deposit for bottles.

A resolution to this effect was adopted at a conference here Sunday. At this conference an association was formed with L. H. Wyman, of Quanah, as president; F. M. Bentley, of Gainesville, vice president; W. N. Maer, of Wichita Falls, secretary. Among those in attendance were: L. H. Wyman, Quanah; F. M. Bentley, Gainesville; J. S. Knibb, Chilcross; Mr. Slaughter, Bowie; E. R. McClendon, S. C. Cook and W. N. Maer, Wichita Falls; S. B. Simmons, Dallas; Mr. Sweeney, Chicago, Ill., and Ab Knox, Altus.

D. L. TAYLOR ON NEWS- PAPERS.

"I am for the daily newspapers strongly because I appreciate the wonderful vitality of their circulation," said President David L. Taylor, of the Taylor-Critchfield Advertising Company, at the banquet in his honor, recently given in Chicago. "The daily newspaper is a great and quick influence on the public mind. Being the carrier of everyday news, in which it contains naturally becomes a part of the news that it contains."

"The daily newspaper can no longer be considered an exclusive city proposition. It blankets a great big portion of the country within the radius of the city in which it is published; it is a quick action, rapid-firing gun that gets immediate results."

"I recommend the daily newspaper not only to the general advertiser for publicity, but to the mail-order and agricultural advertiser who wishes to reach not only the small towns, but also the farming community within the radius of the city."

BULLET DISCHARGED LIQUID EXPLOSIVE

OKLAHOMANS MISTAKE CAN OF NITRO GLYCERINE FOR MUDDY WATER.

ONE INSTANTLY KILLED

Second Victim of Explosion Crawls Mile and a Half for Aid Will Die.

Muskogee, Okla., May 21.—Clarence Henderson, bookkeeper for the First National bank at Huggs, and Eddie Bright, son of a real estate man, mistook a quart can of nitro glycerine for muddy water this afternoon and Henderson is dead and Bright will die.

The two young men were out in the country with a 22-calibre rifle. Under a boulder they discovered a quart can. It was full of what appeared to be muddy water. One of the boys placed the can on top of the boulder and stepping back ten or fifteen paces fired at the can. There was a terrific explosion. Henderson was so badly mangled that he died within an hour. Bright had on a pair of rubber boots. Both of these were blown off and his feet mangled. Particles of the can which contained the explosive cut his body in a hundred places. One eye was put out. In this horrible plight he managed to crawl and drag himself to the home of Frank Keele, a mile and a half distant and told of the accident and then fell unconscious. He was bleeding at the nose and mouth and in scores of places on his body.

A physician packed thirty-five pieces of tin out of his body and found sixty-five more holes in which particles of metal were so deeply embedded they could not be found. There is no hope for his recovery. The boulder on which the can was set when it was shot at was ten feet thick. It was blown into a thousand fragments. The accident happened in the oil field near Huggs and three wells had been recently drilled there. The well in which Henderson was shooting the wells and had hidden this can of nitro glycerine under a boulder when they quit work last night.

CENTRAL WEST TEXAS CLASS D LEAGUE

By Associated Press.
Abilene, Texas, May 22.—A meeting to be held here this afternoon in pursuance of the proposed ninety-day Class D baseball league. Franchises will be asked by Ballinger, San Angelo, Sweetwater, Big Springs and Stamford. It is expected the season will begin on June 5.

Will Not Hold Rally Same Day as Antis.

There will be no rally of the state prohibition forces here June 5, the date that has been set for the gathering of the anti-prohibition people, according to Judge A. W. Walker, vice president of the state prohibition committee, who returned Sunday morning from a four days' visit into Central Texas.

A plan is being formulated for a rally in Fort Worth some time in June, when many of the state leaders will be here, but that date has not been determined. Judge Walker announces definitely that it will not be June 5.

Something in the manner of a prohibition parade, purely of a local character, may be held June 1, though this has not been definitely decided upon. There will be a conference of some of the Sunday school workers and pastors of the city at the Taylor Street Presbyterian church at 11 o'clock this morning upon some phases of the prohibition campaign, and it may be that something definite may develop as the result of the conference.—Fort Worth Record.

OKLAHOMA BANKERS MEET.

Oklahoma City, Okla., May 22.—The Oklahoma Bankers' Association began its annual convention in this city today with a good attendance. Features of the initial session this morning were the annual address of President J. B. Ferguson of Enid, and an address by George B. Harrison, Jr., president of the New England National Bank of Kansas City.

GERMANY INVITED TO ARBITRATION TOO

By Associated Press.
Washington, D. C., May 22.—The German Government has been made aware that the same arbitration proposed to England and France is open to Germany if that country is interested. This was learned at the State Department today.

Watermelons Shipped.
Candler, Fla., May 22.—The first car of this season's watermelons was loaded here yesterday for New York markets. It broke two records. The price it brought is \$400, and this is the earliest date at which melons have ever been shipped from here. The vines were planted in January and covered during the cold weather.

Five Aces in One Deck 3 Fatalities

By Associated Press.
Kittanning, Pa., May 22.—Five aces found in one deck of cards caused a quarrel among miners here last night in which three men were killed and one fatally shot.

Frank Kell is in Woodward, Okla., on railroad business, having special reference to the proposed extension of the Northwestern.

CONVENTION WILL BE LARGEST IN HISTORY

Everything is in readiness for the state meeting of the Retail Merchants Association to convene in this city tomorrow and both Secretary Day of the Chamber of Commerce and Secretary Thomas of the local association are busy preparing for the reception of the visiting merchants, who are expected to begin to arrive tonight. State Secretary W. J. Edgecombe, of San Antonio, is already in the city in advance of the meeting to look after preliminary matters in connection with his duties in that official capacity. Mr. Edgecombe estimates that there will be something like five hundred merchants in attendance at the meeting, which will be the largest gathering in the history of the state organization.

Tomorrow morning at 9 o'clock the delegates, as well as the public generally, are expected to assemble at the opera house where the guests will be welcomed to the city by Secretary Day of the Chamber of Commerce, after the meeting shall have been called to order by President Lee of the local association, followed by an invocation by Rev. J. P. Boone.

Following Mr. Day, Wiley Blair will welcome the delegates on behalf of the local association, the response to both addresses to be made by S. V. Pfeuffer of New Braunfels. An address embodying recommendations will then be made by W. M. Morgan of San Antonio, the state president and the committees will be appointed and adjournment will be taken for lunch.

In the afternoon a business session will be held at the Colonial Theatre at which the reports of the different committees of the association will be heard.

In connection with the entertainments to be provided and the privileges to be afforded in connection with the meeting, Secretary Day of the Chamber of Commerce has requested The Times to state that all members of the association, either local or visiting, will be required to register in order to obtain privilege tickets prepared for the occasion. This action is taken in order that there may be a degree of system in handling the entertainment feature, and that there may be no misunderstanding in connection therewith.

President Offered Mountain Home.
By Associated Press.
Washington, D. C., May 22.—Offering the president a fully equipped summer White House in the Smoky Mountains of Tennessee a delegation of Barryville, Tennessee residents called Mr. Taft today. They proposed to erect a White House on Bald Knob about sixty miles from Knoxville. It is not known whether the president will accept.

China Will Protect.
By Associated Press.
Washington, May 22.—The Chinese Charge d'Affaires in Mexico City has been instructed by the Minister at Washington, who is also the accredited representative to Mexico, to make strong representations to Mexico in regard to reported outrages against the Chinese. The Minister has received advice substantially the same as the press dispatches.

INDICTMENTS QUASHED BY FEDERAL JUDGE

Enforcement of Grandfather Clause No Crime Against United States the Court Holds.

By Associated Press.
Muskogee, May 22.—Federal Judge Campbell today quashed the indictments against a score of state election officials charged with preventing negroes from voting under the grandfather clause of the state election law. The court decided the offense alleged no crime against the United States.

SENATOR WILSON ATTACKED PRESIDENT.

Minnesota Senator Declares Treaty Making Power is Vested in the Senate.

Washington, D. C., May 22.—Senator Nelson of Minnesota attacked President Taft before the House Finance committee today for seeking to prevent the Senate from amending the Canadian reciprocity treaty. He declared the constitution gave the Senate the treaty making power and offered several amendments to the measure.

INSPIRING SERMON BY REV. HAMLIN

MAGNIFICENT AUDIENCE ATTENDED BACCALAUREATE SERVICE SUNDAY MORNING.

BE NOT LIKE THE SHEEP

Avoid Precipices that Lead to Ruin. Use Your Talents—Speaker Urges.

A magnificent audience heard Rev. R. R. Hamlin deliver a baccalaureate sermon to the class of 1911 of the Wichita Falls High School at the First M. E. Church, South Sunday morning. "The Supreme God" was the theme of Rev. Hamlin's address.

For his text he chose First Timothy 4:8. "For bodily exercise profiteth little, but godliness is profitable unto all things, having promise of the life that now is and that which is to come."

The speaker said in part: "God has always been favorable to education. He set his seal upon learning when he selected Moses to lead the Children of Israel out of Egyptian bondage. Of Moses it was said, 'that he was learned in all the wisdom of Egypt,' which meant that he had the best education possible in that age of the world. The wisdom of Solomon attracted the attention of all the lands of the east. Saul of Tarsus had been educated at the feet of Gamaliel the greatest scholar of his day and showed his familiarity with Greek learning in the writings he gives us in the New Testament. Culture, education and travel always give breadth of thought and we note that it is no cranky or narrow view that Paul gives us of the subject of human culture. Giving credit where credit is due he admits the value of physical culture, but points out that the full man physical, mentally, morally and spiritually must be trained."

"Mentality and personality are both made stronger and better by physical culture and if you would influence the world to your fullest capacity bring before it a sound mind in a sound body."

"Today the teaching of Saul of Tarsus is bearing fruit. Each faculty, attribute and power is being recognized, cultivated and appreciated as never before. The classification of man's abilities, the intellectual and spiritual forces are being studied and used to a degree heretofore unknown. Men are borrowing the weapons of heaven to fight the battles of life."

"Recognizing that we have less than twenty years in which to prepare to live and less than twenty more in which to prepare to die, it behooves you to act quickly, and nobly your part."

"Did you ever see a Texas sunrise? First the darkened shadows that hung like a pall over the prairies begin to move silently and swiftly toward followed by those of lighter tint like the ghosts of the night that flee from the approaching dawn. The freshening breeze that races up from the gulf stream comes whispering to man and beast, bird and flower, that the morning is nigh. Now, as the sombre shadows grow lighter we see the hills over in the east silhouetted against the enlivening sky. The queen of the night turns off the electric lights of heaven and each maiden star in her glorified train takes the diamond studded crowns from their brow, and moon and stars vanish down the long aisles of the universe into vast infinity. As the angel of the morning pulls back the curtains of night the heralds of the morning flame over the portals of the east and shooting their crimson lances over all the eastern heavens. They hang their banners of gold and vermilion on the cloud cliffs of the sky as decorations along the pathway of the king, as smilingly, the monarch of the day ascends his orient throne and begins his march toward the west."

"You are entering the morning of manhood and womanhood. As Butler says: 'Life is before you, from the faded road ye cannot turn, then take ye up the load. Not yours to leave or tread the unknown way, ye must go o're it, meet ye what ye may. Gird up your souls within you to the deed, angels and fellow spirits bid you speed.'"

"In entering the arena of life's battle you will find it no tame affair, no sham battle, but the death grapple between the forces of ignorance and superstition and sin on one hand and the forces of truth, right and godliness on the other."

"The chief nations of earth are battling against their sins and vices. In China it is the cutting off of the cue or pig tail that has not been allowed before for twenty-three centuries and the emperor's edict against opium using. In America there is war educative and legislative against the deadly cigarette. But the most gigantic battle is the war against the liquor traffic—not confined to our nation or state alone, but agitating the minds of all civilized peoples."

"You will also find religion, philosophy and science all busy for the betterment of the human race, for men are today as never before re-

(Continued on page 4)

Kirschs Leaving Wichita Falls

We have decided to discontinue our store in Wichita Falls, not that we have been unsuccessful, but we are preparing at Amarillo, Texas, to put in a DEPARTMENT STORE of great magnitude on the style of stores in the East, and we wish to consolidate our interests at that place, and for this reason we are going to leave what we consider one of the best cities in Texas--We therefore are going to dispose of our stock at once

BEGINNING MONDAY

We Will Offer Our Entire Stock of Goods, Consisting of the Very Best Line of Ladies' Ready-to-Wear and Millinery in West Texas at Absolute Cost

We offer our fixtures, also, for sale, and a three-years unexpired lease--will sell stock in it's entirety to anyone wishing same. This is a bonafide sale and will continue indefinitely, as we are liable to move any time. At COST FOR CASH ONLY. Nothing charged to anyone, no goods sent on approval, no goods exchanged, no money refunded, absolutely a business proposition to get the cash out of our stock, so as to lessen, the amount of goods to be moved.

SALE STARTS PROMPTLY MONDAY A. M.

SPECIALIZATION

A lawyer, a doctor, a teacher or a merchant is not the same as he used to be, because the demand is for the specialist, a medical or surgical doctor, criminal or civil lawyer and so on down the line.

We specialize on Mens' and Boys' Wearables. We bid for your business in our specialized lines, with the just claim that we CAN and DO serve you better--Better choice. Better quality and Better price--Better give us a chance to prove it.

Intercollegiate Glider Meet at Atlantic, Mass.

A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS THINNING

Dandruff now--bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until its dried out again. Nothing can cure--really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease. Learning from leading fellow druggists throughout America that they had found a whirling cure for dandruff, eczema and all diseases of the skin and scalp the Miller Drug Store on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city secured the agency for the remedy. This remedy is ZEMO--the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp a skin clear and clean of the dandruff or scale and by its anti-septic qualities soothe and heal. Sold and guaranteed by druggists everywhere and in Wichita Falls by Miller Drug Co.

Jack White and Eddie Dennis show here tomorrow night. The St. Joseph, Mo., May 22--Jack White and Eddie Dennis are to furnish the main bout in the boxing contest at 126 rounds.

You NEVER Will
Taste Better Syrup

It is impossible to get Velva quality from imperfect sugar cane. We buy only the first quality. It is impossible to take part of the sugar out of the cane juice and have the result equal to

Velva
Breakfast Syrup

Velva is the pure juice clarified. It is impossible to put good syrup into barrels and expect it to retain its flavor and character. We put Velva into clean, sanitary cans and seal it against all possible deterioration. You NEVER will taste better syrup, and it's very doubtful if you will ever taste any other so good. Your grocer carries Velva.

PENICK & FORD, LTD.

\$20,000 IN CASH PRIZES AGRICULTURAL PRODUCTS

Special to The Times.

Dallas, Texas, May 22.—Probably no other state surpasses Texas in the number and value of premiums offered for the largest and best yields of various farm and garden products raised in the state this year. From reliable sources the Texas Industrial Congress has received reports that indicate a total of \$30,000 in cash prizes, and additional premiums, consisting of merchandise, seed, etc., amounting to \$5,000 to be awarded. These prizes are being given by the Texas Industrial Congress, local commercial clubs, merchants, banks, and individuals. Premiums are offered on a variety of farm and garden products, but corn and cotton are the principal crops for the best yields of which prizes are to be given. In value, the \$10,000 in cash offered by the Texas Industrial Congress exceeds the list, while a number of counties are each offering premiums that aggregate from \$500 to \$1,000. Including the members of the boys' corn clubs, there are perhaps 10,000 contestants for these prizes, and the results are certain to be apparent in the total agricultural production of the state for 1911.

A GREAT PHYSICIAN

What He Said of Germs that Cause Disease.

M. Pasteur, sometimes called the Greatest Physician often said: "I believe that we shall one day rid the world of all diseases that are caused by germs."

Of all the diseases caused by germs, catarrh is one of the most persistent and loathsome. Catarrh can be cured, but only by destroying the germs.

Breathe HYOMEI and cure catarrh by killing the germs. The HYOMEI method is the only sensible method because you breathe the highly antiseptic and germ killing air directly over the entire membrane infested with catarrh germs.

HYOMEI will cure catarrh. There may be some complicated cases where it will fail, but the chances are ten to one in its favor, and the sufferer from catarrh takes no risk, because HYOMEI is a guaranteed remedy, and if it doesn't cure O. F. Marchman will refund the purchase price.

HYOMEI will also give instant relief and cure in bronchitis, coughs, colds and croup. A complete outfit, including hard rubber pocket inhaler, costs only \$1.00. If you now own a Hyomei inhaler you can get a bottle of HYOMEI for 50 cents.

CANVAS SPREAD FOR

THE TENT THEATRE

Gertrude Ewing Opens Engagement Here Tonight With "Man Turned Devil."

The corner of Indiana avenue and Sixth street, at the north end of the city, has truly taken on the appearance of a circus lot. It is there the big Ewing canvas theatre is spread. Commencing late yesterday afternoon directly after the arrival of the company, workmen and mechanics have been placing in readiness the canvas which is to house the Ewing Company for the remainder of the week in this city.

Everything is now in readiness for the opening that gives great promise of attracting an immense crowd this evening.

The play selected for the introduction of the Ewing players, "Man Turned Devil," is new in theme and interesting in dramatic treatment. Incidental with the regular dramatic performance will be given between acts several clever and laughable vaudeville specialties.

Texas Day.

Secretary O. Owen of the Port Arthur Board of Trade, has had an analysis made of the clay produced in what section of the state, and it is pronounced of an exceptionally good quality and it is declared to be especially good for building or paving brick.

Texas clay is being extensively used in the manufacture of clay products and is equal to that found in other states.

The Texas Hand Shake.

According to data compiled by the Commercial Secretaries Association, the citizens of Texas spent \$12,000,000 annually in visiting among their relatives and friends. This item of expense measures to a certain extent our prosperity and sociability. We are all good fellows and we like each other. We are never too busy to form new acquaintances, tell yarns, and split our sides laughing. We welcome 69,000 immigrants, shake hands with a half million winter tourists and visitors per annum and in addition entertain our friends.

True, Southern hospitality abounds in Texas and the Texas hand shake has become world famous.

New Class D League Starts Season. Knoxville, Tenn., May 22.—The Appalachian Baseball League, a new class D organization with a circuit including a number of the former franchise holders in the Southeastern league, started its championship season today under auspicious conditions. The league is made up of six clubs, Asheville, Cleveland, Morris-town, Johnson City, Bristol and Knoxville. A schedule of 96 games will be played, the season closing September 9.

Good roads are the arteries of the industrial life of a great and powerful people, and are just as important to the consumers as they are to the producers of a country.

To Clean And Press A Suit

To clean and press a suit, or delicate dress fabric properly is a trade in itself, and not to be learned by any one in a day. It requires something more than a flat iron to start a tailor shop too.

We are equipped with the best machinery made, and our workmen have had years of experience. We guarantee the very best satisfaction on any class of woollen, cotton, silk or linen fabrics.

And our prices are no higher than others.

Collier & Hendricks

The Store That Satisfies

Texas Leads in Agriculture.

The preliminary statement issued by the Federal Census Bureau placing Texas at the head of the list in value of agricultural products 1910, amount \$364,110,000, is the most important statement issued by the Government in connection with the Federal Census Reports and is especially gratifying when the increase over the previous decades is compared with our increase in population. The figures shown below in the agricultural and population column represent the per cent of increase over the previous decade:

Decade	Agri.	Pop.
1890	42	40
1900	54	36
1910	35	28

The increase in agricultural products over the increase in population during the past two decades indicates that the Texas farmer is a better agriculturist than he was 20 years ago. Our products during the past two decades have shown an increase of 89 per cent and our population during this period 64 per cent; of course our agricultural production would be expected to keep pace with the increase in population as our immigration gives us new farmers, although it is more than likely that during this period our cities have taken from the farms more than they have given them and the cities have certainly held their own in immigration, so we have a net increase of not less than 25 per cent clearly creditable to the increase in ability of the Texas farmer.

You should read the Times.

HOW PEOPLE

MAKE MONEY

How do people make money?

How do they get their start?

By buying real estate of course.

By starting on a small scale, of course.

Why don't you make a start right now? We can sell you a good lot for \$10.00 down and \$5.00 per month close to the Northwestern brick plant and Northwestern machine shops. These lots are going to double in value before you get them paid for. Lay the next egg, the others must follow. Don't pay rent all your life. Rent receipts make no assets for you. Figure on this and tell us where we are not telling the truth. Ask some man who's got a start and he will tell you real estate, some old cheap lot close to a good town. Then call on us for further particulars and we will show you an easy road to make this start. Call today as these lots are going fast. Do not lose the opportunity of a life time.

THIS DATE IN HISTORY

May 22

- 1795—Mungo Park set sail on his first voyage to Africa.
- 1802—Martha Washington, wife of George Washington, died at Mt. Vernon. Born in New Kent County, Va. in 1732.
- 1813—Richard Wagner, famous composer, born in Leipzig. Died in Venice, on Feb. 13, 1883.
- 1854—Jacob Gould Schurman, president of Cornell University, born in Prince Edward Island.
- 1863—Grant's assault on Vicksburg repelled.
- 1867—Queen Victoria signed the proclamation uniting the Canadian provinces into one dominion.
- 1885—Victor Hugo, famous French novelist, died. Born Feb. 26, 1802.
- 1906—Henrik Ibsen, famous Norwegian poet and dramatist, died in Christiania. Born in Skien, on March 20, 1828.
- 1910—United States and Canada concluded a treaty settling the disputed coast boundary between Maine and New Brunswick.

The onion crop of Texas for 1911 amounted to \$1,400,000 and ninety per cent of it has already been marketed.

The warring factions in Mexico have signed a peace agreement, and the war is practically at an end with Madero and his insurgents as winners of the

fight. Six months ago it was thought the revolution amounted to little or nothing, which goes to show that appearances are some times misleading.

Municipal ownership of public-service corporations, such as waterworks, electric lighting, street railways, etc., is in vogue in 70 per cent of the cities of over 30,000 in population, though statistics show that only 10 per cent of them are self-sustaining. Of this small number Oklahoma City is one. That city owns its waterworks system, and the report of the superintendent for the fiscal year ending May 11, 1911, shows a net profit above all expenses of \$36,499.33, or a little more than \$3600 per month.

Reduced to a few words the great victory which the government won over the Standard Oil Company simply means that trusts are all right provided they are conducted a little bit differently than now, that it is also all right to restrict trade and stifle competition so long as the restrictions and stifles are not so bold in their work. As an evidence that the Standard Oil Co. was not hurt by that wonderful decision, its stock is worth and is selling for more on the stock market today than it was a week before the decision of the United States Supreme Court was rendered. This being a fact, is it any wonder the Standard has decided to abide by that decision?

Six times Burrell Oates has been tried upon the charge of murdering a man in Dallas. Five times a jury has sentenced him to death. For the sixth time he is granted a new trial, this time because the jury found him "guilty as charged," and failed to say "of murder in the first degree." This failure in the court house is no more serious than the five preceding if only it is more displeasing because of the cumulative force. Any business system which results in as many failures in the same matter would be set aside. Any governmental system which fails time after time in an identical manner is obviously worthless and should be abandoned or radically revised. In this case the jurors were primarily to blame for not writing the verdict as instructed by the Court. But juries, not being "learned in the law," frequently make the mistake of writing in plain English. Oates was charged with murder in the first degree. The jury found him guilty as charged. That appears to ordinary mortals as sufficient as meaning that the jury found him guilty of impotence. But because some court, some years ago, said that juries must use more words, it is regarded as essential that the nonsensical rule should be followed for all time. However, juries have often so erred. Their failures have been detected by prosecuting attorneys or trial judges, and they have been sent back to reform their verdicts. Unfortunately, that was not done in this case. Both the prosecuting attorney and the Judge went to sleep at the switch and let the error get by. If counsel for the defense detected it, it was none of his business to speak out—until it was too late. So, Oates will get a new trial, and the long-suffering public will foot the bill, not the officers who made the error.—Dallas News.

INSPIRING SERMON

BY REV. HAMLIN

Continued from page 1

adjusting their creeds, faiths and ideals.

"Every great truth in the Bible and out of it is intended to help you here and now, in your business, in your life, and what cannot help you here will not help you hereafter."

"Live the enlarged, the abundant, abounding steadfast life of enterprise and service. If you would be a power in the valley go up occasionally upon the mountain as Jesus did and commune with God, nature and the universal force. It is in this way that you will increase in your power with God and man. Use your talents. You may bury gold or silver and dig them up and use them again but not so with talent. Cease to utilize it and it is gone forever. Don't be a sheep—one sheep jumps over a precipice—others follow to destruction. Many people are like sheep, looking to see where the others jump and follow blindly to death. Only a few get far enough away from the sheep to reason for themselves."

"It is over the precipice of wasted time, the card tables, pool halls and cheap theatres that the thousands go. Ten cent theatres make ten cent boys and girls and bury in rubbish many a precious soul. Over the precipice of drink, gambling, immorality, deception, the human sheep are going every day. Not a big precipice all at once; no man intentionally jumps to death—the sheep takes one big leap to death—men take many little ones—both land at the same place. Thousands turn their back upon the truth and the grandeur of a noble character—soon the splendor of a noble life is vanished and nothing remains but the empty husk."

"In many instances it is an unconscious transformation. The brain cells of honor grow smaller—new brain cells are formed. These are tainted with poison—false appetites are formed—a false sense of life is being acquired—talent forgotten—the advice of evil companions heeded—the heedlessness of sheep and over the precipice they go. Thousands fall from the integrity of manhood as the stars fall from the sky."

"Maintain your character. It is not ours to destroy—it costs you much to squander as thousands do. The men who paid for your character, the woman who earned it by heroic and steadfast resistance to evil only left it in your keeping and to pass on to your posterity. Every time you weak-en and fail you rob posterity of that which has been purchased by a thousand years of struggle."

Nothing To It.

Have ye ever hankered
To go an' fish
Till to work seemed sinful?
Just had a wish
To shut your desk
With a bang and slam
That would tell the world
"I don't give a darn
If there's work that waits
'An' there's things to do!
The fish are callin'
An' I am through!"

I have felt like that
Just a heap o' times,
When tasks that beckoned
Me seemed like crimes.
When to stay an' plug
At the daily chores
Seemed like insin-
God's whole outdoors;
Seemed just like you
Was a sordid wretch
Not knowin' God
Had made fish to catch.

I have felt like that,
An' have hiked away
To riverside
Or the tosin' bay,
An' have sat all day
In a tosin' skiff
A-tryin' an' tryin'
To land a blif
On the skeeters that
Socked their bills in me,
An' have wondered where
All the fish might be.

An' the sun has scorched
Me before the close
Of day, an' pecked my nose,
An' my neck was raw;
An' you know that that's
About all I ketch-
ed But a string o' cats!
An' that's about
All I ever do!
This fishin' bunch
Is a foolin' you.

—Judd Matrone Lewis in the Houston Post.

LADS WON 13
INNING VICTORYD. NAYLOR SMASHED THE LEATH-
ER FOR THREE SACKS IN
THIRTEENTH.

EVERY INCH HARD FOUGHT

Hiett For Visitors Pitched Splendid
Game—Green Also Did Splendid
Work.

As a climax to one of the closest contested games of baseball ever played on a Wichita Falls diamond, in which the opposing teams battled for thirteen innings for victory, Dick Naylor drove the ball to deep center for three sacks and scored the one run needed to tie the game, as well as the additional score required to complete a victory.

The game was largely a pitcher's battle with honors about even, although a shade favorable to H. Hiett of the visiting team, who secured six teen strike-outs and held the Lads to seven hits, notwithstanding four errors were made behind him. A remarkable feat in connection with his work was witnessed in the first three innings; wherein he struck out seven "they came to the bat. Brown and Green alone connecting with the ball and they both going out on flies to left field. In the first five innings the Cleburne pitcher did not give up a hit, but the Lads touched him up for three hits during the remaining seven innings of the game. With splendid strategy Hiett nullified himself out of a hole in the eighth, when with Green on first he walked both Witherspoon and Art Naylor and filled the bases, then retiring the side by striking out Naylor. He likewise secured a strike out in the twelfth at a time when Guthrie was on third and Witherspoon the next man up. Withal Hiett pitched one of the best games ever witnessed in this city and was entitled to win but for the four errors made by the Lads.

In this connection it may be said that Green for the Irish Lads came up to the expectations of his most ardent admirers and pitched an excellent game throughout the entire thirteen innings. A feature of his pitching was the splendid head work used in every instance where the Lads were in danger and while he only secured seven strike outs, he kept the hits well scattered and worked out of a hole when the occasion demanded. This was especially true in the eighth inning when with men on bases he struck out Tanner the home run hitter and one of the best batters on the team and retired the side.

For the visitors Tanner the third man up with two out secured the first score, slapping the ball to deep center for a home run, but the next man up retired the side and no more scoring was done by Cleburne until the eighth inning.

For the first five innings the Lads retired in one, two, three order. In the first three innings they struck out in the second two out of three struck out in the third the same performance was repeated. In the fourth one of the three outs was a strike-out and in the fifth the half was knocked between pitcher and home plate each time being fielded by the pitcher and once by the catcher. The sixth was the bad inning for the visitors when Clark and Cooper both hit safe and were advanced by an error at first that gave Green the base, but Clark was retired on being forced out at third. This left Cooper and Green on base, but the latter was retired by Guthrie and scoring on Fanning's throw to first when he hit Taylor, the runner.

In the eighth Cleburne annexed another run on a hit by Fanning, who was advanced to second when Hiett was hit by the pitcher, the latter taking place at first. A hit by Carson advanced the runners and filled the bases and a third hit by White scored Fanning and tied the game.

For the next four innings not a run was made and it began to look as if it would be necessary to call the game on account of darkness, when in the thirteenth inning Cleburne secured a run when Hiett was given a pass to first, was advanced by Carson who secured first on an error by Green; the pitcher and scored on a hit by White, giving the visitors a total of three runs and the Lads two.

Witherspoon, the first man up for the local team, led off with a hit and Art Naylor secured first on a fielder's choice when an attempt was made to catch Witherspoon at third, but without success, although the decision was vigorously questioned by the visiting team. Dick Naylor, the third man up, smashed the ball for one of the cleanest hits of the game, when Witherspoon and Art Naylor both scored and the suspense was over, with the score 4 to 3 in favor of the Irish Lads, and no outs. Dick Naylor was liberally rewarded by the local fans for his timely hit, which was accredited as a three-bagger.

The attendance at the game was the largest recorded so far this season, and part to the excursionists who were in the city from points along the Northwestern in Oklahoma, as well as from Texas points, but notwithstanding the heavy attendance the crowd was handled as well or better than any Sunday crowd that has visited the Lake and the traction company deserves credit for the splendid service provided. Every car and all the trailers were put into service and regular trips were made without interruption. Tanner of the Cleburne team led in the number of hits, securing three in six times up. White for the visitors annexed two hits, while Cooper and Dick Naylor of the Irish Lads secured two each. Carson, Fanning and H. Hiett of Cleburne and Guthrie, Witherspoon and Clark of the Wichita Falls each secured a single, while sacrifice hits were credited to Brown and Green of the home team.

Wichita Falls registered two nice

GIVE THE CHILDREN
PRESERVE SANDWICHES

Now that the combination preserves, that is peach, strawberry and blackberry with apple as a filler, have come on the market, the preserve question is easily solved. 40c per quart jar for your favorite preserve combined with apple makes not only an inexpensive food but a most tasty and wholesome one too. The apple takes away that extreme richness and adds a most delightful combination flavor besides making the preserves extremely wholesome and full of food value. We sell the Bismark brand and have just now the following kinds all of which contain apple as a filler.

The Oregon line of the Southern Pacific Company. In 1901 he was transferred to San Francisco as assistant freight traffic manager and in 1904 was made vice president of the Houston & Texas Central. In April of that year he was chosen as general manager of the Southern Pacific and in June vice president. He resigned the following November to engage in the oil business. Last December he was induced to re-enter the railroad field as president of the Illinois Central.

THOUSAND EXCURSIONISTS IN CITY SUNDAY

The special excursion over the Wichita Falls & Northwestern yesterday brought one thousand visitors to the city, many of whom came from as far as Wellington and Elk City.

The train which was due to arrive about noon was about an hour late and when unloaded the town was full of people and the restaurants were taxed to their utmost capacity to feed the throng. Many of the visitors took advantage of the occasion to visit the ball game and quite a number became so enthused over the contest that they remained over until today, a privilege that was granted in the sale of tickets.

The excursion is reported to have been a very successful one. The railroad handling the crowd in a successful way and the visitors all seemed to enjoy their trip to the metropolis.

LADS WIN A 13
INNING VICTORY

(Continued from page 4)

doubles, one in the sixth and the other in the eleventh, and Witherspoon and Art Naylor are each credited with base stealing.

Clark for the Irish Lads fielded a remarkable game, accepting 13 of 14 chances and in two instances robbing the batter of a hit.

A remarkable feature of the game was the fact that not a two-base hit was scored the entire thirteen innings, and of the three-base hits registered one went to each team.

Cleburne will be here today and tomorrow, both of which games will be played at the city park, and then the Lads go to Bonham for a series of three games, returning for a series with Lawton Saturday, Sunday and Monday.

The score:

Wichita Falls—

Guthrie, lf. 6 0 1 0

Taylor, 2b. 6 0 0 0

Witherspoon, 3b. 5 1 1 0

A. Naylor, rf. 5 1 1 0

D. Naylor, c. 6 0 2 0

Cooper, 1b. 5 1 1 1

Green, p. 3 1 0 1

Totals 44 4 7 3

Cleburne—

Carson 5 0 1 0

White 6 0 2 0

Tanner 6 1 2 1

Spencer 6 0 0 0

T. Heltt 6 0 0 1

Griffin, 2b. 6 0 0 0

Harper, lf. 5 0 0 1

Fannin, c. 4 1 1 1

H. Heltt, p. 4 1 1 1

Totals 47 3 7 5

Earned runs—Cleburne 3, Wichita Falls 1. Three-base hits—White and D. Naylor. First base on balls—Off Heltt 2, off Green 1. Left on bases—Cleburne 7, Wichita Falls 3. First base on errors—Cleburne 3, Wichita Falls 5. Home runs—Tanner. Struck out—By Heltt 16, by Green 7. Double plays—Wichita Falls 2. Passed balls—Fannin 1. Hit by pitcher—Carson, H. Heltt, Green and Clark. Umpire—Pokerney.

Following was the score of yesterday's game by innings:

Cleburne 1 0 0 0 0 1 0 0 1 2—2

Wichita 0 0 0 0 0 0 0 0 0 0—0

Lawton 8, Durant 7.

Lawton, Okla., May 22.—With Durant four runs to the good in the ninth inning and Ebner mowing the locals down, one, two, three, the visitors staged an aviation meet. Ebner was hammered all over the lot, the infield went to pieces and Lawton scored five runs without an out, the game ending when the fifth run came across. Five hits, three errors and a hit batter gave the five runs and left the bases full. Billings started to weaken in the fourth and Daugherty took his place. Ebner had nothing but control, but distressing batting up until the eighth gave him ten strikeouts. Lawton used the squeeze play to good advantage in the ninth. Lawton's work in stopping base stealing was the feature of the game again yesterday. With men on third and first all attempts of the latter to purloin second were futile.

The score:

Durant 010 420 000—7

Lawton 020 000 015—8

Batteries—Ebner and Conner, Billings, Daugherty and Reynolds.

Bonham-Gainesville Sunday Game.

Bonham, May 20.—The game in the Texas-Oklahoma League between Bonham and Gainesville, which was scheduled to be played here Sunday, will be played at Conrath Park on both interurban between Sherman and Denison. The teams will come on to Bonham after the game to complete the series here Monday and Tuesday. Arrangements were made today to run

Dave Altizer, of the Cincinnati Reds, shouldering the willow with which he is doing deeds for Clark Griffith. The flashy one has slowed up a bit in his fielding this year, but is still the same old plucker at the bat. His improvement over his work in other years is noted only in his base running, and in this line he is a vastly better man than ever before, by virtue of his taking more chances than he used to. The result in his case is the usual one—he gets away with them a large part of the time.

an excursion from here to the game, and a large crowd of Bonham rooters will attend.

Game Called Off.

Denison, Texas, May 22.—The game scheduled at Conrath Park yesterday afternoon between the Gainesville and Bonham teams of the Texas-Oklahoma League was called off because of a difference between the management of the park and the clubs regarding the price of admission to be charged.

Medicine Men Will Have New Captain.

Special to The Times.

The dove of peace has settled among the ranks of the Lawton Baseball Association directors and all is harmony among them now. A meeting of the fans and directors was held Saturday at the Chamber of Commerce at which time the baseball situation was thoroughly discussed.

Manager Clark and Rol Robertson settled their differences. Mr. Robertson stated that he was acting in sincerity when he took charge of the Medicine Men following that awful error-fest of the first week. Mr. Clark was still ruffled over the affair, but things have been settled peaceably and the shirt of the Medicine Men is moving along in smoother waters, which will likely carry them to victory from this time on.

W. B. Metcalf, the captain, who plays fast ball himself, but who has been unable to get the bunch to play for him, will retire as soon as a new captain can be secured. It is likely that he will remain with the team as a player for the remainder of the season.

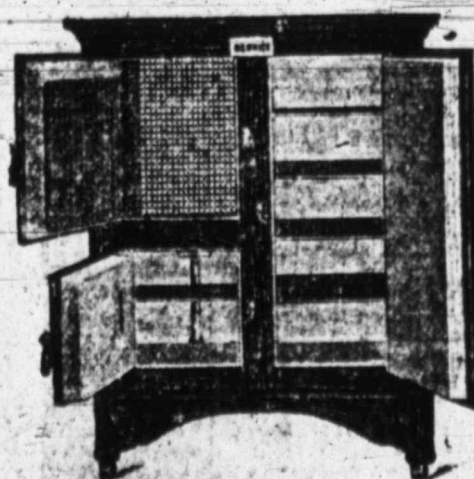

An executive session of the directors and officers was also had Saturday and it was decided to make changes. However, just what they will be have not yet been made public. Things are now being shaped to put Lawton in the winning class, and the

VEDRINE UNDISMAYED
BY FATAL ACCIDENT

Special to The Times.

Paris, May 22.—Physicians today reported the condition of French Premier and the Minister of Interior who was injured in yesterday's aeroplane accident when the minister of war was killed satisfactory.

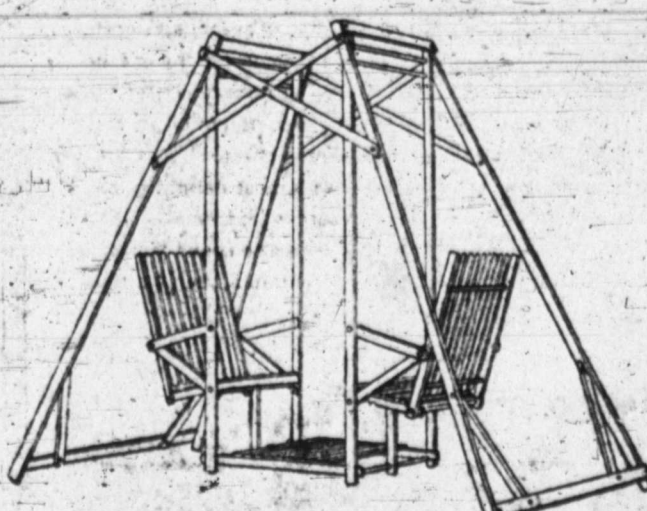

Pierre Vedrine, undismayed by yesterday's accident, has again started the Paris-Madrid race this morning. At 4:11 he left Issy Les Mouligneux, and arrived at Angoulême, 279 miles at 7:50 o'clock covering the distance in three hours and thirty-nine minutes. This breaks the record for long distance across the country.

Texas Industrial Notes

The county commissioner's Court of Gregg county has called an election to be held in the next thirty days to vote a \$200,000 bond issue for the purpose of macadamizing the county roads.

A half million cases of oil were shipped from Port Arthur this week to Australian points. This was the largest shipment of oil ever leaving a southern port.

The war department has approved the project for the deep water harbor at Harbor Island, Aransas Pass, and made available the \$250,000 appropriated by Congress for the twenty foot channel.

Construction has begun on the \$500,000 Santa Fe passenger station at Sweetwater.

A large lumber deal has just been consummated at Columbus, Texas, in which the Columbus Saw Mill Company sold to a Memphis firm nearly one million feet of lumber.

Ground was broken on May 12th for the new \$30,000 Garden Academy at San Antonio.

The First National Bank Building of Houston has installed a private electric light plant at a cost of \$27,000.

The Smithville Ten-Thousand Club closed a deal with a San Antonio firm for the erection of a pickle plant at Smithville.

Mr. A. C. Richter is erecting a large modern building in Laredo covering a quarter of a block. The building will be occupied by a large Hardware Emporium doing a large business locally and in Mexico.

S. J. Brooks has just completed a building at Greenville covering a entire block. The building will be occupied by wholesale concerns.

The Marshall Basket Factory will be ready for operation soon and will be one of the largest factories of its kind in the South.

The election held at Liberty on May 16th for a \$250,000 bond issue was successful. Seventy miles of public highways will be macadamized.

Uncle Sam is beginning to look for

animals as well as man--Texas is truly the hog heaven of America.

New Auditorium at Houston. The city of Houston has just completed an auditorium at a cost of \$600,000. The building was put up by the city and turned over to the Chamber of Commerce for use in holding state conventions and other state and local gatherings of a public character. A permanent exhibit of products manufactured in Houston will be on display and a portion of the hall will be set aside for mineral and agricultural products.

Every city in Texas should own a public building large enough to seat its population and space sufficient to exhibit its products.

The past decade has witnessed a marvelous improvement in the condition of the Texas farmer--he has passed from a life of toll and hardship to one of influence and luxury. His products are sought after by the markets of the world and prices are all he could ask. He has become a leader in society, business and public affairs.

The farmer who once hooked up his pants with a nail, now wears silk suspenders, and where he once drove an ox team, he now rides in an automobile and problems of Texas development which were once in the hands of the politicians are now being discussed across the "firedog" back to the soil with our economic problems where they will be settled and settled right.

Railroad May Use Texas Lignite. A test is soon to be made by the Southern Pacific Railroad, which may revolutionize the coal industry in Texas, according to recent press reports from Houston. The company has had several engines made for the purpose of testing the use of Texas lignite as a fuel. The experiments made so far have proven so satisfactory that an additional number of engines have been made and are now being received by the company for use over their entire line.

There are a large number of lignite fields in Texas, and if the use of this fuel is adopted by other roads, a great impetus will be given the lignite industry in Texas.

New Mine at Llano. The Llano Gold & Metal Mining Company has recently completed the construction of a new reduction plant at Llano, which is the first of its kind to be opened up in the state. The mill has a capacity of 50 tons per day and will be operated day and night.

The opening up of our mines will put Texas in a promising place on the list of gold producing states and will add greatly to our wealth.

Wool Raising in Texas.

Messrs. Culp & Riquemore of Coleman have recently purchased a nine thousand acre tract of land in Val Verde county which they expect to convert into one of the largest sheep ranches in the United States.

The wool raising industry is rapidly coming to the front in Texas and the Southwestern section of the state offers exceptional advantages to this line of industry.

Good roads are the milestones marking the advance of civilization, they economize time, money and labor, they save wear and tear and worry and waste, they beautify the country and bring it in touch with the city.

The Farmers Our Best Citizens. Every battle field that marks the world's progress, the victory of liberty over tyranny, or right over wrong has been deluged with blood of our farmers. The farmer evades neither the tax nor the draft officer. The sons and daughters of our farmers are the seminaries, colleges and universities of the land, and from our farm homes have gone in the past, as they are going now, leaders in literature, science and art, presidents of great universities, the heads of great industrial enterprises and they direct our government. The typical American today is the farmer and city life with its bustle and stir, its hurry and rush must be replenished from our rural homes.

Strawberry Acreage Increasing. The strawberry growers of the state are gradually increasing their acreage and the crop this year is larger than ever before, and the production of these berries has more than doubled during the past five years. The average annual profit from this crop is a little more than \$200.00 per acre, and the demand for this product nearly always exceeds the supply, the Texas berry having quite a demand in Northern and Eastern markets.

Brain Storm His Defense. White, Plains, N. Y., May 22. The case of Corporal Lawrence Spohr, who is charged with the murder of Rosa O'Toole, came up for trial here today. Corporal Spohr is a musician and marksman of Battery G, First United States Coast Artillery, stationed at Fort Slocum. The murder of which he is accused occurred here on the night of April 21. Spohr found the girl out walking with a young railroad brakeman. He followed them to her home, seriously wounded the man and then killed the girl. It is understood his defense will be that he had a "brain storm" at the time of the shooting.

Bill Not Coming--He's Going. Mr. Bryan sees "the coming of the democratic party." But it isn't trying to overtake Mr. Bryan--Atlanta Constitution.

Now for 15

Out of 16

of the games to be played in Wichita and the Irish Lads will be some tall players.

It's easy to do, the first three days will be a walk over--just like getting business by using Photograph letters--they're winners just as sure as you send them out.

Indianapolis, Ind., May 22.—Highly "tuned" and mechanically as perfect as the skill of the modern motor car maker can produce forty-six of the fastest racing automobiles ever assembled are at the Indianapolis Motor Speedway awaiting the elimination trials next Saturday which will determine whether they are eligible to start in the 500-mile international sweepstakes race on Memorial Day, May 30. Every car must show speed of seventy-five miles an hour to qualify for one of the greater races in the history of the motor contest sport. When the entries to this event were closed May 1, there were forty-six cars entered, manned by a list of drivers which includes every well-known pilot in America, as well as several who made their reputations in Europe before coming to the United States.

It has been nine months since the initial announcement of this contest was made by the promoters and each month has witnessed an increase of interest on the part of the public as well as the manufacturer. Almost six months ago the first entry was made, when a Case car, with Lewis Strang as the driver, was entered. From that time on the entries were sent in steadily until the largest field ever drawn together for one event was announced when the entries were closed. The greatest number of entries in any one contest previous to this time was twenty-six.

The long race has assumed even greater proportions than the promoters had anticipated when the purse of \$25,000 in gold was offered for the winners of the first ten places. A capital prize of \$10,000 headed the list of nine others as follows: Second, \$5,000; third, \$3,000; fourth, \$2,000; fifth, \$1,500; sixth, \$1,000; seventh, \$800; eighth, \$700; ninth, \$600; tenth, \$500. In addition to this small fortune there have been added side prizes by various accessory makers, which bring the total to be won up to about \$40,000. Supplementing the cash prizes are ten bronze plaques which will be given to the entrants of the ten winning cars. It has been the rule in motor car racing that the drivers shall receive the cash prizes and the makers the trophies.

The conditions of the race, which is a class B event, are that each car shall weigh at least 2,300 pounds and have no more than 600 cubic inches piston displacement. This makes each car up to about 120 horse power eligible. The forty-six cars have a total of 20,150 cubic inches of piston displacement, giving an average of 438 cubic inches per car, according to its motor construction. The majority of the cars in the race in their tryouts have averaged about 60 to 100 miles per hour, while many of them are capable of doing two miles per minute. The entry fee paid by the entrants was \$500 per car.

Estimates on the average speed which will be attained in the long race have varied widely, but experts express a belief that the winner will travel the 500 miles at a rate of 75 miles per hour.

The race will start at ten o'clock in the morning and the winner will cross the tape on his lap about 5 o'clock in the afternoon. The officials for the race have been chosen from all over the United States, most of them having been officials at many of the other great race meets of the country. Fred J. Wagner of New York will act as starter, while George Robertson, the former racing driver, will be an assistant. A. R. Partridge of New York, will referee, while R. P. Hooper, president of the American Automobile association is the honorary official in that capacity. Judges and other officials have been chosen from among the most prominent manufacturers and automobile men in the middle west.

The method, which would be employed to start this event, has been difficult for the promoters to decide. The speedway management finally adopted the plan of firing daylight bombs, which explode 250 feet in the air and give forth a dense cloud of smoke. One of these will be fired every minute for five minutes before ten o'clock and at the stroke of ten a special starting bomb will give the signal that will send the entire field into one of the greatest races ever known. After the start the contestants are signalled along the course by means of colored flags, each of which bears some special meaning which the drivers understand. The cars will be started in nine lines of five each, placed at intervals of 100 feet each of the wire.

Scoring and timing of forty-six fast cars on a course but two and a half miles in length means the devising of an entirely new system. In order to secure the time the race accurately more than 700 men will be used throughout the seven hours, with 50 others as relief men to the regular scorers. The eye is the only part of man depended upon to aid in this task, while mechanical and electrical devices have been called upon to perform the greater part of the work. An electrical timing machine, which divides the seconds into hundredths, will catch each car as it passes the wire on every lap, while a battery of four adding machines will be used to record the number of cars as they pass. Two dictaphones will carry the record of the car numbers in the order in which they fit by the stand. This last record will have the story of the entire race in human voice, the first time this has ever been attempted.

Behind the squad of mechanical workers will be four score boards, each 100 feet in length and each employing more than 200 men to operate it. These will catch each car as it passes the wire and credit it with a lap each time it crosses. A telephonic system which has more than twenty instruments attached, will convey information to a score of announcers in all parts of the grounds and the visiting throng will be informed of the status of the race every ten miles of its progress.

Preparations have been made for handling a crowd of 100,000. Parking space for 10,000 automobiles has been provided. In order to prevent accidents to the spectators, 300 men are employed. A military organization, known as the "Speedway Guard," is composed of 200 men. The military guard every roadway and gate so that the track has been termed "fool proof." In addition 100 police and plain clothes men watch the throng throughout the day. The track is all enclosed within a high board fence, and every corner attended by landeane gardeners. There are 49 buildings on the grounds, including garages and grandstands. Flower gardens and shrubbery dot the entire tract. The track is two and one-half miles in length and required six months to construct, at a cost of more than \$150,000. The entire racing plant, as it stands today, cost more than \$200,000.

Unitarian Anniversary. Boston, Mass., May 22.—Morning prayer in King's Chapel opened the regular meeting of the eighty-sixth anniversary week of the National Unitarian Association today. Later in the forenoon Rev. A. M. Rihbany addressed the annual meeting of the

Ministerial Union in Channing Hall. His subject was "The Oriental Christ in the Western World." The National Alliance met this afternoon at Rev. F. R. Griffin of Montrose, Rev. Elizabeth Padgett of Rutherford, N. J. and several others.

The regular business of the American Unitarian Association will be taken up tomorrow. Daily sessions will be held during the week and the anniversary is expected to be one of the most memorable ever held by the association. Some of the foremost ministers of the denomination in the United States, Canada and England will be among the speakers.

National Good Roads Congress. Birmingham, Ala., May 22.—Delegates and visitors from many States are pouring into Birmingham to attend the annual meeting of the National Good Roads Congress. It is believed that nearly two thousand delegates will be on hand when the gathering is called to order tomorrow by President A. C. Jackson, of Chicago. The sessions of the congress will last four days. Governors, members of congress, mayors of cities and other persons of prominence will be among the speakers.

Quaker Meditations. Many a ball player who played in the field last year got left this season.

To High School Alumni.
We are now on the proximity of an occasion in the formative period of the High School Alumni Association which will mean much, if not all, to the perpetuity of our organization. As announced sometime ago, there will be an informal gathering at the High School building on Monday evening, at 8:15 at which the present graduating class will be received. The committee appointed has outlined an interesting program, and they are now bent upon carrying out this program. This, however, cannot be accomplished unless each and every alumnus lends his earnest support.

The committee mentioned above, in order to provide refreshments for the occasion, has levied an assessment of twenty-five cents upon each member of the association. Refreshments have already been arranged for and least the burden for paying for same might fall upon an interested few. It should be borne in mind that if a member of the committee does not happen to see you between now and Monday evening, do not think that you are not wanted at the occasion. Come at the time announced, and bring the money with you. But, above all, what is most desired is that you are present.

The affair of Monday next will merely be a "starter" for the big banquet in the summer. Thus it is evident that the success of the affair of the summer really hinges on the success of the affair Monday evening. Get the spirit and be there. AN ALUMNUS.

Standard Oil in Court Again.
Associated Press. Rochester, May 22.—The case of the Government against the Standard Oil Company was called for trial this morning. There are 188 counts in the indictment which charges the company with having secured railroad rebates. The indictment is of several years' standing.

FROM NEW ORLEANS TO KANSAS CITY

By Associated Press.
New Orleans, La., May 22.—With several carloads of freight aboard for Kansas City, the first in twenty years to be carried by water route from New Orleans to the Missouri city, the steamboat Chester, sailed from here tonight. It is believed that inauguration of the new line will prove a factor in adjusting freight rates between the points interested.

TREVATHAN BROS.

The Modern Woodmen of America drill team, which is practicing to make the trip to Buffalo next month, will give an exhibition drill at the corner of Indiana and Seventh tonight, beginning at 8 o'clock.

If you use mineral water just phone us. We sell Carlsbad at \$2.00 per case. It will please you.

TREVATHAN BROS.

Constable Tom Pickett returned from Fort Worth this morning, bringing back with him A. J. Stell who was indicted by the last grand jury on a charge of forgery. Stell gave bond this morning and was released from the custody of the officers.

Take our word for it and try it. Beech-Nut Peanut Butter is the best on the market, 10c, 25c and 35c tins.

TREVATHAN BROS.

City Tax Collector Robinson reports the collection of \$774 street tax.

ARE YOU RUN DOWN?

An engine soon would run down on poor fuel and you yourself cannot do good work with thin, poor blood. It gives you a tired, worn out, all-gone feeling. Your nerves are exhausted and you are irritable and pessimistic. What you need is one of our

Spring Tonics

to make you strong and vigorous, to tone and strengthen and purify the entire system. Don't put it off. There is always more or less sickness at this time of the year, and the stronger you are the better you can guard yourself against illness.

IF EVERYBODY WOULD USE ANTISPIRINE THE WORLD WOULD BE SWEETER.

Don't Smell Sour and Sweaty

Don't suffer from Prickly Heat, Don't Chafe. Antispirine makes it easy for everyone to avoid all these disagreeable troubles and the remedy is delightful to use.

Antispirine

Renders perspiration absolutely odorless and keeps the skin healthy. Dust it in your stockings and it will at once make your tired, sore, sweaty feet comfortable. You'll have no use for ordinary toilet powders after you once try this cooling, soothing powder. Guaranteed to give satisfaction.

Price 25 Cents at

Kerr's Drug Store

up to Saturday night, which at \$2 each would indicate that 253 had responded to this demand of the law. The collections will be pushed with all dispatch, as it is the purpose of the city officials to collect from all those who have been in the city for fifteen days and are not otherwise exempt.

Taylor Bros., Grocers. Phone 623, corner 10th and Scott. 6-tfc

NOTICE—There will be a meeting of the stockholders of the Wichita Falls Planning Mill Co., at the office of Anderson & Patterson on Tuesday, June 6th, 1911, at 4 p. m., for the purpose of electing a board of directors and the transaction of such other business as may properly come before them.

G. D. ANDERSON, Secy. Several delegates came in on the afternoon train to attend the state meeting of the Retail Merchants' Association to convene in this city tomorrow.

The officers this afternoon made an arrest for theft committed in the western part of the city and other arrests are expected to be made before the day is over. The offending parties are youths who have been suspected of depredations, including the theft of a shot gun from D. M. Perkins in Floral Heights.

The American Navy in French waters will be the subject of a special picture to be presented at the Gem Theatre tomorrow afternoon and night. The picture is one of special interest and should attract a large crowd to this popular place.

The Wichita Fish & Oyster Market

Is the only place where you can buy fish, butter, eggs and chickens.

We receive a fresh shipment of fish and chickens every day.

8 NEGROES LYNCHED WITHIN TWO DAYS

By Associated Press.
Crawfordsville, Ga., May 22.—Joe Moore the negro murderer of Henry Geoghegan, a wealthy farmer, was taken from jail and hanged early this morning.

Eight negroes were lynched in Florida and Georgia yesterday and today. Six were killed by the same mob at Lake City, Fla. Seven of the victims were accused of murdering white men. The other shot his wife and an officer who attempted to arrest him. He was a preacher and was hanged near Swainsboro, Ga.

Tennessee Democrats Caucus.
By Associated Press.
Nashville, Tenn., May 22.—Practically all regular Democratic members of the legislature will be here tomorrow when a caucus will be held and the situation again thoroughly gone over with a view of coming to an agreement with fusionists before the state election board meets Wednesday. The indications seem that the present election law will stand.

J. L. Dean and family were in Bellevue yesterday, visiting Mr. Dean's brother, A. R. Dean.

George Kelley, an employee of the Wichita Falls Sheet and Iron Works Company, spent yesterday afternoon visiting relatives in Holiday.

Miss Survela Shults left today on a visit to relatives at Frederick and Snyder.

Mr. and Mrs. J. R. Hawkins from Frederick were the guests of Mr. and Mrs. T. C. Page yesterday.

Dr. Brown, Dentist, Room 305, Kemp Kell Building, Phone 879.

Dr. W. P. Bolding, dentist, suite 206 Kemp and Kell building, Phone 206.

Dr. M. R. Garrison, Dentist; office First National Bank Bldg. Phone 49.

To High School Alumni.
We are now on the proximity of an occasion in the formative period of the High School Alumni Association which will mean much, if not all, to the perpetuity of our organization. As announced some time ago, there will be an informal gathering at the High School building on Monday evening, at 8:15 at which the present graduating class will be received. The committee appointed has outlined an interesting program, and they are now bent upon carrying out this program. This, however, can not be accomplished unless each and every alumnus lends his earnest support.

The committee mentioned above, in order to provide refreshments for the occasion, has levied an assessment of twenty-five cents upon each member of the association.

Refreshments have already been arranged for and lest the burden of paying for same might fall upon an interested few, it should behoove every alumnus to see that his amount is paid. If member of the committee does not happen to see you between now and Monday evening, do not think that you are not wanted at the occasion. Come at the time announced, and bring the money with you. But, above all, what is most desired is that you are present.

The affair of Monday next will merely be a "starter" for the big banquet in the summer. Thus it is evident that the success of the affair of the summer really hinges on the success of the affair Monday evening. Get the spirit and be there.

AN ALUMNUS.

Standard Oil in Court Again.
Rochester, May 22.—The case of the Government against the Standard Oil Company was called for trial this morning. There are 188 counts in the indictment which charges the company with having secured railroad rebates. The indictment is of several years' standing.

FROM NEW ORLEANS TO KANSAS CITY

New Orleans, La., May 22.—When several carloads of freight aboard for Kansas City, the first in twenty years to be carried by water route from New Orleans to the Missouri city the steamer boat Chester, sailed from here tonight. It is believed the inauguration of the new line will prove a factor in adjusting freight rates between the points interested.

LOCAL NEWS BREVETTES

There were only two cases in the city court this morning, both of which were on charges of drunkenness.

Why spend time and money going to Mineral Wells? We offer the famous Carlsbad Mineral Water at \$2.00 per case delivered to your home. Just phone us.

TREVATHAN BROS.

City Secretary Sreen has completed the work of preparing the statement of the receipts and expenditures of the city government for the year ending April 1, and will have it ready for publication as soon as he can go over the work and verify the figures.
