Kennedy To Report On Costa Rica Talks

By FRANK CORMIER

WASHINGTON (AP)—President Kennedy reports to the nation tonight on the Costa Rica conference which produced a seven-nation agreement to speed economic development of the hemisphere and curb Cuba-based subversion.

Shortly before Kennedy left the Costa Rican capital of San Jose late Wednesday, he announced he would open a 6 p.m. Washington news conference with a statement on his Monday through Wednesday talks with the chief executives of Panama and the five Central American republics.

The President was certain to express satisfaction with the outcome of the San Jose meetings, which brought him personal acclaim and agreement on a detailed statement of policy to guide the United States in its dealings with Panama, Costa Rica, El Salvador, Guatemala, Nicaragua and Honduras.

Hoping to attract a large television-radio audience for the news conference, Kennedy postponed for two hours the 4 p.m. starting time of the session originally announced more than a week ago.

The news conference will be carried live on NBC, CBS, ABC and Mutual radio networks. It also will be carried live on television by NBC and CBS. ABC planned live broadcasting except along the Pacific Coast, where a 4:30 p.m. PST rebroadcast was scheduled.

Kennedy, who left Washington last Friday for a weekend in Palm Beach, Fla., before going to San Jose on Monday, returned to the capital late Wednesday night.

Mrs. Kennedy was waiting and she went aboard the presidential jet transport for a private reunion when the big plane came to a stop at nearby Andrews Air Force Base, Md.

The Kennedys emerged from the craft arm in arm and went to a helicopter which took them to the White House.

Before leaving San Jose, Kennedy told a cheering crowd of university students that Cuba is an example of communism's failure to provide for its people. Contrasting the progress of Costa Rica with that of the Communist-controlled Caribbean island, Kennedy said Cuba now produces 25 per cent less food than it did five years ago.

"The myth of the 1950's"—the claim that communism can build a better system—has collapsed, Kennedy said.

"It is our adversaries who must build walls to contain their people," he said.

The language was a substitute for a passage in Kennedy's prepared text saying the Soviet Union must get out of Cuba. Kennedy also omitted a statement in the text that Cubans should share in the principles of freedom and economic growth which he said are the basis of the Alliance for Progress.

Bank Figures At High Level Here

Bank figures in Snyder continued at near record levels and loans actually established a new all - time record, according to statements of condition issued this morning as of the close of business on March 18.

The Federal Deposit Insurance Corp. issued the first call. It was for insured state banks that are not members of the Federal Reserve System. The comptroller of the currency followed with a call to all national banks and the state banking commission then issued a call to all state banks.

Snyder banks showed deposits totalling $25,341,751.57 and loans of $12,843,078.06. The deposits are about three quarters of a million dollars below the all - time record set last Dec. 28, but a million and a quarter above the $24,081,910.47 listed on March 26, 1962, the closest comparable date for last year.

Loans exceeded the previous all-time record of $12,296,580.43 listed last Dec. 28. The loan total on March 26, 1962, was $10,071,530.86.

On today's call, Snyder National Bank showed deposits of $17,605,193.05 and loans of $9,047,012.88.

West Texas State Bank had deposits of $7,736,558.52 and loans of $3,801,065.18.

Pre-Mix Drink Plan Halted By Stevenson

AUSTIN (AP)—Liquor Control Board Administrator Coke Stevenson Jr. said today he has ordered his Houston office to stop the serving of pre-mixed drinks at several Houston hotels.

"There has been no new ruling, no new law, and no attorney general's opinion," Stevenson said.

Three Houston hotels began serving pre-mixed drinks in small bottles Wednesday night. They said they acted under a new board ruling.

The hotels said diners could order martinis, manhattans, whisky sours and sidecars—all pre-mixed and bottled.

Stevenson said hotel waiters cannot serve the mixed drinks.

The only way such a scheme could work, he said, is in these circumstances:

If a hotel has a package store, the hotel's guests can telephone the store and order the liquor, but it must be in a container holding at least one-half pint. The package store employe—not the hotel waiter—can deliver the whiskey to the hotel patron. The package store cannot station salesmen in the hotels. The whiskey cannot be paid for other than by cash unless the customer has a charge account at the package store.

Waiters cannot pour the drinks, because the law prohibits them from handling an open container, he said. Hotels can't stock the pre-mixed drinks and sell them in their restaurants because this can only be done by a package store operating separately from the hotel.

State law prohibits the sale of liquor in containers holding less than one-half pint.

TECHSAN TROUPE — Six of the 19 members of the touring Texas Tech stage band which played a concert for Snyder High students this morning are former students of the local school, and are pictured with the vocalist of the band. Defense Chiefs To Go Before Probers

By G. MILTON KELLY

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara and Deputy Secretary Roswell L. Gilpatric testify today in the widening Senate probe of the TFX warplane contract.

The Senate Investigations subcommittee is trying to learn whether the Defense Department's civilian top command settled for an inferior and more costly TFX fighter-bomber design in awarding the contract to General Dynamics Corp. of Fort Worth, Tex., over a rival bid by the Boeing Co. of Seattle, Wash.

The $38-million contract covers the start of work on the TCD—which stands for experimental tactical fighter. Eventually 1,700 of the fighter-bombers will be built for both the Air Force and Navy for an estimated $6.5 billion.

McNamara has stated that the General Dynamics design best filled the needs of the two military services and that Boeing's design would cost $1 billion more.

Chairman John L. McClellan, D-Ark., said he would demand from Gilpatric the name of an anonymous Pentagon spokesman who, last weekend, challenged the fairness of the investigation.

McNamara had requested and received permission to testify out of turn and expand on a written defense of the contract award he had given the subcommittee last week.

Word was leaked out Wednesday that the subcommittee was checking on relationships between General Dynamics and Gilpatric's former law firm, Cravath, Swaine & Moore of New York.

Maurice T. Moore, a partner in the firm, said in New York the firm has done legal work for both General Dynamics and Boeing, but not in connection with defense contracts. He said Gilpatric participated in some of that work, but not since leaving it in 1961 to enter government service.

McNamara issued a statement denying that Gilpatric had a conflict of interest. "His integrity and devotion to public service are unassailable," the secretary said. And he repeated that he takes full responsibility for the contract award.

McClellan told a news conference Gilpatric would be free to make a statement about the law firm if he chose, but that this was not the purpose in calling him.

Says Estes Deals Date Back To '58

EL PASO (AP)—A witness testified today that Billie Sol Estes was in the business of selling mortgages with fake security as far back as Jan. 25, 1958.

The witness, Charles E. Sherrill Jr., a Fort Stockton, Tex., lawyer, was the first witness for the defense of the ex-promoter in the nine days of the trial.

His testimony apparently was aimed at bolstering a defense contention that all parties to the Estes mortgage dealings knew the security listed in the documents never existed.

R. Goodman Rites Friday

Funeral services will be held at 2 o'clock Friday afternoon for Mr. Raymond Roy Goodman, 66. Mr. Goodman, who had come to Snyder only about three weeks ago, was making his home at the Hicks Trailer Park in the 1800 block of Thirtieth Street.

Services will be held at the graveside in Snyder Cemetery under the direction of Bell Funeral Home. The Rev. Murray Kay, minister of the Union Baptist Church, will officiate. Mr. Goodman was a member of the Baptist Church.

Mr. Goodman was born Nov. 22, 1896 in Alvarado, Tex. He died at Cogdell Hospital at 7:45 p.m. March 20.

Survivors include one daughter, Mrs. Roy Qualls of Lubbock; one step - daughter, Mrs. D. R. Fisk of Snyder; one son, Dewey S. Goodman of Odessa; one step - son, John Witte of Snyder; four brothers, Ben C. Goodman of Snyder, Clyde Goodman of Collinsville, Ill., Jewel Goodman of Silver Springs, Md., and Dee Goodman of Sacramento, Cal.; and 20 grandchildren.

Illness Outbreak In Schools On Decline

An upsurge of illness, apparently flu for the most part, is subsiding in Snyder schools, according to reports this morning.

Travis Junior High was the hardest hit one day, being 135 absences on Monday, or nearly 30 per cent of the enrollment of 460. Absences for the total school system Monday totalled 478, including 14 teachers.

By Tuesday, the Travis Junior High absences had declined to 110 and by Wednesday the figure was down to 85. Today's total was 60.

EARLY OR LATE?—Either way, Nolan and Max von Roeder likely are among a distinguished few picking cotton on the first day of spring. Actually they are hand picking some special bolls for their Von Roeder Seed Farms, and you'll note that the sack is rather small by West Texas standards.

FDA Chief Says New Law Will Help Control Drugs

By LARRY OSIUS

WASHINGTON (AP)—Food and Drug Commissioner George P. Larrick says three drugs which an FDA medical officer claimed had not been proven for safety "have been off the market for a long time."

And Larrick said in a statement Wednesday, the drug law passed by Congress last year will enable his agency to deal with such cases more effectively in the future.

Dr. John O. Nestor, medical officer for FDA Bureau of Medicine, told the Senate Government Operations subcommittee Wednesday that the agency had permitted sale of at least three drugs—Entoquel, Mer-29 and Altafur—although preliminary data on them did not substantiate their safety.

Nestor further testified that the FDA dragged its feet in pulling two of them—Mer-29 and Altafur—off the market following indications that they produced injurious side effects.

The subcommittee headed by Sen. Hubert H. Humphrey, D-Minn., resumes its study of drug marketing safety procedures today.

Larrick in his statement conceded that the original drug applications criticized by Nestor "could have been done better." But he noted that the FDA is bound by laws passed by Congress, and the cases cited by Nestor occurred before Congress last fall passed a stricter law for handling and licensing new drugs.

An FDA spokesman said Wednesday night that some of the provisions of the new drug law are in effect and "most will become operative early in May."

Nestor, 50, a Washington pediatrician who joined the bureau two years ago as a specialist on pediatric drugs, declined comment Wednesday night when asked if he thought the new regulations would preclude cases such as he cited.

He claimed Wednesday that "nonmedical men, including laymen, have been making medical decisions on new drug applications. He said any questions he raised about past decisions or "past commitments to the pharmaceutical industry would be challenged with indifference, disapproval or even hostility."

Redistricting Bill's Okay By House Panel Draws Fire

AUSTIN (AP)—A House committee approved a congressional redistricting bill Wednesday night over protests that the committee was "spitefully stomping on the grave of the late House Speaker Sam Rayburn."

Rep. Don Helton of Sherman spoke against the bill which takes a district away from East Texas, gives a new district to South Texas and gives Dallas County its second congressional seat.

The bill goes to the floor of the House where it awaits many amendments and debate.

The measure, written by a nine-man subcommittee, puts U.S. Reps. Wright Patman of Texarkana in the same district as Ray Roberts of McKinney in a district running along Northeast Texas.

Helton said the bill is an attempt to gerrymander the district of Rep. Lindley Beckworth of Gladewater so a conservative Texas House member can oppose Beckworth. Helton did not mention the member's name.

He said it could also be "a cowardly attempt to give Patman a seemingly safe run against a freshman congressman." Roberts is a freshman member, while Patman is sixth in seniority in Congress.

It was brought out that additional counties placed in Rep. O. C. Fisher's district in West Texas makes that district larger than 23 states in the Union. Fisher is from San Angelo.

Odessa and Midland counties stay in the same district running from Midland west to El Paso. Republican Ed Foreman of Odessa now serves that area.

Harris County (Houston) retains its two members. Rep. Henry Grover of Houston said he will attempt to amend the bill on the floor to give Harris County another congressman.

Texas now has 23 congressmen, with one, Rep. Joe Pool of Dallas, elected at-large.

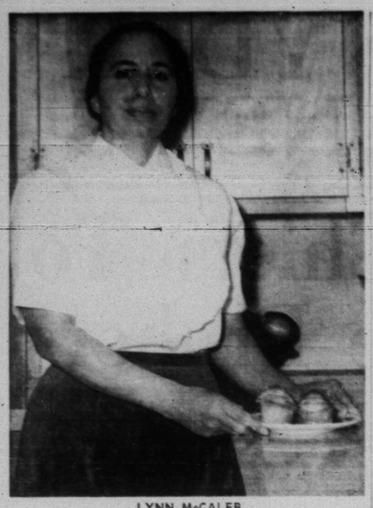

The new South Texas district is carved into an area from Seguin and Gonzales on the north, southwest to Eagle Pass and south to Zapata County.

Rep. Olin Teague of College Station has his district extending from Waxahachie on the north to Hallettsville to the south.

Victoria County is taken from the district of Rep. Clark Thompson of Galveston and put in the district of Rep. John Young of Corpus Christi.

Rep. Homer Thornberry's Central Texas district stays nearly the same as do a number of other areas.

Rep. Joe Kilgore of McAllen has his district shaved to four valley counties—Cameron, Willacy, Hidalgo and Starr.

CREATIVE COOKS

Unusual Recipes Are Favorites

BY LUCY DYSART

"Loving to cook" is Mrs. James (Lynn) McCaleb's secret ingredient which she adds to every recipe she prepares. She avidly collects unusual recipes of continental origin and delights in preparing them as well as the better known tried and true recipes.

Lynn is well - known for her generosity in sharing special treats with her friends and neighbors. Many times Lynn thoughtfully prepares an extra "batch" for just this purpose.

The Capirotada Pudding which originated in Mexico, is one of Lynn's favorite desserts, as it is quickly prepared and easily solves a last - minute dessert problem beautifully.

The Italian fish recipe is especially good to call upon during the Lenten season for taste as well as nutrition.

CAPIROTADA PUDDING

Combine the following ingredients:

4 cups water
1 cup sugar
1 cup raisins
1 stick cinnamon
¼ pound butter
1 small onion

Boil about 15 minutes in covered sauce pan to make a tea. Remove from fire and take out the cinnamon stick and the onion. Grease large baking dish (12 by 8 by 2 inch) and line with slices of enriched bread. Place slices of cooking cheese on bread. Put raisins over bread and cheese and pour some of the tea over all. Add another layer of bread and cover with slices of cheese and raisins. Pour the rest of the tea. Make as many alternate layers as desired, leaving cheese with raisins on top. Bake in a slow oven (325 degrees) until cheese is melted and brown.

BAKED ITALIAN STYLE FISH

Sauce:

Use pyrex baking dish (10 by 6 by 2). Place on stove on very low burner and melt ¼ pound butter. Brown one medium chopped onion and one minced clove of garlic. Add two teaspoons chopped parsley, ¼ cup dry white wine, juice of one lemon and one can of mushrooms drained and sliced.

Place fish in this sauce. Cover and bake 15 minutes at 375 degrees. Uncover, baste with sauce. Bake 10 minutes more or until tender and flaky.

Use flounder, mackeral or red snapper. Salt and pepper fish before placing in sauce to bake.

COCONUT CAKE

Sift together:

2 1-3 cups sifted flour
1 2-3 cups sugar
4 teaspoons baking powder
1 teaspoon salt

Add:

¼ cup soft butter
1¼ cups milk
1 teaspoon lemon extract
¼ teaspoon vanilla

Beat two minutes

Add:

5 egg yolks, unbeaten

beat 2 minutes, pour into greased and floured pans. Two pans, 9 inch layers. Bake in moderate 350 degrees oven for 25 or 35 minutes. Cool, then apply fluffy white frosting and sprinkle with snowy coconut.

FLUFFY WHITE FROSTING

Mix thoroughly in sauce pan:

1 cup sugar
1-3 cup water
1-3 teaspoon cream of tartar

Boil slowly without stirring until syrup spins a 6 to 8 - inch thread (242 degrees). Keep saucepan covered first three minutes to prevent crystals from forming on sides of pan. While syrup is cooking, beat until stiff two egg whites. Pour hot syrup very slowly in a thin stream into stiffly beaten egg whites, beating constantly. Add 1½ teaspoons of vanilla. Beat until frosting holds its shape. Spread between layers and on top and sides.

Sprinkle I can coconut on top and sides.

Four Small Fires Reported Wednesday

The Snyder fire department answered four calls Wednesday. Three of the fires were grass fires.

There was a grass fire at Nineteenth Street and Avenue O at 11:35 a.m.; another at 1:55 p.m. 18 miles north of Snyder on the Santa Fe right - of - way; and another near the Owl Cafe on West Highway 180 at 5:50 p.m. No damage was reported from any of the grass fires.

The department also answered a call at 4:50 p.m. to 100 Thirty-fifth Street. A fire was reported in a storage building behind the home there. Damage was reportedly confined to stored items in that building.

Rites Set Friday For Goana Child

Funeral services for two - year - old Albert Goana, son of Mr. and Mrs. Alfonso Goana, 1706 Avenue S, will be held at 10 o'clock Friday morning.

The child died at 8 p.m. Wednesday at Cogdell Hospital. He was born Jan. 29, 1961 in Snyder.

The services will be conducted at the Guadalupe Catholic Mission by Father Peter Vergauwen. Burial will be in Snyder Cemetery under the direction of Bell Funeral Home.

In addition to his parents, the child is survived by four sisters, Sylvia, Carmen, Christine, and Virginia; one brother, Alfonso, Jr., the maternal grandparents, Mr. and Mrs. Mike Melendez of Colorado City, and the paternal grandparents, Mr. and Mrs. Vicente Goana of Snyder.

Young Girls Are Returned

Two teen - age Snyder girls were back with their parents this morning after being returned here from near Gail by a deputy sheriff.

One 13 - year - old girl was first reported missing yesterday afternoon when she failed to return home from school. The other, a 14 - year - old, was not reported missing, police said this morning.

A tip from a resident of Borden County that he had seen a pair of girls, one of which matched the description of the missing girl which had been broadcast, hitchhiking toward Lamesa resulted in their apprehension this morning. The pair had been the object of an all - night search by city and county officers. They had caught a ride before the officer arrived, but the car was stopped and the girls brought back to Snyder.

Bill Zimmerman, County Juvenile Officer, said this morning that no charges would be filed. He had talked to the girls, and late this morning was conferring with the parents.

The girls told officers they had decided to go to Lubbock and get jobs. They said they spent the night in an abandoned farm house near Snyder.

Oranges are America's favorite fruit. Consumption was 54 pounds per capita last year. Apples were second at 26 pounds.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: We are unable to convince our teen - aged daughter that it is bad taste to show affection in public. I'm talking about the sickening behavior one sees today between young people going steady. She thinks it's all right to hang on to a boy and put her arm around his waist while he does the same when they walk down the street. Also, because "everyone else does it" she sees nothing wrong with sitting practically on his lap while he drives the car. If we tell her it looks bad, she says we are living in the dark ages. She'll take your word for it, Abby, so please enlighten her, along with a few million others.

EXASPERATED

DEAR EXASPERATED: This is for all the vulnerable parties: Please, young lovers, wherever you are, believe me, it IS in the poorest taste to act lovey - dovey in public. A boy who respects a girl will not initiate it, and a girl who respects herself will not encourage it. So hands off. And I mean 100 per cent off.

* * *

DEAR ABBY: Last fall a distant relative of ours started sending us a religious paper. Our family is not of that religion and we do not enjoy reading it. I know this relative meant well, but we are not interested in being "converted" and this paper seems to have that as its purpose. Should we let this relative continue sending it? The paper must cost something and I'm sure the postage does. We just throw it away without even looking at it. Or should we write and tell him to quit sending it?

MINNIE-APPOLIS

DEAR MINNIE-APPOLIS: Write to your relative and tell him you appreciate his thoughtfulness — but you and your family are not interested in the paper so he shouldn't waste the time and money to send it.

* * *

DEAR ABBY: The item in your column about how to tell an "eight year - old blabbermouth" that he was going to have a little brother or sister brought back memories. When our little boy was eight, I was expecting a baby, and it was quite apparent. So I told him a new arrival was on the way. He said, "Let ME tell Daddy about it when he comes home from work." He was so disappointed when I told him that Daddy already knew.

DIRECTOR ARRIVES—Mr. Ed Cotter, director for the "Follies of 1963" arrived in Snyder Tuesday morning and has started work with local talent. He is pictured above with Mrs. Martha Hartley, talent chairman at the first session held Tuesday evening. He represents the Jerome H. Cargile Inc. of Hollywood.

Musical Coterie Meeting

The Musical Coterie met last week for another in the series of programs devoted to this year's study theme, "Listening to music creatively."

The program was presented by Mrs. John Sentell, and was devoted to a study of music and religion. At the conclusion of Mrs. Sentell's presentation, Dr. Robert Clinton, Snyder high school principal, and former director of choral music there, sang musical numbers illustrative of the three basic forms of religious music.

Mrs. Sentell noted that the first truly religious music was the Hebrew chant which was used over 2,000 years ago, and is still used to some extent today.

In the eighteenth century, polyphonic, or choral music, had its rise. The age of Bach and Handel is known now as "the golden age of choral music" and saw voices used in combinations of from two to 30.

Mrs. Sentell told the Coterie that Martin Luther was a cantor at St. Thomas' Church, and that he was one of the first to start what is now regarded as the third major form of religious music, that is, the singing of church hymns which a congregation can sing. Luther took most of his texts from the Bible, and our "modern" religious music is patterned after that type of music.

The only truly American religious music, said Mrs. Sentell, is the Negro spiritual. It developed out of a need to express real emotion, and is definitely native to the American scene, she said.

Mrs. Sentell closed her portion of the program with a quote from Dr. Norman Vincent Peale: "The singing of a hymn is one of the most potent medicines in the world. It fills one with peace, gratitude, tranquillity and hope, and enables one or many to express the same sentiments at the same time, through the added beauty and benign qualities of inspired music."

Molded Pineapple Ring

1 package (3 ounces) lemon-lime flavor gelatin
1 cup boiling water
½ cup cold water
1 can (8½ ounces) crushed pineapple

Stir together the gelatin and boiling water until gelatin is dissolved. Add cold water and undrained pineapple; mix well. Turn into a 3-cup ring mold or into 5 or 6 individual molds; chill until set. For a salad, unmold and serve on romaine or other salad greens with French dressing; as a dessert serve as is. Makes 5 or 6 servings.

Stuffed Cabbage Rolls Get Around

By CECILY BROWNSTONE
Associated Press Food Editor

In at least half a dozen countries — France, Germany, Russia, Poland, Hungary and the United States — stuffed cabbage rolls get a warm welcome.

The French call this dish chou farci and prepare it by several methods. A popular way is to fold the large outer leaves of a cabbage (after blanching or cooking) around small rolls of meat, rice and seasonings. Then the cabbage and meat are given long slow moist cooking.

The Russians call the cabbage rolls Golubtsi, their word for pigeons. In this cuisine, after the rolls are cooked in a tomato sauce, sour cream is likely to be added to the gravy.

Our recipe for stuffed cabbage rolls was influenced by Hungarian-American cooks who call the dish Toltott Kaposzta. In these kitchens, the rolls are placed over a layer of chopped cabbage and tomato puree is added. We, too, use chopped cabbage, but for the sauce we substituted condensed tomato soup plus stewed tomatoes.

Our seasoning is on the bland side, but you may doctor it up to suit your own taste. We like to add a mixture of dryherbs and spices that is marketed especially for tomato dishes because it contributed fine flavor to both the filling for the cabbage rolls and the tomato sauce. If you haven't this prepared seasoning on hand, you may find it helpful to know that it contains tomato, savory, onion, garlic, salt and pepper plus a vegetable protein derivative.

BAKED STUFFED CABBAGE ROLLS

1 head (about 2¾ pounds) cabbage
1 pound ground chuck beef
1 cup cooked rice
¾ cup finely chopped onion
1 egg (slightly beaten)
1 teaspoon salt
¼ teaspoon pepper
1 can (10½ ounces) condensed tomato soup
1 can (1 pound) stewed tomatoes
2 tablespoons lemon juice
2 tablespoons dark brown sugar

Prepare cabbage leaves and chopped cabbage as directed below. Mix together the beef, rice, onion, egg, salt, pepper and 2 tablespoons of the soup. Divide the mixture (about ¼ cup for each) among the prepared leaves, placing a small roll of the meat in the center of each; roll up leaves envelope fashion; place seam-side down over prepared chopped cabbage. Mix together the remaining soup, stewed tomatoes, lemon juice and sugar; pour over rolls. Cover with foil and bake in a moderate oven (350 degrees) about 1½ hours; uncover and bake about 30 minutes longer. Makes six servings, two rolls per portion.

To prepare cabbage: Cut out core about 1 inch down; cover cabbage with boiling water; boil about 10 minutes; drain. Remove 12 large outer leaves so they are whole; cut out any heavy rib at bottom of each; spread out on flat surface ready for filling. Shred remaining cabbage coarsely with a knife and spread over bottom of oven - glass baking dish (12 by 8 by 2 inches).

STUFFED CABBAGE ROLLS are delicious served with crusty bread and butter.

Rain Washes Out Boxing Triple Bill

LOS ANGELES (AP)—Boxing's championship triple header, rained out of its first scheduled date, tries again tonight at Dodger Stadium, with welterweight king Emile Griffith meeting Luis Rodriguez in the feature.

"Mostly clear," was the weatherman's forecast, yet promoters still kept their fingers crossed after the postponement last Saturday night cost them an estimated $100,000. They hope to recoup with a big crowd.

Down the drain with the rain went the $70,000 television guarantee. Tonight's show now goes on strictly for the audience in the huge baseball field.

Opening the title action at 11 p.m. EST, are Griffith, the 147-pound champion from New York, and Rodriguez, the Cuban exile who now calls Miami, Fla., his home.

Davey Moore of Columbus, Ohio, then defends his featherweight crown against Sugar Ramos, another Cuban refugee who now lives in Mexico City, while Raymundo (Battling) Torres of Reynosa, Mex., fights Roberto Cruz of the Philippines for the vacant junior welterweight title.

All three fights are scheduled for 15 rounds.

"HOW'S THAT AGAIN, PLEASE?"—Jose Cardenal, Cuban outfielder for the San Francisco Giants, doesn't seem to understand why he was called out when he was dusted by Chicago Cubs pitcher Dick Ellsworth in an exhibition game at Mesa, Arizona. Umpire Ed Vargo explains to Jose that the ball hit the bat before Jose hit the dirt and with two strikes already against him, Jose was out. Chicago Cubs catcher Ralph Holding ignores the discussion as San Francisco first baseman Jerry Robinson prepares to come to bat. (AP Wirephoto)

3-Way Meet Staged Here

A triangular track meet involving teams from Sweetwater, Big Spring and Snyder was to have gotten underway at 4 o'clock today on the Tiger Stadium oval.

The Snyder team which is competing is made up primarily of juniors and sophomores in order to give the underclassmen additional meet experience.

The next full - scale meet in which the Tigers take part will be on Saturday, when they travel to Kermit to participate in the Kermit Relays.

Tree Scores Assist For New York Mets

By MIKE RATHET
Associated Press Sports Writer

The Los Angeles Dodgers used big bats, but then the New York Mets used a tree.

The tree turned in a sparkling defensive play for the Mets in the ninth inning Wednesday, holding Bill Skowron's out-of-the-park shot to a triple and saving New York's 4-3 exhibition baseball victory over the Los Angeles Dodgers at Vero Beach.

The Houston Colts got seven hits from Carl Warwick and 33 in all against 21 for San Francisco at Pheonix to outlast the National League champion Giants 16-12 in a 13-inning marathon.

The Yankees, barreling into ninth place in the American League standings, managed to get by with only 27 hits—including homers by Roger Maris and Joe Pepitone—for an 18-3 triumph over Washington at Fort Lauderdale.

Curt Flood hit his third homer and played thief on two drives to center field as the Cardinals dumped the Orioles 4-3 at St. Petersburg. Baltimore was the last undefeated team in exhibition play.

Pittsburgh blanked Detroit 4-0 in a six-inning game, at Lakeland. Cincinnati edged Minnesota 6-5 at Tampa, the Chicago White Sox defeated Philadelphia 7-5 at Clearwater, Boston whipped Cleveland 5-2 at Scottsdale and the Los Angeles Angels nipped the Chicago Cubs 2-1 at Palm Springs.

Skowron lost his decision with the tree that grew at Vero Beach when his blast with one man on and the Dodgers trailing 4-2 cleared the bank surrounding the outfield but struck the tree and rebounded onto the playing field. Skowron had to settle for a triple.

Warwick started the Colts to their game-winning rally in the 13th with his seventh hit in nine at-bats. Carroll Hardy followed with a homer and four more runs crossed to put it out of reach. Five Giants hit homers—Willie Mays, Willie McCovey, Orlando Cepeda, Ernie Bowman and Cap Peterson.

Twenty major leaguers have hit 300 or more home runs.

The Yanks got the job done in two bursts against the Senators, scoring four runs in the first inning on six consecutive hits.

Flood was all over the field for the Cardinals in the eighth inning, first holding Jim Gentile's liner to right center to a single by cutting it off quickly, then racing to left center and grabbing Al Smith's apparent game-tying extra base hit with a diving, backhanded catch.

Pirates pitchers Don Schwall and rookie Tommie Sisk combined for a two-hitter in the rain-shortened game against the Tigers. Two homers by Johnny Edwards and one by Wally Post carried the Reds to their triumph over the Twins. Dave Nicholson's two-run homer was the big blow as the White Sox defeated the Phillies.

Dick Stuart and Roman Mejias got the job done against the Indians for the Red Sox. Stuart hit a homer and sacrifice fly and Mejias a homer and two singles. Rookie first baseman Charlie Dees drove in both runs with a homer and single as Angels made it six victories in a row by beating the Cubs.

Federation Meet On Tap At ACC

ABILENE — A West Texas Track and Field Federation meet, open to any amateur athlete in the West Texas district, will be held May 18 at Abilene Christian College.

Oliver Jackson, ACC track coach and a federation official, announced that this meet will replace the Texas Senior College Championships which was originally scheduled for this date at Abilene.

The West Texas Federation will be conducted under United States Track and Field Federation rules with junior and senior divisions of competition.

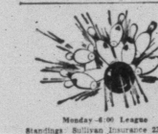

High school athletes are eligible to enter either the junior or senior division but athletes above high school classification will be eligible only for the senior division. Regular high school events will be conducted in the junior division and the regular collegiate events will be scheduled for the senior division.

Coaches or individuals should write Oliver Jackson for entry blanks at Station ACC, Box 738, Abilene. Deadline for entries will be May 14.

"A meet of this type has been needed in this area for a long time," says Coach Jackson. "It will help greatly in carrying out the main objective of the United States Track and Field Federation — to provide opportunity for the greatest number of athletes to compete in track and field."

Any high school, junior college, college, or athlete out of college is eligible to enter this meet. It will be a preliminary meet, but not a qualifying meet, to the Texas Track and Field Federation Championships scheduled for Austin, June 1.

The West Texas district's eastern boundry runs roughly along a line including Ranger and Brownwood. Any athletes who compete for schools or colleges west of this line are eligible for this meet.

Cougars Clouted, 13-7

HOUSTON (AP) — St. Mary's University of San Antonio slugged the University of Houston 13-7 in a baseball game Wednesday.

The Rattlers got 13 hits and Houston 12 but the Cougars failed to stop the Rattler timely hitting.

Walter Stein went the distance for St. Mary's. Bob Fouke, who was knocked out of the box in the third, was the loser.

Butts, Bryant Take Lie Detector Tests

ATLANTA (AP)—Former Georgia Athletic Director Wallace Butts has taken a lie detector test and his attorney says the results indicate he is telling the truth in denying a charge of collusion to fix the Georgia-Alabama football game last fall.

William Schroder, the attorney, said Butts took the test Wednesday at Jacksonville, Fla. "He passed with flying colors," Schroder said.

The Saturday Evening Post charged that Butts telephoned inside information on the Georgia team to Alabama Coach Paul Bryant eight days before the game which Alabama won 35-0.

Bryant also took a lie detector test. He said the results showed that he, also, was telling the truth in denying the charge.

George Burnett, an Atlanta insurance man who heard the alleged telephone conversation, according to the Post, also took a lie detector test. He said the test showed that he, too, was telling the truth.

Burnett issued a statement through his attorney Wednesday night in which he challenged Butts and Bryant to take additional tests — using sodium pentothal (truth serum).

The attorney said Burnett offered to allow attorneys for Butts and Bryant to quesion him while he is under the influence of the serum if they would permit his attorney the same privilege in questioning Butts and Bryant.

There was no immediate comment from either Butts or Bryant.

A spokesman for the Georgia Athletic Board said a record has been found of a telephone call from Butts to Bryant at the time the Post alleges the two conspired to rig the game.

The attorney for the board, M. Cook Barwick of Atlanta, said "we found a record of a call at the precise time Burnett said he heard the call. The record indicated the call was made from an Atlanta number to Tuscaloosa but was charged to the athletic board."

Butts, who has never denied talking with Bryant, said at his Athens, Ga., home last Sunday that he did not recall a conversation on the specific date.

Burnett was quoted in the Post as saying that through an electronic mistake he was connected into the conversation between Butts and Bryant.

Well, By Gum And Begorra!

SUNLAND PARK, N. M. — It was the fourth race at Sunland Park. The day was Sunday, March 17 — St. Patrick's Day. The hunch players searched the program — printed on green paper in honor of the day — for jockeys or trainers with Irish names.

Since there didn't seem to be any in the fourth race — named the Celtic Purse — wagering followed the usual pattern, with the favorites receiving all the attention.

One horse — Trey Eagle — was carrying the green silks of El Paso's Belmac Stable, but at odds of more than 70-1, this seemed a feeble sign indeed to even the most confirmed hunch player, for the horse had never won a race in its life, and was being ridden by Andres Madrid and trained by G. Briscoe, neither of which are Irish monikers.

It was only after an inspired Trey Eagle crossed the wire the winner to returd a stunning $153.00 for each two dollar ducet that the hunch players found the unmistakable signs that had eluded them.

For the "G" in trainer Briscoe's name stands for the honored Irish name "Grady." And as for Briscoe — the feeling among Irishmen present was that anyone who doesn't know that Robert Briscoe is the beloved Jewish Lord Mayor of Dublin just doesn't deserve to win.

LUBBOCK — Two meets in Mexico next month have been arranged for Texas Tech's track team, Athletic Director Polk Robinson announced today.

Coach Don Sparks' Red Raiders will compete in the Monterey Invitational Meet April 8-9 and take part in a similar meet in Mexico City Apr. 13-14. Both meets come during Texas Tech's spring holidays.

Also, Coach Sparks is slated to lecture at two track clinics in Mexico during the week.

This trip is believed to be the first such made by a Texas Tech track team, although Tech fencers competed several times in tournaments held in Chihuahua.

"It is a wonderful opportunity for us, and everyone is enthusiastic over the trip," commented Coach Sparks.

Before making the trip the Raiders are slated to compete in a duel here with University of Colorado Saturday, in the San Angelo Relays, where Sparks will serve as referee, March 30, and at the Texas Relays in Austin, April 5-6.

STICK TO BOXING, SONNY; IT'S SAFER

Liston's Knee Really Hurt

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP)—Golf club-shy Sonny Liston began training again Thursday—this time for an operation on his left knee that may shelve him for the rest of the year.

"For the next couple of days I've got to lift 40-pound weights with my legs to help strengthen my knee," he told The Associated Press. "Then I guess I'll have another examination. I know now I got to have an operation. The sooner the better.

"I'm glad I went to Miami yesterday and proved that I had a bad knee. I was getting mad about all the talk that it was an excuse to duck the fight (with Floyd Patterson.) I think everybody is satisfied about my knee now."

The world heavyweight champion, who said he quit training for the Patterson return match weighing 222 pounds and now is 225, hurt his knee swinging a golf club while posing for a photographer.

The bout was set back from April 4 to April 10 and now is off indefinitely.

Liston returned from his one-day trip to Miami Wednesday night with his companion, Lowell Powell. The only persons to meet them at the airport were this reporter and an Associated Press photographer, who drove them home.

In the car, the seated Liston was asked just how the injury happened.

"I just swung back like this"—and that was the end of the demonstration as his ham-like mitts, clasped over an imaginary golf club, banged against the roof.

"Last time I'm ever going to pick up one of them things (club)," said Liston. "And even if maybe I once thought of playing golf, it's out of my mind for good now. It's cost me too much already."

Liston said he never had played golf.

Satellite Launched By Soviets Today

LONDON (AP) — The Soviet Union launched a sputnik this morning Tass reported. The satellite was named Cosmos 13.

Satellites of the Cosmos series are not manned. The Russians began launching them a year ago and said they were measuring radiation and other phenomena which could have a bearing on manned space flights.

SPORTLIGHT

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP)—Does your age scare you?

Do you feel an outsider in the 50-mile hike crowd?

Do you think this is strictly a world for bright young guys, who wear sharp suits and wits to match?

Well, here's good cheer for oldsters huddled in what seems a Custer's last stand against warpathing youth.

A roll call in the realm of sports leadership reveals the elders still are big pow-wow men.

They'll never see 60, or 70, or even 80 again, but the sports pages still sprout such evergreens as Gen. Douglas MacArthur (83), Branch Rickey (82), Avery Brundage (75), Casey Stengel (71) and Ford Frick, P. K. Wrigley and George Halas, all 68.

Then how about Will Harridge (77), George (Red) Trautman (73), Chick Evans (72) and K. L. (Tug) Wilson (67).

These aren't rocking-chair dreamers of the past.

Old soldier MacArthur recently astounded the rival AAU and NCAA leaders with his firm arbitration in their long-standing feud for control of amateur athletics.

Rickey, baseball's old fox, has them alive in the St. Louis Cardinal front office. Brundage still is the most dominant personality in the amateur sports world as president of the International Olympic Committee.

Stengel still gets interviewed by the hour and never runs out of subject matter as boss of the lowly New York Mets. Frick, of course, is the titled leader of professional baseball as high commissioner.

Wrigley, the chewing gum magnate, is full of new baseball ideas, the most noteworthy his persistence in keeping his Chicago Cubs a manageless outfit with an "athletic director" as the freshest twist.

All need be said about Halas, a founding father of the National Football League, is that he will continue his quest for just one more title as owner-coach of the Chicago Bears.

Harridge, former president of the American League, still keeps office hours in Chicago as chairman of the league's board of directors.

Trautman still is a fighting president of the National Association of Professional Baseball League, battling to stem the fall and decline of the minor leagues.

Evans continues to compete in the National Amateur Golf Championships, which he won, along with the coveted U.S. Open, in the same year, 1916.

Wilson, forced to retire as Big Ten commissioner several years ago, still rides tall high in the administrative saddle as president of the U.S. Olympic Committee.

Houston, TCU Split Matches

HOUSTON (AP) — The University of Houston and Texas Christian University battled to a 3-3 tie in tennis matches Wednesday.

In singles matches Paul Christian, TCU, beat Joe Kukendall, 6-4, 9-7; Kenny Uselton, TCU, beat Ronnie Woods, 10-8, 6-3; Billy Glaves, Houston, defeated Darold Wise, 6-0, 6-3; and Cliff Tyree, Houston, defeated, Earl Van Zandt, 6-2, 6-2.

In doubles, Van Zandt and Christian beat Glaves and Kukendall, 7-5, 4-8, 6-1; and Woods and Gene Peebles, Houston, beat Uselton and Wise, 3-6, 6-1, 6-4.

Soviets Are Wasting Money On Spy Network In America

BY INEZ ROBB

Among the warning essays that appear with singular regularity in American magazines and newspapers is the one alerting us to the multimillions of dollars or rubles spent annually by the U.S.S.R. on a world - wide espionage network. The sum allocated by the Kremlin for spying in the United States, I have just read, is probably many times as much as the annual American budget for cloak - and - dagger work around the globe.

However, it must have occurred to more than one citizen in recent months that the Communists are wasting their rubles in the United States. All the Russians need do in this country is settle back in an easy chair and open the window. They don't even need to purchase a hearing aid, much less to buy vital secrets, to eavesdrop on the secret and classified information in this country.

We are a nation of yakkers at home and abroad, as General Lauris Norstad pointed out a few days ago when he testified before a Senate Operations subcommittee. "Americans talk too much, especially when we are abroad," the general, recently retired Supreme Allied Commander in Europe, declared.

No one on the committee argued with General Norstad about that fact. But since the Russian missile retreat from Cuba last autumn, Americans on home base have surely been outtalking the most loosetipped citizens abroad. Americans at the seat of government have been literally talking their heads off since that time.

This nation and its elected representatives would be outraged if some irresponsible citizen demanded that the books of the CIA or the FBI be opened to the public, or that all the secret files of intelligence and counter - intelligence be made available to anyone who wanted to paw through them.

But the steady attrition of such information, the continuing "leakage" in and out of Congress and the Administration, when both are seeking political advantage, is little noted or long remembered.

That is little noted or long remembered by anyone but Old Big Ears in the enemy camp who only has to tune in on political daggers making, political hay and spilling the beans for partisan advantage.

But that is only one aspect of the situation: the Administration in turn, stung by the revelations and charges of its critics, has replied in kind. It has not been able to resist the very human instinct to lash out at the gadflies and, in reply, lay bare still more vital information.

The tape recorders were surely overworking in the Communist camp on the incredible day when as American Secretary of Defense, complete with blue prints, maps and pinpoint information, was put on television to answer Administration critics.

Democracy does not entitle a citizen to access to secret information on which the nation's safety rests.

Rep. George Mahon (D., Texas), chairman of the subcommittee of the House Defense Appropriations Committee, put his finger on the crux of the matter the other day when he called for an end to the "outrageous and intolerable" damage to the nation's intelligence organization caused by too much loose talk.

"In recent weeks there has been a great excess of talk about the procedures of our intelligence apparatus," he said. "Critics have made public statements on matters which should never be discussed in public. The Administration has mistakenly allowed itself to be goaded into revealing information detrimental to our best interests.

"There is an intelligence gap in the intelligence of those who are daily revealing the secrets of the intelligence operations of the United States Government," Mahon declared, adding that "our immaturity and indiscretion in these matters disclosures are making us the laughing stock of the world."

Amen! Why should the Communists buy information when we are giving it away?

Junior Editors Quiz on THE MONA LISA

QUESTION: Why is the Mona Lisa so famous?

ANSWER: The Mona Lisa is extremely valuable because it is so famous; it is considered the most celebrated picture in the world.

Buy why? Other pictures have been just as realistic and just as beautifully painted. But the Mona Lisa seems to appeal to everyone. Some say it is the sense of mystery given by her faint smile. Others say that she seems to have serenity of spirit as if she had had troubles and yet had found the way to meet them. There are as many explanations as the number of people who like the Mona Lisa.

One is that in this portrait the eyes seem to be looking into your own as if Mona Lisa was more interested in you than in herself. The impression she gives is that she knows what you are thinking about and is sympathetic toward you, that she and you are sharing some marvellous secret. Well, what's the secret? Perhaps that's why she's smiling. She knows your secret, but she is smiling serenely at you to tell you that whatever happens, she won't give your secret away.

FOR YOU TO DO: Look in a mirror and practice giving a Mona Lisa smile. The face in the mirror won't give away your secret either.

Poor Man's Philosopher Expounds

By HAL BOYLE

NEW YORK (AP)—The poor man's philosopher:

Man has been going steadily downhill ever since he traded the sun dial for a wrist watch.

One of the most placid paths to a ripe old age is along the pavement of postponement.

It is better to remember or anticipate a joy or duty than to endure it. Life isn't an insurmountable mountain. It is a clutter of climbed molehills.

Some people make living a continual emergency, as if they were always on the way to a four-alarm fire. They always feel they have more to do than they can cope with, and their reward is the merit badge of the uneasy—an ulcer.

Existence becomes a blossoming glade rather than a bearpit if you learn the pleasant art of postponement. The best philosophy of survival is to live few uncrowded hours.

Give every demand upon your attention a 24-hour perspective. If a thing is worth doing at all, it can be best done in the vast tomorrow rather than the hurried today. One's greatest error is often made while performing the avoidable in doing the unnecessary.

Never attack a peril—and rarely a promise—unless you really have to. Often, if you look at them steadily, they will evaporate. They will go away and leave you undisturbed.

Toy your time with trifles. Then the vast unaccomplished future will loom as a finer treasure trove than your achieved past.

There is considerable pleasure in getting some things done, but there is also a large pleasure in enjoying the prospect of things undone. Everyone should have a larger list of things to be attempted than his catalog of things won.

For example, among my goals are the climbing of the Empire State Building and the reading of Leo Tolstoy's remarkable novel, "War and Peace."

I have met a number of people who have done these things separately, and they all brag about their victories.

But what I have in mind is to be the first man in history to do them at the same time—to go up the Empire State Building and through "War and Peace" step by page, page by step.

That is my secret scheme. But why rush into it? It is more fun to think about climbing the Empire State Building while reading "War and Peace" than it is actually to do it.

Living can be a real luxury once you take the urgency out of it.

Song Writer's Suit Is Settled

LOS ANGELES (AP)—In 1922 songwriter Leo Mantin wrote a piece entitled "Around The World in 90 Minutes."

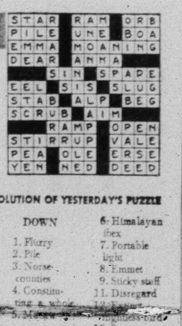

The song "Around The World" in the film "Around The World in 80 Days" was stolen from his song, Mantin claimed. He filed suit against the estate of Mike Todd, the film's producer, for $1.5 million, charging plagiarism. The song "Around The World" was credited to the late Victor Young.

The case was on trial Wednesday—with a piano in the courtroom to facilitate the presentation of evidence—when attorneys for both sides announced a settlement. The agreement was reached out of court, and the amount involved was not disclosed.

Mantin, once a well-known vaudevillian, is now 69.

State POM Plan Starts

Gov. John Connally, Lt. Gov. Preston Smith and Texas' 181 legislators can now be told by telegram what Lone Star State voters think of public issues in 15 words for 75 cents, it was announced today by Walter Hudson, Snyder Western Union Manager.

Prompted by the increasing use of its national personal opinion message (POM) service to Washington inaugurated last year, Western Union has started a similar service to Austin on an intrastate basis.

Anyone in Texas may call at, or telephone a Western Union office and send a POM stating his attitude on an issue of local, state, national or general interest. The telegram may be charged to his personal telephone, or it may be paid for at the branch office from which the message is sent at the flat 75-cent rate.

The name and address of the sender of a POM is considered essential to the recipient and is included in the cost of the wire without additional charge. If desired, the sender's title and organization may also be added free of charge.

The new service is being offered experimentally to determine its popularity in expressing views on statewide issues.

A trainers conference was held last weekend at Camp Ed Murphy on Lake Thomas for all members of the District Leadership Training Committees and unit leaders of the Boy Scouts of America.

The T-Man Conference was put on by the Council Leadership Training Committee for the purpose of instructing trainers and unit leaders in all the district of the Council in order to give a better program to boys.

Those attending from Lone Buffalo District included Archie White, Scoutmaster of Troop 35 in Snyder, and Bill Curry, Scoutmaster of Troop 33 in Gail.

Classes Resumed At Mexico School

MORELIA, Mex. (AP)—Classes at the University of San Nicolas will resume Monday after almost two months of unrest and sporadic rioting.

Newly appointed Rector Alberto Bremauntz said Wednesday he was confident new outbreaks could be avoided.

Bremauntz was named by the government after anti Communist students clashed violently with leftists supporting former Rector Eli de Gortari. The anti Communists accused De Gortari of Red leanings.
