Ike Sets Deadline On Steel Strike Progress Report

By NORMAN WALKER

WASHINGTON (AP)—President Eisenhower today set an apparent deadline of Oct. 8 for progress toward settlement in the steel strike. Antagonists promptly arranged to resume talks this afternoon.

The agreement to get back to the bargaining table came within minutes after the close of separate sessions with industry and union leaders in which Eisenhower figuratively knocked heads together.

The President met first with leading steel company executives headed by Roger M. Blough, U. S. Steel Corp. chairman, then with union leaders headed by David J. McDonald, president of the United Steelworkers.

He called on them to renew negotiations looking toward a voluntary settlement of the 78-day-old strike that would be fair and just to everyone concerned, including the public.

"I sincerely hope," the President said in a statement afterward, 'that an agreement can be initiated before my return to Washington next week." He is due back Oct. 8 from a trip to Palm Springs, Calif., to seek relief from a lingering cold.

James C. Hagerty, the President's press secretary, was asked whether this pinned an Oct. 8 deadline on invoking the Taft-Hartley law to stop the strike for 80 days by court injunction.

Hagerty said no government action whatsoever was discussed by the President.

The press secretary was asked whether Eisenhower hoped for progress in negotiations by Oct. 8 or a completed agreement by then.

Hagerty replied that he thinks Eisenhower's hope that "an agreement can be initiated" by Oct. 8 was a fairly broad expression.

Both Blough and McDonald expressed hope the renewed talks would lead to an agreement. McDonald said one could be reached in an hour if both sides really tried.

But neither side indicated much chance in their far-apart positions as a result of their talks with the President.

The President's statement said the purpose of his talks today was to help "to bring about a voluntary settlement of the steel strike which will be fair and just to all parties involved, including the public.

Eisenhower was reported on good authority to have used blunt, powerful language both to the management and union delegations—about as strong language as at Monday's news conference when he said he and the American people are sick and tired of the apparent impasse.

But so far as public statements were concerned, the principal opponents showed no signs of shifting position or of confidently expecting quick results.

Asked whether he sees any hope of an agreement soon, McDonald said: "I wish I could say I were optimistic."

Blough's answer to the same question was: "I wish I knew the answer to that."

Blough said the industry still stands on its position that the union's demands would touch off a new inflationary spiral.

McDonald said, however, both sides could reach an agreement in an hour if they really put their heads to it. "It would only take us an hour if they really want an agreement," McDonald said. "We could do it all this afternoon."

SEPTEMBER SNOW HITS DENVER—This trail of broken trees on a Denver residential street is a scene duplicated over all of the city. A fat, wet snow measuring more than 4 inches and still falling, struck the city snapping power lines and trees. Many sections of the city lost power and live lines dangled hazardously. (AP Wirephoto)

Storm Winds Diminishing

CHARLESTON, S.C. (AP) — Tropical storm Gracie, no longer a hurricane, plodded slowly across western North Carolina today. While her winds had diminished to gusty squalls with a top of 50 miles an hour, her heavy rains threatened dangerous flooding.

She left behind a trail of damage running into the millions of dollars and 10 deaths possibly attributable to her winds and rain.

At 8 a.m., the storm center was situated near Hickory, N.C., some 50 miles northwest of Charlotte. Her path was northward at about 12 miles an hour, but she appeared turning more northeastward and was expected to pick up forward speed as she moves across Virginia this afternoon and early tonight.

Gracie's heavy rain was expected to cause flash flooding in western North Carolina, central and western Virginia, the eastern portion of West Virginia, western Maryland and central and eastern Pennsylvania.

The storm now packs winds of about 40 m.p.h., with gusts to about 50 m.p.h. in some squalls.

Gracie ground ashore near here Tuesday morning with 140-mile-an hour peak winds, torrents of rain and high tides.

She brought rain, raging winds and high water all along the coast from Savannah, Ga., to Myrtle Beach, and swept inland to slash lowland communities along a path 100 miles wide.

Three died in South Carolina in traffic accidents attributable to the storm.

All over the Carolinas and in border Georgia areas balmy Indian summer dissolved into heavy rain and cool, strong winds. Several inches of rain fell, threatening floods on some rivers.

The downpour Tuesday night was heaviest in Gracie's path from Charleston. Northwest she moved to the Walterboro area, then turned north past Orangeburg and Columbia toward North Carolina.

Homes, farm buildings and crops were damaged in Gracie's path through inland South Carolina. Damage in the millions was estimated at Charleston, where an insurance company spokesman said probably four out of every five houses were damaged $200 or so apiece.

A spokesman for South Carolina Electric and Gas Co. at Charleston estimated damage to its facilities would hit a half million dollars. As much as 75 per cent of the city was without power at one time or another.

Meanwhile, another hurricane, Hannah, was being tracked out in the Atlantic. She was located Tuesday night about 1,000 statute miles east of Palm Beach, Fla., with peak winds of 100 miles an hour. A Miami weather forecaster said she, too, likely will hit the mainland a few days from now.

Khrushchev Lectures Mao On Need For Ending Cold War

By JOHN RODERICK

TOKYO (AP) — Nikita Khrushchev lectured Mao Tze-tung publicly today on the need for ending the cold war and then met with the Red Chinese leader in a closed session. The talks were described as cordial and friendly.

The Soviet Premier bounced into Peiping from his historic conferences with President Eisenhower with a declaration that "everything must be done to clear the atmosphere and create conditions for international friendship."

His pronouncement appeared an obvious warning against any Asian rocking of the boat.

The two giants of world communism were closeted with their top-ranking lieutenants.

Radio Peiping told of the meeting, held presumably to give Mao a quick fill-in on Khrushchev's talks with Eisenhower.

It described the meeting as held "in a friendly manner."

"We must do everything in order to ease the situation and to create conditions for friendliness between all nations," the leader of the Communist world told Mao and Red Satellite chieftains gathered in the Chinese capital for the Peiping regime's 10th anniversary celebrations.

"We must make all efforts to create conditions for establishment of world peace," Khrushchev added.

Delivered against the background of Peiping's crushing of the Tibet rebellion, its border dispute with India and the Red revolt in Laos, the planeside talk sounded like a pointed suggestion to Mao to keep the peace in Asia.

Khrushchev's big TU114 turboprop airliner landed in Peiping less than 48 hours after his return from Washington. He said he had literally "transferred from airplane to airplane."

Peiping radio said the Soviet Premier got a rousing welcome from Communist China's top officials, bands, a guard of honor and youth delegations who presented him with bouquets of flowers.

Khrushchev described his visit to the United States and his talks with Eisenhower as valuable.

"In these talks," he said, "we frankly discussed big problems and tried to create an atmosphere for cooperation and peaceful coexistence, thereby contributing to consolidation of world peace."

The Soviet leader praised his Chinese allies' industrial and revolutionary progress.

He recalled that while in the United States he had urged the U.N. General Assembly to oust what he called "the reactionary Chinese group of the Chaing Kai-shek clique."

Rains Fall In Scurry

Fall weather made a belligerent entry into the Snyder area early today, as a booming thunderstorm poured out moisture and the thermometer dipped to 47 degrees.

Snyder had .51 of an inch of rain in approximately one hour during a thunderstorm which struck at about 6:30 a.m.

Elsewhere in the county, rainfall totalling .7 of an inch was reported at Fluvanna, while half an inch fell at Camp Springs and .4 of an inch at Ira.

Rainfall totalling .4 of an inch was recorded at the Snyder pump station at Lake J. B. Thomas, but there had been no runoff into the lake.

The Hermleigh area had rainfall ranging from a quarter to half an inch.

Heavy rains late Tuesday and early today drenched wide sections of the state, especially the San Angelo area. San Angelo recorded an early-morning downpour of 3.68 inches, bringing the total 24-hour rainfall ending at 6 a.m. today to 4.38 inches.

Midland measured 1.05 inches and a misty fall continued past dawn. Some minor flooding occurred in Midland.

Corpus Christi had 1.07 inches, and early morning showers were reported around Greenville in North Texas.

Early morning temperatures ranged from 37 degrees at Dalhart to 79 degrees at Corpus Christi.

Tornado funnels threatened Midland and Port Arthur Tuesday, but failed to touch the ground. Funnels also skipped over Garden City and Sterling City, accompanied by heavy rains.

More scattered thunderstorms were expected to develop behind a cold front that early today stretched from Shreveport, La., to just north of Fort Worth.

City Police, Firemen To Change Slate

Changes in the work schedule of city firemen and policemen will be necessary beginning tomorrow, Roy Dunlap, city manager, said.

The changes are necessitated by a law enacted by the Texas Legislature last summer, which prevents city policemen from working any overtime except in emergencies, and does not permit more than 12 hours work on any calender day.

The main effect on the fireman is that it will change the time their shifts begin. Heretofore, firemen had changed shifts at 8 o'clock each morning, and worked until the next morning at 8 o'clock, then were off duty for 24 hours, permitting many of them to hold other jobs on their days off.

The new starting time will be at 12 noon each day, and the 24 hour shifts will remain, but most say they will have difficulty finding employement for the half day they will have open each day.

Firemen are permitted, under the law, to work a maximum of 72 hours per week, which is not changed.

In the police department, police officers are permitted to work only 44 hours per week, and no overtime.

"We won't even be able to work the high school football games anymore," Dunlap said. "Because there are only three officers on each shift in addition to the chief."

However, the city does plan to have the special school patrolmen assist with police duties at ball games.

Previously, city policemen had been permitted to work overtime when needed, or when the department was short handed.

"Now, when we are short a man, we are just short a man—and nothing can be done about it," T. L. Steele, police chief, said.

In the police department, costs of operation will increase, while police officers will draw smaller pay checks when their overtime is cut out, Dunlap said.

Salaries of both departments will remain the same as previously, but without overtime. Salary adjustments are provided in the city budget which goes into effect tomorrow, however.

Donald Nelson Rites Are Set For Friday

LOS ANGELES (AP)—Funeral services for Donald M. Nelson, U.S. production chief during World War II, will be held at 1 p.m. Friday in the Church of the Hills at Forest Lawn-Hollywood Hills Memorial Park.

34 Persons Killed In Airliner Crash

By GARTH JONES

WACO, Tex. (AP) — A big Houston-to-New York airliner blew up in the air, streaked across the sky like a comet and crashed late Tuesday night. Thirty - four persons died as it struck on a central Texas farm.

The ship was a 75 - passenger Braniff Airways turboprop Electra. It carried 28 passengers and six crew members.

State police said none survived. Broken bodies and bits of wreckage were scattered over a square mile of open farm country.

Although witnesses from a distance observed a second blast and brilliant flash as the ship struck, persons reaching the scene reported the shattered craft did not burn.

The airliner struck on the R. E. White farm, 5 miles southeast of Buffalo, which is 68 miles southeast of Waco.

There was no immediate explanation for the crash.

Jack Miller of Braniff at Houston said the plane arrived in Houston 22 minutes late and thus was 22 minutes late in leaving the terminal. It became airborne seven minutes later at 10:44 p. m. Miller had no explanation of why the craft arrived late.

Braniff President Charles E. Beard told newsmen that any statement from the company on the possible cause of the crash would be conjecture and will be determined by federal authorities.

He said the presence aboard of a maintenance engineer, Wendell J. Ide, probably had no significance.

The plane, costing $2,300,000, was placed in operation only nine days before the crash.

A foggy dawn revealed masses of torn bodies, bloodsoaked clothing and mail, with the odor of the plane's kerosene fuel pervading the air.

Braniff's deputy sales manager in Houston, Dick Barton, said the plane was late taking off from the Gulf coast city.

"Flight 542 was due out at 10:15 but it left late," Barton said. "I don't know how late or why."

A member of the traffic control tower staff at Houston's big International Airport said the airliner departed 29 minutes behind schedule at 10:44 p.m. It was due to land in Dallas and Washington en route to New York.

Bruce Chambers of the Federal Aviation Agency's control office in Fort Worth, said the ship was flying on an instrument plan at 15,000 feet. It made its last report about 11:05 p. m. when east of Waco, Chambers said. He described the report as a routine filing on the plane's speed and altitude.

The pilot gave no indication of trouble at the time he added.

Broken clouds hovered over this area then. There was thunderstorm activity about 75 miles to the northwest but none in the immediate vicinity, the Weather Bureau said.

The airliner crashed on the R. E. White farm, five miles southeast of Buffalo, a town of 1,200 population. Buffalo is 68 miles southeast of Waco.

"It looked like it exploded as it came over our house, 'way up in the sky," said Mrs. Billy Webb, 30. She and her husband watched from their home five miles north of where the wreckage hit.

"The whole sky lit up. It kept on going, and it looked like a falling star.

"The light went out and we heard a terrific noise like a jet breaking the sound barrier. Then we heard it hit the ground and saw a tremendous explosion."

E. H. Pickens, 45, feed store owner in Buffalo, was one of the first to reach the crash scene.

He said there was mail, paper, packages, clothes and bits of bodies and plane wreckage strewn over a square mile.

"The biggest piece of plane I found when I got out there was a section of fuselage about 15 or 20 feet long," he added.

The Civil Aeronautics Board announced an immediate investigation of the crash.

Guards wearing pistols barred reporters from Braniff's main offices in Dallas. Executives conferred behind the doors, but a Braniff spokesman would only say that "we've got a big mess down there."

R. V. Carlton, a Braniff vice president, told reporters at the crash scene that reports "certainly indicate an explosion but I don't know for sure at this stage."

"I don't know of anything of this magnitude that has ever happened to us," Carleton exclaimed.

Rescue teams laid out the bodies on mattresses on the floor of the Buffalo gymnasium and covered them with Army blankets.

Identification teams moved through the rows of victims, seeking to determine identity of the torn bodies.

Two huge masses of bodies remained at the scene when dawn broke through a fog.

The bodies in the masses were so badly torn that officers said they could give no accurate indication at that time of the number of dead still in the area.

White said he was watching television with his wife when he heard the explosion.

He ran into the lawn. "I stood there for at least five minutes before the wreckage stopped falling," he said. "It fell like rain."

"I was scared. I had a funny feeling. I didn't know what it was," he related.

"My wife thought it was lightning. It lit up the whole area and turned the skies red. It was pretty high in the air."

CLEAR-CUT WINNER IN WEEKLY GRID CONTEST

Dean Staton, Route 2, Box 273, set a fast pace in the Snyder Daily News football contest last week.

Despite a flurry of "upsets" he came through with only four incorrect calls on the 28 contest games.

Finishing in second place, with six misses in 28 tries, was Mrs. J. M. Long, 2304 Forty-second Street.

Three others, Alta Lynch, 706 Thirtieth Street; Hazel Guinn, 909 Twenty-seventh Street, and Dub Holt, 1901 Avenue O, were in a deadlock for third place and just out of the money with seven misses each.

Staton's four misses were clear-cut upsets, according to all rating systems. He faltered on the Northwestern-Oklahoma, Georgia Tech-SMU, Kermit-Lamesa and Tennessee-Auburn games.

Mrs. Long missed the Roscoe-Hermleigh, Snyder-Big Spring, Notre Dame-North Carolina, Stamford-Sweetwater and Texas A&M-Michigan State games, as well as the Georgia Tech-SMU upset.

Another contest begins today, and the contest games may be found in advertisements on the weekly football contest page of this issue of The Snyder Daily News.

Truck, School Bus In Crash; 8 Persons Die

By WHITEY SAWYER

COOPER, Tex. (AP) — A bus filled with school children and teachers en route to a junior high school football game collided headon Tuesday night with a huge tank truck. The violent crash killed eight persons—six students and two teachers—and injured 22 others including 21 children.

The bus from Mt. Vernon, Tex., and the diesel truck collided at a highway intersection on the eastern edge of this east Texas town. There was no fire. The impact hurled some children to the highway, demolished the bus and smashed the truck's cab.

"The bus made a signal to turn left and then for some reason swerved. I just couldn't miss him. It was horrible," said J. M. Warrington, 39, of Grand Saline, Tex., the truck driver.

Warrington was injured and taken to a Paris, Tex., hospital. He was en route home from Pryor, Tex., where he had delivered a load of salt.

Killed in the crash were Jack Henry, 45, principal of the Mt. Vernon Junior High School and driver of the bus; his son, Billy Max, 12; Melba Meeks, a teacher; Kenneth Hightower, 12, and Rex Weatherford, 12. Three other students, Zach Taylor, Audrey Sue Turner, 13; and Waukita Rainey, a sixth-grader, died from their injuries.

Frankie Nations, 12, who suffered three broken ribs, recalled from a hospital bed "I saw this big old truck coming right at us. Then there was this crash. It pitched me six or seven feet up into the front seat. I couldn't get my breath for a long time. I don't remember getting out of the bus."

Jimmy White, 14, remembered he was sitting beside a girl and "we were cutting up. Somebody screamed. I saw the driver swerve. The next thing I remember I was outside the bus."

H. F. Holdern, one of the first at the scene, said "the kids were scattered everywhere."

Ambulances took the injured to hospitals here, at Paris and Sulphur Springs. Anxious parents and relatives crowded hospital rooms and halls as they sought their children. At Paris an emergency call for blood donors brought out 400 volunteers.

A second bus carrying the Mt. Vernon Junior High School football squad arrived a few minutes after the accident. The game was cancelled.

The truck was en route to Grand Saline, a salt-producing center, after delivering a load of salt.

Exact cause of the accident was not clear. It occurred at a Y-shaped intersection. Officers said the bus was going north and the truck south when the bus driver started to turn left onto the branch of the Y.

Officers said apparently the bus driver decided he couldn't make it and swerved back to the right. At the same time, they said, the truck driver apparently cut to his left in an attempt to miss the bus, which he thought was going to turn left in front of him.

The vehicles collided in almost the middle of the highway.

LATE BULLETIN

CORPUS CHRISTI, Tex. AP — Sid Richardson, one of the world's richest men, died at his island lodge near Corpus Christi today of an apparent heart attack. He was 68.

Final Arguments Set Today In Saunders Perjury Trial

By GARTH JONES

AUSTIN (AP) — Did J. Byron Saunders, popular and prominent state insurance chairman, lie six times to a legislative investigating committee?

That question was handed today to a criminal district court jury which heard 19 state and 25 defense witnesses in the past eight days. Testimony was completed Tuesday.

Final arguments in the precedent-setting perjury trial are set tentatively for 2 p.m. today. Judge Mace Thurman worked with attorneys on final preparation of the jury charge.

Saunders, 49, is now a Tyler attorney. He is a former Smith County judge. He was appointed to the State Insurance Commission in October 1953, and served until he resigned in January 1957, to become vice president of a Dallas life insurance company.

"J. Byron Saunders was the best insurance commissioner Texas ever had," a character witness testified Tuesday.

Saunders — quiet, quick - smiling, almost studious — is accused of perjuring himself six times March 15, 1957, in testifying before a special Houston committee investigating the collapse of the ICT Insurance Co.

Most of the accusations concern an oil lease deal he made in 1954 with BenJack Cage, founder of ICT Insurance Co. and 73 other financial ventures. Cage is now in South American evading a 10-year sentence assessed for bilking ICT stockholders of $100,000.

Saunders told the House Committee he got $7,000 in monthly payments from ICT Discount Corp., a Cage enterprise, in return for oil rights on 47 acres of Wood County land in the Alva Field. He claimed that he had to sell some personal securities because of the income cut he took to become a state insurance commissioner.

The state alleges a total of $7,900 in payments from ICT Discount, plus two other Cage firms. A series of cancelled checks and deposit slips — many of them with the notation "attorney's fees" was introduced as evidence. It also introduced evidence implying that although the Cage - Saunders oil deal allegedly took place Jan. 11, 1954, the deed to the property was not written until November, 1955.

Saunders did not take the stand in his own defense. His wife, an instructor at Tyler Junior College, and 15-year-old son, Cliff, supported the defense claim that the oil deed was written on a family typewriter in the early months of 1954. Cliff said he broke the typewriter about July 1954, while publising a neighborhood newspaper. The machine was not repaired until 1956.

This is the first time that a person charged with perjury before a legislative body has been tried in Texas.

Defense attorneys have served notice the case will be appealed to the U. S. Supreme Court if necessary.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 84 degrees; low, 47 degrees; reading at 7:30 a.m. today, 49 degrees; precipitation, .51.

East and South Central Texas: Considerable cloudiness with scattered showers and thundershowers through Thursday. Not so warm north portion Wednesday night.

North Central Texas: Considerable cloudiness through Thursday with scattered showers and thunderstorms. Cooler Wednesday.

Northwest Texas: Mostly cloudy and cool with scattered showers and thunderstorms through Thursday. Lowest 38 to 45 Panhandle and upper south plains Wednesday night.

Southwest Texas: Considerable cloudiness through Thursday with scattered thundershowers mainly through Pecos Valley eastward. Cooler most sections late Wednesday.

Gulf Coast: Variable winds 5 to 15 m.p.h. and widely scattered showers through Thursday.

Formosa Conditions Are 'Less Strained'

TAIPEI, Formosa (AP) — U.S. Defense Secretary Neil McElroy said today conditions in the Formosa Strait appear "less strained" than they were a year ago.

McElroy arrived for a three-day visit with President Chiang Kai-shek, other Chinese Nationalist leaders and American officials.

Churchill Warns Against A Hasty Pact With Reds

By DENNIS NEELD

LONDON (AP) — Sir Winston Churchill, 84, feeble in body but as assertive as ever, says the signs of a thaw in the cold war must not mislead the West into hasty disarmament agreements with the Soviet Union.

The aging statesman, addressing a political rally at nearby Woodford Tuesday night, urged caution despite indications "that the long period of suspicion and abuse may be ending."

Although his voice was shaky at the start, Churchill read a 2,300-word speech without glasses. He asked his constituents to return him to the House of Commons — where he has sat continuously since 1924 — and to join in a sweeping Conservative party victory in the general election Oct. 8.

Churchill displayed his familiar stuck-out chin and cherubic smile and drew a standing ovation from the 600 in the hall and 2,000 listening outside.

He declared at the end of his address: "My firm conviction is that Mr. Harold Macmillan (the Conservative prime minister) is today the man whose policies are most likely to achieve high hopes and aims."

Churchill said Soviet Premier Nikita Khrushchev's total disarmament proposal to the United Nations represented a step in the right direction.

He warned, however, that "we must above all resist any temptation to rush into agreements which do not provide a workable system of inspection and control."

Macmillan, meanwhile, and Labor party leader Hugh Gaitskell addressed separate meetings in Glasgow, Scotland. Each packed a hall with more than 2,000 adherents.

Macmillan said East and West have left the era of ultimatum and entered a period of negotiation, paving the way for a summit meeting.

"In the months that lie ahead," he said, "we have to face difficult, delicate, tense negotiations. We must make full use of our authority, not only with the Russians but with our allies — the Germans, the French and the Americans. We may well be the arbiters in these great affairs."

The Conservative leader urged his government's re-election on the basis of Britain's economic record under Conservative rule.

"Under the socialists," he asserted, "we spent abroad 800 million pounds — $2,240,000,000—more than we earned. Under the Conservatives, we have earned abroad 1,600 million pounds—$4,480,000,000 — more than we have spent."

Gaitskell had his own version of the British economy, charging that despite Conservative boasts of prosperity, between five and six million persons are suffering from poverty or near poverty on old age pensions of $11 a week.

"How can the Tories talk of and not increase the pension?" he demanded.

He promised a Labor government would increase pensions without hiking general taxes — by putting on a capital gains tax and cutting the tax exemptions allowed for expense account spending.

HURRICANE ROUGH ON CARS—Hurricane Gracie was rough on cars as it passed over the coastal city of Savannah, Ga., as shown by this car blown off the road and covered with debris. (AP Wirephoto)

Lend-Lease Debt Is Barring Trade

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Premier Nikita Khrushchev was told on his visit here that if the Soviet Union settled its lend-lease debt, the United States would find it easier to wipe out trade barriers between the two countries.

Undersecretary of State Douglas Dillon reported this today in reply to reporters' questions. He also said that Khrushchev registered strong objections during the Camp David talks to what the Premier considered discrimination against the Soviet Union in American trade policies.

Dillon said the only agreement reached was one to negotiate on a lend-lease settlement. This negotiation probably will be started in a month or two.

The United States has asked 800 million dollars in final settlement on Soviet obligations for wartime lend - lease aid which totaled around 2½ billion dollars.

The Soviet government, in prolonged negotiations begun soon after the end of World War II, offered 300 million dollars. Negotiations have been inactive for several years.

Dillon discussed at a news conference several actions which the United States might take if there is a lend-lease settlement.

This government, he indicated, may lift its embargo against crab meat from the Soviet Union, may ask Congress to remove the ban on Soviet furs, and may seek legislation permitting the Soviets to obtain credits here from private sources. Such credits are now barred because of the Soviet default on unpaid debts inherited from the prerevolutionary Kerensky regime.

Stage Show At Fluvanna

FLUVANNA — The Junior and Senior classes of the Fluvanna High School will sponsor a western stage show here Thursday night.

The show will feature Ronald Mansfield and the Spartans, and the performance will begin at 8 p.m. on the stage of the Fluvanna High School auditorium.

Admission prices are 65 cents for adults and 35 cents for students.

Tuesday Is Black Day For Youngster

PASADENA, Calif. (AP)—It was a black day, indeed, for Paul Henkels, 7.

The youngest of 14 children, he stepped on a pressurized can of spray paint at his home Tuesday and was sprayed head to toe with black lacquer. An older brother, James, 32, took Paul to a hospital for repairs.

Local Firm Burglarized

A burglary sometime Monday night or Tuesday morning at Snyder Truck and Tractor Co. on the East highway resulted in loss of several hundred dollars worth of merchandise.

T. L. Steele, police chief, said the burglars entered the building through a front door, apparently using a key. Employes of the firm found the front door open when they went to work yesterday morning, and there was no evidence of forced entry.

Largest item taken was a 24-inch Admiral television. A radio and several dozen wrenches were also taken.

Police are distributing lists of the merchandise stolen to other departments in this area.

Blaze Extinguished At Ennis Creek

City firemen put out a fire in a chicken house at Ennis Creek yesterday afternoon.

The fire occurred on the Tom Willis place. Willis was attempting to burn mites from the building when the building caught fire. Damage was not extensive.

Jones Rites Set Thursday

Funeral services for Forest Jones, 72 of Levelland and a former resident of Scurry County will be held at 2 o'clock tomorrow afternoon here.

The services will be in the Twenty - fifth Street Church of Christ with O. D. Dial, minister of the Roby Church of Christ, officiating, assisted by Glen Pace, minister of the Twenty-fifth Street Church of Christ.

Mrs. Jones died about 8 o'clock yesterday morning in Levelland.

He was born Oct. 4, 1886, in Rockwall, Tex., and lived in Scurry County several years prior to moving to Levelland 12 years ago.

He was a member of the Twelfth Street Church of Christ in Levelland.

Burial will be in Snyder Cemetery under direction of Bell Funeral Home. His body will lie in state at Bell Chapel from 11 o'clock tomorow morning until time of the funeral services.

Mr. Jones is survived by his widow, Mrs. Ida Jones of Levelland; one daughter, Mrs. Minnie Lou Reeves of Terry, Mont.; one son, Virgil Jones of Bartlesville, Okla.; one sister, Mrs. Luke Howell of Snyder; two brothers, Elvis Jones and Clyde Jones, both of Snyder; and three grandchildren.

BIRTHS

Mr. and Mrs. Bud England, 3728 Austin Avenue, are parents of a son weighing eight pounds and five ounces born in Cogdell Memorial Hospital at 6:15 a. m. Tuesday.

Dr. and Mrs. R. B. Pierce, Route 3, are parents of a daughter born at 9:26 p.m. Tuesday in Cogdell Memorial Hospital. The child weighed six pounds and six and one-half ounces.

Mr. and Mrs. Alfred Shook, Route 3, are parents of a daughter weighing seven pound, eight and one-half ounces born in Cogdell Memorial Hospital at 3:57 a.m. Tuesday.

Mr. and Mrs. Marlon Bacerra of Ira are parents of an eight pound, two ounce son born in Cogdell Memorial Hospital at 10 a.m. Tuesday.

Mr. and Mrs. James O. Littlepage, 2901 Thirty-second Street are parents of a daughter weighing seven pounds and six ounces born in Cogdell Memorial Hospital at 5:45 p.m. Tuesday.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS: Ima England, 3728 Austin Avenue; David Delce, 3518 Avenue M; Lillian Shook, Route 3; Nickie Becerra, Ira; Ernest Brewer, 2706 Thirty-fourth Street; Pearl Williams, 3001 Avenue T; Rebecca Austin, Colorado City; Jo Littlepage, 2901 Thirty-second Street; Charles Miller, 2266 Sunset; Brenda Lovell, Thirty-seventh Street.

DISMISSALS: Veda Austin, Howell Scott, Johnny Anderson, Sandra Wood, Rose Coleman, Dorothy Ferguson, June Gilstrap, Bert Hurley, W. H. Harbour.

Freak Blast Burns Man

DALLAS (AP)—A freak explosion in an asphalt truck hurled a fuel tank across a street Tuesday, showering a pedestrian with flaming butane and turning him into a human torch.

The pedestrian, Joe Bolden, 59, ran about 100 yards, clawing at his flaming clothing, before collapsing he was reported in very critical condition.

The big cargo truck was waiting for a light when the explosion wrapped it in flames.

James Holland, 38, of Mt. Pleasant, the truck driver, suffered slight burns.

Cause of the blast was not immediately determined.

Artist's Wife Is Granted Divorce

LOS ANGELES (AP)—Testimony that her husband, artist Maurice Martine, treated her like a "beautiful art object" and made her live a Spartan existence won a divorce for actress Dolores Michaels.

Miss Michaels, 25, was granted a decree Tuesday by Superior Court Judge Elmer D. Doyle. She told the court that after he married her in 1953 her husband moved her into a "shell of a house" at Laguna Beach.

She said the home had no hot water or heating "and we were forced to bathe in the ocean" the year 'round.

Martine, 41, did not contest the action.

Eastern hemlock, the state tree of Pennsylvania, is harmless—unlike the old world hemlock whose Juices killed Socrates.

Warm-Up Is Expected In Snow Region

DENVER, Colo. (AP)—Warming temperatures were expected today to bring relief from the damaging snowstorms in the Rocky Mountain region.

The massive storm crippled a 250-mile area, extending from Cheyenne, Wyo., to Pueblo, Colo. Shattered tree limbs made a shambles of hundreds of streets. Power in large sections of metropolitan areas was disrupted. Highways between the mountains and the Kansas border were closed. So were many schools.

At least two deaths were attributed to the storm in Denver.

Robert E. Barry, 52, died while lifting a fallen limb.

John J. O'Brien, 59, died of a heart attack while sweeping snow from his roof.

Denver received 10.3 inches of snow. Power failures in some Denver schools caused about 10,000 children to be sent home. Several thousand others were sent home for the same reason in surrounding counties.

Denver's maximum of 35 degrees Tuesday was a record low for the city for Sept. 29.

A Denver official estimated it would take at least a month to clean up the damage, expected to surpass the seven-million-dollar loss caused by a 21.3-inch snow which paralyzed the city Sept. 27-29 in 1936.

Four teen-age boys are missing. The boys left their homes Sept. 18 and are believed to have entered the mountain area about 20 miles from Denver.

Snow depths in the Pikes Peak region, 65 miles south of Denver, ranged from a foot in Colorado Springs to two feet of wet snow on Pikes Peak.

Mobil Setting Up New Headquarters

DALLAS (AP)—Mobil Oil Co. said today it is setting up headquarters at Houston and Midland for two of its four major divisions of its exploration and producing department.

The other sites are Denver and Los Angeles.

WOMEN

County Librarian Speaks To Altrurian Club Friday

The Altrurian Club met at the Martha Ann Woman's Club Friday afternoon for their regular meeting with Mrs. Alvie Dolen as hostess.

Program theme for the afternoon was titled "For The Love of Learning" with Mrs. Mary Nell Smith, Scurry County librarian as guest speaker.

Mrs. Smith conducted her program in a most unique way by allowing members to participate in the activities. A panel composed of Mrs. A. C. Alexander, Mrs. C. C. Miller, Mrs. John R. Williams, and Mrs. Dolen was headed by the speaker. In so doing she outlined how our local library is governed; circulation of books; ordering system; organization and control of materials; non-book materials such as audio-visual, recordings, periodicals and etc; branch library; southwestern collection; memorials and the bookmobile.

Each member of the panel was given a question on various articles, with the guest speaker explaining it to the members. For instance Mrs. Alexander ask "How is our local library governed and under whose jurisdiction does it operate?"

Mrs. Smith explained: "Scurry County Library is governed and operates under a system similar to one established in Maryland in 1700 when commissioners and trustees were appointed for the preservation of the first library organized in the United States. The Library operates under the jurisdiction of the County Commissioners Court, with a County Library Board as an advisory body. Mrs. Louise Blanchard served as first chairman of the board until uast month when Mr. O. B. Paty, superintendent at Hermleigh was elected. Other members of the board are Mrs. Gene Dulaney, Mr. Richard Brice, Mrs. Paris McPherson, Mr. Frank Patterson, Mrs. Robert R. Patterson, Mrs. V. T. Tracy and Mrs. J. C. Ezell. The librarian reports regularly to the board as to the activities of the library, budget-wise, memorials given, circulation, etc."

Mrs. Williams ask, "How do you order books?"

"Books are ordered with the needs of the community and county in mind. General local interests are first considered. Requests are welcomed and are given careful consideration. Library records are carefully checked to determine that the book is not already in the library nor on order, and that the subject matter is not already sufficiently covered."

Mrs. Dolen asked, "Is specialized personnel required in the children's department?"

Mrs. Smith replied: "We do not have what is normally thought of as specialized personnel in our childrens department. Very large libraries do. With a smaller staff each member assists in this department as the need arises. Mrs. Lawrence Jones waits on all patrons during the evening hours, and on Sunday afternoon: Mrs. Harry Lee and Brenda Hickman keep the library open on Saturdays. We do give careful attention to the selection of books for our young readers, and feel that of equal importance to the selection of books is a sincere feeling of enthusiasm and pleasure in working with children.

"The library can also be of help to pre-school children by making them acquainted with books. Lovely picture books are published expressly with this age group in mind. They learn to appreciate and care for their books. If they acquire the habit of visiting their library as children, it will open many avenues of information and pleasure through their school days and adult life."

In explaining the different phases of books Mrs. Smith went on to explain: "A southwestern collection is a collection of books to help people of the land to which they belong, to make their environments more interesting to them, their past more alive, to bring them to a realization of the values of their own cultural inheritance, and to stimulate them to observe. It covers areas of Indian culture, the Spanish Mexican influence, descriptions of how the early settlers lived, stories of the Texas rangers, women pioneers, circuit riders, the Santa Fe Trail, Pony Express, range life, mining and oil, nature and wild life, buffalo and buffalo hunters.

"In the memorial division memorials are most often books given in memory of a loved one. However, records can be given. One of the world globes in the library was given by a group of friends in memory of Dr. John Battenfield. Families of the person honored is notified and a permanent record is kept in the library Book of Remembrance which is enscribed 'A Book of Remembrance was written before them that feared the Lord, and that thought upon His Name.'

"Of course the bookmobile means just what it says, to provide library service to the rural areas of the county. Capable personnel, a good selection of books, and certainly the interest and cooperation of the public in general and the rural schools in particular is important."

Mrs. Smith closed by saying, "Of course, the outstanding contribution by groups and individuals has been their wholehearted interest which is the deciding factor in making your library a success.

Refreshments were served to 23 members and one guest.

New Members Urged To Join Health Meetings

Mr. W. A. Turner has announced that a more extensive orientation program is now being held at the Health Center on Monday and Thursday evenings.

Mary Smith is conducting the classes and urges more persons to attend these meetings.

Snyder Woman Takes Top Honors In Big Spring Show

Mrs. Marcel Josephson, 3781 Avondale, recently won honors in the area Las Artistas, Big Spring Art exhibit at their annual fall show held at Howard Payne Junior College, Big Spring.

"Best in Show" award went to Mrs. Josephson for her still life in oils entitled, "Driftwood & Bottles". In addition to the blue ribbon on this picture, she won second place on an oil portrait, second on an oil painting, "Birds in Flight", and third place on a tall panel flower painting.

Mrs. Josephson has won the club trophy which will be in her possession until next Fall when Las Artistas Club will have their next annual show.

This is no new fete for Adelle, as she has placed in practically every exhibit she has participated in. She is president and a charter member of the Snyder Palette Club and Art Guild member, connected with the Associated Artists gallery. Las Artistas of Big Spring, and the West Texas Art Association. She has studied with Federic Taubes, Ted Egri, Roderick Parkinson and Rene Massa and has exhibited widely in this region.

School Lunch Needs Variety

AP Newsfeatures

THAT SCHOOL lunchbox can hold daily surprises, or it can be a deadly bore.

Smart mothers have learned that small fry like variety in the lunchbox menu, and plan daily treats. If the same kind of sandwich and dessert is repeated day after day, any child soon loses interest and the lunch often comes back uneaten.

The imaginative mother lays in a variety of sandwich fillings in small amounts. She also varies the breads. Sometimes she makes up a supply of sandwiches and freezes them, for future use. She also varies the drink in the vacuum bottle daily—chocolate milk one day, hot soup another, fruit juice the next day, a milk shake, lemonade or hot chocolate as alternate choices.

One week's lunchbox menu could be as follows:

Monday: Peanut butter and bacon sandwich on whole wheat bread carrot sticks, apple, chocolate milk.

Tuesday: Egg salad sandwich on soft roll, whole fresh tomato, pickle chips, Oatmeal cookies, milk shake.

Wednesday: Cream cheese and jelly sandwich on raisin wheat bread, fresh pear, hot beef broth.

Thursday: Ham and Swiss cheese sandwich on rye bread, dill pickle, tangerine, hot chocolate.

Friday: Tuna salad sandwich on white bread, celery stuffed with cream cheese, candied apple, lemonade.

Mrs. Doak Hostess To Culture Club

"Christianity In a Troubled World" was the topic for the program given when the Woman's Culture Club met Tuesday afternoon at the Martha Ann Woman's Club.

Mrs. L. O. Bynum, leader for the afternoon, emphasized the importance of the gospel, "The Glad News", and the powerful influence it has on the lives of the people who will accept it. 'In all thy ways acknowledge Him, and He shall direct thy Paths'. Prov. 3:6.

Mrs. Jodie Bynum discussed the origin of the denomination of Seventhe Day Adventist.

Mrs. S. A. Tibbets gave a talk on the origin of the Church of Christ Scientist, and Mrs. M. L. Andress spoke on the origin of the Latter Day Saints.

The president, Mrs. A. C. Martin presided over the business meeting, after which the hostess, Mrs. W. E. Doak served refreshments to 17 members.

1949 Class Reunion Plans

A special meeting will be held at 7:30 p.m. Thursday in room 118 of the High School for members of the class of 1949.

The purpose of the meeting will be to make plans for the 10-year class reunion, and all members in the area are urged to attend.

Molded Strawberry Dessert
Beverage

MOLDED STRAWBERRY DESSERT

INGREDIENTS: 1 package (10 ounces) frozen sliced strawberries, boiling water, 1 package (3 ounces) strawberry-flavored gelatin dessert 1 container (8 ounces plain yogurt.

METHOD: Thaw strawberries; drain thoroughly; there should be about ½ cup juice. Add enough boiling water to the strawberry juice to make 1½ cups; reheat so mixture will be hot enough to dissolve gelatin but do not boil. Pour hot strawberry mixture over gelatin; stir to dissolve; cool. Whisk in yogurt until blended. Put the drained strawberries into individual molds; add gelatin mixture. Cover and chill until set. Unmold, just before serving. Makes 4 to 6 servings.

Getting kiddies to wash before meals sparks many a family argument and inspires cartoonists. Try adding a few drops of cologne to wash water with rich suds father. Even little boys will be intrigued with good smelling suds in which they can trace imaginary figures.

Lodge Did Job Well

SAN ANGELO STANDARD:

You saw him in most of the pictures during Nikita Khrushchev's visit to the United States. He is tall, handsome, and can be a man of icy composure. In most of the photographs he was standing in the background or off to one side. Usually he seemed to have a cigarette in his hand. And he looked serious.

That would be, of course, U. N. Ambassador Henry Cabot Lodge, a sort of unofficial "one-man truth squad" designed to trail the Russian Premier around the country. How well and with what quiet efficiency he did his job was evident to millions of newspaper readers and television viewers.

He undertook to explain and portray America to Khrushchev in all its dimensions. At first blush, he might seem an odd choice for this task. The urbane, patrician Lodge contrasts sharply with the onetime shepherd boy and miner who bosses the Soviet Union. But Lodge has been dealing with the rough-and-ready Russians in the U. N. for half a dozen years.

Seldom has he lost his icy composure as he has again and again marshaled facts to cut through legalistic smoke-screens or to knock down flamboyant propaganda put out from the Kremlin.

Reports indicate this experience and these qualities stood him in good stead on his Khrushchev assignment. He seemed to be getting in some solid licks for our side.

For one thing, he anticipated Khrushchev's attacks by bringing up America's weaknesses himself, and detailing our progress in combating them. He even offered this as candid proof of our freedom by saying: "We relentlessly advertise our imperfections."

Lodge was in fact giving Khrushchev a short cram course of the sort a student might get from an extremely knowledgeable tutor. And as he explained, he sank some telling shafts into Mr. K's hide.

Russian propagandists, for instance, like to prate about America's alleged "ruling classes." Lodge to Khrushchev: "There is only one ruling class in this country, and that is the American voter."

Lodge gave Khrushchev quotations from Lincoln, from the Declaration of Independence, from many another historic source. And he was heavily armed with the facts needed to document almost any aspect of American life.

Nikita Khrushchev was quite an experience for the country. In the metropolitan centers, in the Hollywood glamor capital of the world, the cornfields of Iowa most American doubtless felt a little better knowing that Henry Cabot Lodge was standing nearby. And it has been quite an experience for Ambassador Lodge, too.

Steel Issue Gets Top Consideration

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Government intervention in the steel strike—if only at the talking level at first—focuses attention today on this year's prime labor issue:

Should working rules be changed to allow cost trimming enough to offset any wage hikes and stave off further price rises?

The public has a stake in that issue, too, just as it has in the plant shutdowns which may soon spread fast as steel stocks dwindle, and may come even after the strike is over, if users run out of steel while waiting for new deliveries.

President Eisenhower is meeting today with top men of steel management and the steel union. If the recognized conciliation expert can get them to bargain in earnest and come up with a contract, the public will want to know as soon as it can two things:

Will the new pact mean another price rise in basic steel or its products, and how much? How quickly can the mills rebuild their customers' stocks and will it be in time to prevent shutdowns in the weeks ahead?

The public will remember that in the past—presidential intervention and pressure has more often than not meant higher wages and prices. But this time the President is on record as being firmly set against any further price rises.

If conciliation doesn't do the trick and the Presidents gets a court injunction under the Taft-Hartley act and the mills reopen for 80 days, there are those who question how effective it will prove.

Presumably the disputants will have 80 more days in which to argue without hurting the innocent bystanders.

In that time the steel mills can be pushed hard to help rebuild customers' stocks, and mill workers can start at least to rebuild their individual bank accounts.

But some point out that this will put both sides in better condition at the end of the 80 days than today to go on being stubborn.

Management will face less clamor from its customers. Its stockholders won't be so worried about what's happening to profits. Its suppliers will have had a breather, too.

Union members will have got on good terms again with the grocer and the landlord and may feel they can fight another round of the battle over factory rules.

Bitterness is reported rising among union members of management's demand that it be given back some of the control over mill operations which the union won in recent years. They hold that rule changes could trigger wholesale firings.

Steel management is reported just as set as ever on getting this power back.

So a lot hinges on the President's ability to talk the two sides into a workable compromise without having to turn to Taft-Hartley either to set up a fact-finding board or to seek a court injunction.

Minor's Parent Has Big Problem

NEW YORK (AP) — Every minor's parent has a major problem.

Parenthood is so sudden — at least from the father's viewpoint.

One moment life is just a wild, wild shared sniff of the rosebud or lilac bush, a whisper together in summer under a tawny moon. So it is to him.

Then—bingo!. A husband is a father. There is posterity. This is what comes from marriage.

It is bad enough when the nurse calls you to a hospital window and points at a bundle of blob and says, "You belong to it."

The blob grows older—in public—and squirms. It is yours and you cannot ask for a new deal.

You try to be blase about it. It haunts you like a bright shadow. You know you have to feed it, but every time you feed it, it gets even bigger.

By the time you get used to calling it by its first name, it quits crawling and starts lolly-gagging around the place on its own two feet as if it owned the place.

Then it goes to nursery school, and when you ask it what you're getting for your money it sucks its thumb, which it did before it went to nursery school.

Next it goes to kindergarten and is the class of the crowd. If you just say "Hello" to it, well it it starts declaiming:

"The little toy dog is covered with dust.

"But sturdy and staunch it stands."

Until now it—your offspring—is only going by memory. Then you send it to the first grade. That is the big mistake.

A child starts going to first grade at midnight before the opening day. It dreams nightmares. At dawn it is like a tiger. You cannot hold it back.

The second day and every day after that it is like a pretzel. It has to be bent into its pants, its sweater and each shoe, one after the other.

Meanwhile, the thing claims it has learned to read.

"The cat saw the rat," it leers. "And the dog saw the cat."

Then it hands you a copy of "War and Peace" by Tolstoi and demands, "Tell me the rest of the story."

Triumphantly it lolls back in your arms like so much melted butter, as you try to stuff it into its clothing so that it can face new victories in the first grade.

Red China Growth Means New Grief

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Chiang Kai-shek was too much for them once. And back in the early 1930s a little band of indestructible Chinese Communists made a long march to the northwest to escape him.

They survived. They waited. They were determined to win. And they did, helped along after World War II by the corruption in Chiang's government. In 1949 they finally overcame Chiang's armies. He fled to Formosa.

Now in Peiping the Communists, masters of China, are celebrating the 10th anniversary of their victory. Chiang is an old man now, 73, still head of a government, but this time on the island of Formosa, 100 miles from the mainland.

In those 10 years Red China has become one of the strong powers. Its "volunteer" armies fought the United States to a standstill in Korea. It is pushing against the frontiers of its neighbors. It is an ally of the Soviet Union.

The Chinese Communists, in consolidating their power, sent uncounted thousands to graves in Red purges. But they have organized their country, its efforts and its people in a way never seen before so fast.

They are trying to bring China abreast of the 20th century in a rush while giving their people a sense of direction and destiny. They have disrupted family life and reduced the people to labor battalions. But they are moving.

Soviet Premier Nikita Khrushchev, who flew to Peiping Tuesday to help celebrate the 10th anniversary of victory over Chiang, boasts the Soviet Union will surpass the United States.

In time Red China may surpass both of them. It has more people than both put together. Its population is exploding at a frightening rate. More than 13 million Chinese are born every year.

In the end, through arrogance, ambition and the need for room, Red China may turn on its Soviet friend whose largely uninhabited eastern provinces skirt Red China and extend to the Pacific.

It is possible that Khrushchev, looking far ahead, fears this and would like to have friends in the West as a future bulwark against his present ally.

It does not require much imagination, if you are willing to look at the crusading spirit of communism, to believe that Red China will never stop trying to communize all Asia and may well do so. It doesn't have to use direct military force. Various pressures — economic, political, internal subversion — are excellent weapons.

Red China is surrounded by backward Asian nations. The more it prospers the more effective it will be against its neighbors, particularly where there are wide gaps between rich and poor and there is drift instead of progress.

Such a conquest of Asia can't occur overnight. But it could increase as Red China grows in power, both economic and military. This would mean grief in time for the United States which is up to its neck in trying to keep the rest of Asia non-Communist.

Gallaway, member of the firm's staff, and Bill Eiland, owner, look on as Orville Taylor, takes a feel of the wheel in the new car. Eiland Motors also have three Dynamic 88's for display tomorrow. In the Dynamic 88, engine horsepower has been reduced from 270 to 240, for greater economy of operation, and better performance from economy fuels. (Lee Watson photograph)

Paratroopers Set Marching Record

FT. CAMPBELL, Ky. (AP)—Six paratroopers marched along the open road. They weren't hitchhikers.

They were in the process of setting an unofficial Army record of marching 93.6 miles in 37 hours. Their march was to test the foot mobility of the 101st Airborne Division.

Motorists passed by, looked, and asked questions.

"When we told them what we were doing, they thought we were crazy," said Pfc. Steve Koretz Jr. 18, New York.

But nobody offered them a ride until the final 10 miles when three girls in a convertible offered a lift.

"Boy, did that take will power to turn down," said Lt. Frederick Borneman of Downey, Calif. "Those last 10 miles were the hardest."

The six volunteers went from Camp Breckinridge back to the 101st Airborne Division homebase here.

They wore field uniforms minus combat packs, and marched 50 minutes of every 60.

Sgt. Neal Smith, 25, of Price, Utah, was ordered to quit marching after 60 miles because of leg cramps.

There were other casualties. Lt. John Posz, Alamo, Tex., lost eight pounds.

Posz and Borneman had blisters on their feet. So did specialist 4.c. Robert Sekeres of Hempstead, N.Y., normally a jeep driver, who said he hadn't walked more than 100 yards in two or three months.

The shortest man was 5-foot-4 Pvt. Walter Parrott of Columbus, Ga., who "had to walk twice as fast, it seemed to me." He came out unblistered. So did Koretz.

"I was in a hurry to get back. It's payday tomorrow," Parrott said.

How did they keep going?

"We sang and we talked. Mostly about women and beer," Parrott said.

Woman Gives Money Away

CINCINNATI (AP) — A sedan stopped in front of Mrs. Herbert E. Keller's home Saturday and a blonde woman asked for something to aid a child with an upset stomach.

Mrs. Keller fetched a half empty box of tissues from the house and said, "Take them along if you like." The car drove off.

But when she told her husband of the incident that night, he said, "Do you know what you gave away?"

"Just a few tissues," she said. "What do you mean?"

"Oh, something like $200 or $210," he said. "I hid the money in the bottom of the tissue box when I emptied my wallet last night."

Mrs. Keller has placed a lost-and-found advertisement in the Cincinnati Enquirer asking the blonde to return the box and its contents.

Declares Economy Is Depressionproof

SEATTLE, Wash. (AP) — A former member of President Eisenhower's Council of Economic Advisers says, "The U.S. economy now is depressionproof."

Never again will the U.S. suffer a collapse such as it did in 1929-1932, Dr. Neil H. Jacoby told the convention of the National Consumer Finance Assn. Tuesday.

Dr. Jacoby, now dean of the graduate business school at the University of California at Los Angeles, said: "Not only is the U.S. economy free from the serious weaknesses it had in 1929 but it has gained structural elements of resistance against deep drecession.

"We have a mechanism of stabilization that works."

Negotiations Are Recessed Again Today

NEW YORK (AP) — East and Gulf Coast shipping firms and longshoremen recessed another negotiating session today — still far from reaching a settlement to avert a crippling strike at midnight tonight.

Federal state and city mediators agreed there was no indication of a settlement before expiration of the current contract. The International Longshoremen's Assn. says no contract, no work.

A strike could tie up shipping and idle more than 81,000 longshoremen from Maine to Texas. Indirectly, it would throw many other workers off their jobs.

It would hamper the operators of passenger liners, but would not cut them off.

It would also cut off the trickle of steel coming to East and Gulf ports from aboard in the midst of a lengthening nationwide steel strike.

The ILA has said it would accept a three-year contract providing for a 50-cent-an-hour package increase, including wages and benefits.

The New York Shipping Assn., an employer group representing 170 steamship lines and stevedoring firms, has offered a 30-cent-an-hour increase, with 20 cents the first year and 5 cents in each of the next two years.

The 25,000 longshoremen in the port of New York earn an average of $107.76 weekly; the 56,700 who work in the other ports make an average of $2.80 an hour.

In addition to wages, the problem of automation is a key issue. The union says that automated or mechanized loading and unloading processes throw men out of work.

Between You And Me

By JERRY JACKSON

No more guessing. No more wondering. No more speculating. The Dodgers have plucked the sought-after plum and the Beerburg Braves are left holding the bag—a bag full of emptiness except for a shattered dream or two and a tiny voice which keeps whispering. "Wait'll next year...just wait'll next year." A familiar ditty, but an unfamiliar voice singing it, accompanied by a mournful tom-tom which can recall happier past pow-wows.

"How did it all happen? And what caused Milwaukee to collapse in two straight? There is no doubt a variety of answers which attributed to the outcome.

Hang The Cause; It's Done Been Did

BUT THE CAUSE of it all is decidedly secondary. The important thing is that the Dodgers did it, and performed the task like master craftsmen. They took a big step in the right direction Monday by winning a 3-2 squeaker in the Braves' own back yard, then sewed it up with a come-from-behind 6-5 extra-inning affair reeled off yesterday before their appreciative hometowners.

However, it looked as though the playoff would go the limit as the Bums came to bat in the home half of the ninth. Burdette had been mowing them down with machine-gun-like precision, and held what appeared to be an insurmountable 5-2 scoring bulge until three consecutive singles sent him to a shower which he can sit back and enjoy until April rolls around.

(Ah, somewhere the sun is shining,

And children laugh and shout;

But there is no joy in Schlitzville.

Poor Lew couldn't go the route.)

The rest of the story is well-known by now. It took 12 innings in which to arrive at a fitting finale following the ninth inning deadlock, but Manager Walt Alston's Men of Destiny fashioned a true Frank Merriwell finish to the whole thing, and the coveted pennant is currently perched high atop LA's mammoth coliseum.

Lucrative Series In Offing

THE SERIES? It's anybody's guess, but from this corner it looks like the Dodgers in six games. This is based on the theory that the Bums' big bats and go-for-broke, come-from-behind qualities will win out over the all-pitch, no-hit, but look-out-on-those-base-paths Sox conservatism.

It should prove to be an unusual but fresh Series, what with no Yankees or Braves battling for honors. And a profitable one, too, as the Sox have succeeded in terminating 40 long years of frustration and the Dodgers (only recently of Brooklyn) will have a chance to strut their stuff in full view of up to a tenth of a million fans a day in Los Angeles' garganiuan coliseum.

And as for all of us around these parts, let's hope that none of our picture tubes poop out.

Al Lopez In Especially Gay Mood

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — The Chicago White Sox, eyeing what will be the biggest World Series melon in history, are ready to take on the Los Angeles Dodgers.

Armed with a new contract calling for the highest salary ever paid a White Sox player or manager, Al Lopez feels his team has a great chance for the title.

Lopez called Los Angeles "a pretty good ball club with a few guys who can run." He wouldn't say if he thought the Dodgers were faster than his "go go" Sox but said "their catcher (John Roseboro) can run. I saw him steal a base against the Cubs."

Lopez signed a one-year contract calling for an estimated $50,000. The highest paid Sox player is believed to be Nellie Fox who supposedly is receiving around $40,000.

When White Sox president Bill Veeck unveiled a replica of Lopez' contract — a giant-sized board with the terms printed clearly — he was sprayed with questions as to why it was for one year.

Veeck said Lopez could have any tenure he wanted but insisted on only one year.

"They might get tired of me after a year," laughed Lopez.

Veeck tried to rehire Lopez last Aug. 20, Lopez's 51st birthday, but the former catcher said he wanted to wait for the end of the season. Under Lopez, the White Sox finished second in 1957 and 1958.

Lopez is the only manager who has cracked Casey Stengel's monopoly of Yankee pennants. Lopez won with Cleveland in 1954 but lost four straight in the World Series to the New York Giants.

With Los Angeles winning the pennant, Lopez called off plans for an intrasquad game today. "We'll just take a little batting practice," he said.

Lopez was mum on his opening pitcher but it is expected that sometime today he'll announce it will be Early Wynn, his veteran 22-game winner.

With Los Angeles as the opponent, southpaw Billy Pierce could be a likely starter in the second game. That would give Bob Shaw, the young righthander, the assignment in the third game in Los Angeles.

Middies Get Nod Over Methodists

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP)—Every year the college football fathers change the rules of the game but they never make it easier to pick the winners. Here's another swing around the circuit:

Louisiana State over Baylor: You gotta pick LSU because it has Billy Cannon. Baylor's best bet is Ronnie Bull, sophomore quarterback. But it could be very close.

Iowa over Northwestern: Each met a name foe last week and each romped to an easy victory. The Hawkeyes keep their momentum in a rugged fray.

Mississippi over Memphis State: Who's that again? Memphis State?

Army over Illinois: Lonely end Bill Carpenter and backs Joe Caldwell and Bob Anderson give the Cadets the edge.

The Carolina Tigers get revenge for that 13-0 setback of a year ago.

Purdue over Notre Dame: There are 24 returning lettermen on the Big Ten squad.

Tennessee over Mississippi State: Having stopped Auburn's winning streak, the Vols are determined to go all the way.

Texas over California: You can see this one for yourself on TV. That Texas line makes things easy for the Longhorn Backs.

Ohio State over Southern California: Bob White, the Buckeye fullback, makes this venture as safe as money in the bank.

Wisconsin over Marquette: The Badgers in a breeze.

South Carolina over Georgia: The Carolina defense stops Charley Britt & Co., but not by the margin of 10 points as a year ago.

Navy over Southern Methodist: Joe Tranchini outpasses Don Meredith.

Syracuse over Maryland: Supposedly Syracuse was so good it didn't need a quarterback but coach Ben Schwartzwalder unfurled Dave Serette, a sophomore in last week's triumph over Nebraska.

Penn State over Colgate: Richie Lucas is as good as they come at quarterback.

Junior High 11's To Try Big Spring

Snyder's Eighth Graders and the Travis Seventh Graders will be out to preserve their spotless records tomorrow night, as they travel to Big Spring for games against Runnels Junior High of that city.

In the 6:30 opener, Coaches Bill Hartsfield and Ned Underwood will send their charges against the Runnels lads in quest of their third victory of the year. In previous contests, the locals have downed Big Spring Goliad and Lamesa.

The nightcap will feature the Eighth Graders of Coaches Ace Amos and Charlie Sparks, who have scored three decisive triumphs in season's outing thus far. They have rolled up an awesome 120 points in these games, while limiting their opponents to only 14. Kickoff in this game will be 8 o'clock.

U.S. Boxing Faltering

NEW YORK (AP) — The continuing decline of United States boxers and the rise of the pros in other lands is strikingly noted in the latest ratings of Ring magazine.

Of the 88 champions and contenders ranked in the eight divisions, 48 positions, or 55 per cent, are occupied by non-U.S. fighters.

In the latest monthly ratings, released today, fighters from outside the U.S. held 4 berths in the heavyweight division, headed by World Champion Ingemar Johansson of Sweden; 6 in the light heavyweight class; 2 in the middleweight division; 4 in the welterweight division; 3 in the lightweight division; 7 in the featherweight group; and all 11 in both the bantamweight and flyweight classes.

The other non-U.S. world champions are bantamweight Joe becerra of Mexico and flyweight Pascual Perez of Argentina.

Finland has a ranking fighter for the first time since heavyweight Gunnar Barlund was up with the elite in the late thirties and early fourties. The rated Finn is flyweight Risto Luukkonen, No. 9 among the 112-pounders.

Tony Anthony of New York was named "Fighter of the Month" for his decision over heavyweight Alonzo Johnson of Pittsburgh. Anthony, longtime light heavyweight contender, was shifted from the 175-pound class to eighth contender in the heavyweight division.

FIGHT RESULTS

By The Associated Press

Miami Beach, Fla. — Pete Rademacher, 198½, Columbus, Ga., outpointed Calvin Butler, 197½, Cleveland, 10.

Richmond, Calif. — Clarence Williams, 199, Hayward, Calif., outpointed Joe Sullivan, 180, San Francisco, 10.

Fresno, Calif. — Ben Medina, 140½ Fresno, stopped Eddie Pace, 142¾, Los Angeles, 6.

Tokyo — Kyo Noguchi, Japan, outpointed Atsuhito Fukumoto, Japan, 10 (for Japanese flyweight title).

Cold Forces Switch In Jr. Series Site

MINNEAPOLIS (AP) — The Minneapolis Millers and Havana Sugar Kings, cold-shouldered by the weather and fans in the wintry northland, flee today for Havana sunshine and pesos.

They resume the Junior World Series Thursday night in the Cuban capital after top minor league brass decided two games were enough in the cold, wind and rain of Minneapolis. The teams are tied 1-1.

Chi Site Of 1st Game

By ED WILKS
Associated Press Sports Writer

CHICAGO (AP) — The Los Angeles Dodgers and the Chicago White Sox, two clubs who have to scrap for what they get, finally open what might be the richest world series in history here Thursday at Comiskey Park.

Manager Walt Alston, his Dodgers riding high after beating Milwaukee in the National League pennant playoff, said his first game pitcher will be Roger Craig (11-5), an almost forgotten right-hander who became a ace in the drive for the flag.

White Sox Manager Al Lopez is expected to name Early Wynn, at 39 the Old Man right-hander who topped the majors with 22 victories and was the American League's only 20-game winner.

The oddsmakers favor the White Sox, playing in a World Series for the first time in 40 years, at 11-10 for both the series and the first game.

The first two games will be played in Comiskey Park with the best-of-seven championship then shifting to the Coliseum in Los Angeles for the third, fourth and, if necessary, fifth games. If needed, the sixth and seventh games will be played in Chicago, with a day of travel interrupted play when the clubs shift parks.

It's the massive Coliseum, seating some 94,000 for baseball, which could make this the richest series. Comiskey Park seats 46,550.

All games will start at 1 p.m. local time and will be telecast and broadcast nationally by NBC.

The bookmakers have made the White Sox favorites because of their three days of rest since Sunday's close of the American League season. That layoff, however, may have cooled off the Sox, while the Dodgers could still be riding the kick of having won eight of their last 10 games.

The Dodgers, first club ever to win an NL pennant after finishing seventh the year before, jumped into Comiskey Park for a workout today. They boarded a flight from Los Angeles a few hours after eliminating the defending champion Braves two straight in the best of three playoff with yesterday's 6-5, 12-inning victory.

Lopez, meanwhile, sent his White Sox through an intra-squad game yesterday, hoping to keep 'em sharp.

The one-day delay in the series opener caused by the NL playoff probably did the Sox' walking injured — outfielder Jim Landis (injured leg) and catcher Sherm Lollar (bruised hand) — some good. But, it may not prove a benefit for Wynn. The Old Man, top winner among major league pitchers still at it (271), has worked best with three days rest. He'll have four days of rest for the opening assignment.

While the Dodgers number quite a few holdovers from previous squads, the White Sox have but four — first baseman Earl Torgeson, with the 1948 Braves; outfielder Al Smith and Wynn, with the 1954 Cleveland Indians; and Lollar, with the 1947 New York Yankees.

Only Lollar was with a winner, and it was the Dodgers whom the Yankees beat, in seven games.

Lopez, incidentally, managed the Indians of '54 — and lost the series in four straight games to the Giants.

This is the fifth White Sox team to win a pennant, but only the fourth to play in a World Series. The 1901 club won the first AL race, but the World Series wasn't born until 1903. The Hitless Wonders of 1906 won the series from Chicago's Cubs and the 1917 team beat the New York Giants.

Then came the infamous Black Sox and the rigged 1919 series with Cincinnati.

The Sox, with 35 of their 94 victories by one run, put away their first pennant since then with a 4-2 victory, behind Wynn, over Cleveland a week ago yesterday. Like the Dodgers, the White Sox gathered in the pennant by beating the only club that could take it from them.

They were 15-7 against second-place Cleveland for the season, virtually locking up the flag with a four-game sweep late in August.

The Dodgers, winning a pennant with the fewest victories (86) in National League history, put away their ninth title — their first as a West Coast club — after being tied with Milwaukee for second, two games behind San Francisco, on the next to last Friday of the season.

Best Blows Struck On Steers-Conley

Meeting of the Quarterback Club was held last night in the high school cafeteria, with a good turnout in evidence.

All coaches whose teams played games this past week reported on their progress, complete with a crying towel but a tongue-in-cheek.

Coach John Conley expressed satisfaction at the Tiger team effort displayed against Big Spring, commenting that they hit hard and played a bang-up game in general. Fans who witnessed the Snyder-Steer encounter should agree with his statement that the game featured "some of the best blows struck I've seen around this reservation in many a year."

Coach Conley also brought out that he's having quite a bit of halfback trouble at the present, due to injuries sidelining three of them. Other than Spencer Dyer, who received a broken arm in the Andrews game, other halfbacks on the injured list are regular John Weaver and Perry Culwell. There is an outside chance that Weaver may be able to see limited action in the upcoming Permian game, but he is definitely on the doubtful list due to a shoulder separation. In order to take up the slack in the hampered halfback slots, Conley stated that regular quarterback Dick Hayes may be utilized at left half, a position which is not foreign to him, in that he was converted to quarter from half only this season.

Line Coach Don Robbins presented a detailed rundown on what to expect from Permian Friday. He emphasized that the Panthers can be expected to throw the ball a lot and will use a wide variety of formations which may prove hard to defense against. He also commented that, "We're lighter and quicker," but that Permian will undoubtedly prove to be a tough nut to crack.

The meeting was capped off by the showing of the Snyder-Big Spring game film, along with explanatory comments from Coach Conley, and a colored film featuring the Southwest Conference Highlights of the past season.

BIG SNYDER REUNION—Snyder High School could have a reunion at McMurry College without much difficulty. These four players along with Grant Teaff, center, are former Snyder High football stars. They include from left, Ronnie Giles, tackle; Robert James, tackle; Teaff, assistant coach; Doug James, guard, and Joe Baxter, fullback. All but Teaff played under Snyder Head Coach John Conley.

Ex-Tigers Bolster McMurry Lineup

ABILENE (SPL)—Snyder could easily have a reunion on the McMurry College campus.

Several former Snyder High School students are enrolled at McMurry, but it seems as if half of Tiger Coach John Conley's ex-grid stars are now embroidered in Maroon and White colors.

But actually, there are only five Snyder graduates on the squad, including one that is an assistant coach and two that are brothers.

The list reads something like a "Who's Who." There's Grant Teaff, who migrated from Snyder to San Angelo Junior College and then to McMurry, where he played out his eligibility and now is assistant football and head track coach. Then there's the James brothers, Doug and Robert; Joe Baxter, just out of the Marine Corps, and freshman Ronnie Giles.

It's doubtful, however, if the quintet ever will spread a picnic lunch together and swap tall tales. Right now, all of them except Teaff, are engaged in some pretty rough contact work.

Robert James, a two-year letterman, is the Tribe's starting right tackle. Doug, who is 18 months older, just joined forces with the Indians this fall, but will see spotty service. Baxter is a promising fullback and currently is running at the number two fullback slot.

Giles, along with Doug James and Baxter, is a freshman. He is expected to earn his keep in the seasons to come. He's rated a real toughie in the line, with lots of potential.

Baxter and the James boys played for Conley during some of Snyder's productive eras. Doug James left the Tiger camp after graduation in 1955. After working for awhile, he decided to come to McMurry. Robert finished high school in 1956.

"Robert liked it so well here, so I thought I might as well join him," Doug commented.

Giles, a 1959 spring graduate, was sought after by several colleges before he cast his talent with the Redskins.

Baxter, after spending some time in the Marine Corps, decided to join the Snyder crew at McMurry. He and the James brothers were teammates at one time on the Snyder eleven. Baxter also finished at Snyder in 1951.

Teaff now is in his third season as an assistant football coach. He returned to the Reservation following a year's tour of duty as a member of the Lubbock coaching staff. He picked up his "sheepskin" at McMurry in the spring of 1956.

But anyway you look at it, they all are big. West Texas "boys". Take Robert James. He stands 6-1, weighs 210, while Doug measures up at 6-0, 208. Baxter is a solid 5-11, 190 and Giles, 6-2, 210. Then there's Teaff, who tries to confuse the issue by maintaining he is a trim and slim 6-1, 200 when he really tapes in about 6-1, 230.

Par-Busters Tuning Up For Texas PGA

MCALLEN (AP)—Par appeared in for a beating as the pros tuned up today for the $5,000 Texas PGA tournament which opens tomorrow.

A pro-pro event was scheduled today.

Test Your Skill.. Win CASH PRIZES

HERE ARE THE RULES OF THE CONTEST

In each advertisement on this page you will find the contestants in a prominent football game being played in the country this week-end. Get an entry blank from one of the merchants who are helping sponsor this contest and whose message is on this page. Fill in your selection of the WINNING TEAM only . . . opposite the name of the firm on the entry blank. Then send your complete blank to FOOTBALL CONTEST EDITOR, THE SNYDER DAILY NEWS. Entries must be in the hands of the editor by 12 o'clock noon, Friday. Games ending in a tie score must be specified as a tie or else it will be considered a miss.

If there is a tie for first place the winners will divide the cash money of $12.50 and no second prize will be given. If there is a first place winner and a tie for second place, the second prize winners will divide the money for that place. If more than two persons tie for second place, no second prize money will be awarded and the cash will be added to next week's prize. Tie for perfect score will split $25.00. There will be fun for the entire family. Only one entry blank will be permitted from any one person. More than one will disqualify all of the person's entries. Scores listed on the entry blank will have no bearing on the choice of the winner. Sign your entry blank and list your address and phone number—and watch for the story on next Wednesday's front page for the winners. Hurry now, and get your entry blank from one of the merchants on this page. The contest blank must be in your own handwriting. Employes of The Snyder Daily News and their families, not eligible to enter.

Bring or Mail Your Entry To Football Contest Editor—The Snyder Daily News

MOST GLAMOROUS cars in Pontiac's history are dramatically illustrated by this 1960 Bonneville sport coupe that reflects pride-of-ownership from every angle. The rich grille, classical in design, is complemented by a massive bumper and low, clean hood. A thin-line trim moulding extends the full length of the car, further enhancing the uncluttered look. This same body style is available in the Star Chief, Catalina and new Ventura series.

Pontiac Showing Is Set Thursday

Snyder area residents get their first close-up look at the 1960 Pontiac automobile tomorrow at the Pat Buick-Pontiac Co., on the East Highway.

"Sixteen stunningly new models in four series are presented by Pontiac in 1960, marking the greatest engineering and styling advances ever achieved by our firm," S. E. Knudsen, GM vice president and general manager of Pontiac Motor Division, said in announcing the Division's new line of cars.

"Our engineers and stylists have overlooked nothing in their successful efforts to make Pontiac of 1960 the most desirable car that we have ever manufactured," said Knudsen. "We are confident that our new line of cars will maintain Pontiac's award-winning reputation as America's number one road car."

Gentle curves and flowing lines of sculptured beauty readily identify Pontiac's completely new line of cars for 1960. Pontiac's sensational classic styling and wide track design prevails throughout each series: from the luxurious Bonneville and Star Cheif to the Catalina and the new Ventura series.

Heading a list of 47 new features is the exciting appearance of the 1960 Pontiac, highlighted by a "V" design front end. A massive, sweeping front bumper juts forward below a classical grille formed by seven narrow, gleaming bars with twin headlamps set at either end. The distinctively different grille, the one-piece bumper and the clean sharp line of the hood enhances the car's overall simplicity and beauty.

Pontiac's low, clean styling is complemented by a Vista-Panoramic windshield and a generous wrap-around rear window, with a low-cut roof adding to the rakish beauty of every model. Pontiac's fresh approach to styling is even more pronounced in the sculptured deck lid and the rear fenders topped by twin dual tail lamps housed in individual cones extending toward the back window. Below each set of tail lamps are long, graceful backup lamp ports framed in chromium. The artistic deck flares downward to blend with a massive wrap-around rear bumper. Below the front fender series nameplate on each model a thin-line trim moulding extends the full length of the car. The upper edge of the rear quarter panel is highlighted by trim moulding.

Dividend Declared

GALVESTON (AP)—A quarterly dividend of 30 cents per share, payable Dec. 7 to stockholders of record Oct. 30, was declared Tuesday by the Santa Fe Railway.

Cartoonist Dead At 71

NORTON, England (AP)—Capt. Bruce Bairnsfather, 71, whose front-line cartoon character "Old Bill" kept Britain laughing during the dark days of World War I, died Tuesday night at his home.

Bairnsfather was a soldier with the Warwickshire Regiment when he sent a bundle of his cartoons from the Flanders front to a London magazine.

"I suddenly saw the ridiculous side of being miserable in such surroundings," he said years later.

Within weeks all Britain was following the exploits of the steel-helmeted, walrus-mustached Cockney soldier who brushed off the threat of death with sardonic humor.

His most famous cartoon showed Old Bill and a companion in a mud-filled shell hole as shrapnel burst around them.

"Well, if yer knows of a better 'ole, go to it," Old Bill was saying.

High School Is A Woman's World

PEEKSKILL, N.Y. (AP)—It's a woman's world at Drum Junior High School.

The student body prsident is a girl. So is the vice president — and the secretary, treasurer, tax collector, court clerk and police chief.

The reason? The girls' superior leadership qualities, says Principal Joe Donly.

Typhoon Worst In Japan's History

By JAMES CARY

TOKYO (AP)—Typhoon Vera today was classed officially as the worst storm disaster in Japan's history.

The official toll of known dead reached 3,174. The previous high — 3,066 killed — was recorded after Typhoon Muroto in 1934.

In addition, 1,776 persons are still missing, and police said all casualty figures might be increased when full communications are restored with devastated areas.

So far, 9,419 injured have been reported. They included three Americans, the only U.S. casualties reported.

Vera smashed into thickly populated central Japan Saturday night with 160-mile winds.

Damage estimates so far have reached 261 million dollars and are still climbing. Vast areas of crops were ruined. Sea walls were breached, rivers flooded from the torrential rains, ships, beached, houses smashed and communications seriously damaged.

Nagoya, Japan's third largest city, was left in wreckage. Officials there feared outbreaks of dysentery and typhoid and appealed for more medicine, doctors and nurses. There was a serious food shortage.

Despite heroic rescue efforts by police and Japanese and U.S. troops, thousands were still marooned on Nagoya rooftops. Bodies still floated in flooded districts. Throngs of refugees were without food or adequate shelter.

The commander of U.S. forces in Japan, Lt. Gen. Robert W. Burns, ordered all available U.S. servicemen to join in the relief work. The aircraft carrier Kearsage was ordered to Nagoya.

U.S. Ambassador Douglas MacArthur II delivered Prime Minister Nobusuke Kishi a message from President Eisenhower expressing the American people's deepest sympathy.

Fuzz Pick On The Cats

SAN FRANCISCO (AP) — Are the fuzz picking on the cats in beatnikland?

The question came up in court Tuesday with a judge siding with the fuzz (police) and a defense attorney backing the cats (beatniks).

"We know how the cops act in beatnikland (North Beach)," said attorney Allan Brotsky. "The police don't treat these non-conformists the way they do other citizens."

"Maybe it's the other way around," argued Municipal Judge Albert Axelrod. "They (the cats) don't treat other people right.

"The beats go around ringing doorbells of decent people at two and three in the morning wanting to know where the party is.

"The decent people who live in North Beach deserve peace and quiet."

The judge fined Brotsky's client, Norman Rose, 33, $50 for resisting an officer who tried to serve him with two traffic warrants.

Wilder N. Bentley, Rose's bearded roommate, received a continuance on a charge of refusing to help the fuzz make the arrest.

The Black Hills, in South Dakota and Wyoming, are neither hills, nor are they black. They are greenly wooded and are mountains.

Most of the large cities of the world are located not more than 600 feet above sea level.

China produces about half the world's tea.

Money Left To Soviets

MEDIA, Pa. (AP) — Two will beneficiaries living behind the Iron Curtain can claim $3,100 in U.S. savings bonds and $677 in cash if they come to this community in eastern Pennsylvania.

Judge E. LeRoy van Roden of Delaware County Orphans Court said Tuesday he wrote Anthony Gurash and Vera Burgan, residents of Velykaya Levada village, Chmelnytskaya province, saying:

"Your leader (Soviet Premier Nikita Khrushchev) has recently told the American people that under the Communist system in Russia people are only able to receive money for work they do and that he (Khrushchev) and the Russian government are opposed to people receiving money under the capitalistic system when it is given to them by any other way than work."

The money was left to the pair by their father, Ilya Gurash, of Norwood, Pa., who died in 1951. It will remain in a bank here gaining interest.

Ex-GI From Texas Digs For Treasure

FT. HUACHUCA, Ariz. (AP) — An ex-GI from Dallas, Tex., aided by the U.S. Army, is digging for buried treasure at this southern Arizona post.

Robert Jones, 55, an unemployed stone mason, swears there's enough gold buried in a canyon on the reservation "to buy Ft. Worth and Dallas, TOO."

If the Army isn't sold on Jones story, it at least is willing to lend him a huge power shovel, a drill and a five-man crew to help with the digging.

Jones, a 265-pound Negro who can't read or write, says he discovered more than 200 bars of gold when he accidentally fell down a hidden shaft while hiking in the canyon in 1941.

Army authorities wouldn't believe his story at the time, Jones says, and he was shipped overseas with the 25th Infantry Division before he could exploit the discovery.

Wounded in the South Pacific, Jones was in and out of veterans hospitals for several years after his discharge in 1944.

Jones returned to Ft. Huachuca last January and found what he said was the site of his earlier discovery. The shaft, however, was covered.

Aided by the Army, Jones did some exploratory digging, but gave up when water filled the hole. Two weeks ago, he returned again — this time for an all-out effort.

"There's gold down there — stacked like cordwood in a man-made room — and I'm going to get it some way, somehow," Jones says.

The Army, however, doesn't share Jones' optimism.

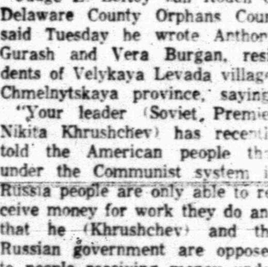

"Jones claims the gold is down 32 feet," an Army spokesman said. "We're down to about 25 feet and water is seeping into the hole faster than we can pump it out."

Prisoners Cool Off In Colorado Jail

PUEBLO, Colo. (AP)—Prisoners in the city jail really were in the cooler Tuesday. Power failures caused by a snowstorm left the jail without heat.

Overcoats were furnished to prisoners as the temperature hovered around 33 degrees.

fresh point of view...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

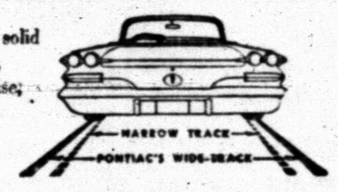

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

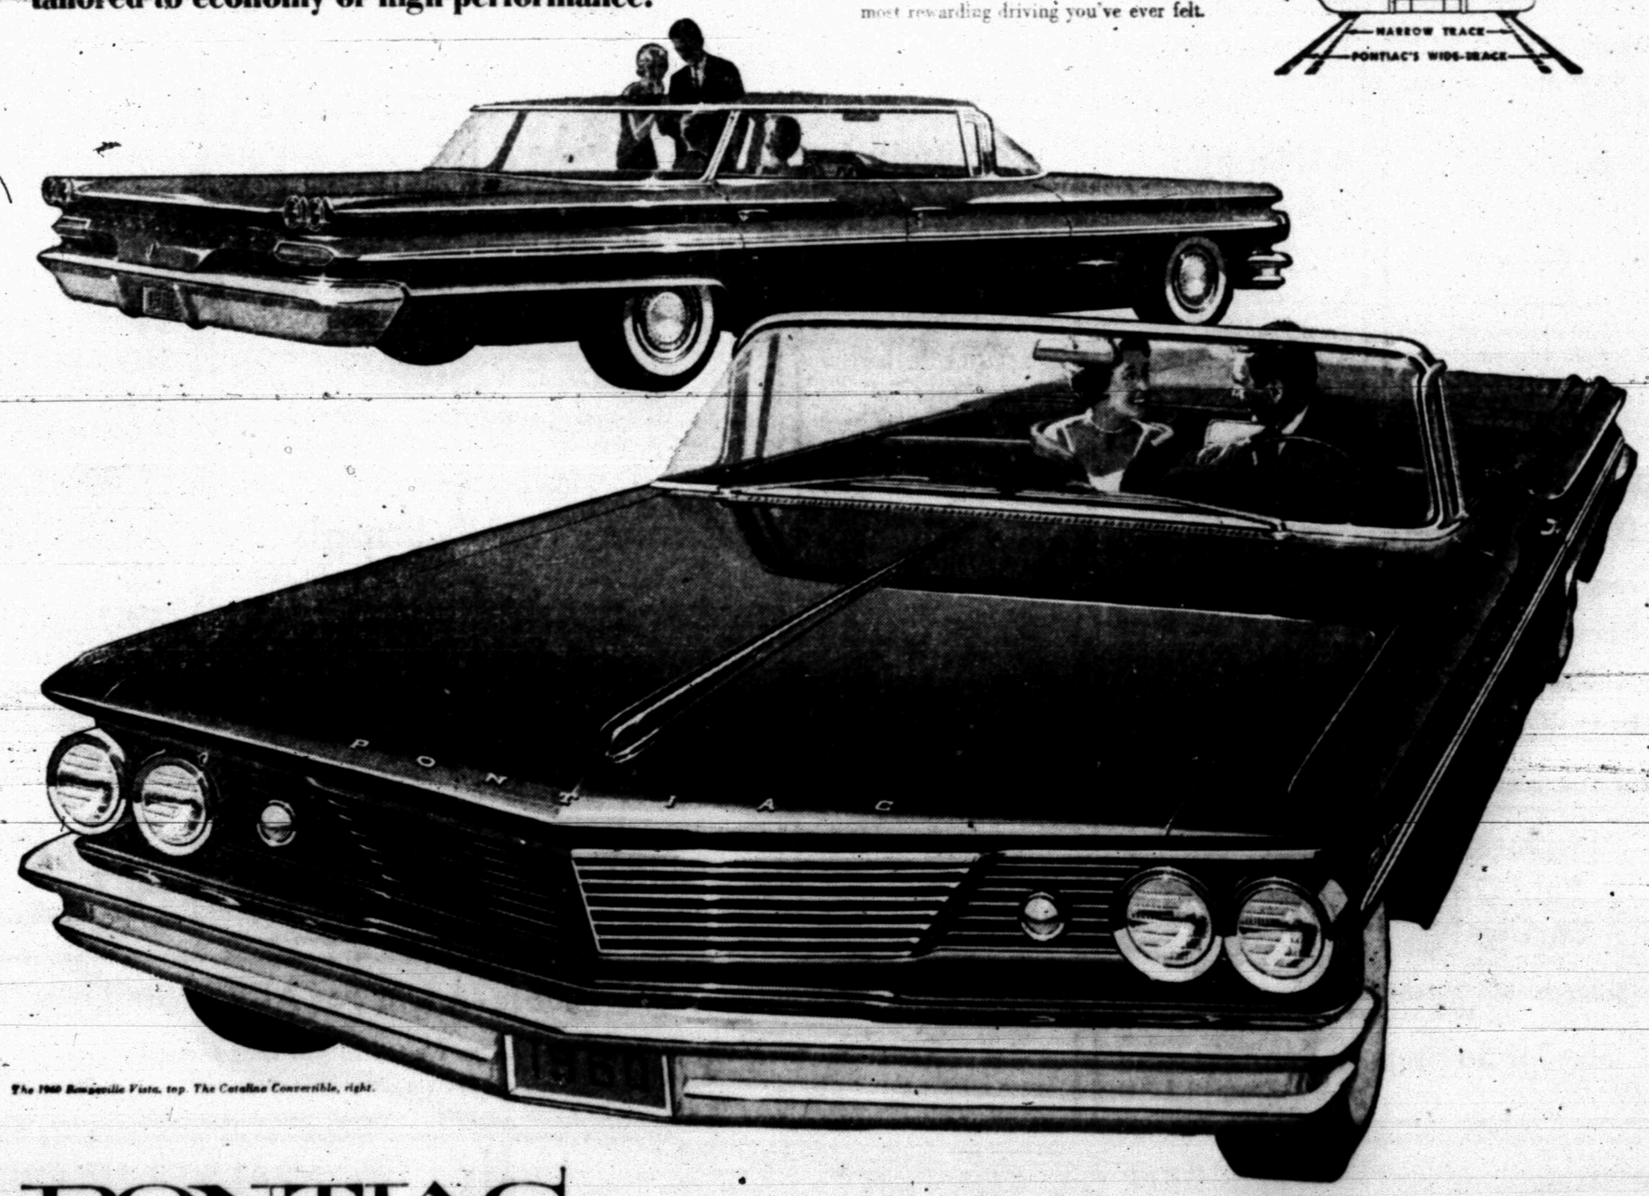

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

The 1960 Bonneville Vista, top. The Catalina Convertible, right.
