New Kind Of Civil Rights Is Forseen

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex) said today a new addition to the jury trial amendment proposed as part of the civil rights bill would "confer an important new civil right" on American citizens.

The Senate Democratic leader told newsmen, however, that he has no idea whether it would influence the touch-and-go battle over the jury trial issue.

Senator Knowland of California, the Republican leader, said he is confident that supporters of the administration bill still have enough votes to defeat the amendment.

The amendment would require jury trials in criminal contempt cases arising from federal court injunctions against interference with voting rights.

Johnson said a new civil right would be granted by a section added to the amendment last night. That new language would permit Negroes or others to serve as federal court jurors regardless of whether they were qualified under state laws. Federal jurors now must meet state jury standards.

Johnson read to the Senate a letter sent to all senators from the presidents of the 12 railroad brotherhoods urging adoption of a jury trial amendment.

"The right to trial by jury has been recognized as an essential safeguard of liberty since the birth of Western democracy," the letter said. "We therefore favor the enactment of an amendment to the civil rights bill that would preserve or extend the right to trial by jury."

Knowland promptly reread a statement issued earlier in the week by the AFL-CIO executive committee saying that any meaningful right-to-vote bill "must not be burdened with a crippling jury trial amendment."

July Winds Up With Cool 98

July made its exodus in Snyder yesterday with a relatively "cool" 98 degrees recorded as the high reading.

The 98 was nine degrees lower than the maximum for Tuesday, when the mercury soared to 107 degrees before a late afternoon thundershower cooled things off.

July may lay claim to fame as the hottest month of the year. The 107 degrees registered Tuesday is the highest of the year so far.

During the month, the thermometer exceeded the 100-degree mark no less than 20 times, and it was exactly 100 one day. The lowest maximum reading recorded during the month was 92 degrees.

August appeared to be set for a fast start on the heat parade. The mercury dipped to a low of 69 degrees last night, but by 7:30 a.m. today it had vaulted to 78 degrees.

Temperatures, however, continued to hover at or above 100. Scores of persons have been stricken by heat exhaustion and at least one death was blamed on the weather.

George Terry, 87, of Duncanville, died in a Dallas hospital after his body temperature reached 110 degrees. Two of the other 10 persons hospitalized in Dallas were in critical condition.

Some 73 trainees were stricken by heat exhaustion Tuesday at Lackland AFB in San Antonio.

WE'VE GOT competition. The 4-H Club girls of the county now have their own mimeographed paper titled "4-H News." Miss Ruby Butts, County Home Demonstration Agent, who, incidentally, is plenty busy with summer 4-H activities these days, presented this office with a complimentary copy of the August issue of the new paper. It gives the girls a complete calendar of 4-H activities throughout the county. Miss Butts said the girls are getting excellent training in preparing copy for the paper, and they enjoy it, too.

THERE WAS the one about the fellow a psychiatrist was examining because he was a fiend for pancakes. "What's wrong with liking pancakes?" he asked. "Nothing," the doctor replied, adding, "I like them myself." "Come on home with me, then," the patient said. "And I'll show you a whole closet full." George Killam, county attorney, was overheard telling that one this morning.

HERE'S ONE for the birds—an appeal, that is. The Friends of the Birds, Inc., have advised this newspaper that they are fearful that millions of song birds will dash themselves to death against picture windows during migration this fall. The organization suggests hanging plastic pennants outside such windows to warn birds of danger. Concerning the value of birds, they say that you might as well cut down four 20-inch trees and let them decay as to kill one woodpecker.

Tot Dies In Accident

Civil Rights Debate Held Up For Action On Money Needs

WASHINGTON (AP)—The Senate passed by voice vote today a $33,759,850,000 compromise bill providing funds for the Defense Department for the 12 months that began July 1.

As the Defense money bill went to President Eisenhower it carried $7,357,800,000 of new funds for the Army; $10,021,355,000 for the Navy and Marines; $16,314,100,000 for the Air Force; with the balance for the office of the secretary and for interservice activities.

The Senate acted with only brief debate after temporarily laying aside the civil rights bill.

It did so shortly after the White House said the Defense Department and other agencies might not be able to meet their August payrolls unless the Senate acted on pending money bills stymied by the civil rights debate.

Approval of the motion to take up the defense appropriation bill temporarily displaced the civil rights bill. But it will automatically become the pending business again when the Senate completes action on the Defense money bill.

The plan was to adopt a similar procedure for the Agriculture Department money bill. Both are compromise versions already passed by the House and needing only a final Senate okay to send them to the White House. Neither faced major opposition.

A White House statement said President Eisenhower was hopeful that the Senate "will act as rapidly as it can."

Press secretary James C. Hagerty described the statement as one simply setting out the situation that exists.

But the practical effect appeared to be to put White House influence behind moves in the Senate to place the civil rights bill aside temporarily in order to act on money measures.

At the Capitol, Sen. Knowland (R-Calif) said the supporters of the bill are willing to lay it aside to provide urgently needed cash for the Defense and Agriculture departments.

"I think we can pass both of them promptly," Knowland said.

Action on these two compromise annual money bills would permit a prompt return to the civil rights dispute as soon as they are passed. However, there would be no limit upon debate on the money bills.

Democratic Leader Johnson of Texas said he would ask the Senate to act on the money bills during the day but was uncertain just when he would make that move.

"We have some speeches and other things to get out of the way first," he said.

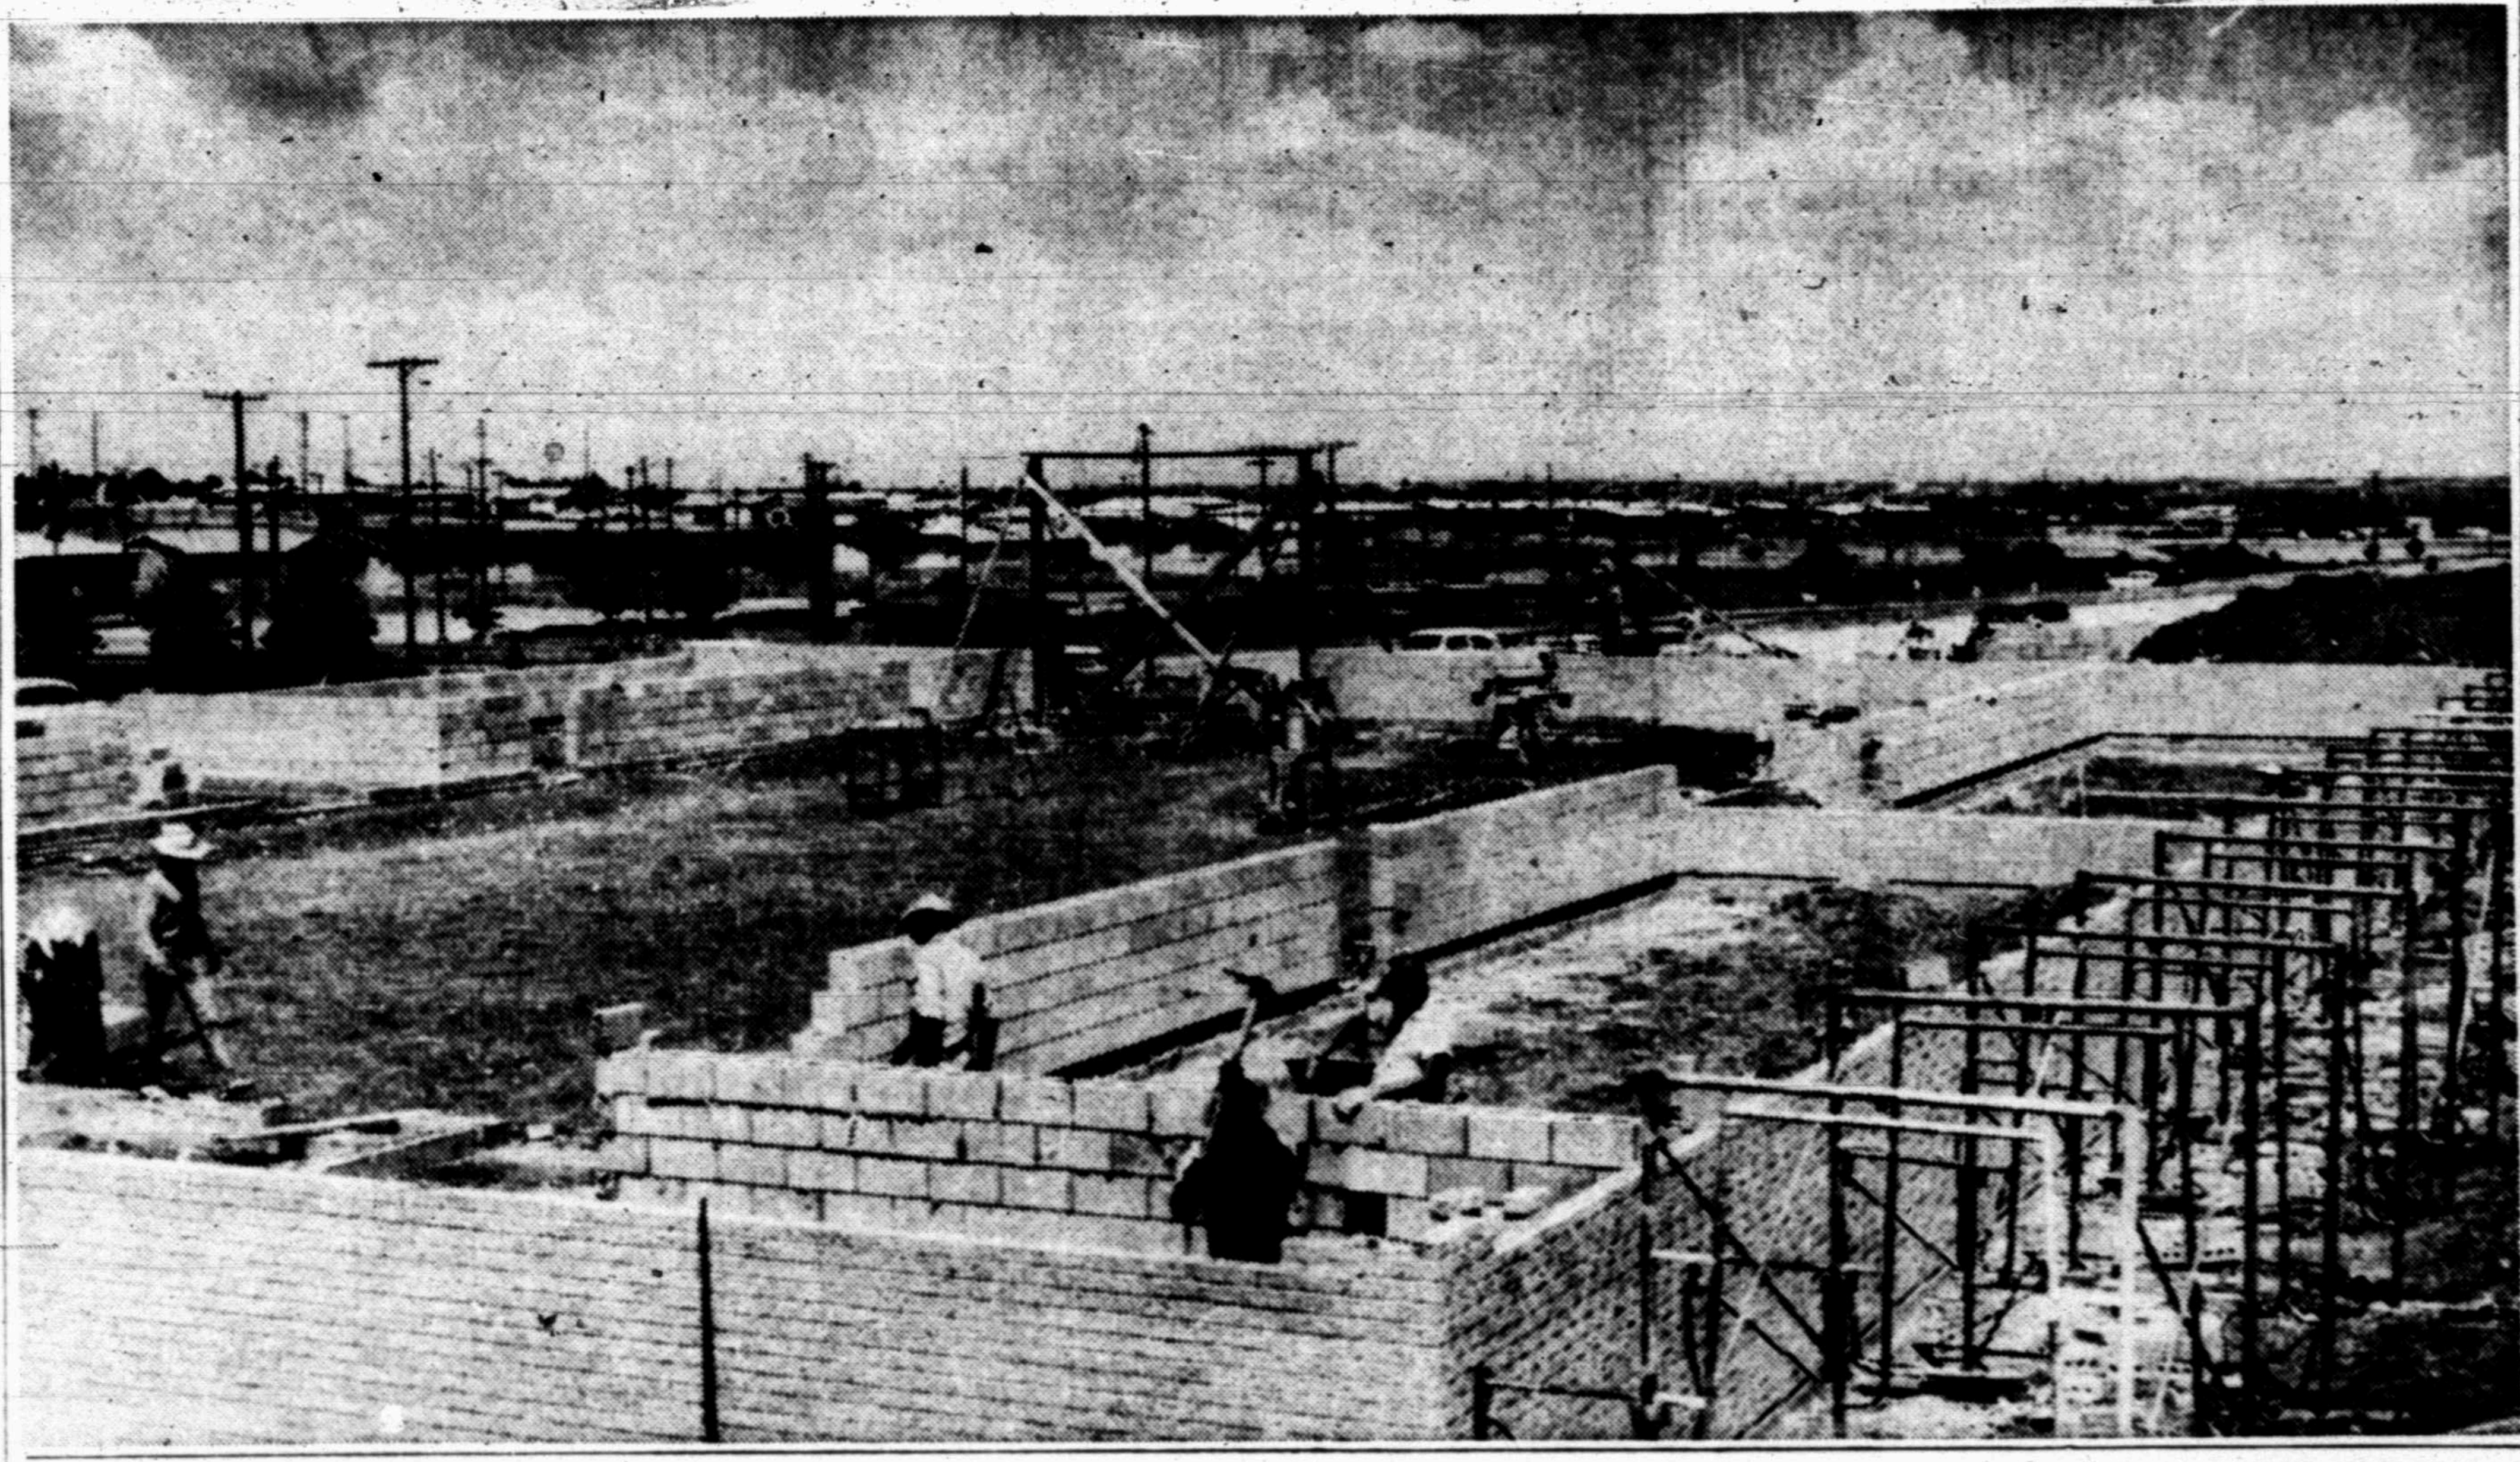
While willing to act on the two compromise money bills, Knowland said civil rights supporters "probably must resist" efforts to consider other legislative matters.

These include stopgap authority to pay government workers in numerous other agencies that still lack funds for the new fiscal year that began July 1, or restoration of authority for the Small Business Administration, which expired last midnight.

"Consideration of these matters would push aside the civil rights bill unless we get a unanimous consent agreement," Knowland explained.

The White House statement took note that the Small Business Administration is officially out of business as a result of the Senate's failure to authorize its continuance after last midnight. It added:

"The President has asked the 1,200 employes of the agency to stay on the job because he believes that the Senate will vote the necessary authorization to the Small Business Administration as soon as possible."



GOING UP—The new National Guard Armory in Towle Memorial Park is beginning to take shape as workmen go up with masonry walls. The building site is immediately west of the exhibition building, and residential areas in Southwest Snyder can be seen in the background. Walls and roof of the building are expected to be completed by fall, and the finished facility is due to be ready for occupancy by the local National Guard company by about Dec. 1. At present, the National Guard occupies a building on the east bank of Deep Creek on Twenty-seventh Street. That building will be taken over by the city when the new armory is completed.

Mrs. Goswick suffered a serious laceration over one eye, cuts on her legs, and several bad bruises. She is in Cleburne Memorial Hospital. Her husband was given emergency treatment for a broken or cracked rib but is not hospitalized.

Jerry Goswick suffered a pelvis injury and is now in Cogdell Memorial Hospital here. The other two children were not injured.

Committee Approves Bill On GI Trials

WASHINGTON (AP)—The House Armed Services Committee today voted 31-4 to give the U. S. military the power to decide for the United States whether a GI should be turned over for foreign trial for an on-duty offense.

Approval of the bill came in the face of a strong administration protest that any U. S. law concerning the status-of-forces treaties would harm America's foreign relations and could lead to foreign insistence on many more trials of U. S. servicemen.

Four Republicans voted against the bill, including Rep. Arens (R-Ill), the House GOP whip.

But, acting in closed session, the committee adopted two amendments designed to make the bill an implementation of, rather than a violation of, the status of forces agreements covering the U. S. troops abroad.

The bill, co-athored by committee Chairman Vinson (D-Ga) and Rep. Kilday (D-Tex), basically would:

1. Give the secretary of the U. S. Army, Navy or Air Force the final authority to determine for this country whether an offense by a man in his service overseas was committed in performance of duty.

2. Empower the U. S. service secretary to decide whether an on-duty case should be turned over to a foreign government because that government deems the case of particular importance, as allowed under the status of forces provisions.

The amendments adopted today included one by Rep. Cole (R-NY) to make clear that the U. S. secretary would be making the decision about primary jurisdiction "for the United States"—not making the decision for the other country as well.

The other amendment, by Kilday, says the purpose of the bill is "to implement the treaties, agreements and protocols regarding the status of the military forces of the United States."

That would take the place of earlier language saying the aim of the bill is to "prohibit the delivery of members of the armed services of the United States to the jurisdiction of any foreign nation."

Backers of the bill say the aim is to insure "justice" in a GI case, and prevent it from becoming a pawn of international politics.

Thus, they say, their bill would place U. S. decision-making authority in the hands of the U. S. service secretaries, who, they say would be more likely not to bow to international expediency than would an official of the State Department.

The status of forces agreements generally provide that the United States has primary jurisdiction over offenses committed in performance of duty while foreign governments have first right to try all other offenses within their borders. Either government can waive primary jurisdiction in cases the other side deems specifically important.

State's First Asiatic Flu Case Verified

AUSTIN (AP)—Texas' first officially-stamped case of Asiatic flu has been verified by the State Health Department.

Officials said there undoubtedly have been other cases not submitted to its laboratory for positive tests, and that there will be others.

The first confirmed case was of an Austin Boy Scout who was ill on his return from the jamboree in Pennsylvania. He has recovered.

Other cases were reported last week at the Corpus Christi Naval Base.

The department said the flu was expected to spread and intensify with cold weather. Thusfar, cases generally have been mild and many with no complications at all.

Symptoms are like any other flu, with head and other aches, high fever, respiratory troubles. Those with such symptoms were advised to go to bed and call their physicians.

He Stabs His Former Wife

JUNCTION CITY, Kan. (AP)—Police said Lawrence Jackman, 25, stabbed his former wife eight times with an ice pick last night as they flagged down his car 11 miles east of Junction City on U.S. 40.

The former Mrs. Jackman—Lois Rich, 22—had scrawled "Help—I'm kidnaped" on a piece of paper with her lipstick and dropped it in a filling station-restaurant at Topeka, Kan.

Her condition was described as not dangerous. She was stabbed three times in the back, four times in the chest and in the face.

The couple live at Hutchinson, Kan. They first were married three years ago, were divorced, married again, and got a second divorce July 2. Officers quoted Jackman as saying he was trying to talk her into marrying him again.

Jackman is a 6-foot, 215-pound cab driver.

Farm Prices Start Rising Trend Again

WASHINGTON (AP)—A somewhat reduced volume of farm products on hand or in prospect has started agricultural prices off on a rising trend for the second half of the year. Normally they ease off at this time.

An Agriculture Department report yesterday said farm prices as a group increased about 1.24 per cent between June 15 and July 15. Last year they declined nearly 1 per cent.

Most of the increase could be traced to reduced supplies of hogs, cattle and poultry, and smaller prospects for most crops. Surpluses assured ample supplies, however.

Prices paid by farmers for goods and services eased off for the first time in many months. The decline was about one-third of one per cent.

The department made no forecast as to the effects of the price increases on farm income. If the price rises are maintained, they may do little more than offset effects of a smaller market volume in determining total farm returns.

They Spotted Only Blonde

LOS ANGELES (AP)—It was a frustrating double holdup that befell market owner Paul Gertz.

A robber stole $1,500 while a blonde stole the show.

The intruder pulled a gun on Gertz and told him: "I want all the bills. Hurry up. I'm nervous."

While Gertz was getting the money together, he tried desperately to attract the attention of several other customers in the store.

No luck. Their gaze was locked on a beautiful blonde customer.

Gertz said the robber was tall, about 28, and had sandy hair.

The only description the customers could furnish was:

"Blonde . . . lovely eyes . . . beautiful figure."

One Killed In Accident

CROCKETT, Tex. (AP) — Mrs. Mary Guinn, 32, Fort Worth, was killed yesterday when a car struck a telephone pole on the outskirts of Crockett.

Police said the car, driven by her husband, David, 31, went off Highway 287 at the 5th Street intersection at high speed. It jumped a curb after hitting the telephone pole and halted in a front yard.

Mrs. Guinn was thrown from the vehicle.

Russell Vale, 30, owner of the car and also from Fort Worth, was asleep in the back seat. He and Guinn suffered minor injuries.

Dio Used As Union Organizer

WASHINGTON (AP) — Senate investigators heard testimony today that the union headed by Dave Dubinsky, a member of the AFL-CIO Ethical Practices Committee, once used racketeer Johnny Dio as an organizer.

The testimony to the Senate Rackets Investigating Committee came from Lester Washburn, former head of the old AFL United Auto Workers.

Washburn said Dubinsky's International Ladies Garment Workers Union employed Dio to help organize a Roanoke, Va., plant. The date was not brought out specifically, but it was indicated that this was in 1950.

Dubinsky, a vice president of the AFL-CIO, was attending a meeting of the AFL-CIO Ethical Practices Committee even as Washburn testified.

Reached by reporters there, Dubinsky was asked whether he had been aware of Dio's working for the ILGWU.

"I will not engage in a debate with Washburn," Dubinsky said. "If the committee thinks my testimony is important I will be glad to testify."

Chairman McClellan (D-Ark) of the Senate committee has said he expects to call Dubinsky as a witness later.

Dubinsky told newsmen that it was through a complaint filed by him with the AFL in May, 1952 that the UAW-AFL lifted the charter of the Dio-controlled UAW-AFL Local No. 102 in New York.

Dubinsky said the AFL executive council appointed him, George Meany and William McFetridge as a committee to deal with the situation and that as a result of their work the local's charter was canceled.

The old AFL-UAW has now become the Allied Industrial Workers in the merged AFL-CIO.

Washburn's testimony was to the effect that he met with Dubinsky, Meany and McFetridge in 1951 or 1952 seeking help in ousting Dio from the UAW-AFL. Meany was then AFL secretary-treasurer and Dubinsky and McFetridge were vice presidents.

Washburn said Dubinsky became excited when Washburn told him "I had information Dio once worked for the ILGWU and was assigned to help organize a plant at Roanoke, Va."

He quoted Dubinsky as saying: "We sometimes employ people to do certain jobs but never let them get into inner councils of our union."

What he wanted from Dubinsky, Washburn said, was information to bolster what the newspapers were reporting—that Dio was a racketeer.

"I asked Dubinsky for some help in getting rid of Dio," Washburn said, "but all that he had was a file of clippings from the New York Times, which I already had myself."

Dubinsky, Washburn said, told him "get rid of Dio. He's no good. Get rid of him."

Thieves Drop Safe, Block Patrol Car

ST. LOUIS (AP)—Two men parked their car in an alley behind Leon Lewis' grocery store this morning and loaded Lewis' safe into the car trunk.

Down the alley came a prowl car.

The robbers sped off but the safe fell out, blocking the narrow alley and ending pursuit.

Store owner Lewis said he didn't think the $5 in the safe was worth all that trouble.

Grocer And Manager Held On Arson Count

HOUSTON (AP)—A grocer and his young manager were held on arson charges today after the manager told police his boss had asked him to set his store on fire.

The owner, Norris Hooks, 54, denied the charges.

The store manager, Charles Leggett, 17, told officers he set fire at Hook's request to a pile of paper in the 7-11 Country Market July 20.

The blaze caused an estimated $35,000 in damages. Investigators said Hooks had upped his insurance from $15,000 to $40,000 shortly before the fire.

Tax Collections Are Good Here

County tax collections for the 1956 tax year have run 99.36 per cent, according to Geral G. Greene, county tax assessor-collector.

The county gross assessment for the tax year was $1,181,678.86. Erroneous assessments totaled $2,459.40.

That left the net assessment at $1,179,219.46.

Collections through June were $1,171,704.26, Greene said. Other taxes will trickle in gradually, but they will go on the delinquent tax roll.

Discounts for early payment of taxes were $34,106.31.

Scurry County's tax collections have run above 99 per cent for five or six years.

Few counties in the state have that high a rate of collection. Counties usually figure on about 90 per cent collection in determining budgets.

Campaign Program Presented To Ike

WASHINGTON (AP) — Meade Alcorn, Republican national chairman, said he gave President Eisenhower today "some entirely new ideas" for the 1958 congressional campaign.

Alcorn declined to detail the new campaign ideas that he said were discussed. Asked if he expects Eisenhower to play an active role in the 1958 campaign, Alcorn replied: "I would hope so."

Alcorn later said that he told the President he is more strongly of the opinion now than he was a month or two ago that the Republicans can win the House next year.

"The Senate picture is still a very tough proposition, but by no means hopeless," he told a reporter.

The present House lineup is 233 Democrats and 200 Republicans with a vacancy in each party. The Senate now has 49 Democrats and 46 Republicans with one vacancy to be filled in a special election in Wisconsin Aug. 27.

Alcorn said there are "a lot of very sound solid signs that the Republican organization is in no mood to take anything for granted in 1958."

He added the most encouraging single sign for the party is that a large majority of state organizations actually are at work on the 1958 campaign. At no time since he has been in politics, he added, has that situation existed so far before an election.

Alcorn listed three developments as indicating the party organization has picked up in recent months:

1. The party is going to have candidates in some areas of the South where the GOP has let House seats go by default in the past.

2. In other areas where the party has given the Democrats only token opposition, the Democrats "are going to have to fight to get elected."

3. In marginal districts where Republicans have been winning by 5 per cent or less the party is working hard to make such districts safer for its candidates.

Charges Filed On Insecticide Sales

EDINBURG (AP)—Four Lower Rio Grande Valley chemical companies were charged yesterday with selling agricultural insecticides which did not meet the professed quality of the product.

The district attorney's office said charges were filed against the Hayes Sammonds Co. of Mission, Stauffer Chemical Co. of Weslaco, R. A. Dennison Co. of Weslaco, and Barry Chemical Co. of Mercedes. State laws governing agricultural insecticides provides for fines of $50 to $500 for each violation.

Man Being Held In Kidnaping Of Cabbie

NACOGDOCHES (AP) — Sheriff Billy [illegible] said Ernest Cummings of Plainfield, N.J., was being held today on charges of kidnaping and robbing a Lufkin taxi driver.

Jones said the man was accused of forcing Jimmie Widman to drive him here from Lufkin. Jones said Widman jumped out of the cab and fled into the courthouse at a red light.

Falls To His Death

NEW YORK (AP)—James Boone, 13, was showing a friend how he could jump across a five-foot gap between the roof of his five-story tenement and an adjoining roof. He missed his footing and fell to death in the courtyard below.

Cornell's Whistling Swan Has New Swain

ITHACA, N.Y. (AP) — Cornell's whistling swan has a swain and perhaps the stork will visit next season.

The swan's happy romantic interlude follows a tragic incident. Last fall, Cornell University arranged for a mating visit from another whistling swan in the Philadelphia Zoo. The prospective mate escaped from a baggage car in Bethlehem, Pa., and was killed by a taxi.

The new arrival is a gift from William Smith of Lyndonville, N.Y., who raises swans.

Fire In Sherman

SHERMAN (AP)—Fire destroyed two buildings here today. Flames roared through the J. C. Taliferro Furniture Co. and a warehouse owned by the Kible Mining Co. The fire apparently broke out in the store basement.

Deep Creek Watershed Will Be Examined In Near Future

The Upper Colorado Soil Conservation District here has been notified by the state soil conservation board that a field examination of the Deep Creek watershed will be conducted sometime in the near future.

The field examination will be the result of an application made by the Upper Colorado SCD, with support of other organizations here, for a study on the feasibility of a program on Deep Creek under the Small Watersheds Act of the federal government.

Such a program includes the building of dams which would retard floodwaters and then let the water out at a slow pace, thereby avoiding many possible floods.

Application for such a program was necessary before a survey could be made. There will be no definite decision, however, as to whether the local organizations wich to actually get into such a program until after the survey is made.

Definite time for the field survey here is not yet known. The state SC board, which met in July and informed the local organization that the survey would be made, said the field staff is limited.

After the local examination is made, representatives of the state board will meet with the board of supervisors of the local district, which is headed by Richard Briee, and discuss what was found.

Included in the survey will be the cost-benefit ratio, based on past damage in floods and on possible damage of future flooding along Deep Creek.

If the local organizations go ahead and plan for the watershed flood control program after the survey, they must secure easements from landowners at various points on the watershed for the structures and the small reservoirs.

Hearing Set On Purchase

DALLAS (AP) — Federal Judge William Atwell set today a hearing for 10 a.m. Saturday in connection with a grand jury investigation of the purchase and operation of the Greenville Herald-Banner.

Attorneys for the Harte-Hanks newspapers of Texas, which own the Herald-Banner, questioned the legality of the subpeonas and requested the hearing. They contend they are "faulty and defective" because they were not signed by U.S. Dist. Clerk John Lowther.

The Department of Justice Antitrust Division requested the grand jury investigation. Harte-Hanks officials and merchants and citizens of Greenville were subpoenaed to appear before the body here Monday.

Publisher Matt Sheley of the Herald-Banner said he was not informed of allegations against the newspaper.

Harte Hanks bought the Evening Banner in 1954 and the Morning Herald two years later and consolidated them into the Herald-Banner.

Boss Saved By Secretary

NEW YORK (AP) — A secretary quickly talked her boss out of an apparent suicide attempt yesterday after police vainly tried to get the man to leave his precarious perch on a railing around a 22nd-story airshaft.

George Wind, 62, head of the Goldenbro textile firm in the garment district, clung to the railing for about 45 minutes while police vainly tried to get him off. He talked of "having business troubles."

Meanwhile, a net was being spread across the shaft at a lower floor.

Then his secretary, Mrs. Rose Williams, appeared. "Mr. Wind," she said, "what are you doing up there? Come on down."

Mrs. Williams extended her hand. Wind meekly took it and scrambled to safety.

He was hospitalized briefly and sent home.

They Will Give Town Back To The Indians

TAMAQUA, Pa. (AP) — They're giving Tamaqua back to the Indians next month.

It was arranged last night at a pow-wow between the town fathers and representatives of six tribes from the Iroquois nation.

The Indians will take possession Sept. 27 and give Tamaqua back to the white man Oct. 9.

The transfer to original ownership is part of Tamaqua's celebration of its 125th annivirsary.

The complaint was filed by Truett Loudemy, manager of the Safeway Store here.

Mrs. Bradshaw, when caught had two cartons of cigarettes under her girdle. Found in her car were other items said to be stolen from other stores.

Dior Shows Eye-Opener

By NADEANE WALKER

PARIS (AP)—Wolf-whistle bosoms and slack waisted, hip-hugging sheaths set the pace in fashion czar Christian Dior's new "spindle - line" collection shown this morning.

Hemlines were almost forgotten as necklines fell. Actually the hemlines are a modest mid-calf, or perhaps 15 inches from the floor.

That's shorter for Dior, who likes them long last season. It ranges him with the conservatives this time, for half the houses have shown them just covering the knee.

A new **half-shell bra, strapless,** backless and without fastenings, permits the most eye-poping decolletage to be seen outside the Follies Bergere.

It appears only for cocktail and evening. Most daytime bosoms are far too flat to deserve the name. The great mystery is how Dior can create opposite effects with the same girls in the same show.

Suits and dresses look tacked to the tummy and loose in the back. But both short and long formal sheaths are innocent of any waistline at all—while they grip the hips and hug the legs.

Sarong dresses for cocktail time and evening wrap the figure and fasten with a bow under one breast.

Straight out of the 1920s are beaded sheaths and even one bead fringed sheath.

The show was heavily applauded throughout — especially the cocktail and evening clothes.

The spindle line brings a long waisted look back. A loose middle and nipped in hemline account for the spindle shape.

Again, black is queen of the day, but Dior's other colors are wonderful—coral pink, ruby red, watery to lacquer blue, emerald green and old gold.

Bloused-over tops sometimes make it difficult to tell at a glance if a garment is coat, suit, or dress. Most turn out to be dresses with false two-piece effects.

Only a little "V" slit, discreetly filled in, at the back of the knees keeps Dior's slim skirts from being real hobblers, while his big ones stand out like balloons, stiffened with crinoline petticoats.

That longest-ever neckline is sometimes saved in the nick of time by a rose tucked in the middle, and sometimes bordered with an undulating fringe of feathers. One was mink topped.

Wool fringe or feathery wighats cover the hair completely and make a fluffy ball of the head. Cocktail numbers shoot off long wispy plumes—straight up like a whalespout or off to the back.

Porcelain-white ball gowns twinkle and sparkle with silvery embroidery. There were a few short sheaths with long trains and a good many ankle length formals. Warm wool was used to make some long sheaths for evening.

Dior's showing wound up the major Paris fashion openings for this season.

Stork Club Set Does Own Sewing

LADY-IN-WAITING — This party maternity blouse is made of gold lame, teamed with a black velvet skirt.

By DOROTHY ROE
Associated Press Women's Editor

THE STORK CLUB SET is one of the most enthusiastic groups of home seamstresses in the country. Some expectant mothers put in a full 40-hour week at their sewing machines.

There are many good reasons for this. Ladies-in-waiting often have time on their hands, and find that sewing not only keeps them occupied, but saves money at a time of heavy expenses.

New mothers find it's fun to do a real decorating project in the nursery, making dainty curtains and bassinette covers. They take pride in making pretty little saques and dresses for the expected baby, and enjoy prettying them up with decorative stitching, done easily on new automatic slant-needle sewing machines.

Local sewing center experts also point out that an about-to-be mother needs plenty of flattering maternity tops and skirts, to keep up her moral during the months of waiting. Marternity blouses are some of the easiest things in the world to sew, since they are meant to hang loose, eliminating fitting problems. By using the same pattern to make blouses in several different fabrics, it's a breeze to turn out a batchof gay maternity outfits by the assembly line method.

A pretty off-the-shoulder maternity blouse, made with a standard pattern, can go to parties when it's made of gold lame, or do kitchen duty when it's made of a cotton print or gingham check. Make a black velvet skirt to wear with the party top, a matching cotton skirt for the every-day blouse. When you cut both outfits at once, you can stich up two in little more can stitch up two in little more time than it takes for one.

Exchange Student Has 'Loads Of Fun' At American School

By DOROTHY ROE

Going to school in America is "loads of fun," even though you don't get much book learning, says an 18-year-old blonde from West Berlin, Uta Goetz. She's an American Field Service exchange student.

Uta, who now has an American haircut and accent, has been in the United States almost a year, completing the senior year of high school in Mankato, Minn., and now is en route back home to Germany, along with a boatload of other European exchange students.

"Mostly I learned how to get along with people and have fun this last year," she says. "There's not so much academic study as in Germany, but I think it's important to learn the other things too, don't you?"

When Uta gets back to West Berlin, she still will have to finish her senior term of high school there, as the German schools do not recognize the diploma she won in Minnesota. But Uta is proud of that diploma. It represents a lot of things to her.

"Things are so much different here," she says. "I lived with a minister's family in Mankato, and we had wonderful fun. I joined all the clubs in the school, but mostly I enjoyed the student council, because I realized that through this, young people could have a real voice in making important decisions on their own responsibility."

Uta was a popular addition to the Mankato high school campus, went to all school dances and entered into the life of the community, making frequent speeches describing the difference between school days in Europe and America.

"I've even been going steady," she confesses, blushing. "I didn't want to, and neither did the boy, but everyone else went steady, and so it just seemed the only thing to do. But dances weren't so much fun as back home, because everybody just dances with the same partner all evening. In Germany when I went to a dance my parents would go with me and take me home, but [illegible] would dance with lots of boys and I really think that is better."

The male animal is a funny animal when he is about to be caught. He squirms off the line with some mighty slippery excuses.

The trouble is that the female animal can be awfully dense when she wants to be and no matter how wild a tale he concocts, she believes it.

Love is blind, I guess, and for that reason every intelligent girl should make a list of the usual "jilt excuses" and should refer to them with her eyes wide open each time her steady fellow begins to explain why he never calls or comes around any more.

"I don't want to get involved now because I may be drafted." This is a favorite of the older boys.

"I can't get the car too often" is the ace excuse of many younger ones.

For the winter time, there's the bit about having to study a lot or not having much dating money. (It doesn't cost to phone or come over to play checkers).

"You're too good for me," or "I'm so tired when I get off work," or "I've been spending my time fishing with the fellows," Fishing for what? Mermaids maybe.

Vague promises of doing better or seeing you soon also are to be taken with a grain of salt.

Regardless of what a boys says, especially when under pressure, your best judge of his affection is by the way he acts.

Where there is a will, there's a way. If a boy truly likes you, he'll find a way to see you. Excuses are all fickle. Don't be naive and let them hurt you.

BUCKIN' THE LINE

By BUCK FRANCIS

COUNTING THE AREA PLAYOFF game, William Robinson of the National Little League All-Stars sported a pretty potent batting average for the 1957 season.

Robinson, as you know, won the National bat title with a very respective .583 mark. Then against Sweetwater National in Mondays' playoff game, Robinson had himself a perfect day at the plate, three-for-three including two homers and a double.

Those there hits gave Robinson a season total of 31 hits in 51 trips for a "whopping" .608 average. Not bad for a growing boy who hasn't even reached his "teens" yet.

Sweetwater Respected Robinson

The Sweetwater National's certainly held respect for Robinson, after so long of a time. Robinson prompted the Sweetwater manager to do something almost unheard of in baseball—walk a man intentionally with the bases empty.

This move came on Robinson's fourth and final trip to the plate in the sixth. Guess it paid off as the next batsman was retired to end the game.

The puzzling thing about the Sweetwater strategy, though, was when they pitched to Robinson in the fourth with runners on second and third. Robinson, at this point, had already banged out a homer and double.

With first base open and the score tied, 5-5, it appeared almost certain that Robinson would be passed intentionally to set up a force play all around the bases. But they pitched to Robinson and zingo, big William smacked it out of the park for his second three-run homer of the game.

It was rather surprising, then, when they walked Robinson intentionally with no one on base in the sixth.

The Sweetwater manager "apologized" to the Snyder managers following the game concerning the intentional walk to Robinson. He said:

"That's the first time in my life that I ever ordered a batter to be purposely walked."

Top LL Ball On Tap Here

Local baseball fans can see Little League ball at its best tonight by turning out for the District Tournament scheduled for the Little League Park here.

Four very fine teams will be here for the district showdown. All four seem to be loaded with fine baseball talent.

Who knows but what one of the four teams in the district tournament field here will eventually wind up in the Little League World Series in Williamsport, Pa., later this month.

We can make a big impression on these young athletes as well as their parents and other fans who'll follow their favorites here for the tournament by turning out in good numbers and letting them know we appreciate their visit.

IN TEXAS

'Golden 20's' Had The Most Stars

By HAROLD V. RATLIFF

The golden twenties produced more football stars to be remembered than any other decade in Texas. There were Joe Hunt, Rays Matthews—and Boody Johnsons.

Hunt was called the greatest back ever to play at Texas A&M. Many think he was the greatest of all time in the Southwest Conference. Rags Matthews was the defensive genius of TCU, the fellow who played end with a fierceness that appalled the opposition. He was always daring the stars to try to come his way. Few ever made it and after they got to know Matthews few accepted the invitation.

Before Hunt and Matthews, as the turn into the twenties was being made, came John (Boody) Johnson. Johnson was a 148-pound youngster with piano legs. He played four unforgettable seasons with Waco High School—1920-23. He thought nothing of scoring more than 200 points in a season in a day when emphasis was on the defense and there was little passing. A 21-14 game was considered a wild offensive struggle.

Anson was a drop-kicker, something present day football players never swa and of which few ever even heard. Boody drop-kicked field goals 50 yards. He one planted the ball between the goal posts 53 yards away. He ran like a rabbit, could stop on a dime and wheel in the opposite direction. His greatest day was when he scored all his team's points as Waco beat Abilene 13-10 for the state championship. He made a touchdown, added the extra point, and in the last minutes drop-kicked two field goals.

He went to Baylor but in a scrimmage one day had his knee knocked out of its socket. He never could straighten out the trouble. He had to give up football in his first varsity season.

As a high school player, Johnson won more fame than most others in college. He is regarded by many as the greatest high school player of all time.

Johnson is in the tailoring business at Waco. He is 53 and weighs 148 pounds. His weight never has changed through the years.

Bucs' Bragan Makes 'Fools' Out Of Umps

By CHUCK CAPALDO

MILWAUKEE (AP) — Manager Bobby Bragan of Pittsburgh, apparently bent on bringing to a head his running feud with an umpiring team headed by Frank Dascoli, sauntered onto the field during last night's Pirates-Braves game sipping orange soda through a straw.

The stumpy, gum-chewing skipper of the seventh-place Buccos took his unscheduled stroll in the fifth inning minutes after being banished by Umpire Stan Landes how he felt about one of Landes' calls.

A County Stadium crowd of 24,522, at first stunned by Bragan's antics, guffawed as he offered each of the four men in blue a sip from a pint cartoon of orange drink.

"It was my major league debut as a clown," Bragan said afterwards in the clubhouse. "I'm fed up with these guys. They won't even listen to a legitimate complaint."

"He's a busher, a clown and a comedian," Dascoli said heatedly while trying without much success to keep his emotions in check. "By pulling that stunt he vindicates anything that ever happened to him."

It was Bragan's second brush with Dascoli, Landes, Frank Secory and Bill Baker in as many nights. His first, which occurred Tuesday night when he wired National League President Warren Giles a request that Dascoli's team be "broken up" and absorbed by three other crews, hadn't even run its course.

Bobby Fined $100

CINCINNATI (AP)—Bobby Bragan, manager of the Pittsburgh Pirates, was fined $100 by National League President Warren Giles today and threatened with indefinite suspension if he again clowns on the baseball field as he did at Milwaukee last night.

Come-From Behind Cards Set Hot Pace In Past Month

By ED WILKS
The Associated Press

The St. Louis Cardinals, usually dead ducks by Aug. 1, are camped on the threshold of first place in the National League today after an explosive July run.

And they've done it the hard way, coming from behind in half their 20 July victories and winning four of five extra-inning battles.

In third place, 2½ games back on June 30, the Cards were 20-10 in July for a .667 percentage—and except for a suspended game at Pittsburgh (which they led 11-2 in the ninth) would be 21-10 and in first place instead of second, two percentage points behind Milwaukee.

The Cards were at it again last night, coming from behind to whip the New York Giants 5-1 for their fifth straight while Milwaukee clung to the top spot with a 4-2 job on Pittsburgh for four in a row.

Third-place Brooklyn, matching the Cards' 20-10 record for July, swept a double-header at Chicago. Reliever Ed Roebuck was credited with both victories as ninth-inning rallies beat the Cubs 3-2 and 2-1 to leave the Dodgers two games behind.

Fifth-place Cincinnati, four games back, junked its losing string at three games with a 6-5, 11-inning decision over fourth-place Philadelphia.

In the American League, first-place New York scored a 2-0, 5-4 double-header sweep against Kansas City. The second-place Chicago White Sox nailed Washington 6-5.

Detroit rapped Boston 5-3 and Cleveland beat Baltimore 4-0 behind relief ace Ray Narleski.

The Cards bagged it after Hank Sauer, who had three of the seven hits off Herm Wehmeier, homered the Giants into a fifth-inning lead. Al Dark, who was 4-for-4 and drove in two runs, and Wehmeier then hit RBI singles in the bottom of the fifth and the Cards were off.

Milwaukee rolled on solo homers by Red Schoendienst and Johnny Logan against loser Bob Purkey, then locked it up with two in the sixth on four singles, Bob Hazle's double and an error. Bob Buhl won his 13th.

After Duke Snider's 25th and 26th home runs had drawn the Dodgers even in the opener, they tagged Bob Rush with a 12th defeat on singles by Roy Campanella, Elmer Valo and Junior Gilliam with two out in the ninth. The Cubs led 1-0, on Ernie Banks' home run, going into the nightcap ninth, when two walks, an error by losing reliever Don Elston and singles by Charlie Neal and pinch hitter Rube Walker won it.

Cincinnati tied the Phils with three in the ninth, two off Ted Kluszewski's pinch homer, then won it with a looping single by pitcher Joe Nuxhall. Art fowler won it, with Bob Miller the loser, both in relief.

Virgil Trucks wild-pitched the winning run home for the Yanks in the first-game sixth inning, then Mickey Mantle swatted his 23th home run in the seventh off Wally Burnette. Bob Turley won it with a five-hitter, his third shutout in a 6-3 record.

The A's blew a 4-0 lead, all on unearned runs, in the nightcap as Don Larsen beat them for a fourth time in a 6-3 record. The A's had just two hits off Larsen and Art Ditmar, who pitched a hitless ninth.

Bob Keegan won his seventh for the White Sox as Larry Doby, 4-for-4, and Luis Aparicio each drove in two runs to beat Pete Ramos.

The Tigers scored four in the fifth against Willard Nixon, with Dave Philley hitting his first home run and Frank Bolling adding a two-run double, as Jim Bunning won his 13th. Ted Williams was 1-for-3.

Narleski, gaining his fifth major league complete game, allowed six hits and walked five, but fanned six and left 10 stranded to beat the Orioles for an 8-1 record. Ray Moore was the loser as Gene Woodling homered and Bobby Avila, hitting in his 13th consecutive game, scored twice with a single, double and triple.

District LL Meet Opens Here

2 Games On Tap Tonight 1st At 5:30

Teams from Seagraves, Midland, Big Spring and Colorado City make up the field for the District Little League Tournament that gets underway here today.

Seagraves will meet Central League of Midland in the first game at 5:30 with Big Spring National playing Colorado City in the second game at 7:30.

The two winners will clash here tomorrow for the district championship. Exact time of the championship game will not be set until after tonight's games.

Colorado City captured the area tournament of which the Snyder teams were involved by winning two games yesterday. Both the semi-finals and finals were forced to be played yesterday as result of the rain that wiped out Tuesday's card at Sweetwater.

The remainder of the tournament was played at Rotan as the Sweetwater field was still unplayable yesterday.

Colorado City edged Sweetwater American in the semi-finals yesterday morning, 5-4 while Rotan defeated Sweetwater National, 4-1, in the other semi-finals game.

In last night's finals, Colorado City edged Rotan, 6-3. Catcher Martin Christian rapped a grandslam homer in the third inning to lead Colorado City over Rotan in the finals.

Colorado City also used a grandslammer to win the semi-finals game from Sweetwater American yesterday mornng. Willie Smith clouted the semi-finals grandslammer for Colorado City in the first inning.

In the other area finals, Central Midland defeated Eastern Midland, 14-2, at Midland; Big Spring National outslugged Big Spring American, 14-9, at Big Spring; and Seagraves downed Lamesa, 8-6, at Tahoka.

Tonight's opener will pit Seagraves' fine pitcher, Left Faulkner, against the power-laden Midland crew. Fraulkner hurled a no-hitter in the semi-finals of the area tournament Tuesday at Tahoka in beating Post, 5-1.

Central Midland, in winning the area tourney at Midland, defeated Western Midland, 5-1, Northern Midland, 14-3, and Eastern Midland, 14-2, enroute to the tournament title.

Midland perhaps will be favored to win the tournament here by virtue of its overall balance.

Director of the tournament here is Ed Patton of Rotan, Little League commissioner of this district. Handling local arrangements is Mutt Herod, Snyder Little League commissioner.

Speedy Moffett will be the umpire behind the place in the first game tonight, Ed Free in the second. Moffett then will call balls and strikes for the championship game Friday.

All fans of the city are invited to attend the district tournament games.

Sun, Blue Sox Battle For Lead Tonight

City League play will resume tonight with the two second half leaders, Sun Oil and the Blue Sox, slated for action.

Both Sun and Blue Sox are 1-0 in the second half race.

Tonight's game will commence at 8.

Snyder Furniture and Hermleigh, the other two teams in the league, will meet tomorrow night.

The Blue Sox, [illegible] to win a game in the first half, surprised Snyder F[illegible] half debut, 3-1. Snyder Furniture had tied Sun for the title in the first half before Sun claimed the title with a "one game" playoff victory.

Dwayne Prince, who pitched the Sox to the win over Snyder Furniture with a two-hitter, is expected to face the Oilers tonight. He will likely be opposed by either Alan Snead, Don Ballard or Wayne Whiteside.

He Lost His Pants

HOUGHTON, Mich. (AP)—A man who lost his pants at Bete Fris, a resort area in Michigan's Upper Peninsula, is advertising in the Houghton Daily Mining Gazette for their return. He didn't say how he lost them, but he did say: "There was a wallet in the pocket."

Snyder Pony Leaguers Win Area Title, 21-5

The Snyder Pony League All-Stars wrapped up the area championship last night with a resounding 21-5 victory over Colorado City at Towle Park, the win giving the locals the series title in two straight games. Snyder had won the opening game of the series Monday night, 5-0.

Coaches Bill Valentine and Blue Lowery will take their charges to Abilene next week for the district tournament which gets underway Monday. The locals advanced to the district finals last year before bowing to the Abilene Rebels.

Last night's victory may have proved costly as John Weaver, ace of the Snyder pitching staff, suffered a sprained ankle sliding into third base in the first inning. Weaver, who blanked C-City in the opening game of the series, left the game under his own power but was limping badly.

Just how serious the injury is wasn't determined at press time today.

Snyder, after going scoreless in the first, broke the game wide open in the second inning with a nine-run uprising. There were three big blows in the Snyder second, two run singles by Spencer Dyer and Franklin Moore and a two-run homer by pitcher Charles Gladson.

Gladson's homer was the only roundtripper in the game.

After the big second the Snyder lads coasted to victory. The hometowners collected 19 hits off three Colorado City pitchers. Jerry McKay, the starter, was charged with the loss.

Gladson opened on the mound for Snyder and picked up the win. Gladson, however, wasn't around at the finish as he ran into control trouble in the fifth. Bo Pena came on and finished up.

Tommy Minton, Jesse Crawford and Moore led the Snyder attack with three hits apiece. Minton and Crawford each got two doubles and a single while all three of Moore's safeties were singles.

Gladson, in addition to his two-run hower, also punched out a two-run single for four RBI's, tops in the game.

Catcher Red Lindsey led Colorado City at the plate, getting two of the loser's six hits.

C-City got all its runs in two innings, two in the third and three in the fifth. Snyder, on the other hand, scored in every inning except the first and fourth.

No Favorite In Tam Meet

CHICAGO (AP)—The first section of golf's greatest money-pressure O'Shanter and there is no definite premeet favorite.

The first step in the treasure hunt is the All American, with a purse distribution of $25,000 for men pros, $7,500 for women pros, and trophies and merchandise for men amateurs and women amateurs.

In all, 237 players tee off in the dawn-to-dusk first round, including 162 men pros shooting for a $5,000 top prize to be awarded at Sunday's finish of the 72 holes.

Next Week, however, comes the big one—the "World Championships."

The winner of the men pro division collects [illegible] and a $50,000 exhibition cantract. The total purse is $102,200. Champion of the women's pros will receive $6,000 out of a $15,000 purse.

There is a general feeling that the group of younger pros may teach the old-timers a lesson this time. They seldom have before. Bob Toski was the youngest ever to win the "World" when he hit the jackpot in 1954 at the age of 27.

But never before has there been such a fine crop of younger players. They include Arnold Palmer, Peter Thomson of Australia, Ken Venturi, Don Whitt and Paul Harney.

Sinton To Receive Attendance Award

WICHITA, Kan. (AP)—Sinton, Tex., was hailed by the National Baseball Congress today as the nation's top city for its size—population 4,294—in non-pro baseball's current decade.

A plaque honoring Sinton will be presented at the 23rd annual national tournament opening Aug. 16 in Wichita.

Soda Fountain Flair Given To Cool, Cool Beverages

Summertime—a season when the unexpected visitor is no real surprise, and the smart homemaker will be ready to dish out conversation and a refreshing beverage with equal spontaneity.

Next time a neighbor drops in or the youngsters bring a troop of their famished and heat-wilted friends home, serving frosty "fountain" drinks will bring cool pleasure to all.

Frosting and garnishing drinks beforehand will add real party flavor. To frost, simply dip the glass rim in egg white, then in granulated sugar. Put in the refrigerator to chill and harden the frosted edge.

To make decorative ice cubes, add a mint leaf, red or green maraschino cherry, or a few strips of orange or lemon rind to partially frozen ice cubes. For fruit juice cubes, freeze leftover juice from canned fruits, or fresh fruit juice, lightly sweetened.

For garnishes, save the reddest berries and the brightest grapes to top drinks. Mint sprigs or leaves add both color and flavor.

Car's Value Really Soars

LOUISVILLE, Ky. (AP) — A 1923 touring car, which sold last week for only $30, has made a 69-year-old woman $155 richer.

The woman, who prefers to remain nameless, sold the car to a junk dealer for $30. But when her story was carried in the newspapers and by The Associated Press, the value of the car soared.

The car was left in her garage in 1930 by her husband, who disappeared and has not been heard from since.

The wreck dealer later said he would give the woman all over $100 he got from resale of the car. Yesterday, he sold it to Charles Caplin of Hartford, Conn., for $225. Caplin read of the story in his local newspaper.

Nazi Plot To Restore Duke Of Windsor To Throne Told

WASHINGTON (AP)—A grandiose Nazi plot in 1940 to put the Duke of Windsor back on the British throne—at a price—has been revealed in top-secret German documents captured by the Allies and just made public.

The papers are among 415 German messages and reports unveiled last night simultaneously by the U.S. State Department and the British Foreign Office.

They also report a $250,000 payment by an American oilman to Democratic groups with the aim of blocking then President Franklin D. Roosevelt's renomination. Of this, $160,000 allegedly went for "buying" Pennsylvania's convention votes.

The British government labeled the documents as "necessarily a much tainted source." It said Windsor "never wavered in his loyalty to the British cause." The duke called the part about him "complete fabrication and gross distortions of truth."

The Democratic National Committee said it had no record of any such contributions as were mentioned in the Nazi papers. And it noted Pennsylvania cast all of its 72 votes for Roosevelt "on the first and only presidential ballot" that year.

The German documents cover the period June 23-Aug. 31, 1940. France had fallen in a six-week blitzkrieg. Britain braced for invasion. The United States was divided—intervene or stay out? A prime aim of Adolph Hitler's policy was to keep America neutral.

In the papers, published as part of an historical project to illumine Hitler's years, 1933-45, Foreign Minister Joachim von Ribbentrop emerges as the mastermind of the Duke of Windsor plot. Ribbentrop later was hanged as a war criminal.

The plot, as recited by Ribbentrop, went this way:

The duke and the duchess were to be enticed to Spain. Once there, held by force if necessary, they were to be made a proposition. It was this: Denounce the duke's brother King George and then Prime Minister Churchill. Appeal to the British people to surrender. In exchange, the duke and "the woman I love" for whom he gave up the throne in 1936 can become king and queen of a Britain defeated by Hitler. Or, if Windsor doesn't like that, he and the duchess can go anywhere and live "a life suitable for a king," with Hitler paying all the bills.

Nothing in the record suggests any direct German contact with the duke. It was all done apparently through Spanish and Portuguese intermediaries.

IT'S THE LAW ★ in Texas ★

A public service feature of the State Bar of Texas

PLANNING YOUR WILL

In planning your will, your lawyer will want to know your true wishes; and then, to help you realize them, he will want to know a few vital facts.

Are you married? Any children or grandchildren? Previously married? Widowed? Your age and those of your beneficiaries? Legal residence? Health?

Why these questions?

You'll have to work out your plan in view of the laws governing death taxes, property laws, and, if you are married, separate and community property.

Age? If you wish to set up trusts in the will, your age and those of your beneficiaries may help you to decide whether, for example, to use capital of the trust fund as well as its income for the beneficiaries.

Your residence? Most important, since state laws govern many items of personal property.

Do you plan to move to another state? If so, consult its laws. Many people who come to Texas from other states should see that their wills conform to and take advantage of our laws.

Some people live half the year in Texas and half elsewhere. If you do, take steps to nail down your claim to reside in one state or another, to avoid needless litigation and possible claims to taxes in both states.

Your health? If possible, have your will drafted while you are in good health and clear minded.

Contests, though relatively rare in Texas, still do take place. In some cases, for example where non-relative inherit, it may be a good idea to give reasons for these bequests in your will and to tell why you may have left some relative out (for instance, where a child has been taken care of by gifts or in other ways).

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

CARD OF THANKS A-3

AN OPEN LETTER

To the many friends who contributed to our well being, our bodily needs, our peace and consolation, who tried so hard to lessen our sorrow and lighten our burdens in the passing of our loved one. We with hearts overflowing with gratitude, thank you. When troubles comes your way may friends equally sincere attend you.

PERSONAL A-5

DOG POISONER

I don't know who poisoned our dog and I am not trying to find out. We all loved our dog, especially our two-year-old baby. She had just as soon to eat after him as not. Think—would you feel guilty if she had? Could you sleep at night?

Newly Named Ambassador Has Trouble With Names

WASHINGTON (AP) — If Maxwell H. Gluck ever appears again before a congressional committee, you can bet he'll prime himself in advance with all necessary answers.

Gluck is a self-made millionaire businessman newly named as the American Ambassador to Ceylon.

He was shoved, suddenly and unwillingly, into the capital spotlight this week when it was disclosed that he couldn't name the Prime Minister (Solomon Bandaranaike) of the country in which he was to represent the United States.

Obviously upset, he sought to explain belatedly to reporters yesterday that he actually knew the Prime Minister's name all along when he was asked before the Senate Foreign Relations Committee July 2.

But, because he wasn't sure how to pronounce it, he told senators the name "is a bit unfamiliar" and that "I cannot call it off." He can pronounce it now, he added.

Gluck shook his head as he pondered the fireworks that have exploded since the Washington Post and Times Herald published some of the questions asked him and his answers.

Nothing like this unhappy affair ever happened to him in the business world, he said.

Some Democratic congressmen strongly denounced his appointment. It even prompted a news conference question yesterday to President Eisenhower. Eisenhower heatedly told reporters that Gluck's $26,500 in contributions to the Republican party last year had nothing whatever to do with the appointment.

But Gluck, whose appointment already has been confirmed by the Senate, has no intention of giving up the post. He will be accompanied to Ceylon by his wife, the former Muriel Schlesinger of New York City. They have no children.

Gluck, a 57-year-old Texas-born Republican, has an impressive business background. In the depression days of 1930 he started a store in Olean, N.Y., to sell women's wear.

By hard work he built it up into a chain of 150 stores, known as the Darling Stores, which now operate in 27 states. His shops gross some 40 million dollars a year. He has extensive real estate holdings in California, New York, West Virginia, Kentucky, Utah and Pennsylvania.

In civilian life, Floyd was employed by the B&B Construction Co. in Snyder.

Nebraskan Rides Runaway Truck

UNIONTOWN, Pa. (AP)—A truck driver who skillfully drove his brakeless vehicle at an 85 miles an hour down a curving mountain road without denting a fender said today he's mighty lucky to be alive.

State Trooper Reu Silbaugh, a man with nerves to match those of Glenn Switzer of Fairmont, Neb., agreed with Switzer. So did nearly a score of motorists who scattered out of the path of the truck, carrying 40,000 pounds of sugar from Baltimore to Chicago.

Switzer, 28, had just started to descend the three-mile Summit Mountain hill on Route 40 when his clutch failed. Then his brakes failed. By this time, he said, he was "really rollin'."

Just then, Trooper Silbaugh came along on routine patrol—in the opposite lane of traffic. He quickly swung his car around, sped past Switzer's rolling truck and kept his siren roaring. Motorists scattered.

"I was thinking about jumping a couple of times but then I looked at the speedometer," Switzer related. "The last time I looked I was rocking along about 85 miles an hour and I just said to myself: "'Man, you're crazy if you jump.' So I decided to ride her out."

Trooper Silbaugh breezed into the little community of Hopwood at the bottom of the hill and had everyone out of the way when the tractor-trailer roared into town.

"I had brushed my truck against the hillside a couple of times and slowed her down to about 70 miles an hour," Switzer said. "When I got into Hopwood there was a little grade and that slowed me up. Then I saw a muddy path alongside of the road and I just pulled over and stopped."

Switzer, father of five children, collapsed and was treated for shock.

"Hell, I was sacred, but I'll be driving my truck again," he said. "Nothing like this ever happened before. The trooper told me I was damn lucky and I agree. That guy did a wonderful job in clearing the path for me."

Bigamist Sentenced

HOUSTON (AP)—A truck driver was sentenced to two years in prison yesterday after pleading guilty to a charge of bigamy. Judge Ed Duggan sentenced Billy Jacobs, 22, of Arazon, Ga., after he admitted marrying Mrs. Doris Jeanette Nuff, 41, in December. Jacobs said he earlier married Glenna Jacobs, in College Park, Ga., and had not received a divorce.

Revision Needed In UN Charter

LONDON (AP) — Sir Winston Churchill called last night for revision of the U.N. Charter to trim the power of small nations in the world organization.

Britain's elder statesman told the closing banquest of the American Bar Assn. convention: "It is anomalous that the vote or prejudice of any small country should affect events involving populations many times its own numbers and affect them as momentary self-advantage may direct."

Churchill said new members have swollen the General Assembly to 81 members at the same time great power disputes have thrown increasing responsibility on the Assembly.

"I do not want tonight to suggest an elaborate new charter for the U.N.," the former Prime Minister said. "But I think we can all agree that its present conception is imperfect and must be improved . . ."

Churchill said the United Nations has failed in many cases, citing Hungary particularly. He agreed with Prime Minister Robert Menzies of Australia that justice is not being achieved in the United Nations.

"It is certain that if the Assembly continues to take its decisions on grounds of enmity, opportunism or mere jealousy and petulance, the whole structure may be brought to nothing," he declared.

With three U.S. Supreme Court justices present, Sir Winston said the "Supreme Court in America has often been the guardian and upmolder of American liberty. Long may it continue to thrive."

Churchill's words had all the earmarks of a rebuke to the bar association's committee on communism, which on June 25 called for legislation to "overcome the effect of recent Supreme Court decisions" which the committee said constituted overzealous protection of "theoretical individual rights."

Sir Winston reminded the association that during its convention it had dedicated a monument to the Magna Carta and said: "It has often been pointed out the 5th and 14th amendments of the American Constitution are an echo of the Magna Carta. . . .

"National governments may indeed obtain sweeping emergency powers for the sake of protecting the community in times of war or other peril. These will temporarily curtail or suspend the freedom of ordinary men and women, but special powers must be granted by the elected representatives of those same people by Congress or by Parliament, as the case may be.

"They do not belong to the state or government as a right. Their exercise needs vigilant scrutiny, and their grant may be swiftly withdrawn."

Segregation In Marshall To Continue

JEFFERSON (AP)—Federal Judge Lamar Cecil yesterday denied a temporary injunction which sought to prohibit segregation at the city swimming pool in Marshall.

"I feel sure that there can be no proper defense by Marshall officials in a trial on merits but that for the present the danger of violence outweighs the damage to the plaintiff and others of his race," he said.

Judge Cecil scheduled the case for trial Nov. 4.

The injunction petition was filed on behalf of Titus Edwards of Marshall. The plaintiff testified he was denied admittance to the pool because of his race on June 4.

Police Chief C. M. Ezell of Marshall told the judge he thought violence might result if Negroes were allowed to use the pool.

Judge Cecil said Edwards' attorneys had failed to prove irreparable damage.

"I would as soon be hurt or killed myself as to sign an order which might result in someone else being hurt or killed," he said.

Boy Almost Shot In Face

HOUSTON (AP)—A messenger boy was almost shot in the face by a gunman who robbed a Western Union office yesterday. The boy kicked at the gun as he thought it was a toy as the gunman walked past him.

[illegible] Luna, 19, suffered a facial powder burn when the gunman shot at him.

The crew cut, unshaven thug walked into the rear entrance of the office and said "This is a holdup" at Mrs. Alice Hoy, 23, a clerk. Waving his gun, he ordered six office employes to huddle behind the counter, then snatched a key from one and opened the cash drawer.

When the gunman fled from the office with less than $50, a figure set by police, he was chased by Cecil Jackson but escaped."

Reports Made By Kiwanians

Monthly committee reports were compiled at Wednesday's luncheon meeting of the Snyder Kiwanis Club in the Hilander.

The club also heard a report on last Monday's survey meeting in connection with a proposed junior college project, and other members of the Kiwanis Club were urged attend the citizen's committee Friday night.

Bill Brown was appointed to serve as the Snyder club's representative on a divisional committee to select a candidate for 1958 lieutenant governor.

A delegation of Kiwanians, headed by Lt. Gove. Frank W. Wilson, visited the Snyder club at the luncheon. Wilson is a former member of the Snyder Club.
