PRESIDENTS AT MEXICAN FESTIVAL

President Eisenhower and President Ruiz Cortines of Mexico occupy the center two seats on the balcony of Palace in Nuevo Guerrero, Mexico, as they viewed a festival in their honor across the plaza. The two presidents met here and later had lunch on the U.S. side of Falcon Dam which they are to jointly dedicate later in the day. Mexican troops form a tight guard around the building.

Fisher County Location Set For 7,000 Feet

Seaboard Oil of Delaware has staked location for the No. 1 V. B. Weems as a wildcat in Northwest Fisher County.

Drillsite is 1,992 feet from south and 1,600 feet from west lines of section 170-2-H&TC, three-eighths of a mile north of Rotan. Rotary tools are to be used to drill to 7,000 feet, starting at once.

MITCHELL LOCATION

Bond Oil Corp. No. 1 O. B. Trulock has been staked as a 3,200-foot wildcat in Central-North Mitchell County.

Location is 660 feet from north and west lines of the south half of section 5-28-tls-T&P, four miles southwest of Westbrook, on a 320-acre lease. Elevation is 2,170.4 feet.

Drilling will begin immediately.

BORDEN PRODUCER

Gulf Oil No. 1 C. C. Canon, West Central Borden tester, has been completed as a Spraberry producer.

The well pumped 102.12 barrels of 36.5-gravity oil with 32.43 barrels of water on the potential test. A gas volume of 39,000 cubic feet per day was reported during the potential test. Gas-oil ratio was 382-1.

The Spraberry was fractured with an unreported amount of fracture fluid.

The No. 1 Canon was drilled 13¼ miles west-southwest of Gail in section 39-33-t3n-T&P. It is four miles east of pay in the Spraberry field of East-Central Dawson County. Between the No. 1 Canon and that field, Hunt No. 1 Nix, Dawson project, is drilling below 5,768 feet in lime.

HOWARD TEST

Phillips Petroleum No. 1-A Reef, North Howard tester, is preparing to test on perforations from 8,156-190 feet.

The well developed flowing oil after swabing one time on perforations from 8,200-216 feet. It flowed 171 barrels of oil plus .4 of one per cent basic sediment and mud in 18 hours and the flow was killed to condition hole for further testing.

DRILLING REPORT

Texas Crude, Vickers and Ponder No. 1-42 White, Borden wildcat, is drilling in sand and shale below 8,397 feet.

Texaco No. 1-B A. M. Clayton, Southwest Borden project, is drilling in shale below 7,375 feet.

In Dawson County, Seaboard Oil No. 2 Petteway is drilling below 4,572 feet in lime.

Aid Program For Jews Off

WASHINGTON (AP)—Secretary of State Dulles disclosed today the United States has suspended a 100 million dollar aid program for Israel because he believes the Israeli government is defying a United Nations ruling.

Dulles said the Eisenhower administration has decided to defer any aid allocations to Israel until it abides by a U. N. ruling it must stop trying to divert waters from the River Jordan along the Syrian frontier.

At a news conference, Dulles said the United States believes Israel should respect a decision, ordering a halt to this project, made by Gen. Vagn Bennike, Danish chief of the U. N. truce supervision group along the Palestine frontier.

The United States is continuing to go forward with smaller amounts of technical aid funds to Israel, he said. But, no allocation of the larger grant funds, appropriated by Congress for the entire Middle East, has been made.

He estimated the amount involved for Israel was 100 million dollars. Allocation for Arab governments from foreign aid funds, he indicated, are continuing to go forward. He noted the United States used part of this money for emergency aid to Iran a few months ago.

BOOTLEGGER OUTRUNS PURSUERS YESTERDAY

A bootlegging charge was filed in county court here this morning against a man still unapprehended after outrunning most of the squad cars in the county late yesterday afternoon.

The man charged is Howard Fitzgerald of Aspermont, whose 1952 two-tone blue Chrysler, according to officers here, was riddled with bullets near Aspermont about two weeks ago. He was identified for officers here by E. W. Green, highway patrolman, who was one of several officers in yesterday's chase.

Green said he knew Fitzgerald, who is expected to be arrested on warrant and returned here. Fitzgerald's car was also identified through license plates, which have recently been placed on the car on a re-registration, it was said.

Officers of the sheriff's department here confiscated five cases of beer and portions of five cases of whisky they said they saw thrown from the car by a woman occupant during the chase.

E. E. (Buddy) Norris, deputy sheriff, said he and other officers attempted to halt the car, displaying firearms, but did not fire at the occupants because of the unidentified woman.

Norris said that several of the six-cylinder squad cars of the sheriff's department and the eight-cylinder cars of the city police department were used in attempts to reach certain locations ahead of the speeding Chrysler to set up roadblocks. He said, however, that in every instance, the squad cars reached these locations (bridges and crossroads) just after the Chrysler had sped past, being pursued by Green and the sheriff, Homer Whisnand, in the county's eight-cylinder 1952 DeSoto.

Whisnand said the DeSoto blew a head gasket in the chase while at high speed.

The chase began near the county line on the Big Spring highway coming toward Snyder. Norris said he was at Ira and was radioed to block the road at a bridge near Vincent but reached the bridge too late. Once early in the chase, the Chrysler was turned around on the highway at a speed estimated at 60 miles an hour.

Norris said rims of the Chrysler's wheels dug into the blacktop pavement when it was turned around just in front of the DeSoto. Some city police cars sped to various by-pass roads near Snyder for roadblocks, two going out Thirty-seventh Street westward.

Fritzgerald's car has just recently been repaired from the shooting a few weeks ago, officers said. It was also said that at that time its tires did not go flat after numerous bullets had pierced them and could be heard striking the pavement when officers drove it after stopping him near Aspermont.

Wayland Holt, county attorney, filed the charge against Fitzgerald today. It alleges he unlawfully transported liquor for purpose of sale in a prohibited area. Holt said charges were also being filed in justice court here, alleging speeding, passing in no-passing zones, and throwing glass on the highway.

Fitzgerald has not previously been charged here.

Kidnaper Wants To Die With Accomplice; Scoffs At Religion

KANSAS CITY (AP) —"The only thing I want to do now is die in the gas chamber with Carl."

That remark was attributed yesterday to Mrs. Bonnie Brown Heady, confessed kidnaper of 6-year-old Bobby Greenlease. The Carl she referred to is 34-year-old Carl Austin Hall, who admitted slaying Bobby and burying the body in Mrs. Heady's back yard.

The police officer, who declined use of his name, also quoted Mrs. Heady, a 41-year-old divorcee, as saying she wanted to be buried in a cemetery near Clearmont, Mo., where she was born.

Mrs. Heady has declined to read religious tracts brought to the jail by various church organizations.

She and Hall are held in the Jackson County Jail under federal kidnaping charges. They were arrested in St. Louis a week after the kidnaping.

"I have never had anything to do with religion during my life and I don't intend to start now," she was quoted as saying.

Italians Riot Over Trieste Move By Reds

ROME, (AP)—Club-swinging police beat back protesting Italian students in front of the Russian embassy today as demonstrations over the disputed Free Territory of Trieste broke out in various parts of Rome.

The students answered the police club attacks with sticks. Many of the demonstrators were bruised but no serious injuries were reported.

Hundreds paraded elsewhere, carrying Italian flags, angrily shouting against Yugoslav President Tito's stand on Trieste and demanding the strategic Addiatic peninsula be returned to Italy.

Some of the demonstrators marched past the Yugoslav legation near the heart of the city but no violence was reported as mobile riot police guarded the building.

It was the first demonstration in Rome on the Trieste issue since the United States and Britain announced Oct. 8 they planned to pull out their 7,000 occupation troops from Zone A of the Free Territory, including the port city of Trieste, and turn the area over to Italian administration.

Huge placards read: "Tito Equals Russia," "Tito Leave Trieste" and "Long Live The Italian Army." Students shouted "Down with Tito" and "Slavs out of Trieste."

Ikeman Would Sell TVA To U.S. Buyers

WASHINGTON, (AP) — Clarence Manion, chairman of President Eisenhower's Intergovernmental Relations Commission, said last night he thought the Tennessee Valley Authority should be sold to private industry.

Manion and William Wise, former deputy administrator of the Rural Electrification Administration (REA), engaged in a question-and-answer session on the Du Mont television program "The Big Issue."

Wise asked Manion whether, in view of "the tremendous size of a project like the TVA," he thought the government should run it.

"I think the TVA should be sold to private industry," Manion replied.

In answer to another question, Manion said, "I don't think the federal government should have built TVA in the first place."

The commission Manion heads has been assigned the job of recommending a better division of functions between federal and state and local governments. Before becoming chairman of this group, Manion was dean of the Notre Dame University Law School.

Eisenhower has cited TVA as an example of "creeping socialism" but emphasized he is not out to destroy it. In expressing these views to a news conference June 17, he said that when future TVA-type projects are built he wants local people to have a greater interest and greater voice in them.

Rep. Bolling (D-Mo), debating with Manion as to whether the federal government is becoming too powerful, said the government had taken on functions "at the demand, and for the benefit of the people."

High Winds In Area Are Due

By The Associated Press

'Fog cut visibility to zero at some points in Central Texas Tuesday morning, but a rising sun gradualy dissipated the traffic hazard and normal air and ground transportation was resumed.

The weather bureau said College Station and Austin had been completely shut in at 6:30 a.m. Visibility at San Antonio was a quarter mile, at Houston a half mile, Waco one eighth and Dallas three quarters of a mile. An hour later the sun had improved visibility materially.

The Tuesday minimum range in Texas was from 57 at College Station to 75 at Galveston. Most morning temperatures were in the 60s. Monday's maximums ranged from 92 at Presidio to 74 at Marfa.

Arresting Officers Questioned About Missing Ransom Money

ST. LOUIS (AP)—Police investigators, veiling their inquiries behind closed doors, today continued digging into reports the FBI has discovered discrepancies in police accounts of the Greenlease kidnaping case.

One of the officers who arrested Carl Austin Hall, the confessed kidnap-slayer of 6-year-old Bobby Greenlease, was questioned periodically for 10 hours as the inquiry got under way yesterday.

The investigation by Chief of Police Jeremiah O'Connell centers around the handling of two suitcases in which about half of the $600,000 ransom money was recovered. Some $300,000 is still missing.

Patrolman Elmer Dolan, who O'Connell said is not under suspension nor held on any charge, was the first witness called in the closed-door probe.

Lt. Louis Shoulders, Dolan's superior officer in the arrest, was under a physician's care for a nervous condition and was reported unable to appear for questioning at this time.

But Chief O'Connell said Shoulders will be questioned "as soon as his doctor says it will be all right to do so."

Dolan, one of three witness questioned yesterday, was asked by reporters about his session with his superiors but he said he had been instructed "not to talk."

Shoulders, whose ailment was attributed by the physician to the officer's work on the case, withheld from newsmen a full explanation of the reported discrepancies, but said:

"I can explain to the proper authorities every move I made."

The arrest of Hall and Mrs. Bonnie Brown Heady followed a tip to Shoulders by taxi driver John Hager that Hall was armed and spending money on a big scale.

O'Connell said Hager will be questioned today "if we are able to reach him."

Officers also made a half-hour examination of the rooms in the apartment hotel where Hall was arrested and the ransom money recovered.

Joseph Thornton, who has headed the FBI office here since April 1952 and was in charge of the FBI investigation of the kidnaping case, said last night he will be transferred to Omaha, Neb., shortly.

Thornton, a veteran of 19 years service with the FBI, termed the change "routine" and said the Greenlease case had nothing to do with the transfer.

Police also are expected to question four special officers of Newstead police district headquarters, where the kidnapers were taken after their arrest.

The inquiry was ordered by the police board after published reports that the FBI had found discrepancies in police reports on the arrests.

The board said it will "make every effort to get all the facts as fully in detail as possible, since some questions have been raised."

But the board added it had no reason to believe any officers connected with the case had not given "all the information they have."

The written police report said Hall and the two suitcases were brought to the district police station at the same time. Shoulders said this is correct, despite newspaper reports the FBI had determined more than an hour elapsed after Hall was booked before the suitcases were brought in.

Shoulders has said he took the suitcases to a small room at the station and locked the door. Dolan was reported to have told the FBI he didn't know what was in the suitcases until two hours after Hall was arrested.

Dolan also was reported to have said Shoulders left the police station in his private car for his home shortly after Hall was taken to the station. The accounts were that Shoulders' trip was cut short by a radio summons from the police station.

New Attempt Made In Dallas

DALLAS (AP)—Police squads rushed to suburban Oak Cliff early today but failed to seize the tall Negro who grabbed a crippled white woman as she sat in an auto.

The woman, Mrs. Madlyn Daniels, 36, fought off her assailant with a crutch shortly before midnight last night, then was taken screaming and crying to a hospital.

The struggle occurred in a dark alley behind an apartment house.

Attacks by Negroes on white women have left Dallas terrified with many women sleeping with guns, barred doors and bright lights shining around their homes.

Mrs. H. C. Parker, 29, was pulled under a bridge, raped and stabbed to death Sept. 30 as she waited on a bus at a secluded stop. Dozens of other women have been frightened, some of them raped, by a nude Negro prowler.

Mrs. Daniels had been driving with Mrs. Lucille Adams and was parked in the Adams' car port. Mrs. Adams had gone upstairs to put her young son to bed before driving Mrs. Daniels home.

Mrs. Daniels said a tall negro, carrying a brown paper bag, walked up as she sat in the car. He leaned through the window, she told police, grabbed her by the shoulder and clapped his other hand across her face. Police said the Negro twisted her neck when she began screaming. "Don't do that," she quoted the Negro as saying.

Mrs. Daniels told police she ripped the man's shirt, then slammed a metal crutch against his head. She pushed him back against a building with the crutch as, confused, he muttered, "what's that?" and fled.

Mrs. Adams, hearing screams, ran back to the car and found Mrs. Daniels unconscious. She was given oyxgen and placed under sedative.

Around World Report By Foreign Secretary

LONDON (AP)—Foreign Secretary Anthony Eden said today the division of the troubled Trieste Free Territory along the present zonal border "seems to be the only practicable" method of easing Italian-Yugoslav tensions.

Eden told the House of Commons that Britain strongly deprecates the movement of troops by either Italy or Yugoslavia.

"This can only increase tension and incite public opinion," he said.

Eden and Prime Minister Churchill expressed hope the Soviet Union will accept an invitation to a proposed meeting of Four-Power foreign ministers Nov. 9 in Lugano, Switzerland. Eden said such a meeting could "make progress toward a settlement of the German and Austrian questions, and so contribute to a significant reduction in world tension."

Churchill said the Lugano invitation "involves no change in our outlook." He added he still hopes for an informal conference of world leaders, as he proposed in May, and continued:

"Our view remains that friendly, informal and personal talks between the leading figures in the countries mainly involved might do good and could not easily do harm."

Secretary of State Dulles, here last weekend for conferences, reportedly was cool toward the idea of an Eisenhower-Churchill-Malenkov meeting.

Churchill sidestepped Laborite attempts to get him to say whether he was prepared to journey alone to Moscow to talk with Premier Malenkov.

Eden gave this report:

Egypt—British-Egyptian talks on defense of the Suez Canal were resumed July 28. "I hope to make an announcement within the next few days about the progress of these discussions. They have reached an advanced stage."

Iran—"I hope that a new chapter has opened. There is a new government there aware that we are ready to resume diplomatic relations. If this can be done, it will then be easier for us to discuss together the complex problem of Persian oil."

Korea—Progress in "consolidating the armistice has been slow and difficult."

Palestine—Britain, the United States and France have asked the U. N. Security Council to give consideration to the deterioration of relations between Israel and Jordan.

Opposition leader Clement Attlee asked Eden if it was not a mistake for Britain and the United States to announce their decision to withdraw from Trieste's Zone A without giving Yugoslavia's President Tito prior notice.

Eden replied:

"No advance notice was given either to Italy or to Yugoslavia. That is to say neither government was treated more favorably than the other."

POW Interviews Are Off Again Today After Satellites Quit Panel

PANMUNJOM (AP) — The delay-riddled Communist efforts to woo 22,400 ex-Red soldiers home to communism halted indefinitely today after the Reds were turned down flat on demands that the POWs be dragged to the explanations by force if necessary.

Stung by the rebuff from India, Switzerland and Sweden, the satellite Polish and Czech delegates on the Neutral Nations Repatriation Commission (NNRC) walked out yesterday and gave no indication when they would return. They did not show up for today's NNRC meeting.

The explanations apparently were postponed indefinitely — at least until the NNRC can get operating again.

Observers speculated that the Red walkout could be a prelude to dropping their persuastion efforts entirely in an attempt to avoid more of a propaganda whipping than they have already taken in two days of interviews.

Only 19 of 921 Chinese who heard the Red pleas to return home chose the door to communism. The others refused—most of them with raucous, violent denunciations of the Reds.

Despite the lopsided results, the interviews with the 7,800 Chinese POWs had been proceeding smoothly, but the 14,600 Koreans completely stopped the show with a belligerent refusal to even listen to the Red persuaders.

In the repatriation commission Monday, the Polish and Czech members pressed the Red demands that the Koreans be brought to the interviews by any means necessary.

Outvoted by the other three members, they left, stopping all action by the NNRC.

At Bern, the Swiss government made public orders to its NNRC delegate to try to avoid the use of force against prisoners "under all circumstances."

The new delay left the Reds facing a rapidly narrowing time for talking. Under the truce terms, the interviews must end late in December—Dec. 23 by Allied interpretation and Dec. 26 by Indian interpretation.

However, even if the Reds bow out, the U. N. Command still can interview the 23 Americans, 1 Briton and 335 South Koreans who have said they want to stay with the Reds.

Meanwhile, the Joint Military Armistice Commission held its first meeting Tuesday in a new building astride the line splitting Red and Allied sectors of Korea.

Chief Allied Delegate Maj. Gen. Blackshear M. Bryan introduced his successor, Air Force Maj. Gen. Julius A. Lacey. Bryan is taking over the importing of arms and Corps Wednesday.

POWER STRUGGLE

Young Democrats Organize Under Wing Of 'Loyalists'

AUSTIN (AP)—A tussle for control of machinery of reviving Young Democratic Clubs in Texas appeared on today.

The State Democratic Executive Committee said last week it would attempt a campaign to reactivate the party's junior auxiliary, inactive since 1949.

Boyd Taylor, a University of Texas student from Temple, said today the junior party has already been reactivated with the blessing of National Democratic Chairman Stephen Mitchell.

He said charters have been issued to 22 state clubs.

Taylor, who said he was chairman of the junior party's State Executive Committee, called a state convention in San Antonio Oct. 30-31.

Listed speakers included Ralph Yarborough of Austin, who was beaten by Gov. Shivers in last year's primary, and Byron Skelton of Temple.

George Sandlin of Austin, secretary of the senior party's State Executive Committee, said he had never heard of Taylor.

"The Young Democrats are sponsored by the senior group," he said. "To affiliate, a group must have the certification of the state chairman, national committeeman and national committeewoman. No one has applied for that affiliation and none has been certified."

Taylor said he was "frankly surprised" by the Executive Committee's announcement of plans to reactivate Young Democratic Clubs.

"I thought it was understood and an accepted fact that we were the only young Democratic organization in the state," he said.

"Either they are uninformed or using some tactic I don't know anything about."

Taylor said a group met with Mitchell in Waco in July and discussed with him the business of reorganizing the junior clubs.

"He told us to go ahead and organize and make application for a state charter," Taylor said. He said the application was made and the state charter granted.

Organization for the convention, he said, was set up by a temporary organizing committee which met in Austin Aug. 21 and Oct. 4.

"After receiving permission from the national committee to organize, extensive organization work was begun by members of the executive committee and Bill McKnight, state organizational director and president of the Travis County Young Democrats," Taylor said.

Fired Workers Get Awards In UN Tribunal

LONDON (AP) —Four Americans fired from United Nations jobs for failing to answer U. S. loyalty probe questions about alleged Communist ties have been awarded $43,230 in compensation.

The payments were ordered last night by the U.N. administrative tribunal, a kind of appeals court for staff members of the international organziation. The tribunal previously had ruled their ousters illegal and demanded their reinstatement.

Secretary General Dag Hamerskjold has said he would not accept the tribunal's call for their rehiring.

The four awarded compensation are:

Alexander Svenchansky, 44, a Russian-speaking expert formerly with the U. N. radio division, $20,000.

Hope Eldridge, 49, statistician, $16,000.

Eda Glaser, 43, clerk-typist $7,500.

Ruth Crawford 52, information officer, $4,730.

All four had refused to answer questions related to alleged Communist ties.

Arabs Strike Oil Projects

BEIRUT, Lebanon (AP)—A traveler from Dhahran, Saudi Arabian oil port on the Persian Gulf, said today that striking Arabian and Palestinian workers at the big Arabian American Oil Co. (Aramco) installation there killed at least one person and injured many others in a new outbreak of violence yesterday.

Earlier reports said the strikers had stoned trucks and a bus from the big U. S. Air Force base near Dhahran Saturday and also had smashed private American automobiles.

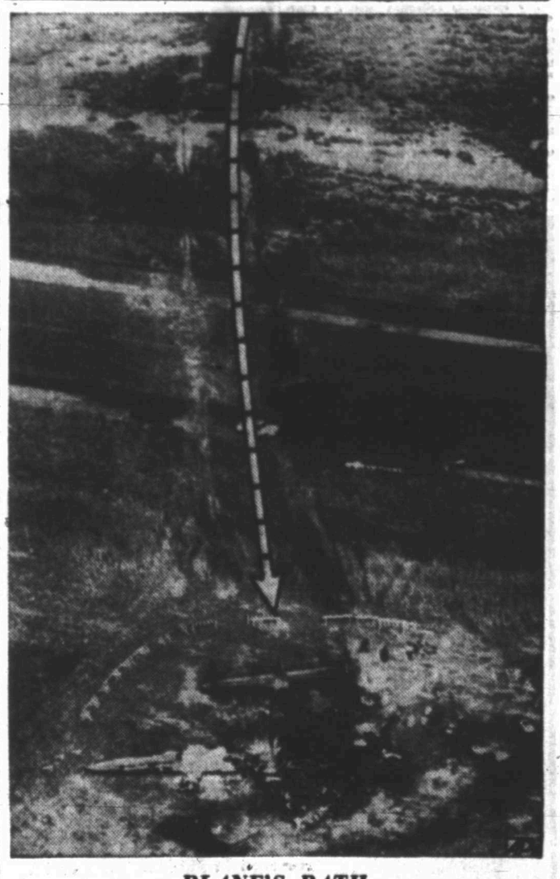

WEATHER

NORTH CENTRAL AND WEST TEXAS: Partly cloudy with widely scattered showers or thundershowers today, tonight and Wednesday. No important temperature changes.

EAST TEXAS: Partly cloudy and mild today, tonight and Wednesday. Moderate southeast winds on the coast.

82 Degree High Here

Temperatures hit a high of 82 yesterday and dropped only to 61 last night. Reading at 7:30 o'clock this morning was 66, according to Mrs. D. P. Strayhorn, weather observer.

PLANE'S PATH

Dotted line in this airview shows path cut across seaside grass and runway at Idlewild airport, New York, by a Puerto Rico-bound Eastern Airlines Constellation after it crashed and burned. Crash and fire damage can be seen in this topside view. Scene is near Jamaica Bay on Long Island's south shore.

Wayne's Dirty Wash Hung Out In Public

By JAMES BACON

LOS ANGELES (AP)—The first day of the John Wayne divorce trial caused more eyes to blink than the smog.

The top box office actor's estranged wife, Mrs. Esperanza Baur Wayne, accused him of drunkenness, wife beating and some extra curricular love making with pretty actress Gail Russell.

Wayne angrily denied all of his fiery Mexican mate's accusations and countered with a few choice scandalous charges of his own.

Mrs. Wayne's counsel presented 22 specific instances of cruelty and the Wayne forces countered with 31 more against her.

Life with Wayne, according to the Mrs., was six years of smashing fists and crashing missiles. She said yesterday that he kicked her, cursed her, dragged her around by one foot and bashed her on the nose. Always, said Mrs. Wayne, the real villain was alcohol and Wayne was a willing apologizer when the stuff wore off.

Wayne countered that the only times he laid hands on his wife was purely in self defense against what he termed her alcoholic rampages.

He accused her of spending so much time drinking and gambling at Las Vegas, Nev., that she returned home exhausted and with swollen ankles. Wayne said the latter condition resulted from too much standing up at bars and crap tables.

Mrs. Wayne said her husband once came home from a studio party and told her he had spent the night alone with Miss Russell at her home. This, she added, was after he had entred the house by kicking the door down.

Wayne replied:

"Why did she have to drag that poor kid's name into this? I never had anything to do with Miss Russell except to make a couple of movies with her. True, we had a party at the end of a picture. Every studio and company does. Everybody was there from technician to star. I came home at 2 a.m. and broke in the front door, not because I was drunk but because I had no key and my wife refused to open the door.

"I'm no saint but this is ridiculous."

Wayne said his wife had a nasty habit of frequenting bars with other men in Mexico and then picking up the tabs with the actor's money. He also charged her with entertaining a male friend for a week at their Encino home while Wayne was in Honolulu making a movie.

J. J. Tolleson Dies In Night

James J. Tolleson, 68-year-old Hermleigh farmer, died at 9:30 o'clock last night in the Battenfield Hospital after an illness of several weeks.

Mr. Tolleson had been a resident of the Hermleigh community for 18 years, moving there from Loraine. He was born Dec. 21, 1885, in Howard County, Ark.

Funeral services will be held at 3 o'clock tomorrow afternoon at the Hermleigh Church of Christ with Ralph Aycock of that church officiating and James Pleasant of Roby assisting. Burial will be in the Hermleigh Cemetery under direction of Bolger Funeral Home.

Paulbearers will be Dean Smith, Frank Nachlinger, Surry Gillum, Glenn Tate, J. B. Tate, and Harry McCamey.

Survivors include the widow, four daughters, Mrs. Ira Ponder of Nashville, Ark., Mrs. Perry Anderson of Nashville, Mrs. Beecher Norsworthy of Little Rock, Ark., and Miss Verla Tolleson of Hermleigh; four sons, Billy J. Tolleson, Henry H. Tolleson, Gus H. Tolleson and Dennis Ray Tolleson, all of Hermleigh; four sisters, Mrs. H. E. Chesnlir of San Diego, Cal., Mrs. Clay Tribble and Mrs. Ike Tribble, both of Stockton, Cal., and Mrs. Fred Tribble of Nashville, Ark., and two brothers, Gus Tolleson of Nashville, Ark., and Floyd Tolleson of Midland.

BIRTHS

Mr. and Mrs. Joseph J. Marshall of Snyder are the parents of a daughter born yesterday in Hendrick Memorial Hospital in Abilene.

VFW Offers Aid To Widow Of Veteran

Immediate help and future support to a widow and three small children of a World War II veteran was offered last night by the Veterans of Foreign Wars, Shelby L. Surratt, spokesman for the club, said.

Surratt said that the 42 members present voted unanimously to give immediate financial aid to the family. They plan to offer to see that a small son who is wearing a cast from a recent attack of polio is taken to the Gonzales Home for crippled children for treatment and aid in recovering from the polio.

"The club will also offer the family the services of the VFW National Home at Eaton Rapids, Mich., where she can take her family and live the rest of her life, and educate her children at no cost to the government," Surratt said.

Special services officer of the club, Burney Kent, has investigated the case and found that the family was left without any means of support when the husband, an oilfield worker, died of a heart attack recently, he said.

Amputee Visits Parents Here

M-Sgt. Johnny J. Pitner, Snyder National Guardsman whose leg was amputated last June after it was injured during guard encampment at Fort Hood, is visiting here this week at the home of his parents, Mr. and Mrs. John Pitner, East Thirty-seventh Street.

Pitner last week was transferred from Brooke Army Hospital in San Antonio to the veterans hospital at McKinney. He said this week that he will probably be at McKinney for about two months.

An artificial leg is being made in Dallas for Pitner, and he will learn to use it at the hospital. He now uses crutches. He is driving a new automatic drive automobile, which requires only the use of one leg.

Pitner said he is "doing fine," awaiting the time he can be discharged from the hospital. He is also awaiting discharge from the Army. He was retained on active duty when he was injured and taken to the hospital.

The guardsman was injured during field training at Fort Hood when a machine gun misfired and exploded. He was training with Snyder's Co. D, 112th Armored Cavalry.

Honor Students In Hermleigh

Honor students in Hermleigh elementary and high school have been announced by A. L. Kerby and James Norwood, principals of the school.

Elementary students must have an A average to qualify for the listing, while high school students must have a minimum average of 88.

Elementary students on the list are Billy Don Crenshaw, Sonny Darden, Ginger Hanson, Marvis Hanson, Dane Hudnall, Wanda Hudgins, Rodney Mayo, Stanley McGlothlin, Marcia Moore, Lyndia Kight, Karen Schulze, Kenneth Wilcox, Pete Greene, Ronda Kay Glass, Daniel Kuss, Geneva Walton, Marian Reeves, Barbara Sue Peterson, Brenda Hobbs, Dorothy Freytag, Carolyn Ann Clift, Ramona May, Helen Stirl, Verla Tolleson, Douglas Foster, Jane Beeks, Larry Darden, W. D. Buchanan, Tommy Freytag, Delbert Parker, Donald McHaney, Jimmy Neblett, Virginia Williams, Mickey Winter, Bruce Withers, Judy Spykes, Arlon Groves and Donald Joe May.

High school students are Betty Jo Whitehead, Wanda Vandiver, Nelda Kruger, Betty Hillis, Delbert Hess, Billisue Groves, Juanita Simmons, Jean Robinson, Kemp McMillan, Sue Ann Mayo, Patsy Davidson, Carl Bayless, Genetta Sutterfield, Collene Mason, Leonard Groves, Tom Etheredge, T. J. Hillis, E. J. Walton, Clarence Stahl.

Addison Casstevens, West Ridge Heights, was taken by Bolger ambulance to Lubbock Memorial Hospital last night, where he was entered as a medical patient.

Hospital Is Holding Open House Tonight

The Root Memorial Hospital in Colorado City is observing open house from 6 to 9 o'clock tonight, having recently completed a remodeling project, according to Edgar Taylor, county judge here, who has been invited to attend.

The invitation of Charles L. Root, hospital administrator, said the project included remodeling architecturally both externally and internally, installation of new equipment, a new audible communications system between nurses and patient and a new menu-type warm food system.

Snyder Man's Mother Dies In Winters

Funeral services for Mrs. W. A. Danford, 74, of Winters, will be held at 3:30 this afternoon in the First Baptist Church there.

Mrs. Danford, a resident of Winters for 47 years, was the mother of Mrs. Marvin Smith of Snyder. The Rev. Jack Dean, pastor of the North Side Baptist Church here, will assist the Rev. W. T. Hamor in conducting the funeral services.

Survivors in addition to Mrs. Smith include three other daughters and five sons.

Services Today For Mrs. T. H. Warren

Funeral services were to be held at 2:30 o'clock this afternoon for Mrs. Lucy Lora Warren, 84, who died Sunday morning in a Dallas hospital.

Mrs. Warren had been a resident of Scurry County for 38 years. Her husband, Thomas H. Warren, died in 1929.

Services were to be held in the First Baptist Church, with the Rev. R. E. Bratton of Post officiating. Burial was to be in the Ira Cemetery under direction of Bolger Funeral Home.

Miss Nancy Cross, the daughter of Mr. and Mrs. I. S. Cross of Snyder, has enrolled as a sophomore at Mary Hardin-Baylor College. She has been elected social chairman of the Future Business Leaders of American chapter at the college.

NOW REDUCE FOR JUST $1.69

Here is a sensible way to help you take off weight that is not based on the rigid diet and vitamin "plan." You eat all you want, but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates. This is the Barcentrate way. Just ask your druggist for four ounces of liquid Barcentrate. Mix with grapefruit juice as directed on label and take according to directions.

Mrs. J. B. Morgan, Route 3, Crockett, Texas, lost 43 pounds taking Barcentrate, reducing from 171 to 128 pounds.

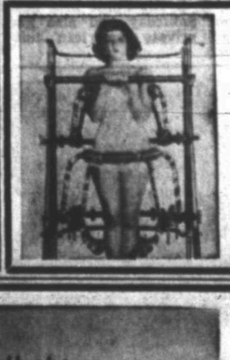

Here! Now! Imported HOLLAND BULBS!

Sharon Ridge 1700 Gets New Producer

Prior & Prior of Abilene No. 3 Wellborn has been completed as a new Sharon Ridge 1700 field producer.

The well pumped 24 hours for a potential of 21 barrels of 31-gravity oil with no water. Production is from perforations at 1,725-745 feet. Gas-oil ratio on the test was 300-1.

The No. 3 Wellborn was drilled 330 feet from west and 990 feet from north lines of the lease in section 102-97-H&TC.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: Mrs. T. O. Keen, Snyder.

Dismissals: Mrs. G. M. Hoyle, and baby, Snyder; Jimmy Farmer, 2700 Avenue F; Mrs. W. C. Sheldon, Snyder.

Buffington Services Held This Morning

Funeral services were held at 11 o'clock this morning for James Napoleon Buffington, 75, who died here Sunday night.

Mr. Buffington was a retired farmer, living in Snyder at 2608 Avenue Q. He had lived here since 1942.

Services were held at the Twenty-fifth Street Church of Christ, with Rev. Ted Norton officiating. Burial was in the Snyder Cemetery under direction of Bell Funeral Home.

Mrs. Smith Returns From Father's Rites

Mrs. Nellie Smith, 3800 Noble Drive, returned Sunday from Bakersfield Cal., where she attended funeral services for her father, E. M. Taylor.

Mr. Taylor, 84, a resident of Snyder from 1924-1931, had lived in Bakersfield since moving from Snyder. He was a barber.

Survivors include the wife, two sons and three daughters.

PERSONALS

Mrs. Robert F. Wasson, 300 Thirty-seventh Street, has been in Seguin the last few days, due to the illness and death of her grandmother.

Mr. and Mrs. James True of Midland visited over the weekend in the home of Mrs. True's mother, Mrs. E. E. Weathersbee, 1708 Twenty-seventh Street.

Dr. and Mrs. Robert Hargrove attended the Texas Tech and College of Pacific football game at Lubbock Saturday night.

Pvt. Billie L. Holley, the son of Mr. and Mrs. Loyd Holley, 3204 Avenue L, has completed a 16-week basic training course at Camp Roberts, Cal.

Mrs. Robert Melcher, Lubbock, visited her parents, Mr. and Mrs. S. D. Hayes, Lamesa highway, over the weekend.

Administration Thinks About New Wage Floor

WASHINGTON (AP) — The Eisenhower administration was reported today seriously considering asking Congress to increase the present 75 - cent - an - hour minimum wage.

Former Secretary of Labor Martin P. Durkin had decided before he resigned last month to ask White House clearance for a request to raise the minimum to $1.

Durkin's successor, James P. Mitchell, is now putting finishing touches on all the department's legislative proposals. Responsible sources, both on Capitol Hill and in the Labor Department, said they think Mitchell will give full support to a higher minimum wage and that the odds are in favor of White House endorsement.

Funeral For Mother Of Snyderite Wednesday

Final services for Mrs. Dovie E. Edwards of San Angelo, the mother of J. F. DeVoll of Snyder, will be held at 3 o'clck Wednesday in the Robert Lee Methodist Church. Mrs. Edwards, 66, died Monday afternoon in Sweetwater Hospital.

Mrs. Edwards was born in Bandera County and lived in the Robert Lee-Sanco area from 1910 until 1948. She was married to William Edwards at Robert Lee in 1948 following the death of her first husband in 1945.

Survivors in addition to the husband and son here include two other sons, a step-son and three daughters.

Because cats were associated with witches, several attempts were made to wipe them out during the Middle Ages and some authorities think outbreaks of the plague were brought about because of the resulting increase in the number of rats.

Ready for gift wrapping on any occasion are these pillowcases made by Mrs. Billy Joe Clifton. Sewing provides her with a variety of gifts the year around.

SOCIETY SCRIBBLINGS

Hermleigh Seamstress Can Make Of Her Own Gifts

It's never too late to start Christmas shopping if you have gifts in your own home from which to choose—and it's never too early to start stocking them there.

Mrs. BILLY JOE CLIFTON of Hermleigh is one wise seamstress who makes many of her own gifts, and already has several ready to be gift-wrapped. There aren't as many on hand as Christmas giving will require, but her handwork has already found uses as birthday and other special occasion presents.

Several of the gifts Mrs. Clifton is now completing are pillowcase sets, party aprons and dresser sets. These items are useful gifts for club Christmas party gifts, since they can be used in any home. The fabrics and colors afford variety, and even in the pillowcases there is little duplication of exactly the same idea.

For decoration, Mrs. Clifton uses her sewing machine. It is equipped with attachments for embroidering and other decorative stitches. Although Mrs. Clifton isn't what she calls an experienced seamstress, the results are professional-looking and not overly expensive in view of what her gifts would be at retail cost.

A cover-up bib is another gift Mrs. Clifton has found easy to make. The bib is made from a retangular piece of cloth with half moon cut outs for the arm holes. A drawstring run through the top hem of the garment ties in the back to hold the bib securely in place. It's wonderful protection for the clothing of a young child just learning to eat alone, as Mrs. Clifton found out with her own small daughter, and lies flat for quick ironing.

Curtains and drapes for the Clifton house have also come from Mrs. Clifton's sewing machine. Her mother-in-law, Mrs. C. A. CLIFTON, helped her make up a pattern for bright-colored kitchen curtains. Diamond shaped pieces of multi-colored cotton material were joined at the points to make the curtains, with bands of the same colors used for a cornice effect. Mrs. Clifton's mother, Mrs. EMIL SCHATTEL, who also lives nearby, is another source for new ideas in sewing.

TO CELEBRATE

Mr. and Mrs. W. R. HORTON will celebrate their golden wedding anniversary Sunday. They invite their friends to call between the hours of 2:30 and 6 o'clock Sunday afternoon at the home of their daughter, Mrs. J. D. Curtis, 3401 Avenue A.

BOOK REVIEW

A new book set in the era of the Civil War will be presented for Book Review members Thursday afternoon by Mrs. SHERWOOD AVERY of Dallas. The book is Harnett Kane's "The Lady of Arlington," and Mary Custis Lee, the wife of Gen. Robert E. Lee, is its central figure. Kane read his way through volumes of letters and documents of the Lee family in doing research for the book, and omits details of the better known historical facts of Lee's career to bring out more personal incidents.

Membership in the Book Review Club is open, and prospective new members may contact Mrs. GENE DULANEY for information.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

For something good and inexpensive to serve large groups of small-fry for Halloween "trick-or-treat," try the following recipe, which makes 100 cookies.

MOLASSES DROP COOKIES

12 ounces or 1½ cups fat
9 ounces sugar, brown
4 eggs, beaten
1½ cups molasses
6 cups flour
1 tablespoon ginger
1 tablespoon cinnamon
2 teaspoons salt
1½ tablespoons baking powder
¾ teaspoon soda
2 teaspoons vinegar
1½ cups water

Cream fat and sugar in mixer at low or second speed three to five minutes. Add eggs and molasses and continue mixing until thoroughly blended. Sift flour, spice, salt, baking powder and soda together twice. Combine vinegar and water. Add sifted ingredients to creamed mixture in three portions alternately with liquid in two tions. Two cups raisins may be added, if desired. Drop by teaspoonfuls onto greased baking sheets. Bake at 350 degrees F. 10 to 12 minutes.

• • •

Cutting a criss-cross in the top of baked potatoes as soon as they are ready allows steam to escape and prevents them from becoming soggy.

2 APRONS — 1 PATTERN!

Whether you prefer the bib-top apron or the little tea style, this pattern offers you both for gifts or for yourself. Each has its own feminine and distinct personality and can be made from a minimum of fabric

No. 2923 is cut in small, medium, large and extra large sizes. Medium apron with bib-top, 2⅛ yds. 35-in. Tea apron, only 2 yds. 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Cid Chelsa Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

Miss Lampp Becomes Bride Of Mr. Hageman Saturday

Miss Anna Florence Lampp of Midland became the bride of Dorace Jess Hageman of Crossroads, N.M., in a double ring ceremony at the First Methodist Church in Midland Saturday.

The bridegroom is the son of Mr. and Mrs. Jess A. Hageman, Burkburnett, and is a former resident of Snyder.

The Rev. R. Luther Kirk read the ceremony. John S. Black of Snyder was best man. The matron of honor was Mrs. Arthur P. Buchanan, Lubbock, sister of the bride.

The bride was given in marriage by her father and wore a dress of russet rose beige over candlelight taffeta. The hat of matching net over taffeta was embroidered with tiny seed pearls. She carried a large cream glamalia, surrounded by buds and baby's breath, on a white Bible. Brown suede opera pumps completed the ensemble.

Her matron of honor wore a moss green velvet dress. Her half hat was of the same velvet, and her opera pumps were of deep russet velvet. She carried a hand bouquet of beige spider mums.

Following their wedding trip to points in East Texas and Louisiana, the couple will be at home in Tatum, N.Y., after Nov. 1.

The bridegroom is employed by Magnolia Pipeline Co., and is now assigned to Crossroads.

MRS. D. J. HAGEMAN

If You Look At The Figures, Anything Can Happen In Loop

By DALE WALTON

At least one of the three top teams in District 1-3A standings is due to fall Friday as the loop race continues.

The Vernon-Big Spring game will be the highlight game of the district, since each has won a conference game. The game will be played at Big Spring, while Snyder will visit Breckenridge, Sweetwater will go to Plainview, and Lamesa will host Austin of El Paso in a non-district game.

Figuring by past scores only, a fan could not accurately favor either Big Spring or Vernon. Big Spring lost to San Angelo 27-26, which tied Sweetwater 14-14, which beat Levelland 34-0, which lost to Snyder 32-0, which lost to Vernon 20-0 On that basis, Big Spring would figure to be a one point underdog to Sweetwater, 33 points better than Levelland, one point better than Snyder, and 19 points under Vernon.

On the other hand Vernon lost to Wichita Falls 16-7, which lost to Breckenridge 12-0, which lost to Abilene 19-6, which tied Sweetwater 13-13, which tied San Angelo 14-14, which beat Big Spring 27-26. That would make Vernon 21 points worse than Breckenridge, 34 worse than Abilene, Sweetwater, and San Angelo, and 33 worse than Big Spring, as compared to its 19-point advantage figuring the other way.

Big Spring now holds a 2-2 season record and 1-0 district record. It has scored 71 points to opponents' 52, or a game average of 18-13. Last week Big Spring downed Plainview 32-0.

Vernon has a 3-2 season record and 1-0 district record. Its season score is 88 to opponents' 42, or an average of 18-8. It downed Snyder 20-0 last week.

Snyder, playing against Vernon last week far below the caliber it showed against Levelland and Bowie of El Paso will have a rough opponent in Breckenridge, which is defending state champion

Like the comparisons made between Big Spring and Vernon, Snyder and Breckenrige could each be favored. Snyder beat Thomas Jefferson of El Paso 61-0, which lost to Lamesa 55-6, which lost to Breckenridge 34-7, giving Snyder a 12-point lean over Lamesa and Breckenridge 15 points over Snyder.

Looking at it another way, Snyder downed Levelland 32-0, which lost to Sweetwater 34-0, which tied Abilene 13-13, which downed Breckenridge 19-6. That would put Snyder two points behind Sweetwater and Abilene and 11 points over Breckenridge.

Snyder has a 4-1 season record, the same as that of Breckenridge. The Tigers have scored 133 points to opponents' 32, an average of 27-6. Their district record is 0-1, while that of Breckenridge is 1-0. The Bucks have tallied 125 points to foes' 45, averaging 25-7. They downed Lamesa 34-7 last week.

The Sweetwater-Plainview game may also prove rough because of Sweetwater's good offense and Plainview's heavy defense. However, two ways of figuring would put Sweetwtter on top.

Sweetwater downed Levelland 34-0, which beat El Paso High 19-0, which lost to Plainview 26-14 That would give Sweetwater a 53-point lead on El Paso High and 41 points over Plainview. Another series of games shows Plainview's 32-0 loss to Big Spring, which lost to San Angelo 27-26, which tied Sweetwater 14-14. That gives Sweetwater 33 points over Plainview.

Sweetwater's season record is two wins, two ties, and no losses. It is the only undefeated team in the district, but it has not yet played a district game. Last week, the Ponies downed Northside of Fort Worth 33-21. The team has scored 94 points to opponents' 48, an average of 23-12.

Plainview holds a 2-3 season and 0-1 district record, and it has scored 90 points to opponents' 84, averaging 18-17.

Lamesa might be figured at least six points better than Austin of El Paso, since Breckenridge downed that team by a 33-point margin and beat Lamesa by only 27 points.

Coaches Not Agreed About One Platoon

By ED CORRIGAN

NEW YORK (AP)—Now that the coaches have had a chance to get used to the one-platoon system of football and work the bugs out, you'd think there would be some agreement among them on its benefits, if any.

There isn't.

The Associated Press today asked seven well-known coaches around the country how they were doing. Two said they liked it, three couldn't see it at all, and two more merely pointed to some of its problems. The most outspoken against it were Army's Earl (Red) Blaik and Princeton's Charlie Caldwell.

Red Sanders of UCLA, the favorite in the Pacific Coast Conference until it was beaten by Stanford last week, admits that it isn't doing his team any good, but that it's best for football over the long run.

George Sauer of Baylor, the team that could walk off with the Southwest Conference title, still likes it. He predicted before the season started that high scores would continue and that a good player could go 60 minutes. He also thinks it has helped his defense.

Army's Blaik, whose team rose to a 14-13 upset over Duke in its last outing, says the one-platoon system goes against the concept of present-day education.

"The boys are too tired to study on Sunday when they should be studying," he said. "Our kids were so knocked out we had to cut some of their uniforms off after the Duke game."

Said Caldwell, whose club has lost but two games in the last 32, including last week's 65-7 slaughter at the hands of Navy;

"The rules makers weren't thinking of the boys when they installed the one-platoon system. It requires more stamina from the boys. The kids on my team don't like it at all and therefore I don't like it."

Georgia Tech's Bobby Dodd, who has guided his club to a 31-game defeatless skein, is still opposed to the new rule. He said he has had to use Dave Davis, his top punter a great deal, although he is only a third-string end, because plans to use spot kickers proved unsatisfactory.

"We don't see where it helped in any way," he commented. "We still are playing two teams just as we did last year, but half the time the boys are forced to play a type of football they do not excel in."

Frank Leahy of Notre Dame, the No. 1 team in the country in the Associated Press rankings, and Ray Elliot of Illinois, a contender for the Big Ten title, did not voice definite opinions but instead pointed to some problems.

Elliot said he was troubled because of the rise in injuries which he attributes to the players being in action more.

Leahy said there was a hesitancy to substitute during certain periods of the game.

Jockey Making Comeback Gets Ahead Quickly

NEW YORK (AP)—Old-timers as well as present-day racing officials and observers agreed today that Earl Sande hasn't lost any of the riding skill that made him the nation's premier jockey in the Golden Twenties.

It is just that at the age of 54 years, "the Handy Guy" doesn't have the stamina to ride a full day's program every afternoon—something Sande himself is first to admit.

"He still has the quality that makes great riders," said Marshall Cassidy, steward representing the Jockey Club at New York tracks.

Cassidy is one of racing's experts who saw Sande when he roared out of the West in 1918 to begin a career matched by few in the annals of the sport.

"From the stands, he looks almost identical to the Sande of 25 years ago, crouching low and with his head down riding all out to win. You recognize him instantly," Cassidy said.

Eddie Arcaro, arknowledged the top rider of the present generation, said he wouldn't compare the Sande of today with other years.

"I was just starting out West when Sande retired, and I never saw him then. I have seen him a few times since he returned, and I think he'll make the grade, for he looks awfully good on a horse.

"But, it all boils down to the kind of horses he gets. He hasn't had a lot of good ones yet, but we're all rooting for him."

Another who was impressed with the grey-haired rider who's back in the saddle because "I need the money" is Clem McCarthy, the veteran announcer.

"I guess I saw him ride in 200 races, many of his greatest," said McCarthy. "When I saw him again the other day, I could see that he'll teach a lot of the younger riders how it should be done."

Sande, who said he felt fine, had no illusions about taking six or seven mounts an afternoon at his age.

"Naturally, it isn't in the cards to ride as often as I used to, because it is physically impossible.

Baylor Ranks Sixth In U.S.

NEW YORK (AP)—Notre Dame is leading the national football ranking list for the fourth straight week, but next Saturday the Fighting Irish face a double threat to their hold on first place.

After last week's 23-14 victory over Pittsburgh, Notre Dame polled 57 first-places votes out of 134 cast in the fourth weekly Associated Press ranking poll. The Irish haven't been displaced since the nation's sports writers and broadcasters picked them in the preseason poll as the team most likely to succeed.

But their two closest rivals in the weekly balloting, Michigan State and Maryland, were closer than ever before when the points were totaled up on the usual basis of 10 points for a first-place vote, nine for second, etc.

Notre Dame wound up with 1,153 points and a margin of only 46 points over runner-up Michigan State. A week ago, Notre Dame had 74 first-place votes and 1,226 points to 14 and 977 for Michigan State.

Not only is the balloting closer, but on Saturday Notre Dame must meet fourth-ranked Georgia Tech in a game that could completely upset the standings. Tech, a team that didn't show much offense in its early games, got started against Tulane a week ago and rolled over threatening Auburn by a 36-6 count last Saturday to climb from sixth place to fourth in the rankings.

Michigan State, an easy winner over Indiana, collected 31 votes for first place and 1,107 points this week while Maryland, breezing past North Carolina as easily as its earlier opponents, polled 27 firsts and 1,004 points. Georgia Tech, with only three firsts, received 769 points.

Rounding out the first 10 are Michigan, Baylor, Illinois, West Virginia, Oklahoma and Navy.

The top 10 (first-place votes in parentheses):

1.	Notre Dame (57)	1153
2.	Michigan State (31)	1107
3.	Maryland (27)	1004
4.	Georgia Tech (3)	769
5.	Michigan	683
6.	Baylor (1)	623
7.	Illinois (1)	531
8.	West Virginia (12)	299
9.	Oklahoma (1)	277
10.	Navy	173

Two Films Will Be Shown To Boosters

Two films will be shown tonight when members of the Quarterback Club meet at 7:30 o'clock in the high school cafeteria.

The films will be Humble's highlights of the Southwest Conference for 1952 and the Vernon-Snyder game played last week.

Speedy Moffett, head football coach, and other coaches, will discuss the coming Snyder-Breckenridge game with the club.

Mr. and Mrs. Paul Cates and children of Lubbock were Sunday guests of Mrs. Cates sister, Mrs. Whit Thompson, Jr. and family, route 1.

Shoemaker Goes Two Days Without Winner

ALBANY, Calif. (AP)—For the first time in many months, world jockey champion Willie Shoemaker has gone two straight days without a winner.

Shoes was blanked on six mounts yesterday, and on eight Saturday. That's 14 straight.

Last Friday he rode two winners to run his year's victories to 392 and break Tony DeSpirito's 390 record set last year.

"Full of Pep" at 75!
How's YOUR Pep at 40, 50, 60?
You know his name as well as you do your own. You've read in the newspapers that at 75 he feels like he did 25 years ago—at 50. Proves it's not natural for you to feel exhausted, old at only 40, 50 or 60. But you can feel old indeed if your blood lacks iron. Try new, higher-potency Ostrex Tonic Tablets. Contain plenty of the iron you may need for pep and vitality; also supplement doses vitamins B1 and B12. Ostrex has helped thousands who felt old, worn-out solely because blood lacked iron; they have new pep, vim and vitality; they feel years younger. Try it today. 7-day trial size costs little. Also ask to see big popular money-saving Economy size.

Penn Gets Very Little Consolation About Game Coming Up Saturday

PHILADELPHIA (AP) — The Red and Blue gridders of the University of Pennsylvania, smarting under consecutive defeats by California and Ohio State, got little consolation from their backfield coach yesterday.

Bill Talerico, who scouted Navy at their roughshod 65-7 victory over Princeton last Saturday, reports the Middies are the best football team out of Annapolis since 1945. That's the last year the Midshipmen marched off Franklin Field with a victory over Penn in the annual rivalry.

The two clash again Saturday with Penn a decided underdog. Last year's contest ended in a 7-7 deadlock.

Star End Is Back In Lineup After Injury

VILLANOVA, Pa. (AP) — Sophomore end Don McComb, one of Villanova's bright football prospects this year, has recovered sufficiently from a head injury to play against Kentucky this Saturday.

McComb was hurt in Friday night's 27-0 loss to Detroit University. Dr. J. S. Nicholas pronounced him fit for Saturday's game after an examination yesterday.

SPORTS ROUNDUP

Blaik's Boys Tired; East Teams Worse Than Kansas

By GAYLE TALBOT

NEW YORK (AP)—If Coach Earl (Red) Blaik of the Army football team had not previously been recognized as a man of rare distinction, there would be no denying him the accolade now.

Within minutes after his reviving Cadets had upset the Duke Blue Devils at the Polo Grounds last Saturday, the master was on the phone to tell a somewhat startled Associated Press reporter that he still didn't like it—that is, one-platoon football. One can only believe now that Red really means it.

The man who perhaps did more than any other coach to make the two-platoon game fashionable said that his boys were worn to a frazzle, especially those among them who had battled the invaders for the full hour without relief. He hated to think how the losers must have felt. His voice was filled with compassion.

Blaik, as it happens, is a sincere man. He feels that the new rule is a bad one and he will be fighting it the next time you hear from him, whether in victory or defeat. One reason: those Army players who reached the point of exhaustion Saturday afternoon were back on the job at 5:15 a.m. Monday, just when most of our gridiron heroes were turning over to get their beauty sleep.

Our favorite line of football weekend came from the free-wheeling typewriter of Skipper Patrick, a noted expert on affairs of the Big Seven Conference. He referred casually to the Kansas State Wildcats as "until this season the worst team in major college football for a decade."

It's when a football writer begins making such irresponsible statements as that that he finds himself in trouble. Patrick is in the position of not being able to prove his assertion. The chances are he hasn't personally witnessed an Eastern college game in the past 10 years, so how can he be so dogmatic on a touchy subject?

Without going back through the entire decade in debate, we have cats' record for the past two seasons and note that in each of them they did score one victory. Last year, for instance, they won their opener from Bradley by 21-7. They must have played some pretty good football in that one.

If he insists upon making an issue of it, Patrick will find that we Eastern experts are a proud people. Our worst teams don't even hold spring practice, which is bound to give them a big advantage over an upstart from the Midwest.

SHOW WINDOW OF SCURRY COUNTY — Over 6,000 People Look In This "Show Window" Each Day

College graduates are having more children, a study by the Population Reference Bureau shows. Women graduates of the class of 1943, now married, already have more children than those who graduated 25 years ago, on the average, and men in the same class have almost as many. But, the bureau warns, college graduates do not yet reproduce themselves in the population of the United States.

WILL LIGHTNING STRIKE?

Here Are 10 Sure-Fire Ways To Kiss Your Loving Wife

By HAL BOYLE

NEW YORK, (AP)—How should a husband kiss his wife?

A smart man today learns early that romance means more than bread to a sturdy woman, and that if he but learns to kiss her so as to stir a thrilling echo in her bones she willingly will go out and tote home the bacon herself. And the nice thing is we live in a world where there's a job waiting for every able-bodied woman as well as every able-minded man.

The big trouble here is that nine out of ten husbands are sure they know how to kiss their wives, and nine out of ten wives think their husbands are wrong.

The truth lies somewhere in between.

A safe rule for husbands to follow is to assume that no wife really knows how she wants to be kissed. She just wants to brag afterward that she was.

Then all he has to do is give her—at least once every five years—each of the following standard kisses:

1. The I-Love-You-Truly family kiss—peck her on the cheek and run for the door that leads to your job.

2. The little boy kiss—spread jam across your mouth after breakfast and then rub your face all over her face tenderly until she cries "Uncle."

3. Little girl kiss—you come home, pick her up, shake her shoes off, bend over, press your lips at the point where her hair dye leaks across her sloping forehead. Count five before asking: "What's for dinner?"

4. The bear hug kiss—do as above, except you squeeze her until her backbone crackles like popcorn.

5. The caveman kiss—as above, except don't shave for two days before, and growl during performance.

6. The torrid Latin kiss—sunburn your lips until they blister, press them feverishly against your wife's, whisper "what is money to art?" The next morning ask her for four bits more for lunch money and you'll know the answer.

7. The pale reproach kiss—you have done something wrong, and your wife knows it, so you must make her feel guilty. Purse your mouth like a guppy, and as she quivers forgivingly toward you circle around her flapping gills, brush against her jowls and swim off, whimpering, "Life...Life... Life."

8. The melting kiss—to be used only by poets. You take a lump of butter in your mouth, grab your wife and bend her over like the glad rag doll she is. Kiss her madly. When the butter has melted, let her drop to the floor. Any wife is sure to fall for a husband like that.

9. The out-of-bounds kiss—this one is for husbands kissing another husband's wife in the kitchen during a cocktail party. Open your mouth in surprise and pretend you bumped into her by mistake. Caution is the better part of ardor.

10. The all-purpose kiss—attach your face to the object of your affection and then 10 times softly mumble, "Mississippi...Mississippi ...Mississippi." If she shows sign of swooning, quickly go "Putt... Puttt...Putttt..." like an outboard motor That'll wake her up.

Whichever way you kiss your wife, be sure to close your eyes, then open them gradually and murmur, "You'...You'..."—and, as you pull back...?

Fellows, it's that question mark that does it!

It leaves her with a great big doubt whether lightning like that will ever strike twice.

More Federal Buying Asked By Sen. Malone

WASHINGTON (AP)—Sen. Malone (R-Nev) said today a congressional probe of the nation's stockpiles of critical metals had shown most of them to be "in bad shape."

Malone told a reporter the investigation, being conducted by a Senate subcommittee he heads, had convinced him that:

1. The rate of stockpiling should be stepped up sharply.

2. The United States should do all in its power to develop sources of strategic materials within its borders and in the rest of the Western Hemisphere.

Takes Awhile, But Bears Can Be Subdued

YUBA CITY, Calif. (AP)—A cripple confined to a wheel chair for 40 years yesterday related how he held off, then killed a 226-pound black bear in northern California's deer-hunting country.

Bryan Arritt, 50, was seated when he spotted a bear 60 feet away on a hillside while friends sought to drive a deer toward him.

He had four shells in his .300 rifle.

"The first one caught him in the shoulder," said Arritt. "He got up and charged me. The next one got him in the front leg. As he came down I got him again under the right eye. I fired my last shell and hit him in the hind leg.

"He got up and came at me again. When he got about a foot and a half away, I poked him off with the barrel of my gun. The blood kept spattering all over me. He circled me. I threw a couple of rocks at him."

Arritt said he managed to get another shell in the gun.

"When he came in close, I let him have it between the eyes. He was pretty dead then."

End To Drop In Price Of Cattle Is Seen

WASHINGTON (AP)—The Agriculture Department foresaw an end today to the persistent drop of cattle prices, one of the big farm problems plaguing Secretary of Agriculture Benson.

Prices in 1954 are not expected to average lower than this year, but are not likely to regain their levels of a year or two ago, the department said. Cattle prices have been trending downward for more than a year.

The prospect for next year, the department said, is for continued large slaughter but more price stability for cattle. Hog production will increase next year with some lowering of prices in the fall, it said.

About a week ago the House Agriculture Committee adopted resolutions calling upon Benson to increase purchases of beef to support the low grade cattle market and urging a direct price support program on choice grades through 1954.

Benson has said repeatedly a direct price support program for cattle would be costly and difficult to administer. But, after the committee acted, Benson said he is asking the livestock and meat industry for its advice. He has voiced confidence the nation is "eating its way out" of a beef surplus.

The secretary also is checking the difference paid to the cattle producer and the price being charged the housewife in the butchershops to see if markups are too large.

Here is a brief sizeup of the cattle situation as the department reported it:

After four years of expansion the upswing in cattle production has been halted. The cattle inventory next January will be little different from last January. Total beef production may be a little smaller than in 1953.

Beef consumption per person may drop slightly in 1954, but demand for meat is expected to continue strong.

More stability in cattle prices is likely next year than in 1953.

The supply of fed beef next year is likely to be smaller than this year but the supply of grass beef will be as large as this year. No great overall change in meat prices is likely.

The department said the forecasts of probable supplies are based on assumption that no widespread drouth or sharply weakened demand for meat will appear.

The number of cattle and calves on farms increased from 77 to 94 million between 1949 and 1953. Prices of cattle were at all-time highs in 1951 but slumped in early 1952 and broke later in that year and again in 1953.

The 1953 pig crop of about 84 million is a 5-year low. Prices of hogs have been higher than in any other year except 1947 and 1948. The 1954 spring pig crop is expected to be up 5 per cent or more from the 1953 crop.

Sweet Potato Chips Coming

STILLWATER, Okla. (AP) — The lowly yam finally may get in the chips—sweet potato chips, that is.

After studying the surplus yam situation for years, scientists at Oklahoma A&M think they've finally hit on a solution.

If you can make potato chips from regular potatoes, why not frup up sweet potatoes?

Frank Cross, head of the horticulture department, says experiments show the new chips may soon be the nibbling sensation.

They're big, golden yellow and crisp with the sweet - potato flavor brought out.

Some of the first experimental chips have been served this month at field days around Oklahoma and a survey of those munching the delicacy show they're enthusiastic.

"Besides being colorful and tasty, the chips made from sweet potatoes are healthier," Cross pointed out. "They have all the nourishment of regular potato chips plus vitamins."

Only a small part of the sweet potatoes harvest can be sent to the grocers because the majority is jumbo size and too big and pithy for the table.

However, these big ones are perfect for making sweet potato chips. The sweet potatoes are processed for chips virtually the same as Irish potatoes.

U.S. Has Talked Too Much About Weapons, Research Director Says

NEW YORK (AP)—Dr. Vannevar Bush, wartime director of the office of Scientific Research and Development, says the United States has "erred gravely" in publishing technical facts about weapons development.

He told the American Institute of Consulting Engineers last night that such publicity is "shortsighted and will probably cost us dear."

Bush, who was an honored guest at the institute's annual dinner, said military planning at the highest level must be done secretly and without the pressure of public review or "horseback opinions of columnists."

No Gadgets In Russia Able To Catch On

NEW YORK (AP) — Technological progress has made life in the United States much easier, but the average Russian is still afraid of new time-saving gadgets.

This comparison was presented indirectly yesterday in seven separate speeches at the 22nd annual forum of the New York Herald Tribune.

Six experts on living conditions in this country agreed that American designers, architects, artists and industrialists have made great progress in giving Americans clean homes, healthful working conditions, innumerable timesaving devices and gadgets.

The seventh speaker, Associated Press Correspondent Eddy Gilmore, who has been chief of the AP Moscow bureau for 12 years, described life in Russia.

Gilmore said the Soviets blatantly copy American industrial designs but do not fare too well. He said the Russians do not like modern gadgets and are mystified by them. Gadgets "seem to be too much trouble," Gilmore said.

While his Russian refrigerator was "fairly economical," Gilmore said, "it just wouldn't make ice in the summertime." He also recalled that servants refused to use his steam iron, his electric washing machine and his vacuum cleaner.

Americans show no hesitation in using such devices, the other six speakers indicated.

However, the six wondered what has been done to provide Americans with useful and beneficial means of spending their leisure time. One speaker estimated such time as 1,000 hours more per year than in the age of his grandfather.

The six speakers were Henry R. Williams, architect and consultant from Los Angeles; George Nakashima, woodworker of New Hope, Pa.; Arthur A. Houghton Jr., president of Stueben Glass Inc.; Charles Edwin Odegaard, dean of the College of Literature, Science and the Arts, University of Michigan, and Francis Henry Taylor, director of the Metropolitan Museum of Art in New York.

Win For Fair Trade Laws In Supreme Court

WASHINGTON (AP)—The Supreme Court has refused to act on the first attack on the new federal "fair trade" law to reach it, but this does not necessarily mean the door has been closed to more challenges.

It does mean that the decision by a U. S. District Court in New Orleans upholding the law will stand unless there is an adverse ruling later.

The law allows manufacturers, by agreement with retailers, to set prices at which products will be sold to consumers in the 45 states which have "fair trade" laws.

Even if signed by only one retailer in a state, the agreement is made binding on all other dealers in that state—including those who refused to sign.

Schwegmann Brothers Giant Super Market of New Orleans challenged constitutionality of the law in a petition which the Supreme Court rejected yesterday.

Last week the court refused to consider an appeal from a ruling of the Georgia Supreme Court that the state's trade law was illegal.

Schwegmann had petitioned the high tribunal to overrule federal courts in New Orleans which ordered the market to sell Eli Lilly and Co. insulin at the state "fair trade" price of $2.83. Schwegmann, a nonsigner, had sold the product for $2.08.

The Supreme Court has said in connection with similar actions in the past that such a rejection of an appeal has no conclusive legal significance. The rejection lets a lower court's decision stand at least for the time being as the law within its own jurisdiction. But it does not declare approval of anything said by lower courts in support of their decision.
