Hobbs Undertaker Dies From Wounds; Man Held

C. DOBBINS IS VICTIM OF GUN AFFRAY

ONE MAN BEING HELD IN CONNECTION WITH CASE TODAY

Charges of murder are being filed this afternoon in Lovington, N. M., against a Hobbs barber, following the fatal shooting late Saturday in Hobbs of Charles Dobbins, 54-year-old undertaker. A preliminary hearing was slated before Judge Tomlinson, of Lovington, this afternoon at 2:30 o'clock.

Dobbins was shot twice, with a .41 calibre pistol, one bullet entering the left breast near the heart and the other entering the right breast. The other man surrendered to officers shortly afterwards.

Immediately following the shooting, which occurred at the rear of the barber shop, Dobbins was placed in an ambulance for transfer to Lubbock for medical attention. He died, however, before the automobile could reach this city.

Result of Quarrel
The shooting was said to have resulted when the men quarreled over the lease to a small building occupied by the barber shop and owned by Dobbins. According to witnesses, there being several to the affair, Dobbins was eating supper in the rear of his establishment with his wife when he noticed a tiny blade under a water heater at rear of the barber shop. He saw the blade Dobbins went into the barber shop and the quarrel and shooting followed.

Dobbins' body was brought to Rix-Sanders funeral home in Lubbock and will be shipped this afternoon to Newton, Kas. where funeral services will be held. He is survived by his wife, two daughters and one son.

GUNMEN KILL HOUSTON MAN

W. L. EDWARDS' BODY IS FOUND PIERCED WITH BULLETS

HOUSTON, May 19 (AP)—A still gunned man tonight on a residential street here, and the body of W. L. Edwards was dropped face down in a ditch. The police were looking today on the theory that three gunmen did away with him.

Two men in an automobile bearing a California license, Edwards with them, left a garage an hour or so before the shooting. On California Avenue the body was found by P. B. Kemp, who was walking home.

Edwards, about forty, a well known sprinter, had feared "un-ported" gunmen were coming here to get him. He had told Frank

CHAMP JUMPER IS CROWNED AGAIN

ANGELS CAMP, Calif., May 19 (AP)—The "Fride of San Joaquin," a gallant bull frog, again holds the title of the champion leaper of the world won yesterday before encouraging shouts of 30,000 spectators.

A giant croaker, "The Fride of San Joaquin" was crowned king of the hoppers at a contest here in 1928, but last year lost his championship.

Instead of retiring, the ex-champion was placed in training by his owner, Louis Fisher of Stockton, Calif., who sought to demonstrate that a frog can "come-back."

Yesterday the contestants in the 1930 jumping contest leapt the mark. Leaps of from two to ten feet were made by all the frogs except "Fride," who was the last to perform.

"Fride" drew in his breath, croaked joyfully and hurled himself into space. The tape measure recorded 12 feet, 10 1/2 inches.

GIGANTIC CRAFT ON WAY TO SPAIN TODAY TO VISIT U. S.

FRIEDRICHSHAFEN, Germany, May 19.—The Graf Zeppelin sped southward today toward Seville, Spain, where it will stop overnight before continuing across the Atlantic and the equator to Pernambuco and Rio Janeiro, Brazil.

Before returning to Friedrichshafen, the dirigible will visit the United States.

SEVILLE, Spain, May 19 (AP)—The dirigible Graf Zeppelin landed here today at 5:46 P. M. (11:49 P. M. E. S. T.) accompanied by the 11 crew members.

Had to Lighten Load
The dirigible, which now has been superseded as to size by two British craft, left here at 8:18 P. M. (11:18 A. M. E. S. T.) under a murky sky. So heavy was the atmosphere that it was necessary to lighten the ship's load by a ton, by taking in water ballast and half oil.

Of the 22 passengers aboard, six planned to disembark at Seville, to make room for others who will fly to Rio Janeiro. Among those boarding the ship at Seville will be Mrs. Mary Pierce of New York, whose persistence in making the risky trans-Atlantic trip of last May against the wishes of her family almost brought diplomatic intervention.

Four of those aboard now are Americans, among them George Cruise of Syracuse, New York, who has flown with the ship before, and his sister, Mrs. Dutton, of Syracuse. Four are women, among them being Lady Grace Drummond-Hay and Frau Hammer, wife of Fritz Hammer, who has been asked to pilot the Dornier plane, D-10-K on its projected flight to South America.

Local Men To Aid In Co-Op Campaigns

N. H. Payne, field director, and R. E. Overstreet, retired director, of the Texas-Cotton Cooperative association, will leave the first of this week for Corpus Christi where they will aid in a 20-day membership drive for the organization, starting Thursday. All field men of the state, numbering 20, have been ordered to the coast city.

Following the Corpus Christi drive the working body will move to Waco where a similar effort will be made for a like period. They are expected to appear in Lubbock and its district after the Waco campaign.

WHEELS OF LAW SET IN MOTION TODAY IN INVESTIGATION OF SHERMAN RIOT

SHERMAN, May 19.—Wheels of civil law were set in motion today in preparation for resuming their work after more than a week of military rule, since the mob riots here May 9.

The federal grand jury was called to convene and it was expected to consider information gathered by Randolph Bryant, United States district attorney, and by the court of military inquiry under martial law.

SUB CHOSEN FOR POLAR EXPEDITION

This submarine, below, will rip and tear its way through polar ice floes to the top of the world, if plans of Sir Herbert Wilkins materialize. The noted explorer, shown in inset, has chosen the United States submarine S-12, now out of commission, for his projected arctic expedition into Arctic regions. If the Navy Department gives its approval, the craft will be recommissioned and specially equipped for the journey.

Professor Claims North America Inhabited By Man 30,000 Years Ago

LOS ANGELES, May 19.—The first conclusive proof that man lived on the American continent 30,000 or 30,000 years ago was claimed today by Dr. James A. B. Scherer, director of the Southwest Museum.

BRADY APPEAL FILED TODAY

ASHES of a camp fire under pleistocene rock, discovered by a field party led by Dr. Mark R. Harrington, 21 miles from Las Vegas, Nevada, were cited by Dr. Scherer in support of his assertion.

Dr. Scherer described the discovery of the camp fire as the "most outstanding anthropological find ever made in the United States."

The Southwest Museum, in conjunction with the California Institute of Technology, has been exploring the cave since last March. Dr. Harrington, curator of the museum, and Dr. Chester stock of the institute early in their explorations discovered darts from an atlatl, a weapon that antedates the bow and arrow, and the skull of a giant ground sloth. The work since that time has been directed toward discovery of some evidence that man preceded the sloth in the cave.

"Until recently," Dr. Scherer said, "it was believed that man was a late comer to North America, but Dr. Harrington now has proved conclusively that men of high intelligence lived here twenty and perhaps thirty thousand or more years ago instead of less than 10,000 years as formerly believed."

"It now appears that America was discovered originally by wandering groups of mongoloids and that these first men to come here came from eastern Asia by way of the Bering Sea."

METHODISTS HAVE REPORT ON QUESTION

DANIELS GIVES DATA TO CONVENTION IN DALLAS TODAY

DALLAS, May 19.—Holding there is "no half way house" on the road to national sobriety, the temperance committee of the Methodist Episcopal Church, South, today called upon the general public and the press to join with the church in the fight for temperance.

"Prohibition is no experiment," the report said, "it is the settled policy of the republic. It was decreed by the will of the American people, evidence by the adoption of the 18th amendment. This thing was not done in a corner. It came into being, like all notable reforms, in travail and conflict."

WASHINGTON, May 19 (AP)—President Hoover's first major recommendation for strengthening prohibition enforcement today received final congressional action when the house agreed to the Williams bill to transfer prohibition enforcement to the justice department.

WASHINGTON, May 19 (AP)—The victories were hard won. They came first in the town, then in the county, then the state, and then as a national method of extinction of manufacture, sale and transportation of liquor. The goal was reached by overcoming many obstacles.

"Today there is a serious challenge to prohibition as a principle and a policy," the report said. "The issue is joined. Shall the outlawed saloon be restored to its former place, the clearing house for the forces of unrighteousness?"

"We declare our enlistment for the war against the drink habit. We will never surrender the advance into being, like all notable reforms, in travail and conflict."

LOS ANGELES, May 19.—The first conclusive proof that man lived on the American continent 30,000 or 30,000 years ago was claimed today by Dr. James A. B. Scherer, director of the Southwest Museum.

Higgins' Bond Set At \$1,000 Today

BOND of \$1,000 was set this morning in the court of Justice of the Peace G. R. Scott, in the case of D. F. Higgins, charged with violation of the pro law. He was still being held in the Lubbock county jail late today, not having been able to furnish security.

Higgins was arrested Saturday night by county officers following a raid on his residence in the 1900 block on Avenue J.

A small quantity of whiskey, together with 19 gallons of wine was taken in the raid.

Bond for Buddy Porter had not been set early this afternoon. Porter also was arrested Saturday night by police while alleged to have been delivering a half gallon of whiskey to a car on a downtown street.

Man Prefers Jail Sentence To Fine

HE'S an economical man, and he believes in saving his money. "Your fine will be \$15," Judge J. T. Inman stated in corporation court this morning.

The prisoner, arrested Sunday night on a charge of drunkenness, dug his hand in his pocket. He pulled out a ten, a five, a one and thirty cents—looked at it thoughtfully for a moment, turned and walked slowly back toward the cell rooms.

"I'll take the 15 days for I need the money," and he shoved his small capital back into his pocket.

CANNOT BE SEIZED
WASHINGTON, May 19 (AP)—The Supreme Court held today that automobiles seized for illegally transporting liquor cannot be confiscated under the internal revenue laws where prosecution has not begun.

SEVENTEEN KILLED, THREE THOUSAND HOMELESS TODAY IN ARKANSAS; AREA LARGE

AREA FIFTY MILES SQUARE IS INUNDATED BY HIGH WATERS IN ARKANSAS; RIVERS ALL UP IN TEXAS; FOUR TEXANS VICTIMS

LITTLE ROCK, Ark., May 19.—One section of Arkansas was overrun with flood waters today with an estimated 3,000 persons homeless and heavy property damage, and another section was recovering from a tornado which killed at least 17 negroes and injured a hundred, or more.

Flood waters spread over an area of fifty square miles in the south Arkansas oil fields, inundating many oil field camps and three or four small towns. The Red River bottoms of southwest Arkansas rapidly were being submerged as hundreds of residents evacuated.

Tornado Killed 17
A tornado early yesterday struck the village of Elaine, and a large plantation, in Phillips county, adjacent to the Mississippi river, killing 17 negroes, injuring a hundred, and creating a missing list of six others.

A million dollars worth of damage to the oil industry was estimated by Standard Oil company of Louisiana officials to have resulted from the overflow of Snooker creek. The high water sent the Red Cross and National guard troops into the area with medical supplies, tents, coats and blankets to care for the homeless.

In addition to the Red River and Snooker creek, the Ouachita river was overflowing lowlands with much higher stages predicted for Camden and Arkadelphia.

AIRPORT UP FOR ACTION

CITY COMMISSION WILL CONSIDER PROJECT THIS EVENING

ANNOUNCEMENT as to a definite and probably near future program for improvement of Lubbock's airport site is expected tonight when city commissioners meet at the city hall in called session for the expressed purpose of consideration of the airport project.

Hanging fire for many months, \$75,000 in bonds for which already have been voted, the airport problem in Lubbock has been the subject of much discussion, by individuals, civic clubs and out-of-town visitors. On frequent occasions sharp words of criticism have been heard regarding the delay which has been occasioned according to members of the commission, by the slump of market conditions.

Last Friday the board of directors of the Lubbock Board of City Development, in an effort to start immediate action, voted to appropriate a fund sufficient to pay the difference between the par and accrued interest and the amount the city commission can sell the bonds for. This action was taken at the suggestion of George E. Benson, chairman of the BCD aviation committee, and a member of the city commission.

This offer of the BCD will be taken up by the commission in its meeting tonight.

Mayor J. J. Clements, while declining to predict what form the commission's action will assume, has stated that it is his opinion the body will take immediate steps of some nature. "There is no doubt but that the airport will be built," he said, "but at this time I cannot say what pending proceedings hold in store."

4 KILLED; 20 INJURED

ARTEMISA, Cuba, May 19 (AP)—Soldiers breaking up a nationalistic political meeting here Sunday killed four persons and injured more than 20 others.

CARNEGIE AWARD TO BE SOUGHT FOR CECIL KING WHO SAVED BOY'S LIFE

Cecil King, 15-year-old hero of a near tragedy in southwest Lubbock on May 2, will become the proud recipient of a nation's tribute, the Carnegie medal, if plans announced this morning can be carried through.

Following investigation of the affair a group of Lubbock citizens, headed by J. O. Green and E. A. Gellan will seek to get the award for the lad for his heroic act in jeopardizing his own safety to save the life of a chum.

On May 2, Ben Alexander, 9-year-old son of Mr. and Mrs.

O. V. Alexander, while playing near a lake in the southwestern part of the city, fell from an improvised raft into water over his head. Unable to swim, the lad went down once, and then again not to reappear.

Young King, playing near with a group of friends, saw the accident and rushed to the water. He also could not swim but thinking only of the other boy, plunged into water which came up over his shoulders. He intrepidly ducked and worked

THOS. BROWN, LUBBOCK BOY, DIES SUNDAY

YOUTH IS STRUCK BY CAR ON HIGHWAY NEAR PLAINVIEW

Thomas Brown, 20-year-old Lubbock high school student and son of Mr. and Mrs. H. W. Brown, 162 1/2 16th street, died Sunday night at 10:15 o'clock in Plainview hospital of injuries received at noon yesterday when his motorcycle collided with an automobile.

Young Brown, a member of Lubbock Motorcycle club, had gone to Plainview with a number of friends and the accident occurred one of the main intersections of that city. Driver of the automobile could not be learned.

Body Hurled to Pavement
The rider was said to have going east while the auto was travelling north. He saw the approaching car too late to avert a crash. The motorcycle was struck forcefully from the side and his body being hurled several feet onto the pavement.

He was rushed to a Plainview hospital for medical attention. An examination revealed a severe fractured skull. Physicians after the accident held little hope for his recovery.

Funeral services are to be held here at the family residence today afternoon with Rev. D. C. R. of this city, officiating. Burial will be under direction of Rix-Sanders. Survivors are the parents, brothers, Albert, of Lubbock, and W. J. of Houston; and one sister, Mary Parker Brown, of Lubbock.

SOUTHLAND WOMAN HURT IN FALL

Mrs. E. R. Downs, 31, of Southland, was brought to the Lubbock sanitarium at noon today after a fractured hip received last night in a fall at her home.

The woman had stepped into a hole after a ride and a large dog jumped up to greet her.

CITY FAVORED FOR SESSION

LOCAL MEN WORKING FOR R. M. A. MEET IN COMING WEEK

BY SUTTON CHRISTIAN
Journal Staff Writer

NEW BRAUNFELS, May 19.—Lubbock's delegation of eighteen merchants and chamber of commerce officials made an auspicious start today securing the 1931 convention of the Retail Merchants' Association of Texas, in both Lubbock and Galveston.

In spite of the advantage held the resort cities over the Plains in seeking the 1931 convention, Lubbock boosters started out morning with an organized campaign to bring the session to this home city. Campaigning among the 400 delegates started early day.

Cards bearing the inscription "Let's Go to Lubbock" are to be found in the "berchiek" pockets seventy-five per cent of the visit merchants.

Lubbock's emporiums, accustomed cool weather, have unbuttoned coats and donned light summer suits in response to the heat of the teeming sunshine of this lower Gulf. An endless variety of entertainments has been planned for the visit merchants in the characteristic fashion of a southern city.

Attitude Toward Youth Changing, Says Mrs. S.M.N. Marrs At National Meeting

Mesdames Royalty And White Are Lubbock's Delegates To P. T. A. Meet

(By Associated Press)
DENVER, Colo., May 19.—The miracle that has been wrought in the last fifty years of American civilization is not in the changes in the externals of humanity, but in the changed attitude of this civilization toward youth, Mrs. S. M. N. Marrs of Austin, Texas, president of the National Congress of Parents and Teachers, said in addressing the opening session of the organization's annual convention here today.

Teacher-educators are meeting their challenge by more careful attention to their training and professional preparation," she said.

"Standards for teachers are being raised all over the country, and more than ever before our children are assured of having the best available persons to guide them in their school life."

"Parents' too," Mrs. Marrs continued, "have become conscious that the traditional methods of child training are not proving adequate in the complicated social conditions of the present day."

Mrs. W. W. Royalty, president of the Lubbock Parent-Teacher association and Mrs. T. A. White are attending the meeting from this city. Mrs. White is serving as alternate for Mrs. G. T. Stokes, who was elected as delegate but was unable to attend. Mrs. Royalty, Mrs. White, and Mrs. Royalty's daughter, Catherine, made the trip by automobile Saturday and are to return the latter part of the week.

Other Delegates
Delegates chosen to represent other Texas cities are as follows: Mrs. M. A. Taylor, Bonham; Mrs. J. M. Woodson, Temple; Mrs. C. E. Birdsong, Fort Worth; Mrs. H. F. Aoy, Midland; Mrs. A. G. REVIEW OF THE WEEK'S FOREIGN NEWS

BY CHESTER L. SHAW
Associated Press Cable Editor
India, that troubled land where for centuries women have been subordinated to men, last week saw the surging independence movement dominated by dramatic acts of feminine leaders.
When Mahatma Gandhi was interned because of the leadership of the civil disobedience movement, he was succeeded by Abbas Tyabji. Arrest of that leader soon followed, and the chieftain became a woman designated by the Mahatma—Mrs. Sarojini Naidu, Hindu poetess who was educated in England. Mrs. Naidu thereupon carried out the duties of Gandhi by leading a raid upon the salt works at Dharana.
As for India in general, the country was still restless. Troops occupied and quieted Sholapur, where severe rioting occurred last week.
China, too, still has trouble aplenty. The nationalist or government forces of Chiang Kai-Shek continued blood encounters with the armies of the northern coalition headed by Yen Hsi-Shan and Feng Yu-Hsing. Looting, killing and burning by gangs of marauding bandits grew worse.
An American staff sergeant, Joseph Becker of Brooklyn, was killed during airplane maneuvers in Hawaiian waters.
Two of America's neighbors to the south saw changes of administration during the week. Eugene Roy was inaugurated temporary president of Haiti May 15, succeeding Louis Borno as choice of the Hoover commission. General Rafael Leonidas Trujillo and General Rafael Estrella Ureña were elected president and vice president of the Dominican republic May 16.

BUILDING IN HOBBS ACTIVE

SEVEN NEW BRICKS ARE BEING BUILT NOW; OTHERS PLANNED

(By Staff Correspondent)
NEW HOBBS, May 19.—Seven new brick buildings are in process of construction in New Hobbs or are to be started within a week. A. C. Chesher, of the New Hobbs Townsite company, announced today.

One of these is a new 120 room hotel, of brick, two stories high, with water, hot and cold running, in every room.

"We have a contract for this hotel," Mr. Chesher said, "it has a minimum of 120 rooms and will be the most modern building in this part of the state."

New Drug Store.
 The N. W. Adams company of Pampa, owners of a drug store there, have decided to open a drug store in New Hobbs and Mr. Adams, here this week, closed a contract for the erection of a building.

A. J. Magdoff, of Tulsa, wealthy oil man and capitalist, has contracted to build four business houses of brick to suit tenants.

The Sampson Construction company of Lubbock is reported to have the erection of two brick store rooms, each 50 by 140 feet.

Hospital Building

One of the big attractions for New Hobbs is expected to be the new McKeen-Corner hospital, construction of which was begun about ten days ago. Brick work for the first floor is practically completed and it is expected to have the structure in operation within 30 days.

The building will be about 40 by 50 feet, two stories high, with capacity of 24 beds.

Doctors McKeen and Connor operate hospitals now in Pampa and Wink. They are well known among oil companies and will have a number of contracts with the larger companies for medical and hospital services to all employees.

Flagg Child Dies In Hospital Here

Zelda Maye Coventry, two and one-half years old daughter of Mr. and Mrs. C. A. Coventry, of Flagg, Texas, died in a local hospital Sunday following a short illness.

The body was prepared for burial by Bynum Brothers and sent overland to Flagg where services will be held this afternoon.

Besides the parents the child is survived by one brother and her grandparents.

SHALLOWATER SCHOOLS CLOSE YEAR'S PROGRAM WITH EXERCISES SATURDAY

SHALLOWATER, May 19.—The school came to a close Saturday with a concluding program given in the club house yesterday evening, at 8:30.

Commencement program began Friday evening, May 9, with the presentation of the senior play, "Mary's Castles in the Air". Sunday afternoon at 3:30 the baccalaureate sermon was held in the First Methodist church at which time Rev. R. C. Campbell, pastor of the First Baptist church, Lubbock, delivered a powerful sermon on a purposeful life. Rev. In Hart and Mrs. A. E. Todd assisted in the program. The grammar grades gave a delightful program Wednesday evening.

Dr. Granbery Talks
 On Thursday evening Dr. J. C. Granbery, head of the history department, Texas Technological college, gave an impressive address to the seniors using as his subject "If I Were In Your Place". Besides the address, the following numbers were enjoyed: March, Nina Ruth Todd; Class colors, Elsie Bell; Class inventory, Desse Ray; A Rose in a Tuft of Grass, Harold Smalley; Hotel Smalley, and Lester Arnold; Alice Ellerd and Bedford Marr, received the scholarships offered by Tech to the boy and girl graduates making the highest honors. Desse Ray and Lal Copeland were placed second according to academic standing.

High school night was observed last night with the rendition of the following program: Reading, Joyce Moore; Vocal duet, Chloe Calley and Corine Corley; Reading, Welly Wright; one-act play, Education; and Vera Fay's Groves; piano solo, Nina Ruth Todd; Spanish song, "La Paloma," Alice Ellerd and Glenora Calley; "The Teeth of the Gift Horse," a one-act play given by members of the junior class; chorus "The Bells of St. Mary's," a group of high school students; song, "Goodbye," the senior class.

Presents Awards
 At the conclusion of the program, Mr. Hooten presented five dollar gold pieces to the boy and girl in each grade with the highest average. They include: first grade, Ekkes Wright and Vera Fay; Groves; second grade, J. R. Anderson and Vonda Ritchey; third, Nina Wright and John Henry Johns; fourth, Jack Malone and Mahota Wynn; fifth, Pat Corley and Ruby Richey; sixth, Marcus Gosdin and Thelma Fisher; seventh, Welly Wright and Chloe Calley; eighth, Joel Wherry and Nina Ruth Todd; ninth, Guy Copeland and Frieda Fisher; tenth, Wayne Arnold and Ethyl Dunavant; eleventh, Lal Copeland the second honor senior and Alice Ellerd. In addition, Nina Ruth Todd and Marcus Gosdin received the citizenship medals representing high school and the lower grades, respectively, which were donated by the Chamber of Commerce and Ernest Dry. The other awards were donated by the patrons and friends of the school to encourage better and more efficient literary work.

Miss Mae Murphy, county superintendent, presented the loving cup won by Shallowater in the annual interscholastic meet of Lubbock county, held at Slaton in March. In her brief remarks, she commended the work of the local school.

In behalf of the Parent-Teacher association, Mr. Hooten presented Mrs. A. C. Wright with a beautiful gold pin, the official past president's pin. This gift was given by the members of the organization in appreciation of the work of the outgoing president. Under her leadership, assisted by every member of the group, the local P. T. A. was one of the strongest in the district.

Seagraves To Hold Exercises Friday

SEAGRAVES, May 19 (Special).—The senior class of Seagraves high school will receive diplomas at commencement Friday night. The night before the seventh grade exercises will be held.

MOVE TO BUILDING
BROWNFIELD, May 19 (Special).—Craig and McClubb, local automobile dealers, are moving into a new filling station and sales building as soon as it can be completed on west Main street.

The building will be 50 by 70 feet. R. L. Thompson is the contractor. It will be of face brick with a drive-in station. There will be 160 square feet of plate glass in the front.

Completion date is estimated at between 60 and 90 days.

TO ERECT FILLING STATION
SEAGRAVES, May 19 (Special).—The Humble Refining company plans the erection of a wholesale oil filling station here. A site has been secured on the Santa Fe right of way near the Rayborn and Murray gin and work starts as soon as the contract can be let.

Saxony now has 1,543 singing societies with 56,198 members.

Lubbock Couple Is Slightly Injured

Two Lubbock young people narrowly escaped serious injuries last night about 7 o'clock when the automobile in which they were riding overturned on the Lubbock Slaton highway near this city.

Marvin Payne, of 214 Avenue O, driver of the automobile, sustained slight cuts about the hands while Miss Lillian Seagraves, a visitor in the Payne home, was more severely wounded through shock and bruises. She also suffered cuts about the hands and arms.

The two were brought to the Lubbock sanitarium for treatment, but were taken to their home shortly afterwards.

USE, CERTIFIED SEED

BROWNFIELD, May 19 (Special).—Two Terry county farmers, T. Causseaux of Meadow and Arthur Williams of the Johnson community, have secured a quantity of certified grain sorghum seed which they will plant this season as an experiment. The seed was bagged for generation at the agricultural experiment station at Lubbock.

Bus competition has so affected business of the Lubbock-Segeberg railway line in Germany that it may suspend operations unless the commonwealth subsidize it.

REVIER IS SAID TO BE RECOVERING FROM TAKING 22,000 VOLTS HERE ON SATURDAY; CAUGHT BY TRANSFORMER

Suffering from severe burns and shocks received Saturday afternoon at 1 o'clock when 22,000 volts of electricity were bolted through his body, Frank F. Revier, 35, of this city, today is reported by hospital attendants as showing slight signs of improvement.

Revier, a clerk for the local Farm Bureau gin, became entangled in a transformer of the Texas Utilities company, located at a substation, intersection of Avenue C and Tenth street.

The injured man was said to have stepped inside a railing which surrounded the high voltage wires and was pulled into the transformer. Unaware of his nearness to the danger zone, he continued cutting weeds after entering the railed area.

Discovered by employees of the company a short time later, unconscious and his body streaked with burns, the power was quickly shut off and he was rushed to the Lubbock sanitarium.

Reports late Saturday were doubtful as to his chances for recovery but today physicians feel that his condition is improved.

Over 500 Carloads Of Freight Shipped

(By Staff Correspondent)
NEW HOBBS, N. M., May 19.—Within the past three weeks approximately 500 carloads of freight for business purposes have been shipped into the New Hobbs area over the Texas and New Mexico railroad officials of the company said today.

Besides this, hundreds of truck loads of merchandise and household goods have been trucked in from New Mexico and Texas towns by regular truck lines. Hundreds of families moving in have brought in a truck load or two of their own household goods by private trucks instead of by a regular truck line.

Bishop Tells Of Floyd Anniversary

Tom Bishop, advertising manager of the Hesperian at Floydada, who was a visitor in Lubbock Sunday, said the 40th anniversary of Floyd county would be celebrated May 28.

"Our county is 40 years old and we are going to have a big anniversary," he said.

A large number of people from surrounding counties are expected to attend the affair, Mr. Bishop added.

EAGLES SOLD TO RADIO COMPANY

(By Staff Correspondent)
BROWNFIELD, May 19.—Three Mexican eagles, mounted by "Poppy" John Powell, local taxidermist, have been sold to the Majestic Radio company and will be used for display purposes in the south following their showing at the National Radio show in Atlantic City, N. J.

A young man representing the company was through here recently and inquired of A. J. Stricklin, of the Terry County Herald, the price of his Mexican eagle. The man said his company was unable to get eagles for display purposes in the south, so had to use hawks.

On his arrival in the south he wired Mr. Stricklin, Mr. Powell and Gay Price, asking prices on the stuffed and mounted birds. Everything being satisfactory, he had the birds packed and shipped to Atlantic City.

LORENZO MAKES GAIN

LORENZO, May 19 (Special).—Lorenzo's gain in population as shown by the 1930 census is approximately 300 over 1920. Population figures received here show 782, a gain of 300 over ten years ago.

in a cigarette it's Taste

IT'S THE UNUSUAL that distinguishes a gown. Again, it's the unusual that sets Chesterfield apart.

STYLE in a gown, "chic" in a hat—and in a Chesterfield, Taste!

TASTE IS THE REAL REASON for Chesterfield's enduring popularity—the better taste of choice tobaccos, mild and ripe, blended and cross-blended to a rich delicacy of flavor, unique in a cigarette—in every sense of the word... "TASTE above everything".

We state it as our honest belief that the tobacco used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.

CLINTON BUSSEY WINS COUNTRY CLUB TOURNEY

SLAUGHTER IS TAKEN OUT ON THE 32ND HOLE

DOW, POWELL, DOWELL WINNERS OF OTHER TOURNEY FLIGHTS

Clinton Bussey, champion of the West Texas Golf association, gave evidence of his prowess with the clubs again yesterday as he defeated Jo Dick Slaughter, six up and four to play in the finals of the Lubbock Country Club Invitational tournament. The match ended on the thirty-second hole with Bussey taking a birdie after he had displayed much consistent golf throughout the match.

Slaughter led the match after Bussey's shots had begun to prove too much for him. On the first eighteen, Bussey was two up, at the 23rd, Bussey was six up, the next three holes were halved and Slaughter won the 21st. Bussey ended the match on the short 32nd with a pitch shot on the green and a 23-foot putt. Slaughter was short of the green but pitched near the pin but Bussey's putting was too accurate.

Bussey Better On Greens
The two were on about even terms in their games during the day with the exception of putting and Bussey's superiority was in evidence on the greens. His tee shots were often much better than Slaughter's also.

The champion displayed wisdom in the selection of clubs for shots on several occasions and lay perfectly near the pin at a final.

In the second flight, Melvin Dow and N. L. Peters battled to the 36th hole before the match was decided Saturday. Dow was the winner, one up.

In the third flight, D. A. Dowell and J. Crider played 18 holes and Dowell was 5 up. Dowell was accredited as winner as Crider was forced to default the last 18 holes.

W. E. Powell went out in the fourth flight to show youth that age is not to be had after all. He won over Jimmy Allen in his match to take first place in the flight.

To Name Team
The selection of Lubbock's team for the West Texas tournament at Brownwood next week is likely to depend upon the performance of the players in this tourney just played. Lubbock, holder of the team prize from last year, is to endeavor to capture it again this year.

TEXAS AMATEURS TEE OFF AT HOUSTON TODAY

HOUSTON, May 19.—(Special)—The annual championship tournament of the Texas Golf association was set to begin here today over the River Oaks Country Club course, with a field of around 275 men entered.

Dennis Lavender, Abilene, defending champion, faced a stiff battle against such veterans as Oleg Carlsson, Houston; Bud McKinney, Del Rio; George Rotan, Houston; Tommy Cochran, Wichita Falls; Lewis Levinson, San Antonio; Gus Morland, Dallas.

Preliminary play was in order for the first two days with the initial round of match play set for Wednesday morning.

From the 36-hole medal play 32 men will go in the championship bracket; 22 in the second flight, and 22 in the last division.

SPUDDERS ON TOP OF TEXAS LEAGUE AGAIN

HOUSTON WINS; SPORTS HAND GOOD BEATING TO FORT WORTH

(By Associated Press)
Tables were turned today, with two "down-state" teams on the road and the upstaters from Wichita Falls invading Dallas' home lot for the second day.

The Spudders, by reason of a 13 to 12 slugging match yesterday against the Steers, today stood at the head of the percentage column.

Yesterday's game was the first played by the steers after they returned from a non-successful road tour which left them next to last on the list.

A different story was told at Houston, where Reinhart turned in his best exhibition of the season, and the Buffs outpointed Del Pratt's Waco Cubs, 6 to 2. In the first seven rounds, the Buffs' crafty southpaw gave up only one strike. The teams were matched for another clash today.

Sports Down Cats
The Shreveport Sports' invasion of Fort Worth left the Cats smarting today from a 10 to 5 application of the Louisiana brand of willow. They also faced another engagement today.

Showing a flash of speed the Beaumont Shippers had hardly expected from the scholar at the foot of the class, the San Antonio Int-Juns overcame a three-run lead yesterday, unleashed the old tomahawk and welcomed the visitors to the Alamo City with a 9 to 8 scalping. In the first game of a double header yesterday. The Exporters caught their second wind and won the nightcap 4 to 1.

LUBBOCK WINS FROM SLATON NINE SUNDAY

SCOTT TAKES MOUND FOR LOCALS TO PITCH SUPERBLY

(By Associated Press)
A ninth-inning rally by Lubbock resulted in a 5 to 4 victory over a baseball aggregation from Elaton at Merrill Park yesterday.

With the score tied 4-4 in the ninth, Blevins' hit safely, Walker bunted to advance him. Scott advanced him another base on a bunt and Young hit a long sacrifice fly to center to bring in the winning run.

Henson opened on the mound for the locals but was relieved in the third by Sam Scott who held the visitors to two hits for the remainder of the game and prevented further scoring.

Slaton started scoring in the first inning when Johnson walked, Neil was safe on a bunt and Jachets was out to second; Moseley hit safely scoring Johnson; Pair followed with another bingle and Neil and Moseley scored. In the second inning, Wexler was safe on an error and scored later in the inning when Jachets hit a sacrifice to right. There the Slaton scoring halted.

Lubbock scored two runs in the first frame when Young was safe on an error. Walker advanced him with a bunt, forced out third to first and Hodges hit safely to score him. Hodges then scored on an error later. Young hit safely in the third and scored as Watkins and Hodges advanced him on infield outs.

Walker scored in the seventh when he hit safely and came in on an error after advancing on two bunts.

Then the winning run in the ninth.

Brownlow Sets Pace In Sunningdale Play

SUNNINGDALE, Eng. May 19.—(Special)—The Hon. W. O. Brownlow, son of Lord Lurgan, today scored 88, a record for the reconstructed Sunningdale course, in the first half of a 36-hole medal competition for a vase offered by a London golf magazine.

Several Walker Cup players, including Bobby Jones, engaged in the competition.

Jones was accompanied on his morning round by the Prince of Wales, the Duke of York, the Duke of Gloucester and Prince George, but none was present in the gallery of the four sons of King George could enable him to keep pace with Brownlow, and he returned a card of 75.

Dr. O. F. Willing another Walker cup player, had a 72 which led the field until the record smashing 60 came in.

Mohun Subpoenaed To Amarillo Court

BUFFALO, N. Y., May 19.—(Special)—Wanted by a federal grand jury in Amarillo, Texas, to tell what he knows about the smuggling of airplanes and firearms into Mexico during the recent revolution, violation of this country's neutrality laws, Phillip (Red) Mohun, aviator and stunt flier of Hollywood, Calif., has been subpoenaed by a deputy U. S. marshal. Mohun immediately left Buffalo. He said his destination was Amarillo.

The flier came to Buffalo a week ago to dispose of some property willed him by his father, a former Buffalo resident. Before departing from this city, he said he had been separated cities with violating U. S. neutrality laws. He explained he had been followed everywhere by telegrams advising him of appearances and adjournments, but the Amarillo subpoena was the first definite order he had received.

TEAM IS ON TOP TODAY IN CLOSE CHASE

DOUBLE VICTORY OVER PHILLIES CHALKED UP SUNDAY

(By Associated Press)
Associated Press Sports Editor
NEW YORK, May 19.—(Special)—The Brooklyn team is on top today in a close chase for the National League pennant in ten years.

The Robins won the title in 1920, and since then they have spent most of their time in the second division. But they are right up in this year's close race, holding first place today as a result of a double victory yesterday against the Phils.

The leading teams are so closely bunched that Pittsburgh, in fifth place, is only one full game behind the Robins. While Brooklyn was defeating the Phils, 3 to 0 and 7 to 3, the New York Giants were dividing a double header with the Boston Braves and the St. Louis Cardinals and Chicago Cubs were splitting another to line up in order behind the Robins.

Old Tom Delivers
The Braves captured the first game from New York, 4 to 1, as old Tom Zachary, until recently with the New York Yankees, made his debut by making nine Giant hits almost useless while Boston made the most of five off Walker and Fitzsimmons. The Giants won the second game, 3 to 2, in seven innings.

The Cubs drove out 16 hits, including Hank Wilson's tenth and eleventh home runs of the year, to stop the St. Louis winning streak at nine games. The Cubs won the first game, 5-6. The Cardinals took the second, 3 to 2.

Ervin Brans gave Pittsburgh a 2 to 1 victory over the Cincinnati Reds. Brans pitched a fine game. He scored both Pirate runs, one on a homer.

Three Games Postponed
Three American league games produced no changes in the standing. The St. Louis-Detroit contest was rained out.

The Philadelphia Athletics did the most with the least in the hit line, making three blows off Lloyd Brown good for a 1 to 0 victory. Moose Grove allowed five hits and fanned eight.

Cleveland and Chicago engaged in another close battle with Mel Harp of Cleveland opposing Dutch Henry. It was a draw for six innings, but the Indians found Henry for two runs in the seventh and got one more off his successor, Hal McKain, to win 7 to 4.

The New York Yankees did the heavy hitting for the American league. They pounded three Boston pitchers for 13 hits and an 11 to 0 victory while George Piperno led the Red Sox to three safe blows.

Red Ruth started the affair with a home run in the first inning, his sixth of the season and his thirty-six as many Sundays.

ROVING THE SPORTS WORLD

WITH ALLAN CARNEY
JOURNAL SPORTS EDITOR

A more thorough understanding within the next few seasons will figure greatly in Tech's rise to prominence. While it is a known fact that the gridiron pastime has not reached the point of development known in the eastern and central part of the state, Lubbock and South Plains fans are fast becoming football minded. There is a numerous ways of lending support to the cause of college football besides attending games. A majority of athletes are forced to work their way through college and it becomes necessary for local merchants and business men to hold open jobs for these incoming students who are able to help the school along in an athletic way.

This study, which the conference has asked its president to make, will supplement, to some extent, the survey of athletic conditions now being sponsored by the Association of Texas colleges. The survey is to be conducted by the National Amateur Athletic Federation.

Dean Charles E. Freley, of Texas A. & M., who is secretary-treasurer of the Southwest conference, points out that the purpose of the survey is to determine just how far faculty control of athletics is interpreted at each of the various schools. The Aggie dean is of the opinion that faculty control in the past has not been strong enough. The big idea at the present time is to work out a plan for faculty control that will at least be uniform for every institution.

The Southwest conference officials in session recently at College Station declined to make any change in its ruling regarding the participation of college athletes in post-season charity games. Only students, however, who have completed their eligibility periods in college athletics may take part in these post-season games. Last winter there was considerable controversy over the matter of allowing participation of college athletes to take part in the East-West game at San Francisco. The fact that Texas Tech remains a candidate for admission into the major conference of the state throws a light of interest upon the action of the officials in the investigations now under way.

Pete Cawthon has promised local fans that it will not be necessary for Tech to apply for membership in the conference if, within the next two football seasons, the Matadors show 'em something out there on the gridiron. Cawthon disagrees with other authorities here, who have harped continually on the importance of the financial support. While the down-state institutions are interested to a certain extent upon the ability of Lubbock to support a conference team, the factor that will carry the most weight in the showing of the school's athletic teams in competition with conference clubs, if Tech is fortunate enough to card as many as two Southwest conference football games.

ALLRED OPENS HIS CAMPAIGN

FORMER CANDIDATE IS BACK IN RACE FOR STATE ATTORNEY

(By Associated Press)
ALVARADO, May 18—James V. Allred, former district attorney at Wichita Falls and candidate for attorney general in 1926, fired the opening gun in his campaign for the democratic nomination for the attorney generalship here Saturday.

In a speech he declared: "I am starting in right where I left off four years ago, in the same county where I made my closing speech for office in 1926."

"The majority of people in Texas feel, I believe, that I am entitled to the office, since I was barely 'nosed out' before and did not ask for a recount, though urged to do so."

"Two years ago, when it was reported that Claude Pollard, who had been my opponent, was going to resign, my friends in Young county placed my name on the ticket."

"I withdrew as his opponent upon his statement that he did not intend to resign but expected to fill out his second term. As a matter of fact, he only served eight months of that second term and resigned, which he had the right to do."

"I have nothing personally against the man Dan Moody appointed but more than 300,000 people endorsed my candidacy at the polls and I am going to ask others to join with them this year."

Allred further declared that he was basing his race upon "the simple platform of fair interpretation and enforcement of the law."

BRIAND'S PLAN OF UNION PRESENTED

PARIS, May 18—Foreign Minister Briand's conception of a future "United States of Europe," or "European Federal Union" as the proposed organization is more generally called, has been set out in a memorandum to the 26 European states concerned with France in the plan.

The proposed European federation, most ambitious project considered since the setting up of the League of Nations, will be far from the close union such as exists among the United States of America, according to Briand's memorandum. There will even be little similarity between the two groups, since the most that is suggested for the European union is a type of regular conferences, without charter or constitution.

The foremost practical questions such a union might deal with, in Minister Briand's conception, are economic and comprise eventual efforts to lower customs duties of European states among themselves.

Whipping Youth Is Upheld By Judge

TEKARKANA, May 18—Judge Pratt Bacon declared Saturday in dismissing a charge of assault and battery against W. C. Bradberry, North Heights school superintendent that "teachers must maintain order in classrooms or the educational system is doomed."

The charges resulted from the whipping of James Jones, 12, ward of an orphanage who declined to comply with an order to submit to dental examination. The boy testified he was whipped for telling the truth, when he declared that A. T. Wilson, orphanage superintendent, told him not to submit to the examination unless he wished.

Wilson filed the complaint and testified the youth was bloody from lashes when he returned to the orphanage.

"What's the News"

When Columbus and his caravels returned from the New World, the first question shouted from the shore was, "What's the news?"

That's always the question of paramount importance. Years ago folks asked it of the post rider, the soldier returned from the wars, the man who had been down to the settlements, or the neighbor back from the general store.

Today, you find the answer in your newspaper. Through the newspapers the news of the world and of the community quickly becomes public knowledge. And remember this—it takes two kinds of news to make a modern paper complete.

The first tells of happenings near and far—of fires, sports, elections, accidents, marriages, deaths, great men, great events.

The second tells of things you eat, wear and use—things you buy, things being sold to your friends and neighbors. This news is advertising.

It's just as important to keep up to date on the advertising in this paper as it is to read about what's doing in the world of events.

Advertising is an essential news service. It is distinctly to your advantage to be guided by it.

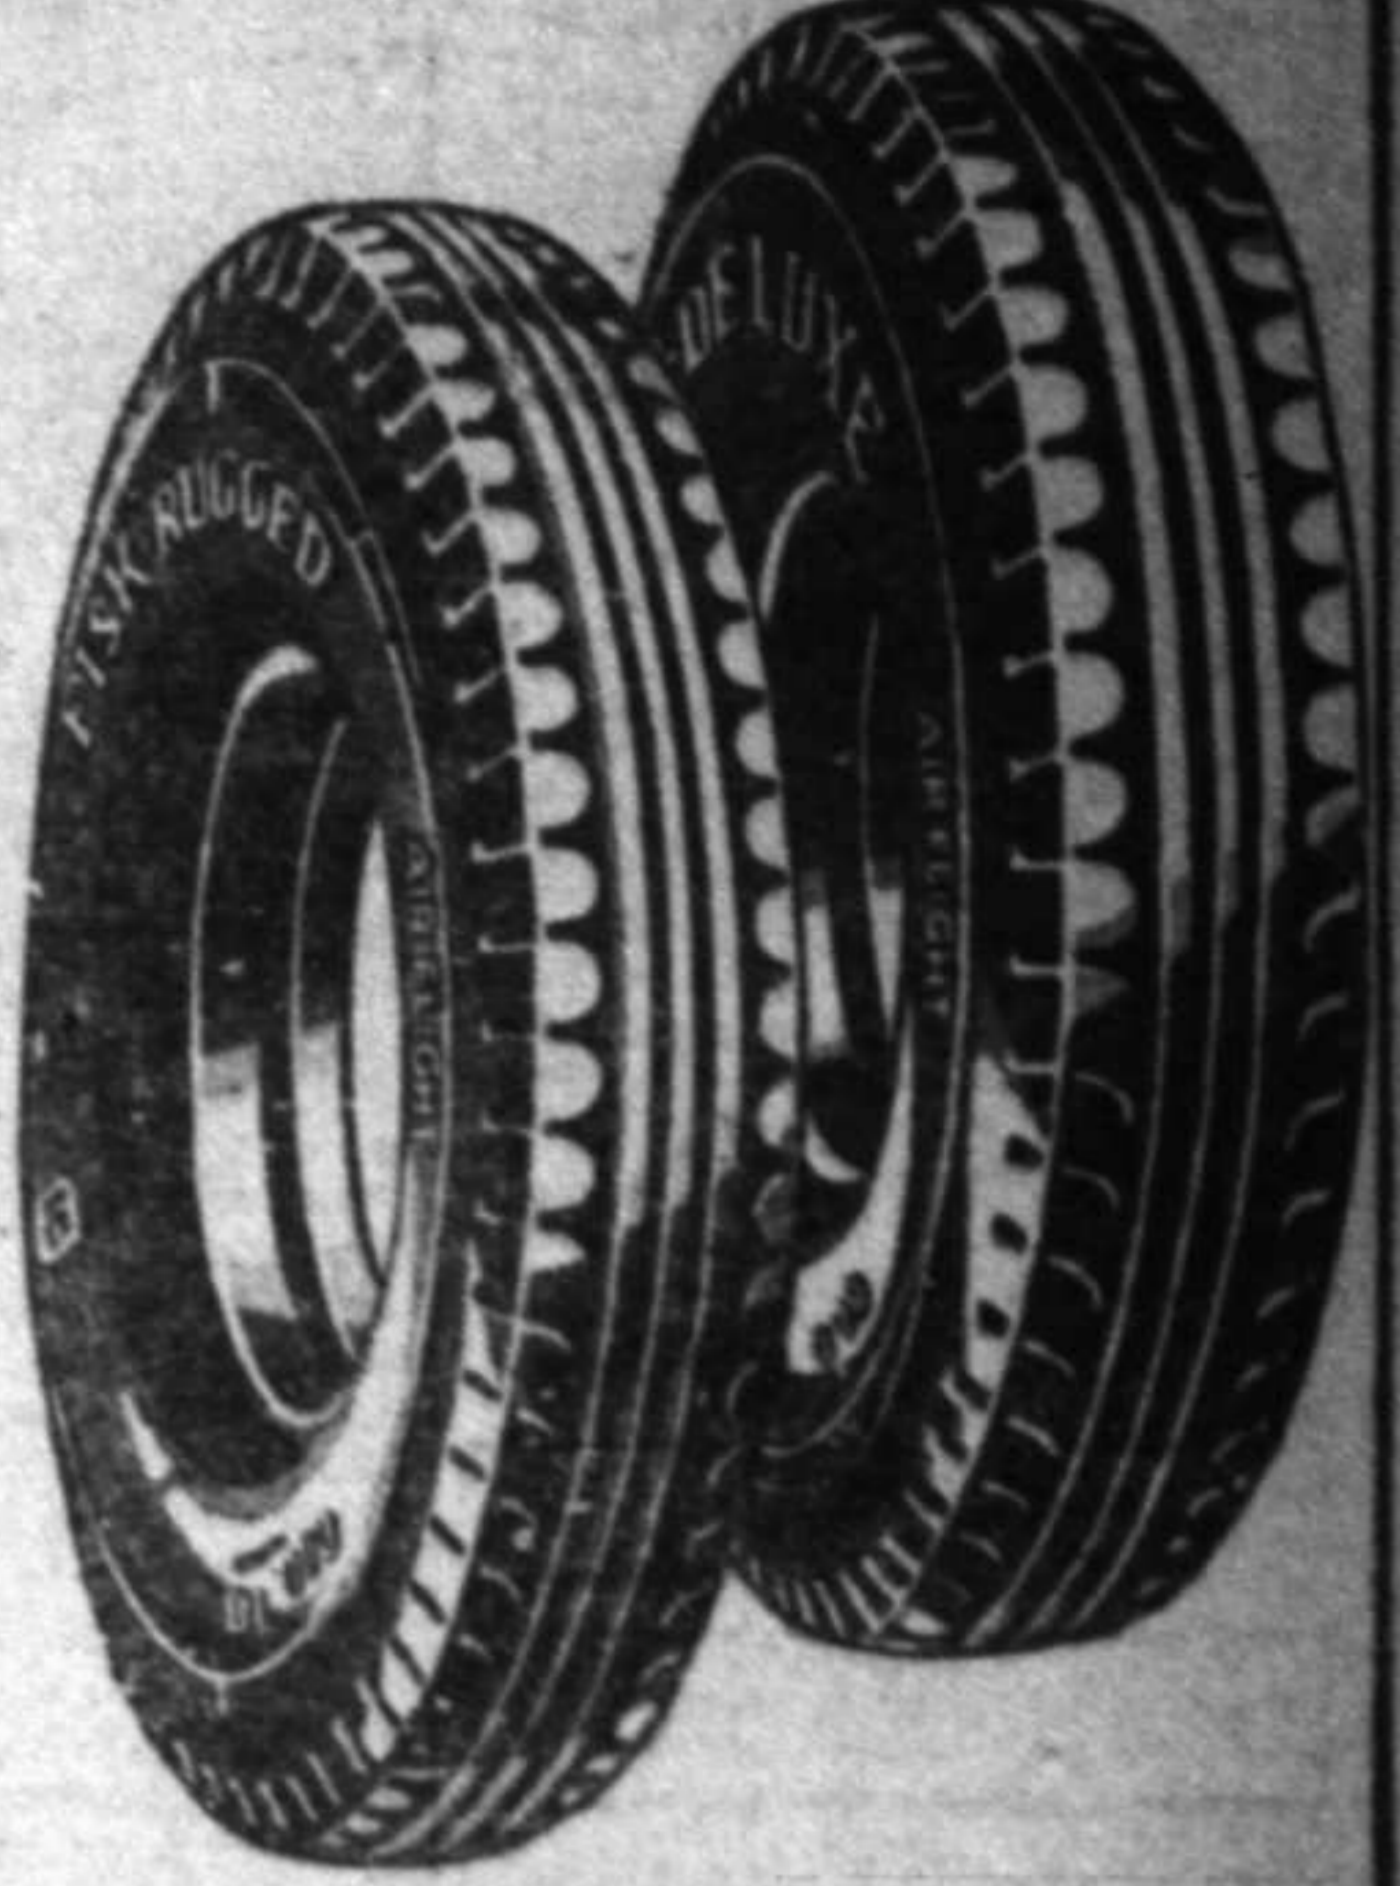

The FINEST TIRES

FISK

Has Ever BUILT

Here are two Fisk Air Flight Principle Tires that are far superior to any tire your car has ever rolled on.

Just as different combinations of shapes of metals reduce the weight and increase the strength of your modern car, so an entirely new and different combination of cords and rubber in tire design and tire construction, patented and exclusive methods, have produced a tire of excess strength without excess weight. The Fisk De Luxe and the Fisk Rugged, embodying all the improvement which the exclusive Air-Flight Principle brings to Fisk Tires offer you a superior type of service than you have ever before received from any tire, regardless of make or cost.

The FISK 'All-Cord Process

Now the even regularity of Fisk All-Cord and the durability of Ordinary Cord.

The reason for this difference is that Fisk All-Cord has no cross threads, instead each cord completely surrounded and insulated with rubber, runs parallel to the next, preventing that constant chafing and friction which is always present in ordinary cord fabric. The flexibility of Fisk All-Cord is even at all points while the flexing ability of ordinary cord differs widely. Flexibility is absolutely necessary and the tire with the greatest flexibility is the one which offers the greatest resistance to road strain and bruising.

Trade in your present Tires. We will allow you full value for every mile left in!

- No other make of tire can offer you these exclusive Fisk features.

Thought For Today

Our persecutors are swifter than the eagles of the heaven.—Lamentations 4:13.

Whoever is right, the persecutor must be wrong.—William Penn.

A Zeppelin Over London

One of the most encouraging things about the human race is that it has such a deplorably short memory.

In some ways, of course, this habit of forgetfulness does a good deal of harm. But by and large it is a big help. It keeps the desire for revenge from burning for too long.

A short time ago the Graf Zeppelin made a flight over England. It circled gaily over London, with thousands of people clustered in the streets and on housetops to see it.

Now it so happened that the Graf Zeppelin appeared over London on the anniversary of the very worst of the many Zeppelin raids that London experienced during the war.

The English had not seen a Zeppelin for nearly 12 years, and the last ones they had seen had given them death and destruction. Those Zeppelin raids were dreadful things. Twelve years ago, a very long time ago, the Londoners surely could have been forgiven if they had greeted the Graf Zeppelin with a stony, hostile silence.

But they didn't. They cheered. They were glad to see it. Not one word of the old enmity flared up into flame.

People's memories, after all, are rather short, and—let it be repeated—it is a good thing for all of us that this is so.

Human stupidity, greed and jealousy have brought us terrible troubles down our humanity's head. Wars, revolutions, riots and invasions dot the pages of history pretty thickly, right from the beginning. Men do frightful things to one another every day and then

forget. Hence they are able to make up afterwards.

Perhaps you can remember the feeling of war days. Germany was to be an "outcast nation" forevermore. Business men were agreeing never to trade with Germany again. The misery and tragedy of the world war were to be held against Germany forever.

Somehow all of these dire threats have broken down—fortunately. We are rapidly working our way back toward friendship. A German Zeppelin can fly over London and receive cheers instead of bullets.

No matter how badly they are hurt, people will always forget about it sooner than you would think.

Gold Star Mothers

A Boston newspaper suggests that such Gold Star mothers as are unable to accept the government's offer of a free trip to France be given, instead, a cash settlement of \$850 which is approximately the cost of each trip.

There is a good deal of sense to this. Many mothers whose sons died overseas cannot afford to take the trip, even when all expenses are paid. They have to earn livings for themselves and their families. Indeed, the Boston paper making this proposal estimates that not more than a third of the eligible Gold Star mothers will be able to go.

THE PLAINSMAN

That Girl on Broadway says crooning is spring fever, set to music.

ASIDE from the fact that he can see nothing to the racket than a new kind of croquet, The Plainsman has no deep-seated objections to the miniature golf courses which are proving so popular here. The method of parking, however, in the vicinity of these courses provides a new traffic problem in Lubbock—and a problem which should receive immediate attention.

In their wild rush to get to the courses many motorists are parking their cars in such a way as to partially block the thoroughfares which should be kept open for the use of the public. On several occasions, while riding at night, The Plainsman has noted that cars parked at the curbs and those left standing in the center parkways on Broadway are so close together that the motorist who attempts to traverse the street must come almost to a dead stop, then thread his way through.

That isn't right—neither is it safe. Motorcycle policemen should keep an eye peeled for such situations and see that they are remedied. The Plainsman is of the opinion that a motorist has as much right to a path down the street as any ambitious gawker has to playing in the miniature courses. Certainly the latter should not be permitted to endanger life, limb and property and close up a thoroughfare just because he is too lazy or in too much of a hurry to start his play that he can't find a safe, safe place to park.

That Man on Avenue Q says he's neutral in the prohibition argument. The Anti-Sobrietyers are dry and uninteresting, and their opponents are all wet.

Our old friend Bishop James Cannon may or may not have to pay a penalty for his bucket-shop activities but at any event finds himself in an embarrassing position brought on largely by his own conduct.

Ordinarily the trial or exposure of a high churchman attracts little attention away from people of his own faith—and many of them care little about the outcome. But in Bishop Cannon's case there are millions of people who follow other denominational beliefs who would take enjoyment in seeing the Virginian "pay through the nose" for his stock market dabbling.

And here's the reason: For a good many years now Bishop Cannon has been priding himself about as a "holier than thou" as the bright and shining example of what he would like to have everyone else be.

On top of all that he has butted into other people's business with such alacrity that he has forgotten to take care of his own affairs. As a result—whether or not he is ousted from his bishopric—his position has been embarrassing and doubtless uncomfortable to his fellow-churchmen as well as to himself.

Personally, The Plainsman sees nothing morally dangerous in gambling in stocks—or for that matter, with playing bridge for a silk handkerchief or two-bits on the corner. This column places those amusements, along with having a dollar on the roan mare at the county fair, in the same category with Bishop Cannon's probable down-fall. He is loud in his condemnation of taking a chance on bridge—but he takes the same kind of a chance when he bets that any stock he buys on the margin will soar to a higher level and permit him to make a profit on the transaction. That is interesting.

Most people—and The Plainsman is no exception!—have profound respect for any man who follows strictly any moral code throughout his daily life. Even if they do not personally agree with him most Americans would hold Bishop Cannon in respect for his opinions on life—if he had seen fit to follow them privately as well as publicly.

But when his name was found on a list of bucket shop transactions for over a period of months he was just like a small boy caught digging. Little mother's of mob violence are heard—just couldn't resist a giggle and The Plainsman giggled with the rest. To see such a paragon of virtue as the Bishop, caught doing things that other people do in the open, made most of us feel that we're not so bad after all.

A couple of tourists, both stopping for gas at a local station, were passing the time of day.

"Where you from?" asked one of them.

"I'm from Arkansas," the other returned, "Little Rock, Arkansas."

"Ever run across a fellow named Jenkins up there?" the first queried.

"Not that I know of," was the answer, "I never stop to get their

Congressman Pratt Puffs Publicity And Senator Bleas Is Still 'Agin' The Tariff, Rodney Dutcher Discovers

BY RODNEY DUTCHER
 NEA Service Writer

WASHINGTON, May 18.—Mrs Ruth Baker Pratt, the congresswoman from New York City has millions of dollars and can afford to be both emancipated and economical.

She is not quite the only one who enjoys a cigar but she appears to be the only one who doesn't mind making in public to one corner on the floor.

Pratt can sometimes be observed out in the writing room puffing away with the regulars. She has also puffed at a committee hearing.

Here is a quite common and inexpensive brand. She uses a holder. And the holder is one of those fragile little cork-celled affairs that sell almost anywhere at two for a nickel.

The reason there wasn't any head table for President Hoover when the American Society of Mechanical Engineers banqueted and gave him a medal in New York, it seems that there were so many distinguished scientists on hand and such a large contingent from foreign lands, each accompanied by his own ambassador or minister, that those charged with the seating never got up their heads in despair.

Senator Cole L. Bease of South Carolina still contends that this writer did him an injustice in writing a story exclusively about Senator Ellison D. Smith of South Carolina as the only senator who voted for the tariff increase.

The senator's latest letter is a little too long to reproduce here, but he reiterates that he is against all tariffs of all kinds and cites his remarks on the floor as follows:

"I have absolutely refused to vote for a tariff on anything. I am opposed to any tariff. I shall vote against the entire bill. . . . When I have had to vote as between rates I have always voted for the lower ones. . . . We have already sandbagged them with the American people; we have gassed them; we have chloroformed them; we have hanged them; we have named them unless there's a cop nearby."

A mob burns the Grayson county jail and lynch a negro rapist. A maddened throng at Honey Grove drags a negro's dead body behind a car after he slays a white man. At Brownwood a white man, alleged triple slayer, is split out of town when rumors of mob violence are heard. Is it this mob business anyway? Is it an old Texas custom?

Of all the mob actions he has ever heard of, only one remains in the mind of The Plainsman as partially justified. That was the Eastland case, where citizens tired of legal and court inefficiency and lynched the dangerous Santa Claus bandit-slayer, Marshall RATHI.

It was merely a case where law-abiding people lost confidence in the courts and to protect life, limb and property took the law into their own hands, with headsets and dispatch.

As for the rest of these cases, we can't subscribe to them at all and hope to see the guilty parties punished.

Diet and Health
 By Lulu Hunt Peters M.D.
 Author of "Diet and Health" and "Diet for Children"

ONE WRONG CONDITION OR SEVERAL COMBINED MAY CAUSE ARTHRITIS

Mrs. A writes: "I am troubled with arthritis. Please tell me the cause. A friend of mine had it and she says she was helped by a certain procedure which I'll tell you of, but I am afraid to try it."

The first thing you should do is to go to a competent physician and have a very thorough check-up. Arthritis is a inflammation of the joints is a baffling disease. It may be caused by one or a combination of many things. Infected tonsils, infected teeth, infected nasal sinuses, chronic appendicitis, chronic infection of the ears, overweight, unbalanced diet, chronic constipation, lack of exercise, etc. Now he said in order to open this safe, you may have to turn the dial to a dozen different things before you succeed, or you may just have to turn it on one.

He speaks of overweight as being a double factor, the unbalanced diet which causes the accumulation of weight lowers the resistance then the drag on the joints and we have robbed them and left them at the side of the road bleeding.

Nevertheless, the senator voted for the Connally amendment which raised the duty on cattle and the Hayden amendment which raised the duty on dates in packages, so he isn't quite as spotless a Democrat as Senator Smith and hence was not essential to original story. Concerning the Connally amendment, the senator's letter indicates that he still believes he was voting for a decrease in rates instead of an increase.

Concerning the Hayden amendment he writes that Senator Hayden, in whom he has great confidence, had assured him that it would not raise the price of dates. All of which demonstrates that Senator Bease preserved the best of intentions throughout the tariff fight.

Great expansion, of which most were once used to be in the U. S. army. In the days before the Spanish War the most common breast measurement for coat or blouse for a soldier was 34, 37 or 38 inches. Not long afterward the measurement was found most often to be 37. But the quartermaster corps now reports that the majority of 1930 doughboys are "perfect thirty-sixes." Recruits are younger than they used to be, it is explained, and less likely to be fully developed.

Among belts issued for 1000 men more than 800 were size 38 and only 18 needed belts to fit a 30-inch waist measurement.

Army nurses, with boyish figures supplanting the buxom type, have necessitated smaller clothing sizes than was formerly required.

muscle by the weight of the fat makes the joint trouble worse. Those who are overweight very frequently suffer from arthritis and about as frequently they are referred when their weight is reduced. Some physicians have noticed that an excess of starches and sugars in the diet, even though overweight doesn't result, seems to predispose to arthritis.

In the treatment of arthritis, all the hygienic habits must be corrected, especially the diet. And any focus of infection in the body must be cleared up before you can hope to get results, because there are practically always some types of germs connected with the condition. It may be the constant ignoring of hygienic habits that allows the germs to gain a foothold. One thing that a germ loves is a tissue that hasn't any fighting power. That is what we mean by lowered resistance. The white cells of the blood, which Nature has trained to devour germs, and the tissue fluids and the blood itself, have substances that antagonize them, so when the resistance is low, these factors are also weak.

In New York
 With Swan
 Gilbert Swan

NEW YORK, May 18.—Coney Island, most famous of the world's playgrounds, opens its new season with many new problems as well as new pranks.

With its face of being washed a bright and shining white in preparation for the annual avalanche of visitors, Coney has its troubles as well as its times.

Take, for instance, the threatened revolt of the freaks, a jarring note first heard toward the end of the last gasp period. It seems that the dyed-in-the-wool freaks, the show where they were once display visitors, Coney has its troubles as well as its times.

What hurt the most, they admitted, was that the fickle public found this man-woman arrangement alluring and thronged to see them. They protested, could manufacture this Dr. Jekyll and Mrs. Hyde combination.

Of again—there's the problem of the vanishing speller. For a season or more, the spib and versatile ballyhoo men of yesterday have protested against an invasion of collegiate young men who did not represent the high standards established by a more stiver-tongued generation. These newspapers, it was said, were a lethargic and half-hearted crew who couldn't hold a county fair crowd for three minutes.

Meanwhile, the old-timers with white wigs, Van Dyke beards and gold watch fobs continued to disappear. Yes, some of the actually found themselves out of jobs as a cheaper grade of spellbinder arrived. Wherefore there was organized the Spellers' Association of America. And today you'll find Charles Dodson, dean of them all in his quarters of the Surf Hotel trying to wrangle his scattered crew together for another season.

Or, yet again—there's the economic problem of increasing rents. Landlords have been boosting the prices along Surf avenue, it is whispered, and Surf avenue is dedicated to the world of amusement which finally gets over to the boardwalk. There's a main feud between the Surf avenger and the Boardwalk concessionaries.

One could take up an even lesser matter: for many a year, the incubator show has been the daddy of all the attractions. It has gone without competition. And now, as the story, there is coming from Chicago a rival which is said to represent the biological miracle in its various stages before the incubator is reached. Out in the middle west, this new show has been a "wow" and now it is moving on.

On the other side of the picture, however, is an assortment of "new and exciting marvels."

Admiral Byrd will arrive just about in time to see his perils of adventures reproduced in typical Coney Island fashion. The war works display will depict the latest horrors from Chicago and the Rothstein murder. Those darkened rides of the "Days of the Wilder" type are finding competition in the "Crossing the Atlantic in an airplane" notion. The flight of Count Ekeners dirigible has caught the fancy of another showman. And the "speak-easy" guarantees all the chattering of a glaucous evening, without a single drop being touched.

Also scores of attractions have agreed to drop the prices slightly to agree with the changed economic conditions. The gates at the amusement place will also alter their rates, so I am told.

And the "bathing beauty" parades will go on as usual.

Every time people kiss, a doctor says they shorten their lives by two minutes. And judging from some of the closeups we have seen on the screen it is a wonder why some movie folk don't drop dead.

And many a third base runner under this system of playing, will be accused of being afraid to go home in the dark.

Gamblers at the 166 registered casinos in France lost more than \$17,806,000 last year.

OIL SUPPLY HOUSES ARE NOW IN HOBBS

FORTY-EIGHT CONCERNS NOW ON LOCATION IN NEW AREA

(By Staff Correspondent)
 HOBBS, N. M., May 19.—Forty-eight supply stores of various kinds, including nineteen nationally known concerns handling exclusive oil field materials for drilling operations, have been secured for Hobbs, L. A. Daniels, head of the Hobbs Townsite company, announced today.

Mr. Daniels declared that the future of Hobbs was assured. "We have sold out every foot of industrial space along the Texas and New Mexico railroad right of way to the big oil field supply houses," he said. "There are more coming in all the time."

Drilling Active
 A score of the larger oil companies have established field operations in Hobbs and the field are either at work now or have started to get ready for drilling operations.

Among the well known oil companies now having holdings in the field are: Amerada, Shell, McBride, Getty, Magnolia, Humble, Sun, Gulf, Texas, Atlantic, Eastland, Ohio, Texas and Pacific, Continental, Mid-West, Exploration and Phillips.

These companies all are expected to have large forces of men here within a short time.

Erect Camps
 Some of the companies have erected camps in the field for the accommodation of employees. Camps now here include Shell, Mid-West, Humble, Getty, Ohio, Amerada and Texas. The Humble has two camps.

There are actually nine completed wells, some 37 rigs now up with drilling either the operation or ready to start and ten or a dozen more in operation or with rigging up of tools the main work.

Supply houses that are already on the ground with buildings partly constructed and some sales made include: National, Continental, A-

ST. C.-C.'S CAMPAIGN FOR PRODUCTS ON

THE MERCHANTS HOLD DISPLAYS TO POINT OUT TEXAS GOODS

(By Staff Correspondent.)
 MAY 18.—Post merchants strongly supporting the Texas state campaign of the Post-merchants which is featuring a slogan "what Texas makes Texas".

For this week about a score of have had on display in their stores a number of articles of actual Texas products. These stores will change their displays and the following week another.

Many Products Included
 It is surprising what one finds in the list of actual Texas products. For example, there is furniture, pickles, dresses, sheeting and overalls, lumber, cement, oil, paint, corn meal, flour, chicken and feeds, ladies ready to go like, even toilet articles, barber supplies and accessories made in some of the larger

every mail received by the chamber of commerce brings added support from other towns in West Texas. The idea is taking hold in other districts 1 and 2 of the Texas Chamber of Commerce.

To Be In Resolution
 The organization at its Abilene convention the last of the month, is given the opportunity to go on and supporting the program. Leaders and members in the chamber of commerce declare the movement is just in its beginning and is bound to become state wide.

result Has Been Amazing Says Lubbock Farmer
 For several years I have had an awful lot of trouble with my stomach and everything I ate disagreed with me and after meals I would feel that puffed up bloated feeling. Mr. W. W. Murrell of Ninth Street, Lubbock, Texas, would bloat my food up and not to the point where I was able to eat anything because of suffering I knew it would cause me to be constipated and had terrible headaches and my sleep was poor and my system seemed to be all run down. I was losing weight and felt tired and worn out the time. My condition grew gradually worse all the time and I thought unless I could get the best medicine my troubles would become critical. A friend recommended Argotane to me and it not only relieved me of my suffering but it has built me up amazingly. I have taken one bottle and my stomach is in good shape, my appetite is fine and I eat what I want without feeling a sign of indigestion and the gas does not run on my stomach any more. My heart seems to be back to normal and my constipation is gone. Argotane has been a great thing for me and I don't think anybody should make a mistake by giving it a fair trial. It has started me on the road to health and I think it is the best medicine in the world. Genuine Argotane may be purchased in Lubbock at Bowen's Drug Store.

day. "All of these stores, and others, have articles made in Texas. If they would but call the attention of the people to what they have, it would mean a great deal for Texas manufacturers."

Some of the stores that have had special window displays the past week, with placards calling attention to the products, are:
 Constitutional Farm Stores, hard goods, Wiggins-Wigley store, pickles, pecans, coffee and sugar; Davis-Mason Furniture company, furniture made in Fort Worth; Greenfield Hardware company, collars, harness and floor sweeps; Warren Brothers Drug store, poultry supplies and candies; W. O. Stevens' Dry Goods store, dresses; Goller Groceries store, flour made of the South Plains; Higginbotham-Bartlett Lumber Co., lumber, cement and nails; Curtis Dry Goods store, overalls for men and boys and ladies' ready to wear; Baker's shop, Post made bread, made from Texas flour; Wilkinson Lumber company, brick, lumber, cement and paint; Post Feed and Fuel Co., Gulf Production company, Continental Oil company, Magnolia Oil company and Texas and Pacific Oil company, oil and gasoline from Texas crude oil.

Germany is granting relief to more than 2,000,000 unemployed.

STOCKS SHOW SLIGHT DROP

SCORE OF LEADERS GO DOWN 2 TO 4 POINTS ON FIRST TRADES

NEW YORK, May 19.—An assortment of railroad and banking company stocks rallied slightly in the forenoon trading today, but the minor move was without effect on the remainder of the list, which sagged in an extremely dull market.

A score of the leaders sold off 2 to 4 points below the Saturday close. They included U. S. Steel, Westinghouse Electric, International Harvester, United Aircraft, A. M. Byers, Gillette Safety Razor, Allied Chemical, Auburn Auto, Standard Gas & Electric, American & Foreign Power, Coca Cola, Loews, Chicago Great Western Preferred and St. Louis Southwestern.

Lackawanna, Wabash, Erie, Missouri-Kansas-Texas, National Biscuit, United Biscuit and Loose-Wiles rose one to two points.

The volume was virtually as light as Saturday's, which was the slightest since August, 1928. Call money renewed at 3 per cent.

CHICAGO GRAIN
CHICAGO, May 19.—Wheat here declined early today, influenced by Liverpool quotations lower than looked for and by reports of enlarged offerings from Argentina.

Opening 1-4 to 7-8c off, Chicago wheat later underwent some additional sag, and then rallied. Corn and oats were easy, with corn starting unchanged to 3-8c higher, and subsequently receding. Provisions held firm.

PRODUCE
BUTTER AND EGGS
CHICAGO, May 19.—Butter weak; creamery extras 33; standards 33; extra firsts 31 1-2-32 1-2; firsts 29 1-2-30 1-2; seconds 28-28 1-2.

Eggs easier; extra firsts 21 1-2-22; graded firsts 20 1-2; ordinary firsts 19-19 1-2; storage packed firsts 23 3-4; storage packed extras 24 1-4.

CHICAGO POULTRY
CHICAGO, May 19.—Poultry steady; fowls 20-24; broilers 30-38; roosters 13 1-2; turkeys 20; heavy ducks 15; small 12; spring 20-23; old geese 14, spring 25.

ACCIDENT VICTIM
(Continued From Page One)
was knocked to the floor by force of the dog's jump.

W. O. FORTENBERRY SUFFERS INJURY
Falling fourteen feet when he stepped upon several loose boards atop the Moudy gin at Monroe, W. O. Fortenberry, formerly of Pep-Hockey county, suffered a sprained ankle and has been confined to his bed since the mishap.

In addition to the sprained ankle, Fortenberry sustained a fractured bone and other minor bruises. The accident occurred while he was remodeling the gin house, which he has recently purchased.

CARNEGIE AWARD
(Continued From Page One)
around the spot where Alexander was last seen until he found the body and hauled it out.

When taken to the sanitarium Alexander was breathless but was revived through means of artificial respiration. At that time little hope was held for his survival but he has since fully recovered.

METHODISTS
(Continued From Page 1)
made for national sobriety. We appeal to the American Press, powerful agency in making public sentiment, to consecrate its power to upholding respect for this and all laws, to aid in pushing back the tide of law defiance which threatens to sweep away that respect for law which is the life of the republic.

Daniels Reports
The report was brought in by Josephus Daniels, chairman of the committee and former secretary of the navy. He said there were some parts of it to which he did not fully agree. It was believed his opposition was recorded to the commendation given the work of the board of temperance which Bishop James Cannon, Jr., of Washington, D. C., is the head.

"We call upon all those who believe in sobriety and who respect the law and the constitution, to buckle their armor about them. We have won in all points of law; we propose to fight on in this great cause until this has been made in fact as in law a sober nation."

Records Approval of Cannon
The report "recorded approval" of the leadership and work of Bishop Cannon's board of temperance, proved the endorsement of the general college of bishops upon this subject; and declared that it was the "inalienable right of every member, whether minister or layman, to oppose or vote against any candidate who fails to stand for the principles herein advocated and approved."

It called upon industrial leaders of the south to introduce and apply the teachings and spirit of Jesus in all phases of this great industrialism, and added a warning, "in this day of impending church building, the church moving away from the plain and humble man who works with his hands."

Falling to mention President Hoover, the report paid tribute to former President Woodrow Wilson "who kindled hopes that will never die until realized when he said the world was 'a war to end war'."

Norway is working to have all its labor difficulties at any time settled by arbitration.

PRICE IS 9 TO 12 POINTS UP IN N. Y.
NEW YORK, May 19.—Cotton opened steady, 9 to 12 points higher, on reports of heavy week-end rains in central and western cotton belt states and complaints of floods and the necessity for replanting in numerous sections.

After opening at 18.40 May advanced to 18.44. The later positions showed gains of 9 to 16 points by the end of the first half hour. New October advanced to 15.25.

The market became quiet after the early bulge but soon eased off owing to lack of support, mainly due to prospects for better weather in the southwest, July eased off to 16.00 and October to 15.10, or 10 to 13 points down from the high. At mid-session the market was quiet, and at the low.

MOTORISTS HELD UP
A seven-foot rise yesterday in the Guadalupe river near Kerrville shut off traffic from San Antonio over the old Spanish Trail. Rainfall there had amounted to 2.86 inches. The Guadalupe's rise halted nearly 600 motorists at Comfort, at a crossing.

George Payne, son of Mr. and Mrs. R. Payne, Center Point, was drowned near his home when he and three other boys attempted on a "dare" to swim the Guadalupe.

Three negroes were killed Saturday night in southwestern Dallas county when a severe storm demolished homes and buildings near Ovilla and De Witt.

Trinity Rising
The Trinity river, which had been receding from last week's floods until the rains of Saturday night and yesterday, today was still rising. At Madisonville, on its lower reaches, it was reported last night as having reached flood stage and was backing into sloughs. Inundation of 25,000 acres of land was threatened in Madison county.

Blackened ruins of a Texas company oil tank near Houston today were evidence of the electrical storm which struck Saturday, causing \$100,000 loss from the tank fire and wrecking derricks in the Barber's Hill oil field.

BODY OF YOUTH IS SOUGHT TODAY
LADONIA, May 19.—Efforts were made today to recover the body of William Hendrix, 15, from the flood waters of North Sulphur creek. The youth was drowned near here Tuesday when he and Jack Morrow, another youth, attempted a swimming feat. Hendrix became exhausted and his companion made an effort to rescue him but the swift current tore the boy from his grasp.

GAINS MADE ON COTTON

RAINS IN BELT CAUSE ADVANCES; GAINS 17 TO 19 POINTS

NEW ORLEANS, May 19.—(P)—Cotton experienced a firm opening owing to favorable cables and to rains in the belt, and first trades showed gains of 7 to 16 points. The market continued to improve on heavy rains in the southwest and in the Mississippi valley, July trading up to 18.15, up only 11 points, but October advanced to 15.36 and December to 15.35, or 17 to 19 points above Saturday's close. Near the end of the first hour, prices eased a few points on realizing.

The market became quiet after the early bulge but soon eased off owing to lack of support, mainly due to prospects for better weather in the southwest, July eased off to 16.00 and October to 15.10, or 10 to 13 points down from the high. At mid-session the market was quiet, and at the low.

PRICE IS 9 TO 12 POINTS UP IN N. Y.
NEW YORK, May 19.—Cotton opened steady, 9 to 12 points higher, on reports of heavy week-end rains in central and western cotton belt states and complaints of floods and the necessity for replanting in numerous sections.

After opening at 18.40 May advanced to 18.44. The later positions showed gains of 9 to 16 points by the end of the first half hour. New October advanced to 15.25.

MOTORISTS HELD UP
A seven-foot rise yesterday in the Guadalupe river near Kerrville shut off traffic from San Antonio over the old Spanish Trail. Rainfall there had amounted to 2.86 inches. The Guadalupe's rise halted nearly 600 motorists at Comfort, at a crossing.

George Payne, son of Mr. and Mrs. R. Payne, Center Point, was drowned near his home when he and three other boys attempted on a "dare" to swim the Guadalupe.

Three negroes were killed Saturday night in southwestern Dallas county when a severe storm demolished homes and buildings near Ovilla and De Witt.

Trinity Rising
The Trinity river, which had been receding from last week's floods until the rains of Saturday night and yesterday, today was still rising. At Madisonville, on its lower reaches, it was reported last night as having reached flood stage and was backing into sloughs. Inundation of 25,000 acres of land was threatened in Madison county.

Blackened ruins of a Texas company oil tank near Houston today were evidence of the electrical storm which struck Saturday, causing \$100,000 loss from the tank fire and wrecking derricks in the Barber's Hill oil field.

BODY OF YOUTH IS SOUGHT TODAY
LADONIA, May 19.—Efforts were made today to recover the body of William Hendrix, 15, from the flood waters of North Sulphur creek. The youth was drowned near here Tuesday when he and Jack Morrow, another youth, attempted a swimming feat. Hendrix became exhausted and his companion made an effort to rescue him but the swift current tore the boy from his grasp.

WILLIAMS TO MAKE TALKS OVER TEXAS

FARM BOARD MEMBER TO BE AT WTCC CONVENTION

(Special to The Journal)
DALLAS, May 19.—Announcing dates for addresses in Texas by Carl Williams, cotton member of the Federal Farm Board, the Texas Cotton Cooperative Association today made public its plans for a statewide membership campaign which will start simultaneously with the tour of the Farm Board member.

The campaign will open the first of June, and Williams is to arrive in Abilene for an address before the West Texas Chamber of Commerce May 30, following with addresses before farmers' and business men's mass meetings at Paris, Saturday, May 31; Waco, Monday, June 2; and Corpus Christi, Tuesday, June 3.

Changes Made
Sweeping changes were made in the Texas Cotton Cooperative system during the past week's annual meetings of members and directors. The old Texas Farm Bureau Cotton Association, after ten years of pioneering, was reorganized into the Texas Cotton Cooperative Association, and its sales plan placed on an entirely different basis. Instead of contracting to deliver all his cotton for sale by the association, the member will now contract for delivery of only one bale in every two and this amount only until he has delivered ten bales. After delivery of the tenth bale, he may sell all the remainder on the open market, if he so desires.

A "decentralized membership" program is another new feature with district and branch offices at larger points, and receiving agencies at smaller points, to allow the member to carry on his dealings in person with association representatives near his home, rather than by long distance relations with state headquarters as before. On the other hand, sales will be one more centralized basis than ever, the Texas association being one of twelve, covering the entire cotton belt, which will sell their cotton through the American Cotton Cooperative Association, set up and supervised by the Federal Farm Board.

Corpus Christi will be the scene of the first membership drive, forty-one counties of that district to begin organization June 3, with preliminary work already under way. As rapidly as possible, the organization movement will be transferred to the other districts, in order to be ready for actual operation by the beginning of the cotton season.

It was stated at T. C. C. A. headquarters that seventy-five towns and cities have applied for branch offices of the association, indicating their willingness to underwrite the maintenance of the offices and the enrollment of a membership quota. The general trend of sentiment toward the reorganized cooperative has been favorable, it was added, that instead of losing five per cent of Texas cotton farmers, as in the past, the association is expected to enroll several times that many the first season.

SUES PADDOCK

Papers in a \$100,000 breach of promise suit have been served on Charles W. Paddock U. S. Olympic sprinter, by attorneys for Miss Madeline Lubetty (above) of New York, who charges Paddock jilted her after announcement of their engagement. The runner has entered a general denial of the charges.

FLOYD COUNTY ROADS

FLOYDADA, May 19.—The board of county commissioners have authorized the expenditure of \$325 for three new roads. Two will lead into the Pleasant Hill community and one to the Barwise community. Total mileage is approximately ten miles.

When the fishing fleet off Cuxhaven, Germany, recently lost track of shoals and spratts for several weeks an aviator quickly found the fish, and the fishermen then landed heavy catches.

A cross of wood, which stood at Rochincoeur Cemetery, France, to the memory of British soldiers who fell at the battle of Opy Wood in 1917, has just been added to the interior decorations of St. Andrew's church, Stockwell, England.

While the third annual social of the Blood Transfusion Service of the British Red Cross Society was being held in London recently, three calls for blood donors were received.

The millionth membership was recently issued by the Royal Automobile Association of Britain.

CLEAN-UP GROUPS TO BE SELECTED

Committees for inspection and report work throughout the year making the clean up and paint up idea in Lubbock one of permanence, are to be named at a meeting this afternoon of the general Clean Up and Paint Up committee of the chamber of commerce.

Presided over by W. B. Atkins, chairman, the session started at 2:30 o'clock, attended by the following members: L. G. Haynes, D. Jarrett, A. Sansom, W. G. Alderson, Joe Nislar, Ross Edwards, Roy Purr and Norton Baker.

A report will be made today of the net results of the recent campaign staged in the city and ways and means of disposing of old car bodies and automobile parts which are cluttering up vacant lots in the business district will be discussed. In addition to the committee, J. Bryan Miller, city manager; J. C. Levens, assistant city attorney; and John Lemond, chief of police, also are attending the gathering.

Glass beads 1,200 years old have been discovered in the Zombabwe ruins, Southern Rhodesia.

FINAL PLANS FOR HOME TO BE MADE

Final plans for the new \$12,000 Legion home, to be erected in Lubbock by Allen Brothers post, will be discussed and formed when members of the building committee meet tomorrow night. The meeting will be held in the offices of Dr. V. V. Clark, chairman, in the Myrick building, at 8 o'clock.

Other members of the committee include Glen Hess, N. L. Peters, A. C. Jackson, H. D. Woods, Clark M. Mullean, Durwood Bradley, and Chas. Whitacre.

A report will be received from the finance committee on the amount recently raised for construction of the building. The meeting is the first of a series for purpose of completing details of the plans and for

MRS. BERRY IMPROVING

AMHERST, May 19.—The first Monday in each month will be Trades day for Amherst merchants. The first one will be Monday, June 2, it was decided at a meeting of local business men.

any additions or alterations which may be found necessary. A final audit will be made this afternoon of the funds raised in last week's drive. A report given out Saturday night showed \$10,918. Officers of the post, however, are firmly convinced that today's report will show the amount well over the \$12,000 mark.
