Mayor, Council Members Sworn In Second Time

Mayor Hollis Collum, either fearing the legality of the swearing in on April 8, when he and two councilmen took the oath of office from Mayor Herman Johnson, who was not a notary, or else wanting to make doubly sure in an election over which there has been considerable heart-burning, had the whole ceremony repeated at the regular council meeting, this time with Corporation Judge G. D. Johnson administering the oath.

Efforts by Councilmen Jackson, Harrist and Garrett to find out the reason for this duplication of effort were unsuccessful.

The session was also marked by an interchange of words between Collum and Jackson, when Collum objected to approval of minutes of a meeting of the council held before he became mayor because Jackson, who made the motion under discussion, wanted the minutes corrected.

Following these opening fireworks, the meeting settled down to a fairly routine discussion of city business, enlivened by a mix-up over who was to be corporation judge. Councilman Garrett made the statement that he wished to enter the application of Lawrence Miller for the position, which has been held for some years by Justice of the Peace G. D. Johnson, who was also present.

Mayor Collum asked for a motion of appointment of Johnson as corporation Judge. Councilman Maley made such a motion. Upon objection by other councilmen, and when the matter was explained to him, after Garrett had made a similar motion on behalf of Miller, the matter was tabled for further study.

The council then opened bids for gasoline for city trucks, on which Humble bid $0.1525 per gallon, plus state tax; Gulf bid $0.1360 per gallon, plus state tax; and Mobil bid $0.1348 per gallon, and awarded the contract to Mobil on its low bid.

Herman Johnson was appointed Civil Defense Director, and an ordinance staggering the terms of park board members, and, upon learning that the board was short a member appointed Tom Rogers to fill the vacancy, Action on the ordinance was deferred. Members of the board are Rogers, chairman Charles Roe, Mrs. W. B. Ormand, James Little, James Adams, Paul Clark Sorenson, and Mrs. Byron Bushart.

Chief of Police Bob Hewes reported that for the month of March he handled one case of drunkeness, one person was held for investigation, one speeding case was tried, and two for improper equipment, four for non-observance of lights or signs, two for making U-turns, three for defective mufflers, two for failure to report accident, and one for failure to signal.

In addition, Hewes said, he had apprehended one wanted person, handled four juvenile cases, two runaways, five traffic accidents, one injury and four property damage cases.

Glen Hotchkiss, of Layne Texas, was present, and he and the council discussed the water situation at length.

Views From Hewes

By
Police Chief Robert Hewes

First of all let me explain that many complaints come to me as a police officer that the ordinary citizen does not hear. The reason for this short article is to explain a few things that I believe the public should think about. Every complaint, no matter how small or large, is investigated because we feel that it is important to someone or it would not have been reported.

Numerous complaints have been about what some people refer to as kids. We think of them as teen-agers or young adults. First, "the kids are speeding down the street where I live." How many of you have checked to see how you and your adult neighbor drive? If you check, you will see that many more adults are traffic violators that are teen-agers.

A check of the high school area and the elementary school area shows that more than 50 per cent of the traffic violators are adults just like you and I.

Second is the problem of drinking and driving, or just drinking. I know for a fact that many of our younger people drink, I see more of it especially in the summertime. But where do they get the things they drink? Some adult has to either provide it or buy it for the teen-agers. Why then do we condemn the teen-agers or younger people or kids?

If we would all get together and start thinking seriously about the sources of the alcoholic beverages the teen-agers drink maybe we could do something about.

Our job in the police field is to first help, then the prevention of crime and law violations and then enforcement. It would be a much easier job if everybody would not be so quick to condemn the younger people but try to help them in every way possible.

Summer is coming on us quickly and they need all the help that we as adults can give them.

Library Week in Texas, April 12-18, was proclaimed recently by Gov. John Connally when he signed an official memorandum setting the dates to coincide with the national observance of National Library Week. Governer Connally said, "new emphasis is being placed on library development in Texas. We recognize this as not only essential to all levels of education, but as the only public means of continuing a person's knowledge beyond the level of formal education.

It is appropriate that we honor the achievements of the libraries of Texas and I urge every Texan to visit a public library and use its facilities during Library Week."

Witnessing the proclamation signing were: left to right, Dr. Dorman M. Winfrey, director and librarian, Texas State Library, member of the Texas Library Week Committee; Governor Connally, honorary State Chairman; W. T. Overton, president, Dallas, Texas Corporation of Dallas, chairman of the State Committee and Lawrence N. DiPietro, executive director of the Texas Library Week Committee, Dallas.

SON OF LOCAL COUPLE DROWNS IN LAKE MATHIS

Bennie Valdez, a Mathis High School senior, drowned in Lake Mathis about 5:30 p.m. Tuesday. Valdez, 19, was the son of Mr. and Mrs. Santiago Valdez of Rockport, although he made his home in Mathis with his aunt, Mrs. Alicia Rodriguez.

Valdez was swimming just outside the fenced swimming area in the state park with four other high school students. They were Valdimar Alaniz, Paz Pena, Severo Barrientes and Gilbert Garcia.

Valdez apparently got out too far in the lake, according to Justice of the Peace C. D. Caffall. The body was recovered by Mathis volunteer firemen.

A chicken barbecue will be held at noon, sponsored jointly by the San Diego Knights of Columbus Council 2791 and the VFW Post.

Ceremonies will begin at 2 p.m., with music, followed by the welcome by Commander Ibanez.

Master of ceremonies will be Noe P. Jimenez, past post commander and past Jim Wells County Council Commander.

The Rev. Epifanio Rodriguez will give the invocation, followed by the presentation of colors by VFW and Scout Troop 44.

OPPORTUNITY FOR YOUTHFUL HUNTERS! ARMADILLOS WANTED!

Ed Harper, at Key Allegro, wants armadillos for some scheme he's working on, and he says he'll pay a dollar apiece for the first dozen of the weird little beasts delivered alive and well to the Key Allegro sales office.

When asked what he wanted them for, Harper just looked mysterious, but denied that he was going to use them as raw material for a barbecue, even though there's quite a market in the east for the animals.

For instance, on the menu of one New York restaurant, armadillo for four is listed at $50, and Bob Turk, Harper's associate, says he remembers the day when they were called "Hoover Hogs" and eagerly sought as food by Texans during the depression!

STEVE WALKER AND CREW CATCH BIG SAWFISH WEDNESDAY

Captain Steve Walker of the shrimper Loraine C came in Wednesday with a 15-foot sawfish he had caught in his net of Big Hill on Matagorda Island.

The big fish had become completely entangled in the shrimp net and it took the crew of the Loraine C more than half an hour to get the big fish out of the webbing, which was badly damaged.

The sawfish was estimated at between 800 and 900 pounds by those who saw the catch.

Sea-O-Rama Revived, In Business Again

The Sea-O-Rama will be staged again this year, although a week or so ago it was almost abandoned because of lack of time or interest among many of those who have served in organizing and presenting it in former years.

At a meeting Wednesday night, the date was set for June 20-21, and tri-chairmen and committees were set up as follows:

Organization: Thomas D. Picton, Miss Lola Bonner and Jack Sanders.

Arrangements: Jerry Leadbetter, Delmar Hiller and Hollis Collum, as tri-chairman, with Members Sheriff Virginia Shivers, Louis Soliz, Jim Adams, Glen Schulz, Gregg Henderson, Dennis Elliot, J. D. Gray and Byron Hardeman.

Entertainment and events: Ed Harper, Gay Copeland and John Ross, tri-chaimen, with members James Kautz, Jim Bauknight, Joe Blevins, Michael Lane, Sandra Petrilli, Azalea Shivers, Jan Wendell, Mrs. Byron Bushart, Glenn Wagner, Ritchie Clendenning, and Mrs. H. F. Elliot.

Finance committee: James H. Sorenson, Jr., Willis N. Meigs and Mrs. Bergel, with members Mrs. James B. Jackson, Mrs. Jack Sanders and Charles LaBounty.

Publicity committee: J. L. Baughman, Mrs. Mary Juergens, and Robert Mauermann, tri-chairman, with members Mrs. Robert Mauermann, Darlyne Fincher, Linda Eller and Herman Johnson.

In considering the program for this year, some of the old events from past years have been retained. However, emphasis this year will be upon those portions of the old program and added events this year which will attract people to Rockport for the two day session.

Harper emphasized that it was still a little early to detail a firm program of events, and that there would be another meeting at the county court house on Monday evening, April 20, at which final details would be confirmed.

Neverthless, the overall picture begins to look about as follows:

There will be a carnival here during the Sea-O-Rama. It will be given the concession in return for a cash guarantee on its part, to help defray costs of the celebration. This carnival will be chosen by picking the highest bidder for the privilege.

At noon Saturday, there will be a barbecue at the Lions Pit, in front of the Woman's Club, and at noon Sunday there will be a fish fry at Fulton Harbor. Both events will be handled by the three local Lions Club, and may be in-

Garrett told members that a TV committee composed of V. A. Dullye, Hollis Collum, and Hunt had secured installation of a TV set, mast and antenna for one of the veterans; that Ernest Harrist of Rockport Refrigeration Service had donated a TV set, and that the post had paid out only $25 in the matter.

Garrett stated that all arrangements had been made by the Flag Detail for both San Jacinto and Loyalty Day.

CHARLES GARRETT FAILS TO QUALIFY FOR COUNTY TRUSTEE

Charles Garrett, for many years a county school trustee, and recently re-elected to the same post, failed to qualify, stating that conflict of interest made it impossible for him to do so.

What's going on here?

Friendly service is our pet project.
Rescuing cats from utility poles isn't a scheduled activity of our line and service crews, but CPL folks often go beyond the call of duty to do a neighborly thing — as Leroy Rummel and Tommy Feller are doing here.
The CPL employees who look after your electric service get to know quite a bit about animal and bird life. Meter readers find their jobs less hectic if they can make friends with the neighborhood dogs. Birds like to nest among the electric lines, and must be discouraged to prevent interruptions of your service. Such assorted wildlife as squirrels, raccoons, opossums and snakes risk electrocution to prowl our substations. Your service can suffer if they lose, so we try to keep them out.
The point is, we're adaptable. We greet the usual and the unusual tasks with the same idea — to provide you with the best possible electric service at the lowest possible cost.

SEVENTH GRADERS RESPOND TO HELP APPEAL IN PAPER

The Social Studies Classes of the seventh grade at Aransas County Junior High School responded to an appeal for help this week and collected 16.80 to send to the Houston Post Fund for Lighting the San Jacinto Monument. Since Hurricane Carla, the monument has been dark.

Their letter read:

Monument Lighting Fund
The Houston Post
Houston 1, Texas

Gentlemen:

I am writing for my fellow classmates of the Junior High School of Rockport, Texas.

We have heard of your efforts to improve the lighting at the San Jacinto Monument, and we approve of the project. We realize the importance of the historical shrine as a symbol of the hope and freedom of the State of Texas. Brave Texans once fought and died for Texas freedom on the very grounds where the monument now stands.

We send our contribution to the lighting fund so that in the future people will be able to admire the monument with more respect and thought.

Sincerely yours,
Johnny Jackson, for the seventh grade students of Aransas County Junior High School of Rockport, Texas.

JIM LANGDON—A WINNER!

Railroad Commissioner Jim Langdon is a 49-year-old native Texan with a winning record in public office. When John Connally appointed him to the Railroad Commission, the Governor said:

"I have for several weeks been attempting to find a man I consider to have outstanding ability, integrity and honor... I am happy we have found that man — Judge Jim C. Langdon."

Jim Langdon has fully lived up to Governor Connally's expectations. He has conducted his office in the spirit of Governor Jim Hogg, who had the Commission set up in 1891 to look after the public interest in railroad and freight rates. It now regulates also truck and bus rates and the production of oil and gas. Judge Langdon will continue to keep transportation rates in line and see to it that our oil reserves are protected against waste and greed. This will help keep down Texas gasoline prices, already among the lowest in the nation.

Jim Langdon was elected District Judge twice and re-elected Chief Justice of the El Paso Court of Civil Appeals.

ON THE OTHER HAND—

Jim Langdon's Opponent Is a 10-Time Loser!

Jesse Owens, 69-year-old attorney, is still running for office after 38 years and TEN DEFEATS. He has lost the following races:

1926—Defeated for Sheriff of Foard County by L. D. Campbell.
1930—Defeated for District Attorney by John Meyers.
1932—Defeated for District Attorney by Ed Gossett.
1940—Defeated for District Attorney by T. Gene Rogers.
1946—Defeated for Court of Criminal Appeals by Tom L. Beauchamp.
1952—Defeated for Court of Criminal Appeals by K. K. Woodley.
1956—Defeated for Court of Criminal Appeals by W. A. Morrison.
1958—Defeated for District Judge by Tom Davis.
1960—Defeated for Court of Civil Appeals by James Denton.
1962—Defeated for Texas Supreme Court by Meade F. Griffin.

A Winner All the Way—

Jim C. Langdon

Butt Foundation Makes Library Gift For Children

Mrs. H. E. Butt, through the H. E. Butt Fundation, has contributed $100 to the Aransas County Public Library for children's books.

Members of the Library expressed their appreciation of the gift which, Chairman J. L. Baughman said, would ease the library's financial situation this year.

"Construction of the new library, while not taking away from the annual budget of $1500, has made it impossible to devote as much money to the purchase of books this year as we have in the past," he said.

"Members of the Women's Club of Aransas County made a substantial contribution earlier in the year, devoting the proceeds from one games party to the library and we have had other small gifts from time to time.

The library is cooperating with the schools in setting up a summer reading plan, Baughman stated, and Mrs. Val Jean Eaton, librarian, is already planning the program for the period when schools are closed.

"This is one of the nicest ways in which young people can spend their time," Mrs. Eaton said, "and we intend to do everything we can to make the library useful to the young people of the community, as well as the older ones."

Junior High Begins Project

Section 8-2 of the Aransas County Junior High will begin work on Project Science this week. Project Science is a pilot study being conducted by Texas Women's University. The purpose of the study is to compare two methods of teaching, one method, the class room and the other, field research method, where all the work and study is done in the field. Due to our location on the water we have been chosen to participate in the field research part of the project.

The students will spend their science class down in ankle deep water studying ecology, which is the relationship of plants and animals to their environment. The project is intended to last for four weeks. After this the students will be given a test on the material they have studied. This will be compared to a test that each student took prior to the beginning of the project and the results studied.

Those students participating are all from section 8-2 in the junior high school. They are: Mickey Anders, Betty Berry, James Crabb, Linda Domaschk, Chris Edwards, Melly Flores, Louis Galvan, Andrew Huffmeyer, Mark Johnson, Lola Kelso;

SEA-O-RAMA—
(Continued from Page 1)

terchangeable. That is the fish fry may be held Saturday and the barbecue Sunday.

Saturday or Sunday afternoon there will be motorboat races staged by the "Tip 'O Texas" Racing Association from Corpus Christi, and this will be the type that has drawn so many spectators to Little Bay in recent years.

Also scheduled for the Little Bay basin is an 18-act, professional water ski show, comparable with the fine one that operated at Lake McQueeney for so many years.

In addition to these events, others for which times have not been set include a boat parade and a senior beauty contest. There will be no junior, subteen or tiny tots competition this year, unless there are radical changes in plans. The Ladies Auxiliary of the Rockport Volunteer Firemen's Association is expected to handle this portion of the program, from which Miss Sea-o-rama will be chosen.

Planned for either Saturday or Sunday afternoon, there will be an afternoon of quarterhorse racing, and tentatively set for Sunday morning there will be a sports car junior Grand Prix race, to be held on Key Allegro.

Both the Coastal Bend Sports Car group and the Tip-o-Texas Racing Association have been contacted and have signified their willingness to participate in the celebration.

Also, Harper says, there will probably be a mystery race, something brand new and original, staged on one of the days. As details on this still have to be worked out, he said, an announcement will be made later on this particular event.

A number of other events are on the program, he said, and these include a Saturday night street dance and a pirate landing of some sort in the afternoon Saturday.

"We will probably have most of the program formed up after next Monday's meeting," the Key Allegro man said, "and it will then be possible to be more specific about some of these things."

Also cooperating in the planning and committee work is Jerry Leadbetter, new manager of the Sea Gun Sports Inn.

"Events of this kind," he said, "if properly handled, can be of great benefit to the community, and I am glad to assist in any manner possible."
