GRAND CHAMPIONS

Two youthful livestock exhibitors proudly show their purple rosettes and blue ribbons won at the Collingsworth County Free Fair August 29. At left is Tommy Lindley, son of Mr. and Mrs. Dick Lindley, who had the Grand Champion bull, a Hereford shown in the trailer behind him. At right is J. C. Saunders, with his grand champion Yorkshire barrow, which also was first in its class. Saunders, son of Mr. and Mrs. A. M. Saunders, also had the grand champion gilt, grand champion sow and reserve champion barrow.

Mrs. M. F. Hunter, Pioneer Settler, Dies Saturday

Mrs. M. F. Hunter, who came to Collingsworth County 61 years ago, died Saturday, September 5, at 3:30 p.m., after an illness of four years. She was in failing health prior to that.

She and the late Mr. Hunter had been married only a short time when they came here from Graham, filing on the section of land northwest of Wellington that she still owned and which was her home until a few years ago.

Mrs. Hunter was born Mary Ellen Fisher, the daughter of the late Mr. and Mrs. J. S. Fisher, on March 2, 1876, in Collin County. The family later moved to Comanche County, but most of her girlhood was spent in Young County, north of Graham.

She was married there to Mart Hunter September 15, 1898.

The community in which they settled here was then known as New Basil, but long ago it was merged with the Cross Roads community. Much of the land around them was still in pastures, and most of their neighbors lived several miles to the southwest. These were older couples, and for some years she did not enjoy the companionship of friends her own age.

Mrs. Hunter's life was devoted to her family, her home, her church and her friends.

She was a charter member of Friendship Baptist Church in the Buck Creek community, and had been a member there continuously. At the time of her death she was the oldest living charter member.

While she remained in the background through the years, she gave quiet support and encouragement to her husband, the late Mart Hunter, in his work as a community buildier and county official.

Funeral services for Mrs. Hunter were held at First Baptist Church Monday at 2:30 p.m. The Rev. Russell Pogue of Petersburg, former pastor here, conducted the service, and burial was in North Wellington Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Auburn Keller, Elzie White, Dudley Phipps, Alvin Horton, Lester Hunter and Cicero Gulley.

Test Well Goes Down South of Salt Fork

A wildcat test, 6 miles north and three west of Wellington, has brought the search for oil or gas south of Salt Fork River, and to that immediate area for the first time.

Drilling was in the dolomite formation at 2,643 feet when operations were shut down temporarily Firday, September 4, to install a larger motor and make repairs.

The well is being put down by E. A. Nesbitt, Dallas attorney who also is active in oil and associated with him is Jack Collins, Dallas oil man, who is here while drilling is under way. Glen Bacon of Marlow, Oklahoma, is the drilling contractor.

The test is in the center of the southwest quarter of section 65, block 15, owned by E. L. Tarpley of Pampa.

This is Nesbitt's first venture in this area, but he has operated extensively in Carter County, Oklahoma, Crane County, and other points.

The drilling permit is for 6,500 feet, and if the test goes to this full depth, it will be the deepest test since drilling operations were started in Collingsworth County about three years ago.

Approximately 2900 acres is included in the drilling block, according to Collins. The leases were taken by J. R. Roark during 1956 and 1957, and acquired by Nesbitt from him.

Two hundred and thirty feet of 8-3/5-inch surface casing was set and cemented to protect the well through the water sand and four and one-half inch drill pipe is being used. This will be reduced to three and one-half inch pipe if drilling goes below 5,000 feet, Collins said. Drilling, with a rotary rig, is on a 24-hour basis. Progress has varied from a rate of two hundred feet per day, down to two or three feet an hour, depending on the formations, Collins said.

It is an interesting sidelight that drilling went through water sands at from 80 to 125 feet, in what Collins said appeared to him to be a good reservoir for irrigation water.

The nearest test to this wildcat was one approximately three miles northeast, drilled in 1948 by W. D. Jonhson, Wichita Falls operator. The test went to 2506 feet and there was an excellent show of gas at that point, records of the well show.

To District Saturday

Kaye Peeples New Farm Bureau Queen

Kaye Peeples of Wellington was chosen Collingsworth County Farm Bureau Queen in the annual queen's contest Friday night, September 4.

Kaye Peeples

Runner up was Brenda White of Quail and third place went to another Wellington miss, Barbara Shanks.

The first and third place winners are blondes, the runner-up a brunette.

Miss Peeples, the daughter of Mr. and Mrs. Ray Peeples, will represent the county in the district Farm Bureau contest Saturday, September 12, and the winner of that event will participate in the state contest. She is 17 years old and a junior in Wellington high school.

The new Farm Bureau Queen is a cousin of Fayteen Peeples, now married and living in Dallas, who went from here to become state Farm Bureau Queen.

Entertainment was provided by the Quail music department under the direction of Mrs. Lowell Wells and included accordion music, tap dancing, and numbers by ensembles and the school chorus.

Cotton John Smith of Amarillo was master of ceremonies and Judges were Mrs. Jim Litch, Mobeetie, Bryan Swain, Wheeler and Mr. Hodges, Memphis.

Mother of Mrs. Dee Coleman Dies Sept. 3

Mrs. Bessie Bushong Brock, 79, the mother of Mrs. Dee Coleman, died at the home of her daughter at 9 a.m. Wednesday, September 2. She came here two weeks before her death from Comfort.

Mrs. Brock was born and lived all of her life in Grapevine until the death of her husband, John W. Brock, in 1947. During the entire time at Grapevine, she had lived in only three houses.

Mrs. Brock was born June 22, 1880, the daughter of G. E. and Elizabeth Jenkins Bushong.

She had been a member of the First Baptist Church in Grapevine 63 years.

She and Mr. Brock were married June 20, 1900 at Grapevine.

Up Against Split T

Rockets Play Hollis There Friday Night

Wellington Skyrockets travel to Hollis Friday, September 11, for a game with the Tigers, only Oklahoma team Wellington will meet this year.

Game time is 8 p.m.

Because this is the closest out-of-town game to be played this season, it will probably draw the largest crowd of supporters of any of the Rockets non-home clashes. The Skyrocket band and the Pep Squad will accompany the team and will be in uniform.

"They are in good condition for the game—there are no injuries to hamper us, and the Rocket's spirit is extremely good to have lost a game last week," Coach Frank Lindsey commented.

This will be the opening game for the Tigers, who will field the same team as last year with the exception of three men.

The team has two new coaches, Leonard Selvidge, Spearman mentor last year, and his assistant, Bill W. Cummins. These two put the Tigers through tough workouts at old Craterville Park at Cache for a week in late August. At that time, around 30 boys were out, but a few additional have reported since them.

Selvidge has announced his plans to concentrate on offensive, developing a powerful split T formation, and it is expected that this will show up in their opening game.

The Tigers have some strong men in their lettermen, as well as half a dozen other likely prospects for berths.

The Hollis starting lineup has not been announced, but Selvidge will pick his team from the following: Jerry Castleman and Wendell Crump, centers; Gary Abercrombie, quarterback; Steve Oppage and Jimmie Jones, ends; Bryan Mitchell, Morris Boothe, J. H. Hay and Mike Wilhite, halfbacks; Martin Lewis, Carroll Lewis, fullbacks; Jerry Orr, John Spradlin guards; Lanny Lewis and Larry Cox, tackles, all lettermen, and Randall Wright, Dickie Barnes, Darrell Davidson, Mark McClanahan, John Barnett, Darrell Davidson and Larry Meeks.

Rev. Ferguson Dies Thursday at Gainesville

The Rev. John R. Ferguson, former pastor of the Church of the Nazarene here, died of a heart attack in Gainesville about 7 p.m. Thursday, September 3. He had been pastor of the Church of the Nazarene there since moving from Wellington last fall.

He was pastor here five years.

Funeral services were held at Gainesville Sunday at 2 p.m. and services were conducted at Abernathy, his former home Monday at 10 a.m. Burial was in the Abernathy cemetery.

Rev. Ferguson was about 60 years of age.

In addition to the leadership he exerted in his church and among people of all denominations here, he was active in the Ministerial Alliance and in the Kiwanis Club. He took part in Red Cross work and was a former county chairman.

He and Mrs. Ferguson owned a home on West Avenue here to which they had planned to move when he retired.

Surviving Rev. Ferguson are his wife and one son, Rev. John Ferguson, Jr. of Yuba City, Calif. There is also one grandson.

School Enrollment Near to Last Year's Figure

Enrollment in the Wellington schools stood at 912 Tuesday, September 8, and straggling entries probably will bring it to last year's figure, 918, school administrators have estimated.

Each of the four schools is within a few students of the number as the 1958-59 term opened, Mack Bush, principal, said.

The high school enrollment Tuesday was 206, while junior high had 209 students and elementary school 346. One hundred and fifty-one are enrolled in Booker T. Washington School.

Hospital Staff Changes Listed

Sister Mary Dominicus has come from St. Dominic's Hospital in Jackson, Miss., to have charge of the dietary department of St. Joseph's Hospital, Sister Mary Rupert, administrator, announced this week.

She has been in Jackson for nine years and previous to that she was in Chicago 15 years.

Sister Mary Rita, already a member of the staff here, has been transferred to the business office. She was a member of the original group of Dominican Nuns who came to Wellington to take over the hospital 21 years ago and was in the business office then. She has had two other assignments here in the meantime.

Texas in Toronto

Wheatheart of the Nation Vada Bell found a touch of Texas in Toronto. She is shown here with Duncan Renaldo, "The Cisco Kid," who is a feature grandstand attraction at the Canadian exhibition, the world's largest annual exhibition. The expense-paid trip was awarded Miss Bell as winner of the Wheatheart title.

Clarendon Here

Firecrackers Open Grid Season Sept. 10

Junior High Firecrackers open their season Thursday, September 10 against the Clarendon junior high team, Coach Harvey Millsap has announced.

Game time is not definite, but it will be either 5:30 or 6:30 p.m. and fans are asked to check the hour before coming down.

"They are little boys, but they're wanting to play awfully hard," Millsap said concerning his team.

"They're young and inexperienced, and some of the boys have never played more than playground or vacant-lot football, but prospects are good and we think we're going to have a good team," he declared.

Millsap said 32 boys are out, including two of last year's first stringers are back, Bryan Hatch and Jennings Wells,.

Most of the boys, however, are seventh graders.

They will have had five or six days practice by their Clarendon game.

Since this is also Clarendon's first game, nothing is known about that team locally.

Millsap also announced the schedule for the remainder of the year:

Sept. 17 — Open.
Sept. 24 — Shamrock, here.
Oct. 1 — Open.
Oct. 8, — Quanah, there.
Oct. 15 — Childress, here.
Oct. 22 — Canadian, here.
Oct. 29 — Childress, there.
Nov. 5 — Shamrock, there.

Millsap named as his probable starters for the Clarendon game: Tim Bailey and Joe John Henard, ends; Jennings Wells and Stanley Harrison, tackles; Kenneth Patterson and Greg Wood, guards; Bill Estes, center; Danny Martin, quarterback; Richard Layton, left half; Bryan Hatch,right half; and Chester McLain, fullback.

Other boys out for the junior high team are Leamon Bawcom, Gary Bergval, Lyndal Bowen, Walter Campbell, Mickey Carter, Skippy Duncan, Jackie Duncan, Mark Fires, Larry Flint, Ray Floyd, Ricky Futch, Winston Hicks, Phillip Hughey, Ronnie Ketchum, Olan Moore, Dwayne Pottet, Lynn Wolf, Mike Wolf, Henry Stall, Dan Warrick, and Randy Wooldridge.

For Service Rendered

B&PW NAMES MRS. JUSTICE 'OUTSTANDING CLUB WOMAN"

Wellington Business and Professional Woman's Club honored Mrs. John Justice at a meeting August 25, selecting her as the outstanding club member of the year.

Mrs. Cameron Beam was hostess at her home.

Highlight of the meeting was the program given by Mrs. Katie Cummings, in which she paid tribute to Mrs. Justice for "community service rendered beyond the line of duty in the profession she has chosen, library work." The service was work done through willingness to serve, for which no pay was expected, it was pointed out.

Mrs. Justice is librarian of Wellington high school and last year she gave generously of her time in directing the setting up of the filing card system in the county library.

"She left something lasting for those who will use the library in future years," Mrs. Coleman, club president, said.

Mrs. Justice was presented a personal gift from Mrs. Cummings as a token of mutual appreication of the service rendered.

Band Parents Set Up Year's Organization

By Charles Allen

Thirty-five parents showed up at the first meeting of the Wellington Band Parents Association in the Wellington High School Band Building Monday, September 7th.

Band Master, Bill Waits talked to the group and expressed his delight in seeing so many parents out at the meeting. He said that he was extremely well pleased with the bands progress so far this year; that we would have a younger band than ever before, with about twenty eighth graders being transferred to the high school band; but the students were really working. He has 48 students out for band (High School).

The following committee chairman were appointed: workers committee, Mrs. Edd Henard and Mrs. Dick Lindley; sandwich committee, Mrs. Joe Coleman; program selling committee, Mrs. Eldon Holley; bus riding committee, Mrs. Barney Glenn; hot dog committee, Mrs. Holton; hot chocolate committee, Mrs. Rufus Sweat; pop corn committee, Mrs. Loyd Harper; coffee committee, Mrs. Jack Sanford; soda pop committee, Mr. Arlois Holtman; committee for selling program adds, Mr. Ike Sullivan and Mr. Richard Bailey, co-chairmen.

One bill for a uniform, in the amount of $54.28 was approved. The idea of new Band Jackets for each student taking Band was discussed. A committee, with Band Parent President Charles Allen as chairman, was appointed to explore the possibilities of getting back the Band Director's telephone and securing some sort of air conditioning for the band building. The committee was also asked to check into the price of Jackets for the band students.

The meeting was adjourned promptly at 8:45 and the president expressed to the group his desire to keep the meeting short and business-like. The Wellington Band Parent's Association will meet the first Monday night in each month in the Band Room of the High School at 7:30 p.m.

OFFICIALS MARK UP THIS YEAR'S FAIR A BIG SUCCESS

Fair officials this week marked up the second annual Collingsworth County Free Fair as "much, much better than last year."

At the same time, officials gave high praise to N. M. Higdon, assistant superintendent, for the smooth operation of the big event. In his dual capacity of fair official and chamber of commerce manager, he was responsible for most of the detail work in co-ordinating the various departments and events. To do this, he stretched his working day almost around the clock for the period immediately preceding the opening of the Fair, one official pointed out.

There were more entries in all departments, and this year, the fair brought together youth and adult activities in one big event. Several new departments were added and all old ones kept.

Moving the fair downtown was considered another big improvement by both officials and visitors.

Several of those working with the Fair list permanent Fair buildings as the next step.

"We feel the fair was a big success, and it was successful because everyone gave such, fine cooperation — officials, department workers, those exhibiting products, and the public who so enthusiastically received it. This is proof we want a county fair, and now we will begin looking forward to the third one," Dr. Chas. B. Jones, fair superintendent, declared.

Domestic Industry Sees Cloud Abroad

The Dallas News

What the board chairman of General Aniline and Film Corporation said in Dallas Monday merits far more consideration than it is likely to be given widely. John H. Hilldring faces frankly a threat to American industry in the European Common Market and gives reasons why.

ECM's primary object is to assure markets for the production of the countries concerned. The aim is entirely legitimate. But you get a market by taking it away from somebody else. Either you have a better product or a better price.

Everybody endorses heartily the idea of better living standards for the world at large. Part and parcel of that must invariably be a loss of American markets that can be reflected in our own living standards.. Living standard is a matter of doing. You get it by manufacturing and selling, or growing and selling. Living standards, basically are goods and services, wages and salaries. They are not produced by magic except insofar as knowledge and work may constitute magic.

Tariff barriers, which Mr. Hilldring fears in ECM, probably justly, can protect domestic industry but cannot win foreign markets. Free trade cannot protect the high living standard of high wages against lower labor costs elsewhere.

Eventually, under a free trade policy, probably the world's markets could be stabilized but initially and perhaps for long there would be losses to lower cost competition.

We are confronted by the paradox of having had to provide markets by subsidiznig, rehabilitation and recovery abroad but of losing those markets to rehabilitation and recovery.

Watch for New Laws

The Wheeler Times

Scores of new laws passed during the regular Legislative session ending in May go into effect this month. From [illegible] on anyone convincted of four moving traffic violations within 12 months will be classed as a "habitual violator," subject to drivers license suspension for any period up to a year. Same rule applies to anyone convicted of 7 or more violations committed within a 24-hour period.

New, tightened laws are in effect on the waterways, too. Now against the law are: operating a boat or skiing while under the influence of liquor, skiing at night, and "reckless or negligent" boating or skiing.

Now required by law are: a life preserver for every passenger on a boat and a lighting system, according to size, for every boat. Boat registration fees will not be required until next April.

Another new law makes taking a ride in someone else's car without his permission a felony offense. Previously it was hard to get more than a misdemeanor conviction for car stealing.

Ranchers and farmers will be required to fence land along state and U.S. highways to prevent cattle from roaming on the road. Law does not apply to farm-to-market roads.

Retail merchants no longer may advertise goods at "wholesale" prices. Only firms that sell to retailers may claim wholesale selling.

Other new laws won't be noticed until later. For example, the new "stick with the party" law requires that a poll tax holder have his receipt stamped "Republican" or "Democrat" the first time he participates in a primary or convention. From then on, in effect, he's stuck with the party stamped on his tax receipt—until he gets a new poll tax.

A new program to inspect for cattle disease at live stock auctions was authorized, but is expected to be very small scale for the first two years, at least. It was given only a fraction of the money supporters said was necessary.

St. Louis Livestock Reporter:

A reader wonders why all the hullabaloo over the reason we have inflation and reduced purchasing power of the dollar these days. The explanation, he says, is simple:

"The reason the dollar won't do as much for people as it once did is that people won't do as much for a dollar as they once did."

In that event, the solution is readily apparent, isn't it? But we doubt that moderns dislike inflation that much.

CROSSROADS REPORT

Dear Editor:

I see where some labor leaders figure they got swindled when many congressmen they thought they had bought and paid for voted against them on the labor bill.

My sympathetic neighbor says he knows just how they feel, on account of he once bought a dog that went ungrateful on him and pointed his hideout every time a bill collector came to the door.

Says what we need is congressmen that come with a written guarantee of satisfaction or double your money back.

* * *

I see where some folks figure that as soon as Khrushchev looks around the U. S. and sees how pure in heart we are, he will go back home and pull in his horns.

But my rought-cut neighbor doubts this, and says it would be better to run him through a good Sunday traffic scramble while he's here, so he will go home scared.

Says one dose of this and the man will be ready to swear that our claim of only 170,000,000 population is just a trap to sucker him into attacking us and getting overwhelmed by our hores of bloodthirsty drivers.

* * *

My science-warped neighbor has bought himself one of these phonographs which pump knowledge in through a fellow's ears while he sleeps.

Says this seemed like a very convenient and easy way to get learning, but he can't tell that it is **doing** him any good.

Says, though, he ought to have known this type of brain conditioner wouldn't work on him, on account of he has listened to sermons while asleep every Sunday morning for years and he is still a Bible duffer.

* * *

I see where some Senators aim to give their office help more important-sounding titles before telling us what salaries they are being paid.

My gas pump foreman neighbor says a good business man sometimes gives out titles instead of more pay, but Washington is always doing things backward.

Says, though, taxpayers may be happier to hear that some Senator's nephew is getting a five-figure salary as Grand Vizier or something, instead of, say, as third assistant paper clip straightener.

* * *

I note that it seems like the most popular cigarettes these days are the ones which have got filters to keep the tobacco smoke from getting into the mouth.

My people-stumped neighbor says this makes about as much sense, though, as the custom of putting windows in our houses to let in light, and then covering them with drapes to keep it out.

Or buying gobs of rich food and a high-priced quivering couch to shake off the fat.

* * *

I see where a bus has been invented which don't need a driver and just goes up and down streets following electronic signals from buried cables.

My future-fearful neighbor says nearly all new inventions, such as atom bombs, electronic brains, mechanical bowling pin setters, etc., are aimed to eliminate people, either by killing them of or making them unnecessary.

Says he guesses the world can get along entirely without mankind as soon as the inventors bring out a reliable electronic taxpayer.

Wintry weather isn't the only reason why Americans can grumble about the month of February. The income tax law became the Sixteenth Amndment to the U.S. Constitution on February 24, 1913.

FORMER CITY GIRL TO ACT IN DALLAS REPERTORY THEATRE

Patricia Starr Hall, who formerly lived here, has been chosen for a $2,000 scholarship from Baylor University which will permit her to serve as a member of the original repertory company of the Dallas Theatre Center.

Mrs. Hall is the daughter of Mrs. Mildred Starr and the wife of Richard Hall. Her grandparents are Mr. and Mrs. G. N. Scruggs and Paul Starr.

Mrs. Hall who is being granted leave of absence from the Amarillo School System, has performed in productions at the Branding Iron Theatre of West Texas State College, where she received a bachelor of arts degree with drama as a major, and in the Amarillo Theatre.

She has gained recognition in the field of drama through her work in James Bowie Junior high school where a play presented by her students won the Best Play Award and Best Actress Award in the district junior high schools drama contest in 1958-59.

Mrs. Hall was among the first actors chosen for the Dallas theatre after condrehensive auditions by Paul Baker of Baylor University, who will direct productions in the Dallas Theatre.

It will function as a repertory theatre, a graduate school offering the master's degree, and a youth theatre for children, and teenagers, a center for adult education in the performing arts and as a research laboratory in the field of light and sound.

Mrs. Hall will work toward her master's degree and teach an adult class.

Hall is with an Amarillo television station, playing remotes over the tri-state territory on orders from the main station in Dallas. He also will be in Dallas during much of the year.

Patricia Hall is the only actor in the Panhandle area to be selected and her scholarship was one of the few being offered by Baker.

Mrs. J. V. Cherry and Mary John of Big Spring returned home after a weeks visit with her parents and grandparents, Mr. and Mrs. French Self of Quail.

Of the 150 major U. S. Air Force Base, 27 are located in Texas.

1960 Inspection Stickers Become Available Sept. 1

AUSTIN — The Texas Department of Public Safety announced today the new 1960 motor vehicle inspection stickers are available to Texas motorists as of Tuesday, September 1.

Col. Homer Garrison, Jr., Director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner — provided he moves early to comply with the law.

"The more than 4,500 authorized inspection stations over the State are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline.

"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation for the winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 per cent to four per cent.

He said 43.4 per cent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection including the $1.00 fee, was only $2.02 per car.

TODAY...10 P.M. THE NEW-SIZE FORD STARTS ON ITS WAY TO YOU!

The Falcon, the New-Size Ford, already is the most thoroughly tested and proven new car in history. Today this new Ford Falcon starts EXPERIENCE RUN, U.S.A., over every mile of numbered U.S. highway

This is not a test run in the ordinary sense of the word. For in its 3 years of development and over 3 million miles of proving, the Falcon has *already* passed and repassed every kind of test that could be devised.

It's been dust-tested, heat-tested, and endurance-tested on the test track at Kingman, Arizona. Wind-tested and rain-tested in the 300 mph wind tunnel at the University of Maryland. Shock-tested, curve-tested, brake-tested, noise-tested, paint-tested, stability-tested, service-tested . . . *everything*-tested on Ford's own proving grounds. The Falcon has already proved to engineers that it takes anything they can dish out.

Now, Experience Run, U.S.A. will show you what the Falcon can do over *your* kind of roads.

How many miles to the gallon? Records will be kept of every drop of gas used. Better gas mileage? The Falcon will average up to 30 miles per gallon!

On October 8, the New-size Ford will be at your Ford Dealer's . . . for *you* to experience. See your Ford Dealer today for more information on the Ford Falcon.

Wedding Sunday Unites Mary Beth Kelso and Robert Gail Fleming of Mason

Thirteenth and Bowie Street Church of Christ in Wellington was the setting for the wedding of Miss Mary Beth Kelso, daughter of Mr. and Mrs. James Harvey Kelso, and Robert Gail Fleming, son of Mr. and Mrs. John Alton Fleming of Mason at four o'clock Sunday, September 6.

Minister John W. Gay performed the double ring ceremony.

Centering the chancel area was a modified floral canopy of picardy gladioli, and on either side were lighted cathedral tapers in seven-branched candelabra of graduated height and fan shaped arrangements of picardy gladioli in pedestal holders. An arch entwined with foliage and gladioli blossoms was at the head of the bridal aisle, and guest pews were marked by aisle candelabra, to which sprays of smilax and gladioli were tied with white satin bows.

Four-part vocal arrangements of d'Hardelot's "Because," Youman's "Through the Years," and Fox's "O Perfect Love," were sung by Mmes. William Barjenbruch, Esdel Bartlett, Jack Kopp, Orville Vaughan, and Messers R. Crawley, Gene Nelson, Morris Sullivan of Childress and Robert Weir. The traditional wedding marches were also sung a capella.

Mr. Kelso gave his daughter in marriage.

The bride's wedding gown was of silk peau de soie and Brussels lace in princess design. The lace bodice was made with a portrait neckline, outlined with seed pearls, and brief sleeves. Lace applique gave front interest to the full, tulip shaped skirt, and lace panels from the bodice back extended into the chapel train. Her tiered veil of French illusion cascaded from a coronet of lace and seed pearls. She wore short white kid gloves, and her only jewelry was a strand of pearls, a gift from the bridegroom. The bride carried a bouquet of gardenias, into which were looped ropes of seed pearls. As she approached the altar, she paused to present her mother with a long-stemmed white rose bud from her bouquet, and another to the bridegroom's mother as the couple left the altar.

Attending the bride were Mrs. Billy Mac Sims, matron of honor, and the bride's sister, Miss Anna Katherine Kelso, maid of honor. Bridesmaids were Miss Vada Bell, Miss Diane Owens, Mrs. John Dalton Fleming of Kerrville, and Mrs. Roddie Draper of Mason.

They wore street-length sheath dresses of jewel rose peau de soie. The bodices featured lavalier necklines, short sleeves and wide midriff belts marked in the back with diagonally draped sashes. Their feather calots were of a pink hue, and they carried cascade bouquets of picardy gladioli and green leaves.

The flower girls, Tedenne Cox of Tulia and Lisa Denise Heston of Dallas, wore jewel rose frocks styled with rounded necklines, short puffed sleeves and full skirts. Their headpieces were of pink flowers and they scattered rose petals from white baskets, accented with white maline and satin ribbon.

John Dalton Fleming of Kerrville, the brother of the bridegroom, was best man, and groomsmen were Merl Cope of Abilene, Karlton Kothman, Roddie Draper and Harold Ray Bunton of Mason. Cousins of the bride, Dale De Dillingham and Bobbie Dillingham of Vernon, were ushers.

For her daughter's wedding, Mrs. Kelso chose a navy crepe dress with matching satin insets in the bodice. Her hat was of rose satin in a leaf design and other accessories were navy. Mrs. Fleming wore a navy ribbon knit dress with a white feather hat and other accessories of navy. Both had corsages of stephanotis.

Reception

The reception was held in the community building.

The bride's table was laid with a white ruffeld net cloth over taffeta and centered with an opened family Bible in an arrangement of roses and foliage. Garlands of greenery surrounded the crystal punch service and tiered wedding cake.

From a smaller table, guests received minature tulle sacks of rice,, tied with monogramed ribbon, and on the registration table, a single anniversary candle was set in an arrangement of gardenias and smilax.

Members of the house party were Misses Wanda Shinn of Perryton, Barbara Shanks, Va Rue Sweat, Pam Manley of Littlefield, Theda Martin, Karon Breeding, Molly Denley, Sally Deming of Clovis, New Mexico; Nancy Archer of Spearman, and Mesdames Calvin Hiett of Abilene, Ernest Harwell, John Coleman, Rollie Skeley of Rocky, Oklahoma; J. B. Fowler of Hollis, Oklahoma, Helen Hurst, Leon Coleman of Oklahoma City, Elmer Hiett and Paul Bell.

Rice bearers were Glenda Kay Gibson of Minco, Oklahoma and Mary Ann Roark.

Piano selections were played during the reception by Miss Frankie Sue Campbell and Mrs. Merl Cope of Abilene.

As the couple left on their wedding trip, the bride wore a navy raw silk dressmaker suit with a matching velour and feather hat. Other accessories were navy and her corsage was of gardenias.

Both the bride and bridegroom attended Abilene Christian College and now are seniors in the University of Texas, Austin, where they will be at home at 1905 David Street.

While in Wellington high school, the bride was president of the Collingsworth County 4-H Club Council, Future Homemakers of America and Ti-i-ca, and she was awarded the Citizenship and Homemaking Award of the Veterans of Foreign Wars. She was high school cheer leader and football queen. Mrs. Fleming also is a talented musician. She is studying elementary education at the University.

The bridegroom was graduated from Mason high school as valedictorian. He was president of his senior class and a member of the all-state football team. While attending Abilene Christian College, he was a member of the Galaxy social club and varsity football team. At the University of Texas, he is a civil engineering major.

Hospital Group Enlarges Scope

With the opening of the new work year Friday, September 11, St. Joseph's Hospital Auxiliary has enlarged its membership categories to three, Mrs. Bill Hughes, president, announced. The meeting will be at the hospital at 2:30 p.m.

These are active membership, with yearly dues of $3.00; inactive associate membership, with $5.00 yearly dues and honorary life membership, which is bestowed upon the gift of $25 or more to the Auxiliary. These members pay no more yearly dues. All types of membership have full voting privileges.

Mrs. Hughes said the mony will be used to establish a loan fund that can be used for any worthy cause pertaining to hospital life which has been approved by the Auxiliary. An example of this is a young woman in training as a nurse or technician who needs financial help, etc.

This will be a loan, to be paid back with interest, so that it will be a revolving perpetual fund, the president pointed out.

Meetings this year will be on the second Fridays of September, December, Mareh and June, at 2:30 p.m. at St. Joseph's Hospital.

Bobby and Denny Harris of Palestine have been here visiting with their grandmother, Mrs. R. L. Tenison and other relatives. Mrs. Tenison went home with them this week for an extend visit with her daughter, Mr. and Mrs. George Hutchings.

Mr. and Mrs. Buck Judd, Janet, Regie and Stevie of Amarillo were here over the week end visiting with relatives and friends.

CARDS OF THANKS

I wish to thank everyone who was so nice to me after my accident. Thanks for the gifts, flowers, cards, words and deeds of kindness and for remembering me in your prayers. A special thanks to the nurses at St. Joseph's Hospital.

Don Langford

We take this means to thank each one who helped us so wonderfully during John's illness while being in the Shamrock hospital for months, and since he came home.

We appreciated all your thoughtfulness, kindness and prayers. We are grateful to those who sat up with him, sent flowers and cards. We also thank Dr. Gooch, the nurses and all the others employed at the hospital for their faithful services and also the Clay and Richerson ambulances for their services. We say, God bless each of you and may you have such friends in time of need.

John and Minnie McCracken
Goldie and Cortez Barnett

For those friends who came to us in our time of need we are deeply grateful. The Brock family joins us in being thankful for the flowers and cards you sent and the words of comfort you spoke.

May God bless you all.
Mr. and Mrs. Dee Coleman

We are indeed grateful for each expression of sympathy extended our family at the death of our mother, Mrs. M. F. Hunter.

Your words of encouragement during her illness, and your words and deeds of thoughtfulness at her death have given us strength and consolation during these months.

May God bless each of you.
The family of Mrs. M. F. Hunter

Tied Until Last 11 Seconds

Rockets Show Power in Loss to Spearman

Wellington's never say die Skyrockets fought a strong Spearman eleven on even ground for 47 minutes Friday night only to lose in the final seconds 22-14. The Rockets trailing 14-0 at one time pushed across one TD before the half and the score stood 14-8 at intermission. A Rocket rally in the third quarter knotted the score at 14-14 and the Rockets missed their chance to go ahead when the extra point attempt failed. A Lynx drive in the closing moments was the death blow to the Rockets as Spearman went on to score the winning touchdown with eleven seconds remaining in the game.

In the opening seconds of the game the Rockets chose to receive but a fumble by a Rocket lineman gave Spearman the ball on the Rocket 33. Sam Cornelius, Lynx Q.B. was the big gun in the Spearman attack. He moved his forces to a short distance from the goal but an alert Rocket defence pounced on a Lynx fumble to stall the drive. Coach Frank Lindsey's man in motion offence baffled the Lynx at first and they would jump off side drawing penalties which moved the Rockets out danger. Then from about their own 15 Rocket signal caller, Bruce Crosby began to guide his team toward pay dirt. The Rockets moved well but a fumble stopped the drive on the Spearman 38. From this point the Lynx started another drive which payed off with halfback Dickie Pondly, going over from a short distance out. The first quarter ended 6-0.

Although Rocket fans hadn't seen much of the Rocket offence the first quarter they saw some great defensive plays. Ronnie O'Rear lead the pack with many bone crushing tackles, but a great defensive performance is nothing new for this boy. Spearman scored again early in the second quarter as Dickie Pondly again hit pay dirt, this time 31 yards out. Charlie Madden ran the extra point and the score stood 14-0. With four minutes left in the half the Rockets began to move. Two short passes and a 15 yard penalty set up receiver Gary West sparkling 25 yard run which set up the Rocket score. Two five yard penalties stalled the attack but the Rockets pushed back and Bill Estes crashed over for the TD. Dickie Elbert tossed a pass to Weldon Cleveland for the extra point. The half ended Rockets trailing 14-8.

Excitment filled the Rocket stands at half time and as the second half started they had a right to be as Weldon Cleveland hauled in a Lynx punt and returned it 35 yards in a dazzling bit of running. However, another fumble stopped the drive a few plays later. The Rockets defence held and Spearman booted to the 50 yard line. From this point Ronnie O'Rear and Dickie Elbert took over to move the Rockets near the goal. O'Rear ripped for 20 and Elbert 15. Estes making good yardage all night ripped for three and then O'Rear cracked over from the 1 to score. Point after failes third quarter ended 14-14.

The Rockets continued to turn in brilliant offensive plays with O'Rear and Elbert ripping off the big yardage. The ball changed hands several times and Spearman took over on their own 40 with a minute and 25 seconds left to play. At this point it looked as though the game would end in a tie with 60 yards to go for a TD. Big Charlie Madden ripped for 40 yards in two plays with time running out. Cornelius tossed a 20 yarder to halfback Bill Meek for the winning touch down. The point after was good. The Rockets suffered a heart breaking 22-14 defeat.

Although heart breaking to the boys the Rocket performance should be an inspiration to the fans of greater things to come. Coach Lindsey's wide open offense gives the Rockets the punch they need to up-set any bodys apple cart and if the Rockets continue to improve this writter believes they will be a real threat when conference competition arrives.

Visiting Mr. and Mrs. Les White recently were their son and daughter and their families, Min. and Mrs. Alfred White, Billy, Beth and Jimmy of Bovina, and Mr. and Mrs. John Tibble and Terry Carol of Albuquerque, N. M.

Mr. and Mrs. Ted Wheeler and family visited in Amarillo Sunday with their daughter, Mr. and Mrs. Lacy R. Borger and baby daughter Janice Kay.

I Saw . . . by Virginia Robey

The two modern—very modern—pictures in the county Fair art exhibit were entered by a Wellington professional man who then left town. He said some time ago he was going to enter them. "Those women didn't have any modern art last year," he explained. "What are they of," he was asked. "Why, I haven't the slightest idea. In modern art you just paint them and then let everybody decide for himself," came the logical reply. But the art committee was puzzled as to whether they should set up a new classification and award them a blue and a red ribbon, or just exhibit them. They decided to exhibit them.

Marjorie Maddox of Childress came over to see the fair but found her parents, the Otis Robersons, were short a waitress at the grill, so she pitched in, and there was her Fair day. Husband Harold is still flying, and also gives flight lessons at Childress.

St. Joseph's Hospital Auxiliary booth at the Fair looked like a pleasant invitation to get sick, with two such efficient junior auxiliary members as Gayla Courtney and Judy Bailey around to smooth your pillow and take your temperature. Vickey Sherman was the patient.

Vada Bell, the new Wheatheart of the Nation, hadn't given that contest a thought, but she was interested in entering the statewide Miss Wool contest. At the chamber of commerce office, she learned the deadline was already past and that was that. A few days later, however, C-C manager N. M .Higdon got the rules for the Wheatheart contest, and for the first time in its history, there was an age requirement. The candidate must be at least 16. Gail Peeples, who is Miss Wellington and would have been the candidate, is only 15, Higdon reported, and because she couldn't go, they remembered Vada.

The ex-student reunion brought much reminiscing, and this choice one is from Jimmie Cloyd White of Kelley community: Not until she was marching out of the auditorium with her diploma in her hand did she really grasp the fact that she was graduated. She began to cry. In the hall, Jimmy Cochran tried to learn what was wrong and Denzil Bevers went off to find Supt. G. L. Farrow. "I don't want to graduate," she sobbed. Mr. Farrow patted her shoulder. "Don't worry about it, honey. You almost didn't."

When Greenbelt Rural Electric moved to its new office building, Manager George Henry and Bessie Rainer remembered this one: the year the power went off on the last afternoon of the World Series, with the series tied 3-3 between the Yankees and Milwaukee. And hard as the linemen worked, the power was off all during the game. Greenbelt was flooded with phone calls wanting to know what was the matter (Bessie was alone when it happened) then C&H Pharmacy, which had a television, got nearly as many wanting to know what the score was. When linemen found the trouble, it was one small sparrow that got in some delicate equipment, and besides causing all the confusion, cost Greenbelt several hundred dollars to repair.

Vinsonite Home from Alaska

Miss Katherine Stallings, who has been visiting her parents, Mr. and Mrs. Ben Stallings of Vinson, returned to Denver, Colorado to resume her teaching in Burham Elementary School.

She went by Albuquerque, N. M. to attend the wedding of Gale Williams, a friend.

Miss Stallings spent the summer vacation in Alaska. She reports it is a most enjoyable place to spend the summer, especially in Anchorage, where she was during June and July. This is an especially beautiful area, she said, with snow-capped mountains, clear streams and many waterfalls.

Capps Family Together Here

Mr. and Mrs. Fred Capps have had visiting in their home their three children living away from here, Mr. and Mrs. Waldon Gardner and sons, Fred and Jim of Salinas, California, Mrs. Burton Springer of New Orleans, and Mr. and Mrs. Arthur Capps, Dickie, Nancy and Joe of Deport.

Mrs. Springer's daughter, Anola, has been with her grandparents through the summer. With their daughter here, Mrs. Frank Thomason and her family, all of the Capps children were together.

Mr. and Mrs. Gardner were en route to Searcy, Ark., where their older son, Fred, will enroll as a freshman in Harding College. He will take a pre-med course.

Collie dogs were developed in Scotland for sheep tending.

Activity Period Set

Add Spanish to City School Curriculum

For the first time in recent years, a foreign language is being offered in Wellington high school.

Supt. Bennett Goodloe announced this year that first year Spanish is in the curriculum, with Mrs. Bob McAlister as instructor. She was the instructor when this language was taught some years ago.

Plans are to add second year Spanish next year.

Goodloe announced one additional change in the teaching set-up.

The school day has been set up on seven periods, instead of six as in the past. During the last period, football boys and band students will report for training, and all other students will use this for an activity.

This will eliminate any calling of class meetings or meeting of clubs or organizations during class periods, Supt. Goodloe pointed out.

Any student not wishing to take part in any of the activities offered will go to the study hall for supervised study, he added.

Two Hurt as Car Overturns

Two Wellington men, Phillip Cobb and Leroy Belew, were painfully injured Friday, September 4, about 4:30 p.m. when their car went out of control and overturned just across the Oklahoma State line.

Judge Raymond Horton, justice of the peace, reported the late model car, driven by Belew, went off the pavement on the left side of the road as he topped a hill, and went out of control as he tried to get back on the road, It apparently overturned two or three times.

Officers reported that Cobb received bruises and Belew, who was unconcious several hours, was treated for bruises and lacerations.

The car, owned by Cobb, was a total loss, Judge Horton said. He and Hiram Cudd were called to check the wreck, which was investigated by Oklahoma Patrolmen and Harmon County officers.
