FRENCH CABINET WILL NOT RESIGN

KILLING OF EDITOR BY WIFE OF MEMBER WILL NOT AFFECT ORGANIZATION

PRIVATE LETTERS INVOLVED

Madame Caillaux Believed Figaro Editor Was About to Publish Correspondence

By Associated Press.
Paris, France, March 17.—Members of the French cabinet today decided not to resign following the killing last night of Gaston Calmette, editor of the Figaro by Madame Caillaux, wife of the minister of finance. The minister of finance has resigned. Although Caillaux was considered the strongest and most influential member of the cabinet his colleagues decided to accept his resignation. Rene Renault, minister of the interior, will succeed him.

Madame Caillaux who caused this upheaval in French politics is in St. Lazare prison. Her husband today took an affecting leave of the officials of the finance department.

Police Have Papers.
Acting on information given by Madame Caillaux the police today took possession of various papers found in the office of the editor of the Figaro. Among them it is understood were various private letters written by Madame Caillaux to her husband before they were married and while she was still the wife of Leo Claretie. It is generally supposed that Madame Caillaux had received information that Calmette was about to publish these letters and that it was this that led her to kill him.

Madame Caillaux went to the office of the Figaro to carry out an act of vengeance against M. Calmette, who had been waging a campaign, characterized by great bitterness against the minister of finance. She fired at least three times. M. Calmette being wounded in the chest, the side and the abdomen.

Statement by Dying Editor.
While the editor was being transported to the hospital he said repeatedly: "I have done my duty. I have done my duty."

Having committed the deed Mme. Caillaux submitted to arrest and while employed in the Figaro office was taking the pistol from her hands she said:

"Since there is no justice in this country, I take upon myself an act of justice. Take me where you will."

Mme. Caillaux immediately was removed to a police station, where she underwent a preliminary examination the substance of which was communicated to the press at her desire.

Didn't Intend to Kill.
At the moment of the attack M. Calmette was preparing to leave his office in the company of Paul Bourget, author. He excused himself to receive Mme. Caillaux.

In her statement to the police, Mme. Caillaux explained that the campaign against her husband had become intolerable and she determined to stop it. She consulted an eminent lawyer who advised her that legal proceedings would be futile—that they were often worse in the case of the innocent than in the case of the guilty.

She decided then to take the law into her hands. She bought a revolver, drove to the Figaro office and sent in her card. M. Calmette was most polite and asked what he could do for her.

It is needless for me to pretend that I am making a friendly call," she said.

Fired All Cartridges.
Then losing all control of myself at the thought of the humiliations inflicted on my husband by this man, I drew my revolver from my muff and fired all the cartridges. M. Calmette was surprised at the first report and tried to take shelter behind a desk.

Mme. Caillaux was formally charged with an attempted homicide and removed to St. Lazare prison. Later the charge was changed to homicide.

Mme. Caillaux is the minister's third wife. She is 39 years old and her maiden name was Henriette Bainouard. She was the wife of Leo Claretie, brother of the late Jules Claretie from whom she was divorced.

Bureau Issues Another Order That Will Further Popularize Parcels Post

By Associated Press.
Washington, March 17.—To further add to the popularity of the parcels post Postmaster General Burleson today signed an order which will permit the attaching of a letter to a package when the letter and package are addressed to the same individual. The sending of a communication with a parcels post package heretofore has not been permitted.

IRISH OF THE WORLD HONOR SAINT PATRICK

Bits of Green Ribbon; Imitation Shamrocks and Other Emblems in Evidence

Fifteen hundred and forty-one years ago today or perhaps tomorrow the good St. Patrick was born and Irishmen throughout the civilized world observed the day in honor of their patron saint. That St. Patrick was a real man and that he did many of the remarkable things attributed to him is clearly established, but little about his real life is known. He was born about midnight, between March 17 and 18, 373 A. D. Whether it was the 17th or the 18th has been a matter of dispute but the Roman Catholic Church settled the matter by declaring March 17 to be St. Patrick's Day. The birthplace of St. Patrick is also a matter of dispute. The majority of students hold that the saint was born in France. The most reliable accounts have it that St. Patrick was sold into slavery in Ireland when a boy. He managed to escape and went to the continent, where he acquired an education. He then returned to Ireland as a missionary. Whether or not it was St. Patrick who drove all the snakes and lizards out of Ireland, which is the most popular legend related of the good saint, the fact remains that there is not a reptile or amphibian on the "Old Sod."

CONGRESS WEARS THE GREEN FOR ST. PATRICK

Washington, March 17.—Bits of green ribbon, imitation shamrocks and the real thing straight from the old sod were in order today. St. Patrick's Day and they were seen abundantly in Congress and around the government departments.

Catholics observed the day, sacred to the saint who drove the snakes from Ireland by attending the big mass at St. Patrick's Church. The attendance was swelled by 3,000 delegates from the Ancient Order of Hibernians. Tonight the Shamrock Club will hold a big banquet. Creme de menthe is said to be the only drink allowed.

CHICAGO IRISHMEN HONOR SAINT PATRICK'S MEMORY

By Associated Press.
Chicago, March 17.—Saint Patrick's day was observed by Irish-Americans here with appropriate ceremonies. A set of "jay bells" from Dublin announced the opening of the celebration at the Coliseum where bits of Shamrock had been provided for 15,000 Irishmen. A piece of sod direct from the county, Arragh, Ireland, was placed on the speaker's stand.

Roger C. Sullivan was the principal speaker. After the addresses there were Irish folk dances and Finnish and Gaelic.

At the celebration of the Irish Fellowship Club, Mayor Carter, Harrison and wife were guests and United States Senator Gilbert Hitchcock of Nebraska, spoke on "Centralization of Power, the American danger."

At the celebration at the Hibernian Hall, Dudley M. Malone, collector of the Port of New York, Rev. Francis Kelley, president of the Catholic veterans' bureau and Archbishop Quigley were the orators.

The per diem committee was instructed to draw four days' pay. W. B. Fishburn, Fort Worth, donated \$50 to the members of the orchestra and band from the Odd Fellows Home.

A SPECIAL SESSION NOT TO BE CALLED

GOVERNOR ANNOUNCES HE WILL NOT CALL LEGISLATORS TOGETHER AT THIS TIME

MAY CALL SESSION LATER

Replies From Members Convince Him Majority Not in Favor of Special Session

By Associated Press.
Austin, Texas, March 17.—There will be no special session of the legislature at this time but there may be one during the summer was the reply received today from Governor Colquitt to the question which has been asked him daily for the last two weeks.

From replies received to queries sent to members of the legislature Governor Colquitt became convinced that a majority of them did not favor a special session at this time to amend the Terrell election law so as to provide for majority nominations for governor and other state officials.

If Governor Colquitt later decides to call a special session it is believed he will ask for legislation in addition to the proposed changes in the election laws.

MILLIONS BACK OF THE FEDERAL LEAGUE

Twelve Millionaires in Official Roster of Club Owners Says Gilmore

Chicago, March 17.—Gold—more than Captain Kidd ever dreamed of—lies cached in Federal League strongholds according to a statement given out by President James A. Gilmore.

Gilmore met the money talk of older league magnates with a statement declaring the total wealth of Federal League owners to be in excess of \$50,000,000. Twelve millionaires, he said, are included in the following: official roster of officials and stockholders of the various clubs. The roster, with those guilty of millionarism tagged "M" follows:

Pittsburgh—Edwin Gwinn, "M" president; Wm. McCullough, secretary; Doc Gessler, manager; Wm. Kerr, stockholder.

Buffalo—Wm. Robertson, "M" president; Larry Schaffly, manager; Walter Mullen, F. Cabana, Jr., "M," and Owen Augspurger, stockholders.

Baltimore—Carroll Rasin, "M" president; Harry Goldman, secretary; J. S. Wilson, "M," treasurer; Otto Knabe, manager; Ned Haulon, stockholder.

Brooklyn—R. B. Ward, "M" president; G. S. Ward, "M," vice president; Walter Ward, "M," treasurer; John secretary; Wm. Bradley, manager.

St. Louis—Ed Steininger, president; Mordecai Brown, manager; O. Stiefel, "M" and Phil Ball, "M" stockholders.

Indianapolis—J. Edwin Krause, president; W. K. Watkins, secretary; Wm. Phillips, manager; John A. George, Bert McBride and E. Gates, stockholders.

Kansas City—C. C. Madison, secretary; Harry Nelly, secretary; Geo. Stovall, manager; S. S. Gordon, stockholder.

Chicago—Chas. Weegham, "M" president; Wm. Walker, "M" vice president; Chas. Williams, secretary, Joe Tinker, manager.

May Seek Injunction.
Injunction proceedings to prevent Catcher Bill Kilmer, who signed a Federal League contract, from playing with the Philadelphia Nationals, will be filed early this week, probably at Grand Rapids, Mich. President J. A. Gilmore of the Federal League announced.

Necessary affidavits signed by manager Joe Tinker of the Chicago Federals are en route from Shreveport, La. If they arrive in time the petition will be filed Tuesday, a bond having been prepared to guarantee Kilmer against loss of money in case the Federals lose in court.

Gilmore said he was not surprised at the disaffection from the Chicago Cubs training camp at Tampa today to the effect that at least six Cubs, including one real star, are only awaiting good offers from Federal League clubs to jump their contracts. One Chicago paper correspondent quoted a Cub star, name not mentioned, as saying he was "likely to go at any time."

AXLE BREAKS; STREET CAR STARTS UP WRONG STREET

The breaking of an axle caused a Southland car, instead of proceeding leisurely down Lamar to Seventeenth street, to turn abruptly up Fifteenth street late last night. There were several passengers on board who were severely shaken up and one of them sustained a badly bruised knee.

The front axle of the car it was found, had suddenly stopped, throwing the truck off the track. The break is being repaired today without moving the car, passengers being transferred past the scene of the wreck.

LATEST PICTURES OF PRINCIPAL FIGURES IN IRISH HOME RULE COMPROMISE, ASQUITH AND CARSON

1. Premier ASQUITH-2. Sir EDWARD CARSON

London, March 17.—The possibility of a settlement of the Irish home rule controversy is in the forefront of popular interest. The opinions of the various parties as to the effect of the concessions offered in the House of Commons by Premier Asquith differ widely. The Unionists as a rule, expressed themselves wholly unsatisfied with the suggested method of voting by counties on the exclusion of Ulster or portions of it from the operation of the home-rule bill. Nationalists, on the other hand, declared that the cabinet had gone to the most extreme limit in its movement toward conciliation. The independent opinion of the country seems inclined to the feeling that the concessions really offer an opportunity for conciliation and this feeling is strengthened by Sir Edward Carson's counter offer on behalf of the Ulster Unionists to submit the suggested concessions to an Ulster conference, providing the limitation on the exclusion of the northern counties to a period of six years be struck out.

DIFFERENT VERSIONS OF MOTHER JONES' AFFAIR

Aged Strike Leader and Officials Tell Different Stories About Her Leaving Trinidad

By Associated Press.
Denver, March 17.—The question of whether the imprisonment of Mother Jones, the noted woman strike leader, who was held incommunicado as a military prisoner in San Rafael hospital at Trinidad where she was held for nearly two months violated any of her constitutional rights, has again been deferred by the action of the military authorities releasing the prisoner, and automatically suspending habeas corpus proceedings which had been filed in the Colorado supreme court.

The circumstances of her release and her appearance in Denver given in widely different versions by strike leaders and state officials. While the aged strike leader said she was entrained by military guards without her consent, Adjutant General King asserted she was released after her promise to leave the strike district never to return and the presence of guards on the train on which she arrived in Denver was a mere coincidence. Mother Jones announced she will return to the strike field.

TWO MEN CHARGED WITH STEALING PAY CHECKS

Pay Roll of Frisco Shops Containing \$14,000 in Checks Taken Saturday Night

Dallas, March 17.—Joe Wicks and Cecil Oats, two Fort Worth railroad men, were arrested by police and detectives here Monday night on charges of stealing \$14,000 worth of pay checks from the Frisco railroad company in Fort Worth Saturday afternoon or early Sunday. The payroll was reported missing from the Frisco shops late Saturday night. It represented the earnings of the mechanical department for the past thirty days. The checks stolen varied from \$2.75 to \$150.00. It is estimated that about \$2,000 or \$3,000 worth of the paper was passed on Fort Worth and Dallas business houses.

Congressmen and Senators Expected To Appear in Behalf of Alleged Dynamiters

By Associated Press.
Washington, March 17.—Application for a pardon for the eighteen labor leaders convicted in the dynamite cases at Indianapolis were filed today in the department of justice by the prisoners' attorney, Eliza Zeile of Chicago. The petition alleges that the men were innocent and that Judge Albert D. Anderson who presided over the federal court at Indianapolis when they were convicted did not give them a fair trial.

Mr. Zeile announced that at least twenty members of the House and several senators would appear before the department and the president in behalf of the convicted men. The supreme court on March 9 refused to review the convictions of these men and nine others.

HEARING APPLICATION OF MEXICAN PRISONERS

Judge Meek Makes Habeas Corpus Writ Returnable at Pecos March 23rd

By Associated Press.
Fort Worth, Texas, March 17.—A writ of habeas corpus for the 6,000 Mexican soldiers held at Fort Bliss was issued by Judge Meek in the federal court today. The writ is returnable at Pecos, March 23 before Judge Meek, who will sit in the place of Judge Maxey of the western district who is in New Orleans sitting in the court of civil appeals. It is estimated that the support of the Mexican prisoners has cost the government approximately \$85,000.

It is provided that the employer may make part of the wages in board, but not more than 50c a day shall be deducted on this account. Violation of the law is defined as a misdemeanor, punishable by a fine of not less than \$5 nor more than \$500 or imprisonment between one and six months or both.

FEDERALS REPORT DEFEAT OF CONSTITUTIONALISTS

Laredo, Texas, March 17.—A decisive federal victory was claimed in federal reports from the south, which said that a column of constitutionalists had been utterly routed at the Canyon of Bustamante, with a total loss of 500 men killed, captured and wounded.

In their flight the constitutionalists were said to have left behind them all their arms and ammunition and the federals claimed the capture of many wagons, carrying arms and supplies and ten loaded pack animals.

The constitutionalists were reported as part of the movement against Monterey and were moving toward Moraley, Nuevo Leon. Whose forces were engaged was not stated, nor did the information from federal headquarters in Nuevo Laredo give the losses of government troops.

Train service between Monterey and the border was resumed with the arrival in Nuevo Laredo from Monterey of a passenger train which made the trip preceded by an exploration train.

WELLESLEY GIRLS ESCAPE FROM FIRE

DISPLAY ADMIRABLE PRESENCE OF MIND WHEN COLLEGE DORMITORY BURNS

2 STUDENTS REAL HEROINES

One Hurries To Ring Fire Gong While Other Knocks On Doors Through Hall

By Associated Press.
Wellesley, Mass., March 17.—Two hundred and fifty girls students and one hundred others including members of the faculty and servants fled for their lives early today when fire destroyed College Hall, the largest and most pretentious of the college buildings. The loss is estimated at \$1,500,000. The college session has been suspended and special trains were made up to take the girls to their homes. Practically all those who had rooms in the building lost their clothing and personal belongings.

The superb behavior of the women probably prevented heavy loss of life or injury to many who groped their way through dark and smoke filled halls to the fire escapes to safety. The building was divided into dormitories for students and faculty members. Administration offices and quarters for servants. Three hundred and fifty persons slept in the building including 250 students, 50 members of the faculty and 50 maids employed by faculty members.

Miss Charlotte Donnell of Wrenset, Me., and Miss Virginia Moffat of Orange, N. J., both seniors, were the heroines of the fire. They occupied rooms on the third floor under the laboratory where the fire originated from spontaneous combustion of a flight of stairs and started the fire gong on the second.

Miss Moffat hurried through the halls knocking on the doors of the rooms. She did not yell "fire" but she commanded the girls "put on your wraps." Soon the walls were filled with girls students who in orderly array made their escape from the building. The college fire brigade was aided by companies from Newton, Madox and Needham.

HOOSIER TEAM SHOWS PEP IN PRACTICE WORK

Brisk Practice Held This Morning—Bathhouse Force and Three Bats Taken

The Indianapolis Federal League club was four bats shy when it went to the City Park for the daily workout this morning. Somebody had forced an entry to the bath house and helped himself to the bats.

The Hoosiers held a brisk workout this morning, there being a suggestion of a breeze that seemed to instill plenty of pep into the engine squad. Empires Anderson and McCormick and Secretary Wilkins were also in uniform today, getting limbered up. The Kansas City team also worked out this morning and both clubs are steadily rounding into shape under the daily routine of practice. The games next Saturday and Sunday are awaited with considerable interest.

SECOND SHOWING OF HATS AT DICKSON MILLINERY SHOP

The second showing of this season's hats by the Dickson millinery shop is on today of the later hats, the wearing some weeks ago being a showing of the tailored hats for street and early spring wear. Among the hats featured are a number of hats which were shown at the original Style Show and Fashion Review in Chicago. One of these hats which was especially noticeable on account of the fact that the opening was on the left side was an emerald green poke hape, trimmed with glazed fruit in self color and wide streamers of black ribbon. Another model in emerald green had an extreme high rim formed of imported duchess lace, wired and embroidered in Indian headwork, daisy design, the trimming was completed by a beautiful French curl plume in the same shade. Another model showing the high side was of tango yellow and white, simply trimmed with ruit and moire streamers of yellow. One of the loveliest and daintiest of the hats shown was a white imported hemp shape in bandeau effect, the crown covered with maiden hair fern, veiled with white maline and a side trimming of heron egrettes. The cool green of the fern mingled with the dead white of the shape and the iron feathers to affect an elegant simplicity so desired for correct half-nony of attire. For misses and children the styles have never been quite so pretty and the cleverness of the designer is exhibited in the dainty combinations of lace, straw, flowers and ribbon that is exhibited for the lady's headgear. As much ingenuity has been expressed in the making of the children's hats as in those of their elders and the results are charming.

GORMAN SHOWS

READY TO EXHIBIT

ALL ATTRACTIONS IN READINESS FOR TONIGHT'S PERFORMANCES AT FIFTH AND INDIANA

SOME GOOD EXHIBITIONS

Carnival Shows Much Superior to Attractions Usually Seen at Such Exhibitions

The Gorman Shows, which arrived here Sunday last are now all set up on the lot at Fifth street and Indiana avenue and present a nice appearance. They were unable to open all the attractions last evening on account of the limited space at their disposal necessitating numerous changes in their equipment, this so delayed matters that only one or two shows opened their doors for the night performances.

Among these, however was the Hawaiian Theatre—or rather the Hawaiian performers who used the musical comedy theatre for the show. They proved themselves artists in every sense of the word and the music and singing of the natives was a novel feature in the way of a carnival attraction.

The Gorman, Old Plantation was another that was well received and served to introduce a number of clever darkies who gave an excellent entertainment that went well with all visitors.

The Beautiful Orient was another show that pleased and found to be somewhat different to the ordinary carnival show that has been seen before. Clever magic, whirling revishes and artistic dances make up entertainment and objectionable features are tabooed.

In addition to these mentioned ones are eight or ten other big features that are now ready to entertain 1 comes tonight. Among these may be mentioned the stepest motor-car in the world. This drome is evated at an angle of 87 1/2 degrees and the sides are nearly perpendicular.

Around this circle of death, so called on account of the many serious accidents and fatalities that have happened in these dromes all over the country, riders circle at an most breakneck speed. In order to antoract the laws of gravitation and maintain a pace of over twenty miles an hour and in many cases they are speeding at a rate of or ninety. Nor is this all. They say such fears as riding without holding the steering bars, ride side dille and do many of the most sensational exhibition of human nerve and endurance. The show is continuous all the evening.

The Musical Comedy Company will open with a new tabloidi version "The Girl in the Taxi" and everything will be in full swing tonight.

A feature of the Gorman Shows is the very clean appearance that they present. The tents are all new and the show paraphanalia is a credit to any organization. They bring with them very flattering endorsements as to the caliber of the various attractions and it would appear that the Moose are to be congratulated upon getting so sterling an organization to finish merriment for their spring festival.

The big balloon ascension will take place from now on every afternoon from the grounds adjoining the lot and weather permitting some sensational parachute jumps by Prof. Small will be seen daily.

GOOD ROADS MEETING

BURKBURNETT WEDNESDAY

Citizens of Burkburnett and vicinity will meet tomorrow afternoon to consider the good roads question. In connection with the proposed \$500,000 bond issue for Wichita county, this meeting was to have been held on March 7, but was postponed until tomorrow when the agricultural special of the Katy will be at Burkburnett.

A number of Wichitans will attend the meeting which promises to be an interesting one. There is some opposition in the Burkburnett neighborhood to a bond issue of such proportions as that planned in this county, and it is hoped to overcome this sentiment. Quite a few local roads advocates expect to make the trip.

On next Saturday a good roads

meeting will be held at Iowa Park and on Saturday following there will be one in Wichita Falls.

RACE MEET SECRETARY

Directors of the Chamber of Commerce this morning made plans for the race meet which will be held at the lake in June, employing H. J. Jeffries of Childress to come here and serve as secretary for about sixty days preceding the beginning of the meeting. Mr. Jeffries will be busy setting horsesmen to bring their horses here at Wichita Falls is the opening place for the entire circuit.

It was also decided to ask business men to guarantee the financing of the meet. Last year there was a deficit of about \$1100. This year the prospects are that there will be no loss at all, but it is desired to have it taken care of in advance should there be one. J. A. Kemp and Frank Kell have agreed to guarantee twenty-five per cent.

The Shamrock.
Through Erin's Isle,
To sport awhile,
As Love and Valor wandered
With Wit the spry,
Whose quiver bright
A thousand arrows squandered,
Where'er they pass,
A triple grass
Shoots up with dewdrops streaming,
As softly green
As emeralds seen
Through purest crystal gleaming.

Oh, the shamrock, the green, im-
mortal rock!
Chosen leaf
Of bard and chief.
Old Erin's native shamrock!

Says Valor: "See,
They spring for me,
Those leafy gems of morning!"
The Love: "No, no,
For me they grow,
My fragrant path adorning."
But Wit perceives
The triple leaves
And cries: "Oh, do not sever
A type that blends
Three god-like friends,
Love, Valor, Wit, for ever!"

Oh, the shamrock, the green, im-
mortal rock!
Chosen leaf
Of bard and chief.
Old Erin's native shamrock!

So firmly fond
May last the bond
They wove that morn together.
And ne'er may fall
One drop of gall
On Wit's celestial feather.
May Love, as twine
His flower divine,
Of thorny falsehood weed 'em;
May Valor ne'er
His standard rear
Against the cause of Freedom.
Oh, the shamrock, the green, im-
mortal rock!
Chosen leaf
Of bard and chief.
Old Erin's native shamrock!

WICHITA FALLS RECIPE.

Recipe For Rocky Mountain Cake.

(By Mrs. J. Cohen)

One-third cup of butter, one cup of milk, two cups of sugar, whites of six eggs, two teaspoons of baking powder and three cups of flour. Bake in three deep layers. For filling take one ten cent coconut, one cup of seedless raisins, one-fourth pound of citron, one and a half pounds of almonds, one pound of dates, six large figs, one-half cup of currants, one-half pound of English walnuts. Make a thin icing of the whites of three eggs and two cups of sugar, use both sides of each layer. To prepare the fruit lanch the almonds. Bake the coconut, take one-third of the almonds, chop fine with all the fruit and mix with one-third of the coconut. After icing the cake sprinkle the mixture on each layer and sprinkle coconut on top layer. Spread the fruit and use the whole almonds and strips of citron for decorations on the top.
(Recipes are solicited. Phone 1671 or send to The Times office.)

FAULTY DIGESTION

Quickly Shatters the Nervous System

—Immediate Action Necessary—

Use Miona

When you feel irritable, tired and despondent; when you have nervous twitches, spots before the eyes, headaches, sour stomach, heartburn, bad taste in the mouth and pains in the colon and bowels—you are suffering from dyspepsia, which invariably wrecks the nervous system—you need Miona at once.

Miona goes to the seat of your trouble and quickly ends stomach misery. It surely and safely builds up and strengthens the stomach walls and glands, quickly improves the digestive system—the vital force and nerve energy are restored, then you enjoy perfect health.

Do not suffer another day. Get a fifty cent box of Miona Tablets from Fosshee & Lynch. This treatment will help you get well and immediate relief is sure. (Advt)

AT THE MOVIES.

Today the Victoria is showing a two-reel Broncho feature, "New England Jody." In this drama three distinct love affairs are intermingled, and the developments of each plot forms a delightful, entertaining story. "Little Billy's Strategy" is a Keystone comedy with all the qualities that have helped to make Keystone so favorably known. The program has one other single reel picture.

A strong two part drama, dealing of the emotions of love among the dwellers of the cañon in Mexico, a Viagraph "The Masked Dancer," is the chief offering today at the Gem. Monroe, a mining promoter is captivated by the charms of Dolores, a Spanish dancer, and neglects his wife. Through a faithful Mexican servant she learns the cause of the estrangement and in order to regain his affection she disguises as a Mexican dancer, goes to the dance hall and makes a great hit. Her husband, who is captivated by her, deserts Dolores to pay court to her and arouses the Spanish girl's mad jealousy. On account of his neglect to Dolores some Mexicans try to force him to pay attention to her and a fight results. An attempt is made to kidnap his wife but in the end all turns out well and the young couple are reconciled. "The Weaker Strength," S. and A. Comedy, and "Concentration," featuring Walter Miller and Clarice McDowell are the two other pictures.

"Caught in the Web of Intrigue," a three-part Warner's feature, thrilling and commanding the attention of the audience throughout, is being shown at the Empress today.

A two-reel Selig special "Too Late," "The Measure of Man," Lubin and "Quintrell's Son," a Viagraph featuring Robert Thornby are the films to be seen today at the Majestic.

Wichita Falls, Texas, March 17, 1914

A special road district has been mapped out at Denton in Denton county, and on April 25th the taxpayers will vote on a proposition to issue \$300,000 worth of good roads bonds. Denton county is one of the best in the state, and her people are intelligent and progressive. If they do not vote for the bonds it will be a great surprise.

William Marconi, the Italian inventor of the wireless telegraph, has now succeeded in developing a wireless telephone. Already, it is claimed, successful communication between points more than fifty miles apart on the sea have been held.

And don't let us forget that next Saturday, March 21st, is the day set for Wichita County and Wichita Falls to endorse or reject the proposition to vote \$50,000 worth of bonds for the construction of a public hospital. If the proposition is rejected it will be a reflection on the people of this city and county. Some provision should be made to care for our sick, and the best way is to provide a public hospital. After it has been constructed those who ought to know claim it can be made self-sustaining under proper management.

Dr. L. O. Howard, United States expert on flies and how to exterminate them, says that one fly is capable of producing about five million others during a single season—between April 15 and September 10. He suggests the best way to get rid of flies is to destroy their breeding places. As we write this we have in mind a mud-hole on Seventh street that not only breeds flies almost the year round, but occasionally an automobile truck glides into it and gets stuck hard and fast, requiring the combined power of an automobile with equal h. p. together with its own and a man or two with shovels and spades to extricate it.

The agitation by the governor for an extra session of the legislature for the purpose of amending the Terrell election law has subsided, and now the prospects are there will be none called. The law, perhaps, ought to be changed so as to have nominations for state offices made by a majority of the party holding the nominating primary, but this elimination process, started by the pro Democrats, and later taken up by the anti pro Democrats, seems to be doing its work nicely. After the anti-pro Democrats hold their convention at Fort Worth April 14, it is more than likely that at least 90 per cent of the Democratic vote to be cast in the July primaries will be cast for Col. Tom Ball, the pro Democrat, and the candidate to be named by the anti-pro Democrats, which more than likely will be Clarence Ousley of Fort Worth, as he has the unqualified endorsement of Col. Jake Wolters, who led the fight against statewide prohibition, and of the Houston Post.

TEXAS LIFE INSURANCE COMPANIES

Texas life insurance companies offer one of the best mediums for keeping Texas money at home, and at work in the development of Texas resources. A recent statement from an authoritative source says:

"The Texas companies are owned, officered and managed by Texas people. Thirteen thousand, eight hundred men and women of Texas paid their money and pledged their support in the building of these companies, and the record shows that their object is being attained. Texas Life Companies have now one hundred and seventy million dollars insurance in force, almost all of it taken out for the protection of the wives and children of Texas

Make Your Feet Glad

Here's one of the best styles we are showing for men this spring. It's a strictly first quality patent blucher that tones up the foot to a remarkable degree. It fits splendidly. Requires no breaking in, flexible and a representative sample of the Selz quality you hear so much about. We have them in a large variety of sizes as shown; at \$5.00. Some stores ask \$7.00 for a copy of this pattern.

We have a similar model in other leathers, selling for less. Parcel post orders given very best attention.

citizens. Texas life companies collected in premiums on policies and interest on Texas investments, etc., during 1913 approximately eight million dollars, practically every dollar of which remained in Texas for the conservation and development of the resources of the State.

"The combined assets of Texas life companies exceeded sixteen million dollars, and more than \$11,000,000 of this sum is invested in Texas mortgage loans. Texas life companies are writing more than sixty millions of new business annually and are adding something above three million dollars a year to their Texas mortgage loans."

Of the 7663 National Banks in the United States, all but eighteen have applied for membership in the Federal reserve system. Of the eighteen not applying, nine have gone into voluntary liquidation, one has been absorbed by another bank, two have filed request for permission to liquidate, leaving but five that have failed to come in. At the start probably three-fourths of the National banks were opposed to the new currency plan, and fought its adoption to the last ditch, predicting all sorts of hard times and panics if congress should even attempt to put into effect the Democratic platform demands. But the Democratic party has redeemed its pledge along that line. Here is the declaration of the last Democratic National Convention on the banking and currency question:

"We oppose the so-called Aldrich bill, or the establishment of a central bank, and we believe the people of the country will be largely freed from panics and consequent unemployment and business depression by such a systematic revision of our banking laws as will render temporary relief in localities where such relief is needed, with protection from control or domination by what is known as the money trust. Banks exist for the accommo-

lation of the public and not for the control of business. All legislation on the subject of banking and currency should have for its purpose the securing of these accommodations on terms of absolute security to the public and of complete protection from the misuse of the power that wealth gives to those who possess it. We condemn the present methods of depositing government funds in a few favored banks largely situated in or controlled by Wall street, in return for political favors, and we pledge our party to provide by law for their deposit by competitive bidding in the banking institutions of the country, national and state, without discrimination as to locality, upon approved securities, and subject to call by the government."

A CLAY COUNTY CANDIDATE

The following appeared in the St. Louis Post-Dispatch under a Henrietta, Texas, date line:

William A. Roundtree, who served in Company G of the First Tennessee Infantry of the Confederate army, now in his seventy-second year, is a candidate for the Democratic nomination for treasurer of Clay county.

"I am a rock-ribbed, steel-jacketed democrat," he says in his public announcement. "I favor the late tariff law, the currency act, and the parcel post when coming this way. I am for the best man for governor, favor more money and free coinage of all metals at the ratio of 16 to 1. I favor the income tax law but do not fear it. I am against all trusts, combines and grafters. I am in favor of a regional bank for Henrietta and Clay county."

"I favor all the late Hog laws, am fond of buttermilk, a moderate eater and a poor dresser and am against the high cost of living. I favor matrimony and more of it—I have been engaged in it 45 years. I am in love with all the people. I am an old Confederate soldier, an 'old-time' fiddler

PICTURE FILM CAUGHT AFIRE AT EMPRESS THEATRE

The fire department yesterday afternoon responded to an alarm from the Empress picture show, where a film had caught fire. The blaze was a very small one, and was confined to the fireproof cabinet where the picture machine is installed. One reel of film was destroyed.

There were a number of spectators in the theatre when the film exploded and while there was nothing that resembled a panic, nobody wasted any time in reaching the street.

WOULD MAKE PUBLIC EMPLOYEES CONTRIBUTE.

By Associated Press
Boston, Mass., March 17.—Every employee of the State, county, city or town in Massachusetts will contribute five per cent of his salary toward a pension fund if a recommendation of the old age pension commission of the Massachusetts legislature, announced today, is enacted into law. The only exemptions of the five per cent contributions are justices of the supreme court and Civil War veterans.

THE LITTLE MILLIONAIRE HERE ON FRIDAY NIGHT

Mr. Geo. M. Cohan has given us many plays of lasting drawing power but in none of them has his genius in the art of the theatre shown itself so convincingly as in "The Little Millionaire."—The most creditable thing about a Cohan play is its extreme cleanliness. Here is an author who can write lines and devise situations that are productive of laughs without stooping to salaciousness. Wholesomeness has permeated every product of his pen from "Little Johnny Jones" down to "The Little Millionaire" and this attribute, more than any other one thing, has created the Cohan vogue that is now country wide.

"The Little Millionaire" is announced for presentation at the Wichita Theatre Friday, March 20, with Bert Leigh and Hazelle Burgess as its stars. It is a particularly fascinating musical farce that was accorded a long New York run at Mr. Cohan's own theatre there, and the penultimate of success unfurled in Gotham still waves in a gale of laughter wherever this very entertaining piece of comedy writing from the Cohan pen is seen. Young Mr. Cohan has furnished the American stage with many examples of his skill in constructing plays with melodic accessories and his name has come to stand for all that is best in this particular avenue of art, but judging from a public opinion angle "The Little Millionaire" is his most popular offering down to date.

"OUR MUTUAL GIRL" AT THE VICTORIA TOMORROW

"Our Mutual Girl" will make her debut at the Victoria tomorrow, and countless numbers will doubtless attend to make her acquaintance.—In the first picture "Our Mutual Girl," Miss Norma Phillips, leaves her simple country home and goes to New York City to live with her millionaire aunt, who has invited her to partake of the hospitality of her New York mansion. She is met at the great Pennsylvania station by her aunt and is rapidly whisked uptown in the big touring car. Then begins the transformation of the little country girl into a beautiful New York society belle. Her aunt takes her to "Lucie's," the famous dressmaking establishment of Lady Duff Gordon, where they are shown the most wonderful creations of the fashion artist's skill. Gowns that cost as much as \$1,000 are displayed and "Our Mutual Girl" is supplied with a wonderful wardrobe. Her country sweetheart arrives in town but is unsuccessful in locating her. After an eventful day takes her to a gorgeous bed room that has been especially prepared for her, tucks her away in a mass of silks, satins and laces and "Our Mutual Girl" is soon in dream-land.

In the second reel she tries on hats at the famous Fifth Avenue milliners and is introduced to society. She is also located by her country sweetheart, but her aunt does not realize him. In the succeeding reels we see "Our Mutual Girl" surrounded by every luxury that wealth can provide entirely unaffected by flattery, pomp and vanity of the great metropolis, the same sweet, pure girl that she has always been. And tomorrow and each succeeding Wednesday for fifty-two weeks it will be the privilege of Wichita Falls audiences to see her and they say to see her is to love her.

Winter's Chills Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

Spring is Breaking; Backs are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs;—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

WICHITA PEOPLE TESTIFY

Seventh Street

John Glen, shoemaker, 712 Seventh street, Wichita Falls, says: "For many years I had various troubles caused by my kidneys and bladder. I had boils in my back and side and was troubled by irregular passages of the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I tried them and found them even better than represented. They cured me and now I seldom need a kidney remedy. When I do, I take Doan's Kidney Pills and they always benefit me."

Lee Street

Mrs. W. M. Langford, 309 Lee street, Wichita Falls, says: "At times my back was so painful that I could not sleep. I had pains in my sides and when I got up in the morning, I was never tired than when I went to bed. My kidneys were weak. Doan's Kidney Pills promptly relieved all the pains and strengthened my kidneys. Since then I have taken a box of Doan's Kidney Pills occasionally and they have kept my kidneys in good working order."

Eighth Street

C. C. Willard, 1922 Eighth street, Wichita Falls, says: "I suffered constantly from my back and kidneys. Every move I made sent sharp twinges through my back. I got Doan's Kidney Pills from Harrington's Drug store and although other remedies had failed, they made a cure. We still use Doan's Kidney Pills when we need them and are always greatly benefited. You are at liberty to continue using my endorsement."

Indiana Avenue

P. W. Nolen, 1109 Indiana street, Wichita Falls, says: "Pains across my kidneys made every move one of misery. In the morning the trouble was worse. Doan's Kidney Pills procured at Harrington's Drug store, relieved me. I consider them a fine remedy for regulating the kidney action and removing trouble with the kidney secretions. I willingly confirm the endorsement I gave some years ago."

Burnett Street

M. G. A. Swope, carpenter, 612 Burnett street, Wichita Falls, says: "I had pains across the small of my back and in my sides and trouble with the kidney secretions. My ankles became swollen. A few boxes of Doan's Kidney Pills cured me. I seldom have occasion to use a kidney remedy now, but when I do, Doan's Kidney Pills always give fine results."

Avenue A

R. E. Redin, Avenue A, Wichita Falls, says: "My back bothered me for two or three years and the spells often came on without warning. I was so lame across the small of my back that I could hardly bend. My kidneys became disordered and the kidney secretions were too frequent in passing, causing me annoyance. I finally got a box of Doan's Kidney Pills. They cured me and I have not felt a sign of the trouble since."

TICKETS ON SALE FOR SATURDAY NIGHT'S DANCE

Elaborate plans are being made for the dance to be given Saturday night at the lake pavilion by the baseball boys. There will be about forty ball players at the ball without partners, so it will be up to the Wichita Falls girls to go out and show their appreciation of the boys' trial to entertain. In addition to the dance there will be a cabaret as well as refreshments. The admission will be one dollar per couple and twenty-five cents for extra ladies. The dance is scheduled to start at 8 o'clock and the cabaret about 11. The tickets may be obtained at the Rexall and Palace drug stores where they are now on sale.

PLAY BALL

means get a hundred per cent busy. Play ball is the order the world gives every man or set of men who are doing anything worth while. We get this order many times every hour in the day and to obey it to the letter is our mission on earth. The man who thinks he can loaf at the plate or in the field and win is joking himself bitterly. He has about the same competent opportunity to get away with the gang that a bunch of bush league invalids have to pull down the big rag in the post series. We have been big leaguers in the pill game for a good many years and we have never fanned in a pinch or died on a base. We don't miff the grounders, beef at the umpire or play the grand stand but we do propose to field any fly that is batted to our position and wham it home in time to get the runner by a mile. If it is up-to-the-minute drug store merchandise and RIGHT NOW service you had better sign with us for the season and be in the winning.

A SHORT HISTORY OF THE COFFEE ROASTING INDUSTRY

In the early days all coffee was shipped from Brazil and other producing countries in sailing vessels. These vessels were subject to severe storms and often the cargoes were badly damaged by salt water. This damaged coffee was piled on the wharves and there sprouted and rotted, and had to be hauled away at much expense.

Charles and John Arbuckle were engaged in the wholesale grocery business in Pittsburgh, Penn., and made frequent pilgrimages to New York in behalf of their business. Being Scotch, this waste of coffee bothered them, and Charles, who was of an inventive turn of mind, set about to solve the problem, and built the first commercial coffee roaster, which consisted of simply a large iron cylinder revolved by steam power. They bought this damaged coffee at practically their own price and roasted it before it had time to sprout, and put on the market the first coffee sold in a roasted state. This was in the early sixties and since that time the business has grown to gigantic proportions and now involved the investment of millions of dollars and practically all coffee is sold in the roasted state. This method of course saves the house wife lots of trouble and annoyance, but, as most of the coffee so far has been roasted in the large sea-port cities, it has been the cause of much stale coffee being used and has not tended to make coffee as popular

a beverage as it should be. But now the trend is in the direction of localizing the coffee roasting business and selling the bean freshly roasted direct to the consumer. That is as it should be as it eliminates all waste and middlemen's profits, traveling salesman's expenses. But best of all, gives the consumer freshly roasted goods.

Green coffee is a commodity like wheat, corn, cotton, etc., and is sold in the open market and can be bought by all at the same price. The minute it is roasted, however it becomes a proprietary article and becomes subject to heavy advertising expense, traveling salesman's expenses, fancy labels, and if shipped a distance expensive tin cans which only to a very small extent prevent deterioration.

In order to give the people of Wichita Falls and vicinity the very best coffee at a minimum price we have established a thoroughly up-to-date Roasting Plant, and can serve you with the very best goods, scientifically blended and fresh roasted. We invite your inspection of our plant and methods and trust to be favored with your coffee business.

Coffee is the best beverage given mankind. In it's brew there is health, in its aroma a fragrance as delightful as the rose, a nectar, rarer and diviner than grape ever distilled into wine—VIVE LA CAFE.

NEW INTERURBAN LINES CONSTRUCTED

**DURING FIRST TWO MONTHS OF
YEAR SEVEN MILES OF IN-
TERURBAN STEEL LAID**

NEW CONSTRUCTION LAGGING

**Lines from Waco to Austin and Aus-
tin to San Antonio Being
Promoted**

Fort Worth, Texas, March 17.—The Texas Business Men's Association has just finished compiling data relating to railroad and interurban construction during the two months of this year and according to the report 30.22 miles of steam line was built in Texas during that time, and seven miles of interurban steel laid. Four different roads constructed this mileage and the largest amount of steel laid on the extension of the San Antonio, Uvalde & Gulf Railroad between Pleasanton and Corpus Christi, which line was completed February 28th. Twenty-four miles of rail was laid on this project this year. The first train was operated over the new line March 1st into Corpus Christi, but regular service will not be inaugurated until next week. The actual completion of this railroad marks the beginning of a new era in this section and will add a great impetus to the country traversed by the road.

The other three railroads which laid steel during January and February and the number of miles built are: Artesian Belt Railroad, Christ-line-Crowther line, four miles; Houston & Texas Central Railroad, Eureka-Stella cut off, 1.22 miles; Matador and Northern Railroad, one mile.

Seven Roads Report Progress.

The laying of four miles of rail on the Christine-Crowther line this year brings the total miles of steel laid on this project to eight miles and with the entire line graded between these two points, the road is a little more than half completed. Ten more miles of steel remains to be laid on this line and it is thought this additional mileage will be built within a short time and the road opened for operation. This road will be extended in a southeasterly direction below Crowther and at present three miles of grading has been completed. The exact terminus is not known.

All rail laying has been completed on the Eureka-Stella cut off and with the laying of the 1.22 miles of steel this year, the road is ready for operation with the exception of ballasting which is under way at present. This cut off is 9.5 miles in length and penetrates a very rich agricultural section of Harris county.

The non arrival of material is attributed for the slow progress made on the Matador & Northern road, which will tap the main line of the Quanah, Acme & Pacific near Roaring Springs. Only two more miles of rail is to be constructed on this project and with the arrival of this material, which is anticipated daily, the road will be rushed to completion. When completed the line will be 8.5 miles long.

Since the first of January a considerable amount of grading has been completed on the Gulf, Freeport and Northern Railroad and up to the present time sixteen miles of road bed has been prepared for the laying of steel, which will begin in a short time. This line is being constructed from Freeport to tap the Southern Pacific on the north and the exact terminus of the road has not been definitely decided upon. Rosenberg is thought to be the objective point. The railroad will traverse very rich and productive lands, badly in need of transportation facilities. The promoters announce that the outlook is bright for the completion and opening for operation of this road in 1914.

The Walnut Springs-Glen Rose Railroad also reported progress on its line and since first of the year 2 1/2 miles of grading has been completed. Work on this project was held in abeyance on account of the scarcity of labor and was also hampered by rains in that section. All material for this road, including freight and passenger coaches have been purchased and is expected to arrive daily. The laying of rail on this

road is being completed. The exact terminus of the road has not been definitely decided upon. Rosenberg is thought to be the objective point. The railroad will traverse very rich and productive lands, badly in need of transportation facilities. line will begin about the first of April. About 4 1/2 miles of road bed was graded during January and February on the Dallas, Corsicana and Palestine Railroad. No steel has been constructed on this road up to the present time, but preparations are being made for such work.

Interurban Building Lagging. Interurban construction in Texas during the two months of 1914 has been at a low ebb and seven miles of electric railway line was supplied with steel during that time. The feature of interurban construction this year was the completion and opening for operation of the Greenville, Whitewright & Northern Interurban between Anna and Blue Ridge, a distance of twelve miles. All but one mile of this line was constructed in 1913. Plans are now on foot for the extension of this electric railway from Blue Ridge to Greenville. This extension will be twenty-four miles long and according to the promoters practically all preliminary arrangements have been satisfactorily made for the beginning of early construction on this line.

The engineer in charge of the construction work on the extension of the Bryan-Central Texas Interurban between Stone City and Wilcox, reports that six miles of steel was laid on this project since the first of the year. This is the first steel to be laid on the line. Practically all of the roadbed is graded and with chief attention directed toward the laying of steel, this extension will be ready for operation within a few months. The road will be fourteen miles long.

San Francisco, March 16.—Upon recommendation of the board of directors of the Standard Oil Company of California, stockholders of that corporation met today to vote on the

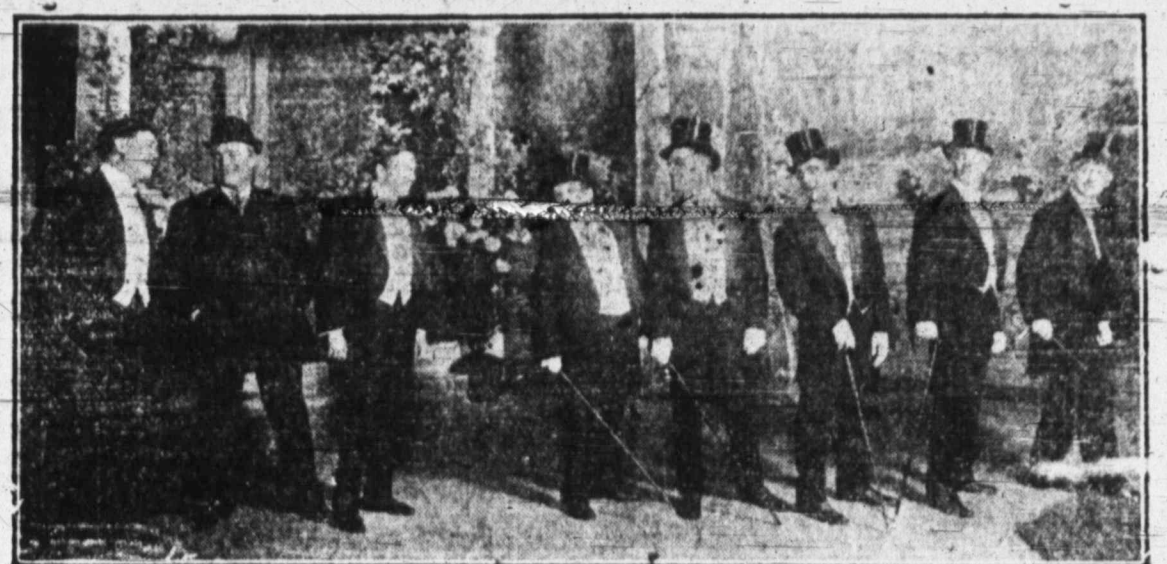

proposed increase in the authorized capital stock from \$50,000,000 to \$100,000,000. It was foregone conclusion today that the stockholders would take any action recommended by the board of directors. At present the company has \$45,000,000 of stock at 230 which represents an investment of more than \$130,000,000 so that, under the assumption that the new stock, if issued will be distrib-

ed as a bonus, will have a market value of \$130 a share.

Whitman's "Graft War" Starts. New York, March 16.—The first trial to result from District Attorney Whitman's "graft war" was begun today when Thomas Hassett, once confidential man for State Engineer Ben-

son, went to trial under an indictment charging attempted grand larceny. The indictment specifically charges Hassett with demanding \$50,000 from Anthony C. Douglass, ex-mayor of Niagara Falls, an unsuccessful bidder for the construction of the Hudson River siphon on the aqueduct. Douglass did not pay. He did not get the contract.

If there is no known responsibility back of the car you buy, where are you apt to land? In justice to yourself; what right have you got to buy any car unless you know the character of its makers? And if you don't know them how do you know that they will live up to the moral responsibility that ought to be behind everything that is manufactured for sale, especially something that costs as much as an automobile.

This lack of knowledge on the public's part is responsible for millions of wasted dollars. People buy blindly. They spend thousands without looking. They wouldn't buy a watch or a beefsteak without knowing their jeweler or butcher but they would buy—and do buy—automobiles without knowing what is behind the men that make them.

Here is the Equipment for all the Mitchell Models Which is Included in the List Prices:

Electric self-starter and generator—electric lights—electric horn—electric magnetic exploring lamp—mohair top and dust cover—Tungsten valves—Jiffy quick-action side curtains—quick-action two-piece rain vision wind-shield—dismountable rims with one extra—speedometer—double extra tire carrier—Baird bow holders—license plate bracket—pump, jack and complete set of first class tools.

JACKSONVILLE PREPARES FOR CONFEDERATE REUNION

Fund of \$40,000 Being Raised in Florida Metropolis for Entertainment of Veterans

Special to the Times.
Jacksonville, Fla., March 17.—The March number of the Confederate Veteran, published at Nashville, carries the following editorial on the Jacksonville reunion:

"The people of Jacksonville, Fla., are making preparations to entertain the twenty-fourth annual reunion of the United Confederate Veterans' Association in May. As our readers know, the dates of the reunion are May 6, 7 and 8. The Jacksonville Reunion Association has been chartered under the laws of Florida, the incorporators numbering fifty of the most active and patriotic citizens of that marvelous city, to handle the reunion. A fund of \$40,000 is being raised by the association to defray expenses of the meeting and to show the veterans and their friends that Jacksonville appreciates the honor that has been conferred on the city by its selection as the 1914 meeting place.

"This is the first time a reunion of the United Confederate Veterans has gone to a Florida city and all of Florida is taking a deep interest in the preparations to entertain them. The reunion city is delightfully situated and well equipped to handle large crowds. Jacksonville is situated on the north bank of the St. Johns River, twenty-seven miles from the mouth of the stream. Its surroundings are historic, picturesque and of semi-tropical interest. Nearly one hundred years ago the French and Spaniards fought bloody battles for supremacy in the territory around Jacksonville. Evidence of the conflicts are yet visible between Jacksonville and the mouth of the St. Johns River. While the State of Florida lies south of great theatre of the Civil War, Jacksonville felt the shock of the mighty conflict. Four times the city was occupied by Union troops, but gallant Confederates, under the leadership of Generals Blunt and Finegan, stopped their advance into the heart of the State by winning the famous battle of Olustee.

"Florida troops were conspicuous for bravery on many fields. The State has liberally of her sons to the cause of the South and is now taking care of aged Confederates with generous appropriations. Confederate monuments have been erected at many points throughout the State, and a soldiers' home is maintained near Jacksonville. The Confederate veterans, therefore, will feel that they are in the hands of their friends when they visit Florida.

"When Gen. Bennett H. Young visited Jacksonville in December to confer with citizens about a date for the reunion, he was so well pleased with what they proposed to do that he alluded to the city in the most complimentary terms, saying, among other things that Jacksonville would ever be known as 'the city of the big heart.'

"Everywhere throughout the South, Confederate uniforms are being brushed up for the reunion. Once more the followers of the Stars and Bars are looking forward to their annual meeting. Their ranks are growing thinner year by year, but those who have been spared to live will march to Jacksonville to retell the story of the greatest conflict known to ancient and modern history. They play a part well. History records a higher courage or loftier patriotism than that of the Confederate soldier. His fame is enduring and his age in American history has no parallel. He stands erect among men in heart at least no matter if his body is bent by the weight of years. The old fire flashes from his eye as right as it was on the fields of Gettysburg and Chickamauga, the Wilderness and other famous battlefields of the war. Time lets us down slowly, but it lets us down nevertheless. A few more years and there will be no survivor of the Confederate armies to tell the story. The Jacksonville reunion will be the last that many of these aged veterans will be spared to attend. It will be a great reunion if no unforeseen obstacle is interposed. Florida appeals to the young and is intoxicating to the old. It is a marvelous country and its hospitality is as splendid as the climate that sends thousands of people to the State every year for health and pleasure. Let us do our part in making the reunion the great success that the people of Jacksonville want it to be."

ELLSWORTH'S FUNERAL

AT DENISON TODAY

Investigation of Cause of Wreck Near Henrietta Monday Still Continues

The cause of the wreck on the Katy near Henrietta Monday morning, in which Engineer Ellsworth met death, has not been determined. Superintendent Sullivan returned to the scene this afternoon to further investigate the matter, but it is not expected that the cause will be definitely established until the engine has been lifted from the ditch.

The track has been cleared sufficiently to permit trains to pass and traffic conditions are again normal today. The wrecked engine lies in the ditch by the side of the track, partially buried as a result of the plunge it took.

The funeral of Engineer Ellsworth took place this afternoon at Denison under the auspices of the Denison lodge of Elks, of which he was a member.

KILLS HER FOR SLUR ON GABY

New York Man Infatuated With Dancer Stabs His Woman Companion for Remark.

New York.—From the first time that William Twist of the Bronx saw Gaby Deslys dance on the stage, he was so struck with her beauty and grace that he became infatuated with her. Although he was not personally acquainted with the dancer, Twist so revered her name that when Miss Louise White made a disparaging remark about the music hall performer he drew a knife and stabbed Miss White to death, inflicting twelve wounds as he attacked the woman in a hallway.

Then Twist gave himself up to Police Sergeant John T. Meade, who found the slayer standing near the body in the hallway of the home of Miss White.

"It was this way," said White. "I saw Gaby Deslys dancing and I was

willing to marry her—I loved her so much—and so, when I met this woman on the street and took her home and she made some remarks about the woman I loved, I became so angry that I took out my knife and stabbed her. Now, that's about all there is to it."

CAN PUT PLANTS TO SLEEP

French Scientist Claims That They Feel Pain—Makes Many Experiments.

Paris.—Can flowers feel pain? This is a question to which French physiologists are giving much attention at the present time.

M. L. Chassaigne believes that they can, and so, his opinion based on interesting experiments. Taking a mimosa plant, he exposed it to the action of heat. The leaves withered as if in pain. A simple mechanical effect, say the skeptics, a proof of sensibility, says M. Chassaigne, since it does not take place if the mimosa be anesthetized.

If the vase containing the mimosa is placed in a glass globe with a piece of cotton impregnated with chloroform or any other volatile anesthetic for half an hour, the foliage becomes wilted and the plant has all the appearances of being in a deep sleep. If it be now subjected to the action of heat it remains unaffected.

M. Chassaigne has repeated the same experiments with many different kinds of plants, but always with the same result. "It is maintained," he says, "that plants do not suffer because they have no nerves."

Many physiologists hold that nerves are but the extension of protoplasm, modified and adapted to fulfill the required function. Hence the protoplasm of plants can perfectly well act as a rudimentary nervous system.

MONKEY MAY SOLVE MYSTERY

Hair Grew From Him as From James Dolan—Plan Post-Mortem on Simian.

Cincinnati.—Some of the mystery surrounding the unparalleled ailment affecting James Dolan, inspector of the Hamilton County Liquor License commission, may be cleared up as the result of a post-mortem which Dr. Paul Q. Woolly, head of the department of pathology of the Cincinnati hospital and the University of Cincinnati, is about to perform on the body of "Jimmy Mac," a monkey of the Rhesus family.

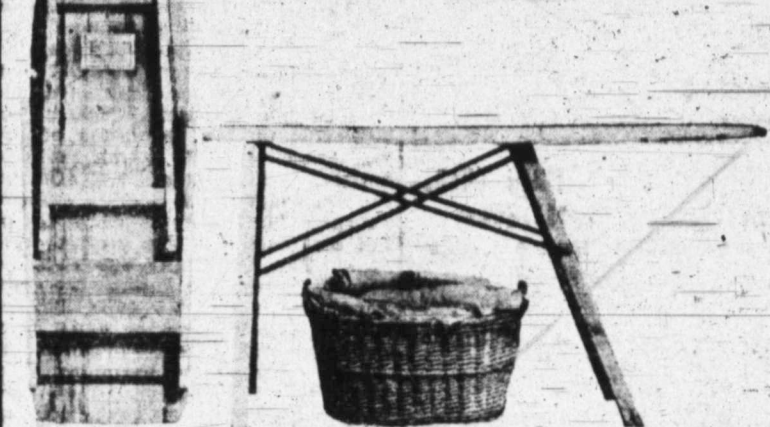

Dolan had a long blonde hair mysteriously and rapidly growing out of one of his fingers. "Jimmy Mac" was suffering from a somewhat similar condition. "Jimmy Mac" died. He was a trained monkey, performing at a local theater. When he first became ill last week, it was discovered that a lone hair in a bald place on his left shoulder was growing out rapidly; then it fell out, in its place grew several hairs, and each fell out, new ones growing, the phenomenon repeating itself until the monkey died.

JUST ONE LOOK WILL CONVINCE YOU

that the restricted district of Floral Heights is destined to be the von-ton residence section of Wichita Falls for all time to come. It will be impossible to have any other restricted property like it. It is a charming property, ideally located. Situated on the car line with the highest elevation between the city and Lake Wichita, the view in all directions is one of magnitude of stretching landscape as far as the eye can see.

You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence to two whole lots and no residence shall cost less than \$3000.00. Just think; you can purchase a pair of these lots for \$660.00, one-third cash, balance on or before one and two years at 8 per cent interest. The Company only has a few of these lots left, and there is no limit to the prices you will see these lots sell for in the future. Two of the finest homes in the city are in this restricted district. Come to our office today and let us show you these beautiful lots.

FORMAL OPENING MRS. CHILD'S MILLINERY

Today Mrs. Olive A. Child is holding her first formal opening and showing of spring millinery, at her shop in the Maer building. Mrs. Child's stock includes some very beautiful copies of the best of imported models, French hats, and American designed hats. All of the newest colors are shown in the ultra fashionable shapes and styles. Everything from the chic, extreme tall, ornate hat to the most elaborate dress hat can be found at this shop. With the shop is an excellent designer, with admirable ideas and tastes, an artist in her line who is able to work out any design that may be desired.

Very clever souvenirs, St. Patrick's day emblems, very appropriate for the season are being given. The favors themselves are different from the usual souvenirs, the badges and shamrocks, being reminders of the day.

WICHITA FALLS GIRLS WITH EVELYN'S COMPANY

Courtney Sisters Born Here—Their Father Farmed Near Thornberry Years Ago

The Courtney Sister who made the big hit in the vaudeville act with Evelyn Nebist Thaw at the Wichita Theatre Monday night are Wichita Falls products. Their real names are Grismer. The older of the two was born near Thornberry and the younger in Wichita Falls. Their father, C. W. Grismer, owned and operated a farm near Thornberry for several years and later lived in Wichita Falls on Tenth street between Indiana and Scott Avenue where the younger of the sisters was born.

Their mother is traveling with them and while here with the show yesterday renewed acquaintance with many of her old friends. Her daughters are vaudeville actors of more than ordinary merit.

To Whom This May Concern:

The copartnership formerly existing between J. C. Ziegler and Robert Pasch and known as the J. C. Ziegler Mfg. Co., is hereby dissolved by mutual consent, J. C. Ziegler having purchased the entire interest of Robert Pasch in the above named firm, assumes all business obligations, and all accounts due the same firm are payable to him. The business will continue under the name of J. C. Ziegler Mfg. Co.

SUPERVISION URGED IN GIVING CHILD LABOR PERMITS

New Orleans, March 17.—Because of the complications involved in issuing work permits to children under the child labor law limit, uniform blanks and statewide supervision are necessary to real enforcement of the law, according to George A. Hall, secretary of the New York Child Labor committee, who today delivered the principal address at the tenth annual National Child Labor Conference which has been in session since Sunday afternoon.

Only after a child has undergone a thorough physical examination, according to Secretary Hall, should the request for a permit to work be granted. "Children, aided and abetted by their parents have been known to attempt many shrewd methods of escaping the law even in thorough physical tests," declared Secretary Hall. "There have been cases in which boys faced an examiner with pockets filled with stones or lead or sand so as to bring themselves up to the required weight. There is a great deal of necessary red tape involved in the proper issuance of work permits. Parents have been known to alter dates of birth certificates so as to work a child who is below the legal age. Adequate documentary proof of age, should be required. Even among the great foreign born population of New York seventy-five per cent of the children are able to furnish such proof. Family Bibles, court records and even a silver cup on which the date of the child's birth was inscribed, have been accepted as evidence of ages."

At tonight's session Lewis Hine of New York, is to deliver an address on "The High Cost of Labor, or Our Moral Buzz Saw." Hine has declared in previous speeches that "a 5,000 mile procession of child workers is asking us if we can afford child labor." Other speakers will be F. H. M. Newman, general organizer of the International Shirt-Waist Makers' Union, whose subject will be "Child Labor—A Menace to Society," and Wiley H. Swift of Greensboro, N. C.

PROGRAM ESPECIALLY INTERESTING TO LADIES

Young Men's Forum Announces Meeting at High School Auditorium Monday Night

No program was held at Monday night's meeting of the Young Men's Forum, but plans were completed for the meeting next Monday night. It is planned to hold this meeting at the high school and the program will be of a nature to appeal especially to the ladies who are invited to be present. Definite announcement as to the time and place of meeting will appear later. The program for the occasion follows:

Talk, "Need of a young ladies' co-operative home in Wichita Falls"—S. Hyser.

Talk, "A public library for Wichita Falls"—C. R. Long.

Debate, "Resolved, That Texas should adopt woman's suffrage," affirmative, Charles Crowell and Henry Arnold; negative, E. H. Eddleman and Burton Stayton.

Address—W. L. Robertson.

Never Buy Adulterated Goods.

Short weight is bad for the buyer but not so bad as full weight and adulterants—especially in varnish.

A gallon of my pure varnish at my price is cheaper for the user than two gallons of adulterated stuff for the same piece of money.

The Wichita Hardware Co., will be glad to give you an estimate on my pure varnish for your new house and save you money in the long run. CHINAMEL. (Advt.)

The Robach Mineral Water

Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that causes typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Fall in line and share food health with us. Special attention given five gallon phone orders. Our wagon leaves the well at 7 a. m. and 2 p. m. Two trips daily except Sunday. Phone line 9001 ring 14. "EVER-LASTING-LY GOOD"

P. Lorillard Co.—Established 1760

There was a really excellent vaudeville bill and then Evelyn herself. The mothers as might have been expected, were not present in any considerable force, but the fathers were quite numerous.

Evelyn did not open her face throughout the evening, except to smile. She danced and pantomimed rather cleverly but those who had expected to see some rough stuff, merely because a notorious woman headed the bill were doomed to disappointment.

Evelyn is not so naughty. To be sure her skirt in the vaudeville act was not any too long and was sort of clinging—displaying a pair of very pretty white silk hose that seemed

to have an attraction for some of the male members of the audience. But there's been worse than that right in our own opera house. Some of the evolutions in what were termed the latest society dances were just a trifle more risqué than would be tolerated in our best society, but at that they were not so bad.

Mrs. Thaw is traveling on the name of Thaw to a considerable extent, but she can do the tango with the assistance of Jack Clifford to the queen's taste. And while not exactly pretty she is graceful and agile, a good dancer and withal a very handsome looking woman, just the kind of woman that one expected to see. There is nothing about the show itself that

any one could take offense at and were it not that the principle interest centers about the woman who has gained so much unfavorable notoriety it would be entirely good.

With Evelyn was one of the best vaudeville bills ever presented in the city. All of the performers were good and to pick out the numbers most pleasing is but to take the choice of one's own preference. Fouchere, with a bicycle act, introduced so many new and novel tricks as to make that state subject a feature number, and the Courtney Sisters in a dialect singing act are so clever that the audience called them again and again. Arnaud Brothers, the musical clowns, introduced a novelty in the

way of violin playing whilst performing various acrobatic stunts, all of which were given to the rhythm of the music in perfect accord. An imitation of birds making love was good.

Willie Weston and Mike Bernard, two Irishmen with Hebrew indications or two Hebrews with Irish names, were there with the goods in very interesting songs and piano selections and a little monologue on the suffragette question that was witty and clever. The program closed with "Mariette," a musical pantomime, built out of dances and pretty costumes especially to give Mrs. Thaw entrance for her histrionic ability and to introduce some new dances.

CHILDREN'S DAY AT THE FAIR

Join the Christmas Banking Club at Our Expense

Every Wednesday and Friday from now until December 10th we shall give five per cent of our sales toward building the Christmas banking fund. We have made arrangements with the Wichita State Bank to enter our customers' names in their Christmas bank club. For every purchase made at our store on Wednesday or Friday of any week we shall place on deposit to the credit of the person whose name is designated by the purchaser, five per cent of the gross sale. This money may be drawn out two weeks before Christmas, and if all the conditions of the bank's club offer are adhered to, the money will draw four per cent interest.

There are no restrictions as to amount of goods you purchase. And you have no bother or trouble. Buy the goods you need and we do the rest. If for any reason you do not wish to buy something every week, you will not lose what has already been deposited for your account. You can get it just the same two weeks before Christmas.

We have made this arrangement especially to open bank accounts for the children, but everybody can take advantage of it. If you have no children, open the account in your own name and you will be sure of having some money to spend at Christmas time.

It Costs You Nothing

If you spend \$1.00 with us, five cents of it will be put in the Wichita State Bank's Christmas Saving Club. If you spend \$10, 50 cents will be deposited, and if you spend \$100, five dollars will be yours at Christmas.

Class 1 starts with one cent, doubles each week, amounts to	\$7.41 at Christmas
Class 1-a starts with 38 cents, divides each week, amounts to	\$7.41 at Christmas
Class 2 starts with 2 cents, doubles each week, amounts to	\$14.82 at Christmas
Class 2-a starts with 76 cents, divides each week, amounts to	\$14.82 at Christmas
Class 5 starts with 5 cents, doubles each week, amounts to	\$37.05 at Christmas
Class 5-a starts with \$1.90, divides each week, amounts to	\$37.05 at Christmas
25c flat each week amounts to	\$9.50 at Christmas
50c flat each week amounts to	\$19.00 at Christmas

Our Prices Are Low

We do not carry the largest stock of Dry Goods in the city, but what we do have is of the very best. Because of low store expense, our prices are lower than any other store can sell goods for, and all we ask is that you come and see for yourself.
