Former Exchange Student Stops In Olton For Visit

A little more than three years have passed since OHS foreign exchange student Hugo Hondequinn said goodbye to classmates and friends to return to his native Brussels, Belgium.

This week he was back in Olton and in Lubbock for a brief visit after having spent two months working in Canada.

Still slender and looking younger than his 21 and a half years, Hugo's naturally curly hair was longer than three years ago and he sported an equally curly beard which he laughingly says he plans to "grow longer and then part it in the middle and comb it to each side".

As a student at OHS, Hugo made his home with Mrs. Ed Thompson and Barry and the late Mr. Thompson. He arrived in Lubbock Sunday for a visit with his American mother and brother and accompanied Barry to Olton for a two-day visit.

In Canada, Hugo has been working with tobacco harvesting. Upon his return to Belgium, he will return to Louvain Catholic University where he has two years of study yet to complete.

Louvain, he explained, is about 30 miles from his home but he does not commute because it takes too much time to make the trip through city traffic each day.

Tuition and other expenses, including books, are approximately \$40 per semester at his school, Hugo says.

Asked if room and board was just as cheap, Hugo replied, "No, it's pretty expensive."

FEATURE OF HALF-TIME ACTIVITIES this Friday night will be the Olton High School twirlers, Alana Hamill, Sabrina Pollard, Denise Myers and Carla Moses. The girls will make their formal debut before a hometown audience, weather permitting.

Olton High School Twirlers To Be Featured At Halftime

Olton High School twirlers will make their formal debut before hometown fans this Friday night, according to Fred

Stockdale, band director.

All sophomores, the girls are new to their positions and have done an "outstanding job"

thus far in the first two outings, Stockdale said.

Denise Myers, daughter of Mr. and Mrs. Parley Myers, Carla Moses, daughter of Mr. and Mrs. A. D. Moses; Sabrina Pollard, daughter of Mr. and Mrs. Ralph Pollard; and Alana Hamill, daughter of Mr. and Mrs. Greer Hamill will be leading the 69-piece marching band on the field Friday night, along with drum major, Donna Muller, daughter of Mr. and Mrs. Don Muller. Miss Muller is also a sophomore, new to her job as drum major.

The twirlers attended a one-week training camp at Cisco this summer preparing for this year and the drum major attended band camp at WTSU working with the drum majors learning her duties.

Mustangs, Bulldogs Tangle Here Friday

Home at last! Olton gets to stay at home this Friday night for the first home game of the young football season.

Tahoka's Bulldogs are the opponent. Game time is 8 p. m. Tahoka, one of the three undefeated class AA teams on the South Plains, are the only undefeated team in district 4-AA.

Tahoka comes into the game with wins over Stanton and Crosbyton. They downed Stan-

ton 36 to 14 and Crosbyton 21 to 3.

The Bulldogs have a very quick team. They are not as big as they were last year but have two very good ends for receivers and both have very good speed.

Jeff Atwell (#11) quarterback the Dogs. He is left handed and throws mostly to his ends. Ladd Roberts is the full-back from last years team. He wears #30 and weighs 175

pounds. He is a very strong runner and can make the big play. John Thomas (#20) is the other back and weighs in at 183 pounds. He is the guy who gets the hard yards up the middle and is hard to stop for no gain.

Probably the best guy on the Bulldog team is #74 Clifford Laws. He plays right tackle on offense and he is really a go getter on defense.

Probable starting lineup of-

fensively is #12 Phil McClen-

don-LE, #71 Gary McElroy-T,

#61 David Turner-G, #52 Clyde

Curry - C, #62 John Saldana -

G, #74 Clifford Laws - T, #80

Louis Zedlitz - E, #24 Gary

McCord - WB, #11 Jeff Atwell -

QB, #30 Ladd Roberts - FB and #20 John Thom-

as - TB.

Probable offensive lineup

for Fridays game will be Steve

Stockdale, Marlos May, Keith

Workman, DonDeBerry, Jimmy

McCurry, Kurt Gregory, Steve

Lewis, Robert Ahrens, Luis

Jiminez, Randy McCoy and Tim

Givens.

Defensive probables are

Marlos May, Jimmy McCurry,

Don DeBerry, Gale Long, Kurt

Gregory, Luis Jiminez, Robert

Ahrens, Kenny Spain, Favian

Minjarez, Tim Givens and Col-

lin Johnson.

Ruby Lee Sherman Holds Lead In Football Guessing Contest

Ruby Lee Sherman held the lead in the grid guessing game as it got into its second week. She has a total of 27 points.

Close behind with 25 points is Rick Howard. Dale Riggs and Jack Williamson each have 24. Thirteen of the armchair

quarterbacks have 23 points. A list of those leading in the season contest is on page of this issue of the Olton Enterprise.

Winners of this week's contest are Carl McClure, first; Joel Nelson of Abilene, second; and Dale Riggs of Earth, third.

McClure had 13 games correct and will collect the \$5 for first place.

Nelson and Riggs each missed six games. Nelson guessed the tie-breaker right on the nose and Riggs was off seven points. Nelson will receive a check for \$3 and Riggs will get one for \$2.

Get your entries in to one of the sponsoring merchants before Friday afternoon at 4 p. m. and you may pick up some extra cash.

Pick up a copy of last week's

Enterprise, fill in your name

and address and circle the number

of the team which you think will win.

That's all, except for guessing on the tie-

breaker score. Then get it in

before 4 p. m. and you could

be a winner of the tickets to

the Cotton Bowl or Sun Bowl.

The person with the high-

est number of points at the

end of the season contest will

get the tickets. So get your

entry in today.

Error Made In Contest, Winners Remain Same

If you thought you had one more (or one less) point last week in the football guessing

contest, you were probably right!

While getting scores of the games to check the entries by, the score between Freshp and Iowa Park was copied wrong,

showing Freshp to win. Therefore, our copy was wrong that we used to check the entries.

However, when the re-checking was done, the week's winners remained the same. So if you have one more (or one less) point than you did last week, that's the reason.

Rites Pending For Mrs. Miller

Last rites are pending for Mrs. Bill Miller of Clovis, N. M., a former resident of Olton. Mrs. Miller died Tuesday in Clovis Memorial Hospital.

Dolph Briscoe In Olton

Governor Hopeful Stops In Olton, Townspeople Gather To Welcome Him

"Our system of government, while certainly not perfect, is by far the best ever devised by man, to govern himself."

These thoughts were offered by Dolph Briscoe of Uvalde, who visited in Olton Thursday morning in the home of Mr. and Mrs. Owen Norfleet. Meeting with Briscoe were about 65 local residents.

Although he has not officially announced that he "definitely intends to be in the governor's race next year," He asked for the support of Olton voters.

Commenting on his visit to Olton, he said that it was great to be here. He said that he noticed the sign outside the city limits that said, "land of abundance" and that it truly looked like a land of abundance that are now growing.

"Being in farming and

ranching, myself, I appreciate the crops and their beauty. I really enjoy traveling through this area, one of the most productive areas anywhere."

"I realize that we must have water resources at a reasonable cost to the consumer, however, to keep it productive."

In a prepared statement, Briscoe said,

"Our system depends upon the individual citizen and will fail only when and if you and I fail in our responsibilities as citizens."

"There is a most pressing need today for more Americans to take an active part in the political life of every precinct, city, county and state in this nation."

"Leaders in business, professional, civic and religious activities frequently neglect

their responsibilities as citizens, and accord only perfunctory notice to politics. This makes it possible for political hacks to play selfish games with our pocketbooks and our future."

"Many Americans who are otherwise very conscientious take only a spasmodic interest in government. There is an old truism that in a democracy people can have the best government they demand but will probably have the worst they will tolerate."

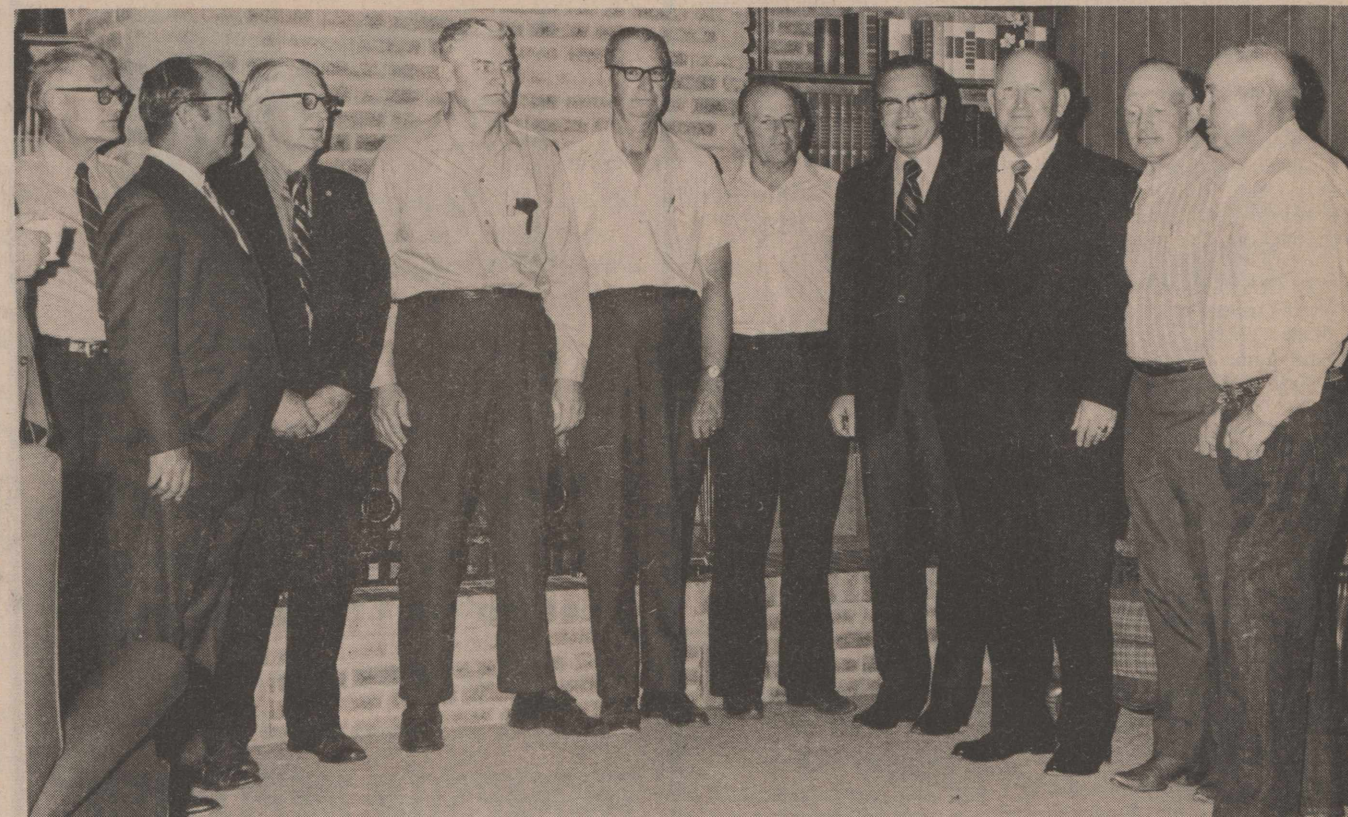

"Politics is often referred to as a dirty business and many will have nothing to do with it because of this. The responsibility for this -- for whatever there is wrong with our government today at any level -- rests with you and me and individual citizens."

"We can make out of this area -- we can make out of this state, this nation, what we want it to be...what it can...what it must be."

"This is our challenge -- but, also, this is our greatest opportunity."

Briscoe was born in Uvalde April 23, 1923 and was valedictorian of his senior class of 1939 in Uvalde. A graduate of the University of Texas, 1943, he served in the C.B.I. Theatre during World War II. He served eight years in Texas Legislature and is co-author of Colson-Briscoe Farm-to-Market Road Program.

He is married to the former Betty Jane Slaughter and they have three children. He is a member of the Episcopal Church.

DOLPH BRISCOE VISITS OLTON -- and a host of Oltonites joined together to give him a "West Texas welcome" at the home of Mr. and Mrs. Owen Norfleet. Pictured above with

the distinguished guest are Basil Sherman, Curtis Wilkinson, I. B. Holt, Lloyd Graham, Elmer Moore, Owen Norfleet, Briscoe, Joe Turner, John Norfleet and Frank Daugherty.

MRS. ROBERT A. HALBERT

Mr. Halbert-Miss Amerson Pledge Wedding Vows Friday

Wedding vows were solemnized Friday evening in the First United Methodist Church for Miss Jan Carolyn Amerson and Robert A. Halbert.

Officiating the double ring ceremony were Danny Amerson of Wilmore, Ky., brother of the bride, and the Rev. Al E. Jennings, pastor.

Parents of the couple are Mr. and Mrs. L. D. Amerson and Mr. and Mrs. Jack Halbert of Eldorado.

Tapered candelabras decorated the altar with arrangements of white gladioli and pink carnations in white baskets at either side. Following the exchange of vows, the couple lighted a memory candle from two pink tapers. A white satin kneeling cushion completed the nuptial setting.

Traditional wedding selections were presented by Mrs. Delmer Givens, organist. She

accompanied Mrs. Dale Amerson of Fort Worth, sister-in-law of the bride, as she sang "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal length gown of white sheer silk organza over peau de soie fashioned with an Empire bodice of lace featuring a high neckline of scalloped Chantilly lace and long Bishop sleeves adorned with jeweled lace appliques and wide lace petal cuffs. The lace yoke continued into a lace panel down the front of the skirt with a narrow band of lace encircling the waist and a wide scalloped band enhancing the hemline. The skirt swept into soft folds to the back forming a chapel length train.

Her three-tiered shoulder length veil of English nylon illusion was bound in Chantilly lace and attached to a tiny bonnet-cap of peau de soie and

Venice lace. She carried a cascade bouquet of white and pink pixie carnations and white and pink sweetheart roses.

For the traditional "something old" she carried, tied in her bouquet, a gold wedding band belonging to her paternal grandmother, the late Mrs. A. G. Amerson. She "borrowed earrings" and wore the traditional blue garter. Her wedding attire was "new".

Jan Justice of Abilene was maid of honor. She wore a formal length gown of pink silk crepe styled with an Empire bodice with high neckline and short puffed sleeves accented with white antique lace. She carried a cascade bouquet of pink and white pixie carnations.

Jay Halbert of Lawton, Okla., was his brother's best man. Guests were seated by Dale Amerson of Fort Worth and Dan Halbert of Eldorado, brothers of the bride and bridegroom.

Shannon Amerson of Fort Worth, niece of the bride, was flower girl. She wore a formal length dress of pink silk crepe fashioned identical to the maid of honor's gown. She wore a headband of small pink and white sweetheart roses and carried a small white basket with pink and white pixie carnations.

A reception was held in fellowship hall. The bride's table was laid with a white floor length cloth and centered with an arrangement of pink roses and white spider mums.

The three-tiered wedding cake and pink punch were served by Mmes. Lonnie Adrian, Jay Halbert, Dale Amerson and Miss Rhonda Johnson. Appointments were crystal and silver.

Assisting with the house-party were Mmes. Al Jennings, W. T. Hankins, Leo Ross Bryant, Percy Parsons, James Hall and Sue Cannon.

For a wedding trip to Ruidoso, N. M., the bride chose a brown and beige two-piece suit with brown accessories and a corsage of pink sweetheart roses lifted from the bridal bouquet.

The couple will be at home after Sept. 23 in Abilene.

A 1969 graduate of Olton High School, the bride is a sophomore at McMurry College. She is a member of Pi Delta Phi Social Club.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Out of the mouth of children -

Mothers of grown up children - in reality or in thought - do you ever wish you'd taken the few moments "back when" and written down some of the cute things your little one said? (now, every mother's little one says something cute and usually pretty often).

Someone has recorded some of the bits of "wittle wisdom" and since I'm not feeling original, thought you might like these.

A little boy's composition on "anatomy":

"Your head is kind of round and hard and your brains are in it. Your face is on the front where you eat and make faces."

"Your neck is what keeps your head out of your collar. It is hard to keep clean."

"Your stomach is something that if you don't eat, it hurts, and spinach don't help none."

Another's definition of a cow:

"A cow is a mobile, animated machine housed in unprocessed leather. She stands on four posts. She is fully equipped; at one end she has a mowing machine, fog horn, feed grinder, headlights, and a bumper."

"In the middle she has nature's most modern manufacturing plant turning out nature's

most perfect food - milk.

"At the other end she has a four spigot milk dispenser and a fly-swatter mounted over a manure spreader."

There's also a little boy's essay entitled "What is a Mother?"

"Mothers are like baby sitters, or teachers, or grandmothers, but not all at the same time."

"It's when you're watching TV or building a model that she'll want you to go get her sewing basket, or bring in the newspaper, or bring her a diaper for the baby. She'll even send you to empty the garbage right in the middle of Huckleberry Hound!"

"Teachers at least have to stop fussing when the bell rings, but mothers can go on and on and on. They'll wear you out with a switch, paddle, or your own belt if they get mad enough."

Just before they let you have it, they say, "ALL RIGHT!" Afterwards, "NOW!" Now, go to your room. Now, you won't get your allowance. Now, the next time. . . Now, go and apologize."

"I think the 'now's' are worse than the 'all right's'."

The rest of the time, though, they're nicer than almost anyone in the whole world. I can't exactly think of anything they do, but there's something about a mother that's very special. It's a good thing, too. Otherwise you could get along without them if you had a maid and a cook. And a nurse. Someone to take you places. Brag on you when you do well. And someone who doesn't think you're a sissy when you have to cry a little". (Written by V. Gilbert)

And then finally, the comment made by a tiny "big brother" of his crying, newly arrived baby sister whom he'd been told arrived from Heaven: "Now I know why they threw her out."

Comfort is...

Fresh, warm air gently circulating from floor to ceiling . . . down-to-earth dependability . . . easy-on-the-budget operating costs. Comfort is gas heating. There's no heat more comfortable.

And there's no heat cleaner than gas. Gas burns clean. It's one energy source that doesn't dirty the air.

Air-circulating gas heating systems also give you the first-half of a built-in gas air conditioning system. Adequate heat ducts can carry cool

air to your whole house too - so you can add-on gas cooling right away or later if you prefer. Together, gas heating and gas cooling are an unbeatable combination for year 'round total comfort.

If you're building a home or planning to replace an out-dated heating system, choose thrifty gas heat. Check with your heating contractor.

PIONEER NATURAL GAS COMPANY

Bill Murray will get a second cash crop off this milo field.

Mr. Murray farms around 1,000 acres near Panhandle, Texas.

When he cuts his grain sorghum, he leaves the stalks high. Because those stalks keep making money for him until spring.

Mr. Murray's formula for extra profits? Stalks plus cattle plus T-E Liquid Feed Supplement.

Last year for example, he had 150 steers on the stalks for 150 days. They gained 225 lbs. or an average of 1.5 lbs. per head per day, on nothing but stalks and free-choice T-E Liquid Feed Supplement, consuming .4 lbs. of the supplement per head per day.

It added up to a nice profit, even though Mr. Murray explains, "They were out in bad snow storms for several days."

Mr. Murray buys his steers in August, keeps them on pasture until harvest, turns them in on the stalks and puts them on wheat pasture in the spring. He keeps T-E Liquid Feed Supplement in front of them the whole time; because he knows self-rationing T-E provides whatever supplement they need, whatever the grazing conditions.

Considering his experience with T-E Liquid Feed Supplement over the past few years, Mr. Murray concludes, "It seems to me a farmer has just got to run some cattle."

MRS. JOHNNIE ST. CLAIR

Cook Of The Week

Our Cook of the Week, Mrs. Johnnie St. Clair, likes quick and easy dishes. She also cooks by the "so much" method - some of this ingredient and some of that - which she learned from her mother.

Jeannette and Johnnie each grew up at Cotton Center. They were married in Hale Center in 1950 and continued to live near Cotton Center until 1956.

The St. Clairs lived in Dallas for 19 months before moving to Farwell where they lived until moving here a year ago in May. Johnnie has been a farmer except for the time they spent in Dallas.

Jana, their daughter, became Mrs. Wilton Cox in June. She and her husband are students at South Plains College in Levelland and both have part-time jobs.

Johnny is a senior at Olton High School. Jeannette says her hobbies are "going" and singing. She has started singing with a group from her church, the Main Street Church of Christ. Her "going" includes a weekly visit to Levelland to visit with Jana.

Soft-hearted about animals, the family has a dog which Jana "adopted". Now that Jana is not at home, the dog accompanies Johnnie as he goes about in his pickup. Just this week Jeannette's sister made them a present of two small grey kittens.

Jeannette shares recipes for desserts which her family likes. The Salty Cracker Pie is one of Jana's favorites.

Mustangs Outrun By Mules, 14-6

A fired-up bunch of Mules, cold wet weather and fumbleitis was too much for the Olton Mustangs Friday night. The new breed of Mules came out of the contest with a 14 to 6 victory.

Olton's offense just couldn't keep the ball Friday night as they fumbled five times the first half and lost four of the fumbles. That's not counting the many bobbles and dropped balls that had the Olton players looking to see where the ball was and who had dropped it this time. They lost five fumbles on one of the most miserable nights that the Mustangs have faced in a long time.

Bright point of the game for the Mustangs was their defense. It is a "rags to riches" story this week compared to last week.

Olton's Mustangs defensive unit held the Mules on several different important plays and several times deep in Mustang territory. But with fumbling and giving the other team a second and third chance the Mules finally scored.

But after being down 14 to 0 at the half, the Mustang defense came back and held the Mules to only one first down the second half.

Muleshoe won the toss to open the game and elected to receive the ball and defend the North goal.

Stockdale kicked off for the Mustangs with Muleshoe having to start from their 20 as the kickoff had gone into the end zone.

Donnie Wheat got four yards on first down to the 24. Second down found Bobby Hayes getting one and a hard tackle to the 25. He tried the other side of the line and got three yards to the 28 on third down. Facing fourth and two, the Mules punted to their 49.

Olton cranked up and looked as if they were off to the races with hard running Marlos May getting four yards to the Mule 45. Workman limped his way for four more yards to the 41. On third down and two needed for the first, Steve Stockdale got a yard to the 40. Now it was fourth and one.

Stockdale kept again this time getting to the Mule 37 behind very strong Olton blocking.

On first down at the Mule 37 the plague struck. Stockdale juggled the ball but was able to recover it again at the 44. Only on second down the Mules' Hayes recovered the first of what was to be five Olton fumbles that they would recover for the night.

Once more the Mighty Mustang defense held the Mules for three straight plays with the Mules still needing five yards on fourth down.

Muleshoe then punted to Olton at the Mustang 25. But the Mules were ready this time and denied the Mustangs a first down forcing Olton to punt. Muleshoe started from their own 20 following Stockdale's punt which had gone into the end zone.

On first down Blackgot back to the line of scrimmage and that was all. Luis Jimenez met him there and put a stop to his journey. Second down was a fail-

ure for the Mules also as they were stopped at the 20 again. Hayes got one yard on third down forcing the Mules to punt again. Kurt Gregory broke through the Mules defense and nearly blocked the Muleshoe punt.

Olton received the punt on the fifty yard marker and gave it back to Muleshoe on the first play with a fumble.

The fired-up Mules picked up three first downs to the Olton 18. Hayes moved the ball to the Mustang 10 to set up third down and two yards needed for a Mule first down.

On the play, Hayes smashed into the right side of the line only to find a bunch of mad Mustangs and the end of the line for that play.

The Mules still needed the two yards but it was also fourth down. David Wheat got the call on the big play and he was stopped by a wall of Blue only inches short of the first down to kill the Muleshoe drive.

On first down, Workhorse Marlos May got four yards out to the 12. Second down netted one yard for the Mustangs and third down found the Mustangs fumbling again with Mitchell recovering for the Mules at the Olton 12.

Wheat got 8 yards and Hayes 3 to put the ball on the Olton 1. Donnie Wheat went over for the score with 5:02 remaining in the second quarter of play. Extra point kick was by Heathington and the Mules had a 7-0 lead.

Olton started from their own 20 following the kickoff and just couldn't get the job done. Stockdale punted out to the 47 on fourth down.

But the costly fumbles had caused a mental let-down of the Mustangs and the Mules were quick to use it to their advantage as they ground out the short yardage and four first downs in moving to the Olton 4 with four seconds remaining on the clock in the first half.

David Wheat found running room to his right and scooted in for the score. Kick was good by Heathington and Muleshoe took a 14 to 0 lead into halftime.

Olton and Muleshoe swapped punts following the half before Olton fumbled again with Muleshoe recovering on the Olton 41. But the fired up Mustang defense had come back from its let down and stopped

the Mules cold at the 33 to start a reverse in the trend of the game.

But once again a third down pass fell incomplete for the Mustangs and Stockdale punted to the Mule 45.

On first down Olton recovered a Mule fumble following a hard tackle by a Mustang at the 50.

Stockdale got four to the 46 and used the keeper again on third down to get the needed first down at the Mule 40. May got good yardage through the Mule line and, aided with a penalty, got a first down at the Mule 24.

May and Stockdale continued to roll as they combined to move the ball to the Mule 14 and another first down with 1:56 remaining in the third quarter of play.

On third down at the 11 May found a gaping hole in the right side of the Mule line courtesy of Jim McCurry. May charged through the hole and broke a tackle on his way through the secondary and on into the end zone for the first Olton score of the year.

Extra point try failed and the Mighty Mustangs were still down by 14 to 6.

Olton's defense corraled the Mules once again and forced them to punt. This one landed on the Olton 37.

Olton started on the march again and it looked as if the Mustangs had found the handle on the offensive bag for this year. But after picking up two first downs to the Mule 31 they fizzled out.

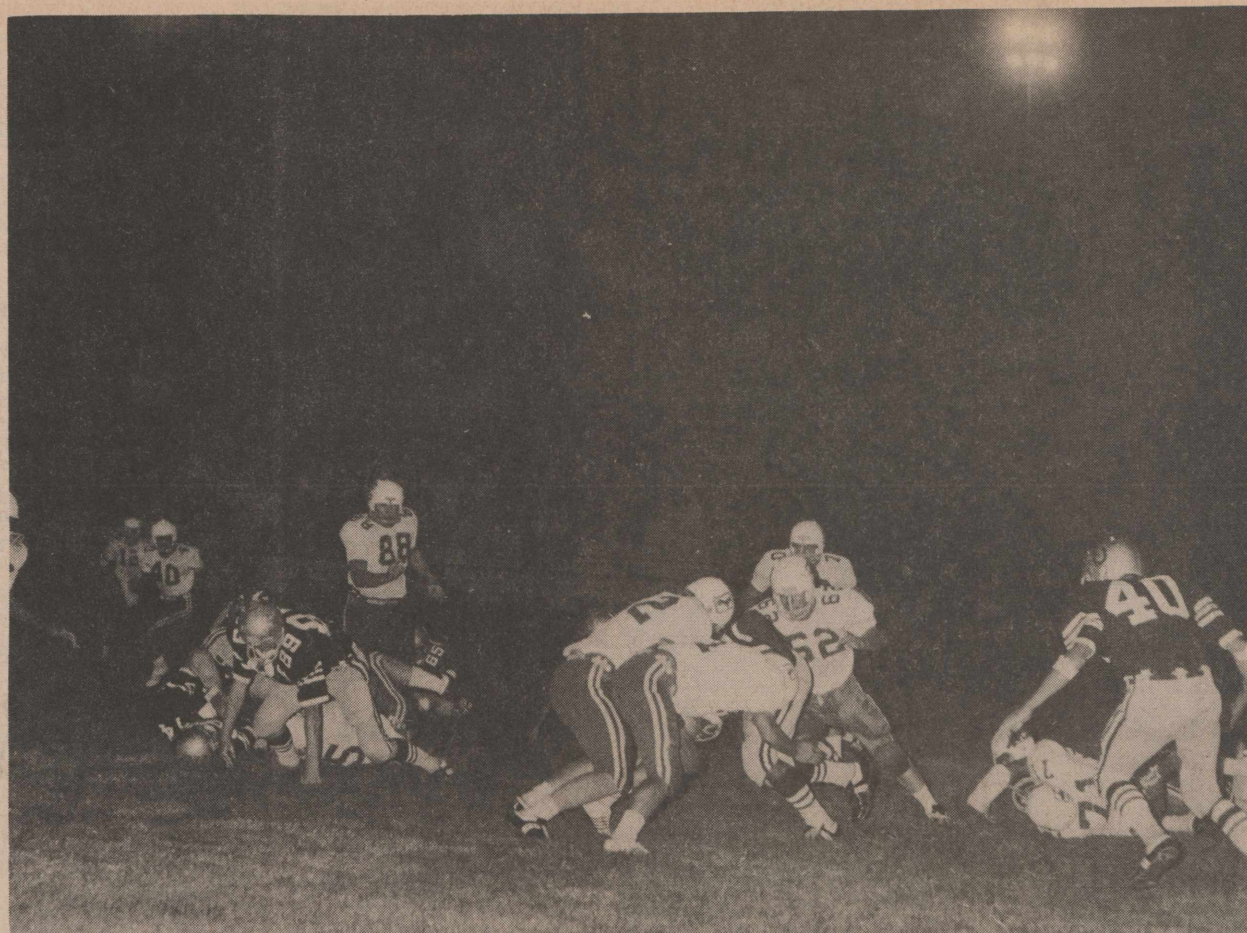

Three consecutive passes fell incomplete giving the ball back to Muleshoe.

Both teams swapped punts and Olton gave the Mules one more fumble to round out the night. Also late in game Muleshoe got its only first down of the second half.

7th Grade Falls, Eighth Wins

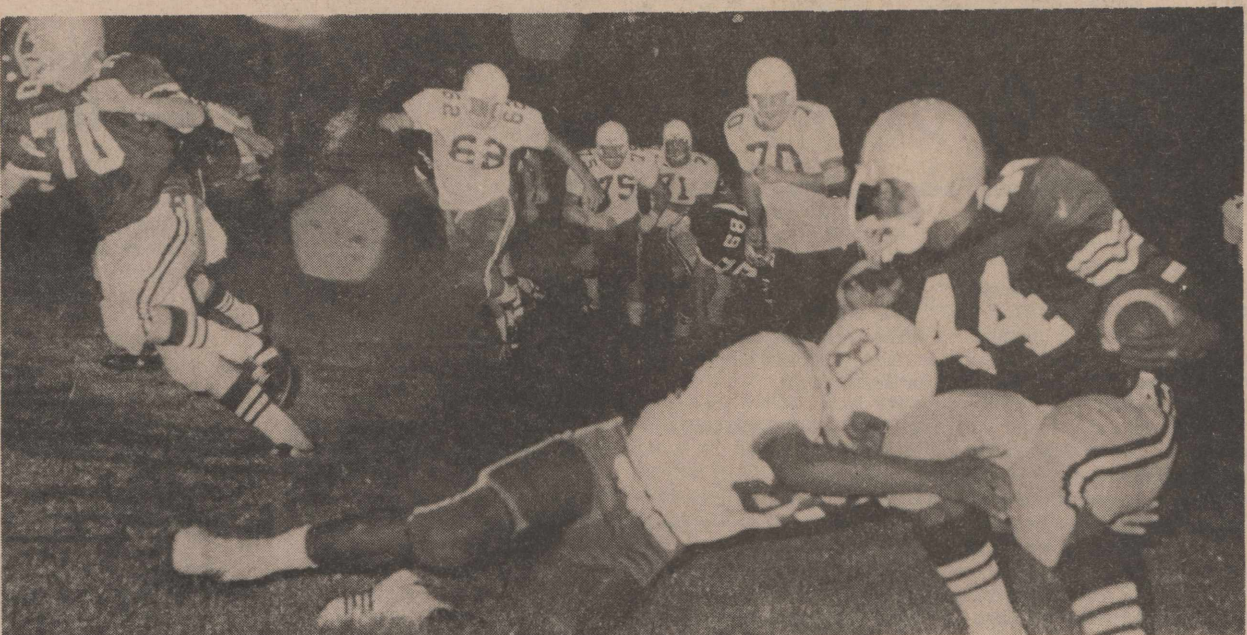

The 7th graders dropped their first game of the year to Hale Center 6 to 0.

Olton's 8th graders won their opener over Hale Center.

END OF THE LINE FOR THIS MULE. Marlos May, Robert Ahrens, Steve Lewis, and Jimmy McCurry are going to make

sure that he doesn't get away. The Mustangs meet the Tahoka Bulldogs on home territory this week and are looking for a win.

HOLD ON AND WAIT FOR HELP seemed like the best thing to do at the moment. An unidentified Mustang puts the stop on Muleshoe's famous Bobby Hayes. Help is on the way from

Mustangs Steve Lewis, Jimmy McCurry, Robert Ahrens, Luis Jimenez and Gordon Lewis.

Freshmen Whip Abernathy 18-6

Olton's freshmen footballers downed the visiting Abernathy freshmen last Thursday night 18 to 6.

Joe Snider led the young Mustangs to the victory by carrying the ball 21 times for 114 yards and a 5.4 average.

Bryan Allcorn got 64 yards on 15 tries for an average of 4.2 yards. Johnson got 69 yards in 19 carries for a 3.6 average.

Offensively the game was all Oltons as they ripped off 289 yards and 13 first downs for the night.

The young Mustangs defense played great as they allowed the visitors only 30 yards in the first half. They really clamped down the second half. Abernathy could manage only minus four yards the second half.

Abernathy made only three first downs in the entire game.

DIANNE SNIDER & MARIAN RAPE

We had planned on using an Ann Landers' Column this week but apparently it was in last week's paper. Instead we decided to put in a poem used in The Miss-less America contest.

It was composed for Miss Oklahoma who was almost eliminated from the contest when she received a badly sprained ankle rehearsing her ballet number.

Two a few days before our contest and all through our town,

Not a creature was complaining, not even a frown

The gowns were selected with greatest of care

In hopes "Miss America" contest would soon be there,

The wigs were nestled all snug in their cases

Waiting patiently to take their places

And papa in his p's and me in my tights

Made a trip to Olton to visit the Whites,

Robin decided that just for today

She'd give me a lesson in the art of ballet

We listened to many records and chose at last

The Old Gray Mare because it wasn't too fast

And then in a twinkling I stood on tiptoe

Full of confidence and ready to go

I dashed across the room - pretty as could be

Then Robin smiles and says to me

Pretty good for a beginner --- but,

As you finish, do it with your other foot

So I sprang to my task -- all ready to go

When -- what should happen -- but I stump my big toe

As I landed on the floor -- not on my feet

A noise like a bullet sounded and I was white as a sheet,

I wondered what happened and knew in a minute

They'd have the contest and I wouldn't be in it

As I drew up my head and looked all around

I decided immediately a doctor must be found

My ankle was swollen as big as a ball

I was suffering like crazy from my great fall

My husband and Robin, after checking my bones

Put me in the car and took me to Doc Jones

As I entered the door, filled with all kinds of fear

Mrs. Crowder announced "Olton Medical Foundation's first casualty is here,"

After x-rays, bandages and a great big shot

I journeyed home and thought of a plot

I'll be in that contest -- and as you can see

I'm here to prove that Nothing Stops Me!

Happy Birthday, J. L. "Miss Oklahoma" Snider. Been 39 years old for eight years now haven't you?

Industry For Rural America Is Aim Of Introduced Bill

A bill that would enable the Farmers Home Administration to finance small- and medium-sized industries and commercial establishments in rural areas was introduced today by U. S. Representative Graham Purcell (D-Tex.), a 10-year member of the House Agriculture Committee.

In introducing his bill, Purcell said, "If we are to do anything about the population migration which is stifling the cities, it must be to build opportunity in Rural America. This legislation is designed to overhaul the Farmers Home Administration, turning it into the driving force behind our efforts to revitalize Rural America -- a region so huge that, if it were a separate country, it would rank in area as the world's ninth largest," the veteran Texas Congressman told the House of Representatives today.

"Statistics confirm the pattern that the nation's urban areas accommodate over 73 percent of the people on less than 2 percent of the land. Thus, in our rural areas, we have more room than people -- more than enough space to expand -- and a real need for the advantages that business and industry can provide."

Purcell pointed out that under his bill the Department of Agriculture would have all of the major components for rural development including the new authority for financing job-creating enterprises as well as existing authorities to finance housing, community facilities, telecommunications, farm operations and recreational facilities.

"Consistent with the national need to hold the line on spending," Purcell added, "my bill would create no new levels

of Federal bureaucracy. With its 1700 local county offices, Farmers Home is one of the most highly decentralized agencies of the government. It has achieved an outstanding record of working closely with local people. This bill would put that record to work for all Rural America's needs."

"By streamlining the Department of Agriculture, rather than by abolishing it, as the Administration suggests, my bill would give Rural America the benefit of a truly nationwide, comprehensive program. Up to now no department or agency has been able to provide this," Purcell said.

Weather Fails To Halt Weekend Trek 'From Spain'

Like the explorers of 1542 whom they personify, the players in "They Came From Spain" go on, regardless of the weather, unless there is heavy rain. In spite of the cold and the disadvantages of Friday's storm, and the rain early Saturday which didn't leave much time for the stage to dry, the soldiers came from Spain on the stage Saturday evening. They had to walk through mud; the screen had to be brought in from a different place; the sound levels had to be adjusted for new cold temperatures and high humidity; some of the scenes had to be reblocked to avoid the worst of the sticky clay underfoot, but none of these obstacles stopped the show. Like the "Texas" cast which has only missed ten performances in six years, the actors who tell the story of the Spaniards believe that the show must go on.

Though the audience was small, it consisted for the most part of those who had driven great distances to come. There has seldom been a greater feeling of unity between the cast and the patrons. Perhaps the overcoming of modern obstacles made the Spaniards problems 400 years ago more real. Since the panhandle weather often changes in the late eve-

ning, the producers of the plays in the Canyon usually do not make their decisions to cancel or to play in bad weather until 7:30 or even 8:00 p. m. This causes little hardship, because unsettled weather brings such spectacular beauty to the Canyon -- usually -- that it is worth a drive to see it.

When a performance is cancelled, patrons may exchange their tickets for another night or obtain a refund by sending the tickets to Box 268, Canyon, Texas 79015 or taking them to 2010 4th. Avenue in Canyon, Texas. For further information and tickets call 806-655-2182.
