Lockney General celebrates its 35th year

The citizens of Lockney can take pride in the fact that they have a hospital with up-to-date equipment and a competent staff of doctors and nurses not to be exceeded by any town of comparable size.

As of August, the facility passed its 35th year, having been created in 1945. Also, this year, as of August 1, the hospital district has been in existence for 10 years.

Lockney General had its beginning April 1, 1947 when it was named as the Floyd County Cooperative Hospital. Its temporary location was above Powers Pharmacy (now Mize Pharmacy) in Dr. Greer's clinic until July 15, 1948, when it was moved to the present location on 320 North Main Street. Dr. D.R. Foster moved from Lubbock to set up practice in the hospital and clinic.

The first board of directors were H.E. Frizzell, Mrs. V.E. Spears, Edgar Hayes, Ewald Quebe, Hilburn Casey, Berry Hooten, and Bernard Harris. The first business manager was J.D. Copeland.

In early 1948 plans were made for the raising of \$20,000 in funds for the completion of a modern building with modern equipment. Family memberships were sold for \$50, \$75, \$100 and donations were solicited throughout the county. Two surplus buildings, one a hospital infirmary and the other a mess hall, were purchased from Camp Bowie at Brownwood. The buildings were set on foundations in the shape of an L in March of 1948. Remodeling provided 11 patient rooms, kitchen, nurses station, clinic, x-ray, lab, surgery room, delivery room, and reception office.

From the first year figures were available, the hospital served 560 hospital patients and more than 7,000 clinic patients in 1952.

In 1958 1,085 hospital patients and 17,188 clinic patients were served.

With the help of local citizens providing furnishing for the rooms and the B&PW Club having a shower for the hospital, it had its formal grand opening on Thursday, July 15, 1948. Some 1,500 to 2,000 attended the celebration. Cecil Hunter, "Stuttering Sam," gave a performance, free movies were shown at the Plains Theater, free barbeque donated by the local businessmen and

ladies of the town. The local band participated as well as Joyce Carthel Wilson and Mrs. Fred Huggins with accordion solos among other entertainment. At 7:30 p.m. the dedication was made with a short history of the hospital given by H.W. Frizzell.

Private Ownership

The hospital remained Floyd County Cooperative Hospital with Dr. D. R. RFoster, Dr. K.O. Crum, Dr. Gene McClelland, and Dr. W.J. Mangold serving the staff until 1954 when it passed into private ownership with Dr. Mangold becoming the purchaser. Dr. T.L. Glenn later joined Dr. Mangold as a partner in the ownership. Other physicians serving on the staff, since it became Lockney General Hospital, have been Dr. B.A. Simmons, Dr. Gene Hardy, Dr. Pat Williams, Dr. Bill Mangold, Jr., and Dr. Larry D. Reed. Dr. Gary Mangold joined the staff in 1971 having joined his father in practice family.

In the summer of 1955, there was such a flow of migratory workers in this area that it was necessary to add a ward, which gave it a total of almost 16,000 patients were seen in the clinic, with 853 patients (excluding new-borns) being admitted to the hospital. We felt that again it was necessary to expand in order to take care of our clinic and hospital patients. In 1957 the hospital capacity was increased by an additional 7 beds, and the clinic facilities expanded. In 1962, 29,701 patients were registered in the clinic, with 1328 patients being admitted into the hospital (excluding new-borns) which were 306 in number for the year.

In 1958 more bed space was needed. A new kitchen, dining room and ward area with six additional beds were added. In 1957 four semi-private rooms were added. In 1961 and 1962 an operating room, delivery room, pharmacy space and basement were added, as well as the expanded and remodeled clinic area.

In 1963 a hospital auxiliary was formed and few months later a junior Auxiliary was started. About 40 ladies were charter members of the auxiliary and 25 girls in the junior auxiliary. See related in this week's edition.

Sprinkler systems were installed in

1971 and a fire alarm system was installed in 1974. Solid core doors were installed to the patients rooms. The hospital and clinic areas were redecorated in 1974. In 1976 the conversion of the ward into two double rooms was completed.

Hospital District

On August 1, 1973, Lockney General Hospital District took over the ownership and management of Lockney General Hospital.

The Hospital serves a substantial area of Floyd County. In addition, it serves many patients from a 7 county area including Briscoe, Swisher, Hall, Motley, Crosby, Lubbock, and Hale Counties. Lockney patients make up 37% of the total; Floydada 13% and Plainview 20%.

The present board of directors include: Rusty Baccus, president; Kenneth Tate, vice-president; Hubert Frizzell, member; and Larry Golden, member, and Chester Carthel member. Guy Hazlett is Administrator.

They meet with the administrator in regularly monthly meeting to conduct the business of the hospital and clinic.

Administrators who have headed the hospital since its beginning were J.D. Copeland, Wanda Baker, Elsie Sherman, Martha Couch, Gayle Fortenberry, and the present administrator, Guy Hazlett.

Last year a \$165,000 diagnostic radiology lab with all equipment replace with new General Electric equipment was constructed. Also a new operating table was purchased. The south and west parking areas have been completely redone this year.

Today, the hospital has two physicians and 67 employees (55 fulltime equivalent) with 20 beds, a delivery room, surgery room, and minor surgery room. The departments include nursing, central service, radiology lab and x-ray, dietary, housekeeping, respiratory therapy, maintenance, accounting, medical records and business office.

Records indicate that from October 1, 1982, to May 31, 1983, there have been 621 admissions, with an increase every year in new patients being served by the clinic.

Among some goals included in plans for the future, Administrator Guy

Hazlett included: place the hospital in a strong financial condition without further tax increases and develop a long-range plan for the growth and improvement of patient services and facilities.

In this brief history of the hospital the facts do not even begin to tell the whole story of Lockney General. And even when one reads the hospital's philosophy, one does not.

The hospital's philosophy reads: The philosophy which guides us and governs our motivations and actions is based on the "family concept." We see strength, consistency, kindness and informality in the meaning of the "family concept." We see our physicians and employees as a group of service professionals or a professional family. At the same time we recognize the importance of your family's role in your recovery. Motto: In short - our family serving your family. But never does one realize the dedication and interest exerted by this group of people until he is on the receiving end of that service.

Hats off to Lockney General and its pioneer spirit for its dramatic contribution to the community.

See you
at the fair!

Following the invocation given by Ray Gant a meal of chicken fried steak was served to 225 stockholders and their families by members of the Longhorn band. Dinner music for the evening was provided by Margie Ferguson.

Paul Schacht called the meeting or order and secretary Nathan Johnson welcomed the out of town guests.

COOP MANAGER Gail Kring addresses the stockholders at Tuesdays 26th annual meeting.

PERSPECTIVES

By the Rev. Michael O'Connor

One one day I read that 108 people had participated in a mass divorce in Dallas. Then, a couple of days later, I read about 425 couples renewing their vows in a celebration of their 50th wedding anniversaries.

What a contrast! I was glad that the number of couples who were repeating their vows was significantly higher than those who were ending theirs. I also was struck by the quotes of the people in the two articles.

From the mass divorce group, a 19 year old was quoted as saying that this seemed to be the best way to end her two month old marriage. "They change after you marry 'em," she said.

She should have talked to the people who had been at it for fifty years. One of them said, "You can't give up when

you have problems." All of the ones quoted talked about the need to work at a marriage. None of them said it was easy, that they had never had any problems.

Divorce used to be a tragedy in our society. We need to regain some sense of that. Oh, we don't need to ostracize, look down on, or persecute those whose marriages fail. But we do need to stress the solemnity involved in the dissolution of what we say in the churches was put together by God.

Perhaps even more than that we need to see more mass celebrations of long lasting, even life time commitments. The best advertisements for marriage are those which last in spite of the changes, in spite of the problems.

Hospital auxiliary disbands

Citing age and health problems of its membership, the Lockney General Hospital Auxiliary voted to disband. A provision of the dissolution was that some other local club be invited and encouraged to assume the volunteer activities of the Auxiliary.

Any group wishing to assume the Auxiliary's aims and activities may receive counseling and assistance from Auxiliary members, if desired. The remaining stock of the gift shop, which has been in operation for most of the life of the Auxiliary, is offered free and clear to any group taking over.

The Auxiliary was formed in 1979. For the period 1979-1983, fund-raising efforts of the group, including the gift shop have netted approximately \$10,000. These funds were used to purchase various equipment needed by the hospital and items for patient care. Two major items bought were a baby warmer and a heart monitor.

Funds remaining in the treasury will be used by the hospital for other special

equipment or need as decided by the hospital.

The Auxiliary wishes to express grateful appreciation to its members, to the floor volunteers, the hospital staff and to the community for their support. It is hoped that the Auxiliary may be revived under younger leadership.

MAGDALEN CARPENTER

Open letter to the community

For years I have praised Lockney General Hospital. I have devoted much of my energies to working for our hospital. Today, my feelings for this hospital are even greater.

I was a sick man the day I entered Lockney General this summer. Ten days later I left the hospital feeling better than I had in many years. This experience increased my awareness of how blessed this community is to have such a fine clinic and hospital. I want to express my appreciation to Drs. Bill and Gary Mangold for their diagnostic abilities which insured my speedy recovery. A hospital of this quality does not just happen out of chance. Years of experience and dedication by many individuals and groups are responsible. We are so fortunate to have these two outstanding doctors, both Board Certified Family Practitioners and both known for the fine medicine they practice in Lockney, Texas. I am fully aware that our two doctors strive to keep abreast of the latest advances and developments in medicine and encourage the same of all the hospital personnel. Visiting doctors who spend any time at all in this hospital are always favorably impressed.

From the first contact made in the reception room, until checking out, there were only efficient, caring people. The nurses were beyond comparing when it came to efficiency and compassion.

I realized more fully how much I appreciated the equipment and buildings which compliment the caring people who served me. If we had not had the generosity and concern of the Cogdell Foundation, we would not have a new and efficient clinic, a new room of modern X-ray equipment, and a new surgical table. Had it not been for the hard work and sharing for many years on the part of all the civic groups, all the community organizations, and the countless individuals, the hospital would not have the fine equipment we have today.

The hospital is a vital part of our community. The hospital is essential to the growth of Lockney. I personally want to thank Lockney General Hospital, each employee who had a part in my recovery, and all those connected with it for their good work. I want to express my appreciation to Guy Hazlett, whose knowledge and hard work as an outstanding administrator makes my job as a Board Member ten times easier.

I want to encourage all of you to take every opportunity to express your appreciation to the hospital staff for their contribution to the good life in Lockney.

Chester Carthel elected for unexpired term on board

A regular meeting of the board of directors of Lockney General Hospital District was held on Tuesday, August 23, at 8:00 p.m. in the board room. Attending were Rusty Baccus, president; Kenneth Tate, vice-president; Hubert Frizzell, member; and Larry Golden, members. Others present were: Chester Carthel and Guy Hazlett, Administrator.

After the minutes of the previous meeting were unanimously approved, a unanimous vote of the membership of the board elected Chester Carthel to fill the unexpired term of George Sparkman, through the process of appointment called for by the Texas State Law creating the hospital district. The oath of office for Carthel was administered by the president of the board.

Following a brief discussion by the members of the board, the president appointed the following to the designated committees: Larry Golden, secretary; Chester Carthel, finance committee;

and Kenneth Tate, building and grounds committee, moving from the finance committee.

In the administrator's report the progress made by the 1983-84 budget and the assumptions used for the budget were emphasized. In a verbal overview of the written financial and statistical report, the administrator cited low utilization of in-patient and outpatient services for the predicted downturn in revenues for July.

However, the month compared better than the two past years in terms of utilization. The revenue from the month was \$74,109.56 with expenses totaling \$89,534.42, leaving a loss of \$15,424.86 for a year-to-date loss for the hospital to \$125,591.66. He also presented an overview on the projected utilization of the hospital for August and September.

The next meeting is tentatively scheduled for Thursday, September 15, 1983, at which time the board will review the 1983-84 operating budget at an open public hearing.

DPS releases estimated death count

The Texas Department of Public Safety has estimated as many as 51 persons will be killed in traffic accidents during the Labor Day holiday. The estimate includes traffic deaths which may occur on urban streets and rural highways.

Colonel Jim Adams, DPS director, says Texas has about 14 per cent fewer fatal accidents now than at the same time during 1982.

"We are hopeful the trend will continue downward for the remainder of the year. However holiday weekends always seem to bring higher death tolls than do other times of the year," Adams said.

The DPS reported 50 deaths during Labor Day last year. However, the

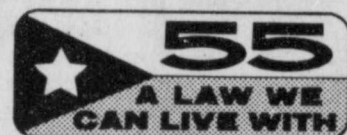

inclusion of subsequent deaths due to traffic injuries received during the 78-hour period raised the final count to 57.

"During the 1982 holiday, 27 people were killed in accidents where DWI or speed was a contributing factor. This represented close to half of all the fatalities which occurred during that particular holiday," said Adams.

The DPS director called for sober driving, use of seat belts and a reduction in speed.

"We know alcohol contributes to about half our traffic deaths, so it is obvious that a driver should not drink and drive. Also, we can prove the lifesaving effects of seat belt usage and our statistics show that slower speeds enhance one's chances for survival if an accident occurs," said Adams.

The DPS said the most recent holiday, July 4th, was one of the most deadly recorded in the past decade.

"We had 55 persons killed during the Fourth of July and some are still seriously injured and will probably die before the year is over. This makes that holiday the deadliest 78-hour holiday since 1970," he said.

August, Sunday, 21st: My husband, picked me up early to go home. All the cotton was looking good, as were all the other crops too. (So were the weeds!) But the crops are hurting bad. They were needing a drink of water and soon! We are going to have to pray again for some more rain. But not too hard, as that ruins the crops. All the farmers have had patience and worked real hard to get the crops where they are, so we don't want them hailed out now. We drove around the field and found a short was in the electric fence, due to wind on the wire. Bud broke them off and the wire got its good old kick back. No, I didn't try to see if it worked, or I may not be writing this today. I just supposed it did!

We got back to the house and sat in the shade and drank ice tea, until the wind slowed down some and you could feel how hot it was getting. When the wind stopped we decided to move into the house. It was 100° and the time just went so fast, I couldn't believe it was time to start back here.

Monday, August 22: There were eight of us who took the Senior Citizens bus this afternoon. Nina Loudermilk, Myrtle Payne, Richard Latham, Billie Self (Granny), Alma McDonald, Jackie Gearhart, and Hasper Arnold and I. (KMary Jo). Jackie is from Silverton and is here this week assisting Jean Strickland, the Activity Director. Our bus driver, Mabel Foster, drove us out to a vegetable stand, and went inside while we waited for her. Hassie Arnold threatened that she was going to get out and swipe a watermelon. Just when when we had our taste buds ready for a savory watermelon, Mable returned!

Tuesday, 23rd: I had got through all my doctoring and exercises and with gathering all my papers in readiness for my column and I heard Jean calling "Who wants to shell peas?" so I had to put all my paper and things at the side of me in my chair and I was given a bowl and sat in front of a pile of peas on the table in the dining room. Richard Lanham, Lewis Roberts, Nena Loudermilk and Mary McCracken at one table, Esker Pyle, Ada Hopper, Manemma Hutsell (for a little while) and Mamie Wofford who I don't know for sure whether she was helping shell peas or just aggravating them at another table. Mary Jo Fielding and myself at another

table. There was another table with two big piles of peas on it but nobody there. Myrtle Gibson had brought the peas, but this time they were cream peas. She also brought blackeye peas. I enjoyed it, we joked and laughed and it was just about the end of the peas and Jean gets peas from the other table and said "I don't want you to run out" and before we knew it, they were all done. We cleaned the tables and Mary McCracken, Manemma Hutsell, Nena Loudermilk and myself visited in the dining room until it was supper time and all we did was go to our regular places. After supper we or some of us, went to the lobby. Esker Pyle, John Smith, Richard Lanham are sitting outside and Clyde and Manemma Hutsell have just joined them. Esker Pyle is the official gardner here. He is watering the grass and sometimes I see him with a hoe in his hand he comes around the corner carrying it. I don't know if he uses it.

We want to thank Myrtle Gibson for bringing the blackeye peas on Friday of last week, we had some for dinner on Saturday and they were delicious. Thank you again Myrtle for bringing some cream peas today. I did some of the shelling this time I had to or I wouldn't have got any dinner.

Wednesday, 24th: I was waiting for my whirlpool bath for my feet and I saw Mary Green, Mary McCracken, Richard Lanham and Lewis Roberts, Edna Hunter, Nena Loudermilk, whose daughter, Anna Mae Smith and husband, brought some husked corn and all we had to do was desilk it. I did not get to do that either.

We also want to thank Mr. and Mrs. Clay from Quitaque who brought a load of watermelons. We had watermelons at lunch and instead of cookies or cakes at the end of "Bingo." We had a lice of watermelon. Oooh! They were so good, there was none off it wasted. At supper for dessert we had cold cantaloupes and we want to thank Clara Beady for bringing them, along with tomatoes and cucumbers. We had some onions, sliced tomatoes and cucumbers in vinegar. That is how I like them and I think everything was brought in from Quitaque. So thanks everybody from there.

Wednesday, 24th: I am watching the Astros and Pittsburgh Pirates game tonight. It is the third inning and the Astros had 6-0. Then made a homer in

the first inning and Doran hit a homer in the third and started the onslaught with the Astros making four more runs in (I saw the double header last night. The Pirates led the Astros 5-1 in the first games but the Astros rallied in the ninth inning and made five runs across the plate. The result was 6-5 in favor of the Astros. They won the second game 2-1). It is the eighth inning and the score is 9-4 in favor of the Astros. The final result of the game was 10-4.

We had church again this morning, but Mary Green went on her Wednesday trip and she missed a great church group and we had a good attendance, we didn't have a preacher so we sung our heads off. We sang some new songs and an old one occasionally. We didn't get all ruffled up, like we do every once in a while and have to start again, or look for another song.

We had Janice Nichols come with ceramics, so we had a good afternoon painting and we had a good class. There was the same old gang. You know, Richard Lanham, Lewis Roberts, Mary McCracken, Mary Green, Nena Loudermilk, Myrtle Payne, Edna Hunter, Esker Pyle, Hassie Arnold, Mary Jo Fielding and myself. I think I got everybody.

Thursday, 25th: I was being awakened at 5 a.m. about 6 weeks ago and wated for breakfast, along with other sleepy heads, then it got to be 6:15 a.m., 6:45 a.m. and I thought that was fine, it gave me chance to get awake sometimes it was Anna and Lucy or Jane Martinez and Bobby and this morning I was awake and nobody came to get me up. Jane came and took my pulse. I heard Lee the laundry lady and Jeannie the housekeeper and I know when Jeanie is here, because there is nobody who walks and makes little squeaks every time she puts her foot down on those wood floors like Jeanie. Then all the morning shift came on duty and starting their jobs when Alex came to get me up. I asked "Why are they leaving me in bed this morning?" and Alex said, "I don't know." So when I went out of the door, Jane and Bobby were at the desk and I asked her shy, and Jane said, "She had some problems during the early hours and called her doctor and he told her not to do any lifting at all." so I understood why.

Here it is Saturday and I have found an Astors-Cub games on TV. It is the

bottom of the first inning. The cubs 2-0. I understand that Cubs have lost their games on their circuit (on the road), so I am hoping that tonight won't be an exception and that the Astros win. The Astros scored a run in the second inning. It is the seventh inning and Carmelo Martinez has just hit a homer for the Cubs, and the score is 5-1, in the favor of the Cubs. (Both teams stay up longer than my curfew, so I will bid you "Bonne suit" and report in the morning.)

Sunday: The final score was 9-5 in favor of the Cubs. As Harry Carey would say, "Holy cow." Maybe we can get even with them the next game.

Good news! The Texas Rangers defeated the Kansas City Royals 1-0 today, and the Astros beat the Cubs 4-2 tonight.

Friday, 26th: We the residents and Laverne Christian of Lockney Care Center gave an appreciation party for the employees this afternoon. During crafts we all helped make a corsage for each employee. Tina Nuncio made the cake and did a great job on the decoration in pink and white frosting with yellow and blue flowers. On the top it said "Lockney Care Center Employees are the greatest! people around." And they are. I can vouch for that myself. We had lime punch and a piece of cake. I think Jackie made a speech and then Jean gave her farewell speech and was given a planter for her last day here. It was a tearful good-bye. I thought Mary Jo would write about it. I was talking to Mrs. Green and didn't know what was going on until I heard the applause. We let Tina cut the first slice because it was decorated so pretty she did a beautiful job on all cakes she makes so we let her be the first one to spoil it. Mary Jo did not come to the party, she wasn't feeling good.

I am watching the Astros and Pirates game tonight. It is the seventh inning and the Pirates lead the Astros 4 to 1. The Pirates won 5 to 3. I am looking forward to the Astros game tomorrow night at Houston.

Friday: Here I am watching the Astros-Cubs game in the Astrodome. I thank both teams are sporting new uniforms. It is the seventh inning and Jose Cruz has just hit a single and Dickie Thon who was on third has just scored. So it is 1-0 in favor of the Astros. (That is the final score.)

Grandparents Day set for Sept. 11

September 11th marks the 5th year for Grandparents Day to be an official holiday. This national holiday was first celebrated in 1978 after Congress signed a bill for a one year observance of that day. The following year Con-

gress signed a bill to make Grandparents Day an annual event.

Two people who have played a significant part in having Grandparents Day observed as a National holiday are Marion McQuade of Oak Hill, West

Virginia and Mike Goldgar of Atlanta, Georgia. Both McQuade and Goldgar serve on the National Council for the Observance of Grandparents Day. Both had similar reasons for wishing to honor grandparents. When Goldgar became a grandfather it seemed to him that the most important project an elderly person could possibly undertake was to watch grow up and to participate in gthat growth. McQuade wanted to honor these special people and give grandparents a chance to show their love for their children's children and the give these kids a chance to become aware of the strength, information, and guidance that older people have to offer.

Let's take time on this special day to honor our grandparents and spend time with them on "their" special day.

The Care Center in Lockney will be holding a reception on Grandparents Day. The reception will be from 2-4 p.m. on September 11th. The public is invited to attend. Theme for this year's Grandparents Day is "Memories were made to be shared."

These three lines were taken from a poem, author unknown: Love wasn't put in man's heart to stay. Love isn't love until you give it away-- This should be our motto.

SALUTE YOUR ROOTS.

Too much love gets left unspeak. Too many thank you's get left unsaid. This Grandparents Day, warm a heart or two with flowers or a plant. And tell the folks you're proud to be part of the family tree.

KAREN FORD

Karen Ford is a 15-year-old sophomore at Lockney High School. Among her hobbies and interests, Karen likes to play the piano, ride horses and cook. She is a member of the band, the rodeo club and 4-H. Karen was a queen contestant at this year's Lockney Rodeo and has been a Floyd County Fair Queen contestant for two years. Karen is the daughter of Buck and Glenda Ford.

The recipe Karen has chosen to share with our readers is a favorite of her families, especially her mothers. The recipe is for freezer biscuits and butter-milk and they are very good and since they are frozen they are handy when you have company.

Freezer Biscuits

- 2 packages dry yeast
- 1/4 cup lukewarm water
- 5 cups flour
- 4 teaspoons baking powder
- 1 teaspoon salt
- 1 teaspoon soda
- 1/4 cup sugar
- 1 cup shortening
- 2 cups buttermilk

Dissolve yeast in warm water. Mix dry ingredients together. Cut in shortening. Blend yeast mixture and buttermilk into dry ingredients. Roll out and cut into biscuits. Freeze on baking sheet. When frozen transfer into freezer bags.

Biscuits can go directly from freezer to oven.

Recipes makes 26 to 30. Bake at 400 degrees until brown.
