NEW ROUTING TO SLATON IS CONSIDERED

GUY R. JOHNSTON HAS PLAN OF SAVING ONE-HALF MILE

Lubbock county highway enthusiasts centered their attention today on a survey started by Guy R. Johnston, resident engineer, who has recommended that Highway 7 be altered to facilitate an airline route from a point in this city to the Burrus switch location, five miles southeast of Lubbock.

Survey on the proposed route was started this morning. "I am making this survey purely on merit," said Mr. Johnston. "My recommendations will be subject to action of the Lubbock County Commissioners court and the State highway department."

Stresses Advantages "In discussing the feasibility of such a route, I would like to stress a few advantages. One-half of a mile distance between Lubbock and Slaton would be saved, and two dangerous curves would be eliminated. It would cost Lubbock county no additional funds. It would facilitate five miles of highway which would have the new standard width of 106 feet asked by the State, a matter which is impossible along the present route, due to encroachment of a pipe line.

There is an economical feature also. One can safely estimate that 5,000 automobiles travel over the highway daily. It is conservative to say that the shortened route would save these auto owners approximately \$250 daily.

The changed route would lead in

WARNING IS GIVEN TEXANS

ARMERS MUST ACT TO GET PRODUCTION FROM LAND

By The Associated Press: WACO, April 13.—The note of warning sounded by speaker after speaker followed conferees today as they prepared to hear a report from a special committee of the land utilization conference meeting here.

The warning was the same from every speaker yesterday, beginning with Dr. T. O. Walton, president of Texas A. and M. College—that the fertility of Texas farm lands fast was being depleted, threatening not only the livelihood of the Texas farmer, but the welfare, the social and economic fabric of the whole state.

Purpose Summed Up The purpose of the conference was summed up by Dr. Walton as to outline what was being done to improve agricultural conditions, and to bring to the attention of citizens and leaders the importance of properly utilizing and conserving "our greatest national resource."

Dr. Walton declared a third of the total acreage now under cultivation in Texas would not yield a profitable return. Judge M. H. Gosselt, president of the Federal Land Bank of Houston, called the depletion of fertility "indescribable, measureable and irremediable waste."

Mrs. Minnie Fisher Cunningham, only woman speaker, added a farmer unable to supply his family with life's necessities could not com-

Colleen Moore's Divorce Plea Filed

LOS ANGELES, April 13 (AP)—Colleen Moore, film favorite, and her producer-husband, John McCormick have reached the parting of the ways.

The oft-rumored rift in their domestic life was climaxed yesterday by the filing of a divorce action by Miss Moore, in which mental cruelty was made the basis of her complaint.

HOOPER SIGNED BILL

WASHINGTON, April 13 (AP)—Compacts between the states of Oklahoma and Texas for the purchase and construction of highway bridges over the Red river were authorized in a bill signed yesterday by President Hoover.

She is pretty, she can act, and she speaks three languages—so naturally Marlene Dietrich, below, from Berlin, is Hollywood-bound. Here you see her as she arrived in New York, ready to star in American films. Her linguistic accomplishments caused her to be imported from the German UFA studios at a time when the advent of the talkies has ended the careers of many foreign stars in America.

COUNTY DADS DEFER ACTION

PETITION ON CEMETERY GATES CLAIMED TO BE MISCONCEIVED

The Lubbock County Commissioners court deferred action yesterday afternoon on a petition, signed by more than 600 persons, which sought the removal of gates from a public road which leads from Highway 7 to the Lubbock cemetery.

"The Commission has suggested that the Lubbock Cemetery association meet and carefully consider the proposal and we will act in accordance with the association's recommendation," said County Judge Robert H. Bean.

"We feel," Judge Bean continued, "that there has been a misconception as to the purpose of the gates, erected by managers of Memorial Park. It has been explained that purpose of the gates is to keep out depredations and prevent livestock from getting into the cemetery. It appears that the gates are protection to both burial grounds, and were not erected to hinder traffic into the old cemetery."

THERE'S A GIGANTIC CALOMEL MINE SOMEWHERE IN TEXAS

"I'M MARRIED AND WANTS TO GET PARDONED," SAYS TEXAS DARKY MOODY TOO BUSY TO ATTEND TO ALL HIS APPOINTMENTS

BY R. W. BARRY Associated Press Staff Writer AUSTIN, April 13.—Somewhere in Texas there is a calomel mine. The governor narrowly escaped being told about it recently, but the man who came to see him got tired waiting in the reception room while the chief executive met his appointments, and went his way and the secretaries overcrowded asking him his address.

DEMOS ANSWER LOVE'S PLEA

ATTORNEYS SAY TOM IS OUT OF PARTY

ANSWER FILED TODAY ON APPLICATION OF SENATOR

AUSTIN, April 15.—Declaring that Senator Thomas B. Love of Dallas had "abandoned his membership in the democratic party," and "forfeited his right to become the party's candidate for governor," attorneys for D. W. Wilcox of Georgetown, chairman, and members of the state democratic executive committee, today filed their answer to Love's application for a mandamus to the Supreme Court for a mandamus to compel the committee to place his name as a candidate for governor on the 1930 primary ballots.

The case will be submitted to the court tomorrow, and the tribunal will act directly on the application for a mandamus and a motion to dismiss it for want of jurisdiction. It probably will be reached weeks before a decision is made.

EIGHT ESCAPE NOLAN'S JAIL

HOPE LEONARD LEADS GROUP TODAY; 5TH BREAK IN YEAR

SWEETWATER, April 13.—Led by Hope Leonard, self-styled "Nolan county bad boy," eight prisoners escaped from the county jail here today.

Officers believed the prisoners were aided by an outside party. It was the fifth escape from the jail this year.

Beside Leonard, held for theft, the other prisoners were Jeff Armstrong, held for theft and burglary; Ben Bratcher, held for theft; Buster Morton, held for criminal attack; Leonard Smith, held for forgery, and Joe Stokes and George Carroll.

One prisoner refused to leave.

McCRAW TO BE IN CHARGE OF TRIAL

DALLAS, April 13 (AP)—District Attorney William McCraw will take personal charge of the prosecution of John Brady, charged with the slaying of Lechia Highsmith in Austin last November, he announced today. He will be assisted by Andrew Priest, Nash Adams and Jimmie McNeill. The case was ordered transferred here yesterday.

ALEX'S SOUP TOO HOT FOR ONCE

DETROIT, Mich., April 15. (AP)—Alex Sutherland's wife was away and he had his big chance to cook up a mess of fiery, hot soup, full of pepper, the kind he always yearned for, but which his wife denied him.

He used a lot of cayenne and other ingredients to put the desired warmth into the soup, and, full of pleasant anticipation, placed the raw material on the stove and struck a match.

A few minutes later neighbors fished Sutherland from beneath kitchen table, amid a tangled mass of wreckage that was the Sutherland kitchen.

"The soup—too hot—must have exploded," murmured Alex, when he recovered consciousness.

It will be some time before neighbors can fully persuade him the explosion was caused by escaping gas, and not good, fiery, hot soup.

PROMINENT OKLAHOMANS TO VISIT CITY

GOVERNOR HOLLOWAY TO LEAD GOOD WILL PARTY IN AREA

Among those who will be with the personnel of the Oklahoma City good will delegation who will arrive in Lubbock May 14, is Governor W. J. Holloway, it was announced today at the office of the local Chamber of Commerce.

Others of the 150 making the trip this are Dr. W. B. Russell, president of Oklahoma University; Dr. H. G. Bennett, president of Oklahoma A. & M. college; Mayor Walter Dean, of Oklahoma City, and Ed Overholser, president of the Oklahoma City Chamber of Commerce.

Others of the 150 making the trip will include the presidents and managers of the leading business institutions of Oklahoma City.

Stops are scheduled at more than 20 cities through southwest Oklahoma and West Texas. Night stops will be made at Wichita Falls, Abilene and Lubbock.

MORE CHICKENS REPORTED STOLEN

The continued operation of chicken thieves on the South Plains was evident today in a report that 20 Rhode Island—red chickens were stolen from the farm of R. P. Elkins of Hopesville.

Approximately 150 chickens have been stolen in this county during the past six weeks.

Man Charged With Theft Of Wire Here

C. J. Pennington, charged with burglary of about 200 pounds of copper wire, valued at \$26, from the warehouse of the city, was transferred this morning to the Lubbock county jail.

Pennington was arrested Monday and placed in the city jail. The burglary occurred Sunday night.

Deed Of Trust On Elevator Executed

A deed of trust for \$200,000 was executed late Monday by the Perry Burrus Elevators to the First National Bank of Dallas to obtain necessary bonds for improvements to the Lubbock building of the elevator company.

The local improvements of the elevator, located on Avenue M in north Lubbock, will increase the facilities to 1,250,000 bushels annually.

Construction work on 50 additional bins is now in progress here.

Hoover Has Plea For U.S. World Court Adherence

PRESIDENT'S ESPOUSAL BELIEVED RESULT OF ELECTION

WASHINGTON, April 15.—The World Court question having rapidly assumed proportions of a foremost political issue, especial significance was attached today to a vigorous plea for American adherence voiced by President Hoover.

From the chief executive's emphatic espousal of the entry of this country, coming soon after the outburst of opposition which followed the Illinois primaries of a week ago, was drawn the inference that Mr. Hoover was prepared to wage an aggressive fight for American membership in the international tribunal.

Expressed in Address The president's appeal was expressed in an address last night before the Daughters of the American Revolution.

In addition to his comment upon the court issue, he asserted American security was fundamentally assured, and discussed the results of the London naval conference, reiterating his view that the agreement reached in the British capital meant the abolition of international rivalry in the construction of sea armaments.

Asserting the causes of friction between the nations were ever present, Mr. Hoover said the remedy was to succeed J. O. Morgan in the creation of "appropriate agencies for regular methodical disposal and solution of these controversies so as to assure justice and avoid arousing of national emotions."

Of course, it's nice to own a record-breaking oil well and to realize that you're going to be a millionaire in a short while. But less than 24

KEELING IS NAMED COACH

SAN ANTONIO MAN TO TAKE POST VACATED BY DEL MORGAN

W. H. Keeling, assistant coach at Harlandale high school of San Antonio for the past two years, has been named to succeed J. O. Morgan on the Lubbock High school coaching staff, it was announced this morning by M. H. Duncan, superintendent of city schools.

After several days of negotiating, Keeling wired his acceptance of the terms offered this morning and will arrive here late in August to start work with the Westerner squad along with Head Coach Henry Frnka in pre-season training camp.

A transfer of both Coaches Frnka and Morgan at Austin college, Keeling will come here in the capacity of backfield mentor, having played both halfback and quarterback at the Kangaroo institution.

Two Mexicans Will Face Forgery Count

Examining trial will be held probably tomorrow morning for Horacio Pena and Miguel Rennis, Mexicans who were charged yesterday with passing forged instruments, following their arrests during the week end.

The two are alleged to have passed a check at the Myrick Hardware store in this city and later to have attempted to pass another at the First National bank. At the latter place an investigation led to the arrest.

Sam T. Davis Is County Clerk Deputy

Sam T. Davis, former business manager of the West Texas hospital in this city, has been employed as deputy county clerk. Amos Howard, clerk, announced this morning.

Mr. Davis will have charge of the office while Mr. Howard is campaigning as a candidate for reelection to the office. Mr. Davis held the office of county clerk from 1913 to 1922.

T. A. WHITE NAMED HEAD OF SCOUTS

FORMER PRESIDENT OF RETAIL MERCHANTS ELECTED TODAY

Tom A. White, former president of the Lubbock Retail Merchants association, was elected today to succeed E. W. Williams as president of the Scout's Plains area council, Boy Scouts of America, at a noon luncheon of the executive board at the Hotel Lubbock.

T. E. Duckner was elected to succeed Mr. White as treasurer of the council.

Nomination of White was made by K. N. Clapp, scout commissioner, who paid a tribute to the services of Mr. Williams. The latter resigned recently as rector of the St. Paul's-On-The-Plains, local Protestant Episcopal church, and subsequently tendered his resignation as scout head.

During Mr. Williams' presidency an indebtedness of \$3,000 has been eliminated by the council officials and membership of the area has increased from 330 to 600.

D. T. Jennings, recently appointed scout executive, made a brief talk on a proposal for organizing the area into districts and discussed a plan for solidifying the program of the council.

Those who attended the luncheon were Dr. Paul W. Horn, Rev. J. M. Lewis, Sam Henry, Rev. N. Baucom, Dr. J. M. Gordon, Rev. H. L. Munger, T. A. White, F. A. White, K. N. Clapp, Rev. L. G. H. Williams, Miss Edith Peck, D. T. Jennings, all of Lubbock; D. T. Hood, Slaton; T. S. Hood, Pomeroy; Francis Miller, Sudan, and J. L. Duckworth, Sudan.

BUD AIKEN NAMED IN MURDER COUNT

(Special to Daily Journal) LAMESA, April 13.—The grand jury of the April term of 1930 district court returned an indictment late Monday, charging J. W. Bud Aiken, of Kain city, with murder, in connection with the fatal shooting February 28 of D. P. Fox, aged restaurant operator.

Thomas S. Christopher, Lamesa attorney, will defend Aiken. District Attorney T. L. Price will probably represent the state.

Scoutmasters Will Hold Meet Tonight

Scoutmasters and assistants of this city will meet tonight at 7:30 o'clock in roundtable conference at the Saint-Paul's-On-The-Plains church, Avenue Q. It was announced this morning.

It will be a regular session of the officials, who will plan the future program of scouting in this city.

COCHRAN MAN HELD; VICTIM BROUGHT HERE

F. L. JONES IS IN GRAVE CONDITION; FARMER IN CUSTODY

F. L. Jones, 28, is in a grave condition today at the Lubbock sanitarium, while a Cochran county farmer is being held in custody of Sheriff J. C. Montgomery of Cochran county as result of a cutting affray which occurred last night at 8 o'clock at the latter's farm home, one and one-half miles south of Morton.

Jones, who had been until recently employed at the farm, was brought to the local sanitarium this morning when his precarious condition became apparent.

No charges have yet been filed in connection with the altercation, further procedure awaiting developments as to the victim's condition.

Jones sustained a deep laceration in the abdomen, another across the chest, and several cuts about the head and arms.

According to a statement made by the man held to Sheriff Montgomery, the trouble arose when Jones presented an order to leave the farm. "My wife told me to have him leave the farm," said "After I did" he called me out and the fight started."

Further than that, the man being held would say nothing as to exact nature of the trouble.

SCOUTS WILL SEEK FLIER

FIVE THOUSAND BOYS TO JOIN SEARCH FOR ARTIST

(By The Associated Press)
 CHICAGO, April 15.—Mobilization of 5,000 Michigan boy scouts was ordered today to search for Ralph Fisher Skelton, Chicago artist and pilot, missing since Thursday on flight from Ann Arbor, Mich., to this city. Search for Skelton by air was abandoned today and an appeal was directed to Walter W. Head, scout executive and Chicago financier, who requested the mobilization.

NO TRACE FOUND OF FLIER IN NEW YORK

VALLEY STREAM, N. Y., April 15.—No trace had been found tonight of Ralph White, 29, student flier who took off from Curtiss-Wright field here yesterday for a short flight just before a heavy fog rolled in from the sea.
 Fifty planes today searched Long Island, the sound, the Connecticut and Jersey coasts and far out to sea for White and his black and gold biplane or some wreckage which would indicate his fate, but without result.

BATTLE FOR SUPREMACY IN GOTHAM'S SKYLINE CONTINUES WITH PLANS FOR 85-STORY STRUCTURE LEADING PARADE

(By Associated Press)
 NEW YORK, April 15.—"What do you think of our skyline?" The question has been put to every eminent visitor to New York for so many years—that it has become a municipal jest.
 But it continues to be asked, and it is no longer sufficient to ask the question without specifying which of New York's skylines is meant.
 For the city now has two.

One is the cluster of great towers set along Wall street and Broadway at the foot of Manhattan island.
 The other is in midtown, grown up since 1925. In this group of skyscrapers, clustered around Forty-second street in the vicinity of the Grand Central terminal, are now eight of New York's 15 tallest towers.

Chrysler Tower Tallest
 The tallest building in the world is the 68-story, 1,050-foot Chrysler tower, in midtown. Catacombs from it is the 55-story Chanin building, and adjoining that is the 53-story Lincoln building, half a block east is the new 476-foot Daily News building.

All of these buildings have been erected within the last two years, enabling the midtown section to boast a skyline which now rivals the vista of steel-and-stone pinnacles downtown.

Woolworth Surpassed
 But even downtown the 792-foot Woolworth tower, for 14 years the

tallest in the world, is no longer supreme. It is outdone by the new 930-foot Bank of Manhattan building in Wall street.

The new obscure golden dome of the New York World, the 612-foot needle-point of the Singer building, the 50-story Metropolitan Life building—each in its turn the highest building in the world—have become also-rans in Manhattan's skyscraper race.

85 Stories Planned
 Higher than any of these will be the new Empire State building, at Thirty-fourth street and Fifth avenue, which is to have 85 stories and a dirigible mast on top.
 It is being erected now, and around it will rise a third skyline.

The downtown cluster of skyscrapers sprung up because the foot of the island had transit facilities to care for the throngs of workers who would be officed in such structures.

The midtown pinnacles followed the bringing of comparable transportation to the vicinity of Forty-second street.

The builders of the Empire State have had to convince prospective office renters that their site was equally close to quick transit. They are creating a new business center, to which many another skyscraper builder is likely to come in the next decade.

WELCOME HERE Youngster Wipes Out Chances For Red Tags

BUFFALO, N. Y., April 15 (AP)—Fewer motorists from one downtown section have been haled into court lately for improper parking. Patrolman Barney Kane found out why; he discovered he was being trailed by a small boy with a damp sponge.

As fast as Kane placed a chalk mark on the tire of some parked car, the boy erased it. No chalk mark, no tag.
 Whether the youngster collected a fee from the erring motorists was not determined because he went out of business as soon as he learned his secret had been discovered.

A whaling vessel operating in the Antarctic in the season just closed secured 116,000 barrels of whale oil, valued at \$2,500,000, a world's record.

SHOUSE FLAYS PARTY REIGN

ADMINISTRATION GETS CRITICISM FROM DEMO CHIEF

(By Associated Press)
 DENVER, April 15.—Jouett Shouse, chairman of the democratic national executive committee, last night criticized the Hoover administration and the republican majorities in congress for their stand on the tariff and efforts at farm relief, he spoke at a Jefferson Day dinner.

"We have been told recently through government statistics that there are from three to five million unemployed in the U. S. today," said Shouse. "The Fordney-McCumber tariff of 1922 is still in effect. Are we to take the situation in the fabric mills of new England or the present status of agriculture in the west as the measure of the prosperity secured under the tariff policy so emphatically urged by Mr. Hoover?"

The speaker commented that while it is perhaps too early to pronounce the Hoover farm relief system a failure, the (Federal Farm) board certainly has demonstrated that as a tipster in speculation it cannot qualify.

TRIPLE TESTED

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline because all of these tests converge into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. And easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

Programs Are Held For Lubbock Church Women On Monday

First Christian W. M. S. Holds First Gathering For Easter Week Of Prayer

Devotional and missionary programs were held at regular meetings of the various church societies Monday afternoon, the season held at the First Christian church being the first of a series planned for Easter week of prayer.

The Christian women will have as their general theme this week, "That I May Know Him," based on the scripture, Philippians, 3-14. A double theme was chosen for Monday's discussion: "That I may know Him" and "The Day of Authority" with Mrs. Herbert Carlock in charge.

Today's program will be directed by Mrs. Herbert Carlock and will be based on the double theme, "That I May Know Him and His Cross He Bore In This Life," and "The Day of Conflict." On Thursday, Mrs. R. A. Mills will have charge of a program on "That I May Know Him and the Power of His Resurrection" and "The Last Day With the Disciples." On Friday, Mrs. E. L. Pitts will have charge of discussions on "That I May Know Him and the Fellowship of His Suffering."

Fifty Are Present

Fifty members attended a meeting of the Woman's Auxiliary of the First Presbyterian church. The meeting was the first of the church year, and the new president, Mrs. R. D. Moxley, presided. Mrs. C. J. Wagner led the devotional, and a missionary program was given under the direction of Mrs. Temple Ellis.

Members of circle 1, with Mrs. Tom Prudeaux as chairman, were hostesses for the social hour and served refreshments.

At Methodist Church

Mrs. Minnie Jackson led the devotional at a meeting of the Woman's Missionary Society of the First Methodist church at 3 o'clock. A vocal selection was given by Mrs. Ed O'Sullivan.

"Our Schools and Dormitories" was discussed by Mesdames Pat Magee, A. G. Odum, and J. C. Orr. There were seven visitors present.

Circle Meetings Held

Circle meetings were held by members of the First Baptist W. M. S.

Circle 6 met with Mrs. G. W. Scott, 2201 13th street. Mrs. J. D. Carnett presided during the business session, and Mrs. Spaulding led the devotional. Talks on missionary work were made by Mrs. J. A. Lee and Rev. B. F. Dickson. Twelve members were present.

Mrs. R. O. Rogers, 1627 5th street, was hostess to six members and one visitor of circle 8. Mrs. E. G. Sewell presided for the business session, and Mrs. E. Clay led the opening prayer. This was followed with a devotional led by Mrs. C. W. Ratcliff. The next meeting will be held with Mrs. Clay, 1618 8th street.

Ten members of circle 1 gathered in the home of Mrs. G. M. Pearson, 1817 19th street. Following a business session, during which Mrs. B. T. Jordan presided, Mrs. Fred Linton taught a lesson on "Things We Should Know." Mrs. Linton also favored the group with a song.

Mrs. Claude Keeton, 1808 Avenue H, was hostess to six members of circle 3.

GIGANTIC OIL DEAL SAID TO BE PLANNED

Mc-MAN COMPANY IS TO SELL TO STANDARD FOR \$20,000,000

(By Associated Press) TULSA, Okla., April 15.—In a copyrighted news story the Tulsa World Sunday said negotiations are near completion for sale of the Mc-Man Oil and Gas company of Tulsa to the Standard Oil company of Indiana for approximately \$20,000,000.

The Standard company, the article said, will divide the Mc-Man properties, assigning those in Oklahoma and the Texas Panhandle to the Dixie Oil company, its 100 per cent owned subsidiary, and those in Western and Southwestern Texas to the Southern Crude Oil Purchasing company of Dallas, another 100 per cent owned subsidiary.

The Mc-Man company, an Oklahoma corporation with a capital of \$1,250,000 was one of the outstanding operations in the Cushing field of Oklahoma and in 1916 sold all its Mid-Continent properties to the Magnolia Petroleum company of Dallas for \$39,000,000, of which \$17,000,000 was in cash. The final payment was made January 1, 1929, and, including interest, gave the Mc-Man company more than \$45,000,000. It is regarded as the banner oil deal of the Mid-Continent area. Production acquired by the Magnolia company was estimated at more than 25,000 barrels daily. Mc-Man's principal properties today are in Texas including valuable

VALLEY FIRM PUTS BAN ON STATE GOODS

WISCONSIN PRODUCTS REFUSED; ACTION IS REASON

(By Associated Press) MILWAUKEE, Wis., April 15.—The first actual cancellation of orders for Wisconsin goods by Texas firms, in retaliation for the Wisconsin ban on sale of certain Texas lands in the state was reported today by a Milwaukee Electric Fixture Manufacturing company.

A firm operating in Waukegan, Brownsville and Corpus Christi, canceled orders for "several hundred dollars" worth of goods, and as part of the material had been sent, its recall proved costly to the firm.

In each case letters accompanied the cancellation, explaining the cause was solely due to decisions of the Wisconsin real estate brokers board. Leo H. Rodema, secretary-treasurer of the company, said no large firm outside of the Rio Grande valley, the area on which the rulings were made, had taken that attitude.

The Ellis Brothers company, Brownsville, Texas, wrote that it "realized the Rodema company was not responsible for the brokers board action," but that the valley is sparsely settled, and if there were no real estate men there would be no business there.

"If you get busy with your real estate board and have them rescind the action against Texas real estate men we will be glad to do business with you," the firm wrote.

MACK TO START MINUS STAR MAULER; TO USE HARRIS

(By The Associated Press) PHILADELPHIA, April 15 (AP)—Al Simmons, left field ace of the Athletics, stood revealed today as a sure-enough holdout, and Manager Mack, announcing he was unable to come to terms with the New York Yankees this afternoon.

Mack announced the Simmons status yesterday after a final conference with the player and declared "it was impossible to come to an agreement with him." He intimated Simmons would not be sold or traded and the club would not recede from its stand.

Neither Mack nor Simmons would state the salary offered or demanded, but Simmons, according to newspaper men, said a guess of \$35,000 was "very close" to the sum he asked for this year.

City League baseball enthusiasts will find considerable consolation in the news that the Lubbock Lions club has already laid plans for the construction of a pair of baseball diamonds at the Lions Park north of the city on the Plainview highway. Recent occurrences of the Merriam Park situation indicates the local twilight leaguers may be forced to look elsewhere to find playing grounds.

Work is to begin immediately on both a regulation diamond and a junior diamond. For the time being only a wire screen will be erected behind home plate, but eventually a grandstand will be built. Club officials plan to plant bermuda grass in both the infield and outfield before the year is over. Water is being furnished by the city.

Tennis courts will be another feature of the public playground. These are to be built in concrete. A number of trees have been set out in the park and from all indications the club intends to make a first-class playground of the city property.

Less than two weeks remains for the twilight bus to decide on what shall be done about the park situation. The season starts on April 28. Directors of the Lions club will likely decide today whether or not their diamond will be offered to the city leaguers.

Coach Del Morgan began his work as a college coach Monday afternoon on the Matador gridiron in such a manner that leaves no doubt that the Tech line candidates are in for some tough lessons. The cast-while Westerner mentor started yesterday by giving the Tech forwards first-hand instruction in the finer points of blocking, charging, etc.

If Morgan can put over to the Crison stalwarts just half of what he put into practice on the gridiron himself, the local institution will give Pete Cawthon more time to drill his backs on the difficult offense that has been started in the Matador camp.

Head Coach Henry Frnka, of Lubbock High school, announced yesterday of his plans to hold another spring football training session immediately after the district meet over when he can have access to the full crew of candidates. A number of the leading Westerner football aspirants are on the high school track squad and the first grid camp found them wearing the cinder spikes. The coming training season will last for about 10 days.

With their first game of the 1930 season with the powerful Pampa Harvesters scheduled for September 27, the Westerners are in need of a practice contest before starting their district campaign. This skirmish will likely be played with Oilton, Crosbyton or Ralls. The Westerners are counting strong on another pre-season training camp in Garza county next August and this means that \$500 or more must be raised to send a squad of about 30 candidates down to the base of the caprock for a period of two weeks.

Spring football training has started at Idalou where Coach L. F. Swinney has a squad of twenty candidates in uniform. Of this number, nine are returned letter men and the outlook for the 1930 Wilcat eleven is somewhat rosy. The Idalou coach has informed his school officials that he will not be back at the helm of the Wildcat squad next year. This leaves a promising opening nearby for some enterprising Tech graduate who plans to enter the coaching profession.

It is understood that Coach Swinney has been offered a position on the Palestine High school coaching staff. If this falls to go through, plans to enter the North Texas State Teachers college next fall.

Considerable concern is expressed over the failure of Connie Mack to come to terms with his shugging outfielder, Al Simmons. The season starts today and the Mack's most potent run producer is still outside the McGillicuddy fold. Without Simmons the A's will not likely be such strong favorites to beat out the Yankees.

The only baseball play that could really understand is the squeeze. Colonel Jake Ruppert must be going in for the top sport. It seems he paid \$80,000 this year for Babe Ruth and a charley horse.

Helen Wills Moody Arrives in New York NEW YORK, April 15 (AP)—Helen Wills Moody, world's woman's tennis champion, has arrived in New York for a series of practice matches designed to get her into condition for defense of her French and British singles titles.

Mrs. Moody has played frequently in California this winter, but plans several exhibition matches here with Eimer Griffith. She will sail for Europe aboard the Berongaria on April 22.

CARNERA'S PURSE HELD UP AFTER BOUT

MAJORS OPEN SEASON THIS AFTERNOON

QUARTER-MILLION WILL WITNESS INITIAL EXHIBITIONS

BY HERBERT W. BARKER Associate Press Sports Writer

Old king baseball, whose adventurous career offers one of the best illustrations of the difficulty of keeping a good man down, returned to the sport throne today to rule for the next six months.

Sixteen clubs of the two major leagues faced the opening of the new season with hope, and a few with confidence.

Two Play Monday So far as two clubs in the American league are concerned, the official opening already was a thing of the past. The Boston Red Sox, slated for last place in the advance dope, gained the honor of leading the league for at least one day by beating Washington, 4-3, at the national capital yesterday as President Hoover, government officials and 20,000 fans looked on.

The Red Sox's triumph, however, was not enough to make the experts alter their forecasts that the Philadelphia Athletics again would win the American league title and battle the Chicago Cubs, National league champions, in the world's series next fall.

250,000 to Look On Grandstand weather, a quarter of a million spectators planned to see the eight games on today's schedule. In the American league, the New York Yankees were to open against the Athletics at Philadelphia.

In the American league, the Athletics expect to find their greatest opposition in the Yankees with Cleveland and Detroit also to be feared. The Yankees still have Babe Ruth, at \$20,000 a year, but must experiment with two rookies, Charley Gehringer at third base and Cookie in left field where Bob Meusel used to roam.

Cubs, Pirates, Giants In the National league, the fight seems to be among the Cubs, Pittsburgh Pirates and New York Giants. The Pirates, however, have lost Burleigh Grimes and are experiencing their usual hard luck with injuries and sickness while the Giants have a big question mark at second base.

Three "dark horses" add the spice of uncertainty to the major league races. In the American, the Chicago White Sox, under Donnie Bush's leadership, have shown great strength this spring. In the National, Brooklyn and Philadelphia have rounded up so much batting strength they may be able to blast themselves into the first division.

Brooklyn, in addition, will have Glenn Wright as an infield spark and an effective pitching staff headed by Dazzy Vance and Bill Clark.

DIXIE TEAMS GET GOING TODAY ALSO ATLANTA, April 15 (AP)—Renewal of Dixie's annual diamond skirmishes brought 22 teams, 14 major league and upward of 75,000 fans into action today. Inaugural games were arranged in the Southern association and Southeastern and Cotton States leagues.

Birmingham Barons, champions for two years, faced a field of seven reinforced pennant contenders in the Southern association's thirtieth competitive season. Montgomery, Ala., and El Dorado, Ark., were the defending titleholders in the Southeastern and Cotton States, respectively.

Some of the south's baseball enthusiasm, however, was remodeled for Monday when the remodeled South Atlantic association gets away in the Carolinas and Georgia.

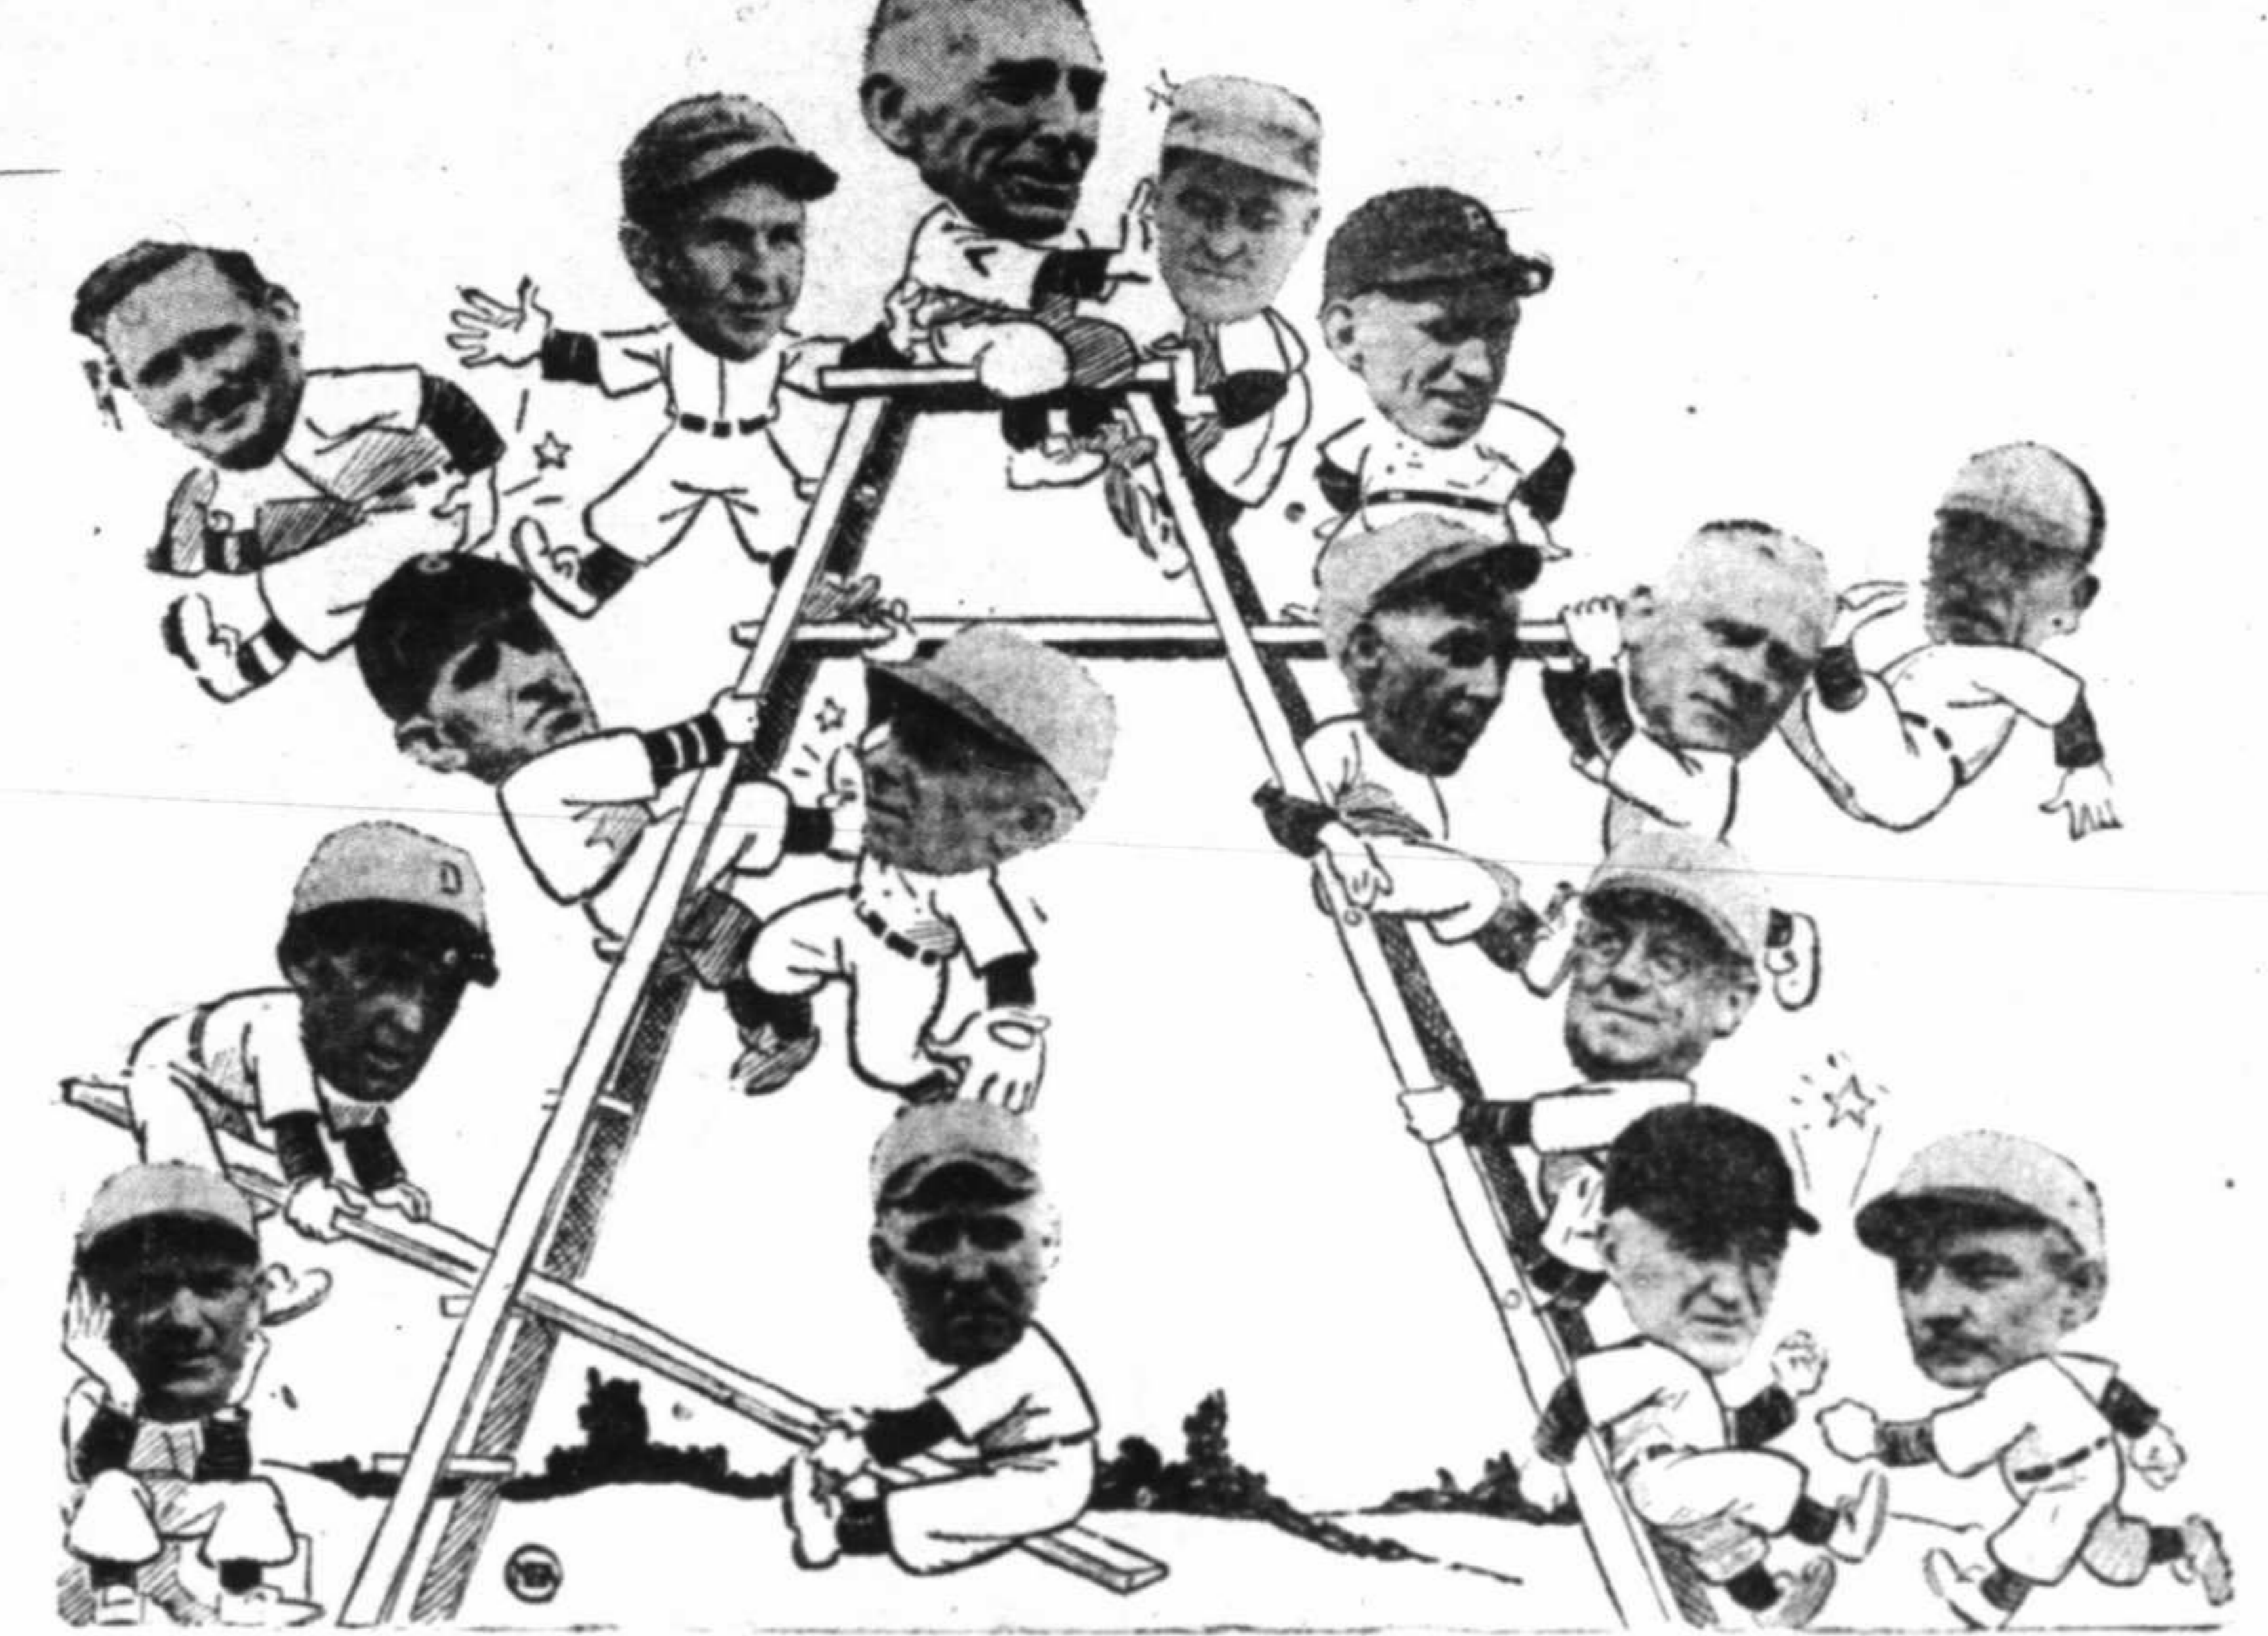

Bracey And Leland To Run At Drake DES MOINES, Ia., April 15 (AP)—Cy Leland, Texas Christian University sprinter who has four times defeated Claude Bracey, "Dixie Flyer" of Rice Institute, will match strides with Bracey again at the Drake Relays, April 25 and 26.

Definite assurance that Leland would appear was received today by Oreste Solem, Drake athletic director, who said he also had been told Bracey would come here.

Texarkana Youth Is The Whole Show TEXARKANA, April 15 (AP)—Budford Huddleston, Texarkana High school star, entered five events and won five first places here Saturday at Texarkana track meets in the annual district seven, Texas Enterscholastic league track meet. He won the high hurdles, pole vault, high jump, broad jump and javelin. Texarkana scored 68 points and Gilmer, 48. New Boston was third and Mount Pleasant, fourth.

OWLS BEST ONES HOUSTON, April 15 (AP)—It took the Rice Owls just fourteen innings to win a ball game yesterday from S. M. U. 4 to 3. Hart brought in the winning run, with two men down and a man on third when he went to bat.

THE SCRAMBLE FOR POSITIONS ON THE LADDER BEGINS IN EARNEST TODAY

With the opening day of the big league season, today, the scramble for positions on the baseball ladder begins in earnest. At the top is Connie Mack, firmly seated. At the left, near the top, is Bob Sharkey, and to his right is Walker Johnson, manager of the Senators. Next comes Fred Lough, big chief of the Indians, while on the inside of the ladder is B. H. Killifer, boss of the Browns. Bucky Harris, outside, and Donie Bush, inside, are having a little private game of teeter-totter. Seated below is H. C. Miller, manager of the Red Sox. At the top of the ladder, right, is Joe McCarthy, of the Cubs. Next is Jewel Ems, the Pirates' chief, and just below him, left to right, are Burt Shotton, of the Phils; John McGraw, of the Giants, and Gabby Street, of the Cardinals. Cheerful Uncle Robbie, of the Dodgers, is just below, while Dan Howley, left, of the Reds, and Bill McKechnie, the Braves, are having words with one another at the bottom.

TECH TRACKSTERS OFF FOR ABILENE

Coach Victory Payne and twelve Texas Tech speedsters left this afternoon for Abilene where they will meet the Simmons University Cowboys in a dual track and field meet Wednesday.

The contest tomorrow with the Cowboys marks the second and final dual engagement for the Matador cinder crew, saving here at 1 o'clock this afternoon, the locals are making the trip to the Cowboy stronghold in cars.

A light workout Monday afternoon wound up training for the Crimson cinder forces. High winds prevented the usual rounds.

Coach Pete Cranfill at Simmons boasts a veteran crew of tracksters, including the versatile Uncle Joe Smith, who is outstanding in both hurdle events and a capable performer in the weight events.

Those included in the road squad are: Captain James Dallas, F. Woodruff, C. Woodruff, Fisher, Payne, Pace, Hill, Wingo, Hooper, Vinzant, Waters and Waller.

"FAKE" FIGHT CLAIMED IN CALIFORNIA

NEAR RIOT BREAKS OUT IN 6TH ROUND AS BOUT ENDS

(By The Associated Press) OAKLAND, Calif., April 15—An investigation of reports that the Primo Carnera-Leon Chevalier fight was "faked" was begun today by the California state boxing commission which withheld the giant Italian's \$10,000 purse.

A near riot broke out in the sixth round of the ten-round fight last night when one of the negro's seconds tossed a towel into the ring, awarding the contest to Carnera on a technical knockout.

Second Handed Roughly The second, Bob Perry of Hollywood, immediately became the center of a milling mob, which handled him roughly and inflicted a gash over one eye.

Ringsiders protested vigorously that Chevalier, who weighed 216 pounds, was not in distress and some fight critics said they believed he was in better condition than Carnera.

Tim McGrath, manager and chief second of the negro, said he was so surprised at Perry's action he failed to protest to the referee. Chevalier, with one exception, the only fighter to stay more than two rounds with Carnera, put up a good fight. He stood up to his huge opponent and ringsiders believed he made an impressive showing, despite a nine count knockdown in the sixth round.

Schaefer Is Ranked As World's Leader CHICAGO, April 15 (AP)—Jake Schaefer is ranked by the National Billiard Association of America as the world's best 14.2 ball pool player, with Johnny Layton, Sedalia, Mo., and Ralph Greenleaf, of New York, rated similarly at three-cushion and pocket billiards, respectively.

At billiards, behind Schaefer are ranked Walter Cochran, Edward Hoveman, Belgium; Eric Hovenschlager, Germany; Willie Hooper, New York; Roger Cordt, France; Kinzei Matsuyama, Japan; Felix Grango, France; Edmond Derbier, France; and David McCandless, Chicago.

Francis T. Hunter, of New Rochelle, N. Y., Wilmer Allison, of Austin, Texas, and John Van Ryn, of Orange, N. J., were other well known players who competed in the tournament.

In Edinburgh, Scotland, in the last 12 months, 14 people were killed in street car accidents, 11 on railways and 3 by buses.

BEAUMONT'S LEAD HELD; CATS LOSE

"IF" COLUMN STUDENTS PONDER OVER STATUS OF TEXAS CLUBS

(By Associated Press) Students of the "if" column found Beaumont firmly in possession of Texas league leadership today, with the two "ifs" required to knock them loose a win by Dallas or Wichita Falls plus a loss by Beaumont.

The Exporters tightened their grip on first place yesterday by an impressive 9 to 3 victory over Mine Run from San Antonio, which victory left the Indians in next to last place in the standings. The game, played at Beaumont was marked chiefly by the illogical work of Abe Martin, who allowed nine free bases and only five hits.

If's and More of Them If Beaumont loses, and Dallas, or Wichita Falls, or both, win, a tie for the leadership results. Dallas takes on the Fort Worth Cats, whom they already have soundly trounced. Wichita Falls journeys into Louisiana, while the Exporters play a return engagement with San Antonio on the same diamond.

The Steers broke Shreveport's flux yesterday by inviting the ladies to the park free of charge. Spurred on by excited shrieks from 1,500 feminine voices, plus the ringings of the knothole gang who also were admitted free, the Steers took a sluggish 4 to 2 game.

Fort Worth was treated wrongly by the Spudders, playing out where the west begins, as White, hurling for Wichita Falls club, held the Cats to 6 hits and 2 runs while his teammates collected 13 scattered hits good for only three runs.

The most notable slugging feat was by Waco with the Houston Buffs on the light end of a 17 to 6 score. Six of these clubs were good for four bases each. The teams tangled again on the same diamond today.

DELAY PARKER ACTION WEEK

OPPOSITION CONTINUES AGAINST JUSTICE OF COURT

(By Associated Press) WASHINGTON, April 15.—Confronted with serious opposition, the nomination of Judge John J. Parker, of North Carolina, to be an associate justice of the Supreme Court was laid aside for a week today by the senate judiciary committee.

Senator Overman, democrat, North Carolina, chairman of the subcommittee which considered the nomination, submitted a favorable report to the judiciary committee but administration senators joined in the suggestion to defer action pending further study of the protests of organized labor and negro organizations.

For the first time, the nomination received some attention on the senate floor. Senator Overman introduced some letters of endorsement of the jurist in the senate.

Senator Borah, republican, Idaho, was listed among the opponents of Judge Parker. He voted in opposition to confirmation as a member of the investigating subcommittee.

Senator Hebert, republican, Rhode Island, the other member of the subcommittee, joined Senator Overman for a favorable report.

Informed of resentments in the senate, President Hoover is standing by the nomination and has sent word back to the senate that objections against Parker will be answered.

New Moon Officers Gain Plant Control

ST. LOUIS, April 13. (AP)—Armed with a court order, new officers of the Moon Motor Car company, elected a special directors' meeting Saturday, took charge of the plant Monday after they had been denied admittance earlier by employees who arrived early and locked themselves in the offices.

The new officers, accompanied by policemen, entered the building through a window. They announced the factory would resume production tomorrow.

The court's order, which temporarily enjoined the interference by the old employees and officers, is returnable Thursday.

Her Fat Is Melting Fast Away

All over the world Kruschen salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 80c bottle of Kruschen salts at any drug store (lasts 4 weeks) with the distinct understanding that you must be satisfied with results or money back.

FIRE IS BELIEVED HELD IN VIRGINIA

RICHMOND, Va., April 13. (AP)—Fire fighters on far flung battle lines were believed to be gaining headway today in their fight against forest conflagrations in Virginia, which since Thursday are estimated to have swept 50,000 acres of timber lands in twenty counties.

Fires crept close to two villages, another had burned over more than 10,000 acres of land to grow into what wardens believed the largest fire in the state, and still another was reported gaining headway along the slope of Black Mountain, of the Purgatory range.

FUNDS SHORTAGE TO BE \$122,000

ST. LOUIS, April 13. (AP)—E. T. Miller vice president and general counsel of the Frisco railroad today estimated the alleged embezzlement of company funds by Oliver D. Chalmers, manager of the mail and traffic department of the system, will amount to "around \$122,000."

Chalmers, arrested Friday, is said to have confessed misappropriating about \$10,000 for gambling.

The audit of Chalmers' accounts was practically completed when he gave the \$122,000 amount. Miller said the checkup showed Chalmers' defalcations began in 1926 and continued for four years. The alleged embezzlements were of remittances by the St. Louis Globe-Democrat, St. Louis Post-Dispatch and the Kansas City Star to the railroad for carrying papers in baggage cars.

Ten Are Hurt When Cage Falls 4 Floors

CHATTANOOGA, Tenn., April 13. (AP)—Mayor E. D. Bass and nine others were hurt last night when an elevator at a local hotel fell from the fourth floor to the basement of the building.

The others injured were: Judge Nathan Bachman; Harvey Wilson, manager Richmond Hosiery Mills; Mark K. Wilson, contractor; Judge H. M. Allison, president of the Dixie Highway Association; E. E. Brownell, Philadelphia; Mr. W. T. Bartlett, and Gladys Patterson, congress operator of the elevator.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The wooden shoes the Tynmites saw, of course, filled everyone with awe. "How do they ever make them?" queried Clowzy. "Mercy me! Each one looks very, very neat and they would fit right on my feet. Let's go up to the workers where we all can plainly see."

At one place they all watched them chip wood into shape at quite a clip. At first the shoes were just long blocks and you would never think that into shoes they'd soon be made. Said Clowzy: "Say, aren't you afraid that you will cut yourself?" And then a worker gave one wink.

"Oh, no!" said he. "You see, we know just how each knife and saw should go. We've been hard at this sort of work for years and years and years. It's really all in knowing how. And, if you'll watch, you'll see right now, that we cut wood just like girls cut nice paper dolls with shears."

And he was right. The work was neat. Said Coppy: "Say you cannot beat the speed in which these shoes are made. They're turned out mighty fast. Some day I'm going to try a pair. I may fall down, but I don't care. They look so strong I'll bet that for a year or so they'd last."

Then Clowzy, with a good-sized pair began to walk and said: "I'm there! Just watch me, all you Tynmites. I'll show you how it's done." The others watched him for a spell and then they heard him loudly yell: "Hey, catch me!" And he took a flop which ended all his fun.

In just a little while their friend the Travel Man said: "This will end our visit here. Come on, let's go. We'll sleep up in some hay. I see a barn right near at hand and I am sure that will be grand." The Tynmites climbed into the barn and loudly cried: "Hurrah!"

(The Tynmites see a mill in the next story.)

WATERFRONT COMPRESSES LOSE OUT IN FIGHT FOR RATE DIFFERENCES

(By The Associated Press) WASHINGTON, April 15.—Cotton compresses and warehouses near the waterfront in the Supreme Court Monday in their effort to set aside an order of the Interstate Commerce Commission regulating rates on cotton, which they claimed gave illegal advantage to up-town competitors.

In April, 1927, the Interstate Commerce Commission put into effect an order providing that local and export rates on cotton from interior points in Arkansas, Oklahoma, Texas and Louisiana to Texas ports should be the same. The order was issued to remove undue prejudice and preference which the commission had found to exist under the old arrangement which had made export rates three cents per pound higher than local rates.

The fight in reality was between so-called waterfront cotton compresses and warehouses, located near the waterfront, which handled the cotton on local rates, and the up-town and interior competitors who handled it on the higher export rates.

The railroads challenged the order in the lower courts, but did not carry their fight into the supreme court. The downtown or so-called waterfront companies appealed to the highest court.

The court held that the suit brought by Alexander Sprunt and Sons, Inc., and other waterfront compresses and warehouses was untenable, and it ordered the lower court to dismiss the shippers' case because the railroads which had attacked the commission's order in the lower court had not joined in the appeal, and the shippers had failed to show an independent right which would have permitted them to bring the suit.

Granted by Chancellor J. H. Wallace, at Taxewell, the injunction named Professors M. G. Miller and E. Van N. Diller, Clay McCarroll, expelled president of the student body, and the professors' wives.

J. R. Ketron, attorney and university trustee, said that advising or directing the strikers, or in any other manner doing anything which authorities might construe as hindering operation of the university, would be a violation of the order.

Elimination Of Schools Likely

AUSTIN, April 15. (AP)—Efforts will be made by the state board of education to correlate the work of the educational institutions of the state as a means of cutting down overhead and duplication, it was decided at a meeting of the board here Monday. The plan was expected to be ready for action of the board before the drafting of the budget for 1932-33.

Claude Teer, chairman of the state board of control, recommended that the board of education take steps to eliminate certain schools with a view of building up stronger central units. He declared there was too much scattered effort and too much money expended to maintain numerous teachers' colleges.

He termed creation of the numerous teachers' colleges "pork barrel" legislation, declaring the system was developed through a series of legislative "swaps" between certain sections.

The blend that revolutionized smoking

THE INCOMPARABLE BLEND of Camel Cigarettes is probably the most important discovery in the history of smoking. It made cigarette smoking popular. Camel changed the smoking habits of the nation and has given pleasure to more millions of people than any other cigarette.

This exclusive blend assures in Camel a smoothness, a mildness and a mellow fragrance that cannot be imitated. It preserves all the excellent qualities of the choice tobaccos of which Camels are made and melds them all together into a delightful harmony of smoke pleasure. It sets Camel apart as a cigarette of distinctive character and provides for Camel smokers the very highest form of smoking luxury.

LEGAL NOTICE

ELECTION ORDER

On this the 24th day of March, A. D. 1930, the Commissioners of Lubbock County, Texas, convened in a regular session of the Court at the regular meeting place thereof in the Courthouse, at Lubbock, Texas, all members of the Court being present, to-wit:

W. D. Girand, Commissioner, Precinct No. 1; J. T. Pinkston, Commissioner, Precinct No. 2; W. L. Brantley, Commissioner, Precinct No. 3; L. C. Denton, Commissioner, Precinct No. 4.

and among other proceedings, passed the following order, to-wit:

WHEREAS, the County Commissioners' Court of the County of Lubbock, State of Texas, deems it advisable to issue bonds of said County of Lubbock for the purpose hereinafter stated.

THEREFORE, it is hereby ordered by the Commissioners' Court of Lubbock County, Texas, that an election be held in all the voting precincts of said County on Saturday, April 20th, 1930, at which election the following proposition shall be submitted to the qualified property taxpayers voters of said County:

Whether or not the bonds of said County, in the amount of \$250,000 shall be issued for the purposes of the erection of a county courthouse and jail, and which bonds may mature serially over forty years from their date and shall bear five percent interest per annum; and

Whether or not an ad valorem tax shall be annually levied upon the property of said County, subject to taxation for the purpose of paying the annual interest on said bonds and to provide a sinking fund to pay the bonds at maturity.

All persons who are legally qualified voters of this State and County, and who are resident property taxpayers of this County shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed upon the words:

"For the issuance of bonds" and those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds." Said election shall be held under the provisions of Chapters One and Two, Title 22, of the Revised Civil Statutes of the State of Texas, of 1925, and the manner of holding thereof shall be governed by the general laws relating to general elections in this State.

The polling places and presiding officers of said election shall be respectively as follows:

STOCKS DRIFT

IRREGULARLY

SELLING PRESSURE IS FELT ON MARKET; TOBACCO RISES

NEW YORK, April 15 (AP)—Stock prices drifted irregularly lower at the opening of today's market with utilities, oils and motors bearing the brunt of the early selling pressure.

American Tobacco "B" was an outstanding exception, opening 4 points higher at 241-1/2, a new high record, on buying influenced by expectations of an early stock split up.

Western Union dropped 3-1/2 points in reflection of an unsatisfactory quarterly report. American Locomotive sank below 70 to a new low for the year, A. M. Byers dropped 13-1/4 points.

Reactionary tendencies became more pronounced as trading progressed with selling extended to practically all leading groups. A few stocks moved against the general trend.

New York, Chicago and Manhattan Electrical Supply reaching new high ground.

Weakness of the copper shares had a disturbing effect on the general list. Kennecott broke below 51 to a new level for the year.

Railroad equipment shares also were weak. American Car & Foundry broke 33-4/8 points to 61-1/4, lowest since 1917.

U. S. Industrial Alcohol dropped to 91-1/2, lowest decline since 1927, to a new low of about 3 points.

Foreign exchanges opened easier, with sterling down 3-3/8 of a cent to \$4.86 1-4 in reflection of increased British taxes.

CHICAGO GRAIN

CHICAGO, April 15 (AP)—Influenced by relative strength of quotations at Liverpool, wheat here scored early gains today after a waning start.

Opening 58 off to 1-5/8, Chicago wheat futures underwent a slight further sag and then turned upward. Firmness developed also in corn, oats and provisions with corn starting at 3-8 decline to 1-8 advance, and subsequently losing.

DAILY MARKETS

LUBBOCK MARKETS

COTTON SHOWS LOSSES TODAY

CABLES LOWER THAN DUE; SLIGHT RALLY MADE

NEW ORLEANS, April 15 (AP)—Cotton opened easy in cables were much lower than due. First trades showed losses of 9 to 15 points, and although there was a rally of 6 to 7 points on shorts covering, prices soon eased off on liquidation of May in advance of the first notice day next week. There was more or less selling supposed for western account. May traded down to 15.57, July to 15.64 and October to 14.86, or 18 to 20 points below the previous close. At the end of the first hour the market was steady at the lows.

Following the early decline and rather liberal offerings in liquidation of May contracts in advance of notice, the market became quieter later. Prices on old crop months continued to ease off slightly, May dropping to 15.55 and July to 15.62, or 22 points under the previous close. October was comparatively steady, trading at 14.89, or only 15 points under yesterday's close. The market at noon was quiet.

DECLINE IS FROM 6 TO 11 IN NEW YORK

NEW YORK, April 15 (AP)—Cotton opened at a decline of 6 to 11 points under realizing or liquidation and scattered selling promoted by cable. There was some spot house buying of near months, but demand was less active than recently, which some regarded as indicating the bulk of the May short interest had either covered or prepared to make deliveries on contracts if necessary. This view may have led to some selling, while houses with foreign connections had a few selling orders and by the end of the first half hour, active months were 12 to 18 points net lower than the previous close.

The decline extended to 15.89 for May and 14.86 for new October later in the morning, making net losses of about 15 to 19 points on the general list. Offerings were not particularly heavy, however, and the setback brought in enough covering to steady the market, which showed rallies of some 5 to 7 points from the lowest at midday.

Coach Frnk remains as director of athletics and head coach; Keeling comes as assistant coach in basketball and basketball mentor; Swede McMurry has been employed to handle the high school reserve squad, known as the Pioneers, and Muie Davis will continue to command the junior high school forces.

At Austin College, Keeling lettered in football through the years 1923-25 and '26. He also won recognition in basketball and track, gaining eight letters in all.

For the past two years he has been assistant football coach and basketball mentor at Harlandale High school, San Antonio. His football teams have been runners-up both years in the district race and his basketball quintets went to the finals in the district both seasons.

He is described as an able leader and a hard worker and is regarded by Pete Caverton as one of the most outstanding athletes to ever attend Austin College.

AS UNCLE SAM MAKES WHISKY IN 1930!

After 10 years of national prohibition, whisky is again being made legally in the United States as 10 Kentucky distilleries have reopened to manufacture 1,200,000 gallons under government supervision, to be sold on doctors' prescriptions. These pictures show mash being mixed in a huge fermenting tub and a barrel of the first legal whisky made in America in a decade being drawn off at a Louisville distillery. However, it won't be available until 1934, at a most "age" for four years.

SLATON MAN CLAIMS DISTINCTION OF BEING FIRST PASSENGER AND LATER A DRIVER OF FIRST 6-CYLINDER AUTO

George H. Brown, of Slaton, has the distinction of having been a passenger and later a driver of what was perhaps the first six cylinder motor car built in America.

The eventful occasion was at Slaton, where Brown was reared, in 1904.

Citizens Alarmed Then the Scurry county citizens became alarmed over these two strange vehicles, "which were hazardous life and property." Automobiles were barred from the roads in that county under a resolution passed by citizens.

Chenoweth claims to be the real inventor of the six cylinder gas motor," said Mr. Brown. "He finally contracted with a shop at Logansport, Ind., to build two motors early in 1904, after trying several manufacturers. These motors were put in bus frames at the St. Louis shop later."

Started Second Line After Scurry county citizens protested, the two men removed the cars to Big Spring and established a line between that city and Lamesa.

Chenoweth, who has realized practically no remuneration from the wealthy industry which he claims to have initiated, says that the passenger line was a financial failure. "People were afraid to ride on them," he related several years ago in an article published in the Dallas News, "because they expected momentarily to be blown up, or feared the thing would run away and kill the whole bunch. After we had run them a year we brought one of them to Fort Worth and sold it to the late Neil P. Anderson, cotton man, as a one-ton truck."

That was the first truck Fort Worth ever saw. It was used to haul milk and feed to and from the Alta Vista farm."

Makes 25 Miles Hour The Arlington man began early to concentrate on a horseless carriage that would travel 25 miles an hour.

"We have no faith in gasoline engines for automobile work," the Springfield Gas Engine company, of Springfield, Ohio, wrote Chenoweth when the idea was in its infancy.

Another manufacturer wrote: "Gas engines can not very well be used for the purpose of driving automobiles."

Chenoweth was told to stop mixing his drinks when he stated at a banquet in St. Louis that in a few years there would be no horse-drawn vehicles on the road.

The first two license receipts ever issued in Texas for motor cars are still in Chenoweth's possession. They cost 50 cents each.

Texas Barber Law Attacked In Suit

WAXAHACHIE, April 15.—Seeking to have declared unconstitutional the Texas barber license law, a suit for a permanent injunction was filed in Judge Tom Ball's court here today.

Joe Thompson, Waxahachie barber, was named as the plaintiff and County Attorney A. D. Emerson, Gov. Dan Moody, Attorney General Bobbitt and members of the Texas board of barber examiners were cited as defendants.

Trial was set for April 18.

TOO FAR AWAY

He Prefers Vienna To Chicago

CHICAGO, April 15.—(AP)—Vienna is a long way from Chicago, but it's none too far away to suit Mathias Riger, who told his wife he wouldn't come here because he was afraid he would be shot down by gunmen.

Mrs. Riger, who came here from Vienna in 1923, and learned to like the place, told Judge Williams her story in petitioning for a divorce. She got it.

Plane Escapes Near Crash On Mountain

YUMA, Ariz., April 15.—An airplane carrying C. G. Julian, former Los Angeles oil promoter, was forced down here today, narrowly escaping a crash against a mountain side when an oil line became plugged. Julian was enroute to Los Angeles from his home in Oklahoma City.

He said he has been summoned to Los Angeles to testify before the county grand jury.

After making emergency repairs, the ship left here for Los Angeles.

POSSIBLE CATCHES ANDIT PARMA, Idaho, April 15.—Ten minutes after he held up the First National bank of Parma of \$3,000 Monday, Everett Stillings, 46, of Parma, was run down by a posse. He shot himself through the head and was reported dying.

INTEREST SHOWN IN REVIVAL HERE

Increasing interest has been manifested in the West End revival which is being held in Cheri-Casa each evening and will continue through the week.

Rev. Boyd P. Milburn is conducting the services and W. D. Ewing, The student, is leading the singing with Miss Yarda Gaines at the piano.

"The Meaning of Salvation" was the subject discussed last night. The text was chosen from Luke 19:9. "Today is salvation come to this house," with the minister giving the Biblical interpretation of the word salvation.

"When justice has been satisfied, love honored and God glorified then indeed salvation has come," he said.

Tonight Rev. Milburn will preach on "Love—the Law of Life" and the subject for Wednesday evening has been announced as "What Think Ye of Christ?"

Improvements?

NEW YORK — Only about 2,000 sailors a month are turned away from the Seaman's Church Institute now because of intoxication. In revealing this to the woman's committee for law enforcement, the Rev. Douglas Matthews, chaplain of the institute, said there had been great improvement on the waterfront, before prohibition it was unusual to find a seaman sober.

YOUTHS, 15 TO 20. HELD FOR MURDER

"Jersey justice" will seek to place on the three boys pictured above the guilt for the \$450 murder of former Councilman John Hayden of Elizabeth, N. J., who was robbed of that sum and beaten to death in an automobile. Probably the youngest person ever indicted for murder in New Jersey is 15-year-old George Daniecki who is shown at the top with Anna Oeswick, 17. She was found with the youths after they had been trailed to Manassas, Va. William Gallagher, 20, lower right, and William Garry, 16, lower left, also have been indicted.

MAN SITTING IN YOUR AUTOMOBILE IS LIABLE TO FINE OR JAIL SENTENCE, COUNTY ATTORNEY WILSON DECLARES

If a man is sitting in your automobile without your permission, you could have him fined or sent to jail, according to Texas laws, County Attorney Vaughn Wilson says.

Texas has a law that makes "tampering with" or even "climbing into" an automobile a misdemeanor, punishable by heavy fine or jail sentence.

The law was drafted, Mr. Wilson said, because of the difficulty experienced in getting convictions of persons who were known to have been attempting auto theft.

"There was a time when the owner of a car knew beyond a reasonable doubt that someone was trying to steal his car, but all he could swear to would be that he saw a man sitting in the automobile."

"To take care of such a case, the legislature a few years ago passed the law which made it necessary for the owner of a car to find another man sitting in his vehicle. That, in itself, constitutes a separate offense."

REVIEW OF THE WEEK'S FOREIGN NEWS

BY CHESTER L. SHAW, Cable Editor, The Associated Press

After three months of weary negotiations the London naval conference drew towards its close today. Friendly critics acclaimed a partial success, with agreement on limitation and reduction attained between Great Britain, Japan and America. French and Italian differences on limitation remained unsettled, and the three power agreement figures are contingent upon those two countries keeping their naval programs down.

Mahatma Gandhi continued to preach his campaign of civil disobedience in India unmolested last week, although the government was postponing many of his followers. The campaign centers in the manufacture of salt from sea water in violation of the law. The police have contented themselves principally with breaking up the demonstrations, but they are giving stiff jail sentences to those Gandhi followers whom they deem dangerous.

The Tokyo stock exchange was forced to close Friday, the authorities attributing it to private market speculation. The country has suffered from trade depression for some time.

You will find lasting protection in the new fitted, softer Kotex

KOTEX deodorizes, keeps you feel dainty, fresh, immaculate at times when that is doubly important. It is fashioned to fit securely.

KOTEX is so soft, so comfortable after hours of wear. This is because of the unusual substance of which it is made... Cellucotton (not cotton) absorbent wadding, the same material used today by 85% of our great hospitals.

Cellucotton is a cellulose substance which, for sanitary purposes, performs the same function as the softest of cotton, but with five times the absorbency.

And don't forget that Kotex is easily disposable. Kotex Company, Chicago, Illinois.

A small quantity of liquor was confiscated by the officers in the raid and Eubanks' bond was set by Justice of Peace O. R. Scott.

Eubanks was said by officers to have been operator of Murphy's cafe, on north Avenue H.

EULOGY GIVEN ON THOMAS JEFFERSON

WASHINGTON, April 15. (AP)—In a radio-address climaxed the nation-wide birthday anniversary celebration of the author of the declaration of independence, Dr. Edwin A. Alderman, president of the University of Virginia last night pictured Thomas Jefferson as a "glorious, intelligent radical."

"Thomas Jefferson," he said, "may be described as a world force. His name is on the lips of aspiration everywhere, moving men to gain freedom and teaching men how to keep freedom when they have gained it."

"Jefferson, in my judgement, was the first great intelligent radical to appear in the political history of this country. Some people do not like the word radical for it is associated in a menacing way in
