Should Attend the Program  
Sunday and Monday

March 31-April 5, which marks  
fifth anniversary of the birth  
of the Civilian Conservation Corps.  
The fittingly observed with ap-  
propriate ceremonies in every  
part of the United States and its  
possessions.

Series of entertainments are  
being held at the Perryton CCC Camp.  
Mr. G. W. Coffman Jr., Camp  
Commander, and D. E. Aubrey, super-  
intendent for the Soil Conservation  
Service, plan to show the people of  
North Panhandle what the en-  
joyment in the Perryton Camp are  
and how they are housed and fed as  
well as the educational facilities  
provided for them.

Friday night, enrollees and  
guests will enjoy a dance. Spec-  
tacular entertainment will be furnished  
by permission of Jake Erskine, im-  
itating a girl ballet dancer.

Today, April 3, will be "open  
house" at the camp from 1:00 to 5:00  
p.m. Captain Coffman, Lt. Scar-  
lett and the Camp personnel will  
show and show the visitors  
all buildings, including edu-  
cational and recreation buildings  
and exhibits of the enrollees' work  
shown. Every one in this area  
make a special effort to visit  
camp, and meet the officers and

### SONIC MEET FRIDAY NIGHT

MEMBERS FROM ALL LODGES IN  
DISTRICT EXPECTED AT  
SPECIAL MEETING  
LOCAL LODGE

Members form every lodge in the  
district are expected to attend the  
special meeting called meeting  
at the local lodge No. 910, A. F.  
M., Friday evening, April 1.  
Officers and members will occupy  
chairs during the conferring of  
degrees. The elaborate and  
ceremonial robes of the Wheel-  
wright lodge will be used in the rit-  
ual work.

Mr. Jones, Amarillo, a member  
of the examining committee of the  
lodge of Texas, will be a  
guest and the principal  
speaker. Word has been received  
from Miami, Canadian, Glazier,  
Hansford, Pollett, Darrouzett, Booker,  
Hansford, and Borger indicating  
that all of these lodges were sending  
delegations.

### CHAUFFEURS LICENSE EX- AMS NEXT MONDAY NITE

Deputy Sheriff Fred Huston  
announces that arrangements  
have been made for Texas State  
Highway patrolmen to hold ex-  
aminations for persons desiring  
to obtain chauffeur's licenses on  
Monday night, April 4, at the  
courthouse. They will also be in  
Sheriff Talley's offices on Tues-  
day morning. This Monday night  
date was arranged for persons  
whose work prevents them from  
taking the examination during the  
daytime. There are a number  
of men employed on highway  
work as chauffeurs who will ben-  
efit from this arrangement.

### CURB PROJECT A POSSIBILITY

WPA PROJECT FOR CURBING ON  
UNPAVED STREETS WOULD  
INCREASE THE VALUE  
OF CITY LOTS

According to Mayor C. E. Forbes,  
the City of Perryton may obtain a  
WPA project to curb and gutter un-  
paved streets. Before such a project  
would be approved by the Works  
Progress Administration, the City  
must obtain the necessary coopera-  
tion from property owners.

This project would provide for  
concrete curbs and gutters along the  
unpaved streets of Perryton. The  
property owner would be required to  
pay only a part of the actual cost  
of material used. All work  
would be done by WPA labor  
and the city would carry the remain-  
der of the expense. Mayor Forbes  
estimates that the total cost of ma-  
terial for curbing along a 150 foot lot  
would be less than \$50.

Interested property owners should  
contact Mr. Forbes at once. He states  
that he will be glad to discuss the  
matter with any one desiring details.  
There is nothing to be signed up and  
there would be no lien against prop-  
erty.

### BAPTIST START REVIVAL MEET

TWO WEEKS SERIES OF REVIV-  
AL SERVICES WILL OPEN  
SUNDAY AT FIRST BAP-  
TIST CHURCH

Rev. S. R. McClung, pastor of the  
First Baptist Church of this city,  
announced this morning that his  
church decided Wednesday evening  
to hold a two weeks series of revival  
meetings, the first to be held  
Sunday morning, April 3. Services  
will be held daily during the course  
of the two weeks meeting.

Rev. McClung states that arrange-  
ments are being made for bringing  
a pastor of repute to Perryton to  
lead the preaching in this meeting.  
Special music is being provided for  
the services. A cordial invitation is  
extended to people of all denomina-  
tions to join this meeting.

Larkin Reagan returned home  
Saturday from a two weeks vacation  
in Mexico.

## Drilling is Halted at Norris Well; Test is Down 6275 Ft.

Drilling was temporarily sus-  
pended at the W. R. Norris oil test in  
the southeast part of Ochiltree county  
when expected oil production failed  
to develop at around 6,000 ft. Drill-  
ing was stopped yesterday afternoon  
with the well at a depth of 6,275 ft.  
Approximately 250 ft. of casing was  
put down after reaching the 6,000  
ft. level.

According to James R. Macdon,  
Denver, Colo., who has financed the  
operation on a block of more than  
100,000 acres, negotiations now are  
pending for carrying the well on  
down to 8,000 ft. unless commercial  
production is found at a lesser depth.  
Some of the major oil companies are  
expected to participate in drilling  
the well deeper.

Mr. Macdon states that if nothing

### GOLF TOURNEY HERE APR. 24-5

IMPROVEMENTS BEING MADE  
ON LOCAL COURSE; TRO-  
PHIES AND MEDALS TO  
THE WINNERS

"Sunday and Monday, April 24  
and 25 have been set as the dates  
for the Perryton Golf Club invita-  
tion tournament," said Virby Con-  
ley, secretary of the local club.

Extensive improvements are being  
made at the present time on the  
local course, south of town, and at  
the completion of this work, the  
9-hole route will be one of the fast-  
est courses in the Texas Panhandle.

Invitations are expected to be in  
the mails within the next day or  
two to every club in the eastern  
part of the Texas Panhandle, the  
Oklahoma Panhandle, and the west-  
ern part of Oklahoma.

With the natural hazards which  
the local course presents, together  
with the improvements being made,  
will give fans the fullest two days  
of thrills imaginable. Greens, trees  
and the tricky fairways will add to  
the large greens.

The club officials are planning  
for at least five flights with ap-  
propriate trophies and medals to  
the winners and runners-up, also  
to the winner of the consolation  
flight.

The play Sunday will consist of  
match play for 18 holes, and with  
the weather permitting, Monday's  
play in the finals will be over a 36-  
hole route, match play.

Mr. Conley says "In case some  
fan isn't at the present time as-  
sociated with any of the clubs on  
this list, and doesn't receive an in-  
vitation personally or through the  
club for them to come along and  
enjoy the play, and hospitality of  
the Perryton club.

### ELECT SCHOOL TRUSTEES SAT.

TWO MEMBERS OF PERRYTON  
INDEPENDENT SCHOOL BOARD  
TO BE NAMED IN SAT-  
URDAY ELECTION

The regular annual election for  
the purpose of selecting trustees for  
the Perryton Independent School  
District board will be held Saturday,  
April 2, with polling places at Farn-  
sworth and Perryton schools. Sam  
Hergert and J. N. Conley will have  
charge of the election at the Perry-  
ton box, and L. R. Conner will pre-  
side at Farnsworth.

Two trustees to serve for three  
year terms will be elected. Names of  
candidates who will appear on the  
official ballot are Mrs. H. C. Brill-  
hart, A. J. Kelly, Calvin Flowers and  
E. B. Geyer. The two retiring mem-  
bers of the board are Calvin Flowers  
and A. J. Kelly.

Holdover members with one and  
two years yet to serve are Ollie Mor-  
ris, R. P. Garrison, W. C. Bryan, J.  
H. Neufeld and Dr. Manse Wood.

Lt. Harry Jacobson, Lubbock, Sub-  
District surgeon for CCC, was mak-  
ing sanitary inspection of Company  
2874, on Thursday, March 24.

### Seventh Grade Night

Students and Teachers Entertain  
Parents at School Cafeteria  
Tuesday Eve, April 5

Parents of the boys and girls in  
the seventh grade of the Perryton  
school will have an opportunity to  
meet the teachers and view the  
work of their children. Tuesday  
evening, April 5. A pot-luck supper  
will be served at 7:30 in the school  
cafeteria.

Following the meal and social  
hour, the program will be in charge  
of E. D. Kelley, principal of junior  
high, and Misses Lida Beasley and  
Betsy Wilson, teachers. Cooperating  
with the teachers and sponsoring  
the demonstration are the room  
mothers, Mrs. P. E. Gidley, Mrs. H.  
C. Brillhart, Mrs. T. R. Murray and  
Mrs. Viva Buckhaults.

### FORMER OCHILTREE RES- IDENT DIES AT GLAZIER

J. B. Stewart, who will be remem-  
bered by old-time residents as Ben  
Stewart, died at his home northwest  
of Glazier, March 16. He was widely  
known throughout this territory. He  
operated a poolhall at old Ochiltree.  
Besides his wife, Mr. Stewart is sur-  
vived by a daughter, Myrtle, living  
in Amarillo. The daughter, Mrs.  
Clyde Russell, and family, lived in  
Perryton several years ago.

### APRIL 3-10 IS CLEAN-UP WEEK

EVERY PERRYTON CITIZEN IS  
ASKED TO COOPERATE IN  
CLEAN-UP; TRUCKS TO  
COLLECT TRASH

The week of April 3-10 has been  
proclaimed State Clean-Up and  
Paint-Up Week by Governor James  
V. Allred in an official proclamation.  
Mayor C. E. Forbes has also  
proclaimed it City Clean-Up Week.

This state and city-wide clean-up  
campaign will facilitate public  
health protection, lessen fire loss,  
and promote public safety. Homes  
and buildings freshly painted, with  
well kept lawns, gardens and yards,  
increase values and intensify com-  
munity interest.

The advantages of Clean-Up  
Week are obvious: will make Per-  
ryton a healthier, cleaner place in  
which to live. Every Perryton citi-  
zen should have enough pride in his  
home town to do his part in this  
campaign. Cleanliness creates confi-  
dence.

Mayor Forbes and the city officials  
ask that every individual and  
all organizations assist in making  
this campaign a success.

All trash stacked in the alley will  
be picked up the last of the week  
by city trucks.

### Buys Stump Supply

Perryton Motor Supply Expands  
With Addition of Complete  
Tractor Repair Service

An improvement on Perryton's  
facilities for being the best trading  
center in this part of the Panhandle  
was disclosed this week by the pur-  
chase by the Perryton Motor Supply  
Company of the Stump Supply. The  
deal for the entire stock was com-  
pleted during the first part of March.

Having the distinction of being  
the only wholesale jobber for motor  
and tractor replacement parts in  
this part of the Panhandle, the Per-  
ryton Motor Supply has grown by  
leaps and bounds since its founding  
in 1934 by T. O. Patton, until at  
the present time it is recognized as  
handling one of the most complete  
lines of Nationally known parts,  
serving this trade center. Other  
lines beside tractor and motor parts  
are Delco-Remy electrical supplies,  
batteries, radiators, etc.

Henry Richardson, former man-  
ager of the Stump Supply, has ac-  
cepted a position with the firm.  
Work is being done on the interior  
shelving space to accommodate the  
new tractor parts.

With the combination of the two  
firms Perryton and surrounding  
communities may now obtain any-  
thing needed in repairing machin-  
ery at a moments notice.

### BUSINESS FIRMS PUSH IMPROVEMENT CAMPAIGN

Perryton building material, hard-  
ware and paint, plumbing and  
electrical dealers; cleaners and  
the Chamber of Commerce are co-  
operating one hundred per cent  
with the state and city govern-  
ments in the sponsorship of the  
clean-up, paint-up, and general  
improvement week starting April  
3 and closing April 10. Elsewhere  
in this issue will be found two  
entire pages dedicated to this  
most worthy program. These  
merchants will be glad to consult  
with property owners regarding  
any improvements to their home  
and business houses. There is  
more building, painting, and re-  
modeling under way now in the  
Perryton community than there  
has been for many years, and no  
small credit for this improvement  
program is due to the full coopera-  
tion and advice of Perryton  
merchants who specialize in  
building and household services.

### CITY ELECTION NEXT TUESDAY

THREE ALDERMEN FOR TWO  
YEAR TERM TO BE SELECT-  
ED IN CITY ELECTION ON  
APRIL FIFTH

With no contests in sight, the  
regular annual Perryton city elec-  
tion on Tuesday, April 5, promises  
to be a quiet affair. Three alder-  
men to serve two-year terms will  
be named. On the official ballot  
will appear the names of G. T.  
Leatherman, W. E. McMillen, and  
Sam Hergert, all three now serving  
on the city council and candidates  
for re-election. No other officials  
are to be elected this year.

Holdover aldermen with one more  
year to serve are Howard Holt and  
F. F. Dodson. Mayor C. E. Forbes,  
and City Clerk J. C. Beever also  
have another year to serve.

Officials of the election which will  
be held at the city hall are J. N.  
Conley, presiding judge; H. P. Rich-  
ardson, judge; and Cecil Dodd and  
Viola Glaspie, clerks.

### Templars Here Easter

Canadian Commandry Designates  
Perryton as Official Easter  
Service Host City

Knights Templars of Perryton who  
are members of the Canadian Com-  
mandry will be hosts to all members  
of the Commandry and their ladies  
on Easter Sunday, April 17, when the  
official Easter services are held in  
this city at the First Baptist Church.

Rev. A. F. Loftin, pastor of the  
Spearman Baptist Church, and a  
member of the Commandry, will be  
the speaker. The special service is  
open to the public and it is expected  
that other churches will disburse their  
regular morning services and attend  
the services at the Baptist Church.

All visiting Sir Knights and their  
ladies will be guests of the local  
members at a noon hour dinner at  
the Hotel Perryton. Audie Conley is  
in charge of general arrangements  
for the service.

## Ochiltree 4th in AAA Bene- fits for the Panhandle-Plains

Payments to Texas farmers under  
the 1936 agricultural conservation  
program, up to November 30, 1937,  
were \$37,559,401, the Agricultural Ad-  
justment Administration announced  
last Friday. Ochiltree ranked fourth  
in benefits granted to 33 anhandle-  
Plains counties.

This figure includes county ex-  
penses which are deducted from pay-  
ments to farmers. Each farmer pays  
his pro rata share of the amount  
expended in the county.

To administer the program in the  
state, a total of \$1,066,709 was spent  
on the Texas AAA office. This cost,  
however, was deducted from pay-  
ments to farmers.

Hale County led the Panhandle-  
Plains territory in receipts with a  
total of \$523,945.17. High for the state

## SUNDAY RAIN BRINGS PRE- CIPITATION FOR MARCH TO 1.39 INCHES; BRIGHTENS PROSPECTS

February and March Moisture Totals 2.71 Inches;  
Wheat Prospects are Best in Many Years  
And Season in Ground for Row Crops

### COVERED ENTIRE PERRYTON AREA

With every part of the Perryton area soaked with the fine slow rain  
that fell Sunday afternoon and night, farmers and business men are in a  
most optimistic mood. The rain started falling about noon and continued  
far into the night. The official measurement in this city was .93 inch but  
other parts of this section report slightly more.

### JUST HERE and THERE

The Amarillo Times charges that  
Amarillo High School students are  
being told by classroom lecturers  
that Hitler has a better form of  
government in Germany than ours  
and that America will have the  
same form in a few years. If such  
is the case, then the Amarillo  
school board should fire these  
teachers of Nazism without delay.

There is entirely too many long-  
haired "ism" teachers in our  
schools and colleges. We have serv-  
ed on the Americanism Committee  
at the last three national conven-  
tions of the American Legion and  
received from reliable sources re-  
ports of subversive teachings and  
activities in our institutions of  
learning. There is no room for but  
the teaching of one kind of "ism"  
in the United States and that is  
Americanism. Don't pay out good  
American tax dollars to teachers  
of foreign "isms".

The City of Perryton has had a  
large force of men employed this  
week painting parking lines in the  
business district. In addition to the  
spaces at the curb line, the "park-  
ing lot" in the center of Main  
Street has also been repainted with  
bright orange dominating the  
color scheme. Those pioneer citi-  
zens who were responsible for Per-  
ryton's wide Main Street little  
realized when they visioned this  
beautiful wide street that it would  
make such a fine parking lot.

Large cities of this United States  
should really consider the advan-  
tages of this center parking. They  
could chop off the fronts of build-  
ings, widen the streets, park the  
autos in the center.

Voters of the Perryton Indepen-  
dent School District will go to the  
polls Saturday to choose two trust-  
ees for three year terms. The  
names of four candidates will ap-  
pear on the ballot and any two of  
the four will make valuable mem-  
bers of the board. Every eligible  
voter should have enough interest  
in the affairs of their school to  
register their choice in this elec-  
tion.

And we have another election  
coming up next Tuesday when  
three aldermen will be named to  
the Perryton city council. The  
names of three men, all of them  
now serving on the council, will  
See No. 3, Back Page

This brings the total moisture for  
March to 1.39 inches, 46 inch fell on  
March 8. This brings the total rain-  
fall for February and March to 2.71  
inches, much greater than the aver-  
age for the past few years. The aver-  
age March rainfall for the past 14  
years is 1.24 inches; for the past five  
years it is only .71. The 14 year aver-  
age for February is .62, so the 1938  
rainfall for these two months is  
considerably above the average.

### Ask Road Designation

Hansford County Wants State Road  
From Spearman to Stratford  
And Seek Designation

The entire Hansford county Com-  
missioners' court and members of  
Spearman county court were in Aus-  
tin Monday for a hearing with the  
state highway commission. The of-  
ficials made a plea to designate the  
road from Spearman to Stratford  
as a State highway. Hansford of-  
ficials report favorable reaction, and  
believe the road will be designated  
in the near future. Just as soon as  
the road is designated, work will  
likely begin on constructing a bridge  
across the Coldwater creek.—Spear-  
man Reporter.

### FALL FOOTBALL GAME SCHEDULE

OTIS BURK ANNOUNCES TEAMS  
AND DATES FOR PERRYTON  
RANGERS, BEGINNING  
SEPTEMBER 16

Prospects are good for Perryton  
to have a winning football team  
this fall. Forty-two boys are re-  
porting for spring practice. Otis  
Burk, coach for the Rangers, is op-  
timistic and states that more en-  
thusiasm is being shown than in  
previous training periods.

Eight games have been matched  
for this fall. Five of these will be  
played on Ragner field. The sched-  
ule as announced by Coach Burk:  
September 16, Phillips—there.  
September 23, Dalhart—here.  
September 30, Mobetie—here.  
October 7, Shattuck—here.  
October 14, Follett—there.  
October 21, Higgins—here.  
October 28, Open date.  
November 4, Canadian—here.  
November 11, Spearman—there.  
Conference games are those play-  
ed with Follett, Higgins, Canadian  
and Spearman.

### START WORK ON DAM IN HEMPHILL COUNTY

Work of moving dirt for the dam  
proper at Boggy Creek water con-  
servation project started Thursday,  
March 17. Men have been at work  
there since March 1, clearing brush  
and digging test pits. Actual work  
of moving dirt for the dam proper, how-  
ever, did not start until last week,  
it was announced. The entire Hemphill  
County list of men available will be  
used on the project.—Canadian Rec-  
ord.

## LETTERS from OUR READERS

The Herald will print communications that are acceptable to it. They must be free of libel and personal abuse. Short ones will be given preference. Author's names must be signed to manuscript and their addresses must be given. Only original communications addressed to The Herald will be printed; open letters or letters otherwise addressed to various persons in public life are not acceptable.

From Mexico City comes another interesting letter from A. P. Spicer who has been doing special work in Mexico the past year. Mr. Spicer has been stationed at Monterrey for several months, but went to Mexico City the first part of this month. His letters are always educational, telling of the customs and habits of Mexico. The following letter was written from Mexico City on March 10:

"We did Monterrey up quite thoroughly in the year or more there so last Monday we lit out in the old Buick for a point some 635 miles further south and thus you find us lounging around Mexico City—in a much different world than the previous stopping place, too.

"The drive here was the most interesting I ever undertook, and I dare say it is one of the most remarkable drives in the world. We didn't leave Monterrey until after dark and just as we started off through the mountains terrific thunderstorms came upon us. We could drive carefully for only three hours as it poured steadily all night and so we made our first camp in Linares only 82 miles away with a Mexican family. All including two small boys, came into our room just to stare and talk while the beds were being made up. Quite an event in their lives. Discovered later the boys slept on the floor.

"The next day was just steady driving mostly through orange belt, low, lush greenlands, humid and sultry with moisture and thick with undergrowth. That night we ended up in a mountain town, Tamaulipas (pronounced 'Thomas-and-Charlie' by the tourists).

"To a north plains farmer this would perhaps be the most curious section of the world. For, in sharp contrast to our method of farming in the Panhandle, you find the Indians cultivating land to the very mountain tops. From an elevation, the view is one of many tracts meeting all over the distant hills at every conceivable angle. I guess that some of these farms must be at angles of 45 degrees, but figured that home folks would be skeptical so studied them carefully and decided that some I saw were of even a greater slant than 45 degrees. I took photos to prove the point.

"Having seen planted slopes in Kentucky and Tennessee that started one's imagination as to how they were farmed I was informed that the mountaineer sat on one hill and filling his shotgun with corn, placed the seed on the opposite slope, and so I've concluded that the farmer in these parts must be a paper-hanger.

"At one stop-over I made friends with two honey bears and a young buck deer. The latter was extremely playful and would tear back and forth in the tall grass among the trees; would try out his budding horns on my hand, and pose for pictures.

"On the last day, for more than one hundred miles it is just one steady climb of treacherous mountain roads until an elevation of 8,200 feet is reached, more than a mile and a half into the sky. By night time, when one gets to bed, no wonder he feels like a snake, for I don't imagine any road in the world compares with the twists and turns, the ups and downs, the hairpin curves and precipitous drops that this road presents. Some of the curves are so short and abrupt that the bankings are above 30 degrees and it seems as though the car would be twisted out of shape. With all the corkscrew angles, however, the road at present is in very good shape. There is but little to be finished, and the spring-type of guard rail is being installed in many places so that the hazards are greatly reduced. It's a dangerous road to the driving fools as evidenced by some of the most terrible wrecks I've ever seen, but to the cautious driver it's a beautiful experience.

"The city itself is quite apart from the rest of Mexico. Large, teeming with population and rash autoists, possessing huge buildings of interesting architecture, and well-kept stores of all kinds. As far south as it is the eerie figures of two snow-capped mountains poke up almost unbelievably in the near distance.

These beautiful ghost-like phantoms are known as Ixtaccihuatl and Popocatepetl, the latter popularly known as 'General Pops'.

"All along the roads one passes hundreds of natives walking dozens of miles away from any village, some with huge loads on their backs partly supported by a head band. The general costume seems to be a sort of white pajama. Nearly all are in their bare feet, and if there is a man, woman and baby, the woman is always carrying the child even though daddy has nothing to lug.

"One sight that impressed me at the 'top of the world', the highest point on the road, was a field of several sections containing nothing but huge cactus, cultivated and as evenly laid out as hills of corn. This is grown for two things, tequila, their national drink, and for fibre from which ope is made.

"Crossing the flats that lead to the city we bumped into two more storms, and so today took it easy to rest up. Went about town to see how easy it is to get lost; visited a few acquaintances made in other parts of Mexico; and looked over Maximilian's palace. He may have been foolish to have come to Mexico to be emperor, but he sure knew how to pick the right spot for a home. It is a most wonderful location atop a hill in what is now known as Chapultepec Park.

"The massive cathedral, the largest on the American continent, was filled with all classes of people. One of its bells weighs 27,000 pounds.

"I expect to do a little more work here and tour around for a few weeks, so soon I may have a little more to write you about.

Sincerely yours,  
Del Spicer

### CHRISTIAN SCIENCE

"Unreality" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, April 3.

The Golden Text is: 'The world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever' (1 John 2:17).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: 'Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him' (1 Corinthians 2:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, 'Science and Health with Key to the Scriptures' by Mary Baker Eddy: 'Now, cried the apostle, is the day of salvation, meaning, not that now men must prepare for a future salvation, or safety, but that now is the time in which to experience that salvation in spirit and in life' (page 39).

### JUNIOR C. OF C. ENDING DRIVE ON MONDAY EVENING

The last meeting during the membership drive of the Junior Chamber of Commerce will be held in the Hotel Perryton on Monday night April 4 at 8 p. m. At the present time the 'Popeyes' are ahead of the opposing sides to determine who will treat the winners of the contest. With the total membership almost doubled during the drive the stag party planned for the group in April promises to be a gala affair. Anyone wishing to become a member of the organization may do so at any time. Qualifications are that applicants be between the ages of 18 and 35.

## Education is Theme

Of Parent-Teacher Gathering At High School Building On Monday Eve, March 28

"He who leaves his life to chance leaves it to lottery" thus we need to make place for spiritual training in education or that part of education is left to lottery," said Rev. S. R. McClung in his talk on "Education for Spiritual Values" at the March meeting of the Perryton Parent-Teacher association at the school auditorium Monday night.

Miss Nellie Perry gave a most interesting paper on "Humane Education" and in her clever manner brought out that "education today must draw away from the horse and buggy days to the new streamline ways; to be truly humane we must be kind to all things. Highlights from the Educators meet at Canyon were given by several of the teachers and parent teacher members who attended. Addison Cutter led the audience in a sing song at the beginning of the program. Carol Lawrence, Verlin Dale Hartman and Lela Beth Trolinger, pupils of Mrs. R. L. Duke's expression class, gave entertaining numbers.

The attendance picture was won by the third grade.

## SPECIAL PROGRAM AT METHODIST CHURCH SUNDAY NITE

Reverend W. B. Vaughn announces that a special program is being arranged for the service Sunday at 7:45 p. m. This program will be in the form of a play and is under the direction of Mrs. Rufus Boerjack. It will be interesting and helpful.

The regular Sunday School services will be held at 9:45 a. m., preaching at 11 a. m. and the Young People will meet at 7 p. m. All are invited to attend the services and to be present and enjoy the play.

John Merriman, editor of the Higgins News, was in Perryton Saturday renewing acquaintances. Mrs. Merriman and daughter remained in Booker to visit with her parents.

Mr. and Mrs. W. E. Perry, proprietors of the Perry Studio, are in San Antonio this week attending the state photographers convention. They left Friday and visited with Mrs. Perry's sisters in Fort Worth and Dallas and with their parents and other relatives in Hico and Hamilton. Their daughter, Jane, accompanied them and will spend the week with her grandmother in Hamilton.

Mrs. Arthur Maxwell and daughter, Norma, of Darrouzett visited from Thursday until Saturday with her parents Mr. and Mrs. B. A. Johnson. Mr. Maxwell joined them Saturday and they were guests for the night and Sunday with Mr. and Mrs. Guy Vinton of the Gray, Okla. community.

Mr. and Mrs. Floyd Baltzell and children, LaMoine and Charles, were Sunday guests of the Clifford Beck family.

## JUDGING TEAM PLACES SECOND

PERRYTON POULTRY TEAM IS  
SECOND IN FUTURE FARMERS  
CONTESTS HELD  
LAST SATURDAY

The Perryton High School poultry judging team placed second in the Pampa Future Farmers of America judging contests, Saturday, March 26. C. H. Williams, Perryton vocational instructor, accompanied local members to Pampa.

About 150 boys participated in the various contests. Dale McLain was fourth high point man and H. D. Hearn was sixth high point man in the poultry contest.

Twelve boys from Perryton entered the Pampa contests. They were Harry Reimer, Clyde Skinner, Wayne Gyger, Clyde Flowers, W. H. Barker, Roger Tandy, Dale McLain, H. D. Hearn, John Hardy, Joe Buckhaults, David Burger and Byron Tevis.

Harry Reimer, Clyde Skinner, Wayne Gyger, and Clyde Flowers took part in the dairy cattle judging. W. H. Barker and Roger Tandy entered the livestock contest, and Dale McLain, H. D. Hearn, John Hardy, Joe Buckhaults, David Burger, and Byron Tevis participated in the poultry contest.

On April 8 the poultry judging team will take part in an area P. F. A. judging contest at Lubbock. About 1,000 boys will take part in the various contests at Lubbock.

## Hi-Y Conference

Perryton High School Hi-Y Club  
Planning to be at Amarillo  
Meeting April 8-10

Members of the Perryton Hi-Y Club will attend the Northwest Texas Older Boys' Conference, April 8-10, in Amarillo. Boys will be present from the Panhandle and South Plains of Texas and Eastern New Mexico.

This conference is one of three being held in Texas and one of only five being held in the Southwest this spring. Attendance will be limited to 300 out-of-town delegates and 100 local delegates, according to information received from the southwest area headquarters at Dallas.

The theme selected for this conference is "God First, the Other Fellow Second, and I'm Third." All sessions will be held at the Amarillo High School auditorium.

R. L. Duke, principal of the grade school, will be in charge of the Perryton delegation.

## CHAPEL

The program for little chapel was composed of a speech on "Protection of Wild Life." Last week was set aside by the President of the United States, as a week for the protection of Wild Life.

Tom Elsey gave a very interesting talk, and pleaded to the people of this vicinity to help protect what small amount of wild life there is in this vicinity. There are now three wild turkeys on Mr. Elsey's ranch and he expects to get some quail soon. Let everyone in this vicinity help protect them and in a few years we will be able to see many wild turkeys and quail.

## OPERETTA SUCCESS

The High School Operetta presented last Friday night was a success from every standpoint. About eight hundred people attended.

For their invaluable work, the school wishes to thank Miss Prewitt and the members of the drama club who helped make-up the cast. They also want to thank the Community Public Service and Mr. Whippo for the valuable services they rendered.

## TRAVEL CLUB

The Travel Club met Thursday during the regular club period. Roberta Furnish and Gladys Morgan had charge of the program. Rob-Gladys told about Spanish customs and food. They served refreshments to all present.

Joy Nowlin and Annabelle McCarter have charge of the program for next week.

We were very glad to have Phyllis Wingert to join our club, we hope she will enjoy it.

## Senior Play April 15

Seniors Present "Life Begins at Sixteen" and Use Proceeds For Gift to the School

Who says, "Life Begins at 40?" The Seniors of 1938 do not think so; they say, "Life Begins at Sixteen." You'll think so too if you see the senior play which is to be given Friday April 15, at 8 o'clock in the High School Auditorium. Just think! You have to spend only 15c 25c or 35c for the most hilarious evening you've ever enjoyed.

The play, "Life Begins at Sixteen," will not only help you understand your youngsters better, but it will help the seniors raise the much-needed money for the senior gift.

## CAMPUS CHATTER

Without any preliminaries, let us open this session.

We're wondering what caused an explosion at Ray's house. Perhaps, it was the powder on his coat sleeve.

Virginia suggests that Cupid must have shot Bill with a machine gun. He seems to be able to remember all numbers—especially telephone numbers.

Dorris' favorite actor is Donald Duck. For D. D. acts better than some of Dorris' friends and is lots harder to figure out.

Eugene goes everywhere wearing that small-odored perfume. Who was it who lapsed from perfection the other evening, and ate our bread and butter all during dinner?

Marie Newingham is open-minded, especially at night. Music under the stars is alluring, we've heard. This great wide, beautiful world! Don't all of you go rural, though.

Sybil, in speaking of a new friend she has met, says, "Well, he has that sort of face—once seen—never remembered."

And what is this we hear about those mysterious letters, and where did you find that exclusive stationery? You'll have to pay me off, or I'll tell Poppa.

John hopes it is the green Chevrolet that Hope likes instead of the driver.

Betty Jo asks, "How long is allways?"

Jean wants to know what a girl would do without intuition.

"Queenie" thinks that when Gabriel plays his last trump, some one will lead a joker.

Eunice says a safety match is when a bald-headed man marries an armless woman.

The funniest name of any person we know is "Bebout." When he calls he can ask for a date in two words—"Bebout eight." The girl also can answer in only two words—"Bebout swell!!"

Wayne Gyger wants to know what a lie is. Well, it's a very poor substitute for the truth, but is the only one discovered to date. Shall we tell you some we've heard? Wait, we'll tell you poisonously.

Ruth wants to know how to answer a letter she received which was typed backward. We suggest a letter written in circles. For full information, stop at the office of "El Sombrero."

Mary Ellen sings "I Need Thee Every Hour." Is she merely singing a religious song, or is she thinking of some friend, or is it money?

And Harry is saying, "The blue horizon is to me—not just the place where they meet sea." What is it then?

Mrs. K. H. McGibbon will receive one pound of SWEET CREAM BUTTER free upon presentation of this advertisement to the Perryton Creamery on Saturday, April 2.

### Which Are You?

Are you an active member, the kind that would be missed? Or are you just contented that your name is on the list? Do you attend the meetings, and mingle with the flock? Or do you stay at home and criticize and knock? Do you take an active part to help the work along? Or are you to be the kind that just belongs? Do you ever go to visit a member who is sick? Or leave the work for just a few, and talk about the clique?

Don't be just a member, but take an active part. Think this over, members; you know right from wrong. Are you an active member, or do you just belong?—Reprinted from the Woodmen's Circle.

## MEET THE SENIORS

PHYLLIS WINGERT was born October 27, 1919, near Pollett, Texas. She attended school in Shattuck the first six years, the next five years at Friona, Texas, and is finishing her schooling at Perryton High School. She is a member of the travel club and her favorite subject is short-hand, while her favorite sport is swimming. Phyllis has brown eyes and brown hair. She plans to enter P. A. M. C. at Goodwell after graduating from this school.

RUTH JEOPPROY was born April 29, 1921, near Enid, Oklahoma. She has gone to Perryton High school all her school years. Her favorite sports are swimming, driving, skating and bicycle riding, while her favorite hobby is letter writing. She is a member of the future homemakers club. Ruth plans to enter college at Lubbock and major in interior decoration.

## NEW BOOKS OF KNOWLEDGE IN JUNIOR HIGH LIBRARY

## BUREAU OF ROADS MAKE HIGHWAY SURVEY HERE

A Texas Highway Planning Survey has recently been conducted in this school through the English classes. This survey is in cooperation with the United States Bureau of Public Roads and is being conducted in all of the large schools in the state.

Mr. Calloway from Austin conducted the survey in this school. There are three more representatives working on the survey in the state.

The purpose of the report is to find

which rural roads are used the most so that the state will know which ones to work on. The State has been working on highways in the past, but the commission is planning to begin work on the rural roads in the near future.

### ME PRODUCTS AND TO BUDGET

AS HIGH AS NINETY PER CENT DAILY FOOD SUPPLY FOR FAMILY MAY BE RAISED AT HOME IS CLAIMED

It takes an average family of five \$600.00 per year for food if member is properly nourished. Food is bought. The question is much of this can the farm produce. From 40 to 60 per cent has the rule on most good farms in the past. During the depression many of the most alert farmers raised the percentage produced at home to 75 per cent and to 90 per cent.

It takes approximately 25 of average Texas land, about 100 acres of livestock, and the work stock, farm implements, and buildings that most already possess. This living at home demonstration, toward which a farmer can work in a short time, with a family of 5, for 2 hogs, 10 hens, 4 milk cows, 1 beef steer, and, if desired, a few sheep, average conditions 6 acres devoted to sudan grass pasture and small grain pasture, fall and winter; 12 acres to grain sorghums or other crops; 4 acres in hay and silage (one-half acre in garden; one acre in orchard; and 2 acres for sweet potatoes, melons, or syrup, and field peas.

For the family to have the food the following is in the diet daily: milk—1 quart for each child and 1 pint for each adult; at least one serving of leafy green or yellow vegetable; one other vegetable; one serving of fruit or tomatoes—1 serving; fruits—1 serving; cereals—1 serving; eggs—At least 5 per week and 3 for adult; meats—5 per week; bread and butter—1 meal; dried peas and beans—1 per week; sweets—one serving. Serving is meant: fruit, vegetable, peas or beans, lean meat—1 one-half cup; butter—one ounce; American Cheese—2 tablespoons.

### THE BETHANY TUMBLEWEED

By School April Fool

April Fool Day originated in France. The French were wont to pay visits to their friends on April 1. When the Gregorian calendar was adopted in 1564 these visits fell on January 1. But mock visits were some time made on April 1 and especially by those who were apt to forget the new order of things.

State Dept. Visits. Mr. Hudson Inspector from the state department, and Mr. Hulse, county superintendent, visited school Tuesday afternoon. Excitement prevailed in the junior and senior English classes, when Mr. Hudson made his inspections but his congenial manner soon put everyone at ease. A number of helpful suggestions were made for the library and science equipment. Mr. Hulse conducted the second semester examinations in the grades.

Monthly Meeting. The school board, teachers, janitors and bus drivers held their regular monthly meeting Thursday evening. During the business session, a number of local school problems were discussed. These meetings are not only enjoyed but are beneficial to all parties concerned.

General Science. Dot! dash! click and more dots and dashes! What is all this noise about? The general science class has taken up the study of electricity. Joe Pete Lile made an electric motor and demonstrated it to the class. Jack Tregellas, Bennie Karber, Joe Pete Lile and Leroy Buller made telegraph apparatus.

### COMMUNITY NEWS

A birthday dinner was given for J. G. Kerns of Gray last Sunday. Fifty-five friends and relatives attended.

Mr. and Mrs. Henry Hier and son returned home Friday from California, where they have been spending several months.

Among those from this community who attended the wedding of Miss Zelma Wiens and Paul Hier at Ingalls, Kans. were Mr. and Mrs. Harry Karber, Mr. and Mrs. Henry Hier, Mr. and Mrs. Fred Mehl, Mr. and Mrs. D. A. Nachtigal, Mr. and Mrs. Jake Schwaik, and Vernon Ray Karber.

Mr. and Mrs. Charlie Ollenbarger and Mr. and Mrs. Edd Ollenbarger left Saturday morning for California.

The Bethel male chorus sang several selections at the Church of God in Beaver last Wednesday.

The Will Ollenbarger family are visiting in Fairview.

Perryton, Texas

THURSDAY  
APRIL 7  
2:00 P. M.

Directed By  
DR. SAM DAVIDSON

There will be discussions on management, culling, housing, feeding and disease control. Because of its importance to poultry profits, special attention will be given to a full discussion of disease control, including diagnosis of disease and post mortem.

A special feature will be the showing of a slide film on poultry diseases, accompanied by a lecture on this important subject. The showing of the film alone would make your attendance at the meeting worth your while.

The lecture and demonstration work will be handled by Dr. Sam Davidson, poultry disease technician with Dr. Salsbury's Laboratories. If you have any diseased birds in your flock, or birds which are not doing well, bring them along with you. Mr. Davidson will be glad to look them over—to post birds if you desire—and recommend to you what steps should be taken in management, sanitation and medication, to put your flock on the right road to profits.

## Hints on Home Building

Planning a home is a popular pastime. People of every age and occupation are apt to indulge in it and the results of planning are seldom the same. Preferences in architectural style differ, requirements for living and entertaining differ, expenditures differ. Nevertheless, certain principles underlying good construction should always be observed, regardless of cost limits or personal preference as to style and decoration. These principles extend through the entire process of planning and building, and are briefly outlined here.

It's safe to plan your home yourself... as long as you call in a competent architect before actual construction begins! But don't rely on your own judgement to see you through the actual building!

Be perfectly frank with your architect and your builder. Let them know exactly what the TOTAL amount you can spend amounts to. And be willing to accept some compromises, for it is almost a safe bet that all of the features you want will not be available within the price limit you set for yourself. After construction has started, do not attempt

to give instructions to the workmen on the job. Discuss any changes you may wish to make with the architect or builder, and let them handle the details. You'll find that the most effective means of getting the result you want.

In almost any construction, today, wood plays an important part. Frame construction, finished with clapboards, shingles or stucco, or veneered with brick or stone, is popular. Points that should be watched in frame construction include "bridging" between floor joists and wall

studs, the use of a simple truss over wide openings to prevent sagging, and the use of building paper between the sheathing and outside wall. Insulating material should be applied at this stage, and the passages between studs should be closed with some incombustible material. The selection of good quality wood is, of course, of utmost importance in all construction of this type.

In painting, certain principles should be observed. Where knots occur in the wood, they should be shelled before they are painted, for the resin will continue to come thru and stain the paint if this precaution is not taken. In preparation for painting, nails used in outside construction should be countersunk, and the holes puttied. And in every case, a priming coat should be used on all new wood. Beams and floor joists that may come in contact with moisture should be treated before being used.

Where wood shingles are used, they

APRIL 3

should be nailed only over wood sheathing. "Edge grain" (those cut across the annual rings of the wood) are the best selection for long life.

Do not attempt to "cheat" on the hidden features of your home. It's better ultimately, to do without an extra room or a finer wall finish than to depend on poor plumbing or wiring. The choice of pipe material should be determined by the experience of local builders and plumbers. Different types of water and soil have different effects on metal, and a choice should not be made until the facts about local conditions have been determined.

With Everyone Cooperating We Can on a

Let's all "join hands" and give Perryton a good renovating during "CLEAN-UP WEEK" of April 3 to 10. Nearly every resident of the city cleans up their property, remodels, paints up and fixes up some time during the year, but let's all do it at once this year, and give the "old town" an appearance that it hasn't had for years! You'll enjoy more living here after it's all over. These merchants are anxious to be of assistance to you.

## "Monarch" Gives 'Plus Protection'

When you are ready to paint your home or other buildings, be sure of the quality of the paint you use or specify. The mere physical appearance of a paint does not readily disclose its wearing qualities. It must be a product containing

only those materials which the test of time, scientific research and practical use have proven, beyond all measure of doubt, to be absolutely essential in producing the highest quality outside house paint. One that will go farther, look better, and last longer.

For fifty years Martin-Senour's Monarch 100% Pure Paint—inside and outside—has been made with this idea in mind. It was the best you could buy fifty years ago—it is still by far the best today.

and hope that the entire citizenry, both tenants and property owners will co-operate to the fullest extent.

We have a city here that commands the respect of the entire Panhandle, and should set the pace, at least civically for the north-eastern part of the state.

Make our city more beautiful and attractive to those away from here, and more comfortable and enjoyable to those who live here.

Concerted action by everyone will bring many more complimentary remarks from our neighbors.

Is Your  
Wiring  
UP-TO-DATE?

If you are planning to build, let us figure your house plans for wiring and show you the latest in lighting fixtures. If you plan to remodel or repair, let us check for faulty wiring (so often the cause of fires), and provide convenient outlets in every room.

Key Electric Co.

When plumbing fixtures are being installed the elimination of joints around them is desirable; consequently, those units in one piece are favored by many builders. These fixtures, according to their design and use, can be of vitreous china, enameled iron, metal or stainless steel. Provision for hanging fixtures should be made when the frame work of the house is constructed.

Electric wiring in the home has undergone many changes in recent years. The wider use of electrical appliances of all kinds has made provision for adequate outlets important; planning placements of the large pieces of furniture before wiring facilitates a good arrangement of these conveniences. New types of non-metallic sheathed cable make for greater safety in interior wiring, and the use of a circuit breaker instead of a fuse box makes this safety device more convenient. Wiring supplies should bear tags or imprints signifying the approval of the Underwriting Laboratories, to assure the best operation and greater safety.

## Shower Bride

Coming as a surprise to Mrs. Garnd Cartwright, nee Bessie Littleton, was the shower and party Anthony employees gave Thursday night in the home of Mr. and Mrs. Ike Moore.

A mock wedding was performed to the delight of the guests with Mr. and Mrs. Russell Glasgow as the bridal couple and R. C. Mauldin as the preacher.

A dainty pink satin-covered guest book, the artistic work of Mrs. J. C. Knowles, was presented the bride with a wish for her future happiness from each guest present.

The three-tiered wedding cake, topped with a miniature bride and bridesmaid, centered the table, which was lace-covered over a pale pink background.

Flanking either side of the cake, the culinary art of Blanche Thomas, were two large pink tapers in silver holders.

The newlyweds were presented with a beautiful set of silverware—taken from Sunday Borger Herald.

## Guests Honored

Mr. and Mrs. A. C. Witt entertained Wednesday evening with a bridge party at their home, 720 Southwest Seventh street, as a courtesy to Mr. and Mrs. Francher Upshaw of Amarillo.

Friends present were Mr. and Mrs. Max Boyer, Mr. and Mrs. L. L. Lance, Mr. and Mrs. W. B. LaMaster, Mr. and Mrs. D. D. Shanks, Mr. and Mrs. E. C. Sanford, and Mr. and Mrs. Jack Allen.

A desert course was served before the games. The Boyers were awarded the family bridge prize. A lovely gift was also presented to the honorees.

## Recent Bride Honored

An attractive affair of the past week was the miscellaneous shower held in the Sam Hergert home, 510 Southwest Fourth street, Friday afternoon, as a compliment to Mrs. Fred Nies, the former Miss Retha Hooper.

Mrs. B. H. Murphy, Mrs. Virgil Oimstead and Mrs. Hergert shared the hostess duties.

The receiving rooms were made more beautiful by the array of many fragrant flowers. The dining table was centered with a crystal punch service, surrounded by sweet peas, peach blossoms and fern. Mrs. Crawford Sims poured the punch, which was served with rainbow sandwiches and wafers.

Forty guests called between the hours of three to six o'clock and paid their respects to the honoree.

## Methodist Missionary

The missionary society of the Methodist church met Thursday afternoon in the home of Mrs. D. D. Shanks for the regular social and "World Outlook" program. Mrs. W. C. Herndon, Mrs. K. H. McGibson, Mrs. O. A. Bush assisted Mrs. Sanford with the hostess duties.

Mrs. C. B. Rogers, president, called the meeting to order and presided during the business session. The Christian Social Relation committee under the direction of Mrs. C. A. Zirkle had charge of the program which consisted of the following numbers: "Make Me a Channel of Blessing"; scripture and meditation, Mrs. T. V. Elizey; discussion, Mrs. E. W. Witt and Mrs. French Lawrence; "Help Somebody Today"; prayer, Mrs. C. A. Zirkle. An offering was taken to be sent to China.

The hostesses served tasty refreshments during a social hour to Mesdames W. H. Lance, R. A. Burger, T. Johnston, Vance Apple, F. L. Garrett, French Lawrence, Clifford Beck, A. H. Nichols, Ferd Funk, Glenn Ragan, E. W. Witt, Max Boyer, M. L. Brillhart, J. M. Bull, Fred Butler, Ray Cook, Addison Cutter, C. B. Rogers, Lester Evans, Liel Lewellen, C. A. Zirkle, Floyd Baltzell, T. V. Elizey and Miss Nellie Perry.

Ross Leatherman underwent an appendicitis operation at the Shattuck hospital last week and is recovering nicely. His wife and parents Mr. and Mrs. G. T. Leatherman and brother-in-law, Alton Witt, visited him Sunday.

## "Big Apple" Party

Teachers of the Spearman grade school were very pleasantly entertained, Tuesday evening, with a "Big Apple" party in the home of Mr. and Mrs. Earl Church of the Blodgett community.

The house was artistically decorated with large red apples. The big apple idea was further carried out in the refreshment plate served at quarter tables covered with white linen cloths. At each place was a small apple hollowed out and filled with mints. These were placed on red apple mats, trimmed in green leaves.

After several apple stunts and contests, games of forty-two were enjoyed. Miss Bailey and Mr. Brannan played high and received large apple prizes. A candy apple was received by Miss Ewing as consolation.

Those present were Mrs. Bessie Tuttle, Miss Dorothy Ewing, Miss Mary Gantz, Miss Ruby England, Miss Lois Bailey, Miss Merle Baggerly, Miss Evelyn Roach, Miss Margaret Douglas, Miss M. Hale, Mrs. Dela Blodgett, Mrs. Lee Perry, Dean and Max Church, and Mr. and Mrs. Church. Mrs. Blodgett and Mrs. Perry assisted Mrs. Church with the hostess duties.

## Week-end Guests

A family gathering was enjoyed in the W. C. Bryan home over the week-end, all the children being home except one. Mrs. W. L. Shorb of Minneola, Kans.

Those present were Mr. and Mrs. Marshal Hinds and son, Marshal Don of Fort Worth, Mr. and Mrs. Melvin Fleck and children, Melva Lee and Donita Paye, of Springfield, Colo., and Mr. and Mrs. George Wright and daughter, Margaret of Optima, Okla. Mr. and Mrs. Wesley Bryan and Mr. and Mrs. Louis Bryan and Joan were additional dinner guests Sunday.

## Birthday Surprise

Mrs. W. W. McLarty was happily surprised Monday afternoon when a group of relatives called at her home, 806 Southwest Second street, to help remind her of her birthday anniversary. Refreshments were brought and after a pleasant visit were served to the following:

Mrs. J. M. Blasingame, Mrs. Geo. Rupprecht, Mrs. Effie McLarty, Mrs. Emma Glasgow, Mrs. Mary Daniels, Mrs. G. A. Rupprecht, Mrs. Elmer Rupprecht and children, Miss Lucille Rupprecht, Mrs. Tom McLarty, Mrs. James Blasingame, Miss Esther McLarty and the honoree.

## Townsend Club

The Townsend club met last week in the home of Mrs. H. C. Dodson and spent the day quilting and embroidery. Enjoyable readings were given by Grandma Dowers, Mrs. Eads and Mrs. Cline. An interesting letter was read to the club from Mr. and Mrs. J. C. Stanley, who have just recently returned to their home in Rollinsville, Colo., after spending several months in Perryton.

The club will meet with Mrs. H. J. Wilson on Tuesday, April 5.

## Just-a-Club

Mrs. Charles R. Garrett was hostess for the Tuesday meeting of the Just-a-Club at her home, 1002 Southwest First street. Bridge was the pleasant diversion with Mrs. Miller winning the high score prize.

A delicious refreshment plate was served to Mrs. Roy Orrill, Mrs. F. P. Campbell, Mrs. W. C. Herndon, Mrs. H. A. Hawk, Mrs. Oscar Flowers, Mrs. O. A. Bush and Mrs. Leroy Hartman.

## Study Club To Meet Monday P. M.

## Chevrolet Covers a Continent

Cyretta Morford, of Detroit, president of the Michigan Association of Women's Speech, is enthusiastic over the success of her recent experiment in Europe in her own car, which she shipped to France by boat. She and party are shown before the Coliseum at Rome (upper left). At Pisa the Leaning Tower provides a picturesque background (upper right). The Alps went the sturdy Chevrolet, and it is shown (left center) parked in a customs house. The Sans Souci palace at Potsdam (lower left), summer home of the German emperors, is modeled after the palace at Versailles. The new and the old are in striking contrast in the view of the city at lower right. The car not only helped the party to keep expenses minimum, but enabled it to see many points of interest "off the beaten track," Miss Morford said.

### FOR HUBBY'S GROUCH

Talking to other women about window views and plants for window decorations, Lenore Hassel Preiss in the March Progressive Farmer suggests a new cure for hubby's grouch. She goes about it this way:

"When the husband wakes up in the morning with a grouch, maybe it is because the view from his window is ugly. Perhaps the first thing he sees is the washpot. A grapevine might effect a cure."

## CUT THE WASTE SAYS THOMPSON

IN GOVERNOR'S RACE, THOMPSON DECLARES THERE'S NO NEED OF NEW STATE TAX

Austin, March 21--The state government can put its financial house in order in a short time without new taxes if it will "balance the budget" and keep its spending within its income, Ernest O. Thompson, railroad commissioner, declared in a statement here.

Thompson, who is a candidate for governor, long has declared that the state does not need new taxes now and has strongly advocated reduction of state expenses by elimination of waste in governmental operation.

He pointed out that the latest reports of the state treasury show the state with the largest cash balance in its history on hand.

Balances in the 109 state funds total \$58,436,618. Only two of the 109 funds, the Confederate pension fund and the general revenue fund, are in the red.

"I am gratified," Thompson said, "to see our state funds in such good condition. Last August I ventured the statement that no new taxes were needed at that time to carry us through. It seems that the facts have borne out that prediction."

Thompson praised the work of the Senate Finance Committee composed of Sen. John Redditt of Lufkin, chairman; Sen. A. M. Aiken, Jr., of Paris; Sen. Morris Roberts of Pet-

tus; Sen. Vernon Lemens of Rainbow; and Sen. E. Harold Beck of Texarkana.

The committee has been working on state finances in preparation for the next regular session of the legislature. It has urged that all state funds be consolidated into one.

"The Senate Finance Committee," said Thompson, "has a sound suggestion in that all state monies should go into one fund and then be checked out of that fund upon legislative approval first attained by specific appropriation."

"As it stands now, we have 109 different state funds. It is just as if you had 109 departments in a store and every one of the 109 were spending money as they saw fit and drawing on the bank account."

"The wonder is that the state has

## A New Standard in Tractor Value

McCormick-Deering W-30

THERE has never been a tractor built with as many distinctive features as the new McCormick-Deering Model W-30 Tractor. In many respects, it is like a modern automobile.

Take a look at some of its features: Replaceable cylinders and hardened exhaust-valve seat inserts in the engine; 34 ball and roller bearings located on the crankshaft, fan shaft, in the governor, clutch, transmission, final drive, and front and rear wheels. Triple seals in the front wheels and special diaphragm oil seals in the rear axle give perfect protection against grit and dirt. All controls located conveniently in front of the operator. Unusually easy to steer.

We want to show you these and the other features on the McCormick-Deering W-30 Tractor. Stop in the next time you are going by.

## SSB To Post Accounts

Wage Account Posting is Now in Progress With Expected Completion by July 1

Amarillo, March 28--Posting of wage accounts under the Federal old-age insurance program is now in progress, and by July 1 the Social Security Board expects to be able to answer inquiries from workers as to the status of their accounts, it was announced today by Dewey Reed, manager of the Amarillo office of the Board.

As of January 31, 1938, there were 2,041,785 holders of social security account numbers in this region, divided as follows: Louisiana, 475,902;

New Mexico, 84,921; Texas, 1,480,962. When the posting of wage credits is completed, Reed said, employees will be able to ascertain the total amount of wages credited to their old-age insurance accounts whenever they desire to do so. It is hoped to finish the work of posting wage accounts by the end of June, Reed explained.

This is the second step in the program which provides for payment of old-age insurance benefits to workers in covered employment when they reach the age of 65 and retire from employment.

Wage reports by employers to the Bureau of Internal Revenue are now being made quarterly instead of semi-annually.

## CLEANING KITCHEN UTENSILS

To remove the smudges from utensils used over an open flame rub with crumpled newspapers, then apply a few drops of kerosene to the paper and rub the kettle until it's clean. Wipe with more dry papers.

Do not let any of the kerosene get inside the kettle.

**WHEN HANDLING HOT GLASS**

## "Gowns of Tomorrow" in New York Fair Exhibit

NEW YORK (Special)—Luxurious fabrics and the latest designs in evening gowns are presented by the New York World's Fair of 1939 in this display in the Hall of Exhibits of its Administration Building at the Fair site, Flushing Meadow Park, New York City. The gowns, created by several of the foremost stylists of the city, are in five progressive shades of copper velvet, the luxury color and material of the season. They range from the deepest ruddy brown of the rich metal to the pale tint of old sherry and show what the ultra-fashionable woman will wear this winter. The specially designed mannequins stand upon slowly revolving platforms to bring out the changing lights and shadows of the materials. The walls of the exhibit are blue with panels of quilted fawn velvet.

### FACTORY WORKERS EMPLOYED BECAUSE OF RURAL TRADE

College Station—In 1929 one and one-half million factory workers had jobs as a direct result of purchase of manufactured products by farmers, economists of the Texas A. and M. College Extension Service say. Farm cash income in that year was about 10½ million dollars. In 1937 when farm income was less than half the figure for 1929, reduced rural trade resulted in this type of factory employment dropping to 850 thousand. From 1932 to 1937, farmers bought more manufactured products and factory employment increased. It is estimated that in 1937 two out of every five factory workers added to payrolls owed their jobs to improved farm conditions. The term "factory workers" does not include professional people, merchants and those in the transportation industries, the economists pointed out.

### Washington Sidelights

By MARVIN JONES  
Member of Congress from Texas

The provision in the new farm act for seeking new uses and markets for farm commodities should prove of great value. It is of course of great importance to expand and develop existing markets at home and abroad. This additional provision will make it possible to develop new outlets by finding additional uses for the products of the farm. Four regional research laboratories are to be established, one in each major farm producing area, and research will be carried on to develop new scientific, chemical and technical uses for farm commodities. Main attention will be given to surplus crops. Such research will be a part of the permanent agricultural program, and the benefits of this work should increase as the years progress. Miracles of Chemistry In our own time we have seen miracles of modern chemistry. Yet science has just begun to explore the uses for farm products. The countless examples of what research

has already done for agriculture are indications of what we can expect in the future.

From cotton have come rayon, bemberg, celanese, tubize, and numerous other products. Cotton is now being used in the building of roads. An average of 32 pounds is used in every automobile.

Woodpulp has been changed into cellophane and newsprint. Texas Technological College has just announced the successful making of paper from Russian thistles. Waste materials such as corn husks and stalks, as well as the chaff of the grain, have been transformed into chemicals, phonograph records, insulation materials and numerous other products.

A chemical revolution is going on in the world in the finding of new outlets for the products of the farm. The field of research to

develop new uses for these products is one that is almost unexplored and one that should bring a valuable yield.

The major part of research has been devoted to industrial products. The products of the farm and ranch have been neglected not only in research but in marketing.

**A New Chapter**  
With the beginning of a new farm program in 1933, a new chapter is being written for the people who live on the farm and ranch. Recognizing the basic nature of this industry, this administration has tackled in a real way the problems of research, of marketing, of price and income.

The total income of the farm and ranch has been nearly doubled since 1933. It will take years to reach a real solution. No other country in the history of the world has ever undertaken it as the United States and no other country in the world has made the progress that has been made in our own country in these lines.

The movement must go on until the income of the farmer is on a parity with the income of other groups. Many fine features are included in the new bill, such as soil conservation, removal of freight rate discriminations, research, better prices, wider markets and greater exports.

**Local Committees**  
The new measure gives greater responsibility to county and community committees, both in shaping the policy and carrying out the program. These committees are chosen

by the farmers themselves. This is in line with the spirit of democracy upon which this country has been built.

Provision is made for a decision to be made on major policies by the farmers acting either directly or through their local chosen committees. The part which these committees has had in the operation since 1933 is largely responsible for the success that has been shown. With a larger responsibility given to these committees and to the farmers themselves, greater success is possible for the future.

Improvements will be made in the light of experience, both in the law and in its administration. The farmers for the first time are approaching more and more the goal of handling and determining the production, marketing and disposition of their own commodities.

### Cash From Cows

Authority Gives Reasons for More Milk Cows on Farm; "The Man" Is Important Factor

There are three basic reasons according to Dr. Tait Butler, writing in The Progressive Farmer for March, why there should be more milk cows on Southern farms:

"1. There are not now enough milk cows on Southern farms to supply the people living on those farms with sufficient dairy products for maintaining good health.

"2. The dairy cow probably furnishes the best market for the legumes pastured, and other forage these

states must grow in order to prevent soil erosion and maintain and restore soil fertility.

"3. The South needs the additional farm income which efficient dairying will bring."

But Dr. Butler knows of no sort of successful farm production that is fool-proof, easy, or certain, and notes particularly some requirements for success in dairying:

"I know that dairying requires more work, knowledge, and business

judgment than many other kinds of farming, but I believe that it pays as fair a wage (if not a better one) for all the labor and intelligence put into it as any other line of farm production."

Regarding "the man" as the first factor in successful dairying, he says:

"The factors which largely determine success in dairying are, first, the man, second, the cost of suitable feeds, and third, the quality of the

dairy cows. At present the South does not have dairymen who are the equals in experience, knowledge, and efficiency of those of other dairy sections, nor do our cows average as high in production. But of course there is no great obstacle to improvement in both these lines. That leaves only one of the most important competitive factors, the cost of suitable feeds, to be compared."

## NEW KIND OF TIRE SAFETY?

### Safety WHILE RIDING Safety WHEN STOPPING

THE NEW GOODRICH SILVERTOWN TIRE PROTECTS YOU AGAINST BOTH SKIDS AND BLOW-OUTS...AT NO EXTRA COST!

Motorists, here's an amazing new kind of tire that protects you against both skids and blow-outs! It's the sensational new Goodrich Silvertown with the Life-Saver Tread and the famous Golden Ply.

This new Life-Saver Tread is actually a road dryer. Its never-ending spiral bars, acting like a battery of windshield wipers, sweep the water right and left, force it out through special deep drainage grooves. Thus it provides a dryer, safer road surface for the rubber to grip—stops you seconds quicker than you've ever stopped before!

What's more, the Goodrich Silvertown is the only tire in the world that gives you the famous Golden Ply—the greatest protection against high-speed blow-outs American motorists have ever known.

And remember, many tires cost more; but no other tire—at any price—can give you this two-way protection against both skids and blow-outs. So for safety's sake get a set of these life-saving, long-mileage Goodrich Silvertowns. Come in today for a thrilling demonstration ride.

## VOLLEY TOURNAMENT IS OPENED

RECORD CROWD WITNESSES  
OPENER OF ROUND ROBIN  
TOURNAMENT AT SCHOOL  
LAST MONDAY NIGHT

The volley ball tournament being sponsored by the Junior Chamber of Commerce got underway Monday evening in the high school gymnasium before a record crowd. The teams made up of local players are playing each other on the Round Robin basis of elimination. The games will be continued on April 1, 4, 6, 8, 11.

In the first tilt of two games played per team, the following results were scored: Popeyes defeated Champlin 21-4, 21-8; Palookas won on a forfeit over Ralph's Lunch; Platts defeated Roughnecks 21-9, 21-6; Faculty won over Hustlers 21-3, 21-1.

The teams stand according to average in the tournament as follows:

|               | W | L | Pct. |
|---------------|---|---|------|
| Popeyes       | 2 | 0 | 1000 |
| Platts        | 2 | 0 | 1000 |
| Palookas      | 2 | 0 | 1000 |
| Faculty       | 2 | 0 | 1000 |
| Roughnecks    | 0 | 2 | 000  |
| Champlin      | 0 | 2 | 000  |
| Ralph's Lunch | 0 | 2 | 000  |
| Hustlers      | 0 | 2 | 000  |

The team having the highest average of victory games at the close of play on April 11 will receive an award from the Junior Chamber of Commerce. Active promotion of the tournament are Irvin Herget, Cyrus LaMaster and George Lewis of the athletic committee.

No admission charge is being made for the games and everyone is invited to attend. Two games will be played by each team on each day date.

enrolled Sunday afternoon. They want you to be their guests.

A short tour of some of the project work will be held on Monday, April 4. Visitors will be shown erosion control work completed or in progress on such farming practices as terracing, contour tillage and pasture improvement. The tour will leave the camp promptly at 1:00 p. m. and will last about three hours. Transportation will be furnished from the Camp to the project and return.

Monday evening, officers from the State Highway Department will present and discuss highway safety.

Tuesday night, April 5, 7:00 p. m., will conclude the week's program.

A black-face comedy in one act will be given by the enrollees' dramatics class in the Camp Recreation Hall. This play and the evening's entertainment is being directed by Ralph Headlee, technician with the Soil Conservation Service at the Camp. In the cast are Samuel Brunson, Amos Reed, George Oaks, Benjamin Upchurch, Clifton H. Nutt, Jesse Bryan, Wayne Harris, Bryson Kiser, Orvil Widdel, William Hawkins, Judd Jackson and Johnnie W. Brooks.

All farmers, business men and their wives are cordially invited and urged to attend all of the anniversary activities.

000.00. The entire operation has been conducted in a workmanlike manner and proceedings have been open and above board. Scientific oil field methods have been used at various times to thoroughly test the formations.

The geological data revealed in the drilling of the Norris well will prove valuable in the further development of the oil possibilities of the Northeast Panhandle. A 40,000 acre block has been assembled east of Perryton and north of the Norris location and a test will be made on this block soon. Judging from the showings of gas and oil in the Norris well, it appears almost certain that a good gas well can be developed and there is a possibility that it might yet be an oil well.

## ATTENDED MASONIC LODGE AT FOLLETT MONDAY NITE

W. H. Lincee, R. C. Johnson, Francis P. Sumpter and Lester Norris were in Follett Monday night to attend a special meeting of the Masonic lodge. Degree work in the follow-up and Master Mason orders was conferred.

Mr. and Mrs. J. M. Elmore and Arthur Elmore visited over the week-end in the home of Mr. and Mrs. Ray Christopher, Brownfield. Mrs. Christopher is a daughter of Mr. and Mrs. Elmore.

Mrs. C. W. Claybaugh and Mrs. Jerry Harrod, Liberal, Kans., visited in Perryton, Tuesday.

Bill Glasgow, Arthur and Frances Thoreson and Fannie Sparks, Guyton, Okla., were Sunday visitors with Bill's mother, Mrs. Emma Glasgow and his sister, Miss Eva.

Dorance Woodward, who has been working near Yuma, Ariz., for the past ten weeks, returned home Friday.

## Pampa Entertains

District Convention of the Baptist Workers for Two Day Meet  
On March 24 and 25

Rev. S. R. McClung, pastor, I. R. Buchanan, Sunday School Superintendent, and a delegation of ladies from the missionary society of the Baptist church were in Pampa last Thursday and Friday for a two day convention of all churches in district 10.

This meeting took in all phases of organized church work and had an attendance equal to many state sessions. Dr. T. C. Gardner, Dallas, state director of the Baptist Training Union, Dr. G. S. Hopkins, Dallas, State Sunday school secretary, and a number of other prominent state and district workers were present. Rev. McClung delivered the eleven o'clock address, Thursday morning.

Others attending from Perryton were Messdames Luther Wade, W. W. Blackburn, R. H. Gamel, I. R. Buchanan, Stanley D. Key, J. R. Thomas, J. C. Cooper, J. M. Grigsby, Clyde Cofey and Miss Julia Morris.

appear on the ballot. Unless a write-in campaign develops, there will be no change in elective city officials for at least another year.

Next week, April 3rd to 10th, has been designated by Mayor C. E. Forbes as Clean-Up Week in Perryton, and every person is asked to join in this campaign to make Perryton a better place in which to live. Clean up the city and protect health, reduce fire hazards, create a better home life, build pride of ownership, increase property values and beautify the community.

The Herald office is a badly disorganized place just now. We are in the midst of moving to our new building. Linotypes, presses and all mechanical equipment will be moved over the week-end and made ready to get out next week's paper in our new plant. The business office and office supply stock will not be moved until the latter part of next week. As soon as everything is in shipshape condition, we plan to have "open house" for our customers and friends.

It's good to see Jack Kelly, manager of the Perryton Motor Co., on the job at his Chevrolet agency after being laid up for many months with a fractured leg. Jack is getting around on crutches but ex-ray pictures show that the break has knitted perfectly.

Citizens of the Perryton community should join with the Perryton CCC Camp and the Soil Conservation Service in the observance of the fifth anniversary of the CCC in the United States. Visitors are invited to attend the "open house" at the camp Sunday, hours 1:00 to 5:00 p. m. Everyone is also invited to join in a short tour of the SCS projects on Monday afternoon, leaving the camp at 1:00 p. m. and returning in about three hours.

The operetta, "Maid in Japan", a joint presentation by the boys and girls Glee Clubs of Perryton "III" under the direction of O. A. Bush, high school principal, and Miss Ruby Neufeld, head of the music department of the school, Friday evening was a decided success. Total receipts were \$148.70 and after deducting all expenses about \$100 will be added to the school activity fund.

## POULTRY SHOW NEXT THURSDAY

ELLIS GRAIN CO. SPONSORING  
APPEARANCE OF DR. SAM DAVIDSON, FAMOUS POULTRY MAN

A. H. Nichols, manager of the Ellis Grain Co., announces that he has secured Dr. Sam Davidson noted veterinarian and authority on all phases of the poultry business for a lecture in Perryton at the American Theatre on Thursday, April 7, 2:00 p. m. Everyone interested in chickens is extended a cordial invitation to attend this free poultry show.

Dr. Davidson will discuss management, culling, housing, feeding and disease control. Because of its importance to poultry profits, special attention will be given to a full discussion of disease control, including diagnosis of disease and post mortem. Special films on poultry diseases will be shown.

If you have any diseased birds in your flock, or birds that are not doing well, bring them along with you. Dr. Davidson will be glad to look them over, to post birds if you desire, and recommend to you what steps should be taken in management, sanitation and medication to put your flock on the right road to profits.

## UNITED FOR EARLY SETTLER HELD AT HIGGINS

Funeral services for Thomas Henry Russell, 74 years old, long time resident of Higgins, were held March 21. Mr. Russell came from Missouri to Higgins in 1887, where he was employed by the Santa Fe. He also resided for a time in Canadian. The past ten years he had been associated in the grain business with Walter Berry—The Higgins News.

## District Committee

Johnston on District Committee of Endowment Campaign for the McMurtry Bible Chair

P. E. Yarbrough, T. M. Johnston, J. B. McReynolds and Harold Scoggins have been appointed members of the Perryton district committee for the Hunt-Dodson Bible Chair Fund of McMurtry College, Abilene. The pastors of the Northwest Texas Conference have voted to raise \$40,000 endowment for the McMurtry Bible Chair, in memory of the late Dr. J. W. Hunt, president, and the late Dr. B. W. Dodson, who was head of the Bible department until his death last month.

This project is a part of the \$300,000 endowment drive at McMurtry College. Rev. J. B. McReynolds has been named committee chairman of the Perryton district for the endowment campaign which will be officially opened June 12, according to the announcement made by President Thomas W. Brabham of McMurtry.

Mr. and Mrs. H. A. Hawk and Douglas and Mr. and Mrs. F. P. Campbell and Bob enjoyed Sunday dinner in the W. C. Herndon home.

American editorial staff was in Perryton Tuesday. Fulcher is making a tour of the Panhandle getting the dope on how we are going to vote for Governor. He says that the race is between Thompson and McGraw and as he sees it, Thompson will win if the Panhandle gives him its usual favorite son support. Ernest Thompson should receive the vote of every loyal citizen of the Panhandle.

Parent-Teacher Members Attend  
Leaders Conference Held  
In Canyon, March 25

Panhandle leaders of the Parent-Teacher Association held an all-day meeting in Canyon last Friday, with Mrs. Charles E. Roe of Washington, D. C., field secretary of the National Congress of Parents and Teachers, in charge. Mrs. Roe held personal and group conferences and was honored at a tea in the afternoon.

Mrs. E. W. Thomas, Mrs. J. R. Stump, Mrs. O. A. Schuster, Mrs. R. T. Correll and Mrs. W. B. LaMaster represented Perryton and Ochiltree County at this conference.

Mrs. Roe was welcomed to Canyon by Mrs. C. T. Hunkapillar of Pampa, district president of the Texas Congress. Mrs. Roe stressed that education is a continuing process, in which home and school cooperation is a major goal.

## LOCAL FARMERS ADVISE SILOS

TRENCH SILOS PROVED TO BE  
HELPFUL IN FEED CONSERVATION FOR STOCK  
DURING LAST WINTER

Trench silos are proving highly successful this season according to County Agent Wayne Thomas. Farmers in different parts of the county are expressing themselves as much pleased with the results. R. V. Pluitt of Huntton filled a 100 ton trench with hegar bundles last fall, even though he has had fine wheat pasture all season, his cows have continued to eat the silage right along and he will have the silage to take the place of wheat entirely when he takes off the wheat pasture.

W. M. Deck of Blodgett did not make any feed last year but had a 75 ton trench silo full of milo left over from 1936 and with very little wheat pasture this season has kept his dairy cows in full production throughout the winter and will empty the silo late in the spring.

A. L. Carter of Ochiltree community had a few acres of sorry cane that was too short to cut with anything except a mower. He dug a small silo and piled the cane in. By this method he had sufficient roughage to carry his stock through the year, whereas if he had cut it for hay he believes he would not have had half enough to carry his stock.

Others reporting good results from feeding silage this year are J. S. Slaughter, Harold Kershaw, W. M. Zirkle, Robert Barlow and Julius Palgoda of all Twichell community. There are now 23 trench silos in the county. Many other farmers and stockmen state they will dig silos this summer and fall if they raise sufficient feed to fill them.

## ON PROGRAM AT DISTRICT MEET

LOCAL PERSONS PARTICIPATE  
IN THE PARENT-TEACHER  
CONFERENCE CONVENING THIS MORNING

Members of the Perryton Parent-Teacher Association are in Childers attending the 1938 conference of the Eighth District, Texas Congress of Parents and Teachers, which convened this morning and will continue thru Friday.

Appearing on the program and participating in the activities are Mrs. W. B. LaMaster, State Chairman of character education; Mrs. O. A. Schuster, Huntton, who will give the response to the address of welcome; Supt. Roger A. Burgess, and Mrs. Otis C. Shearer. Mr. Burgess will be on the panel which discusses "The Twelfth Grade System."

## Early Settlers Dead

Old-Timers of Beaver County Pass Away at Their Homes During The Past Two Weeks

Three pioneers of Beaver County have passed on the past couple of weeks. The following accounts were taken from the Herald-Democrat.

John H. Bateman, 72, better known to his friends as Jack Bateman, died suddenly at his home in Knowles Thursday evening, March 17. 'Jack' had been a resident of Beaver County since 1890 when he moved into Knowles. He served as foreman of the Fred Taintor ranch for a number of years. He leaves his wife.

Edwin A. Bennet, age 66, who had been ill with cancer for some time, passed away Sunday, March 20, at his home a mile north and two west of Floris, Okla. Mr. Bennett homesteaded in Beaver County in 1903, and resided on his homestead until his death. He leaves a wife and six children.

Mrs. Alice Pincher, age 81, passed away at her home in Liberal March 20 following several weeks' illness. Mrs. Pincher, whose husband died a number of years ago, came to this county with her children from Arkansas in 1906 and later moved to Seward County, Kansas. She was a descendant of President Grover Cleveland, her mother having been a Cleveland. Surviving children living in Beaver County are W. C. Pincher, Mrs. Minnie Dorman and Mrs. W. E. Winstead of Forgan. Those living in Liberal are Lace Pincher and Mrs. Sid Sharp.

## Woodul is Candidate

Walter Woodul, Lieutenant Governor of Texas, announced his candidacy today for the office of Attorney General of Texas.

Woodul's great popularity with Texas voters was shown when he ran for Lieutenant Governor in 1934, his first race for a state office. He received twice as large a vote as any other candidate for Lieutenant Governor ever rolled up in a first primary. He led the entire Democratic ticket in the run-off primary. He was unopposed in 1936. Woodul has also served in the Texas House and Senate. His tenure as Lieutenant Governor has been marked by fairness, firmness and lack of partisanship. He has served 18 times as acting Governor of Texas.

Mr. and Mrs. Chub McGibbon and Mr. and Mrs. P. B. Sumpter of Perryton, were in Follett Sunday visiting with their many friends as both families are former residents of this place and naturally have many friends here that are always glad to see these good folks pay Follett a visit—Follett Times.

Mr. and Mrs. Harve Cook, Range, Okla., were Sunday and Sunday night guests in the Van W. Stewart home.
