### Town Hall Control Policy

Due to the rising costs of the maintenance of the Burkburnett Town Hall and a Better Management and Maintenance Program, the following Operating Policy has been adopted:

Prior arrangements must be made by a legal representative of a club, group or organization with the Chambers or his alternate, for the use of the Hall and Kitchen.

A charge of \$10.00 per day will be made for the use of the hall, plus a \$5.00 charge for the use of the kitchen when used.

No tables, chairs or furniture to be stacked, stored or stored against any wall.

No chairs, tables or kitchenware shall be removed from the Town Hall or kitchen without permission.

After kitchen and Town Hall facilities are used they must be left clean as found.

All posters, decorations, pictures, displays and notices must be on individual supports, and not nailed, glued or fastened to curtains, walls or portion of the building.

### DUNCAN "B" NIPS BURK DOGGIES, 33-28

Time and an interception put the brakes on a Burkburnett scoring drive with 13 seconds to play, and the Jr. Varsity Bulldogs fell to the Duncan Demons "B" squad, 33-28, here Thursday night, despite the best offensive showing of the year for the locals.

With bruising fullback Tommy Olds leading the way, the 'Doggies' played the bigger Demons on even terms in a nip and tuck battle that was close all the way.

Duncan hit first with Pennington scoring from 16 yards out. Tucker kicked the extra point.

Then the "sledgehammer," Olds went over from 9 yards out for the 'Doggies. He added the two points and Burk led 8-7 going into the second quarter.

West put Duncan back ahead galloping for an 18-yard score. The point try failed.

Once again, Olds put Burk ahead, breaking loose for a 58 yard touchdown, again adding the conversion. The halftime score was 16-13 in favor of the 'Doggies.

In the second half, West chunked a 28-yard aerial to Pennington for the first score. Pennington ran the conversion.

Burk countered with a 17-yard scoring pass from Wally Robinson to Gary Koenig. The extra point try was no good and the 'Doggies held a 22-21 edge.

Duncan back, Polack, put the visitors back ahead with an 8-yard jaunt. The point try failed.

Mike Young put Burk back in front from 36 yards out. The conversion failed and Burk led 28-27.

West struck the final blow for the Demons from the 10. That made the score 33-28.

Burk moved to the Duncan 13 on passes, but West intercepted an aerial on the night's final play. This sets the 'Doggies record at 0-6-1.

David Salter, Butch Moore, and Randy Clements were standouts on defense. November 2, the 'Doggies journey to Lawton for an encounter with the Wolverine Jr. Varsity.

**Red River Rifle and Pistol Club Range Nearing Completion**

The Red River Rifle and Pistol Club range is nearing completion. Shooting benches are now being installed and there will be eight covered, 100-yard points. Facilities will be available for 50-yard smallbore rifles, and a pistol range with slow and timed fire targets is being built. Also in the planning stage is a police combat type pistol course.

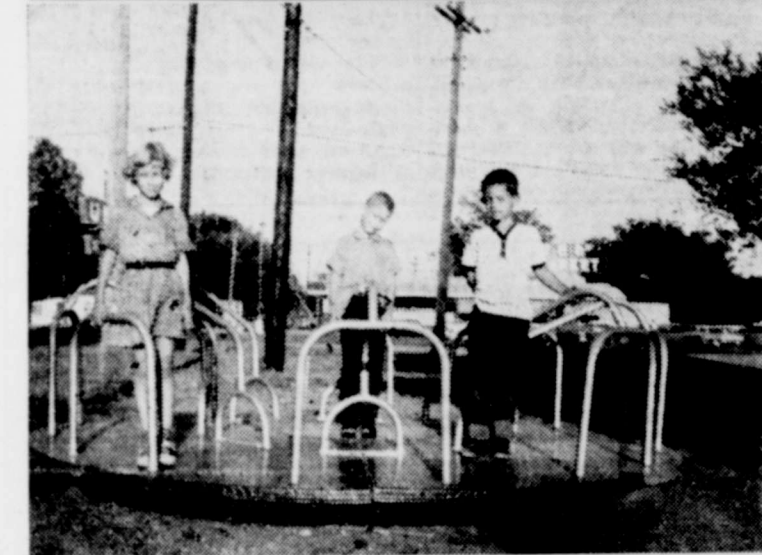

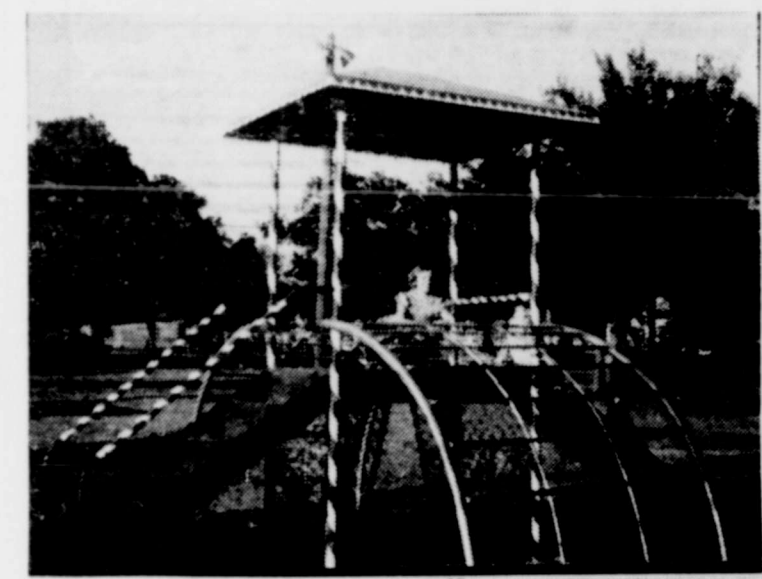

This range is being built thru the efforts and financing of the members of the Red River Rifle and Pistol Club. Memberships to this NRA Affiliated Club are \$10.00 per year. The range is to be used on a "Members Only" basis, but permits to use the range can be obtained from Jerry McClure at the First National Bank. Ted Harris Gunshop or from any club member. Non-member or "No Permit" shooters will not be allowed on the range except on specific open shoot days.

Several Turkey Shoots are in the planning stage, one of which will be held in the very near future.

There is also a winter shooting league being planned which will be conducted under NRA regulations and trophies will be awarded.

Mr. and Mrs. C. L. Chitwood and Mr. and Mrs. Lester Ramsey of Burkburnett attended funeral service Friday in Nocona, Texas for Mrs. Lillie Seeds. Mrs. Seeds was a sister of Mr. Lee Beckham of Burkburnett.

### NEW HARDIN PARK PLAY GROUND EQUIPMENT RECENTLY INSTALLED

Pam Glover, Kathy Provence and Lori Sue Landrum are having fun on the new Jack-and-Jill slide in Hardin Park. Stopping the new merry-go-round to pose for the photographer, are Carla and Billy Snyder and Mark Pennington.

Placing the playground equipment in the park is part of a long-range project of the City Council, Council of Garden Clubs, Study and Civic Clubs, and townspeople. The merry-go-round, costing \$295, was placed in the park by the City Council. The price of the Jack-and-Jill slide was \$595 and the cost of seven new picnic tables was \$532. Three Redbud Trees, costing \$24.33 were recently planted on the park grounds.

The Council of Garden Clubs, co-ordinators of the joint improvement program, paid for these improvements from the \$550 second place award in Landscape from Sears Foundation and Texas Garden Clubs, Inc., received in 1961; \$380 proceeds from the 1962 Christmas Idea Show and \$250 donations received from the following clubs and individuals:

- Burkburnett Study Club \$100.00
- University Study Club 10.00
- Forum Study Club 30.00
- Bluebonnet Garden Club 30.00
- Unity Garden Club 30.00
- Jess Whatley 5.00
- Anonymous Donor 25.00
- Current Literature Study Club 20.00

Many groups and families have been taking advantage of the nice fall evenings and the new lighting system in the park. The city's cost of the lighting installation was approximately \$800. The Texas Electric Service Co., Pat's Electrical Contractors, city and county employees, and many individuals gave generously of their time, equipment and monies to provide lighting and hard surface parking area and to improve the ballpark.

This is not the end of the park improvements. Other projects in the long-range program will be started soon.

### Third Quarter Action Holds Bulldogs To Scoreless Game

Two blocked punts spelled doom for the Burkburnett Bulldogs Friday night, as they saw the Stephenville Yellow Jackets turn two of them into touch-downs and wallop their hosts, 16-0, for a 4-AAA conference win.

The first of these scores broke up a rugged defensive battle. Both teams battled up and down the field during the first half, but neither could muster enough drive to cross the other's goal.

Lightning struck the Bulldogs early after halftime break. Failing to move on their first series of the third quarter, the 'Dogs dropped into punt formation with John Nyby back to boot. The snap sailed over Nyby's head and went some 30 yards to about the eight yard line. Nyby quickly retrieved the ball and valiantly attempted to get away a kick. However, he was swarmed and the blocked kick dropped on the one.

Randy Chandler, the Jackets big fullback plunged over from that point for the tally. Mike Littleton ran the conversion and the Erath County boys led 8-0.

On their next drive, the Jackets blocked another Burk punt. A Stephenville linebacker red dogged and knocked another Nyby punt down on the Burk 35.

A couple of ground plays, and Jacket quarterback Gary Golden shot a pass to Mike Littleton that went for 23-yards and another score. Golden ran the conversion and the board read 16-0 in favor of the visitors.

That closed the book for the night. Neither team came close to scoring after that.

The Burk defense had two moments of glory in the first half, killing two Jacket drives on fourth down attempts. The Bulldog offense moved well from their end of the field, but the going got rough on the other side of the mid stripe.

John Nyby was the leading gainer with 101 yards in 18 carries. A hobbled Henry Bauch showed a lot of determination and guts and picked up 63 yards in 12 attempts.

Jackie Cornelius, Larry Rarden, Dana Matherly, and Tommy Collins were defensive standouts for the Bulldogs. Golden and Jug Little did the destruction work for the Yellow Jackets.

Next week, the Bulldogs travel to Weatherford for a bout with the Kangaroos.

## Don't Leave A Death Trap

A short time ago "Don't Leave A Death Trap" Week was observed throughout Oregon. That observance, and application of the lessons that were then widely publicized, should be made a part of every day of every week of every year.

The death trap in this case is a valuable and almost universally used appliance—the home refrigerator. Old ones are discarded, and left in place accessible to children. They are air tight and sound proof. The fascinated child who gets inside and closes the door will suffocate in a matter of minutes.

Figures tell the tragic story. Over a period of years 246 children have met a terrible and needless death in this manner. And last year was the worst of all, with 35 thus killed.

A memorable slogan reads: "Don't Let Another Child Become A 'Statistic'." Those who are fighting this menace urge that if you see an abandoned refrigerator, call the police department, the sheriff's office, or a member of the Refrigerator Service Engineers Society. The help of everyone is needed.

## Grass Roots Opinion

KITTANNING, PA., LEADER-TIMES: "Any self-righteous Federal Communications Commission employee or official will deny ardently that the government has any intentions of taking over the nation's broadcast media for propaganda purposes, or that it will dictate program content. Unhappily, there is growing evidence the other way. Newton Minow, when he headed the outfit, found TV a 'vast wasteland', and reminded the stations that their service to the public would be examined when license renewal time came around. Radio and TV soon become towers of babble with little interest for the listener or viewer. More dangerous, they could become brainwashing tools for whomever are the Washington 'ins' of the moment, and make it difficult ever to dislodge them."

OCHEYEDAN, IOWA, PRESS: "A wise man of the Orient once remarked, 'There are three kinds of people in all types of organizations—rowboat people, sailboat people,

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

It would seem that every time the Federal Trade Commission gets into the field of advertising, it displays a vast ignorance of what is going on in the world. It is perhaps fortunate that there exists Senate and House Small Business Committees that can show up the error of the FTC ways.

Recently the FTC came out with a big blast aimed at the practice of groups of independent merchants running joint ads in newspapers advertising the same items at the same price. The FTC, with the usual bureaucratic weasel wording, warned that this might be illegal.

This somewhat incensed Rep. Joe Evins, chairman of House Small Business Committee. A study was made.

The result was that Chairman Evins issued a statement telling small businessmen to ignore FTC on this matter.

And now the Senate Small Business Committee, under the chairmanship of Senator John Sparkman is going quite thoroughly into this whole matter of cooperative advertising practices, and it can well be that out of this investigation will come some revelations that will turn red the faces of FTC chair warming legions.

The principle of cooperative advertising has been a long established principle in American marketing. While a manufacturer will use national advertising to point out the merits of his products, that does not tell the consumer where such products can be bought.

Thus, as a part of the entire marketing effort, the individual retailers have been given a small allowance, based on their purchase amounts, to advertise themselves as places where these products can be bought, so the consumer does not have to hunt around. Under the law, the allowances are supposed to be equal on a pro rata basis.

But, as evidenced by the nationwide surveys conducted by the National Federation of Independent Business, this honest and above board procedure has been subverted to engage in all kinds of hanky panky.

Money collected for cooperative advertising is supposed to be spent on legitimate newspaper advertising. But a few big detailing outfits have put pressure successfully to collect the advertising money, but never spend it on advertising, using it instead to enhance their profit picture or cut prices below independent competition.

This is not true with all big retailers. Many are most careful to see that every dollar collected for advertising is spent for advertising. But there are bad apples in the barrel.

With few exceptions, the FTC has never lifted its collective bottom off executive chairs to find out what is going on.

Thus, it is possible, that between them, the House and Senate Small Business Committees will dig up enough disclosures to cause these chair-bound investigators to wear out shoe leather instead of trouser bottoms.

ple, and steamboat people. Rowboat people need to be pushed or shoved along. Sailboat people move when a favorable wind is blowing. Steamboat people move continuously, through calm or storm. They are usually masters of themselves, their surroundings, and their fate."

CLAYTON, N. M., LEADER: "The founding fathers recognized government as citizens' biggest enemy. In order to keep the monster whittled down to size, they limited government's powers and growth with a Constitution. What has happened? Federal government is now: The largest electric power producer—the largest lender and borrower—the largest landlord—the largest owner of grazing land—the largest holder of timberland—the largest shipowner—the largest truck fleet operator—the largest warehouse—the largest employer—in the nation. In fact, with only one exception, Soviet Russia, the United States government is the largest property holder in the world. The major part of this mushrooming growth of Federal bureaucracy has been made without Constitutional authority."

## Shopping Scene

By Dorothy Owens Wright

The modern version of "Which came first, the chicken or the egg?" is this: Which came first, modern packaging methods or modern methods of food marketing? No matter what the answer, it's a fact that our national demand for convenience food products continues to grow and things like cans with pull-tab openings, foods you can boil right in the bag and new frozen prepared foods appear to meet the demand.

Speaking of convenience, Vanguard Toilettries for Men has introduced a clever item — individual packages of shaving lotion which fit into suitcases, briefcases, wallets or pockets. The sturdy foil packets contain enough lotion for one application.

Another convenient new item is Shelflex, an attractive shelf lining and edging material with built-in germ-fighting action. It's made from a flexible non-curing plastic that hugs the shelf without tacks or tape and treated with a special chemical that prevents bacteria growth despite repeated washings.

Have you ever served baked beans for breakfast? An American dietician recently found baked beans, eggs and bacon on the breakfast menu of several large British hospitals.

Follow the "rule of eight" when buying eggs. If the price difference between medium and large eggs is more than eight cents a dozen, medium eggs are the better buy. If the difference is less than eight cents, large eggs are the better choice.

You will find much of the work gone from housework.

you take advantage of the many new kitchen aids appearing in the shops. Dobie, a helpful new scouring aid from Brillo, is knitted from Mylar plastic and never rusts, frays or scratches. It contains no soap, but speeds up cleaning of stoves, dishes and glassware, pots, upholstery and even auto windshields.

Both onions and potatoes were once considered to have magic medicinal powers. In the Middle Ages, women wore onions around their necks to insure vigor — and Newfoundlanders once carried baked potatoes around their necks in stockings to cure sore throats.

Those beliefs didn't stick with us, but preferences in meat cuts and varieties do, says the Co-operative Extension Service. By and large, Americans prefer the same things their grandparents did. For example, New Orleans families eat five times as much veal as Wisconsinites and almost all the national output of sweetbreads is eaten in New York City and Los Angeles.

For delightful variety, try "epicurean shrimp", a delicious combination of shrimp and rice. Make the tempting sauce by adding water and white wine to Schilling's veal scallopini sauce. The complete recipe is on the package, along with a recipe for a flavorful oven chicken casserole — and a scallopini recipe, of course.

To coax new life into your African violets, re-pot them in Peat-Pac, an all-purpose potting soil that works wonders with all indoor plants by maintaining proper moisture balance.

### HALLOWEEN SAFETY

The spooks and the goblins are busy this week getting ready for their big night. Halloween is almost here again.

The ancient observance of All Hallow's Eve in modern times is turned over largely to the very small fry. The tots and toddlers take full advantage of the occasion to dress in scary costumes and mooch cookies and candies from the neighbors with the traditional call of "Trick or Treat."

The rugged, rampart vandalism of a past generation is largely passe. But there still are some safety hazards to the youngsters who roam the neighborhood and ring doorbells.

Make you small spooks' costumes of bright colors. You might even sew on some strips of reflective tape. In the excitement of the occasion, they might dart into the street. A full face mask can cause trouble, if there's a chance that it can slip and block vision or breathing. A painted face, using eyebrow pencil, grease paint or burnt cork, serves admirably.

If the little goblin wants a light, give him a flashlight, not a candle or flaming torch. If you want to be extra safe, flameproof the costume by dipping in a simple solution of seven ounces of borax and three ounces of boric acid in three quarts of warm water.

Adults can help make Halloween safe, too. If you're out in your auto, slow down and drive with extra caution. Keep your pets in the house, especially dogs. Leave porch lights burning, front and back. Put away the lawn furniture, garden tools, trash cans.

Halloween "Trick or Treat" can be a memorable night for the small children. Help to make it a safe night.

## Red River Rifle And Pistol Club Range Nears Completion

Work has progressed on the Red River Rifle and Pistol Club range to the point where it can be used for firing. Benches have been installed and are available for use. There is still much work to be done, and members hope to make this one of the best ranges in this part of the country.

Use of the range is restricted to members only and their guests. This regulation will be strictly enforced. However, anyone desiring to sight-in their guns and do not wish to join the club can obtain a range permit for \$2.00 which will allow them the use of the range for a twelve hour period.

Permits can be obtained from Jerry McClure of the First National Bank, Ted Harris of the Harris Gunshop or Sergeant Ted Pierce at 1115 Clover in Burk Burnett.

A meeting will be held Monday, October 28th at 8:00 p. m. beneath the First National Bank.

**"Colors for Clothes" Program Given At Clara-Fairview Club**

"Colors for Clothes," was the program given by Mrs. Newt Crane, clothing leader, at the meeting of the Clara Fairview Home Demonstration Club Oc-

tober 15, 1963, in the home of Mrs. R. C. Gilbow. Color can give untold pleasure if used correctly. Rich elegant colors, slightly deeper than last year, will be the fashion colors for Fall, 1963. 75 percent to 85 percent of outfit should be one color.

The meeting was called to order at 2:00 p. m. by Mrs. E.

J. Simons, president, who also led the "Lord's Prayer" and the singing of "America the Beautiful."

Roll call was answered by "My Best Color."

The minutes of the October 1st meeting were read and approved and the treasurer's report was given.

An invitation was read from

Barwise Home Demonstration Club to a luncheon on November 5th. The invitation was accepted.

Mrs. Crane gave the Council report. The Christmas Party will be December 10th and our club is to serve the refresh-

Mrs. Simons appointed a committee for the luncheon Octo-

ber 24th when our club enters the Barwise Club.

Mrs. Crane resigned as Marketing Chairman.

Mrs. E. D. Gellner won the door prize.

Present were Mesdames Claude Adams, J. H. Bentley, Mary Blannar, Newt Crane, E. D. Gellner, R. C. Gilbow, Elmer Klinkerman, E. J. Simons, Joe

M. Slama, Vernon Smith and W. R. Stimpson.

WALLS-TO-TABLE-TOP PLANNING IS KEY TO SMART NEW DECOR FOR DINING AREA

Crisp cool fall days, when the family's interests begin to move indoors again, signal that the time has come for the homeowner to take a fresh look around the house. It's "clean-up" and "re-decorate" season across the nation!

SPEND A FEW MINUTES making a thoughtful check of the background for your family's daily dining — from walls and windows right to the top of the table — and you'll find you've made a wise investment in time, advise decorating experts of the Melamine Council.

First, remember that the simple secret of any truly satisfying room is harmony, achieved when every visual element fits easily and smoothly with every other. In the dining area this coordinated look should embrace not only such basics as the furniture (no mismatched chairs!) and floor covering; to be effective, it should also include the colors and patterns that appear in your dinnerware, linens, draperies and wallpaper. In thinking of redecorating, whether you intend a total change or merely a few needed replacements, you can begin with the top of the table or with the walls, whichever you choose. Either way, don't forget that it's the total effect which is important, and select new patterns and colors that you're sure will harmonize with everything else you put into the same setting.

THERE ARE, OF COURSE, as many ways of planning a beautiful dining area as there are differences in taste; the word "planning" is the key. You may prefer a dramatic setting combining traditional and modern like the one shown here, chosen to illustrate the happy results of careful pattern and color harmony. The red-white-and-green scheme, inspired by the gay strawberry design on the sparkling white melamine dinnerware, is echoed in the strawberry striped wallpaper and the centerpiece bowl of berries. The leaf green cloth, used with bright red napkins, has a white fringed border trimmed at intervals with based-on berries in strawberry shapes.

For your own dining area, you may want a different color scheme, or perhaps floral patterns or geometrics in dinnerware, linens and wallpaper, or even an all-modern or a Victorian treatment. Whatever your wishes, modern industry with its wealth of products for the home supplies you with a world of choice in colors and designs. Versatile melamine ware, for example, is readily available in several hundred different patterns to suit every taste; and this same variety is true of paints, linens, wallpapers and every other item needed for your fall redecoration plans. Select them all with an eye for "go-together" harmony and happy dining in the months ahead!

DO ME A FAVOR — AND MAKE IT A MASK! Young guests will be thrilled with party favors of papier-mache masks. Easily made of paper table napkins and plastic starch, these fun-for-all surprises can be quickly assembled the day before the festivities. On the "big day" itself, smart mothers insure party success by serving all the birthday treats on break-resistant melamine plates. This durable bounce-proof dinnerware is perfectly safe in the hands of even the youngest children. Paper napkins and a plastic tablecloth make clean-up operations easy on mother.

For Guessing Games and Hide-and-Seek ... EASY-TO-MAKE PAPER MASKS ARE PARTY FAVORITES

When it comes to party gifts, children are unpredictable. The present you thought would thrill a child is often overlooked in favor of a last-minute "extra" from the five-and-ten!

YOUNG PARTY GUESTS often react the same way to favors, but a happy solution is in sight. Paper masks, combining a child's love of guessing games and hide-and-seek, are becoming favorite "favors" at young birthday parties.

A balloon, newspapers, plastic starch and colorful paper napkins are all that's needed to create these unique face masks. As a rainy day activity, they can be easily assembled by school-age children and by pre-schoolers with mother's assistance. Here's how:

First, blow up a balloon to the size you wish the inside of the mask to be. Cover balloon with over-lapping strips of newspaper, dipped in plastic starch. Form nose, eyebrow ridges and mouth outline as you go along.

For the top layers where color and texture are important, add several thicknesses of Golden Showace paper napkins in pink, yellow or white. Use poster paints for eyelashes, eyebrows and lips. For hair, staple on two long yarn braids, or many puffs of net.

Party masks help create a party children will happily remember.

FOR TROUBLE-FREE PARTIES mothers will remember with equal pleasure, modern melamine ware like the pattern shown here supplies the answer. This colorful, sturdy dinnerware easily withstands bangs and crashes expected from active youngsters, and washes quickly and safely in the automatic dishwasher.

To avoid "soda spill worries", a wipe-off plastic tablecloth is a handy accessory. And a large supply of paper napkins — with enough extras for mopping those inevitable drippings from ice cream — will simplify clean-up chores for mother and young guests alike.

PICTURETTES!

ARTHUR GODFREY found cranberry picking by modern machine easier than hand scooping as he is shown here by Raymond Syriala, manager of the Bay View Bog, in Hyannis, Mass. Off to a good start here cranberry harvesting also will start soon at New Jersey, Wisconsin, Washington and Oregon. The national harvest is expected to reach 131,760,000 pounds.

THESE BALANCED BEAUTIES, Dale McClements (in front), and Doris Fuchs, the national all-around women's gymnastics champ and the 1961 national runner-up, respectively, make a pretty picture in recent practice drills.

SCHOOL CROSSING GUARD, Mrs. Marie Ostrom, of New Haven, Conn., uses this method to tell everyone she is a new grandmother.

Senator Ralph Yarborough of Texas, right, attends the unveiling of the new Sam Houston 5¢ Commemorative Stamp with Postmaster General John Gronouski at the stamp section of the United States Bureau of Engraving. The drawing of Texas hero Sam Houston is by Tom Lea, famed Southwestern artist of El Paso, Texas. Senator Yarborough, a member of the Post Office and Civil Service Committee recommended Lea as the one to make the design for the Post Office Department. The stamp shows a full length drawing of Sam Houston who was 6 feet 6 inches tall and portrays him as he would have looked at the time he defeated the Mexican Army at the battle of San Jacinto.

FOOTBALL INSPIRES MAN-STYLE TABLE

If there's a man in the house — middle-aged "Monday morning quarterback" or lively teenage fullback — there's one sure subject of interest these fall days: football, and the ups and downs of the local team. Next time there's a winning touchdown in the family, or a similar reason for a masculine victory celebration, you can score an extra point from the sidelines by bringing the game straight into the dining room! Take your decorating cue from this favorite American sport, and style the table with a gridiron motif.

ONLY A FEW "PROPS" are needed to arrange such an attractive he-man setting: a borrowed football (with mud from the last scrimmage scrubbed off!); a few sprays of ivy, or colorful fall leaves from the backyard, if you prefer; and a single inexpensive white plastic or paper place mat. Rugged melamine dinnerware, almost as durable as a player's helmet, is an ideal choice for serving the hearty fare you'll plan for the occasion. The handsome plaid pattern used here on a luncheon table to honor the team's star backfield comes in combined tones of orange, beige, green and yellow, and boasts "mix or match" cups and saucers in each of these four solid shades.

Appropriate table linens can reflect the school colors — one color appearing in the cloth, the other in the napkins — or the cloth itself chosen in a neutral tone with the school colors seen in the napkins only; the two contrasting hues used at alternate places around the table.

TO MAKE THE CENTERPIECE, first take a black crayon or ball-point pen with dark ink and mark off "10-yard lines" vertically across the white place mat, to outline a playing field. Start by drawing the "50-yard line" across the exact center of the mat; then add extra lines parallel to it to divide the remaining space on either side into five sections of equal width.

Place the finished "gridiron" in the center of the table, resting the football criss-cross the middle line. (For an extra decorative touch, you might wish to letter the school's initials or the team's nickname on the side of the ball in wash-off white poster paint.) Finally, trail ivy sprays or bright autumn leaves over the ball, across the sidelines and into each "end zone," and the centerpiece is complete. It's as quick-and-easy as it's effective, offering a man-style salute to the current season's heroes!

Both the 1963 lamb crop and the number of ewes on U. S. farms is down three per cent from last year, says the Crop Reporting Board. The lamb crop totaled 19,695,000 head.

## FOUNDATION

Our nation is witnessing a building boom, such as has never before been seen. Every day new foundations are being dug and laid. Any builder will tell you that it takes a firm foundation to support today's skyscraper.

Our Lord, in His sermon on the mount, compared those that heed His word, to the wise man that built his house upon a rock, and those that did not heed His word to the foolish man that built his house upon sand and it was washed away.

Build your house upon a rock... Attend church regularly.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

ple in this country "get something for nothing." The book is based on the life and days of Benjamin Franklin. Its authors seem to feel that the nation could turn back to the time of Franklin; but the history of all nations shows that this is impossible, or at least improbable. History and governments have always changed in cycles not "turned turtle" and reversed.  
**Edison E. Shrum of Scott City, Missouri**  
Today I would like to tell readers about another important work in which I am interested. For many years Mr. Shrum has been studying ancient history, going back to the Persians, covering in detail the history of the European countries. His book is only mimeographed, but it represents very careful and impartial studies.  
It shows that the trend with people in every nation has been to get something for nothing; but they have never succeeded. In fact, no man, not Aristotle, or Alexander, or Caesar, has succeeded even in making PERMANENT reforms. The Typical Government Cycle  
Nearly all nations have started with a race which was nat-

tural to the soil, like the Indians of our country. Gradually they divided into tribes, with born rulers. In a way, China and portions of Africa are now emerging from this Tribal Era, with natural-born leaders having exceptional courage, energy and intelligence.  
Gradually these tribal leaders combine and we have the beginnings of a nation. At this point, some stronger power from abroad comes in to take possession. In the case of the United States, it was the English who took the eastern portion as a British Colony; Spain, the southeastern portion; and Mexico, the southwest and what is now California. This was the Colonial Era.  
**The Beginning Of Our Republic**  
George Washington, Thomas Jefferson, and the Adamsees formed a republic in the United States. This consisted originally of thirteen colonies which gradually got their independence from England. This republic, organized under the original Constitution, was far different from the form of government we have today. Voters had to be property owners, and color, sex, and religion also entered into qualifications for voters. Congress consisted of two houses: (1) the House of Representatives, theoretically elected by the people; and (2) the Senate, made up of members chosen by the legislatures of the various states.  
**The Last Hundred Years**  
Ever since the Civil War, rail-

roads, public utilities, and all other corporations in which people invest their money have been getting exclusive franchises or privileges. This applies to doctors, lawyers, and "Indian Chiefs" as well. There are nearly a thousand separate "offices" in Washington which offer, directly or indirectly, these special privileges. This is a long, long way from the freedom of which Washington and Jefferson dreamed. The point of my article is that these laws granting special franchises or privileges — by the Federal government or by the separate states — will not be cancelled by legislation. The clock cannot be turned in reverse.  
Mr. Shrum shows, in his careful study, that the only way other countries have gotten rid of special franchises and privileges has been by the appointment of a dictator. I do not mean that Mr. Kennedy will become a dictator; but I do mean that he can cancel what is already in operation only by being a dictator. History shows that dictators finally lose their powers and a Republic is started again — to be followed by a repetition of what this country has gone through via amendments to our Constitution and other legislation which have brought us to our present condition. Then we will start over again and experience another two hundred years of similar changes.

**Den 2—Pack 156**

On October 3, 1963 we met with our Den Mother, Mrs. Florence Gann, in her home. Roy Boswell led us in the flag ceremony and the Pledge of Allegiance.

We made name tags today to be used at the next Pack Meeting. These tags were made to look like Smokey the Bear, a smiling pumpkin, and a happy little cannibal. Smokey the Bear is for fire prevention; the pumpkin is for Halloween; and the cannibal is from the Land of Make-Believe, our theme for this month. We closed the meeting by giving the Den Yell.

A candy treat was furnished by Roy Boswell and served to Donald Vitalie, Gordon McCluskey, Bobby Dilbeck, Roger and Jerry Williams, Ronnie Gann and Den Chief, Eddie Gann.

**Den 2—Pack 156**

We met October 9, 1963 in the home of our Den Mother, Mrs. Florence Gann.

Bobby Dilbeck led us in the flag ceremony and the Pledge of Allegiance. Plans were made for taking a trip to Sheppard Air Force Base on October 12 to see a demonstration of their fire-fighting equipment. We also made plans for having a den meeting at City Park during Scout Open House on October 19th.

After the business session was over we went outside and played several fun games. We closed the meeting with the Living Circle and the Cub Scout Promise followed by the Den Yell.

A candy treat was furnished by Bobby Dilbeck and served to Roy Boswell, Gordon McCluskey, Donald Vitalie, Roger and Jerry Williams, Ronnie Gann and Den Chief, Eddie Gann.

**First Baptist Church Friendship Class Met October 17th**

The Friendship Class of the First Baptist Church met October 17th at 2:00 p. m. in the Mary Martha room of the church for a business meeting and installation of teacher and class officers.

The meeting was opened by all singing, "Have Thine Own Way Lord." Prayer was offered by Mrs. Lena Hinkle and minutes of the September meeting were read by the Secretary, Mrs. B. F. Hewell. Group leaders gave their monthly reports and reported on the sick. The treasurer's report was given by Mrs. C. R. Chambers. The business meeting was conducted by Mrs. Will Teal and then the Vice President, Mrs. Mae Van Deren, introduced Mrs. W. B. Short for the installation services.

Mrs. Short installed the teacher, Mrs. P. H. Johnson, Sr., and the officers of the class by giving devotional thoughts to challenge each member with the words of Jesus in Rev 3:9. "Behold I have set before thee an open door and no man can shut it," and in John 10:7, "I am the door of the sheep." Mrs. Short explained that this door represents the door of new life through Jesus Christ," and listed other doors of opportunity such as leadership, fellowship and faith. The 1962-1963 teacher and officers resumed their same offices for the year 1963-1964.

The following members enjoyed refreshments served by Group I. Mesdames B. F. Hewell, Lena Hinkle, R. W. Kent, E. H. Logan, W. B. Short, P. H. Johnson, J. B. Ady, E. R. Burns, Hubert Butts, C. R. Chambers, Lee Garner, Will Teal, Earl Van Deren, and Misses Ella Billingslea and Addie Dickson.

**University Study Club Met In Home Of Mrs. I. E. Harwell**

The University Study Club met in the home of Mrs. I. E. Harwell on Wednesday, October 16th for a very enjoyable meeting with the President, Mrs. W. M. Young presiding.

After the Club Collect, the minutes were read and approved. The treasurer's report was given and then she turned the meeting over to Mrs. Reger, who announced the program for the afternoon.

The subject was "International Affairs." She read the quotation, "By union the smallest states thrive by discord the greatest are destroyed." She introduced Mrs. Crosley, for a very interesting talk on "Traffic Safety." She made us feel a real responsibility as drivers on the highway and gave some good reasons why we should always observe the rules on the highway and town. Then she introduced Mrs. J. D. Majors, who gave us a very intriguing account of her trip to our Northern neighbor, Canada. She made us feel that we, too, were taking the trip with her as she described the beauty of the things she had seen on the trip. She used a map along with her talk to make it all the more vivid and interesting.

Delicious refreshments were served to Mesdames Crosley, Reger, Schrum, Bunstine, Majors, Young, Brocker, Fuqua, Melton, Pogue, and the hostess, Mrs. Harwell. She had as her guest, Mrs. Ike Harwell and baby of Wichita Falls.

**American Legion Auxiliary Notes**

We had a busy time this month getting the American Legion Hall ready for the 13th District Convention. It was a very pleasant week end and we want to thank all of you who helped us along the way. Texas Electric for the use of the Reddy Room, Town Hall, and the ladies who cooked the dinner. With everyone helping it made us have a successful convention. Also the flowers were lovely.

Now that the time for witches and goblins is here we would like to invite all Legion and Auxiliary children to our Halloween Party. Refreshments will be served, games will be played and even some prizes will be given away.

Don't forget to come, October 31st, American Legion Hall at 8:30 p. m. We will be seeing you all there.

**Transparent Bait Boxes**

Keep lures, hooks, sinkers and other items of fishing tackle neatly separated, yet easily accessible, by packing them in transparent plastic containers such as your neighborhood druggist gets his drug supplies packed in.

Lures always will be visible. The containers will fit neatly in your tackle box. And the druggist most likely will be glad to save them for you.
