COME TO THE HEREFORD FAIR

COUNTY HOSPITAL LAW

Passed by Texas Legislature With Only One Dissenting Vote

Below is given the law pertaining to the establishment of county hospitals as passed by the Texas legislature. It is given here for the benefit of the Brand readers in as much as the question of establishing a county hospital here is being contemplated.

Section 1. To establish hospital by commissioners' court for care and treatment of persons suffering from any illness, disease or injury, etc., and procure location, to purchase or erect all necessary buildings, etc. To accept and hold in trust gifts of land, money or property to be used for hospital as required by person making the donation.

Section 2. When a sale has been acquired, to award contract for necessary buildings, etc. Appoint five managers for hospital; at least one shall be a woman, to serve without pay. (Can they all be women?) Any manager may be removed by the commissioners' court but an opportunity is given to be heard.

Section 3. Hospital board of managers organized by election of precinct, etc., and proceed to elect a superintendent of hospital, and fix the salary of all employees; also appoint a staff of visiting physicians, who shall serve without pay. Other duties of board of managers are given.

Section 4. What board of managers may do in regard to free clients, physicians and nurses.

Section 5. Board of managers may also establish school for education and treatment of tuberculous children as branch of hospital.

Section 6. State Board of Health to make rules for persons suffering from communicable diseases, and furnish information to hospitals, to all public schools and physicians.

Section 7. Board of managers shall keep a book for record of proceedings; shall certify all items of expenses. To make report to commissioners' court annually of expenses, income number of patients and the methods and results of their treatment, etc.

Section 8. The superintendent shall be chief executive of the hospital, subject to by-laws and power of board of managers. His duties for control and management and keep account of and report monthly to board of managers.

Section 9. Rules to admit into hospital any person suffering from illness, disease or injury. No discrimination made in the care and treatment of patients.

Section 10. Patients to pay in proportion to financial ability, but such sum shall not exceed the actual per capita cost of maintenance, etc.

Section 11. The resident officer to admit board of managers and representatives of State Board of Health and State Board of Charities, etc.

Section 12. County Hospital in connection with county farm or elsewhere. The county commissioners shall appoint a board of managers.

Section 13. When deemed advisable by commissioners' court and approved by State Board of Health, a county may maintain more than one county hospital for the purposes aforesaid.

Section 14. It shall be lawful for any county which has no city with a population of more than ten thousand persons to contract for a period not exceeding one year with any regularly incorporated society or hospital or municipality within the county maintaining a hospital or with any other adjacent county, for the care of any or all of the sick, diseased or injured inhabitants of the county upon such terms and conditions as they may by agreement think proper. Where a county has established a hospital as required by Section 15 of this act, it shall be lawful for the board of managers to contract with any regularly incorporated society or hospital or city or town within the county maintaining a hospital for the care of some of the sick, injured or diseased persons applying for admission to the county hospital.

Section 15. Where no provision is made as provided in Section 14 and no county hospital is now provided for the purpose aforesaid, or where such provision is inadequate, it shall be the duty of the commissioners' court of each county which now has a city with a population of more than ten thousand persons, on or before December 1, 1917, and of any county which may later have a city with a population of more than ten thousand persons, within six months from the time when such city shall have attained such population, such population to be ascertained by

Parent-Teachers Club Booth

Among the booths at the fair will be one under the direction of the Parent-Teachers Club. At this booth will be for sale many articles of fancy work, as well as catalogues, such as cakes, pies, dressed chicken and also ice cream cones.

The proceeds of the sale will be used for buying a slippery slide for the school playground, and the balance for the library.

The decoration of this booth will not be the work of a professional decorator as are most of the other booths.

The decorative scheme and the work of decorating will be by a committee appointed by Mrs. Geo. Barber, president of the club, viz.: Miss Anderson, Mrs. E. B. Black, Mrs. E. J. Eberle, Mrs. Walter Lupton, and Mrs. Stubbs.

The color scheme will be carried out in the club colors. Work done by the school children in the way of lettering, drawings, posters, etc., will be used in the decorating.

Mrs. T. M. Palmer and Mrs. J. I. Walker, assisted by two young ladies, will be in charge of the booth during the fair.

The frame work of the booth will be the work of the boys in the manual training department, under the direction of their teacher, Mr. Hughes. The thanks of the committee on decoration are due to him and to a few of the other teachers who are so enthusiastically helping in preparing the decorations.

Much credit is due the school girls who are soliciting articles for the sale. It is to be hoped that a large measure of success may attend this sale. The benefit will be reaped, not by any individual, nor a small group of individuals, but by every child in the town and, incidentally by the entire community.

Band Concerts During the Fair

One good feature of the coming fair will be the excellent music that will be furnished by the band.

Director West is keeping the boys hard at work and is surely getting results. On former occasions, Hereford has been compelled to import her music, and has been glad to be able to get it at a very considerable price. Now, with a few months' faithful work, and backed by that foreword of progress, the Civic Club, the Hereford band is able to furnish music—and music of a very excellent quality too—for the many occasions when a good band is a great necessity.

The band boys are very generous and those who attend the fair may be sure of enjoying some fine concerts.

Parade Announcement

All parties desiring to have vehicle or other entry in the parade, should see or phone Mrs. George Barber immediately, stating of what the entry will consist and giving general description. The entries will be arranged and numbered. The numbers will be turned over to the marshal and will greatly facilitate the proper and expeditious arrangement of the parade.

This is important. Do not neglect to phone 77 if you expect to be in the parade.

Hereford Store Leads

Messrs. Stocking & McLean, of the Corner Drug Store, received word last week from the Rexall people who have a line of stores in all parts of the United States, that their sales entitled them to be placed on the honor roll among stores in towns of 3000 population and less.

They place ten per cent of their stores making the highest sales on what they call their honor roll. It is quite a distinction to be placed on this roll and is evidence of real business management much above the average.

Mrs. Gregg Ill.

Friends of Mrs. A. W. Gregg will regret to learn that she is still confined to her bed from the effects of an operation removing the large toe and the corresponding bone of the foot entirely to the ankle joint. She is convalescing as rapidly as possible and her permanent recovery soon is hoped for by her friends.

On account of her mother's illness, Miss Iva Gregg, who contemplated going to Chicago to continue her study of music, has indefinitely postponed her going.

The Herald editor and wife acknowledge an invitation to be the guests of the Hereford Brand during the county fair to be held in that city next Friday and Saturday, October 13 and 14. We hope to find it convenient to accept this generous invitation. Panhandle Herald.

Attend Buffalo Hunt

Mr. and Mrs. G. A. Stambaugh, their son, Vivian, Graham Myrick, Mr. and Mrs. Theo. Coehell, Mr. and Mrs. James Robinson, and Mr. and Mrs. Joe Robinson, attended the big buffalo hunt, given by Col. Chas. E. Goodnight, at Goodnight, Friday. They report a great day and a great gathering of people, the number of autos parked in the enclosure being variously estimated at from twelve to fifteen hundred, with a crowd of perhaps 8,000 people.

The buffalo hunt and subsequent killing of the buffalo by "Horse" the Kiowa brave, was followed by the distribution of buffalo meat among the guests. The body of the slain buffalo was pierced by four arrows, one of which penetrated the lung and was almost buried in the flesh of the "mighty monarch of the Plains."

The inevitable camera man was faithful in the production of photos which were eagerly bought as souvenirs of the historic occasion.

In another column is reproduced the article written by Mrs. Mildred J. Cheney, for the "Southwest Plainsman," and also for the "Breeder's Gazette." Mrs. Cheney was present both Friday and Saturday and her account is interesting and accurate.

Hon. Marvin Jones Here

Through the instrumentality of Judge J. P. Slaton, teacher of the young men's class of the M. E. Sunday School, the class was honored Sunday, by having present at its regular meeting, Hon. Marvin Jones, of Amarillo, congressman-elect from this district.

Mr. Jones delivered two addresses during the day, one before the class, the other before the Epworth League. Both were excellent addresses and were given a large hearing. That he is a fluent and forceful speaker on things political, Mr. Jones has long ago proven, but those who heard him Sunday, declare that he is at his best as an exponent of civil righteousness. However that may be, the Fair Association is unanimously of the opinion that his name on the program of The Big Fair will be a fitting climax to the feast of good things which has been prepared.

Mr. Jones has been unable to promise definitely, but the assurance is almost certain that Hon. Marvin Jones, of Amarillo, will be one of the speakers on the program Friday or Saturday.

Manual Training Prizes

Special attention is called to the premiums offered for manual training exhibits. Mr. A. P. Mughison has offered a \$2 prize for the best collection by any individual boy and a \$1 prize for the second best collection by individual boy. By an oversight, these premiums were omitted from the premium list folders, but have been added to the list published in the Herald this week.

\$7,000 For Bull

While at the Midland Fair, Jowell & Jowell of this county, sold their herd bull for \$7,000. This is the highest price ever paid for a bull in the south west.

The herd of Jowell & Jowell is recognized as one of the best in the United States and they are to be congratulated on their splendid success.

H. M. Bainer Here

H. M. Bainer, former agricultural demonstrator for the Santa Fe, now at the head of the Santa Fe agricultural work with headquarters at Topeka, was in Hereford Monday. Mr. Bainer reports the work of the Santa Fe along agricultural lines to be moving forward by rapid strides and says the work is only in its beginning.

Boys New Truck

Mr. Boyce, of the Hereford Dismitt stage line has purchased a new Studebaker combination truck and express auto. Mr. Boyce says he thinks the day of the horse express is past in this country and he wants to keep abreast of the times.

W. A. Stewart attended the meeting of the Synod of the Presbyterian church in Weatherford, last week. He returned Monday.

Owing to the absence of the pastor, there were no services at the Presbyterian church Sunday. Rev. Baker was in Weatherford, attending the meeting of the Synod, which convened in that city last week. From Weatherford, he went to McGregor to visit his parents, and then to Waxahachie, where he will visit Mrs. Baker's parents. He will be home this week and services will be held as usual next Sunday.

The pastor and members of the Christian church were glad Sunday, to welcome a large number of friends who do not, ordinarily, attend this church.

On Monday afternoon, four, who will take membership with this congregation, received the sacrament of baptism.

Mrs. Chris Garrison and Mrs. W. A. Ricketts have accepted classes in the primary department of the Sunday School.

School Notes

The high school foot ball boys played the Clovis high school team Friday, at Clovis. The game was interesting from the beginning and resulted in a score of 0 to 0.

The team was made up of Oden and Mark Weems, Jarvis Rayzor, Walter Caylor, Bruce Sullivan, Donald Duree, Frank Stegall, Bob and Hal Wilson, Roy Brazill, Harry Cannon, with Charley Greer as substitute.

Coach Hughes, Mr. Lindsey, and Paul Guthrie accompanied the team.

Fire prevention day was observed by the schools Monday. At both buildings drills were held and City Clerk, J. E. Crouch, addressed the pupils.

Mr. Crouch's talk was timely and to the point. He cited the fact that a large-per cent of the fires are due to carelessness and emphasized the importance of eternal vigilance in the effort to lessen the liability of fires.

Heard after the Fire Drill:

"Charley, did you run?"

"No, but I passed several that were running."

Parrott News Notes

Mr. and Mrs. J. F. Hacker visited Sunday afternoon at Alfred Grant's. Rep. Lightfoot visited at J. F. Hacker's Friday night. He preached at Arney Sunday morning and at Parrott Sunday night.

Mrs. Frank Metcalf was out calling on neighbors Sunday with her new boy.

We are experiencing our first touch of winter, this Monday, morning with a norther and ominous looking clouds. J. W. Hanlan and Roy Wagner made a trip over in New Mexico last week. A. G. Noble was stricken with what seemed an attack of apoplexy while at dinner one day last week. He soon recovered, however, and is in his usual good health again.

Jerry Miller, who has been at the N Ranch for a year with the Neely's, left Sunday for his home in New York.

Mr. and Mrs. H. F. Neely and H. D. Neely visited Sunday evening at B. F. Neely's.

Ben Talt, who has been sick for so long, is slowly improving.

Thomas Metcalf visited Sunday afternoon at Elliston's.

Kenneth Turner, of Dimmitt, accompanied his father to Hereford last Friday to consult a physician. Mr. Turner has been partially paralyzed since July.

Mr. and Mrs. B. F. Neely and sons, Chariton and Ned, visited Sunday at J. W. Hanlan's.

Frank Metcalf and daughter, Alva, left last week for a month's visit with relatives in Wisconsin.

Mr. and Mrs. Orie Renfro called at Alfred Grant's Sunday afternoon.

Mrs. Evers and little daughter, Lillie, were visiting last week with friends at Hart.

Mrs. George Bacus and children, visited at Jacob Wagner's the first of the week.

Mr. and Mrs. Jennings, Mr. and Mrs. Basil Jennings, and little son, and Mr. and Mrs. Price of Hereford, visited Sunday at James Boydston's.

Mr. and Mrs. McCoy and Mabel Hyatt were dinner guests at Minnie and Alfred Grant's Sunday and Mrs. Easter of Dimmitt had supper with them.

E. C. Wilson has returned from his trip to Missouri.

Mrs. J. W. Hanlan spent the afternoon Thursday, with Mrs. B. F. Neely.

The hum of the row binder is the music which vibrates through the air both late and early these days.

Mrs. Tinkle Beach, of Hedley, Texas, visited Tuesday night with Miss Minnie Grant.

Hazel Hacker is visiting with Minnie Grant this week. They are attending the meetings at Dimmitt.

Mr. and Mrs. Frank Shepard and sons, Clyde and George, Robert Moore and family, visited Sunday with Minnie and Alfred Grant.

Revival meetings are in progress in Dimmitt conducted by Rev. Reynolds, of Memphis.

Mr. and Mrs. H. F. Neely returned last Tuesday from their visit in the west.

B. F. Neely and Chariton, Mr. and Mrs. J. W. Hanlan and Elsie Smith, went to Portales last Friday and visited Sunday with R. S. Neely.

The Parrott neighborhood will be well represented at the fair to be held in Hereford the 13th and 14th. Our people will turn out enmasse and take with them a goodly supply of donations.

Wednesday, Minnie Grant was the guest of Mrs. L. D. Shepard, of Dimmitt.

Louis Baber took dinner with Roy Smith Sunday.

Friends of Mr. and Mrs. C. A. Skelton have received the following announcement:

Sallie May Skelton at home since Tuesday, October 10, 1916.

Eggs In Cold Storage

Reports from 221 firms show that these firms now have 4,761,632 cases of eggs in storage on Sept. 11, 1916.

The 185 firms that reported their holdings of this year and last showed a present stock of 4,590,688 cases as compared with 5,682,950 cases last year, a decrease of 1,092,262 cases or 19.2 per cent.

The amount in storage as now reported is 10.9 per cent less than on August 1, 1916.

A summary of this report was released by wire on September 9. Inasmuch as a few cold storage firms have not responded to our monthly inquiries, this report is not quantitatively complete.

For the present, upon request, any or all of the information contained in these reports will be telegraphed immediately upon release.

Made \$20 an Acre

A. M. Bachelor, of near Pleasant Valley, was in to see us Wednesday. He says he will clear \$20 per acre on his farm this year. We call this going some, and yet there are farmers on the Plains who will beat this record because of the fact that they received more rain than did Mr. Bachelor. Post City Post.

New Machine

The Corner Drug Store has installed an electrical corn popper and peanut roaster that seems to be just about the most complete mechanical device that has yet been offered in that line. After the corn has been placed in the receiver, it requires no further handling. It is popped, and the perfect kernels are automatically separated from the others and buttered. Then the corn is conveyed to a large covered bin ready for serving. On one side peanuts may be roasted at the same time. It is certainly a most ingenious contrivance and insures perfect sanitary conditions.

Farmer Loses Home

The residence of Mr. Criss who lives on a Post Home Farm a few miles north of Ragtown, burned last Monday evening, everything being a total loss. The cause of the fire is unknown, although it is supposed that it was set by a rat, or for some unknown cause.

Insurance was carried by the company on the house, but no insurance whatever was carried by the occupant on his household goods, which were all lost.—Post City Post.

To Exhibitors

Saturday, October 21st 1916, will be Panhandle and Plains day at the State Fair of Texas. This announcement is made because of special trains arranged to leave via both the Santa Fe and Ft. Worth and Denver Rys. on the 20th, arriving at Dallas on the morning of the 21st.

Please note the following information:

The Santa Fe special will leave Amarillo early Friday morning Oct. 20th, and will go thru to Dallas, arriving in that city at 7 a. m. Saturday, October 21st, which is Panhandle and Plains day. See your railroad agent for the exact time this train will pass thru your city. The round trip railroad fare from Amarillo to Dallas will be \$8, and the rate from your city will be a proportionate basis.

The Denver road will sell tickets from Amarillo and intermediate points to Fort Worth on Oct. 20th, good for trains arriving in Dallas on the morning of October 21st, which is Panhandle and Plains day. Parties leaving Amarillo at 5:40 p. m. Oct. 20th, and which leaves other points at later hours. See your agent.

We are now having manufactured 20,000 Panhandle and Plains day badges for distribution of Panhandle and Plains day. See that all excursionists from your community, after arriving in Dallas, immediately call at the Panhandle and Plains Building, Fair Grounds, and there we will distribute to them badges, programs for our special day, etc.

Frank Simms is shipping out two car loads of calves to the Kansas City market. The 6666 ranch shipped two car loads to Dickens county.

E. S. Ellis and J. I. Winn brought in 132 head of high grade two-year-old Hereford heifers Tuesday and located them on their two-section ranch four miles north of town. This is one of the best bred Hereford herds in Carson county. They were bought out of the Shelton herd near Channing, and they are all standard bred and their uniform color makes them very attractive to the person who has any knowledge of the cattle industry on the Plains. We drove out to this little ranch Wednesday afternoon and found a very attractive and nicely improved place. The place is new, but something in the neighborhood of \$5000 has been invested this year in a modern barn, water supply, hog pastures, cross fences, etc. 250 acres have been broken out and a splendid sod crop is growing on 100 acres and the balance has been sown to wheat and is most all up and making a fine start for next year's wheat crop.—Panhandle Herald.

Nearly Killed By Horse

Harry Snodgrass escaped with two badly wire-cut fingers and two slashes in his side Sunday morning when a wild horse he was riding ran into a fence and tangled himself and rider in the wire. For a few minutes it appeared that he would be seriously, if not fatally injured. The plunging of the horse broke the wire which held Mr. Snodgrass pinned to the saddle, and was cutting into his side. He was quite sick from the injury and the shock for two days.—Floyd County Hesperian.

Mr. and Mrs. J. M. Warren, of the News, acknowledge receipt of a cordial invitation to be guests of Mr. and Mrs. B. F. Guthrie, of the Hereford Brand, during the Deaf Smith County Fair to be held in Hereford, October 13 and 14. We hope that conditions will so adjust themselves that we may find it possible to attend this fair, and if they do we will certainly do ourselves the honor of allowing the Guthries to entertain us. They are such adepts along other lines, that we know they are ideal host and hostess. We predict a successful fair, and large and happy gatherings around the Brand family.—Charendou News.

In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip or disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

Cotton Market Good at Floydada

The Floydada Hesperian of last week says:

Cotton sold on the market this morning at sixteen cents. Midland cotton is quoted at 15.50 to 15.00, with the bulk of the sales above that mark. 16 cents is the highest mark ever recorded here in cotton sales during a season.

Cotton seed is selling at \$42 per ton and wheat at \$1.45.

Threshed maize is quoted at \$1.38, and heads at \$18 per ton. From forty to one hundred and fifty tons are being marketed today, bulk of the maize being held off of the market for feeding or better prices.

Cream is selling at 28 cents.

Hereford will hold a fair this fall, on October 13 and 14. The Hereford Brand is sending out invitations to its friends to be their guests during the occasion.—Randall County News.

Hereford Country Gets Rain

About half an inch of rain fell over all this section Monday night. The moisture will be beneficial to the large acreage of wheat in this section.

Warning to Shippers

It has come to the attention of the Department of Agriculture that in some instances shippers of live stock have violated the regulation of the department prohibiting the shipment of dead animals in the same car with live animals. The regulation which was adopted February 10, 1915, and amended July 1, 1916, is as follows:

"No dead animal shall be transported, offered, or accepted for transportation in the same car with live animals from the original point of shipment in any State or Territory or the District of Columbia to or through any other State, Territory, or the District of Columbia."

The foregoing regulation is binding alike upon individual shippers, railroads and other carriers. Violation of the regulation, B. A. I. Order 210, and the later, amended regulation, B. A. I. Order 245, were promptly made public, but it is possible that some individual shippers are not familiar with the regulation. They should hereafter be careful to observe it. Failure by several railroads to observe the regulation has already resulted in prosecutions of them and the imposition of penalties.

Coal Situation

We have had coal only one-fourth of the time the last two months. With cold weather coming conditions may be worse. We can't help this and ask our customers to be patient and we will do the best we can.

We now have a car Nut coal and one of Lump on hand, but they won't last long.

The Last Buffalo Hunt

(By Mildred J. Cheney, in Southwest Plainsman)

What will, in all probability, be the last buffalo hunt ever recorded, was staged on the Goodnight ranch, last week, when Col. and Mrs. Goodnight issued an invitation to the Plains people to participate in an event, the like of which was never seen before.

In an arena bordered with automobiles of the latest models, a band of Kiowa Indians met once again, in primeval fashion, the buffalo of the Southwest Plains. It was an event that the old warriors had never hoped to witness again this side the "happy hunting grounds" and it was only the old men of the tribe who were able to meet the requirements of Colonel Goodnight that the animal be killed with the bow and arrow of the primitive race. Col. Goodnight is well known among the Kiowas, and out of their friendship for him, the old braves got down the long unused weapons, strung anew the old bows, refilled the trusty arrows and with steady hand and undimmed vision, proved to the audience of several thousand people, that they had lost none of their prowess.

There were only three of this band of riders who could boast this obsolete accomplishment. These were Horse, Kiowa George and Luther Sahmont, all well past the half century mark but strong and agile as many a white man half their age. The party of Indians was in charge of George Hunt, who is the son of a chief, but prefers to be known by his title of United States District Farmer for the Kiowa Agency, and with them they had brought a tepee, though they have long since discarded those old time lodges and now live in as good houses as the majority of white men.

Brought back once more to scenes once so familiar, it is easy to fancy that the thoughts of the old men went back to the days before the white man invaded their hunting grounds and they had roamed at will over these very prairies. Breathing once more the glorious air of the Plains with just a hint of frost that comes with early October, with the same blue cloudless sky above them, the same serene looking but abundantly nutritive grass under their feet, it must have stirred even the impassive Indian temperament to a sentimental reverie. What thrilling incidents had been enacted on these very grounds in many of which these old men had taken part!

Out in the big 3000-acre pasture reserved for the buffalo, the white man's fences were invisible and there stretched away on every side, so far as the eye could see, the vast expanse of level country with a herd or two of these almost extinct animals in the distance. But the keen eye and sharp memory of the Indians told them what was not apparent to the stranger. They knew that across to the South was the Mulberry canyon where it was possible for a big band of Indians to conceal themselves until the enemy came so close; on the open plain above, that they were completely at the mercy of their foes without so much as a tree or rock to afford protection. That beyond another stretch of the treeless Plains was the deep gorge of the Palo Duro where the small stream which grows into the Red River of the South, runs between the fertile fields of a pleasant little valley. It was here in the shelter of the precipitous cliffs of the canyon which are from 1000 to 2100 feet high, that the first headquarters of the J. A. ranch was established, it being a matter of record that the wagons of the party had

to be taken apart and carried down the declivity. Among the many treasured mementos in the Goodnight residence, none are valued more highly by the Colonel and his wife, than the two large canvases painted by a New York artist, depicting that early home. It was here that the Indians learned both to love and to fear the man who, though a kind friend and good neighbor, was also a courageous foe when their depredations called for stern measures. But if visions of past achievements and the freedom of years gone by obtruded themselves, the old Indians gave no sign and entered with the greatest enthusiasm into Col. Goodnight's plans for the entertainment of his guests, exhibiting not the least embarrassment on account of the throng of people there to witness the hunt.

It is safe to say that Col. Goodnight was far from expecting the crowd that drew up before his gates, filled the streets of the little town of Goodnight and overflowed on the adjacent empty lots, as the time for the chase drew near. Though he has been an outstanding figure in the history of the Plains since 1876 when he discovered Palo Duro Canyon and became enamored of the country, he had not dreamed that the fame of himself and his buffalo would call together such a concourse of Plainsmen from east, west, north and south, as presented themselves at his gates on this occasion. They came in covered wagons and limosines, on horse back and noisy motorcycles, in carriages, wagons and bicycles, with every vehicle loaded to capacity and a goodly company of "infantry" besides, that had arrived on the train and walked over to the house. Rarely does the self-centered, workaday world stop to pay such tribute to a man during his lifetime and it was the more remarkable on that account. But it was no use telling the Colonel, who is uncompromisingly averse to publicity for himself, that these people had come to do him honor. He ascribed the popularity of the event to the fame of his beloved buffaloes and the novelty of the occasion.

At one o'clock, the gates were opened and in accordance with a prearranged plan, the autos were required to pass in single file until they reached the pasture which was to be the scene of the hunt. There they were drawn up in line along the fence, facing the "arena" which was a half mile square. At the end of two hours, during which time a steady stream of cars poured through the gates, three sides of the field had been "fringed" with autos standing as close together as they could be placed.

The buffalo to be killed had been cut out of the herd by the Indians the day before after an exciting chase lasting several hours. It was a six-year-old cow whose pugnaeous disposition made her early demise a matter of little regret and her loss a source of great joy to the Indians.

But there was no time to grieve, the gun. The Indians had come for the purpose of demonstrating to the white man, though their hunting grounds had been taken from them and the freedom of their inheritance was theirs no more, they were still abundantly able to up-

hold the traditions of their buffalo-hunting ancestors. From the time that the animal was loosed from the corral until it sank upon its haunches, mortally wounded, the Indians, bent low over their ponies' necks, were in close pursuit. When it had reached the slightly elevated, far corner of the pasture where all could see, Horse, Kiowa George and Luther Sahmont, simultaneously rose in their stirrups, drew their bows and sent the death-winged arrows speeding on their errand. Presently, the animal staggered, stopped and slowly sank down, its life blood flowing from three wounds in its side. As soon as he perceived that the shot had been true, Old Horse lifted his bow high in the air, an old time signal to the women in the camp that the hunt had been successful and they were to prepare to skin the carcass.

The buffalo had scarcely fallen, before the pasture was alive with autos scurrying from every direction to get a closer view of the scene. Complacently victorious, Old Horse and his followers received the congratulations of the crowd with smiling good humor but when asked which one had sent the fatal shaft not one would take the credit to himself—all three had done it. When the animal was dressed, however, it was found that one arrow had penetrated its body and struck the ribs on the other side and it was generally conceded that Horse had shot that arrow. It was pulled out of the carcass and given to Colonel Goodnight as a souvenir of the occasion and the other arrows were bought from the Indians by other guests.

Following the dead buffalo back to the house, many of the people stopped and the Colonel and Mrs. Goodnight assisted by Judge O. H. Nelson, Miss Laura Hamner and other old-time friends held an informal reception. It was a day of "open house" and to many the opportunity afforded of viewing the many trophies of the hunt and relics of pioneer days was the most enjoyable part of the day. Immense buffalo hides, beautifully mounted heads and highly polished horns were in profusion. Wonderful beaded moccasins, and other ornaments, bows, arrows, and quivers with old buffalo guns, powder horns and similar accoutrements adorned the walls. A picture that challenges the attention of the most careless observer hangs in the hall. It is a portrait of the Colonel enlarged from a kodak print which was taken unawares when he had stepped out into the sunshine one bright morning and raised his hand to shield his eyes as he looked out over his pastures. The pose is a characteristic one and the exterior depicted is that of the bluff Colonel that everybody knows; but there is something about the gesture and the expression on the face that arrests attention and reveals the dreamer who is known to very few. The picture has been aptly named by his admirers, "The Man With a Vision."

Interesting as had been the day with its exciting incidents, the next was of even greater personal significance to the Colonel and his friends, many of whom had stood by his side in those early times but were now separated by many miles. The barbecued buffalo constituted the "piece de resistance" of the dinner which was served the following day to 125 especially invited guests and the fact that were told around the table, made one regret that the hunters, carrying the trophies of the hunt, had not been with the Colonel. But there was no time to grieve, the gun. The Indians had come for the purpose of demonstrating to the white man, though their hunting grounds had been taken from them and the freedom of their inheritance was theirs no more, they were still abundantly able to up-

Though still hale and hearty at 81, Colonel Goodnight realizes that the sands in the glass are running low and he is most deeply concerned at present, in making some arrangement by which the results of his life work may be preserved for posterity and the vision which he has had before him all these years, realized. To impart to a younger head the experience accumulated through his years of experimentation as well as the vision of the future as he sees it, before mind or body fail him, is Colonel Goodnight's absorbing ambition and that it may be most fully and satisfactorily realized is the sincere wish of all his friends.

The recent agitation to induce the Government to make a National Park of the Palo Duro Canyon has a most earnest advocate in the Colonel, and his herd of buffalo, which now number about 250 head, would make an attractive addition to such a park. But the matter that is nearest the Colonel's heart is the perpetuation and improvement of the cattalo. He believes that if he might live 25 years longer, he would be able to produce a beef animal that would excel anything now known and many people think that he has already demonstrated the reasonableness of his claim. He has found that the yearling cattalo, which is a cross between the buffalo and the Angus, will outweigh the yearling steer 100 pounds; that they are immune to blackleg, will not eat loco and will always face a storm instead of drifting with it.

And now, sitting with their old friends about them, Colonel and Mrs. Goodnight could look to the north and see the thriving little town named in their honor, whose first depot they had built, and beyond, the Goodnight Baptist College, founded and for many years supported by them; to the east, were the beloved cattalo; to the south, the broad pasture where the small remnant of the great southern herd of buffalo now graze in security and peace. And all around are the farms and homes of happy, contented people whose immunity from savages, both man and beast, was purchased at a high price by the sturdy pioneers.

GENERAL PERSHING. When this car was delivered from El Paso to Columbus very bad roads and a cloudburst were encountered, but the car arrived in Columbus on time and incidentally on the trip an order of SIX ADDITIONAL STUDEBAKERS WAS RECEIVED.

Uncle Sam has also recognized the utility and reliability of the STUDEBAKER COMBINATION EXPRESS AND PASSENGER TYPE by putting them into the United States Marine Corps Recruiting Service and into the work of the United States Coast and Geodetic Survey. These cars were purchased in the open market after the most severe tests, in which many representations of the automobile industry participated. IN EVERY CASE, Studebakers carried more than the required load and passed through every test with power in reserve.

GOVERNMENT ORDERS, AFTER TEST, AND REPEAT ORDERS SUCH AS THIS ONE FOR GENERAL PERSHING, AFTER THE CARS HAVE UNDERGONE THE HARDEST KIND OF USAGE UNDER THE MOST TRYING CONDITIONS, ARE THE MOST ELOQUENT TESTIMONIALS OF THE STERLING QUALITY OF STUDEBAKERS THAT ANY PROSPECTIVE CAR OWNER COULD POSSIBLY DEMAND. Act wisely—follow the example of your Government and make that new car a STUDEBAKER.

For sometime after the present Mexico Expedition was launched there was a great deal of concern among automobile enthusiasts as to what car the Government would choose to withstand the severe tests it would have to undergo over the roughest roads in Mexico. This question was soon settled, however, when it was announced, emphatically that Uncle Sam was convinced after severe tests that it took STUDEBAKER QUALITY TO ANSWER THE DEMAND.

Every American citizen knows that Uncle Sam always DEMANDS the BEST, and that's why he is using STUDEBAKERS. We are glad to reproduce herewith a message received at El Paso, Texas, Aug. 24, 1916, addressed to Studebaker Corporation of America, Detroit, Michigan. It reads as follows: "STUDEBAKER CARS HAVE WITHSTOOD THE MOST SEVERE TESTS THAT THE GOVERNMENT COULD PUT THEM TO OVER THE ROUGHEST ROADS IN MEXICO, MAJOR WHITMAN, QUARTERMASTER, COLUMBIA, PHONED EL PASO TO THIS EFFECT. GOVERNMENT PURCHASED TODAY THREE SIX TOURINGS, ONE FOUR ROADSTER. CONGRATULATIONS ON TEST." Signed J. S. WEISE.

SOCIETY AND CLUBS

Complimentary to her guest, Mrs. O. B. Stitt, of Vega, Mrs. J. W. McQueen entertained a few friends with bridge, Tuesday afternoon. At the close of the games, a delicious salad course was served.

The Bay View Club met Friday at the home of Mrs. Guthrie. A full attendance of the membership evidenced the interest being taken in the work outlined for the year.

The afternoon study, was directed by Mrs. J. E. Ferguson, and included a general survey of Dutch Art with the magazine questions.

Mrs. Chris Garrison and Miss Garrison were elected to membership in the club.

It was decided to hold no meeting this week on account of the fair.

A further and more specific study of Dutch art and artists will be taken up at the next meeting which will be held with Mrs. J. Frank Potts, Thursday, Oct. 19th.

One of the best meetings of the year was enjoyed by the ladies of the Mothers' Club on Tuesday, when Mrs. W. M. Cogdell was hostess to the club at the home of Mrs. Pierce.

The lesson subject was "Conscience and Self Confidence." "Unexpected Childhood Misconceptions" was the subject of an interesting paper by Mrs. J. E. Walker. "Development of Conscience" was ably handled in an excellent paper by Mrs. Bowers. "The Child's Moral Situation During High School" was discussed by the club.

The social hour was most pleasantly spent. A salad course consisting of chicken sandwiches, pickles, and coffee was served.

Public Sale

GENERAL PERSHING is using STUDEBAKERS because of their quality. Why don't you? 1t

Chas. H. Early of Centralia, Mo. is a business visitor in Hereford this week. Mr. Early has large land holdings near Kelso. He is well pleased with the outlook here and thinks the country's prosperity is now on a substantial basis.

Hereford People Get Instant Action

Those who have used it in Hereford are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-Ka. Because it acts on BOTH lower and upper bowel, ONE TEASPOONFUL Adler-Ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. Lifted Church Debt

A unique and profitable experiment in farming has been carried out this summer by the Church of Christ. They rented twenty acres of land on the King farm and the members of the church subscribed \$85 to finance the raising of the cotton crop. Every bit of work that has been done in the way of chopping or plowing has been paid for out of this money. The crop is now ready to pick and it will yield a half bale to the acre. The cotton will sell at \$100 per bale. After paying the land lords fourth they figure on receiving seven and a half bales. This means \$750. Counting out the picking and marketing expense, they expect to realize \$500 on this subscription of \$85 and thus be able to pay off a lumber bill they owe on their church building. Hall County Herald.

New Grocery Store

Mr. J. O. McCreless and family of Wichita Falls, arrived here last week and will make their home here.

Mr. McCreless will open a grocery store in the rear of the new Wilkinson building as soon as his stock arrives.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

"Katy" May Build More Road
 Recent visits of M. K. & T. officials to this place, coming over the country from Beaver here, is considered by some as an indication that that company is contemplating extending the road from that place to Ochiltree, since taking over the new line from Forgan to Beaver.

While nothing definite can be learned about it, the taking over of that line would indicate that the company was contemplating an extension soon, and that road would be greatly benefited by having a line in the Panhandle, especially if the extension would go on to Amarillo, or some other point south.—Ochiltree News.

The "Roundup" a Success
 The Roundup was the biggest event ever pulled off in this section of the state. People came for many miles from all directions to the first Roundup in Tucumcari. The attendance has

been up in the thousands and what was feared would be a failure financially, has been sufficient to pay the big attractions their guarantee.

The steer riding contest the first day was marred with the serious injury of the first contestant, Bud Clayton, who fell underneath the animal when he jumped the fence. Clayton was picked up and remained unconscious for several minutes. Life seemed extinct, but he was finally revived by physicians from the crowd. The contest proceeded and but few other accidents happened.—Tucumcari News.

It's just like running a good sewing machine. Saves you all kind of bother! A smooth running, satisfactory range, like your sewing machine, is not an accident or a matter of guess work. It is the result of months of study and experimenting and costs the maker thousands of dollars before it is perfected.

COLE'S Down Draft RANGE

is a smooth and perfect running machine for all kinds of cooking. It kindles readily and without puffing. Its thin unbreakable malleable lids are ready almost instantly. It bakes evenly and quickly.

It does all these necessary and important things perfectly and caps the climax by requiring but two-thirds as much coal as the ordinary every-day range.

That is why you should have one in your home.

See the name "Cole's Down Draft" — on the high closet door — none genuine without it.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
 "It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

Has Leased Sheep Ranch

W. T. Savage is in the city this week and informs us that he has leased a sheep ranch in New Mexico and will begin operating it in the near future. He has secured twenty sections of fine grazing land near the mountains.

A part of the ranch will be devoted to cattle, but most of it will be given over to the raising of sheep. We predict great success for W. T., but we hate to see him leave Paducah. Paducah Post.

Your druggist will refund money if RAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 5c.

Good Price for Calves

W. H. Black has sold his calves and yearlings, netting \$32.50 for the former and \$52.50 for the latter. These are good healthy prices for cattle straight from the range and it shows that breeding tells a tale whenever selling time comes around.—Higgins News.

Farwell News

P. E. (Pet) Rose, formerly a resident of Texico, was murdered last Thursday on his ranch near Hachita, N. M., supposedly by Mexicans. Mr. Rose went out in the morning to look after his stock, and in the evening his horse returned riderless. A searching party was formed and the body was found near the Mexican boundary with six bullet holes in it, and was not far from where the Parker family was murdered a few months ago. A son of Mr. Rose was found dead some time ago, who is supposed to have been killed in the same manner. The deceased leaves a widow and four children. The family was well known in Texico-Farwell, having lived here several years.

We are in receipt of a letter from W. E. Howell, of Toulon, Ill., who takes us to task for never telling the public what land in this section is worth. We never do this; for it is worth so much that those who have never been here would call us downright liars. Making an exception in this particular case: It is really worth anywhere from \$100 to \$1000 per acre, however, some people are so foolish as to sell it at \$15 to \$45 per acre. Instead of raising fine corn, hogs and cattle on it. H. D. Seamounts has moved to the Ballard farm north of Friona. He says he is now a genuine farmer and has hay seed in his hair. W. E. Goodwine has purchased the quarter section adjoining him on the east. Consideration \$25 per acre. The land is in fine state of cultivation.—Farwell Tribune.

Ochiltree Man Struck by Lightning

J. T. Glaspie, who lives near Rogers-town, was struck by lightning last Saturday while drilling wheat on the place George Bradford now lives on, 6 miles northwest of town, which he has rented for another year. He was not found for probably half an hour after he was struck. It is thought that he was standing at his horse's head when the bolt came. He was working four, two of which were killed. He had some bruises which indicated that the team which was not struck had trampled on him some.

He was severely burned about the head and on the breast, with some burned streaks on his legs. His hat was torn all to pieces, no piece being left much larger than a man's hand. His overalls were torn into shreds, and one shoe torn off. He is getting along better than could really be expected and much hopes are entertained for his recovery.

Homes for the Teachers

One of the advance steps in improving the rural schools by making the school the social and educational center of the community will be to build the teachers a home and let them live comfortably near the school. The teacherage will enable the overworked teacher to get more rest and will enable him to reduce the cost of living.

MAKES RAPID HEADWAY

Add This Fact to Your Store of Knowledge

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its presence. Prompt attention should be given the slightest symptoms of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells, or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular, and attended by pain, procure a good kidney remedy at once. Your townspeople recommend Doan's Kidney Pills. Read the statement of this Hereford citizen:
J. L. Martin, telegraph operator, 111 Jowell Ave., Hereford, says: "The water in this country is hard on my kidneys, causing them to get weak at times and then my back bothers me. It aches and is lame and I sometimes have black spots floating before my eyes. Doan's Kidney Pills, procured at Betts-Clark's Drug Store, are the best medicine I have ever used for this trouble. They always give me the desired results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Martin uses. Foster-McMillan Co., Props., Buffalo, N. Y.

which will save the district in increased salaries necessary to keep the teachers.

When two or more districts are consolidated it will not be an expensive problem to build the teachers a home and supply them with enough land for school gardens, poultry, cows, hogs, etc., suitable for teaching agriculture. During vacation the teachers may reside at the school and assist the county demonstration agent in conducting boys' and girls' clubs. In this way the regular school work may not suffer even in vacation so long as there are lectures, demonstrations and practical work in canning, stock judging, etc.

Our public schools in rural districts must exert a greater influence in community leadership if we are to advance as we should. With the superintendent and teachers as citizens in the community the people will get the benefit of their leadership for the school, the church, and for rural society.

The teachers' home might be built by volunteer subscriptions by those who are anxious to show their appreciation of the school and the teachers. The opening would afford an occasion for the community to get together on social center work. Farm and Ranch.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

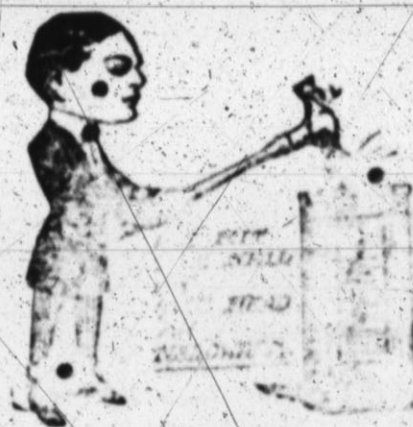

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile-like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the richest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

National Fire Prevention Day

Fire loss on the farm is not so great as in towns and cities, for the reason that there is not the chance to spread. Figures are not at hand, but no doubt they would show that, considering the number of houses in which fire originates, the danger of fire is as great in the country as in the city. Therefore, it behooves every farmer and every farmer's wife to be as careful in regard to fire as if they lived in a city or town.

The only safety against fire is everlasting precaution. The only way to fight fire is by prevention. Cities are now recognizing this. New York has a fire prevention squad. For a certain number of hours each week members of this squad go into courts, basements, alleys, attics, examine places for storage of oils and explosives, and see that all rubbish is cleared up.

Some points that may be observed to aid in fire prevention:

Keep matches in metallic boxes and out of reach of children.

Keep kerosene oil and gasoline in out-buildings that are stone, iron, concrete or brick.

Be prudent in lighting lamps or stoves with either kerosene or gasoline, and never fill them near another light.

Keep lamps clean and well trimmed so that they will burn clearly and there will be no danger of explosion.

Never carry open flame lights into barns, and never place candles where they will be overturned.

Be careful in burning and clearing up rubbish and weeds about the house and barn.

Be everlastingly thoughtful in regard to preventing fire, for when once it is started your loss is sure and great.—The Southland Farmer.

Big Things for Dry Farming Congress

The Eleventh annual Dry-Farming Congress will convene in El Paso Thursday, October 19, and continue for three days and nights. Agricultural educators from nearly every state will participate, together with practical farmers who have demonstrated conclusively that the system of moisture conservation and soil tillage known as "Dry-Farming" can be relied upon to produce crops where ordinary methods fail. The International Soil Products Exposition, which is held under the management of the Congress, will open Saturday evening, October 14, and continue ten days. Special buildings covering several acres have been erected near the business center of El Paso to house the Exposition, which will con-

tain large exhibits by the Republic of Mexico and several Mexican states, the United States Government, fifteen states, the Canadian government and provinces, and 25 counties of Texas, New Mexico, Arizona, Kansas and Colorado.

Following is a partial list of speakers who will address the Congress sessions:

Henry Jackson Waters, president of the Kansas Agricultural College; Andres Garcia, Mexican consul general to the United States; B. Youngblood, director of the Texas Experiment Station; L. D. Sweet, Denver; E. G. Peterson, president of the Utah Agricultural College; Dr. John A. Whitsoe, president of the University of Utah; W. L. Carley, director Oklahoma Experiment station; L. W. Page, director office of public roads, Washington, D. C.; Frank M. Byrne, governor of South Dakota; W. R. Motherwell, minister of agriculture, Saskatchewan, Canada; W. M. Jardine, director Kansas Experiment Station.

It is expected that these sessions will develop some lively discussions concerning matters of legislation especially affecting western states. The enlarged homestead act and questions affecting irrigation and impounding of waters of western streams are among these.

Texas Game Laws

For the information of hunters the following tables showing open seasons on Texas game laws has been compiled. The first date in each case is counted in the hunting period but not in the last.

Deer (buck) Nov. 1, Jan. 1.
Quail, Dec. 1, Feb. 1.
Prairie chicken, Nov. 1, Feb. 1.
Turkey, Nov. 1, Feb. 1.
Dove, Sept. 1, March 1.
Weedcock, Nov. 1, Jan. 1.
Golden plover; black-breasted plover, yellow legs, Nov. 1, Feb. 1.
Jacksnipe, Oct. 16, Feb. 1.
Rail, coot, gallinule; (all called mud-hens) Sept. 1, Dec. 1.

Duck, geese, brant, Oct. 16, Feb. 1.
Cranes, curlew, killdeer, upland plover, and all small waders except those named in the foregoing table are protected until Sept. 1, 1918.

Nearly all small birds are protected at all times by Federal and state laws. To avoid violating law, those contemplating shooting birds, should consult Audubon Society, or Game Warden Chevalier.

A letter from the Biological Survey to this association states that the Federal regulation forbidding shooting between sunset and sunrise also applies

to doves.

Our secretary was recently notified by Senator Culberson; that the treaty whereby Canada and the United States agreed to protect migratory birds has been ratified. This greatly strengthens the federal law in that it does away with any question of its constitutionality.

Revival Meeting Closes

The following from the Miami Chief will be of interest to the friends of Rev. Whitwell and Miss Miles in Hereford.

"Sunday morning a very successful revival meeting closed at the auditorium. The meeting, conducted by Rev. O. E. Whitwell, of Norman, Okla., was one of the most enthusiastic and cooperative meetings ever held in Miami, and ended most gloriously with 130 conversions, 25 of which came the last night. People who seemed most sin-hardened, at last gave their hearts to God and came out on his side.

Miss Miles did her share of the work in the song service and is due her share of the credit for the success of the revival. Both the singer and the evangelist made many friends in Miami and will be welcomed should they return to Miami.

A nice purse of \$450.00 was made up and paid the evangelist and the singer, and they departed Sunday night for their respective homes at Norman, and Guthrie, Okla. We did not learn the exact number of people joining the various churches, but there were members added to most every church in town during the meeting and the fellowship now existing between the churches is greater than ever before. Let it so remain."

Hereford will have a Better Babies contest during its agricultural and live stock fair, October 13 and 14.—Floyd County Hesperian.

Notice of Special Election

The State of Texas)
County of Deaf Smith)
In Commissioners' Court, October

Term, A. D., 1916.

Whereas, on the 9th day of October, 1916, a petition was presented to the said Commissioners' Court, asking for a Special Election to be held in said county on Saturday, the 18th day of November, 1916, to determine whether or not a majority of the property tax paying voters of this county, voting at said election, desire said county to issue bonds in the sum of twenty-five thousand (\$25,000.00) dollars, maturing in forty years and to bear interest at the rate of six per cent per annum, for the purpose of erecting and equipping a County Hospital under the provision of Chapter 39, Acts of the Thirty-third Legislature of Texas, and it appearing to the said Commissioners' Court that the said petition bears the requisite number of signatures of property tax paying voters of said county, and being in every respect in conformity with law; it is therefore ordered by the Commissioners' Court of Deaf Smith county, Texas, that a Special Election be held in each and every voting precinct in said county at the regular polling places, on Saturday, the 18th day of November, 1916, to determine whether a majority of the legally qualified property tax paying voters of said county desire the issuance of bonds on the faith and credit of said county in the amount of twenty-five thousand (\$25,000) dollars, payable forty years from their date and bearing six per cent interest per annum, payable annually, to provide funds for the erection and equipping a County Hospital, under the provisions of Chapter 39, Acts of the Thirty-third Legislature, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property in said county sufficient to pay the current interest on said bonds and provide a sinking fund to pay the principal at maturity.

It is further ordered that the presiding officers, heretofore appointed to hold the general election, are hereby appointed to hold this Special Election, and they shall within five days after said election has been held, make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon the following:

"For the bonds."
"Against the bonds."

All persons who are legally qualified voters of this State and of this county and who are resident property tax payers in this county county shall be en-

titled to vote at said election.

The sheriff of this county shall give notice of said election by posting notices at each voting box in said county for thirty days before the election.

Done in open Commissioners' Court, this 10th day of October, 1916.

JAS. A. HUGHES,

County Judge, Deaf Smith Co., Texas.

I, A. O. Thompson, Clerk of the County Court and ex-officio clerk of the Commissioners' Court of said county, do hereby certify that the above and foregoing is a true and correct copy of

the order of the county judge of said county, dated the 10th day of October, 1916, ordering an election in said county on the question of issuing bonds for said county and levying a tax for said bonds, as appears from the original order on file in my office.

Given under my hand and seal of said court this 10th day of October, 1916.

PRIZE WINNING LIVE STOCK SHOW

THE LIVE STOCK SHOW in all departments promises to be the greatest event in the history of Hereford. Famous for its cattle, for its hogs, horses, mules and poultry, why should not this effort be crowned with success?

EVERY CITIZEN of the Hereford Country is invited to attend the Fair and bring an exhibit. This includes every man, woman and child living in the territory tributary to Hereford and not limited to Deaf Smith County alone. You of Castro, Parmer, Randall and Oldham Counties, are especially invited to join us and bring your exhibits.

CASH PRIZES AND PREMIUMS

EITHER CASH OR RIBBON PRIZES will be awarded all exhibits by impartial judges. For Special Premium List, see elsewhere in this issue of the BRAND, and write the Secretary for regular list.

BETTER BABIES CONTEST

THE BETTER BABIES CONTEST promoted by the Hereford Civic League, promises to be an event of unusual interest. Why should not this healthful plains country make capital of its babies—the greatest babies in the world. Enter your baby in the contest.

GRAND FLORAL AUTOMOBILE PARADE

THE AUTO DEALERS of Hereford have offered big cash prizes for the best decorated cars represented by each dealer, and the Fair Association offers cash prizes for the best two cars. This means a monster parade of artistically decorated autos. The decorated cars will head the parade, and every car owner is invited and expected to join in this grand feature. This parade will include all decorated floats of whatever nature.

AMUSEMENTS

A SPLENDID PROGRAM of entertainment has been arranged and includes Broncho Busting, Cow Pony Race, Potato Race, Sack Race, Greased Pig Contest, Tournament Contest, Foot Ball Games and Fancy Riding. Get Your Horses Lined Up, Boys, And Bring 'Em On.

All indoor exhibits will be shown in the basement of our beautiful court house with its beautiful blue grass lawn, trees and shrubbery. The live stock exhibit will be shown to the south and west of the court house in well arranged pens and corrals. The whole fair is compactly arranged and conveniently located, with no hack, bus or jitney fares to pay. No admission fees charged on anything connected with the Fair, and everything free as the air you breathe.

COME TO THE HEREFORD FAIR. BRING YOUR FAMILY AND YOUR FRIENDS. OCTOBER 13-14
