Council To Again Seek Cease-Fire

UNITED NATIONS, N.Y. (AP) — Diplomats are hopeful that the Soviet Union and the United States can agree on the text of a resolution by which the U.N. Security Council could call unanimously for cease-fire and withdrawal in the Middle East war.

The informants said Soviet Ambassador Nkolai T. Fedorenko and U.S. Ambassador Arthur J. Goldberg were pledged to negotiate in advance of today's meetings.

They said the two had promised to seek instructions from their governments that might enable them to settle the remaining issue—the point to which the fighting forces should withdraw.

The two big powers were still deadlocked when the council adjourned Monday night after an hour's public debate and 11 hours' private consultations on what to do about the fighting.

The Russians wanted the resolution to indicate only that the forces should withdraw to the positions they held before the fighting.

The Americans wanted to be able to interpret it as meaning also that the Egypoians should withdraw from the Strait of Tiran where they were blockading Israeli shipping.

The Egyptians occupied Sharm el Sheikh, overlooking the strait, after the U.N. Emergency Force evacuated it about two weeks ago in withdrawing from Egypt by that government's request.

Danish Ambassador Hans R. Taborn president of the council this month, in adjourning it overnight said consultations on a resolution had not finished and asked that the members be available to continue them an hour before today's meeting.

As delegates reported, Tabor said there was general agreement that the resolution should call for a cease-fire, and that it should call for a troop withdrawal, and the only thing in dispute was the point to which the troops should withdraw.

He said that he had found it necessary finally to bring Fedorenko and Goldberg into confrontation on that issue, that they differed strongly on it but that both had seemed more positive in their attitudes after getting fresh instructions from their governments late Monday.

Picket Lines Manned For Solons Visit

RIO GRANDE CITY, Tex. (AP) — Three state senators arrived today to probe the troubled Starr County farm labor dispute, especially what they termed the absence of trials for persons arrested and the presence of a team of Texas Rangers.

Shortly before they arrived, a picket line went up at a melon farm, the first picketing since Saturday.

Sen. A. R. Schwartz of Galveston said he and Sens. Oscar Mauzy of Dallas and Don Kennard of Fort Worth talked Monday in Austin with the Rangers' boss, Homer Garrison, director of the Department of Public Safety.

"We wanted to get the official viewpoint about the necessity of the Rangers (in Starr County) if there is any," Schwartz said.

He asserted that the Rangers' presence was "highly questionable" and he said that he termed "editorial comments" by Ranger Capt A. Y. Allee on the side of the farm growers were inconsistent with law enforcement techniques.

Schwartz said Garrison had assured him the Rangers were in Starr County to enforce the law against violations such as mass picketing, unlawful assembly or secondary boycott violations.

"One of the things we want to find out is why nobody gets tried," Schwartz said, referring to the more than 60 persons arrested but not tried on charges since the latest skirmishes during the melon harvest.

Schwartz said the senators hoped to talk during their one-day visit to growers and union men alike and to county and law enforcement officials.

They began their first-hand look by interviewing a newsman and photographer who said they had been warned by Rangers not to take pictures at Mission and Harlingen during arrests of pickets near a railroad track.

Eight pickets representing the United Farm Workers Organizing Committee, AFL — CIO, formed around the gates of Torphy Farm.

Sentenced In Robbery

James Oliver, young Colorado City man who took $106 at gunpoint from the Mode-O-Day Shop in Snyder, was handed a 10-year prison term in District Court here Monday when he appeared for sentencing.

He pleaded guilty to the charge on May 19. He also received a 5-year term after pleading guilty to a charge of escaping from prison.

Andres Alvarea Sosa, also of Colorado City, was sent to the state prison after a 2-year probation was revoked Monday. He was convicted of driving while intoxicated, second offense, on April 17. The proation was revoked when he was apprehended for the same type of offense May 28 in Colorado City.

In other action in district court, Ernest Garcia of Roby was handed a 5-year prison term this morning after he entered a guilty plea to a charge of forgery.

HEADING FOR THE WAGON — Helmeted police move a demonstrator along toward police wagon after he was arrested in a disturbance in the Grove Hall section of Boston. Incident was triggered by welfare recipients demanding increased allowances. At least 20 policemen were injured and 30 persons arrested. (AP Wirephoto)

Guard Joins N. M. Chase

By BUD JORGENSEN

CANJILON, N.M. (AP) — National Guardsmen, bolstered by light tanks, machine guns and nearly 80 law officers, trudged through hills of northern New Mexico today in search of an armed band of men who shot up a rural courthouse.

The fugitives were identified by State Police Chief Joe Black as Reies Lopez Tijerina and his followers in a long-threatening militant move to press claims to old Spanish land grant tracts.

Black said 30 to 40 men led by Tijerina were in the forested hills around Canjilon.

They fled Monday after shooting their way into the Rio Arriba County courthouse at Tierra Amarilla, about 15 miles north of Canjilon. Two officers were shot and wounded, about 20 persons were held hostage for two hours and a district judge barricaded himself in the court chambers.

Chief Black and Maj. Gen. John P. Jolly, commanding about 450 Guardsmen, set up headquarters in Canjilon and sent their men into the forest and small rural communities in search of the Tijerina force. Two M42 tanks were brought in. A half dozen trucks and more than 20 Jeeps were used in the search.

About 40 persons, many of them children, were taken into custody in the Canjilon areea Monday night and placed under guard at their homes.

Tijerina's wife, was jailed in Santa Fe on a charge of conspiracy to commit a felony. Her 6-month-old daughter was taken to a foster home.

One of those arrested late Monday was identified as Baltazar Apodaca who, Black said, was charged with kidnaping and assault in connection with the armed band's seizing of a deputy sheriff and a newsman as hostages when they left the courthouse.

Texas May Get Airborne Brigade

AUSTIN (AP) — Texas will get an airborne infantry brigade under the new National Guard reorganization plan, Maj. Gen. Thomas S. Bishop, state adjutant general, says.

Bishop said Monday "the state to which it originally had been offered got hold of me and said we could have it if we still wanted it."

The general had indicated at a news conference and staff briefing earlier in the day that Texas was "negotiating" for such a brigade.

Texas originally was to have received a combat engineer brigade, with the airborne outfit—only one of its kind authorized by the reorganization plan—going to Alabama. Bishop said Texas would swap the engineer outfit for the airborne brigade, subject to U.S. National Guard Bureau approval. He indicated there should be no difficulty in receiving this approval.

Announced by the Pentagon Friday, the reorganization would eliminate Texas' last remaining divisions, the 49th Armored and the 36th Infantry, both of the National Guard. The Army Reserve 90th Infantry Division was phased out in the 1965 reorganization.

In place of the divisions, the state would get the airborne brigade, to be headquartered in Austin, and a mechanized infantry brigade, with its command post in Dallas, as well as the San Antonio-based 36th Infantry Brigade.

The 36th Brigade was formed in 1965 as a high priority outfit. All three Texas brigades will be kept in a high state of readiness, Bishop said.

Although airborne units are volunteer organizations, Bishop said he does not anticipate much trouble recruiting paratroopers for the brigade since "Texans always have been adventurous."

WEATHER

SNYDER TEMPERATURES: High Monday, 94 degrees; low, 52 degrees; reading at 7 a.m. today, 69 degrees.

Coast: Variable, mostly east, winds 5 to 15 knots today and tonight, becoming southeast 10 to 20 knots Wednesday.

South Central Texas: Partly cloudy and warm tonight and Wednesday. Low tonight 65 to 75. High Wednesday 85 to 95.

Southeast Texas: Partly cloudy and warm tonight and Wednesday. Low tonight 65 to 75. High Wednesday 82 to 90.

Southwest Texas: Partly cloudy and warm tonight and Wednesday with a few late scattered thundershowers, increasing Wednesday. Low tonight 62 to 72. High Wednesday 88 to 98.

West of Pecos: Partly cloudy tonight and Wednesday with a few late scattered thundershowers, mainly Wednesday. Low tonight 58 to 70. High Wednesday 85 to 98.

North Central Texas: Partly cloudy through Wednesday. Widely scattered thunderstorms, mainly in north Wednesday. A little cooler in northwest Wednesday. Low tonight 65 to 74. High Wednesday 86 to 94.

Northeast Texas: Partly cloudy and warm through Wednesday. Low tonight 62 to 69. High Wednesday 86 to 92.

Northwest Texas: Partly cloudy through Wednesday. Widely scattered thunderstorms in west and north late today and tonight and over area Wednesday. A little cooler in most sections Wednesday. Low tonight 62 to 72. High Wednesday 82 to 92.

Garrison Terms Ruby A Conspirator

NEW ORLEANS (AP) — Dist. Atty. Jim Garrison has officially termed Jack Ruby, the killer of Lee Harvey Oswald, as a conspirator in the assassination of President Kennedy.

Ruby, 55, a Dallas strip joint owner, died of cancer Jan. 3. He repeatedly denied any knowledge of the assassination of Kennedy in Dallas Nov. 22, 1963.

Israelis Sweep Near Closed Suez Canal

BY THE ASSOCIATED PRESS

Israeli forces swept within 90 miles of the Suez Canal today, apparently following the road that led them to the vital waterway in 1956. The Egyptians closed the canal on the ground that it could be blocked indefinitely if a ship was hit there.

With their bitterness overflowing against the United States because of its past support of Israel, three Arab countries—Kuwait, Iraq and Algeria—cut off sale of oil to the United States and Britain. Lebanon curtailed loading of oil from pipelines.

These actions followed Cairo charges that British and American planes from carriers were aiding Israel. The charges were denounced as false in both Washington and London.

The Soviet Union was backing the Arabs and spoke out against Israel as having instigated the war, but no military intervention from Moscow was evident.

By land or air, Israel carried the war into Jordan, Syria and Iraq as well as Egypt.

A military spokesman in Tel Aviv said Israeli columns in Sinai captured the key town of Abu Aweigila, 30 miles southeast of coastal El Arish, seized earlier. The town lies on the main east-west road through the Sinai Desert.

This gave the Israelis a solid 30-mile front for a sweep westward along the line of the 1956 onslaught to the Suez Canal, the spokesman added.

Forward elements were reported advancing nearly half way through the desert.

Israel, seemingly with air superiority over the fronts, claimed the destruction of at least 374 Arab planes. Israel admitted losing 19 planes, while the Arab commands claimed 183 were shot down.

An indication of Israel's air superiority came from a Jordanian communique in Amman. It said there was "a huge umbrella of Israeli aircraft over the whole Jordanian front."

As the war intensified, mobs attacked U.S. facilities in Damascus and Baghdad and the consulate in Egypt's Alexandria.

In addition to striking deep into the northern Sinai Desert, the Israeli army announced the virtual occupation of the Gaza Strip on the Mediterranean with the capture of the city of Gaza, Egyptian administrative headquarters.

The strip had been bypassed by Israeli forces striking south and west and Radio Israel called on the strip's residents to surrender. Most of the strip's residents are Arab refugees from the Israeli-Arab war of 1948.

More than 30 miles west of the strip, the Israeli army fanned out from the captured key coastal town of El Arish in the Sinai Peninsula and seized Bir Lachpan to the southeast, an army announcement in Tel Aviv said.

The Israel column at El Arish was in a position to strike due west for Port Said, at the Mediterranean entrance to the Suez Canal. This is one of the major routes followed by the Israeli army in overruning the Sinai Desert in 1956.

NEW POLICE CHIEF GREETED — Stephen Clark, center, who will become Snyder Police Chief on July 1, is greeted by City Manager George Patterson who announced Clark's appointment last night. At left is Mayor M L. Broman, who, along with other members of the counsel, endorsed the appointment.

Raiders Down Three MIG Interceptors

SAIGON (AP) American jets probed deep into the fortified heartland of North Vietnam Monday, bombing rail lines into Hanoi and drawing out a swarm of Communist Mig interceptors. Three of the MIGs were reported shot down.

Although little ground fighting was reported, the airmen carried the war to the Communists with 113 strike missions over North Vietnam and five raids by giant B52 bombers against targets in South Vietnam.

The U.S. Command announced that Red ground gunners shot down a Navy Crusader jet over North Vietnam, the 572nd U.S. combat plane lost above the 17th Parallel. The pilot was missing.

The Communists sent up 20 or more swept-wing MIG21s and MIG17s in an unsuccessful attempt to disrupt the raids on the rail line leading north from Hanoi to the industrial complex of Thai Nguyen.

New Police Chief To Begin Duties July 1

Stephen Clark, 35-year-old police training instructor at Texas A&M University has been appointed Snyder Police Chief. The appointment, announced Monday night by City Manager George Patterson, will become effective July 1.

Clark will fill the vacancy created June 1 when Chester Simons moved to Coffeyville, Kan., to become police chief.

A native of Houston, Clark has considerable experience in law enforcement and related fields. His present assignment is Instructor, Police Training Division, Texas Engineering Extension Service, Texas A&M University.

He has attended Southern Methodist University, St. Mary's and St. Thomas Universities in Houston, and Notre Dame. He holds a bachelor's degree from St. Mary's and a masters degree from Notre Dame.

Earlier in life his career had been directed toward the clergy and at one time he served as assistant pastor of a 1,500-member church. He also served as assistant principal and dean at a parochial school.

In law enforcement work, he served two years as a lieutenant with the Harris County (Houston) Constable's Dept., and for four years was a member of the Austin Police Department, serving in the records and communications departments, the uniformed radio patrol and in the detective division.

Clark is married and has two children, Mellissa 4 and Stephen Allen 2. He and his wife are members of the Lutheran Church.

In announcing Clark's appointment, Patterson said the city administration was especially impressed with Calrk's recommendations, not only from former employers, but from associates in business and school affairs as well.

"I want you to know that the council is in 100 per cent agreement with the city manager in his decision to make this appointment," Mayor M. L. Broman told Clark when the new police chief was told of his appointment at a council meeting last night.

Clark had come here several days ago for an interview and returned last night to be on hand when the appointment was announced. He and his family plan to move here in time for him to begin his duties on July 1.

Spanish-Speaking Policeman Asked

The Snyder City Council disposed of a brief agenda at its June meeting last night at the city hall, highlighted by a request that a Spanish-speaking policeman be employed by the local department.

The city manager was instructed to assemble additional information before any action is taken on a request to name a study committee in connection with a public housing proposal. The Snyder Board of Realtors asked in a letter to the council that such a study committee be appointed. The purpose is to look into the possibility of a housing authority being formed to pave the way for use of vacant FHA houses as low rental units for the elderly and disabled.

Joe Carrasco was spokesman for a delegation of local Spanish-American citizens who appeared at the council meeting to discuss police department relations with Spanish-American people. Carrasco said some officers, but not all, on the local police department had a tendency to "get smart" and talk down to the minority groups and that he believed that more Spanish-Americans are stopped for routine checks than other groups.

Carrasco said he had checked corporation court records and for one year when receipts from fines, etc., amounted to about $48,000 it was determined that some $8,000 of that amount had been paid by Spanish-Americans. He said some police patrols had been observed to "wait in their cars" when Spanish-Americans have social gatherings and other events and then stop many of them for checking when they leave.

"You don't see them waiting outside the VFW and the Country Club," Carrasco said.

Prime suggestion for improvement was that a policeman who can speak Spanish be employed so that communications between the Spanish-Americans and the police department may be more articulate.

The city manager reported to the council that school participation in some extended police department activities would be discontinued. As a result, the city police budget will be pared for the next fiscal year and such services will be eliminated.

SOVIET DESTROYER HEADED FOR MEDITERRANEAN — A Kashin class Soviet destroyer passes through the Bosporus Straits in Turkey on its way to the Mediterranean Sea. The ship is equipped with two twin surface-to-air missile launchers, visible on the forward and aft decks. The vessel is part of the Soviet fleet gathering in the Mediterranean in connection with the Middle East crisis. (AP Wirephoto by cable from Istanbul)

DEAR ABBY: That letter about the sisters in West Virginia who couldn't get their aging mother to bathe regularly hit home with me because I have such a mother.

The poor soul is in her late seventies and is forgetful and somewhat childish. She is very large (about 250) so I coax and tease and jolly her while I undress her. Then with the help of my good husband we get her into the tub and give her a good scrubbing. Then we get her out of the tub, dry her, and give her a good going over with some nice - smelling dusting powder.

I'm sure the baths we give her are the only ones she ever has. Even tho they're only once every two weeks, they are better than none.

SAME PROBLEM SOLVED

DEAR ABBY: I was glad to see that someone else had trouble getting her mother to take a bath because I really was ashamed to tell anybody that I had the same problem with my own mother. I guess it was no secret until I learned how to handle her.

Mamma was 74 and stubborn as a mule. When she'd come to visit me I could smell her coming a block away, and after she left I used a can of spray to freshen the house. Finally I realized she was just like a child so I used the same tactics I'd use on a little kid and it worked.

I made a tub of sudsy water, put little rubber swans and ducks in it, and I said, "Come on now, Mamma, it's wa-wa time." I even got her to let me shampoo her hair. I poured plenty of scented bath oil into the tub, and she loved it.

While she was splashing around in her bath I'd run her clothes thru the automatic and I added bath oil to them, too.

Much to my surprise, every time she came to visit she asked for her "wa-wa time."

HAPPY NOW

• • •

DEAR ABBY: As a newly ordained minister, my husband has been asked to officiate at many marriage ceremonies. So why do they send us an invitation to the wedding? They know my husband will be there, but they send an invitation with an RSVP anyway. Do you suppose they expect some sort of a present? I can't figure this out.

MINISTER'S WIFE

DEAR WIFE: I'm sure a present is not expected. You are sent an RSVP invitation because those in charge of arrangements probably want to know whether your husband is bringing you and staying for dinner.

• • •

DEAR ABBY: My 14-year-old daughter does a lot of baby sitting, and she wouldn't think of going to sit anywhere if she herself had a cold or wasn't feeling well.

However, parents who call sitters do not mind exposing the sitter to children who are coughing, sneezing, and running a fever.

This is the fourth day my daughter has missed school this week. And all because she was called to sit with a sick child.

Abby, please remind sitter hiring parents that their sitter is also somebody's child and shouldn't be exposed to sickness.

SITTER'S MOTHER

Speck Awaits Transfer To Prison

JOLIET, Ill. (AP) — Richard Speck, sentenced to die for the massacre of eight nurses, was at a diagnostic center for processing today before being transferred to Stateville Prison.

Judge Herbert C. Paschen Monday sentenced Speck to the electric chair Sept. 1.

An appeal to the State Supreme Court is automatic in capital punishment cases in Illinois.

Speck was convicted April 15 in Circuit Court in Peoria of murdering the eight nurses who were stabbed or strangled July 14, 1966, in their townhouse dormitory in Chicago.

At his court hearing in Peoria Monday, Speck listened with no show of emotion as Judge Paschen intoned the death sentence.

Speck's only comment was muttered to Sheriff Willard Koeppel of Peoria County as Speck was led from the courtroom.

"You can't win them all," Speck said.

Speck's encounter with the electric chair may be years away even if he loses his appeal.

A stay of the death sentence is automatic pending a review by the high court. Speck's counsel, Gerald Getty, Cook County public defender, has said he would carry the case to the U.S. Supreme Court if necessary.

Parents of six of the victims sat dry-eyed in court as Judge Paschen, who had the power to soften the jury's death recommendation to life imprisonment, pronounced the death sentence.

The eight nurses at South Chicago Community Hospital were seized in their dormitory by an intruder who bound and held them captive in a bedroom.

One by one the killer led each of the nurses to another part of the townhouse and killed them.

BIRTHS

Mr. and Mrs. Dean Wesley, 317 Thirty - fifth, are the parents of an 8 lb. 7 oz. baby boy, born June 5th at 2:40 p.m.

A 7 lb. ½ oz. baby boy was born June 5th at 12:47 p.m. to Mr. and Mrs. Lewis Wells, 402 Thirty - first.

Thomas Is On TADA Board

Appointment of John H. Thomas, Thomas Chrysler - Plymouth, Snyder, as Area Director of the Texas Automobile Dealers Association was announced in Austin today by H. C. Pittman, Executive Vice President of TADA.

In accepting this appointment, Thomas stated, "I am proud to represent my fellow franchised dealers in this area. Our major program this year will be to work with state officials in implementing the Texas Traffic Safety Act passed this year by our Texas Legislature, and to promote a high standard of integrity and assist the automobile dealers in better serving the public by making driving safer, more convenient and more economical."

Thomas will serve as an Area Director until the next TADA Convention in Dallas in May, 1968. The association, with headquarters in Austin, celebrated its 50th anniversary this year and is the largest statewide new car dealers association in the nation.

Women's Job Corps Contract Renewed

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., said Monday the Office of Economic Opportunity signed a new two-year contract for continued operation of the Women's Job Corps Center at McKinney, Tex.

The new pact is effective July 1.

ELECTRONIC GADGETS — Wayne Killough holds a box of electronic gadgets recovered from a weather balloon by his son, Robert Lee, a 14-year-old freshman student at the Borden School. The youth discovered the balloon while rounding up some cows north of their farm home near Mesquite Creek.

Balloon Is Rounded Up On Ranch

Robert Lee Killough, 14-year-old son of Mr. and Mrs. Wayne Killough of Gail, discovered a weather balloon 500 yards west of the Mesquite Creek bridge in Borden County last Friday.

Attached to the balloon were several electronic gadgets which the Killoughs gave to postal authorities to forward to the Air Force. The balloon was one of several sent aloft at Winston Field here recently by an Air Force weather unit.

Robert describes in his own words how he discovered the balloon:

"I found this weather balloon on Friday, June 2, 1967. I was walking along the creek bottom when I saw some cows about a hundred yards on down the creek. I had no intention of racing them, so I decided to circle around them. I climbed out of the creek, which is about a mile north of my house and started to circle around them.

"I saw something just ahead of me on the ground. I went over to it to find out what it was. I decided to just leave it there for while. I went back to the house for it was almost dark then. I told my daddy and my big brother about it. I didn't get to go the next day. I went down the following day."

Planting Of Cotton Lags Behind

AUSTIN (AP) — Good growth continued for cotton, sorghum and corn in the eastern third of Texas last week, but wheat prospects in North Texas are poor, the U.S. Department of Agriculture reports.

Rainfall has improved cotton prospects in several areas, the department said Monday. Planting of the southern High Plains crop is 73 per cent complete.

The cotton crop statewide is 74 per cent planted, compared to 90 per cent for the same period last year.

Major wheat areas have had harvesting operations slowed by wet fields. Some wheat on the High Plains and along the Red River was damaged by heavy rains and hail.

Cantaloupe and watermelon harvest in the Lower Rio Grande Valley was fairly active, although harvest was past its peak. Honeydew melons moved in good volume with tomatoes, peppers, cucumbers, sweet corn, okra, cabbage and carrots also moving.

Range and livestock prospects temporarily improved with spotty rainfall in West Texas. Supplementary feeding continues but should diminish in areas of heavy rainfall.

TODAY'S MARKETS

Astronaut Givens Killed In Crash

By RONALD THOMPSON

HOUSTON (AP) — Astronaut Edward G. Givens Jr., a pilot who felt he was at the pinnacle of his profession, died early today when his small car crashed off a road a few miles from the Manned Spacecraft Center.

Givens, 37, an Air Force major and father of three, died around midnight. His death was the seventh in America's elite astronaut corps in less than three years.

Spokesmen said the accident occurred near Pearland, a small town south of Houston. Police said Givens' car left the road on a sharp turn and went into a ditch.

"I don't think they knew it turned," an officer said. "They went straight ahead and struck the ditch."

Two Air Force reserve companions, Maj. William Hall of Youngstown, Ohio, and Lt. Col. Frances Dellorto of Chicago, were injured. Hall and Dellorto were on temporary active duty at nearby Ellington Air Force Base.

The Air Force said hospital reports indicated Dellorto was in critical condition and Hall in fair condition.

Chief astronaut Donald Slayton, Air Force Capt. Stuart Allen Roosa, one of the new astronauts, and Dr. Charles A. Berry, the spacemen's doctor, went to the Givens' home to notify the family.

Givens, a native of Quanah, was one of the 19 new astronauts named in the spring of 1966 and had never flown in space. At the time of his selection, he was already stationed at the space center as a project officer on an astronaut maneuvering unit spacemen hope someday to use in orbit.

Givens first attended Texas A&M, then the University of Oklahoma for two years before entering the Naval Academy. After graduation he chose an Air Force commission—an option allowed prior to the existence of the air force academy.

He is survived by his widow, the former Ada Muuss of Bedford, Mass., three children, including a three-month-old daughter, and his parents, Mr. and Mrs. E. G. Givens of Quanah.

Death has struck the Astronaut Corps seven times.

Air Force Capt. Theodore C. Freeman died Oct. 31, 1964, when his T38 jet, crippled by a goose in flight, crashed near the Space Center. On Feb. 28, 1968, Air Force Maj. Charles A. Bassett II and civilian Elliot H. See Jr., peirshed in a jet crash at St. Louis.

HIGHLAND SHOPPING CENTER

BRIDAL SHOWER — Mary Minor (center) was the honoree at a bridal shower held Saturday afternoon in the home of Mrs. George Park on East Thirty-seventh Street. Others pictured, from left to right, are Beth Peters, sister of the groom-to-be; Mrs. Fred Minor, mother of the honoree; Mrs. David Peters, mother of the prospective groom; and, Deborah Peters, sister of the honoree. Miss Minor will be united in marriage with Freddy Peters of Wellington at 8 p.m., Friday, June 9, in the Chapel of the Flowers in Lubbock. Both are students at Lubbock Christian College.

Mitchell Reunion At Fluvanna

The Mitchell family had a reunion at the Fluvanna Community enter on Sunday, June 4.

Attending were Mr. and Mrs. Jas. K. Mitchell and Richard of Beggs, Okla.; Capt. and Mrs. John K. Mitchell and Pamela of Beggs, Okla.; Mrs. Gary Reed and Brenda of Pawhuska, Okla.; Mr. and Mrs. P. C. Mitchell, Mr. and Mrs. Joe Hutcheson, David, Denny, Doug and Dawn, Mr. and Mrs. James Mitchell, Cindy and Kevin, all of Wolfforth; Mr. and Mrs. Ray Comer, Brenda, Glenda, Carl and Craig of Houston; Mr. and Mrs. Bill Mitchell, Susie, Blake and Barry of Anton; Mr. and Mrs. J. D. Mitchell of Seminole; Mrs. W. D. Mitchell and Billy Dunn of Lamesa.

Also Mr. and Mrs. Earl Wilson, Judge and Mrs. Sterling Williams and Oleita Mitchell of Snyder; Mr. and Mrs. Bill Jennings, Bill and Burt of Fluvanna; Mr. and Mrs. Roger Williams, Keil and Kelly of Snyder; Mrs. Charlie Engle, Mr. and Mrs. Floyd Hull and Mr. and Mrs. Ernest Rainey from Big Spring; Mr. and Mrs. May Jenkins, Mike Jasper and Cathy Southern from Kenna, N. M.; Mrs. Edith L. Wilcox of Plattsburg, N. Y.; Mr. and Mrs. Bernard Longbotham, Jr., Snyder; Mr. and Mrs. Morris Wayne Williamson and Morris Jr. from Abilene; Mrs. S. D. Hays, Snyder; Miss Vera Periman, Snyder; Judge and Mrs. Carl Periman, Amarillo; Debbie and Marsha Mathis, Fluvanna; Lorie Vickers, Anton; Linda Kay Holden, Beggs, Okls.

Capt John K. Mitchell leaves the west coast on June 15 for service in Viet Nam.

Africa's highest peak — 19,340-foot Mt. Kilimanjaro — may be preserved in all its natural beauty as a national park. The United Republic of Tanzania invited three men from the U.S. Park Service to study the feasibility of a national park on Kilimanjaro, and their report is favorable.

WOMEN

WHAT'S GOING ON

Weekend visitors in the home of Mr. and Mrs. J. W. Tatum, Rt. 2 included their daughter and family, Mr. and Mrs. Spencer Smith and Chuck, from Jacksonville, Fl., who were enroute to the Naval Air Station at Lemoore, Calif. Mr. and Mrs. Carl Scantes, of Lecompte, La.; and Mr. and Mrs. S. W. Adams and three sons, of Cheyenne, Wyo., also visited in their home.

Take a weekend trip with the money you save on Gas Air Conditioning.

Well . . . maybe your savings on gas air conditioning won't get you to the Sphinx, but they will mount up. Because one of the main advantages of gas air conditioning is economy. It costs you less to use. It costs less in maintenance, too. Gas air conditioners are built better. They last longer, and there are fewer moving parts to wear out. And Lone Star offers special summer rates for cooling. To get the details on this high quality equipment for your home, call your air conditioning contractor or **LONE STAR GAS** for a free estimate.

Nations Juggle Words While People Perish In Mideast

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — It's like a minuet. Faced with the likelihood of war in the Middle East, a war that could sprout into World War III, the United Nations all last week danced around the problem, doing nothing.

Monday the war came. And again the U.N. Security Council dipped into its ever-handy bag of debate and consultation about some kind of agreement calling for a cease fire.

There's a limit on how long the council can dawdle with semantics while people perish in the Mideast's Jewish and Arab world, and still retain any meaning or respect.

And while the fighting continued, and the council members argued, the watching world grew a little more tense for reasons outside the immediate conflict between Jews and Arabs.

Moscow announced the Arabs had its resolute support, which could mean anything from moral approval to military intervention although it seemed a little milder than the Soviet statement of May 23 which said aggression against the Arabs would meet with the "resolute resistance of the Soviet Union and all peace-loving states."

But the Soviets stood firmly on the Arab side, accusing Israel of aggression and demanding it stop fighting unconditionally.

If this most recent Soviet statement seemed less belligerent than the earlier one, it may have been a bit of word-juggling, and, as a result, while Moscow didn't increase the tension it didn't lessen the tension.

This country got into the word-juggling act, too. President Johnson also issued a statement last May 23, saying this country is "firmly committed to the support of the political independence and territorial integrity of all the nations of the area," meaning the Middle East.

Then Monday the State Department, through its press officer, Robert McCloskey, gave the American position on the fighting. "Our position is neutral in thought, word and deed," he said.

Did this contradict Johnson's May 23 position: that this country is committed to the support of the political independence of all nations in the area? No, some other U.S. officials said, explaining it is not clear yet whether the Israelis or the Arabs started the war.

But a little later Johnson's press secretary, George Christian, said the State Department statement was "not a formal declaration of neutrality." He explained that "in a conflict you are either a belligerent or a neutral." And he added that the United States is certainly not a belligerent.

If this all seemed like word splitting by Moscow and Washington it was only an extension of what had been going on between their representatives in the United Nations Monday.

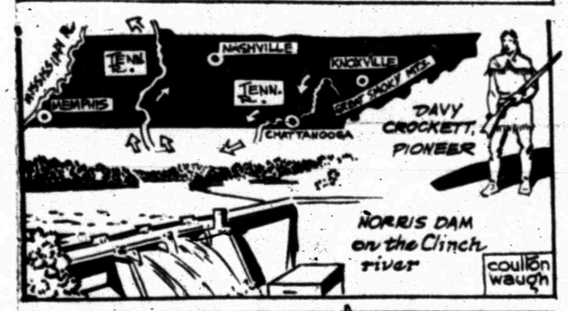

The question there was how to agree on calling on both Israel and the Arabs for a cease-fire, whether it should be just a cease-fire or a cease-fire with a string attached.

The Soviet Union and the pro-Arab members of the Security Council wanted a cease-fire but also they wanted both sides to pull back to their positions — meaning inside their own borders — before Monday's fighting began.

But the United States, Britain and others didn't like this. They wanted cease-fire without the withdrawal because if both sides pulled back Egypt's blockade of the Gulf of Aqaba would be strengthened.

Basel, the great Rhine port in Switzerland, handles eight million tons of cargo a year.

Junior Editors Quiz on TENNESSEE

QUESTION: *Why is Tennessee called the Volunteer State?*

* * *

ANSWER: Tennessee is a romantic state, picturesque both in its terrain and in its history. The name comes from Tanasie, a settlement of the Cherokee Indians. To the east, the state joins the Great Smoky Mountain region, famous for remarkable scenery. Here, many of the folk songs we hear were first collected. In the east, too, rises the Tennessee River, which flows down out of the state, then back up again, crossing Tennessee and finally joining the Mississippi. This river valley is the site of T.V.A., the Tennessee Valley Authority. Over 20 dams control the water, preventing floods, creating electric power which is used for many important purposes. Because of the strange bend of the river, Tennessee is sometimes called the Big Bend State. Its other nickname is the Volunteer State. This came because the hardy men of Tennessee, used to pioneering and deadly shots with their long rifles, enlisted in unusual numbers in the War of 1812 and in the Mexican War. There were more than twice the number asked for, in both cases.

Memory Is Man's Richest Warehouse

By HAL BOYLE

NEW YORK (AP) — Memory is man's most momentous warehouse.

But none of the items it stocks are for sale.

In this warehouse each man stores his past. Your own warehouse of memories is pretty well-stocked if you can look back and remember when:

Only rich people and Bohemian artists served buffet dinners. The poor and the middle class sat down at the table and ate a meal they called supper.

People whispered about anyone who moved into the neighborhood who had been divorced.

A dude was a fellow who wore all-white shoes and a $10 Panama hat in summer.

A husband taking his plump wife out to dinner had to help lace her up and back instead of just zipper her.

If you wanted to put up a birdhouse in the yard, you built it — you didn't think of wasting money buying one.

Typhoid fever killed more people than did motor cars.

When you saw anyone wearing sunglasses, you just knew he or she must be a movie star, or somebody equally glamorous.

It was customary in many homes to begin and end the day with the reading of a few verses from the family Bible by the head of the household.

One of the biggest problems of grammar school teachers was to break up the squabbles that resulted from marble games played during recess. And lads caught pitching pennies for keeps had to carry home a stern letter from the principal to their parents.

The world of boyhood was divided into two classes: those wealthy enough to afford chewing gum, and those who simply gouged out some tar in the street in summer and chewed it.

The biggest excitement in small towns was generally caused either by runaway horses or dog fights.

A housewife didn't mind poverty quite so much as long as she had white lace curtains to hang in her front windows. They were her quiet banners of gentility.

Water Board To Inspect Texas Areas

AUSTIN (AP) — The President's Water Pollution Control Advisory Board will inspect several Texas areas June 26-29, including Gulf Coast industrial areas and the Lower Rio Grande Valley.

The nine-member board's tour was announced by Joe G. Moore Jr., chairman of the Texas Water Pollution Control Board.

Aerial inspection of streams, lakes and industrial complexes are scheduled in the Dallas-Fort Worth area, San Antonio, the Lower Valley, Corpus Christi, Galveston, Beaumont, Port Arthur, Orange and Houston.

The board also will visit Dallas, Fort Worth, San Antonio, Corpus Christi, Galveston and Houston. It will hold a public meeting in Houston at the Rice Hotel June 29.

Gotay-Led Astros Rap Cardinals, 5-2

By ED SCHUYLER JR.
BY THE ASSOCIATED PRESS

Joe Morgan and Julio Gotay are on two-week reserve tours, but Gotay, unlike Morgan, would like to see his stint stretch through September at least.

Morgan, the Houston Astros' second baseman, is on two-week Army Reserve training, and Gotay has been called up from Oklahoma City to fill in for him.

"They say I'm just up for two weeks," Gotay said Monday night, "but I don't want to go back down again.

If his performance in Houston's 5-2 victory over St. Louis is any indication of what his fill-in tour is going to be like, he might not. Gotay collected a double and two singles, drove in two runs and scored once.

In other National League games Monday night, Los Angeles beat Atlanta 4-2 and the Chicago Cubs trounced Philadelphia 13-3.

In the American League, Minnesota edged Cleveland 5-4, Detroit nipped Kansas City 2-1 in 11 innings, the New York Yankees topped Washington 4-2 and California trimmed Baltimore 3-2.

Gotay, a 27-year-old Puerto Rican who has been in and out of the major leagues in the past several years, has added incentive to make this stay in the big time an extended one.

"I got to go hard with the two coming," he said.

The "two coming" are the twins his wife has been told she can expect in August. The Gotays already have two children.

Gotay, hitless in his last 20 at bats at Oklahoma City, tied the game a 1-1 in the fifth inning by doubling home a run and then scored on a sacrifice fly in the same inning. His third hit drove in one of two runs in the sixth inning when the Astros clinched the victory which snapped a three-game losing streak.

Tony Cloninger started for Atlanta for the first time since April 26 when he was sidelined with an eye ailment.

The right-hander was touched for all four Los Angeles runs, the big blow being a two-run homer by Len Gabrielson in the second.

The Braves, losing their fifth straight, drove Los Angeles starter Claude Osteen to cover in the ninth when the first two men up—Rico Carty and Clete Boyer—homered. Phil Regan came in to save the victory.

Manager Leo Durocher wasn't around to enjoy his Cubs' romp. Umpire Augie Donatelli thumbed Durocher in the third inning for arguing a strike call. 'I invited him for tea and he said he could make it," Durocher said when asked what he had said to Donatelli.

The Cubs started their own Tee Party when Billy Williams hit a solo homer with two out in the fifth to break a 1-1 tie and spark a four-run surge.

Chicago came right back with four in the sixth. This outburst was capped by Ted Savage's pinch hit three-run homer.

Williams also homered in the eighth, and teammates Ron Santo and Ernie Banks connected in the ninth. Bill White hit his first homer of the season for the Phillies.

Snyder Tips Sweetwater

Snyder's Clippers held off a last inning threat from the Sweetwater Reds last night to take a Senior Teenage League victory 5-4.

Roy Hunter, winning pitcher for the Clippers, allowed only two hits while striking out 15 Red batters. He also scored once while collecting two hits at the plate.

Larry Wadzek seemed to be the man of the hour for Snyder as he collected two hits and scored what proved to be the winning run in the fifth inning. Wadzek doubled in Hunter, and then scored from third on a ground ball by Buddy Powell.

Sweetwater almost tied the score in the seventh inning when Hunter hit Danny Critzs, and he scored after a single by Jim Butler. Hunter got out of the jam by strinking out three in the inning.

Snyder scored twice in the fourth inning and three times in the fifth to take the close win. Sweetwater managed four runs by scoring single marks in the second, third, fourth and seventh innings.

Chaparrals Hold Cage Workouts

DALLAS (AP) — The Dallas Chaparrals of the new American Basketball Association are holding workouts Tuesday and Thursday nights at the Richardson High School gym and the impressive list of turnouts includes 6-foot-10 Nate Bowman, who now is on the Seattle roster.

Bowman is a former all-Missouri Valley Conference star from Wichita.

Among others working out and looking for contracts are former North Texas State stars Willie Davis and Rubin Russell, ex-Southwest Conference players Bob Glover of Texas Tech and John Paul Fultz of Texas, and Melvin Reed, former Wichita ace.

WINNER WITH FAMILY — Bob McLeod, far right, is shown here with his father, Sam and his brother, Jerry after winning the Snyder Open Golf Tournament this weekend. Bill Moss, Bob's partner in the win, is not shown. Bob plays tight end for the Houston Oilers. Jerry is a coach at Lamar Junior High School, and Sam is the owner of the Steak House here in Snyder. Bob played his college football at ACC before joining the Oilers, and happens to be pretty handy on the golf course as well.

Yankees Whip Nats With Rookie Hurler

By MIKE RECHT
-BY THE ASSOCIATED PRESS

Thad Tillotson looks like a better reward than money to the New York Yankees in payment for helping the Los Angeles Dodgers win the National League pennant last season.

The Yankees, who got the unheralded minor league pitcher and a bundle of cash from the Dodgers for Dick Schofield last September clashed in another premium on the big right-hander Monday night.

Tillotson, who barely made the roster in spring training, pitched the Yankees to a 4-2 victory over the Washington Senators, his third triumph without a loss in his first major league season.

At the same time, the Detroit Tigers were busy cashing in on pitching coach Johnny Sain, a newcomer to the Tigers this season.

Dennis McLain, Tiger right-hander, threw credit toward Sain after throwing sliders by Kansas City for 11 innings as he beat Kansas City 3-2.

In the other American League games, Cesar Tovar scored on a wild pitch with two out in the last of the ninth inning for Minnesota's 5-4 victory over Cleveland and reliever Bill Kelso's five shutout innings helped California past Baltimore 3-2.

Chicago and Boston were not scheduled.

In the only National League games, Los Angeles beat Atlanta 4-2, the Chicago Cubs clobbered Philadephia 13-3 and Houston topped St. Louis 5-2.

Mickey Mantle made Tillotson's victory possible with his 12th homer in the eighth inning that broke a 2-2 tie. A second run scored in the inning on a sacrifice fly.

Tom Tresh homered earlier with a man on for the deadlock after Mike Epstein made his debut for the Senators with a fluke inside-the-park homer with one on on a pop fly that bounded past Tresh.

McLain allowed only seven hits in his effort and one of the runs off him was unearned when Phil Roof tripled in the ninth inning and scored when Al Kaline bobbled the ball.

Jim Northrup singled and scored on Norm Cash's double for the winning run.

Schoolboy Playoff Pairings Told

AUSTIN (AP) — Pairings for the state schoolboy baseball tournament at Austin's Disch field Thursday and Friday were made today by the Interscholastic League.

South San Antonio will oppose Odessa Ector in Class AAA semifinals at 1 p.m. Thursday.

Beaumont Forest Park and Waco La Vega will meet in the other AAA semifinals at 3 p.m. Thursday.

In AAAA semifinals, Houston Lee will oppose Corpus Christi King at 7 p.m. Thursday, and Tyler John Tyler will play Abilene Cooper at 9 p.m.

The Class AAA contest Friday for third place will be played at 1 p.m. between the losers of Thursday's games.

The Class AAAA 3rd place game will be played at 3 p.m.

The Class AAA championship game will be played at 7 p.m. Friday. The AAAA title game follows at 9 p.m.

Yankees, Cards In LL Victories

The Yankees whitewashed the White Sox 10-0 and the Cardinals eased past the Cubs 6-5 in Little League action last night.

Marvin McClanahan fired a three hit shutout to insure the Yankee victory. In a superb pitching performance, McClanahan struck out 12 White Sox batters in gaining the win. Only two runners reached as far as second base against McClanahan.

McClanahan also scored two runs, one of them a home run in the fourth inning. Charles Cain scored three runs while rapping two singles to aid in the win. Ronald Porter also whacked a home-run in the Yankee win.

The Yankees scored single runs in each of the first three innings, but their big rally came in the fourth when they scored four.

The Cardinals scored two runs in the sixth inning when Jim Fred Liner socked a two run double. The timely hit lifted the Cardinals to a come from behind victory over the winless Cubs. Kerry Rodgers scored three times with four hits to lead the steady Cardinal attack.

The Cubs took a one run lead in the sixth inning when Sidney Wall scored on a double by Brett Bell. Bell had a perfect night at the plate with three doubles and a single.

Barber Rapped With $500 Fine

ANAHEIM (AP) — Pitcher Steve Barber, who walked away from the Baltimore Orioles Sunday, rejoined his teammates here Monday night and was fined an estimated $500 by Manager Hank Bauer.

Barber said he thinks like a lefthander. "I made a left-handed move," he said.

"I realize it was a mistake not asking Bauer for permission to visit my inlaws' farm in Twin Bluffs, Wis.," Barber said.

The 28-year - old lefthander, who has had considerable trouble with his control this season, said he had no complaints about Bauer's plans to demote him to the bullpen. He said he was anxious to determine the cause of his wildness. He has walked 48 batters in 46 innings this season.

Cubs, Yanks In FL Wins

The Cubs romped past the Cardinals 21-8 and the Yankees slipped by the White Sox 10-6 last night in Farm League action.

The Cardinals took an early lead in the first inning when they managed three runs, but the Cubs came storming back with six tallies in their half of the same frame, and they never lost the lead after that.

Everyone in the Cub lineup managed to score on only five hits during the contest. The Cardinals managed only three hits in the run spree.

The Yankees also took an early lead in the first inning when they scored three runs in quick order. They followed that inning up with a four run second frame to easily capture the win.

Rich Featherston lead the Yankees with two hits while scoring twice.

The White Sox scored four times in the fourth inning, but their rally fell short when they failed to cross the plate in the fifth.

PRO DUO — Doug Higgins (left) of Fort Worth and Buddy Brannum of Odessa are still able to smile although they finished down in the pack at the Snyder Open Golf Tournament with a 70-74-144. The fine weather brought forth many smiles after rain threatened to interfere with practice rounds Friday.

SPORTSCUTTLE

We found most of the sports personalities who participated in the Snyder Open golf tournament to be friendly and out - going. Don Meredith; especially, drew praise from the gallery for his willingness to chat with bystanders and answer questions.

Lance Alworth and Charley Johnson, in the same foursome on Saturday, are easy - going, friendly chaps. Charley said he has recovered from his football injury and should be in top shape next season. He is the son of Perry Johnson, tax assessor - collector for the City of Big Spring.

Joe Namath also said he has recovered from his knee injury. He's been working out every day and looks trim at his usual playing weight of 200.

David Baugh, son of Sammy Baugh and former safety for the Red Raiders, said he is going to summer school at Tech. He believes the Tech football team may be improved this season — especially on offense. Gene Darr, a 220-pound linebacker and defensive specialist, was elected captain of the team for next season You may remember Gene — he's the fellow who intercepted a pass and ran it back for a touchdown against Arkansas last year.

Several of the caddies had interesting experiences. Dwaine Boydstun, who caddied for Bob McLeod, said that he advised Bob to use a 3-iron and go for the green on his second shot on one of the holes.

"He did it, too," said the Snyder athlete.

All in all, it was a successful tournament, and we feel the tournament officials should be congratulated for all of the publicity it brought to Snyder.

Doug Higgins said he has given up his pro job at River Oaks Country Club in Ft. Worth to devote full time to his business.

Consequently, he doesn't get in enough practice rounds to keep his game at a fine edge. Doug also was popular with the fans.

"Nothing upsets him," said one fan. "A bomb could go off on the fairway and he would be the only golfer around who didn't know it."

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

• • •

Q — I own a small business and had to file several tax returns. I just got a refund check and I'm not sure what it's for. How can I find out?

A — This year refund checks are identified by class and period of tax. For example, refunds on individual income tax are identified as TAX REF while corporation income tax refunds are identified as CORP REF. This identification appears at the right of the check just under the amount. Employment and excise taxes are also identified.

The period covered by the check, either a year or quarter, is shown at the left of the check under the date the check was issued.

A close examination of your check, therefore, will show which tax it covers and the period involved.

Q — I am planning to set up a neighborhood service business during school vacation this summer. I will mow lawns, wash windows, etc. Will I be taxed on what I make?

A — You will have to file an income tax return if your earnings are $600 or more for the year. You also may be liable for self - employment tax if your net earnings from the jobs you do are $400 or more.

Keep a record of what you are paid and your expenses for equipment, supplies and so forth. This will help you determine whether you earned enough from this and other sources to be required to pay taxes.

Q — Whenever there's a big daily double payoff at the track you read stories in the paper about the IRS, wanting the winner's Social Security number. Could you explain this to me?

A — Information requested from winners at the race track is the same as that asked for by payers of dividends and interest. The winner is required to properly identify himself so that the track can file an information return showing the amount paid and the name and the Social Security number of the taxpayer. This information can then be compared with what the taxpayer reports on his return.

Q — In a divorce, does it make any difference whether payments a man makes to his former wife are considered alimony or child support?

A — Yes it does from a tax standpoint. If the payments qualify as alimony they will be deductible to the payer and taxable to the recipient. If the payments are considered child support, they will not be deductible by the payer and will not be counted as taxable income to his former wife. However, they will count as support in determining who may claim the children as dependents.

Q — Both of my kids need dental work this year and I'm sure the expense will put my deductions way above what they were last year. Considering these expenses, can I have my withholding reduced?

A — If you have increased your withholding in the past by not claiming all of the exemptions to which you're entitled or by having additional amounts withheld, you can reduce your withholding to the legal minimum. File another Form W-4 with your employer claiming all of your exemptions and dropping any additional amounts that had been withheld.

You also may apply for additional withholding allowances based only on the amount of your itemized deductions last year and your estimate that they will be at least that much this year.

Six Persons Get Honorary Degrees

GEORGETOWN, Tex. (AP) — Southwestern University has announced the conferring of honorary degrees on six persons.

They are Dr. James W. Edgar of Austin, state commissioner of education; Dr. Joseph D. Quillian Jr., dean of the Perkins school of Theology of Southern Methodist University at Dallas; Ted Bowen, administrator of Houston's Methodist Hospital; Dr. James D. Hardy of New Haven, Conn., professor of physiology at Yale University; Lester T. Potter of Dallas, president of Lone Star Gas Co.; and W. Grogan Lord of Georgetown, president of Texas Capital Corp.

Airline Institutes All-Cargo Flights

DALLAS (AP) — Braniff International airline has instituted all-cargo flights from Dallas to Denver, Oklahoma City and Wichita.

The firm also announced an increase in cargo capacity to Chicago along with the previous two flights there. It also has cargo flights to Kansas City, New York, Memphis, Nashville, Washington, Newark, Houston and San Antonio.

Instructor At Math Workshop

SAN ANGELO (AP)—Texas Teacher of the Year for 1963—Keene C. Van Orden, math coordinator for San Angelo public schools — served as instructor and consultant for a math workshop at the University of Texas this summer.

Van Orden worked with secondary teachers.

MESQUITE KILLERS

Herbicides Go To Battle 'Cong

By PEGGY SIMPSON
Associated Press Writer

Man's most potent herbicides have been diverted from killing mesquite trees and brush in the United States to defoliating Viet Cong hangouts in Vietnam.

For decades, agricultural scientists have led the fight against the range-devouring mesquite and scrub oak brush.

In Texas as wel as in many other states, through annual sprayings of powerful herbicides, the brush battle has been largely won.

Now the weed control specialists have taken the fight to Vietnam, bent on exposing the Viet Cong guerrillas by withering away their dense foliage in the same manner as the mesquite was withered—through chemicals.

In mid-February, the government committed itself to more intensive defoliation efforts by ording from U. S. chemical firms as much of the potent herbicides as could be produced.

"These work real well on the thickets of Vietnam," said Dr. Rupert Palmer, an agronomist specializing in weed control at Texas A&M University in College Station.

"A plane sprays the liquid on the brush where the Viet Cong hide. You use about 5 or 10 gallons of water per acre mixed with enough of the chemical to kill the plants—about one or one and one-half pounds of the active chemical per acre," Palmer said.

The Defense Department in Washington said 5 million gallons of the chemical 24-5-T were sent to Vietnam through the fiscal year ending June 30.

In addition there are the chemicals 24-D and a new Dow Chemical product which reportedly merges the brush-killing characteristics of all other herbicides, named Tordon.

The result of the government call-up of such herbicides has been to virtually eliminate the domestic supply of them.

"I tried to buy a gallon af 2-5-T to kill the mesquite in my pasture and I coudln't—the store said it was all being sent to Vietnam" said one surprised rancher.

The Texas Department of Agriculture said the pinch on Texas brush battlers was slight this spring compared to what it will be next year, when foliage emerges and spraying conditions are ideal, if the supplies are still tight.

"Mesquite shades the land and takes water and all nutrients from the soil and in addition isn't very desirable as food for livestock," Palmer said, compared to a lush growth of grass which could be planted if the mesquite was removed.

"One dose of one of these herbicides will usually kill a mesquite or a large oak tree forever," he said, but, particularly with the mesquite trees, the regrowth from germinating seeds is ruefully rapid.

Palmer said he had heard few complaints about current shortages of brush-killing chemicals. He predicted the spraying of Vietnam would be completed before the home situation became critical.

Retailers, however, said they had lost thousands of dollars in sales.

H. A. "Red" Ford of the Agricultural Chemical Co. of Dallas said he had held back a dribbling of supplies for regular customers "but we just don't get any more in. People lived a long time without it, before World War II, and I guess they'll have to again. Before this they used bulldozers to chain out the mesquites so the grass could grow."

O. G. Otwell, sales manager for Chipman Chemical Co. in Houston, a wholesaler, said he had to write "sorry, we're all out" notes to retailers who had ordered several thousand gallons of 24-5-T that were taken by the government when it moved wholeheartedly into the market.

Charles McMillin, district sales manager for Armour Agricultural Chemical Co. in Dallas, said "We've lost as much as 10,000 gallons in sales or about $80,000 worth."

"We'll just do without and hope we can get it later," said McMillin.

"But I think everyone understands that if the diversion helps the situation over there, we all are willing to wait."

Anadarko Official Dies In Kansas

LIBERAL, Kan. (AP) — Lex W. Phillips, 69, production superintendent for Anadarko Production Co. until he retired four four years ago, died Monday.

Phillips came to Liberal 18 years ago from Borger, Tex., with the Panhandle Eastern Pipe Line Co., parent company of Anadarko.

He is survived by his widow, Ethel Mae; a son, A. R. Phillips, Waco, Tex.; two daughters, Mrs. Rex Logsdon and Mrs. Ivan Dettmer, both of Liberal.

The funeral will be at 4 p.m. Wednesday.

TO BE NOMINATED — Adm. Thomas H. Moorer, 55, will be nominated by President Johnson for a two-year-term as Chief of Naval Operations. Moorer, commander of the U.S. Atlantic fleet and Supreme Allied Commander of the Atlantic area under NATO, is to replace Adm. David L. McDonald. (AP Wirephoto)

Counterparts Furnish Prison Supplies

HUNTSVILLE, Tex. (AP) — Prisoners in the Dallas County jail can sleep a little better because of work done by their counterparts at the Texas Prison here.

Dallas county commissioners have bought 1,500 new mattress covers from the lowest and best bidder—the Texas Department of Corrections. The cost was $3.30 each.

Rural-City Shift Claims Attention

Joe Box Chairman of the Scurry County Technical Action Panel said the Department of Agriculture had instructed its rural development specialists to "end the migration of rural people to large cities by helping small communities revitalize themselves."

Box said instructions had been sent by Assistant Secretary John A. Baker to all the field staffs of USDA agencies urging them to expand efforts to:

Provide assistance to multi-county planning and development groups.

Extend services and benefits to all Federal agencies into rural areas.

Help rural communities make economic development plans and secure services needed to carry out the plans.

The Assistant Secretary's action emphasized the importance of the Technical Action Panels that the Secretary of Agriculture has ordered established in each State and the approximately 3,000 rural counties to work with local community development organizations.

"Basically, what the department is doing," Baker explains, is realigning and fortifying its field offices to insure that rural communities do not miss out on help available from any source in their development programs.

"We have established a "one stop" service concept in every rural county to enable local leaders to (1) get help they need in finding out what is impeding the development of their local economy, (2) obtain assistance in preparing economic development plans, and (3) tap all government and private services that can be used to turn dreams into reality."

Membership of the technical action panels at the state level consists of the heads of all Department of Agriculture agencies that have State offices. The heads of all other government agencies that provide support in the development of rural areas are invited to become members. The panels are assisted by the directors of the Extension Service, who in some States also serve as a panel member.

The State Director of the Farmers Home Administration serves as chairman, the Soil Conservation Service State Conservationist is co-chairman, and the State Executive Director of the Agriculiural Stabilization and Conservation Service is alternate chairman.

To give staff support to the panels a Farmers Home Administration rural development specialist has been assigned as executive director in 40 states.

Baker in his directive also gave details on multi-county panels, its borrower organizations, will its that are to be set up where needed to service area-wide commercial and industrial proplanning bodies. These panels jects.

will include development specialists from the same group of agencies represented on State and county panels, but will deal with projects that serve more than one county.

"Modern communications and transportation," Baker points out, "have made possible a new kind of functional rural community that has a population base adequate to support a large number of basic public services. Generally this new type of community includes two or more rural counties and at least one small city which is the focal point of local economic activity. Areas of this type can undertake development programs that no single county or community could afford."

In addition, Baker's instruction listed the contributions to be made in rural areas development by USDA agencies that do not have nationwide, county-level field staffs.

For example the Consumer and Marketing Service will provide technical assistance in the area of marketing services and food assistance programs.

The Farmer Cooperative Service will help provide advisory and educational assistance to rural cooperatives.

The Forest Service, through its cooperative State and private program, will provide technical assistance in each area where forests are encomonically important.

The Rural Electrification Administration, working through

Support efforts of the Agricultural Research Service, the Cooperative State Research Service, the Economic Research Service, the Federal Crop Insurance Corporations, and the Statistical Reporting Service were also listed.

Attention Farmers & Ranchers

The Fluvanna Young Farmers will have a complete program on oxygen-free storage for low moisture silage and high moisture grain in beef feeding and dairy operations. Representatives of Butler Mfg. Co. will put on an interesting program with slides, university tests, etc. on how the Butler Stor-N-Feed system can double your per acre income. The program will be held at the Fluvanna Community Center, Tues., June 6th, at 8 p.m. All interested persons are invited. This will be an information program not a sales meeting.
