

Two Mishaps Do Damage, No Injuries

Two separate accidents Friday night sent one person to Community Hospital for examination and resulted in damage to five automobiles.

Dixie Ruth Griffen, 15-year-old school student, of Route 4, Olton, was treated for a neck injury at the hospital and released, following a four-car collision at Main and Third Streets at 9:40 p. m. She was driving a 1963 Mercury sedan that was damaged in the approximate amount of \$500.

Other cars involved in the accident were a 1965 Chrysler driven by Myra Sue Church, 16-year-old student of Olton Route, Plainview, and a 1966 Pontiac driven by Phillip S. Davis, also 16, of Box 4, Hart. Approximate cost to repair each of their autos was set at \$35.

A fourth vehicle which hit the car driven by Miss Griffen, and set off the chain-reaction involving the other two cars, fled from the scene of the accident and was unidentified.

In the other accident, which happened at 6:15 p. m. Friday at the intersection of Avenue G and Eighth Street, a 1962 Chevrolet driven by Nova Jones, 15, Route 2, Highway 70, Olton, was damaged to the approximate extent of \$500. In the same collision, Harlan Schwab, 18, of 1205 Borger Street, Plainview, a student, received approximately \$50 worth of damage to his 1967 Mustang.

Both accidents were investigated by Jerry Smith, Chief of Police.

Atomic World To Be Subject Of Lecture

Atomic energy and its uses will be demonstrated at Olton High School Tuesday, Oct. 31, at 10 a. m. in the school auditorium.

"This Atomic World," a demonstration lecture designed by the Atomic Energy Commission, will acquaint Olton students with basic principles of nuclear energy, its sources and role in industry, agriculture and medicine.

The 40-minute assembly program conducted by Donald V. Jensen is sponsored by Texas A&M and Oak Ridge Associated Universities.

Using student terms, Jensen will describe structure of atoms, radiation, reactors and fusion. Special equipment will show radiation sources, how nuclear energy is harnessed for electrical power, diagnosis and treatment of diseases and life process studies using radioisotopes.

In a blackboard talk to Olton High science classes after the assembly, he will discuss in more detail atomic structure, radioactivity, radiation biology and nuclear science careers.

Jensen is a Youngstown University graduate, holds a masters degree from A&M and trained in the Oak Ridge, Tenn., Institute of Nuclear Studies.

HALLOWEEN with all its tales of witches, black cats and spooks don't seem to be bothering this little lady. Pictured with her funny-faced jack-o-lantern is Rhonda Sue Howard, daughter of Mr. and Mrs. Charles Ray Howard, of Washington, D. C., former residents of Olton.

Mighty Mustangs Tangle With Lockney Longhorns

When the undefeated Olton Mustangs battle the Lockney Longhorns in Lockney Friday night, the Mustangs will probably encounter the extremely fine passing of Lockney's Henderson, a 168-pound senior, according to Olton High School Coach Don Beck.

Time of the District 3-AA conference game is 7:30.

"The last few ball games Lockney has played, the Longhorns have moved the ball real well by passing," explained Beck. "Henderson's favorite

receiver is Sterling. They have either set up or scored a majority of their 13 touchdowns by their passing game."

Coach Beck said that even though Lockney has won only one football game, the team has played every game extremely close. "They have two good running backs in Stansell, 180-pound senior, and in Ball, 160-pound senior," stated Beck. "Both have good speed and have broken for the long run several times."

"They have two linemen lar-

ger than any linemen we have but the remainder of their linemen are smaller than our average linemen," commented Coach Beck. "In over-all line average, we outweigh them a little bit."

Asked about Olton's standing in the district, Beck observed: "If we win the Lockney game, we will be first place and the winners of the Dimmitt-Abernathy game and Friona will be tied for second place. If we were to lose to Lockney Friday night, we will be in a three-way tie for first place in the district with the winner of the Dimmitt-Abernathy tilt and Friona."

"Lockney has a new coach by the name of J. L. Martin, and he is doing a real fine job, and his boys have a real fine attitude," praised Beck. "They play good, sound football, both offensively and defensively."

Starting lineup for the game is:

OFFENSE -- quarterback, Johnny Lewis; halfbacks, Benny Akin and Kenneth Johnson; fullback, Sel Sanchez; ends R. L. Copeland and Lanny McClain; tackles, Steve Burleson and Mike Crowder; guards, Eddie Hooper and Tony George; center, Jason Latimer.

DEFENSE -- middle guard, Eddie Hooper; tackles, Danny Dial and Steve Burleson; ends, Stacy Pendergrass and Benny Akin; halfbacks, Butch Hudgens and Kenneth Johnson; line backers, Ricky Smith and Sel Sanchez; safeties, Charles McClain and Steve Spain.

There are no injuries. Proceeds from the pancake supper were reported to be \$133. Supplies were donated by Jesse's Super Save.

Olton Booster Club will meet Monday night in the high school study hall to see a film showing of the Olton-Lockney game. New time for the meeting has been set at 7 p. m.

Time Changes!

By SUE CANNON

Are you as tired of this Daylight Killing Time as I am? If we had one more week to go I wouldn't make it to work until noon I (I barely get here by 8:30 now).

We have a new news editor, Marie Harris of Tulia, who started with us this week and so help me -- she has beat me to work every morning! Now how about that for a good example?

I guess everyone is aware of the time being changed again. (I hesitate to say run back, because it may be that it is being run up, I never could get that straight when they changed it before!)

Anyway, that long, sought-after extra hour is coming back to us this Sunday night.

And I'd bet that I wake up at the same time I usually do!

If this time change has helped anyone -- I haven't met them yet! Most everyone you talk to says it just gives them more hours to work.

And more of them -- I don't NEED!

By the way, if you're wondering how the wedding went -- it was perfect. All my little son did to interrupt was fall back in his seat and bang his head against the pew during the wedding prayer! (Sound like someone dropped a bomb.)

But everything was very nice otherwise and got to see gobs of relatives I hadn't seen in quite some time.

(Now maybe Belva won't be afraid to risk having some of the same little nieces and nephews in her wedding.)

Everything But The Kitchen Sink

BY MOZELLE TROTTER

"What do you want to be when you grow up?" . . . Do you remember how you used to answer that question? . . . Is that what you are doing? I think it would be interesting to learn just how many of us are doing what we once said we'd do.

Maybe I have a convenient memory but I can't remember ever wanting to be a movie star or the first lady president or anything so glamorous. BUT I do remember saying that I was going to be a society editor for a newspaper (honestly, I did). . . and just think, MANY, MANY YEARS later, I MADE IT!

There were a few other occupations that crowded out the lady reporter thing. Since homemaking was my favorite subject in high school, that is what I chose to study at West Texas. I had visions (briefly) of being a County Home Demonstration Agent but interest in a sailor made me decide that what I really wanted to be was a housewife and mother.

I suppose the newspaper bit in my "younger days" must have been stronger than I thought or you wouldn't be reading my name by "Society Editor" on our mast head, and I wouldn't be struggling to write this column.

Just when I get to feeling a little like Lorelli Wilson someone deflates my ego by saying, "I didn't know you were working at the Enterprise". (May be that I need that touch of humility.)

Little did I know, when I went to work in August, what being "Society Editor" of the Enterprise involved. I write up weddings, showers, club meetings, parties - that I expected, "Boss Lady" had also told me that I'd "take care of

the front". I presumed that meant answering the phone and waiting on customers - sure enough, that is PART of it.

I also learned that I was "want ad editor". You just wouldn't believe that a green-hand could foul up things as well as I have there!

Another of my jobs is to keep the subscription records. Oh boy! It's a trait of the human race that some of us "just haven't got around to doing it" when it comes to sending in renewals. Thus I have one group of "sent first notices" and another "sent final notices". The first of November sure is getting near when first notices become final notices and a brand new batch becomes first. The scraggles left in final notice get cancelled and miss the paper so much they

remember they'd better send their renewal in (WE HOPE). After reading this paragraph, if you're confused - WELCOME.

Well, to top it all off, last week Bub comes over on official post office business and asks "Who's your Dispatch Editor?" I didn't even know we had one and I found out it's ME.

But seriously, I'm not complaining. I enjoy what little part I have in "getting the paper out". I suppose printer's ink kind of gets in your blood as well as on your hands. And I've developed that fierce MOTHER-HEN PRIDE so that I don't want to hear anyone criticize "our paper" - that's a privilege reserved for us. I wouldn't trade my everything-but-the-kitchen-sink - type-job for any BIG SOCIETY EDITOR'S.

The Cyclonic winds from the North almost proved to be too much for our Mustangs, but they held their ground long enough to out-last the winds with a 7-6 final score Friday night. Johnny Lewis and Benny Akin (for the fourth go around) tied for the top offensive honor, while Steve Spain and Charles A. McClain (for the second time) rated tops in the defensive bracket.

Another outstanding offensive player was Jason Latimer and other defensive standouts were Steve Burleson and Butch Hudgens.

Head Hunters were Steve Spain, Charles A. McClain, and Sel Sanchez. Sel has averaged 20 tackles per game this season. Stallions were Benny Akin, and Johnny Lewis and Charles A. McClain.

MUSTANGS DEFEAT LOCKNEY

MAKE IT 8-0 II

GO--FIGHT--WIN

Next week will be Olton Color Week. This means that all business men and other Oltonites will be asked to display our school colors: blue and white in their windows. These colors may be displayed by "Beat Dimmitt" signs or blue and white streamers. The Olton Chamber of Commerce will help sponsor this special week and that building will be decorated in blue and white streamers. Any other "color" ideas will be acceptable. This

is something special to boost our Mustangs to another district win and a step closer to the '67 district crown. So let's get busy and display our great Mustang colors!!

Not once... Not twice... but EVERYTIME!!!

We want blue and white here, there, everywhere. So don't forget about your shakers after last week's game with Memphis-- let them become a part of your game attire from now on.

The choir students, especially, would like to give the adult fans a big, hardy thank you for their cooperation and willingness to support the mighty Mustangs by purchasing a blue-white shaker-- and using it!!

LET'S GO BIG BLUE--BEAT LOCKNEY!!!

A report shows us that the senior class is ahead in the Annual King and Queen race by a slight margin in front of the juniors. The annual sales have been slow so now is the time to buy yours! The date the price will go up will be December 22, only two months away! So get going and buy your '67-'68 Mustang and make your candidates winners.

Spirit filled the air last week over Olton and several Oltonites were stricken with this contagious disease real bad! So, to do something about it they dreamed up all sorts of patriotic schemes to help the

Mustangs. There were so many hard workers and loyal supporters besides the O. H. S. students that the cheerleaders gave the honorable SPIRIT JUG to those spirited persons in our Mustang Community. Keep it up Oltonites-- we can't go wrong with your support!

The annual Halloween Carnival will be this Tuesday night beginning at 7:30 in the high school. One of the features of the carnival will be the Talent Show given by the Senior Class. You all come and make the '67 Carnival a successful one!!

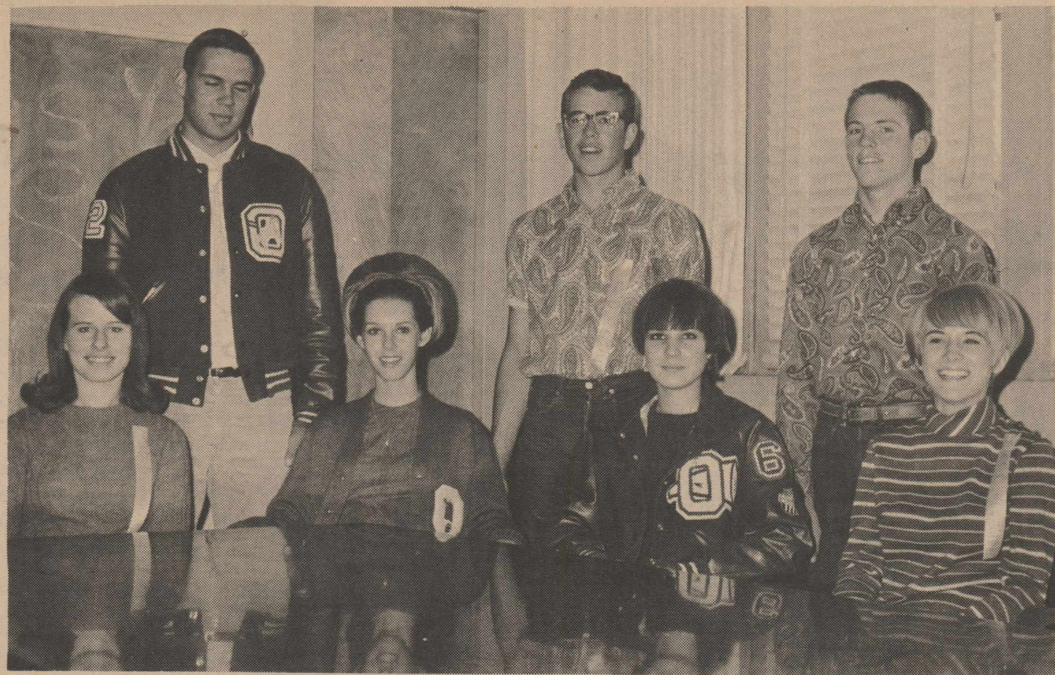

Who? ---Speech Class
When? ---October 18, 1967
Where? ---FTA Meeting

And what did they do? They presented a program. Highlighting the field of drama, four boys gave a skit of a women's poker game and nearly the whole class gave a choral reading.

But before all this took place, both old and new business were discussed. Leslie Holladay was elected to run for the office of vice-president at the District Convention, Nov. 18. Also, Halloween Carnival plans were discussed and committee reports were given. And, FTA's, don't forget to attend our next meeting, Nov. 8. All District Convention plans will be discussed then.

For those who are out of it --marching contest for the Mustang Band is only 11 days off. And how many practices is this? Only 10. So what can one say except work hard for those "11's" don't come easy!!

FTA Reminder: If you did not bring a pie to the Lions Club Carnival, you must bring either a cake or \$2.00 to the Halloween Carnival.

Spotlight On Senior Citizens

Busy Woman Makes Dolls

An attractive, agile woman who likes to keep busy, who loves the out-of-doors, and is thankful for her blessings—that is Mrs. Hoyte Paschal.

She and her husband have been Olton residents since September 1957. Their moving here from Nashville, Tenn. all began when they and their only daughter, Aleda, came through Olton to visit friends and Aleda fell in love with Tom Ross and married him. Following their daughter, they came here and lived with the Rosses on the farm two years before moving to their home in town.

Although Aleda and Tom moved away to land prospect in far-off Alaska, her parents found the move too much for them and were content to stay in Olton where they have many friends. Each summer Aleda and children, Elisa Ann, now 10, and Thomas Paschal Ross, 6, spend several weeks with her mother and father. The Ross family cleared and lived on a homestead long enough to claim it but later left it and went to Kenai, Alaska, where he operates a Tom's Peanut distributor route that keeps him so busy he has not been back to Olton for four years.

"Nonna" as she is lovingly called by her grandchildren, like most proud grandmothers, just happens to have some recent pictures of her grandson and granddaughter.

Both natives of Tennessee, Mr. and Mrs. Paschal were born near Woodbury, he on April 11, 1886, and she on April 2, 1895. The former Rosa Nell Mason and Mr. Paschal were married December 4, 1910 in Woodbury. A retired farmer, Mr. Paschal at one time also worked as a night watchman at a cheese plant at Woodbury. Mrs. Paschal says that they enjoyed the farming until they could not get help and finally had to sell the farm, which was about eight or ten miles from Nashville, Tenn.

A trip "back home" to Tennessee this summer while her daughter was here to stay with Mr. Paschal brought much pleasure to Mrs. Paschal. Riding the bus she went to visit friends in Nashville and a sister and Mr. Paschal's brother in Woodbury.

Products of Mrs. Paschal's green thumb range from lovely flowers such as asters, phlox, and roses to big, sweet onions.

"I like artificial flowers but I like to raise real ones and feel in the dirt", said Mrs. Paschal. She has a number of plants she has potted to brighten the house this winter.

"We worked a little garden on the farm and here for awhile", she explained. The onions and tomatoes she has raised this year are stored in their well-built, clean efficient storm shelter. Mrs. Paschal does all work in the yard except mow the grass.

A hobby of making and dressing dolls began for Mrs. Paschal about five years ago when she made one for her granddaughter's birthday present. Since then she has made 35 or 40 large rag dolls with yarn hair, and has sold a number of them and given others as gifts.

She has dressed Mother Goose Rhyme and story book dolls and in her present collection has Little Red Riding Hood, Little Bo Peep, and Mary, Mary, Quite Contrary. Mary Poppins is another that she has made. An interesting doll she has on display is an old one that belonged to her daughter when she was a little girl. Mrs. Paschal restored the old sawdust doll and dressed her attractively. One of her favorites is a tall Colonial maiden, whose full skirt conceals a Purex bottle.

Mrs. Paschal has made 18 door-stop dolls, each with a Crisco oil bottle as a base disguised under a pretty colored frock with matching bonnet on the doll's head. She sells them for \$5 each, and will make them and other dolls on order. When she made her daughter one of these dolls, Aleda exclaimed "I'm not going to put her on the floor but on the TV."

"I've always loved dolls", Mrs. Paschal explained. When she didn't know what to give a niece in Dearborn, Mich. for a birthday present she decided to make her a rag doll, which the niece loved and sent orders from friends there for several more.

"When I sold Cinderella to a woman from Lubbock, I hated to give her up", added Mrs. Paschal. Her other handiwork includes clever pillow cases designed with little pants, plain tailored ones to mark "His" case and lace-trimmed ones for "Hers". The pants are real pockets. Another pair features a bird design made of bias tape. Mrs. Paschal has converted plain mesh dishrags into cushions and chair-backs by weaving them with colored yarn.

Prized antiques in the Paschal home include a 100-year-old Seth Thomas clock, that had belonged to her father's family, a wooden water bucket with which she and Mr. Paschal started housekeeping 57 years ago, and an old-fashioned cane-bottomed and backed rocker that came from Mr. Paschal's father.

A member of the Church of Christ which she attends, Mrs. Paschal formerly taught Sunday School in Tennessee. (She recalls the little boy who couldn't talk plain, answering the question of who made the world, by saying: "Dod! Anybody knows that." This same little Dudley who was in her class has now become a preacher, and Mrs. Paschal feels proud that he had been one of her "boys".)

Two Touchdowns Nullified

Mustangs Subdue Cyclones

Olton's Mustangs learned a valuable lesson Friday night, but it almost was an expensive one too.

The breaks usually even themselves out.

The Ponies, in surviving a 7-6 scare from Memphis, had most of the breaks going against them for three quarters, but were able to take advantage of a couple in the fourth period to hang on and notch their seventh straight victory of the year.

Olton roundly outplayed the Cyclones during the first three periods, rolling up 12 first downs to Memphis' four, and the score easily could have been 21-0, Mustangs.

But the red flag called back two of the TD's and Olton had managed a 7-0 lead on Steve Spain's 24-yard pass to Charles A. McClain.

Luckily for the Mustangs, two fourth quarter breaks kept their record for the season spotless.

The same red flag that had cost Olton two TD's also cost Memphis a pair of extra points that would have made it 8-7.

Cyclones, and a later field goal that could have made the score settle at 9-7 Cyclones.

So the final Memphis total was held to six, on QB Tony Pounds' eight-yard run with only 4:21 left to play.

All in all, the whole thing worked out fine for the Mustangs, who led in first downs 13-9, total yards 206 to 178, and most importantly, the final score, 7-6.

Everybody in the ball park knew the Mustangs had the better team on the field Friday night, but they had a hard time convincing the stubborn Cyclone team.

Even in victory, the Mustangs were held to their lowest point production and lowest yardage output of the year by the stingy Cyclones, whose defensive line averages 209 pounds per man.

And for the first time this year, the Ponies' Benny Akin was blanked. It was only because his 71-yard run in the third quarter was called back, however.

Akin led the Mustang

rushers with 58 yards in 23 carries, while Kenneth Johnson, playing his usual steady game, came up with 54 in 15 tries.

Charles A. McClain enjoyed a great night, too, rolling in for the Mustangs' only TD and getting off a beautiful 70-yard punt return in the first quarter. That was another call-back job, one which could have put the Ponies 14 points up in the first period alone.

The difference came on Steve Spain's pass to McClain and his magic toe. No one knew it at the time, but Steve's perfect conversion was the game's deciding blow.

His conversion point came after the Mustangs had tallied on a 24-yard pass play with 6:26 left in the first quarter.

The play saw Spain throw the halfback pass to Charles A. McClain, who took it at the Memphis 10 and headed for the corner and paydirt.

Olton's TD climaxed a 62-yard march following the opening kick-off.

A bit of daring kept the drive alive at the Memphis 41, where the Ponies faced fourth down and one yard. But Akin blasted for the first down and some for good measure, moving to the Memphis 35.

Four plays later Spain took a pitchout from QB Johnny Lewis, ran to his right, and tossed perfectly to McClain for the Olton score.

Memphis had one threat in the first half when the Cyclones took over at the Olton 16 after an Olton punt went straight up and backwards for a loss of 22 yards.

But the Mustang defense was too tough and Memphis could get only to the Olton 11.

Olton defensive efforts were so strong that Memphis had only one first down in the first half, that one coming on a 15-yard pass.

Fumbles, interceptions and penalties spoiled both teams' chances in the third quarter, but the Mustangs appeared in good shape until the clock showed only 9:11 left in the game.

At that point, HB William Welch raced 50 yards to the Olton 40 and his run spurred a regenerated Memphis attack.

It led to Memphis' touchdown nine plays later when QB Pounds raced over from the Olton eight, with 4:21 left.

But a red flag, which had

A WHOLE CORRAL of Mustangs go in after a Cyclone. In on the tackle are Steve Spain, 21, Ricky Smith, 40, Butch Hudgens, 32 and Benny Akin, 44, who appears to be coming up out of the ground to help his teammates.

spoiled both teams' chances throughout the penalty-infested clash, nullified the go-ahead points.

The Cyclones, penalized to the Olton 16, then went for a tie, but the kicking conversion attempt was short.

Even with that drama out of the way, the Mustangs still narrowly missed a blemish on their unbeaten record.

The Cyclones took over at the Olton 42 with 2:24 left in the game after partially blocking an Olton punt.

A pass play moved the ball 24 yards to the Olton 14 and four plays later, the Cyclones' Richard Parker tried a 29-yard field goal.

The ball hit the crossbar and bounced over. An official raised his hands high and with 1:17 showing on the clock, the scare seemed all too real to Olton fans.

But there again was the red flag, and the Mustangs had new life. The officials stepped off five yards against the Cyclones and Parker tried a 34-yard field goal. This one was far short of the mark.

Only 1:06 remained and the Mustangs used up the clock. Defensively, Olton was led by Steve Burleson, Danny Dial, and Eddie Hooper.

Team, Fans Praised For Good Sportsmanship

Stopping the threat of a revenge-seeking Memphis Cyclone team, the Olton Mustangs had a home-ground victory of 7-6 in Friday night's play.

"I was proud of our kids and of the community in general for being the good sports and fans that they were," exclaimed Don Beck, head coach of Olton High School.

Commenting on the Mustangs' actions, Beck continued: "Our boys could have piled on and held unnecessarily and done all those things that a good football team should not do, but they didn't—they played good, clean football."

"Our fans could have booed the officials and opposing team and they didn't," added the coach. "We were real proud of this."

Coach Beck said that he felt that the Olton boys played well, knowing they were going to be playing a tough opponent. Beck felt that if the Mustangs had not gotten the two touchdowns called back early in the ball game, they would have beaten Memphis a lot easier.

"Of course, Memphis felt that they were cheated out of the game because of their two-point conversion and field goal called back," explained Beck, "but it was quite obvious that they were illegally using their hands on the two-point conversion."

Also, it was quite obvious that they had five men lined up in the backfield on their field goal attempt. These things are all shown in the film."

Beck further stated: "We feel that if our early touchdowns had not been called back, Memphis would not have been in the position to have had a two-point conversion or field goal attempt."

"On Charles A. McClain's touchdown, a clipping penalty on us was obvious, and on Akin's long run, we did not have that on film," Beck said, "but I am sure the officials made a good call."

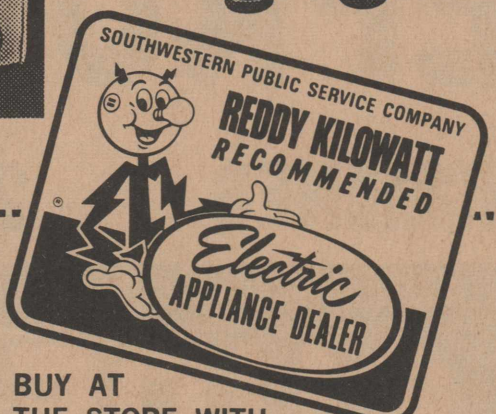

Coach Beck complimented Memphis on having a good, tough team that played inspired football against the Mustangs.

FOOTBALL CONTEST

The teams that are playing in this week's contest games are listed in each of the ads on this page. Each team is numbered, 1 through 26.

Use the handy entry form at the lower right hand corner of the page and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Each week the number of games predicted correctly will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. The person with the second highest total will receive the second grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.
