Democrats Fail to Gain GOP Support Against Filibuster

WASHINGTON — (AP) — Democratic leaders bid for and failed to get strong Republican support yesterday for their efforts to break a Southern filibuster in the Senate.

Dixie Democrats, riding what they think is a victory crest, kept the Senate for the sixth day from acting on a motion by Senator Lucas of Illinois, their party's leader, to take up a rules change which hits at filibusters.

Senator Fulbright (D-Ark.) held the floor during most of an abbreviated Saturday session. Outside the chamber itself, Lucas and Senator McGrath of Rhode Island, the Democratic national chairman, proposed a compromise to Republicans after a meeting with a score of Northern and border state Democrats.

In effect, they offered this guarantee to the Republicans: If the GOP supports a move to force a vote on the pending proposal to let two-thirds of those present pass a bill at any time, the administration will oppose letting fewer than two-thirds have that power.

McGrath said this was offered to try to convince Republicans that if they go along they won't run into an administration effort to cut the two-thirds down to a majority.

Thus the leaders cut the ground from under President Truman's position that a simple majority of those voting ought to be able to curb debate.

Senator Ferguson (R-Mich.), an advocate of a debate gap by two-thirds, said he doesn't think the compromise plan will change any Republican votes on the first issue that may arise.

That would involve an expected ruling by Vice President Barkley that a debate-limiting closure position which may be filed next week could gag the present debate if two-thirds supported it.

At the heart of the argument is a technical point. Directly at

issue before the Senate is the motion to consider the proposed change in rules. Previously presiding officers have held that closure cannot apply to a motion, if Barkley holds that it can, a majority could override him.

Pampan at Army Meet

A number of Pampa young people and adults this weekend are attending a Salvation Army Young Peoples' Convention being held at Dallas.

The local group was escorted by Maj. Bernice Lyon in charge of the local post. Making the trip are: Margie McPhillips, Emma Reed, Patsy Stilwell, Rose Sutherland, Wilma Southard, Donnie Southard, Jewell Stone, Bobby Gage, Betty Gage, Vanciea Fleming, Eula Clemons, Mrs. Vera Brabham, T. N. Watson, and Curtis Wylie. Mr. and Mrs. Ross Rochelle are reported to be in charge of service today at the Salvation Army in the absence of Maj. Lyons.

Lions Publicize Coming Minstrel

Members of the Lions Club Publicity Committee for the Cotton Town Jubilee are putting the finishing touches on their committee's duties. Walden E. Moore, chairman, said yesterday.

The eighth rehearsal for the show will be held at 7:30 p.m. tomorrow at the Palm Room of the City Hall. The entire cast has been asked to attend the rehearsal.

Ten members of the Publicity Committee spent part of yesterday distributing window placards in Pampa and in neighboring towns. Workers included Ray Salomon, Wade Duncan, Glen Cox, Phil Harvey, Irl Smith, Harold Miller, Billy Clements, Ed McClelland, Elbert Shultz and H. L. Wilder.

Committee members will distribute hand bills through schools early next week.

Engineer Club Will Hold Meet

The Panhandle Chemical Engineering Club will hold its monthly meeting Monday night, 8 o'clock, in the LHA Community Hall at Buena Vista, it was announced yesterday.

Robert Reed, chief engineer of the John Zinc Co., Tulsa, will be the guest speaker of the evening. His topic will be "Combustion," a subject he is reported well capable of treating.

A local spokesman said that all members are urged to attend the meeting, the first since January. The February meeting had to be cancelled due to unforeseen circumstances.

FIVE INTOXICATIONS
Five men who pleaded guilty in Corporation Court yesterday morning to being drunk in public were fined. Three were fined \$15 each and two \$10.

For printing see Rusty Ward, Texas Printing Co., 313 N. Ballard.

WORKERS STILL NEEDED FOR ANNUAL RED CROSS DRIVE

Volunteer workers are still needed for the 1949 Red Cross drive which starts Tuesday. Mickey Ledrick, general chairman, said yesterday.

"We hope to have one volunteer worker for each block in the residential area," he said. "Anyone interested in working his own block should notify Mrs. Mickey Ledrick at the Red Cross office or call me at 273."

The 1949 drive will be conducted in a slightly different manner than in former years. Instead of having an advance gift

drive followed by the general solicitation drive, Red Cross workers will take care of both phases at once.

A kickoff breakfast at 7:30 a.m. Tuesday in the Palm Room of the City Hall will start the Gray County drive. Approximately 100 volunteer workers are expected to attend the breakfast.

They will choose the business they wish to contact so that the entire campaign will be centered around the theme of personal contact.

Ledrick and Sherman White, president of the Pampa Chapter of the American Red Cross, appeared at civic clubs during the past week requesting volunteers to work the business sections.

Sixty-six men volunteered. There were 21 Kiwanis volunteers, 20 Lions, 18 Rotary and seven Jaycee.

Huelyn Laycock, county superintendent of schools, has been appointed to head the Rural Committee campaign. E. J. Haslam, gas superintendent of the Skelly Oil Company, will head the Industrial Committee division.

Jack Edmondson, principal of the Junior High School, is chairman of the drive for the schools, and Frank Wall will serve as chairman of the Lefors drive.

Immediately following the breakfast Tuesday, the workers will begin to canvass door to door.

Gray County will strive to reach a goal of \$8,749.

'Unfettered Church' Key To Freedom

A "free and unfettered church" is the key to American freedom, the Rev. Russell G. West, pastor of the Church of the Brethren here, told fellow members of the Kowanus Club and their guests Friday night.

He was speaking as a member of the club's Support of Churches Committee and on the eve of a campaign to get more people to local churches during March and April. In a campaign hearing endorsement of the city's Ministerial Alliance, West and the club are placing emphasis on the contention that freedom dies where the church as an institution is neglected.

He said "freedom doesn't mean much unless it is motivated by lofty ideals." He declared that churches are concerned about the neglect being shown American churches, a fact spotlighted in a decline of church attendance.

Prior to the current demoralization of European countries — dating back before the war, even there was a marked decline in church attendance, he asserted.

Figures on weekly church attendance for the next eight weeks, he states, are to be compiled and disseminated to the public through The Pampa Daily News.

Virgil Mott, director of music and religious education at the First Baptist Church was a part of the program, leading the membership in singing of three hymns and being featured himself in solo numbers. He was accompanied by Mrs. May Foreman Carr, the club's pianist.

Mickey Ledrick, chairman of the current Red Cross drive, appeared before the club in behalf of the campaign. (See story on Page 1 about Red Cross drive.)

Two new members were installed in the club. They are J. E. McGuire, Jr., attorney, and J. T. Gilchrist, insurance agent.

Eleven Receive Highest Awards In Girl Scouting
Eleven Girl Scouts of Troop 20 received curved bars, the highest awards in Scouting, Friday night at a banquet-Court of Awards, presented by the troop leaders, Mrs. E. H. Nemstiel and Mrs. K. E. Thornton, executive, presented curved bars to Shirley Cook, Charlotte Hendricks, Joan Lundford, Mary Ann McCool, Carol McCune, Phyllis Nemstiel, Jane Prichard, Jan Roby, Rochelle Smith, Adelaide Williams and Doris Welch.

Mrs. Nemstiel presented five-year pins to Adelaide Williams, Rochelle Smith and Doris Welch. Also, 12 girls received proficiency badges.

Committee women preparing and serving the banquet were Mmes. John Osborne, Quentin Williams, James McCune, Leon Cook and Ralph McCool.

Following the award presentation and banquet, the Scouts and their dates were entertained with an old fashioned square dance.

Workers Still Needed For Annual Red Cross Drive

Volunteer workers are still needed for the 1949 Red Cross drive which starts Tuesday. Mickey Ledrick, general chairman, said yesterday.

"We hope to have one volunteer worker for each block in the residential area," he said. "Anyone interested in working his own block should notify Mrs. Mickey Ledrick at the Red Cross office or call me at 273."

The 1949 drive will be conducted in a slightly different manner than in former years. Instead of having an advance gift drive followed by the general solicitation drive, Red Cross workers will take care of both phases at once.

A kickoff breakfast at 7:30 a.m. Tuesday in the Palm Room of the City Hall will start the Gray County drive. Approximately 100 volunteer workers are expected to attend the breakfast.

They will choose the business they wish to contact so that the entire campaign will be centered around the theme of personal contact.

Ledrick and Sherman White, president of the Pampa Chapter of the American Red Cross, appeared at civic clubs during the past week requesting volunteers to work the business sections.

Sixty-six men volunteered. There were 21 Kiwanis volunteers, 20 Lions, 18 Rotary and seven Jaycee.

Huelyn Laycock, county superintendent of schools, has been appointed to head the Rural Committee campaign. E. J. Haslam, gas superintendent of the Skelly Oil Company, will head the Industrial Committee division.

Jack Edmondson, principal of the Junior High School, is chairman of the drive for the schools, and Frank Wall will serve as chairman of the Lefors drive.

Immediately following the breakfast Tuesday, the workers will begin to canvass door to door.

Gray County will strive to reach a goal of \$8,749.

Contests Arise in Two Wards Here; McLean Filing Heavy

The slate of candidates for the coming city election, April 5, is now complete with the passing of yesterday's deadline for filing.

All the members of the present City Commission, consisting of Mayor C. A. Huff and Commissioners Crawford Atkinson, Vernon L. Hobbs, W. E. Ballard, and F. H. Paronto, have filed for reelection.

In addition, contests have arisen in the two South Side wards.

E. C. Schaffer, former Gray County commissioner from 1913 to 1918 and defeated candidate for the county commissionership from Precinct 2 in last year's election, filed as a candidate for city commissioner from Ward Four in opposition to Paronto, the incumbent.

Mayor Huff and Commissioners Atkinson and Hobbs are left without opposition. Atkinson represents Ward One on the commission and Hobbs is from Ward Two.

Political Contest Seen for McLean
McLEAN — A brisk political contest seems to be developing in McLean with three candidates in

White Deer Girls On Pampa Tour

Sixteen Girl Scouts of White Deer Troop 2 spent yesterday in Pampa touring several places of business.

The Scouts, fifth through seventh grades, were accompanied by their leaders, Mrs. W. O. Franklin, Mrs. B. E. Evans and Miss Peggy Travis.

They were shown through Western Union by Bob Watson, Postoffice by W. B. Weathered, Sunshine Dairy by "Pinky" Vineyard Pampa Mattress Company by Chester Byrd, Royal Crown Bottling Company by F. H. Farrell, The News by Mrs. Jessye Stroup and Southwestern Bell Telephone Company by Mrs. L. M. Fowler.

The Scouts handled the concessions at Tuesday night's basketball game between the White Deer and Groom Lions Clubs and made \$35 for their troop.

Truman to Speak On Church Relief

WASHINGTON — (AP) — President Truman will make a five-minute radio talk March 26 on a program sponsored by the Federal Council of Churches.

Mr. Truman will be the last speaker on the hour-long broadcast. His talk will begin about 9:55 p.m. CST. from Washington.

The council said the program is aimed at raising funds for world relief. It will be broadcast by all the major networks.

Soviet Demands Release of Man

NEW YORK — (AP) — A Russian engineer on the United Nations staff and a young woman employee of the Justice Department were accused yesterday of spying on U.S. defense secrets. They were arrested after FBI agents had stalked them through busy New York streets.

Soviet Ambassador Alexander S. Panyushkin promptly went to the State Department in Washington and demanded the Russian's release. The State Department said merely it was looking into the matter.

The 27-year-old government worker, Miss Judith Coplon, was accused of taking files for delivery to Valentin A. Gubitchev.

FBI agents arrested them together Friday night. The Justice Department announcement said the department indicated Miss Coplon had been watched closely for some time and said there had been other "clandestine meetings" between her and Gubitchev.

The account awakened echoes of the spy stories told to the House of Representatives last summer by Miss Elizabeth Bentley and Whittaker Chambers, both confessed couriers for Communist espionage rings.

Miss Bentley in particular described clandestine meetings with government employees on street corners and elsewhere at which she said she was given secret data. Full details of her story were not revealed and no prosecutions have resulted so far.

Gubitchev, 32-year-old engineer who has been working on plans for the permanent U.N. headquarters under construction here, was held on \$100,000 bail at his arraignment.

He was suspended immediately from his U.N. post. Wilder Fode, director of the world organization's press department, said the Russian would not come under U.N. immunity.

Federal Judge Simon H. Rifkind set bail of \$20,000 for Miss Coplon although the government sought \$50,000. Her attorney declared that documents found in her purse were not important and were "planted."

These documents, the Justice Department said in its Washington announcement, were "type-written summaries of information abstracted from confidential documents involving security data and restricted information."

The department indicated Miss Coplon had been watched closely for some time and said there had been other "clandestine meetings" between her and Gubitchev.

Miss Coplon, a diminutive brunette who smiled and appeared at ease at her arraignment, came under suspicion as the result of a routine government loyalty check, the Justice Department statement indicated.

It added that as soon as the

Artists for New Concert Season Picked

Concluding the Pampa Community Association's campaign for the 1949-50 series, 18 directors met in the City Commission Room yesterday to pick the artists.

Four performances were decided upon after the memberships had been tabulated. There were 915 memberships sold for the forthcoming season as compared with 774 this season.

The Columbia Concert Trio, De Pauw's Infantry Chorus, John Carter and John Sebastian were the early part of February.

The Columbia Concert Trio, composed of Richard G. Grogan, pianist; Ariana Brown, violinist; and Ardyth Walker, cellist, will appear during November, the first in the next series.

De Pauw's Infantry Chorus, a colored chorus of 35 men, will be the second group to appear in Pampa and will be here during the early part of February.

Donovan C. Williams, representative of Community Concerts, said that in his opinion the chorus is by far the finest chorus of its kind in the world.

During April John Carter, tenor, will be sponsored by the Pampa Community Concert Association.

Alert Youths Catch Suspect
The alertness of two young men, Friday night helped apprehend a suspected automobile thief, Sheriff G. H. Kyle said yesterday.

Friday evening Sheriff Hugh Anderson of Hutchinson County broadcast a pickup order for the driver of a 1947 Nash station wagon belonging to the Kirkham Contracting Co. of Borger. The car was stolen from Borger between 5:30 and 6 p.m.

Later in the evening two of Kirkham's employees recognized the station wagon parked at the Blue Bonnet tavern, 1020 W. Brown.

They parked their own car in such a way that the station wagon could not get away. Then they notified Sheriff Kyle, who arrested the suspect. Sheriff Anderson took him back to Borger this morning.

The suspect's name was given as Fender, about 30, but his given name or initials were not available.

Knights Templar Installation Set

New officers will be installed and six Knights Templar degrees will be awarded at 6 p.m. Tuesday at the annual Pampa Commandery No. 97 Knights Templar meeting to be held at the Masonic Temple.

Officers to be installed include: Kenneth Forrester, commander; John H. Hutchens, generalissimo; Howard W. Beckertide, captain general; Dale Pinkey, senior warden; Robert C. Grider, junior warden; William W. Simmons, recorder; Delia Vicars, treasurer; Vardeman Smith, sword bearer; L. W. Jolly, standard bearer; Murray W. Sealey, warden and Earl Shick, sentinel.

Firemen Put Out Automobile Blaze
Firemen answered an alarm at the Chevron Service Station, 623 W. Foster, at 9:45 a.m. yesterday to extinguish a car-fire.

An attendant at the station was washing the motor of an Humble Company car with gasoline. Heavy damage occurred to the hood's paint job and motor. Ernest Winborne, fire chief, said.

OPINION IS RED POLICY WILL CONTINUE THE SAME

(EDITOR'S NOTE: The following story by Associated Press Staffers Eddy Gilmore and Thomas P. Whitney was transmitted through Russian censorship by telephone to London. The story came in two sections, and transmission indicates six "takes" or parts of the two cables are still being held by censors.)

MOSCOW — (AP) — Responsible officers of the United States Embassy were emphatic in their opinion that the retirement of V. M. Molotov and A. I. Mikoyan from ministerial posts does not imply any lessening of their great authority in the Soviet government.

Molotov was "freed from his duties" as foreign minister and Mikoyan was released as minister of foreign trade Friday.

There was nothing here to indicate that the appointment of Andrei Y. Vishinsky as foreign minister means any substantial change in Russia's foreign policy.

In Washington, Senator Vandenberg (R-Mich.) chief Republican exponent of the nation's bipartisan foreign policy, was the first top-ranking U.S. leader to offer comment on Russia's sudden switch in foreign ministers. He is former chairman of the Senate Foreign Relations Committee.

He said in a statement that the two Soviet officials involved in the switch are "most accomplished pair of diplomats I ever saw perform" in thwarting peace efforts.

Vandenberg gave these descriptions of the two men:

"Mr. Molotov is solemn, stern, imperturbable and relentless. "Mr. Vishinsky is vivid, eloquent, lively and ruthless."

At the White House, William D. Hassett, presidential secretary, said there would be no comment from President Truman on the switch.

However, diplomats here agreed that should there be a shift in foreign policy, now would be an excellent time to put it into effect.

Embassy officers and other responsible Western observers here believe that members and alternate members of the Russian Communist Party's Politburo derive their basic authority from their membership in this top policy body. Both Molotov and Mikoyan are still Politburo members.

Molotov also remains first deputy chairman of the Council of Ministers of the U.S.S.R. — a position second only to that of Prime Minister Stalin in governmental authority.

Mikoyan also continues as vice-chairman of the Council of Ministers.

It was suggested by American and British observers here that Molotov probably will devote a large portion of his time and energy to his work as first vice-chairman of the council. By doing this, it was suggested, he would be easing the burden of work on Stalin.

The observers do not feel that the Molotov and Mikoyan retirements from ministerial posts mean any foreign policy change.

They claim no analogy can be drawn between the retirement of Maxim Litvinoff from the position of People's Commissar (foreign minister) for foreign affairs in May, 1939, and the retirement of Molotov.

The Soviet government has stated that Litvinoff was replaced in 1939 because it was necessary for a more authoritative person to occupy that post at a time when there was imminent danger of war.

Anniversary Is Observed
Girl Scouts will begin the week of their 37th anniversary today by attending church, accompanied by their leaders.

The week will be climaxed at 7 a.m. Saturday at the "Friendship Fair" with the girls each contributing to the Juliette Low foundation for Girl Scouts and Girl Guides in foreign countries.

The fair will be held at the Junior High School Gym.

Tomorrow eight Scouts of Troop 2 will present a half-hour show over radio station KPBN. The program will begin at 5 p.m. and will present local Girl Scout news as well as a skit.

Girls to take part in the program, under the leadership of Mrs. Noel Dalton, are Sally Alford, Janice Baker, Mary Burns, Phoebe Carter, Dot Dalton, Carolyn Dial, Greta Miller and Adelaide Skelly.

Meanwhile, Dr. Douglas E. Nelson, Staff and Office Committee chairman, and George S. "Pinky" Vineyard, Finance Committee chairman, will attend a job institute at Amarillo Wednesday and Thursday. Members of the National Girl Scout Association will lead the discussions at the Capital Hotel.

New Building Is Going Up
Construction is to begin tomorrow on a new lodge hall for the Knights of Pythias. It was learned yesterday. The structure, to be located at the corner of Nelson and Alcorn, is to be of stucco and wood framing.

The building will be 30 by 50 feet, and is expected to cost \$6,000.

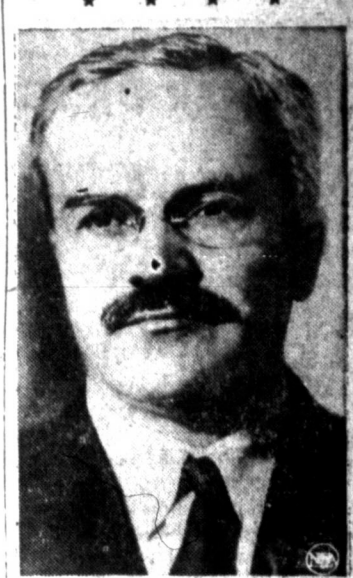

The local organization now has a membership of 84 persons.

Shamrock Buys Fogging Machine

SHAMROCK — (Special) — A fogging machine costing \$1,695 has been purchased by the City of Shamrock, to be used in combating polio here and in two other Wheeler County communities — Mobetie and Wheeler.

Delivery of the machine is expected within two weeks it was said. It is to be used primarily in the eradication of flies, which are said to carry 80 percent of all communicable diseases, including polio.

Pampan Wins Farm Contest

A real wedding anniversary present came to William C. Williams of Pampa Friday when he was informed he was the winner of an Idaho farm.

His name was among 1,112 applicants to determine the winners of 46 farm tracts on the Minidoka Reclamation Project in Southern Idaho. Seaborn F. Bonner, Jr., Cactus, was the only other Panhandle winner.

Only war veterans were eligible for the drawing, arranged by the Federal Reclamation Bureau. The 46 winners will be invited to select their units, which average from 59 to 113 acres in size. After selection, the winners will pay initial fees and other arrangements will be completed.

The winners pay nothing for the land, but must have \$3,000 working capital in farm machinery. Also they must have had farm experience.

The land drawing was the fourth in which Williams has participated. Williams, 38, was reared on a farm nine miles south of town. His parents, Mr. and Mrs. M. G. Williams, live at 902 E. Browning.

At present Williams is employed as a pumpman in the oil fields. However, he is more than anxious to get into the farming business. He served in the field artillery unit during the war, spending most of his overseas service in Germany.

Besides his wife, his four children also are ready to move west to the farm. They are Nancy, 17, Forrest, 13, Billy, 8, Marvin, 6, and Guy, 2.

Joy-Riding Teen-Age Gang Believed Caught

HOUSTON —(AP)— Police believe they have caught the last member of a gang of teen-age joy riders said to have done their riding in 123 stolen automobiles in recent months.

The eighth boy was arrested Friday at a Houston junior high school.

Police, placing the ages of the boys at from 14 to 17 years, said no attempts were made to sell the vehicles. The boys merely used them for rides.

One Out of 10 Movies Shows Profit

EDITOR'S NOTE: In the past few months, you've read much about Hollywood's business decline. Some called it a mild recession. Others saw a major depression in the making. Just what is the situation? Bob Thomas, in this up-to-the-minute survey, tells you.

By BOB THOMAS
HOLLYWOOD —(AP)— Only one out of every 10 movies can expect to make a profit in the U. S.

That's one of the blunt facts facing Hollywood, which is slowly realizing that its current low employment may become normal.

In the past two weeks, a hundred studio bigwigs have attended a school conducted by Eric Johnston, head of the producers' group. Johnston, who was appalled by the lack of facts and figures about the movie industry when he joined it, has had some whipped up by his experts. Among the findings:

Nine of every ten movies can't pay off in this country and have to depend on foreign showings to make a profit.

U. S. movie attendance has declined during the past 15 years, compared to other amusements.

Production costs have risen so sharply that for every dollar spent in 1941, \$2.82 is necessary today.

Faced with these and other hard facts, such as the steady decrease of film receipts from abroad, many movie economists picture the industry as going through a readjustment like that in aircraft or oil.

"A recession, so there is widespread unemployment in the industry," says one.

"Now there is little because the workers have gone into other fields."

Unlike the war industries, the movie boom didn't end with the advent of peace. It came when peacetime spending slacked off and foreign countries froze the money going to film companies.

The unemployment picture looks slightly brighter since the bleak days of last December. But there is no cause for undue optimism.

70 PERSONS DROWNED
HONG KONG —(AP)— Seventy persons were drowned today by a sudden storm which swamped 50 fishing boats in Hong Kong.

World Assembly Idea Gains Following to Stun Critics

GARRY DAVIS renounced his American citizenship to become the first "citizen of the world."

By ROSEETTE HARGROVE

PARIS (NEA)— With the blessing of the President of France, 28-year-old Garry Davis has a large and growing organization working for a World Assembly, which he plans for the summer of 1950. The assembly, he hopes, will select delegates to a convention that will frame a constitution for a world federal government.

The young ex-bomber pilot has come a long way since he got headlines less than a year ago by surrendering his American citizenship to become the first citizen of the world.

President Vincent Auriol has expressed interest in Davis' world government project, and assured him that, although he no longer possesses citizenship in any nation, he will not be expelled from France.

Hailed by some as "the Don Quixote of Peace," by others as a "Modern Messiah," Davis calls himself the "first citizen of the world" and declares that his one ambition is to get people world-minded.

Out of a dingy fifth-rate hotel in Montparnasse, the artists' quarter, an evangelistic organization of volunteers is gaining for the ex-patriate American an international following that attests those who were shrugging him off less than a year ago.

Considering that young Davis dramatically insisted on renouncing American citizenship, it is a bit ironic that his headquarters should be in the Hotel des Etoiles (Stars). This is run by Polish refugees who are so interested in Davis' ideas for a world government that they are presenting no bills for the tiny bedroom occupied by him or the seven rooms used by his "permanent staff."

Davis, son of an American orchestra leader, renounced citizenship to dramatize his dislike for nationalism. He made headlines again when he camped on the steps of the Palais de Chaillot, which had been made extra-territorial for the duration of the United Nations sessions the past fall.

During the UN session, Davis and his supporters held two rallies in Paris. Thousands were turned away from the first, at the Salle Pleyel, and more than 15,000 attended the second at the Velodrome d'Hiver, which is the Parisian equivalent of Madison Square Garden so far as big political rallies are concerned.

Davis has already set up what is designed as an International Registry for World Citizenship. Each registrant is to receive an identity card. Then he plans a World Assembly and later a World Constitutional Convention.

There is no endowment for Davis' movement. He himself lives on \$20 a week received from his family. His helpers work long hours for little or no salary. Most of them are students giving their spare time.

Davis works and gives interviews in his tiny bedroom, which is crowded by a kitchen table, typewriter and chair. His press agent, Russell Benedict, has a tiny cubicle littered with press clippings.

Letters flow in from 35 countries at the rate the staff says, of them 1200 to 1500 a day. Many are addressed just "Garry Davis, Paris." He answers all that are personal and all that bring contributions for the cause. Many contain offers to do any sort of work he cares to assign.

There is nothing flamboyant about Davis. On the contrary, he seems naive. He has a stock of elegants that he reels off in a soft unburied voice almost as though he were reciting a memorized lesson.

On a wall is a large map, with pins marking 35 countries from which letters have come. Neither Russia nor China is represented. This does not seem to trouble him.

"I firmly believe," he says, "that you cannot keep a great idea from reaching any nation."

Boycott Suggested for Horse Meat Sellers

HOUSTON —(AP)— Illegal sales of horse meat for human consumption have broken out in Houston again and City Councilman J. S. Griffith offers these two suggestions:

If justice is not dealt out swiftly, citizens should form committees to visit at booths of merchants selling horse meat. There should be stiffer penalties, with jail sentences during which violators should be fed horse meat daily.

11 PERSONS INJURED
MANILA —(AP)— Eleven persons were injured today by an ammunition explosion at Philippine constabulary headquarters.

Measles Cases Above Seven-Year Average

AUSTIN —(AP)— The incidence of measles, chickenpox, pneumonia and mumps last week was well above the seven-year average for this period of the year, the State Health Department reported.

There were 3,681 new cases of measles compared with the past average of 697 for the week ending Feb. 26. The new chickenpox cases totaled 2,259 compared with an average of 542; pneumonia, 802 against 370; and mumps, 584 against 320.

Fugitive Shot in Robbery Attempt

DENVER —(AP)— Badly beaten by two thugs, a Denver liquor store owner managed to reach his gun and kill one of his attackers Friday night.

The slain man was a Texas fugitive. His companion escaped with \$60.

Henry Jackson, 49, who runs the liquor store, grabbed his gun from a drawer after he was savagely beaten and kicked. The bullet struck Leonard Burl Knox, about 23, in the stomach and he died shortly afterward.

Later sheriff's officers arrested a man and woman identified as Larry C. Downing, 22, and his sister, Mrs. Gloria Faye Knox, 20, at Englewood. They were held at the County Jail at Brighton.

The officers said Mrs. Knox is the widow of the slain holdup man.

Bill Calls for Farm Station

State Rep. Grainger McIlhenny, Wheeler, and Rep. Rogers, Childress, are cosponsors of a bill to establish an agricultural experiment station to be located in one of three Panhandle counties — Wheeler, Collingsworth, or Donley.

The bill, submitted to the Legislature, asks the appropriation of \$15,000 from the state treasury for the station which would be operated by the Texas A&M Board of Directors.

The station's purpose, according to the bill, would be to study problems looking to the upbuilding of the soil, improving production, and studying crop suitability of the region.

Firemen Find Fire Is Out

CANADIAN — (Special) — Canadian's 1949 fire record is still good, even though there was an alarm sounded Wednesday.

Failure of a gas hose connection set a wall afire in the Buck Worley home. The blaze was discovered by Miss Maggie Townsley who turned the gas off at the wall cut-off before the fire was permitted to spread.

Fire Chief Carl Zybach commended the women for sounding an alarm and then attacking the fire, which was extinguished when firemen arrived.

There have been only three alarms in 1949, and all fires were out when firemen arrived.

Rayon was first introduced thirty years ago.

Dry Oklahoma Gets Set for Another Round in Long Battle for Repeal

By HOWARD GOWAN

OKLAHOMA CITY — (AP) — Constitutionally dry Oklahoma is about to go to the mat again over repeal.

Cheered by a victory in dry Kansas last fall, the wets are to vote in legal liquor. The wets are just as sure the state will vote dry-like it did in 1907, 1910, 1936 and 1940.

The date for the vote hasn't been set. The Legislature is in session now and could call a special election. The wets want this.

The dries would rather let the question go on the ballot in the November, 1950, general election. That makes repeals shoot for a majority of all votes cast in the election. In a special election, a simple majority for re-

peal would make the state wet. Signal for the fracas to start in the Legislature will be certification of the initiative petition bearing sufficient signatures for the election. The Oklahoma Economic Institute, in charge of petitions, claims 200,000 signatures but only 108,000 are needed. The institute will file the petitions with the secretary of state on or before March 7.

Optimism spouting from repeal headquarters makes an outsider think a special election would clinch the wets' case. But in the four general elections to date, they haven't won any kind of majority.

The battle in the state Legislature for a special election may produce more fireworks than the election itself.

Sen. Tom Jelks, Chickasha, is leading the wets' campaign. He estimates as much as \$20 million a year would pour into the state treasury from liquor revenue.

For more than a year Jelks has been gathering data to support his case. Here are some of his arguments:

Oklahoma, in fact, is wet. The tax revenue goes to Missouri, Arkansas, Texas, Louisiana and Illinois.

Oklahoma liquor dealers avoid federal prosecution by purchasing retail liquor stamps from the U. S. Bureau of Internal Revenue.

The dries are consolidated under David C. Shapard, head of the United Dry Association. They hit hard on the moral aspects of the question, aided by most of the churchmen in Oklahoma.

Some seasoned political observers say the wets will get their special election and a thumping good chance to legalize liquor.

Others, studying the results of past elections, aren't so sure—even if it did happen in Kansas.

Texans Told to Fight Again for Tidelands

HOUSTON — (AP) — It is time for Texans to fight again for their independence—in defense of the oil-rich tidelands, State Land Commissioner Bascom Giles believes.

Speaking here before the Sons and Daughters of the Republic of Texas, Giles said the federal government's attitude toward the tidelands transcends the right of private property. Giles spoke on the anniversary of Texas independence.

HEAVYWEIGHT MATCH

CARDIFF, Wales — (AP) — Drug-gist Ernest Evans won a divorce after testifying that his wife put him down and sat on him. She weighs 224 pounds. He charged cruelty.

U.S. Reds In Anti-War Covenant

NEW YORK — (AP) — U. S. Communist leaders have pledged their party to oppose any war provoked by "Wall Street" interests despite "the efforts of the peace forces of America and the world."

A statement issued by Communist National Chairman William Z. Foster and General Secretary Eugene Dennis declared American Communists would take no part in "an unjust, aggressive and imperialist war."

On the contrary, the statement said, the Communists would "Co-operate with all democratic forces to defeat the predatory war aims of War Imperialism and bring such a war to a speedy conclusion on the basis of democratic peace."

The reference to democracy was in line with the usual Communist policy of calling Communist-led states, including Russia, "people's democracies."

Foster and Dennis—both under federal charges of conspiracy to advocate forcible overthrow of the U. S. government—said in their statement that "we do not regard a new world holocaust as inevitable. We hold the peaceful co-existence of two different social systems wholly possible. We believe that efforts of the peoples to achieve peace can check the warmakers and create new opportunities to achieve peace."

The statement followed requests to the Communist leaders for comment on recent remarks by two Red leaders in Europe—Maurice Thorez of France and Palmiro Togliatti of Italy.

Detroit Bids for 1956 Olympics

WASHINGTON — (AP) — The Senate today unanimously approved a resolution to extend an official U. S. invitation to the International Olympic Committee to hold the 1956 Olympic Games in Detroit.

The action was taken by voice vote at the request of Senator Vandenberg (R-Mich) who with Senator Ferguson (R-Mich) introduced the resolution February 25.

The resolution now goes to the House.

The United States Olympic Association already has extended an invitation to the International Committee to hold the 1956 games in Detroit.

Doctor Would Give The Kids a Break

DALLAS — (AP) — Dr. Frances Ilg, tall woman doctor from Yale, says she believes school days should end at noon for children of six and seven years — and that the tardy deadline should be banished.

She spoke at a sectional meeting of the Texas Society of Mental Hygiene yesterday.

Dr. Ilg has spent years measuring normal behavior in the classroom and in Yale's Clinic of Child Development.

A full school day is often too fatiguing for the young child, especially the first grader, the doctor said.

40 Veterans Interested In Training

More than 40 Gray County veterans attended the training course meeting Friday, staged in the County Court Room.

Many of the veterans said they are interested in taking the proposed business administration course which would meet three nights a week for four-hour-and-ten-minute sessions. The course will last 104 weeks.

Presiding over the meeting was Jesse O. Coleman, coordinator, who is conducting four veterans' vocational courses at McLean.

Thirty veterans may take the "Business Manager, Retail, Wholesale or Service Establishments"

course. Pampa veterans taking the course will receive both theoretical and practical instruction. If enough interest is shown in Pampa, two additional courses may be offered by the Veterans' Administration.

Veterans with as little as 90 days service are eligible for the course, providing they have no college degree. Both tuition and texts will be furnished by the Veterans' Administration. Veterans may take as many courses as time will allow for their length of time in the service plus one year.

Substance will be acknowledged so a veteran with a wife and two children and already making as much as \$230 per month will get an additional \$60 per month to give him a total monthly income of \$290.

SPIES

(Continued from Page 1)

FBI reported her "suspected affiliations." Attorney General Tom Clark "insured against the misuse of restricted information coming into the possession of the department."

However, government authorities would not comment on the assertion of Miss Coplon's attorney that the documents were "planted." Nor would they discuss the worth of the papers.

The arrests were considered likely to furnish fuel to congressmen and owners, who have protested that spies and subversive agents might get into the United States through U. N. affiliations.

The Justice Department said the FBI trailed Miss Coplon from the time she left Washington at 1 p. m. Friday until she met Gubitchev at 193rd Street and Broadway here at 7:23 p. m. From 7:23 "until 9 p. m. both these individuals avoided direct contact while they employed the usual techniques used to detect surveillance," the announcement said.

They finally effected a contact when both dashed aboard a bus near 42nd Street. The two were taken into custody on Third Avenue between 14th and 15th Streets.

Miss Coplon was graduated in 1943 from Barnard, the women's college of Columbia University, with an outstanding record. She has worked for the Justice Department since then.

Gubitchev, a stocky man who sat impassively at the arraignment, came to this country in 1946 with a group of Soviet architects and engineers who worked on plans for permanent U. N. buildings.

ARTISTS

(Continued from Page 1) sociation, John Sebastian, harmonica player, will conclude the 1949-50 series in the latter part of March.

"Pampa has continued to support its concerts this year as well as any year throughout the association's five-year existence," Witham said.

Directors of the association have picked an outstanding group of artist for the next season, he added.

The final performance of this year's series will be the Dallas Symphony, which will be presented at the Junior High School Auditorium a week from Tuesday. Dr. Douglas E. Nelson, president of the directors' meeting yesterday and appointed a committee to revamp the association's by-laws. Appointed were Mrs. M. B. Davis, Mrs. Carl J. Wright and Aubrey Steele.

CONTESTS

(Continued from Page 1)

filed his candidacy yesterday. C. J. Cash, who filed as a candidate for the mayoralty, withdrew from the race Wednesday. In a statement, Cash said he was doubtful of the legality of his candidacy since he had just recently moved from his farm into town.

Three File for Lefors City Posts

LEFORS — Fred Blackwell filed his name with the Lefors city secretary in an eleven-hour bid for one of the two city council posts to be decided in the forthcoming city election. Blackwell's filing brought the number to three seeking the two open posts.

The other candidates are Arlie Carpenter, who has filed for reelection to the post he now holds, and John Carpenter, no relation, who is a candidate for the council formerly held by John D. Fonburg.

Fonburg moved from Lefors in September and no one was appointed to the vacancy. M. B. Travis, on the Lefors City Council, are staggered so that there are always some hold-over councilmen. The terms of Mayor W. R. Combs and Councilmen J. R. Sparkman, Ed Brock, and F. C. Jones will expire next year, they all serve two-year terms.

Second Stay of Execution Given

AUSTIN — (AP) — Another 30-day stay of execution has been granted Buster Northern, sentenced to die for the fatal stomping of a 60-year-old woman.

Gov. Beauford H. Jester granted the second reprieve Friday on the recommendation of the Board of Pardons and Paroles. The board said it wanted to complete an investigation of the case. The new date of execution is April 15.

Northern was convicted twice in Dallas County for the murder of Mrs. Fannie McHenry on March 27, 1946. The first conviction was reversed because of a faulty indictment. The Court of Criminal Appeals said the indictment failed to say that the stomping had been done "with feet with shoes on his feet." The second death sentence was upheld.

TEEN TALK

By VIVIAN BROWN

AP Newfeatures

You can dance if you can walk. So why not dance? Maybe you can. Perhaps you are a rhumba fan or a jitterbug expert. Or perhaps your taste veers to the dated Lambeth walk or the fun-making square dance. . . . swing your partner, swing your gal. . . always hilarious roof-ratzers.

Someday, however, you'll want to climb into your best Sunday go-to-meetin' bib and tucker and dance a waltz. Then what? Schools of the dance are crowded these days with anxious ex-jivers who are trying to learn to beat their feet in socially correct cadence.

It is easy to learn ballroom dancing. If you've never danced before, and feel as if you drag two left feet around, Fred Astaire recommends ballroom dancing as the key to your problem.

He suggests the Viennese waltz pattern as a starter because it teaches movement in all four directions, and this simple beginning can lead to correct dance patterns, he says.

If you don't want to be a wallflower standing around on the edge of the dance floor, get some of your club or canteen group together and glide, kids, glide.

Here's Mr. Astaire's prescription, as taught in his own schools, for turning a tangled-footed beginner into a sugar foot. . . .

Boys — Take a step forward with the left foot, bring up the right foot, mark time left and right two beats; then take one step back on the right foot, bring back the left foot, mark time right two beats; then take one

Girls — Take one step back on the right foot, bring back the left, mark time right and left two beats; one step forward on the left, bring up the right foot, mark time left and right two beats. Later, for both boys and girls, the marking time changes to a step to the side and close.

When the pupil has these movements mastered, turns begin. These principles are taught: Toe out (exaggerate it) stepping forward; toe in (exaggerate it) stepping back. Practice this the same way as the forward and

back movements; toe out, bring up the other foot, mark time; toe in, bring up the other foot; mark time.

Now then — when the boy turns to the left, the left foot must go forward, turning out; a girl goes back 'on the right foot to the left foot toeing in. These movements also can be combined in an exercise to be practiced for easier movement. Try it: forward, bring up the other foot, mark time; back, bring back the other foot, mark time.

Though tap and ballet are fun for children, Mr. Astaire believes that even young children will benefit more from ballroom dancing. It will help them to overcome self-consciousness, teach them balance, coordination, rhythm and poise.

The fact that the head must be lifted, the shoulders straightened, the diaphragm raised and flattened to assume a correct dancing position will help achieve better posture. It is particularly good relaxation for teen-agers who get in the habit of slouching from studying in slumped positions.

Ribbons are so gay and feminine, wear them whenever you have an opportunity. One hair-dresser suggests a girly coiffure in the new Empire style, brushing the short hair up to give an up-sweep effect. Tiny satin bows are attached to a bicycle clip, which is worn at the back of the neck, with the ends behind the ears. The small, feminine bows cluster at the nape of the neck and behind the ears.

To Folks who want to Check Rheumatic and Arthritis Pain

Thousands of sufferers of Rheumatism, Arthritis, Neuritis and Lumbago are now getting quick, soothing relief from those nagging pains by taking Bu-Tel, a formula of a famous Minnesota pharmacist. Hundreds of thousands of these tablets have been prescribed exclusively by physicians, hospitals and clinics with remarkable success. Now, for the very first time, this amazing formula has been released to drug stores. Bu-Tel tablets are pleasant to take — guarantee not to upset the stomach. Bu-Tel causes no heartburn — no nausea — only soothing, comfortable fast relief from pain. The Bu-Tel formula is developed on the findings of 12 of the nation's leading doctors who made an exhaustive study of rheumatism and arthritis, and Bu-Tel is guaranteed to give complete satisfaction or you get your money back. MASSEY-HARRIS Comes To Pampa

MASSEY-HARRIS

Proudly Announces the appointment of

THE ED WEISS EQUIPMENT CO.

As authorized sales and service headquarters in the Top o' Texas trade territory.

Massey-Harris, though new in this territory, is one of the leading Farm Equipment producers in the nation, and has been for over half a century. 36 Harvests have proven the value of the original Massey-Harris Rasp of Bar principle in Combines.

Massey - Harris builds a full line of wheat and row crop tractors, modern and efficient in design.

They also build a complete line of

Cream Separators and Dairy Equipment
Grain Drills
One Way Plows
Power Mowing Machines

They have recently announced the addition of a complete line of farm spraying machines in both boom and trailer-tank models.

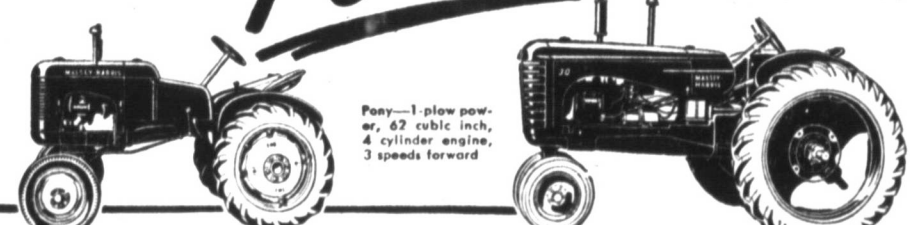

Massey-Harris was the first of the major implement manufacturers to complete research and bring about the development of a really efficient Farm Sprayer for the Control of Weeds and Insects.

The Ed Weiss Equipment Co., located just across from the Ball Park on West Brown, will also handle the New Holland Line of farm machinery, which includes the very latest in

HAY BAILERS HAMMER MILLS FLAME CULTIVATORS
ROTARY TILLERS HYDRAULIC TRACTOR LOADERS
BILER TWINE SIDE DELIVERY RAKES FARM CEMENT MIXERS

These machines will be stocked and serviced at the Ed Weiss Equipment Co. Location.

IF IT'S Power YOU WANT

Make it a Massey-Harris

Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris . . . more downright lugging ability at the drawbar . . . more capacity on belt work . . . more reserve, stamina, dependability. It's the result of high compression in the engine, straightline design in the transmission. High compression takes the laziness out of an engine . . . makes it peppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently . . . you get full power on every belt and field operation.

There's a Massey-Harris tractor for your farm . . . 6 great models . . . 5 power sizes . . . each the power and economy leader in its class.

Model "1" — 1-plow power, 67 cubic inch, 4 cylinder engine, 3 speeds forward

Model "30" — Full 2-plow power, 162 cubic inch, 4 cylinder engine, 5 speeds forward

Model "44" — 3-plow power, 260 cubic inch, 4 cylinder engine, 5 speeds forward

Model "55" — 4.5-plow power, 382 cubic inch, 4 cylinder engine, 4 speeds forward

Model "44.6" — 3-plow power, 226 cubic inch, 6 cylinder engine, 5 speeds forward

Here's that extra power you need to make those stubborn 2-plow jobs say "uncle." It's the new Massey-Harris Model "22" . . . with a bigger, huskier, 4 cylinder engine, smooth, quick-acting brakes, new grille styling . . . more power, more economy, more top notch field performance. Plus . . . a new hydraulic control—Depth-o-matic System that holds implements to their work regardless of field conditions. Come in and get the facts.

THE HOME OF GREATER VALUES

09-11 S. Cuyler Furniture 2nd, 3rd Floors Pampa, Texas

Rhubarb Brewing in District Six NCAA Tourney Playoff

Davis and Howard Named to All-District Cage Squads

AMARILLO — (Special) — Derral Davis, Pampa Harvester star, landed on the annual Amarillo Times All-District 1-AA Basketball Team for the second straight season. James Howard, also of the Harvesters, landed a berth on the second team this year.

Davis was the only player placed on the first team by every coach and sports writer in the district.

The complete All-District 1-AA teams follow:

FIRST TEAM — Derral Davis, Pampa; Charley Galey, Lubbock; Jim Wilson, Lubbock; Gilbert Ford, Amarillo; and Jack Little, Amarillo.

SECOND TEAM — Glen Groby, Brownfield; Thomas "Red" Hooper, Borger; Bobby Garner, Amarillo; James Howard, Pampa; and James Sexton, Lubbock.

Every school in the 1-AA Conference is represented on the teams except Plainview.

Glen "Ick" Groby, 3-year letterman for Brownfield, scored 257 points for the Cubs this year in 20 games, an average of 12.8 per game. He is a dead shot at the basket and one of his stocks in trade this season was stealing the ball in back court.

Student manager of the All-District 1-AA Team is Norman Banks of the Lubbock Westerners.

Other managers receiving votes were Dale Shackford, Pampa, and Dolph Dale Scott, Plainview.

The Times' All-District 1-AA Basketball Team will be honored at a banquet to be held in conjunction with the All-Conference, West zone, Texas Junior College Athletic Conference teams.

The all-star players of both the high school and junior college will be presented tokens of their selection at the banquet, which will be announced in the near future.

Oilers Play 9 Exhibitions; Parker Signs

The first opportunity for local baseball fans to see the Oilers in action at home this season will come on the afternoon of April 9, when the Weatherford, Oklahoma, College team will journey to Pampa. A nine-game exhibition schedule has been arranged by manager Grover Seitz, which includes three home games. In addition to the above game, both Amarillo and Clovis, with Paul "Duffy" Dean at the helm, will play here.

The complete exhibition schedule for the Oilers follows:

April 3 — Amarillo (T)
April 6 — Weatherford College (T)
April 9 — Weatherford College (H)
April 10 — Vernon (T)
April 11 — Clovis (H)
April 15 — Clovis (T)
April 16 — Lubbock (T)
April 17 — Borger (T)
April 18 — Amarillo (H)
April 20 — Start league play

All games are scheduled for the afternoon with the exception of the Shreveport club the 15th of this month for the start of spring training, and will return to Pampa, along with the rest of the team, for the start of home practice the 28th.

Signed contracts were received in the Oilers business office this week from Roy Parker, Mike Faduniak, Merlin Hubbard, Dean Kleier, John Tackler and James Dinnel. The last three are rookies who are being given a chance to prove themselves in spring training.

The Chicago Stags were the highest scoring team in the Basketball Association of America last season, notching 3,640 points in 48 games for an average of 75.9.

Popular Requests Bring Back And His TEXAS PLAYBOYS

Tues. Night, Mar. 22nd

Adm. \$2 per person, plus tax.

Bob Wills returns by popular request. Billie and Al invite all those that couldn't be at the Feb. 4th and 5th dances, to come out and be in the big crowd to see and hear Bob Wills and his Texas Playboys Tuesday night, March 22nd. Billie and Al especially invite those that did see him, to come out again, bring your friends too. Brothers Luke and Billy Lee are with Bob on this trip. This dance is Bob's last dance in Texas, as Bob and his brothers are on their way back to the coast.

Billie and Al believe in bringing you the best in music at a very reasonable admission, thereby giving everybody the chance to be in the crowd at the OPEN HOUSE gathering of all their friends and friends of the Bob Wills Orchestra. Johnnie Lee Wills' brother! March 22nd, 9 p. m.-1 a. m. Our doors will be open at 7:30 p. m., so those who have tables can come early and be seated.

Whether you have a table, are by yourself or with friends, remember it is not necessary to reserve a table for this dance, unless you wish to have one. We will provide a table to fit the size of your party, if you have none reserved. And, if we have the table when you get here. The best way, is to make arrangements in advance, before all tables are gone! Come out and Billie will gladly help you with your table problems so you and your friends can be together.

Many Tourneys to Enliven Golf Year at Country Club

In a meeting held this week by the tournament directors of the Pampa Country Club the annual men's tournament dates were set. The Pampa Women's Golf Association will hold its meeting this coming Wednesday night to select date for the women's tournaments. Members of the men's committee are Gene Fatheree, chairman, Joe Key, Veri Hagaman, Frank Smith, Charles Duenkel, Curtis Douglass, Charles Thut, Clyde Oswald and John Austin, club professional.

The annual All-City Tournament will be held in May. The qualifying rounds will be shot May 8-14. The first round of match play will be played by the 15th, the second by the 22nd, the third by the 28th, and the finals will be on Sunday, May 29.

The second annual Junior Tournament will be held Aug. 4-5. It will consist of 36 holes of medal play on a handicap basis, with loving cups given to all winners.

The annual Top of Texas Invitational will be held September 3-5. This is the main tournament of the season.

Attempts will be made soon to obtain the annual Greenbelt Golf Tournament, which has never been held here. This is one of the largest tournaments in the area. If it is obtained, it will be held here between the first and fifteenth of June.

A pro-amateur meet will be held here in late June or early July. This is always an interesting tourney, which brings the best pros from all over this area.

A meeting is being held in Amarillo Wednesday to attempt to form a Panhandle Golf Association, which will sponsor inter-club team matches. More will be learned of this after details are worked out at the meeting.

The present champions of the various tournaments are:

Ladies Champion: Floy Heath
Men's Champion: Grover Austin, Jr.
Junior Champion: Jimmy Howard
Top of Texas Champion: Jack Garrett, Plainview

A letter received by John Austin from George Aubach, pro at the Amarillo Country Club, indicates that he will bring a team of junior high school golfers over here to meet a team of Pampa lads on March 18, if the local team can be gotten in shape by then. This will be the first match of the year.

The course is shaping up good. The greens are attaining a lot of color and top dressing will soon be applied if the fine weather prevails. The building of a lake on the course seems like it will soon be a reality, which will improve the appearance and the sportiness of the course to a great extent.

Balk Estes Pins Awful Olan Twice

Awful Olan Boynton took a beating Friday night in the Sportatorium wrestling ring. He took two men to do the job. His foe, Balk Estes, aided by referee Gene Detton, managed to subdue Boynton in two of the three falls of the main event. If these two couldn't have done the job there were many fans ready to aid them.

Boynton used his usual methods, all illegal in his attempt to defeat the active Estes. Estes retaliated by belting Boynton out of the ring several times, bouncing him on his head another time, and applying a foot choke hold while Olan was lying under the ropes on the ring apron.

Estes was the first fall of the match with an alligator clutch hold after 22 minutes. Boynton came back in the second fall armed with a rough cloth hidden under his trunks, which he used to rub across Estes' face when he had him hidman. Balk, who was on his feet, in retaliation, slugged Boynton out of the ring. Olan punished Estes with some knee lifts, followed by a dropping backbreaker across his knee. Olan won the second fall in 8 minutes with a crotch hold.

The third fall went to the team of Estes and Detton, after Detton was consistently forced to slug choke and pull Boynton's hair to make him break. Boynton finally gained a Boston crab hold, which Estes flipped him out of and then Balk applied a figure four pin to win the third and final fall in 10 minutes.

The preliminary event was a fine match between Billy Sandow and George Overhauls. Sandow, deeply tanned from four months in Florida, proved to be a very fine workman, fast and clever with his feet. It was a considerably cleaner fight than Overhauls is used to fighting, and pleased the entire crowd. Overhauls won the first fall with a full Nelson after a series of flying kicks.

The second fall went to Sandow after seven minutes when he followed body slams and knee lifts with dropping knee locks.

In the third fall, Overhauls was attempting to protect his sore leg from more knee locks, when he gained another full Nelson on Sandow which earned him the match after 3 minutes. Both boys showed their fine sportsmanship by shaking hands after the match.

Next week promoter Vic Burnett is offering a six-man tag team match for the wrestling title. Balk is a fast and furious affair, with two teams of three men each. Only one man from each team is supposed to be in the ring at a time, but more often you will see all six in at once. Three 15-minute warmup matches will precede the night's action, making a total of four bouts in all.

Baylor Lands Two On SWC All-Stars

By HAROLD V. RATLIFF
Associated Press Sports Editor

Baylor landed the most places on the All-Southwest Conference Basketball Team selected by the coaches.

The Bears came up with Don Heathington and James Owens at the forward positions.

Rice, Arkansas and Texas gained the other three spots.

Bill Tom, giant Rice center, and Slater Martin, the man-in-motion guard of Texas, were the only unanimous choices.

Ken Kearns, Arkansas guard, was the other selection and he lacked only a couple of votes of being unanimous. Al Madsen of Texas was close in the voting on guards.

Except for Martin, a 5-foot-10 crackshot who is as good on defense as he is getting those points and who holds the conference record for an individual in one game with 49 tallies, the team is made up of tree-top tall fliers.

Tom is the biggest, soaring 6 feet 7. Heathington and Owens are 6 feet 3 and Kearns is 6 feet 4. The team averages 6 feet 3.

Tom, Kearns and Martin played their final seasons at Heathington and Owens have another.

The second team is made up of

Bob Wills

Bob Wills returns by popular request. Billie and Al invite all those that couldn't be at the Feb. 4th and 5th dances, to come out and be in the big crowd to see and hear Bob Wills and his Texas Playboys Tuesday night, March 22nd. Billie and Al especially invite those that did see him, to come out again, bring your friends too. Brothers Luke and Billy Lee are with Bob on this trip. This dance is Bob's last dance in Texas, as Bob and his brothers are on their way back to the coast.

Race Tracks Squabble Over Merger of Two

BALTIMORE — (AP) — An internal squabble over consolidation of Pimlico and Laurel horse racing tracks developed today with Bowie opposing the move.

John W. Farrell, president of the Southern Maryland Agricultural Association which operates Bowie, said last night the group will actively oppose the consolidation before the general assembly.

The Maryland Racing Commission last week informed Governor W. Preston Lane, Jr., that the closing of Pimlico and transfer to Laurel was desirable for "strengthening" the state racing situation.

Bob Ambler of Arkansas and Bob Previtt of Southern Methodist, forwards; Julius Dolnic, Texas Christian center; Madsen and Warren Switzer, Rice, guards.

Brownwood Upsets Lubbock Memphis Wins in Class

By HAROLD V. RATLIFF
AUSTIN — (AP) — Martins Mills from East Texas and Memphis from the Panhandle — teams making their first trip to the Texas Schoolboy Basketball Tournament — walked off with the Class B and Class A championships respectively Saturday.

Elk City Hangs First Loss On Pampa Boxing Team

Irish Boxers Lose 9 to 7 To Lefors

LEFORS — (Special) — The Lefors Pirates boxing team defeated the Shamrock Irish boxers 9-7, in bouts held at Lefors Friday night. Referee for the bout was John Rankin of Pampa.

Results of the night's fights:

JUNIOR HIGH DIVISION

63-pound class: Norman Herring (L) defeated Boyd Hurt (S).
65-pound class: Paul Hall (S) defeated Darwin Teeters (L).
69-pound class: Gaston Tarbet (S) defeated Donnie Maple (L).
71-pound class: Jerry Herring (L) defeated John Pennington (S).
71-pound class: J. D. Redus (L) defeated Jerry Hurt (S).
81-pound class: Stephen O'Garra (L) defeated Carrol Welch (L) in the second round.
88-pound class: L. B. Coberly (L) defeated Ken Woods (S).
100-pound class: Gaylan Barshar (S) defeated Franklin Hankins (L) in the first round.
110-pound class: Gene Parks (L) defeated Lonnie Miller (S) in the first round.
120-pound class: Van Pennington (S) defeated Hugh Bralley (L).
140-pound class: Jim Butler (L) defeated Paul Cooper (S) in the second round.

SENIOR HIGH DIVISION

100-pound class: Billy Campbell (S) defeated Johnny Morris (L).
130-pound class: Bob Newsome (L) defeated Leo Jackson (S).
139-pound class: Don Rice (L) defeated Bob Campbell (S) in the second round.
153-pound class: Frank Vines (S) defeated Duane Hankins (L) in the first round.
145-pound class: Billy Butler (L) defeated H. B. Cough (S) in the first round.

The teams were tied 6-6 at the end of the first period, Memphis led at the 15-12 and 19-18 at the end of the third quarter. French never could draw even in the last quarter although getting within a point of the Cyclones on two occasions.

Sammy Rasco of Memphis and Frank Harvey of French tied for high point honors with eight each.

Waelder won third place in Class B by beating Slidell 39-31 with LeRoy Mikch of the victors flipping in 17 points to bring his total for the tournament to 50. That was a point over the Class B record but it didn't stand long as Weaver broke that in his final game.

Wait Ashley led the Slidell offensive with 11 points.

During the morning Brownwood and Texas City advanced to the Class AA finals with victories over Lubbock and Port Arthur respectively. Brownwood's win was a distinct upset because Lubbock had been a heavy favorite to win the title. The Lions beat the Westerners 46-32 as Roland Elledge flipped in 16 points. Texas City strapped Port Arthur 49-31 behind the goal-tossing of Bill Chouke, who made 17 points.

The sport of mountain climbing has almost a million devotees, yet few persons can give a satisfactory reason for the urge to climb.

WARREN'S WARMUP

By Warren Mason—News Sports Editor

QUESTION: What pitcher holds the record for having pitched the most opening-day shutouts?

WILDLIFE FEDERATION: This sportsmen's organization has really shown itself to be a bee-hive of activity in the past couple of months. It has gotten the legislators into action to protect wildlife, it has organized clubs, and next on its agenda comes a state-wide sportsmen's meet at Brownwood.

At Austin, it has gotten two of four proposed bills through committee and on to the House for debate. The two are the Regulatory Powers and the Universal Hunting and Fishing License bills. The first gives the state Game, Fish and Oyster Commission power to limit the period for hunting and fishing seasons as it sees fit in the interests of conservation. The second makes it mandatory that all persons past the age of 16 have in their possession a \$1.05 license to fish in fresh water with artificial lures outside of their county. These bills will afford both income and protection to the conservation problem.

The Federation now has over 47 member clubs in the state. Last Tuesday night the Lefors Gun Club was organized, with nearly 30 sportsmen as charter members, and several more have joined since.

The Federation has also undertaken a very large project in the Brownwood Sportsman's Tournament to be held in Brownwood the 7-10 of April. There will be tournaments of all descriptions for the outdoor sportsman, with team and individual competition. In addition to dog shows, target shooting, field trials, skeet and trap shooting and fly and bait casting tournaments, stock motor boat races were added to the program yesterday. There will be tournaments and shows for all types of outdoor sports.

The tournaments and shows will be handled by the various clubs throughout the state who specialize in certain outdoor sports activities. The show has grown so fast and so large that it is anticipated that there will be nearly 20,000 entries by the opening day.

But the city of Brownwood has prepared for the anticipated influx of sportsmen by opening up the inactive army base barracks, hooking up the lights and water, so they will be available for all sportsmen free of charge. All the sportsmen need do is supply their own bedding and buy their own meals. The show will be held at the army base, handy for those who wish to camp at the base. The Texas chapter of the Federation has grown so fast and so large in the past year under the direction of President Dr. Roy Webb that he is hoping to retire from the position at the end of his present term, which expires in April. But before he does get out, he'd better be certain that someone with as much interest and enthusiasm for conservation is available to replace him.

ANSWER: The most opening-day shutouts were pitched by Walter Johnson, the famous Big Cat of the Washington Senators. He turned the trick in 1910, '15, '17, '19, '24 and '26. In the 1926 game, he had to go 15 innings before the Senators won.

DOES AND DASHES: Bill Spear is participating in spring football practice at the University of New Mexico. A Bill is playing right end—The Hardin-Simmons Cowboy boxers meet the Cameron Junior College mittmen at Abilene, March 18. The Harvester girls' tennis team is starting workouts. Fifteen girls are starting semi-weekly practice—Several of the Harvester basketballers, along with C. C. Clifton McNelly, witnessed the state cage tournament at Austin this weekend—A couple of the boys also engaged in athletic scholarship talks with scouts and coaches from schools in the state—Roy Parker was out giving the Harvester baseballers some useful advice on hitting and pitching. He showed his usual power at the plate during the demonstration. The extra bleachers at the football field, added for the Thanksgiving game with Borger last season, have been torn down. They will be needed again next fall when Amarillo comes to town. Watch for a local gossip column to start on these pages weekly. . . . Recorders and hidden cameras are all over the Country Club course to pick up and catch all of those fine shots that nobody ever sees, but everybody hears about.

Sports Round-Up
By HUGH FULLERTON, JR.
NEW YORK — (AP) — Rev. George D. Widener's coat which looked very good while finishing third in the Flamingo, is not eligible for the Kentucky Derby. Seems that trainer Bert Mulholland doesn't read the papers carefully and overlooked a published notice of the closing of the entries. The Abilene's Wally Moses should be the next American Leaguer to reach a lifetime total of 2,000 hits. He has 46 to go. Only other active A. L. player in that class is Chicago's Luke Appling, who has 2,871.

A-MOO-SING, AIN'T IT?
Harold Keith, Oklahoma U. drummer, reports he called on his secretary to write an advance story for the Sooner basketball team's road trip the other day. . . . Secretary Pat Simpson, becoming an "author" for the first time, started like this: "Bruce

Heavyweight Title Dispute Centers on Ezzard Charles

NEW YORK — (AP) — Ezzard Charles, heavyweight contender from Cincinnati, became the central figure today in the giant tug-of-war for control of bigtime boxing.

Two warring promotional groups — the Twentieth Century Sporting Club and Joe Louis' newly-formed International Boxing Club — both contend they have Charles under contract. Louis, in announcing spectacularly this week that he was vacating his heavyweight championship to become a promoter, said he would match Charles against Joe Walcott this summer for the title.

The Brown Bomber said he had both fighters tied up under "exclusive two-year contracts." Sol Strauss, Twentieth Century lawyer and director, said he had a contract safely tucked away giving Twentieth Century charge of Charles' services through November. It was signed by the fighter and George Rhein, one of Charles' co-managers, Strauss added. Furthermore, he said, the papers carried a note "approved by Jake Mints," another co-manager. Mints insisted Charles had signed no such contract for Twentieth Century.

Nominate 113 for Kentucky Derby

LOUISVILLE, Ky. — (AP) — Churchill Downs announced Saturday 113 nominations for the Kentucky Derby's Diamond Jubilee running May 7.

The list includes most of last year's leading two-year-olds and is headed by J. M. Roebeling's Blue Peter, the 1948 juvenile champion. There are four more potential derby winners than last year, when 109 nominations were filed.

The Derby, America's oldest continuous turf event, is open to three-year-old colts, fillies and geldings. It is run at one mile and a quarter. Col. Matt J. Winn, 87-year-old head of Churchill Downs, said he expects the greatest derby of them all this time. And he has seen every one of the previous 74 runnings of the colorful event. The derby again will feature a purse of \$100,000 added money. Its value to the winner will depend upon the number of starters, but usually it ranges, between \$80,000 and \$90,000.

Other outstanding nominations include Capot, Ocean Drive, Mr. Busher, Olympia, winner of Thursday's Flamingo Stakes, John's Joy, Sport Page, Alamo's Day, Model Cadet, Agasir and Johns Joy.

Ways to Save

If you were a descendent of the mutineers of the "Bounty," who married native girls and settled on Pitcairn Island, your "wealth" would be turtle meat. You would save the surplus food from turtle hunts by filling coconut shells with the meat preserved in turtle fat. Your meat "savings" could be bartered for clothing, shelter or other food, just like we save and use money here.

At Citizens Bank & Trust Co., your savings are safe, and they steadily grow because of the profit they earn, and you are not constantly tempted to use them up in a feast. It's easy and pleasant to save money at Citizens Bank & Trust Co. Stop in and let us explain.

CITIZENS BANK & TRUST CO.

Lefors Gun Club Is Organized

The Lefors Gun Club was organized by the Pampa Outdoor Sportsmen's Club last Tuesday night in a meeting at Lefors. Over thirty-five members have been signed. When they have entered their fifth member they are going to affiliate with the Wildlife Federation.

Officers elected in the first meeting were: President, W. G. Staley. Vice presidents: First, Ted Gustin; Second, Edgar Brown; Third, George Clemmons. Secretary-treasurer: Joe Clark. Directors: Fred Blackwell, Ed Hargis and Clarence Bigham.

Bob Polidor and Bob Riley, Villanova football players, are doing practice teaching at Radnor (Pa.) High School. Polidor is teaching social studies and Riley English.

Lone Star to Austin
NACOGDOCHES — (AP) — Stephen F. Austin won the Lone Star Conference basketball title Friday night as it trounced South-west Texas State, 82-46. The Lumberjacks took the toll on a conference record of nine victories and three losses. East Texas State won second place with eight victories and four defeats.

FORCED LANDING

PITTSBURGH (AP) — A Capital Airlines Capitaliner made a forced landing in a farmer's field near here today without injury to passengers or crew.

Lost and found creek, located in Blair County, Pa., disappears at several intervals and finally flows into the ground.

Not-So-Selective Service

The Jefferson County, Colo., Draft Board must be scraping the bottom of the barrel. They sent a selective service questionnaire to William E. (Butch) McKune of Golden. Butch is eight months old. He's decided to wait a little while before going.

Texas Novelist Prefers Country to Big City Life

By WILLIAM C. BARNARD

Associated Press Staff
 Fred Gipson, Texas novelist, is a country boy who'll stay in the country.

"Now that you're a book-of-the-month author," someone suggested, "I suppose you'll be dusting out to live in New York."

"New York?" Gipson cried, startled at the idea. "I can't even take Dallas. Mason County is the only place for me."

With the new novel, "Hound-Dog Man" selling great guns, there'll be some improvements in life for Gipson, his pretty wife, Tommie, and their two sons. Already they have a new refrigerator, bought out of advance royalties.

The Gipsons live in a little four-room house on 12 acres, four miles out of Mason, Tex. Fred gave up newspapering in 1940 to become a magazine writ-

er. But always he wanted to write a novel of Mason County and its citizens.

"Hound-Dog Man" is the book—a fine work of fiction and a triumph of honest reporting. Gipson captured his own bit of West Texas, its flavor and feel, its people and what they feel and say, and how they saw it.

And as the hero, Gipson again recreates his boyhood idol, a proud, nature-wise, independent man who lives in the woods and makes his meager living by hunting and trapping.

This hound-dog man is Blackie Scantling and a real Blackie lives or once lived in Mason County. Fred has been writing of him since his University of Texas days; he has been the hero of many a magazine story or newspaper column.

And one has the feeling that Gipson is doing an autobiography when a little boy in the book says:

"Blackie always had a lot of talk that was good to listen to. He was the best coon hunter in the country and owned the best coonhounds. He knew where all

Ed Weiss in New Business

Ed Weiss, in the implement business here since 1918, with the exception of 18 months, has been assigned the Massey-Harris and New Holland agencies here for farm tractors and equipment and industrial and farm machines.

An ad in today's issue of The News announces that he is opening business on the lot at 501 W. Brown, where he has 40,000 square feet of space.

At the present time the business will be operated from a warehouse on the lot, but a permit to begin construction of an implement and tractor service shop has been issued, he said. The new building will be 40 by 80 feet.

Weiss, active in a number of civic affairs, in the First Methodist Church and business functions, has been associated with the farm equipment business in the Panhandle for 21 years. He came to Pampa in 1939 as representative of a major implement company and in 1943 bought out the Riley Truck & Implement Co. He sold a business in 1948 that he had built from one employee to 20.

Massey-Harris is said to be the first major implement company to come on the market with a farm sprayer used in weed and insect control. All kinds of farm machinery are made by this concern.

Weiss who resides at 1019 Christy, was lieutenant-governor of Texas-Oklahoma District, Kiwanis International, last year. He is a past president of the local club.

Weiss said that after sale of his former business 15 months ago, he looked around the country for a location, but returned to this area because, he said, it is "one of the most progressive business and agricultural sections of the Southwest."

Pastor Defies Bishop's Orders

NEW YORK (AP) — Defying orders of his bishop, a Protestant Episcopal rector looked to his congregation to support him in seeking to retain the pulpit he has occupied for 46 years.

The case of the Rev. Dr. John Howard Melish, rector of Holy Trinity Church in Brooklyn, is slated to be the key topic of a meeting of parish members Monday night.

The 74-year-old rector, whose removal was ordered by Bishop James P. de Wolfe of the diocese of Long Island, says he intends to stay at his post "as long as my congregation desires me to stay."

Several clergymen defended the rector's stand.

His removal was ordered by the bishop because Dr. Melish refused to interfere in the non-church activities of his son, the Rev. William Howard Melish, who is the assistant rector.

The son is chairman of the National Council of American-Soviet Friendship, a group called subversive by Attorney General Tom C. Clark.

the foxes denned up and where the wild turkeys roosted and whose watermelons were getting ripe and where was the best place to catch a mess of catfish or shoot a half of squirrels. Blackie knew all the things that I never got to learn, going to school like I did."

We heard this kind of talk from Fred himself, long before he ever plotted his new novel. The tall, blond-haired, 40-year-old Gipson has always nursed a grudge against the web of civilization. Always he has wanted to live like Blackie.

Instead he is a hard-working author, doing most of his writing in a Mason hotel room. Since his sons, Mike, 8, and Beck, 3, got old enough to scoot around the house and get under foot, he has found it difficult to work at home.

He never writes on a regular schedule. "Just whenever I can," Stripped down to trousers and the boots he wears in the wintertime "to keep my ankles warm" he sits over the typewriter in the hotel room and labors so mightily that he runs a temperature.

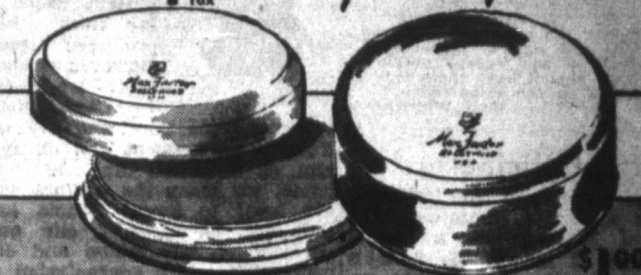

If earnings from "Hound-Dog Man" justify it, there'll be a new house for the Gipsons. This means, there'll be a few house if enough cash rolls in to buy it all at once, for Fred and Tommie hold no truck with installment plans.

"We'd like a pretty good-sized home, 1,600 or so acres," Fred said dreamily. "I want a jelsure life. I'd like to hunt a little and fish a little." He laughed and added: "I'd like to live like Blackie."

But the web has caught him firmly. Already he is writing another book.

Leaves From a Correspondent's Life Note Book

By GEORGE TUCKER

NEW YORK — (AP) — Some men left their war in the Pacific, but radio star Lanny Ross brought his back as a souvenir.

What made a hit with the Navy in 1945 ought to be good for the public in 1948, he reasoned. So he said to Cecil Abe, the missionary at Kwato, New Guinea:

"Cecil, I'd like to have you on my program some time. That is, if we ever get back."

Cecil Abel is a 46-year-old Anglo-Papuan whose idea of running a mission is unorthodox. He doesn't know what denomination he is supposed to be. His idea of saving souls isn't just teaching the natives to sing hymns on Sunday, and going to church.

So the war passed, and one day not long ago Cecil Abel came to the United States.

"I suppose you could say some of my dear friends are cannibals," said Cecil. "A cannibal who doesn't eat you is inexpressibly dear."

The Kwato mission was started 60 years ago by Abel's father, who survived head hunters for 40 years and went home to England, only to be killed in an automobile accident.

"I remember my father holding me up when I was a little lad. He was showing me to the cannibals and he cried, 'Here's the young man who'll head this mission when I'm gone. You wouldn't eat him would you, if you had the chance?'"

A wrinkled old warrior grinned toothlessly and said, "We have the chance."

Abel explained the early code of the true cannibal like this: "They eat each other for economic reasons. When one tribe fought another tribe, the winners ate the losers. They had very few post-war problems."

Prince Enters Innocent Plea On Bank Robbery

DALLAS — (AP) — Ollie Ota Prince, convicted of one bank robbery, Friday entered a plea of innocent to a charge of robbing another.

Prince, Corsicana cattleman and

used car dealer, pleaded innocent when arraigned on a charge of robbing the First National Bank at Mount Calm, Hill County. A lone bandit took \$4,100 from the bank Nov. 22, 1946.

Thursday, Prince was convicted in federal court of robbing the First State Bank of Rice of \$4,002 last Aug. 11. He was assessed a 10-year prison term.

He also is named in a third charge of robbing the Malone

State Bank of \$15,000 last Oct. 5. Three witnesses Friday pointed out Prince as the man who held up the Mount Calm bank. They told almost identical stories. The hearing was before U. S. Commissioner W. Madden Hill.

Mrs. R. T. McKinney, the bank's assistant cashier, said she was along in the bank when a man walked in, handed her a paper sack and told her to "Give me

the money." She said she got the money from the vault, gave it to the bandit and he walked out. Her husband, R. T. McKinney, and Mrs. Geneva Kay Kirkland, also identified Prince. They said they got a good look at him as they entered the bank just as the robber walked out and entered a car.

Prince was returned to jail un-

der \$12,500 bond in the Mount case.

FRANCE BUYS OIL
WASHINGTON — (AP) — Purchase of \$8 million worth of crude oil and petroleum products by France under the Marshall Plan was approved by the Economic Cooperation Administration. The oil will be shipped from Arabia.

WHO'S ON TRIAL?—An American tourist, strolling through the Louvre in Paris, examined a number of paintings rather critically, and then encountered the museum's custodian ... "My good man," said the tourist, "I suppose you consider these paintings magnificent?"

"Yes, Monsieur, I do," replied the man. "Well—I certainly don't see anything so wonderful about them. In fact, some of them look positively ridiculous."

"Monsieur," said the old gentleman caustically, "these paintings are not on trial. Their excellence has long since been established. It is the spectator who is on trial." Yes, Peg says, preaching, it's pretty easy for most of us to think the whole army is out of step except ourselves.

THREE attractive matrons having a late lunch at the Schneider were Mesdames Frank Smith, Homer Dockery and Henry Ellis ... and proud new parents are Mr. and Mrs. John Garman. The new baby girl was born Thursday night ... Mr. and Mrs. Carl Luedders were among the many who attended the Standalone dance at the Standalone Club House Saturday night (a week ago). If I'm not mistaken, they were driving a new car (I'd say what kind, but these new cars "confuse" me just a little bit) ... Isabel Priest, I'm dying to know, where did you get that beautiful diamond? ... The Ray Kums are enroute to the West Coast to visit the Charles Cooks there ... the Don Fosters having lots of good luck on the weather to remodel their home ... as are the Mel Outliers on N. West ... all around, this warm weather is encouraging (I've got my fingers crossed until this gets into print so far as weather is concerned ... All the Country Clubbers are looking forward to the opening of the pool ... here's our best wishes to Charles Nutting and Daisy Bellamy who are in the hospital, both reportedly well on their way to recovery.

PANORAMA—Are congratulations in order for IB and JB? We hear the date was February 14 ... come on now and tell us ... Shotgun Layne, A. B. Hahn and others fishing at Possum Kingdom ... speaking of the Laynes, did you know they are to be residents of the Fraser Addition, having recently bought a lot in the 1600 block on Mary Ellen? ... George Baker enjoyed a game of golf on Balmi Friday, while Mrs. Williams and Donaldson froze on the preceding Sunday doing the same thing ... Seen about town—the Dr. Brown family in their light green convertible. I mean the entire family, children atop the top that was not there, and also around the wheels ... Marie Taylor looking stunning in dark green suit with black hat and black bow tied cherubically under said chin ... Bet that was a new suit Lucy Sanders had on the other day—with shoulder cape in the latest style ... Irony for you, Wendell and Idell Sanford, who recently moved into your new home in the Fraser Add. But you had barely moved in and lit the furnace, when you were told that you are to be transferred to Denver ... Dr. M. C. Overton now confined to his home. Doctor, we hope to see you up and about by Monday anyway ... among the most agreeable newcomers to the city are Dr. J. R. Donaldson and wife ... it's a pleasure to meet and talk with them ... storking: Mr. and Mrs. Andy Anderson.

PATER—Attendees of recent BOK dance liked it so well that some of them drove the next night to Wellington to hear the named orchestra for the second time ... Proud recipient of down comforter in recent EBA contest was Mr. Ryan, famed Tom's Peanut man ... recently entered in Veterans Hospital in Amarillo, John C. Bates. Happy recovery, John ... Seen back in Pampa, and we understand, to make their home here are Mr. and Mrs. Rex Barton.

WATCH US BROW—T. M. Brooks out at Brooks Electric is adding a new section to his new building for display purposes, we hear ... Hall & Pinson are remodeling the former Garvey Motor Co. building for their new location which will be a very modern station, we understand ... The Dr. Pepper Bottling Company will soon have a new home, still to be located on Hobart.

THIS is all for today. I'm taking it easy just now because spring is just around the corner; and I want to have a lot of zip and either for same ... it is a grand season for us to be entering. Expectantly. PEG O' PAMPA

Vera Daugherty and Dare Locke Are Married at Amarillo Church

Mrs. Dare Locke

In a single-ring ceremony at the Amarillo Tenth Street Methodist Church parsonage, Miss Vera Daugherty became the bride of Dare Locke on Wednesday, Feb. 18.

The bride is a daughter of Mrs. J. M. Daugherty of Hoover, Texas, and the late J. M. Daugherty and Locke is a son of Mr. and Mrs. W. S. Locke, Miami.

Patricia Butler, Amarillo, was maid of honor and Danny Kiyehen, Amarillo, was best man. The bride wore a grey pebble crepe dress suit with black accessories and a grey hat with pink plume. She was given in marriage by her brother, Frank Daugherty.

After a wedding trip to Eagle Nest Lake, N. M., the Lockes returned to Canyon where they will make their home at 1608 B. St.

Mrs. Locke was graduated from Pampa High School in 1947. She was a member of the A Cappella choir. At present she is a Sophomore at West Texas State College and is vice president of the Kappa Tau Phi Sorority.

The bridegroom was graduated from Miami High School in 1946, where he was prominent in school athletics. He served two years in the Navy and was stationed in China for 10 months. He attended Texas A&M one year before entering West Texas State College.

Sapphire, light blue, royal and peacock blue will be important colors for spring.

Crossland-Glenn Vows Exchanged

SHAMROCK (Special)—Miss Leona Crossland, daughter of Mr. and Mrs. B. F. Crossland of Wheeler, recently became the bride of Ralph R. Glenn, son of Mrs. R. D. Glenn of Muleshoe.

Nuptial vows were solemnized by the Wheeler First Baptist Church in a single ring service, with the Rev. M. B. Smith officiating.

Mrs. Audrey Pierce attended the bride as matron of honor. She wore a black faille suit with a white blouse and black accessories. Her corsage was of red roses.

Christopher McClain served the bridegroom as best man. The bride wore an aqua wool jersey dress accented with black accessories and a gardenia corsage.

Mrs. Glenn is a graduate of the Wheeler High School. The bridegroom formerly resided in the Briscoe community and served with armed forces during the war.

After a brief wedding trip the couple will make their home at Muleshoe, where Glenn is engaged in farming.

Linnie Holly, David Warfield Are Wed in Home Ceremony

Mr. and Mrs. David Warfield

Miss Linnie Farrell Holly, daughter of Mrs. Bernice Holly, 920 S. Faulkner, became the bride of David Warfield, son of Mr. and Mrs. John Warfield, Pettus, at 7:30 p.m. Saturday, Feb. 26, in the bride's home.

The single-ring ceremony was performed by O. F. Schumaker, Church of Christ minister.

Miss Yoby Ann Holly was her sister's bridesmaid. Max Holland was best man.

The bride wore a white suit with green accessories and a red rose corsage. Following the ceremony, a reception was held for the wedding guests.

The bride is attending Pampa High School. The bridegroom is a graduate of Pettus High School and was in the U. S. Army Air Corps and attended college for two years at Kingsville A&I. He is now an aviation cadet stationed in San Angelo.

Attending the wedding were Mrs. Holly, Guy Holly, Yoby Ann Holly, Buddy Hamrick, Mr. and Mrs. J. D. Hamrick, Mr. and Mrs. L. R. Hamrick, Jr., Mrs. Dwinnia Sallee, David Sallee, J. D. Heathcock, Edwin Southard, Bill Faulkner and Jeanette Southard.

Willingham-Lewis Vows Exchanged

Mrs. Jeanette Willingham became the bride of Melvin "Doc" Lewis recently at Albuquerque, N. M. They were married by Judge Vince W. Naglich.

The bride wore a steel blue gabardine suit, a mauve blouse and navy accessories.

Following the ceremony Mr. and Mrs. Lewis started on a two-weeks' wedding trip to the West Coast. They will be in Los Angeles, visited Mr. and Mrs. E. H. Jones and daughters. Mrs. Jones is a sister of the bridegroom.

Also, while there they visited Mr. and Mrs. Howard Meyers, formerly of Pampa.

Mrs. Lewis is employed at the Southwestern Public Service Company and her husband by General Atlas. Beginning tomorrow the Lewises will reside at 419 N. Hobart.

Sue Davis, Ted Simmons Engaged

McLEAN (Special)—Mr. and Mrs. Olen Davis, McLean, announce the engagement and approaching marriage of their daughter, Sue, to Ted Simmons, son of Claud Simmons, McLean, and Mrs. Lela Wilson, Amarillo.

The ceremony will be performed this month in McLean. Miss Davis was graduated from McLean High School in 1948 and is now attending a business school in Amarillo. Simmons also was graduated from the McLean High School in 1948 and is now in the U. S. Army Air Corps, stationed at Lakeland Air Base, San Antonio.

Sybil Weaver's Engagement Told

McLEAN (Special)—Mrs. Alma V. Weaver is announcing the engagement and approaching marriage of her daughter, Sybil, to Douglas L. Cox, son of Mr. and Mrs. R. H. Cox, Waco.

The bride-elect attended McLean schools, WFSO and ACC and has had nurses training at Amarillo, at the University of Texas and at Baylor. Cox at present is attending ACC in Abilene where they plan to make their home.

The marriage will take place March 26 at the Calvary Baptist Church in Waco.

Nazarene Women Meet for Prayer

The ladies' missionary group of the Church of the Nazarene met Friday at the home of Mrs. Edwin Ammons to observe the world day of prayer.

After a few songs, several parts were presented on prayer and missionary activity. It was a day of prayer and fasting for the 11 present. Personal visitation work also was done.

The Young Married People's Class of the church had a hot dog supper Thursday evening at the home of Mr. and Mrs. Earl Icenogle. Twenty people were present including the pastor and his wife, Games and a song fest provided entertainment.

Ladies' Golf Club Meets Wednesday

The Ladies' Golf Association will hold its first meeting of the year at 10 a.m. Wednesday at the Pampa Country Club.

A short business meeting will be held after which those attending will participate in a putting contest.

All women interested in golf are invited to attend this meeting. Those planning to attend should contact Mrs. Earl Schaefer, 2304-J or Mrs. J. F. Snyder, 756-W in order to make reservations for the luncheon which will follow the meeting.

Friends Gather For Housewarming

Fifty friends gathered recently at the new home of Mrs. J. L. Strope and Donnie Lee, east of town, for a housewarming celebration.

Hostesses for the party were Mesdames Ruth Spearman, Norman Walberg, Robert Hollis, Dave Turcotte, Joe Lewis, Mae Skaggs, O. E. Ingram, Holly Gray, W. D. Elchert and C. C. Stockstill.

Several games were played and refreshments were served to the group.

HIGH SCHOOL SENIOR CLASS FETED AT BAPTIST BANQUET

George Stokes, head of the speech department at Wayland College, addressed Pampa's graduating Seniors Thursday night at the fourth annual Senior banquet, sponsored by the First Baptist WMU.

The dining room of the church, elaborately decorated to represent a Chinese tea garden, had one head table for the sponsors and card tables scattered throughout the room, each of which seated four Seniors. Centerpieces were provided for each table.

Stokes, speaking on the "Slow Boat to China," was introduced by Mrs. Rufe Jordan, who served as toast-mistress. He said taking the "Slow Boat to China," depends entirely upon the engineer. In his speech, which was scattered with humor, he gave the graduating class many sound bits of advice. He stressed the point that the Seniors should be informed, but to be careful of what they learned. He said it takes a "big person" to think big thoughts.

Peter Chen and Mark Tong, Chinese students at Wayland, accompanied Stokes and each presented a short talk in which they contrasted the American and Chinese ways of life.

Guy Wood, head of the department of music at Wayland, accompanied Stokes and each presented a short talk in which they contrasted the American and Chinese ways of life.

Joella Shelton, Bob L. Skeen Exchange Vows at Church

Mrs. Bob L. Skeen

Tall baskets of white gladioli, palms, fern and tall white tapers in candelabra decorated the First Methodist Church for the wedding Sunday, Feb. 27, of Miss Joella Jean Shelton and Bob L. Skeen.

The bride is a daughter of Mr. and Mrs. Joseph W. Shelton, 523 N. Russell and Skeen is a son of Mr. and Mrs. Robert Skeen, Clovis, N. Mex.

The Rev. H. Clyde Smith read the double-ring ceremony. Mrs. H. A. Yoder, organist, played the pre-nuptial selections and accompanied Mrs. Harold Wright who sang "You Were Meant for Me," and "I Love You Truly." As the benediction, Mrs. Wright sang "The Lord's Prayer."

The bride, given in marriage by her father, wore a white slipper satin wedding gown. Yolk and Peter Pan collar of the dress were of chantilly lace. Small satin-covered buttons were placed down the yolk. The long sleeves of the gown ended in lily points over the wrists and the full skirt swept into a train. A finger tip veil of chantilly lace fell from a halo hat of the lace.

Atop a white Bible, she carried a purple-throated white orchid arranged with satin streamers and stephanotis.

The wedding tradition of something old, something new was observed. The white Bible was borrowed from Mrs. W. E. Jarvis and the bride's only jewelry was an heirloom yellow gold bracelet.

Miss Dorothy Byrd was maid of honor and Miss Gerry Carruth, Miss Celeste Wylie and Mrs. Warren King were bridesmaids. They wore a single strand of pearls and carried fan-shaped bouquets of white gladioli. The maid of honor carried a crescent-shaped arm bouquet of white gladioli.

Mrs. Shelton wore a navy blue dress with pink accessories and a pink rosebud corsage. Mrs. Skeen wore a black skirt and an eggshell silk overblouse with lace insets and a corsage of pink rosebuds.

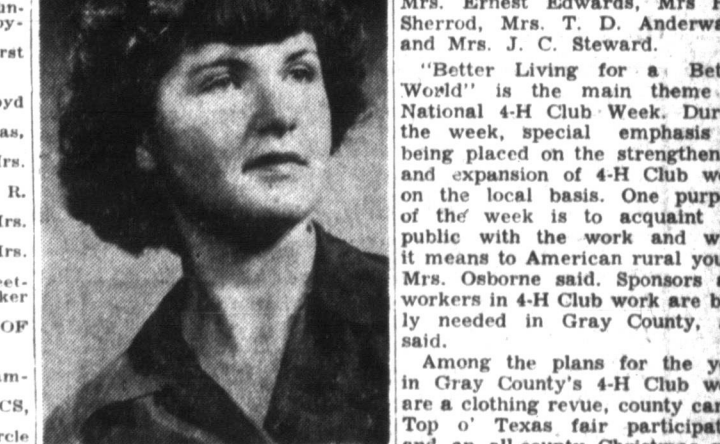

Following the ceremony, a reception was held at the Irvin Cole home, 1106 Charles. Centerpieces on the lace-covered table were a low crystal bowl of white anemones, placed on a reflector and flanked by white tapers in crystal candelabra. The four-tiered wedding cake, decorated with all-white icing and frosting rose buds, was sprinkled with silver streamers and stephanotis.

Mrs. Jerry Skeen, sister-in-law of the bridegroom, presided at the silver tea service and Mrs. Charles Shelton, sister-in-law of the bride, served the cake. Miss Peggy Thomas presided at the guest register. At the guest book in the church were Mrs. Gene Harris, Kellerville, and Mrs. Jack Entlerline, Borger.

The couple left for a wedding trip to Denver, Boulder and other points in Colorado. After March 10, they will make their home in Clovis. For traveling, the bride chose a tailored wool gabardine suit in navy blue with gray accessories and white blouse and gloves. She wore an orchid corsage.

Mrs. Skeen was graduated from Pampa High School in 1946, where she was a cheerleader and a member of Sub Deb Club. She was graduated from Texas (See JOELLA, Page 14)

Gray County 4-H Girls Continue Plans for Observance of 4-H Week

MILDRED BAGGERMAN—One of Gray County's outstanding 4-H Club girls.

Plans for the radio program to be conducted at 11:45 p.m. Saturday by Gray County 4-H Girls in connection with their observance of National 4-H Club Week, March 5-13, are shaping up. Mrs. Emmett Osborne, 414 E. Main, announced yesterday.

One of the highlights of the program will be the presentation of the Gold Star pin to Eva Mae Rutledge, 1948 Gold Star Girl. Alvin Gold Star 4-H Club will take part on the program and its sponsor, Mrs. Lester Carter, will play the accordion.

Sponsors of 4-H Clubs in the county will be introduced and the president of each club or one of its members will give the name of her club, its officers, members and history.

The girls will give the 4-H pledge, promise and prayer during the program. Serving with Mrs. Osborne on the 4-H Committee who are also working on plans for the coming year are Mrs. Ernest Edwards, Mrs. Roy Sherrod, Mrs. T. D. Anderwald, and Mrs. J. C. Steward.

"Better Living for a Better World" is the main theme of National 4-H Club Week. During the week, special emphasis is being placed on the strengthening and expansion of 4-H Club work on the local basis. One purpose of the week is to acquaint the public with the work and what it means to American rural youth. Mrs. Osborne said. Sponsors and workers in 4-H Club work are badly needed in Gray County, she said.

Among the plans for the year in Gray County's 4-H Club work are a clothing drive, county camp, Top o' Texas fair participation and an all-county Christmas party.

The Gray County Dress Revue is to be held May 14 in Pampa. All girls in the club program are being asked to enter at least one garment, whether it is an apron, simple dress, or more complicated article of wearing apparel.

Tentative dates for the 4-H Club County Camp are June 28-29. Last year's camp was held at Lake Marvin, but no site has been selected for this year. In September, the Top o' Texas Fair will be the main participating event for 4-H girls. They are being asked to enter cany, handwork and sewing divisions.

In December, an all-county 4-H Club Christmas party is to be the month's main event.

A record compiled by the A&M College Extension Service tells what 4-H Club boys and girls in Texas had done in 1948. More than 23,000 gardens, the most more than 385,300 and (See GRAY, Page 14)

Dr. Walter A. Maier

each Sunday over 1,100 radio stations in 50 countries using 14 different languages. Dr. Maier will originate the Lutheran Hour broadcast from radio station KVAI in Amarillo, according to an announcement by Pastor Martin J. Hartenberger of that city. In this area the Lutheran Hour is heard each Sunday morning at 8 a.m. over station KPDN. Rev. R. L. Young, pastor of Zion Lutheran Church, Pampa, says this will be the initial appearance of the Rev. Dr. Maier in this section of Texas. The speaker is professor of Old Testament History and Interpretation at Concordia Theological Seminary in St. Louis, Mo. His Sunday program, which started with two radio stations in St. Louis, now has a listening audience of twenty million persons in all parts of the globe.

Dr. Maier has received as high as 7,000 letters in a single day, 21,000 letters in one week in response to his Christ-centered messages. Recently Radio Luxembourg, a powerful 200,000 watt transmitter in Europe, was secured for broadcast in the German and Russian languages. The Lutheran Laymen's League has sponsored this far-flung radio mission ever since its first broadcast sixteen years ago.

The program on March 27 at the Amarillo Auditorium also will be broadcast over station KFDD. The public is invited to see and hear Dr. Walter A. Maier at this Lutheran Hour Rally. There will be no admission charge.

Skeen was graduated from Clovis High School. He attended West Texas State at Canyon for a time and Colorado University where he was a member of Sigma Chi fraternity. He also attended NTSC, Denton. He spent nearly four years in the U. S. Marines

Samnorwood Girl Marries at Dallas

SHAMROCK — (Special) — Miss Massey Montgomery recently became the bride of Floyd Bodine, Jr., at the Colonial Church of Christ in Dallas.

James V. Curtis, minister, read the vows in the double ring service.

Miss Barbara Scarriat attended the bride, and Robert Smith

in World War II.

Out-of-town guests included Mr. and Mrs. Bob Skeen, Mr. and Mrs. Horace Westbrook, Mr. and Mrs. Fred Johnston, Mr. and Mrs. Bill Sparks, Mr. and Mrs. James Foster, Clovis; Mr. and Mrs. Jerry Skeen, Las Vegas, N. Mex.; Mr. and Mrs. Nick Morgan, Canadian; Mr. and Mrs. W. W. Cecil, Lexington, Ky.; Mr. and Mrs. Glenn Lloyd Cole, Mrs. A. F. Keller, Durham, Okla.; and Marion Mead, Denton.

served the bridegroom as best man.

The bride, attired in a street-length dress of blue crepe accented with navy accessories, wore a corsage of white carnations.

The bride, daughter of Albert Montgomery of Samnorwood, attended Samnorwood schools before going to Dallas where she graduated from North Dallas High School.

The bridegroom is the son of Mr. and Mrs. Floyd Bodine, Dallas, and is a graduate of Forest Avenue High School, Dallas.

Following the ceremony a dinner was served at a Dallas Cafe

to the following wedding guests:

A. Montgomery, Samnorwood; Mr. and Mrs. Albert Montgomery, of Amarillo; Mrs. Roy Hofmann, Mrs. A. J. Shields, Sr., and Mr. and Mrs. Claude Caperton, all of Denton; Mr. and Mrs. Jim Montgomery, Dallas; Mr. and Mrs. Allen Burch, Mr. and Mrs. Floyd Bodine, Miss Barbara Scarriat, Robert Smith, the bride and bridegroom.

The couple will make their home in Dallas.

GRAY

(Continued from Page 13)

turkeys and the girls had nearly 7,000 poultry flocks.

The 961,000 quarts of food they put up in cans and jars didn't include the hundreds of pounds stored in the freezer locker.

Food, however, wasn't the only item on the program. These 4-H boys and girls helped make their homes more attractive and livable. The girls' projects included making more than 50,000 new garments and remodeling over 33,000 other items of clothing.

Fire and accident prevention programs also held the interest of many of the club members. They spent time improving their own health as well as that of their families and communities.

Soil and water conservation practices played a big part on the 4-H Club program, too. The boys had nearly 110,000 acres in conservation management and raised more than 84,500 head of livestock, while the girls were planning more than a million and a quarter meals. BBetter understand-

Fee-Montgomery Vows Exchanged

SHAMROCK — (Special) — Mrs. Lillie Fee, Amarillo, and Albert Montgomery, Samnorwood, recently exchanged vows at the San Jacinto Church of Christ, with W. D. Pearson, minister, officiating.

The bride is the daughter of the late Mr. and Mrs. Edd Westfall of Floydada, who were among pioneer settlers of the Old Plymouth community. Montgomery is the son of Mrs. L. M. Montgomery of Samnorwood, who was also an early settler of the Old Plymouth community.

After a wedding trip to Dallas, the couple will be at home at Amarillo.

Only immediate members of the family were present at the wedding.

ing of their place in the world today was another gain they made during the year, the Extension Service reports.

SMITH QUALITY SHOES

Society Adds 10 Members In Ceremony

WHITE DEER—(Special)—Ten members were initiated into the White Deer chapter of the National Honor Society in a formal ceremony Thursday evening at the grade school auditorium. The ceremony was followed by a reception for the parents and school faculty.

Initiated were Roberta Corder, Harry Buchanan, G. B. Crawford, Shirley Davidson, Tom Horn, Dickie Ingram, Ramona Hightower, Ruth Smith, Bonnie Swinford and Katherine Talley. Carla Gores has been elected to membership, but was not present.

A large wooden emblem of the society was spotlighted in the center of the stage, behind a pedestal bearing the ceremonial candle to which each new member adds a bit of wax from his candle. All participants wore dark blue robes.

Preceding the pageant, Dorothy Broome, Linda Burke and Vivian Barrett, accompanied by Gwendolyn Sparks, sang "My Task."

Frances Freeman portrayed the role of the Spirit of the Torch; Gwendolyn Boyd spoke for the past members; Claudine Coffey, for the present members; and Roberta Corder, for the future member. After the initiates had lighted their candles from the ceremonial candle, the president of the chapter, Roberta Sparks, led them in the pledge; and both old and new members joined in singing the theme song, "I Would Be True."

Other members of the chapter participating were LaDonna O'Neal, Douglass Smith, Dorothy Barnett, Mary Lou Skaggs, Violet Thornburg, Laraine Bednorz, Janice Marlar, Jon Scott and Lora Dale Wells.

After the initiation, refreshments of cakes, nuts, tea, and coffee were served. Lora Dale Wells and Claudine Coffey were at the refreshment table, which was centered with a bouquet of cornflowers and acacia and lighted with yellow candles carrying out the club colors of blue and yellow.

Parents present were Messrs. and Mesdames J. L. Burke, L. C. O'Neal, Carl Smith, R. L. Davidson, J. T. Crawford, Biggs Horn, R. W. Talley, Dennis Smith, and Mesdames Rollo Sparks, R. Y. Corder, H. W. Buchanan, J. A. Barnett, John Skaggs and Alma

In Hollywood

By ERSKINE JOHNSON
HOLLYWOOD—(NEA)—Every year about this time 534 press agents claim their clients gave Oscar, the Academy award statuette, his name. Here's the true story again, as told by M-G-M art director Cedric Gibbons.

Gibbons made the original sketch of Oscar, which later was modeled by sculptor George Stanley. Back in 1931, Margaret Herrick, the Academy's first secretary, arrived for her first day at work. She was introduced to the statuette. She laughed and said: "Isn't he cute? He reminds me of my Uncle Oscar."

The name stuck.

Republic will release Ken Murray's Oscar winner, "Bill and Ted," to catch the Easter trade.

Publicity release: "Virginia Mayo was given a mink coat by her studio for being such a good girl." There's a switch!

CLEVELAND STORY
Bill Williams will play one of the top roles in the documentary about the Cleveland Indians, "The Cleveland Story."

A Western star, braver than E. Flynn on the screen, was trapped the other night in a phone booth at the Dells restaurant. He was hiding from his ex-wife (dining at the same place) to whom he owes a wad of back alimony.

Advertisement in a Hollywood trade paper: "25. Man's Toupee. Brand new, never cut. Light brown. Cost \$85." Any danger?

John Lund's agents are trying to convince Mrs. Lund to return to the screen. She was under contract to RKO but gave up her career when John clicked. . . . Marsha Hunt has her choice of two Broadway plays, "Lily Henry" or "Collector's Item." . . . Dottie Lamour and Kay Kyser will be co-starred in an RKO musical. . . . Jimmy Cagney may return to Warner Brothers for the starring role in "John Paul Jones." . . . Anne Jeffreys probably will star on the road company of Cole Porter's "Kiss Me, Kate." The road show will be launched in Los Angeles this summer.

Inflation Note: The King Cole Trio is now a quartet. They just added a drummer to the group.

Walter Wanger would like Bob Preston for the role of the Dutch sea captain in "Anne of the Indies," the Susan Hayward starrer which will be filmed in South Africa.

VAN WHO?
Van Johnson will have an exhibition of paintings at a local gallery in a few months, but the paintings will carry a non de plume. . . . Added scenes in London on her British film cost Peggy Cummins the lead opposite Bing Crosby in "Broadway Bill." . . . Geraldine Brooks will get a star build-up at M-G-M following her work in "Highland Lasseie."

In case you want to get Howard Hughes on the telephone these days, you have to contact one of his five male secretaries—each in a separate office in a different section of Hollywood.

Jane Wyman will get a big cash bonus from Warner Brothers if she wins that Oscar for "Johnny Belinda." . . . Vivian Linders will marry director Don Siegel after she sheds her Swedish husband.

U.N. Military Aides Visit Stock Show

Faculty members present were Mr. and Mrs. Fred Mullings, Mrs. E. R. Weeks, George Watson, Miss Helen Walker, Miss Gertrude Golladay, Miss Mary Green and Miss Claudia Everly, sponsor of the organization.

Read the News Classified Ads

San, French, Chinese and American officials saw the quality of West Texas' favorite recreation, a livestock show and rodeo, as the annual San Angelo Fat Stock Show opened today.

Nineteen members of the United Nations military staff are guests of this city for its Western celebration.

Maj. Edwin Fuller, a local man attached to the United Nations force at Lake Success, N. Y., recently had an idea. He mentioned it to M. D. Fanning, president of the Board of City Development.

Fanning put Fuller's idea to work and wrote invitations to the United Nations military attaches. To his delight and surprise, he began to get acceptances at once.

Yesterday French generals, Chinese commodores and British air marshals boarded a plane and flew here. Major Fuller was among those present.

'A Smile a Day Keeps The 'Hot War' Away'

By EWETT MACKENZIE
Foreign Affairs Analyst
Introducing Grady-the-cow into the world of the day cited the other day cited the striking post-war events of the world events possessed by the average citizen in the U.S. and other democracies. Grady-the-cow, and other democracies, entered that both at home and abroad, and have been especially impressed by the way in which Grady-the-cow is taking hold of international affairs.

That she is being a good sign in the world of the day, I have from the recent strange adventures of Grady-the-cow, and other democracies, might keep a "hot war" away. Of course, open war is the old vaudeville retort of the old vaudeville: "That don't sound like a war" to me; it sounds like a war. Still, Grady enters the scene.

Probably no recent story has attracted so much attention as that of the blue-blooded Grady who lives on her master's farm in Yukon, Okla. You all know how she got trapped in a silo after she performed the "impossible" feat of diving head-first into it through which theoretically was an open silo for her.

Strife and war talk continued to engulf the globe, but Grady stage until some smart stage manager could be rescued by her all over the world slip through the little opening. The scheme worked. But Grady has demonstrated that it's a good thing for man

to get his mind off his troubles sometimes. Too much brooding is bad, for it is likely to produce obsessions. And obsessions can lead to disasters.

Sometimes it's thinking unhealthful thoughts that produce unhealthful events. That's not a new idea, for we read in proverb regarding man that "as he thinketh in his heart, so is he."

In this connection I was much interested in an impression gained during an audience with Pope Pius XII by Associated Press Correspondent Charles H. Gupit and John P. McKnight on the tenth anniversary of the Pontiff's reign. The Pope gave the impression that he in no way despaired because the "peace with justice" to which he dedicated his pontificate has not yet dawned.

A&M Slates Stock Show

COLLEGE STATION—Pig roping, calf roping and a reining horse contest will highlight the Little Southwestern Livestock Show to be held on the A&M Campus May 7 and 8, according to C. R. Kemplin, president of the Saddle and Siroin Club.

One hundred twenty-five Freshmen and Sophomore students of the Animal Husbandry Department will take part in a judging contest Saturday morning, May 7. The four classes of livestock to be shown include swine, horses, cattle and sheep. Each group will be broken into age and breed classes.

The Professors' Pig Roping Contest, an annual event, will be held both nights. Professors in the Animal Husbandry Department will take part in the event.

Animal husbandry majors will take part in a calf-roping event Saturday.

Quarterhorse breeders from all parts of the state have been invited to take part in a cutting and reining horse contest.

New Clues in Slayings Found

LONDON—(AP)—Scotland Yard detectives picked up new clues today as they sought a solution to the "vampire" slayings of possibly six—maybe more—persons whose bodies were dissolved in acid.

They found that a suspect bought four carboys of sulphuric acid and an acid-proof steel canopy which could be used as a trough.

A man bearing the same general description as this suspect also was reported by police to have taken over real estate and personal belongings of some of the missing persons.

Detectives said that in the death of one victim, Mrs. Archibald Henderson, the slayer apparently slit her throat, caught her blood in a glass and drank it before doing away with the corpse.

Oil Recovery Subject of April Clinic

COLLEGE STATION—Primary and secondary methods of petroleum recovery in Texas will be discussed by leading engineers at a petroleum recovery conference to be held at Texas A&M April 6-8. The conference is sponsored by the Texas Petroleum Research Committee.

Chairman for the conference

is Albert B. Stevens, professor of petroleum engineering at A&M. Program chairman for the event is Paul D. Torrey, president, Lyne, Inc., of Houston.

Among speakers to be heard is W. J. Murray, Jr., member of the Railroad Commission of Texas and chairman of the Texas Petroleum Research Committee.

Torrey will review secondary recovery of petroleum in the United States, and will also explain what increased oil recovery might mean to Texas. Dr. Harry H. Power, chairman of the Petroleum Engineering Department at the University of

Texas and member of the Research Committee, will discuss significant projects in the petroleum recovery field, present and future.

Harold G. Van Horn and Richard S. Guenther, research assistants at A&M College, will explain their research on a method of determination of water flood by electrical resistivity methods.

R. C. Earls, consultant of Tulsa, will discuss prediction of secondary recovery from core analyses. Dr. George H. Fancher, professor of petroleum engineering at the University of Texas and a member of the research

committee, will discuss theoretical considerations in secondary recovery.

Henry Holland of Magnolia Petroleum Company at Electra will explain the Burk Burnett field water flood project. Dr. John C. Calhoun of the University of Oklahoma will review permeability effects in secondary recovery.

W. S. Morris of the East Texas Salt Water Disposal Co., Kilgore, will explain salt water disposal in the East Texas field.

Results obtained in several secondary recovery projects will be told by Paul and David Dean,

CSA Widows Get Pension Increase

AUSTIN—(AP)—Rep. W. R. Chambers of May got more than he asked for in the House State Affairs Committee.

He offered a bill to raise the pensions of the remaining 700 Confederate widows in Texas who do not live in the Confederate Woman's Home, from \$50 to \$75.

Fort Worth.

Great Expectations Oil Company,

a month.

"It ought to be more," several members said.

"I move to make it \$100," said Rep. Joe W. Gentry of Winnsboro.

"It's unanimous," Chairman Pearce Johnson of Austin announced.

Chambers said that there are only nine Confederate soldiers left in Texas, and fewer than 800 widows, including those cared for by the state in the Confederate Woman's Home. Those in the home got a \$25 monthly pension.

Writer Picks 'Treasure' For Award

By BOB THOMAS
HOLLYWOOD — (AP) — With the Academy awards less than three weeks away, Hollywood's annual politicking bursts into full swing. Press agents to the left of me, press agents to the right of me, all volleys and thundering for their pet contenders. Amidst all the sound and fury, let's hop into a shell hole for calm consideration of the five films up for the top award.

"Hamlet" is a superlative job. Only an English cast could present Shakespeare so ably. But it is still Shakespeare.

"Johnny Belinda" is a fine melodrama. Carried by the tender performances of Jane Wyman and Lew Ayres, it remains believable

and moving throughout. But it is still melodrama and not a great movie.

"The Red Shoes" presents a wonderful picture of the ballet. "The Snake Pit" is an arresting study of mental illness. It offers a fine portrayal by Olivia de Havilland and a stark view of an insane asylum. But such an advance in film material doesn't necessarily mean it's a prize picture.

"The Treasure of the Sierra Madre" is an inspired work of writer-director John Huston. With rare insight, he shows the effect of gold lust on the minds of men.

"Treasure" is my choice. But who can fathom the vagaries of the Academy?

GARDENS OPENED

ORANGE — (AP) — The famous azalea and camellia gardens of Mr. and Mrs. H. J. Lutzer Stark will be open to the public today. They were opened for the first time last year and more than 10,000 persons viewed the gardens.

Mainly About People

Curtis Sloan, Gentry, Ark., formerly of Pampa, visited Friday in the home of Mr. and Mrs. Lloyd Rinehart, 704 E. Kingmill.

Beautiful Venetian Blinds. Call 1112. Pampa Tent & Awning Co. Seeing is believing; see the materials at the Remnant Shop.

The Rev. Ed McCormick, pastor of the Kellerville Baptist Church, has extended an invitation to Pampa friends to attend an old-fashioned basket dinner and sing song all day today at the church.

For Sale—Upright piano in good condition. Phone 2314-M.

Nickelodeons for rent. Ph. 273.

Top o' Texas Amusement Co.

Steve Matthews, former Pampa city manager and now city manager of Lubbock, arrived yesterday morning for a brief business

trip and visit.

Piano for sale. Ph. 2305.

A girl, Frances Lee, was born to Mr. and Mrs. J. P. Matthews, Jr., of northwest of town at 8:13 a. m. Friday in the Pampa Hospital. The girl, the couple's first child, is the granddaughter of Mr. and Mrs. J. P. Matthews, Sr., 521 N. Wells, and of Mrs. J. H. Stevenson of Houston.

Hospital beds, wheel chairs for rent at Prescription Laboratory.

See the new complete line of air conditioning and commercial refrigeration at 119 N. Ward. Bert A. Howell, Sales and Service.

Mrs. W. A. McLain has returned from Louisville, Ky., where she was called to the bedside of her brother, Jack McGee, who died Feb. 11. Burial was at Skatook Hillside Cemetery, Tulsa, Okla.

Nadeanne Wilkerson wants employment in Christian home with at least one small child. Phone 2255-W.

Leave hemstitching at Pampa Sewing Machine Exchange, for Mrs. G. A. Rath. Phone 2485-J-1.

Friends of Mr. and Mrs. Jack K. Herring, Merced, Calif., have been notified of the birth of a boy, Feb. 19. Mrs. Herring was formerly Miss Frankie Lou Keelin of Pampa.

Cocker pups for sale, \$10 up. Phone 3279-J.

Charis foundations & brassieres. Phone 875-W.

Mrs. Troy Glover, Vancouver, Texas, is visiting her parents, Mr. and Mrs. J. W. Rochelle, 925 Ripley.

If interested in china painting lessons, call 1543-J.

Don Owen, six-year-old son of Mr. and Mrs. Six Owen, underwent a tonsillectomy at Worley Hospital Thursday. He is recovering nicely at his home, 509 Magnolia.

Mr. and Mrs. L. W. Patterson, Jr., of the Sun Oil lease south of town, were called suddenly to Wichita Falls Friday because of the serious illness of Patterson's father, L. W. Patterson, Sr.

Blind Man's 'Sixth' Sense Leads to Arrest

SAN ANTONIO — (AP) — The "sixth" sense of a blind operator of a cigarette stand in the lobby of the Postoffice here led to the undoing and arraignment on theft charges of an 18-year old youth.

Clyde Boone, the blind operator of the stand, waited on a customer. He was given a bill with the customer asking for a package of cigarettes. Boone was told it was a \$5 bill. When he gave the man change, including four \$1 bills, he noticed the customer's hand felt moist and detected a quiver in his voice.

Boone told police later when a man returned and asked for a package of cigarettes, and handed him a bill saying it was a \$5 denomination he recognized the voice as that of the man who had short changed him the previous day.

Boone's woman assistant, who was behind the counter out of sight, noticed that it was a \$1 bill.

Boone then grabbed hold of the 180-pound youth and held him until officers arrived.

Electric Eye to Aid Blind Vets

WASHINGTON — (AP) — Blinded veterans of World War II soon may be helped by an "electric eye."

The Army Signal Corps announced that some 25 models of the device are about ready for the veterans to test.

The device consists of a four-pound box which sends a beam of light 15 feet in front of the user. If an object blocks the path, the light is reflected back to a photo-electric cell which can either send a warning sound to an ear attachment or make the handle vibrate. The closer the object, the faster the "electric eye" operates its sound or vibration warning.

The Signal Corps said, however, that the aid will be of little value in crossing streets because automobiles move too fast.

Gulf Counties Plan Coast Road

HOUSTON — (AP) — Three Gulf Coast counties plan to organize a committee to expedite construction of a new highway between Port Arthur and Houston.

The proposed 42-mile highway would shorten the distance between Houston and Port Arthur by 24 miles and between Houston and Beaumont by five miles.

All the right of way has been purchased in Jefferson and Chambers counties and almost all in Harris County. Representatives of these three counties met with the Highway Committee of the Houston Chamber of Commerce Friday to organize the committee, which is expected to be functioning in 60 days.

Jim Douglas, State Highway Department resident engineer here, advised the group that the highway district in Jefferson and Chambers counties would do no more work on the highway this year because its funds are exhausted.

Grading had been completed on three and one half miles in Jefferson County and the contract has been awarded for seven and one half additional miles. About 10 miles have been completed in Chambers County or are under construction.

STEEL PLANT PLANNED

HOUSTON — (AP) — The Stupp Brothers Bridge and Iron Works will build a \$1 million steel fabricating plant here, Edwin P. Stupp, St. Louis, president, announced here.

There is no wax in sealing wax. It is made of shellac, Venice turpentine, and coloring.

Deadline Set for 'Mother of Year'

CLEBURNE — (AP) — March 9 has been set as the deadline for nominations for the "Texas mother of the year."

Nominations, photographs and letters of recommendation be received by Dollie Smith of Cleburne. A committee will meet March 10 in Port Worth.

It is said that an electric refrigerator has 1,397 separate

Nicholas Antonov, above, is one of three inmates of a Displaced Persons camp in the American Zone of Germany who testified in behalf of anti-Communist Victor Kravchenko in his Paris libel suit against a Communist periodical. The Soviet government has asked France for custody of the three refugees, claiming they are "war criminals." First reports indicate France will reject the demand.

Week's Motor Vehicle Production at 112,012

DETROIT — (AP) — Motor vehicle production in the United States this week will total 112,012 units, Automotive News estimated. The trade paper said the total will include 87,501 cars and 24,711 trucks. Last week the factories built 87,922 cars and 25,759 trucks.

The Open Bible Broadcast, sponsored by Evangelist and Mrs. E. B. Joseph, P. O. Box 995, of Pampa, Texas, can be heard daily, Monday through Saturday, on Radio Station K Triple D, Dumas, Texas, at 9:00 a. m. The fee is \$100. Tell your friends to be listening in each day.

Greedy Little Man Wanted Whole World

By GEORGE TUCKER

NEW YORK — Once upon a time there was a greedy little man who wanted the whole world for himself.

He was a sickly little man, with tiny hands and feet, and a head too large for his body. His feet were always cold. He would lie in hot water for hours, claiming the cold was locked in his bones.

Not for one moment did he consider himself effeminate, though he had wide hips and narrow shoulders, like a woman, and a complexion as fair as a girl's.

In fact, women adored him. A look from him and they were at his feet. He had seven mistresses.

He had a mania for being on the winning side. He could not bear to lose, even at games. When his friends played chess with him, they tried hard to lose. They even sent out for players who were less skilled than he.

One day a preacher's son tried to kill him. The plot miscarried, and the boy was dragged into his parents' house. They searched him and found a knife and the portrait of a pretty girl. The portrait fascinated him.

"You wanted to kill me?" "Yes, I intended to kill you."

"Whose portrait is this?" "The girl I love."

A pause.

"If I let you go . . . I suppose it would gladden the heart of this girl."

"Then I shall be able to kill you after all."

He looked at the young man sadly. The face in the portrait could have won so easily, with a little help. He nodded to his henchmen, and left the room.

His whole life was a preposterous tragedy.

Every word I have said about this extraordinary little man is preserved in his letters and papers, and can be read by anybody.

So unusual a man deserved an unusual name. It would have been an irony for him to be called Smith, or Jones.

But he was spared that commonplace. His name was very unusual. It was Napoleon Bonaparte.

Red River Boosters Seek Budget Increase

SHREVEPORT — (AP) — A group of Red River flood control boosters plan to ask officials in Washington Monday to increase budget appropriations \$2 million for the project.

The present budget allows about \$10,000,000 for flood control in the Red River valley. Rep. Wright Patman of Texas will support the group.

Members of the group are scheduled to testify before a subcommittee on rivers, harbors and flood control of the House Deficiency Appropriations Committee.

Statehood Approved For Hawaii

WASHINGTON — (AP) — The House territories subcommittee today approved statehood for Hawaii.

The subcommittee acted favorably on a bill by Delegate Joseph R. Farrington (R-Hawaii) after a brief hearing and review of previous Congressional investigations.

Chairman Redden (D-NC) told reporters the subcommittee's action in closed session was unanimous.

The subcommittee voted to urge the full Public Lands Committee to approve the bill for House action.

ably on a bill by Delegate Joseph R. Farrington (R-Hawaii) after a brief hearing and review of previous Congressional investigations. Chairman Redden (D-NC) told reporters the subcommittee's action in closed session was unanimous. The subcommittee voted to urge the full Public Lands Committee to approve the bill for House action.

Sanatorium Said Efficiently Operated

AUSTIN — (AP) — The state auditor said the South Texas tuberculosis sanatorium at Laredo has been managed "efficiently."

Auditor C. H. Cavness reported to the Governor after a study of the institution's operations for the fiscal year ending Aug. 31.

YOUR ESTATE

Business progresses and values increase so rapidly that few people take the time to realize their estate together with their life insurance is subject to a heavy estate or inheritance tax. It is not the intent of our government to unduly tax estates. In many cases, small estates will pay large inheritance taxes solely on account of neglect.

The law provides ways to lessen this tax for those who will avail themselves of these provisions. Every person should make a list of values of his property and the amount of life insurance payable at his death and request his lawyer to make an analysis of the tax problem. Steps taken in time can prevent heavy taxes.

THE DRILLER'S LOG

By KEN BENNETT

For a long time this column has urged Pampa business men to participate in the API meetings held monthly in Pampa. Now there is a meeting that all of you should be interested in. It will be held in the Palm Room of the City Hall, Tuesday, March 3, at 8 p.m. Here's why it should be of interest. D. L. Knight, division geologist for Phillips, will be the principal speaker. He will speak on the "Anadarko Basin," and explain the findings in the tests of the Phillips Jenkin No. 1, and the Carruth No. 1, and also will give some discussion of the Sinclair-Lippa well. In addition to this, J. N. Perkins, division superintendent for Phillips, will explain the drilling and operations on both the Jenkin and Carruth. These two speakers should explain many subjects that have been discussed at length in the past and since it is of top importance to business men of this area you are urged to be there. You do not have to be a member of the organization to attend. They want to see you there. There will also be a showing of the World Series games of last year between Cleveland and Boston, as well as a refreshment following the meeting. Remember the time and place and BE THERE!

This fine Allied product is specially developed to give full protection for a maximum of time. Apply with brush or spray. Dries hard overnight to a tough, glossy coating.

Colors exactly matched to standard shades of I. H. C., John Deere, Ford, Minneapolis-Moline and other leading equipment makers!

A tip from a reader this week says I should look into the leasing activity that is going on in Wheeler County, especially around Wheeler and Mobette. This tipster says there hasn't been anything like it in the Panhandle since the boom days, and says that large companies are bidding against each other for even small five-acre tracts. From other sources I hear rumors that leasing is going from \$12 to \$15 on some acreage. Three major oil companies are supposedly making the biggest offers. Could be these companies feel this acreage is on a line between the Elk City, Okla., pool and the newly tested area around the Sinclair-Lippa.

WEEDS AND PESTS TAKE A LICKING WHEN YOU USE A MASSEY-HARRIS NO. 2 SPRAYER

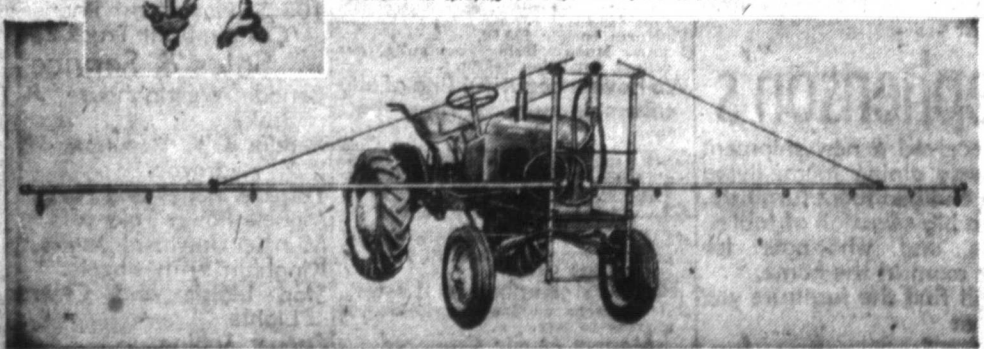

... and the result is clean, high yielding fields... crops that produce better because they're stronger, healthier. In the new Massey-Harris No. 2 low gallonage Sprayer you have a front-mounted tool custom designed to reduce weed, insect and cultivating expense.

The pump on the No. 2 is P.T.O. driven... small, compact, out of the way. Made of bronze it resists corrosion, lasts longer. You control pump and boom pressure right from your place on the tractor seat. Booms are specially toughened aluminum, 20 or 30 feet long, with nozzles spaced 20 inches apart. Nozzles are of all brass with removable tips and screens... the bases remain unclogging, fewer stops in the field.

Stop in soon for complete details. Let's talk over this new method of applying 2, 4-D and D.D.T.

Special care drops with retractable nozzle adapters are available for spraying row crops with 2, 4-D or D.D.T.

Commission Reports Filings On 10 New Locations in Area

Ten new intent to drill notices were filed in the local Oil and Gas office of the State Railroad Commission during the past week, officials reported yesterday.

Carson County had in new activity, having filed on four new sites. Gray and Hutchinson Counties each reported two new locations. Moore and Potter Counties each reported one.

INTENTION TO DRILL:

Carson County - G. B. Cree et al., E. Cooper No. 2, I & GN Survey, 330' from S and E lines W-2 SE-4 Sec. 1, Blk. 9, 3 miles NE of Skellytown, E. C. & R. C. Sidwell, McConnell No. 7, I & GN Survey, 2310' from N and W lines Sec. 67, Blk. 4, 1 mile NW of Pampa, The Texas Company, C. E. Garner "D" No. 2, I & GN Survey, 330' from N and W lines NE-4 Sec. 103, Blk. 4, 9 1-2 miles SE of Borger, The Texas Company, T. D. Lewis No. 1, I & GN Survey, 330' from S and E lines Sec. 115, Blk. 4, 9 1-2 miles SE of Borger.

Gray County - Cities Service Oil Company, Sarah George No. 3, I & GN Survey, 1320' from S and E lines W-2 SE-4 Sec. 1, Blk. 9, 3 miles NE of Skellytown, E. C. & R. C. Sidwell, McConnell No. 7, I & GN Survey, 2310' from N and W lines Sec. 67, Blk. 4, 1 mile NW of Pampa, The Texas Company, C. E. Garner "D" No. 2, I & GN Survey, 330' from N and W lines NE-4 Sec. 103, Blk. 4, 9 1-2 miles SE of Borger, The Texas Company, T. D. Lewis No. 1, I & GN Survey, 330' from S and E lines Sec. 115, Blk. 4, 9 1-2 miles SE of Borger.

Moore County - Canadian River Gas Company, Read et al. No. A-4, ELRR Survey, 1846' from N and E lines Sec. 18, Blk. B-10, 11 miles W of Fritch. Potter County - Canadian River Gas Company, Bivins Estate No. A-39, G & M Survey 2640' from S and E lines Sec. 40, Blk. B-10, 4 miles SW of Fritch.

Born on Friday

WINDBER, Pa. — (AP) — Mr. and Mrs. Andrew Friday won't forget the sixth day of the week. The Fridays were married on Friday, July 4, 1947.

And then Friday—that's right—a baby girl was born to the Fridays.

In Roberts County.

Here are the deepest reports as we have them for the week: Gulf-Porter, Lipscomb County, drilling at 11,307 feet. This well is supposed to run a drill stem test very soon. The Sinclair-Lippa in Roberts County, drilling at 9,375 feet. It is rumored again that this well will run pipe soon. The Phillips-Kathryn, Sherman County, testing back after drilling to granite. The Gulf Collard, Mansfield County, drilling at 4,020 feet.

I have had some comment on the suggested temporary bridge across the Canadian River in order to speed up the completion of the Perrytown-Pampa highway. Perhaps some of you have further suggestions. If so, why not drop them along to the Driller's Log, in care of The Pampa News? Let's figure out some way to get this road completed.

On the AP wires today was a story concerning a well being drilled in California which is now down to 18,500 feet. The only complaint is that they have tapped no oil or gas since operations began last Sept. 6. They may have to content themselves with the water well at 2,000 feet.

Area Reports Completions

Thirteen new oil wells were completed in the Panhandle Area during the past week, according to a report issued by the Oil and Gas office of the Railroad Commission yesterday.

Hutchinson County, reporting eleven of the completions, led the field. Carson County and Gray County each reported one completion.

Five gas wells were reported completed and one well was reported plugged in Hutchinson County.

Carson County
Bell Oil & Gas, No. 5, Lewis, tested 330 feet from S and E lines SW-4 Section 115, Block 4, 1 & GN Survey, tested 120 barrels of oil in a 24 hour test. Top of pay 3000 feet. Total depth 3133 feet.

Gray County
Danciger Oil and Refg. Co., No. 2, Benedict "A," located 330 feet from N and W lines E-2 of NE-4 Section 85, Block B-2, H & GN Survey, tested 15 barrels of oil in a 24 hour test. Top of pay 3085 feet. Total depth 3133 feet.

Hutchinson County
K. S. Adams, Jr., No. 1, Jasper, located 330 feet from E and S lines of Section 24, Block M-25, Hedgecock Survey, tested 30 barrels of oil in a 24 hour test. Top of pay 3068 feet. Total depth 3159 feet.

American Liberty Oil Co., No. 28, Hedgecock - Whittenburg, located 210 feet from N & E lines Section 13, Block X02, Patillo Survey, tested 98 barrels of oil in a 24 hour test. Top of pay 3021 feet. Total depth 3097 feet.

Gulf Oil Corp., No. 17, J. A. Whittenburg "B," located 1154 feet from S and 1863 feet from E lines Section 89, Block Z, GC & SF Survey, tested 24 barrels of oil in a 24 hour test. Top of pay 2915 feet. Total depth 3030 feet.

J. M. Huber Corp., No. 4, Jack Johnson, located 330 feet from S & E lines Section 134, Block 5-T, T & NO Survey, tested 180 barrels of oil in a 24 hour test. Top of pay 3245 feet. Total depth 3270 feet.

K. S. Adams, Jr., No. 2, Jasper, located 330 feet from E and S lines of Section 24, Block M-25, TC RY Survey, tested 49 barrels of oil in a 24 hour test. Top of pay 3142 feet. Total depth 3185 feet.

Erle P. Halliburton Co., No. 4, State, located 515 feet from S and 1890 feet from W lines of Section 68, Block 46, H & TC Survey, tested 68 barrels of oil in a 24 hour test. Top of pay 2708 feet. Total depth 2721 feet.

Erle P. Halliburton Co., No. 5, State, located 332 feet from N bank of river and 990 feet from W lines Section 68, Block 46, H & TC Survey, tested 63 barrels of oil in a 24 hour test. Top of pay 2660 feet. Total depth 2691 feet.

Midstates Oil Corp., No. 37, Whittenburg, located 1280 feet from E and 1371 feet from S lines of Section 11, Block M-21, TC RY Survey, tested 11 barrels of oil in a 24 hour test. Top of pay 2908 feet. Total depth 2969 feet.

J. M. Huber Corp., No. 6, Miller "F," located 1650 feet from N and 330 feet from E lines Section 22, Block M-16, AB & M Survey, tested 30 barrels of oil in a 24 hour test. Top of pay 3215 feet. Total depth 3240 feet.

Marlex Oil Co., No. A-4, Pitcher, located 990 feet from S and 330 feet from E lines NE-4, Section 19, Block M-21, TC RY Survey, tested 139 barrels of oil in a 24 hour test. Top of pay 3068 feet. Total depth 3185 feet.

Carl J. Westlund Refiners Service, Inc., No. 1, Whittenburg "A," located 330 feet from N and W lines of Section 16, Block 47, H & TC Survey, tested 74 barrels of oil in a 24 hour test. Top of pay 2635 feet. Total depth 2760 feet.

Plugged Well.
Hutchinson County, Phillips Petroleum Corp., No. 5, Whittenburg, Section 65, Block 46, H & TC Survey, Plugged 2-20-49. Total depth 5213 feet.

NEW GAS COMPLETIONS:
Gray County - Neville Back-Morgan No. 1, Sec. 36, Blk. 25, H & GN Survey, Potential 1750 MCF R. P. 145 Pay 2225 - 2360.

Governor Lee Knous has recommended that the Colorado legislature enact an oil severance tax based on gross value of the crude and at a rate to be determined by the Legislature.

A wage dispute has shut down the Lion Oil Company's chemical plant at El Dorado, Ark.

Farmers' Prices Continue to Drop

AUSTIN — (AP) — Continued declines in prices received by Texas farmers for most agricultural products during the month ended Feb. 15 resulted in a two percent drop in the all-commodity index.

Moderate to sharp declines were reported in prices received by Texas farmers for most agricultural products during the month ended Feb. 15, according to a report issued by the Texas Agricultural Experiment Station.

The mid-February index of prices is about the same as mid-February of 1948, but 12 percent higher than the index for the same month of 1947.

reported for all livestock and live-stock products except wool. Prices were down for most crops except truck crops, potatoes, sweet potatoes and cotton.

Englishman Plans Lecture Tour For Funds to Hunt Atlantis

LONDON (AP)—A 25-year-old Englishman plans to lecture in the United States and Canada to raise funds for his search for the lost continent of Atlantis.

It is a good legend, it has been circulating around the civilized world ever since Plato gave it playing time on his ancient Greek conversational circuit.

More than 5,000 books in 17 languages are in print on the subject. Artists have a picnic with the fantastic forms it conjures up.

It is, in brief, the legend of lost Atlantis.

People who believe in it—they call themselves Atlantologists—say it was a continent about the size and shape of Australia. It was supposed to have been inhabited by a partly civilized race. Something cosmic happened—the Biblical flood is the best guess. About 9,600 B. C. Atlantis disappeared. From there on you pay your money and you take your choice.

Which brings us to Egerton Sykes of London. Sykes would like you to choose him. He says he is going to the United States next spring in an attempt to raise \$25,000 for a new search for Atlantis.

Sykes is a tall, loose-framed, middle-aged Englishman with a ready smile and a 25-year-old yearning. He used to be in the British diplomatic service. But his heart is under the sea.

That's where he thinks Atlantis is. He has collected 1,400 books on the subject, organized a society of fellow believers and publishes a bi-monthly magazine devoted to the legend. His own qualifications give him membership in the Atlantologists.

Employment Hits Low

WASHINGTON (AP)—The number of jobs Americans shot up another 550,000 in February to 3,200,000, the highest unemployment since the war.

The Census Bureau, reporting the figure, attributed the rise partly to bad weather in some parts of the country and partly to "non-seasonal layoffs" in industry.

The new increase in unemployment, on top of a 700,000 rise in January, makes the total increase in joblessness 1,250,000 for the first two months of 1949.

Not since March, 1942, had so many Americans who wanted jobs failed to find them. In that early part of the war, unemployment totaled 3,580,000.

The 3,200,000 total of unemployed last month was fairly close to the figure of 3,620,000 that prevailed in December, 1941, when the Japanese strike at Pearl Harbor plunged the U. S. into World War II.

The new February total was 600,000 higher than that in February, 1948.

Employment in February declined about 260,000 from January to a total of 37,168,000 last month. A drop of nearly 400,000 in non-farm industries was offset in part by a 230,000 increase in the number at work on the farm.

Unemployment increased more than employment fell because a number of people entered the labor force during February.

Bids Received On Army Projects

GALVESTON (AP)—Engineers are tabulating bids received on several Army projects in Texas.

The bids were opened by the Galveston district engineer of the U. S. Army Engineers.

W. C. Richards of Athens was apparent low bidder on initial surfacing of a portion of the embankment at the Grapevine dam and reservoir at Denton Creek, across the Elm Fork of Trinity River. His bid was \$4,997.

N. R. Smith of Bryan with a bid of \$27,538 and an alternate of \$34,998 was apparently low on improvement of the water system at Camp Hood.

The Title-Loose Roofing Co. of Houston was apparently low bidder for rehabilitation for selective service of the warehouse building at Camp Hood. Its bid was \$31,460.

Welsh Village Sets Clock Back 5 Minutes

KIDWELLY, Wales (AP)—For 47 years this little Welsh seaport town has boasted that it is ahead of the rest of Britain—five minutes ahead, that is.

But now the local council has turned the clock back.

From now on Kidwelly will be on Greenwich time just as every place else in the British Isles. Nobody knows for sure just why the town clock was set five minutes fast when St. Mary's Church was rebuilt in 1902. But it stayed that way until the council abolished "Kidwelly local time."

Bin's Minister Berlin Airlift

BERLIN (AP)—Britain's Prime Minister Clement Attlee made the air of Berlin's airlift starting with Tempelhof Airfield. He was greeted by Gen. Lucius D. Clay, American commander in chief in Germany, and U. S. Ambassador Robert Murphy.

Among American crew members in talked to were: Capt. John Hill, El Paso, Texas, and Capt. Ralph Criswell, Houston.

Mexico Asked to Let 15,000 Italians Enter

MEXICO CITY (AP)—A representative of the Italian government seeking permission for 25,000 Italians to enter Mexico.

He is Roberto Ibanez Parkman, Mexican attorney employed by the Italian government, who arrived from Rome Thursday.

Carbide Strike Meeting Called

TEXAS CITY (AP)—Texas City Mayor L. A. Robinson has called a mass meeting for 8 p. m. Sunday in an effort to settle the wage strike of 1,400 men at Carbide and Carbon Chemicals Corp.

The meeting will be held in the high school football stadium to give company and union officials an opportunity to state their side of the controversy. The strike is more than a month old.

Texas Rangers sent here to survey the situation, reported "every thing pretty peaceful."

E. J. Fox, assistant plant superintendent, said the plant is being surveyed to determine what production will be profitable in the face of the changing economics in the chemical business.

No new talks were scheduled to discuss the wage situation.

A Tough 2 Months Ahead For Cars . . .

First it's cold, then it's warm—slush, rain, sleet—the weatherman has lots of tricks for the next two months.

You can avoid much motoring trouble though by stopping here to get your car in top condition for this kind of weather. Your oil, grease, tires and battery may need attention. We can check them for you and give your car

the care it needs.

It Costs No More To Have Your Car Serviced Correctly.

Prison Bills Ready to Sign

AUSTIN—(AP)—Texas' \$4 million order for a modern prison system goes to the State Prison Board Monday.

It is then that Gov. Beauford H. Jester will sign into law three bills the Legislature passed to overhaul completely the state's oft-shamed penal setup.

The prison board is to be present at the signing ceremonies. It will immediately be empowered to spend \$4,196,075 for new buildings, equipment and machinery to spend \$539,398 for immediate operation needs, and to install a modern system for classifying prisoners.

Delivery of the streamlined prison will cover an estimated five years.

In that time, Prison General Manager O. B. Ellis promises to combine prison labor with prison-made building materials to give the state a capital investment worth twice the initial outlay and a system that will just about pay its own way.

Included in the plans are an isolation ward at Huntsville for the "hopeless" troublemakers; individual cells to get men out of crowded trouble-breeding "tanks"; better housing for guards; better sanitation; a plan to reward the worthy and punish the offenders; and "model" farms and factories to teach trades and vocations as well as feed and clothe the inmates.

5 Pampa Girls In Stunt Show

Five Pampa girls are participating in class stunts, inter-class competitive event, at Texas State College for Women, Denton. Stunts will be presented two nights, March 11-12.

Local girls taking part are Julia Dawes, daughter of Mr. and Mrs. John Thomas Dawes, 318 N. Hazel; Gloria Jay, daughter of Mrs. E. R. Jay, 512 E. Browning; Kamona Matheny, daughter of Mr. and Mrs. C. C. Matheny, 814 W. Foster; Bonnie Melter, daughter of Mr. and Mrs. Horace Melter, 408 N. Sumner; and Quibell Nelson, daughter of C. R. Nelson, Box 836.

The 35-year-old stunts tradition began with a circus frolic by the "Middlers" class and became all college in 1928 with the award of a silver loving cup for the prize stunt. Each year since, the four classes have written and produced 20-minute shows, usually with a musical comedy or fantasy theme.

Court Grants Two Divorces

Two additional divorces were granted Friday in 31st District Court on charges of cruelty by Judge Lewis M. Goodrich. The day's total was four divorces, all on the same charges.

Granted divorces Friday at noon and in the afternoon were: Sibyle Bailey from Clifton Bailey. They were married in December, 1943 and separated in April, 1946.

Martha Ann Waller from J. Whit Waller. They were married in February, 1948 and separated in May, 1948.
