ON YOUR mark, get
when! Slow down and
hurry it!

might well be the
for Eastlanders as they
into the 'Week before
Christmas', and all through
towns — activity is bubb-
ling — there's shopping to be
done, parties to be attended,
a hundred-and-one things
to do before Christmas
next Saturday.

It's easy in the bustle to
be keyed up with pro-
grams and chores that we fail
to really enjoy this beautiful
season. Many
found the key to really
enjoying it though, and from
we've had the pleasure
meeting, it seems that
the secret is simple: "Just
on the brakes for a little
while. Maybe be a little selfish
and do some things right in
the middle of the season that
we really like to do such
as taking a long walk, going
to one of the lakes here
for ambling in the winter
and breathing
fresh air, and taking time to do
nothing but reflect. These
are the things that it sure helps put
a meaning of Christmas
back into the season, by tak-
ing time to be alone with
our own thoughts.

A middle-aged couple here
is a tradition which they
enriching (and surely en-
riches others). They pick a
day when they can both be
together, all day, and spend
it in town just visiting,
going, talking and shopping.
The things catch their eye.
In the afternoon he eats
a banana split (just because
he likes them and never takes
time for one any other time
of the year). The couple
go home, pleasantly tired,
and renewed by what has be-
come a refreshing Christmas
tradition for them.

THIS TOWN is at its pret-
tiest during the holidays —
day and night — and this
fact that Eastland
merchants are the friendliest
on earth, makes coming down
here a busy schedule,
and a rewarding and tradi-
tionable experience. Seems
to that suppliers outdo them-
selves every year with new
and prettier merchandise,
and it virtually impossi-
ble to pick a wrong gift in
the store.

Let's all be selfish.

C-C Considers Rail Merge Complaint

A special committee of the Eastland Chamber of Commerce is deciding whether or not to oppose a merger of the Union Pacific and Rock Island Railroads, as the result of action at the monthly directors meeting Thursday.

President Jack Arrington, who presided, named Bob King, Everett Plowman and Charles Freyschlag to the special committee, after a motion by Jim Parks. The Texas and Pacific Railway, lines of which go through Eastland, has requested that Eastland join other towns along the line in opposing the northern merger, which T&P claims

will reduce its freight con-
tracts.
(The City of Ranger recent-
ly went on record as opposing
the merger).

The directors also gave Mrs. Marene Johnson, chairman of the special events committee, go ahead for a spring membership banquet, date to be set.

Notice was made of a letter from Cisco Chamber Manager Jim Smothers, ask-
ing for a joint meeting of the two chambers' highway com-
mittees.

Reports were given as fol-
lows: retail H. V. O'Brien;

Christmas, 1965, A Whisper Away

By DIXIE DUNCAN

The ground may be white
with snow, (bringing on snow
ball fights) or the day may
be bright and sunny.

No matter what the weath-
er, next Saturday will be
Christmas.

All school pupils will be dis-
missed from classrooms Tues-
day, Dec. 21, cares of their
classes being forgotten until
Jan. 3 — when they report
back to their schools for fur-
ther duties.

Most everyone, children,
that is, is looking forward to
seeing much snowfall during
the Yuletide. And why should
not they? After all, one can
toss a nice, big, hard snow-
ball at one's best friend and
all one gets in return for the
uncalled-for action is the
pleasure of finding out just
what it feels like to be clob-
bered with one of cold, snowy
weapons.

Yes, snow plays a small
part in the merriment of
Christmas time; however, so
does a comfortably cool day,
like the ones most everyone,
grown-ups — that is, is

wishing for.
The spirit of Christmas a-
bounds around the 25th day
of December, the day of the
birth of Christ.

And, of course, there's San-
ta Claus. Lately, he seems
to be everywhere at once, in
every store and on every

Memorial Lights Are On At Eastland Hospital

"The Eastland Memorial Hospital Grounds Committee turned on the Christmas lights Friday night, December 17th, at six o'clock," Mrs. Samuel Butler, chairman, has announced.

"In June, 1952, the small original hospital was dedicated to the memory of our Eastland County boys and the marble sundial at the front of the hospital entrance indicates this fact. Some of our boys did not return from the war, but many of them did and realized that Eastland's greatest need was a hospital. Many of the veterans joined the volunteer workers of Eastland after six each evening. The original hospital was completed in nine months.

"At the Christmas season, the Grounds Committee has tried to use the Memorial theme over the front entrance. Under a garland of fir we have used the dove as a symbol of Peace and Hope. This year many of our boys are at war and far from home.

"Our symbol this year over the front entrance you will recognize as the famous 'Praying Hands' made by Romco Mfg. Co., Eastland's fast-growing industry. This

Jaycees Turn in a Mountain of Toys For UCC Delivery

By MORRIS KEASLER

Last Thursday night Mr. H. T. Wilson and Morris Keasler were called to the City Hall to officially receive two or three pickup loads of toys which the Jaycees had repaired and re-painted.

Much to their surprise, they found bicycles good as new and almost a dozen tricycles that looked new. There were toys of all description which will make many underprivi-
leged children happy.

There are dolls galore which the wives of the Jaycees have cleaned up and dressed in new clothing. Most of all of them look as if they were suitable to display in a merchant's win-
dow.

Hats are off to the Jaycees and their wives whose contri-
butions to charity has been in-
describable great.

The V.F.W., which is a very
charitable organization, con-

tributed \$50.00. Many peo-
ple do not know that this insti-
tution loans hospital beds or
wheel chairs to underprivi-
leged families in this area. For
several years they have taken
an active part in the U.C.C.
work. Judge and Mrs. Geo.
Grissom, Mr. and Mrs. Geo.
Webb and Mr. and Mrs. M.
Perry have given generously.

On Tuesday evening at 6:
the last screening commit-
tee meeting will be held at the
White Elephant to screen the
names of families added
the list in the past two weeks.
All families who received a
distance last Christmas have
been screened. However,
you know of a family needing
help that was not on our list
last year, please call any mem-
ber of the board and give them
all the information you have,
especially the address and the
number of children.

The board members are
follows: Earl Bender, J.
Cooper, Judge Cecil Collins.

WESTERN CHOIR BOYS — Shown are four of the older members of the Breckenridge Boys Choir in the white suits worn for western numbers. The well known Choir has appeared at the White House as guests of Mrs. John F. Kennedy, and sang eight concerts at the New York World's Fair last year. Now in its 14th season, the Choir is looking forward to the current season, with concerts already scheduled with the Abilene Philharmonic in December. The Choir will present its annual Christmas Festival on Sunday, Dec. 19, at the Breckenridge High School Auditorium. The public has been invited.

State Welfare Is 'Friend of Many' In This County

Many People have been helped in Eastland County through the aid of 114 "Head-start" programs on the fight against poverty, according to Charles Butler, public assistance Supervisor.

Case loads in two of the four programs, for the years 1963 and 1964 showed an increase in the number of families with dependent children that required aid. That increase was \$25,258 to \$37,500.

Also there was an increase in the aid given for the needy blind from \$14,025 to \$25,263. While there was a drop in the number of people who received old-age assistance of \$994, 135 to \$993,624 and also a decrease in the aid to the permanently and totally disabled of \$26,177 to \$25,263.

The State Department of Public Welfare said much of the decrease was due to the transfer of those who were eligible under the Old Age Assistance program and they could benefit greater by being eligible for medical care.

The average payment to a person receiving Old-Age Assistance is \$60.13 and those families with dependent children receiving aid are given \$87.26. \$81.33 goes to the needy blind and those permanently and totally disabled receive \$55.26.

James Lewis At Fort Bragg

Army Pvt. James C. Lewis, son of Mr. and Mrs. Harvey L. Lewis, Route 1, Eastland, was assigned to the 82nd Airborne Division at Fort Bragg, N. C., Nov. 11.

Elements of the division are currently in the Dominican Republic serving as part of the Inter-American Peace Force.

An integral part of the Strategic Army Command, the 82nd maintains an immediate force for airborne deployment throughout the world.

The 22-year-old soldier attended Eastland High School.

One Induction, 15 Physicals Set In January

The local Draft Board, Eastland, has a call for only one man for induction for January and 15 for physical examinations, for which married men will be called. Jewell Reeves has announced.

State draft boards are scheduled to induct 1,475 men into the armed forces in January, according to State Selective Service Director Colonel Morris S. Schwartz.

The January quota for induction will be filed with single and childless married men 19 through 25 years old and volunteers who have not attained the age of 26.

No married man with children, or an expected child, will be selected to fill the January call.

"Draft boards must have the information about children, of course, and an unborn child must be certified by a physician. Otherwise, a young husband and father may find himself selected," Colonel Schwartz said.

New Criminal Code May Prove Costly To Taxpayers Of County

Texas' new criminal code—enacted by the last Texas Legislature and to go into effect Jan. 1—may cost taxpayers of Eastland County \$10,000 a year, or even more.

The consensus of opinion of county and district attorneys and law enforcement officers over the state coincides with that of Eastland County officials.

The new criminal code is going to make it more difficult to obtain convictions.

And John Q. Taxpayer is going to foot the bill to finance the defense of criminals in many cases.

In addition, the old third-degree method of investigation and interrogation to break down criminals to secure information and confessions will be out.

Another change requires that witnesses must be questioned only in the presence of the suspect.

This is the first revision of the code since 1925—40 years ago. And it embodies some radical changes in procedure.

"There are, of course, some good features in the code," commented Eastland County Sheriff Lefty Sublett, "but as a whole many of the provisions are going to seriously

handcuff and hamstring law enforcement officers.

"In the opinion of many officers," Sheriff Sublett added, "it would almost appear that the new criminal code is designed to protect the criminal. In fact, considering the county's added financial responsibilities, the taxpayers will be forced to protect criminals whether they like it or not."

Sheriff Sublett and Deputy Loy Williams were in agreement on one of the changes for the better in the new code. And that is the new provision which makes it permissible, contrary to regulations under the old code, to enter as evidence and bring into trial testimony past records of a defendant.

"Convicting criminals and those guilty of committing crimes is the duty of the state and of the prosecuting attorneys in the interest of our citizenship," said District Attorney Perry T. Brown, "but we are realistically aware that provisions of the new criminal code are going to make it harder to secure convictions."

District Attorney Brown said that he is giving the new code a great deal of careful study.

Since most of the profes-

sional criminal elements are in Texas' metropolitan cities, officials interviewed admitted that the impact of the new code would not be as strong in the rural areas as in the more populous sections where organized crime flourishes.

Under provisions of the new code, a person charged with a crime must immediately be brought before a magistrate in the county where the arrest is made—and the person so charged also must have an attorney present for counsel during the hearing.

If the suspect is financially unable to employ an attorney for that required purpose, Eastland County will be required to pay for the suspect's legal counsel. Minimum charge is \$25 and the maximum fee is \$50 per day for the defense counsel.

In the matter of a crime where the death penalty could possibly be inflicted, the attorney's fee may be up to \$100 a day.

Those fees are for days in court.

In addition the attorney is allowed up to \$250 "for purposes of investigation and expert testimony."

For the prosecution to a final conclusion of a bona fide appeal to the court of Criminal Appeals, a fee up to \$250 and not less than \$100 a day. In a case in the Court of Criminal Appeals where the death penalty has been assessed the maximum fee may be \$500 per day.

The new criminal code also increases pay of Grand Jury members from \$4 to \$10 per day. It also allows counties to pay petit jurors up to \$10 per day, but the commissioners court is granted authority to make the final decision of petit jury pay.

Another new provision in the criminal code makes it compulsory that state attorneys turn over all state evidence to defense attorneys.

Defense attorneys, however, can keep the evidence they have secret.

Nursing Program Seeking Students For Next Class

Cisco Junior College's vocational nursing program is now taking applications for enrollment in its 1966 class that begins in February, announced Mrs. Veneta Mitchell, instructor and director in the program.

A person who wants to enroll in the next class may make application to the administrator of one of the affiliating hospitals, Eastland Memorial, Ranger General, Graham of Cisco, and Shackelford County Memorial in Albany. Application may also be made to Mrs. Mitchell at CJC on Fridays.

The age requirement for enrollees is 18 to 55. The education requirement is at least two years of high school, though preferably a full high school education, or the equivalence of two years of high school education. The equivalence will be determined by testing, said Mrs. Mitchell. Other requisites for an enrollee are good physical health and good moral character and an interest in nursing.

The nursing program at CJC was initiated in February 1963.

Singing Is Planned At Gorman Sunday

Gorman's all day Sunday singing will begin at 1:15 p.m. Dec. 19, according to Mr. H. A. (Pete) Tyrone, president. Arrangements are being made to accommodate a large attendance and many visiting singers are expected to attend.

Everyone is extended a cordial invitation to attend the singing.

Effective Jan. 1, 1966—has been published in a volume containing 683 pages.

Abbreviated versions have been distributed to law enforcement officers, attorneys, for the state, judges and justices of the peace throughout the state.

Area meetings also have been held briefing officials on the new code.

Many people would like to be successful but few are willing to make the necessary sacrifices.

ASC Office Publishes Data On Current Crop Information

The following information concerning farmers and their crops was recently released by Jesse G. Meredith, Agricultural and Conservation Service office manager:

Most producers have furnished account sales for wool, mohair and unshorn lambs sold since Dec. 31, 1964. Applications are being prepared now for payments that may become due under these programs if the national price is below the average incentive level. Mohair producers are urged to submit receipts immediately. It is anticipated that payments will become due on the mohair program

as well as the wool and unshorn lamb program.

Application for new growers, cotton and peanut allotments, will be accepted by the ASCS office.

Producers who have approvals for rye or legume cover crops are reminded that the practices must be completed and approval turned in to this office not later than Dec. 20. This date cannot be extended under any circumstances and those that are not reported will be automatically cancelled.

allotments is available for committee use. Should you desire additional cotton acreage under this provision, please advise this office immediately.

In the referendum held on Nov. 23, peanut and cotton quotas were approved locally as well as nationally, by the necessary two-thirds majority. The sale and lease of cotton was not approved by the necessary two-thirds majority. Cotton acreage may be sold or leased inside the county; however, this must be done by Dec. 31. Contact the ASCS office for details.

Numerous inquiries have been made at the ASCS office regarding provisions of Food and Agricultural Act of 1965. The act covers: Wheat and Feed Grain legislation which is very similar to the 1965 program; for cotton, the program provides for a diver-

sion and price support; for cotton, the by producers may be to 35 percent of the allotment and receive 65 percent and receive support payment; the act provides for long-term control of cotton as peanuts, cotton, and wheat.

Mr. E. E. Black, chairman of the committee, was present at a 30-year service certificate of service at a recent V meeting at Wells on Dec. 10. A full service which well rendered to the ranchers of Eastland as well as farmers, chers of the state, nized. Mr. Black served with ASC beginning of its

Rising Star News

The North Star Home Demonstration Club met Tuesday afternoon, Dec. 7 at 2 p.m. at the club house. Mrs. W. V. Fenter presided. Plans were completed for attending the County Pecan Show at Cisco on Dec. 9, 10, and 11.

The club moved to present bags of fruit to the residents of Twilite Acres Nursing Home at Christmas time. Members will meet at Mrs. Jess Perry's to package the fruit Dec. 21.

Plans were made for the annual buffet supper and Christmas party, Dec. 20, to include members and their families. A covered dish of food will be contributed by each member.

Mrs. Lee White was appointed chairman to arrange a party. A tree will be decorated and an exchange of gifts will conclude the meeting.

Get well cards to Mrs. Berle Heath and Mrs. Juanita Clark, both in hospitals, were signed by each one present and will be mailed.

Mrs. T. C. Crisp was in charge of recreation and she suggested that each write a letter to Santa Claus, signing some other member's name. This brought forth a lot of merriment. Fifteen members were present.

Mrs. Clara Burlhead of the North Star Home Demonstration Club, won third place and \$1 cash prize on her loaf of

nut bread exhibited at the Eastland County Pecan Show in Cisco. Other club entries included pecan pie, candy and cookies.

Mr. J. W. Morris suffered a slight stroke Sunday and is hospitalized this week at Rising Star. His condition Tuesday was improved according to Mrs. Morris.

Mrs. Onie Henderson continues to receive treatment at the Rising Star hospital for an asthmatic condition that requires the use of oxygen in order to breathe easier. Her condition has been critical. A daughter, Mrs. Stodghill, flew from California to be at her mother's bedside.

Mr. Harry Frye was scheduled to undergo further surgery this week at M.D. Anderson Hospital in Houston. Last week's surgery was successful and his condition improved.

Packmaster A. W. Griffin presided over the meeting at the American Legion Hall when 23 young boys were initiated into three Cub Scout den groups. Den one mother is Mrs. Bobby Elliott, assisted by Mrs. Carl Smith; Den Two mother is Mrs. Kenneth Bibb; and Den Three, Mrs. George Steel will be assisted by Mrs. Glenn Winfrey.

The interior of the City Hall is undergoing a general clean-up, paint-up this week due to a good pecan crop. Sale of the crop of pecans growing on the City Hall lot provided the money for purchase of materials and paint for the job, according to W. G. Reed, mayor.

The pecans were gathered on shares.

Mr. and Mrs. Charlie Carroll and Mr. and Mrs. Albert F. Selman were honored Sunday with a Golden Wedding Anniversary tea. Each event was hosted by the children of that couple in the respective home.

Mrs. Carroll and Mrs. Selman are sisters.

Data Given On Summer Jobs In Federal Service

WASHINGTON, D. C. — Congressman Omar Burleson calls attention to the nationwide competitive examination for temporary summer employment in the Federal Government as an office assistant or a science assistant that has been announced by the Civil Service Commission.

Applicants seeking summer employment in grades GS-1 through 4 in such occupations as clerk, stenographer, typist, office machine operator, student assistant, engineering aid, physical science aid, biological aid, and mathematics aid should ask for a copy of Announcement No. 380.

The Congressman states that candidates for the examination should obtain a Civil Service Form 5000-AB. This form is available at many post offices, or may be procured by writing to him. The completed form should be mailed to the Civil Service Commission, Washington, D. C., 20415, before January 3, 1966, to enable the candidate to take the 2½ hour written test which will be given in various cities on a Saturday in late January or early February of 1966.

The test, which is scheduled to be given only once, is designed to measure clerical skills, vocabulary, reading comprehension, abstract reasoning, and table and chart interpretation. Sample questions will be provided in advance.

All citizens will be given equal opportunity to compete in the nationwide examination. Those who pass the test will be permitted to file applications with as many as six Federal agencies or installations: three in the Washington area and three outside of Washington.

Throughout the Nation, the names of applicants who pass the test and send their notices of eligibility to Federal agencies along with their applications for employment will be entered on agency rosters in ranked categories determined by their test scores. For example, those who score 95 and above will be in the top group, those scoring 90 to 94 in the second group, and so on. Consideration will be given first to those in the highest categories.

The examination for Office and Science Assistant position will not be used to fill the following positions:
Those so-called blue collar jobs:

—jobs in post offices, such as clerk-carrier, mail handler, etc. (candidates for postal summer jobs should apply to their local postmaster for the appropriate competitive examination);

—specialized positions above the grade GS-4 level;
—certain positions in the National Park Service and the Forest Service, such as Park Ranger, Forestry Technician, etc.

Further information about Federal summer employment can be found in the Civil Service Commission's pamphlet No. 68, "Summer Vacation Jobs in Federal Agencies," which will be available early in December at most places where application forms are distributed or through the Congressman's office.

Items having foam rubber backing or padding can be fire hazards. Potential threat are the padded knees of children's crawlers and the foam rubber backs of many skid-proof rugs.

It's best to air dry these items since the foam may build up heat in the dryer and catch on fire if left at a high temperature for a long period of time.

If these items are accidentally dried in the dryer, lay them aside to cool away from the rest of the laundry. Folding and stacking with other items will hold in the heat and it may continue to build up in the foam until there are flames from spontaneous combustion.

The type of fabric will determine the best way to remove a fruit stain.

If you are not sure whether or not the fabric can withstand boiling water, sponge immediately with cool water. Then apply a glycerine or soapless shampoo and rinse. Do not use soap, as this will set the stain.

If the stain remains after the shampoo treatment, use a chlorine or peroxygen bleach. Be sure to test the effect of bleaches on a seam that doesn't show or on a sample of the fabric before using the bleach on the stain.

If the fabric will withstand boiling water, pour it through the fabric while the stain is still fresh. If the stain is allowed to dry or set, it will be much more difficult to remove.

Elvis Presley is involved in two romantic entanglements, one with Mary Ann Mobley (left); the other with Fran Jeffries in Metro-Goldwyn-Mayer's "Harum Scarum," a scintillating comedy-drama with an Arabian Nights setting. The color attraction is highlighted by swashbuckling adventures and a lot of new Presley songs. It was directed by Gene Nelson.
