ASC FIGURES GIVEN

Farmers To Plant 15% More Cotton This Year

"New Hampshire," said President Johnson last week "is the only state in the union where 40 per cent is a majority; 60 per cent is a mandate and 80 per cent is unanimous."

The chief executive knew what he was talking about, because before the week was out Senator Robert Kennedy had announced that he would try for the Democratic nomination for president, based on Senator Eugene McCarthy's showing in the new Hampshire primary (he received 40 per cent of the votes).

What we don't understand is how the politicians interpret McCarthy's showing as a big mandate against LBJ. He only received 40 per cent of the votes, and his was the only name on the ballot.

That's tantamount to being the only guy in the race and still getting beat which is about what happened. Johnson's name was not on the primary ballot -- yet he received 48 per cent of the New Hampshire vote, to 42 per cent for McCarthy.

Anyone who has ever had anything to do with a write-in situation knows it's no easy matter to get a majority of the votes in this fashion -- more especially on a state-wide basis with no formal write-in campaign being waged.

On the other side of the coin, Richard Nixon received almost 80 per cent of the votes as the major candidate on the Republican ballot, and Nelson Rockefeller's supporters were able to rally only about 12 per cent write-ins.

So, the fact that 48 per cent of the voters took the trouble to write in President Johnson's name must mean that thousands of other voters probably would have chosen him over Senator McCarthy if LBJ's name was on the ballot.

But at least the anti-Johnson forces, both in the Democratic and Republican ranks, are encouraged, and perhaps this will make for a healthy race for the presidency, and no cut and dried convention. This is more desirable.

By this time, Friona will have been favored by a visit by a second candidate in the governor's race, as Ed Whittenburg was slated to visit in town Wednesday afternoon. Lieutenant Governor Preston Smith earlier campaigned here.

This is a big improvement over any prior governor's election. More candidates may attend the big open house at Missouri Beef Packers on April 20.

It was interesting to see that the Lubbock police arrested a suspect (and secured a confession) in connection with the murder of a campus cleaning woman in December.

We were proud of the newspaper's role in keeping the case before the public -- and even beginning its own investigation when police department interest lagged.

City officials were kind enough to credit the Avalanche-Journal with playing a vital role in developing the case to the point that led up to events preceding the arrest.

We would hope that the \$5,000 offered as a reward would go to the reporter who has been assigned to the case on a 24-hour basis and who helped expose Benjamin Lach as the prime suspect in the murder case.

Glad to see the newspaper assuming a responsible role in such vital matters, and being complimented for its role.

If you copy something from a book, it's plagiarism. If you copy something from two books, it's research. If you copy from six books, you're a professor.

Farmer County farmers will plant 15 per cent more cotton in 1968 than they did in 1967-- and with any luck from the weatherman this year, the county could have as much as 32 per cent more cotton at harvest time

this year than they did in 1967. Figures released by the county's Agricultural Stabilization and Conservation Service (ASCS) office this week indicated that Farmer County farmers would plant 81.7 per cent of their

cotton allotment, as compared to only 65.9 per cent in 1967. Original plantings should hit 36,644 acres for the 1968 crop, as opposed to 29,027 acres in 1967. However, the ASCS office said that at least 5,000 acres originally planted in cotton in 1967 was not harvested, due to late freezes or hail. This was another 12 per cent of the county's cotton allotment, which means that only about 54 per cent of the allotted acres were planted and harvested last year.

Cotton ginners received the news with optimism, although most had hoped that the percentage would be even higher. The US Department of Agriculture revised the 1968 program with the intention of raising production to 13 to 13.5 million bales, the amount of cotton analysts say will be needed by markets next season.

There has been fear among cotton leaders that if this much cotton is not raised, the industry may lose yet more markets to synthetics.

Some have speculated that the production goal may not be reached if farmers idle as much as 20 per cent of their land. Farmer County's intent to plant the 81.7 per cent is higher than that of a 23-county area surrounding Lubbock, which has signed up 77 per cent of its acres.

The indicated diversion on the South Plains ranges from a low of 15.81 in Gaines County to a high of 31.82 in Cochran County.

Under the federal cotton program, farmers this year are compelled to idle 5 per cent

of their allotments in order to qualify for direct government payments and price support loans.

On the mandatory acreage cutover, growers receive diverted acreage payments of 10-76 cents per pound on the projected yields assigned their farms by the USDA.

In addition, they were given an option of idling another 30 per cent of their allotments. For this, they receive a diversion payment of six cents per pound.

Growers also get price support payments of 12.24 cents a pound on the so-called "Domestic" portion (65 per cent) of their allotments. They are eligible for loans set at a base of 20.25 cents.

Surplus stocks of cotton have been eliminated and the carry-over at the start of the new marketing year August 1 is expected to be slightly below a normal reserve of seven million bales.

Feed grain diversion, as compiled for the 1967 crop is set at 36.5 per cent, 16.5 per cent more acres than were diverted in 1967, and 4.5 per cent more than were diverted in 1966.

Further figures on feed grain will be presented by the Star next week.

E. S. White Has Heart Attack

E. S. White, longtime Friona businessman, suffered a heart attack while in Fort Worth last weekend, and is confined in room 444 of the All Saints Hospital there.

Mr. White, local groceryman, will probably be confined at the hospital at least two weeks.

Bill Clayton In Austin Hospital

State Representative Bill Clayton of Springlake is confined to Breckenridge Hospital in Austin, since a heart attack last Tuesday morning.

Doctors described Clayton's attack as "moderately severe", and indicated that he may be confined to the hospital for some time.

First Spring Day Starts With Snow

The first day of spring Wednesday started with a mild, wet snowfall that threatened to reach storm proportions before playing out.

Red Cross To Re-organize Its County Committee

The American Red Cross is in the process of re-organizing its county committee, according to Mrs. R.B. McKee, a spokesman for the organization.

A meeting has been called for the Community Room of Bovina's First State Bank on Friday, March 22. It is hoped to get member representatives on the committee from the entire county.

All interested persons are requested to attend the meeting.

The Red Cross has been active on the local level, particularly in its role with men in service, but there are many other facets connected with the Red Cross.

Wesley Foster has served as chairman of the Red Cross county committee for a number of years, and Mrs. O.F. Lange was county chairman before him.

SOMETHING NEW... Mrs. J.C. Beck typifies the average Friona shopper, who will find something new in the way of savings stamps at several Friona businesses this week. The new "Yes" stamps may be spent like money at the firm giving them, or deposited at Friona State Bank as savings.

'Yes Stamps' Make Bow Here Thursday

Eight Friona Merchants Thursday begin using a new type of trading stamp which is valued in cash rather than redeemer merchandise.

The stamps are being distributed by North Texas Trading Co., distributors of "Yes Stamps" founded in Rogers, Ark. about six years ago.

T. J. Clay, city distributor and local franchise holder, described the "Yes Stamp" system as one entirely different from the concept of trading stamps. Under the new system, merchants handling "Yes Stamps" will give one stamp per 25 cents purchase -- the stamp carrying a cash value of 1/2 cent.

REDEEMABLE A book of "Yes Stamps" may be traded at any of the promoting businesses for \$5.50 in merchandise or cash or may be redeemed for \$6 cash in a savings account signed up for the program. The savings aspect has been the basis for General Values, Inc. to term the stamps "savings stamps" rather than trading stamps.

In fact, the "YES" stands for "Your Evergrowing Savings," the stamp company official pointed out.

Businesses who already have decided to give the stamps, and who will begin on Thursday, are Friona Consumers, Houser Grocery, Johnson's Grocery, Nunn Lumber Company, Allen's Jewelry, Mademoiselle Beauty Salon, Ruthie's Ladies and Children's Wear and Glib's Cleaners. Others may be added later.

When deposited in a savings account, the books immediately are valued at \$6 and beginning interest at the current out.

New Assistant Coach Employed By Board

Fred Dawson, currently with the Plainview High School system, has been employed as assistant football coach at Friona High School, it was announced this week.

Dawson fills the void left when Bob Owen was elevated to the head coach position at FHS following the resignation of Coach Don Light in January.

A veteran of 10 years in coaching, Dawson has spent four years at McCamey, four at Spearman and two years at Plainview. During his career he has served as both a line coach and a backfield coach. He will be the line coach at FHS.

Coach Owen said "We feel real fortunate to secure someone of Coach Dawson's calibre. We have known him personally for the past several years, and we look forward to working with him at Friona."

FRED DAWSON

Dawson is a graduate of West Texas State University. His wife also is a teacher. The Dawsons have three daughters. They attend the Baptist Church. He will move to Friona and assume his duties on April 16.

DRESSES FOR GIRLSTOWN... Mrs. Emma Elmore stands beside a display of over 100 dresses made by local women for the girls at Girlstown, USA. The material was furnished by Elizabeth's of Clovis. Mrs. Ralph Wilson and the Rhea Home Demonstration Club helped organize the sewing, and Friona's Home Arts Club assisted. Numerous individuals contributed, as 106 garments and 94 pillow cases were taken to the girls.

NEWEST MEMBER... Ralph Roden, Chamber of Commerce director, is shown presenting Mrs. Bill Lewis of the Farmer House Restaurant the Chamber's travelling plaque, designating the Farmer House as the "newest member" of the organization, as the new establishment became a dues-paying member.

Pause And Reflect

By Nelson Lewis

"Who steals my purse steals trash; 'tis something, nothing; 'twas mine, 'tis his, and has been slave to thousands; but he who filches from me my good name robs me of that which not enriches him, and makes me poor indeed." (Shakespeare-Othello)

Because of the turmoil existing in the international gold market it may behoove us to take a close look at our purses and try to determine the true value of their contents.

We, as a nation, have learned the hard way that we cannot buy friends, allies, peace or respect, in other words we cannot purchase "a good name."

As individuals we realize, all too well, the impossibility of obtaining in the market place the things that really matter.

This is no attempt to discuss the gold market nor is it intended to be a sermon on the evils of wealth. On the contrary it is offered merely as a warning that we should be careful not to place too high a value on financial worth.

Every now and then we hear someone quote that "money is the root of all evil." This is not only misleading, it is also misquoted. In first Timothy 6-10 we find "The LOVE of money is the root of all evil."

Money is important. Money builds schools, hospitals and churches. It is the lubricant in the vast machinery of economics. Without some medium of exchange we would be returned to the barter system and many of us would discover that in reality we are "poor indeed."

If you are less than fifty years of age you probably do not remember very much about the great depression of the early thirties. A long serious conversation with someone who lived through those hard times will be of great benefit to you. You will discover that although jobs and money were scarcer than hen's teeth somehow life went on. Having no means with which to travel people stayed home and learned to appreciate family and friends. The gentle arts of visiting and conversation were reborn.

A spirit of comradeship developed. Songs were written and jokes were told concerning the economy. The battle was long and hard and many there were who fell by the wayside. At long last the American people united behind a strong president and defeated the common enemy.

God forbid that we will experience another major depression. In our present state of riots and unrest at home, and while fighting a war half way around the world, we are in no condition to win a domestic economic struggle.

You may take the word of a burned child who dreads the fire.

It surely is embarrassing to be stupid. A downright pity to be able to read and hear certain facts and then not be able to fit them together in a pattern that makes sense.

We hear that unemployment is not over four percent, about normal in our economy.

We know that a federal law maintains wages at a reasonable level.

But then we learn that millions of tax dollars must be spent to fight a war on poverty.

Whence this poverty if the first two bits of information are correct?

Could that be part of the creditability gap?

Maybe the war on poverty is to maintain the well being of that segment of the population who would not work if they had the chance, the "hard core unemployed" as the experts call them. About the only exercise this group gets is racing each other to the mail box to grab the relief check.

Now ew hear the drums being beaten to obtain for these loafers a guaranteed income -- whether they work or not. That's going to be kinda rough on the "hard core employed" isn't it?

Have you ever taken time to look up the word "poverty" in the dictionary? Webster gives several definitions -- only one of which concerns lack of money.

How about poverty of thought? Or poverty of ambition or responsibility?

AN EDITORIAL

Stamp Program

Merits Fair Trial

The new "Yes" Stamp program, being started this week in Friona represents a bold venture on the part of the participating merchants, and we think that area shoppers, as well as the merchants, owe the program a trial.

Many of the merchants are giving up well-established trading stamps in order to offer their customers a new stamp which they believe will help the "shop at home" concept, as well as keep a sizeable amount of money in Friona, money which is now being redeemed at stamp redemption centers.

Friona had no stamp redemption store prior to the "Yes" company coming to town. Now it has at least nine. Shoppers who save the new stamp will not have to leave town to redeem the stamps -- they may return them to one of the merchants with whom they made the purchase, for cash value, or deposit them at Friona State Bank.

The new venture should benefit Friona. It will result in \$20,000 additional money staying in Friona for every \$1,000,000 given in stamps, rather than leaving the city according to the experts.

We like anything which keeps more money at home. That's why we think the shoppers and merchants should give the program a fair trial. It sounds good to us.

Dear Editor:

You did a fine job covering the stock show this year.

I would like to thank the men for selecting me for the Showmanship Award in the steer division and the Star for furnishing the nice plaque which was presented to me.

Sincerely,
Gary Phipps

Dear Editor,

I want to renew my paper, as I don't want to miss a copy. I lived there several years and in getting the Friona News is like getting a letter from home. I am very proud you print pictures of so many Friona folks. I enjoy seeing them very much.

Thanks a lot,
Mrs. J.W. Martindale

If the war is to be fought against poverty in all its branches then let's all get behind it to win. But if it means paying a lot of lazy bums (male and female) to sit on their haunches and watch the rest of us work for our money, then to heck with it. Whatever happened to the old Pioneer American theory of "No work -- no eat?"

Friona Youngster Pens Wishes To Poster Boy

Friona has just completed its annual March of Dimes drive, and it was not without an interesting sidelight.

A third-grade student in Friona elementary school had no dimes to return to class in the envelope with the picture of the MOD poster boy, Rickey, who was crippled by a birth defect.

So the young girl wrote Rickey the following letter: "Dear Rickey: I wish you will get well, and I could send you some money for you. I will see you. From Dolores."

On The Farm In Parmer County

RONNIE MCNUTT
County Agent

Darrell Rosenow, assistant professor at the Lubbock Experiment Station, has recently released a grain sorghum variety susceptibility list to the maize dwarf mosaic virus disease.

There are some hundred varieties on this list. Each variety is given a rating from 1 to 5 based only on the red leaf and red head symptoms of this disease. There is a yellow leaf symptom of this disease but it was not taken into consideration on this rating.

This rating list is made from only one years observations. However, it may give an indication of what a farmer can expect from various varieties.

This list is available for all interested persons and can be found at the county agents office in Farwell.

WEED CONTROL IN COTTON

Farmers have a wide choice of chemical and mechanical aids for fighting weeds and grass in their cotton fields this year. Fred C. Elliott, Extension cotton specialist, says a control program using chemicals and mechanical means is not only cheaper but faster and easier to carry out than the old hand hoeing method.

The Texas A&M University specialist lists as available, nine premerge chemicals, eight postemerges, three "layby" treatments and three spot sprays. Their efficiency was proved last year, he adds, on more than 2.5 million acres of Texas cotton in 154 different counties.

As for the mechanical methods, Elliott says to give careful attention to cultivation. The use of the rotary hoe or rotary hoe-cultivation is still the backbone of weed control in cotton and was used last year in 165 counties. Flame cultivation was used last year in 48 counties and involved 1,461 flame cultivators, he adds.

Elliott lists four steps which growers have found important in carrying out a complete season weed control program. They include the application of a pre-plant chemical; a premerge spray as a band application at planting; early post-emerge treatment and layby where adapted (mostly under irrigation and river bottom areas).

The use of pre-plant chemicals such as Planavin or Treflan is a suggested start. Also, DEMA can be used as preplant

on Johnsongrass if an early spring brings out this grass. Then you can "over lay" with premerge chemicals on a band basis at planting time with such materials as Caparol, Cotoran, CIPC, Karmex, Telvar or Herban.

Early postmerge chemicals include lateral oiling, DSMA, or MSMA for grass control and Herban or Cotoran combinations plus surfactants for broadleaf weeds.

Two Medicare Deadlines Given By Representatives

Two important "Medicare" deadlines are approaching, John Troop, social security Representative, said today.

March 31 is the last day reimbursement can be requested for covered medical expenses incurred during July, August, and September, 1966.

Because of recent changes in the law, payment can now be made to the patient upon presentation of an itemized bill, whether or not the bill has been paid.

Another deadline is April 1. This is the end of the general

enrollment period for those people who are over 65 and not yet signed up for supplemental medical insurance. Individuals over 65 who sign up by April 1 will have the protection beginning July 1, and no premium will be due until that time.

The new law provides for annual enrollment periods during the first three months of each year. However, no one can sign up more than three years after his first chance -- the three months before and three months after the month he reaches 65. During the last 6 months of

1967, \$1,983,113 was paid on behalf of residents of New Mexico who have this "doctor bill" portion of medicare. Because of the recent improvements, even more benefits can be expected in 1968. A booklet describing improvements in medicare, or assistance in filing claims for reimbursement may be secured from a representative of the Social Security Administration office, Room 211, Federal Building, in Clovis. The office is open 8:30 to 5 MST Monday through Friday.

94 Get Home Loans Through Farmers Home Administration

More than 94 rural people in Parmer County have new or vastly improved homes as a result of \$226,190 in insured loan funds advanced through the Farmers Home Administration in the past two years Bill R. Boling, local County Supervisor reported today. Approximately \$142,120 was loaned in 1967.

The rural housing program was greatly expanded in 1965, when, as part of President Lyndon B. Johnson's effort to strengthen rural America, the financing of the loans was switched from federal to private sources. Practically all of the rural housing loan funds now come from private sources on an insured basis.

Teachers Re-Elected At Board Meeting

Classroom teachers in the Friona School system were re-elected at the regular meeting of the school board of trustees Monday night.

Fred Dawson was employed as an assistant coach, to fill the void left by Coach Don Light's resignation in January, and assistant coach Bob Owen being elevated to his position. Dawson's wife will also teach (see separate story in this issue).

All classroom teachers were re-elected. Two teachers, Mrs. Pauline Lampkin and Miss Mary Knight, offered their resignations because of other plans for next year. Other teachers are to signify if they plan to return to their positions by the next regular board meeting.

The board agreed to participate in "Project Head Start" next summer by providing two classrooms and a school bus for the program which is to run two months. Rev. Paul Mohr presented the head start program, and explained that one teacher and one teacher aid would be provided for twenty pre-school children of low-

come families.

Mrs. Dawson will replace Mrs. Harvey Neal during the last six weeks of school. Mrs. Neal has been granted a leave of absence for that period.

Financial reports were given by Superintendent of Schools Alton Farr, and the February bills were approved for payment.

The report of the local textbook committee, composed of classroom teachers and principals, for the adoption of books for the 1968-69 school year was approved. Approval was also given for the purchase of one new school bus and to place one old bus for sale by bid.

Approval was given for construction of two tennis courts at Friona High School and for the purchase of some additional playground equipment for the elementary school.

The school day missed on March 11 will be made up on Saturday, May 11. In this manner, the two Easter holidays originally planned will be allowed.

At Home In Parmer County

By CRICKET TAYLOR
County HD Agent

This week will complete a series of Clothing Workshops in the county held in Farwell, Bovina and Friona. A night class in Farwell has been scheduled for April. A total of 30 homemakers in the county received instruction this month in a series of Clothing classes. This instruction included pattern sizes, fabric selection, line and design for individual figures, fitting and pattern adjustment, use of machine and techniques for construction.

Some important teaching points that appeared to be most helpful in the classes were: correct sizes for individual figures, and such construction techniques as pattern adjustments for a good fit, maintaining grainline, and setting in sleeves.

4-H EVENTS
The County 4-H'ers are busy these days completing food projects and getting ready for the County competition.

More than 40 entries are expected in the food show scheduled for Saturday, March 30 at 1:30 p.m. in the Hub Community center.

A special program of entertainment has been arranged for parents and spectators while food entries are being judged. Adult leaders are to be commended for their help and leadership in the 4-H Food program.

High point winner in the county food contest will participate in the district contest to be held in Canyon, Saturday, April 27th.

The woman with that fashion look also has slips that fit her figure and style of dress. You no longer can choose a basic style slip for general wear with a large number of dresses, says Cricket B. Taylor County Extension Agent of Parmer County.

Mature and full figures cannot wear the same style slips as the slight or slender person wears. The full figure calls for a slip whose skirt has a gored seam in the center back for extra room, is gored in front and back or is cut princess style. These styles have extra bodice allowance but check this point,

says Mrs. Taylor.

For the average and slender figures the conventional slip fits rather loosely. These slips also are made for today's close-fitting dresses by alterations of the bodice and skirt to make them fit quite snugly. Elasticized inserts in the bodice and shoulder straps are used for both fit and comfort.

Chemise slips, a new style created for shift dresses, is almost straight with a narrow skirt, shaped by darting at the bust line.

Half-slips come in many different styles, all short and scanty for the younger set and often are sold in ensembles.

The most popular fabric in lingerie is nylon tricot, although polyester tricot, treated to prevent clinging, is also in considerable demand. The nylon tricot comes with many surfaces, one of the most popular being a satin finish.

Don't buy on the name alone, because there are many grades of nylon tricot. Look for a quality and weight that gives you a substantial fabric which is long lasting, needs no ironing, holds its shape and drapes well in the good qualities.

Margheim Is Advanced In Holly

Colorado Springs, Feb. 19, 1968 -- John A. Worrall, agricultural manager at Holly Sugar Corporation's Torrington, Wyoming district, has been promoted to Western Agricultural Manager with headquarters in Tracy, California. It was announced today by Glen Yeager, vice-president-agriculture.

Replacing Worrall will be Elmer J. Margheim, who is being promoted from fieldman at Friona, Texas to agricultural manager at Torrington. Worrall has been at Torrington two years. He joined Holly in 1951 and served as a fieldman in the Torrington, Garden City, Kansas and Hardin, Montana districts. He was promoted to agricultural manager at Worland, Wyoming in April, 1963 and served there until his transfer to Torrington.

As Western Agricultural Manager, Worrall will be responsible for all beet producing areas in California serving Holly's four California plants.

He also will be responsible for contracting with growers for the annual beet crop, harvesting programs, grower relations, community relations and directing the agricultural field staff.

Worrall was graduated from

Cody, Wyoming high school in 1943 and served two and one half years in the Army during World War II in Europe. Following the war, he attended the University of Wyoming, graduating in 1950 with a degree in agriculture. He taught vocational agriculture one year in Huntley, Wyoming. Margheim grew up on a farm in Windsor, Colorado, and was

graduated from Windsor high school. During World War II, he served in the Navy. Following his discharge from service, he attended Colorado State University, graduating in 1950.

He joined Holly upon graduation as an agriculturist at Worland, Miles City and Sidney, Montana. His most recent assignment was at Friona.

An Open Letter
To The People of Friona,
Parmer County and Surrounding Area:

We are most happy to be in Friona, and are most grateful for the wonderful reception we have had. From our hearts we wish to thank one and all who have been so helpful and friendly to us.

We truly think this is the greatest place in which we have ever lived, and that you are the finest people we have ever had the pleasure of meeting. I was born in a Methodist parsonage and went to 13 different schools before I finished high school and since have lived in several different communities, and I must say again--this is the best of all.

It is our earnest desire to have the best food and the most reasonable prices possible. We hope to become an integral part of the community, and serve you one and all in any way we can.

Our facilities are the finest, thanks to Mr. and Mrs. Raymond L. Fleming and their planning. We shall strive to make the food the same.

When we make a mistake, please tell us, and we will try to correct it. May God bless you all.

Yours Sincerely,

Class Members Plan Purchase Of Bibles

During a brief business session of the Gleaners Sunday School Class of First Baptist Church in the home of Mrs. Vernon Roberts Tuesday morning, plans were made to purchase Bibles for the Mexican mission sponsored by the church.

The devotional was presented by Mrs. W.E. Smith. Re-

freshments of party sandwiches, hot spiced tea, coffee and rolls were served by the hostess.

Others present were Mrs. Wesley Hardesty, Mrs. L.R. White, Mrs. Spencer Hough, Mrs. B.O. Elder, Mrs. Clyde Hays, Mrs. J.T. Carroll, Mrs. G.H. Goggans and Mrs. John Wright.

Progressive Club Has Convention Meet Theme

Members of Progressive Study Club gathered for their regular meeting last Tuesday evening at the Federated Club House where they were addressed by two members of Modern Study Club, Mrs. Dan Edridge and Mrs. J.T. Gee. The ladies gave some do's and don'ts for attending the upcoming Caprock District Convention of Federated Women's Clubs in Lamesa.

The two gave helpful hints for convention-goers and concluded their presentation with a question and answer session. PSC members Mrs. John Fred White and Mrs. Bill Ellis gave an original skit entitled "We Went To The Convention", in which they gave insights into the lighter side of Women's Club Conventions.

Lisa Mercer, daughter of club member Mrs. Billy Joe Mercer, entertained with a piano selection, "Ida, Sweet at Apple Cider." Mrs. Richard Adkins gave the meditation, "A Prayer For Parents."

Mrs. Robbie Osborn officiated over the business meeting in the absence of the president, Mrs. M.C. Osborn. The club voted to sponsor a pastry wa-

Forensics Club To See Action

The Friona High School Forensics Club will enter the Hardin-Simmons University invitational tournament this weekend, with entries in both the various speech and debate divisions.

The meet will be a tune-up for the District 3-AA literary meet, which will be held on March 30 at Dimmitt.

At the recent Texas Tech speech and debate tournament, debaters Terri Sue Cummings and Donna Patterson reached the quarter-finals, losing out to a Midland team. Kelly Barber and Karen Armstrong had a 3-1 record, missing the quarter-finals on speaker's points.

Mal Manchee coaches the debaters, and Joy Morton coaches the speech entries.

Mr. and Mrs. Don Martin and Terry visited in Friona Sunday afternoon with the Bernie Gowens family.

Plan Group Activities

During the business meeting of Girl Scout Troop 268 at Girl Scout House Tuesday afternoon plans were made for a rummage sale. The sale will open Friday, April 19. Anyone who has clothing, toys, books or other usable articles they wish to donate is asked to call 247-2561 for pick up service, which will be available any afternoon from 4:30 to 6.

A trip to Mexico is being planned for the summer of 1970. There will be an Easter Bake Sale at Houser's Foods Saturday, April 13 from 9 a.m. to 2 p.m.

Susie Spring served refreshments to Mrs. C.L. Vestal Jr., and Mrs. Louis Welch, leaders, Cindy Campbell, Sandy Reznik, Jonnye and Denise Cudd Dorothy Miller, Amy Renner, Ann Spears, Nancy Scales, Gay Welch, Jayn Massie and Susan Floyd.

Lazbuddie Revival Begins

Announcement of the beginning of a week's revival meeting at Lazbuddie Methodist Church in Plainview, and former pastor of Friona Methodist Church will conduct the services.

Music will be under the direction of Rev. Woodrow Williams, pastor of Oklahoma Lane Methodist Church.

The first service will begin at 7:15 p.m. Sunday, March 24. Evening services will be conducted at 8 p.m. Monday through Saturday. Breakfast will be served at the church each morning at 7. Breakfast will be followed by the evangelist's devotion.

Rev. McAnnally and Rev. Williams are both widely known in this section since they have served churches in the area several years.

The public is cordially invited to attend all services by Rev. Havens and members of the church.

The Library Corner

BY MRS. JOHN FRED WHITE

The Library board has decided to have another eight week session of the Thursday morning story hour beginning March 28. Mrs. Bill Brandt is chairman and is calling mothers who want to volunteer to read for one session or more. If you are interested, please call her at 295-3620. We are trying to make the sessions with only about 15 children and a helper with each group. We now have access to a projector and if we are notified in time we can have films for your section. Call Mrs. Brandt and give her your name!

Co-chairman for the summer reading program will be Mrs. Flake Barber and Mrs. Johnston. This program is designed to keep school age children interested in reading and using the library during summer vacation. More information will be provided later but it is hoped that every child in Friona will participate.

National Library Week is April 21-27. Watch this column and also around town for additional publicity.

Last Friday was a workday at the library. Many books from our library are being returned to the state library and will be exchanged for new ones. Approximately 375 books were taken from the shelves, matched with their cards and boxed for shipment. Mrs. John Gaede, librarian, wishes to express her thanks to Mrs. Dan Edridge, Mrs. Bill Stewart, Mrs. Jake Outland, Mrs. H.K. Kendrick, and Mrs. J.G. McFarland for the hours they worked on this project.

We still have in the library a few copies of some of Miss Loula Grace Erdman's books, which were not sold at our recent program. These would make lovely gifts for anyone. Come by this week and see what is available as they will soon be returned to the publisher. I read "Many a Voyage" this week and found it exciting and timely. This story is about Edmund G. Ross, the Kansas senator who cast the deciding vote in the impeachment trial of President Andrew Johnson in 1868.

Murphree Paces Wayland Chiefs To See Hereford Action To Track Meet Triumph

The "Friona Flash", Danny Murphree, kicked up his heels again last Saturday and romped to two first places in the Central State Track Meet in Edmond, Oklahoma, and helped Wayland College to a solid win with 85 points.

Murphree, a WBC junior, ripped off a 22.4 in the 220 and a 48.5 in the quarter and helped the mile relay team finish first in 3:21.5 and the 440 relay team match that performance in 42.4. He holds the school standards in the 220 with a 21.9 time and the 440 in 48.1. And, he was on

the record-setting mile and 440 relay teams.

At the Border Olympics, March 9, Murphree finished second in the 440 with a 48.2 time. He was the titlist coming into the meet. He also ran on the fifth place mile relay team and sixth place 440 unit.

At the Fort Worth Recreational, he checked a 48.3 for the first place and the mile relay team came in fifth at 3:22.5.

This Saturday the Pioneers host the High Plains Invitational at Wayland Bowl.

The Friona Chieftain track team will see action in a meet at Hereford Saturday. They will enter both a high school and a junior high school team in the meet.

Last week at Odessa, Eddie Barker placed second in the pole vault with a leap of 12-3. Joe Rando was fourth in the mile with a 4:52 clocking, and tied for fourth in the high jump. Tony Perea was sixth in the 880 yard run.

The previous week, Rando was second in the mile to Post's Morales at the Abernathy meet.

On Saturday, March 30, the Chieftains run at the Amarillo

Relays, and the following week will be the district meet.

Nine Inducted By Local Board

Names of nine young men who were inducted into the Army by Texas Local Board number 18 during March were revealed this week. The March unit draft call was the largest in some 14 months.

Those inducted were Jimmy R. Messer, Jerry D. Blackburn and Ronnie E. Jones, all of Hereford; Raymond E. Shadix and Donald V. Batenhorst, Canyon; Elmer Wear, Dimmitt; Otis M. Jackson, Vega; David C. Follis, Hart; and Dwayne Huseman, Tulia.

Bookmobile To Visit Area

The High Plains Bookmobile makes its regularly-scheduled run in the Friona area this week.

On Thursday, stops are scheduled at Oklahoma Lane (9:35-10:20), Rhea, (11:45-12 noon), Friona (1:15-1:45) and Black (2-3 p.m.).

Friday, it goes to Hub (8:45-9:45), White's Elevator (10-11 a.m.), Lazbuddie (12-1 p.m.) and Clay's Corner (1:15-2:15). Saturday, the Bookmobile stops in Friona from 1-4 p.m.

SKIN DEEP IN CITY DUST

Did you know that in metropolitan areas the average dust "fall out" is well over 50 tons per square mile? Every day your skin is exposed unmercifully to all kinds of soils. Add to this cosmetics of every description. All must be removed if your complexion is to be clear and radiant.

Now, Toni has come up with a facial washing cream appropriately called Happy Face. The new water-soluble cream cleans like a soap and softens like a cream. You just apply the pale pink cream, water-rinse thoroughly and towel dry. Every trace of dust and make-up disappears and your skin is clean, soft and smooth.

Juniors To Present

"A Distant Bell"

The junior class of 1968 has slated presentation of the annual class play Friday and Saturday evenings of this week. The three-act comedy will be presented at 7:30 p.m. each evening in Friona High School auditorium.

Tickets for adults are \$1, if purchased in advance, and \$1.25 at the door. Admission for children under 12 will be 75¢. Advance tickets may be

purchased any day this week from any member of the class.

Characters appearing in the play are as follows: Dora Greer, one of the relatives, Pam Turner; Keene Stanfield, Lucy's sister-in-law, Janice Clark; Burton Greer, another relative, Dora's husband, Byron Grant; Lucy Greer, muddled aged mother of three daughters, Shirley Johnson.

Barrett Greer, Lucy's 20 year old daughter, Barbara Latham; Flagg Greer, the pretty seventeen year old daughter, Missey Renner; Waverly Greer, Lucy's third daughter, Connie Stone; Mrs. Brighton, the housekeeper, Pam Hartwick; Mr. Wilbur, the undertaker, Billy Nazworth.

John Creighton, a young reporter, Tommy Mars; Clara Hurd, one of Flagg's friends, Pat Roberts; Jackson Dunn, another of Flagg's friends, Johnny Barker; Arthur Wilson, another of Flagg's friends, Lowery Harper.

Members of the class invite everyone in the area to attend these presentations.

LAZBUDDIE NEWS

The Farmers Union 7th annual meeting was held in the school cafeteria Friday evening March 15. A large group of members were present. A barbecue supper of steak and chicken catered by Underwoods of Lubbock was served. After supper the business meeting began with Barry Jones of the Lazbuddie Church of Christ giving invocation. Freeman Davis, manager, gave the welcome. The financial report was given by CPA Jim Berry of Friona. The guest speaker for the evening was Kenneth Wyatt, Tulsa.

Roy Miller was elected on the board of directors to take the place of J.C. Redwine whose time had expired. Entertainment for the evening was furnished by Ruth Wilson's 5th grade class giving several songs accompanied by Mrs. Wilson at the piano.

Mr. and Mrs. Gail McCoy and children from Cotton Center visited the P.E. Cargile family Sunday evening.

Myrtle Steinbock was in Rudoso the past weekend on a short vacation. She planned to do some skiing.

A's with 2 B's: Randy Dorrell, Larry Sanders, Vicki Schueler, Jeanie Thompson.

We have just secured the franchise for the Dempster line of farm machinery, and have in stock plenty of the double disc Unit-Planters.

We especially want all you farmers to know that we also have in stock NOW a full line of Parts for those planters.

We have also purchased the Midwest line of Lift-Harrows.

It does a wonderful job behind a chisel plow, breaking plow, or a disc harrow, as you can see by this photo.

Drop by and look over this new Tillage-Tool.

The YES Stamp Story

SUPPLEMENT TO THE FRIONA STAR
THURSDAY, MARCH 21, 1968

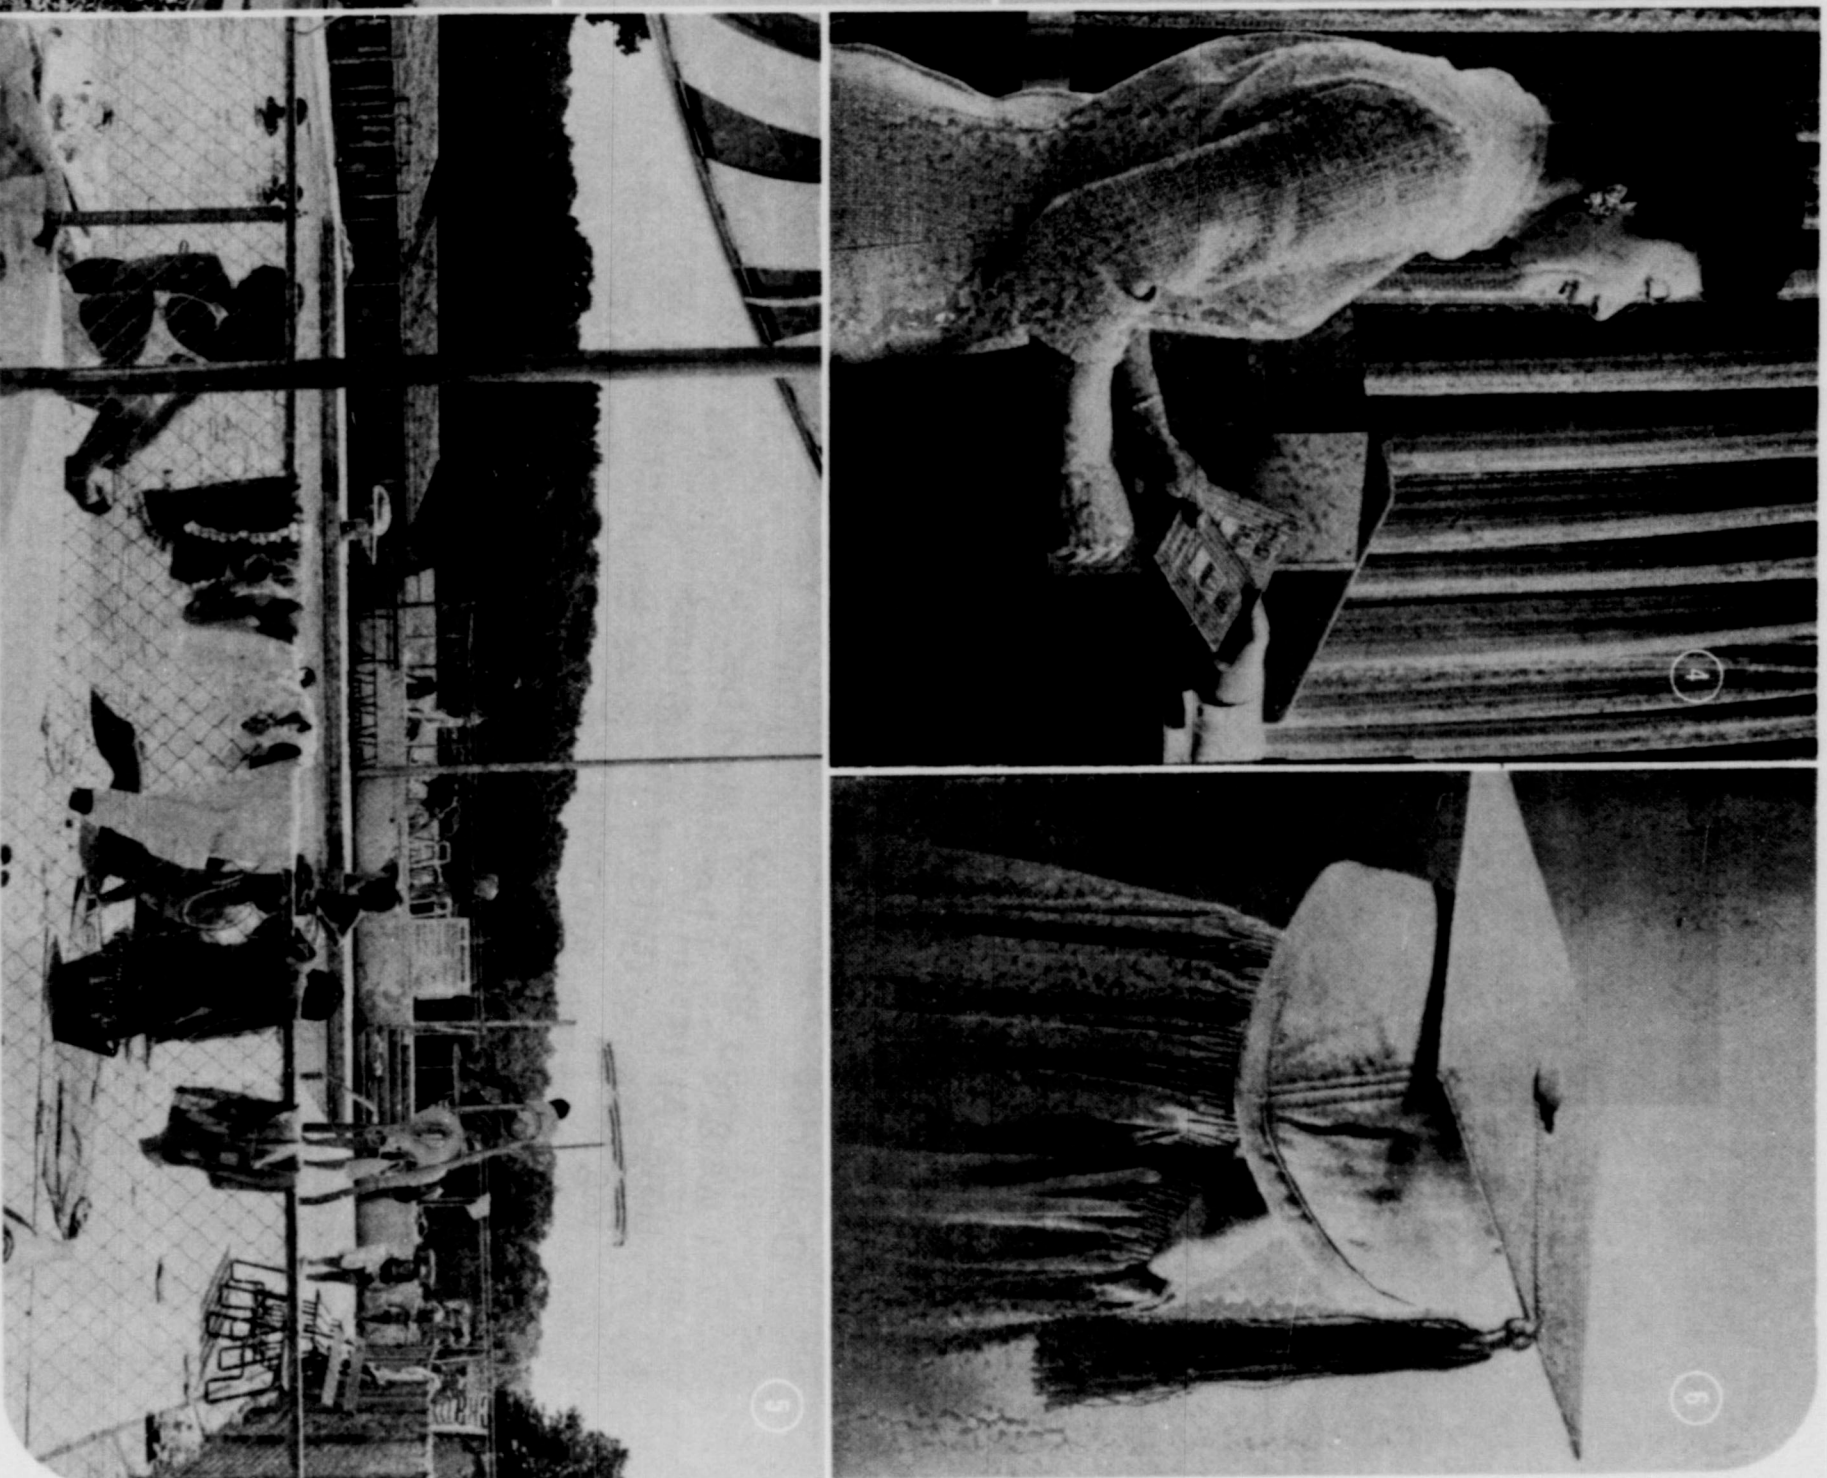

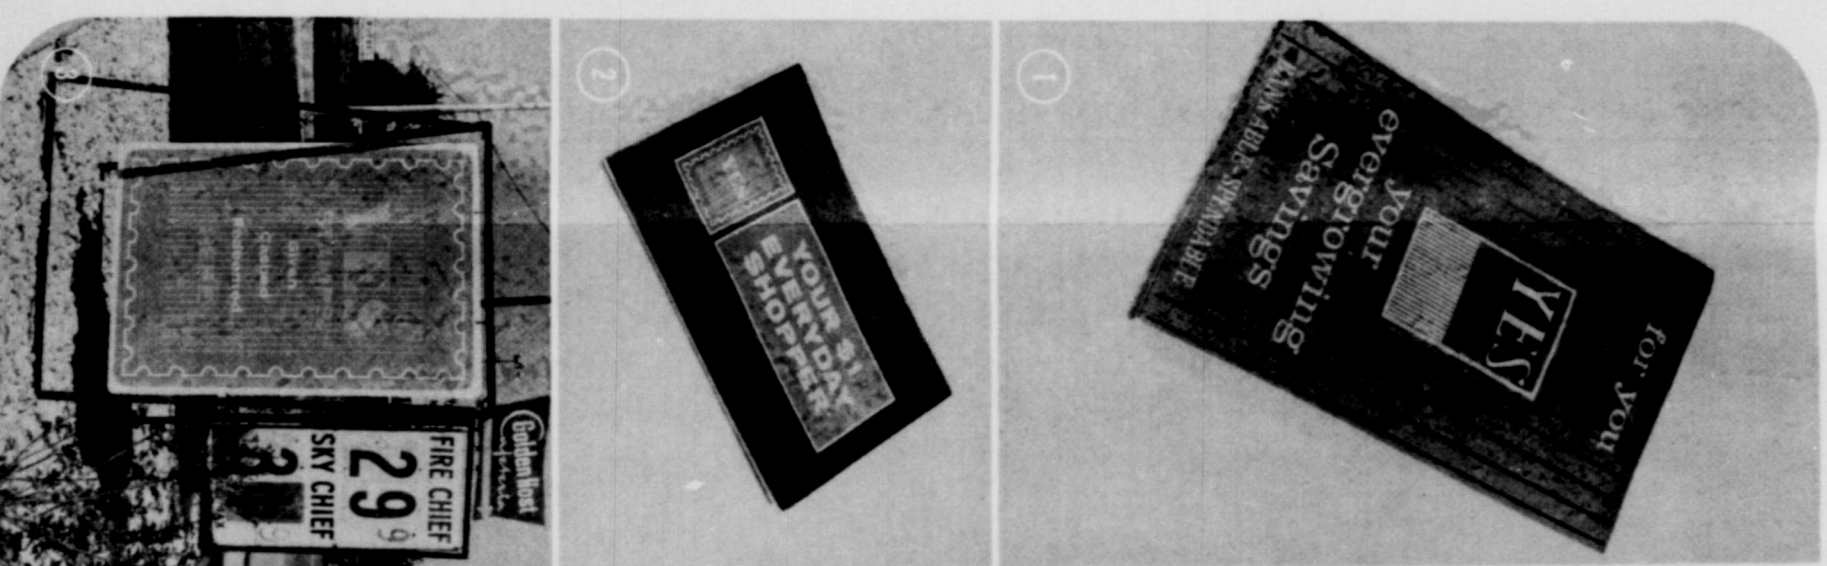

First Choice For Real Pleasant Savings

Welcome to a New experience in Saving!

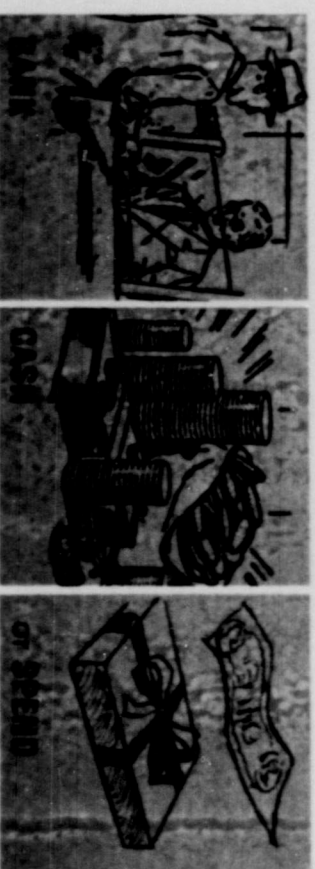

- 1 YES Stamps are a completely new way for you to save. YES Stamps are given just like regular trading stamps. However, there are no redemption centers or gift catalogues for you to be confined to. You will be given a saver album like the one pictured here. When filled, you can take your album to the local designated bank and deposit it for \$6.00 in personal savings or if you prefer to cash or spend your album you may do this with your YES Stamp merchants for \$5.50.
- 2 If you wish to come aboard just for the money YES Stamps has a modern up to date everyday dollar shoppers for those who want their money quick. Only 220 stamps will fill this album and it's good for \$1.00 in cash or merchandise. 5 of them can be banked for \$5.50.
- 3 YES Stamps are simple and so easy to save, just look for this purple sign at your grocery store, service station, drug, dry goods, dept. stores, dry cleaners, etc., wherever you trade look for the sign.

At any rate YES Stamps are better . . . you may

- 4 You are always in touch with your money with YES Stamps. They represent 2% of all your spending in real genuine savings and the money comes from your merchants. Each stamp is worth 1/2 cent each and you will receive one with each 25 cent purchase. Great? We think so too.
- 5 You can now save real money for that vacation fund, a trip abroad, a fur coat, new dress or anything that money will buy — and better still your money will be drawing interest while you are spending and saving.
- 6 Some people are saving for the college education of their children. Children will invariably ask grandpa, grandma, uncles and aunts to save YES Stamps for them. You may be able to teach your children the art of saving with YES Stamps.

and receive your change plus more YES Stamps for your savings.

Dear Household Executives:

I weighed the idea of joining Yes Stamps for a long time. At first, I hesitated because I'm not fond of trading stamps. Gifts or premiums out of a catalog do not interest me. And where does the merchant who I trade with get credit? He doesn't. I'd rather have cash and make my own decision to spend or save it. Wouldn't you?

YES Stamps are redeemed in cash or merchandise from the merchant who gave them or you may take them to your local bank for placement in a savings account. This idea made good sense to me. I'm backing YES Stamps all the way and I'm pushing them too. Won't you consider YES Stamps over what you are now saving? Our merchants must pass high standards to provide you this discount on your purchases. If you think we have a good idea — please trade with our merchants.

Sincerely,

Dan "Hoss" Blocker
