SLAIN BOY'S MOTHER FIGHTS COLLIER PARDON

New Rail Lines For Panhandle Authorized

PLAINVIEW TO GAIN TWO NEW RAIL OUTLETS

Denver and 'Frisco Lines Given Authority To Build Lines

229 MILES OF NEW RAIL

One Line McBain to Floydada Other Estelline To Castro County

WASHINGTON, Nov. 19. (AP)—The long, four cornered battle for the right to pioneer in extensive railroad construction in the south plains area of the Texas Panhandle was won today by the Chicago, Burlington and Quincy and the St. Louis-San Francisco systems.

The interstate commerce commission authorized these two major lines to build 229 miles of new railroad at a cost of $7,132,00, but ruled that unless they proceeded promptly with construction work, the Santa Fe and Texas, Panhandle and Gulf railroads, whose applications to build in the same territory were rejected, would be permitted to renew their requests. Several projects for additional railroad mileage in Texas have yet to be ruled upon.

202 Miles To Be Built

Under the decision today, which came several months after the commission examiner had submitted a report recommending approval of certain applications with many conditions, the Fort Worth & Denver, subsidiary of the Colorado and Southern, which, in turn is controlled by the Burlington, will be permitted to build 202 miles of line at an estimated cost of $6,900,000. The main portion of the new construction 132 miles in length will run from Estillene through Plainview to a point in Castro county.

In addition, the road will build two branch lines, one fifty miles long terminating at Lubbock and another 19 miles long reaching Silverton. The project must be completed by December 31, 1929, the commission ruled.

The Frisco, through a subsidiary, the Quanah Acme and Pacific was

Woman Donates Baylor Fortune

$100,000 Given to University By Dallasite Who's Now "Broke"

DALLAS, Nov. 19. (AP)—Mrs. Mary L. Leonard, who has given anonymously thousands of dollars for over a decade, gave her last big gift Friday when she "broke" herself to make a present of $100,000 to Baylor university, reserving only a part of the income for herself for the remainder of her life and a burial plot in a cemetery here.

The name of the "mysterious good woman" became generally known only when she signed the deed turning over everything she possessed for "one dollar to me in hand paid." The gift consisted of valuable residence and apartment property here, including her own home.

Mrs. Leonard has adopted foundlings, provided for the dead, educated boys and girls and responded to every worthy request for aid. Even from the allowance made her from the income of the estate she plans to go on dividing with others until the end.

LOSES FINGERS

Lueders Gin Employe Catches Hand In Machinery

Special to The Record News.

STAMFORD, Nov. 19.—C. W. Wylie, employed by a gin at Lueders, is in a Stamford sanitarium, with two fingers amputated as a result of catching them in gin machinery where he was employed at Lueders.

THE WEATHER

OKLAHOMA: Saturday cloudy, probably snow flurries, colder; Sunday fair.

EAST TEXAS: Saturday cloudy and unsettled, colder, cold wave in the interior at night, temperature will fall 20 degrees or more; Sunday partly cloudy, colder in southeast portion; moderate to fresh southerly winds on the coast, shifting to northwest.

WEST TEXAS: Saturday cloudy, snow flurries in north portion, colder; Sunday partly cloudy.

The local weather conditions for the past 24-hour period reported by the Wichita Falls Electric company bureau: Maximum temperature 63; minimum 25; average wind velocity 8 miles per hour; maximum 11; barometer 28.63; northeast breeze.

THE DAY IN WICHITA FALLS.

The Gem, "Devil's Gulch."

Wichita Falls Gets 1927 Baptist Meet

SAN ANTONIO, Nov. 19. (AP)—Wichita Falls was selected for the 1927 Baptist state convention at the night session of the convention here Friday. November 16 was set as the opening date of next year's meeting.

Young Farmers With Vision To Drop One-Crop Idea Wanted In Wichita Valley To Develop Texas Garden Spot

BY HUGH NUGENT FITZGERALD

The second of this series of articles dealt with the observations and conclusions of Joseph A. Kemp in the three months of the summer that he devoted to European travel and agricultural research work. He returned to Texas brimming over with enthusiasm concerning the way the peasants and those who are not peasants farm in European countries and make the soil return dividends as well as make a living for those who cultivate it. He is a very large land owner in the irrigated districts to be found in the Wichita river valley, as well as one of the prominent bankers of his section.

In a foregoing article, it was stated that in two crop years since Lake Kemp was created and the irrigation system completed those who till the irrigated lands planted largely to cotton. Now there is to be a new program. Despite a substantial premium realized for the long staple cotton grown under irrigation, the Wichita Falls district has turned toward diversification and decidedly away from cotton. Mr. Kemp has discovered that none of the farmers in the Wichita Falls territory who own cows, chickens, turkeys and hogs and raise food and feed, are in debt. He was impressed by the prosperity of the farming element in European countries "who make their own living at home," and he hopes to apply some of the methods and systems seen in Holland and elsewhere in the Wichita Falls irrigated district.

AVERAGE TENANT KNOWS NOTHING OF IRRIGATION

In all the irrigated districts of the country those who have made them successful return the verdict that irrigated farmers are needed for irrigated lands. Now the average tenant or cropper knows nothing about irrigation or the methods which have been successful in irrigated sections. He cares less. In the cotton belt of America he has been taught to plant cotton and let all else go by. He never diversifies. He never practices rotation. He does not fertilize the soil. He does not return the refuse of the stable and the kitchen to the land which needs nourishment.

Perhaps he is not to be blamed. Like father, like son. It is in the blood. He comes from a long line of croppers or renters. He does that which the landlord or the banker tells him to do. This is one of the reasons why he is practically worthless in an irrigated district on an irrigated farm. These may be brutal truths, but they are bedrock facts and all who read and think know them to be facts. It is understood by the initiated that young farmers who are ambitious to be successful and employ the proper methods, will be welcomed to these Wichita Falls irrigated lands. They will be given most favorable terms, long time payment at a fair rate of interest and every opportunity to win success as tillers of the soil.

As for the renter of the old school, the cropper who is the gypsy of the southland, he will be compelled to go his way, to travel the road he has traveled from infancy, ever a victim of the one crop fetish, the credit system, antiquated methods of farming and the inability or indifference to inform himself as to what a farmer must do to make a living on the farm he tills and produce the food stuffs and the feed stuffs for all living things on his own place.

This father of irrigation in Texas is a very determined man when he bows his neck. He believes there are thousands of young men in this country, born on the farm, who will be found willing to grab the opportunities offered in this favored section and make comfortable homes, dividend paying lands and provisions for old age by intelligent effort and cultural methods which have been given the acid test by the most successful farmers the world has known. Cotton growing is to be side-tracked in the Wichita Falls district if it is possible to side-track it. That s, cotton growing on a large scale.

PREFERENCE TO BE GIVEN DIVERSIFICATION ADVOCATES

Furthermore, preference will be given to those who believe in diversified farming. That is, all the crops suitable for the table and the market which are in demand and which are money makers. To be successful in this irrigated section the farmer should plant his own fruit trees, he should plant pecan trees, he should keep a few cows, he should have sheep above all, he should raise turkeys and ducks and chickens, he should produce butter for his own table and for the market, as well as eggs and fryers which are big money makers. He should raise his own vegetables and vegetables for the market if he wishes.

In this district there are places where the soil of surpassing richness has a depth of 15 feet, and whenever the drouth comes there is water in the ditches and the terror of heat and disaster is baffled. In the plain language of the plain people, he must produce his own feed stuffs and food stuffs and have a surplus to sell. It is possible to produce four crops of alfalfa on this land in a single year. It is ever in demand. It is possible to produce two or three crops of garden truck, and there are markets for the same without leaving Texas. This is or could be made the greatest peach country in the south. On the irrigated lands, there are vineyards where the finest table grapes in America are grown.

In the old district which was watered by Lake Wichita, are to be found some of the most successful truck farmers in the country. These men farmed from five to 10 acres and made big money every year. They are not renters. They are scientific gardners and orchardists. They never touch cotton. There is a long spring and summer growing season here. In Idaho practical irrigation farmers are the winners and Idaho is a mountain state, where winter comes early. This Wichita district is the ideal home of the pecan tree and an expert has said that a pecan orchard out rivals the orange and lemon or walnut groves of California or Florida. As a producer of wealth, the pecan excels each and every fruit, vegetable or nut of any country on the globe. This refers to the paper shell pecans that bring 75c to $1.50 per pound and begin bearing the first or second year after planting.

SOIL OF WICHITA VALLEY WILL PRODUCE VARIED CROPS

The soil of this irrigated district produces huge crops of mellons, potatoes, beans and peas and all manner of vegetables. It is adapted to the highest development of grapes, blackberry, dewberry, strawberry, peach and plum. It is the land that grows Hearts of Gold canteloups, produced in the greatest profusion this year. It is a land where the Irish potato of the hard variety may be produced in large quantities per acre. This potato can be stored in the cellar and kept all winter. It is not soft and perishable and is a great money maker.

These are some of the reasons why the men interested in this vast irrigation land project are seeking young farmers who will farm up to the minute, who are not saturated with the one-crop idea and that crop cotton, and who will adopt the methods that have been successful in every farming country under the sun. Farmers of this type will be welcomed with open arms by Joseph A. Kemp and his associates who promise liberal terms and liberal backing to all comers who are willing to become wealth makers for themselves and wealth makers for their state.

MANY BURN AS TANKER BLAST RAINS DEATH

Norwegian Oil Ship Undergoing Repair in Dry Dock Blows Up

DEAD TOTAL UNKNOWN

Few Eye Witness Survivors Tell Story of Stark Terror

BALTIMORE, Md., Nov. 19.(AP)—A blast of fire which put asunder the Norwegian tanker Mantilla, exacted an undetermined total of lives as the vessel lay in dry dock at the Sparrows Point plant of the Bethlehem ship building corporation today. Scores of workmen were caught in a flaming rain of death as an amidship oil tank exploded with a deafening report, to spew burning oil and twisted steel over the decks and surrounding scaffolding.

Official estimates of the dead ranged from eight to 20. So great was the havoc wrought that even the number of bodies recovered was subject to estimate. At least eight bodies had been assembled in a morgue at the plant tonight. Some investigators reported that the shattered remains, which rescue workers had gathered from the smoking hulk would represent more than eight individuals. No definite count of the injured had been possible. The more seriously hurt had been scattered to every available hospital. Scores were treated at the plant first aid station and allowed to go.

Screams From Ship

Piercing screams from the ship's decks and its interior only partly prepared volunteer rescue workers for the spectacle which greeted them when they rushed upon the reeling vessel a few minutes after the blast. Men whose arms or legs had been torn off dragged themselves over blood spattered planks vainly endeavoring to extinguish flaming clothing. Billows of flame and smoke shot through ragged cuts in the Mantilla's steel plates.

Windows in nearby factory buildings were blown out and steel was rained about the neighborhood. A piece of steel 30 feet long and eight feet wide, weighing several tons, was hurled into an adjacent dry dock to crash down on the deck of the steamer Mount Clary. No one was aboard the Mount Clary.

Bodies Are Trampled

Firemen who fought for nearly four hours to control the fire before workers could carry out the dead, were forced to trample over bodies and parts of bodies strewn about the ship.

John Erickson, a member of the Mantilla's crew, said "the boat heaved and shook with a terrific

(Continued on page sixteen.)

Wichita Falls To Help Plainview In Celebration of Federal Order Which Brings New Railroads To Panhandle

Chamber of Commerce to Send Representative to Plainview In Next 48 Hours as Envoy of Friendship From Local Business Men

A member of the staff of the Wichita Falls Chamber of Commerce will be dispatched to Plainview within the next 48 hours, to represent the city as a friendship envoy, was the statement made from chamber of commerce headquarters here when announcement was made that the proposed extension of the Fort Worth & Denver railway from Estelline to Plainview was an assured fact when a permit for construction of the branch road was given.

This project was one of the major objectives of the Wichita Falls Chamber of Commerce a year ago, and much time, effort and expense was expended in getting the permit granted. Frank Kell, well-known as a railroad and industrial promoter, was one of the chief witnesses in the hearing of a year ago, and he with such men as J. T. Harrell, J. C. Mytinger and others, worked hand in hand with the chamber of commerce in bringing this project to a success.

J. T. Harrell spent weeks in the territory tapped by the line, giving every effort toward getting the entire proposition in shape.

Trade Trip Soon.

About a year ago a trade trip was planned for the south plains section of West Texas, but it was postponed at that time because the road project was held up, and now it is probable that this trip will be consummated within a short time.

The chamber of commerce has called on every wholesaler and jobber in the city to join with the chamber of commerce in planning such a trip, and attention of these men is called to the wonderful opportunity of establishing branch houses in the new district, as it will now be a direct tap to Wichita Falls.

Work Starts Now.

The new road will probably get under construction at once as they are under contract to have the road in operation within 18 months after a permit is granted. Childress, which is the tap point from the main line of the Denver, is already in line for the construction, as rail and new side tracks are already being installed at that point, and plans for a new $140,000 depot are being made.

CLARENDON PLANT BUILDS MACHINES TO PLUCK COTTON

Special to The Record News.

CLARENDON, Nov. 19.—H. F. Parker, a local blacksmith, is working four men in his shop here building cotton pulling machines for the many farmers who are besieging him daily for the machines. A machine which costs around $35 to build is capable of gathering four bales a day that gives a better sample than the hand pulled cotton as the trashy cotton the pickers pick up off the ground is left in the field and the slatted bottoms of the machines sift out the grit and dirt that the pickers also places in his sack.

The lint is bringing 9 1-2 cents on the local markets.

Henry Ford Aids Federal Agents

Flivver King Calls Agents To Seize Booze On Airplane

DETROIT, Mich., Nov. 19.(AP) An airplane containing 14 cases of whiskey was seized at the Ford airport today at the request of Henry Ford. Henry Spence was arrested as the aviator who brought the plane to the airport last night.

A night watchman discovered the liquor cargo. Mr. Ford was notified and the state police were called. The automobile maker himself waited several hours at the field last night with officers in hopes the aviator would return to his plane.

Spence, when arrested, dnied he was the pilot of the machine.

HANDLE 7-980 BALES

Special to The Record News.

CHILLICOTHE, Nov. 19—Chillicothe kins have handled 7,980 bales of cotton to Thursday morning at 9:20. Last year there were 9,084 bales ginned at the corresponding time.

LOST BOAT IN PORT

Storm Shaken Vessel Makes Port Overdue.

STURGEON BAY, Wis., Nov. 19.(AP) — The steamer Andaste, missing since Wednesday, came into port here Thursday night at 11 o'clock. The boat ran into a terrific storm in mid-lake.

COTTON TO ENGLAND.

SAN ANTONIO, Nov. 19.(AP) Mexico is seeking a market in England for the surplus of her cotton crop, according to word received at the Mexican consulate Firday.

In Opera Debut.

Miss Louise Lerch, 24-year-old soprano of Allentown, Pa., is acclaimed by critics following her debut at the Metropolitan Opera House, New York. A large delegation of home folk gave her a great reception.

STATE UNABLE TO CUT COTTON

Commissioner States His Idea In Advance of Action By Attorney General

AUSTIN, Nov. 19.(AP)—Under the Texas constitution, the growing of cotton cannot be controlled or restricted by law, George B. Terrell, commissioner of agriculture declared Friday.

Mr. Terrell some time ago asked the attorney general's department whether the legislature could pass a law requiring cotton acreage reduction, but the attorney general has not yet ruled, and Commissioner Terrell was giving his own opinion.

The commissioner said such a measure would not come under the state's police powers.

"Police powers can be invoked to quarantine against contagious diseases affecting people and livestock, and to eradicate dangerous insect pests that destroy crops, but they cannot be invoked to protect against ignorance and bad business management. Cotton is not a dangerous, but a highly useful plant."

Mr. Terrell said it would be virtually impossible to enforce a cotton acreage reduction law. He urged diversification as a remedy for the future.

E. ROBERTSON'S MOTHER TO SEE GOV. FERGUSON

Mrs. Robertson Will Confer With Governor at Capital Today

MANDATE TO HASKELL

Austin Court Sends Papers To Sheriff in Mrs. Collier's Case

AUSTIN, Nov. 19.(AP)—A mother mourning for her slain son, Saturday will protest the proposed pardoning of Mr. and Mrs. Frank Collier of Wichita Falls, when Mrs. Robertson of Wichita Falls confers with Gov. Miriam A. Ferguson.

Mrs. Robertson is the mother of Elzie (Buster) Robertson, the son-in-law of Mr. and Mrs. Collier, who was killed two years ago by Collier.. In conenction with the slaying of their son-in-law, Collier was sentenced to three years from Wichita county for manslaughter, and Mrs. Collier to 19 years from Haskell county for murder. The state contended Mrs. Collier was the motive force of the offense.

Opposed Marriage

Mrs. Robertson was with her son the night he was killed. The slaying grew out of opposition of the Colliers to the marriage of their daughter to Robertson.

Gov. Ferguson has been strongly urged to pardon Mr. and Mrs. Collier. C. C. McDonald and B. Y. Cummings, Wichita Falls attorneys, and Representative Roy Daniels of Wichita Falls are among those who have petitioned for clemency.

The court of criminal appeals here, which November 4 affirmed Mrs. Collier's sentence, Friday issued a mandate providing for her delivery to the penitentiary, but her friends are hopeful Gov. Ferguson will grant clemency before she is taken into custody by the Wichita county sheriff.

The mandate providing for the delivery to the penitentiary of Mrs. Frank Collier of Wichita Falls Friday was forwarded to the Haskell county district clerk by O. W. Finger, clerk of the court of criminal appeals here.

Commitment Next

The Haskell county district clerk will issue commitment papers, ordering the Wichita county sheriff to take into custody Mrs. Collier, who was sentenced in Haskell county to 19 years for murder, in conenction with the killing at Wichita Falls of her son-in-law, Elzie Robertson. The court of criminal appeals November 4 affirmed her sentence.

Her husband, Frank Collier, at the time of the killing was mayor of Wichita Falls, was sentenced to three years in Wichita county for manslaughter in connection with the same offense. Collier is now out on a furlough because of illness. He fired the fatal shots.

Thursday was the last day Mrs. Collier might have filed a motion for rehearing before the appelate court here, but no such motion was filed.

SHIP BURNS

Forty Members of Crew Missing After Fire.

QUEBEC, Nov. 19. (AP)—The steamer Montreal of the Canada Steamship line was destroyed by fire while enroute from Quebec to Montreal early today.

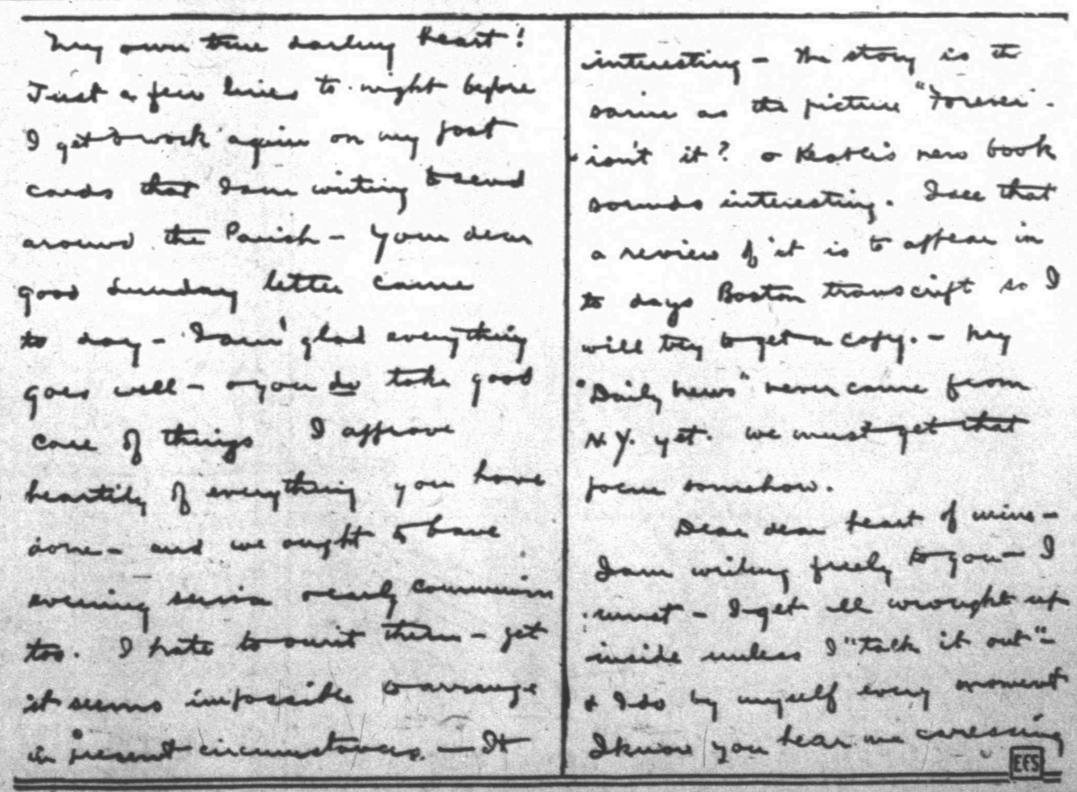

There were no passengers on board, but five members of the crew of 40 were missing when a check-up was made.

MONUMENT REBUILT

Cuban Memorial Wrecked In Violent Gulf Storm.

HAVANA, Cuba, Nov. 19.(AP) Re-construction of the monument erected by Cuba to the memory of the Americans killed in the explosion of the battleship Maine has been started. The monument was wrecked during the hurricane which struck Havana October 2.

Mrs. Mills' Love Letters Show Greater Passion Than Did Pastor-Lover's

My own true darling heart! Just a few lines to night before I get to work again on my post cards that I am writing to send around the Parish - Your dear good Sunday letter came to day - I am glad everything goes well - & you do take good care of things I approve heartily of everything you have done - and we ought to have evening service nearly Communion too. I hate to omit them - yet it seems impossible to arrange in present circumstances. — It interesting - the story is the same as the picture "Forever" - isn't it? & Keats's new book sounds interesting. I see that a review of it is to appear in to days Boston transcript so I will try to get a copy. - My "Daily News" never came from N.Y. yet. We must get that poem somehow.

Dear dear heart of mine - I am writing freely to you - I must - I get all wrought up inside unless I "talk it out" - & I do by myself every moment I know you hear me caressing

EES

In striking contrast to letters written by Rev. E. W. Hall to his choir sweetheart, those of Mrs. Eleanor Mills, latest to be revealed in murder trial, speak more frankly of the desires which brought violent death to her and the pastor. Pictured above are extracts from letters written by pastor to Mrs. Mills from Maine, both of which are reserved in sentiment. At the same time she was addressing him in this fashion: "I could fling my arms about and pour kisses on my babykin's face. Oh, I am wild tonight, and so happy I could dance wildly."

Mr. Micawber

was always waiting "for something to turn up." Confidently expecting the best, he usually got the worst. In this character Dickens raised a monument to the futility of optimism without effort. Go after what you want—whether it be a job, a business or a sale. You can tell the world through a Record News Want Ad.

HULEN PRAISES TEXAS MILITIA

Commanding Officer of Lone Star Guard Proposes Enlargement

FORT WORTH, Nov. 19. (AP) Glamour and gold braid of the old time militia is gone forever, but in its place has risen the strongest state military organization in Texas history—efficient, studious, well trained officers and men, constantly learning more about preparedness.

That is the view held by Maj. Gen. John A. Hulen of Houston, who today urged location of at least three armories here.

"We need funds," said Hulen, who is receiver for the Trinity and Brazos valley railroad and has an office in the Fort Worth and Denver headquarters here and "every dollar used by the national guard of today is wisely invested. Our greatest need is a system of armories and everything possible is being done by officers to this end.

"We have about 7,000 men in the 3th division which includes all of the Texas national guard, except the 56th cavalry brigade. These men get little money for their services — they are patriots. We hope to be able soonto build armories at such towns as Denton, Denison, Cleburn and Sherman to more efficiently accommodate the fast growing organization."

COP DITCHED

Georgetown Motorist Crowds Motorcycle Cop Off Road

GEORGETOWN, Texas, Nov. 19. (AP)—L. L. Ray, motorcycle officer was injured seriously last night when crowded into a ditch by ap automobile he was pursuing near Round Rock. He was said to have been forced off the road as he drove to the side of the automobile in an effort to stop the driver. The officer was unconscious when picked up by other motorists. He was taken to Round Rock for treatment. The driver of the car which forced him into the ditch escaped.

EIGHT KILLED

Freak Accident on English Railroad Takes Toll

ROTHERHAM, Yorkshire, England, Nov. 19. (AP)—Eight persons were killed and an equal number injured, some seriously in an unusual accident on the London-Midland & Scottish railway between Park Gate and Rotherham today.

A car in a freight train became derailed as the express from Birmingham to York was approaching and fell across the express, ripping open the sides of several coaches. The injured were brought here.

HEAD INSURED

Infuriated Man Strikes Another With Hammer

DALLAS, Nov. 19. (AP)—In a hospital here with a badly bruised and cut head, J. B. Howington, 47, cemetery employe, declined Friday to make public the name of the man who struck him on the head with a hammer late Thursday. He told officials he had had an argument with a friend and had slapped him, failing to get out of the way of the hammer which was swung by the other.

BARRAGE OF BALLOONS.

AKRON, Ohio, Nov. 19.—Uncle Sam has a scheme to keep hostile aircraft from his cities in the next war by barrages of balloons. Anchored by cables, balloons would be sent three miles up and encircle a city. The balloons, 6,000 cubic feet each, are being made here.

LEO FALLS IN LUCK.

NEW YORK, Nov. 11.—Professional golfers here are envying Leo Diegel. They hear he has a California job as private teacher for Joseph M. Schenck, movie magnate, at a salary of $15,000 a year and $10,000 expenses.

"KING BEN" YET RULER OF SECT

Followers of House of David Founder Stand By Accused Chief

BENTON HARBOR, Mich., Nov. 19.(AP)—Benjamin Purnell, whose four years of voluntary exile were terminated by a raid on his hiding place Wednesday by state police, still reigns as king at the House of David.

Indictments charging criminal assault, damage suits, actions started by state authorities to seek dissolution of the colony and even his apparent serious illness, will not diminish the spiritual significance of his rule, says his attorney and follower, H. T. Dewhirst.

"Benjamin is the seventh messenger and he alone can bring the message to the ingathering of the Israelites," Dewhirst insists.

"His persecution was fore-ordained," Dewhirst says. "As far back as 1903 Benjamin predicted he would be wrongfully accused by women."

NEGRO DEAD

Shot Down While Attending Funeral of Brother

MOUNT PLEASANT, Texas Nov. 19, (AP)—Another negro slaying growing out of the killing of Dennis Ross last year was recorded here Thursday afternoon when Leon Johnson, attending the funeral services for Bent McGill and Louis Johnson, the latter his brother, was shot and killed. Fred Elliott, another negro, was charged with the slaying.

JURY INDICTS RICE STUDENT

Football Star, Accused By 15-Year-Old Galveston Girl, in Jail

HOUSTON, Nov. 19.(AP)—Fred Cannant, Rice Institute sophomore and football star is being held in the Harris county jail for Galveston officers. He was arrested Friday on a warrant issued at Galveston based on an indictment returned by grandjury of that county charging criminal assault. The complaint names a 15-year-old Galveston girl.

Cannant is a resident of Texas City, entered the institute in 1925 and played on the Frosh football team.

He is held without bail.

THREE BURNED

Baby Saved By Tossing From Second Story Window

BEAUMONT, Nov. 19, (AP)—Four people are in a local hospital, three severely burned, in an early morning fire which trapped them in their home. J. Claude Dawson, his wife and her sister, Mrs. E. S. Jones of Houston are burned about the body, face and hands, while the fourth, the three weeks old baby of Mr. and Mrs. Dawson is merely in the hospital with its mother, uninjured after being tossed to safety from a second story window when Mrs. Dawson and Mrs. Jones became trapped while Dawson battled with the flames until firemen arrived.

WINNERS NAMED

Canned Food Display Awards Are Announced

The winners in the window display contest recently announced by the Canned Food Weeks committee were selected yesterday afternoon by T. A. Bradly of Perkins Timberlake and D. B. McCleary of McClurkans who acted as judges of the event.

"We found a number of splendid displays all over the city which offered a creditable degre of cooperation by the various retailers on the canned food movement."

Winner of the first prize is the Piggly-Wiggly No. 4 on Tenth and aVn Buren and the second prize was awarded to the Sanitary Market.

Harry May, general chairman of the Canned Foods Week committee expressed the thanks of the committee to the retailers whose cooperation made possible the success of Canned Foods Week.

Thousands of Sons Fail To Write to Mothers

Will the Gay Young Man Be Content to Give Up His Dance-Hall Friends After Marriage?—Anxious Mother Whose Son, Like So Many Other Busy Men, Forgets to Write.

Dear Miss Dix—I am a young man who has lived a very gay life. About eight months ago I met a beautiful and wonderful girl, not of the dance-hall, wild-woman crowd that I had been running with, but a noble, splendid woman. We fell in love with each other, and she straightened me out. I had been conceited, vain, lazy, and didn't care how I made money, but this girl made me see what a worthless fellow I was, and I went to work and we were very happy.

Last week a fellow invited me to a party and I went back to the old crowd. They made a great fuss over me. I got drunk and had a wonderful time. Well, since this party I have had no peace of mind. I love dancing and flattery and the company of wild girls, but I love my fine, pure girl, too.

What shall I do? If I marry her, do you think I will settle down and be content with a quiet life? JULIO.

Answer: No, I don't, and I think under the circumstances you would be doing the girl a very great injustice to marry her.

The trouble with men is that they make the mistake of thinking that matrimony is a sort of cure-all for whatever ails them.

They labor under the delusion that having a priest or a preacher mumble a few words over them will work some sort of miracle that will change their whole natures; that it will make a lazy man industrious; that it will quench a drunkard's thirst, and make a man with dancing feet want to put them in slippers and sit by his own fireside every evening.

Nothing of the kind happens. A man's tastes and habits and desires are not altered by a march up to the altar. The thing you enjoy doing before marriage you will enjoy doing after marriage. The places you like to go to before marriage will still attract you after marriage. The crowd that allured you before marriage will draw you to them after marriage.

And that is where the trouble begins, because after marriage you are not free to indulge yourself and follow your inclinations as you were before marriage. You have a wife to consider and you will make her very miserable if you do the things of which she doesn't approve.

No man has a right to get married until he is ready to settle down, until he is done with dance halls and dance-hall girls, until the very sight of a wild cat fills him with loathing, until a home and a good woman look better to him than anything else on earth.

You can't run with the hare and hounds at the same time, Julio. You can't have the love and the honor, and respect of a good woman and the blandishments of bad ones.

You have to choose between them. Don't marry until you make up your mind which one you really want.

DOROTHY DIX.

* * *

Dear Miss Dix—Will you please tell me why my son almost never writes to me? I often do not hear from him for months at a time and then he writes just little notes. I worry so when I don't hear from him for fear he is sick, or something is the matter with him.

ANXIOUS MOTHER.

Answer: I think, Anxious Mother, that when many a man goes up to the judgement bar the blackest score the recording angel will have charged against him will be, "He didn't write to his mother."

For there are thousands upon thousands of sons like yours. Men who have gotten so absorbed in their own affairs, who are so self-centered and selfish, that they have forgotten their old mothers.

It isn't that they have ceased to love their mothers. Oh, dear, no. Mother has a shrine in their heart where they worship in secret.

But they are busy and tired and rushed with work and burdened with anxieties, and so they put off from day to day writing to mother.

They forget how lonely she is back in the old home from which all of the children have gone; how long are the days in which nothing happens; how dull is the life that has no longer in it any hopes or plans or aspirations for itself. They forget that to mother they are still children, unable to take care of themselves and that she is always worrying about their health, and whether they remember to change their shoes when they get their feet wet and if they have the right things to eat and enough covers on their beds these cold nights.

They forget that mother's life is merged in theirs, and that there is no detail of their lives in which she is not vitally interested and which she would not love to hear about.

They forget how she watches for the postman's step of a morning, how hope springs eternally in her breast that this day will be a red letter day in which she will get a letter from her boy, and the despair and the leaden heart with which she turns away when the postman passes her by and leaves her still looking for the letter that never comes.

It is only after mother has gone where no letter can reach her, and no remorse or repentance can avail, that many a man remembers with bitter tears the letters that he forgot to write to his mother.

—DOROTHY DIX.

Household Hints

Menu Hint.

Rice fritters take the place of cereal in the breakfast menu printed here. They may be served with syrup or jelly if one likes a sweet with them, or simply with butter or bacon. If you use cocoa in place of coffee try making it in the double boiler and letting it cook for fifteen minutes and don't forget a pinch of salt.

Grape Fruits Halved.
Rice Fritters
Bran Bread Toast
Cocoa or Coffee

Today's Recipes.

Rice Fritters—Take cold boiled rice and break in eggs, according to amount of rice used, season with salt and pepper, drop by spoonfuls into hot fat, butter while hot and serve.

Suggestions.

Do You Know That—

Some brands of margarine on the market are prepared entirely from vegetable fat? This is a hint for the vegetarian. Others are made with beef suet as one of their important ingredients. Both are perfectly wholesome and may be used alone or combined with butter as a spread or in cooking.

Fish and poultry may often be eaten by persons who have been forbidden to eat meat.

Honey is easily digested generally because of the form of sugar that is present in its composition in largest quantities. Because, however, of a certain condition which obtains when the honey is being made by the bees, it may have a small amount of an element that is occasionally an irritant. The danger is very small, however.

Seen But Not Heard.

If the ticking of the watch annoys the invalid, invert a glass tumbler over the watch. You can see the time plainly through the glass, but the sound will not be heard.

Prevents Slipping.

Wind a wide elastic band around each end of the clothes hanger and the clothes will not slip off.

Avoid The Hump.

Fold the tablecloth three times lengthwise before any cross-folding is done. The hump in the center will thus be avoided and the linen will lie smoother.

KEEP KIDNEYS CLEAN, DRINK MORE WATER

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. —Adv.

The pattern is cut in four sizes: 8, 10, 12 and 14 years. A 10-year size requires three yards of 40-inch material together with 1-4-yard of contrasting material for facing on collar, cuffs and jabot.

Pattern mailed to any address on receipt of 15 cents in silver or stamps.

Send 15 cents in silver or stamps for our up-to-date spring and summer 1926 book of fashions.

Address all orders for patterns to Beauty Pattern Service, 13 Sterling Place, Brooklyn, N. Y.

Garnishes.

Appropriate garnishes for the Thanksgiving fowl are: curled celery, rosy apple, baked apples, parsley, watercress, sliced orange or lemon (this is served with duck), fritters.

GOVERNOR MA'S BUST UNVEILED

C. C. M'Donald, Wichita Falls, Presides Over Ceremony At Capital

AUSTIN, Nov. 19. (AP) — The stone bust of Governor Miriam A. Ferguson, done by Enrico Gerraccho, was presented to the state of Texas Friday. Lieutenant Colonel George S. Nalle Jr., six-year-old grandson of the first woman governor of Texas, pulled the cord that unveiled the bust which stands on a marble pedestal between the bronze figures of the late president Woodrow Wilson and the late Governor James Stephen Hogg of Texas in the rotunda of the massive granite Texas state house.

C. C. McDonald, of Wichita Falls, life-long friend of Governor Ferguson and former Governor James E. Ferguson, presided over the brief ceremonies. Harry Fisher, late of Houston and now living in Alpine, presented the bust and Charles O. Austin, state banking commissioner, accepted the work for the state.

Neither Governor Ferguson nor her husband attended. A large number of state employes and friends of the Fergusons heard the speakers.

Cerracchio, the sculptor, was presented.

Mr. Fisher said that Governor Ferguson had established a record of charity during her tenure of office, and Mr. Austin said her friends will attest the service she has rendered the state.

Intimate friends of the Fergusons made possible the gift to the state.

MRS. HALL TO PROVE ALIBI

That's Plan Defense Outlines As State Rests Case In Hall-Mills Case

SOMERVILLE, N. J., Nov. 19. (AP)—Announcement that the three defendants will testify and that their attorneys expect to establish an alibi for each, was made in the opening of the case for the defense in the Hall-Mills trial here today. The announcement came on the heels of the closing of the state's case at the afternoon session of the court after seven witnesses during the day had increased the total for the 13 court days to 84.

Henry Stevens, who is charged with his brother, Willie Stevens, and his sister, Mrs. Frances Noel Stevens Hall, with the murder of Mrs. Elanor R. Mills will be the first witness tomorrow. He will say that he was at his home at Lavellete, N. J., when his brother-in-law, the Rev. Edward Wheeler Hall and Mrs. Mills were slain on the night of September 14, 1922.

Defense Outlines Plan.

The defense expectations were outlined by Clarence E. Case this afternoon in a 45-minute presentation to the jury. Illustrating his address by a large map of DeRussey's lane and vicinity, the defense lawyer used a long common school pointer to indicate the crab apple tree under which the bodies were found, the cedar tree, where Mrs. Jane Gibson, the state's star witness, says she tied her mule, Phillips' lane and other names made familiar by the trial.

As soon as the state rested the defense produced its map. It was pinned to the wall near the jury, and Justice Charles W. Parker, presiding, took a seat among counsel to get an unobstructed view of the map representation of the now-famed DeRussey's lane. The jury also showed renewed interest.

"We will show you what is known as an 'alibi' for each of the defendants," declared Case in his opening address. "We will prove—and we believe to your satisfaction—that each defendant was elsewhere at the time this crime was committed."

Henry Stevens was at his home at Lavallette, he said, and Willie Stevens and Mrs. Hall were at their New Brunswick home until an early hour in the morning when Mrs. Hall, alarmed at the continued and unexplained absence of her husband, awakened her brother and accompanied by him, visited the church to see if he could have fallen asleep there.

Her husband had told Mrs. Hall, the lawyer pointed out, on leaving home that he was going to "see about Mrs. Mills' hospital bill" and when the church was found dark Mrs. Hall and Willie Stevens continued to the Mills' home to find it also dark.

In addition to establishing an alibi for the three defendants on trial, it was claimed that an alibi would be set up also for Henry Carpender, cousin of the defendants, held in jail here under indictment on the same charges of murder, but not tried with them. It will be shown, the jury was told, that he was the guest of friends in New Brunswick at the hour fixed for the crime.

"None of the defendants were there," said Mr. Case. "None knew anything about it."

Henry Stevens did not know of the existence of such a person as Mrs. Mills, his lawyer said. Willie Stevens knew of her, but she did not come into his life.

Mrs. Hall "Blind."

Mrs. Hall had no thought that Mrs. Mills had any place in her husband's heart other than as an earnest church worker, said Mr. Case. He pictured Mrs. Hall as living her husband's life and thinking that he lived hers. "He was to her," she said, "the perfect husband to the day of his death and for years after."

An attack was made in the address on the state's contention that the finger print of Willie Stevens appears on a calling card of the Rev. Mr. Hall found near his body. "We will show you," Mr. Case told the jury, "that the whole card business is hocus-pocus and that it is not the finger print of Willie Stevens."

Chaplin Baby Frowns On Pa's Fun.

Charlie Chaplin's antics, which have made him most famous screen star, don't seem to be getting a laugh from Charlie Chaplin Jr. The photo was made as Mrs. Chaplin and the children (one of them was asleep) were sailing to Hawaii for vacation.

MOVIE STUNT MAN CRASHES HIS PLANE TO INSURE THRILL

SAN ANTONIO, Nov. 19.)AP) Dick Grace, movie "stunt man" and dare-devil of the "wings" company, crashed his second plane before the cameras Friday morning at Camp Stanley, where production on the picture is under way.

Grace was impersonating an American aviator, who, in the sequence of the picture was shot down while attempting to steal a German Fokker plane. Grace was unhurt, except for a slight cut on the neck.

STATE BUILDS UP LEAHY CASE

Wife Says She Saw Accused Man Pay Her Spouse $40 for Crime

GEORGE WEST, Nov. 19.(AP) Having deposited their weightiest evidence in the scales of justice Thursday, attorneys seeking to convict Harry J. Leahy for the murder of J. A. Ramsey, heaped the balance with a mass of trivial details Friday in an effort to tip the beam and convince the jury that the alleged eye-witness story of the crime as told Thursday was true.

Roberto Martinez took the stand Thursday and gave a detailed account of his alleged dealing with Leahy from the time he met him until shortly after the night on which he alleges Leahy clubbed and stabbed Ramsey to death.

Today the state presented several witnesses who had seen Leahy and Martinez together at times when Martinez testified they had been together, and one witness that he saw Martinez and Ramsey together on the night of the murder, shortly before the state alleges the crime took place.

Oil Man Testifies.

Herbert Smith, who runs a filling station near Mathis testified that Ramsey stopped at his station for oil shortly before the time of the crime and that Martinez got out of the car and filled the radiator with water.

Another filling station manager testified that Martinez, in Ramsey's car, had stopped for oil early the next morning. Martinez testified yesterday that he drove Ramsey's car to San Antonio and left it there in a parking station after the murder.

Maria Cortez, who described herself as Martinez' common-law wife, testified that she had seen Martinez and Leahy together and that shortly after Ramsey disappeared, Leahy came to their quarters in Laredo and obtained the ticket for the automobile which Martinez had parked in San Antonio. She said that she got the ticket from Martinez's shirt and gave it to Leahy. She identified a ticket handed her by the prosecutor as being like the one she turned over to Leahy.

He Was Paid $40.

Martinez had testified that Leahy gave him $40 when he called for the ticket. His wife testified that she had seen the money change hands.

Mrs. Eupemia P. Lemos of Mathis said that Leahy had come to her home with Martinez and that the latter had obtained a room there. She identified belongings which Martinez had left there when he checked out, and fixed the time of his arrival as shortly before the murder, and his departure as the day of the murder.

Other witnesses supported other trivial details of Martinez's story and the state is expected to continue the same tactics until it has put every possible bit of corroborative evidence into the record.

MUZZLING THE PRESS

EUROPE'S censorship belt now embraces the Polish Republic. Marshal Pilsudski's acts have not always run along the lines laid dow in the manuals of dictatorship, but even an original and somewhat eccentric autocrat has seemingly found in necessary to subscribe to one of the fundamental rules of the business. When a man constitutes himself the voice of the nation, it is imperative that no other voices be raised. When an individual declares that he is the state, he invariably goes on to claim a monoply of public statements. By Pilsudski'e decree, upon which the Parliament at Warsaw is still to act, the newspapers are removed from the jurisdiction of the courts and placed under the authority of government officials. Fines or sentences of imprisonment may be imposed by administrative action for printing news likely to lead to a public demonstration, or news or rumors affecting a member of the government, or "derogatory" matter in general. This is a close approach to conditions in Russia and Italy.

Despotism instinctively wars upon free discussion. Freedom of speech and the press is resented because it is criticism. In the long run censorship always proves futile, and this would be particularly the case in countries like Russia, Italy and Poland with a large illiterate population and a comparatively small newspaper reading public. Where the reading public is normally restricted and compact, information manages to circulate despite the censor by word of mouth by letter, by smuggled literature. The fashionable drawing room and the popular cafe become news distributing agencies. Invariably there arises an underground press. Muzzled newspapers in the United States, Great Britain, France, Germany would mean a nation-wide embargo. In the European dictatorship zone they are merely a handicap upon a minority which is usually surmounted. The news gets around in some form. This was true in Czarist Russia, where methods were perfected for saying in the form of a literary review or an essay on classic archaeology what was forbidden to be said in the form of a political article. Prohibited newspapers were published abroad, smuggled into Russia and circulated from hand to hand. One of the most assiduous readers of Alexander Herzen's famous illegal paper "The Bell" was the czar himself.

Peculiarly lacking in profit would censorship be with respect to foreign opinion. When the lid is clamped down upon the press in Italy or Poland or Russia, the outside world must look for its news to the officially controlled or censored newspapers, and to the opposition news flashed from somewhere just outside the frontiers. It is not very reliable news about Russia that comes out of Riga or about Italy out of Chiasso, but the foreign reader is apt to credit it with the authority that attaches to a press that at least is free. If Moscow complains about the lies from Riga, or Rome about the lies from the Swiss frontier, they have themselves to blame. All they need to do is to permit free newspapers inside the frontiers. Plain Americans will always find it hard to understan.. why a government which professes to meet the innermost needs and desires of its people, as communism and fascism regularly do, is afraid to let people speak out.

THE WEEK

CAR unloading established a new record during last fortnight with the progress of Queen Marie's special train through the northwest.... Sir Thomas Beecham intends to settle in the United States, where he finds musical intelligence on a far higher plane than in Great Britain....Mr. Osborn Sitwell intends to produce his new play in the United State, where the drama stands on a far higher plane than in England....European finance ministers are devoting much thought to America, where the gold reserve stands on a far higher plane than on the Continent....Readers are complaining that the Hall-Mills case is more than a crime; it is a bore....Harvard and Princeton being both open to new engagements, it is rumored that an offer may come from Mr. C. C. Pyle ....If, in the case of feminine visitors to the United States, Red be accepted as synonymous with blonde, then it may be stated that Secretary Kellogg does not prefer them.... Heavy rains in New York state have completed the discomfiture of the Anti-Saloon League by filling up the Ashokan Reserve.

HOW THEY VOTED

ON a plain count of votes in eight states on the prohibition question the wets had it, but the dry leaders say that many of their voters boycotted the referendum. In Indiana many proposals or amendments to the constitution were on the official ballot. They were voted down by an overwhelming majority. In Oklahoma numerous amendments were submitted to the people. Not one escaped the hostility of the voters.

Colorado had its share of amendment. One was a proposal to allow dental school graduates in that state without state examination. This amendment was defeated by a majority of 100,000. In all the states where referendums were held more than 8,000,000 voters expressed themselves. In Texas four amendments were submitted to the people and all four carried.

Two are very important. One changes the penitentiary system from a three headed affair to a board of seven non-salaried directors, these directors to select a warden or business manager who will be subject to removal without a court order or legislative inquiry as to his management of affairs.

Another provides that school lands located in one county and owned by another county shall pay state and county taxes. This has not been the rule or the law in other years.

There is going to be a revolution in the system of prison management in Texas in the near future, that is, if the lawmakers of the 40th get quick action.

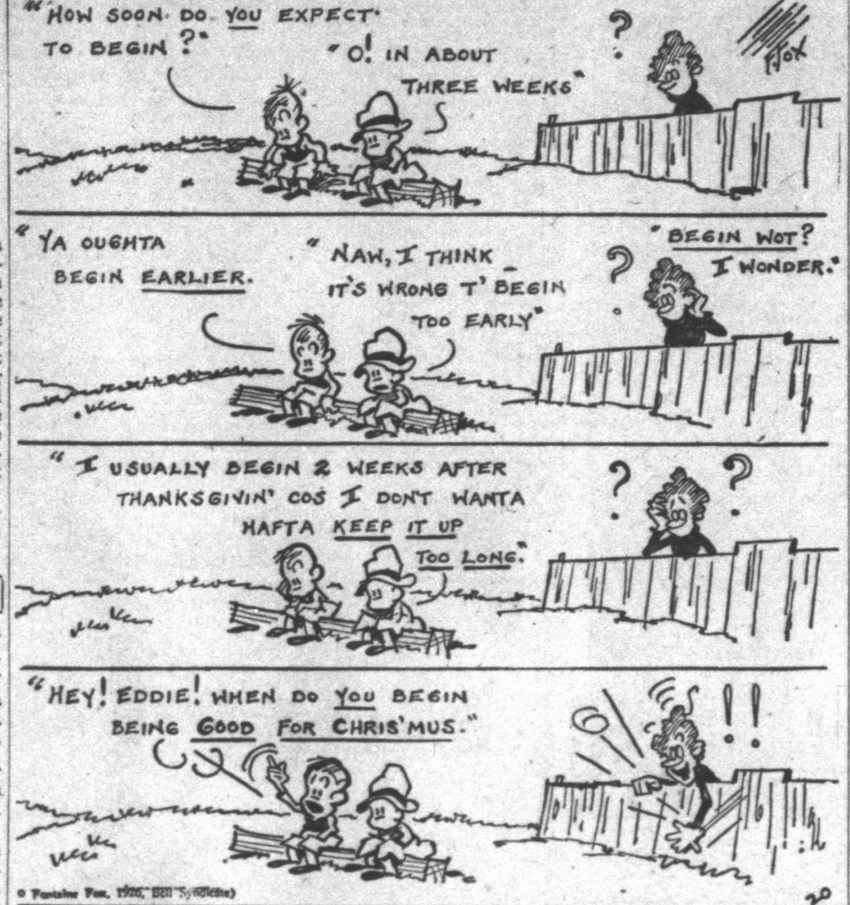

TEXAS SHEEP INDUSTRY

IT is announced that the Sheep and Goat Raisers association of Texas in 12 years has grown to be one of the most influential producers' organization in the United States. This Texas organization has a thousand members. They represent the ownership of a million head of sheep and goats. They have launched a campaign to gather in all the sheep and goat raisers in the wool districts of the state.

These are the aims of the association laws enabling the sheep and goat men to exterminate preditory animals and rodent pests; to secure protection against and prevent the spread of scabies; to require the labeling of livestock remedies and the filing of formula; the enactment of truth-in-fabric bills by both congress and the state legislature; requiring woolen goods to be so stamped as to show the content of virgin wool and the retention of the present tariff.

There are Texas Democrats, congressional representatives who voted for the tariff on wool. They are certain to vote to retain the tariff. There are lawmakers who are interested in the sheep and goat industry who will push protective measures this winter under the big dome at Austin. Joseph A. Kemp, the father of irrigation in Texas insist: that the sheep industry is certain to become one of importance in the irrigated sections.

It Won't Be Long Now.

THE Fun Shop

By Maxon Foxhall Judell.

"Always Room For One More."
The phonograph has had its day.
But the funny-graph is here to stay.
So Let's get busy with 'em, Folks,
And swamp THE FUN SHOP
Chief with jokes!
Us Business Men!

Johnson: "How's business?"
Jones: "Not bad."
Johnson: "How are your collections these days?"
Jones: "Getting 'em right along; more than I did last year in fact."
Johnson: "That's remarkable! By the way, what business are you in?"
Jones: "I drive the garbage-wagon."

ABIE'S IRISH ROSE
(A Fun Shop Drama)
By George Meehan

Act 1

(Scene: Outside the synagogue. Abie's father and two friends are talking over the latest news.)

Abie's Father: "Hummm. Dun't esk. A shickse he should marry! He wants I should have it a goy for a fadder-in-law. Yi, yi, yi."

Friend: "In de pants you should kick him."

Abie's Father: "I couldn't do it. It's a new suit."

Act 2

(Scene: The home of Abie's sweetie. Her father and mother are scolding her.)

Mr. Murphy: "Ye omadhaun! Befahr Oi'd see ye marry wid that scum Oi'd see ye locked up in the crazy house."

Mrs. Murphy: "Ye undutiful spalpeen! A girl should marry her parent's choice even if she nivver finds inybody in her life to suit thim."

Abie's sweetie: "With all due respects to the both of you, I don't think either of you is such an expert at picking that I should follow your advice."

Act 3

Scene: The home of Mr. and Mrs. Able, some time after the wedding. He has returned late for dinner and she is weeping.

Abie: "Weeping with wailings I should hear? Because I referee it a game wod de Ku Klux Klan should play it baseball wit de Knights from Columbus? Yi, yi, yi! Sobbing wit crying, you are. Ain't I good by you? Look once at de nize diamond I give you."

Mrs. Able: "It isn't a good rock. It's paste."

Able: "Vell, ain't you Irish?"

Mrs. Able: "What's that got to do with it?"

Able: "Vell, it's a sham-rock, ain't it?"

(There is a terrific noise of breaking crockery as the curtain falls and the orchestra plays, softly, "My Wild Irish Rose.")

Aiming High

Gerald: "Well, Bill, I have realized two of my greatest ambitions."

William: "What are they?"

Gerald: "I have won a Picture Title contest and I have broken into the FUN SHOP."

—Elswood Fargey.

WILLIE WILLIS

"We was goin' to have a chicken for dinner, but I wanted to see if I could catch it if it got loose, an' couldn't."

NOW WHAT DO YOU KNOW ABOUT IT?

DAILY SCIENCE SIX.

1. What is the rainiest part of California?
2. What is the driest part of California?
3. What is California's fault line?
4. What is the highest part of California?
5. What is the lowest part of California?
6. What is the swampiest part of California?

Answers to these questions in Monday's Record News.

EXPLODING RICE.

Strange things happen in California and strange tales are concocted about it, both by those who like it and by those who don't. One of the strangest, but quite true, is the story of an accident in Half Moon Bay. A wooden sailing vessel carrying rice stranded on the shores of the bay in a storm, and while there got water-logged. The water seeped in to the hull, crammed with dried rice, and the rice-kerneis, which have always a powerful thirst on them, starting drinking up the Pacific ocean. They swelled and swelled until the walls of the ship exploded under the awful pressure of the bloated kernels.

Now what do you know about that?

Answers to Yesterday"s Questions:

1. Helium is given off by radium.
2. It is not known why radium is hot, other than that radium, like electricity, seems to be a heat-energy in itself.
3. Radium is so hot that it will cause serious burns if not carefully used.
4. Radium is obtained by extraction from certain rocks.
5. Radium was discovered by the Cures.
6. Radium as it looses its enegry appears sometimes to turn to lead, which is an exception to the rule that a chemical element is not jewels of the former imperial

Seven miles of scenic roads touching points of interest now inaccessible to automobiles are to be built in Kilauea National park, Hawaii.

Lyrics of Life

By Douglas Malloch.

EXCUSES

A funny old teacher, a queer little school.
Were mine in the days of the past;
And yet I remember one regular rule,
And know that I shall to the last,
We sometimes were absent for some little thing,
But seldom without any use;
For, when we were absent, he told us to bring
A reason, and not an excuse.

Our dad might be easy, our mother be kind,
And let us stay home for a day,
Then give us a letter, all carefully signed,
Which said they had kept us away.
"For what?" asked the teacher. To help with a task,
Or merely to run around lose?"
Yes, when we were absent, he always would ask
For a reason, and not an excuse.

Forgotten some lessons he taught me, I guess,
But one of them never will dim;
And, if I have won any little success,
I give half the credit to him.
One lesson he taught to the lass and the lad
I've found of occasional use:
For, when I have fallen, I saw that
A reason, and not an excuse.
I had

Gentlemen Prefer—

She looked at me, I looked at her
Her glances seemed to soy, "You cur!"
The car was packed, you understand.
And though she was late, and had to stand
And though she glared and glared and glared
And everybody stared and stared
And though she trod upon my feet
I did not offer her my seat.
Perhaps you think that makes me out
A scurvy, low-breed, boorish lout;
A dumb, unletterd, churlish clown?
You're wrong. I wasn't sitting down!

—Frank L. Bireeanty

"I'M THE GINK"

I'm the gink who likes to hunt, fish and play golf. And I never have enough to do them with. I borrow guns, fishing tackle and golf clubs. My excuse is that I get a chance to do any one of them so seldomly that it doesn't pay me to buy them. For that reason I let your gun come back uncleaned and maybe a bit rusty. Your fishing tackle, part of it, may get back. The hooks and things I lost I am sure don't need replacing. As for golf clubs I may bang up a few and get them dirty, but that's all right. I don't care. I find it increasingly hard to borrow, but I keep on trying.

Historic Landmark Goes When Fire Levels Marriott Hotel at Electra

Special to The Record News.

ELECTRA, Nov. 19.—An old land mark in Electra, was burned to the ground at 8:30 Friday morning when the Marriott hotel, which was built in 1910, and which has stood as a bold and accomodating haven of rest since that time on South Wichita street was burned to the ground. The old building, which was a wooden structure not only marked the passing of a land mark, but also threw the Rotary club, the Lions club and the chamber of commerce members without a place to hold their weekly luncheons until other arrangements can be made.

The hotel caught fire from Junior Cross, small son of one of the maids in the hotel sticking a box of matches behind the bed in his and his mother's bed chamber in the rear of the house, adjoining the bath room. The bed clothing caught fire, which in turn ignited the entire house. The little fellow was alone in the room at the time and the room having a Yale lock, his life was feared for for a few moments.

The damage to the building and furniture is approximately $10,000, with the loss to the building being $8,000 and to the furniture which was not saved amounting to approximately $2,000, however, a great deal of the furniture from the front rooms was carried into the street. The furniture was partially covered as was the building, which had $4,000 on the building itself and $1,000 on the fixtures.

About a year ago the building was sold to Ruben R. R. Cook, president of the First National bank, with the agreement that Mrs. Mary Jowell should occupy the building and conduct it as a hotel for the period of two years, which makes it possible for her to hlod the building for an additional year.

The Electra fire department was called and did excellent work in saving the adjoining buildings, which includes the Electra hotel, another huge frame structure and the Farmers elevator across the street. The junior fire department, composed of Boy Scouts was on the scene and had charge of the traffic, doing splendid work for practically every business house was closed up during the early part of the excitement. The Marriott hotel is the third hotel being built in Electra and is the second building on that plot of ground, the first being a hotel and was burned to the ground the first day the J. H. Marriott Sr., family moved in. The building originally cost about $10,000 when first built back in 1910.

The first hotel was torn down several years ago and stood at the place where the Sumner-Colly Lumber company now stands, and the other is the old Electra hotel on West Cleveland avenue.

ROBBED OF $90

Haskell Young Men Hi-jacked On Road to Throckmorton

Special to the Record News.

HASKELL, Nov. 19.—Godby Leflar and Henry Lewellen were held up last Friday evening on the Throckmorton road east of town, and were relieved of about $90 in money and a quantity of whiskey according to the report of local officers. E. C. Fletcher was arrested in a few hours in Stamford by Sheriff J. C. Turnbow, charged with the crime. It is reported that a portion of the whiskey was found in his room at a Stamford Hotel. Fletcher was brought back to Haskell and lodged in jail awaiting the action of the grand jury now in session.

QUIT COTTON

Farmers Report Much Grain In Haskell County

Special to the Record News.

HASKELL, Nov. 19.—Thousands of acres of grain will be grown in Haskell county during the coming year compared with a very small acreage during the past. Oats, barley and wheat are growing off nicely due to the moist condition of the soil. The Cotton Acreage reduction association of Haskell county in co-operation with the Texas Bankers' association in encouraging the reduction of the cotton acreage 25 per cent and the planting of a great acreage of the land in cultivation to feed, small grain and other such crops.

Ravages Wrought By Constipation Are Appalling!

Constipation is a bad habit—a dangerous habit!

Constipation is probably the origin of more sickness and disease than all other causes combined. Professor Poges, of Vienna, says—"It is the most prolific source of disease." And other authorities declare that nine out of every ten persons are slowly poisoning themselves by letting CONSTIPATION continue.

Constipation can easly be stopped!

But you can't do it with ordinary methods. Salts, oils, cascaras and such things only reach part of the intestines and partially clean them. KLOK-LAX, on the other hand, clears and cleans out every inch of the twenty-eight foot drainage canal, including the stomach, upper and lower intestines.

That's the only way to really STOP CONSTIPATION. And KLOK-LAX is so easy and pleasant ta take—just a tablet with a swallow of water at 9 tonight. No nausea—no griping—no time lost. Then tomorrow, with your system thoroughly cleaned out of all poisons and wastes, you feel bubbling over with energy and vigor.

KLOK-LAX is the new improved method of overcoming constipation. Contains ingredients now recognized the world over for completly cleani- out the entire intestinal tract.

Everybody is using KLOK-LAX. And with poisonous wastes cleaned out, they find headaches gone, skin cleared up, appetite with a hearty-taste and breath sweet and clean—and instead of that dull, draggy, slu--ish feeling, they are active and alive.

Get KLOK-LAX at any good druggist.—adv.

Human Nature on the Half Shell

—By Joseph Van Raalte—

WHEREIN WE SHED A TEAR

The howl over bobbed hair having died down and comparative quiet restored, some moon-eyed male gets up on his hind legs to bewail the passing of the hairpin

"We hear of the vanishing horse, the vanishing blacksmith, the vanishing Indian, the vanishing waist-line," he moans, "but who is there to tell the miseries attendant upon the vanishing hairpin?"

Nobody, apparently, for the worthy brother immediately sets about the task with a soul full of bitterness and a heart that aches with longing.

The curse of the bobbed bean, he tells us, has blighted hairpin manufacturing, and if we are not vigilant we shall no longer be able to buy hairpins.

"We shall thus be deprived of this valuable house-hold tool," he adds, "so handy to every man. Recently I did some plumbing work and requiring a stiff wire that could be bent, I procured a hairpin and completed the job in a jiffy. There is nothing handier to clean a clogged sink with than a hairpin There is nothing better to pick a lock. Hairpins have been used for years to button shoes and gloves. It is invaluable in tinkering with an automobile. Something must be done. The hairpin must be permitted to vanish with the Indian, the suspender, the hand-painted cuspidor and the saloon."

We sympathize with the dear brother in his misery, but it's beginning to look as if there's no hope for the hairpin. Its sun is set. Its day is past. Its doom is sealed. Its goose is cook..d.

Big boy will have to do what some of us did when Volstead voided vodka. He'll have to get him a nice dry little cellar and lay in a stock of hairpins; and when his wife wakes him up at 2 o'clock in the afternoon with the request that he unclog the kitchen sink, he won't have to stand around the kitchen in his bare feet, cussing the bob and other modern manifestations.

MEMPHIS CROPS HURT BY WIND

Damage Reported Heavy In Deeplake Community By Farmers

Special to The Record News.

MEMPHIS, Nov. 19—A. S. Beavers of the Deeplake community, about 18 miles southwest of Memphis, was in town yesterday and reported much damage to crops and property in that community from the storm of Tuesday night, which assumed tornado proportions. Many windmills were blown down and hundreds of bales of cotton blown out on the ground, besides one side of the tile building on the Holden farm, two miles west of Lakeview, being blown in. The house was occupied by Billingsley and family, but fortunately none of them were injured.

The damage to cotton will run into thousands of dollars, and will make the cotton left on the stalks hard to pick.

AUTOMOBILE CLUB

Childress Motorists Affiliate With American Automobile Assn.

Special to The Record News.

CHILDRESS, Nov. 19. — The Childress county automobile club affiliated with the American Automobile association, was organized Wednesday night with 68 charter members. Clint Rogers was elected president. The chamber of commerce is headquarters and Red and Jack's garage is the official shop.

SHOW CHANGE

Change Poultry Show Requirements To Include Utility Birds.

Special to The Record News.

CHILDRESS, Nov. 19. — The Childress county poultry show to be held here December 17, 18 and 19 will likely be changed to a utility poultry show, which will allow exhibition of all birds of any commercial value instead of merely show birds, according to Emmet Reeves, head of the Childress Poultry Raisers association.

BURK SOCIETY

Special to The Record News.

BURKBURNETT, Nov. 19.—The Know the World club held its last meeting at the home of Mrs. J. H. Farquhar one of its new members where a most enjoyable session is reported. The hostess was assisted by a visitor, Mrs. James Stancell in dispensing the hospitality of the hour.

The program was one of unusual interest in that it carried forth a full review of the qualifications and value of the General Federation to state and individual club members. The subjects under discussion were the following: "The Growth and Power of the General Federation of Women's Clubs" by Mrs. J. H. Minter, "The General Federation," by Mrs. Scoch, "What the General Federation Does for the Individual,' 'by Mrs. W. P. Sims. The general leader was Mrs. L. B. Hoer.

Following the program a delicious plate luncheon was served which carried out the club colors of lavender and green and was most enjoyable.

Those present were Mesdames L. B. Horr, Mahoney, William Bradley, Grant, Poulk, Sims, Perry Wheeler, Sites, Leith, F. W. Moore, Bishop, Farquien, Hill, Minter, Schoch, Hauser and two visitors, Mrs. Clara Davis and Mrs. Stancell.

The company departed thanking Mrs. Farquhar for a most enjoyable study and social session.

MEMPHIS BAND ELECTS

Special to The Record News.

MEMPHIS, Nov. 19.—The Memphis band held a meeting Monday night and organized for the coming year. The finance committee reported that most of the finances had been promised, necessary for the year's work.

The officers elected were J. E. Bass, president; Harry Delaney, vice-president; R. E. Stroup, business manager; Omer Johnsey, secretary-treasurer; E. C. Johnson, publicity director. Directors W. C. Milam, Frank Fore, T. J. Dunbar, Sr., J. A. Odom and the above named officers.

Mid-Continent Registers Slight Decline In Number of Operations

Oil operations in the Oklahoma, Kansas and Texas portions of the Mid-Continent reached a total of 3,875 during the week just ended, the Oil Weekly will say Friday.

All state fields registered a decline in field work during the past week. While Oklahoma and Texas fell off only slightly, Kansas had a marked decline by going from 495 to 472 in its total number of operations.

Following is the table prepared by the Oil Weekly:

District	Locations	Rigs	Drlg. Wells	S. D. Wells	Completions	Total
TEXAS:

News of The Fields

CRANE-UPTON FIELD.

Gulf State Oil company's No. 1 Lassiter, in the southwest corner of section 35, block 30, University lands of Crane county, Texas, topped the sand at 2,975 feet, drilled to a total depth of 3,061 feet, and swabbed 145 barrels.

WINKLER COUNTY.

Westbrook and McCamey's No. 1 Hendricks, in the southeast corner of section 42, Winkler county, Texas, most westerly producer, made 137 barrels Tuesday and 115 barrels Wednesday. It is flowing steadily through tubing.

FIRST DRY HOLE.

The Seminole field's first well to be plugged to abandon is Tidal-Osage Oil company's No. 2 Harjo, in the southwest corner of the southeast of 23-9-6, which topped the Wilcox sand at 4,226 feet, and at 4,230 feet started showing water. At two feet lower, or a total depth of 4,232 feet, hole started filling with water.

JAFFE, MITCHELL.

Harry Jaffe's No. 3, Mrs. Mitchell, located in block 9, Patience Castleman survey, southwest of Iowa Park in Wichita county, is drilling below 1,900 feet having missed the 1,860 foot pay in that pool.

CONSOLIDATED-ROXANA.

Consolidated Oil company and Roxana Petroleum corporation have made location for No. 1 S. J. Allison, 150 feet out of the southeast corner of the north 40 of the west 56157 acres of the southeast quarter of block 165, T. E. L. survey, west of Orth in Young county.

BATEX EXTENDED

Western Oil Corporation Finds New Shallow Pay Horizon

The Western Oil corporation has a well in south Clay county which is showing up in its present stage to open up a new shallow pool. It is located in the northeast quarter of section 2623, T. E. L. survey, and several miles north of Antelope. The hole filled up with oil from 14 feet of the sand which was topped at 822 feet.

This well extends the Batex pool approximately two miles to the north.

MARLAND, ANDREWS.

Marland Oil company and Bass and Dillard are drilling at 720 feet in No. 1, Andrews, located in block 143, Robt. Carson survey in Archer county.

ROXANA ET, AL, NETHERTON.

Raxana-Whittekin and Harry Hines No. 1 Netherton, located in the southwest quarter of section 11, A. T. N. C. L. survey, Archer county, is ratholing at a depth of 1,387 feet.

CONSOLIDATED, KINDER.

Consolidated Oil company and W. D. Shedden are drilling at a depth of 1,525 in their No. 2 Kinder, located in section 63, Clark and Plumb survey of Archer county.

CANARY-HINES, GREGG.

S. C. Canary and Harry Hines No. 1 Gregg, a deep wildcat test south of Davidson in Tillman county, Oklahoma is drilling at a depth of 2,275 feet.

DONLEY COUNTY TEST.

CLARENDON, Nov. 19.—The hardest gyp rock that has ever been encountered by the drillers in their many years' experience has been found in the A. T. test, a wildcat drilling in Donley county in section 39, block C-3, north of the river and between Clarendon and Jericho, 120 feet of solid gyp rock was encountered before the 700 foot drop was made. The drill is going down at the 706 foot level.

HUNTERS GET 8-POINT BUCK

Local Party Back From Big Hunt in Llano County Mountains

A party of Wichita Falls sportsmen who returned Friday from a two-day excursion of the Llano river country in Mason county report the bagging of a large eight-point buck on the first morning out.

Game of all kinds is plentiful in the Llano country, according to members of the party which consisted of T. E. Wright, Geo. E. Spangler, G. W. Wright, Claude Lovell and Edward Wright Jr. Fishing was also indulged in by the Wichitans and they report an abundance of that variety of game.

The woods are thick with hunters and on the morning spent in Mason there were at least 150 nimrods seeking lodgings and licenses.

Zundelowitz PTA Meeting

First Meeting at New School Is Held Friday By Parent-Teachers

A large attendance of mothers and teachers were present Friday afternoon at the first meeting of the Zundelowitz P.-T. A. meeting in the new Zundelowitz Junior High school, when officers were elected for the year. Mrs. W. S. Curlee was chosen as the president, and other officers were elected as follows: First vice-president, Mrs. J. D. Bright; second vice-president, Mrs. E. P. Bass; third vice-president, Mrs. B. M. Hester; secretary, Miss Ruth Stayton. H. A. Glass, principal of the school, called the meeting to order, and Mrs. John C. Kay was asked to preside over the election. Mrs. Curlee called on each of the newly-elected officers for a speech, after which Dr. J. W. Cantwell, superintendent of schools, made a talk and Mr. Alvis, member of the state department of education from Austin, also made a short speech. Thirteen of the girls who are members of the school pep squad led several yells for the association, after which all adjourned to the cafeteria, where refreshments were served.

THANKSGIVING

Rev. W. R. Johnson Will Speak at Electra Service.

Special to The Record News.

ELECTRA, Nov. 19.—Rev. W. R. Johnson, formerly pastor of the First Methodist church of Wichita Falls, but who was appointed presiding elder of the Northwest Texas district, at the recent conference in Wichita Falls, will deliver the Thanksgiving service at the First Baptist church Sunday evening of this week preceding Thanksgiving. This is according to the custom, being the Methodist year to have charge of the service and Rev. H. E. Anderson, the pastor, is confined to the hospital in Sherman.

Mrs. Bruce Frazier has arranged quite a musical program for the occasion wit hseveral taking solo parts. At the conclusioin of the service a free will offering for the United Charities will be taken up.

CLOTHES BURN

Fire in Closet of Electra Home Causes Damage.

Special to The Record News.

ELECTRA, Nov. 19.—Fire of undetermined origin destroyed the wearing apparel of Mr. and Mrs F. E. McMullen and daughter, Norma, about 3 o'clock Thursday afternoon. The first was discovered in the closet in which the family clothing and quite a bit of bedding was stored in the closet. Mrs. McMullen was at home at the time the fire was discovered. They lived on East Bryan avenue.

CHRISTMAS PROGRAM.

Special to The Record News.

Among those who will assist in the program are Maryajo Smith, Joe Penick, Sonia Lieberman, Mary Ella Pelley, Carl Andrew Reid, Edith Carolyn Walker, Wendall Zimmerman, Harold Wooldridge, Mary Virginia Wilson, Margaret Cash, Margaret Culwell, Virginia Holt, Louise Lieberman, Helen Whiteside and Mrs. Lonnie McCord.

Family On Stage

Violet Kemble-Cooper, English actress, now starring in a New York play, is a member of a stage family that was founded by Roger Kemble, who was born in 1721 and members of which have always been actors and actresses and have married into stage families.

Hermit Carves Figures On Cliffs

A weird gallery of people, carved on the granite cliffs of the Brittany coast near St. Malo, astounds American tourists. The sculpture is the work of the Abbe Faure, Hermit of Rotheneul, who carved the rocks for fifty years. Top picture show part of the carvings; below, the hermitage of the Abbe.

Aproaching the rocky coast of Brittany from the sea, near St. Malo, American tourists come upon a strange and impressive scene. The towering cliffs of the little fishing village of Rotheneuf have been transformed into a weird gallery of people. It is the work of the Abbe Faure, the Hermit of Rotheneuf. Margaret E. Powell, Central Press correspondent in England, designated to get the history of the Hermit, relates a remarkable story.

The Abbe Faure dwelt alone in a tiny cottage in Rotheneuf for more than 50 years, and was in the habit of wandering in solitary meditation on the shore in the shadow of the dark, formidable rocks. Gradually he conceived the idea of carving on the face of the cliffs, life as he saw it. He had no technical knowledge of sculpture, but, none the less, with painstaking care and astonishing skill he set about his task, and slowly the grim, granite wall of rock became changed into a world of people.

All sorts and conditions of life are represented there—the haughty village magnate, by whose side rest two elderly lovers, smiling with inane content, monks in long, flowing robes, soldiers dead on the field of battle, mothers nursing their little ones, a wrathful husband pulling his refractory wife by the hair. It is a busy, bustling, everyday world, strangly turned to stone.

40-Hour Period For Sacramental

Sacred Heart Church Will Be Scene of Devotional Ceremonies

Sacred Heart church will observe the annual celebration of the forty hours devotion beginning Sunday at 8 a. m., continuing until 8 p. m., and from 6 a. m. to 8 p. m. both Monday and Tuesday. The ceremony is observed in honor of the blessed sacrament in honor of the to the Eucharistic congress held earlier in the year at Chicago. The sacrament remains exposed on the altar for adoration during the 40 hours, and a number of persons must be in the church all the time for silent prayer.

Rev. Father Mosler of Bomarton will preach in Bohemian at 7 o'clock with closing exercises at 7:30 o'clock by Rev. Father Charles Dvorak of Childress.

At the mission, Our Lady of Guadaloupe, Mother of Charity, mass will be conducted in Spanish by Rev. Father Gabriel Tous, T. O. R. of Waco, at 9 a. m., and Sunday school will be held at 8 p. m., it was announced.

FATHER-SON BANQUET

Special to The Record News.

CLARENDON, Nov. 19.—The fourth annual Father and Son banquet will be held in Clarendon Tuesday, November 30, in the basement of the woman's building at Clorendon college. The banquet will be served by the home economics department of the college.

ELECTRA PLANS BIG XMAS FETE

Plans for Civic Festival On December 8 Brought Into Shape

Special to The Record News.

ELECTRA, Nov. 19.—Extensive plans are underway for the largest celebration of its kind to be held in the state when the merchants of Electra will put on a Christmas party down-town the night of December 8 from 7 until 12 o'clock in the evening.

The program will include the entire talent of the city and surrounding country, and various organizations are making plans for it, to appear in full force and full regalia. W. A. Hughes, chairman of the committee announces that much interest is being taken in the rural communities, with the rural schools, Barwise, County Line, Harrold and Powykes and the Home Demonstration clubs under the direction of Miss Ethel Louise Webb to give several stunts.

The Lions "Club" band of 30 pieces with their leader Lloin Seed of Wichita Falls will appear in full regalia as the Electra "Cawpasture Jazz Band," and an old fiddlers contest wil lalso be staged with several state-wide important fiddlers t obe contestants.

This will be under the direction of the merchants bureau of the Electra chamber of commerce, with the various clubs of the city assisting.

AIR LANDING FIELD

DISTRICT ROTARY DELEGATES HEAR PLANS FOR OSTEND MEET

HIGH NATIONAL CLUB OFFICIAL SPEAKER HERE

Allen Street of Oklahoma City, First V.-P. Rotary, Gives Talk

Rotarans of zone two met in their first conference in this city Friday felt themselves honored with the presence of three officers of Rotary International and Will Edwards, district governor of Rotary of the 41st district. Allen Street of Oklahoma City, first vice-president of Rotary International, I. B. Tom) Sutton, Tampico, Mex., member of the board of directors, and Walter B. Cline of Wichita Falls past district governor, and chairman of the convention committee of Rotary International, were present for the meeting and were given addresses on the program of the day.

Cline Speaker

Mr. Cline spoke at the afternoon session on "The Ostend Convention," which is to be held in Ostend, Belgiun, next May. He discussed the program that is to be held and spoke of the convention as a place where the delegates may receive an education. "The word adaptibility is a good word," Mr. Cline said, and he urged Rotarians to go to Ostend with that idea in mind. To see the people as they really are, to meet them with a wholesome, uncritical spirit, will do much to promote a better understanding of them and help in creating a better spirit between the nations, the speaker said.

Mentbning some of the high spots of the convention, Mr. Cline told of the visit that King Albert will pay to the Rotarian delegates the opning morning of the convention; the programs which will be given by speakers from all countries, including two from the United States, one of the International, President Harry Rogers of San Antonio; discussion of Rotary ethics in business taken from the medieval guild to the present time. By way of explanation he showed how the French considered it almost an insult to speak of their business methods, for they believe their honesty should not be questioned.

On Hotel Service

He explained something, too, of hotel reservations, how prices range in the various hotels of the city.

"Fellowship in Rotary" was discussed by Raymond H. Nichols of Vernon who gave splendid illustrations of the meaning of fellowship in the life of a boy and brought the story through until the life had grown old and yet the fellowship was fine.

Bruce Shulkey of Olney discussed "Boys' Work," and included a report of the student loan fund in the district. W. P. Killingsworth spoke on the Waco conference; Will B. Hogg of Burkburnett discussed the "Rotary school," and C. A. Rogers talked on "The Philosophy of Rotary."

"The philosophy of Rotary stands or fals on the one proposition—the fundamental law of business, service, an indispensible factor. Financial equillibrium and economic balance, locally, nationally and internationally can become a reality only through taking proper cognizance of this fundamental. Rotary can never die; the good in it can never be destroyed," the speaker said.

Electran Speaks

In the morning sessions E. R. Brown of Electra was the first speaker and he gave briefly a history of the "Organization and Growth of Rotary." George Kinter of Burkburnett talked on "Rotary of Texas." Garland Shell spoke on "Inter-City Meetings," Arthur J. Keyes of Quanah, on "Better Business Methods;" and Tom Wikes of Nocona on "The Rotarian Magazine."

The meting opened with introduction of guests and a sing-song led by Ava Willgus. A. E. Myles, president of the local club, presided.

FALLS ON KNIFE

RAYMONDVILE, Texas, Nov. 19. (AP)—Frank Golston, a cook in a cafe here yesterday stumbled and fell running a butcher knife through his hnad.

Last Two Confederate Generals

RICHMOND, Va. Nov. 16.(EFS) A search made from here, capital of the confederacy, reveals that but two generals of the army of the "Lost Cause" survive. One, John McCausland, is living on a farm near Charleston, W. Va. The other, Felix Robertson, resides near Waco, Texas.

General McCausland still supervises work on his farm in the Kanawha valley. A daughter keeps his home, and his three sons live nearby on their portions of the farm property.

His memory of war days are fresh and vivid, and he likes to talk about his part in the conflict. His impressions center mainly around two cities, one of which hailed him as its savior, the other charging him as its destroyer.

One of his treasures is a sword engraved "The citizens of Lynchburg, to General John McCausland, June 18, 1864." The date is that on which, exactly a month after he was commissioned a brigadier general to command the Jenkins cavalry, whose leader fell in battle, McCausland stopped the advance of General Hunter's Virginia raid and gave his superior, General Jubal Etarly, time to occupy Lynchburg and turn Hunter back.

It was at his command that the torch was set to Chambersburg, Pa., July 3, 1864, when its residents demurred to a demand for $100,000 in gold. Letters from General Early and from President Grant, in later years, justified General McCausland, but feeling after the war was so bitter that for two years he wandered through Canada, England, France and Mexico, virtually an exile.

It is recorded that he never surrendered to Union forces.

It is reported that a few days ago in Galles, General Felix Robertson now, was hobbling across the street when he was stopped by a traffic policeman, who told him he would have to turn back as the signal was against him.

"Young fellow," said the veteran, "I never surrendered to a blun unifarm but once, and I've never turned back in the middle of the battle."

The policemtn recognized a familiar face, saw the confederate veteran's button and let him pass.

His memories, too are clear.

Robertson was appointed to West Point by General Sam Houston in 1857. He was a class-mate of General Custer.

The battle of Shiloh found him a captain and from then on he was in every great battle fought by the army of Tennessee. He rose until he became brigadier general in Wheeler's cavalry.

He was wounded in the left arm at Buckhead Church, Ga., just before the end of the war. A few weeks previous, he had been appointed a major general, but the commission was captured by federal troops. He was the youngest general in either army.

A short time later he rode up to the headquarters of General Kilpatrick, Union commander at Macon, Ga. A group of young Union army offices observed with some astonishment the figure in gray.

"It's Felix," exclaimed one. There was a rush toward the confederate with much hand-shaking and warm greetings.

It was the end of the Civil war. The general, having disbanded his command, had come formally to surrender, and had fallen into the hands of his former West Point classmates. The comrades of school days made up a fund of $180 in gold for the enemy officer, who possessed nothing but a saddlebag full of worthless confederate money, and with this gift sent him on his way.

KILLED IN GIN

C. G. Chestnut, 40, Dies in Gin Accident.

Special to The Record News.

CHILLICOTHE, Nov. 19.—C. G. Chestnut, age about 40, of Kingfisher, Okla., was instantly killed at the Farmers Co-Operative Gin where he has been employed for seven weeks, when he was caught in a line shaft and badly mangled. He is survived by a wife and four or five children of Kingfisher. Funeral arrangements have not been made.

VERNON, Nov. 19.—Wilbarger county gin reports show 36,230 bales of cotton ginned this year. This is over 5,000 more than were ginned at the same time last year, which amounted to 33,671 bales.

STREET URGES BE NEIGHBORLY

U. S. Rotary Vice-President Makes Main Address At Conference

"Get acquainted with your neighbors; make this neighborhood world of ours more neighborly," was the admonition given by Allen Street of Oklahoma City, vice-president of Rotary International, when he spoke in the luncheon meeting Friday at the Kemp on "Rotary Around the World."

"The way to get it is by toleration, appreciation and co-operation," he declared, and he explained each point. "Co-operation is the fellowship and friendship to back the growth of the six objects of Rotary; it makes for comradeship and the world better in which we live."

Mr. Street urged the attendance by Rotarians of the international convention to be held in Ostend in May, 1927, and he gave various reasons why they should go.

"Success of Rotary depends on the individual members." All who are Rotarians may look on the world as being in its morning, and there is an opportunity for each one to serve, he said. "The world does not owe us a living, but we owe it a life," he declared.

Greetings were brought to the club by Louis Fox of Fort Worth, secretary of the Rotary club and manager of the zone conference; District Governor Bill Edwards of Denton; I. B. (Bill) Sutton of Tampico, Mexico, past district governor of Rotary in Mexico, and member of the international board, visitors from out of town were introduced. A. E. Myles, president of the local Rotary club, presided at the meeting.

MURDERERS SERVE

Slayers of Osage Indian Begin Terms at Leavenworth

LEAVENWORTH, Kan., Nov. 19. (AP)—W. K. Hale, Oklahoma ranchman, and John Ramsey, a farmer, convicted for the murder of Henry Roan, Osage Indian, have started life terms in the institution now headed by the man who furnished the evidence for their conviction—T. A. White, acting warden of the federal penitentiary here who as a department of justice agent was a chief investigator in the Osage murder plots.

ORIENT MOVES

Railroad Establishes New Headquarters In Mexico.

PHOENIX, Ariz., Nov. 19.(AP) A telegram today to the Herald from San Blas, state of Sinaloa, Mexico, said the general offices for the Kansas City, Mexico Orient railroad in Mexico had been moved from Fuerte to San Blas to facilitate the handling of construction materials and be nearer to the seat of operations.

Among Nature's Bounteous Gifts

Thanksgiving—the day of grateful acknowledgment for the "kindly fruits of the earth," draws near.

From Nature's bounty comes Cooklite*—as truly one of the "fruits of the fields" as the pumpkin pie and other delectable foods of the Thanksgiving Dinner. Cooklite is exclusively a vegetable shortening, crisp, creamy, unadulterated, pure—just the right consistency for flaky pie crust and light cake. Odorless, tasteless, yet nutritious.

A low melting point, too—it fries crisply and thoroughly without undue saturation. Ideal for deep frying. At selected dealers. Ask for it by name.

This Thanksgiving Cook with Cooklite

*The New 100 Per Cent Cotton Seed Oil Shortening, Unsurpassed in Purity and Cooking Qualities

A Product of ARMSTRONG—Makers of Emerald Salad Oil

PUMPKIN PIE

1¼ cups pumpkin, 1 cup brown sugar, 1 cup milk, 2 eggs, 2 tablespoons molasses, 1 teaspoon cinnamon, 1 teaspoon ginger, ¼ teaspoon salt. Mix milk with pumpkin and add sugar, beaten eggs, salt, cinnamon, ginger, molasses. Line deep pie tin with pastry and pour in mixture. Place in hot oven for 15 minutes, reduce heat and bake 45 minutes longer in moderate oven.

PASTRY. 4 cups sifted flour, 2 teaspoons salt, 1¼ cups Cooklite, ice water. Measure and sift flour. Sift salt with flour. Cut in shortening with two knives. Make stiff dough. Chill. Roll out on floured board

SPORTING NEWS — THE RECORD NEWS — FIRST ACCURATE COMPLETE

COYOTES SURPRISE WITH AIR ATTACK THAT HOLDS STRONG SHERMAN CLUB TO 13-13 TIE

Sherman's Bearcats and the Coyotes of Wichita Falls snarled and clawed up Spudder gridiron for a 13-13 tie Friday afternoon in a game that gave the banner crowd a thrilling two hours' entertainment. Sherman's steady line play and a powerful smashing and plunging attack tore the Wichita Falls line to pieces, but a Coyote backfield played championship football to bring in the tie game when most sport followers here before the game rated the Pack, with its weakened, patched-up forward wall, much the undergod. The Bearcats earned 15 first downs, losing two more by the penalty route, while the Coyotes were able to make their way for eight during the whole contest, three of these being on passes.

Presenting a brilliant and versatile setof plungers in big Paradeaux, Walker, Lillis, and Cole, and in the second half Ivey, the Bearcats hammered the rebuilt Coyote line mercilessly and seemed at first at least three touchdowns better tha nthe local team. Any superiority the visiting eleven as a whole exhibited was fully matched, however, by the unbeatable performance of the Coyote backfield, with the help of three or four linemen who seemed to know what it waas all about. McCallum made good his pre-game promise that he would try out the passing style at the risk of losing, and the smashing runnink and plunging attack of which the Pack is capable was seldom called upon with regularity. With five first-stringers on thesidelines, the winning of the game against the great mettle the lads of Coach Butler displayed served as the biggest boost the Wichita Falls team has yet received in its march to higher recognition.

Francis Flashes.

Coyal Francis again stood out head and shoulders above the entire field of performers in which may gridders of no mean proportions cavorted to the tune of signal callers. Ellis defensive power again saved the day for the Coyotes numerous times when the sieve-like Pack forward wall withered before the irresistible plunges of Paradeaux, Lillis, and Ivey. At least a half dozen gains that otherwis ewould have been scores found Francis in the way. It was Francis too who stood firstin pasts snaring, taking one of Ray's heaves for a score and missing another 30-yard toss with a clear field ahead when the ball bounded out of his grasp. Francis also it was who smashed through the series of relentless plunges which brought the other Wichita Falls score.

Ray Struts Stuff.

Perk Ray, with his passing, plunging, and defense, played what was probably his best game of the season. Time after time it was Ray who backed up the Coyote line to step in the way of ambitious plunges and next to Francis it was he who nipped many a dangerous Bearcat thrust that promised to get away. Mitchell and McKinney both played a neat defensive battle. Mitchell's end running game was given little opportunity to get started, the few times he did get the ball, finding the speedy Sherman ends on top of him before he got a good start.

In th eCoyote line a number of players seldom opened before the vicious Bearcat attack. Brown, Pinney, Powell, Ewing and Allred allowed few gains through their berths, Powell and Ewing especially flashing about into opposing plays as true shining lights. But the group of rookies who were called upon to fill the shoes of the four regulars on the sidelines were pounded out in quick order. Ramey proved the one substitute in the line who deserved a full stay, his performance ein getting in the way of Bearcat plunges all through the fourth period when a Sherman victory seemed inevitable being as good as any on the field. Hobbs, who had been counte don to fill one of the tackles, was on the sidelines with a bad shoulder from last week's practice.

Bearcats Strong Backs.

In the Bearcat line-up, it is hard to pick a star out of the backfield constellation the plunging of the big boy Paradeaux, the plunging and running of Lillis, together with his perfect field goal toe, the speedy end running of Cole, the plunging of Ivey, and the plunging and kicking of Walker, chasing the ball from his left boot in the oddest looking but nevertheless nicely placed spirals, all kept the Pack defenses constantly guessing. In the line, Captain Marshall performed well until chased with Edmonson for adding fists to argument. Pierce and Matlock are two other line-men who kept heads up attention and both figured in stopping Coyote attacks as well as in forwarding their own backs on their way. Paradeaux, when placed in the line, late in the game, again proved his power, as he was just about the best in the line just as he had stood first in the backfield. The whole Bearcat line played much smoother ball than their adversaries.

Opening the game, the Bearcats loosed a drive that brought them a mere foot from the goal, Paradeaux smashing the Coyote line mercilessly. Here the Pack tightened up, the next three plunges netting the Cats a seven-yard loss, and Lillie stepped back to kick a ple-easy field goal for the first score. Sherman uncorked another march to the goal, featuring a 24-yard plunge by Walker that found a half dozen Coyotes in futile attempts to drag him down it. Again the Coyotes held and Lillie stepped back for another equally beautiful field goal, to make the score 6-0. It looked like a walkaway for the visitors.

Francis Scores.

In the second quarter, though having now the advantage of the strong north wind, the Crimson and Black soon found itself fighting near its goal. Suddenly, like a flash from an unwarning sky. Ray hurled a pass into Ewing's arms good for 20 yards, Ewing carrying it to Sherman's 42-yard line. On the next play, Ray hurled a pass for 45 yards from the point where it left his hands. Francis snaring it out of the air for a clear 30-yard gain and then dashing the remainding 13-yards for a touchdown. Francis kicked low, thus leaving the score 6-6. Another sustained drive brought Sherman to the Coyote 13-yard line as the whistle for the half saved the locals from a dangerous situation.

During the third period the Coyotes were slowly but surely driving back the Bearcat resistance and near the end of the quarter took advantage of an odd break when Lillis kicked the ball square onto the back of his own defense and the Pack earned the ball on the Sherman 16-yard mark.

Opening the fourth period, Francis kept up an incessant plunging attack which brought the second scqre for thes. Coyote Perk Ray kicked a perfect goal, making the count 13-6 for the Coyotes.

This situation nettled the Sherman, and the visitors unleased another unbeatable drive that brought the ball to the Pack five yard mark, where Perk Ray's vigilance saved the day as he reached high to intercept a Sherman pass that would have meant a score. After Francis kicked the ball out of danger into Sherman territory, Ivey led a series of plunges down the field and then with a brilliant 29-yard run around left end brought the ball five yards from the goal. Three plunges were still short a foot from the goal, the possibilities seeming that the Coyotes would hold off the threat. The Bearcat offense neatly crossed the Pack as Colling carried over the ball for the score. A neat fake pass from kick formation, Walker to Matlock, produced an easy score that tied the count. A few more plays near midfield and the battle was all over.

The line-ups:

Coyotes	Position	Bearcats
Ewing	left end	Taylor
Tarkenton	left tackle	Marshall
Brown	left guard	Pierce
Pinney	center	G. Davis
Mills	right guard	Messick
Powell	right end	Franklin
McKinney	quarterback	Cole
Francis	left half	Lillis
Mitchell	right half	Walker
Perk Ray	full back	Paradeaux

Substitutions: Wichita Falls: Holstein for Tarkenton, Ramsey for Holstein, Edmonson for Mills, Prichard for Brown, Brown for Edmonson, Newman for Ewing, Dickey for McKinney.

Sherman: Matlock for Franklin, Colling for Lillis, Shumpert for Marshall, Stamps for Shumpert, Ivey for Paradeaux, Paradeaux for G. Davis.

Officials: Dickson (Baylor) referee; Deems (W. F. J. C.) umpire; Pitman (Baylor) head linesman.

Passes: Wichita Falls, 13 incomplete, two intercepted and four completed for 45 yards total, out of 19 tries. Sherman, one complete, one incomplete and two intercepted, out of four tries.

Penalties: Wichita Falls, three for 15 yards total, all on incomplete passes. Sherman, seven for 65 yards total, for offside, pushing and clipping.

Downs by quarters: Wichita Falls, 0, 3, 4, 1, for total of 8 Sherman, 6, 4, 1, 4, for total of 15.

Score by quarters:

	1	2	3	4	
Wichita Falls	0	6	0	7	—13
Sherman	6	0	0	7	—13

Memphis Beats Childress, 13-7

Dennis Boots Brace of Field Goals to Break 7-7 Deadlock

CHILDRESS, Texas, Nov. 19.—By the work of the nibblstoe of Hubert Dennis, stellar cyclone back ,the Memphis team defeated the Childress Bobcats on the fair park gridiron here this afternoon 13 to 7. Dennis kicked two field goals in the final period favored by the wind, thus breaking a 7 to 7 tie at the end of the first half. It was by far the best game here this season and Memphis fans declared the best game that the rooters from that town have witnessed this year.

Memphis took Y. Nichols' kickoff, and marched down the field from their 20-yard line on touchback to the Childress 18-yard line, where they lost the ball on downs. Y. Nichols punted out safely. Memphis again started a drive and by straight football made it to the middle of the field where he tried a pass that Dowis, Bobcat half, intercepted.

Too Much Dennis.

At the opening of the second quarter, Childress was held and punted, the punt being blocked and Nixon of Memphis recovered. Memphis carried the ball through tackle and center plays by way of Crawford and Dennis to the 25-yard line, when Dennis circled left end for a touchdown. Dennis place kicked the goal for point after touchdown.

Dowis returned Dennis kick-off for 30 yards, placing the ball on the Bobcats' 30-yard line. Sport made six at left end and 11 more at right end. Here Y. Nichols laid out at left end and was unnoticed Sport, Childress captain and fullback, made a long pass of nearly 40 yards diognally across the field against the wind to Nichols who made a 25-yard run for a touchdown. His score was assisted by his brother, C. Nichols, who blocked a threatening tackler.

The rest of the quarter was rather even, though played in the Bobcat end of the field.

Bobcats Brace

At the opening of the second half Memphis started a drive Dennis returning. Nichols' kick off for 34 yards putting the ball on the Cyclone 45-yard line, May Dennis and Crawford hit center and tackle to carry it over in the middle of the field when Dennis pulled a trick play and circled end for 25 yards, the next two downs were fruitless but Dennis made eight at left tackle and eight more at left end, putting the ball on the four-yard line. Four downs made only three yards and the ball went over to Childress on the one-yard line. Y. Nichols punted out safely. The balance of the quarter was played on Childress' part of the field but the goal line not endangered.

The last period was all in the Bobcat territory. The wind favored Memphis and Casey Nichols punted high after Childress was held, Memphis getting the ball on the 21-yard line and drawing a 12-yard penalty for holding, place kicked from the 26-yard line for a field goal. It was Dennis' toe that did it.

In practically the same manner she repeated with another field goal in the second instance, running the ball up from the 40-yard line to the 18-yard line by smashes to put it in position to score.

Dennis, May and Crawford were the stars for Memphis while Sport, Bybee, Dowis, are some of the Childress line men tsarred for the Bobcats.

The lineups were: Childress: Dempsey center, Privitt right guard, Cross and Preston left guard, Greet right tackle, Trent left tackle, Y. Nichols right end, C. Nichols left end, Bybee quarter, Dowis right half, Newberry left half, Sport, Bull.

Memphis: Nixon center, C. Dennis right guard, W. Massey lef guard, Sisk Capt., right tackle, A. Odem left tackle, May, right end, A. Massey left end, H. Dennis, quarter, H. May right half, Brumley left half, Crawford, fullback.

Frederick Stops Mangum, 36 to 0

FREDERICK, Nov. 19.—Mangu mhigh school gridders fell victims to the onslaught of Chicken Pope and Jack Kadane, Frederick's brilliant halfbacks, and went down under a 36 to 0 defeat today.

Pete Cox at tackle and J. Wessel at guard staged great play in the Frederick forward wall. Pope and Kadane were the outstanding backfield performers.

The undefeated Frederick eleven thrown into a tie with Weatherford for the southwest high school conference lead.

CISCO WINS, 7-3

CISCO, Nov. 19. (AP)—Cisco high school's Big Dam Loboes won the right to meet Ranger for the championship of District 2, by defeating Abilene 7 to 3 in a great battle here this afternoon. Osburn kicked a field goal for the visitors in the second quarter and Teddy Huestis made Cisco's touchdown.

Ranger will play Breckenridge at Ranger Saturday, and it is understood that the Cisco-Ranger game will be postponed until after Thanksgiving, possibly to December 1, in the event Ranger wins.

KANSAS FROSH WIN

COLUMBIA, Mo., Nov. 19. (AP)—Kansas Freshmen shut out the Missouri Tiger Yearlings 13 to 0 on a muddy and snow covered field here today.

It's Steady Flow of Talk When New White Sox Pilot Catches

BY NORMAN E. BROWN

Ray Schalk, new pilot of the Chicago White Sox, takes up the burden laid down by five other managers in his time. But apparently the experience of seeing five of them, good men and true, give up the ghost—or be wished out—brings no forebodings of ill to Ray's mind.

Ray never was given to mourning. His pep and fire, from behind the plate, through a span of 1,600 games, helped hold the velocipede together many a time when it was about to fall apart, due to wobbly pitching or worse fielding. His constant line of chatter through his steel framed mask has helped pitchers by the score keep their feet when the going became rough.

Came Clean Through Scandal.

He was one of the few men to keep their heads up and their honor unstained in that tragic affair of 1919 when the gamblers almost put an end to organized baseball as a popular sport.

Now, as manager, he'll need to inject that same spirit of hope and heads-up baseball into his team. He'll be able to do it from behind the plate for a year or two. He still has his batting eye and most of his speed. He should break into half the games at least next season. Just how successful he'll be when out of the game remains to be seen. The fact that Comiskey canned the great old Eddie Collins the minute his second base legs went back on him bodes ill for Ray. But he probably isn't worrying about that.

From Rookie to Pilot.

Schalk becomes a manager in the big show just 14 years after entering it as a player. And he takes charge of the team that gave him his first chance as a rookie and with which he has spent his entire baseball life.

Big Ed Walsh was in his prime as a spitball hurler when Schalk joined the Chicago club from the Milwaukee A. A. team. It is told of Schalk that he went behind the plate to catch Walsh shortly after joining the club and performed the unusual catching feat of working the entire game without flashing a signal to Walsh that he (Schalk) might know what to expect. Considering the fact that Walsh's spitball was one of the most deceptive and hardest balls to catch this was a remarkable bit of receiving for one who had never worked with Big Ed before—had not even seen him pitch.

Schalk saw service under Jimmy Callahan, "Pants" Royland, Kid Gleason and Johnny Evers before Collins was named pilot two years ago. The little catcher started his baseball career with the Taylorville, Ill., club and moved from that city to Milwaukee.

Ray broke into the biz show a year ahead of Steve O'Neill, former Cleveland catcher, and through a decade these two ran a merry race for catching honors. Schalk's speed on the paths alone gave him an edge, in my opinion.

Big Ten Winds Up Race Today

Northwestern and Michigan Almost Sure to Tie For Title

CHICAGO, Nov. 19. (AP)—Two hundred thousand persons will see the western conference football season roll into history tomorrow and with an eye to its dramatic values, the gods of the gridiron have seved the climax for the closing act.

Michigan and Northwestern, playing the leads in the conference spotlight will know by night fall tomorro wwhether they share the crown of championship jointly or whether one shall bear it alone. Each team has won four conference games and is unbeaten.

If the Wolverines crush Minnesota and Northwestern conquers Iowa the honors will be divided and if both teams should lose they still will share the highest percentage. But if either Minnesota or Iowa should spring an upset while the other is losing one of the two unbeaten teams would wear alone the mantle of supremacy.

Minnesota is more favored than Iowa as a prospective winner, for Iowa has yet to record a victory, while Minnesota has been going great guns since it hit its stride in mid-season.

Illinois, Minnesota and Ohio State have in sight nothing better than third place for those of them that win will have but three victories against one defeat, while defeat would leave either Michigan or Northwestern with four wins and a loss.

Sixty thousand persons will see Michigan and Minnesota at the Gopher stadium and close to fifty thousand will see Chicago battle its traditional foe Wisconsin. Illinois will entertain almost as many more when it confronts the Buckeyes, and which ever team wins will be assured of a tie at least, for third place in the big ten rating.

DUNDEE MEETS ROBERTS

SAN FRANCISCO, Nov. 19.(AP) Joe Dundee flashy welaterweight of Baltimore and Eddie Roberts of Tacoma, were matched today by Promoter Ancil Hoffman for a 10-round bout at Recreation baseball park here December 4. It will be an afternoon, open air affair.

NEBRASKA PLAYS NEW YORK, KANSAS TILTS WITH MISSOURI

KANSAS CITY, Mo., Nov. 19. (AP)—East meets west at Lincoln tomorrow when the Nebraska Cornhuskers clash with the big violet team of New York university; the Kansas Jayhawker renews his ancient blood feud with the Missouri Tiger at Columbia; Oklahoma A. and M. was today decisively defeated by the Arkansas Razorbacks at Stillwater, 24 to 2.

In the maze of conjecture arising from a tangled football record for the Missouri valley conference this season these three facts stood out tonight.

Maulbetsch Strategy?

Coach Maulbetsch saved his regulars and let his reserves take a trouncing from the Razorbacks. Astute followers of the gridiron game tonight guessed that he served a double purpose in this strategy. The Oklahoma Sooner team whom the A. and M. team must beat or tie next Thursday to win the championship of the Missouri valley, undoubtedly will get an impression of weakness in the A. and M. team that does not exist and may possibly fall victim of over-confidence. The Sooners easily beat the Razorbacks this year and besides Maulbetsch's regulars will enter the Turkey day game fresh and unbruised from today's contest in which they were allowed small part. Whether this guess is correct will be proved on the Stillwater gridiron Thanksgiving day.

All the importance of a national championship game is attached to the titanic struggle of the Tiger and Jayhawk at Columbia tomorrow.

There is little difference in the weights of the two teams as the probable lineups show but the Tigers have a big edge in the beef department for it is largely concentrated on the rush wall where they outweigr the Kansans better than 14 pounds a man.

Champs in Action.

Two teams of championship calibre clash when the Cornhuskers meet N. Y. U.

The Violet team has been undefeated in the east and has run up impressive scores all year. Coach Meehan has faced the Nebraska squad both as player and coach at Syracuse and knows something of the game he will encounter. The Huskers are given a slight edge.

Defensive tactics featured the practices this week of the mentorless Drake Bulldogs under the coaching of Ossie Solem's assistant, Bill Boelter. While Solem is all at Minneapolis his clarges will meet the Notre Dame team at South Bend, one of the strongest teams in the United States.

Washington and Grinnell will not play and the Oklahoma Sooners will give their reserves a chance in a game against St. Louis university at Norman.

FOOTBALL RESULTS

TOP O' MORN STUFF

By Blondy Cross.

AND THAT'S THAT

"Sure, Texas will beat the Aggies this year," declares Bascom Nelson just back home again from Versity. "Why, we've got 'em beat man for man except at quarterback. And if Joe King was run in at quarter and Saxon shifted to halfback we would have 'em beat there, too."

• • •

Rumors are galloping unchecked over the Longhorn campus anent Stewart's probable successor, if any, as coach next year, says Bascom. There's talk about Clyde Littlefield being offered the position. Paul Tyson, Waco high mentor, is figured in on the possibilities and Frank Bridges is coming in for quite a bit of comment. Some have it Barry Holton, Trinity mentor, is being considered and there's still another rumor Ben Lee Boynton, former all-American quarter with Williams college, is being figured on.

• • •

LEO TRAINS WITH FROSH

How's Leo Baldwin, Nelson was asked? Is he going out for football any more? According to Bascom, the former Wichita Falls grid meteor plans trying for a varsity berth next season and at present is working out daily with Littlefield's freshman squad, also giving a hand at coaching the fish. Nothing the matter with Baldwin's ankle, said Bascom, spiking recent intimations Baldwin had not donned the moleskins under Stewart this fall because of injury. Baldwin's case seems to be the case of the coach versus the athlete with both coming up on the loser's end. Friction between Leo and Doc is said to have caused him to detour all varsity practice sessions instead of buckling down and endeavoring to earn his Longhorn letter, something many believe he is capable of doing.

• • •

IF—

They say the Oklahoma Aggies are almost a sure shot to cop the Valley conference championship this year. S. M. U. has sewed up the Southwest conference title. If—just a large if, T. C. U. does turn back the Ponies next week and Maulbetsch's Farmers really grab off Missouri valley top honors, consider the situation that will have been developed. Bell's Horned Frogs will have defeated the Valley champs and the Southwest champs but remain uncrowned. The Christians shaded the Aggies by a three-point margin early in the season.

• • •

TINY MAY STAY IN TEXAS

The jovial Tiny Goodbred may grab connections with some Texas league club next summer in the capacity of coach and relief hurler. Goodbred is an ultra-smart baseball man and still packs enough power in that huge frame of his to serve as an effective class A relief hurler.

• • •

It is opinion of the writer that not only is the sheriff of Muleshoe capable of filling the bill wonderfully as a coach and rescue slabster, but he'll make some club a wonderful drawing card with his base-line comedy stuff, a la Nick Altrock antics. Last summer with his Bloomington club he packed 'em into the stands all through the league in a majority of instances more to see Tiny and his bag of vaudeville stunts than to witness a baseball game, so it is said.

• • •

See by the papers Matty Matsuda, "retired," engaged in a bout with some fellow the other night over in Los Angeles preliminary to the Jim Londos-Paul Jones affair. Presumably Jack Reynolds and Charley Grip, both who have pursued Matsuda the past several months for matches, like that. They probably like it all the better because the Jap announced retirement from the ring and refused to meet them.

• • •

PUT UP YOUR DUKES

You gasoline and oil fellows had better be on your guard. Bumped into O. W. Presnall, special examiner from the comptroller's department, yesterday buzzing around with a lugubrious expression wrinkling his map. Probably hot on somebody's trail. Pretty clever man, Presnall, smart and strangely popular among the men he is forced to tap for dough through his line of duty. It hurts a man most to get at him through his purse, but Pres seems to make 'em like it, more or less. S. H. Terrell not only picked a clever business man but an almost infallible football critic. Seldom has Presnall fallen down on conference predictions. At the moment he is on the verge of forecasting a T. C. U. victory Turkey day over S. M. U. Says the Frogs boast a well-balanced club that may catch the Ponies in a let-down.

GOLFING CONFLICT

NEW YORK, Nov. 19. (AP)—Fixing the American open championship for June 23-24-25 at the Oakmont club at Pittsburgh — in the same week already chosen for the British open—the executive committee of the United States Golf association today threw down the gauntlet to the royal and ancient club of Great Britain in an international war over tournament dates. The conflict now threatens the entire program of 1927 competition between the two countries making impossible the participation of players from either country in both events.

Hitherto it has been customary for the tournament to be staged at least two weeks apart, although last year the governing body here reluctantly accepted early July dates to make possible a British invasion by American teams.

The University of Alabama has only 31 men on its football squad, the smallest team in its history. A few have not the slightest chance of making the team.

Japan has invited the Harvard university basketball nine on a tour of their country next summer.

YAQUI MEETS GRIP MONDAY IN RETURN GO

Both Wrestlers to Weigh In At Welter Limit At Ringside

Yaqui Joe, the Wichita Falls Indian wrestling favorite, resumes hostilities with Charley Grip, Baltimore explosive package, Monday night at the Majestic theater, announced Matchmaker A. Ross yesterday. The wrestling program is to be staged Monday instead of the usual Tuesday because the Shrine ceremonial is scheduled for Tuesday night in the theater.

The match is to be to a finish under Police Gazette rules, said Ross, because Grip refuses to meet the Indian under the more elastic edicts of the New York commission.

Both athletes are to weigh in at 145 pounds ringside, said Ross.

Chief Wow WZow tangles with Jack Woods of Shreveport in the semi-final bout, two falls to a finish.

Little is known here of Wood's ability, Grip and Yaqui Joe are quite familiar to local fans, both having performed on the Wichita Falls mat several times. It is generally believed the Indian will have a great chance to beat Charley at 145 pounds. The Baltimore strong man weighs more than 145 when at his true weight. Trimmed down to the welter limit he is not expected to be at his best. However, he expresses confidence he will repeat his victory of Wednesday a week ago over Joe.

The University of Hawaii will meet Utah and Texas this year and arrangements are being made for another team to visit them this year. Hawaii will play return games next year.

Aggies Ready For Longhorns

Dana Dopes Out New Plays To Spring on Doc's Gridders

COLLEGE STATION, Nov. 19. (AP)—After a week of the most gruelling practice, Coach Danna Bible Friday declared that his team is in excellent condition to meet the Longhorns of Texas university in Austin Thanksgiving Day. During the early part of next week, only light drill will be given the men lest they become stale, he said. An almost entirely new repertoire of plays has been devised for the Turky day classic, and the Aggies hope to spring a number of surprises on their arch-rivals. Special attention has been given to passing and in drilling the team in breaking them up. The Aggie coaches believe they can match the heralded Longhorn passing attack and show them something new besides.

It is probable that Joel Hunt, "Jelly" Woodman, Burgess and D. C. Arnold will start in the backfield. In the line, Z. W. Bartlett, the punter, has been used in place of H. P. Wylie in practice. He and J. A. Rektorik probably will be the starting guards, with "Babe" Watts at center, Capt. "Ox" Dieterich and C. A. Sprott at tackle and "Siki" Sikes and P. M. Price at end.

This lineup is somewhat lighter than the Longhorn eleven, but it is expected to provide punting and passing ability and much speed for broken field running and off-tackle plays.

Five Aggies will play their last game Thanksgiving. They are Woodman and Arnold in the backfield and Capt. Dieterich, Watts and Price in the line.

TEX ROCKS RIGHT ALONG

NEW YORK, Nov. 19. (AP)—Disregarding reports of a split with Gene Tunney, Tex Rickard is pushing forward his plans for an elimination tournament to select the heavyweight champion's outstanding challenger. Rickard's schedule is: Harry Persson vs. Jim Maloney; Paul Berlenbach vs. Jack Sharkey, and a match between the victors to select an opponent for Jack Dempsey.

HOGS WALLOP AGGIES, 24-2

Cole Leads Arkansas Over For Even Break In Series

STILLWATER, Okla., Nov. 19. (AP)—Oklahoma A. and M. college went down for the third time in a non-conference game of football here today, 24 to 2, before the University of Arkansas' inspired and savage attack. The Oklahoma team, composed largely of substitutes, played a listless and apparently careless game against the visitors. Victory for the Razorbacks evened the series which they have played with the Aggies since 1912, each having won five games.

Cole, halfback, was the ace of the invaders. His skillful end runs, lightning lunges through the line, forward passing, punting and goal kicking were a major factor in his team's triumph.

Aggies Score First.

The Aggies started the scoring in the first quarter today when they won a safety. Cole tried to punt from behind his goal line, Hendrickson, Aggie tackle, broke through and blocked the play, the ball bounding outside the end zone.

In the second quarter, Arkansas took the lead, to retain it thereafter. The first Razorback scoring came from Cole's placement kick from the 19-yard line.

Two Arkansas touchdowns came in the third quarter, both made possible by passes. The first resulted when Cole tossed the ball 20 yards to Frank, substitute back, who ran 32 yards. Cole kicked goal. Before the quarter ended Cole passed 10 yards to Chicman, halfback, who ran 30 yards to the Aggie five-yard mark. In two line smashes, Cole reached the goal. He also kicked the point after touchdown.

Hogs Get Break.

Late in the final period, the red team tallied its third and last touchdown. Miller, substitute halfback, punted for mid-field to Peery, Aggie quarterback, standing on his five-yard line. Peery elected to let the ball roll over the goal line, but it took a peculiar hop, touched him on one foot and rolled sidewise. Scott, Porker guard, fell on the ball on the one-yard line. On the next play, Mack, substitute fullback, rammed over the line for touchdown. Miller kicked goal.

Cole was taken out in the last period with an injury, but he had accounted for scrimmage gains aggregating 128 yards, whereas the flock of substitute Aggie backs combined gained only 80 yards.

BATTLE AT CENTER

Lots of Action Expected from Ford And Washmon.

FORT WORTH, Nov. 19.(AP)—Both Texas Christian university and Southern Methodist university will be well fortified amidships of their lines when the Southwest's only undefeated elevens meet Thanksgiving day in Dallas.

An especially interesting battle is promised when the opposing centers get into action. John Washmon, captain of the Frogs was the unanimous choice last year for the all-conference eleven. Logan Ford, the 182-pound Mustang center, also has played bang-up football during the past two years. Both pivot men are playing their last year with their respective teams.

PIRATES RELEASE ONSLOW

PITTSBURGH, Nov. 19.(AP)—Jack Onslow, Pittsburgh Pirate coach, has been given his unconditional release. When Donie Bush was made manager a few weeks ago he was given a free hand to select his own aides and it is presumed that he has selected someone else to take Onslow's job. Onslow came to the Pirates in 1924 from Richmond, Va.

Not being able to break through the brick wall of the Carnegie Tech team the N. Y. U. team won two field goals kicked by Ken Strong, halfback.

SPORT a la CARTE

BY ROY GROVE

What's doing at this year's meeting of the minor leaguers at Ashville? Well, sandwiched in between some sightseeing trips, golf tournaments and social affairs will be the vote on the acceptance of the new constitution drafted by the committee which spent two weeks in Atlantic City last summer.

Just what a committee can do two weeks in Atlantic City in the summer is a question and Asheville's meeting will answer it. But from one of the committee, J. Vincent Jamison Jr., president of the Blue Ridge league, comes word that the constitution has been rewritten "from cover to cover" and "will greatly improve conditions in minor league baseball."

"There is nothing startling—and, of course, the revision cannot be made public until it is brought before the annual meeting at Asheville."

* * *

A questionnaire answered by a few of the two dozen minor league baseball presidents as to what should comprise the most important item of business at this year's Asheville meeting brought almost the same reply from all.

J. W. Seabough, president of the Western association, with headquarters in Springfield, Mo., gave a typical answer:

"How to fill the vacant seats daily should be the important item of business," he said.

* * *

Perhaps Asheville's baseball ben themselves, may help answer men themselves, may help answer league baseball on a different scale than found elsewhere. Asheville owns its own baseball club and its own park. It's a municipal proposition and Dan W. Hill, postmaster, is president.

"This is your baseball park—help to keep it neat." is a sign on the grand stand of McCormick field. Larry Gardner is manager of the Asheville club.

* * *

It has been a better-than-the-average year for some leagues and for some not so good. At the end of the 1926 season some of these more fortunate owners of minor league franchises sold several players to leagues higher up for goodly sums of money. They're the ones who will smile the widest and will most enjoy the treat of visiting Asheville.

Minor league baseball is better than holding its own. And doing that is quite a feat these days with so much competition.

* * *

Thomas J. Hickey, president of the American association, reports that his league had the best season in its history despite the fact that one club, Columbus, and generally a good baseball town, drew practically nothing in the way of attendance. Columbus won only a handful of games all season and the writer was present one day when only 19 admissions were registered at the gate.

The attendance in the eight parks of the American association totaled 1,602,560, which is good and money making baseball.

* * *

At the Asheville meeting many of the big minor league clubs will attempt to select their 1927 training camps. Florida, hard hit by the decline of the boom and the late storm, is not bidding actively for baseball clubs as in the past.

Georgia cities, and cities in other southern states, have good chances of copping off some of the bigger cities' baseball clubs.

Coach's Poor Headwork Lost For Ohio State, Says Norman Brown

BY NORMAN BROWN.

I passed up the big eastern games the other day to take in the crucial battle of the "Big Ten" conference, the game between Ohio State and Michigan at Columbus—a game that was staged before a larger assemblage than anyother in the country.

And ever since that game I've been trying to figure out just how much poor head work by the coaching staff played in that game—and plays in any other grid battle, where astute teaching for months before such a game and quick thinking during such a conflist might have changed the result of the contest in question.

Ohio States lost the game 17 to 16. The defeat can be attributed without fear of criticism, to two things — failure of the coaching staff to instill so firmly in the minds of every player the most important rules of procedure that he will not err in a crisis, and poor judgment in the handling of the varsity members and the general conduct of the game.

State Dazzles Michigan.

Ohio State took the lead in the game early in the first yuarter with a touchdown, goal from touchdown and a goal from the field. The Columbus team took Michigan off its feet with a diversified attack and an air of confidence that proobed no checking.

Then, with the 10 points in the bag the team suddenly changed its tactics and played a sane, careful, orthadox game. Trick plays and passes, which netted the early scores were put on the shelf. The fact that this change of pace continued in the second quarter would indicate that it had the sanction of Coach Wilce and his aides. Taking advantage of this, Michigan opened up an aerial attask and bag of trick plays that quickly cut down the lead and then enagled Michigan to tie the score.

Despite this sudden change in the game's complexion Ohio State retained its conservative style of play through the third quarter. It was not until Michigan had taken the lead, 17 to 10, in the last period that the State eleven went back to its first style of play—a dashing, varied plan of offense. And that style again carried the team to a touchdown. But for the failure of Clark, toe expert, to kick the goal after the touchdown the game would have ended in a tie.

Why Was Eby Saved?

In additioon to his apparent poor judgment in the conduct of the game the question for retaining on the sidelines through more than half the game the man who was mainly responsible for the comeback of State in the last quarter.

Byron Eby, brilliant open field runner, passer, and defense man, was kept on the sidelines until after the beginning of the second half. Elmer Marek, another backfield star, was permitted to start the second half with a broken hand. It was he who paved the way for Michigan's winning touchdown. Michigan punted to Marek near his own goal posts. Marek elected to let the ball bound over the goal line. It took a lateral bounce, however,, and started to roll toward the sidelines. Then Marek lost his head and tried to pick up the ball and return it: His broken hand handicapped him and he fumbled. A Michigan man pounced on the ball and the next play put it over.

While Marek must be praised for his general play and gameness in the game, one asks how he could play two years of varsity football under intensive coaching withoutt having instilled in his brain the procedure on a grounded punt.

After this play Eby was sent in. A few moments laer he was faced with the same play and, playing heads up football, let the ball fall to the ground and come to rest without touching it.

A moment later he punted—one of the prettiest of the game—and it was his brilliant open field running and passing that helped send Oha State to its last touchdown.

Thanks mainly to Eby Michigan was plainly playing a defensive game the last three or four minutes of play—actually wishing for the end of the game.

UFriedman a Great Player

Michigan has a great team led by a great field general in Benny Friedman. But State also has a great team, estimating it on actual playing material.

Why, with the game the deciding one of the year for State, Coach Wilce let his team keep their best plays "in the bag" and why he saved Eby the greater part of the game—with defeat staring State in the face, are unanswered.

And the other thought I have is while Marek, who erred in judgment, and Clark, whose toe failed him in the crisis, draw blame for the defeat in the archives, the exact part the coaches played in it can't be included in the records.

How much were they to blame? Just how often do such errors occur in the big games—when the blame flals on the players themselves?

Manager Director Tom Dugan, of the New York Americans, of the National Hockey league, says they will be right up in the race for the Stanley cup and the Prince of Wales cup.

Golf Tourney Starts Today

Country club golfers qualifying rounds this afternoon in club tournament play that was postponed because of the all-city competition now nearing a finish. The tournamnet is a handicap affair, three flights. Trophies will be given by the club.

Play begins at 1:30. The golfers have Saturday and Sunday in which to qualify, according to Professional Bill Strachan.

Pairings will be announced Monday.

GRANDFIELD GOLFS

The Grandfield Golf club will stage a flag handicap tournament Sunday. A prize of two turkeys will be given to the winner.

Those who will participate in the contest are: Stanley Mohr, Allen Holt, Gus Allen, Hiles Hamilton, Zale Hipp, Frank Smith, G. C. Castleman, W. C. Watson, Walter Dykes, John Wooten, Claud Lear, Jr., Charles Crawford, W. A. Owen, Audrey and Grover Tetter.

INDIANS LOSE TO TARLETON

Plowboys Sweep Through To 34-0 Win Over Wichita

STEPHENVILLE, Nov. 19.(AP)—John Tarleton College Plowboys defeated the Wichita Falls Junior College Indians 34 to 0 in a conference game heer this afternoon. It was the last home game for Tarleton, the Plowboys closing the season against North Texas Agricultural college at Arlington on Thanksgiving Day.

NATIONAL LEAGUE TO MEET IN NEW YORK

NEW YORK, Nov. 19. (AP)—Club owners of the National league, President John A. Heydler announced today, have decided to hold their annual meeting in New York December 14 and 15, instead of Chicago where the joint major league conference has been called for December 16, by Commissioner Landis.

DUCK HUNTING GOOD

Special to The Record News.

SEYMOUR, Nov. 19. — Duck hunting is especially fine on Lake Kemp since cooler weather. A party of hunters from Seymour returned Monday after two days spent in camp on the lake with over a hundred ducks, which they had bagged while there.

SHETTSLINE RESIGNS.

PHILADELPHIA, Nov. 19.(AP) William J. Shettsline, business manager of the Philadelphia National league baseball club has resigned.

NAVY LAUNCHES GIANTS OF AIR

Big Seaplanes to Make Try At Non-Stop Flight To Panama

NEW YORK, Nov. 19. (AP)—The American navy's newest ships of the air, the two HN-10 flying boats, under command of Lieut. Com. H. T. Barthett, hopped off from the navy yard at 7:15 o'clock here this morning for Norfolk, Va., on the preparatory leg of a non-stop flight to Panama.

The non-stop trip will be started from Norfolk and will be a cruise commensurate with the epic flight made by the late Commander John Rodgers to Hawaii. It covers a distance of 2,179 miles and will take about 27 hours to complete, if all goes well.

Today's hop is in the nature of a final test and will be for 10 hours, the two planes remaining in the air after the three hours it will require to reach the Virginia port.

The non-stop flight will be started within a few days.

VERNON MAN HURT

H. W. Norwood Hit by Auto During Storm.

Special to The Record News.

VERNON, Nov. 19.—H. W. Norwood of Vernon was injured Tuesday night when he was struck by an automobile near the Herrin National bank. The accident happened when the sandstorm was raging and it is thought that neither Norwood nor the driver of the car saw each other. The car did not stop. Norwood's injuries are not thought to be serious.

Cotton--Latest Market Quotations--Cattle

Cotton

NEW YORK COTTON.

NEW YORK, Nov. 19.(AP)—The cotton market was rather easier today under realizing and a little more selling for southern account. January contracts which had advanced to 12.81 early yesterday sold off to 12.57 this afternoon or 13 points below yesterday's closing quotation and closed at 12.66. The general market closed barely steady, at net declines of 9 to 12 points.

The opening was barely steady at a decline of two to five points under overnight selling orders from the south and local selling probably promoted by easier Liverpool cables and disappointment over the failure of peace negotiations in the British coal trade. Initial offerings were readily absorbed by covering or trade buying, but the market sagged off during the early afternoon under continued week-end realizing or evening-up of accounts in preparation for the government report next Monday. December sold down to 12.52 and March to 12.78, active months showing net losses of about 9 to 12 points. The close was within a point or two of the lowest. Trading was comparatively quiet the entire day.

Further liquidation of December contracts was reported with reiterated rumors that cotton was to be shipped here from the south for delivery next month while it appeared to be expected that the bulk of the certificated stock of about 77,000 bales already here would be tendered on the first notice day next week.

Spot house brokers bought the December contracts at a discount of five to seven points under January, however, partly against sales of later deliveries.

Another private crop report estimated the indicated yield at 18,299,000 bales and ginnings prior to December 14, at 13,-542,600 bales.

A canvass today of New York cotton exchange members pointed on the average to a government estimate next Monday of 18,061,000 bales. The highest individual estimate in this average was 18,606,000 and the lowest 17,600,000 bales.

Exports for the day 55,472, making 3,-521,405 so far this season. Port receipts 94,759; U. S. port stocks 2,675,-571 bales.

NEW YOR KFUTURES.

NEW YORK, Nov. 19.(AP)—Cotton futures closed barely steady at net decline of 5 to 12 points.

	High	Low	Close	Prev. Close
Jan.	12.67	12.57	12.60-61	12.70
March	12.89	12.78	12.79 82	12.91
May	13.09	13.01	13.01	13.10
July	13.20	13.20	13.20-21	13.29
Dec.	12.61	12.52	12.53-55	12.63

Opening: January 12.66; March 12.86; May 13.08; July 13.25; December 12.60.

NEW ORLEANS COTTON.

NEW ORLEANS, Nov. 19.(AP)—The cotton market was a quiet pre-bureau affair today with thin trading and narrow fluctuations the trend of prices was downward but there was no pronounced selling pressure. After opening slightly lower, prices eased off on some-pre bureau liquidation and later declined further on bearish weekly statistics particularly mill takings which were only 495,000 bales against 538,000 last year. Around noon prices were nine to ten points below yesterday's close and although the market ruled rather steady during the afternoon prices lost a point or two more, easing to levels 11 points under the previous close. There was a rally of four to six points in the final trading on some trade buying and covering by early sellers. The close showed net losses for the day of seven to 11 points.

The market opened one point up to four down and gradually eased off until near noon. December traded at 12.64, January at 12.60 and March 12.78. The market during the afternoon off to 12.53 for December, 12.58 for January and 12.75 for March.

The market rallied four to six points in the late trading and held the rally to the end. Exports for the day totaled 49,473 bales and for the week 479,986 bales.

NEW ORLEANS FUTURES.

NEW ORLEANS, Nov. 19.(AP)—Cotton futures closed steady at net decline of 7 to 11 points.

	High	Low	Close	Prev. Close
Jan.	12.70	12.58	12.62-63	12.69
March	12.81	12.72	12.76-78	12.82
May	12.98	12.87	12.87	12.96
July	13.10	13.03	13.03	13.13
Dec.	12.62	12.53	12.57	12.64

Opening: January 12.67; March 12.79; May 12.91; July 13.09; December 12.60.

DALLAS SPOTS.

DALLAS, Nov. 19.(AP)—Spot cotton closed steady, 10 down.
Middling 11.60; sales 16,961 bales.

HOUSTON SPOTS.

HOUSTON, Nov. 19.(AP)—Spot cotton steady, 10 down; middling 12.55; sales 2,748 bales.

GALVESTON SPOTS.

GALVESTON, Nov. 19(AP)— Spot cotton closed steady, 10 down; middling 12.65; sales 853 bales.

NEW ORLEANS SPOTS.

NEW ORLEANS, Nov. 19.(AP)—Spot cotton closed steady, 7 points down. Sales 6,051; low middling 10.39; middling 12.67; good middling 12.82; receipts 17,443; stock 615,065 bales.

LIVERPOOL COTTON.

LIVERPOOL, Nov. 19.(AP)—Cotton spot fair demand; prices steady. American strict good middling 6.81, good middling 7.68; strict middling 7.38; middling 7.03; strict low middling 6.62; low middling 6.03; strict good ordinary 5.75; good ordinary 4.94. Sales 8,000 bales, including 7,100 American; receipts 15,000 bales, American 15,700. Futures closed quiet; November 6.79; December 6.81; January 6.84; March 6.91; May 6.96; July 7.01; September 7.11.

CHICAGO FUTURES.

CHICAGO, Nov. 19.(AP)—Cotton futures closed: January 12.71; March 12.93; December 13.07.

Some of the late selling of stocks also was believed to have been inspired by the break of over two cents a bushel in native wheat futures, the December option closing just above $1.33.

Another sensational jump of nearly 30 points in French francs which crossed 3.61 cents for the first time since last spring, featured the foreign exchange market. Demand sterling lost ⅛ of a cent, being quoted around $4.84⅝. Norwegian Kroner broke 33 points to 26.62 cents, out other European rates showed little change.

Livestock

TEXAS LIVESTOCK.

NEW YORK.—Stocks, irregular; Baldwin jumps five points to year's high.

Bonds, firm; local traction issues active.

Foreign exchanges, mixed; French franc bouyant.

Cotton, easy; bearish weekend statistics.

Sugar, higher; firm spot market.

Coffee, weak; lower Brazilian exchange.

CHICAGO. — Wheat, weak; disappointing foreign demand.

Corn, firm; smaller country offerings.

Cattle, steady.

Hogs, higher.

N. Y. Stocks

NEW YORK, Nov. 19.(AP)—Heavy liquidation of U. S. Steel common and General Motors unsettled today's stock market after an early period of strength. Selling of the recent market leaders was accompanied by rumors later denied, of the serious illness of George F. Baker, veteran banker and large stockholder in both corporations. Early gains of one to five points were substantially reduced or wiped out with closing quotations disclosing a fairly long list of net declines of a point or two.

Business news disclosed further irregularity. Reports of another slight recession in steel mill activity was offset by the announcement that a subsidiary of the United States Steel corporation had received orders for $30,000,000 worth of tin plate from two of the largest can companies. The weekly mercantile reviews continued to report mixed tendencies but with some improvement in retail trade noted as a result of the colder weather.

The improvement in credit conditions, shown in the weekly federal reserve bank statements, was not reflected in the call money market which held steady at 4½ per cent all day, banks called about $15,000,000 in loans, but money was always in plentiful supply. Time money and commercial paper rates were unchanged.

U. S. Steel common dropped from a high of 147⅜ to 143⅝, and then moved back to 144⅝, off 1⅝ net. General Motors, selling "ex" the regular and extra dividends of $5.76, slipped from 142½ to 138, closing at 138⅝, off 3⅜ net. Baldwin Locomotive continued to show independent strength, jumping over five points to 142, a new high for the year and closing just a point below the top.

Sugar shares attracted fresh buying as a result of the Cuban presidential decree to restrict production. South Porto R'can jumped over four points to 39⅜, closing near the top, while American Sugar refining, Cuban American common and preferre dand Manati preferred showed net gains of one to nearly three points. United Fruit jumped over five points to a new top at 120, but lost about halfit its gain. Textiles were quiet but firm.

Among the specialities, new 1926 peak prices by American Sumatra Tobacco, Texas Gulf Sulphur, Reynolds Tobacco "B," Liquid Carbonic and Federal Light and Traction were counteracted by new low prices in Paige Detroit, Cudahy Packing (new) and Pacific Coast second preferred. Standard Oil of New Jersey common also touched a new low at 39, with the "rights" actively traded in around two, several blocks ranging from 20,000 to nearly 90,000, changing hands. Rails continued to lose ground with the industrials Atchison, Union Pacific and Atlantic Coast Line each losing about two points while New York Central and New Haven, Texas Pacific, Reading, Wabash and several others lost a point or more.

BRADSTREET'S REPORT.

NEW YORK, Nov. 19.(AP)—Bradstreet's tomorrow will say:

Numerous cross-currents are revealed in the week's trade and industrial reports, with surface developments as regards trade making a slightly more favorable appearance owing mainly to cooler weather in wide areas helping retail trade. As most of the improvement visible seems to have been at the south, it is probable that the steadier tone of cotton prices, inducing larger marketing of that staple was an addition helpful factor. Reports from the central west showed little change on balance and it is possible that colder weather there was partially balanced by rains or snows which had a dulling effect on country trade, upon which bad roads naturally imping.

Weekly bank clearings $10,059,995,000, a decrease of 8.1 per cent from last year.

LOCAL MARKETS

The following prices are those quoted by the Wichita Falls wholesalers to retail dealers. Unless otherwise indicated the prices are subject to continual changes:

STOCK-A-DAY

The Burrough Adding Machine company manufactures many types of adding and calculating machines. The products are sold direct to the public through the company's own sales agencies. A service department is maintained in about 160 cities where free service is furnished for machines for 1 year after sale. The concerns owns

BURROUGHS ADDING MACHINE CO

about 450 domestic and foreign patents.

The concern made its millionth adding machine in January 1926. About 200 portable adding machines, a new product, are being turned out daily. The company has a number of subsidiaries. The main plant of the company is located in Detroit and it has factories in Canada and England.

Sales totals for 1924 and 1925 were not made public but net income in the last 3 years has been in excess of the $4,289,869 reported in 1920. In 1925 net income was $5,043,518 or $6.73 per share. There is no funded debt. Capital stock consists of 600,000 shares outstanding of no par common. The outstanding preferred stock was called for redemption Sept. 30, 1926 at 105 and accurred dividends. The regular rate on the common is $3 a pear but an extra of $1 was paid Sept. 30, 1926. Dividends were regularly paid on the preferred until it was retired.

As of Jan. 1, 1926 current assets were $32,878,082, current liabilities $2,656,285 and net working capital $30,221,797.

CHICAGO GRAIN REVIEW.

CHICAGO, Nov. 19.(AP)—Wheat tumbled down today to a new all-around low price record for the season, but rallied to a fair extent later. Better weather in Argentina, drying out of export demand for shipment from North America and signs of freezing on the part of the Canadian growers' pool were largely responsible, closing quotations here for wheat were unsettled, 2 to 2¾c net lower with corn unchanged to ⅝c up, oats at ⅛c decline to a shade advance and provisions unchanged to a rise of 30 cents.

Corn and oats derived their strength from wintry weather in the corn belt and smallness of corn receipts, together with improved shipping demand for corn.

Provisions were responsive to an upturn in the value of hogs.

KANSAS CASH GRAIN.

KANSAS CITY, Nov. 19.(AP)—Wheat: No. 2 hard, $1.32½@1.35; No. 2 red, $1.31⅝@1.39¼; December $1.40⅝; May $1.31 ; July $1.23⅝.

Send In Your Solution Now!

READ THE RULES CAREFULLY

$1,000 IN CASH PRIZES

$500 FIRST PRIZE

General Rules of the Contest

This competition is open to all residents of the states of Texas and Oklahoma, except employes of The Record News and members of their families.

Contestants may submit as many different solutions as they desire provided a payment of one of the amounts designated in the prize list shall accompany each solution. NO SOLUTION UN-ACCOMPANIED BY A SUBSCRIPTION PAYMENT WILL BE REGISTERED.

The Record News offers these prizes for individual effort. While it is proper for members of one household to work together or several friends, it is not permissible for more than one of those working in unison to send a solution of the puzzle. When in the judgment of the contest manager more than one member of the same family, or more than one of any number of persons he believes have worked together send in a solution of the puzzle, he reserves the right to refund subscriptions and return the solutions he believes have been submitted contrary to the foregoing rule. The Record News reserves the right to reject any solutions it believes have not been submitted under proper conditions. The Record News also reserves the right to finally decide any other questions or points which may arise and those entering the contest agree to abide by such decisions.

In the event of ties on this puzzle, as many prizes will be reserved as there are contestants tied, before any prizes are awarded for a less correct solution. For instance, if five people were tied on the best solution, the first five prizes will be reserved for them, and they would be awarded the prizes in accordance with the standing of their solutions of the second puzzle. That is, the one submitting the best solution of the second puzzle would receive the first prize; the one submitting the next best, the second, and so on.

Subscriptions may be NEW or RENEWALS. Both count the same.

Closing Date

The Great Elephant Puzzle Contest Will Close at Nine P. M. Wednesday, December 1, 1926.

The earlier you send in your solution the longer time you will have to go over your figures, AND SEND IN ANOTHER SOLUTION, if you find you can do better. Additional charts may be secured at any time by calling at the address below or sending a self-addressed, stamped envelope for mailing them. NO SOLUTION CAN BE CHANGED AFTER IT HAS BEEN ONCE REGISTERED.

Important Facts to Remember

While the amount you pay with a solution of the puzzle does not have any effect on your winning a prize, it does affect the amount you will receive, should you win one of the first nine prizes, as the value of these prizes is determined by what the winners pay. This is explained in the prize list, which you should study carefully before sending in your solution.

The time a solution is received has no bearing upon its winning a prize. Accuracy is what counts. ..... Not more than one prize will be awarded to any one person

C OF C WORKERS ANNOUNCE 1926 MEMBERSHIP DRIVE A SUCCESS

$65,000 PAID IN WITH FULL SUM CERTAIN

Amounts Yet to Come From Outside Will Swell Total

With $65,000 in pledges already entered on the ledger and a large number of old, true and tried members yet to interview, the Wichita Falls Chamber of Commerce Friday night jubilantly announced its annual membership drive a success from every angle and one of the most enthusiastic campaigns in the history of the organization.

The goal had been set for $75,000 to meet a budget recently approved by the board of directors, and, while the amount actually subscribed is $10,000 short, there are still a large number of old members out of the city and have not subscribed their quota yet. These men will easily make the entire total reach the $75,000 mark.

"With signed pledges of $65,000 in hand and expected renewals of a great number of present members who have not been seen, due to absence from the city and necessity of confirming at state and national headquarters, wel feel safe in saying that our campaign is a success and that the $75,000 will be fully subscribed," was the statement of President J. C. Mytinger made yesterday when final reports of the working committees were checked up.

The chamber of commerce plans an extensive good will campaign through the entire Wichita Falls trade area within the next year and will begin plans along this line within a short time.

HOOVER IS TRANSFERRED

Charged With Murder And Moved to General Hospital

W. M. Hoover, who was found unconscious beside the body of Mrs. H. H. Goodman at the Goodman home on Lamar avenue Tuesday morning following a series of shots, was formally charged with murder Friday by the district attorney and a warrant issued for his arrest.

Hoover has been in a serious condition since the shooting, but confessed to Assistant District Attorney Sam Spence that he fired the shots that killed Mrs. Goodman and seriously wounded himself. Formal charges were withheld pending a change for the better in Hoover's condition. He was moved yesterday from the Clinic hospital to the general hospital where officials of the sheriff's office will arrange to guard him until he is able to be placed in jail.

Hoover has made no further statement than the one he made the evening of the shooting when he recovered consciousness long enough to say "I did" when questioned as to the shooting.

Mrs. Goodman was instantly killed, having been struck by four bullets which were fired shortly after she and Hoover had entered her home.

Girls Show How Football's Played

Reserves Don Regalia And Put On Exhibition For College

Football as it should be played was demonstrated Friday morning at the Junior college, when girls of the Junior college and High School Girl Reserves played a game of football for the club and friends. Wearing the Coyotes' regalia and using some strategic plays, the girls made a distinct hit with the large audience. Miss Davida Olinger was the referee and the girls participating were: Mabel Drinkard, Hazel Distelhorst, Crystal Plummer Fanny Blank, Ruby Nance, Viva Riley, Ethel Johnson, Ruby Crowson, Dolores Peavy, Mildred Schaeffer, Elona Nelson, Virginia Moore and Mary Beth Martin.

A short concert was given by Yancy Cummings and his orchestra, and Beverly Nan Witherspoon gave two readings.

TO NAME OFFICER

County Juvenile Leader to be Picked in Short Time

Appointment of a new county juvenile officer to take the place of W. G. Bralley, who will assume the duties of sheriff of Wichita county in January, will probably be made before the first of the year, was the announcement made by members of the appointing board yesterday.

The board, which is composed of County Superintendent Burl Bryant, Dr. J. W. Cantwell, superintendent of city schools, and B. M. Dinsmore, superintendent of schools at Electra, will select three men, one of which the new county judge-elect, E. W. Nicholson, will appoint as juvenile officer.

Applicants for the position number more than 20, there being one woman asking for the position.

EXCHANGE GRIPS

Some hurried passenger on the Electra bus which arrived here at 6:15 last night made a mistake and took a grip which did not belong to him. Also there is an extra grip which was taken off the bus which, it is supposed, did belong to him. He is requested to call at the bus station at 519 Eighth street and make exchange of luggage.

CHRYSLER STOLEN.

A Chrysler roadster belonging to Lloyd Weaver company, local Chrysler dealers, was stolen from in front of their building on Ninth street just after dark Friday night.

Wichita Falls

(continued from page 1.)

authorized to build 27 miles of new line from McBain to Floydada at a cost of $1,132,000. Construction by both systems would total approximately 229 miles, some of the work involving fractions of a mile over the even figure.

Other Proposals

The Texas, Panhandle and Gulf had proposed a new system, 305 miles long with terminals at Seymour and Fort Forth, Texas, and Tucumcari, N. M., to cost $11,177,000. The commission questioned the ability of the company to finance the project and declared the estimated cost filed was lower than the anticipated cost of the complete system.

The Santa Fe which operates the Pecos and Northern Texas had planned to build several branch lines into the area and protested that the Burlington and Frisco should not be allowed to enter territory now tributary to the Santa Fe system. The commission ruled, however, as did the Texas railroad commission which also investigated the cases, that the Burlington and Frisco railroads were entitled and financially able to proceed with their extensions.

Plainview, Texas.
Nov. 19, 1926.

Hubert M. Harrison,
Mgr. Chamber of Commerce,
Wichita Falls, Texas.

Plainview extends greetings to Wichita Falls and at the same time desires to express appreciation for the wonderful personal service which you have rendered in obtaining the application for the Fort Worth and Denver permit, and we desire to invite you and the business men of Wichita Falls to join with us in a jubilee to be staged at Plainview, Friday, Nov. 26, next, in celebration of the event.

Board of City Development.

1,000 MEN TO START WORK AT ONCE

FORT WORTH, Nov. 19. (AP) Nearly 1,000 men will be at work within a month building two important railroad extensions into the fertile domain of West Texas.

Extension of the Quanah, Acme and Pacific to Floydada, 27 miles, will be completed before the end of 1927 and direct train service from Fort Worth to Lubbock and Plainview will be in operation early in 1928, through the two-way extension on the Fort Worth and Denver.

Reports here tonight from the West Texas areas affected by today's interstate commerce commission ruling granting the extension told of wide-spread rejoicing and hasty plans for future celebration on a large scale.

Wichita Falls, Texas,
Nov. 19, 1926.

Board of City Development,
Plainview, Texas.

We rejoice with you and the plains country over the official permit for Denver railway extension. This will make Plainview and the other cities of that section closer neighbors with Wichita Falls. We accept most heartily your invitation to celebrate with you at Plainview, Nov. 26, and will have large delegation of Wichita Falls business men present.

CHAMBER OF COMMERCE.
J. C. Mytinger, President
Hubert M. Harison, Gen. Mgr.

Clarity To Chicago.

Frank E. Clarity, vice-president and general manager of the Fort Worth and Denver said tonight that he will go Monday to Chicago in connection with his road's extension. There he will confer with Pres. Hale Holden of the Burlington lines, of which the F. W. and D. is a subsidiary, and be on hand ready to launch plans when official transcript of the I. C. C. decision is received at headquarters.

Clarity said grading contracts will be let immediately and that upwards of 500 men probably will be employed on the F. W. and D. extensions alone.

Cost of the Fort Worth and Denver South Plains extensions from Estelline to Lubbock and from Estelline through Plainview to the heart of Castro county will total $7,000,000, Clarity said.

Complete In 2 Years.

All of the work will be completed in about two years, the officials hoping to complete the line to the Caprock, Quitaque, in time to handle all wheat, cotton and other crops in 1927.

When completed the line will open extensive new territory, putting it in the Fort Worth trade area for the first time, for, with north and south railroads only available, this area has been forced to give a majority of its trade to Kansas City, Oklahoma City and St. Louis.

The plains section has been on the alert for news of the I. C. C. authorization, its citizens realizing that a boom in development would follow, in agriculture as well as in industry. The section that will be tapped in recent years has become the biggest grain belt in the southwest and has forced East Texas and Central Texas to look to its laurels in cotton. Nevertheless, lack of rail facilities caused much hardship.

First Line For Many.

Some of the towns that the new lines will touch have no rail connections whatever at present, these including Turkey, Silverton, Quitaque and Dimmitt.

The rail contest began three years ago and involved in it were the Fort Worth and Denver, the Santa Fe, the Texas Panhandle and Gulf, the Frisco and the Gulf, Texas and Western. When the Texas, Panhandle and Gulf applied to build from Seymour to Tucumcarri, N. M., a hearing was held before the Texas railroad commission in Austin which merely acted in behalf of the I. C. C. More than a year ago the Denver's application was held at Plainview, with E .C. Boles, examiner for the I. C. C. presiding.

CHILDRESS CELEBRATES WHEN NEWS COMES

CHILDRESS, Nov. 19. (AP) — Childress shut up shop and took a holiday today with arrival of the news that the Interstate Commerce Commission has decided in favor of the Fort Worth and Denver railway's extension into the South Plains, with Childress as the terminus.

Everyone adjourned to the ball park at 3 p. m. to see Childress high school play Memphis, staging an impromptu shirt tail parade between halves from sheer exuberance.

The new line will give Childress a rail outlet in each direction of the compass and citizens are preparing for a genuine boom.

SHRINE TRAIN OFF TO DALLAS

Wichitans Leave Saturday Morning for State Convention

Headed by Mayor R. E. Shepherd, the "singing Shriner-mayor of Wichita Falls," approximately 75 members of Maskat Temple boarded a special string of Pullmans early this morning for Dallas to attend the annual all-state convention of Shriners.

Reservations for the trip were taken up to 7 p. m. last night and several Shriners made up their minds to make the trip at the last moment. Three Pullman cars had been set out for the boys and the Shrine band as well as other impromptu entertainers made the stay in the yards an enjoyable one. The train left early this morning and will arrive in Dallas in time for the opening of festivities there tonight.

Wichita Falls Rotarians Join With Visitors In Big Inter-City Rally

Wichita Falls joined hands with other cities in this section of Texas and Oklahoma in the annual inter-city Rotary meeting Friday night at Junior college when 300 Rotarians and Rotary-Anns were entertained with a spicy program featured by clever addresses and pleasing musical numbers.

Albert Myles, president of the local Rotary club, presided at the meeting and introduced the speakers following the invocation said by Dr. Nat F. Grafton. J. H. Allison, chairman of the inter-city relations committee, gave the address of welcome, and in his talk invited Rotarians of other cities to notify the local club when any members of their families were in the city hospitals or their sons or daughters in the Junior college in order that the local club might show them Rotary fellowship.

Responses Given.

Responses were given by C. P. Engelking of Electra; R. H. Nichols, Vernon; S. H. Black, Childress; Harry Koch, Quanah; representatives from Bowie, Olney, Dan Griffin of Nocona; Waurika, Lawton, Walters, Altus and Chickasha, Okla., with Alexander Lee speaking for the last named city.

From the responses to the address of welcome it appeared that the Wichita Falls club had a number of offsprings who expressed thanks for being guests again of the parent club.

Introduction was also made of Allen Street of Oklahoma City, vice-president of Rotary International, who brought a brief greeting from Oklahoma; District Governor Bill Edwards of Denton who made a short talk; Louis Fox of Fort Worth, secretary of the Fort Worth club and general chairman of the Rotary zone conference; I. B. Sutton of Tampico, Mexico, who told briefly of Rotary in Mexico.

"Rotary in Mexico is truly international. At the last conference 11 nationalities were represented from 19 clubs. Rotary is bringing about a splendid understanding and good will in Mexico that is remarkable. There are 19 clubs in Mexico and they begin with nationality. Rotary expects Rotarians to be loyal to all that he has pledged himself to, but especially to the country, however there is a huge difference in nationalism and nationality," he said.

Fort Worth Man Here.

S. H. McIlreath, president of the Fort Worth Rotary club brought greetings from his city to the inter-city meet.

Walter D. Cline, chairman of the convention committee of Rotary International, spoke on "Your Rotary Ann at Ostend." In a humorous address, in which he told many things that had happened during his recent trip to Europe to make plans for the coming international Rotary convention, he enumerated reasons for each Rotarian to bring his Rotary-Ann. Seriously speaking, he told of the six liners that had been chartered to take the Rotarians to Ostend next May, and told of educational advantages that might be derived from the trip.

R. C. Foreman of Houston, well known in the south and especially in Texas as a humorist, entertained with a group of after dinner stories and kept the assembly in an uproar a good portion of the time. He gave the story, "A Night Out," by Pebble, and "A Retrieved Reformation," by O'Henry, each bringing out a Rotary ideal.

Two honorary members of Rotary clubs were introduced: W. G. Turner of Fort Worth and J. A. Kemp of Wichita Falls.

During the dinner, music was furnished by the high school orchestra; a sing-song was led by Alva Willgus with J. S. Pitman at the piano. Several numbers were given by a quartet composed of Mesdames W. L. Underwood, J. S. Pitman, J. Brown Hopkins and Miss Minnie Baker with Mr. Pitman at the piano.

FIRE LEVELS FISHER HOME

Residence on Seymour Road Destroyed by Friday Night Blaze

The home of J. A. Fisher, located five miles out on the Seymour road, was destroyed by fire about 8:30 Friday night. The origin of the fire is unknown. It occurred while Mr. and Mrs. Fisher were attending a theater. The house is on the south side of the road and on the east slope of a hill. It was completed just last summer. Fire stations two and five answered a call turned in by passing truck drivers, but the house was lost before firemen could get there. The garage was damaged but all outhouses were saved from destruction. The loss could not be learned last night.

YOUTH IDENTIFIED

Willard Ard Still Unconscious In Hospital Here

The boy who was knocked down by an automobile Thursday night has been identified as Willard Ard, living with his brother Jesse Ard at 609 Holliday street. He suffered a broken collar bone and concussion of the brain when he ran out of the board walk at the corner of the Medical Arts building as the signal light started to change and was struck by a Ford roadster driven by W. C. Fleet of 1503 Burnett. Fleet did not have time to stop before he struck the boy, and when he did stop, someone had picked the boy up and started to the Clinic hospital with him. Fleet immediately went to the police station and gave a detailed description of the accident.

The boy has not regained consciousness. It is not thought that his skull was fractured.

FORD CAR RECOVERED

A Ford coupe stolen from C. E. Wayson at his home at 2153 Yale avenue Tuesday night was found by a member of the police force Friday where it had been wrecked and abandoned by the thief. It was taken to the Faith garage where the owner identified it.

Many Burn

(continued from page 1.)

roar. I saw steel plates and pieces of men flying through the air. Some of them flew by my head. Then the smoke began to blind me, but not before I saw the deck was covered with men and parts of men. The clothing of most of them was on fire."

Another eye witness Matthew Prucha a workman described how the ship "reared and plunged like a horse and seemed to lift 10 feet from the deck."

In Engine Room

Prucha was in the engine room. "I made my way to the deck," he said "and saw men running around with their clothing on fire and crying. Some of them had their arms off and some lay on the deck with legs and heads cut off."

Prucha said he was cut off by flames when he went into the bow to try to help some of the injured. He found a rope and slipped down it to the dock. "I thought about the poor fellows still back there in the Mantilla with the fire coming toward them," he said. "There wasn't anything anybody could do for them."

City Briefs

Richard W. Thompson leaves today for Burkburnett to spend the week-end with friends.

J. N. Bryan of the Thornberry community is reported ill at General hospital.

Members of the Girls' club of the high school, will hold a rummage sale at 118 Indiana today, according to an announcement made Friday.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creocote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on into the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent cought and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. —Adv.

WORK ON GAS MAIN DELAYED

Injunction Filed Friday To Halt Construction Of New Line

Construction work on the new gas main of the Lone Star Gas company which has reached nearly to the city limits, was halted yesterday by a court order when E. V. Friberg was granted a temporary injunction against the Lone Star company in Judge W. W. Cook's 78th district court.

Friberg, who owns 609 acres of of land in Wichita Falls-Burkburnett highway, and on whose land the gas main is surveyed to cross, claimed in his petition that the company entered his premises without his knowledge or consent and there began construction work in pipes and buildings, and that he is already damaged to the extent of $2,974 by the action of the company. He also claims that if they are permitted to continue his property will be damaged further to the extent of $1,000.

Judge Cook granted a temporary injunction in favor of the plaintiff yesterday morning.

ELECT PRESIDENT

West Point Commandant Appointed University Head

BATAON ROUGE, La., Nov. 19. (AP) — Colonel Campbell C. Hodges, commandant of cadets at West Point and formerly commandant of cadets here, was elected president of Louisatna State university today to succeed President Emeritus Thomas D. Boyd.

No Pay Edict For Election Heads

Walsh Finds Workers At Polls Acted Without Authority

Several citizens who assisted in the general election of November 2, by acting as officials at the polls, will have served their country gratis, according to County Auditor E. P. Walsh, who Friday brought into play a section of the election statutes which states that "no city or county official or employe may act as election judges or clerks."

Investigation of the list of 207 election officials showed that quite a large number of these were either officials or employes of the city or county, and were thus disqualified. Mr. Walsh declined to honor vouchers for these persons on the contention that they were ineligible to act at the election polls.

The saving to Wichita county will be about $400, it was stated yesterday afternoon.

FIRE DESTROYS

$200,000 Damage To Mill By Fire And Water

EL CAMPO, Texas, Nov. 19.(AP) —Damage estimated at more than $200,000 due to fire and water, resulted here early Friday in a place which destroyed the El Co mixed feed factory and I. Weaver's feed store and threatened the El Campo rice mill, which lost $100,000 when its sprinkling system let go.
