U.S. Faces Showdown On Aid

Mississippi Boat Smashes Into Bridge

13 Dead, Missing In Sinking Of Towboat

(By The Associated Press)

GREENVILLE, Miss., March 5—The dangerous current of the swollen lower Mississippi river smashed the towboat Natchez against a bridge last night and 13 crewmen are dead or missing.

The 180-foot craft rolled over and sank at once, leaving only an oil slick.

Captain William A. Howell of the towboat Sohio Latonia, saw the tragic end of the Natchez, and picked up nine of the 13 survivors.

Boat Goes Down

He described the disaster as "by far the worst" in the 12 years he has been on the river.

"The current caught her and rolled her over," he said. "She went down in a minute.

"The men below—firemen, engineers—had no chance. The men picked up mostly were deck crew."

Two are known to be dead. They have been identified as William H. English of Cairo, Ill., and Oscar L. Powers, of Osceola, Ark.

Master Is Missing

River men said the current at that point, swollen by high water, is the most dangerous between Memphis and the mouth of the Mississippi.

The Natchez' tow of three barges were scattered by the crash, but were picked up by other craft.

The Natchez, owned by the Federal Barge Lines, settled to the bottom a mile downstream.

Among the missing is the master of the Natchez, Capt. John Browinski of St. Louis.

Warning Given

Second Mate Calvin A. Collins of Cairo said he was in the pilot house with the captain when the current began to sweep the vessel and its barges off course.

"I told the captain we were going into the bridge," Collins said, "but the current was so strong he couldn't handle it any other way."

The towboat struck the bridge piling about four minutes after his first warning, Collins said.

The Natchez was towing barges containing 60,000 barrels of oil, en route to St. Louis from Mayersville, Miss.

Two Men Held In Hit-Run Case

Two more wrecks near Lubbock Friday afternoon boosted the mounting total of automobile accidents during the past few weeks, as officers apprehended two men had been charged in connection with a hit-run accident just west of the city on the Levelland highway Tuesday.

Three men received minor injuries in the two accidents Friday afternoon, one occurring about 6:15 p. m. a short distance west of cemetery curve on the Slaton highway, and the other about 3 p. m. one mile south of the 'Y' on the Brownfield highway.

Car Hits Trailer

Wendell R. Branum, 21, of route 6, Lubbock suffered facial lacerations, and John Wilson, 19, of 313 Ave. R, a right knee injury, when the 1939 Ford coupe driven by Branum colleded with a 1946 Chevrolet truck-trailer. Tommy Harris, route 7, Lubbock, occupant of Branum's car had minor bruises.

The truck was driven by F. C. Montgomery, 34, negro, of 1008 Ave. A, and he was unharmed. Both vehicles were going west.

According to the highway patrol, Montgomery was preparing to make a left turn as the other vehicle was attempting to 'overtake' him. Brakes were said to have been applied to the Branum car, but collided with the left rear of the trailer. The point of collision was on the right side of the stripe, the highway patrol said. Branum and Wilson were treated at West Texas hospital and dismissed.

On the Brownfield highway, about a mile and a half from the city limits, Albert Leeroy Dean, 57, of Carlsbad, N. M., was driving toward Lubbock when he collided with the right side of a 1937 Ford coach driven by Melvin R. Gillet, 41, of Wofforth. Gillet was in the right lane, and was also driving toward Lubbock, the highway patrol said, when Dean attempted to pass to the right. The latter's 1939 Ford coupe riccocheted off to the right ditch and was stopped by a tree.

Gillet was not injured, But

State Prison Fund Boosted By Highway Group's Payment

AUSTIN, March 5. (AP) — The state prison's dwindling food funds were bolstered $158,000 worth today.

Prison Manager O. B. Ellis' after conferring with highway officials here, said he had obtained approval for reimbursement of the prison paid bill for metal used in the manufacture of 1948 auto license plates.

(Law provides for the metal bill to be paid out of prison funds with subsequent reimbursement by the highway department).

"I guess we'll eat a while longer now," Ellis commented.

Last Tuesday Ellis said the prison system had already used 92 percent of its appropriation for food and 93 percent of its operations allowance for the fiscal year ending next September.

Solon Urges HST To Fire Two Generals

By J. W. DAVIS
Associated Press Staff Writer

WASHINGTON, March 5.—The CIO fired Harry Bridges today and Senator Taylor of Idaho suggested that President Truman fire Generals MacArthur and Wedemeyer.

Foreign policy and third party politics were behind both developments.

Bridges lost his job as the CIO's northern California regional director because he supported Henry A. Wallace for president and opposed the European recovery program. His stand was contrary to the CIO's.

Suggests Firing Generals

Taylor, Wallace's running mate in the third party ticket, wrote Mr. Truman that the two generals in the Far East were urging "a foreign policy at variance with that of the administration." He noted they advocated military aid to China.

Mr. Truman fired Wallace as secretary of commerce in 1946, Taylor recalled, for publicly disagreeing with administration foreign policy. The Idaho senator added:

"In order that you may be consistent with the policy which you laid down in the case of Mr. Wallace, I suggest that the resignations of General MacArthur and General Wedemeyer must also be requested."

Report Epected

Mr. Truman came back from his vacation today. Democratic Chairman McGarth is expected soon to give him a person-to-person account of the state of the party.

Otherwise the day's political developments included:

1. A national MacArthur for President headquarters was set up in Washington. Warren Wright, Chicagoan at the head of it, predicted a vigorous campaign to induce the Republicans to nominate General MacArthur as "the world's outstanding citizen." At Memphis, the Cotton Trade Journal said in an editorial that election of MacArthur would be a way out for southerners who don't want Mr. Truman again.

2. The Virginia house of delegates adopted a resolution saying southern states "should be permitted to improve the relations between the races and remove discrimination in their own way."

Child Dies In Dawson Blaze

LAMESA, March 5 (Special)—Robert Perez, 4-year-old boy, was burned to death, and his mother, Mrs. Santos Perez, about 21, is in critical condition in a Lamesa hospital as a result of a fire shortly after noon today which destroyed the one-room building in which the Perez family were living on the farm of Bayless Brown, about 16 miles southeast of Lamesa.

The fire apparently started when a five-gallon can of kerosene exploded near the stove where Mrs. Perez was cooking dinner, holding the child in her arms. The husband was out hunting at the time.

Building Burns Down

The woman placed the child on the bed and attempted to put out the fire. Brown, attracted by the flames, ran to the shack just in time to see the mother run from the house with her clothing ablaze. She shouted for him to save the child, but the roof of the building was already falling in.

An inquest was held this afternoon at the scene of the fire. Justice of the Peace D. M. Campbell, County Attorney Vernon Adcock, Sheriff A. M. Bennett, and Deputies Louie Bradford and Ed Hatch, all of Lamesa, investigated.

Mrs. Perez suffered severe burns over almost her entire body and was still considered in grave condition at midnight. No funeral arrangements had been made for the child.

Board To Look Into Atom Plant Dispute

WASHINGTON, March 5 (AP)—President Truman today created a special board to look into the labor dispute at the government's Oak Ridge, Tenn., atomic energy plant.

In an order, the President said a strike at Oak Ridge would "imperil the national safety." AFL unions are threatening a strike, but agreed last night to postpone one at least two weeks.

The board was given until March 19 to report on the facts in the dispute.

Issuing an order creating such a board is a formal procedure required under the Taft-Hartley Labor act for dealing with a national emergency strike. Members of the board will be named later.

Sec. Harriman Scored In Condon Case

Tug-Of-War Brews

(By The Associated Press)

WASHINGTON, March 5.—A new test of strength between Congress and the executive branch of government built up today in the Condon case.

The Commerce department formally refused to turn over its loyalty files on Dr. Edward U. Condon to the House committee on un-American activities.

Rep. J. Parnell Thomas (R-NJ), chairman of the House committee, declared there is going to be a "showdown". He didn't specify when.

Three other Republican congressmen made speeches criticizing Secretary of Commerce Harriman for refusing to turn over the papers which the committee sought to subpoena.

Condon, director of the National Bureau of Standards, told reporters he certainly has no objection to the hearings which Thomas said will be held. In fact, Condon said, he asked for a hearing last July.

A subcommittee of the un American Affairs group charged last Monday that Condon had mingled "knowingly or unknowingly" with alleged Russian spies, and was "one of the weakest links" in the

Plan To Name U. S. President By Popular Vote Is Proposed

By ED CREAGH
Associated Press Staff Writer

WASHINGTON, March 5—Election of the president and vice president of the United States by popular vote was recommended today in the northern-southern Democratic civil rights fight.

A constitutional amendment which would radically change the present electoral college system was approved unanimously by a House Judiciary subcommittee in a deliberately-aimed blow at minority influence on major party policies.

Minority Power Scored

This amendment, if adopted, would have such far-reaching effects as reducing the "balance of power" influence claimed by the American Labor party, which is backing Henry A. Wallace's presidential bid in New York state.

Rep. Gossett (D-Tex), author of the amendment, blamed the electoral college system for the present split between President Truman and southern Democrats bucking the President's proposals to lower some racial barriers.

"The electoral college," Gossett said, "permits and invites irresponsible control and domination by small, organized minority groups within the large pivotal states."

These minorities, Gossett said, "by voting together can and do hold a balance of

State Control Over Plains Water Scored At Meeting

By C. W. RATLIFF
Avalanche Staff Writer

MOVING to combat any attempt to pass legislation declaring underground water property of the state and placing control of its use and the drilling of irrigation wells under the Texas Board of Water Engineers, members of the Lubbock Water Conservation association voted in a meeting here Friday afternoon to sponsor legislation providing for the formation of local water districts.

Approximately 250 irrigation farmers, business and professional men participated in the meeting, which also saw the launching of a movement for greater membership of the association and the assement of a $10 fee per well on all members.

Legislation To Be Drawn

W. O. Fortenberry of Monroe, prominent farmer and ginner, was reelected president of the association in the meeting. L. A. Howard, Lubbock attorney-farmer, was named vice president and Robert H. Bean, also an attorney and farmer, was re-elected secretary-treasurer.

A resolution passed in the meeting recommended to officials of the High Plains Water Use and Conservation association, a regional organization, "that competent persons be employed immediately to draft a proposed bill embodying the features of the formation of a district or districts upon petition of the property tax-paying voters of such proposed district, and the election of local officials to administer appropriate controls of the drilling and spacing of wells, and the use of water from the existing and any future wells; and that such a bill be drafted immediately so that it can be offered as soon as the next session of the Legislature convenes."

The resolution and all three officers of the association had previously cited attempts during the past to secure passage of legislation placing the control of waters with the state board.

Want To Be Ready

"We've had a lot of criticism because we haven't had an aggressive program on this water," Fortenberry, who presided at the session, said. "If there is need for those regulations, we want them formulated and administered locally.

"It stands to reason eventually that we'll get into trouble on this water, but we're not now and we want to be prepared when trouble does come," he said.

Fortenberry said he drilled one

Former Nazi Pilot Claims Hitler Made Escape From Berlin

(By The Associated Press)

MUNICH, Germany, March 5 — The U. S. Army declined to express an opinion today on a former German pilot's claim that Adolf Hitler escaped alive from Germany.

One high official said the story "sounds fantastic." But official comment was withheld until the pilot and his story have been carefully checked.

Arthur Freidrich Rene von Angelotte-Mackensen told the story to U. S. officers in nearby Wolfratshausen yesterday. He was questioned again today by Army agents.

Flight Is Described

The pilot said in a signed statement that Hitler and Eva Braun flew to Denmark in a Junkers-52 transport plane as the war ended. The last he saw of them was when they took off from Denmark by plane toward Spain, Mackensen said.

Army officers began questioning Mackensen yesterday after receiving a tip, they said, from his jilted girl friend, Ruth Lindauer, who claims she does not believe a word of his story.

The tall, 26-year-old German claims to have been an SS officer in Hitler's personal bodyguard.

Told Of Surrender Plan

Mackensen said he was in the Reichs chancellory bunker in Berlin when Hitler told a small circle of intimate friends:

"A new German government has been formed which is ready to surrender. Gentlemen, it is time to go."

Mackensen said the group, including Hitler and Eva, left the bunker for Templehof airfield escorted by tanks.

From the airfield, Mackensen said the group flew to Tondern in southern Denmark, in four JU-552's and seven ME-109 fighter planes.

"There we landed and Hitler made his last speech," Mackensen said. "He expressed confidence in the future and said good-by to every one of us."

Civil Service Screening Tests Given 15 Applicants In City

Firemen's civil service tests were given to 15 applicants Friday afternoon at the city fire station, Argo Peek, city personnel director, announced.

The written tests were of the type which enables the civil service commission to determine the general intelligence and aptitudes of the men taking the examination, he said. Out of a possible score of 220 on the test, a grade of 158 is considered average for high school graduates, he indicated.

The tests were not completely graded last night, Peek stated, but he said that it looked probable that about half of the 15 applicants would receive satisfactory grades on the examintions. In addition to Peek, Marion Sanford and George McClesky, City Civil Service commission members were present at the screening of the prospective firemen.

Military Help Against Reds Under Study

By JOHN M. HIGHTOWER
Associated Press Staff Writer

WASHINGTON, March 5—President Truman returned to Washington today to face a decision of far-reaching import: Whether the U. S. should give military support to western European countries fearful of Russia.

The President's first business on his return from vacation in the Caribbean and Florida was a session with his cabinet. Whether the European situation was on the agenda was not stated.

Italy Seen As Target

But the problem for American policy makers may take precise form over the weekend if five western European nations agree, as expected, on a mutual defense treaty and if they then raise the question of the United States joining in.

It is also expected to crop up in another and more urgent way soon in Italy. American officials now generally believe that Italy will be the target this spring of a Russian move to extend Communist power west of the "Iron curtain."

The problem of military support for western European countries has been discussed unofficially for months. An American military alliance to support the Marshall-plan countries was proposed to Congress by elder statesman Bernard Baruch several weeks ago.

Military Aid Urged

Consideration of the idea goes back in its present form to British Foreign Minister Bevin's proposal last January for a western European union. However, the idea of an American commitment to protect the countries of such a union against, German, Russian or any other aggression has been most enthusiastically considered since the Communist power-grab in Czechoslovakia.

Lieut. General Albert C. Wedemeyer was expressing an opinion widely held among both military and civilian advisers of President Truman when he told the House Foreign Affairs committee yesterday that this nation should back up its economic assistance to non-Communist countries with suitable military support.

In the case of European countries that is already being done for Greece and Turkey.

The administration actually has

Finland Awaits Treaty Decision

HELSINKI, Finland, March 5 (AP) — President Juho Paasikivi pondered tonight his answer to Prime Minister Stalin of Russia who asked for a treaty of friendship and mutual assistance.

He had the majority view of parliament that negotiations short of an outright military alliance should be started.

The weather-beaten presidential palace overlooking the ice-choked Helsinki harbor was the scene of great activity. Close advisers, including Foreign Minister Karl Enckel, conferred with the president.

Informed Finnish sources speculated that a Finnish delegation to meet the Russians might be selected tonight. They reasoned that the Finnish government would move faster now, especially in an attempt to "take the punch out of" any planned Communist-sponsored demonstrations for a pact that would tie Finland closely into the Russian bloc.

(The Russian newspaper Izvestia described the proposed treaty as a precautionary measure. The account said the proposal has "evoked a new explosion of slander among overt and secret warmongers.")

Efforts to approve a resolution supporting the treaty failed today at a Communist - sponsored meeting of rail workers. The shops are about evenly divided between Social Democrats and radical Popular Front.

36 Nations Draw Up Wheat Export Pact

WASHINGTON, March 5 (AP)—Diplomatic officials said today representatives of 36 countries have drawn up a five-year agreement setting a maximum price of $2 a bushel for wheat exported from the United States, Canada and Australia.

Final approval of the United States depends on favorable action by Congress, Several farm bloc congressmen have served notice they will fight against any move to fix prices for wheat.

In return for the price assurances, the 33 importing countries promise to buy at least 500,000,000 bushels of wheat from the United States, Canada and Australia. Canada would export 230,000,000 bushels of this; the United States 185,000,000 bushels, and Australia 85,000,000 bushels.

Two other important grain exporting countries—Russia and Argentina—refused to participate in the agreement.

NEW RECORD SET

LOS ANGELES, March 5 (AP)—A Navy FJ-1 fighter plane sped the 361 miles from San Francisco to Los Angeles in 40 minutes flat today to set a new record for the flight. Navy officers computed its average speed at 525 miles an hour, and Commander W. A. Sherrill, Pacific Palisades, Calif., said he was not aided by tailwinds and that he was unable fully to retract his nose landing gear, resulting in considerable drag.

Freezing Weather Again Grips Plains

Warmer Weather Is Forecast For Area

SOME relief from the latest blast of winter was forecast for the Panhandle and South Plains today following another day of sub-freezing weather and intermittent snowfall, the Weather bureau station north of the city reported at midnight.

One of the coldest readings of the winter was recorded in the western tip of the Panhandle early Friday as the mercury dropped to six degrees below zero at Dalhart as the cold wave shoved its way over a great portion of the state.

Temperatures Continue Drop

A low of 17 degrees was recorded for Lubbock early Friday morning, the Weatherman reported, and the mercury failed to go above the 30 degree mark throughout the day. Even colder weather was in prospect for the early morning hours today with the temperature standing at 15 degrees at 12:30 a. m. A possible low of 10 was foreseen.

The forecast at midnight for Lubbock and the South Plains today was warmer and partly cloudy, with similar conditions prevailing Sunday, but there was no indication of heavy precipitation for the next two days. Temperatures are expected to be in the middle forties this afternoon and somewhat higher Sunday.

While the Weatherman was telling of the dreary weather and light snow, one cheery note was injected into the picture. A robin redbreast, one of the little birds supposed to herald the arrival of spring, picked out a yard of a residence at 2610 Twentieth street and made his bow. The robin was one of the first to be reported here this year.

Snow Hits Panhandle

Most of the Panhandle and South Plains appeared to be clearing at midnight, following another day of low readings over a great part of the state, the Associated Press reported.

Pampa reported four degrees above zero, Amarillo 6, Lubbock 17, Abilene 27, Wichita Falls and El Paso and Brady 31.

Dalhart reported that the six below zero figure compared with the previous low of the season, six above zero. Total snowfall in a storm ending late Thursday there was 4.4 inches to bring the season's total to three feet, the Associated Press reported.

Pampa reported two inches of snow Friday, Big Spring had a trace of snow and freezing rain occurred at Harpersville. Electra reported snow.

Meanwhile, the Sabine and Trinity rivers continued on flood. The Sabine spilled over U. S. highway 59 between Marshall and Carthage but subsided some Friday.

Sixteen Bikes Sent Girl, But Parents Hope It's Mistake

(By The Associated Press)

PORTLAND, Ore., March 5—Sharon Fulton, five years old today, received 16 bicycles as a birthday gift. Her mother hopes it's all a freight mistake.

The present came from an aunt, Mrs. James E. Jones, of Oklahoma City, Okla. Mrs. Richard B. Fulton, Sharon's mother, opened the big box. It contained four crates, with four bikes in each.

"I couldn't help but notice that the bill came up to $175, plus $20 shipping charges," Mrs. Fulton said. "So when I called Oklahoma City to thank my sister, I told her the $195 worth of bicycles had arrived. I think what I heard on the other end of the line was a dull thud."

In Oklahoma City, Mrs. Jones explained it was all a mistake. Her husband had called a firm selling bicycles and asked that one be sent to Sharon. Instead the firm made a mistake and sent one case.

U.S. Bluntly Rejects Note

(By The Associated Press)

WASHINGTON, March 5—The United States bluntly rejected today a joint request from Yugoslavia, Czechoslovakia and Poland that they be consulted on American poldies in Germany.

The rejection was stated in identical notes sent by Undersecretary of State Lovett to the Polish, Yugoslav and Czechoslovak embassies.

Russia had supported the request of the three satellite nations and copies of the note were also supplied to the Soviet embassy.

The joint request was based on a resolution adopted by the foreign ministers of the three eastern European governments at Prague February 18. In general this resolution denounced the policies of the United States, Britain and France in reconstructing western Germany.

Texts Released

The State department released the texts of Lovett's notes. In each case they said:

"With reference to your note of February 23, 1948, transmitting the text of the declaration concerning German problems drawn up by the ministers of foreign affairs of Czechoslovakia, Poland and Yugoslavia at their recent conference in Praha (Prague) I have the honor to inform you that this resolution contains so many statements which are not in accord with the facts that discussion of its contents would serve no useful purpose.

"Accept, excellency the renewed assurances of my highest consideration."

The notes were addressed to Ambassador Sava N. Kosanovic, of Yugoslavia, former Ambassador Juraj Slavik, of Czechoslovakia and Stefan Rovonzinski, the Polish charge d'affaires.

Slavik had resigned in protest against the communization of the Czech government before the note was delivered but the State department had not received official notice of his resignation in time to re-address the note.

Council Not To Intervene In Palestine

UN Move Rejected

(By The Associated Press)

LAKE SUCCESS, March 5—The United Nations Security Council today refused to accept a UN Assembly resolution calling on the council to take part in partitioning Palestine. The vote on this section of an American proposal was 5 to 0. There were six abstentions. Seven votes were needed for passage.

The Council immediately followed this decision by voting to call on the major powers to consult directly on the Palestine partition orisis. The vote on this section was 7 to 0 with four abstentions.

The delegates refused, however, to approve instructions to the big powers to attempt mediation between Jews and Arabs.

A British delegation spokesman said that Britain would not take part in the big power Palestine talks. He said, however that Britain would furnish information to the other powers and aid in any way short of direct participation.

The big power meetings will get under way Monday at 10 a. m. (CST) in the New York offices of Soviet Delegate Andrei A. Gromyko. The sessions will be private.

Purge Of Czech Army Underway

PRAGUE, March 5 (AP)—The Social Democratic newspaper Pravo Lidu disclosed tonight the Czechoslovak army is undergoing a thorough purge.

Rudolf Slansky, secretary general of the Communist party in this country and a founder of the Cominform, appeared to be in charge.

The disclosure was in a paragraph which said:

"Action committees are not going to intervene in the purge going on in the army. In case of intervention or doubt, action committees should apply directly to the ministry of defense and at the same time report to the chairman of the defense committee of parliament, Slansky."

Bread Ration Boosted

The action committees have been purging political parties, parliament, industry, the police and cultural bodies.

The Communist government announced an increase in bread rations. Mrs. Ludmila Jankovcova, new food minister, said March rations would be raised 2.2 pounds and those for April 3.3 pounds. She said grain deliveries from Russia are satisfactory and that most bread will be of white flour.

Newspapers featured an interview given by Communist Premier Klement Gottwald in which he blamed the recent crisis on "ministers of reaction."

He asserted that Russia brought no pressure to force the "rebirth of the national front." Gottwald said foreign policy would not be changed except that "reaction-

VANDENBERG SCORES AGAIN

A Matter Of Public Service

ANOTHER public service must be credited to Sen. Arthur H. Vandenberg of Michigan, in blocking an apparent attempt to rush through Congress a proposal to create a new international agency, with almost incredible powers, as part of any European relief plan which may be approved.

Just what powers would be entrusted this agency still are vague. The scheme was proposed suddenly and unexpectedly, apparently with no attempt being made—or intended—to inform the public as to what was contemplated. Senator Vandenberg, however, is authority for the statement that foreign members of the proposed agency could commit the United States to war, apparently without consulting Congress or the American people.

Senator Vandenberg's opposition has insured that the whole proposition, for whatever it may be worth, will be brought out into the open. The danger seems to have been removed that the American people might discover, suddenly, they have been committed to some extraordinary course of action without having been informed fully in advance as to what was proposed.

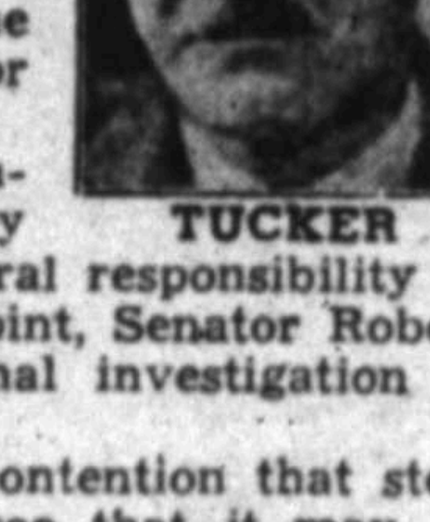

Perhaps, after mature consideration, the agency plan may be revealed as having merit. But the apparent rush act, together with the opposition of Senator Vandenberg, who is beyond doubt the most influential senator in matters pertaining to foreign relationships, combine to put it under grave suspicion. They are enough to condemn it without further evidence if immediate action upon the proposition was mandatory.

SOLONS OPPOSE NEW PRICE BOOST

Federal Curbs On Steel Talked

By RAY TUCKER
Special Correspondent

WASHINGTON—Rarely have American businessmen, especially top industrialists, fallen under such heavy fire as they have at the present moment on and off Capitol Hill. The strange feature of the current attack is that it comes from normally conservative legislators, government officials and corporation spokesmen.

TUCKER

That Downeaster, Senator Owen Brewster, of Maine, is no radical or baiter of "the interests." But he has been shocked by Controller General J. Lindsay Warren's revelations that one-fifth of the war contracts sampled by his small staff of field agents were colored by "unprecedented fraud." And because of the form of the laws governing these deals, hardly a cent can be recovered, whether the losses resulted from "outrageous carelessness or just plain gypping."

The steel industry's recent price increase has inspired sporadic demands that it may be necessary to subject so important a production unit to federal responsibility or regulation. Although no subscriber to this viewpoint, Senator Robert A. Taft of Ohio was moved to conduct a formal investigation of the boost.

His action tends to support some colleagues' contention that steel dominates the national economy to such a degree that it may be necessary to define it as "affected by the public interest."

Numerous corporation heads, who have been or will be pinched by higher costs of steel, have severely criticized what they regard as a dangerously inflationary move. And there are reports that makers of price policies in the industry are concerned over the effect of their decision, even though they maintain that their own increased expenses justify it.

• • •

WARNING: As former president of the Boston Chamber of Commerce and the Boston Federal Reserve Bank, Vermont Senator Ralph E. Flanders has never been accused of demagoguery. But he served a warning note on fellow-Republicans after his committee's study of the effect of high living costs on low-income groups.

After listing old people living on annuities, wage earners, government employees, teachers, educators and social welfare workers, he said:

"When I consider the serious difficulties in which school teachers and preachers, particularly young ones, find themselves, I am astonished that radicalism has not gained a stronger hold on this influential group of citizens.

"Let me suggest to my fellow-Republicans that there is a party necessity, because it is a human necessity, to recognize the difficulties in which these great groups, numbering many millions, find themselves . . .

"For our party, the safest political strategy is to recognize the problems of these people, not only politically, but with the heart and head."

• • •

RESPONSIBILITY: Edwin G. Nourse, chairman of President Truman's Council of Economic Advisers, has remained out of the present controversy and discussion. But before he took his present post, he indicated that he might favor federal regulation of such a giant industry as steel.

In his book, entitled "Price Making in a Democracy," he insists that there is a difference between fixing rates in vast, free markets and in those where the producer enjoys such control that he can get the pace for both allied and other industries. In the latter field he suggests that there might have to be what he describes as "administered prices"—administered, that is, by the government.

Where a few executives enjoy such power, Dr. Nourse warns, they must employ it with a great sense of responsibility or subject its use to public control.

Reports Are Sketchy

Reports from the local campaign were sketchy at headquarters in the Southwestern Public Service company building at Tenth and Ave. K, but indicated excellent response by the public, it was said by Ernest St. Clair, general chairman.

Meantime, the mass typing program for the blood bank here was moving ahead as technicians typed members of the American Business club at the club's luncheon today at the Hilton hotel. Typing was done earlier this week of Optimist club members, and other clubs are to be typed in the blood bank campaign, according to W. C. O'Mara, county chapter chairman. Typing had already been completed on the Junior Chamber of Commerce members, but had been delayed on others due to shortage of fluid for the RH tests, the announcement said.

Jester Claims Texas Demos Won't Bolt

(By The Associated Press)

AUSTIN, March 5—Gov. Beauford H. Jester doesn't think Texas Democrats will bolt the party.

He came home from a nine-day tidelands-politics stay in Washington, "hopeful" on these two points:

1. Democrats could settle their differences within the party;

2. That Congress would override a predicted presidential veto of legislation giving the states title to their tidelands.

In Position To Trade

Jester said he expected that Texas would send a delegation to the Democratic national convention at Philadelphia uninstructed as to presidential and vice-presidential nominees, but instructed on state's rights questions.

"That would put us in a better trading position," the governor said, endorsing state executive Democratic chairman Robert W. Calvert's recent Dallas speech. In this speech, Calvert said he thought it might be necessary to send an uninstructed delegation to Philadelphia. He saw no hope that anything could be accomplished by outright revolt.

No Definite Bolt Seen

"I don't think Texas will break away from the party," Jester said. "I don't think Texas wants to help elect a Republican or a third party candidate to the presidency." He thought some southern states were headed for a clean break from the party.

Jester will return to Washington March 13 to attend a full meeting of the southern conference of governors.

He went to Washington to speak for state title to tidelands and as a member of southern governor's committee to voice southern protests over President Truman's civil rights proposals.

RAYBURN SAYS HE OPPOSES HST'S CIVIL RIGHTS PROGRAM

DENISON, March 5 (AP)—Rep Sam Rayburn of Bonham, Democratic leader in Congress and former speaker, came out today against President Truman's civil rights program.

He authorized publication by The Denison Herald of a letter in which he said he was opposed to measures to abolish poll taxes; to make lynching a federal offense, and to set up a Permanent Fair Employment Practice commission

Last Monday State Senator G. C. Morris of Greenville said he intended to oppose Rayburn for the Democratic nomination. He asserted Rayburn had failed to "speak out against" certain parts of the civil rights program which Morris called an "attempt to destroy the segregation laws of this state."

Rayburn's letter said he is "against any bill that has any tendency toward crippling our segregation laws."

As Democratic leader, Rayburn is the person expected to push administration measures through the House. President Truman has asked Congress in a message to pass the civil rights legislation The action brought an immediate split in the Democratic party, generally along North-South lines.

Tech Vet Students May Take Part On State Bonus Talks

Possibility of participation in a statewide meeting to consider a veterans bonus for Texas veterans of World War II was discussed at a called meeting of the Tech War Veterans Association executive committee Friday afternoon.

Recent controversy regarding the state bonus centered around a statement by Gov. Beauford H. Jester that it is "un-Texan" to ask for a bonus.

"If TWVA should decide to participate in the meeting, which will be held in Austin this month, a campus wide poll of veterans' opinions will be taken to determine a definite stand by Tech veterans," Gene Nowlin, TWVA president, stated.

Definite plans and announcements concerning the bonus issue on the campus will be made in the near future, Nowlin said.

House Drops Funds For New Midway Port After Hot Debate

WASHINGTON, March 5 (AP)—The House eliminated funds for Fort Worth's proposed Midway airport today after a rip-roaring debate that found mediators of the issues shunted aside.

The main show was the torrid debate between Fort Worth's representative Lucas and Dallas' representative Wilson.

It was Wilson's amendment that was voted on. It struck a proposed $2,608,000 off the total of $37,000,000 for airport construction in the United States. It also stipulated that none of the balance shall be spent on the Midway project, also known as the greater Fort Worth international airport.

The voice vote was 72 to 31.

Deadline For Filing Today

Filing of candidacy of Mayor C. A. Bestwick for re-election and E. K. Hufstedler, jr., and Clarence Whiteside for the city commission in the city election April 6 were made Friday.

Their filings, made at the same time, were the first to be received, according to Miss Lavenia Williams, city secretary. All had announced their candidacies several weeks previously.

Miss Williams reminded that tomorrow is the deadline for filing for places on the printed ballot. Filing blanks may be obtained from her up to noon, the closing time of the city hall on Saturdays.

Bestwick is seeking a second two-year term as mayor. Hufstedler and Whiteside are candidates for the commission places now held by Fred Childress and J. Ray Dickey, who are not asking re-election. Commissioners serve four years.

The mayor filed as he completed preparations for his departure Saturday on a deep-sea fishing trip near Tampico, Mexico. He will accompany Dr. Clifford E. Jones, Dr. Sam Dunn and Retha Martin. Charles R. Gallagher, Lubbock and Los Angeles oil man, is to join them at Tampico.

STOCKS ATTEMPT RALLY

NEW YORK, March 5. (AP)—The stock market, all but unconscious during the great party of today's proceedings, showed faint signs of life toward the finish on a selective recovery flurry.

Leaders generally were under water until the final hour when timid short covering and other buying propped assorted amusements, rails, utilities and industrials.

The Associated Press 60-stock composite was up .1 of a point at 61.4 after the dip of .3 the day before. Of 902 issues registering, against 901 in the previous session, 349 rose, 318 fell and 235 were unchanged.

Amusements turned upward, after hovering around record lows, on reports some compromise might be reached on the British film tax. The feeling that power and light company issues had been oversold aided this group. Rubbers still were backward in reflection of tire output cutbacks. Most steels, motors, mail orders and oil did little either way.

American Power and Light $5 and $6 preferreds were up 2¼ points each at 75½ and 16½ respectively. Advances for major fractions of a point or so were recorded for Standard Gas $4 and $6 preferreds at 20¾ and 88½, respectively; Twentieth Century Fox 20½, Paramount Pictures 19¼, Warner Bros. 11⅛, Loews' 16⅝, Union Pacific 159, Texas Pacific Coal and Oil 45½ and Allied Chemical 173½.

Goodrich yielded 1½ at 50, U S Rubber 1 at 40¾ and Goodyear ¾ at 40¼. Bonds steadied.

Cotton

NEW YORK REPORT

NEW YORK, March 5 (AP) — Cotton futures registered small gains in slow trading today. Scattered mill buying and short covering met only limited offerings. Steadiness was imparted partly by a strong situation in spot cotton.

Private advances reported some improvement in mill buying of spot cotton. Carolina mills raised their price ideas and a good demand from western shippers was reported to cover old sales made to southeastern mills.

It was also said that clear weather is urgently needed over the southeast part of the cotton belt to permit crop operations to get underway which had been delayed by rains.

There were 234 additional March transferable notices issued.

Cotton closed firm.

Good Turnout Hears Debate By Newsmen

Approximately 300 persons were present last night at the Knife and Fork club dinner meeting at Hotel Lubbock to hear H. R. Knickerbocker, roving correspondent and Pulitzer prize winner, debate the Russian situation with Walter Duranty, British-born author and former newspaper correspondent to Russia.

Knickerbocker took the stand that Russia is a threat to world peace, while Duranty upheld his belief that the U. S. S. R. is not as anxious for war as it might seem.

Knickerbocker's arguments could be summed up by his statement that "if we follow our present foreign policy, we shall maintain the peace."

Duranty said, "I am not here to defend the Russians, but simply to explain why they feel toward us as they do. They are a revolutionary people, but they do not want war now. The next generation in Russia will understand the American viewpoint better, but I caution that this will take time."

Chas. A. Guy, Avalanche-Journal editor, introduced both participants and acted as director of the debate.

The club voted 3 to 1 in favor of reinstating the question-and-answer period following lectures at club dinners. The practice had previously been ruled out by the board of directors because of complaints from some of the club members.

Dr. H. I. Robinson, pastor of the First Methodist church, gave the invocation. He also paid tribute to S. L. (Lamar) Forrest, a former member of the club who died of a heart attack recently.

Dr. Doyle D. Jackson is president of the club.

State Control Hit

of the first wells in the county back in 1935 and at that time the water measured 92 feet from the surface. He said it was measured by the state water board engineers for the first time in 1937 and it measured 87 feet. He said it rose to 83 feet after the heavy rains of 1941.

"And the last time it was measured in 1947, it was still closer than 88 feet to the top of the ground," he said.

City's Stand Scored

Howard, who has been one of the leaders in the fight against water control legislation, was caustic in his remarks, especially about the City of Lubbock.

"There is some mysterious power trying to get control of our water," Howard said. "They've got plenty of money behind them ... They represent industry.

"They're going to try to pass a law that puts the power of water into the hands of the Texas State Board of Water Engineers. They want it for canning plants of a nylon factory.

"The City of Lubbock belongs to it and pays $100 a year and I imagine the chamber of commerce belongs, or should," Howard said.

"They've already paid a firm of lawyers $15,000 to draw up a bill; one of the men on the board who was in a meeting at Austin told us that. You boys had better get busy and draw up a bill and raise some money to defeat this proposition.

"And when I say raise some money, I mean in my judgement it's going to take $30,000 to $40,000 this year and about $60,000 next year," Howard said.

Must Retain Control

"We've got to get our own district out here so that we can control our own water," Howard said. "If you wait until they get that thing greased and the control passes to the water engineers, you're lost, you're through, and you won't be able to do anything about it."

The resolution was presented by Bean and passed unanimously by the members attending.

Just prior to the close of the session, Steve Struve of Abernathy was appointed chairman of a membership and finance committee and Miss Mae Murfee, chairman of a women's committee.

Members of Mr. Struve's committee are: Jack West, Monroe; Frank Lovelace, Abernathy; Ray Ferguson, Becton; L. E. Countess, Ottis Isom, C. N. Fulfer, Idalou; V. C. to deal with four types of situations in its "cold war" with Russia insofar as use of American military strength is concerned. These are:

1. Cases in which the United States can do nothing but protest because the countries involved are within the Russian orbit. These include Czechoslovakia, and possibly Finland, if the Russians crack down further on the Finns.

2. The case of China in which there is a split in the government here over what ought to be done. Secretary Marshall favors only economic aid at this time. General Wedemeyer, chief of planning for the Army, urged Congress yesterday to supply military as well as economic help.

Future Grabs Feared

3. The case of Greece where the United States is giving outright military assistance and helping plan the active anti-Communist fight. Also the allied case of Turkey, which is one of preparation rather than open combat.

4. The cases of other countries which might be threatened by Communist power brags in the future. This is regarded here as pretty largely embracing western Europe with Italy as the immediate focal point.

Police Investigate Minor Thefts Here

A Lubbock resident of 1900 block Main street reported to police last night that a horse had been stolen from the mantel of his home. The horse was wearing a saddle, and its overall height was seven inches, police records showed. It was valued at $12, and the owner said the horse was bronze.

Police were also investigating a reported burglary of Pearl's cafe, at 1714 Ave. A, in the negro section of the city.

The lock on the door was missing when the burglary was discovered.

Taken was approximately $5 in nickels from a juke box, Davidson said.

The sheriff's department said it had arrested a young Lubbock man for Louisiana officials who wanted him detained in connection with what they charged was disposal of mortgaged property.

Bond Is Set

H. T. Brown, 37, the county attorney's office said, pleaded innocent of check law violation, and bond of $1,000 was set by County Judge Walter Davies. Brown also was held for Big Spring, in connection with another check charge, the sheriff's office said.

Bruce Allen Rogers, 22, of Lubbock, pleaded guilty of drunk driving, county court officials said, and was fined $50 and court costs. His driver's license was revoked six months.

Two Men Held

(Continued From Page One)

Dean was treated at West Texas hospital for a chin laceration. Both cars were damaged.

Investigation of the accident was continued last night.

Two men who had been charged in connection with the hit-run accident in front of the W. G. McMillian home late Tuesday were apprehended by officers Friday about 5:30 p. m. eight miles south of Brownfield.

They were Herman McCarty, 26, of Shallowater, and Roy Ostrander, 24, of 116 Ave. T, Lubbock.

Still being sought was J. B. Fulcher, 24, of Sudan.

The two men held and a 15-year-old Smyer girl had given statements to the district attorney's office last night.

According to the statements, the men stopped by for the Smyer girl Tuesday afternoon. She had been in school.

They were headed toward Lubbock when the accident occurred.

After the chase off the Slide road, following the incident, one of the parties stated that the four in the truck went across country roads to Lamesa. From there, the party said that they went on to Big Spring, San Angelo, Beeville, Senton, Kingsville, and to Corpus Christi; Wednesday night, they were at Kingsville again and returned to Brownfield early Friday morning.

Each person making a statement denied being driver of the truck. McCarty stated that he owned the truck together with a person not involved in the accident.

Mrs. Marvin B. Simpson, 49, of Fort Worth, suffered two fractured ribs, and her mother, Mrs. Mary E. Goode, of 2009 Twenty-Eighth street, suffered shock as a result of the accident. A truck hit their car, and the impact turned the car over.

The truck did not stop, but most of the license number was obtained after a short chase on the part of a Lubbock youth. The occupants of the truck had been sought since they eluded officers in a pursuit shortly after the hit-run accident.

Plains Meet Scheduled Today

Locals Favored In Cinder Path Show

At least eight track teams from Lubbock and area schools of all classifications, including Plainview, Andrews, Lamesa and Sundown, will battle for top honors in the annual South Plains Invitational practice track meet this afternoon at Chapman field.

The first race is scheduled to get underway at 1:30 o'clock, with other events following at 15-minute intervals.

Westerners Favored

Some of the top track and field performers of West Texas are slated to make their initial starts in '48 competition in the program and record-breaking times and distances are assured if weather conditions are favorable.

Lubbock High's strong Westerner squad has been split into "sophomore" and "regular" teams for the meet and are rated slight favorites, but Plainview's cinder-specialists are ranked with the top contenders.

Two of the Class A entries, Sundown and Andrews, boast two of the best individual stars scheduled to compete today, but probably will lack enough strength in all divisions to cop the title. John Ethridge of Sundown is one of the best 880 competitors, as is Lamesa's Bud Hawkins, while Jack Young of Andrews is considered the top threat in the low hurdles and broad jump.

Ace Sprinters Ready

The Westerners are expected to chalk up most of the new marks, however, with ace sprinters Charley Williams, Don Decker and Earl Hutcherson sparking the "regular" team. Charles Curry is certain to better the shot put mark.

Cold weather hampered workouts throughout the area Friday, but the weather station north of Lubbock predicted clearing skies and higher temperatures by the time the first event is unreeled.

Present meet records include:

High hurdles—Hensler, Lubbock, 15.9 (1946).
100-yard dash—Etz, Lubbock, 10.5 (1946).
440 dash—Harrison, Denver City, 52.9 (1945).
Low hurdles—Rampy, Lubbock, 24 (1946).
440 relay—Lubbock, 45.9 (1945).
880 dash—Wilson, Lubbock, 2:14.3 (1946).
220 dash—Etz, Lubbock, 23.1 (1946).
1 mile—Burns, Seminole, 5:14.1 (1946).
Mile relay—Lubbock, 3:44.5 (1945).
Pole vault—Dean, Lubbock, 12' (1945).
High Jump—Means, Ropesville, 5'10" (1947).
Shot put—Murphey, 39'2" (1944).
Broad jump—Hensley, Lubbock, 20'6" (1945).
Discus—Ussery, Lubbock, 127'8" (1947).

LONGHORNS ENTER TOURNEY

DALLAS, March 5 (AP)—The University of Texas has been granted permission by the Southwest conference to participate in the national invitation basketball tournament in New York next week.

Sports Study

By Earl Sendday

Low-hanging clouds and snow flurries Friday afternoon on the eve of the annual South Plains Invitational track meet indicated that Chapman field will be more than slightly cool this afternoon when the events are unreeled, but Westerner Mentor Marlin (Shorty) Hayhurst was not dismayed. "It was lots worse than this last year," Shorty recounted. There were three or four inches of snow on the ground the day before the meet, but we used a maintainer to clear the track. Then, on the morning of the meet, we got out and shoveled the snow back from the curb of the track so that when it melted it wouldn't interfere with the races."

LITTLEFIELD

• • •

So unless a near-blizzard or rain make conditions absolutely impossible the meet will be conducted this afternoon, Hayhurst said, and fans are urged to unpack their heavy overcoats and be at Chapman field in time for the first event at 1:30. "It will probably be pretty cool, but the track squads out in this area have to get used to running in wind, sand and blue northers," meet officials said.

• • •

No matter how bad the weather is for the meet today, South Plains track fans will agree that the Interscholastic league regional meet conducted at Canyon in 1944 holds the all-time honors for being the most uncomfortable event ever staged in West Texas. During the meet it alternately rained, hailed, snowed and sleeted. One of the most amusing races that day was the 440-yard dash event, when Lubbock's Burl Gene Moore, who later won the state championship, had to run with one hand in front of his face to ward off the hail that was falling heavily at the time. Moore broke 50 seconds in the 440 on several occasions, but the best he could do that day—dodging hailstones—was a 53.4.

• • •

At Austin, where the weather is a little more suitable for track squads at this time of year, canny Clyde Littlefield is busy preparing his group of great sprinters for the spring meet grind and the later Olympics. Littlefield reportedly hopes to break the world's record in the 440 relay this year, with Flyin' Charley Parker, Perry Samuels and Allen Lawler available for the quartet, although Lawler will be late in joining the squad as a result of an operation. Littlefield's best distance hope is diminutive Jerry Thompson, who has his eyes on the Olympic 5,000 meter grind.

• • •

Littlefield believes that Parker has an excellent chance to qualify for the Olympics in the 200 meter event, according to reports from Austin, and either Parker, Samuels or Lawler is a good bet in the 100 meter dash. Parker is, in the final analysis, the key to the Longhorn track hopes. If the San Antonio Express can regain the form with which he chalked up a 9.5 on the century while he was still in high school, the Steers will have the greatest group of sprinters in the history of the Southwest. If Parker can't better last year's performance, the Longhorns will be very good—but not great.

Raiders Clash With Rams In Tourney Final Tonight

FORT WORTH, March 5 (AP)—Texas Tech and Texas Wesleyan, two race-horse basket ball teams that cashed in on repeated fast-break buckets, shot their way into the Texas division NAIB finals here tonight with one sided victories.

The Red Raiders piled up a quick 11-2 lead on ACC and went on to trim the Wildcats, 70-47, after TWC had turned back East Texas State 77-56.

Wesleyans Hold Lead

Texas Wesleyan's racing Rams turned in one of their top performances of the season to trim East Texas State.

The Lions managed to make a game of it during most of the first half, but after intermission the Rams' fast-breaking game began to wear down the Lone Star conference members.

Four different Rams picked up a total of 13 personal fouls trying to halt the hook shots of Eagle Pivot Jake Carter. Jake canned 11 of his 14 gift shots and sank four buckets for 19 points. Goaling honors, however, were carried off by big E. F. Parham of the Rams. Parham poured in 25 points.

East Texas was never on top Little Ted Nicksick, Parham and Doug Higgins each connected on their first shots from the floor as TWC leaped ahead, 6-2. Dick Gilbreath and Carter hit as the Lions trimmed the margin to 11-10, then TWC soared in front, 38-26, at the half.

Rams Meet Raiders

TWC led, 60-41, with nine minutes left in the high-scoring game.

The Rams and Red Raiders will clash here tomorrow night for the right to represent Texas in the National Association of Intercollegiate basketball meet opening Monday in Kansas City.

McQuillan Resigns As TCU Cage Coach

FORT WORTH, March 5 (AP)—Hub McQuillan, veteran cage coach at TCU, resigned Friday "for the best interest of the school" in a letter to Athletic Director Howard Grubbs. He said his plans for the future were indefinite.

Seven hours after McQuillan's resignation, Bryon (Buster) Brannon was named to the post.

Brannon, now on the coaching staff at the University of Florida, will report to his new job at TCU late in March. Grubbs said that Brannon also will be an assistant football coach and probably will serve as a football scout.

Grubbs said that if he wished, McQuillan would be retained as a football scout and in other capacities in the physical education department.

McQuillan, who has been coaching since 1916, came to TCU from Texas A. & M. in 1941. He served in every coaching capacity on the campus during the war years but was never able to build up the Frog cage teams.

"When you can't win any more games than that there is only one thing to do," McQuillan said.

Softball League To Open Play April 13

Opening games in the South Plains Softball league will be unreeled Tuesday night, April 13 at Jumbo Webster park, it was announced last night following a meeting of league officials.

The twin bill will pit Thomas Jewelers against Baldridge Bakery, and Bluebonnet-Sunbeam Laundries vs. Cloverlake. Five teams will play at 24-game schedule, with double-headers slated for each Tuesday and Thursday nights. Regular season play will end July 22, with a Shaughnessy playoff slated to begin July 26.

Golden Light Coffee is the fifth team entered in the league. The team's first game is slated May 4 against Thomas Jewelers.

AAU MEET SLATED

SAN ANTONIO, March 5 (AP)—A nine-team field loomed today in the regional AAU basketball tournament, opening here Monday night. Teams representing Howard Payne college, Corpus Christi Naval base, Austin recreation which comprises Texas university varsity freshmen plus some varsity players, and the Moonglow Athletic club, Little flower and Kelly field from San Antonio have entered. Abilene Christian college and Lackland airbase and Alamo jewelers from San Antonio may enter.

FAST TRACK FOR DERBY

ARCADIA, Calif., March 5 (AP)—A compact field of eight colts topped by William G. Helis' Salmagundi, was named today for the $100,000 Santa Anita Derby as the track winds up its 1948 meeting tomorrow. Weather prophets looked for clear skies, a fast track, and turf officials look for a turnout of 60,000 fans, equalling last year's record attendance for this mile and one-eighth feature.

GUS LESNEVICH
Scores First-Round KO

Fox Is Kayoed By Lesnevich

NEW YORK, March 5 (AP)—Lightheavyweight Champion Gus Lesnevich handled Philadelphia Billy Fox like he owned him tonight knocking out the challenger in 1:58 of the first round before a jam-packed Madison Square Garden mob.

Lesnevich weighed 175 to 172¼ for Fox.

Six Straight Rights

Six straight right hands to Fox's head sent him down for a count of six after a minute of fighting. He barely wobbled to his feet as the champion from Cliffside Park, N. J., tugged at Referee Frank Fullam trying to get at his foe.

Cagey Gus, now a two-fisted madman, surged over Fox and rapped him across the bottom rope with another terrific right. Fox rolled to the canvas and was counted out for the second time in his life.

Lesnevich, who had to weigh in three times after shadow boxing to make the 175-pound limit, was a 1 to 2 favorite over Fox, who weighed 172½.

The champ knocked out Fox in the 10th round in their first meeting a year ago, snapping Billy's string of 43 straight kayoes. Since then the challenger had hung up seven more knockout victories.

Sweats In Overcoats

At the noon weigh-in Lesnevich originally tipped the beam at 175¼. The titleholder went into a side room next time. After sweating it out in several heavy overcoats he finally made the grade.

Bowie Upsets Denton In State Cage Meet, 33-27

Crozier Tech Quintet Downs Sandies, 45-40, In AA Tilt

AUSTIN, March 5 (AP)—Favorites swept into semi-final play of the Class AA division in the state high school basketball tournament here tonight.

Crozier Tech of Dallas downed Amarillo, 45-40, for the right to meet Bowie of El Paso, winner over Denton, 33-27, tomorrow.

Milby (Houston) rolled over Harlingen, 52-41, and into a semi-final game tomorrow with Lufkin, easy 44-22 winner over Temple.

The Class A defending champion East Mountain (Gilmer) will tackle Mount Vernon in the Class A championship game tomorrow while defending titlist Johnson City meets Maydelle for the Class B crown.

A crowd of 7,000 watched Nemo Herrera's classy Bowie five take an early lead and hold it over Denton.

Ahead at the half, 21-13, Bowie had its lead cut to 30-27 with three minutes left to play.

Jim Ochoa paced Bowie scoring with 12 points and Denton's Walter Kearns tallied 11.

Sandies Rally

Crozier Tech, making its third straight appearance in the state tournament, staved off a last-half Amarillo rally in the feature game of the AA schools' first round of play.

Bryan Miller, smooth Crozier Tech forward, scored eight field goals and four free throws for 20 points. Substitute Guard Bob Farmer, a long-shot specialist, sank 12 points for Amarillo and Guard Jack Revill of Crozier Tech had a like number.

The Wolves from Dallas were ahead 29-17 at the half, but Farmer's goal from deep court brought Amarillo within four points of Tech midway of the final quarter. The Dallas quint then concentrated on controlling the ball rather than shooting. Three of its last five points were the result of fouls as Amarillo tried desperately to get the ball.

Crozier Tech entered the semi-finals along with Milby of Houston and Lufkin. Milby spanked Harlingen, 52-41, and Lufkin smothered Temple, 44-24. Milby and Lufkin meet in the semi-finals tomorrow.

Two Unbeaten Teams

Mount Vernon and the Class B Maydelle team remain unbeaten in season play.

Maydelle slapped down Carey, 46-30, in an earlier game.

Johnson City fought its way to Class B finals with a hard-gained 41-39 victory over Sweeny in semi-final play.

The defending champions came from behind in the final minute of play. Sweeny had led 20-19, at the half. There was never more than four points difference in the two teams' scores.

Throckmorton High school forfeited the consolation third place in Class A to Dimmitt.

League officials quoted Coach T. B. Little of Throckmorton as saying that "some of the boys did not want to play" for the consolation place.
