New Load Of Paratroopers Forced Out

FAIRBANKS, Alaska (AP) — A planeload of 33 Operation Snowbird paratroopers were forced to hit the silk over Ladd Air Force Base here last night after one of the aircraft's two engines failed.

All landed safely despite darkness and zero weather. The plane was brought undamaged to the ground by its six-man crew.

The jump was the third in the giant Army-Air Force exercise since the more than 100 planes started from Sewart Air Force Base, Tenn., Monday in the 3,000-man exercise.

Thirty-eight men dropped safely from one of the C119 Flying Boxcars Tuesday near Sewart but two members of the plane crew were killed in a subsequent crash. Thirty-three more jumped safely at Miles City, Mont., the same day. The plane was landed successfully.

Last night's jump was on the last leg of the northward flight, from Whitehorse, Yukon Territory, to Anchorage. One engine conked out 10 minutes after the plane passed Nenana, 50 miles southwest of Fairbanks.

The pilot, 1st Lt. Robert Bruckner, turned the ship back toward Fairbanks and ordered the men out when over Ladd. Some drifted away from the base but all were accounted for within half an hour.

One member of the paratroop unit, Pvt. Richard C. Welch, said he thought the plane could have landed safely 99 chances out of 100 but the jump was ordered for maximum safety precautions. He said he was pretty scared.

Welch, like the others aboard, was from the 503rd RCT Support Co., Camp Campbell, Ky. The plane and crew were from the 745th Troop Carrier Squadron, Charleston, S.C.

Dulles, Lodge In Omaha For SAC Briefing

WASHINGTON (AP)—Secretary of State Dulles, Ambassador Henry Cabot Lodge and other top U.S. diplomats are to attend a "briefing" by the Strategic Air Command at Omaha, Neb. today.

A State department announcement in midmorning said Dulles left Washington at 8:30 a.m., and Undersecretary of State Herbert Hoover, Jr. left in a second plane five minutes later. Lodge, ambassador to the United Nations, left Mitchell Field, N.Y., last night for Omaha.

The meeting in Omaha affords an opportunity for Dulles and Lodge to discuss in conditions of unusual secrecy the Hammarskjold mission to Peiping regarding the release of 11 American airmen and other U.N. personnel held in Red China.

However, the State Department said the briefing plans were set up "some time ago," thereby indicating that the arrangement was not made especially to provide private Dulles-Lodge talks. Lodge talked with U.N. Secretary-General Dag Hammarskjold upon that official's return late yesterday from the Far East.

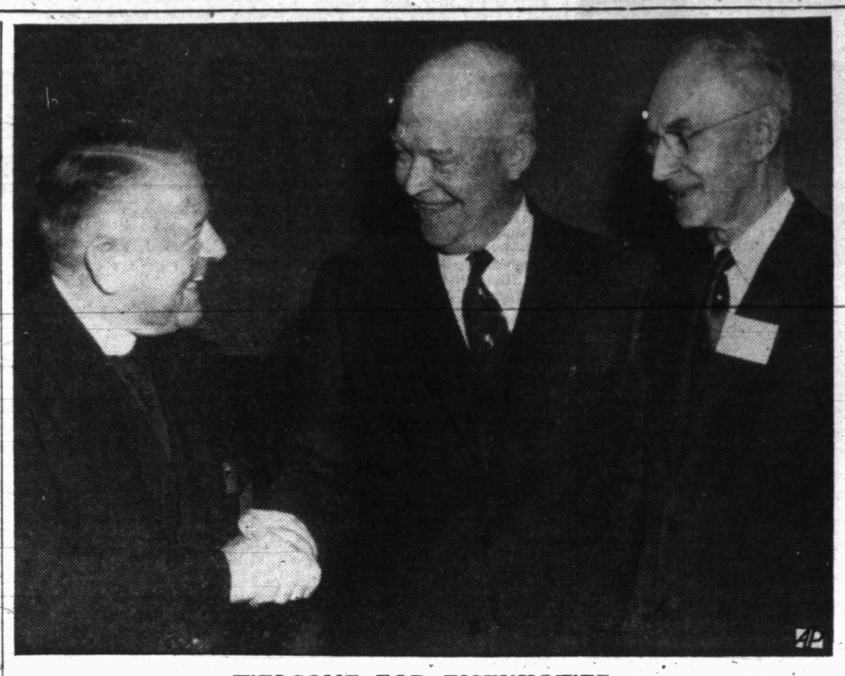
Press Officer Henry Suydam said several other State Department officials would attend the briefing. He said Dulles was due in Omaha at 12:15 local time.

At the White House, Press Secretary James C. Hagerty told newsmen that President Eisenhower received a report on Hammarskjold's mission from Secretary Dulles last night. He said Lodge had reported to Dulles by telephone from New York.

WEATHER

WEST TEXAS: Cloudy and warmer, widely scattered light rains this afternoon and early tonight. Turning colder in Panhandle late this afternoon and in South Plains tonight. Saturday, partly cloudy and colder.

EAST TEXAS: Mostly cloudy and warmer this afternoon and tonight. Scattered showers Saturday and in south late this afternoon or tonight. Turning colder Saturday. Moderate to fresh southeast winds on the coast, shifting to fresh northerly late Saturday.



WELCOME FOR EISENHOWER

President Eisenhower is greeted with a handshake and a smile by Joseph R. N. Maxwell, president of the Association of American Colleges, as he arrives to address the group informally at a luncheon meeting during the Association's 41st annual meeting in Washington. At right is Chancellor R. H. Fitzgerald, University of Pittsburgh, retiring president of the organization. Maxwell is president of Boston College.

Reds Offer To Share A-Plant Experience

MOSCOW (AP)—The Soviet government today offered to share with the rest of the world the experience it claims to have gained by operating an industrial power station with atomic energy.

Foreign Ministry press chief Leonid Ilyichev told a news conference the Soviet Union is "ready to hand over the scientific and technical experience piled up in the Soviet Union."

He said this information would be made public through a report to the United Nations Committee on Atomic Energy.

There was no indication that foreign scientists or technicians would be able to study the operation of the atomic power station which the Russians claim to possess on their own.

At the same time the spokesman announced that academician D. V. Skobeltsyn had been appointed Soviet representative to the conference on atomic energy which the last U.N. General Assembly decided should be held during 1955.

This is the first time since the atomic discussions began in the U.N. that Russia has sent a non-political figure to such a meeting. The significance of the change over to a scientist was not immediately clear.

The spokesman said Skobeltsyn has been instructed to submit a proposal for inclusion of the industrial power station item on the agenda of the proposed conference on atomic energy.

Although the spokesman read the announcement to reporters at the Foreign Ministry he said that Tass had been authorized to make the announcement in its own name. The announcement said:

"As is known from July 1, 1954, an official announcement was made that the first industrial power station using atomic energy was put in service in the Soviet Union and produced power for neighboring regions.

"The Soviet government recognizing the great importance of the peaceful utilization of atomic energy and striving to contribute to the development of international cooperation in this field is ready to hand over the scientific and technical experience piled up in the Soviet Union.

"With this aim the Soviet government is ready to submit to the conference on the peaceful use of atomic energy to be convened during 1955 according to a decision of the General Assembly of the United Nations a report on the first plant in U.S.S.R. and its works.

"The representative of the Soviet government to the advisory commission of the United Nations on the convening of the said conference will be academician D. V. Skobeltsyn.

"Academician Skobeltsyn has been instructed to present a proposal for the inclusion of this item on the agenda of the conference."

Texan Picked For ICC Post

WASHINGTON (AP) —President Eisenhower nominated Everett Hutchinson, Austin, lawyer, to be a member of the Interstate Commerce Commission.

Hutchinson, 40, a Democrat, was chosen for the remainder of a term expiring Dec. 31, 1958. He would succeed Charles Mehaffie, whose compulsory retirement at 70 was announced by the White House earlier this month.

Hutchinson is a former member of the Texas Legislature.

Eisenhower also nominated:

Retired Gen. Walter Bedell Smith, former undersecretary of state, to be a member of the national security training commission.

Rear Adm. Bartholomew Hogan to be the Navy's surgeon general and chief of its bureau of medicine and surgery.

Brig. Gen. Raymond Anderson, to be quartermaster general of the Marine Corps.

Sen. Daniel (D-Tex), an Eisenhower supporter in 1952, had urged Hutchinson for the ICC post. Hutchinson was an assistant to Daniel when Daniel was attorney general of Texas.

"He is one of the outstanding transportation lawyers in our state. It is a well deserved honor to him and to Texas," Daniel said.

"The Interstate Commerce Commission is one of the most important agencies of the federal government insofar as Texas is concerned. It has regulatory powers over many of the activities of our far flung railroad, trucking, pipeline and shipping industries."

Magazine Articles Ire Senate Panel

By JOHN CHADWICK

WASHINGTON (AP) — A tempest boiled up today within the Senate Juvenile Delinquency subcommittee over the action of two staff aides in writing magazine articles about the group's work before its report is published.

Members were trying to arrange an early meeting to decide whether Herbert W. Beaser, chief counsel of the subcommittee, and Richard Clendenen, its staff director, were justified or should be required to walk the plank.

Former Sen. Robert C. Hendrickson of New Jersey, newly nominated by President Eisenhower to be ambassador to New Zealand, was chairman of the subcommittee. He did not run for re-election.

At the moment the subcommittee has no chairman. Members are frankly upset because two of Beaser's and Clendenen's articles have already been published in the Saturday Evening Post.

Beaser said in an interview he and Clendenen had Hendrickson's permission to enter into a commitment to write the articles, a series of five.

"That is not true," said Hendrickson, reached by telephone at his home in New Jersey.

"Despite all my warnings and advice," he said, "these two fellows insisted on going ahead." He said that at one point he was "firmly resolved to chop their heads off" but finally decided to take "the calculated risk" of keeping them on rather than bringing in new aides at a late stage in the subcommittee's work.

Sen. Kefauver (D-Tenn) said he and other subcommittee members, Sen. Langer (R-ND) and Sen. Hennings (D-Mo), were "very much upset" when they learned from Hendrickson about the articles.

The subcommittee, set up to make a nationwide probe of the causes and extent of juvenile delinquency, is due to expire Jan. 31 but members have urged that it be continued.

Hendrickson said Beaser and Clendenen asked him last fall if he was considering writing anything about juvenile delinquency and he told them he had talked to a publishing firm about the possibility of writing a book after the subcommittee's report was completed.

His thought, Hendrickson said, was to turn over any profits to some organization engaged in youth work.

Hendrickson said Beaser and Clendenen told him they had been approached about a series of articles and asked him if he saw anything wrong in it. He said he told them he would think it over, but later advised them to hold off because he felt an "ethical question" was involved.

House Jittery After Woman Goes To Floor Unchallenged

By B. L. LIVINGSTONE

WASHINGTON (AP) — Several members called for tighter security measures in the House today after an unemployed stenographer who says "Nobody tried to stop me" walked up to Speaker Rayburn (D-Tex) and asked to make a speech.

Turned down by the surprised Rayburn, she was permitted to leave without even giving her name—only the word that she came from New Kensington, Pa. Guards later sought her in vain around the Capitol.

It was not until hours later that she was found by newsmen at a local hotel. She said she is Mrs. Grace Jackson Clark, 49, of New Kensington, and that she wanted to ask the House to urge the country "to stop long enough to consider what good citizenship is."

Mrs. Clark described herself as "ignorant of the way the country is run."

Her entry into the House and approach to Rayburn on the speaker's rostrum, in violation of all congressional rules, came shortly after the House convened yesterday. A clerk was reading a message from President Eisenhower.

The incident, innocent enough in itself, gave goose pimples to members who recall vividly last March 1, when four Puerto Rican nationalists in the gallery shot and wounded five members on the floor of the House.

Representatives Bentley (R-Mich) and Roberts (D-Ala), two of the most seriously wounded in that shooting, called today for tighter security measures to protect members against further incidents.

Rayburn disclosed that he has ordered plainclothes detectives back into the spectators' galleries. He also hinted that House doorkeepers were due for a talking to.

House interest was revived in establishing a professional police force to guard the Capitol. The present force is largely made up of political appointees.

Republican Leader Joseph W. Martin Jr. of Massachusetts attributed yesterday's incident largely to laxity by doorkeepers who, he said, should have known the woman was a stranger.

Mrs. Clark told newsmen that if she had been permitted to speak, she would have asked the House "to put me on television for about an hour so I could talk to the country."

"We should take a look at ourselves," she said. "We're running wild and everybody is just concerned with himself. We're too tense and not together."

Mrs. Clark said she is separated from her husband and lives with her parents. She said she has been unable to find a job for the past two years.

Asked about the House security arrangements, she said only one page boy had tried to talk to her as she crossed the house floor.

"I did notice, though, that several persons looked alerted when I passed them. I was beginning to get nervous by the time I got up to Mr. Rayburn and was relieved when he said I couldn't speak. I had a few things memorized but by that time had forgotten them.

"I asked him what that other man was reading and Mr. Rayburn said it was a message from the President.

"I knew then that I definitely wouldn't get a chance."

Clouds Stall Mercury

The temperature got no lower than 39 degrees in Snyder during the night. Overcast skies and a brisk south wind kept the temperature down to 42 degrees at 7:30 a.m. today. Yesterday's maximum temperature was 51 degrees, David Strayhorn said.

Chou Makes No Proposal For Release Of Prisoners

Weak Norther Due In State By Nightfall

By The Associated Press

Light rain fell in extreme South and West Texas Friday. A weak norther due in the state around nightfall promised more scattered showers.

By 6:30 a.m. Brownsville had received .06 inch, Corpus Christi .02, Laredo .03, Cotulla .01 and El Paso .07. Traces dampened Del Rio, Wink and Salt Flat. At midmorning rain continued in the Rio Grande Valley and the El Paso area.

Clouds lay over most of the state as Gulf air drifted through. No freezing temperatures were reported. The range before dawn was from 34 at Dalhart and Lufkin to 63 at Brownsville.

The cold front, not severe, was expected to bring occasional rain in West Texas except the Panhandle and South Plains and scattered showers elsewhere in the state.

Winter weather played a few tricks today. It was warmer in northern North Dakota than in parts of the Gulf Coast.

Cold air spread southward across the eastern Gulf states and pushed into Florida early today. Freezing weather extended all the way to the Gulf Coast.

It was 31 at Mobile, Ala., 19 degrees lower than yesterday morning. At the same time it was a comparatively mild 35 in Williston and Minot, N.D., Miami reported.

The mild winter weather extended an early morning reading of 49 over the Great Plains from Texas to the Canadian border.

There also was a little warming in the Far West. But cold weather continued along the western slopes of the Rockies, with below-zero readings. It was moderately cold over most of the East. Temperatures were around seasonal levels in the Northeast.

Only light precipitation was reported during the night. Snow flurries fell over parts of the Great Lakes region, the northern Appalachians and the northern Rockies.

Col. Arthur J. Redland, commanding officer of Murphy General Hospital in Waltham, Mass., has been reprimanded in the promotion to corporal of a doctor who invoked the Fifth Amendment on questions about Communism. The Army said Marvin S. Belsky, a New York physician, had been demoted from corporal to private because his promotion "violated regulations."

U. N. Chief Thinks 'Climate' Better

UNITED NATIONS, N.Y. (AP) — Secretary General Dag Hammarskjold said today that Red China's Chou En-lai raised a number of questions, including a U.N. seat, during their Peiping talks—but that he definitely had laid down no conditions for release of the 11 American fliers held there.

The secretary general, in a news conference, declared he had achieved what he was "aiming at" during his visit to Peiping.

He described this as merely the first step in the continuing contact.

Hammarskjold said that in his opinion an improvement in the international climate was directly connected with the question of releasing the American fliers and other U.N. command personnel held by the Chinese Communists.

He stressed, however, that Chou had made no proposals nor laid down any terms.

He said Chou's discussion of other questions was "entirely apart from the question of the prisoners."

"No deals of any kind, nor any link between these other questions and the prisoner question, were suggested by either side," Hammarskjold told reporters.

The secretary general declined to list specifically which questions Chou had brought up, but he said the Chinese leader had raised just about every issue that he has discussed in recent speeches, statements, and other expressions.

Hammarskjold was asked whether Chou had expressed concern over a possible attack on the Chinese mainland by the United States.

"One of the curious things about the present world situation is that everybody is afraid of everybody else," the secretary general said.

Asked whether Chou had brought up the question of Peiping representation in the U.N., Hammarskjold said this was covered by the previous statement that Chou had discussed almost everything.

The secretary general said the question of 35 Chinese students detained in the United States had not been made a condition for release of the American fliers.

Hammarskjold arrived here last night and immediately conferred for an hour with Henry Cabot Lodge Jr., chief U.S. delegate. Later Lodge reported to Secretary of State Dulles, who in turn filled in President Eisenhower.

In today's news conference Hammarskjold was asked whether he regarded his trip as successful.

"If by successful you mean I had the fliers back on the plane with me, I was not successful," he said. "If in the point of exploration, it was successful."

He said he did not know when he would make his formal report to the General Assembly. He has scheduled a series of conferences with delegates to report individually on his trip.

Reminded that Communist China refused last month to agree that the case of the fliers was any concern of the U.N., he was asked if that attitude had been changed. He said Peiping seemed to accept the view it is the concern of the secretary general of the U.N., but had no comment whether that was a departure from previous views.

Part of the questioning went this way:

Can the question of releasing the aviators be solved without direct contact between the United States and Red China?

"I think it is perfectly possible."

Is Red China favorable to keeping the door open for further contact?

"Yes, if we are."

He said he has no plans to return to Peiping, nor did he believe it necessary to have another direct talk to solve the problem. This bore out earlier statements by his associates that future contact would be through diplomatic channels.

Lodge expressed confidence about the fliers after his talk with Hammarskjold last night.

Man Freed On Arson Charge

A jury returned a verdict of acquittal in a criminal district court trial yesterday, and a jury was being selected this morning for trial of another case in the same court.

Hammit (Hambone) Robinson, Snyder Negro, was acquitted of an indictment charging him with arson of a house in the Negro section of Snyder on Nov. 25.

The charge was filed against Robinson Nov. 26 after Mrs. Ozzie McClain, Negro owner of the house, told firemen, officers, and others the morning of the fire that Robinson set it afire after telling her he intended to. The grand jury returned the indictment based on the charge and other information Nov. 30.

Jurors on the Robinson case were Mrs. Pat Moore, Weldon Sumruld, Mrs. Herbert Feather, Mrs. Jack Craft, Mrs. Orville Taylor, Whit Farmer, H. H. Carey, James Powell, Mrs. Perry Echols, Mrs. Rea Falls, Forrest Beavers, and Guy Stoker.

Jury selection began this morning for the trial of Ivy Smoot, 51, of the China Grove community, charged by the grand jury Nov. 30 with driving while intoxicated as a repeated offense subsequent to a county court conviction for a similar action.

The indictment alleged Smoot drove a vehicle on a public highway while under influence of intoxicating liquor on Nov. 24 after having been convicted in county court here on July 5, 1950.

Lawmakers At Work On Bills

AUSTIN (AP)—The Legislature was in its first weekend recess today but many lawmakers kept at work on bills they will introduce next week.

House members have until Monday to submit bills in the order of numbers they drew Wednesday.

Senators do not use the drawing system, depending instead on the order of their recognition from the floor after Lt. Gov. Ben Ramsey calls for introduction of bills.

That call customarily brings one of the most immediate and unanimous responses of any session on the Senate floor, with just about every member hitting the floor waving one or more bills.

One of the first tasks next week will be the canvassing of the general election vote. That clears the way for the inauguration of Gov. Shivers and Ramsey Tuesday.

The legislators then are expected to settle down in earnest to the important tasks of lawmaking.

One of the early bills will be for comic book control, a measure drafted by Atty. Gen. Shepperd.

West Point Grad Rebel Commander

By CARLOS ESCUDERO

SAN JOSE, Costa Rica (AP)—With fighting in Costa Rica's four-day-old war at a virtual standstill, an inter-American investigating commission reported today that the planes which bombed and machine-gunned Costa Rican towns had come from "foreign soil."

The finding was announced as former Costa Rican President Teodoro Picado admitted in an interview in Managua, Nicaragua, that his 27-year-old son, Teodoro Picado, Jr., was commanding the rebel forces. The younger Picado is a graduate of West Point and is married to a Los Angeles woman.

The commission also reported it had found "serious indications that arms and munitions have been supplied from a foreign source to rebel elements in Costa Rican territory." The commission did not identify the "foreign soil" or the "foreign source."

The five-nation investigating group forwarded its finding to Jose Mora of Uruguay, president of the Council of the Organization of American States. The council sent the commission to the scene to probe Costa Rican charges of aggression by neighboring Nicaragua in connection with the fighting.

Nicaraguan officials have denied Costa Rican accusations that the Managua government armed, trained and equipped the rebels. They say the fighting is internal revolution.

The commission's findings will be used by the OAS Council as a guide in deciding whether action should be taken under the Rio de Janeiro Treaty. This pact provides for joint action by the American states if any of its fellows is invaded. But already the arrival of the OAS mission and the promise of observation flights by U.S. planes appeared to have had a calming effect on the fracas.

The Costa Rican general staff reported that a rebel force of 200 to 300 men apparently was stalled around La Cruz, in the northwest tip of the country just south of the Nicaraguan border. A spokesman said no contact had yet been made with this force, although government troops were developing a movement to defeat it.

The rest of the country was reported quiet with the government in control.

Newspaper reports in San Jose said the towns of Liberia and Las Canas were attacked last night by a plane flying without lights. According to the press accounts both towns were strafed and one bomb was dropped at Liberia. Liberia and Las Canas are in the northwest part of the country, on the Inter-American Highway leading south from Nicaragua.

The reported air attack coincided with a 35-minute blackout in San Jose but no planes appeared over the capital.

(In Washington, a Costa Rican Embassy spokesman said both Liberia and the town of Grecia, about 30 miles northwest of San Jose, had been bombed. This spokesman said details were sketchy and there was no indication whether there had been any loss of life.)

The inter-American investigating commission announced that it would begin "pacific observation" flights today over Costa Rican territory. The United States has agreed to supply planes for such surveys.

The U.S. Army reported in Washington last night that the flights would be made by Navy seaplanes from the Coco Solo Air Station in the Panama Canal Zone. The report said the Navy has assigned the job to Patrol Squadron 45, commanded by Cmdr. William T. Luce, Metuchen, N.J.

The flights will be made in two-engine Martin Marlins, which carry a crew of 10 and are armed for defense.

Windham Gets 7-Year Term

ABILENE (AP)—A jury decided today that rancher Ernest Windham maliciously shot his older brother to death and set his punishment at seven years in prison.

Windham, 55, Callahan County rancher, contended the death of John Windham, 69, was an accident.

The jury received the case yesterday and deliberated four hours before retiring for the night. It returned its verdict to Judge Floyd Jones of Breckenridge at 9:45 a.m.

John Windham, 69, died Feb. 16, 1954, of a gunshot wound received at his ranch seven miles north of Clyde. Ernest Windham's first trial on the murder charge last March in Baird ended with a hung jury—split 10-2 for acquittal.

The jury convicted him today of murder with malice.

Ike's Draft, Pay Raise Plans Win Quick Bipartisan Support

By RUSSELL BRINES

WASHINGTON (AP)—President Eisenhower has won quick bipartisan support in Congress for extending the draft and raising military pay, but he faces sharp skirmishing on some other parts of a broad new military manpower program.

The President called yesterday for a four-year extension of the draft, more money and benefits for career servicemen and a reorganized and strengthened pool of reserve strength.

The reserve program included a plan for six months basic training for limited numbers of 17 and 18-year-olds and a requirement that both these youths and regular draftees serve additional time in active, organized reserve units.

The President told Congress in two special messages that these steps are necessary to give the nation its first peacetime "proper military posture" and to provide the capacity of dealing with any "aggressor so criminally unwise as to attempt an atomic attack."

Chairman Vinson (D-Ga) of the House Armed Services Committee said he strongly endorses a selective pay increase and the general idea of more fringe benefits for servicemen.

He said in a statement he would support both a four-year extension of the regular draft and a requested two-year extension of the law drafting doctors and dentists. Both are now due to expire June 30.

But he underscored a prevalent wait-and-see attitude on the President's proposals to increase and strengthen the reserves. In past years, Congress has remained cool to all proposals for universal military training, some of which have paralleled the President's six-month training plan, and there were strong indications the present Congress would take its time in considering that program.

Chairman Russell (D-Ga) of the Senate Armed Services Committee told newsmen "undoubtedly there will be some increased compensation" for servicemen but declined comment on other features of the program.

Rep. Arends (R-Ill), a member of the House Armed Services Committee, said he was happy to see the President's pay raise proposals because he considers them necessary. If more money keeps highly trained men in service, he said, the country eventually will save money.

Sen. Saltonstall (R-Mass), chairman last year of the Senate Armed Services Committee, said the proposal "forms a strong basis on which a bill for building up trained reserves and for stabilization of our regular services can be written."

Skirmishing is expected, however, over details of the reserve program and some of the fringe benefits which Congress has chipped away and the President proposes to restore.

In addition to pay raises, Eisenhower said there is need for more and cheaper military housing, better medical care for dependents, and a fairer program of survivor benefits.

He did not detail his pay raise proposals, but said they should be reserved for men serving more than their minimum terms. He asked also for selective increases in pay for hazardous duty; a boost in travel allowances from $9 to $12 a day; and a "dislocation" allowance for families of men moved to new permanent duty stations.

The Pentagon estimated the overall cost of the pay raise proposals at 870 million dollars a year.

AREA OIL ROUNDUP

Northeast Fisher Wildcat Spotted

Fox-Ransell and Bells Wells, both of Abilene, have filed application to drill a 5,700-foot rotary wildcat seven and a half miles northeast of Rotan in Fisher County.

The project will be the No. 1 F. L. Jameson, located 2,210 feet from south and west lines of section 111-1-H&TC. The drillsite is on a 320-acre lease, and two and three-eighths miles west of the Ida-Strawn field. It is separated from the field by dry holes.

The location is also five-eighths of a mile southwest of Roark & Hooker No. 1 Jameson, a wildcat failure abandoned on Jan. 8, 1953, at 5,910 feet. It reported the top of the Canyon at 5,329 feet and of the Flippen at 3,378 feet.

FLUVANNA LOCATION

The Superior Oil Co. and Intex of Midland have announced plans to drill the No. 1-537 E. G. Browning two miles northwest of Fluvanna in the Fluvanna - Strawn field.

Drillsite is 660 feet from south and 1,980 feet from east lines of section 537-97-H&TC. It is in the same section as Superior and Intex No. 1-537 F. Lanham, a dual Strawn and Ellenburger producer located 1,980 feet from west and 660 feet from north lines.

The No. 1-537 Browning is to drill to 8,500 feet starting soon.

PROJECT QUIT

J. C. Williamson, Bill Roden and Texas Pacific Coal & Oil Co. No. 1 Coline, Southwest Terry County project which blew out in the Yates at total depth of 3,442 feet, has been junked and abandoned. Operator is to move location about 100 feet west and start a new hole.

The No. 1 Coline blew gas at the estimated rate of 13,000,000 cubic feet daily. It was 660 feet from north and 1,980 feet from east lines of section 58-DD-John H. Gibson survey, and four miles southwest of Wellman.

CORRECTED LOCATION

A corrected location has been reported for W. A. Moncrief of Fort Worth No. 1-43 W. D. Johnson, West Borden County wildcat.

The well is 660 feet from south and west lines of section 43-32-t5n-T&P. It had been incorrectly reported to be in block 35. The drillsite is 11 miles west of Gail, a mile northeast of the Jo Mill-Spraberry field and a mile northwest of the Luck Pot-Canyon reef field.

SPRABERRY PRODUCER

W. A. Moncrief No. 1 W. L. Miller has been completed as a new producer in the Jo Mill-Spraberry field.

The well flowed 227 barrels of 39.1-gravity oil in 24 hours from perforations at 7,136-170 feet. The perforations were acidized with 22,400 gallons.

The No. 1 Miller is 660 feet from south and west lines of section 1-33-T&P.

DRILLING REPORT

Forest Oil No. 1 H. H. Eiland, Southwest Scurry wildcat, has re-acidized perforations with 2,000 gallons. The perforations from 6,848-854 feet were first washed with 500 gallons of mud acid, then swabbed to recover the load and some salty sulphur water. Swabbing is underway again.

Hanley No. 1 Yeager in South Scurry is drilling in lime and shale below 7,721 feet. Sun Oil No. 1 Hudnall in East Scurry County is drilling in lime and shale below 4,297 feet.

Tennessee Gas No. 1 Fambrough, Borden wildcat, is coring ahead after pulling a core from 9,061-082 feet. Recovery was 21 feet made up of seven feet of fine to dense lime and 14 feet of corase, fossiliferous lime with pinpoint porosity.

Magnolia No. 1 Jesse York, East Borden exploration, is at total depth of 2,840 feet in lime and preparing to drillstem test in the San Andres from 2,815-840 feet.

MID-SEMESTER EXHIBITS

A large crowd was attracted to the school system's industrial and vocational exhibits in the high school gymnasium last night, and to the homemaking department's style show in the auditorium. An exhibit of lamps made in the junior high school wood crafts classes is being examined above by Miss Vestal Maner, left, Mrs. Dora Stokes and her son Gordon Stokes, all of 1916 Coleman. The exhibits are held once each semester to display the work of students in the different classes. (Lee Watson photograph)

Noble Denies Spy Charges

BERLIN (AP)—John H. Noble of Detroit today denied Communist charges that he and his father were American spies who helped Allied bombers smash Dresden in a massive air raid Feb. 13, 1945.

He said the accusations were completely unfounded and had first appeared in a Soviet zone magazine in 1948. The Soviet zone occupation newspaper, Taegliche Rundschau, printed the charges again yesterday five days after Noble was released here by the Russians.

Noble and his German-born father, Charles J. Noble, were Americans who returned to Dresden in 1938. The father operated a camera factory there during World War II, and both he and his son were arrested when the Russians captured the city in 1945.

The elder Noble was released in 1952. The son told a news conference here earlier this week that he believed they were arrested because American food was found in their house and because they had been visited by American soldiers. He said specific charges were never made by the Russians.

Taegliche Runschau claimed that the Nobles were double agents, working for both the Nazis and the Americans.

Truck Driver Rescues Four Children From Burning Apartment

BAYTOWN (AP)—A truck driver rescued four young children last night from a burning garage apartment.

"I grabbed the two little ones and herded the two older ones ahead of me down the stairs," said E. D. Allison, 29, who moved to Baytown two weeks ago from Tyler.

"I was so excited I didn't notice whether they were boys or girls, or both."

The children, all under 6, were alone in the apartment while the mother of three, Mrs. C. Q. Moody, went to a mailbox 300 feet away.

Mrs. Moody said she saw flames shooting from windows of the apartment. Her screams attracted Allison, who was passing in his truck.

Fire Chief Hub Bounds said the fire spread rapidly after the youngest child stuck an inflammable object in a gas heater. Damages were estimated at $2,000.

Heart Attack Proves Fatal To Mrs. Farley

NEW YORK (AP)—Mrs. James A. Farley, 60, wife of the former postmaster general and former Democratic national chairman, died today of a heart attack.

Farley was with her when she was stricken at about 7 a.m. in their Waldorf-Astoria Hotel-apartment.

The family said she suffered a heart attack last May but generally had been feeling well since then.

Speed Record Holder Bails Out On Desert

LOS ANGELES (AP)—World speed record holder James B. Verdin, who bailed out of his Bantam jet bomber at 30,000 feet late yesterday, was found alive on the desert today, miles from where his plane crashed, sheriff's deputies said.

Toll Road Network Urged For Country

By HERB ALTSCHULL

WASHINGTON (AP) — A national toll highway network was proposed today as a substitute for a presidential commission's recommendation that the federal government build strategic roads.

H. E. Bailey, recently resigned as general manager of the Oklahoma Turnpike Authority, said the government financing plan would be used by "forces of reaction . . . to pass the buck to the federal government for responsibility for all classes of highways."

In an address prepared for a national road conference sponsored by the U.S. Chamber of Commerce, he said that a 1939 report of the Bureau of Public Roads opposing toll financing had "delayed the development of a national trunk highway system for 15 years."

Gen. Lucius D. Clay, chairman of President Eisenhower's commission, told the conference at its opening session yesterday that "toll roads are here to say" but that he didn't think very much fo toll financing.

Robert T. Jones Jr., president of the Houston Chronicle, said the Clay committee plan would end any need for further toll roads.

The Clay commission called for a total federal-state highway program of 101 billion dollars over the next 10 years. It suggested that the federal government pay 25 billion of the cost of a proposed 27-billion-dollar network of ways through revenue bonds floated by a new hghway corporation. Clay said gasoline tax revenues over the next 30 years would be more than enough to pay for this program.

Bailey, instead, called for repeal of the 2-cent-a-gallon federal gasoline tax. He suggested "that source of revenue be left entirely to the states."

He asked that the federal government set up a national turnpike authority and provide $1,416,000,000 a year for highway work from excise taxes on autos, trucks, oils, tires and parts.

Under Bailey's program, the entire 40,000-mile interstate network would be made up of toll roads financed by joint funds from state and federal turnpike authorities. In sparsely populated areas the federal government would pay the entire construction cost.

A toll fee of 1 to 1½ cents a mile would be charged to automobiles and 2 to 4 cents a mile to trucks. Proceeds would be used for maintenance and the retirement of bonds issued by the states to finance their part of the system.

Police Rout Sleeping Numbers Game Operator

BALTIMORE (AP) — "I'm sleeping," Mrs. Marie Hewletty, 54, said when a policeman told her to get up off a couch.

Then a pencil rolled from the couch to the floor. "Get up," the officer repeated.

When Mrs. Hewletty finally did arise, it was testified yesterday in Eastern Police Court, vice squad members found a numbers book under a cushion. She was held in $2,500 bail.

Big Bombers On Long Hop

GUAM (AP)—Brig. Gen. Joseph D. Caldara announced today a flight of giant B36 intercontinental bombers had landed at Fairchild Air Force Base, Wash., after a nonstop hop from Guam in 23 hours 55 minutes.

The flight—nearly 6,000 miles—was another dramatic demonstration of the mobility, range and striking power of the huge bombers, the general added.

Caldara, commander of the Strategic Air Command's 3rd Air Division, said another flight of B36s—from the 5th Strategic Reconnaissance Wing—now is in nonstop flight to Guam from Travis Air Force Base, Calif.

Junior High Students Stage Comedy Tonight

Junior High School speech and dramatics students will present a three-act comedy, "Out On a Limb," at 7:30 tonight in the junior high auditorium.

The play will climax the end of the first semester's work for the new department at the school. Tickets for students and adults will be on sale at the auditorium. Helen Carr, speech and dramatics teacher, will direct the play. Several other entertainment features are also planned during the evening.

Some aspects of modern Christmas celebrations, including the exchange of gifts and decoration with evergreens were used in the Roman Saturnalia long before the Christian era.

For public use, industry and irrigation the United States uses 200 billion gallons of water a day, says the National Geographic Society.

BEWARE!
COUGHS FROM COMMON COLDS THAT HANG ON

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion. It goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes.

Creomulsion blends beechwood creosote by special process with other time-tested medicines for coughs. It contains no narcotics.

Get a large bottle of Creomulsion at your drug store. Use it all as directed. Creomulsion is guaranteed to please you or druggist refunds money. Adv.

MR. AND MRS. STANLEY W. DIXON
. . . on wedding trip

Church Ceremony Unites Miss Wells And Mr. Dixon

Ora Adene Wells became the bride of Stanley Wayne Dixon in a formal wedding ceremony read at 7:30 Saturday night in the Trinity Methodist Church by the pastor, the Rev. B. W. Lewis. It was the first wedding performed in the new building.

The bride is the daughter of Mr. and Mrs. W. A. Wells, 605 Twenty-seventh Street. Mr. Dixon is the son of Mr. and Mrs. A. R. Dixon of Weatherford.

Bouquets of white gladiola and candles were used to decorate the church. Wayne Pitner was organist, and accompanied Mrs. Kirby Tatum as she sang "I Love You Truly" and "Because."

The bride, who was given in marriage by her father, wore a gown of white slipper satin and chantilly lace. The full skirt of satin extended into an empire waistline. Lace was used for the V-necked yoke and long sleeves which terminated in points over the hands. A short veil was held by a jeweled tiara. The bride carried an orchid on a white Bible.

Wanda Brunson attended the bride as maid of honor, and Cleone Brunson was bridesmaid. Their dresses, identical in design to those of the bride, were of cotton satin with the maid of honor wearing avocado green and the bridesmaid peach. Their flowers were colonial bouquets of white feathered carnations with net and ribbon to match their dresses.

Nancy Miller, flower girl, wore a dress of blue silk and scattered petals from a white basket. Christy Patrick was ring bearer. Dawnel Wells, sister of the bride, and Tim Patrick lighted the candles.

Garland Dixon attended his brother as best man. Ushers were Travis Brackeen of Snyder and Billy Joe Campbell of Loraine.

A reception in the fellowship hall of the church followed the wedding. The bride's table was laid with a green cloth, and peach-colored carnations with peach and green foliage were used for decorations in the hall. Frances Brackeen served the three-tiered wedding cake after it had been cut by the bride and bridegroom, and Peggy Allen was at the guest book.

When the couple left on a wedding trip to McAlister, San Antonio and Corpus Christi the bride wore a beige suit with dark brown accessories. Upon their return, the couple will be at home in Stillwater, Okla., where Mr. Dixon will enter Oklahoma A&M College.

The bride, a graduate of Snyder High School, attended Daughon's Business College. The bridegroom was graduated from Highland High School and attended Allen Academy.

Out-of-town guests for the wedding and reception included Mr. and Mrs. David Dixon, Mr. and Mrs. Garland Dixon and Mr. and Mrs. A. R. Dixon, all of Weatherford, and Mr. and Mrs. R. D. Nelson of Roscoe.

Scoop-Necked Favorite

Make it with cap sleeves or sleeveless, either way this scoop-necked, button-front style is flattering as can be.

WHAT'S GOING ON

Visiting with Mr. and Mrs. Ixon Joyce, 1201 Twenty-sixth Street, is their grandson, Paul Harris, son of Mr. and Mrs. Noble Harris of Abilene.

Forest G. Sears, 3011 Avenue X, was taken to Hendrick Memorial Hospital in Abilene yesterday.

Bill Cogdell was transferred from a Dallas hospital to the home of his parents, Mr. and Mrs. D. M. Cogdell, Colorado City highway, by a Bolger ambulance today. He underwent surgery in the Dallas hospital recently.

Mr. and Mrs. W. A. Johnson, 1010 Twenty-sixth Street, had as weekend guests their son and family, T-Sgt. and Mrs. Joel C. Johnson, and daughter, Cathy Joyce. Sgt. Johnson recently returned from Japan and is now stationed at Altus, Okla. Other guests in the Johnson home during the weekend were Mr. and Mrs. Ches Horsley and children and Mr. and Mrs. Billy Wood and daughter, Velma Dean.

Cpl. Glen Holmes, who returned home December 15 after serving two years with the Armed Forces in Korea, has been visiting with his parents, Mr. and Mrs. Walter Holmes, 2200 Avenue M, and other relatives. He will report at Fort Hood on January 15 for further assignment.

Mrs. R. C. Taylor of Breckenridge has returned to her home after a 10 days visit with her daughter, Lois Taylor, and her aunt, Mrs. R. W. West, 1207 Twenty-sixth Street.

Mr. and Mrs. L. J. White, 106 Thirty-first Street, recently visited in Big Spring with Mr. and Mrs. A. B. Thortson. The group attended the wrestling matches.

Mr. and Mrs. H. G. Hargrove, Lamesa Highway, returned recently from Lubbock where they have spent the last three months.

Mr. and Mrs. Weldon Ford of Abilene visited last weekend in the home of Mrs. Ford's sister and brother-in-law, Mr. and Mrs. W. E. Cumbie, Route 3.

Mrs. Bryan Jordan, Sr., 3604 Avenue U, and Mrs. E. W. Babb, 3100 Avenue T, spent last Wednesday in Lubbock.

Mr. and Mrs. Louis Scott and daughter, Gynell, 3707 Muriel Drive, spent the weekend in Odessa where they visited Mr. and Mrs. Winford Miller.

Schiebel Speaks At P-TA Meeting

Bill Schiebel, chairman of the Civil Defense program in Scurry County, outlined civil defense preparations here when he spoke to the East Elementary Parent-Teacher unit Wednesday afternoon.

Mr. Schiebel pointed out that in the event of such disasters as tornadoes, explosions or floods the best course of action for each individual is to remain at home unless previously assigned a duty to perform. The school administration is trained in the care of children at school. The defense program here includes organized rescue, maintenance and transportation services. Communications and kitchen services are organized under the National Guard, Mr. Schiebel said.

Mrs. Bill Wise gave a report of the various activities of the forty-sixth annual convention of the Texas Congress of Parents and Teachers held in Corpus Christi in November. Needlepoint and ceramics courses are being offered in the arts and crafts department. Information regarding the courses may be obtained by contacting Mrs. Bill Smedley or Mrs. B. V. Gillean.

WOMEN'S CALENDAR

THURSDAY

Mary-Martha Circle, First Methodist Church, coffee break snack bar, 9:30 - 11 a.m., 2 - 4 p.m., in the church's Fellowship Hall.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5456.

For a snack meal over the weekend, a favorite menu consists of French - toasted cheddar cheese sandwiches, crisp brown pork sausages or bacon, clove-studded, hot, canned peach halves and a pot of hot tea. The makings for this satisfying snack meal are usually in the house and it is an easy one to put together and to serve.

You may use a medium-sharp, sharp natural or a processed cheese food, depending on your preference. You'll be using your large skillet for the sandwiches, so we suggest you fry the sausage in it first and then keep the links warm until you are ready to serve. While the sandwiches are cooking, drain canned peach halves and stick each one with a few cloves. Put a bit of brown sugar or honey and a dot of butter in each cavity. Heat under the broiler or in the oven.

FRENCH-TOASTED CHEESE SANDWICHES

2 eggs
½ cup milk
12 slices white bread
6 sandwich-size slices cheddar cheese
Butter or margarine

Beat eggs until yolks and whites are combined; add milk and beat to combine. Make sandwiches of the bread and cheese. Place sandwiches in a shallow container and pour egg-milk mixture over them; turn so other sides of sandwiches soak up rest of liquid. Melt half the butter you intend to use in a skillet (9 or 10 inch size); add two of the whole sandwiches and one sandwich that has been cut in half. Brown slowly; turn and brown the other side, adding the remaining butter. Keep warm while you fry the remaining three sandwiches in the same way. If desired, a dash of salt may be added to the egg-milk mixture. For weight - watchers, each sandwich may be fried in as little as one teaspoon butter; for a richer sandwich, use one to two tablespoons butter.

Mrs. Watson Honored At Shower In Church

Mrs. Orville Watson was honored at a pink and blue shower this afternoon in the Union Baptist Church. Women of the church were hostesses.

Decorations for the church were in pink and blue. A stork was used as the centerpiece on the refreshment table. Blue ribbons imprinted with "Baby Watson" extended from the stork to candles. Refreshments of decorated cookies and hot chocolate were served to about 50 guests.

Party Will Honor Hermleigh Couple

A farewell gift party honoring Mr. and Mrs. Bob Neblett will be held at 7:30 Monday night in the Hermleigh Methodist Church. The couple is moving to Strawn after farming in the Hermleigh community for the past eight years.

Friends of the couple are invited to attend.

Yegg Gets Bogus Hams

BALTIMORE (AP) — Some yegg swiped two "hams" from Ben Arkesman's store here yesterday after smashing a window. But he'd better not try to cook up a dish of ham and eggs. The hams were dummies, filled with sawdust.

Sgt. Vaughan Graduates From N-C Academy

Sgt. Cleo G. Vaughan of Snyder has recently been graduated from the Seventh Army Non-Commissioned Officer Academy in Munich, Germany. A section chief in the 5th Infantry's 46 Field Artillery Battalion, he successfully completed a five-week course in leadership, map reading and other military subjects.

Vaughan is the son of Mr. and Mrs. Jess T. Vaughan, 1213 Thirteenth Street. His wife and three children, who lived here after Vaughan was assigned to overseas service, left in September to join him. He has been in the army since 1947.

Tigers Face Rugged Weekend

Take On Lobos, Bulldogs On Court

The Snyder Tigers tonight will start what probably amounts to their most crucial weekend in the District 3A-1 basketball race.

The local cagers have games at home both tonight and tomorrow night — each night playing against a top team in the district. Games will start each night at 6:30 in the high school gym, when the B teams play. Varsity games will be at 8 o'clock.

The Tiger varsity goes into the games with a 1-1 district record. Plainview and Levelland both have 2-0 marks. In their first loop game, the Tigers fell to Lamesa 55-45. In the second they bounced back to win over Big Spring 63-51. Levelland took Vernon 72-60 and then Breckenridge 66-28. Plainview played the same two teams, beating Breckenridge 66-30 and edging Vernon 50-49.

Plainview now has a 10-5 season records and holds championships of two tournaments for the year. Levelland has won eight and lost 11 games. The Tigers have for the season won five and lost seven games.

While Plainview and Snyder meet on the Snyder court tonight, Levelland will be at Sweetwater, which has a record of 0-2 in district play. Also playing tonight will be Lamesa (2-0) at Vernon (0-2) and Big Spring (1-1) at Breckenridge (0-2). Tomorrow night, at the same time Levelland is playing here, Plainview will be a Sweetwater, Big Spring at Vernon, and Lamesa at Breckenridge.

Jack Spikes paces the Snyder team and is now leading season scoring for the team with 163 points. Other top scorers for Snyder are Alan Snead with 122, Jerry Taylor with 112, and Milton Ham with 97. Spikes ranks fourth in district scoring with 37 points in two loop games. Plainvew has the district's top scorer in Hugh Tilson, who has 47. Larry Corbin leads the Levelland team and in district play ranks ninth with 28 points. Other top performers for Plainview are Stewart Webb, Bill Wall, and Bobby Bryant. Others on the Levelland main lineup are Mack Freeman, Chester Jackson and Garey Lawhon.

The Snyder B team, like the varsity, has a 1-1 loop record. Its wins for the season number five, while the team has lost four games. In district play, both the Plainview and Levelland B teams have 0-1 records. Each has played only one game because Breckenridge does not have a B team. The Levelland B lost to the Vernon secondary 53-42, while the Vernon team downed the Plainview B 45-27. Other B team records in the district are 2-0 for Vernon, 1-1 for Lamesa, 2-0 for Big Spring, and 0-2 for Sweetwater.

Dwayne Prince is scoring leader for the Snyder B with 102 points. Others among top scorers are Powell Berry with 81, Ronnie Smith with 45, and Pat Fowler with 41.

Loi Making U.S. Debut

MIAMI BEACH, Fla. (AP)—Duilio Loi, European lightweight champion in pursuit of Jimmy Carter's world title, makes his American ring debut tonight and is a 2-1 favorite to defeat rough, aggressive Glen Flanagan, of St. Paul, Minn.

NBC will televise at 10 p.m. EST.

The handsome Loi, rated as No. 2 lightweight contender behind Paddy DeMarco, has an impressive record of 59 victories, 3 draws and 1 defeat in European competition.

He predicted he would finish Flanagan in five rounds. Although the 24-year-old Italian is not a knockout hitter, he has stopped some of his opponents by cutting them up.

The unrated Flanagan was confident too, declaring, "I'll chase the guy out of the ring" before the sixth round.

Although he has won 17 of his last 18 fights, Flanagan hasn't met many dangerous lightweights lately. Carter gave him a sound beating last August in Chicago.

AAU Probes Richards On His Big Gift

By ED CORRIGAN

NEW YORK (AP)—Bob Richards, one of the United States' sure-fire winners in the 1956 Olympic games, was under investigation by the Amateur Athletic Union today but he said he would abide by any decision the AAU made to preserve his amateur status.

Richards, the country's No. 1 pole vaulter, got in difficulty after the This Is Your Life television program Wednesday night. At the end of the program, he was given several gifts, including a dummy set of keys to an automobile.

AAU officials immediately became alarmed, and Dan Ferris, secretary-treasurer of the organization, said he wired Larry Houston, chairman of the Rules Committee of the Southern Pacific AAU:

"Attention has been called to a TV program in which Bobby Richards received an automobile. Assume you are looking into it."

The surprised Richards, pastor of the Church of the Brethren in Long Beach, Calif., was caught right in the middle.

"Whatever the AAU says I'll be happy to comply," he said. "I certainly want to compete in the 1956 Olympic Games."

Richards, when he appeared at the program, did not know it would be the story of his life. At the end, the first question he asked was: Would his gifts endager his amateur standings?

He was assured that his appearance had been okayed by an official of the Southern Pacific AAU. Apparently this was a misunderstanding. The AAU said he could appear on the program but made no mention of accepting gifts, and at the end of the show, Ralph Edwards, who made the presentation, observed that if the AAU ruled that Richards could not accept the car, perhaps it could be donated to his church.

Arkansas Loses Top Prospect For Coach

By TOM DYGARD

FAYETTEVILLE, Ark. (AP) — Texas Tech football Coach DeWitt Weaver has closed the door on an offer from the University of Arkansas, and the Razorbacks find themselves with the same problem Bowden Wyatt gave them Saturday when he resigned.

John Barnhill, Arkansas athletic director, said Thursday night "we have no definite prospects in mind now," when he learned Weaver had decided not to break his five-year contract with the Border Conference team.

The only other coach known to be on a list of possibilities is Frank Broyles, Georgia Tech backfield coach. Like Weaver, he advocates the split-T offense.

Wyatt, whose five-year contract with Arkansas had three years to run, won the Southwest Conference crown last season with the single wing.

Weaver generally had been considered the leading contender for the job since Wyatt quit to accept the head coaching position at his alma mater, the University of Tennessee.

In his refusal Weaver said he felt "that we are just getting started here at Texas Tech and I do not believe I could afford to leave in view of the support we have received."

An added problem for Arkansas athletic officials sprang up Thursday when George Cole, veteran scout and assistant coach, said he was considering joining Wyatt at Tennessee. Wyatt already has taken four assistants to Tennessee, but they were men who came to Arkansas with him from the University of Wyoming.

Cole, a 48-year-old former Razorback, has weathered three coaching changes at Arkansas in 10 years and has provided a steadying influence during the shaky interims.

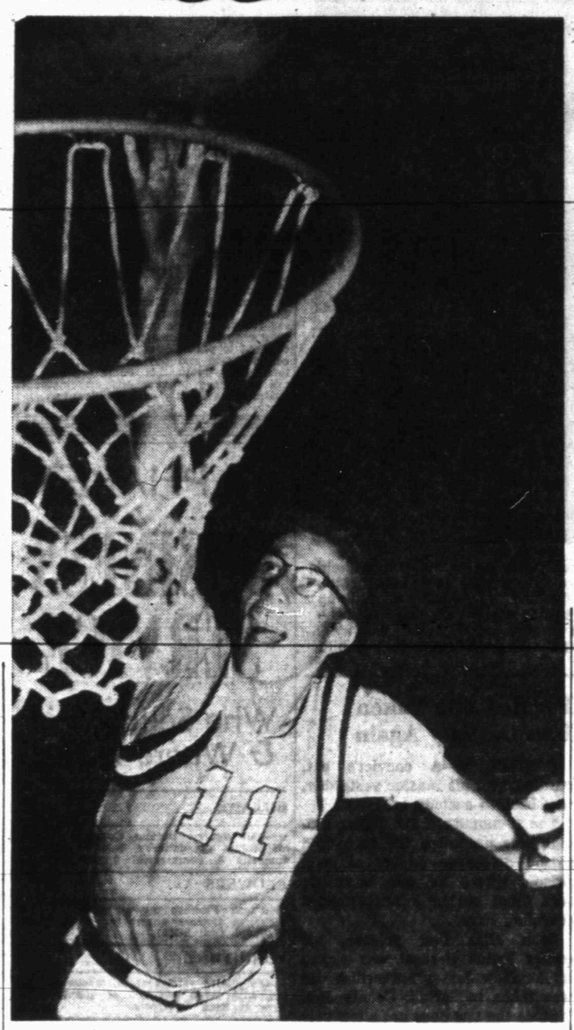
Officially, at least, he has not been considered for the top job, although he was head coach and athletic director in 1942 while Fred Thomsen was in the service.

Cole told a civic club luncheon at Helena, Ark., that he was "hurt and disappointed" by the way Arkansas fans have accepted Wyatt's resignation. "I can't understand the people criticizing him after all he has done for the state."

Typical of the criticism in a resolution submitted to the state Senate this week which would censure Wyatt for "his act of faithlessness, disloyalty and lack of consideration for the welfare of Arkansas."

One of the state senators who offered the resolution said he plans to submit a bill Monday which would boost the football coach's salary from $15,000 to $25,000 a year to show "Wyatt that we don't miss him."

State Sen. Guy (Mut) Jones of Conway, Ark., said the bill would enable Arkansas "to keep a coach when we get one."



JOEL TANKERSLEY
. . . shows improvement

ABOVE THE BLEACHERS

By DALE WALTON

It happens to at least one team every year.

The Vernon Lions have been bitten by the flu bug. Early this week, Carl Franks and Ronnie Zaicek, starters on the team, were out with the fly. Running in their places during practice were Curtis Graf and Charles Spears.

* * *

The Sweetwater Mustangs, who showed up for awhile early this season as a possibly strong team, have already lost their first two district games. This weekend they meet the district's two top teams, Levelland tonight and Plainview tomorrow night, so unless the Mustangs pick up they will start next week with a district record of 0-4.

* * *

Hugh Tilson, the Plainview cager who leads district scoring, has tallied 234 points this season, averaging 15.6 per game. The 6-foot-2 forward has hit 96 field goals and 42 gratis throws.

Other top scorers for the defending champs of District 3A-1 are Stewart Webb with 183 points and Bobby Bryant with 158.

* * *

Snyder residents interested in sports never lack in entertainment here. The whole year is full. Right now there are three high school and two junior high basketball teams playing games every few days here. There's top entertainment on hand tonight and tomorrow night when the local varsity meets the district's top two teams.

There's even a group figuring to organize a city basketball league, so those who like watching the "old men" play will have something when that league gets set up.

Coming up this spring is the track season, with the local high school team getting into several meets, including its own big Canyon Reef Relays early in March.

Another spring sport involving the high school is baseball. The high school team, playing for the first time in several years last season, provided several interesting games and is expected to put out a fair team this time.

Spring football practice also will come up, and there usually is a spring game matching next year's team with ex-players.

By the time school is out, two Little Leagues and one Pony League will be playing games here, as well as probably a city baseball league. In those, there will be baseball six nights a week.

Baseball season is barely ended when football comes along, followed by basketball.

Sports fans should never lack for anything to do. If they have free time, they can go fishing at Lake Thomas.

Blair Mentioned On All-America Squad

OKLAHOMA CITY (AP)—Forty-seven Texans are included in the eighth annual National Prep School All-America football squad announced today with Don Usry of Cleburne on the first team.

Usry, a 200-pound end, was the only Texas schoolboy player to get on the No. 1 outfit but Vince Matthews, great passer of Stephen F. Austin of Houston, landed on the second team at quarterback; Charles Horton, Waco tackle, made the third team, and John Thomas, Abilene guard, was placed on the seventh team.

The All-America squad takes in players from over the nation, Hawaii and District of Columbia. It is picked by the football committee of the Wigwam Wisemen of America with Mose Sims as chairman. Twelve hundred and 40 daily newspapers, 1100 broadcasting stations and 200 television stations sent in nominations.

The annual all-star game, using players from the squad, will be at Memphis, Tenn., in August.

Texas players receiving honorable mention were:

Ends—Tom Sestak, Gonzales; Pat Beckham, Athens; J. T. Davis, Paris.

Tackles—Gary Ferguson, Ballinger; Jack Farrar, Houston; Glen Dalton, Hale Center; Damon Douglas, Athens; Jerry Cramer, Breckenridge.

Guards—Gerald Lambert, McAllen; Dickie Milam, Big Spring; Steve Blair, Snyder; Rudolph Holick, Terrell; Tommy Howard, Galveston.

Centers—Bob Harrison, Stamford; Dale Walker, Lampasas; John Jones, Sundown.

Backs—Charles Frederick, Lufkin; Hal Sandefur, Paducah; Hollis Gainey, Colorado City; Billy Baker, Beeville; Konnie Spillar, Austin; Carlisle Robison, Big Spring; Bobby Wilson, Sherman; Milton Vaughn, Littlefield; Jim Millerman, Abilene; Harold Lewis, Pampa; Richard Lyon, Terrell; Bobby Manning, Yoakum; Robert Castillo, Corpus Christi; Raymond Chilton, Corpus Christi; Luther Hall, Dallas; Morris Rose, Dallas; Larry Click, Paris; Calvin Lee, Comanche; Lonnie Holland, Plainview; Dan Shuford, Alice; Joe Holcomb, Freer; Floyd Fiesta, Galveston; Larry Hickman, Kilgore; Don Meek, Phillips; James Smith, McLean; Frank Smith, Sweetwater; Jake Sandefer, Breckenridge.

Pvt. Lambert Serving In Army At Ft. Bliss

Pvt. Denton L. Lambert, the son of Mr. and Mrs. Denton L. Lambert, 611½ Thirty-second Street, is serving with the 46th Field Artillery unit at Fort Bliss.

Lambert, 23, is a 1949 graduate of Lubbock High School and a 1954 graduate of Texas Tech. His wife, the former Jane Houston, is in El Paso with him.

Free Toss Could Mean Difference

Free throws have meant the difference in several Snyder Tiger cage games this season, and they may have much bearing on future games, since many District 3A-1 teams appear closely matched.

The Tiger varsity squad now has a season average of 62.8 per cent on free throws. They have made 239 out of 380 attempts.

Joel Tankersley, one cager who has shown marked improvement this season, is presently leading the team on free throw percentage with 70.3. Next to the top is Jerry Taylor with 70.1. Several Tigers are shooting above 60 per cent. Among them are Jimmy Bennett with 68.4, Jack Spikes with 67.4, Alan Snead with 62.5, Hubert O'Neal with 61.1, and Don McNew with 60.8.

On field goals, Spikes is presently leading the team on percentage with 43.2. Near that mark are Milton Ham with 40, Alan Snead with 39.4, and Don McNew with 37.5.

Littler May Take Bing's Golf Tourney

PEBBLE BEACH, Calif. (AP)—The Monterey Peninsula's spectacular golf courses reveled in almost perfect weather today as pro and amateur contestants started shooting for fun and cash in the 14th playing of Bing Crosby's famed charity show.

A lot of the players took advantage of the fine weather to turn up in final practice rounds yesterday while followers of the $15,000 event speculated on this year's likely favorite. The name of Gene Littler, 24-year-old Palm Springs, Calif., star who took the big Los Angeles Open only last week, was prominent. But nobody was overlooking the possibility that E. J. (Dutch) Harrison, Arkansas veteran who walked off with first place money last year, might repeat.

They are only two in a field of pros which includes all but a very few of the leading money winners. Jimmy Demaret, second last year and winner the year before; Jack Burke Jr.; Ed Furgol, National Open champion and the winner here in 1947; Ted Kroll, generally right up with the leaders: Peter Thomson, the British Open champion from Australia; and Lloyd Mangrum were among the name stars frequently mentioned.

Hobbs, Ira, Roscoe, Loraine Are Winners

Boys teams from Loraine and Roscoe and girls squads of Hobbs and Ira took first round games last night in the Hermleigh Basketball Tournament.

The Loraine boys edged Hobbs 35-33, while Roscoe took Ira by a close 53-49. In the girls division, Hobbs squeezed by Loraine 51-48 and Ira took Roscoe 43-31.

Other first round games started this afternoon. Robert Lee and Colorado City girls were to meet at 3:30 o'clock, while Colorado City and Robert Lee boys were slated to meet at 4:30. Fluvanna, Hermleigh's first round opponent in both boys and girls first round games, had to pull out of the tourney because of district games, so tourney officials were, at last report, trying to get another team into the tournament. The Hermleigh girls were scheduled to play at 7 o'clock tonight and the boys at 8:10.

Second round games, or semi-finals, in the tourney will not start until tomorrow morning. In the girls division, Loraine and Roscoe will meet in consolation semi-finals at 8 o'clock tomorrow morning, and at 12:40 tomorrow afternoon Hobbs and Ira will clash in championship semi-finals. The winner of the Robert Lee-Colorado City game and the winner of the game between Hermleigh and whatever opponent it has will be at 2:40 o'clock tomorrow afternoon in semi-finals, while the losers of those games are scheduled to play at 10:20 tomorrow morning in consolation semi-finals. Consolation finals in the girls division will be at 6 o'clock Saturday night, while title finals will be at 8:20. Ira is defending champion.

Scheduled tomorrow in the boys division: consolation semi-finals between Hobbs and Ira at 9:10 a.m. and championship semi-finals between Loraine and Roscoe at 1:30 p.m.; consolation semi-finals between the losers of the Robert Lee-Colorado City game and that between Hermleigh and its opponent at 11:30 a.m., and championship semi-finals between the winners at 3:50 tomorrow afternoon. Consolation finals will be at 7:10 tomorrow night and championship finals at 9:30. As in the girls division, Ira is defending champ.

Southwest Is Set For Big Weekend

By JOE BENHAM
Associated Press Sports Writer

Rice and the University of Texas, defending but almost defenseless co-champions of Southwest Conference basketball, meet Friday night at Houston to open the circuit's biggest weekend of the season to date.

The game, only one of the night, serves as a preliminary to Saturday night's headline clash between Southern Methodist and Texas Christian at Fort Worth.

Other Saturday night play sends Baylor against Arkansas at Fayetteville in a championship game and Texas A&M against Houston at Houston in nonconference action.

Both Texas and Rice have fallen short of their 1954 performance, when the two swept to a deadlock in a conference race that stayed airtight through the final games.

Texas hasn't won a game since the Longhorns beat Hardin-Simmons 59-57 in their season opener. Twelve defeats now mar the record, three of the losses coming in conference play.

Rice stands 5-8 for the season and 1-2 in conference games. The Owls opened impressively, winning their first three in a row, but haven't found the spark of victory but twice since then.

The $105,000 paid by A. B. Hancock Jr. as agent for John S. Phipps for the Aga Khan's Masaka at the Keeneland fall sales set a new record for a mare sold at public auction.

Maryland Now In Win Streak

By The Associated Press

It's getting to look more and more like this might be the season for Maryland—long a college basketball pushover but now powering along on a nine-game winning streak capped by a 68-64 upset of highly regarded North Carolina State.

NCS was rated No. 2 in this week's Associated Press poll.

The 11th-ranked Terps got superb clutch work from Bob Kessler and sophomore Bob O'Brian for a 9-point winning rally in the final five minutes. After Kessler, who topped scoring with 26 points, and O'Brian pushed Maryland into the lead, the twice-beaten Terps went into a freeze—an old North Carolina State bugaboo—and wrapped it up.

State, suffering its second defeat in 16 games, was hampered more than a little by the ineffectiveness of Ron Shavlik, usually high-scoring center. The 6-10 Shavlik, who sat out Tuesday's victory over Furman because of a virus attack, managed just two points before fouling out with 3 minutes left. Cliff Dwyer took over for the Wolfpack with 20.

It was the only game involving a ranked team last night and the victory shoved Maryland into a first place tie with defending champ NCS for the Atlantic Coast Conference lead.

Tennessee hit 53 per cent of its first-half field goal attempts for a 38-27 halftime lead and then had to go into a freeze to defeat Tulane 71-58 in a Southeastern Conference game. Carl Widseth scored 19 for the Vols, who beat the Green Wave for the first time in nine years.

Furman, the top-scoring team in major college ball, piled it on again to defeat Georgia Tech—conqueror of mighty Kentucky—by a 111-95 count. It was the second straight setback for Tech after last week's 59-58 victory over Kentucky.

Marshall, No. 3 in offense, rolled past Xavier of Ohio 82-69 for a 6-1 record while Holy Cross slammed Rhode Island 99-64 after a 27-12 lead in the first 9 minutes.

Maurice Stokes, benched with 4 personal fouls, came back with 7 minutes left and hit for 9 straight points in an 85-75 come-from-behind victory by St. Francis of Loretto, Pa., over Hofstra. St. Francis, which spilled Duquesne, had 28 points from Stokes for the game.

In other games, St. Francis of Loretto, Pa., beat Hofstra 85-75, Florida whacked Miami a second time 80-68, Memphis State defeated Murry State again 67-56, Morehouse beat Florida A&M 79-71 Butler had a 72-59 success against Indiana State.

Houston Looks At Only Two Prospects

HOUSTON (AP) — University of Houston officials planned to concentrate on Oklahoma Line Coach Gomer Jones and Utah Head Coach Jack Curtice today in their search for a new head football man for the Cougars.

Athletic Director Harry Fouke said talks with Curtice and Mrs. Curtice would continue today on the Houston campus. Fouke said conferences with Jones would be by telephone.

Curtice, who came here directly from New York after attending the American Football Coaches Assn. meeting, was joined yesterday by Mrs. Curtice, who flew here from Salt Lake City.

The first indoor bowling alley was erected in London, England in 1455.

HOW TO SAVE MONEY ON YOUR INCOME TAX

By SYLVIA PORTER

You now have all the facts on your 1954 earnings and expenses. You now have the time to collect your records, to make accurate estimates, to study all the ways you can minimize your tax debt.

Here are more significant tax saving hints on dependents.

• • •

QUESTION: I supported my mother for only three months in 1954; my brother took care of her the rest of the time. But I contributed more than 50 per cent of the cash to support my mother through the year. Who gets the exemption?

ANSWER: You do. The test is the total dollars contributed to the support - not the "time" of support. Let's say you contributed $50 a week for three months, while your brother contributed $12 a week for nine months. You're the main support, you get the $600 exemption.

QUESTION: We're a family of three brothers, each contributing equally to our mother's support. How do we split the deduction?

ANSWER: You don't "split" the $600 deduction for her but one of you can take the full dependency deduction for her on your 1954 return.

The 1954 tax law eliminated a major injustice by saying that when none of you contributes more than half the support of your parent, one of you may claim the $600 exemption each year. Under the old law, you lost the $600 exemption unless one of you could prove you contributed more than 50 per cent of the support. Decide among yourselves on a plan for rotating the credit from year to year. If the agreement is that you get the exemption this year, your brothers must sign a statement that they will not also claim the exemption this year. Another part of the rule states that the person claiming the exemption must have contributed at least 10 per cent of the support.

This new clause also covers groups who are sharing in the support of any other close relative (say a brother or a sister.)

QUESTION: My grandfather was solely dependent on me for years. In May, 1954, he died. Do I get an exemption for 1954?

ANSWER: Yes, you get the full exemption of $600 for the year, even though he lived only a few months of the year. And that rule applies to dependents born during the year too. If your child was born late last year, was alive only a few hours, days or weeks in 1954, you still get a full $600 exemption for a dependent. (That's why the ideal birthday taxwise for your child is late in the year — if you can manage it!)

QUESTION: What does support really mean? Does it mean only the cash I give to my dependents?

ANSWER: No, "support" includes much more than cash — for instance, room and board, clothing, medical care, education, etc.

QUESTION: Our son was drafted in the fall and is now drawing Army pay. Can I still claim him as a dependent?

ANSWER: You can — if you contributed more than half his support in 1954. Chances are if he was drafted late in the year, you still can claim him as an exemption.

QUESTION: My husband died two years ago. Since that time, I have supported myself and my child. Can I file anything but a separate return?

ANSWER: Yes, under the new 1954 tax law, widows and widowers get the same income-splitting benefits as a married couple for the two years following the death of their spouses. You filed a joint return for 1952, the year your husband died — and you can do the same for 1953 and 1954. This provision allowing full income-splitting for the surviving spouse can save you considerable money. However, you must remain unmarried and maintain a home for your child.

QUESTION: Our son earned $1,400 last year and gave every penny to me, his mother. Should he file a return in view of this?

ANSWER: Yes, he must file his own tax return. That income was his, even though he gave every penny to you.

Reds Protest Pacts Again

MOSCOW (AP)—The Soviet Union charged today that West German rearmament would violate the Geneva Convention barring mass destruction weapons.

The charge was contained in notes handed last night to the representatives here of Britain, Italy, France, the Netherlands, Belgium and Luxembourg, signers with West Germany of the Paris treaties to join their governments in an armed alliance.

Today's Soviet press published the text of the Soviet note to France, warning that "the Paris agreements will hand to the West German army chemical, bacterial and atomic weapons, because this is contemplated in the agreements.

Under the Paris agreements, West German rearmament would be subject to controls established by the seven-nation Western European Union. Production of atomic weapons by the Germans is specifically prohibited, the treaties allowing them to produce atomic energy only for peaceful purposes and then only in limited quantities.

Roni Marie Welcomed By New Mother

By RAY KOHN

NEW YORK (AP) — Little Greek-born Roni Marie should be a happy child today. She has two adoring foster parents, a new tooth and all the diapers she'll ever need.

The pert, 17-month-old foundling arrived in this country yesterday with her new dad, Navy Lt. Norman (Moose) Donahoe, after a delayed flight from Athens.

After landing at the Patuxent, Md., naval base, the pair went to Washington by car and arrived here by train last night to meet the little girl's new mother Helen.

The meeting in Pennsylvania Station was emotional.

Mrs. Donahoe, speechless at first could only cry for joy. Her 28-year-old husband shed a few tears himself.

Roni Marie let out a yowl and extended her arms to Papa Donahoe.

With an understanding born of experience, Donahoe whisked Roni Marie onto a counter in the stationmaster's office, whipped out a fresh diaper from a briefcase, and made a quick change.

Roni Marie stopped crying and flashed her first smile at her new mom.

Wiping her eyes, Mrs. Donahoe hugged Roni Marie and kept repeating, "I love you, I love you, I love you."

Roni Marie gurgled appreciately.

"Look," said Mrs. Donahoe, she's getting a new tooth."

"She's teething," Donahoe replied, "but she's been a wonderful, wonderful baby."

"No temper?" he was asked.

"Oh, yes, she has a temper—just like her mother," said the lieutenant, winking at his wife, who is of Greek parentage.

The Donahoes, married five years, never had any children. They decided to adopt a Greek child after finding they could do so without the lang wait necessary in this country. Donahoe flew to Greece a month ago.

After several days here, the family will drive to Houston, Tex., where the grandparents on both sides live. Donahoe is an instructor at Corpus Christi (Tex.) Naval Air Station.

Lt. Norman (Moose) Donahoe jubilantly tosses his 17-month-old adopted Greek daughter, Roni Marie, into the air at Patuxent, Md., shortly after their arrival on a five-day, 13,000-mile hitchhiking flight from Athens, Greece, to the United States. Lt. Donahoe, who left Athens with only 48 disposable diapers for his young daughter, was able to pick up 48 more during a stop in Morocco to tide him over until he reached the U.S.

Sign Has No Influence On Delivery Truck

PAWTUCKET, R.I. (AP)—The sign carried the slogan:

"In driving as in baseball, the important thing is to reach home safely."

The sign was on a truck involved in a collision with an automobile yesterday near the Providence line. The truck was carrying the sign to display in a safe driving exhibit at a Pawtucket bank.

A Perfect Record

PROVIDENCE, R.I. (AP) — The Fire Department rescue squad today holds a perfect record on calls from Mrs. Avis Camera — three calls, three babies, three girls in three years. The latest call was yesterday.

Health Fund Request Hiked

WASHINGTON (AP) — The Eisenhower administration was reported today to have decided to recommend a 100-million-dollar revolving fund instead of 25 million dollars for its proposed health reinsurance program.

The program would be designed to bring about better and expanded voluntary health insurance coverage.

Informed sources outside the government said also the revised proposal to be sent to Congress in a special message Jan. 24 contains new safeguards which would require participating health insurers to expand coverage, to pioneer in new types of coverage and to avoid advertising practices recently criticized by the Federal Trade Commission.

Congress last year bottled up the proposal for a 25-million-dollar health reinsurance fund. The American Medical Assn. objected that the program might provide an entering wedge toward socialized medicine.

The beak and bones of a 25-pound pelican weigh about 23 ounces.

Paroled Cat Taken Into Custody Again

BOSTON (AP)—A convict's cat, paroled with his master yesterday, was back in custody today.

The 18-month-old Sir Walter Raleigh was presented the regulation prison discharge papers at state prison, where he was born. He was fitted out in a neat wooden traveling case.

Soon after ther release, his owner Frank Peraski was picked up for New Jersey authorities. He was taken to Suffolk County Jail.

Since the law does not allow cats in the jail, Sir Walter was placed in custody of Atty. Arthur Brogna of the Back Bay.

At the Brogna home, the black and white Sir Walter promptly bolted into a dark closet and refused to come out.

The situation may be untangled by a Boston Municipal Court judge Tuesday when New Jersey authorities are expected here.

No Snow For Queen

AMHERST, Mass. (AP)—Miss Terry Taupier, 19, of Holyoke, was chosen snow queen of the University of Massachusetts Winter Carnival yesterday — and then the snow queen and her attendants went on a hay ride. No snow.

There's an experienced Ad-Taker to help you with your Classified Ad! She will tell you the best way to phrase your ad, at the lowest cost to you. And, there are so many ways a Classified Ad can help you! MONEY FOR NURSES IN INDIA

Money to buy literature for nurses in India was raised by the Mary-Martha Circle of the First Methodist Church here by selling coffee, pie and cake in the Fellowship hall of the church in coffee breaks yesterday for downtown office workers. Shown above from left purchasing coffee and cake are: W. S. Dow, and D. L. Bradley, Southwestern Bell Telephone Co. employes, and Mrs. Leo McGinnis. At the right side of the table serving from left are: Mrs. F. G. Hoefer, Mrs. Jessie Lee Sims, Mrs. O. B. Brown, and Mrs. W. E. Hukill. (Lee Watson photograph)

Conservation Practices, Aims Outlined At Rotary Club Meet

Conservation practices and objectives by farmers and ranchers here and the relation of the community with agriculturists were discussed yesterday at the weekly luncheon of the Rotary Club by Jake Hodges, chief of the Soil Conservation Service here, and Bob Crowell, Chamber of Commerce manager and former soil conservationist.

Hodges, in opening his talk, defined conservation as "using the land within its capabilities and treating it according to its needs."

"Nature does the most perfect job of conserving the land," Hodges said, pointing out that there was little erosion of soil before man began to work land here. In practicing here, the agriculturist must use some method to keep down erosion and still make a living off the land, he said.

The Soil Conservation Service, which aids soil conservation districts, classifies land into eight categories and works from there to decide the needs of each category.

Among the accomplishments and needs of annual practices here:

Contour farming, which involves farming on the water level and contouring the rows so they will be most suitable to the land. There is an estimated 192,706 acres of cultivated land here now contoured properly, while there is another 50,732 acres lacking.

Cover crops, especially those which grow close to the ground to protect it from wind and heat. There was a total of 50,518 acres of land having cover crops here, and there is need for cover on another 16,000 acres.

Stubble mulching, which involved leaving a stubble on the ground to conserve moisture and land. There was 15,000 acres of this here this year, and there was need for 90,609 acres.

Proper stocking of pastures. What is "proper" stocking varies from year to year. This means using grass in the best manner possible. There was 333,452 acres of grassland used properly this year here, Hodges said, adding that measures should be taken by stock owners on 446,000 acres.

Deferred grazing. Hodges said 114,595 acres of grazing land is being deferred here periodically, while 80,000 more acres need to be.

Emergency tillage, or deep breaking. This is a practice which is good in some instances on very sandy soil. Deep breaking was done on 700 acres here, while there was need for it on at least 1,350 acres.

Permanent-type practices and needs:

Pasture seeding. A total of 614 acres of tame pastures were established here, while 3,020 more acres need seeding.

Brush control (not eradication). There is a total of 6,890 acres of brushland successfully controlled, while there is need for control on at least 34,290 acres.

Pitting on rangeland. Land with short grass is hard to get wet very deep. Pitting means the digging of pits in the land to hold water for deeper penetration. There has been 250 acres of land here pitted, while 78,000 acres need pitting.

Terracing. A total of 5,777 miles of adequate terraces has been built here, while another 2,429 miles need either building or rebuilding.

Diversions. There is now 79 miles of diversions here, and 110 more miles are needed.

Waterways. There are now 45, and the need is for 35 more.

Stock tanks. There are 366 stock tanks here of adequate size. The need is for 212 more, including those which need enlargement.

Crowell, in discussing community relationship between the farmer and businessman, discussed the farm program of the chamber here.

"Since the oil industry spread here in 1950, we have not made much crop, so we really don't know the business potential of this county," Crowell said.

The chamber manager said businessmen here have a great interest in agriculture, as shown in their participation in farm and ranch tours conducted by the chamber last year. On these tours, businessmen had a chance to see some of the practices to which Hodges had referred and better understand the problems of the farmer and rancher.

Anniversary Of WMU Will Be Observed

Baptist Women's Missionary Union groups will be celebrating an anniversary this year — the seventy-fifth year of their organization in Texas.

The year will be their Jubilee Year. The Union Baptist Church group will mark it with a Jubilee Tea at 2 o'clock Tuesday afternoon. Mrs. J. B. Hooker will be in charge of a program for the afternoon.

The WMU of the First Baptist Church is planning a Jubilee banquet at 7 o'clock Thursday night. A program will follow the banquet.

Colonial Hill Church Brotherhood Has Meet

A skit emphasizing stewardship was presented Thursday night at a meeting of the Colonial Hill Baptist Church Brotherhood.

C. E. McGaw, district Brotherhood chairman, was a visitor at the session. He spoke briefly to the Colonial Hill organization.

The program was directed by M. H. Roe and Ralph Wesson, while Ernest Sears, president of the organization, presided at the business session.

Methodists Launch Attendance Crusade

The First Methodist Church will observe "Widen the Circle Sunday" on Sunday as churches throughout this district begin an attendance crusade.

The church has already marked the beginning of its crusade, which will continue through Easter. A program of visitation of inactive and prospective members under the direction of Frank Patterson and the commission on membership and evangelism is to be started Thursday night.

Horse Thieves Scarce

SAND LAKE, N.Y. (AP)—Not one of the 42 horses owned by members of the Sand Lake Assn. for the Mutual Protection Against Horse Thieves was stolen in 1954, the group reports.

Evangelistic Session Set

A Baptst statewide evangelistic conference will open at 1:45 p.m. Thursday at the First Baptist Church in Lubbock. Meetings are planned throughout the remainder of Thursday, Friday and Friday night.

The Rev. C. E. Matthews, who directs the evangelism department of the Southern Baptist Convention, will be among the speakers on the program. Also to appear on the program are the Rev. Elwin L. Skiles from Abilene, the Rev. Carl Burch from Amarillo, the Rev. William Fleming, the Rev. Jimmy Morgan, and the Rev. H. Guy Moore, all of Fort Worth, Dr. Forrest Feezor of Dallas, the Rev. Angel Martinez, an evangelist, and the Rev. Sterling Price.

Thursday afternoon's program theme will be "Performance in Evangelism." Thursday night the theme will be "Promotion of Evangelism." Friday morning the study will be "Preparation for Evangelism," and Friday afternoon "Projection for Evangelism." Friday night's topic will be "Power for Evangelism."

Several members of Snyder churches are expected to attend at least a portion of the conference.

Pact Is Ratified By Chinese Nationalists

TAIPEH, Formosa (AP)—The Chinese Nationalist Legislative Yuan today unanimously ratified the mutual defense pact with the United States.

Five Attend Monthly Meet

Five persons from the Calvary Baptist Church attended the monthly fellowship meeting of the Central West Texas Baptist Bible Fellowship Tuesday at the Sweetwater Fundamental Baptist Church.

Included in the group were the pastor, the Rev. T. Gerald Cates, Noah Reeves, a deacon of the church, Mrs. T. T. Swan, Mrs. H. N. Lloyd and Mrs. J. W. Rader.

The next meeting is to be February 8 in the Baptist Temple in San Angelo. The meetings include about eight Bible messages, Mr. Cates said.

The youth fellowship of the Central West Texas Bible group will meet tonight in the Bethel Baptist Church in San Angelo. Planning to attend from here are Mr. and Mrs. Joe Harris, youth leaders for the Calvary Baptist Church, L. M. Braley, E. H. Hill, chaperones, and Letha Love, Sandra Love, Sammie Fennel, Pat Busby, Jimmy Kirby, Wilma Ruth Kirby and Gerald Adams. The youth programs are designed to help work out projects of the groups and may include skits, inspirational messages, special music, and other activities.

Sub-District Meeting Set At Union Church

The Union Methodist Church will be host for a sub-district meeting of the Women's Society for Christian Service Thursday.

The meeting is to open at 10 a. m., and lunch will be served at the church. Churches which are expected to send representatives are in Snyder, Westbrook, Buford, Coahoma, Colorado City, Dunn, Fluvanna, Hermleigh, Ira, Loraine, Camp Springs and Gail.

Guest Speaker Slated At Meeting Of CYF

Jan Stacy will be guest speaker at the Christian Youth Fellowship meeting Sunday evening at the First Christian Church. Her subject will be "What Is The United Christian Youth Movement?"

Guests are invited to attend the meeting, which begins at 6 p.m. Sunday.

Amarillo Man To Be Speaker At Service

Willie Fox of Amarillo is to be the speaker for a service starting at 7:30 Saturday night at the Primitive Baptist Church. A singing meeting is planned at 7 o'clock tonight, with refreshments to be served at the conclusion of the program. The public is invited to attend. The Rev. S. J. Ellis of Plainview, pastor of the church, will speak at 11 a.m. Sunday.

Lost 37 Pounds With Barcentrate

"I wish to state that Barcentrate has not only helped me to lose 37 pounds, but has greatly relieved a gastric condition of long standing." So writes Mrs. Dolly Foote, 1700 Kentucky Ave., San Antonio, Texas. — and Mrs. J. L. Butt, 2715 N.W. 29th, Fort Worth, Texas, says she lost 10 pounds taking Barcentrate.

If the very first bottle of Barcentrate doesn't show you the way to take off ugly fat, return the empty bottle for your money back. Get Barcentrate at any Texas druggist.

SERMON TOPICS

"Our Spiritual Blessings in Christ" will be the topic of the Rev. T. Gerald Cates, pastor, at the 11 a.m. Sunday worship service of the Calvary Baptist Church. At 7:30 p.m., he will speak on "Justification — God's Righteousness Made Ours." The pastor's Bible class will begin a new series of studies on the minor prophets at 10 a.m. Sunday when they study the prophecy of Obadiah. Training and fellowship meetings start at 6:45 p.m.

Rev. Cole Due Back

The Rev. G. M. Cole, pastor of the First Baptist Church, is to return home Saturday from Jamaica, where he has been among a group of more than 50 ministers engaged in an evangelistic crusade. Mr. Cole is to speak at both services of the church Sunday.

AUTHORITY IN RELIGION

THE LORD JESUS CHRIST HAS "ALL AUTHORITY (POWER) IN HEAVEN AND IN EARTH" (MATT.28:18). This authority is both legislative, executive, and judicial—He has it all! He will continue to exercise this authority until after the judgment. Then He will deliver up the kingdom to God the Father (1Cor.15:24-28). CHRIST IS THE MEDIATOR OF A NEW COVENANT—TESTAMENT (HEB.9:15-17). Men are sanctified by the New Testament—new Covenant (Heb.10:10). The apostles and prophets of Jesus were guided by the Spirit in revealing the New Testament (Eph. 3:1-7). The New Testament was first given orally (1Cor.2:6-13). Afterward, these men wrote it (2Thess.2:15; Eph. 3:3,4).

HE WHO HAS ALL AUTHORITY REVEALS IN THE NEW TESTAMENT:

1. Proof that Jesus is the Christ ..... John 20:30,31.
2. All that Jesus did and taught .... Acts 1:1,2.
3. Evidence that is reliable ..... Luke 1:3,4.
4. Christian fellowship with the apostles ..... 1John 1:3.
5. Joy that is full .... 1John 1:4.
6. Protection against sin ..... 1John 2:1.
7. Blessings of God .... Rev. 1:3.
8. Revelation of the mystery (gospel) Rom. 16:25,26; Eph. 3:3.
9. Commandments of the Lord ..... 1Cor. 14:37.
10. Understanding of the gospel (mystery) ..... Eph. 3:4.
11. Memory of what the apostles preached ..... 2Pet. 1:15.
12. The teaching of the Holy Spirit ..... 2Pet. 1:21.
13. How to recognize true or false prophets 2John 9,10; Acts 17:11.
14. Knowledge of what "will come to pass" ..... Rev. 1:1.
15. "All good works" ..... 2Tim. 3:16,17.

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST WAS ESTABLISHED! Today, she has the same name, worship, organization, doctrine, and life. "The churches of Christ salute you." (Rom.16:16). Churches of Christ recognize Christ as head (Col.1:18).

Relatives May Visit Prisoners; Knowland Believes 800 Held

Evacuation Talk Disturbs Nationalists

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Nationalist China, shaken by the loss of Yikiangshan, got another jolt today.

Press reports that President Eisenhower was considering asking congressional approval for the use of U.S. air and sea power in a possible evacuation of some Nationalist offshore islands came as a real shock.

Top Nationalist authorities might have been told in advance the President was turning the matter over in his mind. In any event, they refused comment.

But junior officials familiar with the top thinking indcated these views:

1. The Nationalist government might disagree with Eisenhower on the wisdom of a withdrawal, but President Chiang Kai-shek and other leaders realize the White House is activated by the best of motives.

2. If there is a withdrawal, much as the Nationalists oppose it, it will be the result of a friendly understanding and not through American pressure.

The idea of pulling out from the threatened Tachens, 200 miles north of Formosa—and now within artillery range of the Reds on Yikiangshan — is extremely distasteful to the Nationalists.

A Defense Ministry spokesman declared today, "So far we have no plan to evacuate any of our island outposts. All of them will be defended at all costs."

But even if the Nationalists agree to give up the Tachens, they might insist on holding at least some of the more important of their other offshore outposts as a prestige factor.

Unofficial quarters here are afraid a pullout from the Tachens without a fight might touch off a chain reaction in the United States. It might lead, they fear, to U.S. efforts to put Formosa under a United Nations trusteeship, possible admission of Red China to the United Nations and eventual U.S. recognition of the Peiping regime.

MAJ. GEN. SAMUEL WILLIAMS

1,000 Due At C-C Banquet

Close to 1,000 persons will be on hand tomorrow night in the high school cafeteria and auditorium for the annual Chamber of Commerce banquet.

Tickets for the banquet were still being sold this morning at the chamber office and were going fast.

The banquet will get underway at 6:30 o'clock in the cafeteria. Chamber officials said those attending should use the cafeteria's main door, which is on the east side. As the group files into the cafeteria, out-of-town guests will be registered and will be introduced by James Rosser at intervals during the meal. Tables in the cafeteria will fill up starting at each end and working toward the middle, and the cafeteria will refill as those arriving first finish eating. The meal will continue until 8 o'clock.

Main speaker for the evening at the program in the auditorium will be Maj. Gen. Samuel Williams, deputy commander of the Fourth Army with headquarters at Fort Sam Houston, San Antonio. Williams, recently returned from Korea, will speak on his observations there and at other points in the Far East. A veteran of three wars, he served in the St. Mihiel and Meuse - Argonne battles in World War I, participated in the Normandy landing in World War II, and commanded a division during the last part of the Korean War.

A native of Denton, Williams started his Army career in the Texas National Guard at Fort Worth as a private in 1916. He was commissioned the next year. He holds such decorations as the Distinguished Service Cross, Distinguished Service Medal with one oak leaf cluster, Purple Heart with one cluster, French Legion of Honor and Croix de Guerre with one palm, and the three highest awards of the Republic of Korea.

Williams will be introduced to the crowd by John Ben Shepperd, Texas attorney general. Master of ceremonies for the program will be C. T. McLaughlin. The Rev. Jimmie Nelson, pastor of the Colonial Hill Baptist Church, will give the invocation. Officers of the chamber for 1954 and 1955 will be introduced by H. W. Cargile, 1954 president.

Guest artist during the program will be Phil Regan, radio and television tenor, appearing here for the third time. Regan, who owns oil property in Scurry County, has been well-known for years nationally. He will be accompanied by Eddie Jacobs, his regular pianist.

While the program in the auditorium will not begin until 8 o'clock, there will be continuous entertainment in the auditorium from 7:15 until the regular program begins. This is being furnished by the high school music department for guests as they finish eating and move into the auditorium.

Included in the program will be the high school stage band, under direction of Melvin Montgomery, assisted by Tim Dennis and Phil Cherry, along with the band's feature artists on vocals and various instruments; and the high school a capella choir, directed by Bob Clinton, with other choral groups, such as the school's madrigal singers and boys quartet. Special lighting effects for these groups will be by Dennis and Wayne Pevey.

Several numbers will be done by each of these groups, while some will be done by the band and chorus combined. At 8 o'clock, the groups will present a 20-minute program for the entire crowd.

Poll Tax List Still Lagging

The office of the tax assessor-collector issued 62 poll tax receipts and exemption certificates from noon yesterday until noon today, bringing the total issued from Oct. 1 to 2,176.

This total still lags considerably behind that of a year ago, as is usually the case in "non-election" years. Although there may be several elections this year, it is not a year of regularly scheduled elections.

Of the number issued by today, 559 were exemption certificates, and 1,617 were poll tax receipts. Deadline for paying of poll tax, which is $1.75 per person, is midnight Jan. 31, a week from Monday.

Jim Ikard, tax assessor-collector, said his office usually became rushed during the last week of January by those paying poll tax, which he said was as inconvenient for the taxpayer as for the office. He said his office would appreciate efforts of the people to avoid the rush of the last few days.

Although the deadline prohibiting further receipt of poll tax is midnight on that date, the office plans to keep its regularly scheduled hours, closing at 5 o'clock in the afternoon. The poll tax paying annually is from Oct. 1 to the following Feb. 1, when the new receipts and certificates become valid for voting and remain valid for one year.

Huge Deficit Shown On Government Books

WASHINGTON (AP)—The Treasury reported yesterday that the government's books showed a deficit of about $9,294,000,000 Dec. 31.

The Dec. 31 deficit is customarily larger than that June 30, the end of the government's bookkeeping year, because a heavier share of corporation taxes is paid from January through June.

Senator Says Reports Tell Of New Lists

By CHARLES BANKS

CHICAGO (AP) — Sen. Knowland (R-Calif) says he believes Red China holds "something over 800 other GIs" in prison besides the 15 American airmen they acknowledge holding.

In a speech to the Cicero Manufacturers' Assn., last night, the Senate minority leader said:

"We have strong reason to believe they hold more than the 15 they acknowledge of holding."

The men showed up neither in the little or big switch prisoner exchange following the Korean truce in 1953, Knowland said. Names of the imprisoned Americans, he said, were learned from Red propaganda broadcasts, other released POWs and Pentagon reports.

Knowland said a compilation of the various reports led him to the strong belief the Red Chinese held "several hundred other GIs in prison enclosures." He later set the figure at "something over 800 other GIs."

He said the Reds hold 4 "fighter airmen" plus the 11 U.S. airmen already sentenced to 4 to 10 year prison terms on trumped up spy charges. Another 32 civilians, including clergymen, businessmen and students, also are illegally imprisoned, the California Republican said.

Knowland declared the United Nations should, within a "short time," tell the world what it is prepared to do if the men are not released.

"I do not intend to remain silent while a single American rots in a prison cell," Knowland told the meeting.

Turning to the Far East in general, Knowland called on the United States to set forth a line "beyond which we will not permit further Communist aggression in Asia."

He urged the nation to operate "from a position of strength not weakness." Knowland termed appeasement a "dubious policy" which should be avoided.

Earlier, at a news conference, he said the nation's failure to take a stand in the Pacific if the Reds take over all of Asia could mean "moving our line of defense back to Oregon."

Reds Possess Tikiangshan

TAIPEH, Formosa (AP)—Communist China held undisputed possession of tiny Yikiangshan Island today and its battle-tested amphibious striking power menaced the nearby strategic Tachen Islands 200 miles north of Formosa.

The Nationalist Defense Ministry said the 720 Nationalist guerrillas on Yikiangshan had been wiped out to the last man.

Resistance ceased on the island, the ministry said, at 9:12 p.m. last night, 61 hours, 12 minutes after Chinese Red invaders landed behind pulverizing naval and air bombardment.

"Our brave guerrillas accomplished their anti-Communist, resist Russia and territory protection duty and all of them died gloriously in action," the ministry said. "Such valor has gained respect and admiration the world over."

Peiping radio, however, insisted that all fighting had ended Tuesday, the same day its amphibious invaders struck in overwhelming force.

The broadcast, heard in Tokyo, said the Communists had killed about 500 Nationalist troops, captured more than 550 and seized stores of guns and ammunition.

Another Peiping broadcast hailed the "liberation" of Yikiangshan as a victory which has "inspired the nation in its struggles to liberate Taiwan (Formosa)."

Three Die In Chicago Fire

CHICAGO (AP) — A raging fire flashed through a West Side tenement and trapped occupants on upper floors Friday. A deputy coroner first reported five persons were lost, then cut the figure to three.

Three other occupants of the building were injured, three in leaps from windows when escape by way of a stairway was cut off by flames. About 20 other persons who lived in the building fled safely to the snow-covered street.

Firemen said the dead were trapped on the fourth floor of the building at 622 Blue Island Ave.

Louis Logisios, 50, a restaurant worker who lives in a room on the second floor, told newsmen he discovered the fire upon arriving at the building at 6:15 a.m.

Police said the dead were James Zigoruris, 70; his wife, Helen, 60; and James Mitchell, 70.

John Haberkorn, chief fire marshal, estimated damage to the building at $25,000. Cause of the fire was not determined.

ENDS JAIL TERM

Actress Lynne Baggett embraces her mother, Mrs. Ruth Baggett, after her release from the county jail in Los Angeles, Calif., where she served 50 days of a two-month sentence for felony hit-run driving. She was convicted in November as a result of the death of a nine-year-old boy who was struck by a car she was driving. The blonde actress got 10 days off her jail sentence for good behavior.

Area Bidders Low On CRMWD Work

BIG SPRING — Area contractors had the sharpest pencils when last major contracts of the Colorado River Municipal Water District were awarded here Thursday afternoon.

Clyde Yarbrough of Odessa submitted the low bid of $106,970 for construction of 18,615 feet of 18-inch pipeline for a repressuring project in southwestern Scurry County. W. D. Caldwell and associates of Big Spring were low on construction of two 15-million gallon earthen reservoirs with plastic membrane lining on a total offer of $95,542. Following an analysis of proposals, directors ordered contracts awarded to the low bidders.

Yarbrough specified 60 working days for completion of the line which will connect the CRMWD reservoir, Lake J. B. Thomas, with a unitized group which has Warren Petroleum Corp. as operator. This project would use about two million gallons per day. CRMWD already is supplying the Scurry Area Canyon Reef Operators Committee with eight million gallons daily for its repressuring project. Nearest bid to Yarbrough was R. B. Hudson, Lubbock, with a proposal of $109,343. Highest of 10 bids was $130,377.

Caldwell was joined in his bid by R. B. Brown and A. J. Pruit, and ranked ahead of a $102,125 offer by Cage Bros. of San Antonio. Highest of five bids was $173,675. Engineer estimates on cost for the pipeline project was $115,000 and for the reservoirs was $101,590.

The Big Spring reservoir will be 352 feet, top diameter, 240 feet, bottom diameter and depth of 32 feet. The Snyder-SACROC reservior will be 358 feet, top diameter, 260 feet, bottom diameter and 28 feet deep. The Snyder job runs higher because part of the material must be hauled in. Completion is scheduled in 75 days.

Directors authorized Robert T. Piner, president, to execute a contract with Warren Petroleum Corp. to furnish water, subject to municipal and prior requirements, for the repressuring project. E. V. Spence, general manager was empowered to continue negotiations with drilling contractors for changes in furnishing drilling water. Regarding notification by Lario Oil Company that it intended to proceed with erection of a mound and a concrete protective device for wells near the dam and in the emergency spillway of Lake J. B. Thomas, the board directed the president to inform the operator it had no funds for this purpose.

A resolution authorizing the resubmission of a presentation to the State Board of Water Engineers for impounding of flood waters of Deep Creek was adopted. Original action was taken on this matter in 1951, but, through a technicality, needs to be resubmitted.

Transfer of $516,660 of net revenues to various funds in keeping with terms of the induture was approved. Of this amount $306,158 ($267,408 interest and $38,750 principal) was applied to interests and sinking requirements; $147,351 to the reserve fund; $10,500 to the contingency fund; $2,750 to the improvement fund; and $49,900 to the retirement fund. Piner said that the District now owns $54,000 of its own bonds.

Directors authorized a binder which would afford the District temporary protection while the report of the insurance committee, headed by Lyle Deffebach, Snyder, is under consideration.

The board also approved a second notice by Spence to cabin site leaseholders that all leases not renewed before Feb. 1 will be cancelled. Spence said that within two weeks meters are due at Odessa and terminal storage there will be filled.

Duster Lashes Area

Fairly strong winds which brought blowing dust came too late yesterday afternoon to keep the temperature from reaching 60 degrees. The overnight low was a sharp 20 degrees, however, and by 7:30 this morning the temperature was back to just 30 degrees.

WEATHER

WEST TEXAS: Fair through Saturday. No important changes. Lowest 12-32 in Panhandle and upper South Plains and 22-32 elsewhere tonight.

NORTH CENTRAL TEXAS: Fair through Saturday. Colder. Lowest 25-35 tonight.

EAST and SOUTH CENTRAL TEXAS: Generally fair through Saturday. Colder tonight. Lowest 30-40 in interior tonight. Moderate to fresh northerly winds on the coast.

Agreement Made At Peiping Meet

WASHINGTON (AP)—The State Department said today the government cannot "encourage" relatives to visit Americans imprisoned in Red China—but refused to say whether they will be permitted to make visits.

A statement issued by press officer Henry Suydam said that Red China is an area "where the normal protection of an American passport cannot be offered."

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (AP)—Red China announced today that the relatives of 17 Americans held in Chinese jails are welcome to visit the prisoners.

The United States, however, does not extend diplomatic recognition to Red China and there was no indication the State Department would provide passports good for travel there—even in the event any of the relatives should desire to go. Mrs. Edwin Heller, wife of a lieutenant colonel held in China, said at Philadelphia she had been advised the United States could extend her no protection. She added she did not believe her husband would want her to go, anyway.

The Red Chinese bid for relatives' visits was announced simultaneously in Peiping and at the United Nations today.

The U.N. issued the following note disclosing this action:

"As is being announced this morning from Peiping, Premier Chou En-lai, during his talks with Secretary General Dag Hammarskjold, indicated that the government of the People's Republic of China would provide facilities for relatives to visit those United States personnel who had been convicted and those whose cases were under investigation, if they should wish to do so, and that the Red Cross society of China would make all the arrangements necessary."

The U.S personnel referred to in the announcement means the 11 aviators who were convicted of spy charges; Two civilians who were seized as spies but who were not under Army control; and four jet pilots whose cases are being investigated by the Chinese.

It was said the question of giving visas to the relatives to visit the personnel would be up to the U.S. Government.

Hammarskjold informed Henry Cabot Lodge Jr., U.S. delegate, of this action at his first talk with him on Jan. 13 immediately upon his return from his globe-girdling trip.

Hammarskjold also told Secretary of State Dulles, when he conferred with him in Washington this week, that he had received assurances of the well-being of the prisoners. There was no indication here as to what assurances Hammarskjold received.

No member of Hammarskjold's party, however, went to see the prisoners personally.

The U.N. is leaving it up to the United States to inform the families of the men of these assurances. It was believed here that if any of the relatives desired to see the prisoners they would have to act first to get visas and then they might work through the U.N. to make arrangements for a trip.

The secretary general from the beginning of his mission has had uppermost in his mind the anxiety of the families about the health and the condition of the Americans and it is believed he made a special effort to inquire on that point and then he received the assurances of their well-being.

There was no indication from any U.N. official today whether any progress had been made toward releasing the prisoners or commuting their sentences. However, the feeling among U.N. officials concerned with these long-distance talks is that the prisoners eventually will be freed. An Eastern European source said earlier this week that he believed also the prisoners would be liberated at a later date.

W. G. Parks of Omaha, Neb., whose son, Lt. Roland Parks, is among the Americans held by the Chinese Reds, said last week he had been told by Lodge and Dulles of Chinese assurances his son and the others would be well cared for.

A United Nations official, insisting that his name not be used, told reporters there is a feeling in U.N. quarters that the relatives' visit might expedite release of the prisoners. He said the feeling secretariat is that the Chinese might take the opportunity to commute a prisoner's sentence and release him to return home with the relative.

No official here would talk about that on a quotable basis.

The U.S. mission to the U.N. refused to disclose any information about assurances received as to the welfare of the men. There were indications, however, that Hammarskjold brought back with him pictures of the men, health records, the locations of their prisons and a movie of the men.

School Board Session Set

A special meeting of the board of trustees of the Snyder school district has been scheduled for Tuesday night for the purpose of interviewing several representatives of bond investment firms.

The only matter to be discussed at the meeting will be sale of tax bonds approved for issuance by voters of the district. Administrators and trustees said they expected several bond investment firms from various regions of the nation to be present.

Most previous meetings on bond sales have been relatively long, and the meeting Tuesday night is expected to be long also.

The district's voters approved in public election the issuance of up to $2-million in tax bonds for financing of a building program in the district.

Hard Freeze Grips State

By The Associated Press

Light rain fell in East Texas and along the upper Gulf coast Friday. A hard freeze gripped most of West Texas.

Clear skies covered the west and central parts of the state.

The Weather Bureau reported light rain and drizzle at Beaumont, Lufkin, Palacios and Galveston.

The freeze line extended west of a line from Wichita Falls and Junction. Dalhart's 10 degrees was the coldest pre-dawn reading.

Little change in the weather was ahead.

First Tax Bill Of Session Would Hike Levy On Gasoline

By BO BYERS

AUSTIN (AP)—The first tax bill of the new Legislature, a 2 cents per gallon increase in the gasoline levy as proposed by Gov. Shivers, was filed for the House today.

The bill was offered by Rep. Charles Murphy of Houston. The Legislature was in weekend recess.

Murphy said he had discussed the need for expansion of the highway program with the governor and highway officials before preparing the bill.

"In my opinion, there can be no doubt that this money is urgently needed and that increasing this road user tax is the fairest and most practical method of obtaining it," Murphy said.

The tax increase would raise an added 60 million dollars a year, of which 45 million would go to highways and the rest to schools as required by the Constitution.

"While no one likes to increase taxes, I believe this is an emergency situation and that the people who use our highways are willing to pay for better—and safer—traffic facilities," said Murphy.

He said the shortage of four-lane, divided highways and other necessary traffic facilities is so critical that it is hampering the development of Texas.

Shivers told the Legislature the 2 cent increase in gasoline tax should be made to take care of highway needs.

He also recommended a one cent per pack boost in the cigarette tax to expand other state services.

"We must provide more money for highways," Murphy declared. "We now have 3,600,000 motor vehicles using our highways, compared with only 1,800,000 at the end of World War II. Highway construction and maintenance have not kept abreast of the times."

Shivers had said the Highway Department had made an inventory of what is needed and found Texas "should spend approximately two billion dollars for capital improvements on our four classes of public roads during the next ten years."

Nearly 45 million dollars in other new money would have to be found by the lawmakers to put into effect the entire spending program he has recommended.

An even larger amount of new revenue would be required for the program submitted by the legislature's own budget-making agency.

While the House Taxation Committee waits for its first bill, other committees can see a heavy work load and have scheduled public hearings.

Two bills to reorganize the State Board of Water Engineers have been tentatively set for hearing before the Senate Committee on Water Rights at 7 p.m. Feb. 1.

The Senate Insurance Committee will tackle the question of how high capital stock requirements for life, health and accidents isurance firms should be when it meets Tuesday. Up for hearing will be Sen. Searcy Bracewell's bill to increase the minimum requirement from $100,000 to $250,000.

Sent to State Affairs Committees of the two houses yesterday but not yet set for public hearing are proposals by Sen. William T. Moore, Bryan, and Rep. Robert Patten, Jasper, for state regulation of public utilities.

Moore wants an elective three-member board to supervise gas, water, electric and telephone utilities.

Patten would have a three-member commission appointed by the governor to "assure just and reasonable rates" for telephone, gas and electric utilities.

Moore's bill said present laws "do not adequately provide for the regulation of public utilities, and relief in that field is sorely needed."

The perennial debate on what constitutes usurious interest will be revived when a proposed constitutional amendment by Rep. DeWitt Hale, Corpus Christi, reaches public hearing.

Hale's resolution, filed yesterday, would authorize the legislature to set maximum interest rates on loans up to $1,500 but would maintain the constitution's present 10 per cent annual maximum rate on larger loans.

Also proposed as an amendment to the constitution was a plan authorizing the legislature to provide for paid retirement of representatives and senators, the governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner, railroad commissioners, and agricultural commissioner. Rep. Gilbert Spring, Apple Springs, is the author.

Reports Say Rebels Chased From Puerto Soley To La Cruz

By CARLOS ESCUDERO

SAN JOSE, Costa Rica (AP)—Unofficial reports said today loyalist troops have chased rebel garrisons out of Puerto Soley and moved into La Cruz in operations at the edge of the newly proclaimed buffer zone between Costa Rica and Nicaragua.

These reports, from usually reliable sources, said the rebel forces were withdrawing toward the Nicaraguan frontier. Neutral ground and air observers of the Inter-American Peace Commission were patrolling a belt 18 miles long in that area to keep the rebellion from touching off a war between the two Latin-American neighbors.

Presumably the rebels were hit by a flanking group commanded by Costa Rican Col. Frank Marshall. A highly authoritative source confirmed that Marshall's column struck late yesterday at La Cruz, a rebel strong point on the Inter-American Highway little more than three miles by air from the Nicaraguan frontier and only about 10 miles by the winding highway.

Puerto Soley, one of the first invasion points, is a Pacific coastal hamlet about six miles southwest of La Cruz.

Launching its major peace-preservation effort, the five-nation commission of the Organization of American States dispatched 23 officers to patrol the neutral buffer zone 18 miles long and six miles wide which the commission established yesterday along the border north of the fighting area.

In accepting the neutral zone proposal, both Costa Rican President Jose Figueres and Nicaraguan President Anastasio Somoza agreed to keep their troops out of the area and their planes out of the air above it.

Somoza already has announced he would intern any of the Costa Rican rebels chased across his border. The demilitarized area runs athwart the rebels' natural escape route, between the Pacific Ocean and Lake Nicaragua.

In setting up the buffer zone, the OAS commission emphasized that it was not seeking a cease-fire in the rebellion but only keeping the Costa Ricans and the Nicaraguans from tangling. The commission made its proposal after Somoza charged Costa Rican planes attacking the rebel headquarters Wednesday had violated Nicaraguan territory. He warned further border violations would have "grave" consequences.

Aside from the loyalist flanking operation, the chief military activity appeared to be strafing of rebel position by the four F51 Mustang fighters the United States turned over to Costa Rica earlier this week. Government communiques made no mention of ground fighting.

The general staff claimed the F51s destroyed a gasoline dump at La Cruz, the rebel headquarters seven miles south of the border, as well as one jeep, one small truck and three armored trucks.

A communique said the flanking operation, led by a Costa Rican of German descent, Col. Frank Marshall, was going "according to plan and doing very well."

The secret rebel radio in turn said a battle was "raging in grand proportions" for Liberia, the loyalist headquarters 30 miles southeast of La Cruz. Foreign observers said the town yesterday was as sleepy, dusty and tranquil as usual, and that nothing bigger than a large-scale skirmish or a patrol clash had occurred anywhere since the rebellion began Jan. 11.

The rebel radio also claimed both sides had suffered "enormous casualties." In San Jose, the total loyalist dead were reckoned at less than half a dozen.

To patrol the neutral zone, the peace commission now has a total of 59 air force and army officers, including 35 from the United States, 11 Mexicans, 11 from Ecuador, 1 Paraguayan and 1 Brazilian. The U.S. contingent is headed by U. S. Air Force Col. Willie Lewis of Washington, D.C. and Benton, Ill.

MAJOR GENERAL SAMUEL T. WILLIAMS

MR. PHIL REGAN

A Hearty West Texas Welcome

To Our Distinguished Guests

Major General Samuel T. Williams And Mr. Phil Regan

Dinner Gets Underway At 6:30 In High School Auditorium Saturday Night.
Entertainment During Dinner
Main Program Starts At 8 P.M. In High School Auditorium
Major General Samuel T. Williams Principal Speaker, Introduced by John Ben Shepperd
Mr. Phil Regan, Nationally Known Tenor Will Entertain.

Snyder Chamber Of Commerce Banquet
At The High School Cafeteria
And Auditorium Friday

Tickets Are Available
You Can Obtain Tickets to the Banquet by
Dialing 3-3558
Tickets Will Be Delivered
