Chamber of Commerce Doings . . . Recent Sanitation Inspection Reveals Conditions Only "Fair" in City

Dr. J. F. Hughes, city health officer and chairman of the health and sanitation committee of the Chamber of Commerce, states that a State Department of Health representative was in Spur recently to inspect the drug stores, grocery stores and other public places where food is handled. Dr. Hughes states that the inspection revealed conditions in general only fair.

This inspection is recommended by the state department once every three months. This was Spur's first in nearly six months.

With the fall rush season at hand, Dr. Hughes states that health and sanitation problems are at a peak. Cooperation with the city health officer and the chamber committee is urged in maintaining healthy, sanitary conditions throughout the city as a measure in controlling disease and epidemic.

NEW ORDINANCE EFFECTIVE

The recently passed city ordinance, banning peddlers and solicitors who are not specifically invited into residences, has shown very favorable results in just one week.

Last week several such transient merchants came to Spur only to find that this city is no longer wide open to door-to-door peddlers who infringe on the private property—and at times, patience—of the housewives.

Program Gaining Listeners

Comments over town indicate that the chamber's Sunday afternoon broadcast over KFLD, Floydada, is gaining new listeners each week.

The program last Sunday was presented by several pastors and ministers from the Spur churches. Present on the panel were Rev. Cal C. Wright, pastor of the First Methodist Church; Rev. C. Melvin Rathel, pastor of the First Baptist Church; Rev. Ralph Russell, minister to the First Christian Church; and Rev. T. R. Elder, pastor of the First Presbyterian Church.

The ministers presented brief summaries of the work and program of their respective churches in Spur.

The Girl Scouts of Spur will be honored on the chamber's program on October 28 at 3:15 p. m. with Dr. W. K. Callan in charge.

The program will include general educational information about Girl Scouts and will include highlights of the Spur Troops.

Our thanks go to Jess Stanton of KFLD and the local businesses who brought the broadcast of the Spur-Slaton football game Saturday morning. Stanton states that with the continued cooperation of Spur businesses and the chamber, his station will broadcast three more Spur games this season.

The Chamber of Commerce and the entire city of Spur is glad to welcome Mr. and Mrs. Bob Money to our town.

House Beautiful Tour Through Spur Homes to be Conducted Sun.

The Spur Harmony Club will conduct its House Beautiful tour this Sunday through ten or twelve of Spur's lovely homes.

Beginning at 2 o'clock at the Harvey Holly home on West Harbison in the Samart Addition, the tour will include the homes of the Randolphs, Eastons, Tom Kizers, E. D. Englemans, O. L. Kelleys, E. S. Lees, O. M. McGinty, Lawis Lee, R. K. Blackshears, P. C. Nicholls, and Eric Swensons.

Tea will be served from 4:30 to 6 o'clock in the Swenson home. Tickets for the tour are \$1.00 and husbands may attend free of charge if accompanied by their wives.

See Mrs. Van North at the R. E. A. Office or Mrs. George Gabriel at Gabriel's for tickets for the tour. Any Harmony Club member has tickets for sale also.

Delta Kappa Gamma Regional Meeting In Spur Saturday

Beginning with a coffee during registration the annual Regional meeting of Delta Kappa Gamma will open in Spur at 9 o'clock Saturday morning, October 20.

The morning meeting will include talks on the National Regional Meeting in Pasadena, world leadership, community service and a panel discussion on Delta Kappa Gamma. A luncheon at the Spur Inn will conclude the meeting.

The Regional meeting of Region 12 will include members from six chapters scattered over about 30 counties in West Texas and extending from Childress and Vernon on the north to Haskell on the south and east and Seminole on the west.

Gamma Eta, the local chapter, of which Miss Eula Whitaker is president, includes Paducah, Roaring Springs, Afton, Crosbyton, Jayton and Spur.

Scout Drive Held Mon. By Club Men

The annual drive for funds for the Boy Scouts of America was held in Spur Monday morning with approximately 25 members of the Spur Lions and Rotary clubs assisting.

George Gabriel, acting chairman of the drive for Fike Godfrey, reports that approximately \$300 was collected and more has not yet been turned in.

The men were served breakfast in the Lions Club hall prior to the drive. They worked in teams in soliciting funds over the city, and most collecting was completed by noon.

During the briefing following the breakfast, the men voted unanimously to ask all donors to designate half of their donations to be retained for the use of Spur troops.

Funeral Services for W. P. Foster Held

Funeral services for William Penn (Slim) Foster, 71, were held at 3 p. m. Tuesday, October 16, 1951, in the First Methodist Church, Spur, with Rev. Cal C. Wright officiating, assisted by Rev. Ralph Russell.

Foster was born February 18, 1880 in Houston, Mississippi, the son of Rev. W. M. Foster, a Methodist minister. He moved to Dickens county on March 1, 1925, and had lived here since that time.

On December 10, 1905, he married Lillie McKenzie in Alba, Texas. He was converted to the Christian religion in 1896 and was a member of the Methodist Church. Foster died Monday Oct. 15, 1951.

Pallbearers for the funeral were R. J. Bell, Jack Simmons, Coy Drennen, R. D. Ford, Jake Goss and Gay Williams. Honorary pallbearers were Bob Berry, Joe Wolf, Austin Bell, Bob Fox, W. A. Bell, E. L. Adams, Calvin Ticer, Elmer Thompson, Earl Thompson, W. S. Campbell, D. B. Ince, A. R. Howe, Dr. R. L. Alexander, Ab Smith, M. E. Hutton, Ben Dickenson, Billy D. Bell, J. W. Henry, C. L. Love and Roscoe McCombs.

Foster is survived by his widow, Mrs. Lillie Foster of Spur; one daughter, Mrs. Martha Ellen Powell of Spur; two sons, W. P. Foster, Jr. of Spur, and Billy of San Diego, Calif.; and five grandchildren.

Lt. J. V. Allen is Back From Korea

Lt. (j. g.) J. V. Allen, SC, USN flew Saturday from San Diego for two weeks leave with his parents, Mr. and Mrs. C. V. Allen, after a nine months tour of duty in Korea.

Lt. Allen, formerly chief auditor for the Carlton Hotel in Washington, D. C., was recalled to active duty in August 1950 and has been serving since that time as Supply Officer aboard the U. S. S. Whitehurst, one of the four naval vessels which have been furnishing turbo-electric power to South Korea.

Upon completion of his leave, Lt. Allen is to assume his new duties as Disbursing Officer at the U. S. Naval Air Station at Corpus Christi.

Rev. Rathel Resigns To Accept Pastorate At Eastland Church

Rev. C. Melvin Rathel, pastor of the First Baptist Church, Spur, for the last three years, submitted his resignation to the congregation at the Sunday morning service, October 14.

Rev. Rathel has accepted the pastorate of the First Baptist Church, Eastland, Texas, and will assume his duties there November 1.

George Gabriel, chairman of the board of deacons in the local church, has appointed a pulpit committee with C. P. Scudder the elected chairman.

J. B. Whitener, Jr. Is Killed Overseas

Joe B. Whitener has received word that his son, Joe B., Jr., has been killed in Korea, but he has not learned officially how he died.

Twenty-one year old Whitener and his wife, Mrs. Bessie Whitener, are a flight engineer on a B-29 stationed in Japan.

He attended school in Spur and enlisted at the age of 17 in the Air Force.

His body is being shipped back for burial in the States according to word received by his father.

Mrs. Karr's Mother Killed In Accident

Mrs. J. W. Chandler, 70, member of a prominent Stamford family and mother of Mrs. Guy Karr of Spur, was killed instantly about 5 p. m. Wednesday, October 17, when her car overturned about six miles south of Stamford.

Mrs. Chandler, very active in Jones County home demonstration work, was just returning from Anson and the Jones County Home demonstration Council meeting when her car went out of control and into the ditch, then back on to the road where it overturned.

She was pinned beneath the wreckage.

Mrs. Chandler, who is survived by her husband, was born October 13, 1881 in Arkansas, and married J. W. Chandler at Groesbeck, Texas, in 1906. They moved to Jones County in 1928 from Oregon, and had lived here since. Chandler is a retired farmer.

Besides her home demonstration work, Mrs. Chandler was a former member of the Carnegie Club, and was active in work of the Seventh Day Adventist Church, of which she was a member.

Other survivors include two daughters, Mrs. Roy Scott of San Antonio and Mrs. R. L. Halverson, four granddaughters, a sister, Mrs. A. L. Capps of Anson, and three brothers, A. Y. Corley of Haskell and Charles A. Corley and E. B. Corley, both of Stamford.

Mrs. Van North's mother, Mrs. M. S. Sandell of Jayton, is visiting her daughter this week.

Mrs. Jerry Ensey and Mrs. El. Nora Britton are in Dallas on business this week.

Mr. and Mrs. Edge Caudle of Abilene were in Spur visiting friends Wednesday.

Mrs. Winford Carpenter of Tahoka is visiting Mrs. Raymond Beadle.

Mr. and Mrs. R. B. Walsworth moved to town from the country this week.

Mr. and Mrs. Edna Caudle of Abilene were in Spur visiting friends Wednesday.

U. S. Must Build Civil Defense

AIR FORCE CHIEF SAYS ENEMY BOMBERS CAN ATTACK AMERICA

(This is the first of a series of articles on civil defense, based on the booklet "This Is Civil Defense" prepared by the Federal Civil Defense Administration. It may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents.)

By MILLARD CALDWELL
Federal Civil Defense Administrator

General Hoyt Vandenberg, Chief of Staff of the United States Air Force, has made a startling statement—one which most Americans find hard to believe. He has said that at best we could knock down only 30 out of every 100 enemy planes attacking the United States. That means that at least 7 out of 10 would get through. Despite our traditional attitude that "it can't happen here," we must believe these facts.

This does not mean that our Air Force is ineffective. We have an excellent air force and our anti-aircraft defenses are good. In the last war, the Germans also were well equipped with defense weapons, but they were not able to stop our attacking bombers. On the average, we lost fewer than 10 out of every 100 planes. That gives us something to think about!

We know that everything possible will be done to stop the enemy at our borders, and to prevent sabotage within, but we also can be sure that, in case of war, a good percentage of enemy attacks would be successful in spite of all that we could do. That is why we must have Civil Defense.

The wide oceans which once protected us have given way to global bombers. Today we face more kinds of attack than ever before, and our danger is much greater.

There is only one sure way to keep any enemy from knocking us out of a war. We must know how to save lives and property, restore our cities and industries, and carry on the fight no matter what kind of attacks are hurled against us.

Russia has Bombers
Russia has hundreds of heavy, long-range bombers patterned after our B-29s which could get through most of our defense setups. We know that Russia has atomic bombs and that their heavy long-range bombers are capable of delivering them anywhere in the United States at any time the Kremlin dictates.

CRTC STAGES FINAL SURVEY PRIOR TO CONSTRUCTION OF FIRST SECT.

A definite commitment from rural residents concerning their desire for a telephone is being sought this week by the Caprock Rural Telephone Co-op in the area where Section A of the project is to be started, states manager James Wright.

Wright states that final blueprints for the construction of the section will be presented to Washington, D. C. as soon as he and the board of directors are satisfied that everyone wants a telephone has signed up for one. Letters are being sent out this week to all REA users in the area asking for such a commitment. Wright states that once the final plans are sent to Washington, the CRTC must abide by them and additional telephones cannot be added at this time.

The section A includes Dry Lake, Peacock, Jayton, Girard, Clairemont, and Swenson, and the rural areas around these towns. This particular section was designated for initial construction by the REA in Washington because of the large sign-up of potential users, states Wright. Additional sections will be designated when sufficient memberships are secured, he added.

Section A will include 633.15 miles of lines and has been contracted to Dude Florence of Dallas.

Half of Cotton Out; More Help Available

Getting the cotton out is uppermost in the minds of most area farmers right now and it is expected that the greatest part of it will be picked in three or four more weeks. County Agent Charles Taylor estimates that about half of the crop is out now.

The labor shortage has been somewhat alleviated by more workers coming in and by the dismissal of some of the schools so the children can pick.

The rain this week slowed down field activity for about a day, but had no damaging effect on the crop.

The wheat was not affected by the shower either and still needs a good rain, says Taylor.

Feed crops haven't turned out very well so far and some farmers are waiting for a rain before planting the rest of their feed. Because these crops have been light all over Texas there will probably be a shortage of winter feed for cattle and feed costs will be high predicted Taylor.

It is about time for the calf crop to be delivered and most ranchers are concerned with that at present, adds Taylor.

Tommy Alldredge was home the first part of this week visiting his parents, Mr. and Mrs. Casey Alldredge.

Mrs. Winford Carpenter of Tahoka is visiting Mrs. Raymond Beadle.

Mr. and Mrs. R. B. Walsworth moved to town from the country this week.

Mr. and Mrs. Edna Caudle of Abilene were in Spur visiting friends Wednesday.

Legion Auxiliary Aims at Increased Service to Disabled

The welfare of disabled war veterans will continue to be a major interest of the American Legion Auxiliary during the coming year. Mrs. Nell Davis, Rehabilitation Chairman of the William-Puckett Unit of the Auxiliary, predicted today as the Auxiliary went forward with enrollment of members for 1952.

"Three wars within the last 35 years have given the United States the largest number of disabled veterans in its history," Mrs. Davis pointed out, as she described the expanding program of the Auxiliary for their welfare and rehabilitation.

She continued, "Already many injured and sick of the Korean war have been discharged from service and have taken their places in the ranks of disabled veterans of the two World Wars. It is possible for a grandfather, his son and grandson, each a veteran of a different war, to occupy beds side by side in a veterans hospital. War demands a heavy human price which must be paid in bitter installments of suffering and hardship, dragging through long years after the shooting has ended."

To lighten the burden for those fated to pay the price, and for their wives, widows and children, is one of the great purposes of the American Legion Auxiliary.

Their trained volunteer workers serve regularly in the veterans hospitals, bringing cheer, comfort and aid to the patients, said Mrs. Davis.

"Our load in the hospitals is increasing. We must not forget our veteran patients, especially at Christmas time. Plan now to make your Christmas gifts for the Gift Shop. We have need for more members to give their support to this work. Join your local unit now and help us increase our service to those who have given health and strength for the defense of America," Mrs. Davis urged.

Mrs. P. C. Nichols, W. T. Andrews, James E. Reed and Roy Stovall are in Colorado Springs this week looking over the cabin the Nichols have bought there. They are expected back tomorrow.

Spur Takes District Opener; Meets Tahoka Here Friday

Rotarians To Name Farmer of Month

A Farmer of the Month will be named and honored by the Spur Rotary Club beginning with the month of October, states Charles Taylor, chairman of the Rural-Urban committee of the club.

The monthly program will be continued throughout the present Rotary fiscal year. Each month the farmer will be the guest of honor at a Rotary meeting and will be recognized for his achievements.

According to Taylor, candidates for this honor will be chosen with the following points under consideration: 1. He must reside on the farm which he operates, 2. He must carry out an effective program of soil and water conservation, 3. He must produce as much food at home as could be expected from facilities on his farm, 4. He must take part in community affairs, and 5. He must carry out a diversification program in accordance with good farming practices.

Each Farmer of the Month will be announced in this column along with a brief sketch of his and his family's life and farm.

FARM BUREAU TO START MEMBERSHIP DRIVE SOON

The annual Farm Bureau membership drive starts Wednesday, October 31, it was announced today.

Every farmer and those having farming interests are urged to join, states C. W. Nickels, acting president.

The co-op is already operating the Kearney system from Jayton. Walter Shetter has been employed there as operator.

New directors are being mailed to the Kearney system subscribers along with an explanation of the present system and of the plans for the future dial system.

The section A area at present includes 1129 subscribers. However, states Wright, approximately 400 more are expected from the final survey of the section.

PAUL SIMMONS SCORES 24 POINTS AS BULLDOGS TROUNCE TIGERS 39-0

The Spur Bulldogs soundly drubbed the Slaton Tigers in their first District 6-AA contest in Slaton last Friday night 39-0.

Paul Simmons, speedy fullback for the Bulldogs personally accounted for four of the Spur touchdowns. Two of these were scored on runs of 65 and 60 yards in the first three minutes of the game.

Sharing the scoring with Simmons were half backs Bobby George and Jackie Cloude with one TD each, and Charles Grimland with three extra points.

The high-flying Bulldogs took the upper hand on the first play from scrimmage, offering Simmons precision blocking for his first scoring scamper. Going into the game the underdog, according to area sports casters, the Bulldogs were never in trouble, scoring three times in the first quarter, once in the third, and twice in the fourth. Spur racked up 16 first downs to their opponents' 9.

The mettle of the local boys will be put to a stiffer test tomorrow night in Jones Stadium when they meet the highly-touted Tahoka Bulldogs. Tahoka took Post for a 20-6 ride last Friday night. Their big gun is Lynn Hamanick, No. 21.

The visitors are expected to run mainly from a single wing formation with an effective passing game from the double wing and spread formations. They have a well balanced team and are capable of being dangerous at all times and from any formation. At present they are tied with Spur and Ralls for the district lead, all three teams having one win and no losses.

Coach Sam Hawkes states that although the Spur team is still badly bruised up, the boys seem to be ready mentally for the Tahoka game.

Still out of commission are Joe Bell, Charles Watson and Franklin Gabriel. Hawkes states that possibly Bell and Gabriel will be back in uniform for the Post game on October 26.

The starting line up for the Spur team will probably be ends, Orville Cloude, Dean King, tackles, Chester Lindsey, Ralph Gibson, guards, Larry Smith, Harley Bingham; center Toby Williams; and backs, Grimland, Curtis Blair, Simmons, and Cloude.

Game time is 8 p. m. in Jones stadium, preceded by the crowning of the Football Sweetheart at 7:45.

The new uniforms were presented to the school Monday night at the meeting of the school board by Dr. Callan. Jerry Ensey, president of the board, accepted them in behalf of the school. They will be formally presented during the halftime ceremony tomorrow night.

Melvin King, director of the Spur band, states that the band will present a special appreciation program at half-time tomorrow night as a gesture of their thanks to the Band Boosters.

The new uniforms are of the West Point design with gold braid and buttons on wool white cord material. They feature a wide white waist belt with a large gold buckle. White shoes and gloves will be added later, states King. The caps are blue West Point shakos, with a seven inch gold ostrich plume. The drum major's uniform is white with a red breastplate, trimmed in gold. His hat, which has not yet arrived, is a 22 inch shako made of Australian Rabbit fur, and features a 12 inch plume.

The band under the direction of King will play "Let Me Call You Sweetheart" during the crowning of the football sweetheart in the pre-game ceremony.

Mrs. Phil Meekins Is Hostess To 1931 Study Club

Mrs. Phil Meekins was hostess to the 1931 Study Club in her home Tuesday afternoon. "Education toward More Healthful Living" was the program topic. Mrs. F. R. Blair gave the background on the nation's health and Mrs. Pike Godfrey talked on gerontology, the study of diseases

and conditions of old age. Coffee and sponge cake were served to Mmes. Jim Humphreys, Dupree Allen, Wilburn Ball, Blair, Sheridan Campbell, Bill Innes, Godfrey, Harold Karr, Jesse Morrison, Rob Simmons, A. M. Stoy, Leonard Wilson, Jr., and the hostess, Mrs. Meekins.

School Music Topic Of Harmony Club

"Music in Our Schools" is the topic of the program to be presented by the Harmony Club Tuesday night, October 23, in the East Ward auditorium.

P. T. A. and study club members, and the public are invited to this open meeting for which Mrs. Melvin King will be guest leader.

Miss Faye Middlebrooks will talk on grade school music in Spur and will present a grade school group in singing.

Melvin King will discuss the band organization and will illustrate his talk with several band numbers.

A panel of Mmes. George Gabriel, J. H. Bowman, Paul Marion and C. P. Scudder will discuss the parent's view of school music.

Mrs. Jack Rector will represent the Band Boosters Club on the program.

1933 Study Club Studies Folk Songs Of Old South

The 1933 Study Club met Tuesday in the home of Mrs. O. R. Cloude with Mrs. H. Durham as co-hostess.

After roll call, Mrs. George Gabriel led a program on "The Singing South," dealing with the origin of old Southern folk songs.

Refreshments of spice cake with salted nuts and coffee were served to Mmes. Coy McMahan, Larry Boothe, C. H. McCully, Walter Carlisle, Lonnie Lewis, J. C. Payne, W. F. Patrick, Grady Lackey, Gabriel, Everett McArthur, R. L. Walker, Walter Gruben, C. P. Scudder, and the hostesses, Mmes. Cloude and Durham.

Novel Motif Used In Installation of WMS Officers

The theme of "Setting Sail" was used in the installation of new officers of the First Baptist WMS, Monday evening in the educational building.

A lighted sailboat on blue crepe paper waves, flanked by blue tapers in small crystal boats, centered the installation table which was laid with a white cloth.

Mrs. C. P. Scudder, WMS president, led the group in singing the theme song for the year, "All Hail the Power," and in quoting the new WMS watchword to open the evening program.

Mrs. Henry Mullins brought the devotional thought and acted as

installing officer. As each officer was installed, she was presented with a miniature sailboat christened with a name pertaining to her duties.

Officers who were installed in the evening ceremonies were Mrs. C. P. Scudder, president; Mmes. L. W. Langston, John Adams, Hunter Wilson and W. B. Francis, Jr., circle chairmen; Mrs. Myrtle Whitwell, recording secretary; Mrs. W. F. Patrick, treasurer; Mrs. Doug Hinson, benevolence chairman; Mrs. E. H. Carpenter, community missions chairman; Mrs. Grady Lackey, Bible and mission study chairman; Mrs. Jesse Morrison, program and literature chairman; Mrs. Lester English, stewardship chairman; and Mrs. A. G. Dunwoody, social chairman.

A social hour followed the installation service. The refreshment table was laid with a white cloth and centered with an arrangement of marigolds. Crystal appointments were used. Guests were served refreshments of pineapple punch and cookies. Plate favors were miniature sailboats on which was printed the scripture reference of the WMS watchword.

Approximately 30 members were present for the meeting.

Horace Wood, Dr. O. R. Cloude, David McAteer, D. E. Woodward, Thurmond Moore, and Johnny Hamilton of Jayton are deer and elk hunting in Colorado.

Mrs. Horace Wood, Beverly and Prissy spent the week end in Lubbock with the Marvin Vaughns and attended the Spur-Slaton game and the Tech-T.C.U. game.

Miss Thornton Is Guest Speaker For 1917 Study Club

Mrs. Tom Johnston was hostess to the 1917 Study Club which met Tuesday afternoon, October 16.

The subject of the meeting was "Fine Arts" and roll call was answered with "My idea of a picture that I would like to paint."

After a short business session Mrs. J. E. Berry discussed "Music's Contribution to the American Literature."

Miss May Bell Thornton was guest for the afternoon. She displayed some of her paintings and told how she first became interested in painting and what it has meant to her.

Refreshments were served to Mmes. Woodward, Tom Kizer, Berry, Wallace Hinson, Fred C. Haile, W. T. Williams, R. C. Forbis, Clark Forbis, J. H. Bowman, J. C. Kosa, William A. Ligon, Johnston and Miss May Bell Thornton.

LOCAL STUDENT FEATURED WITH MCMURRY BAND

Beef, Dairy Profits Cut by Cattle Grubs

COLLEGE STATION, Oct. 18.—Cattle grubs are profit grabbers, when livestock producers fail to control them. The damage caused by these pests is charged back to the producer in the form of lower prices for beef animals and lower milk production from the dairy cows.

According to James A. Deer, associate Extension Entomologist of Texas A. & M. College, the annual loss to livestock producers from cattle grub damages amounts to about \$65 million. Most of it could be added to the national farm income if cattle producers would control grubs.

Deer recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. Animals should be sprayed while being held in a chute and the spray nozzle should be held no further than four inches from the backs of the animals. It is best, he adds, to use a full gallon of spray on each animal and from 10 to 15 seconds are required for making a thorough application.

The spray material should consist of 7½ pounds of 5 per cent rotenone dust for each 100 gallons of water. Mix it thoroughly and this is often a rather difficult job because the fine rotenone dust is hard to wet. This mixture, says Deer, is the cheapest and most effective treatment for controlling cattle grubs.

The first application should be made about 3 weeks after the first grubs begin to show up in the backs of animals. Treatment should be repeated at three week intervals for as long as needed. Grubs normally begin making their appearance about this time of the year; however, this will vary with different sections of the state.

A good control job, points out Deer, will mean increased weight for the beef herd and a higher selling price when the animals are marketed. The dairyman with a grub free herd can expect a good increase in milk production.

The specialist says local county agents can supply additional information on the when and how parts of a complete cattle grub control program and suggests that livestock producers contact him at an early date.

Farmers Income Up Over 1950 Period

AUSTIN, Texas, Oct. 18.—Cash income for Texas farmers and ranchers in the first eight months of 1951 was 37 per cent higher than in the same period last year, the University of Texas Bureau of Business Research reports.

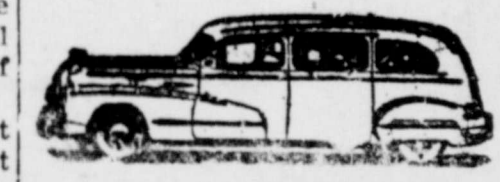

Most impressive were cumulative gains in income from cattle sales—half as large as in 1950—and in income from cotton, cottonseed and wool production—all up more than 50 per cent from the preceding year.

Other commodities which yield greater revenue during the first two-thirds of 1951 included mohair (up 41 per cent), hogs (up 36 per cent), sheep and lambs (up 12 per cent), poultry (up 44 per cent), eggs (up 45 per cent), and milk and milk products (up 10 per cent).

Except for cotton, cottonseed and grain sorghum, all commodities that registered year-to-year gains were animals or animal products. In general, vegetables fruit and field crops fared worse this year than last.

Grain sorghum brought raisers twice as much income in 1951 as in 1950. Incomes from wheat and oats, victims of widespread drought, were down 57 and 18 per cent, respectively. Revenue for rice, peanuts, fruit and vegetables dropped 15 per cent. Corn income declined only 2 per cent, but flaxseed growers were hard hit, netting only 5 per cent of the 1950 yield.

Mrs. Harriette Hatcher, county home demonstration agent, gave a demonstration on making artificial flowers from old nylon hose at the HD meeting last Thursday. Visitors were Mrs. Lafette Roberson, Miss Roberson and Miss Ada Mitchell.

Cecil Estep, Earl Thomason and Loyd Thomason made a trip to

Brownfield and found 16 laborers to pull bolls.

Elmer Thomason has a new paint job and seat covers for his car.

Mr. and Mrs. Loyd Thomason, Linda, Jerry and Geraldine Thomason were among the crowd at the Slaton football game. Mrs. Loyd Thomason went to Lubbock after the game to visit her mother, Mrs. Boykin.

Gene Thomason is visiting in the community for two weeks. He is employed at an aircraft factory in Fort Worth.

The men of the community had their Monday night 42 party this week.

Kelcy Putman and Clarke Morgan made a business trip to Lubbock Tuesday.

Techsons Face Bears In Waco Saturday

LUBBOCK, Oct. 18—With the Southwest Conference school under their belts, Texas Tech's Red Raiders must face another SWC Eleven before beginning their Border Conference Title quest.

Tech plays Baylor University in Waco Saturday afternoon, then meets Arizona University in a Homecoming struggle here, the afternoon of October 27.

More trouble than the Raiders had in trouncing Texas Christian 33-19 is anticipated at Waco. Baylor will be forewarned, and, armed with Larry Isbell, the Bears should be a far more potent outfit.

While the Red Raider's new athletic regime was giving Tech its first victory over a Southwest Conference team September 25, 1948, Baylor was downing Arkansas 9-7. Tech's last win over a SWC team was over Texas A. & M. 20-14.

Tech exploded its split-T offense early and held a 33-0 lead going into the fourth quarter. That was the biggest margin TCU has trailed by since joining the Southwest Conference. Coach DeWitt Weaver's third and fourth strings played out the game, permitting the Horned Frogs to score 19 points in the final period.

Weaver warned Tech fans not to expect another upset. TCU, he said, was looking ahead to its game with A. & M. and was not considering the Tech game too seriously. Too, Gil Bartosh was shaken up and not at top speed.

But South Plains fans are still

marveling over the 33-point splurge that took only three quarters.

Arizona has been tabbed as favorite for the Border Conference title.

Proper Destruction Of Cotton Stalks Urged by Expert

COLLEGE STATION, Oct. 18—Two arch enemies of the cotton farmer, boll weevils and pink bollworms, are utilizing the lush, tender growth that cotton plants have produced since the recent rains. According to A. C. Gunter, Extension Entomologist of Texas A. & M. College, these insects are about the only benefactors from a late top crop.

This new growth supplies the bugs with a bountiful supply of food which puts them in excellent condition for the winter hibernation period. In the case of pink bollworms, every late boll produced is a potential winter home for them. In the areas of the state where these two insects pests are found, Gunter urges every farmer to completely destroy all cotton stalks just as far ahead of the first killing frost as is possible.

This practice cuts off the food supply of the insects, forces them into a starvation period and into a longer hibernation period which in turn decreases their possibilities of surviving the winter months ahead. The entomologist points out that the most successful stalk destruction programs are those which are conducted on a community and countryside basis.

If the cotton stalks are destroyed at once, there is still time to plant a winter cover crop. By combining the insect control and winter legume planting programs, Gunter says cotton farmers will be following practices that can mean better crop yields next year and more profit. Production costs will be lower because less time and fewer pounds of insecticides will be needed for fighting bugs and cotton following fertilized legumes generally produces considerably more lint per acre.

Heart Disease Now Leader as Child Killer

AUSTIN, Texas, Oct. 18—Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its cause and spread is not completely established. No vaccine such as those that prevent typhoid fever, diphtheria, smallpox and whooping cough has yet been developed, for its prevention and control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is usually felt in one of these centers and spreads to the others. Often times a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infections caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child and adult examined at least once a year by a physician, to have the right kind of foods for an adequate diet and to have plenty of rest, when the disease is suspected of being present, a doctor should be consulted at once.

'Jim Thorpe—All American' Due Locally

PHYLLIS THAXTER encourages BURT LANCASTER in this scene from Warner Bros' "JIM THORPE—ALL AMERICAN"

The life of one of the most world-popular athletes of all time has been put on film and will be seen locally on October 21 when Warner Bros' "Jim Thorpe—All American" begins a week's engagement at the Palace Theatre. Burt Lancaster stars in the title role.

Between the time Thorpe was called by the King of Sweden, on the occasion of his winning both pentathlon and decathlon events in the 1912 Olympic Games at Stockholm, "the greatest athlete in the world," and the time less than a year ago when the combined sportswriters of America voted him "the greatest athlete of the first half of the twentieth century," Thorpe's life had many ups and downs. But a human story it is, a great love story too, and the events both before and after the period mentioned added to a full, if not always rewarding life.

Girl Scouts

Girl Scout Week is near. The national office says Girl Scouting is universally recognized during this week. Spur has six active troops and eighty girls enjoying scouting. Interesting activities are being carried on in each troop.

TROOP III

Members of Troop III met in the Little House on Friday, October 12. The president called the meeting to order. Mrs. Waddell called the roll and the secretary read the minutes.

A Halloween party was planned, and badges were discussed as we worked on our projects.

TROOP IV

Troop IV met Monday, October 15, with all but one member pre-

sent. Barbara Ann Foreman was unable to be with the troop because of illness.

Parts for the Scout Week program were practiced. New uniforms were discussed and materials collected for the new project being planned.

TROOP V

We had a cookout service by Patrol 3 at Duck Creek bridge for our Second Class requirement. We were served hot dogs, popcorn balls, sour and sweet pickles, soda pop and Fritos. We also bobbed for apples and tried to bite them off strings. After eating we went to play.

Our visitors were Mrs. Higdon, Mrs. Greer and Thalia King. A very good time was had by all.

Reporter, Agatha Ellis

TROOP VII

On Monday, October 8, fifteen of the sixteen members of Troop VII met at the Little House but because it was an Indian Summer day the whole troop went on a hike. They discovered many autumn flowers at nearby homes.

TROOP VIII

The new Troop VIII met with all members present on Wednesday, October 10. The Brownie Promise was studied and repeated by each Brownie and the girls eagerly listened to the Brownie story.

PARIS SUN FASHION

Famous Parisian designer Jacques Heim uses an American cotton fabric for this striking sun ensemble. Red and white striped cotton sateen by Galey & Lord gets a French accent in this tailored sun suit, accented with subtly placed buttons. A matching skirt and jacket are added for cover-up occasions.

Chamber of Commerce Doings . . . Recent Sanitation Inspection Reveals Conditions Only "Fair" in City

Dr. J. F. Hughes, city health officer and chairman of the health and sanitation committee of the Chamber of Commerce, states that a State Department of Health representative was in Spur recently to inspect the drug stores, grocery stores and other public places where food is handled. Dr. Hughes states that the inspection revealed conditions in general only fair.

This inspection is recommended by the state department once every three months. This was Spur's first in nearly six months.

With the fall rush season at hand, Dr. Hughes states that health and sanitation problems are at a peak. Cooperation with the city health officer and the chamber committee is urged in maintaining healthy, sanitary conditions throughout the city as a measure in controlling disease and epidemic.

NEW ORDINANCE EFFECTIVE.
The recently passed city ordinance, banning peddlers and solicitors who are not specifically invited into residences, has shown very favorable results in just one week. Last week several such transient merchants came to Spur only to find that this city is no longer wide open to door-to-door peddlers who infringe on the private property—and at times, patience—of the housewives.

Program Gaining Listeners.
Comments over town indicate that the chamber's Sunday afternoon broadcast over KFLD, Floydada, is gaining new listeners each week.

The program last Sunday was presented by several pastors and ministers from the Spur churches. Present on the panel were Rev. Cal C. Wright, pastor of the First Methodist Church; Rev. C. Melvin Rathel, pastor of the First Baptist Church; Rev. Ralph Russell, minister to the First Christian Church; and Rev. T. R. Elder, pastor of the First Presbyterian Church. The ministers presented brief summaries of the work and program of their respective churches in Spur.

The Girl Scouts of Spur will be honored on the chamber's program on October 28 at 3:15 p. m. with Dr. W. K. Callan in charge. The program will include general educational information about Girl Scouts and will include highlights of the Spur Troops.

Our thanks go to Jess Stanton of KFLD and the local businesses who brought the broadcast of the Spur-Stanton football game Saturday morning. Stanton states that with the continued cooperation of Spur businesses and the chamber, his station will broadcast three more Spur games this season.

The Chamber of Commerce and the entire city of Spur is glad to welcome Mr. and Mrs. Bob Money to our town.

House Beautiful Tour Through Spur Homes to be Conducted Sun.

The Spur Harmony Club will conduct its House Beautiful tour this Sunday through ten or twelve of Spur's lovely homes.

Beginning at 2 o'clock at the Harvey Holly home on West Harris in the Smart Addition, the tour will include the homes of the Randolphs, Eastons, Tom Kizers, E. D. Englemans, O. L. Kelleys, E. S. Lees, O. M. McGinty, Lawrie Lee, R. K. Blackshears, P. C. Nichols, and Eric Swensons.

Tea will be served from 4:30 to 6 o'clock in the Swenson home. Tickets for the tour are \$1.00 and husbands may attend free of charge if accompanied by their wives.

See Mrs. Van North at the R. E. A. Office or Mrs. George Gabriel at Gabriel's for tickets for the tour. Any Harmony Club member has tickets for sale also.

Delta Kappa Gamma Regional Meeting In Spur Saturday

Beginning with a coffee during registration the annual Regional meeting of Delta Kappa Gamma will open in Spur at 9 o'clock Saturday morning, October 20.

The morning meeting will include talks on the National Regional Meeting in Pasadena, world leadership, community service and a panel discussion on Delta Kappa Gamma. A luncheon at the Spur Inn will conclude the meeting.

The Regional meeting of Region 12 will include members from six chapters scattered over about 30 counties in West Texas and extending from Childress and Vernon on the north to Haskell on the south and east and Seminole on the west.

Gamma Eta, the local chapter, of which Miss Eula Whitaker is president, includes Paducah, Roaring Springs, Afton, Crosbyton, Jayton and Spur.

Scout Drive Held Mon. By Club Men

The annual drive for funds for the Boy Scouts of America was held in Spur Monday morning with approximately 25 members of the Spur Lions and Rotary clubs assisting.

George Gabriel, acting chairman of the drive for Fike Godfrey, reports that approximately \$300 was collected and more has not yet been turned in.

The men were served breakfast in the Lions Club hall prior to the drive. They worked in teams in soliciting funds over the city, and most collecting was completed by noon.

During the briefing following the breakfast, the men voted unanimously to ask all donors to designate half of their donations to be retained for the use of Spur troops.

Rev. Rathel Resigns To Accept Pastorate At Eastland Church

Rev. C. Melvin Rathel, pastor of the First Baptist Church, Spur, for the last three years, submitted his resignation to the congregation at the Sunday morning service, October 14.

Rev. Rathel has accepted the pastorate of the First Baptist Church, Eastland, Texas, and will assume his duties there November 1.

George Gabriel, chairman of the board of deacons in the local church, has appointed a pulpit committee with C. P. Scudder the elected chairman.

J. B. Whitener, Jr. Is Killed Overseas

Joe B. Whitener has received word that his son, Joe B. Jr., has been killed in Japan, but he has not learned of the details of the death.

Twenty-one year old Whitener had been overseas since May and was a flight instructor on a B-29 stationed in Japan.

He attended school in Spur and enlisted at the age of 17 in the Air Force.

His body is being shipped back for burial in the States according to word received by his father.

Mrs. Karr's Mother Killed In Accident

Mrs. J. W. Chandler, 70, member of a prominent Stamford family and mother of Mrs. Guy Karr of Spur, was killed instantly about 3 p. m. Wednesday, October 17, when her car overturned about six miles south of Stamford.

Mrs. Chandler, very active in Jones County home demonstration work, was just returning from Anson and the Jones County Home demonstration Council meeting when her car went out of control and into the ditch, then back on to the road where it overturned. She was pinned beneath the wreckage.

Mrs. Chandler, who is survived by her husband, was born October 13, 1881 in Arkansas, and married J. W. Chandler at Groesbeck, Texas, in 1906. They moved to Jones County in 1928 from Oregon, and had lived here since. Chandler is a retired farmer.

Besides her home demonstration work, Mrs. Chandler was a former member of the Carnegie Club, and was active in work of the Seventh Day Adventist Church, of which she was a member.

Other survivors include two daughters, Mrs. Roy Scott of San Antonio and Mrs. R. L. Halverson of Granddaughters, a sister, Mrs. A. L. Capps of Anson, and three brothers, A. Y. Corley of Haskell and Charles A. Corley and E. B. Corley, both of Stamford.

Mrs. Van North's mother, Mrs. M. S. Sandell of Jayton, is visiting her daughter this week.

Mrs. Jerry Ensey and Mrs. Elora Britton are in Dallas on business this week.

CRTC STAGES FINAL SURVEY PRIOR TO CONSTRUCTION OF FIRST SECT.

A definite commitment from rural residents concerning their desire for a telephone is being sought this week by the Caprock Rural Telephone Co-op in the area where Section A of the project is to be started, states manager James Wright.

Wright states that final blueprints for the construction of the section will be presented to Washington, D. C. as soon as he and the board of directors are satisfied that everyone wants a telephone and signed up for one. Letters are being sent out this week to all REA users in the area asking for such a commitment. Wright states that once the final plans are sent to Washington, the CRTC must abide by them and additional telephones cannot be added at this time.

Half of Cotton Out; More Help Available

Getting the cotton out is uppermost in the minds of most area farmers right now and it is expected that the greatest part of it will be picked in three or four more weeks. County Agent Charles Taylor estimates that about half of the crop is out now.

The labor shortage has been somewhat alleviated by more workers coming in and by the dismissal of some of the schools so the children can pick.

The rain this week slowed down field activity for about a day, but had no damaging effect on the crop.

The wheat was not affected by the shower either and still needs a good rain, says Taylor.

Feed crops haven't turned out very well so far and some farmers are waiting for a rain before planting the rest of their feed. Because these crops have been light all over Texas there will probably be a shortage of winter feed for cattle and feed costs will be high predicted Taylor.

It is about time for the calf crop to be delivered and most ranchers are concerned with that at present, adds Taylor.

Tommy Alldredge was home the first part of this week visiting his parents, Mr. and Mrs. Casey Alldredge.

Mrs. Winford Carpenter of Tahoka is visiting Mrs. Raymond Beadle.

Mr. and Mrs. R. B. Walsworth moved to town from the country this week.

Mr. and Mrs. Edge Caudle of Abilene were in Spur visiting friends Wednesday.

U.S. Must Build Civil Defense

AIR FORCE CHIEF SAYS ENEMY BOMBERS CAN ATTACK AMERICA

(This is the first of a series of articles on civil defense, based on the book "The U.S. Civil Defense," prepared by the Federal Civil Defense Administration. It may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents.)

By WILLARD CALDWELL
Federal Civil Defense Administrator

General Hoyt Vandenberg, Chief of Staff of the United States Air Force, has made a startling statement—one which most Americans find hard to believe. He has said that at best we could knock down only 30 out of every 100 enemy planes attacking the United States. That means that at least 7 out of 10 would get through. Despite our traditional attitude that "it can't happen here," we must believe these facts.

"This does not mean that our Air Force is ineffective. We have an excellent Air Force and our anti-aircraft defenses are good. In the last war, the Germans also were well equipped with defense weapons, but they were not able to stop our attacking bombers. On the average, we lost fewer than 10 out of each 100 planes. That gives us something to think about!

We know that everything possible will be done to stop the enemy at our borders, and to prevent sabotage within, but we also can be sure that, in case of war, a good percentage of enemy attacks would be successful in spite of all that we could do. That is why we must have Civil Defense.

The wide oceans which once protected us have given way to global bombers. Today we face more kinds of attack than ever before, and our danger is much greater.

There is only one way to keep any enemy from knocking us out of a war. We must know how to save lives and property, restore our cities and industries, and carry on the fight no matter what kind of attacks are hurled against us.

Russia has hundreds of heavy, long-range bombers patterned after our B-29s which could get through most of our defense setups. We know that Russia has atomic bombs and that their heavy long-range bombers are capable of delivering them anywhere in the United States at any time the Kremlin dictates.

Legion Auxiliary Aims at Increased Service to Disabled

The welfare of disabled war veterans will continue to be a major interest of the American Legion Auxiliary during the coming year, Mrs. Nell Davis, Rehabilitation Chairman of the William Puckett Unit of the Auxiliary, predicted today as the Auxiliary went forward with enrollment of members for 1952.

Three wars within the last 35 years have given the United States the largest number of disabled veterans in its history," Mrs. Davis pointed out, as she described the expanding program of the Auxiliary for their welfare and rehabilitation.

She continued, "Already many injured and sick of the Korean war have been discharged from service and have taken their places in the ranks of disabled veterans of the two World Wars. It is possible for a grandfather, his son and grandson, each a veteran of a different war, to occupy beds side by side in a veterans hospital.

War demands a heavy human price which must be paid in bitter installments of suffering and hardship, dragging through long years after the shooting has ended."

To lighten the burden for those forced to pay the price, and for their wives, widows and children, is one of the great purposes of the American Legion Auxiliary. Their trained volunteer workers serve regularly in the veterans hospitals, bringing cheer, comfort and aid to the patients, said Mrs. Davis.

"Our load in the hospitals is increasing. We must not forget our veteran patients, especially at Christmas time. Plan now to make your Christmas gifts for the Gift Shop. We have need for more members to give their support to this work. Join your local unit now and help us increase our service to those who have given health and strength for the defense of America," Mrs. Davis urged.

Mrs. P. C. Nichols, W. T. Andrews, James B. Reed and Roy Steverson are in Colorado Springs this week looking over the cabin the Nichols have bought there. They are expected back tomorrow.

Spur Takes District Opener; Meets Tahoka Here Friday

Rotarians To Name Farmer of Month

A Farmer of the Month will be named and honored by the Spur Rotary Club beginning with the month of October, states Charles Taylor, chairman of the Rural-Urban committee of the club.

The monthly program will be continued throughout the present Rotary fiscal year. Each month the farmer will be the guest of honor at a Rotary meeting and will be recognized for his achievements.

According to Taylor, candidates for this honor will be chosen with the following points under consideration: 1. He must reside on the farm which he operates, 2. He must carry out an effective program of soil and water conservation, 3. He must produce as much food at home as could be expected from facilities on his farm, 4. He must take part in community affairs, and 5. He must carry out a diversification program in accordance with good farming practices.

Each Farmer of the Month will be announced in this column along with a brief sketch of his and his family's life and farm.

FARM BUREAU TO START MEMBERSHIP DRIVE SOON

The annual Farm Bureau membership drive starts Wednesday, October 31, it was announced today.

Every farmer and those having farming interests are urged to join, states C. W. Nickels, acting president.

D. D. EDWARDS COMPLETES BASIC TRAINING AT FT. SILL

Pvt. Donald D. Edwards, son of Mr. and Mrs. Forrest Edwards of Dickens, has recently completed basic training at Fort Sill, Oklahoma, according to a release from the Artillery Center there.

The 21-year old soldier, who was inducted in May, has qualified as sharpshooter during his training, the report said.

Mrs. Bertha Crawford, formerly employed by the Texas company in Spur, has recently moved to Childress.

Mr. and Mrs. Hayden Isbell and Doyle Wayne, of McKinney, Texas, are visiting Mr. and Mrs. W. R. Caplinger this week.

Football Sweetheart To Be Crowned Before Game Friday

The 1951 Spur Football Queen will be crowned in a pre-game ceremony tomorrow night at 7:45 in Jones Stadium.

The queen was recently elected by students and school patrons in a penny-a-vote balloting. Although the balloting closed at noon yesterday, the winner will not be announced until just before the crowning, states Weldon Skinner, high school principal.

Candidates for the honor are Ginger Walker, senior, Paulita Karr, junior, Carolyn Kelley, sophomore, and Billie Sue Gregory, freshman. Their escorts for the coronation will be Paul Simmons, senior, Dean King, junior, Toby Williams, sophomore, and Boyce Rankin, freshman.

The royal party will be taken to the field in automobiles from local dealers. In a hat-drawing held at the school Wednesday, Edwards-Kelley Implement Co., Oldsmobile dealer, and Gregory Motor Co., Kaiser-Frazer dealer, were chosen to furnish cars for the event.

Altar and crown bearers will be seniors Charles Watson and Orville Cloyd, and the crowning will be performed by Charles Grimland. All senior football players will participate in the ceremony.

Dennis Bingham is home from the army for a visit with his parents, Mr. and Mrs. A. Bingham.

Mr. and Mrs. Bob Blackshear, Polly Leach and Buck Denton saw the Oklahoma-Texas football game in the Cotton Bowl at Dallas last Saturday.

House guests of Mr. and Mrs. C. O. Fox last week end were Mr. and Mrs. Darwin Sprouls and sons of Clovis, New Mexico.

PAUL SIMMONS SCORES 24 POINTS AS BULLDOGS TROUNCE TIGERS 39-0

The Spur Bulldogs soundly drubbed the Slaton Tigers in their first District 6-AA contest last Friday night 39-0.

Paul Simmons, speedy fullback for the Bulldogs personally accounted for four of the Spur touchdowns. Two of these were scored on runs of 65 and 60 yards in the first three minutes of the game.

Sharing the scoring with Simmons were halfbacks Bobby George and Jackie Cloude with one TD each, and Charles Grimland with three extra points.

The high-flying Bulldogs took the upper hand on the first play from scrimmage, offering Simmons precision blocking for his first scoring scamper. Going into the game the underdog, according to area sports casters, the Bulldogs were never in trouble, scoring three times in the first quarter, once in the third, and twice in the fourth. Spur racked up 16 first downs to their opponents' 9.

The mettle of the local boys will be put to a stiffer test tomorrow night in Jones Stadium when they meet the highly-touted Tahoka Bulldogs. Tahoka took Post for a 20-0 ride last Friday night. Their big gun is Lynn Halmick, No. 21.

The visitors are expected to run mainly from a single wing formation with an effective passing game from the double wing and spread formations. They have a well balanced team and are capable of being dangerous at all times and from any formation. At present they are tied with Spur and Ralls for the district lead, all three teams having one win and no losses.

Coach Sam Hawkes states that although the Spur team is still badly bruised up, the boys seem to be ready mentally for the Tahoka game.

Still out of commission are Joe Bell, Charles Watson and Franklin Gabriel. Hawkes states that possibly Bell and Gabriel will be back in uniform for the Post game on October 26.

The starting line up for the Spur team will probably be ends, Orville Cloude, Dean King, tackles, Chester Lindsey, Ralph Gibson, guards, Larry Smith, Harley Bingham, center Toby Williams, and backs, Grimland, Curtis Blair, Simmons, and Cloude.

Game time is 8 p. m. in Jones stadium, preceded by the crowning of the Football Sweetheart at 7:45.

Funeral Held Mon. For W. L. Eubank

Funeral services were held for Willie Lee Eubank, 66, at the First Methodist Church, Spur, Monday, October 15.

Eubank was born in San Saba County on January 25, 1886, and came to Dickens county in July of 1918. He was married to Alice Holmeyer at Cisco, Texas in 1909. He died at 1 p. m. October 14, 1951.

Rev. Cal C. Wright officiated at the services with D. A. Alexander, Nolan Berry, Guy Williams, Kelley Marsh, Shag Moudy and Joe Latham serving as pallbearers.

He was converted to the Christian religion early in life and was a member of the Methodist Church.

Interment was in Spur Cemetery with Chandler's Funeral Home in charge.

Survivors are his widow, Mrs. Alice Eubank of Spur; one daughter, Mrs. Bessie Mae Henderson; two sons Homer L. Eubank of Spur and Jack Eubank of Haskell; seven sisters, two brothers, and two grandchildren.

ROARING SPRINGS STUDENT NAMED MEMBER OF FTA

Claude Morrison, son of Mr. and Mrs. W. C. King of Roaring Springs and senior student at McMurry College, has been named as a member of the campus chapter of the Future Teachers of America for this year.

About 60 students have been accepted as FTA members. The membership is composed of those students who are planning teaching as a career. Dr. Andrew W. Hunt, head of the education department, is the sponsor.

By becoming a member of the McMurry FTA, the student also becomes affiliated with the Texas State Teachers Association and the National Education Association.

Dr. W. E. Collins and Dr. M. E. Swenson attended a district conference in Lubbock last week and

Attractive Salads Are Most Popular

COLLEGE STATION, Oct. 18—Fruit salads are popular with most families, especially when they appear fresh and colorful. Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, points out that fruits often discolor rapidly and for this reason they should be prepared just before using.

If a fruit salad must be prepared a good bit ahead of time, Miss Reasonover recommends following this procedure: In cutting up the pieces of fruit use a stainless steel knife. Sprinkle the fruit with a tart fruit juice or dip each piece into a salt and vinegar solution. This solution is made by mixing one teaspoon salt, one teaspoon vinegar, and two and two-thirds cups of cold water. Drop the fruit into the liquid, allowing it to remain there for about one minute.

Miss Reasonover suggests this combination for a tasty fruit salad. Place three slices of apples

Meekins gave the background on the subject and Mrs. F. R. Meekins gave the background on the subject and Mrs. F. R. Meekins gave the background on the subject.

and conditions of old age. Coffee and sponge cake were served to Mmes. Jim Humphreys, Dupree Allen, Wilburn Ball, Blair, Sherian Campbell, Bill Innes, Godfrey, Harold Karr, Jesse Morrison, Rob Simmons, A. M. Stoy, Leonard Wilson, Jr., and the hostess, Mrs. Meekins.

School Music Topic Of Harmony Club

"Music in Our Schools" is the topic of the program to be presented by the Harmony Club Tuesday night, October 23, in the East Ward auditorium. P-T-A and study club members, and the public are invited to this open meeting for which Mrs. Melvin King will be guest leader.

Mrs. Faye Middlebrooks will talk on grade school music in Spaulding and will present a grade school group in singing. Melvin King will discuss the band organization and will illustrate his talk with several band numbers.

A panel of Mmes. George Gabriel, J. H. Bowman, Paul Marion and C. P. Scudder will discuss the parent's view of school music. Mrs. Jack Reeder will represent the Band Boosters Club on the program.

1933 Study Club Studies Folk Songs Of Old South

The 1933 Study Club met Tuesday in the home of Mrs. O. R. Clouse with Mrs. H. Durham as co-hostess.

After roll call, Mrs. George Gabriel led a program on "The Singing South," dealing with the origin of old Southern folk songs.

Refreshments of spice cake with salted nuts and coffee were served to Mmes. Coy McMahan, Larry Boothe, C. H. McCully, Walter Carlisle, Lennie Lewis, J. C. Payne, W. F. Patrick, Grady Thur, R. L. Walker, Walter Grubben, C. P. Scudder, and the hostesses, Mmes. Clouse and Durham.

Novel Motif Used In Installation Of WMS Officers

The theme of "Setting Sail" was used in the installation of new officers of the First Baptist WMS, Monday evening in the educational building.

A lighted sailboat on blue crepe paper waves, flanked by blue tapers in small crystal boats, centered the installation table which was laid with a white cloth.

Mrs. C. P. Scudder, WMS president, led the group in singing the theme song for the year, "All Hail the Power," and in quoting the new WMS watchword to open the evening program. Mrs. Henry Mullins brought the devotional thought and acted as

installing officer. As each officer was installed, she was presented with a miniature sailboat christened with a name pertaining to her duties.

Officers who were installed in the evening ceremonies were: Mrs. C. P. Scudder, president; Mmes. L. W. Langston, John Adams, Hunter Wilson and W. B. Francis, Jr., circle chairmen; Mrs. Myrtle Whitwell, recording secretary; Mrs. W. F. Patrick, treasurer; Mrs. Doug Hinson, benevolence chairman; Mrs. E. H. Carpenter, community missions chairman; Mrs. Grady Lackey, Bible and mission study chairman; Mrs. Jesse Morrison, program and literature chairman; Mrs. Lester English, stewardship chairman; and Mrs. A. G. Dunwoody, social chairman.

A social hour followed the installation service. The refreshment table was laid with a white cloth and centered with an arrangement of marigolds. Crystal appointments were used. Guests were served refreshments of pineapple punch and cookies. Plate favors were miniature sailboats on which was printed the scripture reference of the WMS watchword.

Approximately 30 members were present for the meeting. Horace Wood, Dr. O. R. Clouse, David McAtee, D. E. Woodward, Thurmond Moore, and Johnny Hamilton of Jayton are deer and elk hunting in Colorado.

Mrs. Horace Wood, Beverly and Prissy spent the week end in Lubbock with the Marvin Vaughns and attended the Spur-Slalom game and the Tech-T.C.U. game.

Miss Thornton Is Guest Speaker For 1917 Study Club

Mrs. Tom Johnston was hostess to the 1917 Study Club which met Tuesday afternoon, October 16.

The subject of the meeting was "Fine Arts" and roll call was answered with "My idea of a picture that I would like to paint."

After a short business session Mrs. J. E. Berry discussed "Music's Contribution to the American Literature."

Miss May Bell Thornton was guest for the afternoon. She displayed some of her paintings and told how she first became interested in painting and what it has meant to her.

Refreshments were served to Mmes. Woodward, Tom Kizer, Berry, Wallace Hinson, Fred C. Hille, W. T. Williams, R. C. Forbis, Clark Forbis, J. H. Bowman, J. C. Koen, William A. Ligon, Johnston and Miss May Bell Thornton.

Local Lawyers Will Attend Institute In Lubbock Oct. 29

A. M. Le Crey, L. D. Ratliff, R. A. Conner and Alfred Walker are planning to attend a regional legal institute in the 72nd District Courtroom in Lubbock on Monday, October 29. Hundreds of attorneys will also attend the meeting.

Tom Millam of Lubbock, registration chairman, said this week. Millam said early registration indicated enthusiastic endorsement of the State Bar Association's plan to bring as close as possible to the lawyer's door recognized authorities in the various fields of legal practice and also, for private consultation, high officials of state and federal agencies.

Charles L. Cobb, president of the Lubbock County Bar Association, host at the "clinic," forecast this week that this would be the largest group of Panhandle and South Plains attorneys ever gathered, except possibly for a state bar meeting.

The Lubbock "post-graduate clinic" is one of a series of six

regional institutes that has been arranged by the Bar's Committee on Legal Education and Institutes. Others will be in Midland, October 30; Waco, Oct. 31; Tyler, Nov. 1; Houston, Nov. 2; and Harlingen, Nov. 3. Secretary of State John Ben Shepperd of Austin and C. Burt Potter of Corpus Christi, committee co-chairmen, are arranging the tour.

Among the speakers on the Lubbock program and their subjects will be Lee Jones Jr., San Antonio, "Oil and Gas Laws;" Paul Strong, Houston, "Civil Procedure;" J. Paul Jackson, Dallas, "Taxation;" Paul Carrington, Dallas, "Horse and Bugy Corporations in the Atomic Age;" Kellie Dibrell, San Antonio, "Professional Services;" Judge James R. Norvell, San Antonio, and J. Chrys Dougherty, Austin, who will make the keynote address.

Among agencies that will have high officials on hand for private conferences with Panhandle-South Plains attorneys will be the Collector of Internal Revenue; State Comptroller's Department; Industrial Accident Board; National Production Authority; Office of Price Stabilization; Railroad Commission; Reconstruction Finance Corp.; Secretary of State; and Veterans Affairs Commission. Justice Jack Pope, Fourth Circuit of Civil Appeals, San Antonio, will also be on hand to discuss appellate matters.

State Bar President Burney said the Lubbock meeting, as well as the other five, were planned for the purpose of taking legal information to the attorneys of Texas that otherwise might not be easily available, in order for the legal profession to give the public the best service possible.

Howard Payne Leads In Texas Conference

Brownwood, October 17.—The Howard Payne Yellow Jackets took the Texas Conference lead by downing the Austin College Kangaroos 35-20 last Saturday night.

Beef, Dairy Profits Cut by Cattle Grubs

COLLEGE STATION, Oct. 18.—Cattle grubs are profit grabbers, when livestock producers fail to control them. The damage caused by these pests is charged back to the producer in the form of lower prices for beef animals and lower milk production from the dairy cows.

According to James A. Deer, associate Extension Entomologist of Texas A. & M. College, the annual loss to livestock producers from cattle grub damages amounts to about \$65 million. Most of it could be added to the national farm income if cattle producers would control grubs.

Deer recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. Animals should be sprayed while being held in a chute and the spray nozzle should be held no further than four inches from the backs of the animals. It is best, he adds, to use a full gallon of spray on each animal and from 10 to 15 seconds are required for making a thorough application.

The spray material should consist of 7½ pounds of 5 per cent rotenone dust for each 100 gallons of water. Mix it thoroughly and this is often a rather difficult job because the fine rotenone dust is hard to wet. This mixture, says Deer, is the cheapest and most effective treatment for controlling cattle grubs.

The first application should be made about 3 weeks after the first grubs begin to show up in the backs of animals. Treatment should be repeated at three week intervals for as long as needed. Grubs normally begin making their appearance about this time of the year; however, this will vary with different sections of the state.

A good control job, points out Deer, will mean increased weight for the beef herd and a higher selling price when the animals are marketed. The dairyman with a grub free herd can expect a good increase in milk production. The specialist says local county agents can supply additional information on the when and how parts of a complete cattle grub control program and suggests that livestock producers contact him at an early date.

Farmers Income Up Over 1950 Period

AUSTIN, Texas, Oct. 18.—Cash income for Texas farmers and ranchers in the first eight months of 1951 was 37 per cent higher than in the same period last year, the University of Texas Bureau of Business Research reports.

Most impressive were cumulative gains in income from cattle sales—half as large as in 1950—and in income from cotton, cottonseed and wool production—all up more than 50 per cent from the preceding year.

Other commodities which yield greater revenue during the first two-thirds of 1951 included mohair (up 41 per cent), hogs (up 36 per cent), sheep and lambs (up 12 per cent), poultry (up 44 per cent), eggs (up 45 per cent), and milk and milk products (up 10 per cent).

Except for cotton, cottonseed and grain sorghum, all commodities that registered year-to-year gains were animals or animal products. In general, vegetables, fruit and field crops fared worse this year than last.

Grain sorghum brought raisers twice as much income in 1951 as in 1950. Incomes from wheat and oats, victims of widespread drought, were down 57 and 18 per cent, respectively. Revenue for rice, peanuts, fruit and vegetables dropped 15 per cent. Corn income declined only 2 per cent, but flaxseed growers were hard hit, netting only 5 per cent of the 1950 yield.

Techsons Face Bears In Waco Saturday

LUBBOCK, Oct. 18—With the Southwest Conference school under their belts, Texas Tech's Red Raiders must face another SWC Eleven before beginning their Border Conference Title quest.

Tech plays Baylor University in Waco Saturday afternoon, then meets Arizona University in a Homecoming struggle here, the afternoon of October 27.

More trouble than the Raiders had in trouncing Texas Christian 33-19 is anticipated at Waco. Baylor will be fore-warmed, and, armed with Larry Isbell, the Bears should be a far more potent outfit.

While the Red Raider's new athletic regime was giving Tech its first victory over a Southwest Conference team September 25, 1948, Baylor was downing Arkansas 9-7. Tech's last win over a SWC team was over Texas A. & M. 20-14.

Tech exploded its split-T offense early and held a 33-0 lead going into the fourth quarter. That was the biggest margin TCU has trailed by since joining the Southwest Conference. Coach DeWitt Weaver's third and fourth strings played out the game, permitting the Horned Frogs to score 19 points in the final period.

Weaver warned Tech fans not to expect another upset. TCU, he said, was looking ahead to its game with A. & M. and was not considering the Tech game too seriously. Too, Gil Harfosh was shaken up and not at top speed.

But South Plains fans are still

marveling over the 33-point splurge that took only three quarters.

Arizona has been tabbed as favorite for the Border Conference title.

Proper Destruction Of Cotton Stalks Urged by Expert

COLLEGE STATION, Oct. 18—Two arch enemies of the cotton farmer, boll weevils and pink bollworms, are utilizing the lush, tender growth that cotton plants have produced since the recent rains. According to A. C. Gunter, Extension Entomologist of Texas A. & M. College, these insects are about the only benefactors from a late top crop.

This new growth supplies the bugs with a bountiful supply of food which puts them in excellent condition for the winter hibernation period. In the case of pink bollworms, every late boll produced is a potential winter home for them. In the areas of the state where these two insects pests are found, Gunter urges every farmer to completely destroy all cotton stalks just as far ahead of the first killing frost as is possible.

This practice cuts off the food supply of the insects, forces them into a starvation period and into a longer hibernation period which in turn decreases their possibilities of surviving the winter months ahead. The entomologist points out that the most successful stalk destruction programs are those which are conducted on a community and countryside basis.

If the cotton stalks are destroyed at once, there is still time to plant a winter cover crop. By combining the insect control and winter legume planting programs, Gunter says cotton farmers will be following practices that can mean better crop yields next year and more profit. Production costs will be lower because less time and fewer pounds of insecticides will be needed for fighting bugs and cotton following fertilized legumes generally produces considerably more lint per acre.

Heart Disease Now Leader as Child Killer

AUSTIN, TEXAS, Oct. 18—Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its cause and spread is not completely established. No vaccine such as those that prevent typhoid fever, diphtheria, smallpox and whooping cough has yet been developed for its prevention and control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Dr. Geo. W. Cox, State Health Officer, points out that in general, the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is usually felt in one of these centers and spreads to the others. Often times a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infections caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child and adult examined at least once a year by a physician, to have the right kind of foods for an adequate diet and to have plenty of rest, when the disease is suspected of being present, a doctor should be consulted at once.

'Jim Thorpe—All American' Due Locally

PHYLLIS THAXTER encourages BURT LANCASTER in this scene from Warner Bros. "JIM THORPE—ALL AMERICAN"

The life of one of the most world-popular athletes of all time has been put on film and will be seen locally on October 21 when Warner Bros. "Jim Thorpe—All American" begins a week's engagement at the Palace Theatre. Burt Lancaster stars in the title role.

Between the time Thorpe was called by the King of Sweden, on the occasion of his winning both pentathlon and decathlon events in the 1912 Olympic Games at Stockholm, "the greatest athlete in the world," and the time less than a year ago when the combined sportswriters of America voted him "the greatest athlete of the first half of the twentieth century," Thorpe's life had many ups and downs. But a human story it is, a great love story too, and the events both before and after the period mentioned added to a full, if not always rewarding life.

Girl Scouts

Girl Scout Week is near. The national office says Girl Scouting is universally recognized during this week. Spur has six active troops and eighty girls enjoying scouting. Interesting activities are being carried on in each troop.

TROOP III

Members of Troop III met in the Little House on Friday, October 12. The president called the meeting to order. Mrs. Waddell called the roll and the secretary read the minutes.

A Halloween party was planned, and badges were discussed as we worked on our projects.

TROOP IV

Troop IV met Monday, October 15, with all but one member pre-

sent. Barbara Ann Foreman was unable to be with the troop because of illness.

Parts for the Scout Week program were practiced. New uniforms were discussed and materials collected for the new project being planned.

TROOP V

We had a cookout service by Patrol 3 at Duck Creek bridge for our Second Class requirement. We were served hot dogs, popcorn balls, sour and sweet pickles, soda pop and Fritos. We also bobbed for apples and tried to bite them off strings. After eating we went to play.

Our visitors were Mrs. Higdon, Mrs. Greer and Thalia King. A very good time was had by all.

Reporter, Agatha Ellis

TROOP VII

On Monday, October 8, fifteen of the sixteen members of Troop VII met at the Little House but because it was an Indian Summer day the whole troop went on a hike. They discovered many autumn flowers at nearby homes.

TROOP VIII

The new Troop VIII met with all members present on Wednesday, October 10. The Brownie Promise was studied and repeated by each Brownie and the girls eagerly listened to the Brownie story.

PARIS SUN FASHION

Famous Parisian designer Jacques Heim uses an American cotton fabric for this striking sun ensemble. Red and white striped cotton saten by Caley & Lord gets a French accent in this tailored suit, accented with subtly placed buttons. A matching skirt and jacket are added for cover-up occasions.

GOOD HEALTH

1. DOES HELPING THE HANDICAPPED PAY?

3. 15 RABIES ALWAYS CAUSED BY DOGS?

Answer to Question No. 1: 1. In the United States there are about 22,000,000 persons who are either blind, deaf, dumb, paralyzed, crippled or otherwise handicapped. Some authorities believe 85 per cent of them can be helped to happy, useful lives. In one study of 42,000 handicapped persons it was found that their total annual earnings, which were \$4,510,854 before rehabilitation, increased to \$77,786,696 afterward, relieving a great drain on both public and family funds.

Answer to Question No. 2: 2. A small piece of tissue is removed painlessly and studied

under a microscope to reveal significant information about what is going on in the body. The tissue sample is taken from any part of the body in which irregularity, discoloration, or unusual change is noticed. The tissue may contain cancer cells, and early detection of cancer saves many lives.

Answer to Question No. 3: 3. Rabies can be spread by the bite of any infected animal, such as squirrels and foxes. Recently it was found that a rabies epidemic in Puerto Rico was being spread by mongooses. (Copyright 1951 by Health Information Foundation)

Ever stop to think
Your First Car can be a Buick!

THIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves. So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick shown and pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car

Farm Scrap Iron and Steel... Will Help Our Defense Effort

Have you turned your farm scrap into cash? Move it out of the fields now. Take a load to town and sell it on your next trip.

Old tools, worn-out parts of tractors, trucks, cultivators and other implements; broken and discarded pieces of metal and other scrap should be taken to town and sold right away to the local scrap dealer.

Many farmers have responded to that appeal recently, says the Committee on Iron and Steel Scrap, American Iron and Steel Institute. Those farmers have made a little money and gained space in their fields. The scrap is being put to use instead of being abandoned to rust and ruin.

Steel output can't be increased without a big supply of scrap. With winter coming on, when scrap is more difficult to find, the situation is truly critical. More scrap must be obtained from farms in order to make more steel.

Slows Picking; 14,000 Bales Ginned

Rain slowed the picking of cotton throughout the county last week and has again interrupted today with drizzling so light rain falling generally.

County agent Charles Taylor reports that approximately 14,000 bales have been ginned to date in the county, and the hopes for a county yield of 30,000 is still being held.

Approximately 65 per cent of the crop has been gone over once with some farmers planning to wait and get all of the poorer cotton with strippers. It is reported that several crews of boll pullers have pulled out of the county in the past week, but Taylor says county farmers can expect a good many of them back after a killing frost on the Plains. Taylor estimated this to be in two or three weeks.

Three county schools turned out to help gather the cotton and to make it possible for the Mexican children of school age to pull bolls. The McAdoo school took up last Monday after being out for two weeks. Dickens and Patton Springs are expected to take up next Monday after having been recessed for two weeks. No plans have been made to close the Spur schools.

Gins throughout the county are reportedly keeping up with the pickers, with a couple of them running on a 24-hour schedule. No great congestion is expected at the county gins this year, states Taylor.

Go To Post For Net Battle Friday Night

SPUR TRAMPLED 26-6 BY TAHOKA BULLDOGS IN LAST WEEK'S GAME

Licking their wounds resulting from their 26-6 drubbing at the hands of the Tahoka Bulldogs last week, the Spur Bulldogs are striving to let by genes be by genes this week as they prepare for the trip to Post Friday night.

Although playing 500 in district competition, the Bulldogs definitely are not out of the 6-A.A. race. Slaton, reportedly "levelled off" since their exhibition against Spur, could very easily trip up the high-flying Tahoka Bulldogs, as could the Ralls Jackrabbits who have won two conference tilts to date.

In Post tomorrow night, the Bulldogs will run up against a team which was widely proclaimed by pre-season dopsters as a state championship contender, but which has to date won only two games to seven defeats. Jack Kirkpatrick, three year letterman, and one of the best backs in the state, leads the Post team with his 180 pounds, 6 feet 2 inches, of football experience. The team behind him, however, is reported to lack weight and reserves. They run from the T formation and variations of the spread with Kirkpatrick in key positions.

Still injured and riding the bench for the Bulldogs is end Charles Watson and Franklin Gabriel, back. Due to see but limited service is Joe Bell with an injured knee and Dean King with a head injury.

In last week's tussle the Bulldogs came close to getting into the big game in the second quarter with a 50 yard pass play from Charles Grimsland to Curtis Blair, followed several plays later with a touchdown by Paul Simmons.

This lone scoring combination for the Bulldogs proved to be insignificant, however against the fired-up visitors who rolled to three last half touchdowns to lick Spur 26-6. Tahoka scored first in the first quarter to establish a lead which was never hampered.

Lynn Hahnlick was the leader of the visiting Bulldogs, personally accounting for 19 of their points. James Foster scored one tally in the third.

A guest at the weekly Rotary luncheon today, Mrs. Clower was presented with a certificate of award in recognition of her achievements.

Chamber of Commerce Doings . . . BETTER MAIL SERVICE SOUGHT FOR SPUR BY LOCAL CHAMBER, WTCC

The Spur Chamber of Commerce, in co-operation with the West Texas Chamber of Commerce, has been trying to get better mail delivery service for Spur. A few weeks ago, word came from Washington that money had been appropriated and equipment ordered for a city mail delivery service here in Spur.

Guy Karr, Postmaster, has urged that you co-operate when the new system is installed. Mail delay is still a problem and to remedy such delay the Chamber now has Anson, Stansford, Peacock, Aspermont, Spur, Dickens, Crosbyton, Ralls, Lorenzo, and Idalou working for a mobile post office. Mail sacks are not sorted now when they arrive in Spur, and the post office receives mail for other towns which must be sorted before ours can be put up.

Fred Husbands, manager of the West Texas Chamber of Commerce, is helping Spur and other towns on this mobile post office idea. The same problems were cured in Waco.

Here is how the mobile post office works; a large truck that carries the mail out of Abilene and Lubbock will have a man in the rear section sorting mail for towns, thereby giving the postmasters at each town only his towns mail to sort. The truck will drop only sorted mail at each town and make the job much easier and faster.

The Girl Scouts will have charge of the radio program Sunday. They will have the fifteen minutes for their annual ceremony. The master of ceremonies will be Miss Margaret Elliott. You are invited to listen to KFLD, 3:15 p. m., Sunday.

The Merchants Committee met Wednesday morning at 10:00 a. m. in the Chamber of Commerce to make plans for an elaborate Christmas program. All the kids will be glad to know that Santa Claus with his real live reindeer will visit Spur on December 4. The committee promises that Spur will be well decorated and a grand program is in store.

The northeast city limits including the hospital addition, will be added in approximately two months. The families petitioned to get in and facilities will be provided as soon as possible. The section being added soon extends from the old city limits line past the El Patio, then east and other cemetery road for about five city blocks. It will be included as a requirement of the State. The families who were taken into the City and take advantage of City sewage, garbage pickup, and other conveniences that are enjoyed by the residents now in the city limits.

In the last two weeks there have been several inquiries about OPS clinics being discontinued. The clinics have not been discontinued but are not being held as frequently as they were when the regulations were being made. The Chamber received a letter this week from the district office of OPS stating the meetings would be resumed soon.

If OPS information is needed before the next price clinic is held write to the District Office of Price Stabilization in Lubbock, Texas, and they will gladly give the information needed. Look in The Texas Spur for the date when clinics are to be resumed.

Meth. Home Choir Featured on Program Sunday, October 28

Songs by the Methodist Home choir will be a feature of the October 28 broadcast "These Are Your Children" which will be heard over the Texas Quality Network and other Texas and New Mexico stations.

This is one of a series of weekly radio programs sponsored by the Methodist Home at Waco and depicting the life of the more than 400 children who live at the home. The programs are heard at 8:15 each Sunday morning.

Hubert Johnson, superintendent of the home, said that planned recreation and health building activities would be the subject of a skit to be presented by the children. Taking a real life story of an undernourished youngster who has been rescued from a poverty stricken home the dialogue will show how he was developed physically and mentally to take his rightful place in society.

The Methodist Home will observe its sixty-first anniversary in November, Mr. Johnson said. Stations carrying the radio broadcasts are WOAI, San Antonio; KPRC, Houston; WFAA,

West Texas State Homecoming Set For Oct. 27 at Canyon

Canyon, Tex., Oct. 24—Plans are nearing completion for the annual West Texas State Homecoming which has been set for Saturday, October 27. College officials are making plans to accommodate approximately 5,000 of the school's 30,000 exes who make it back to the campus on the traditional day.

Highlight of the Homecoming Day activities will be a clash between the West Texas State Buffaloes and rival Hardin-Simmons University Cowboys in Buffalo Stadium at 2:30 Saturday afternoon.

With the final program arrangement yet to be announced, the program at present calls for the Homecoming Parade to be held at 10:30 o'clock Saturday morning to be followed by the annual barbecue at 11:30 at the tennis courts. Immediately preceding the foot-

of the college's football queen. Fifteen high school bands will entertain at the parade and at the game.

Club and organizational reunions will be held in the college cafeteria starting at 8 o'clock with western dancing in Burton Gym.

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get relief but are told: Take Dr. Caldwell's Senna Laxative contained in Syrup Laxative. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Betty Davenport Weds Leon Hitt

Betty Joan Davenport, daughter of Mr. and Mrs. V. O. Davenport of Portales, N. M., and Leon Hitt, son of Mr. and Mrs. J. S. Hitt of Dora, N. M., were united in marriage Monday, October 1 at 2 o'clock in the home of the bride's parents. The double ring ceremony was read by Rev. W. Mervyn Hall, pastor of the Baptist church at Dora.

Miss Davenport wore a blue tulle street length dress with rhinestone trim and had a corsage of pink carnations.

Miss Rowanna Foreman was maid of honor and Leland Page attended the groom.

A reception in the home immediately followed the wedding.

Mr. and Mrs. Davenport and the granddaughter of C. P. Allen, all former Spur residents. She was a junior at Portales high school.

The groom, graduated from Dora high school, is serving with the Air Force and at present is located at Walker Air Force Base at Roswell where the couple will make their home.

The new science building, a new engineering building, two wings to the administration building, a wing to the home economics building, a wing and a second floor to the petroleum engineering building, a new music building, and several other building improvements. A \$550,000 student union building is underway, but is financed bookstore profits, the Tech Ex-Student Association, campus concessions, and the accumulated surplus from the infirmary.

Most of the campus grounds are well matted in Bermuda grass to give Texas Tech a new look.

D. M. McElroy, executive secretary of the association announced that registration of former students would start at 4 p. m., Oct. 26 in downtown hotels and on the campus. He expects about 5,000 ex-students to return for homecoming. The homecoming parade starts at 10 a. m. Saturday, Oct. 27, followed by a buffet luncheon at the Tech gymnasium.

The Tech-University of Arizona football game is set for 2:30 p. m. The home coming dance will be at 9 p. m. in the gym.

Tech Improvements Will Greet Exes At Homecoming Oct. 27

LUBBOCK, Oct. 24.—Texas Tech exes will find a different looking campus when they return for homecoming festivities Oct. 26-27.

Tech's \$4 million campus improvement program is almost completed. And the skyline and turf have greatly changed by the expenditure. Almost completed are

the new science building, a new engineering building, two wings to the administration building, a wing to the home economics building, a wing and a second floor to the petroleum engineering building, a new music building, and several other building improvements.

Ceiling Price Must be Posted on Antifreeze

LUBBOCK, Oct. 24.—The ap-
proach of winter, a recent norther
and the rush of motorists to pre-
pare their cars for cold weather
brought the reminder from the
Lubbock District Office of Price
Stabilization that the ceiling prices
of antifreeze must be posted by
all retailers.

W. O. Daniels, chief of the fuels
and chemicals section of the Lub-
bock district OPS, said the ceiling
prices of antifreeze are:

Type S, one gallon or more, per
gallon \$1.50; less than one gallon,
40 cents per quart. Type S is vol-
atile antifreeze containing one or
a combination of the following:
synthetic alcohols, except type
SC.
Type SC, one gallon or more,
per gallon \$1.40; less than one
gallon, 35 cents per quart. Type
SC is diluted synthetic metha-
nol product containing more than
3 per cent water by volume.
Type P, one gallon or more,
\$3.75 per gallon; less than one
gallon, \$1.00 per quart. Type P
is permanent antifreeze consisting
principally of glycol compounds.
Quoting the regulation, Daniel
said sellers of antifreeze "must

post your ceiling price for each
type and brand of antifreeze
which you sell where it can be
plainly seen and read by the buy-
ing public. This must be marked
"OPS Ceiling Price \$—, (filled
in with correct price, and may be
posted on the shelf, bin or rack
where your antifreeze is kept."
The regulation also requires sel-
lers of antifreeze for a period of
two years to keep records of all
purchases, showing date of pur-
chase, name and address of sup-
plier, quantity, and type of anti-
freeze bought and the price paid.

Southwest Violations Of Child Labor Law Not Alarming High

DALLAS, Oct. 24.—While most
public schools in the Southwest
have been in operation a full
month or more, violations of the
Federal law dealing with child
labor in agriculture during school
hours have not been alarmingly
high, a government spokesman
here reported today.

William J. Rogers, Regional
Director of the Labor Depart-
ment's Wage and Hour and Public
Contracts Divisions for five South-
western states, said that while his
investigators had found some viola-
tions, most reports indicated that
farmers generally were comply-
ing with the law and that, as
good citizens, they wanted to
comply with it.

Some newspapers, he said, are
reported to have given the erroneous
impression that violation of the
law subjected violators to a
minimum fine of \$10,000. That, he
pointed out, is the maximum as-
sessment under the law, and it
can only be assessed by a Federal
court.

"We understand that penalties
provided by the law have been
imposed elsewhere in the United
States," he said, "but no employer
of farm labor in this region has
been fined for violation of this
provision of the law."

Rogers said he hoped that re-
cord of good citizenship in the
Southwest would remain unbro-
ken.

CASH SAVINGS
... as you buy!
If you're looking for immediate CASH SAVINGS as you buy, then you're looking for SAFEWAY. Yes, it's true! Safeway offers cash savings as you buy. There's no waiting! You get them each time the cash register records a purchase. For Safeway's food service is planned for those shoppers who want full value without frills or fancy extras. Among the expensive extras that Safeway does not offer are such things as credit and delivery service, telephone order service, and trading stamps. Because SAFEWAY doesn't spend time and money on these things, you get the benefit of CASH SAVINGS in LOW, LOW PRICES. Cash savings in low prices is a fact shown here. So, we repeat. If your first interest in buying food is to get top quality at a CASH SAVING, we invite you to try shopping regularly at SAFEWAY. Remember, at SAFEWAY, you get immediate CASH SAVINGS ... as you buy!
