THIRTIETH YEAR

TALCO, TITUS COUNTY, TEXAS, THURSDAY, APRIL 7, 1966

ZIP CODE NO. 75487

NUMBER

Austin. — Federal authorities think Texans should get two more chances to register for voting in this year's elections.

Department of Justice motion before a three-judge U. S. court requests supplemental registration periods of April 8-19 for primaries; and August 22-October 8 for the November general election.

Justice Department attorneys consider the March 3-17 registration period "inadequate."

Although federal attorneys commended Texas officials for "diligence and good faith" in meeting their responsibilities under the initial free registration, they made these complaints:

Forty-four per cent of Texas counties opened no substations for registration outside courthouses; 67 per cent of county registration offices did not remain open at night; 47 per cent of counties added no deputy registrars.

Most of the 635,600 voters who registered last month, the Justice Department calculated, signed up during the second week of the March 3-17 period. Many more would have signed up in another week, the motion contended.

Although there are now 2,975,000 Texans registered (or 56 per cent of total potentially eligible adults), about 2,000,000 more remain unregistered, the Justice Department said.

"Frivolous harassment" or an attempt by the federal agency to destroy all state authority over voting procedures, said Gov. John Connally.

"A deliberate, shocking attempt to abuse Texas," charged Atty. Gen. Waggoner Carr. He plans to challenge the right of the Justice Department to delve into such details of election operation as registration dates.

ROAD BEAUTY BILL HIT — Out door advertisers, motel owners, tourist attraction operators and salvage dealers at a public hearing here vigorously attacked standards for implementing new federal legislation aimed at beautifying highways by policing billboards and junkyards.

In two days of testimony before Paul E. Warren, U. S. Bureau of Public Roads Examiner, 61 witnesses hammered at the detailed standards, although many said they supported the original intent of the bill.

Most said the regulations proposed by the U. S. Department of Commerce would destroy or seriously damage their businesses.

In addition to witnesses' testimony, the examiner received 84 written statements.

Final regulations will not be adopted until hearings have been concluded in all 50 states and Puerto Rico.

TEXAS GROWS — Texas is 13,151 miles bigger than anyone

thought. New acreage was discovered after the first detailed study of Texas' area in 20 years was completed by Land Commissioner Jerry Sadler. Report shows the state contains 177,052,700 acres or 276,600 square miles.

However, Alaska's 571,065-square-mile-area still makes Texas live in the second largest state in the Union.

BUSINESS ACTIVITY UP — Texas business activity index resumed an upward trend in February after three months of "approximate stability," UT's Bureau of Business Research reports.

Hand-in-hand with business gains, non-farm employment soared to new heights with South and West Texas out in front. Overall, the state showed the smallest jobless percentage for February in 14 years — 3.6 per cent.

Construction industry scored a big 16 per cent increase in February over January. Total construction for the first two months of 1966 was 24 per cent above the same period in 1965, a record year.

Major cities showing sharpest growth rates were Dallas, Beaumont, San Angelo and Amarillo.

OIL DISCOVERY PERIOD EXTENDED — Onshore oil discovery allowable period has been extended from 18 to 24 months by order of State Railroad Commission.

Commission will hear proposals to increase the number of onshore wells which are given discovery allowable status. Limit now is five wells in any one reservoir.

A commission spokesman said the agency is trying to encourage exploration drilling to increase oil and gas reserves.

In Washington, Attorney General Carr told Federal Power Commission that a proposal to import Canadian natural gas to U. S. would create unfair competition with Texas gas, particularly in the Permian Basin area.

STUDENT AID RECEIVED — Federal grants totaling 2,476,728 to assist 9,244 Texas college students at 70 institutions have been approved by U. S. Office of Education.

Grants are part of the work-study program under which Federal funds provide 90% of payrolls for student jobs, with local colleges and agencies providing 10%.

Desegregation Set For Talco-Bogata CISD 1966-67

In regular session of the Board of Education of the Talco-Bogata Consolidated Independent School District, Feb. 1, 1966, the board voted unanimously to completely desegregate the Talco - Bogata Schools beginning with the 1966-67 school term. In the opinion of the board, the South Talco Elementary School and the South Bogata Elementary School (former colored schools) should be discontinued after the 1965-66 school term and those students attending these schools be assigned to Talco Elementary or Bogata Elementary for the 1966-67 school term. This action would give each student in the Talco-Bogata School District equal educational facilities. All high school students will attend Rivercrest High School.

All services, facilities, activities, and programs that may be conducted or sponsored by or affiliated with the school of the system will be available to all without regard to race, color or national origin.

Letters have been mailed to parents advising them of this change.

Davis-Wright Vows Are Read Saturday

Miss Billie Jane Davis of Talco
and Michael Gene Wright of Eu-
less, repeated marriage vows Sat-
urday at 2 p. m. in home of the
bride's grandmother, Mrs. Bessie
Davis in Bogata. Rev. A. I. Bond
read the double ring ceremony.

Mr. and Mrs. Sammie Davis of
Talco are parents of the bride. The
groom is the son of Mr. and Mrs.
Clarence Wright of Euless.

The ceremony took place in
front of the fireplace which was
complemented with baskets of
bridal wreath. The mantle held two
mass arrangements of white chry-
santhemums. Miss Zella Neugent
of Talco, pianist, presented tradi-
tional wedding music. The bride
was given in marriage by her cou-
sin, Roger Truitt Neugent, Dallas.

For her wedding the bride wore
a street length dress of ecru crepe
with scoop neckline and three-
quarter length sleeves accented by
self ruffles. A bias band marked
the empire waist line. Her tiny
satin coil of beige satin with cir-
cular veiling matched her access-
ories. She carried a bridal bouquet
of white carnations, with satin
streamers and love knots.

Miss Mary Davis, sister of the
bride, was maid of honor. She was
attired in an ice-blue empire dress

sories. Her blue circular veil was
attached to a satin ring. She car-
ried a bouquet of mums, with blue
ribbon.

Ronnie Lynn Wright of Euless,
served as his brother's best man.
Rice bags of blue net and ribbon
were distributed by the groom's sis-
ters, little Misses Pam and Nelda
Wright of Euless.

At a reception following the
ceremony, the dining tale was laid

with lace over blue. Double can-
delabra and the bridal bouquet de-
corated the table. An arrange-
ment of iris was on the buffet and
a small bouquet of iris and jonquil
on the registrar table presided over
by Miss Jennifer Hall of Talco.

The three-tiered cake, with min-
iature bride and groom and trim-
