## Moving Slated For ASC, FHA This Week End

Offices of the Agriculture Stabilization and Conservation Agency here will close Thursday afternoon and will not reopen until Tuesday morning, officials said Thursday.

The Farmers Home Administration will remain open, according to John Russell, local office head.

Both government agencies are scheduled to begin moving Friday to a new location at 136 Third St. The offices are now located on the second floor of the Berman Building.

ASC office manager Mike Custer said that he believed the new agency offices were among the best available in Colorado City. They will provide almost double the office space as the old location.

The FHA will carry on its business at the old location Friday and will open its offices to patrons Monday at the new location.

Both the ASC and the FHA will be closed July 4.

The new building for the two agencies will be divided into the sections of one size—one for the FHA and one for the ASC.

Central heat and air conditioning are included in the new building, Custer said.

Formerly occupied by the Hutchinson Hardware Company, the new location of the farm offices has been completely remodeled.

The building is owned by Charles Root and Henry Bilberry.

## Pistol Expert Dazzles Club In Exhibition

Gunfire silenced the usual luncheon speakers Tuesday at Kiwanis meeting in Civic House.

Handing the weapons in a masterful exhibition of pistol shooting was State Highway Patrolman Jimmy Nail of Odessa.

Nail, a 10-year veteran with the patrol and one of the Southwest's finest exhibition pistol shots, demonstrated his marksmanship with .38 caliber and .22 caliber pistols.

And his wily draw repeated applause from his luncheon audience.

Nail began his performance with an exhibition of rapid fire, hitting dollar size discs. Then he warmed up by holding his revolver upside-down and repeating the demonstration.

Then, in short order, he fired his pistols to cut pieces of blackboard chalk in two, chop a line of macaroni down the line (not across), cut a line of spaghetti and then cut single strings of spaghetti.

## Frosh Coach Resigns To Take Highway Job

Bill Everett, freshman manager for all sport at Colorado High School, has resigned his coaching post to take a position with the Texas-Highway Department as a senior laboratory assistant.

Everett began attending a two-week training school at the department's area headquarters in Abilene this week, where he will learn laboratory procedure for testing road-building materials.

For the present, he and his family plan to remain in Colorado City.

Mrs. Everett, who will retain her position as a fourth grade teacher in the Colorado City schools, said this week that the highway department job was offered to Everett when he applied for a summer position with the department.

She said she believed that the position offered a promising future with a good financial security.

CHS head coach Bob Rely from his coaching staff and added that the coach had done excellent work with freshman athletic teams.

Everett formerly held the head coaching position at Trent and

Loraine High Schools.

He graduated from Hardin-Simmons University in Abilene education and is currently managing the White Sox Pony League team which has won seven games in a row.

Everett is a member of the local Junior Chamber of Commerce and the Colorado City First Baptist Church.

## TO FIND BIRTHPLACE

### Family Leaves for Holland On Search for 'Lost Past'

It's a long way from Colorado City, Texas, to Zutphen in the Netherlands, a few miles from the storied Zuider Zee.

But a Colorado City man, with his wife and three children, will begin the first leg of a journey Saturday which will take him back to Holland for a search for the house in which he was born and for a visit with relatives he has not seen since 1913.

Mr. and Mrs. Chris Visser and their children, Ronald, Arlee and David, will leave by automobile early Saturday for Hoboken, N. J., where they have booked passage on the Holland-American lines, S.S. Zuiderkruis with their sailing date set for July 6.

For Chris Visser, who was born in Holland, and for his wife, Evelyn, whose parents are Dutch, it will be more than a pleasure cruise.

It will be a hunt for family friends, places and relatives whom the Vissers have not seen in more than 40 years, and some of them they have never seen.

Chris Visser explains that both his mother's and his father's families lived in the town of Zutphen in southern Holland, the scene of a two-week siege during World War II.

Mrs. Visser's family lived in a town about 100 miles north of Zutphen, but since she was born in this country, she is not familiar with any of her relatives in the Netherlands.

## JULY 4 CELEBRATION

### Program to Feature Swimming Contests

Swimming and diving contests for local youngsters will be held Thursday, July 4, at the municipal swimming pool in connection with Colorado City's second annual Independence Day Celebration.

The contests, sponsored by the Junior Chamber of Commerce, will feature awards to winners in each of 16 swimming and diving contests.

The contests include Junior Girls' free style, sidestroke, and backstroke; Senior Girls' free style, sidestroke and backstroke; Junior Boys' free style, sidestroke and backstroke; Senior Boys' free style, sidestroke and backstroke; and diving in Junior Girls', Senior Girls', Junior Boys' and Senior Boys' divisions.

Junior competitors will be 13 years or under and senior contestants will be 14 or over.

The contests will begin at 2 p.m. at Ruddick Park. All contestants must be at the pool to register by 1:30 p.m.

Bob Rely, Colorado High School head coach, is chairman of the Jaycee committee in charge of the event.

Celebration activities will get underway on Wednesday night at Ruddick Park's amphitheatre with a community-wide religious service sponsored by the local Ministerial Alliance.

Guest speaker for the services will be Dr. J. Chess Lovern, pastor of the First Methodist Church in Lubbock.

Other activities on the agenda include a square dance to be held on Thursday night on Elm Street in front of the Civic House, and a fishing contest at the club house on the west side of Lake Colorado City.

There is a possibility that drag races may be held, but, as yet, problems involving a timing device for the races have not been successfully worked out.

The Independence Day Celebration is being staged this year for the second time by the Chamber of Commerce, in co-operation with other civic groups.

"RED" BALLARD heads fire fighters

## 14 YEAR VETERAN

### City Firemen Name Ballard New Chief

Colorado City's Volunteer Fire Fighters Association has elected A. G. (Red) Ballard, veteran member of the city's fire department, to succeed Don Henderson as city fire chief.

Other new officers include Enal Henderson, first assistant; Don Benson, second assistant; and Scott Boyd, assistant secretary.

Roy Porter, present fire department secretary, will remain in that position, according to Henderson.

Other outgoing officers, besides Henderson, are Eolon Harrell, first assistant; Wilford Oyley, second assistant; and Dick Delaney, assistant secretary.

Ballard, a 25-year employee of the ColTex refinery here, has been with the local department since 1944 and formerly served as first assistant for four years.

He says that the department has increased in number of men and now has better equipment than when he was first on the department about 13 years ago.

New trucks, a new disaster boat, and other equipment have been purchased for the department during the last few years.

During the time he has served with the fire fighters here, Ballard recalls two fires that he considered particularly dangerous.

The first occurred about 10 years ago, he says, when local fireman, battling an oil mill fire all night, the second which he calls the most dangerous in 1954 when four men died in the flaming wreckage of the old Colorado Hotel.

Asked if he had any changes in mind for the department, Ballard said he

"The fire chiefs I have worked under have been conscientious men and they have done a good job," he added. "All I want is to do as good a job as they have done."

Approximately 250 delegates are expected here for the convention activities August 17-18.

The letters were written and mailed by the local Jaycee publicity committee.

Rooms for delegates have been reserved at the Crawford Hotel and several local motels.

The vessel will stop for a short time at Southampton, England, before crossing the Channel to

FROM HERE TO HOLLAND—The Chris Visser family makes last-minute plans for a trip which will take them from Colorado City to Zutphen in the Netherlands. ## Soil Bank Lists 26,000 Acres

The Federal government this week began mailing the first checks of an estimated \$755,000.00 which will be paid to Mitchell County cotton growers within the next few days.

Payments, made through the local Agriculture Stabilization and Conservation office, were scheduled to go to a large percentage of the 963 farmers in the county with cotton allotments.

**35 Percent of Acreage**

According to ASC officials, approximately 26,000 acres of Mitchell County cotton farmland have been placed in the government soil bank program.

This comprises about 35 per cent of the total 73,650 acres of cotton land in the county.

Growers with 100 per cent of their land under the reserve acreage program will receive their checks first, agency workers explained.

A total of 473 cotton contracts have been issued in Mitchell County. However, ASC officials explained, some three-quarters of these contracts call for two soil bank checks—one for the tenant and one for the land lord.

One-fourth of the contracts call for only one check, in cases where growers own their farms.

Farmers with less than 100 per cent of their cotton land in the soil bank program will begin receiving checks next Wednesday.

Before these growers with less than 100 per cent participation in the government program can be paid for their reserve acreage, their cotton must be measured.

If more acres than are prescribed in their contracts are planted in cotton, the surplus acreage must be destroyed before checks can be paid.

Measurement of the cotton is done by ASC employes.

Large aerial photographs of Mitchell County farms are used to survey all farms with less than 100 per cent of their cotton land in the soil bank.

The agency workers visit each farm to check for overplanting. Any surplus cotton found must be plowed under before government payments will be made.

Officials explained that many farmers purposely overplanted in case of insect or weather damage to part of their crops.

They emphasized that it is important for farmers to show agency workers—who are called reporters at plots of cotton on the farm.

All acres which are not planted in cotton, such as roads, gardens, rock piles, turn rows, fallow strips, inter-tilled crops, etc., will not be counted in the allotted acreage.

Acreages are computed in the county ASC office and notices are mailed to the farm operators. If the farm is overplanted, a form letter will be sent to the grower stating the amount of excess acres.

Overplanted cotton farms are allowed only 20 days from the date of notice to destroy excess cotton. All excess cotton must be completely destroyed.

Recheck fees are \$2 for the first plot on the farm and \$1 for each additional plot destroyed of fields said.

Mitchell County cotton payments average \$29 per acre, with some better farmland bringing up to \$38 per acre.

The bride, given in marriage by her father, wore a street-length dress of imported Chantilly lace over bridal satin, which was made by her mother. Bridal table for the reception was laid with a white lace cloth belonging to Mrs. I. L. Ellwood of Lake Geneva, Wis. The lace cloth, patterned in cupids and doves, featured a center panel of cutwork linen.

Base of the crystal punch service was encircled with daisies and fern. The all white, three-tiered wedding cake was on a reflector.

Registry was accented with a

formal arrangement of Esther Reed daisies. A single daisy was placed before the bride's book.

Miss Carolyn Sue Owens, sister of the bride, registered guests. Miss Diane Doss served cake and Miss Betty Sue Hammond poured punch. They had white carnation corsages.

For their honeymoon trip the bride changed to a sheath dress of black silk shantung. The princess-styled frock was accented by hip tabs. She wore black patent-trimmed pumps with a matching bag and a corsage taken from her bridal bouquet.

IN FIRST BAPTIST CHURCH

# Airman and Mrs. Haley Reside in San Angelo After Wedding Here

Airman First Class and Mrs. Robert L. Haley are residing in San Angelo following their marriage here June 15 in First Baptist Church.

Mrs. Haley is the former Freda Joan Warner, daughter of Mr. and Mrs. Fred E. Warner of Route Three. The bridegroom is the son of Mr. and Mrs. L. R. Haley of Okmulgee, Okla.

Rev. Jack Selraig, church pastor, read the double ring ceremony.

The altar was centered by an emerald foliage tree interspersed with white majestic daisies. Baskets of majestic daisies and foliage trees flanked each side of the arrangement.

Family pews were marked by white satin bows and greenery.

The bride was given in marriage by her father.

She wore a white, embroidered, cotton satin dress. The elongated, rounded bodice was fashioned with a high neckline in front, which tapered to a low V in the back, and brief fitted sleeves. The bouffant skirt was street length.

Her veil of tulle was attached to a half hat, made from material matching her dress. She carried and arrangement of gardenias with white satin streamers tied in love knots on a white Bible.

Miss Marcia Barnes, pianist, played prelude selections and provided background music during the wedding ceremony.

She also accompanied Miss Jimmy Dalton Sooter, who sang "Because" and "The Lord's Prayer."

Miss Carolyn Geer was maid of honor. Miss Patsy Stacy was

bridesmaid. They wore dresses of pale blue embroidered cotton satin, styled like that of the bride's costume. They wore matching half hats and white shoes.

Attendants carried white lace fans covered with white carnations and white satin streamers.

Sam Wheeler of San Angelo was best man, Mike Cerino of San Angelo was groomsmen, Guy Henderson, and Ronald Murphy of San Angelo served as ushers.

The wedding couple was honored at a reception in the church dining hall, following the ceremony.

Receiving guests were the honored couple, the bride's parents and her grandmother, Mrs. E. A. Warner.

Bridal table was covered with a white cutwork cloth over blue. Blue satin streamers, inscribed with the couple's names, extended from a cluster of majestic daisies which were backed by blue laceola.

Registry was marked by a single, majestic daisy and blue laceola.

Miss Kay Stewart registered guests. Mrs. A. L. (Buck) Geer directed guests from the sanctuary to the dining hall.

Altar was covered with an arch, which was covered with lemon foliage. Wedding bells and white satin bows hung from the center of the arch. Twin candelabra holding white tapers and baskets of gladioli flanked each side of

the altar. Palm foliage provided a background for the setting.

The bride was given in marriage by her father.

She wore a floor-length gown of white lace and tulle over taffeta. Scalloped neckline of the moulded bodice was accented by pearl insets and narrow ruffling. The bouffant tulle skirt featured lace insets. Her tulle gauntlets were edged in matching lace.

She carried a bouquet of pink roses.

Miss Kay Stewart sang "Whither Thou Goest", "Always" and "The Lord's Prayer". She was accompanied by Mrs. Ozelle Miller, pianist, who also presented traditional wedding music.

### IN PARAGUAY

## Ex-Pastor, Wife to Enter Mission Field

Rev. and Mrs. Frank Pickett of Colorado City were commissioned lifetime disciples of Christ missionaries, to Paraguay at a special commissioning service held in Lafayette, Ind. June 22.

Rev. Pickett served here for two years as pastor of the First Christian Church. They left in August, 1956, to attend a six-month missionary training school at San Jose, Costa Rica.

His last church affiliation was with the First Christian Church here.

The Picketts are among 17 persons commissioned as missionaries by the United Christian Missionary Society.

They have one child, a two-year-old daughter, Amy.

Rev. Pickett is the son of Mrs. Earah E. Pickett of Houston. He graduated from high school at Chester in 1939; received his A. B. degree in religion from Florida Southern College and his B. D. degree from Butler University's School of Religion in Indianapolis, Ind.

He has taken further studies at Scarritt College in Nashville, Tenn., and will take advanced language study this summer at Yale University.

Before coming to Colorado City, he was pastor of the Christian Church in Huh, Idaho. In Paraguay, he will serve in the area of "churumbashi."

Mrs. Pickett, whose hometown is Brazil, Ind., graduated from high school there in 1941. She attended Indiana Central Business College, Indiana State Teachers College and Florida Southern College.

Both the Picketts studied Spanish in San Jose during the fall of 1956. She will do office work in Paraguay.

The United Christian Missionary Society, with which the Picketts are affiliated, administers missions in 11 foreign countries.

HOLLAND—  
Continued from Page 1

At Rotterdam, they will be met by relatives from Zutphen, Visser says. He has three sons and two daughters and a number of cousins there.

He adds that his Dutch relatives do not know that he and his wife speak the language fluently and do not even know that his wife is also Dutch.

Following their stay in Holland, the Vissers plan to visit Germany's Rhineland, where Visser hopes to go through some of the old castles that line the historic river bank.

Trips through Belgium and France have also been planned.

The return trip will be made on the Dutch lines S.S. Groote Beer (Big Bear). The family will land at Quebec where they will pick up their car. The car will be kept by friends there while they are gone.

They are scheduled to arrive in Quebec on August 13, after which they will return to Texas by way of Detroit and Chicago.

Visser, an employee of the Texas Pipeline Company here has lived in Colorado City with his family since 1948. He is Holland with his parents at the age of three.

He remembers only two things about his voyage to America, he says.

He recalls that his Uncle Johann did not want his parents to take him across the ocean to the wild, new country called America, because the Dutch had heard terrible stories about the United States.

As his family was leaving, he uncle picked him up, he says, an asked Visser's parents to leave the boy with him.

The only other thing he remembers about the 1913 voyage was when the ship reached the coast of the United States.

Visser recounts that his mother lifted him up to the rail to see the pilot boat as it came out from the shore to guide the ship into port.

In a way, the journey will be a relieving of the past and perhaps, within a few days, Chris Visser and his family will be greeted by the same Uncle Johann who did not want his nephew to go away to the wild of a strange and unfamiliar continent.

## Fee Hike on PO Service Starts July 1

Post Office fees on registered mail and insurance will be higher in general after July 1, according to Postmaster S. A. Palmer.

Registered mail fees will be raised a dime on value of \$10 or less. The old fee was 40 cents and the new fee is 50 cents. Insurance fees on parcels valued at \$10 will be 10 cents. Parcels valued from \$10.01 to \$50 will cost 20 cents. The fee was formerly 15 cents.

No change is ordered in the rates on parcels valued at \$50 to \$100, but on insured parcels of \$100 to \$200 value the new rate will be 40 cents. It was formerly 35 cents. Special delivery fees are to increase from 20 cents to 30 cents. Money orders from \$1 to \$5 will cost 15 cents instead of a dime and \$5 to \$10 will be 20 cents instead of 15 cents. From \$10 to \$100 the rate will be 5 cents less—dropping from 35 cents to 30 cents, the postmaster said.

TIE ATHLETICS FOR SECOND PLACE

# Vest Hits Three Homers As Sox Tie For Second

Those red-hot White Sox proved really just how hot they can get Tuesday night in the Pony League.

The Sox overcame a 11-4 deficit with an eight-run rally in the bottom of the seventh inning to whip the Athletics 12-11.

That win enabled Coach Bill Everett's Sox team to maintain their winning streak and tie for second place with the Athletics.

If it had not been for an earlier forfeited game, the Sox would now be tied for first place with the Cardinals.

The game forfeited by the Sox was their battle on June 10 with the Cards which went 10 innings and saw the Sox score a narrow 6-5 victory.

But the Sox pitcher went the full 10 innings, which is illegal under Pony League rules. The rule states that no pitcher may work more than nine innings in any one game.

Thus, Everett was forced to forfeit the game to Glenn Thompson's Cards.

But that failed to dampen the spirit of the Sox who have won four straight games since then.

But the Sox face a stern test Friday when they meet the first place Cards. A win over the Cards still wouldn't give them first place but would bring them a game closer.

It was again Don Vest who led the Sox to their spectacular 12-11 win over the Athletics.

Vest probably set a new Pony League record when he whipped three home runs in the one game, was credited with five RBIs and took the pitching victory.

Vest's last home run, in the seventh inning, came with two men on base and was probably the deciding factor in the game.

The Athletic defense also fell apart in that seventh frame with five errors marked against them.

The Athletics appeared to have the game sewed up all the way. They scored two runs in the first inning when Charles Lindsey homered and Ronnie Stacy followed him with a run.

Don Vest scored the first of his four runs in the second inning after getting on base via an Athletic error to cut the Athletic lead to 2-1.

Vest's first home run in the third frame tied the count at 2-2.

With the Sox's Thomas Vest and the Athletics' Lindsey both pitching all night games, the tilt rocked along at 2-2 until the top of the fifth when the Athletics pushed across four runs for a 6-2 lead.

Stacy, Archie Biggers and Randy Cupp figured strongly in that inning for the Athletics.

Athletics added another in top of the sixth with Lindsey scoring.

In bottom of the sixth, Sox scored two runs, one on Vest's second homer and one by Harold Hendley, but the Athletic lead still looked big with the score 7-4.

Athletics raced to a 11-4 lead in top of the seventh with hits by Bobby Stewart, Charles Roach and Lindsey doing the damage.

But then came the eventual half of the seventh for the White Sox.

Jimmy Ruth, the lead-off hitter, was hit by a pitched ball. Tarter reached base on an error and Kenneth Beasley whacked a run-producing single.

Larry Oliver received a walk. Bobby Wilson got on base on an error and then Vest hit his third tremendous homer of the game.

Still behind 11-10, the Sox scored the next two batters, Hendley and Danny Latimer, on errors to win the game.

The Sox got only five hits the entire game, but three of those were Vest's homers.

The Athletics touched Wilson, T. Vest and Don Vest for 12 hits altogether. Don Vest won the pitching victory by going in the sixth inning when the Sox were behind.

Stacy was the losing hurler.

Cardinals took a stronger hold on first place when they whipped the cellar-dwelling Braves, 6-3, in the second game Tuesday.

Card hurler Jerry Cannon held the Braves to four scattered hits.

Yanks Bid For Little League Lead After Blasting Indians

Yankees beat the Indians, 8-5, Monday night to set the stage for the Yanks game Thursday night against the league-leading Pirates.

If the Yanks beat the Pirates Thursday, both teams will be tied for first with identical 9-5 records.

In other action, Monday, the Pirates blasted the Giants, 11-5. Barney Barnett pitched the Yanks to their victory over the Indians, hurling a seven-hitter.

Thomas Costello was the losing pitcher, giving up 11 hits. Yanks took their big lead in the third frame with four runs. Hits by Freddie Fox, Willie Joe Smith, Jerry Fields and Magill paved the way for the runs.

Fox scored more runs in the

as the Card batters pounded Brave pitcher Melvin Williams for seven hits.

Cards got three runs each in the third and fifth frames while the Braves' runs were scattered throughout the third, fourth and fifth innings.

The Brave run in the fourth came from the bat of Jesse Franco on a home run.

Cannon was credited with 15 strikeouts while Williams whiffed 12 batters.

THE MOVING FINGER—A great pitcher of another era, Jerome "Dizzy" Dean, demonstrates various throwing techniques with the aid of a three-foot baseball held by a huge foam-rubber hand. Dean manipulated the rubber fingers to show would-be hurlers the proper grips. Lesson took place at a clinic in Detroit.

## Fishing Facts

By Howard Bynum

After a long vacation, good fishing has returned to Lake Colorado City, with more fish being caught now and during the past week than at any time since rains filled the lake.

Good crappie were being caught in all parts of the lake this week and John Brown of Colorado City reported catching several sizable crappie at the city park for the past few days.

Outstanding catches were also reported from the Sportsmen's Club, Wyatt's Point and Cooper's Cove.

Pete Perring, fire chief at Webb Air Force Base at Big Spring

ended the largest crappie reported on the lake. The fish weighed in at two and one-half pounds.

Revel Phillips of Loraine pulled in a bumper crop of 17 crappie, weighing from a half pound to two pounds.

Alvin Byrd of Westbrook took home the best catfish caught during the week. Trotline fishing yielded Byrd a 13 and 18 pound yellow cats, plus several good sized channel cats.

Brooks Dorn and J. D. Baker of Colorado City landed two channel cats which scaled seven and eight pounds and Grady Brown of Midland snagged a 10-pound yellow cat on a lake trotline Sunday.

Bass were showing more interest in plugs as the lake began to clear after the rains.

Bernie Grable, of C. City has hauled in good bass from the lake waters consistently for the last two weeks.

Baiting trotline with minnow has brought good bass results for Kenneth Wigner, a steady lake fisherman, during the past several days.

## Plains Gridmen To Dominate Tech Line-Up

Former South Plains gridmen would dominate Texas Tech's probable starting lineup if the Red Raiders were to open their 1957 season this week.

Coach DeWitt Weaver's pre-season top eleven includes ends Gerald Seaman of Fort Worth and Pat Hartsfield of Lubbock, tackles Jim Henderson of Lubbock and Billy Woodin of Roaring Springs, guards Charlie Moore of Lubbock and Lynn Elliott of Houston, center Jack Henry of Floydada, quarterback Floyd Dellinger of La Vega, halves Milton Vaughn of Littlefield and Jimmy Knox of Graham, and fullback Charlie Dixon of McCarney.

# Daily Breaks Could Cut Farm Accidents

A "break" in morning and afternoon hours is as important to farmers, as it is to city workers, according to the Texas Farm and Ranch Safety Council. In fact, these "breaks" in work routine can prove especially important for they reduce the possibility of accidental deaths and injuries as well as improving work efficiency.

**Accident Studies**  
The farmer who just can't spare the 10 or 15 minutes required to get off the tractor, walk around or maybe have a snack or something to drink, should be reminded that recent accident studies indicate that the highest percentage of farm work accidents occur during the life morning and mid-afternoon hours.

Farm wives can prove as break reminders to their husbands by packing a mid-morning and mid-afternoon snack and taking it to the field.

This break can also provide mothers an excellent opportunity to take children to the field to watch father operate they sometimes find such fascinating "play-pretties." This may satisfy the children's curiosity and make a much anticipated event in the daily life of the youngsters.

So why not follow the advice of the Texas Farm and Ranch Safety Council and take time out for a mid-morning and mid-afternoon break? It can pay off in safety, pleasure and efficiency.

**Smith-Doxey Service**  
Cotton improvement groups other than those in counties where the deadline has passed, are urged to apply now for free cotton classification and market news services. The final date for

submitting a group application is August 1, says Fred Elliott, extension cotton specialist.

Any group of producers which organizes to promote the improvement of cotton, adopts a single cotton variety, files application, arranges for sampling and meets certain other requirements is eligible for free Smith-Doxey services, according to Elliott.

He urges producers to submit their applications well in advance of the ginning season if they wish to obtain the classification of cotton ginned early in the season. Samples submitted must be cut from each side of the bale by a bonded sampler or by an employee of a public warehouse or company which issues negotiable warehouse receipts. Representative samples must be obtained.

The deadline for filing application from Dimmit, LaSalle, McMullen, Live Oak, Karnes, De Witt, Jackson, Matagorda and all counties lying to their south has passed. Applications from other eligible counties should be made as soon as possible after members have planted their cotton. The actual deadline is August 1.

**126,500 Farmers**  
Last year, more than 126,500 Texas farmers in 239 cotton improvement groups were eligible for Smith-Doxey service. Nearly 50 percent of the cotton produced in the state during 1956 was classed under the program.

Instructions and applications are available from county agricultural agents, local AMS cotton classing offices, or from the Cotton Division, AMS, USDA, Room 506, U. S. Terminal Annex, Dallas 2, Texas.

## Ticklers

By George

"I don't think Miss Jones likes this class. She's the first one out when the dismissal bell rings!"

## 20 Years Ago ...

(From the files of the Colorado Record, June 18, 1937.)

The growing death toll exacted by drunk and reckless drivers on the state's highways was called one of the most serious problems facing the citizens of Texas.

"Let's stop this killing," Hammett Vance, of Austin, an official of the Department of Public Safety, told the Colorado Lions Club in an address here.

Standard Oil's softball team maintained its lead in the city Lions Club League.

An Amateur-Hour program was scheduled for Ruddick Park. Local talent featured on the program included Weldon Hunt and J. T. Williamson in a piano and violin duo; Gene Haley Jr. in a comedy number and Robert Earl Wulffjen in an accordion solo.

Rains were speeding up Mitchell County's cotton crop, after causing minor erosion damage on area farmlands.

Congressman George Mahon was cited as a "leader in great national affairs."

Members of the Bluebonnet and Merry Wives Club met at the home of Mrs. Oscar Major for a luncheon.

The city has just signed contracts to purchase new fire-fighting equipment for the local volunteer fire department.

## 40 Years Ago ...

(From the Colorado Record, June 20, 1917.)

People in this section of West Texas were praying for rain in the midst of a severe drought.

Approximately 5,000 people—the largest crowd ever seen in Colorado—gathered here June 14 for a Flag Day Celebration and patriotic demonstration.

A Red Cross campaign was underway in Mitchell County. The county goal was set at \$3,000.

The city had just placed a contract for another well to bolster the local water supply.

Gov. Jim Ferguson was in Colorado for a speech on education. He also outlined his plans for the formation of Texas A&M College.

The Governor was introduced by County Judge J. H. Bullock.

# Daniel to Urge Creation of State Water Agency at Legislature's October Session

By VERN SANFORD  
Texas Press Association

Water legislation promises to be a lively topic at the special session of the legislature in October.

Gov. Price Daniel has announced he will urge creation of a state-wide water agency empowered to negotiate with federal authorities in financing reservoirs.

That is likely to prove controversial in itself. That there is likelihood of considerable discussion over the State Board of Water Engineers and its recent troubles, Fuses get in that way.

Former State Sen. Joe Carter resigned as the Board's general counsel. Board dissection erupted into public view at a meeting called by Chairman B. M. Dixon to demand Carter's resignation. Member Otha Dent, in support of Carter, avoided attending the meeting and no action was taken.

Dixon accused Carter of being "disloyal" and working against his confirmation in the Senate. But Dent indicated Carter wasn't the main reason for Board dissection and his leaving doesn't mean Board harmony.

Carter remained non-committal.

**Insurance Board Changes**  
New Insurance Board Chairman Penn Jackson took over duties earlier than planned last week after a snarl developed in the reorganization law.

Atty. Gen. Will Wilson ruled that the board cannot legally function without employing a newly authorized commissioner. But there is no money to pay him until Sept. 1.

Gov. Daniel decided to accept resignations of the outgoing Board members immediately. Jackson took office. Hold-over appointee Joe Gibbs remained. Third member, Dave Irons, will join

## State Capital NEWS

shortly. Together they will try to untangle the knot and launch a new era in insurance regulation.

**One-Third Coming Back**  
U. S. Trust claims can expect to get back a little more than 33 cents on the dollar.

State Liquidator J. D. Wheeler says there will be \$2,449,221 for distribution to creditors after suits by claimants are settled. Approved claims total \$7,292,385.

Litigation by a group of claimants seeking priority is pending on appeal.

Meanwhile, Gov. Daniel has asked federal authorities to use diplomatic channels to return Ben Jack Cage to Texas for trial. Cage faces theft and embezzlement charges, involving a half million dollars, in connection with the collapsed ICT Insurance Co. He is reportedly in Brazil where he has extradition immunity.

**Oil Cut-Back Lashed**  
Texas' biggest slash ever in oil allowable ruffled-up the dander of independent oil men.

July allowable was scissored 390,449 barrels a day by the Railroad Commission in an effort to cope with increased imports and excessive stocks.

Four associations of independents fired telegrams to Washington. They urged immediate steps in Congress to cut imports. They said the slash puts national security at the mercy of unreliable foreign oil supplies.

No blame was aimed at the Railroad Commissioners. Independents said the officials were "empelled" to order the cut.

**Farm Prospects Brighten**  
Let-up in rains has sent farmers scurrying back to the fields in

hope of making some late crops after all.

Agriculture Commissioner John White granted a "third emergency extension of the cotton planting deadline" in 44 Central and East Texas counties July 1 is the new cut-off date.

Intensification of insect control programs was urged in view of the deadline extension.

Livestock and ranges are reported in good to excellent condition as far west as the Pecos. But fly and other pest problems were widespread and serious.

**Anti-Blooper Plan Urged**  
So many legislative bloopers are turning up that lawmakers are beginning to look for some way to prevent recurrence.

One proposal is for the Legislative Council to screen all bills coming before committees, especially conference committees where final writing is done.

It took an attorney general's opinion to decide that a pension could be paid this summer to Texas' only surviving Confederate veteran, Walter Williams. Legislative action wasn't clear.

Insurance reorganization was snarled again when it was discovered that the new law required employment of a Commissioner but his salary doesn't start until Sept. 1.

Typographical errors resulted in incorrect appropriations in several instances.

Gratuity of the bunch was a batch in the school-fund diversion bill. Unclear is whether it transfers \$8,000,000 or \$12,000,000. There were numerous smaller errors too.

**Daniel Lists Holdings**

Even though he first said he did not need to file a code of ethics statement, Gov. Daniel listed his outside investments under the new ethics law.

His holdings: two mutual life insurance policies, a fraternal life insurance policy, an accidental death insurance policy, and one-third ownership in the Trinity Publishing Co., Inc., of Liberty.

**Politics Astir Again**

Push is underway by two rival Democratic forces for control of Texas party machinery next year.

Employment of J. J. (Jake) Pickle to head up a grass-roots drive for the State Democratic Executive Committee was announced last week. Pickle was a key worker in Gov. Daniel's campaign and is well known as a political organizer.

Liberal rivals, the Democrats of Texas, gave notice of combat weeks ago. They are busy with precinct-by-precinct organizing.

**Short Snorts**

Charles R. Devall, Kilgore publisher, re-elected president of Texas Good Roads Assn., urged "intensive" public attention and interest in Texas' highway plans. He urged it as necessary to a sound highway program "essential to the long-term growth of the Texas economy."

In a personal visit to the nation's capital, Governor Daniel asked curtailment of excessive oil imports. He declared a controversial section of a natural gas bill that would invoke restrictions against state and local price regulation. He plugged for more money for Texas river surveys. And he called on the State Department to push efforts to return Ben Jack Cage to Texas for trial.

The average weight of the human brain is 48 ounces.

### Cosden Income Shows Big Gain

Since purchasing Colorado City's Col-Tex Refinery late in 1956, Cosden Petroleum Corporation has shattered records for net income and total sales.

Income for the corporation has jumped 31 per cent during the past year.

Cosden president R. L. Tollett revealed that Cosden soared to a new gross sales record of \$71,287,000 during the last fiscal year.

This compares with \$55,612,848 company acquired the Col-Tex Refinery here and the Onyx Refinery at Abilene.

**TELEPHONE TALK**

**SHE'LE GET YOUR NUMBER**

Is your personal list of out-of-town telephone numbers complete and up-to-date? If it isn't, we'll be glad to get any new numbers you need—free of charge, too. Just call Long Distance and ask the operator for the numbers you want.

As always, you'll find Long Distance service is much faster and more convenient when you keep a list and call by number.

Long Distance is a real bargain, too. You can call from Colorado City to New York City for only \$1.65 (station-to-station, after 6 p.m. and all day Sunday).

**I LIKE MY PHONE BECAUSE . . .**

If you were ask to name the one "main" reason why you like having a telephone, what would it be? Time-saver, maybe? Housewives, especially, get so much more done during the day by using their telephone as an errand boy.

Business aid? The phone is an essential tool for most business and professional people.

Companion? Folks who have to stay close to home because of illness or family responsibilities find the telephone a reliable friend. Frequently, it's their number one means of keeping up with friends they don't often get to see.

Others find it reassuring just to have a telephone close by, knowing they can use it to call for help in an emergency.

But most of us, I imagine, like having a telephone simply because it's an easy, pleasant way to visit the people we enjoy and want to talk to.

Telephone service means a lot of different things to a lot of different people. For whatever reasons you like having a phone, you can be sure we're always searching for new and better ways to make it even more useful, convenient, and economical.

**NOT OUT TILL YOU COUNT TEN**

Remember this old saying? "Don't lost your temper. Count to 10." Still pretty good advice, I guess. And 10 can be a magic number for saving your telephone temper, too.

When you make a call and don't get a quick answer, a good rule of thumb is to wait at least 10 rings before you assume no one's there.

Especially during the summer—when people are out in the yard so often—it's a good idea to allow them some extra time to reach the phone.

Call by number. It's twice as fast.

**Youth Suffers Injury In Pump Unit Mishap**

WESTBROOK—Curtis Clemmer, 17-year-old son of Mr. and Mrs. Altis Clemmer, received a back injury Friday afternoon when he was caught in a pump unit while working for Standard Oil Company, north of Westbrook.

He is a patient in Root Memorial Hospital in Colorado City.

At approximately the same time of Curtis' accident, his father received word that his mother, Mrs. E. C. Clemmer of Cisco, was to undergo surgery at Hendrick Memorial Hospital in Abilene Friday afternoon.

Mr. Clemmer visited with his mother in the Abilene hospital Saturday and Sunday and she is reported to be recuperating nicely from her surgery.

Lt. Colonel and Mrs. Earl Yoden and daughter, Toni, are visiting Mrs. Yoden's parents, Mr. and Mrs. Pent Hines.

Mrs. Yoden is the former Joan Hines. Monday afternoon Mrs. Yoden was admitted to Root Memorial Hospital with an ear infection.

The Yoden family is being transferred from an Alabama Air Force Base to one in New Mexico.

**Cosden Gains New Interests In Oil Leases**

Cosden Petroleum Corporation has acquired interests in producing oil and gas leases in Andrews, Ector and Garza Counties of Texas on which there are 96 producing wells and 27 proven locations, according to R. J. Tollett, president.

Sellers were a group of stockholders of Grisham-Hunter Corporation of Abilene.

The total transaction involves about \$10,000,000, but Cosden's participation is limited to a cash consideration of \$4,000,000 and the issuance of notes for \$2,000,000, Tollett said.

This acquisition is in line with Cosden's continuing program of building its crude oil reserves as desirable properties become available.

The newly acquired resources will bring Cosden's crude oil reserves to approximately 30,000,000 barrels, Tollett indicated.

As a consequence of the transaction, it is expected that Grisham-Hunter Corporation shortly will be liquidated.
