860 Pine Street

THE JUNCTION EAGLE

Volume 45 | Junction, Kimble County, Texas, Thursday, March 21, 1929 | Number 49

INDEPENDENT DISTRICT WILL BE ADVANCE STEP IN SCHOOL SITUATION

In order that the needs of the Junction school may be provided for in keeping with the growth of the school, a petition signed by considerably more than four hundred people of the district, who are interested in the growth, development and enlargement of the school system, has been filed with the County School Board, asking for the creation of an independent school district for school purposes only. The school and community has reached the stage in its history when it seems no longer practical to maintain the school as a common school. The amount of funds handled by the school board each year is of such magnitude that three men do not like to have the responsibility of handling these funds.

The school has reached the size and the financial needs have become so great that it is necessary for an expansion of the system at an early date. With the creation of an independent district seven men would be selected as trustees who could counsel together for the good of the schools. With only three men on the board it is difficult to get more than two men together at a time to discuss matters of importance to the school. The fact that two of the present trustees, whose term expires soon, refuses to become candidates for re-electoin shows that they feel the responsibilities are too great for this small board.

The growth of the school has been so rapid that the school has outgrown the present quarters. With an independent district it would require five members of the board to be present before matters affecting taxation could be passed, which would be a safe-guard against tax matters being passed without due consideration. The school has outgrown its financial system and the creation of an independent district would make it easier to bridge over financial difficulties. The school must maintain nine months public term in order to maintain A standing as a first class high school and make it possible for the graduates to enter colleges and universities without an examination.

Since nothing is to be lost and everything to be gained by creating an independent school district for Junction, it is hoped by those interested that a meeting will be called at an early date to consider the petition filed with the secretary of the board.

SEWER BONDS CARRY WHILE PAVING LOSES

The slection for the issuance of bonds for paving and installing a sewer system in Junction Tuesday, March 19, was very quiet, only a few more than two hundred votes being polled. The sewer system carried by a margin of five votes and the paving lost by fourteen votes.

The following is the result as reported to the Eagle:

For the Paving Bonds	98
Against Paving Bonds	112
For the Sewer Bonds	109
Against Sewer Bonds	104

Hon. Coke R. Stevenson, Mrs. Stevenson and Junior have returned to Junction since the Legislature adjourned. Mr. Stevenson made an enviable reputation during the session. His colleagues do not hesitate to state that although a new member he has shown an unusual grasp of legislative problems and a breadth of vision seldom shown by a new member. He received worthwhile committee assignments and showed marked ability in all deliberations. He has been mentioned as suitable material for speakership of the next legislature.

Mrs. Ovie Buster spent the first of the week in San Antonio.

Weather Man Sends Showers of Rain

Just when the pessimists, and some who try to be optimistic, think that it is not going to rain any more the clouds open and the rains descend. No heavy rains have fallen here but some good April showers in March are putting moisture in the ground. In last week's issue we reported about one inch of rain. Mr. Holekamp reported that the rains last week did not quite reach the inch mark. It has rained about as much this week as last. The almost two inches during the past two weeks have fallen slowly and soaked into the ground and has done more good than heavy rains.

The rains have been a little rough on some of the goats that have been shorn recently. A few losses have been reported but it is not believed that many goats will be lost from the cold rains. With a few days of warm sunshine following the good rains vegetation will cover the valleys and hillsides.

League Program For March 29th and 30th

A meeting of far reaching importance will be held at the Schreiner High School March 29 and 30. The Interscholastic League Meet every year should have the endorsement of everyone in the county. It is to be regretted that more schools have not registered for the events. However, enough schools have registered to have an interesting meeting.

The program for the two days follows:

FRIDAY

1:30 p. m. Spelling — Senior, Junior and Sub-Junior.
2:30 Essay Writing.
2:30 Music Memory.
3:00 Extemporaneous Speaking.
3:30 Arithmetic contest.
3:30 Three-R contest.
7:45 Declamations and Debate.

SATURDAY

Junior Boys

9:30 a. m. 50 yard dash
100 yard dash
440 yard relay
Running high jump
Running broad jump
Climbing bar

10:00 a. m.—Senior boys and girls. Tennis, singles and doubles.

11:00 a. m. Junior boys—"Playground ball."

1:00 p. m. Senior boys' athletics
100 yard dash
880 yard run
440 yard dash
One mile run
220 yard dash
One mile relay
Field Events:
Pole vault
Running broad jump
Discus throw
Running high jump
12 pound shot put
Javalin throw

2:30 Junior girls—"Playground ball"

3:00 Senior girls—"Volley ball"

We hope to run the meet strictly on schedule time, and will appreciate very much if all contestants will be on time for each event. We extend a special invitation to all persons who are interested in the school or in the sport. Come and encourage the participants and enjoy the occasion.

A. J. Blerschwale,
General Director.

Earl Bowers,
Asst. Dir. Athletics.

GANN GROCERY COMPANY INSTALLS NEW FRONT

The Gann Grocery Company continues to improve their store building. Only recently the wooden floor was replaced by concrete, and now the front is being replaced with a modern glass front with large show windows. This progressive store is determined to keep pace with the rapid growth of the town. The public appreciates the improvements made by this store and the management to be able to serve their trade acceptably has completely modernized their building the past few weeks.

BAPTIST CONGREGATION WORSHIP IN NEW HOME

Large Crowds go in Rain to Formal Opening of Modern Building Sunday Morning Many Visitors Present

Large numbers of people made their way through the rain Sunday morning to attend the formal opening of the new building of the First Baptist Church of Junction. The rain began to fall slowly early Sunday morning and continued until after the services were concluded, but it did not keep the people from coming to see the new building and worshiping with the Baptists as they enter upon a new era in Junction. The other churches of the city dismissed their services and worshiped with the Baptists.

The women of the church had decorated the auditorium beautifully and appropriately. The baptistry and stage were covered profusely with ferns and pot plants. Philip Joseph had presented the church with two large baskets of carnations which added much to the decorations.

Dr. M. E. Davis, head of the Bible department of Howard Payne College, Brownwood, Texas, brought an appreciative and timely message to the large crowd. He has many friends in Junction who are always glad to see and hear him. Mr. Harold Scott of Howard Payne rendered a violin solo. Professor Cameron Marshall was scheduled for special music but was in an automobile accident Saturday afternoon just before reaching Junction and was not able to attend the services. It is not believed that he is seriously injured as he returned to Brownwood early Sunday morning. The Kimble County Chamber of Commerce Band added to the success of the program by rendering some good numbers.

The services began at ten o'clock with the superintendent of the Sunday School in charge. After a song Rev. G. W. Crabb, pastor of the church led in a prayer. Another song was sung and Brother T. J. Meredith, son of Margaret Meredith, who was a charter member of the church, led a fervent prayer. Hon. Horace Wilson of San Antonio, for many years a citizen of Junction, brought a good message telling of the early history of the church. He was for many years a member of the church and served as one of the superintendents of the Sunday School. The thoughts brought out by Mr. Wilson will be given later in this article.

Rev. Oren C. Reid, pastor of the Riverside Baptist Church of Fort Worth, brought a good message urging Christian people not to neglect the salvation of the lost in their worship. He is the son of J. H. Reid, a faithful worker in the Junction Baptist Church for many years, and was ordained to preach by the Junction Church. His friends were delighted with the privilege and pleasure of seeing and hearing him again.

The Sunday School hour was closed by a good talk by Brother N. H. Skaggs, the first superintendent of the First Baptist Sunday School in Junction. He told of the early struggles of the church and Sunday School in Junction. Brother Jim Pepper of San Antonio was present and Brother Skaggs told of the good work done in the early days by Brother Pepper and his good wife who has gone on before. He told of the sacrifices made by Mrs. Pepper and others that we might enjoy the privileges we have today.

At the eleven o'clock hour Pastor G. W. Crabb took charge of the services which were continued by singing "Onward, Christian Soldiers." The Rev. Milton F. Hill, pastor of the Methodist Church, delivered the invocation, after which the band rendered a sacred overture. Brother Crabb made a brief talk welcoming the large crowd and then introduced Dr. M. E. Davis of Brownwood who brought the message of the hour. After the close of the service Brother Crabb announced that the ladies of the church would serve a basket lunch in the old church building at the rear of the new building. The good women of the church did this as they do everything they undertake. Large numbers were fed and yet there were many basketfuls gathered up after everyone had eaten bountifully. Those present were loud in their praise of the way the women of the Junction Baptist Church had prepared for the occasion. Basketfuls and boxes full of the very best food was brought in from the cars and it was a great hour. Everyone went away praising God for the great hour of worship and feasting.

While the rain made it little disagreeable, everyone was thankful for the good rain which was so badly needed on the ranches. It helped to make it a day of real thanksgiving.

According to the old church records, the First Baptist Church of Junction was organized by the Rev. Z. M. Wells, April 4, 1880, with the following eight charter members: N. Q. Patterson, Wiley Smith, Christopher Smith, Margaret Meredith, Elizabeth Smith, Levania M. Patterson and N. C. Patterson. Mr. N. C. Patterson is the only surviving member of the original organization, and was present at the formal opening of the new church building Sunday. He was church clerk in 1880 and is now one of the trustees of the church. The records show that Brother Wells served as the first pastor. The church was organized in the courthouse where it worshipped until the building was destroyed by fire in 1884. For about two years the church worshipped once each month in a community church. The little struggling group then decided to build a house of their own. Brother Skaggs in his talk Sunday stated that Brother and Sister Jim Pepper rendered much material help in the completion of the building which was abandoned Sunday. Many others labored and sacrificed that we might enjoy the fruits of their labor. It would be interesting if we had the space to give the names of all the faithful workers who have been members of the Junction Baptist Church during the almost half century of its existence.

In his talk Sunday Hon. Horace Wilson told of the poverty that existed in the early days here and how the faithful few sacrificed to keep the fires burning on the altar. He stated in substance that we do not make the sacrifices today that the pioneers made. He said that it was no easy matter to serve God during pioneer days. The trips were hard and dangerous for the pastors who often traveled long distances on horseback to preach the message. He praised Mr. E. Holekamp for his liberal donation of ground given to the Baptists for a building site that has been used these many years and upon which the new building has just been erected. Mr. Holekamp has the distinction of being the first mayor of Junction. Mr. and Mrs. Holekamp were present Sunday at the formal opening of the new building.

From the old records and from the information of members the following have served as pastors of the Junction Baptist Church: Z. M. Wells, A.

(Continued on page 4)

Census Enumerators Taking School Census

Only a few days remain for census enumerators to enroll children for the next scholastic year. Every child missed means the loss of about $15 for the district next year. Every person even remotely interested in the finances of the schools should render all the assistance possible in seeing that all children in the district within scholastic age are enrolled.

Children seven years old before September 1, 1929, and all who will not be eighteen until after September 1,1929, should be enrolled by the enumerator. In last week's issue of the Eagle a little table was given that will help the enumerators get the year in which the children were born when the age is known. Many mothers do not remember the year of the children's birth, but do remember the birthday and age.

It is the duty of everyone to see that all children within scholastic age is properly enrolled.

Skating Rink Has Enthusiastic Crowds

Taylor Brothers report that large crowds are visiting the new skating rink daily. They are well pleased with the patronage received on opening week. People are coming from all parts of Kimble and from adjoining counties to enjoy the new skating floor.

Representatives of the company were in San Antonio this week securing additional equipment and hope to have the dining room and cold drink stand in operation before many days. It is being equipped to give the people of this section aplace of real recreation. The large numbers attending each evening are well pleased with the management of the new company and state that everyone is having lots of fun each evening.

This new entertainment house is located on the Kerrville highway about one mile east of the courthouse. Its ideeal location makes it an attractive place for those who enjoy wholesome amusement.

GOLF TOURNAMENT IS POSTPONED TWO WEEKS

Buddy Hurte, a member of the Golf Tournament Committee, announces that on account of weather conditions the golf tournament scheduled for Sunday, March 24, has been postponed two weeks. The recent rains have prevented some needed work from being done on the course and since some changes are being made in the rules, the committee composed of Messrs. Joe Bissett, Buddy Hurte and Howard Blackburn after conferring with Mr. O'Bryan and others decided the tournament should be postponed for two weeks.

AUTOMOBILE ACCIDENT

While coming to Junction last Saturday evening to attend the formal opening of the new Baptist Church, a Buick roadster, driven by Allen Bell and occupied by Mr. Bell, Professor Cameron Marshall and Miss Nettie Wright, overturned about one mile east of the J. L. Wright home on the Mason road. Miss Wright was considerably bruised up, but is getting along as well as could be expected. Professor Marshall was also bruised and hurt while Mr. Bell was practically unhurt. None of them is considered seriously injured. Miss Wright is in the local hospital while Professor Marshall is in a Brownwood hospital. The accident happened at a dip in the road.

Mr. and Mrs. Sayres Farmer and little daughter, Betty Moseby, returned last week from an extended trip to Fort Worth and Dallas.

Mr. W. P. Riley is in Houston this week attending the cattlemen's convention.

PLANS AGREED UPON BY NOXVILLE PEOPLE TO BUILD GOOD ROAD

One of the best pieces of news the Eagle has had for some time is the fact that the Noxville road now seems to be a reality. The good people of that community voted bonds many months ago for the road from Segovia through Noxville to the county line near Harper. The bonds were sold some time ago and the money is in the bank, but there has been some delay hoping that the State would assist in building the road. Thus far the State has refused to grant any aid.

Being anxious to complete this last main highway in the county, the Commissioners' Court and several Junction citizens went to Noxville Wednesday to confer with the citizens of the Noxville community to work out details so that actual construction could begin at an early date. The court has worked out plans whereby the people who have voted the bonds will get full road value for every dollar expended.

An enthusiastic meeting was held Wednesday in which there was a unanimity of opinion and a spirit of good fellowship. The court wanted the people to know that they were ready to construct the road and the good citizens of the Noxville community assured the court that they were ready to go more than half way in constructing this needed road.

Judge Randolph and members of his court have had several years experience in road construction, all of which will be used to advantage in the construction of this road. After the road is built there is no doubt but that it will become an important link in one of the main highways of the State.

The best thing in this road proposition is that the progressive Noxville community voted unanimously for the bond issue to build this road to connect with the Old Spanish Trail near Segovia. The court has been working all these months on the proposition to get State aid, but being unable to obtain same has worked out plans so that these people will get as good road as any in the county except the Old Spanish Trail.

Among those who attended the meeting Wednesday were County Judge J. B. Randolph, commissinoers A. B. Hodges, H. W. Bierschwale, G. W. Mardesty, J. F. Ragsdale, Mayor E. Holekamp, M. Awbrey, J. A. Heyman, Chris Schraub, Sanford Roe, John Mratin, Mr. and E. A. McCoy and probably others from Junction and a good representation from the Noxville community. A new day has dawned for the Noxville people for they will soon have a good road that will mean much to the community.

O. W. CARDWELL RETURNS FROM FAT STOCK SHOW

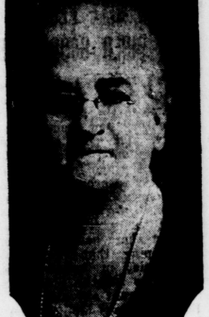

Mr. O. W. Cardwell passed through Junction Tuesday on his way home from the Fat Stock Show in Fort Worth. He went by Georgetown and took four of his children with him to the Panther City to enjoy the annual sights that are not seen anywhere else as they appear in Fort Worth.

Mr. Cardwell is always looking for the best Hereford cattle that can be grown. While attending the show he bought four registered Hereford bulls for his ranch. One of them, however, is for the S. S. Bundy ranch Mr. Cardwell stated. Mr. Opp of Menard County paid $1,200 for one registered polled Hereford calf.

The rodeo was largely attended, 18,700 being in attendance one day. It is estimated that the receipts at the rodeo during the seven days totaled $140,000. Mr. Cardwell reports a great trip and believes these shows worth a great deal to the stock men of West Texas.

TRAVELS FOR 15 YEARS IN SEARCH OF HEALTH; THEN SHE FINDS SARGON

"For fifteen years I have done nothing but travel over the United States, Canada and Cuba in a fruitless search for health. Three weeks ago I began the Sargon treatment and today I

MRS. M. M. LINK

am a well and happy woman. That Sargon should restore me so quickly and so completely after all these years of suffering and failure is marvelous and I want my friends everywhere to know about this wonderful medicine.

"Even the lightest meals would cause me to suffer tortures from indigestion, gas pains, and smothering spells. Sometimes I would just have to gasp for breath. Nervousness made my nights almost sleepless. Rheumatism troubled me a great deal, too, and my liver was so badly out of order I had to take strong purgatives continually.

"I tooks treatments everywhere without relief, and finally made up my mind to travel with the seasons and live the rest of my days as comfortably as possible. Had anyone told me that any medicine would do what Sargon has done for me I could not have believed them. It put in my stomach in perfect condition and drove the rheumatism right out of my system. I eat anything, am no longer nervous, and sleep like a healthy child. I feel strong and well all the time. Sargon Soft Mass Pills completely overcame my liver troubles. They act gently yet thoroughly.

"To enjoy such splendid health as Sargon has given me is the greatest blessing in the world, and I feel it my duty to let other sufferers know about this wonderful treatment."

This remarkable statement was made recently by Mrs. M. M. Link, wealthy resident of 863 Tuxedo Blvd., Webster Grove, Mo. Mrs. Link is spending the winter at Grande Court, San Antonio, where she went in her long search for health.

Sargon may be obtained in Junction from J. A. Heyman.

HOXIE ENTERTAINS AT THE STOCADE

Jack Hoxie held an informal dance and barbecue at the Stockade on last Saturday evening which was attended by a large and appreciative crowd.

Aside from the barbecue and dance, the guests enjoyed looking at trophies and relics which had been arranged around the walls of the spacious reception room, and especially did they enjoy hearing the histories related for each has a history—there are no fancy gee-gaws among them. Outside of a museum, there are probably few places can boast so extensive a collection of trophies as the Hoxie Stockade. Some of the things which may be seen are: deer horns, skins of panthers, lynx, etc., a notched pistol that was once the property of Buffalo Bill, Deadwood Dick's gun, Indian moccasins, bows, arrows, war drums, pottery, blankets, etc. A complete inventory of all these articles and their history would fill several columns. One can safely say, and have no fear of its being an exaggeration, that the Hoxie Stockade is one of the show places of Texas. In our opinion, it compares very favorably with the Buckhorn Saloon, San Antonio.—Leaky Leader.

Conflict is caused by what men think are different standards of right—Christ alone can bring men together.

The Boy Was Right

"Last winter at college the temperature on three successive nights dropped to zero."

"That's nothing," snorted Freddie the Frosh, "that's nothing."

"What's nothing," indignantly asked Sam the Senior.

"Zero," remarked Freddie snappily as he bolted the door.

Lambs for early market should be kept growing from the very beginning, and the best way to accomplish this is by feeding them through a "creep." Provide a rack for hay and a trough for grain, arranging so that the lambs can not get their feet in them. Liberal feeding of lambs dropped before pastures are ready is profitable with average grain prices.

IVY ECHOES

The Ivy community was blessed with a gentle rain Sunday. With these rains and warm sunshine spring will soon be here.

Two interesting games of basketball were played Friday afternoon between the Teacup and Ivy schools. The score for the girls' game was 14 to 12 in favor of Teacup. The boys' game ended with the score of 8 to 6 in favor of Teacup.

Miss Lilly Robbins spent the week-end at the Henry Grobe home.

Mr. Ray Amberson spent Sunday with home folks.

Mrs. George Jones who has been on the sick list for some time is improving.

Jewel Shearer and Hollan Walker were absent from school Monday.

School Motto: Wear your learning like your watch, in a private pocket, and do not pull it out and strike it merely to show you have one.

SYCAMORE SAYINGS

We are rejoicing over the fine showers received last week, also Saturday night and Sunday.

Mr. Melvin Hull and daughter, Augusta, and niece, Leota Hull, Saturday went to Junction to visit his daughter, Lorena, who is under the doctor's treatment there. Mrs. M. Hull is with her daughter. She returned home Saturday afternoon while the girls spent the night and day there. Mrs. Hull went to Junction Sunday afternoon to be with Lorena this week. We are glad to report her some better.

Miss Evelyn Calhoun spent Friday night with Mrs. Orville Keese.

Mrs. Lane Hodges and children spent Saturday in Junction and attended the skating rink during the afternoon and night.

Jim R. Hodges and wife also attended the skating rink Saturday afternoon and night.

Mr. and Mrs. Alfred Miller were in Junction Monday.

Mr. Johnnie Freeman and Miss Evelyn Calhoun were visitors in Junction Saturday and stayed for the skating rink Saturday night.

Messrs. F. M. and J. R. Hodges were business men in Junction and on South Llano last Friday.

Mr. F. M. Hodges is on the sick list this week.

MADAME FOCH WOULD HAVE FEWER DOCTORS

Paris, March 16. — Marshal Foch, weakened by his months of illness, held his ground today but the best that doctors could say for him tonight was that he was "in no immediate danger." His temperature was 99.68.

Nine doctors held a conference this morning at the Marshal's bedside. By their very numbers they made such an impression upon Madame Foch that she requested that in the future general consultations of such size be avoided, lest the effect of having so many medical men around him at once should be a troubling one for her distinguished husband.

You never saw a WILDCAT that wasn't a "tough proposition." These new "WILDCATS" Pants and Overalls we have are stubborn, rugged wearers. Try a pair from

APPLICATION FOR LETTERS OF ADMINISTRATION

THE STATE OF TEXAS:
To the Sheriff or any Constable of Kimble County, Texas—Greeting.

You are hereby commanded, to cause to be published once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year; the following notice.

THE STATE OF TEXAS:
To all persons interested in the Estate of George Durst Farmer, Deceased.

You are hereby notified that A. G. Farmer has filed in the County Court of Kimble County, Texas, an application for letters of administration upon the estate of said George Durst Farmer, deceased, which will be heard at the next regular term of said court, commencing on the first Monday in May, A. D. 1929, the same being the 6th day of May, A. D. 1929, at the courthouse thereof, in Junction, Texas, at which time all persons interested in said Estate are hereby cited to appear and contest said application, if they so desire.

Herein fail not, but have you then and there before said court on the first day of the next term hereof this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said court, at office in Junction, Texas, this the 8th day of March, A. D. 1929.

(Seal) U. D. KINDRICK,
4612c Clerk Co. Crt. Kimble County, Texas.

HOOVER'S PROCLAMATION

The proclamation reads:

"By the President of the United States of America, a proclamation:

"Whereas, public interests require that the Congress of the United States should be convened in extra session at 12 o'clock noon the fifteenth day of April, 1929, to receive such communication as may be made by the executive; and

"Whereas, legislation to effect further agricultural relief and legislation for limited changes of the tariff cannot in justice to our farmers, our labor and our manufacturers be postponed;

"Now, therefore, I, Herbert Hoover, President of the United States of America, do hereby proclaim and declare that an extraordinary occasion requires the Congress of the United States to convene in extra session at the Capitol in the city of Washington on the 15th day of April, 1929, at 12 o'clock, noon, of which all persons who shall at that time be entitled to act as members thereof are hereby required to take notice.

"In witness whereof I have hereunto set my hand and caused to be affixed the great seal of the United States.

"Done at the city of Washington this 7th day of March, in the year of our Lord, 1929, and of the United States the 153rd.

"HERBERT HOOVER.

UNIVERSITY LAND BIDS TO BE OPENED IN APRIL

Austin. — Under an agreement announced Friday State Land Commissioner J. T. Robbins is authorized to open all bids in April on University of Texas oil and gas lands which had been advertised for lease on January 2, but no leases are to be issued on the highest bids until the courts render their final decision in the recent litigation involving the opening of the bids.

The Land Commissioner is to open the bids merely for the purpose that all payments may be returned to applicants who are the lowest bidders.

The agreement was reached by Land Commissioner Robison, Attorney General Claude Pollard and attorneys in the litigation to prevent the Land Commissioner from awarding leases advertised for January 2. The case was heard before Judge George Calhoun, 53rd District Court of Travis County, with decision in favor of the Land Commissioner. Appeal was taken by the Attorney General, who brought the suit in behalf of the State and the Board of Regents of the University to the Third Court of Civil Appeals at Austin, and it will ultimately get to the Supreme Court for final decision.

Every effort that leads to something good is worth your while.

A GOOD RESOLUTION

My city is where my home is; where by business or job is located; where my vote is cast; where my children are educated; where my neighbors dwell and where my life is chiefly lived.

It is the home spot for me and mine.

My city has a right to my civic loyalty. It supports me and I must support it. My city wants my citizenship—not my partisanship; my friendship—not offishness; my co-operation—not dissension; my sympathy—not antagonism; my intelligent support, not thoughtless indifference.

My city supplies me with law and order, trade, friends, education, recreation and all rights of a freeborn American.

I should believe in my city and work for it.

And I will.—Selected.

No Bath House

"Have some whiskey?"

"No, thanks, I never touch anything but water."

"Well, I'm not asking you to wash your hands in it."

When a man is right; that is when a right man is right, the best that is in him comes to the surface.

You wouldn't think of starting out on the train without a destination—how much more important is life.

Junction, Texas

Announcing

A new Automobile Company for Junction on the corner North of Postoffice

A Modern Fireproof Building

will be constructed at once. This will be the

New Home of the BUICK

The building will be especialy designed with filling station, show rooms and complete service department for Buick Automobiles.

In taking on this line of automobiles we are answering the demand of Kimble County and surrounding territory for a better automobile. This is a real ranchman's car, with plenty of road clearance of 9 3-8 in. and 74 to 90 1-2 H. P.

A new demonstrator is in town-see GEORGE CAVANESS, the sales and service department manager for a demonstration.

A CARD OF THANKS

We have no adequate words to expres our thanks to the many friends and members of Churches of other denominations who so graciously assisted in making the opening of our new building the success it was—and never could have been—without their co-operation.

We should need every page of this week's Eagle if we recounted each loving gift, and deed of service rendered on that occasion.

Many beautiful things were done which will never be recorded at all until the great day when we hear the Master's own "Well done, good and faithful servant."

Briefly would we mention and thank the Junction Band for their inspiring music, the violin solo whose sweetness still abides in our hearts; and the members of other denominations who sang in the choir. The fragrant carnations and other beautiful floral offerings served a two-fold purpose for afterwards they were carried to the sick—we much appreciated them, also the pot plants so kindly lent to beautify the platform.

Very appreciative are the ladies of the Hospitality Committee for the material assistance rendered by the gentlemen who loaned trucks, chairs, tables and a stove—not forgetting the Junior boy who wonderfully helped them in the rain and mud last Sunday.

The share the contractor, carpenters and painters had in our building is very precious, for they gave time, paint and labor as a free-will offering.

Other gifts, such as a golden wedding anniversary gold piece; a pulpit scarf, a promised clock and money sent by a little girl from the sale of a goat are among the golden memories of the day.

The town boys are likewise not forgotten who helped clean up after the workmen had finished.

Lastly the telegram and letters of congratulation from two of our former pastors and a Sunday School superintendent were very welcome, and to everyone who contributed in any way by gifts, services rendered, of their presence. We pray God to bless you and ask you to accept our best thanks.

Executive Committee,
First Baptist Church.

SAINT PATRICK'S TEA

Friday afternoon a Saint Patrick's silver tea was given at the home of Mrs. Alex Wahl for the benefit of the primary department of the Methodist Church.

The living and dining rooms were most attractive with streamers of green and white crepe paper. The piano scarf was white and embellished with shamrocks.

An entertaining program of piano and violin music, songs and readings was given by Faye Wahl, Georgia Alice Hill, Patricia Patterson, Lucille Williams, Nevada Blackburn, Rosemary Secrest, Maxine Wright, Eula and Lula Motley, Mae Delle Lowry, Madaline Ragland, Kathryn Hodges, Warren Livingston, Mesdames Milton F. Hill and A. W. Loeffler.

Tea was served in the dining room where the table was laid with a snowy Irish linen cloth on which shamrocks were pinned, white candles wreathed in green were placed in Irish potato holders and a silver basket filled with fern completed the table decorations. Tea, a variety of sandwiches, white cake iced in green and green mints were served to about fifty guests. Twenty-four dollars and eleven cents were contributed during the afternoon.

The hostesses on this occasion were Mesdames Alex Wahl, Wilson Buster, B. L. Smith, Clay Secrest, Mattie Patterson, Roy Blackburn and Howard Ragsdale.

Mrs. George Cavaness and daughter, Mildred, were San Antonio visitors this week.

Mr. C. G. McDonald was a business visitor in Brownwood this week.

Little Gems

The love of money is the root of all evil.—New Testament.

A mere madness, to live like a wretch, and die rich.—Burton.

Soft words, with nothing in them, make a song.—Waller.

Beauty is but skin deep.—Old Proverb.

No beauty is like the beauty of the mind.—Cooke.

Beggars must be no choosers. Beaumont and Fletcher.

The highest price we can pay for anything is to ask it.—Landor.

A bad beginning makes a bad ending.—Euripides.

The Lord gave and the Lord hath taken away; blessed be the name of the Lord.—Old Testament.

The true University of these days is a Collection of Books.

A short saying often carries much wisdom.—Sophocles.

There's many a slip betwixt the cup and the lip.—Aristotle.

Baptist Congregation Worships In New Home

T. Ford, F. S. Rountree, N. T. Saunders, Buchanan, Barclay, Mangrum, W. H. Price, Gus Hornburg, Overton, Jeffreys, Sims, R. T. Deel, J. N. Campbell, S. F. March, McHaney, A. L. Kelly, J. A. Dekle and G. W. Crabb. If others have served it was not brought to the attention of the Eagle reporter.

Mrs. M. R. Eddings, mother of Mrs. J. A. Heyman, is said to be the leading spirit in the organization of the First Baptist Sunday School. Of course others of the little struggling congregation were anxious for a Sunday School and were willing to join Mrs. Eddings in the difficult task of that early day in maintaining a Baptist Sunday School in Junction. Mr. N. H. Skaggs was the first Sunday School superintendent. The following have served as superintendents: N. H. Skaggs, Hugh Wilson, T. J. Bailey, T. J. Meredith, J. H. Martin, W. A. Quisenberry, Horace E. Wilson, J. A. Heyman, Chris Schraub, F. E. Garrett, Roy Skaggs, S. B. Kindrick and Edgar McLendon.

Jim Cross and Oren C. Reid have been ordained to preach by the church. Brother Reid was present Sunday and rendered good service in the formal opening. Brother J. N. Campbell, a former pastor, and his family were also present at the opening exercises. Brother Campbell is now pastor at De Leon, Texas.

Another thing of interest about the old church is the bell. This has been transferred to the new building and will soon be installed and send out its soft tones inviting people to worship as it has done for many years. This bell was given by J. J. Wilson, Taylor Wilson and N. C. Patterson.

Sunday, March 17, will be remembered as a day of rejoicing and thanksgiving by the First Baptist Church of Junction. The beautiful spirit of Christian fellowship shown by the other churches of Junction will never be forgotten by the Baptists. Representatives were present from every religious organization in the city. Every church dismissed its services and worshipped with the Baptists.

The day was closed with a good sermon by Rev. Oren C. Reid. Being a home boy, ordained to preach by the local church his message was appreciated all the more.

CARD OF APPRECIATION

We wish to thank everyone for the many, many kindnesses shown us and Nettie, when her accident occured. Our friends have made it easier for us to bear our trouble. Not one of you shall ever be forgotten.

Mr. and Mrs. J. L. Wright and Family.

NEW CHURCH BUILDINGS

Funds are being raised and plans drawn for new church buildings for the Church of Christ and the Methodist Church. It has not been long since the Christians built a new building and the Baptists formally opened their new structure last Sunday.

With these two new buildings completed Junction will have some of the best church buildings of any town its size anywhere. With a liberal response on the part of the membership the two churches mentioned above hope to have funds raised soon and actual construction begun. The Church of Christ hopes to begin actual construction in a few weeks.

Westinghouse Light Plant

Why should a man living in the country be without lights and all electric conveniences?

THERE IS NOW NO REASON

The Westinghouse Plant will easily handle an electric refrigerator along with all other conveniences, such as an iron, vacuum cleaner, churn and water pump.

WHAT PRICE "ECONOMY!"

What yould you think of the housewife who only "occasionally" cooked her foods, or heated her house, or washed her dishes in order that she might save a little electricity, an arm full of wood and a few pails of water? Certainly you would admit that such "saving" was poor economy.

Yet, to save the price of ice, there are still many well meaning housewives who refrigerate their foods only "once in a while." "Penny wise, pound foolish," wasting far more than they save.

For less than the price of a good cigar a day, the average family can enjoy all the benefits of ice all the livelong year. 49c

Mrs. Ollie Fleming visited in Austin last week.

The Ramsey Variety Store Makes Progress

As announced in last week's issue of the Eagle, the Ramsey Variety Store will have its formal opening Friday, March 29. No goods will be sold at this opening, but the store will open with a special nine cent sale on Saturday morning, March 30. The sale closes the following Saturday. Mr. Ramsey states that he is making progress with arranging his store. The carpenters are now through with the building and the goods are being marked and put in place.

On the formal opening Friday afternoon from 3 to 6 o'clock, Mr. and Mrs. Ramsey and the sales force will meet the people and show the unique arrangement of the new store. Mr. Ramsey has several new features not found in the ordinary variety store. He will take pleasure in the formal opening to explain the features.

The readers of the Eagle are asked to read the advertisement in this issue setting out just a few of the hundreds of bargains offered in this opening sale. 49c

DOZEN ELK RECEIVED FOR SCHREINER ESTATE

Kerrville.—A shipment of 12 elk from Montana were received here Wednesday and Thursday for the private game preserve of L. A. Schreiner, local banger.

They were obtained upon application to the Federal Government, which shipped out many animals due to the fact that quite a few died during the winter from food shortage.

J. J. Dent, director of game preserves for the State, was in charge of moving the elk from the train to the Schreiner estates, near the city.

Eight buffalo, two large elks, several Canadian antelope and a number of native deer were in the Schreiner park before the arrival of the Montana elk, from a reservation at Dixon.

Dumb Dan Hisself

Professor (speaking on phone)—"You say that Billy Smith has a bad cold and will not be able to attend school today. Who is this speaking?"

Voice (hoarsely)—"My father, sir."

To do a thing right is to do it well, at the right time.

AUTHORITY TO MARRY VESTED IN PHYSICIAN

Authority to swains to embark on the matrionial sea after the next ninety days will be transferred from the county clerk to the family physician under terms of the "intention to marry" law signed several days ago by Gov. Dan Moody.

County Clerk, Fred C. Molone, who was busy writing the new forms that will be used by Texas county clerks, explained that a physician must give the male applicant for a marriage license a "clean bill of health" before the county clerk can issue a license. If the swain cannot pass the prescribed medical examination, the application for a license is cancelled by the county clerk.

The routine procedure under the new law requires the man seeking to marry to apply to the county clerk for a license. The clerk secures the necessary information, such as age of the intended bride and groom, their address and other data. He hands the groom a medical examination card to be returned in not less than three days after filing the application properly filled out by the medical examiner. The names of the medical examiner and date of issuance of the license is then entered into the record and the groom given the license.—Austin American.

He Is It

Freddie the Frosh gave his fraternity pin to that young Davis kid who lived out on Kay Street. One day when he called on her a new maid opened the door.

"Miss Frances is engaged, sir," said the maid.

"I know it," replied Freddie, "I'm what she's engaged to."

NOTICE OF TRUSTEE ELECTION

On Saturday, April 6, 1929, is the time fixed by law for the election of county and district school trustees.

It is the duty of the district trustees of the various schools in the county to order the election for said district trustees, post the notices and appoint persons to hold election. Likely this will not be done, however, the people are entitled to an election on said date whether this is done or not. If the people will hold the election, in other words, if you want an election held, come to my office, get the necessary supplies and either hold the election or get others to do so. The election polls should be opened at 8 o'clock and closed at 6 o'clock.

I hope you will understand that I can not help hold your elections and neither can I compel any person to hold them after the time passes. Please don't come to me and ask why no election was held. Just save yourself that trouble by asking yourself the question and then answer it.

If you desire to have your name printed on the ticket, you may make written application to me ten days before the election and I shall have same printed. On the same date, the same place and the same election, officers shall preside for the election of three county school trustees, one to be elected at large, one at Junction and one at London.

I trust you will become interested in these elections beforehand, and if you do not understand the law governing same I shall be delighted to explain matters as I understand them.

In electing trustees please bear in mind that persons must be able to read and write the English language intelligently, must have paid a poll tax before the 1st of Feb. and must have resided in the district for 6 months previous to the election.

J. B. Ranolph,
47-3c County Judge.

WILDCATS! WILDCATS in Junction. They won't bite, scratch, eat or run—but how they will WEAR! Guaranteed Work Pants and Overalls—they're built for harder wear than you can give them. See them at Schreiner-Hodges Co. 46-4c

TEXAS' OLDEST WEEKLY ENTERS 64TH YEAR

Bastrop, Texas.—The Bastrop Advertiser, the oldest weekly newspaper in Texas, has just entered upon its sixty-fourth year of continuous publication, having made its first appearance in Bastrop on March 3, 1853. The weekly was then only five columns wide, had four pages and was printed on a Washington hand press, which printed only one page at a time. The paper was established here by William J. Cain and the late Thomas C. Cain and remained under the ownership and management of the Cain family until a few years ago, having been edited and published by T. W. Cain, now a resident of Austin, for some thirty years prior to its sale to a stock company here several years ago. It is now owned and published by J. O. Smith, owner and publisher of the Elgin Courier, and is edited by H. A. Schaefer of this city. The plant is equipped with the most modern printing machinery.

Belief in God is your first step in a very successful career.

POULTRY COLUMN

(by P. W. Kammer)

The baby chicks want a square deal. Are you going to give it to them?

Don't over-heat or chill them.

Don't feed too soon and not too late.

Don't feed moldy or musty feed.

Give them plenty of sour milk.

Keep them free from lice and mites.

Don't over-crowd them.

Clean the coop often and thoroughly.

Don't let the rats get them.

Litter Eating

Frequently a great mortality is directly caused by the chicks eating litter, especially during the time, after they are placed in the brooder and before they are given their first feed. If the chicks are shipped to you, you may safely feed and water them just as soon as you receive them. If you do not want to feed them, after receiving, keep them in the boxes in which they came until you are ready to feed and water them. Keep boxes in a room with a temperature of about 70 degrees. If you are hatching your own chicks or are getting them from a local hatchery, place them in common baby chick shipping boxes in room with approximately above temperature, allow them to remain in the boxes until old enough to be given water and feed. In the past, thousands of chicks have died due to eating litter.

Cotton Seed Meal

It has been very carefully proven that cotton seed meal is not a very desirable ingredient in an egg mash, especially in large quantities. Heavy feeding of cotton seed meal produces an egg that will not keep in cold storage. A large portion of the eggs produced in the Spring go into cold storage. Everybody should be interested in producing a better egg, to help increase the consumption and bring about a better price. If you are feeding cotton seed meal, by all means, do not feed more than 7%. We believe it best not to feed any at all and use meat scraps instead. At this time of year, eggs must be produced that will stand up in cold storages. The best available information, at present, indicates we should discourage the feeding of cotton seed meal to laying hens, at least, until we know more about why cotton seed meal causes eggs to deteriorate in cold storages.

Most Profitable Way

Selling the raw material off the farm soon depletes the soil and at best is not profitable. Why not convert some of these raw materials into eggs and meat. Let the hens transform the raw material into a finished product. You gain these points, save on fertilizer bill each year, save on freight in the difference between transporting 100 lbs. of raw material to 15 to 20 lbs. of the finished product. One hundred pounds of feed will produce 20 dozen eggs weighing about 30 lbs. the rest is returned to your farm as fertilizer.

RAT TAPS WATER PIPE

A bill of $49.80 was recently paid by a co-operator of the Biological Survey of the United States Department of Agriculture for repairing the damage caused by one rat and its family. It was first noticed that water was dripping from the ceiling of a room directly under the bathroom, and then more than a square yard of plastering came down. The plumber who was called in had to move the bathtub and take up the floor to locate the trouble. He found that a rat had gnawed a hole about a quarter of an inch in diameter in the lead water pipe near the trap, apparently to quench his thirst. The constant drip from this little hole ruined the ceiling below. The householder invested immediately in a box of barium carbonate and a rat trap, and no more traces of rats have been found since this expensive visitation. The Biological Survey states that it is not at all an uncommon occurrence for rats to gnaw lead pipes or when thirsty to go long distances to get water.—Farm and Ranch.

$10,250,423 OF WRIGHT PLANE MOTORS ORDERED

New York.—Orders for engines of the Wright Aeronautical Corporation received so far this year total $10,250,423, including unfilled orders of $2,592,025 on hand December 31, compared to sales of $8,781,516 in the entire year of 1928. President Charles L. Lawrence disclosed Saturday in his annual report to stockholders.

—o—

Water with which dairy utensils are scalded must be boiling hot to be effective. The method sometimes used of rinsing one utensil after another by pouring water from one to the next does not sterilize them. By the time the last ones are reached the rinse water which was boiling hot to start with has become cooled and so heavily infested with bacteria that it may be worse than useles.

CHEVROLET

A Quarter Million

NEW SIX CYLINDER CHEVROLETS *on the road* since JAN. 1st

To satisfy the tremendous public demand for the new Chevrolet Six, the Chevrolet Motor Company has accomplished one of the most remarkable industrial achievements of all time. In less than three months after the first Chevrolet Six was delivered to the public, the Chevrolet factories are producing 6,000 cars a day. As a result, more than a quarter-million new Chevrolet Sixes have been delivered to date—and this tremendous popularity is increasing every day! For the new Chevrolet Six offers, in the price range of the four, all the superiorities of a fine six-cylinder automobile: smoothness and freedom from vibration or rumble at every speed—swift acceleration and ample reserve power—beauty and style such as only Fisher bodies provide—scores of modern features contributing to comfort, convenience and ease of control! See this remarkable car today!

Junction Trade Notes

One who has been away from Junction several years, and now returned, is naturally surprised at the town's growth; and the next few years will show even greater improvement, unless the laws of God and gravitation should fail.

A travelling salesman, who makes weekly trips to Junction, says this little city is the most delightful place on his route and he wants to stay longer every time he comes.

Plans for a $30,000 church building for the Methodist congregation of Junction are being drawn by an architectural firm in San Antonio. The building will be in face brick and tile, with auditorium, basement and classrooms for the church school. The Church of Christ of Junction has plans in the making for a beautiful new church, soon to be erected.

Included in the March budget of the State highway commission is 14 miles on the O. S. T. from Junction west, which was awarded to Kelley Construction Co.

Planting seeds in stock: Sudan, Hegari, Dorso, Dwarf Maize, Kafir, Feterita, Big German Millet, Red Top Cane, all certified seeds from the South Puains. **Gann Grocery Company.**

Ira Deaton of Sanderson recently contracted sale of 2500 unborn lambs to the Alpine Sheep Co., delivery in September, at $7.50 for ewe lambs and 10c lb. for weather lambs.

Representative Penrose Metcalf of San Angelo, upon his return home after adjournment of the Legislature, stated to his home paper that Representative Coke Stevenson may be one of the favored candidates for next speaker to succees Speaker Barron. Mr. Metcalf ascribes to the Kimble County representativee's outshanding ability as a legislator.

Mr. and Mrs. Ed Barfield of the prosperous Divide section were in Junction Tuesday shopping ranch supplies. Mrs. Barfield has 150 baby chicks scratching in the barnyard and others coming on.

March weather is functioning satisfactorily in Junction territory. Rains have inetrferred t osome extent in the shearing of goats but this condition will work advantageously in the end. The spring accumulation of mohair at Junction Wool Warehouse is expected to reach above 200,000 lbs. and the price should be around 60c and 70c. Incidentally, we may state that mohair is the "cream in Kimble County's coffee."

WOMANLESS STYLE SHOW

A packed house witnesses the womanless style show given by the Fidelis Class of the First Baptist Church at the high school auditorium last Friday evening. The "beautiful" models were lovely in the pretty dresses and coats shown during the evening. Several women learned that their husbands make better looking "women" than they do men.

It was an evening of fun for the large crowd that saw the show. The Eagle is very sorry that it could not get a list of the models. They performed their parts well. The Glossbrenner twins with their musical numbers added much to the pleasure of the evening.

THE NEW FORD

A five-mile hill climb with short, dangerous turns was won by a standard Model A phaeton, privately owned, in Athens, Greece.

During 1928 the Ford Motor Co. delivered 51 Ford Planes to purchasers. The present production schedule calls for one plane every two days but plans are being made for even larger production.

Two models are now being manufactured—Model 4AT powered by Wright engines of 300 horse power each, speed 126 miles per hour; seats for 12 passengers; a baggage hold and washroom.

The second Model, 5AT, is powered by three Pratt & Whitney Wasp engines with 410 horse power each; with accommodations for 14 passengers. The Pennsylvania Railroad and Transcontinental Air Transport have ordered 10 planes of the 5AT type to be delivered early this spring for service in the combination air and rail passenger service to be operated between Los Angeles and New York.

This is something worth while to think about, Let us get busy and get an airplane landing field for JUNCTION.

Registrations for January in Cook County, Illinois, in which Chicago is located, show that 2255 Model A cars were sold during the month as against 616 for the next nearest car. The Ford figure was 33.8% of the total registered for the month, 6674.

There are 65 new Fords in Kimble County now. Some of them have run over 15,000 miles, as far as the average family car is run in two to three years. They are all in fine shape and the paint job looks like new when you wash one of them. That's Quality throughout. Ask any of the owners how they like their new Ford.

A demonstration does not obligate you in any way and costs you nothing. We are at your service and we are here TOMORROW to back up what we tell you TODAY. Buy a Ford and SAVE the difference.

POSTED — Hunting, fishing and trespassing of any kind on the Wright ranch will be prosecuted. **Howell Wright.**

School Notes

Junior Stevenson has returned to Schreiner High School after going to school for a few months in Austin. We are glad to have him back and he seems glad to be with us again.

The girls on the basket ball team have ordered their sweaters and expect to get them soon.

The county meet will soon be here. The dates set for the meet are March 29-30. Friday all literary events will be held and Saturday all track events will be held. There are fourteen girls and five boys in the Junior Declamation division, and two girls and four boys in the Senior Declamation division. There will be spelling contests also. These contests will be interesting and a large crowd is expected to witness them.

Two new pupils, Oma and Dorothy Cardwell, have enrolled in the grades.

Since the skating rink opened there has been an astonishing amount of sickness in High School. It is alarming how easily these strong, healthy boys and girls can get sick. Mr. Cowles has had to make a new rule on account of this sudden epidemic. From now on all pupils who claim to be sick will be excused but when they return to school they must have a note from their parents stating the exact time they reached home and the time that they were "able" to leave home.

Mr. and Mrs. Bowers spent the week-end with relatives in Putnam and Rising Star.

The annual track meet at Sonora on March 9 proved to be a great success. The towns represented were, Sonora, Ozona, Junction, Eldorado, Rocksprings, Lake View and Shristoval. We are glad to say that Junction won twenty points in the contests. The boys representing Junction were Fred Beasley, Frank Hubbell and Russell Lavelle. Lavelle won the mile race against twelve contestants; Beasley won first place in putting the shot; and Hubbell won second place with the javalin. They also won a few third and fourth places.

CHURCH OF CHRIST

Bible classes will meet at 10 a. m., preaching at 11 a. m. and at 7:30 p. m. We hope to have a good attendance at all services.
J. S. Newman,
Minister.

LOST—Dinner ring with 3 small diamonds. Reward.

Society

GRANDMOTHERS ENJOY BIRTHDAY PARTIES

One of the most delightful affairs of the past week occurred Saturday afternoon when Mrs. Jas. A. Miller surprised her grandmother, Mrs. Henry Murr, with a birthday party at Mrs. Miller's residence.

On Sunday, St. Patrick's Day, Mrs. Murr was eighty-two years of age. She has lived in Kimble County many years and is loved by all who know her.

The rooms were made gay with cut-outs of Shamrocks and green pot plants furthere carried out the St. Patrick's Day motif.

When Misses Madaline Ragland, Maydelle Lowry and Maude Boone sang "The Wearing of the Green" accompanied by Miss Vivian James at the piano, Mrs. Slator Fleming presented her grandmother, Mrs. Murr, with a basket filled with gifts from her friends, for which Mrs. Murr expressed her appreciation.

Chicken salad, potato chips and tea were served with the green birthday cake which was iced in white. Dainty shamrocks bearing Irish hats or clay pipes were the cunning plate favors.

Those present were Mesdames Pickett, N. H. Skaggs, M. N. Harrison, L. H. Jetton, T. M. Hodges, Ada Dockery, A. E. Bissett, E. Holekamp, John Kountz, N. C. Patterson, H. Lucke, Mae Sandherr, Slator Fleming, Tom Johnson of Kerrville, Hy Murr, the honoree, and the hostess.

CARD OF THANKS

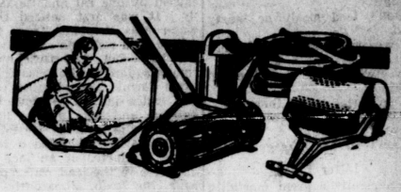

The Fidelis Class of the First Baptist Church desires to thank the following for services rendered during the "Womanless Style Show" given at the High School auditorium last Friday evening:

Mrs. J. C. Croft, E. D. Porter, Misses Vivian James, Flossie Boone, Julia Weathered, Mary Hubert, Mr. Lee Craven and Taylor Brothers.
