Truckers Strike Nationwide Today

By CHERYL DEBES
Associated Press Writer

ARLINGTON HEIGHTS, Ill. (AP) — Teamsters Union members marched in picket lines today as talks resumed in an effort to end a nationwide trucking strike.

Negotiations, which continued into the early morning but failed to bring about a settlement, resumed shortly after 9:30 am. CST with wages, fringe benefits and a cost-of-living clause still the sticking points.

The strike was the first nationwide by truckers, and there were scattered reports of violence as picket lines were thrown up in a number of states from Connecticut to Colorado.

The Teamsters haul about 60 per cent of the nation's manufactured goods, and the walkout threatened a major blow to the economy.

The Interstate Commerce Commission took temporary steps to help insure the movement of passengers and property so that "essential services are not totally disrupted."

Auto officials said they were worried that the industry could be crippled within a couple of days, shipments of gasoline could be in peril in Florida and a supermarket manager in Terre Haute, Ind., feared a run on his grocery shelves.

Labor Secretary W. J. Usery Jr. and other top federal troubleshooters had no comment today and there was no word from the White House whether President Ford would seek a Taft-Hartley injunction.

In Cleveland, police said two men fired at trucker Paul Allen, of Marilla, N.Y., as he drove through the city early this morning. Officers said Allen's cab was hit twice but he was not injured.

In Detroit, where truck company employes reported operations paralyzed, police said a 23-year-old man was beaten by several picketers when he tried to park his truck at the International Cartage Co.

State Police at Rockford in the southwestern corner of Michigan said a group of men threw rocks at trucks near Michigan 50 and Interstate 96. No injuries or arrests were reported.

It appeared that the strike might have an immediate effect on the auto production, which has been on the upsurge in recent months after last year's poor performance.

In Detroit, Richard Haupt, director of transportation and traffic for Ford Motor Co., said today the walkout "would have some immediate effect. In one week it could completely halt production of the company's cars and trucks in the U.S."

A General Motors Corp. spokesman said GM would begin to feel the effects almost immediately. He said if a settlement was not reached, GM probably would have to begin closing some plants early next week.

Strike Hits Major Cities In Texas

By The Associated Press

A nationwide strike by the Teamsters union has hit the major cities of Texas, threatening the supply of some grocery items and cutting sharply into interstate business.

William Baker, president of the Houston Fresh Fruit and Vegetable Assocation, said perishable items are hauled to that city almost exclusively by independent truckers and "the strike should have little effect in that area."

Spokesmen for major supermarkets said, however, that as much as 50 per cent of other grocery items are brought in by truck and this could have an impact if the strike is a long one.

Fred Pauly, president of Blue Ribbon Packing Co. of Houston, said worries about the strike probably caused the 1½ to 2 cents a pound increase in the wholesale price of beef during the previous three days.

Five interstate trucking firms were shut down in Austin with an estimated 65-80 Teamsters on strike. An official of Central Motor Freight, a nonunion company, said he expects business to decline by at least 25 per cent because of the loss of interstate shipments.

Wholesale Prices Rise During March

WASHINGTON (AP) — Wholesale prices reversed a two-month decline and rose two-tenths of a per cent in March despite another sharp drop in farm prices, the government said today.

The Labor Department attributed the over-all increase to higher prices for processed foods and feeds and industrial goods, which offset a 1 per cent drop in wholsale prices for farm products.

Wholesale prices have fluctuated within a narrow range during the last five months, and the March increase was within line with Ford administration forecasts.

The two-tenths of a per cent increase, adjusted to account for seasonal influences, compared with declines of three-tenths of a per cent in February and two-tenths of a per cent in January. Prices were up only slightly in November and December.

The Labor Department report included the annual readjustment of seasonal factors to reflect developments throughout 1975. For this reason, some of the seasonally adjusted figures of recent months differed from those previously reported. Originally, the government said wholesale prices had declined or remained unchanged during the four-month period between October and February.

Despite the adjustments, wholesale prices have remained in a relatively stable range in contrast to the sharp increases throughout most of 1975.

Administration economists predict the economic recovery will continue this year, but say the rapid declines in the unemployment and inflation rates of the past few months are unlikely to continue.

In March, the wholesale price index stood at 179.8, meaning that it costs wholesalers $179.80 to buy goods that sold for $100 in the 1967 period.

Over the year, wholesale prices were up 5.5 per cent. Wholesale price changes generally reflect prices consumers eventually pay for goods.

Declining prices for livestock, fresh and dried vegetables and oil seeds led the 1 per cent drop in wholesale farm prices last month. However, the decline was not as great as January's 2.3 per cent drop and the 2.5 per cent decline in February.

Prices for processed foods and feeds, which had been falling since October, were up two-tenths of a per cent in March. Industrial commodities rose four-tenths of a per cent, compared with increases of one-tenth and five-tenths of a per cent in February and January, respectively.

On Wednesday, the Agriculture Department said that prices farmers get for raw agricultural products — the first step up the consumer ladder — declined 1.5 per cent in March. However, they still averaged 12 per cent higher than a year ago.

The Agriculture Department's Crop Reporting Board said lower prices for hogs, milk, eggs and cattle contributed mostly to the decline during the period from Feb. 15 to March 15. Higher prices for lettuce, tomatoes, lemons and cotton partially offset the drop.

Although farm prices are valuable economic indicators.

The SDN Column

The 1975 annual report of Santa Fe Industries has on its front cover a reproduction of the front cover of an 1876 timetable of The Atchison, Topeka and Santa Fe Railroad.

It proclaimed "The new and direct route from Kansas City and Atchison to Pueblo, Colorado Spring, Manatou, Denver, Canon City, Cucharas and Trinidad and all points in Colorado."

At that time, the Santa Fe boasted "Six Hundred Miles of River, Plain and Mountain Scenery."

C.F. Morse was the general superintendent and T.J. Anderson was the general passenger agent. Their offices were in Topeka.

March got in its final freezing licks Wednesday morning, as the official thermometer here dropped to 31 degrees, which came as no surprise. In fact, it would be no surprise if another morning in the low thirties occurs 2½ weeks hence. That will be Easter morning, which is noted for its frosts, regardless of whether Easter comes in late March or late April. The "Easter spell" is considered normal.

But, as April makes its debut, the temperature is not the primary weather interest around here. The two big questions are, will the April showers make their appearance, and will the March winds depart?

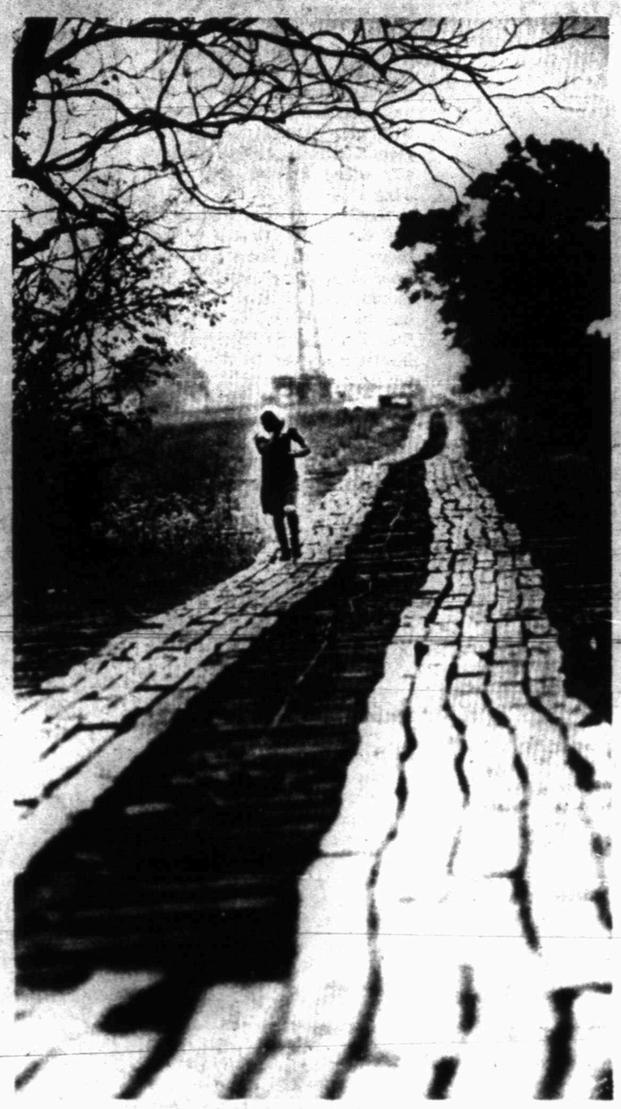

★ ★ ★

Speaking of weather, "Observations," a publication of Mobil Oil Corp., reports that a hibernating bear did what sub-zero temperatures, howling winds and heavy snows couldn't do.He stopped work on the 800-mile Trans-Alaska pipeline. A survey crew stumbled on a hole in its path—and the hole growled. All survey activity on the $7 billion line within a quarter mile of the bear was suspended until his nibs finally woke up and moseyed away several weeks later. They have labled him "The Seven Billion Dollar Bear."

Persons who progress in education above the eighth grade level are unlikely to wind up in prison. That is one indication that may be gleaned from statistics compiled by the Texas Department of Corrections. They found that 94.5 per cent of the inmates scored below the eighth grade in educational achievement. The average for the system was between the fifth and sixth grade levels. The percentage dropped to 1.7 at the ninth and 10th levels, and obviously was negligible from there upward.–WACIL McNAIR

Army Plans To Cut 29 Bases

WASHINGTON (AP) — The Army said today it plans to close or impose reductions at 29 forts and other bases in a move to cut non-essential overhead and save at least $42 million.

The actions would result in elimination of 4,500 civilian jobs and transfer of 13,128 servicemen and civilian workers.

The affected bases, ranging from forts to small district recruiting headquarters, are located in 17 states, the District of Columbia and Puerto Rico.

The Army plan is conditional largely on the outcome of studies assessing the impact of the moves on the environment and factors such as employment, schools and housing. The studies are required by law and will take up to nine months.

Counting cutback plans announced by the Air Force and Navy last month, the new Army actions bring the total of affected bases to 160, the number of jobs to be reduced to 22,000 and the claimed annual savings to about $248 million.

Sixteen of the 29 bases or forts would be closed. They include: Ft. Hamilton and Ft. Totten, N.Y.; Ft. MacArthur, Los Angeles; Ft. Buchanan, Puerto Rico; the Savanna Army Depot, Ill.; the Jefferson Proving Ground, Ind.; Arlington Hall Station, Va.; Vint Hill Farms Research Station, Va.; and family housing at Schilling Manor, Kan., and seven district recruiting headquarters.

The most heavily affected base is Ft. Devens, Mass., which would lose 4,372 military personnel and 846 civilian jobs with the planned transfer of the Army Security Agency Training Center, a special forces group, an engineer battalion and other troop units elsewhere. Ft. Devens would be left only with a reserve training mission.

Next hardest hit would be the Aberdeen Proving Ground, Md., which would lose 1,578 military and 741 civilian positions with the shift of an ordinance school to Redstone Arsenal, Ala., and relocation of some other activities to Ft. Eustis, Va.

In a separate action not related to the base cutbacks, the Army announced it wants to set up headquarters of a new electronics research and development command in the Washington area, which would mean removing some activities from Ft. Monmouth, N.J.

Another proposed reorganization, the Army said, would involve establishing headquarters of a new Army aviation research and development command in St. Louis.

Today In History

By The Associated Press

Today is Thursday, April 1, the 92nd day of 1976. There are 274 days left in the year.

Today's highlight in history:

On this date in 1945, in the Pacific War, more than 1,400 Allied ships began the invasion of Japanese-held Okinawa.

On this date:

In 1789, the U.S. House of Representatives held its first full meeting, convening in New York City.

In 1918, Britain separated Burma from India, making it a separate crown colony.

In 1939, Generalissimo Francisco Franco announced that the Spanish Civil War was over, and the United States recognized his government.

In 1946, the United States told Cuba it would give up bases held on the island during World War II.

In 1963, New York City newspapers resumed publication after being closed down nearly four months in a labor dispute.

Ten years ago: An overwhelming election victory by the British Labor Party gave Prime Minister Harold Wilson a clear mandate for another term in office.

Five years ago: President Nixon ordered Lieutenant William Calley released from the stockade and confined to officers quarters at Fort Benning, Ga., during review of Calley's conviction of murdering South Vietnamese citizens and sentence to life imprisonment.

One year ago: Former Treasury Secretary John Connally was put on trial in Washington on bribery charges. He was acquitted.

Bicentennial footnote: Two hundred years ago today, General George Washington was busy at his Cambridge, Mass., headquarters preparing to move his army to New York after the British evacuation of Boston.

The Weather

SNYDER TEMPERATURES: High reading Wednesday, 72 degrees; low reading, 31 degrees; reading at 7 a. m. today 42 degrees

Northwest and Southwest Texas: Fair through Friday. Low tonight 42 north to 52 south except 25 mountains. High Friday 75 Panhandle to near 40 Big Bend.

North Central and Northeast Texas: Fair and warmer tonight. Partly cloudy and a little warmer Friday. Low tonight 47 to 56. High Friday 78 to 86.

South Central and Southeast Texas: Increasing cloudiness and not as cool tonight. Partly cloudy and warmer Friday. Low tonight low 50s northwest to low 60s south. High Friday in 80s.

Coast: Southeast to south winds 10 to 15 knots tonight, increasing Friday. Patchy fog tonight and early Friday. Seas 3 to 5 feet tonight, increasing Friday.

Panel To Eye Marine Abuses

WASHINGTON (AP) — Rep. Crarles Wilson, D-Tex., said today that a House Armed Services panel will hold hearings on abuses in Marine Corps recruitment and training practices.

Wilson told a news conference that he has been assured by Rep. Lucien Nedzi, D-Mich., that the military personnel subcommittee which Nedzi chairs will investigate the situation.

Wilson said his concern with training abuses by the Marine Corps was prompted by the death of a 20-year-old Marine recruit, Lynn McClure of Lufkin, Tex.

According to Wilson, McClure had been recruited into the Marines despite a history of mental retardation and arrests. The youth was injured Dec. 6, 1975, at the Marine base in San Diego, Calif., and died March 13 at a hospital in Houston.

Wilson was joined at the news conference by Reps. Toby Moffett, D-Conn., and Frank Horton, R-N.Y.

Moffett recounted how a Marine recruit from his district, Lawrence Warner of Plainville, Conn., collapsed and died of viral meningitis shortly after arriving last December at the Marine's base at Parris Island, S.C.

NYC Transit Strike Averted

NEW YORK (AP) — Fiscally strapped New York City averted a potentially crippling transit strike early today when negotiators for city bus and subway workers tentatively agreed to accept a two-year labor contract that provides point-for-point cost-of-living raises.

About 30 minutes before the 34,000 members of the local Transit Workers Union were due to strike, Transit Authority Chairman David Yunich announced, "I have some good news for all New Yorkers. We have reached an agreement."

Yunich said the agreement calls for a cost-of-living hike of one cent an hour for each .3-point increase in the city's cost-of-living index.

Junblatt Forces Agree To Five-Day Cease Fire

BEIRUT, Lebanon (AP) — Leftist leader Kamal Junblatt agreed conditionally today to a five-day cease fire in Lebanon's civil war to allow election of a new president.

Christian President Suleiman Franjieh would have to resign within the same period, Junblatt told correspondents after a crucial strategy session with his allies.

There was no immediate comment from Franjieh.

Syria earlier today threatened military intervention in Lebanon's civil war unless Junblatt's forces agreed to a cease-fire.

A Damascus statement said continued warfare would lead to partition of the country, "the biggest crisis in the Arab world's history."

In Washington, Jordan's King Hussein said he would support Syrian armed intervention in order to "maintain the balance and separate the warring factions."

Junblatt said the leftists would meet with Palestinian guerrilla leaders later to set the time for beginning the cease-fire and decide how it is to be enforced.

Since the war erupted a year ago, an estimated 14,000 persons have been killed, hundreds in the past few weeks after a Syrian-sponsored cease-fire broke down.

The war is over demands by the Moslem majority for more say in Lebanon's political and economic life, and Christian resistance to these demands until the Palestinian guerrillas are reined in.

Sources said each side would monitor the latest proposed cease-fire to see that fighting forces obeyed the truce. A leftist spokesman said regular Palestinian troops of the Palestine Liberation Army (PLA), who come under close Syrian control, would be excluded from the peace-keeping arrangement.

"The new president will have to accept the reform program of the national forces, otherwise the battle begins again," the spokesman for the Nasserite "Ambushers" militia said.

Junblatt made clear that his forces, who now have the upper hand militarily, would not join in a permanent truce until Franjieh's right-wing Christian foes agreed to Moslem dominance instead of the 50-50 power-sharing which Syria has been sponsoring.

Junblatt announced his agreement to the temporary cease-fire as fighting tapered off throughout the country. Police said rival forces exchanged light machine gun fire throughout the day with only a few artillery shells traded.

The planned cease-fire came less than 24 hours after special U.S. envoy L. Dean Brown arrived on what he said was a fact-finding mission.

Quinlans Relieved With Court Ruling

TRENTON, N.J. (AP) — "This is the decision we have been praying for," said Julia Quinlan after learning her 22-year-old comatose daughter may be allowed to begin the natural process of dying.

The New Jersey Supreme Court ruled Wednesday the mechanical respirator keeping Karen Anne Quinlan alive for nearly a year in a "vegetative state" could be removed if doctors agree her condition is hopeless.

In a 7 to 0 decision, the court appointed Joseph Quinlan legal guardian of his daughter and said he could let her die if competent medical authorities decide the girl's condition is irreversible and that there is no reasonable possibility of her recovery.

She has been in a coma at St. Clare's Hospital in nearby Denville since April 15, 1975, after apparently ingesting alcohol and tranquilizers.

The state attorney general's office said there would be no immediate decision on whether to take the case to the U.S. Supreme Court, the only avenue of appeal. The Quinlans said they would give the state time to consider an appeal before asking to have the respirator disconnected.

"We hope at the last minute the Lord will take her and we won't have to remove her from her respirator," the girl's father said.

But, he added, they will order the life support treatment stopped if left with that decision.

The Quinlans, flanked by three Roman Catholic priests at their parish church in Mount Arlington, sat calmly and faced a room full of reporters on Wednesday night. They discussed the court's decision that their daughter and others who are beyond medical restoration have a right to die, based on the constitutional protection of personal privacy.

Two days earlier, they had observed their daughter's 22nd birthday at a private Mass.

"There is no hope and there hasn't been any," said Mrs. Quinlan, who told reporters she wept when the family lawyer, Paul Armstrong, telephoned from Trenton to tell thm of the decision.

"I feel this responsibility has been put on us by God. We have to act on it. Once we made our decision, we never had any doubt," Quinlan said.

The Quinlans said their daughter's condition has not changed since last October, when one doctor said she was in "a persistent vegetative state."

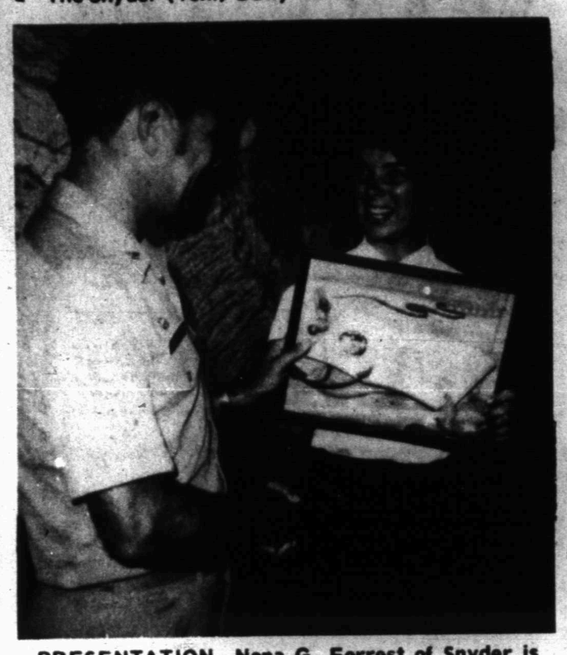

UIL Plays On At WTC

Students from high schools in the north and south zones of District 9B are presenting one-act plays in University Interscholastic League competition today at Western Texas College.

The competition began at 1 p.m. in the Fine Arts Theatre, with Jerry Watson of Midland and Ronald Schultz of Lubbock as judges.

The schools competing and the titles of the plays are: Jayton, "To Burn a Witch." Hermleigh, "Antic Spring;" Fluvanna, "The Adventures of Huckleberry Finn;" Hobbs, "Winter's Harvest;" Ira, "The Horned Man;" Highland, "Antic Spring;" Westbrook, "The Cross Patch;" Loraine, "The Steadfast Tin Soldier."

Students from several Class A schools will be on the WTC campus next Wednesday and Thursday for regional one-act play and debate competition.

PRESENTATION—Nona G. Forrest of Snyder is shown receiving the Honolulu Naval Communications Station's "Military Member of the Quarter" award

Snyderite Is Honored At Naval Station

Nona G. Forrest, 23-year-old daughter of Mrs. Loel Forrest of Dermott, is the first person to be selected Honolulu Naval Communication Station's "Military Member of the Quarter." She is a Radioman Seaman assigned to the Operations Division of Lualualei, Hawaii.

The new title, Military Member of the Quarter, replaces the old title, Sailor of the Quarter.

In recommending her for the honor, Lieut. Commander D.F. Hanson said, "Seaman Forrest has consistently demonstrated those qualities of professionalism, behavior, and adaptability normally only found in rated petty officers."

Nona, a native of Snyder, graduated from high school in Springer, N.M. She attended Western Texas College. She joined the Navy in May, 1974.

Her mother, Mrs. Loel Forrest, is employed at the Scurry County Public Library.

Dr. Welby, Eight Others Canceled

NEW YORK (AP) — Kindly old Dr. Marcus Welby, who helped the ill on TV for seven seasons, has succumbed to a dread disease: Low ratings. And ABC has canceled his series, along with eight others.

The funeral notices came Wednesday, as ABC became the first of the three networks to announce its new evening program lineup for 1976-77 after enjoying one of its best seasons in the ratings this year.

It said it was putting nine new series in its fall lineup — four situation comedies, two variety shows, an all-woman private eye show, a police show and a lady lawyer series.

It also said it may renew either "Rich Man, Poor Man" or "Family," two dramatic miniseries that premiered this year, for a full season. It said a decision on which will return next fall is pending.

In addition to canceling "Marcus Welby, M.D.," ABC said it also was dropping "The Rookies" after four seasons on the force.

Also out are "Harry O," in its second season, "S.W.A.T.," which began in February 1974, and three mid-season replacement series, "Superstar," "Almost Anything Goes" and "Good Heavens."

Two familar faces from past hit shows on ABC will be returning next season — Robert Stack and Tony Randall.

Stack, the grim-faced leader of "The Untouchables" from 1959 to 1963, is back fighting crime as a big-city homicide detective in "Most Wanted."

Randall, the prissy half of the old "Odd Couple" series, is returning in "The Tony Randall Show," a situation comedy in which he plays a Philadelphia judge constantly bemused by the antics of his family.

Another sitcom costar getting her own ABC series is Nancy Walker, who plays the mother of the title character in CBS' "Rhoda." Next fall, she stars in "The Nancy Walker Show," cast as a talent agent, who is married to a retired Navy officer and is the mother of a married daughter.

ABC's two other new sitcoms are "Homes and Yoyo," about a cop whose partner is a robot, and "Mr. T. and Tina," about a widowed Japanese businessman who moves to Chicago and, ABC says, "unwittingly hires a scatterbrained girl as governess for his kids."

Farrah Fawcett-Majors, wife of Lee Majors, star of ABC's hit "Six Million Dollar Man," is getting her own ABC series. She'll costar as one of three female private eyes in "Charlie's Angels" next fall.

Despite the failure of CBS' "Kate McShane" and low ratings for NBC's "McNaughton's Daughter," ABC will try again with a new female attorney series called "Feather and Father."

Probation Is Revoked Here

Probation of Terry Ron Clay was revoked in 132nd District Court today, and he will have to serve a three-year prison term.

Clay was originally convicted Nov. 25, 1974, on a charge of illegal possession of marijuana in the amount of more than four ounces.

Probation was revoked because he was apprehended Jan. 30, 1976 on a charge of illegal ppossession of marijuana in the amount of less than two ounces.

Capernicus, in 1543, published a book saying the earth and other planets traveled around the sun.

Should 'Other Woman' Help Bury His Wife?

By Abigail Van Buren

© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: I am a happily married woman. I've had a very close relationship with a man who is also happy with his wife. We are both in the same type of business, and we see each other frequently to discuss business matters or just to have a friendly get-together. We have been to bed together during business trips, but neither of us thinks of it as any great love affair. We are just friends who enjoy all sides of our relationship.

About a year ago, his wife found out about us and got all uptight. (I don't blame her.) After that, we stopped seeing each other socially, but when we meet on business, the close romantic feeling is still there.

Now I've heard that this man's wife has a terminal illness and hasn't much longer to live.

When she dies, should I attend the funeral? If my husband were to die, I'd want this friend of mine to attend the funeral, but I don't know if he would feel the same way.

Should I ask him? That seems so crass. Please advise me.

OLD FRIEND

DEAR FRIEND: Don't ask him. And don't attend the funeral. I think he'll probably appreciate your absence.

DEAR ABBY: I am a widow in my mid-50s, and I live in an exclusive high rise apartment. Last month a bachelor moved into the apartment next to mine. This man has an electric organ, that I can hear him playing nearly every evening.

I don't mind that, but he also has a Boston bulldog that "sings" while he plays the organ. The dog's "singing" consists of a howling sound, but he very often hits the right note, begins at the beginning of every song and finishes at the end. (Sometimes the man "harmonizes" with the dog.)

The man is very attractive, and appears to be in his 60s. I understand he is a retired physician.

I suppose he is lonely, but I'm sure he could do much better than a singing dog for company. How do I meet him?

THE LADY NEXT DOOR

DEAR LADY: Invite him over for a T-bone steak dinner and tell him you'll save the bone for his dog.

DEAR ABBY: My husband and I are in the process of seeking an inexpensive way to get a divorce. We are already living apart and are in total agreement on everything, including the custody of our child and the visitation rights. All we have to do is get it all down in writing and make it legal.

We inquired at the Legal Aid Society but were told that we don't qualify for low-cost legal aid because we are both gainfully employed.

The other alternative is a "divorce kit," which is a kind of "do-it-yourself" divorce, costing $95 for papers plus a $3 fee for filing.

As we see it, the $3 fee is the only necessary action to be taken by us. Isn't it possible to write up our own legal papers and have them notarized?

Why do we have to go through with the expense of having a lawyer write up the papers when we are in complete agreement on all the terms?

FRIENDLY PARTING

DEAR FRIENDLY: Regardless of how "friendly" and "in agreement" you two may be, I would still recommend legal counsel. Some of those "do-it-yourself" divorces are more expensive in the long run than the regular kind are.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (26¢) envelope.

Ford To 'Court' Texas

DALLAS (AP) — Texas, considered a key state in the Republican battle for the presidential nomination, will be the object of some courting by President Ford this month during two quick visits to the state.

White House sources Wednesday said only that "there are reports" that Ford will come to Texas around the second weekend in April, but other sources in Texas said the President will be in the state April 9-10 and again April 28-29.

Ford's visits will be political campaign affairs designed to shore up defenses in the state to meet the challenge of former California Gov. Ronald Reagan in the May 1 primary.

"It is a campaign trip and the whole thing is being coordinated by his campaign headquarters," said Texas GOP chairman Ray Hutchison.

Reports published in Dallas said Ford will first come to Texas on April 9 for a speech at the Alamo in San Antonio and then will fly to Dallas for a political rally.

The next day he will hold a news conference and then go to Abilene and Amarillo for speeches there and then return to Washington.

The tentative schedule for the second trip has Ford landing at Fort Worth for a speech there and then flying to Houston for a fund-raising dinner.

The President also will visit Lubbock on April 29 and then will fly East to Tyler and possibly Longview.

Simon Is Optimistic Over NYC

By MIKE WATERS
Associated Press Write

WASHINGTON (AP) — Treasury Secretary William E. Simon told Congress today he is cautiously optimistic that New York City can solve its financial problems.

Sen. William Proxmire, chairman of the Senate Banking Committee which heard Simon's testimony, said the city must succeed because Congress will not extend its government's loan or provide the city any other federal help after June 1978.

"Looking at the balance of the three-year (loan) period, there is now a basis for a degree of cautious optimism ...," Simon said. "I believe the job can be done and done within the allotted time frame. I believe the job can be done without disrupting essential services.

"And, most importantly, I believe the rewards of doing the job well and properly are potentially enormous."

Planetarium Show Deals With Spring

"The Coming of Spring" will be the title of the April show at the Western Texas College planetarium starting at 2 o'clock Sunday afternoon.

The show is open to the public and tickets are to be purchased between 1:45 and 2 p.m. in the planetarium. Tickets are $1 for adults, 50c for students or $2 for family groups.

The program will open with a look at the skies over Snyder. Mickey Schmidt, planetarium director, will point out some of the better known constellations which may be seen at this season.

He will also point out where Comet West may be seen between about 3 a.m. and sunrise. Comet West, first located late last year, has broken into four parts and is becoming fainter, Schmidt said, but it may still be located in the eastern sky near the constellation Delphinus, the Dolphin.

The planetarium show will discuss how scientists determine the time of the arrival of spring to the nearest hour and why we have leap years. Schmidt will explain about "leap seconds" which are periodically added by the Bureau of Standards.

WATER SAMPLING—Survey teams sponsored by the U.S. Government have begun collecting water and stream sediment samples throughout the nation as part of a comprehensive effort to find new sources of uranium to supply future energy needs. The survey, called the National Uranium Resource Evaluation Program, is being carried out by the Energy Research and Development Administration with the assistance of the U.S. Geological Survey and state agencies. (The surveyor in this photo is James Lore of Oak Ridge, Tenn.)

Uranium Hunters To Work In Area

OAK RIDGE, Tenn.—A special survey team supported by the Energy Research and Development Administration will be working in the Snyder area for the next several weeks to take samples as part of a program to assess United States uranium resources.

The objective of this program, which is being conducted on a nationwide basis, is to complete a systematic survey of the nation's surface waters, groundwaters and stream sediments by 1980. One of the goals of the program is to assist private uranium exploration efforts by furnishing information which will identify potential new areas favorable for uranium exploration.

The program is being conducted under the overall management of the Grand Junction Office of the Energy Research and Development Administration. Union Carbide Corporation, a contractor for ERDA, is responsible for the Snyder area.

The survey will include collecting water and stream sediment samples at various spacings throughout the nation. The samples will be analyzed and the data plotted on maps. As completed, these maps will be placed on open file at various locations across the United States.

Two Vehicles Are In Mishap

A minor accident was reported by the police department.

A two-car collision occurred yesterday afternon at Thirty-seventh Street and College Avenue. Involved in the accident were a 1963 Chevrolet driven by Carl T. Couch and a 1975 Pontiac driven by Teresa Trammell.

Firemen Called

Two grass fires yesterday were reported by the fire department.

One grass fire occurred yesterday at 2:20 p.m., approximately 18 miles northeast of the city. The other grass fire was reported at 7:20 p.m., about 16 miles east of the city of Highway 180.

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

★ ★ ★

Q. I have a refund coming. How long must I wait for it?

A. Normally there is a three to five week wait for refunds. However, if you file your tax return near April 15, your refund may be delayed because of the large volume of tax returns the IRS receives then.

If you should move after filing your tax return and you expect a refund, notify the Post Office serving your old address so the check can be forwarded to you. The Postal Service will usually forward a government check if you have filed a change of address with them.

Q. If I check the box on my tax return for the Presidential Election Campaign Fund, who will get the money? Also, will this affect my refund or tax payments?

A. Money from the Presidential Election Campaign Fund check off is distributed to eligible Presidential candidates. Designating money to the Fund will neither increase the amount of tax due nor decrease the amount of tax due nor decrease any refund.

The 1975 tax return is the last chance to contribute money for use in the 1976 Presidential election.

All taxpayers, except nonresident aliens, may contribute if they have $1 or more in tax. On joint returns, husbands and wives may make different choices concerning whether they want to contribute. They must have a tax liability of at least two dollars for both to contribute.

Q. When I completed my tax return, I discovered that I still owed additional tax. Must I pay this by April 15?

A. If you compute your own tax, payment on any balance due should accompany your return. If you have the IRS compute your tax for you, they will send you a bill if tax is due. The bill should be paid within 30 days.

Interest will be charged on taxes not paid by the due date, even if you are granted an extension of time for filing.

Checks and money orders should be made payable to Internal Revenue Service, and should include your Social Security number.

Mrs. Bobby Stansell, Gregory and Mark visited Wednesday thru Sunday with her parents in Odessa.

Mrs. Billy Jacobs, Tammy and Boyce of Abilene visited Tuesday with her parents Mr. and Mrs. Hurston Lemons and Buster. On Wednesday they visited Mrs. Jess Pylant at Ackerly. Mrs. Pylant returned home with them for a visit.

Honored On 89th Birthday

Mrs. Cora Greenfield was honored on her 89th birthday Sunday in her home at 3101 Ave. U with a birthday dinner. Mrs. Greenfield is the mother of five children, four boys and one girl.

Mrs. Greenfield lives alone. For her hobbies she does a lot of quilting and reading. Just last year she read the Bible through and was presented a large certificate from the First Baptist Church, were she is a member and very active in Sunday School work. She has lived in Scurry County since she was four years old. She is the Adopted Grandmother of Girl Scout Troop 61 and was honored by them on Valentine's Day.

All of Mrs. Greenfield's children were present for the birthday celebration. They are Mr. and Mrs. L.L. Greenfield of Odessa; Mr. and Mrs. J.M. Greenfield of Ranger; Mr. and Mrs. E.C. Greenfield of Lake Buchanan; Alton Greenfield of Dermott; and Mr. and Mrs. H.B. Patterson of Seminole. Other guests were her grandchildren, great grandchildren, nephews and friends.

MRS. CORA GREENFIELD

It's easiest to cut fudge into neat uniform pieces when it is removed from the pan. If you want to do this, line the pan with foil with lap-over edges, then lightly butter the foil. When the fudge is cold, it can be lifted out of the pan onto a cutting board.

By Oswald & James Jacoby

In the '20s the best auction bridge in the world was played at New York's Knickerbocker Whist Club. Culbertson and Sims were two of the best, but many others contributed tremendous help in getting contract bridge on its feet.

One was Ted Lightner. Ted, who is now 82 or 83, plays rubber bridge at The Regency Whist Club several days a week.

The best known of his many contributions to the game is the Lightner slam double. This double means that when your opponents bid a slam on their own steam you are asking your partner to make an unusual lead, rather than the one, you would normally make.

Here is a simple example of this bid which every expert uses today. Without the Lightner double West would open a club. East would take the first trick and South the rest. After the double, West leads a heart and poor South is one trick short of his contract.

Ask the Jacobys

A Florida reader wants to know what the rule is when, after a hand is dealt, bid, and a few cards have been played, it is discovered that one hand has too many and one too few cards.

The answer is that the hand is a misdeal and is thrown in.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

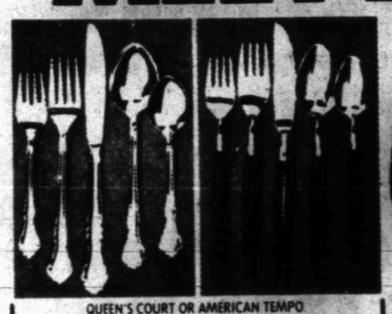

EARLY POTATO CROP—Luther and Sally Blythe, 2109 Forty-first Street, have discovered that they have a very early potato crop. In February they planted seed potatoes in a small garden spot in their backyard. They noticed the seed potatoes had long runners (about 12 inches) with small red potatoes about every inch but thought they would fall off after planting, but instead they grew into large potatoes. The potato plants are barely peeking up through the soil and around them the ground is cracked and beneath each potato plant is a nice size potato. The one Sally is holding weighs 15 ounces. "I just can't hardly believe it," she said.

For wear under a sheer caftan or pajama outfit, try a lacy camisole. Once you've bought one, though, don't hide it under sweaters and quilted jackets.

Wayland Beats Army

GALLUP, N.M. (AP) — Four of the eight seeded teams in the AAU women's national basketball tourney won't be playing in today's quarterfinals, which feature the eight second round survivors.

The New York City Planters, Darlington, S.C., Seattle, Wash., and Detroit, Mich., pulled off upsets in Wednesday's second round to knock four seeded clubs out of the meet.

Top-seeded Wayland Baptist College of Plainview, Tex., second-seeded Fullerton, Calif., fourth-seeded Ankeny, Iowa, and seventh-seeded East Troy, Wis., showed their rankings were deserved , however, by grabbing the other second round victories.

Fullerton, last year's runner-up, will play East Troy at 7 (MST) tonight in the only quarterfinal encounter pitting two seeded teams.

Wayland, which is gunning for a third consecutive national title, was to open today's play at 2 p.m. against Detroit. The Planters were to face Seattle at 3:30 p.m..

Darlington and Ankeny will climax the third day of the five-day meet in a 9 p.m. clash.

Today's winners advance to Friday's semifinals where they will play for slots in Saturday's title game. Today's losers will drop into a consolation bracket playing toward the third, fifth and seventh place games that also are slated for Saturday.

Planters posted the biggest upset Wednesday by knocking off third seeded Brownstown, Ind., 78-68 behind a 22-point scoring performance by Debbie Smith.

Darlington and Seattle not only surprised the teams they played but also embarrassed them. Darlington blasted fifth-seeded Gallup, N.M., 86-62 and Seattle bombed the sixth-seeded New York City Chuckles 93-65.

Darlington's victory was keyed by Charlene Dubose's second straight 32-point outburst in the tourney. She had ripped the nets for 32 points in leading her team to a 93-71 victory over Van Nuys, Calif., in Tuesday's opening round.

Seattle raced to a 44-19 halftime lead and coasted in with the easy triumph over the Chuckles as Catherine Benedetto and Yvonne Evanoff led the way with 26 and 23 points, respectively.

Detroit had a tougher time getting to the quarterfinals as it slipped past eighth-seeded Roberto Clemente State Park of New York City 68-67 in the closest game of the day.

Detroit, which was paced by Mary Carney's 17 points, led all the way until the final five minutes when the New Yorkers rallied to tie the score twice and force the lead to change hands three times.

None of the other unseeded teams were able to come closer than 10 points and the U.S. Army team from Ft. Dix, N.J., suffered the worst battering of the day, falling 108-35 to powerful Wayland.

Wayland scored the first nine points against the outmanned Army squad and rolled to a 56-17 halftime lead. Breena Caldwell topped the winning effort with 20 points.

Omaha, Neb., did manage to scare Fullerton as the Nebraska squad, which never led, pulled within two points late in the contest before a Fullerton surge carried the Californians to their 68-58 decision. Ellen Mosher of Fullerton took game scoring honors with 15 points.

Ankeny dominated Tonawanda, N.Y., 87-68 behind a 26-point effort by Deb Coates and East Troy broke open a close game in the second half to run away from St. Louis, Mo., 87-69 behind Jan Thieme's 19 points.

Thinlies In Bobcat Relays

The Snyder High School track team will enter the annual Bobcat Relays at San Angelo this weekend. Prelims begin at 1 p.m. Friday, and finals get underway at 1 p.m. Saturday.

Coach Don Witherspoon listed Tiger entries, as follows:

100 yard dash--Clay Peterson, Chester Cobb, Doyle Browning.

220 yard dash--Clay Peterson, Brent Terry, Johnny Velasquez.

440 yard relay--Chester Cobb, Clay Peterson, Tim Falls and Steve Green.

880 yard run--Joe Garza, Tom Luera, Travis Babcock.

120 yard high hurdles--Steve Green, Chester Cobb, Tim Falls.

440 yard run--Carl Humble, Jeff Terry, Robert Dupuy.

330 yard intermediate hurdles--Steve Green, Tim Falls and Ernest Duncan.

mile run--Steve Fisher, Dennis Boone, Del Vickers.

mile relay--Brent Terry, Tim Falls, Johnny Velasquez, Joe Garza.

long jump--Chester Cobb, Doyle Browning.

discus--Mike Freeman, Tommy Smith, Terry Welsh.

shot put--Mike Freeman, Tommy Smith, Terry Welsh.

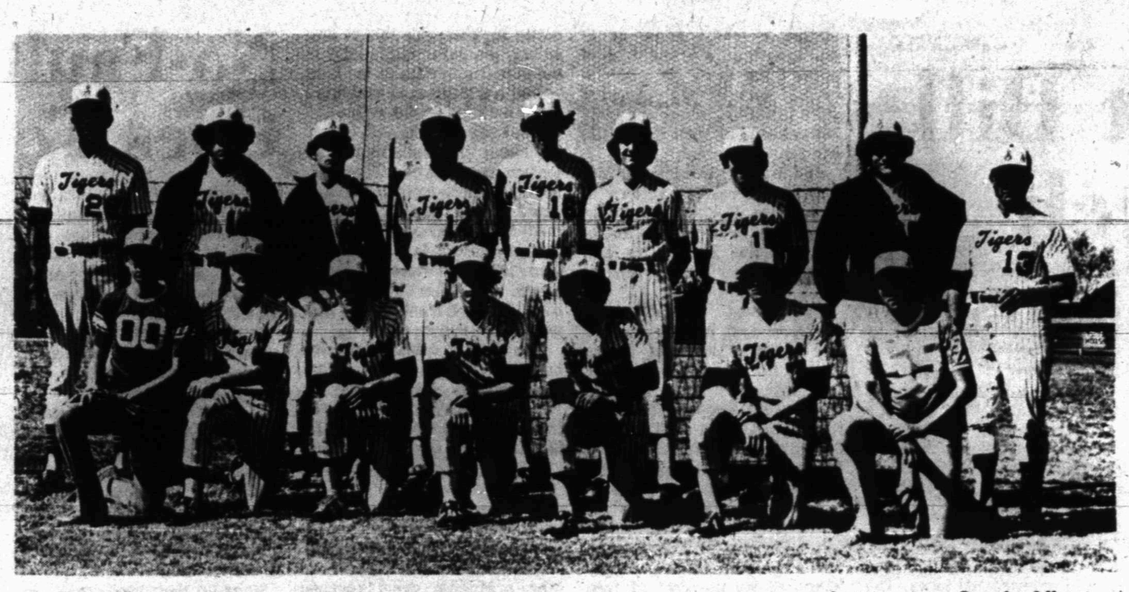

high jump--Chester Cobb, Randy Courtney, Larry Bagley.

pole vault--Ricky Rice, Mark Shaufele.

Softball Men Meet Friday

Scurry County Softball men will meet at 7:30 p.m. Friday in the Community Room at Snyder Savings and Loan. All interested men are asked to attend.

Use Snyder Daily News Classified Ads--Call 573-5486

BEGIN DISTRICT PLAY—The Snyder High School baseball team will host Brownfield's Cubs at 4 o'clock this afternoon in Moffett Field in the first District 3-AAA contest of the season. Members of the Tigers are, from left to right, bottom row, Terry Hagins (manager), David Zajicek, Bobby Doe, Dray Sikes, Alvin Ollison, Kenny Crow and Kerry Hagins (manager); and, top row, Coach Albert Lewis, Ricky Beard, Mitch Mackey, Anthony Lewis, Randy Gressett, Kelly Ragland, Tracy Witherspoon, Gary Greenlee and Coach Speedy Moffett. Not pictured are Kyle Sikes and Salvador Canales.

Tiger Baseballers Begin Loop Slate

The Snyder High School varsity baseball team opens District play at 4 o'clock this afternoon against the Brownfield Cubs. The contest will be held here in Moffett Field.

Playing a tough non-district schedule, the Tigers will take a 9-10 record into the first district match.

There are only two other teams in District 3-AAA this season besides Snyder—Brownfield and Lamesa. The Tigers will play each of these teams six district games.

Coach Speedy Moffett also noted there was a time change on the schedule. Games previously listed as beginning at 5 p.m. will actually start at 4 p.m., and Saturday games will begin at 2 p.m. rather than 1 p.m.

"We thought we'd be on Daylight Savings Time when the schedule was made up," Moffett explained.

Following the district opener with Brownfield, the Tigers will journey to Lamesa for a 2 p.m. engagement Saturday.

Many observers feel it will be a close district race and go down to the wire. Hitting ability seems to be the Tornadoes' strong point while the Cubs have a good pitching staff.

Coach Moffett's Tigers have won three of their last four games and will have momentum for the district race. The pitching has been good, and the Tigers have hit well, even in some of the games that they lost.

Coach Moffett said probable starters for today's game, according to batting order, are: Kelly Ragland ss, Bobby Doe 3b, Dray Sikes 2b, Ricky Beard p, Kenny Crow rf, Alvin Ollison lf, Tracy Witherspoon c, Tony Lewis 1b, and Randy Gressett cf.

Coach Moffett said he feels pitching and defense are the strong points for the Tigers at this stage of the season. On the other hand, he said his biggest concern was hitting.

He pointed out Randy Rozean, Brownfield pitcher, leads an all-letterman lineup for the Cubs. The veteran mentor said Brownfield should be chosen to win the district race because of their number of returning numeral winners.

Brownfield is 6-5 for the season compared with the Tigers' 9-10.

"All of our district games will be tough," Moffett concluded.

Fitch Uses Psychology

By The Associated Press

Coach Bill Fitch of Cleveland knows how to motivate his players.

"When I heard that Washington had lost, I told the players at halftime that we were up against a better team than Washington," Fitch said Wednesday after his Cavaliers defeated the New Orleans Jazz 110-101 and moved into first place in the National Basketball Association's Central Division, percentage points ahead of the Washington Capitals.

Cleveland has a 45-30 won-loss record for a .600 percentage. Washington, which dropped a 95-88 verdict to Golden State, is now 46-31 for .597.

In other NBA games Wednesday, Philadelphia edged Buffalo 107-103, Boston crushed Phoenix 122-102, Detroit stopped Chicago 102-96 and Seattle rolled over Los Angeles 120-109.

"The Jazz are quite a ball club and this Superdome is a tough place to play, as a lot of teams have found out lately," Fitch said. "Maravich (Jazz guard Pete) is amazing, and he makes it look so easy. (Henry) Bibby came in to replace Pete in the fourth period ... and he just about killed us."

Jim Cleamons scored 18 points — 12 in the final period — and Jim Chones and Austin Carr chipped in with 17 apiece to pace Cleveland. Maravich wound up with 21 points although sitting out the last 10 minutes of the game.

Bibby replaced Maravich and led a Jazz rally that cut Cleveland's 10-point lead to 95-92 with five minutes left before Cleamons scored six points to ice the Cavs' victory.

Jack McKeon, former manager of the Kansas City Royals, will manage Richmond, Va., in the International League this year.

Dunk Shot Approved

By BEN THOMAS
AP Sports Writer

"The dunk is the most exciting play in college basketball," said Michigan's Johnny Orr, the sport's coach of the year, in acclaiming the restoration of the stuff shot.

The National Basketball Rules Committee, which governs all amateur basketball in the United States and Canada, voted Wednesday in Philadelphia to allow dunking during games of the 1976-77 season.

"If it wasn't good, the pros would have outlawed it and they haven't done that," added Orr, whose Wolverines lost 86-68 to Indiana in college basketball's national title game earlier this week.

"I think that's great," said Robert Parish, Centenary College's 7-foot-1 center who'll be a senior next season. "When I'm close now, I'll just dunk it instead of laying it in. It's no easier, but you make certain it's in."

It had been outlawed for a decade for the colleges, junior colleges, high schools and YMCA leagues.

The rulemakers also decided that henceforth two free throws, instead of one, will be awarded when a coach is assessed a technical foul for his conduct from the bench.

"You're talking about a five-point play," said Randy Albrecht, St. Louis University coach, adding that this change could be more significant than the return of the stuff shot.

The dunk was outlawed in part to keep the big men from dominating the game in the 1960s.

But Dr. Clifford Fagan, secretary of the 23-member rules committee which wound up its two-day annual meeting on Wednesday in Philadelphia, recalled that "the practice and use of dunking sometimes pulls down baskets, bends rims and damages backboards."

LUCKY ANGLERS—From left, Sam Alexander, Nick Martinez, Jr. and Nick Martinez had good luck fishing last weekend. The two bass in front of Nick Jr. weighed 3½ and 2½ pounds. The catfish weighed from 1½ to 2 pounds. They were all caught in a Snyder area earth tank.

Sloan Released From Hospital

RALEIGH, N.C. (AP) — After spending four days in a Raleigh hospital for observation, North Carolina State basketball Coach Norm Sloan was to be released today and continue recruiting efforts.

Sloan said he suffered an eye injury when hit by the ball while playing racquet ball at the YMCA Monday. There was some hemorrhaging so he was hospitalized as a precaution, he said.

Nolan Ryan Sparkles

By HERSCHEL NISSENSON
AP Sports Writer

Nolan Ryan is in midseason form. The question is ... which season?

Is it midseason 1972-3-4, when Ryan posted 62 victories with an earned run average under 3.00 and more than 300 strikeouts each year?

Or is it midseason 1975, when injuries dropped him from a 10-3 start, including a record-tying fourth no-hitter against Baltimore, to a 14-12 log, a 3.45 ERA and "only" 186 strikeouts in 198 innings?

"That's as good as I threw all last year, including the no-hitter," Ryan said after allowing one run — Willie McCovey's homer — and striking out 10 in five innings as the California Angels won a 3-1 exhibition victory over the San Diego Padres Wednesday.

The 29-year-old right-hander had to be pleased with his control Wednesday. In his major league career, Ryan has walked 997 batters in 1,141 innings but this time he threw 72 pitches and 51 of them were strikes. He struck out the side in the first inning, mowed down two apiece in the second and third and fanned the side again in the fifth.

Terry Forster of the Chicago White Sox, who also missed much of 1975 with elbow miseries, allowed two runs and three hits in four innings in a 4-2 victory over Pittsburgh in the first game of a doubleheader. The Pirates took the nightcap 3-0 behind John Candelaria, Ramon Hernandez and Odell Jones.

Burt Hooton of Los Angeles was in midseason form, allowing five singles in seven shutout innings as the Dodgers whipped the Cincinnati Reds 6-1.

Hank Aaron, baseball's all-time home run king, made his spring debut. He singled, walked and got on on an error as the Milwaukee Brewers beat the San Francisco Giants 4-2 in 12 innings.

Rick Monday hit two homers, a double and a bunt single, leading the Chicago Cubs over Oakland 7-2 despite a pair of homers by Reggie Jackson of the A's.

The St. Louis Cardinals raked Catfish Hunter for all their runs and nine hits in five innings, including a three-run homer by Keith Hernandez, and downed the New York Yankees 6-2.

The Texas Rangers dropped a pair of one-run 11-inning decisions. Minnesota's Larry Hisle singled, stole second and scored on Steve Braun's single as the Twins beat Texas 4-3. Meanwhile, Atlanta's Blue Moon Odom, Roger Moret, Max Leon and Ricky Camp held another band of Rangers to four hits and won 1-0 on three walks and an error.

Marketbasket Bill Rises In March

By LOUISE COOK
Associated Press Writer

Supermarket shoppers who had been enjoying lower prices in the first part of 1976 found during March that the savings were too good to last, an Associated Press marketbasket survey shows.

Increases for a wide range of items boosted the family grocery bill last month, although prices generally were lower than they were at the start of the year.

The AP drew up a random list of 15 commonly purchased food and nonfood items, checked the price in one supermarket in each of 13 cities on March 1, 1973, and has rechecked on or about the start of each succeeding month.

The latest survey showed a few price decreases during March — pork chops declined in eight cities, for example, and eggs in 10. But increases for butter, all-beef frankfurters and coffee offset the savings.

The marketbasket total at the checklist store was up during March in eight of the cities surveyed, increasing an average of 2.8 per cent. The total was down at the checklist store in four cities, decreasing an average 3.2 per cent, and was unchanged at the survey store in the 13th city, Miami. On an over-all basis, the marketbasket total at the start of April was a little less than 1 per cent higher than it was a month earlier.

During February, in contrast, the marketbasket total declined at the checklist store in 12 cities for an over-all monthly drop of 2.4 per cent.

A comparison of prices now and at the start of the year showed encouraging news. The marketbasket total was down at the checklist store in 12 cities, with an average drop of about 3 per cent. The only increase was at the checklist store in Dallas, where the marketbasket total went up a little less than 1 per cent.

The March increases did not follow a consistent pattern in most cases. Items that were up in one city went down in another, reflecting local sales and specials rather than a general price trend.

Government officials have predicted that food prices will rise about 1 per cent during each of the first two quarters of this year, a smaller increase than in 1975. They are reluctant to forecast what will happen during the rest of 1976 since a lot depends on the size of summer harvests.

The lower pork prices in the latest AP survey reflect lower prices at the farm level. One reason is that the hog supply increased as the cost of feed grain came down. Increased cattle supplies also meant lower beef prices — particularly in the first two months of the year — and competition helped drive down pork prices as well.

The items on the AP checklist were: chopped chuck, center cut pork chops, frozen orange juice concentrate, coffee, paper towels, butter, Grade-A medium white eggs, creamy peanut butter, laundry detergent, fabric softener, tomato sauce, chocolate chip cookies, milk, all-beef frankfurters and granulated sugar.

The cities checked were: Albuquerque, N.M., Atlanta, Boston, Chicago, Dallas, Detroit, Los Angeles, Miami, New York, Philadelphia, Providence, R.I., Salt Lake City and Seattle.

The first crops in Montana were wheat and potatoes grown by Father Pierre Jean De Smet, a Jesuit missionary of St. Mary's Mission near Stevensville.

No-Fault Battle Goes To House

WASHINGTON (AP) — Advocates of a national no-fault automobile insurance law are taking their battle to the House after a defeat in the Senate that may end all chances for the bill this year.

Many backers see little chance of success in the House, where a similar no-fault bill died in 1974.

"I don't think it's hopeless, but I must admit it's a difficult situation," Sen. Frank E. Moss, D-Utah, said Wednesday. The Senate had just voted 49 to 45 to return the legislation to the Commerce Committee for further study, a move to effectively kill the measure.

No-fault had been seen by consumer groups as one of the major consumer issues of the year, but it was strongly opposed by lawyers, who saw it as a threat to their legal business arising from automobile accidents, and by the White House.

Moss' office estimated the lawyers collect about $1.8 billion a year in legal fees from accident cases.

Moss, the bill's floor manager, said the Senate vote places the fate of no-fault with the House Commerce Committee. But that panel has had no-fault before it since last fall and hasn't planned hearings on it.

"There's no way that committee's going to vote out the bill after the action the Senate took" said an insurance industry official who lobbied against the bill.

The bill would have directed states to enact no-fault laws within four years and would have set up federal programs in states failing to comply. Opponents of the bill argued that states should decide whether to enact no-fault laws and not be pressured by the federal government — basically the same position taken by the administration. Sixteen states now have no-fault laws.

Under no-fault, a motorist who has an accident collects benefits from his own insurance company, no matter who is to blame.

Sponsors of the bill said the unexpected setback was the result of a heavy lobbying campaign by the Association of Trial Lawyers. No-fault would have restricted situations in which accident victims could sue.

Coast To Coast

By Dick Maurice

"Transcendental Meditation" is the big thing in TV land. Among the latest "meditators" are MARY TYLER MOORE, MERV GRIFFIN and CLINT EASTWOOD. You may recall THE BEATLES and MIA FARROW were the first show biz people to follow the philosophy of Yogi Maharishi Mahesh.

Would you believe MERV GRIFFIN a movie star? Before Merv became such a big success on the little screen he costarred on the big screen in a number of Warner Brothers musicals in the 50's. He's planning on making his return to films in Universal's "Two-Minute Warning."

The BEACH BOYS are swinging back into action this year with a June NBC-TV special, a new album, the first since they signed with Warner Bros. three years ago, and a nationwide summer concert tour. In addition, Beach Boy Carl Wilson plans to produce a Capitol Album for RICCI MARTIN, Dean's son, who is considered a cross between ELTON JOHN and DAVID CASSIDY by rock-music experts.

What is middle age? BOBBY VINTON says that middle age is when your legs buckle and your belt doesn't.

HOWARD COSELL, sometimes called "jaws", by his critics because of him imposing manner and unabashed willingness to use big words on sportscasts, used a few big words to describe critics and the press. He blames them for the death of his Saturday night live television show. Cosell says, "The only man who gets worse treatment in the papers then me is FRANK SINATRA." Well, just think Howard. They won't have Cosell to kick around anymore.

"Bronk" isn't keeping just JACK PALANCE busy these days but has Jack's son, Cody, in on the act. Cody, a cinema student at UCLA is also his father's "stand-in" on the show...

ROCK HUDSON has two ways of fighting depression and the one he chooses depends on his mood and whether it's a time of the year when he's free to leave town. "If I'm not working and can get away, then my best depression-fighter is getting into my mobile home, Big Irene, and driving somewhere—to Big Sur or Grand Canyon or Lake Arrowhead—where the scenery is so beautiful and inspiring it is simply impossible to remain 'down' for long. Sometimes I like to go alone, sometimes I take a friend, depending on my mood. But either way, spending time out-of-doors, breathing the sweet-smelling fresh air after the Los Angeles smog and enjoying the scenery always works to lift my spirits. If I'm tied up with the show ("McMillan and Wife") and can't leave town, I throw a party. What better way to cheer yourself up than to invite the most amusing, entertaining people you know to you house for an evening? A favorite guest list for me would include NANCY WALKER and her husband, DAVID NIVEN, RODDY MCDOWALL, DINAH SHORE, ZSA ZSA GABOR, PAUL LYNDE, CAROL BURNETT and JOE HAMILTON and WALTER MATTHAU. I promise you it's not possible to remain depressed in the company of a group such as that!"

GROUCHO MARX, recently turned 85, has been in show business 70 years, during which time he has starred in 17 movies, wrote six books and two screenplays and hosted a hit TV quiz show. Even though the show, "You Bet Your Life" went off the air more than 20 years ago it is still in syndication in about 50 cities.

Have you noticed how thin PAUL LYNDE is getting? With that big grin he's noted for, Paul told me, "It was time to shape up or ship out." He put himself into the hands of Tom McCalley, MUHAMMAD ALI's trainer. He gave up alcohol and cut his calories down to 600 per day. And now there's a new and thinner Paul Lynde.

JOHNNY CARSON should be pleased to know his former wife Joanne has found well-paying employment. She's decorating the house her writer-friend TRUMAN CAPOTE has leased in Beverly Hills. "I was a decorator in New York for ten years," Joanne said. "Because of Truman, I'm back in business." What kind of decor will the diminuitive writer, who has penned such tomes as "Breakfast at Tiffany's," and "In Cold Blood," end up with? According to Joanne, lots of "earth" tones with candles and greenery and absolutely nothing that will clash with Truman's blue eyes! That must be the kind of thing the super-rich want for their homes and Joanne should know. When she was Mrs. Carson, she lived in one of the most expensive apartment buildings in the entire Big Apple—the prestigious United Nations Plaza.

Next time you're counting your calories, here's a quote from LLOYD BRIDGES. "My wife Dottie, who has always been very careful of the nutritional merits of the family's diet, just shakes her head when she watches me down an entire quart of ice cream without gaining an ounce. I have also been known to eat an entire apple pie in one sitting."

You'll never believe it but "Kojak" has drifted across the Atlantic. The most talented and respected SIR LAURENCE OLIVIER is now sporting a look that would make even die-hard TELLY SAVALAS fans chomp at the bit.

DONNA REED, who made millions on the "Donna Reed Show", then retired gracefully, is happily married to Colonel Grover Asmus and they live on their own island outside of Seattle where Grover is working on the Alaska pipeline project.

Texas Traffic Deaths Down

AUSTIN, Tex. (AP) — A total of 584 persons have died in Texas traffic accidents this year, a decrease of 5 per cent from this time last year, the Department of Public Safety reported Saturday.

The department said there have been 506 fatal traffic accidents this year, a decrease of 6 per cent from 1975.

The department's report was its first on traffic fatalities since November 1975. It waited three months into the new year to give reports a chance to develop a trend, a spokesman said.

Battles between guards and strikers resulted in 10 deaths at the Carnegie steel mill at Homestead, Pa., in 1892.

PREPARING FOR EMERGENCY—These men are being trained to fight various types of fires that may occur in oilfields and petroleum processing installations. Each year Sun Oil Co. has a series of fire-fighting sessions to train its employes in the science of fire-fighting. The annual session is now in progress at Sun Gasoline Plant northwest of Snyder.

ANNUAL SCHOOL IN SESSION

Sun Trains Fire-Fighters

By JOHN LONG

If you see huge clouds of black smoke billowing up into the northwest sky over Snyder, you probably shouldn't be alarmed. It's probably the fire-fighters at the Sun Oil Co. Gasoline Plant battling another blaze.

The Sun Oil Co. is holding its yearly fire-fighting school. Each spring for the last three years, the Sun Oil Co. has held a series of fire-fighting field exercises to train its plant and oil field personnel.

This year, 12 sessions are scheduled. The sessions are held Monday, Tuesday, Thursday and Friday—when the wind isn't blowing. The first fire-fighting training session was held March 25. Since then, only two sessions have been conducted because of high winds.

Teachers of this fiery school are Leroy Brown and Bill Null. Brown, a plant electrician, has attended the Texas A & M Industrial Fire-Fighting School. Null, a plant technician, has attended various company sponsored fire-fighting schools.

This year, 110 men are being taught the basics fo fire-fighting. Nine or 10 men are schooled in each session. An average of $50 is spent in the training of each man.

The fires that the men are learning to combat are the fires that could develop in an oilfield or oil plant.

Each session is divided into eight stages in which the men learn to fight different kinds of fires. The emphasis is placed on learning to combat industrial fires; petrochemical fires; oil fires; and gas fires.

The men being trained are Sun Oil Co. employes working in area oil fields. The men also learn how to use different types of fire-fighting equipment.

G.E. Gore, plant supervisor, summed up the fire-fighting philosophy of the Sun Oil Co. by saying, "We feel that in the event of a fire we need to be able to fight the fire with our own personnel."

Gore, Brown, and Null all agreed that it takes special training to combat oilfield fires. They said that not all city sponsored fire departments know what to do in the case of oilfield fires or petrochemical fires. They also pointed out that only plant employes are familar with plant facilities and plant layout.

And the training has paid off. Bill Null stated that he had received two or three reports of field fires that could have developed into major fires but had been extinguished before they became serious.

Dr. Lamb

Birth defect in heart

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—Our doctor says that my husband has a bifid valve or early calcareous aortic stenosis. He is 63 years old. Sometimes he has a sharp feeling of pain in his heart, then no more trouble. He feels fine except the tires out rather quickly. He is slim, does not have high cholesterol or any other problems. The doctor says there is nothing to worry about. Will you please tell me how dangerous this condition is? Can anything be done to help it?

DEAR READER—At least I can identify from your letter the anatomical area involved. The aortic valve is located at the outlet of the heart to the one great artery (aorta) that provides all of the blood to almost all of the body except the lungs. Ordinarily this valve has three leaflets. They open as the blood is ejected out of the heart and once the squeezing of the heart is over they snap shut, closing the area and preventing blood from rushing back into the heart.

A bifid valve means a birth defect in which there are only two leaflets instead of three. That doesn't necessarily mean that they don't function properly. The other diagnosis refers to development of calcium-like deposits over the aortic valve with obstruction (Stenosis) of the valve.

Mild aortic stenosis or obstruction of the bifid valve that doesn't cause enlargement of the heart or excess work of the heart is compatible with a relatively long life.

The amount of difficulty is directly related to the degree of obstruction. The only way that can be told is by special X rays taken of the heart, and many instances a careful study of the heart through cardiac catheterizations. The pressure is measured inside the heart and outside the heart beyond the obstruction. On the basis of this information and special X-ray studies one can usually tell how much obstruction is present.

If there is a major amount of obstruction, and certainly if it is indeed associated with progressive changes in the heart, open heart surgery could be considered. In this case the diseased valve would be removed and an artificial valve put in its place. This is a serious operation but it is done every day in major heart surgery centers of the nation.

I am not sure how you know your husband has heart pain. Heart pain is not sharp and a better history would need to be known. For information on how to recognize heart pain send 50 cents for The Health Letter, number 2-10, Heart Attack, Myocardial Infarction, Angina Pectoris. Send a long, stamped, self-addressed envelope for mailing. Address your letter to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

I usually don't mention geographic localities but I see you're close to Stanford University, and I would suggest that you ask your doctor to refer you to the cardiac clinic there for a cardiac evaluation. The nature of the disease, if mild, may not be serious, but if there is a major amount of obstruction I feel that a complete cardiac evaluation would be in order.

ARIES (March 21-April 19) Hunches or insights today that have a practical application will be worth heeding. Put them to the test.

TAURUS (April 20-May 20) Today, you may receive confidential information that could either make or save you money. Check your sources for reliable tips.

GEMINI (May 21-June 20) If you associate with persons today whose ideals are on a par with yours, something mutually advantageous could result.

CANCER (June 21-July 22) Your aims can be accomplished today if you put your imagination to good use. Think creatively. Dare to be different.

LEO (July 23-Aug. 22) You have the knack today, if you choose to use it, of doing things with a flourish that will call favorable attention to you.

VIRGO (Aug. 23-Sept. 22) Your talents could be put to good use today in making those decorative changes around home you've been thinking about.

LIBRA (Sept. 23-Oct. 23) In your commercial dealings today, try your bargaining power to get better terms. It could save you some pennies.

SCORPIO (Oct. 24-Nov. 22) Quality should take precedence over price if you're comparing similar items today. Take time to study their real values.

SAGITTARIUS (Nov. 23-Dec. 21) You'll take a special pride in tasks you perform today. The quality of your work will reflect it.

CAPRICORN (Dec. 22-Jan. 19) You have a manner about you today that friends will find very appealing. It blends sincerity, compassion and warmth.

AQUARIUS (Jan 20-Feb. 19) Your first thoughts will be for the needs of loved ones today, rather than for yourself. Yet you'll benefit the same as they will.

PISCES (Feb. 20-March 20) Something unusual may occur today that could result in a small advantage careerwise. It could add weight to your purse.

your birthday

April 2, 1976

This year you are likely to become interested in creative projects, either as a hobby or as an additional source of income. Develop your potential talents for fun or profit.

Berry's World

"Do you realize we just might have to look at Jimmy Carter's smile for the next four years?"

OPTIMIST CLUB OFFICERS—On hand for the Optimist Club charter meeting here were, from left, Rodger Sullenger, secretary-treasurer, and Scott Terry, president of the new Snyder club, and Ken Lofton, president of the Sweetwater Optimist Club. A Sweetwater group assisted the local club in organizing and obtaining a charter.

ELECTED BY OPTIMISTS—These officers and directors were elected by the new Snyder Optimist Club following presentation of its charter. From left are Eddie Williams, director; Rodger Sullenger, secretary-treasurer; Dick Norris, director; George Mott, vice president; Dave Smelser, vice president; Tony Dunn, director; Ken Elkins, director; Scott Terry, president; Terry Allen, director. Not pictured is Jess Martin, director.

Optimist Club Chartered Here

The Snyder Optimist Club has received its charter as an affiliate of Optimist International

The club is a civic-service organization which will deal mainly with youth oriented projects.

Forty-three charter members are now in the club and they elected officers following presentation of the charter here Monday night.

The first slate of officers of the new Snyder Optimist Club is composed of Scott Terry, president; George Mott and Dave Smelser, vice presidents; Tony Dunn, Dick Norris, Terry Allen, Eddie Williams, Jess Martin and Ken Elkins, directors.

The Snyder Optimist Club will hold weekly meetings at 6:45 a.m. on Tuesdays in the new west dining room of the Smorgasbord House Restaurant.

During the past month, several members of the Sweetwater Optimist Club have been working with the group here in forming a new club. The Sweetwater group, including Ken Logton, Charles Crain, Danny Storch and Woody Wood, were present for the charter night ceremonies.

Also here for the presentation of the club charter were several officials of Optimist International. Bill Sanderson, field representative for Optimist International in St. Louis, was master of ceremonies for the charter session. Harry Grant, lieutenant governor for Zone 12 of the North Texas Region of Optimist International, and Aubrey Hayne, governor of Zone 12, also were present.

A meat inspection act enacted June 30, 1906, provided for federal regulation of the interstate meat-packing industry.

LET'S JUST PRAISE THE LORD.
