Farm Bureau Demands Kill Of Controls

SEATTLE (AP) — Elimination of wage and price controls, a curb on the federal sale of electric power and return of tidelands control to coastal states were demanded in closing sessions of the American Farm Bureau Federation convention here yesterday.

Action on these matters came as the federation's delegates stamped their approval on a 72-page report by the Resolutions Committee.

The delegates also endorsed flexible farm price support and criticized monopolistic power by "industry, labor, agricultue or the government itself."

Labor came in for a separate going over in a report on labor-management relations which noted what it called the trend toward labor monopoly.

The attack on price and wage controls came in a section of the committee's report devoted to national economic policies. The controls, it said, "have no place in this co-ordinated attack on the inflation problem....Price and wage controls impede the control of inflation by diverting attention from the fundamental requirements of a sound program."

Board Problem Said 'Solved'

WASHINGTON, Dec. 12, (AP)—The problem of getting the Wage Stabilization Board WSB back into operation Economic Stabilizer Roger L. Putnam said last night, "has been solved."

There was no word, however whether President Truman would announce today the names of the seven industry men Putnam says will replace those who resigned last week in protest against the President's action in the soft coal miners' wage case.

Truman himself told his news conference yesterday the board would be back on its feet before the end of the week. Putnam later told newsmen he had sent to the White House the names of seven or eight men who have agreed to serve.

Winter Feed Picture Fair

AUSTIN, Dec. 12 (AP) — Prospects for winter feed in Texas have changed from "very poor" to "fair or very good" the U. S. Agriculture Department said today.

But many ranges in the West and Northwest were virtually bare, the USDA range and livestock summary as of Dec. 1 said.

In those areas, cured feed was becoming progressively scarcer and heavy supplemental feeding was necessary to maintain foundation herds. Local hay and roughage supplies are exhausted on many farms and ranches.

The picture was slightly better in the East, where rains have started pasture growth. Warm weather is needed to boost it along.

The condition of ranges generally was 60 per cent of normal, four points above Nov. 1 but 19 points below the 10-year average. Cattle ing their own" but ewes were going into the winter in generally and calves were "just about holdpoor condition.

10 SHOPPING DAYS TO CHRISTMAS

Miss Christine Jorgensen, the 27-year-old New York girl who until recently was a man, makes an attractive and modish appearance before a press conference in Copenhagen, Denmark. Christine the ex-G. I. George Jorgensen whose sexual conversion was accomplished by Danish Doctors through a series of operations and harmone injections, told newsmen she had no Hollywood ambitions.

Few Cattle In Wichita Falls Rural Areas

WICHITA FALLS, Dec. 12 (AP) — Hundreds of stock tanks are still dry in the Wichita Falls area despite a two-inch rain in late November. Prior to that, it had been 14 months since a similar rain fell.

The extended drought denied ranchers their usual winter wheat pasture at a time when grasses were short and feed costs high.

Howell Smith, perhaps the top authority in this section on the subject, says no cattle are being wintered in this area. The drought, he says, has wiped out any demand for replacement cattle. Many who at this time would buy cattle to carry through the winter are not doing so.

Producers are thus being forced to market cattle at low prices that normally would be fed through the winter months.

Stocker cattle at local auctions are selling from 18 to 20 cents per pound. Last year at this time they were bringing 30 to 34 cents. Registered breeding stock is selling for about half what it brought in 1951.

UN Told To Rid Self Of Reds Or Face Cut In United States Funds

UNITED NATIONS, N. Y. (AP) — Sen. Alexander Wiley (R-Wis) threatened the United Nations last night with a loss of its biggest chunk of financial support—that from the United States — unless something is done to keep subversives and spies out of the U. N. Secretariat.

But in making his threat, Wiley —who is slated to head the powerful Senate Foreign Relations Committee in the new Congress—made it clear he thinks a major part of the blame for alleged subversives still on the U. N. payrolls lies with the American State Department.

Wiley said in a statement that congressional sentiment is building up to cut off U. S. money for the international organization "unless adequate security procedures have been worked out to guarantee that the U. N. and its organs do not remain a base for espionage and subversion.'

The U. S. pays a little more than one-third of the U .N. bills and has contributed 560 million dollars to it since 1946.

Wiley is serving as a U. S. delegate to the U. N. Assembly, but he emphasized that he spoke only as a senator. The American delegation to the U. N. was taken aback by Wiley's blast and had no comment.

The Wisconsin Republican attacked current arrangements on security between the State Department and the U. N. as "hopelessly inadequate."

He said U. N. Secretary General Trygve Lie had a "clearer conception" of the problem than some State Department officials. He blamed Washington officials for giving Lie inadequate information on which to act against American employes with allegedly subversive records.

U. S. Assistant Secretary of State John Hickerson told the McCarran Senate internal security subcommittee Wednesday that the State Department had supplied Lie with adverse information on about 40 American U. N. employes, but that 14 of them still were employed by the U. N. Lie was reported to feel that Hickerson's statement implied that he had failed to act when presented with definite evidence the U. S. government.

The U. N. authorized a statement by a spokesman yesterday saying that the adverse information was merely delivered orally and that he had never received written information for the record or definite evidence of subversive connections which would warrant firing a Secretariat member.

New Government In Ecuador Says Revolution Is Put Down

QUITO, Ecuador (AP) — The 3-months-old government of President Jose Maria Velasco Ibarra said today it had crushed the first revolt against its authority and is holding a former ally of the President for leading the revolt.

Local observers believed the arrested political leader—Carlos Guevara Moreno, mayor of the big port city of Guayaquil and leader of the Concentration of Popular Forces party (CFP)—split with Velasco Ibarra because he failed to get an important post in the new government.

Guevara Moreno and other leaders of his party were arrested yesterday and the President told newsmen last night they had planned to seize the big Army air base at Guayaquil. Troops armed with machineguns closed the highway to the air base and surrounded the city hall in the port.

Earlier last night a government announcement said Guevara Moreno was arrested when he and a group of followers tried to attack Air Force headquarters in Guayaquil.

Reports late last night indicated that the country remained calm. Conditions in quito were normal.

Interior Minister Luis Antonio Penherrera told newsmen that at least four other prominent figures in Guevara Moreno's party had been arrested and several other highly placed officials had been put "at the disposition of the government"—an action restricting their movements without actual arrest—for alleged complicity in the abortive revolt.

Reds Retake Hills In Bloody See-Saw Battle

SEOUL (AP) — About 750 Chinese Reds smashed back to the peaks of Big and Little Nori hills on the flaming Western Front today, only two hours after rugged South Koreans captured the strategic heights in a bloody, hand-to-hand battle.

Fiercely fighting Chinese swept up the slopes of the two hills in a two-pronged drive shielded by cover of darkness and a devastating Communist artillery and mortar barrage.

The valiant First Republic of Korea Division earlier had seized Big and Little Nori, in the sixth of a series of bloody counterattacks in savage, day-long fighting.

The Air Force said its pilots flew about 150 separate missions in the general area of Big and Little Nori. Pilots said they hit a huge supply and troop depot that rocked with five violent explosions. Seven fires were started.

Thousands of bursting shells from Allied planes, tanks and artillery scorched the slopes of Nori's two hills.

Hundreds of dead and wounded of both sides littered the peaks.

Below Freezing Here

The temperature dropped to 26 degrees last night and was still there at 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, official weather observer. The high temperature yesterday was 64 degrees, she said.

Pioneer Oil Writer Dead

SAN ANGELO, Dec. 12 (AP)—John Benton Brewer, 57, former oil editor of the San Angelo Standard-Times, died last night after an extended illness.

Brewer retired from the newspaper business Sept. 1 because of failing health. He had been oil editor of the Standard-Times for 29 years at the time of his retirement.

Funeral arrangements were incomplete.

Brewer was considered dean of oil writers in Texas, having been assigned to this job following the discovery of oil May 28, 1923, in Reagan County.

He started his newspaper career in 1909 when he was a carrier boy and school reporter. He became employed full time in 1914 and became a stockholder and director in the San Angelo Standard-Times in 1920.

Brewer covered meetings of the City Commission for almost 30 years in addition to his oil writings.

He was born Nov. 6, 1895, in Bellville and was the son of Mr. and Mrs. Sam Hill Brewer. His mother, Mrs. Lucy Brewer, is a survivor.

Expected Riots In Casablanca Don't Come

CASABLANCA, French Morocco, Dec. 12 (AP) — French troops pointed machineguns at the gate of the Moslem Mosque today as hundreds of Moroccans assembled for prayers. Expected demonstrations did not take place.

No disturbances were reported elsewhere in this North African city, which has seen blood rioting and demonstrations almost daily since Sunday. Seven or eight Europeans and several score natives have been slain in riots growing out of nationalist demands for independence.

Spring-like Weather Returns To State

By The Associated Press

Texas had more sunshine Friday to bring its see-sawing temperatures back to spring-like levels.

The state had balmy weather Thursday only to see the thermometers skid downward at nightfall and reach freezing levels at several places.

Maximum temperatures Thursday ranged from 73 at Alice and Brownsville to 56 at Dalhart. Similar marks were expected Friday.

But by 3:30 a. m. Friday the mercury had dropped 31 degrees to 25 at Dalhart and it was freezing or nearly freezing at Lubbock, Wichita Falls, Dallas, Abilene, El Paso and Amarillo.

Skies were clear before dawn and expected to remain that way with no precipitation.

WEATHER

WEST TEXAS: Generally fair with no important temperature changes Friday, Friday night and Saturday. Lowest Friday night 30-35.

EAST TEXAS: Generally fair with no important temperature changes Friday, Friday night and Saturday. Lowest Friday night 30-35 in north and 35-45 in interior of south portion. Moderate to locally fresh winds on the coast, becoming northerly Friday or Friday night.

Dulles Says America Needs More Faith, Less Government

DENVER (AP) — Laying a base for future foreign policy, two leading spokesmen for President-elect Eisenhower claim a crusade to make freedom work at home is essential to break the spell of communism abroad.

John Foster Dulles said last night something has "gone wrong" with American life. The incoming secretary of state called for a spiritual revival. He warned that "when ennobling purpose goes out of freedom, it is easily displaced by false faiths, such as communism."

Dulles' speech, his first since being named by Eisenhower, was recorded and played to both the National Council of Churches of Christ in the U. S. A. and to a nationwide radio audience. It closely paralleled one to the church meeting here 24 hours earlier by Sen. Henry Cabot Lodge Jr. (R-Mass), designated ambassador to the United Nations.

Both called for a strengthening of the U. N. and said the international organization deters Soviet aggression. Both said discrimination in America must end because it threatens U. S. attempts to lead a free world to durable peace. And both said private individuals and groups must lend more help to other peoples and stop counting on government efforts.

"Nothing has been more disastrous to the cause of freedom than our growing assumption that nothing happens unless government does it," Dulles declared.

He pledged the Eisenhower administration to make place for the individual and "group efforts" to supplement Marshall Plan, Point Four and similar foreign aid.

Dulles sought to reassure America's allies. He noted some persons were frightened by Eisenhower's campaign discussion of liberating countries behind the Iron Curtain, adding:

"That fear illustrates the degree to which even free people have come to think in governmental and military terms."

Dulles said U. S. military policy "must be only a defensive policy." He recalled that Abraham Lincoln interpreted the Declaration of Independence to mean "liberty not alone to the people of this country but hope for the world for all future time."

"The need today is to rekindle faith in freedom, and to make it contagious, by a fresh demonstration of what to do with freedom," Dulles said.

"Throughout the world, there are myriad souls that suffer in humiliation and bitterness because of the white man's assumption of racial superiority. If freedom is to seem worthwhile, then our people who profess to be the champions of liberty, must voluntarily practice human fellowship."

He said discrimination cannot be wiped out by governmental action. The responsibility, he added, "is, first of all, a private one" and asked the churches to expand their efforts.

Wildcat Set In Fisher County For Drilling

Hunt Oil Co. of Dallas has located a wildcat in the extreme Southeast part of Fisher County as its No. 1 W. A. Sloan.

It will begin operations at once to drill to 7,000 feet to test the Ellenburger.

It is five miles west of Gannon, five miles southwest of the Claytonville field, and five miles southeast of the Pyron (Ellenburger) field.

Location is 660 feet from north and east lines of section 4-23-T&P.

DIAMOND M COMPLETION

Humble has completed its No. 10-1-A-C Gilbert Richter in the Diamond M. Canyon field of Southwest Scurry County for a 75.75 barrels of 44.3 gravity oil.

It flowed the potential through a quarter inch choke and made 30 per cent water. The pay had been treated with 2,000 gallons acid.

Gas - oil ratio was 923-1.

Production was from the open hole. Five and one-half inch casing was cemented at 6,751 feet. Top of pay was 6,745 feet, and total depth was 6,762 feet.

It is 1,980 feet from north and west lines of section 97-25-H&TC.

2 KENT LOCATIONS

Chapman & McFarlin has staked two locations in Kent County.

Their No. 1-D D. M. Cogdell was set in the Cogdell, East (Cogdell Sand) field, 660 feet from south and west lines of section 778-97-H&TC. It will start at once to drill Sand pay.

The No. 72 Cogdell, located in the regular Cogdell field, will be 2,180 feet from west and 455 feet from south lines of section 1-97-J. W. Dunn survey, Abstract 1,587. It will drill with rotary tools to 8,000 feet through the Pennsylvanian, beginning at once.

Both are 22 miles northeast of Snyder.

SHELL STAKES WELL

Shell Oil Co. has staked location in the Diamond M Canyon field for its No. 5 Addison, 2,680 feet from south and 1,300 feet from west lines of section 144-25-H&TC, three miles northwest of Knapp.

It will drill with rotary tools to 6,900 feet to the reef lime, beginning at once.

AREA REPORTS

Laughlin-Potter No. 1-10 Fisherman, Northwest Howard County wildcat, has been plugged and abandoned at a total depth of 8,165 feet in the reef lime, where it made water.

It was 660 feet from south and east lines of the southeast quarter of section 1-32-t3n-T&P.

Duncan Drilling Co. No. 1 McCrary, Garza wildcat near Justiceburg, has been plugged and abandonned at 3,000 feet in Permian lime, where it had no shows for commercial production.

It was 1,300 feet from south and 1,950 feet from west lines of section 127-5-H&GN.

Senator Wants Panel To Hear Mac, If No One Else Is Gong To

WASHINGTON (AP) — Sen. Hunt (D-Wyo) proposed today an immediate extraordinary session of the Senate Armed Services Committee to look into Gen. Douglas MacArthur's views on ending the Korean War.

President Truman, with some barbed remarks about both MacArthur and President-elect Eisenhower, rejected yesterday a senator's suggestion that he call the two men to the White House to discuss Korea.

Truman said, among other things, he doubts MacArthur has hit upon any new way to peace, and that he still thinks Eisenhower's campaign announcement that he would go to the Korean War zone was demagoguery.

Truman's words drew some GOP cries of "arrogant" and "slanderous" on Capitol Hill. Hunt, taking no part in that row, told a reporter:

"I would like to see Sen. Russell (D-Ga) call either or both generals to Capitol Hill to brief the armed services committee."

Russell is the committee chairman who presided over the 1951 Senate investigation of the President's firing of MacArthur as Allied commander in Korea and the Far East.

Hunt said he thought Congress should be "informed and consulted" at once if there is any new plan to end the war.

"This is not a matter that I believe should wait until the new Congress convenes on Jan. 3," Hunt said. "And I am convinced most members of the committee would be able and more than willing to return to Washington on such an important mission."

The idea drew support from another committee member, Sen. Stennis (D-Miss), who said in a separate interview: "I would endorse the plan if Sen. Russell sees fit to call a meeting of the committee."

Stennis also declined to comment specifically on Truman's tart remarks about MacArthur and Eisenhower, but he said he disapproves of the way the whole matter has been handled.

"Someone ought to do some peacemaking and bring these men together," Stennis said. "There should be no controversy about whether and when to consider any plan to bring this war to an early and honorable conclusion. But equally it should have been discussed secretly and at high military levels before there was a public announcement that it might even exist."

Eisenhower Shuns Comment On Remarks Of Truman Yesterday

HONOLULU (AP) — President-elect Eisenhower, relaxing in bright Hawaiian sunshine from his Korean tour and policy-shaping talks, was steering clear today of any fight between President Truman and Gen. MacArthur over a peace plan for Korea.

Eisenhower planned to play at least 18 holes of golf today on the windswept course alongside the sea at Kaneohe, the Marine Corps air station across Oahu Island from Honolulu. He also planned talks with John Foster Dulles, secretary of state-designate, and Gov. Douglas McKay of Oregon, Eisenhower's selection as secretary of the interior.

Two close associates predicted Eisenhower would shun public controversy with the President. Truman yesterday called the Eisenhower mission to Korea a "piece of political demagoguery" and said it was MacArthur's duty as a soldier to report to the President if he has any plan for peace in Korea.

"Ike is not going to get into any quarrel with Truman," one of Eisenhowers' close friends said. "He's going to see Gen. MacArthur, as he said he would, to get MacArthur's views on the best way to bring peace to the Far East. He is not going to become involved in any fight over it.

"Ike will stand on the sidelines in the Truman-MacArthur affair," another associate said. "Truman has said some harsh things about Ike — but it's my guess that he (Eisenhower) won't make a reply."

The President virtually closed the door yesterday on proposals for a meeting with Eisenhower and MacArthur. He said he believes such a meeting would serve no useful purpose.

MacArthur implied last week he had a new plan for peace in Korea.

Another Record In Traffic Accidents Indicated In State

By The Associated Press

Texas, like several other states, daily is losing as many of its citizens to the man-eating traffic ogre as the Korean War kills.

On many days, especially during traffic-jammed week-ends, the traffic toll exceeds the grim war casualties.

Besides the thousands killed, tens of thousands others are injured. The loss in life and property is staggering, hard to estimate.

For 1952, traffic has killed record numbers in several cities and counties, a survey shows.

At Corpus Christi the 1952 traffic death toll to date zoomed to new and grim heighst—both in the city and in Nueces County.

Twenty persons lost their lives in mishaps on Corpus Christi streets. The previous all-time high was 16 last year.

In the county more than half a hundreds — 51 — died in highway smashups. Another Record. The old mark was 39 also set in 1951.

ACCIDENTS INCREASE

Those were just fatal accidents. The total of 2,484 mishaps of all kinds in Corpus Christi to date in 1952 is still another all-time high. Last year's total was 2,361.

The tragic figures aren't confined to the bigger towns. At Corsicana in Central Texas, for example, a new record of five traffic deaths in the city has been set thus far this year.

Amarillo City-County traffic fatalities have already equaled last year's. The overall toll is 29 dead —12 in the city and 17 in the county. That compares with the 1951 total of 15 dead in the city and 14 in the county.

At Wichita Falls they're running about average—a grim average. Seven have died on streets there this year, one less—so far—than last year.

TAYLOR COUNTY UP

Seventeen highway fatalities had been recorded in Taylor (Abilene) County through Wednesday. That's the greatest number of traffic deaths there since 1950 when 20 died.

At many points this year's toll isn't a record—but the number of deaths is disheartening enough.

San Antonio has exceeded its total for 1951. To date there have been 46 traffic deaths there, one more than last year. Bexar County 1952 deaths total 34. County officials have no final figures for 1951 but the sheriff's office says the current rate of fatal accidents is averaging greater than last year.

Houston is experiencing a record number of accidents this year. Yet both city and county death totals lag behind previous records.

Houston has recorded 17,778 accidents of all kinds to date this year, compared to a previous record 16,074 in 1951.

The known county-wide death toll record of 175 occurred in 1948. That included 112 outside Houston and 63 in the city. The city record was 80 in 1951.

HOUSTON TOLL HIGH

This year's traffic death totals in Houston to date are 62 in the county and 68 in the city.

At Marshall, in East Texas, more persons have died in traffic this year than last. But the city total is offset by a much lower rate in the county.

Four persons have died thus far in 1952 accidents within Marshall city limits. That's three more than 1951 when only one person was killed. Incidentally, the last year mark was Marshall's best in many years.

Harrison County's 1952 traffic toll is 10 dead thus far in 1952. Fifteen persons died in county accidents last year.

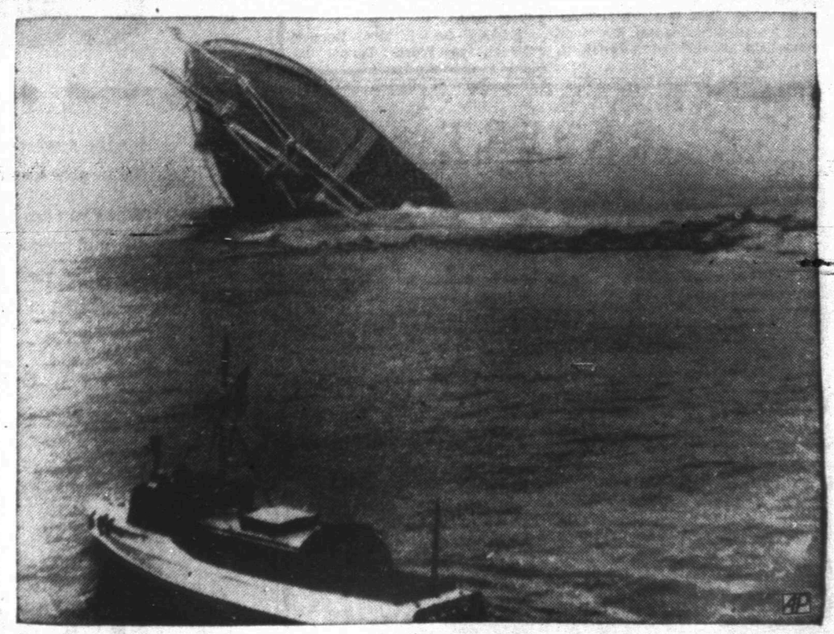

This is the picture in Fort Worth: 54 killed to date in 1952 in the county, 19 in the city. At this time last year it was 84 in the county and 41 in the city.

DROP AT VICTORIA

Totals at Victoria are down, too. City traffic deaths have averaged one-half the number of last year. In the county, it's more—10 killed this year, six in 1951. Property damage of this year's accidents in the county is estimated at $83,672.

The picture is brighter at Austin. That city has had only seven traffic deaths this year, which will be the lowest since 1933 if no more fatalities occur by year's end. The all-time Austin high occurred last year when 17 died. Travis County has chalked up 20 fatalities to date in 1952.

On Dallas' clogged streets 39 persons have died in traffic deaths this year—eight fewer than last year. Fifth-six have been killed in Dallas County, three fewer than in 1951.

FINAL VOYAGE

Bow up, the Norwegian motorship Fernstream goes down stern first in San Francisco bay after being involved in a collision with the freighter Hawaiian Rancher in a heavy fog. This picture was taken by Dr. William Strode of Tucson, Araz., who was a passenger aboard the Hawaiian Rancher. All of the 54 persons aboard the Fernstream were saved.

First grade students of Mrs. Annell Elliott at the North Elementary School made a daily ritual out of placing their daily ice cream and candy allowance in a jar this week to give to the Kiwanis Christmas fund. During the week, the 19 students put $4.60 in the jar.

More Donations To Christmas Fund; Horse Racing Is Added

Kiwanians today became hopeful that they could give more aid than ever before to needy children and families through their Christmas fund for underprivileged children as contributions again began to pick up.

A total of $97.15 has been donated to the fund since yesterday, bringing the total to $1,064.03 in the fund. Last year, Kiwanians used $1,600 in the distribution of baskets of groceries, candy, and toys, and they used $1,200 in 1950.

The club's list of those needing aid, growing rapidly, is much longer than it was last year. Included on the list this week was a Snyder woman, a victim of acute tuberculosis, whose husband must care for their three children and her in their small, overcrowded home.

One of the latest developments in plans for raising money for the fund is scheduling of horse racing here, with gate receipts to go into the fund.

Bill Crowder, who has a mile racetrack on his horse farm two miles north of the Santa Fe depot on the old Post Highway, said yesterday that he has planned invitational racing events Dec. 20-21 and has sent invitations to members of the Texas Horse Breeders Association all over Texas.

Crowder said he will hold all kinds of horse racing events, including the quarter mile, half mile, and mile races, beginning at 2 o'clock each afternoon. He expects at least 50 head of horses to be on hand.

The horse breeder, planning the races in cooperation with the Kiwanis Club, has guaranteed the Christmas fund at least $300. Admission price will be $1.

Kiwanians are already collecting toys, with the help of the American Legion and the fire department, and the Parent - Teacher Association has now offered to collect clothing to be placed in the baskets for the children.

Volunteer firemen, holding their regular meeting last night, voted to contribute $25 from their general fund to the Christmas fund. The city pays $1 into the general fund for every volunteer who answers an alarm.

For contributions to the fund or to give names of those needing aid, persons should contact one of the following:

Monetary contributions — Snyder National Bank, West Texas State Bank, or Snyder Daily News.

Toys — Usable toys should be left at the fire station. Those needing repair should be left at the veterans clubhouse, or call 3-9216 or 3-4973 for pickup.

Clothing — Leave at 1921 Twenty-sixth Street, across from fire station, or call 3-3452.

Names of those needing aid—Contact either bank or Daily News, or call 3-5505 or 3-4185.

Pair Being Held In Missouri On Federal Charges Filed By FBI

Federal charges alleging violation of the Dyer Act have been filed against two youths purported to have stolen an automobile here belonging to Bill Grimmett, 1301 Avenue R, Renal B. Rosson, district attorney, said yesterday.

The men are listed by the FBI as Lester Eugene Johnson, 19, and Robert Ralph Daniels, 18, both of Mansfield, Ohio. They were arrested several days ago in Lebanon, Mo., in possession of the stolen 1950 Oldsmobile coach. They are being held in Springfield.

The car has been returned to Grimmett, who said it was damaged.

Rosson said the FBI was also holding the pair in connection with other violations of the Dyer Act.

Actress And Hubby Are Able To Live Together

HOLLYWOOD (AP)—Actress June McCall said yesterday that she and her husband, film director George Carl Meek, have become reconciled.

"Actually this happened nearly three months ago but we kept it a secret until we were sure that everything would work out,' she told newsmen. "It took us some time to reach a happy solution and now we are sure that we have arrived at that."

The Meeks were married in July, 1951, when she was 17 and he 24. They separated a month later and both filed suit for divorce. The actress obtained an interlocutory decree but no final decree will be entered.

Christmas Party For Cub Scouts In Pack 68 Slated Tuesday

Pack 68 of the Cub Scouts will have its Christmas party Tuesday night at 7:30 o'clock at the East Elementary School, and Santa Claus is expected to visit the young boys there.

Each of the dens in this pack will present a skit on the Christmas theme. Each month, each den has a skit on a current theme.

The program will also include exchange of gifts among the boys and presentation of advancement awards.

Cubmaster is Edward Bolger, and Charlie Gregory is program chairman and assistant cubmaster. Chairman of the pack is W. F. McMennamy. Pat Johnston is finance chairman, L. L. Sims is advancement committee chairman, and parent relations committeemen are Amon F. Weaver and Bentley Baize.

All meetings of Cub Scouts are open to the public, Mrs. Charlie Gregory said, and parents of boys of Cub Scout age are urged to attend.

Mr .and Mrs. Forrest Landry of 1900 Avenue Q are the parents of a baby girl born in Battenfield Hospital at 1:40 o'clock this morning.

Steps In Forming Library In County Outlined At Meeting

Essential steps in the establishment of a county library were outlined here liast night by Mrs. Lucille B. Wilson, extension director of the Texas State Library, in a public meeting at the North Elementary School.

Speaking before only 30 persons, Mrs. Wilson suggested that a group wishing to form a library should first make an extensive study of the county. This should cover existing reading facilities, such as school libraries, rental libraries, book retail outlets, and the type of literature each of these dispenses most.

The purpose of the survey, Mrs. Wilson said, is to find out what the residents are reading, where they are getting it and how much reading material is available to them.

Mrs. Wilson emphasized that before starting work on a library a county must want a library. The citizens must feel the need for one, she said. Next, she stated, the county must have the financial ability to establish and maintain a library.

Probably the most important step in establishing a library is convincing the commissioners court that the citizens want money spent on a library, Mrs. Wilson said.

In a question and answer period that followed her talk Mrs. Wilson said that in the six years that she has held her present post she has known only one county which used the petition method of establishing a library. Under state law county libraries may be formed by one of two methods. They are by petition, with a majority of the qualified voters signing, or by the commissioners court establishing one on its own initiative.

She further stated that in Texas there were only 66 counties out of the 254 that were without some sort of a public library. Scurry County she said, was nearly the largest in population and was certainly the richest in tax valuation of those 66 counties without libraries.

Most libraries in the state operate on about 50 cents per person in the county per year. However, Mrs. Wilson said that a national library group recommends a minimum of $1.50 per person for maintenance.

The group attending the meeting appeared to be split over what the library building should contain. Some of the club women present expressed themselves in favor of a library building with club meeting rooms and small auditorium. Most of the men present expressed themselves in favor of a building with primarily reading facilities inside it.

The possibility of asking the school board to release the present junior high school building as a library after the school building program is completed was brought up at the meeting. The building, on Twenty-eighth Street, will not be used for classrooms after the building program is completed.

Mrs. Wilson was to spend today touring the county to see first hand the needs. No future plans were made by the group.

Court Business Increased Here By Car Thefts

A felony complaint was filed here this morning against a Big Spring man alleged to have stolen an automobile, and bond was set at $1,000 for another man on a similar charge when he was arraigned before W. C. Davidson, justice of peace, today.

Bond was set for Lewis Ray Ellison, 29, of Center, Tex., when he waived examining trial on the charge that he stole a 1941 Ford coupe which he had borrowed from George Henry Brown, 19, of Post. This charge was filed Wednesday. It was learned yesterday, however, that Brown did not own the car but had borrowed it in view of possible purchase, the sheriff's department said.

Brown is being held in the county jail here for the Marine Corps, which has him listed as absent without leave. He was arrested at Hermleigh about two weeks ago on a charge of driving while intoxicated and gave his name and address as Rex Long, Hobbs, N.M. He was fined on this charge when he pleaded guilty. Then it was learned his name was Brown. Ellison, with Brown at the time of the arrest, was fined for being intoxicated in an automobile.

The sheriff's department said that Ellison borrowed from Brown the car that Brown had borrowed and was to use the car to go after Brown's paycheck where he had been working at Hobbs in order to pay Brown's fine. Another charge of car theft by bailee was filed against Roy Howard, 19, Lubbock, with Ellison. This charge, alleging theft of the same vehicle, was dismissed this morning on recommendation of the district attorney, Renal B. Rosson.

The charge filed today was against William (Bill) Rogers, 30, Big Spring, accused of the theft of a 1951 Dodge sedan Saturday from the used car lot of Pollard Motor Co. The complaint, filed by Rosson, was signed by W. J. Ramsey, city policeman.

Rogers is held at Big Spring on another charge, alleging theft of a Packard automobile, Rosson said. Rogers was arrested at Midland.

The Dodge stolen here was found abandoned near the Packard agency in Big Spring from which the Packard was reported stolen. A stolen Oldsmobile was found abandoned near the Pollard Motor Co. here the day after the Dodge was missed.

Mature Alone Has Exclusive Contract With His Studios

By BOB THOMAS

HOLLYWOOD (AP)—Victor Mature has just signed a new three-year contract with 20th Century-fox, which will hand him $5,000 a week and whopping yearly bonuses.

That is news in these times, when studios are dropping high-salaried stars wherever possible. How does Mature do it?

"They couldn't afford to let me go," he answered. "It's purely a matter of economics."

Does this sound like the self-selling Mature of old? Ah, but something new has been added. In the postwar years, Vic has given up his old hobby of making publicity and has settled down to merely making money. And that, he explained, is why his studio lifted his option at a handsome hike in salary.

"The loanouts are what did it," he said. "Every time my option comes up, the money boys take a look at my salary and say, 'This boy has got to go.' But then they start going over the books and they see what kind of money I have brought in on loanouts. Then they realize they can't get rid of me. The stockholders would scream if they fired me.

"By the time the fees are added up, the studio is actually paying me about $1,000 a week. They wouldn't fire any star who was getting only that much."

The situation is different with other, less marketable stars. When their salaries start pushing up to $3,000 and $3,500, the studios start looking for ways to get out. The stars are either dropped outright or signed to one or two pictures annually.

The bosses figure it isn't worth keeping most high-priced stars on a year-round salary. They can save money by letting the players go and hiring them back at flat fees.

But Mature has been working at other studios as much as he has at his home lot. He has been hustled to Paramount, RKO, MGM and presently U-I, where he's making "Prince of Bagdad."

"And there are a lot of other loanouts that Fox has turned down," he added.

Why is he so popular with other studios? For once he turned modest and couldn't answer. (What! Mature modest?)

But I think I can supply the answer. He is a big, serviceable actor who can perform in any kind of film—Westerns, musicals, dramas, comedies or adventure epics. Also, he is not harmed by the fact that he starred in the industry's No. 2 moneymaker, "Samson and Delilah."

Mature is well on his way to becoming a retail tycoon. He has sponsored the openings of a TV store, a furniture store and two appliance stores. He's already planning two more. Since he has a normal regard for the dollar, I asked why he signed again with Fox. He could go independent and pocket the money his studio makes on his loanouts.

"Oh, no," he commented. "They can make the money; it's all right with me. These are times when it pays to have a big studio to look after you. It's much safer that way."

Vic has gotten to be the grand old man of the Fox lot. After the war, the contract list contained such names as Mature, Tyrone Power, Cesar Romero, William Eythe, Dick Haymes, Dana Andrews, Cornel Wilde, Richard Conte, Vincent Price, and Rex Harrison.

Mature is the only one left under exclusive contract.

Woman Leaders Discussed For Acacia Club

Mrs. Bill Campbell presented the program for Acacia Study Club Tuesday at Mrs. James George's home.

"Women as World Leaders" was the program topic, and Queen Elizabeth II was among the women discussed.

Christmas decorations were throughout the home, and refreshments were served 14 members and two guests.

Dinner At Fluvanna Honors Jackie Holder At Jennings Home

FLUVANNA — Mr. and Mrs. Bob Jennings honored their grandson, Jackie Holder, with a dinner Sunday.

The honor guest was inducted into the army today.

Those attending were Mr. and Mrs. Carlyle Russell and children of Littlefield, Miss Ganelle Drennan and Miss Joyce Drennan of Lamesa, Mr. and Mrs. Neil Holder and children, Mr. and Mrs. B. B. Forehand and Mr. and Mrs. Herschel McIntyre and son of Abilene.

Twentieth Century's Yule Party Given At Tyer Home

Mrs. C. E. Tyer was hostess for the Twentieth Century Club's Christmas party Tuesday when Mrs. I. W. Boren was leader.

Roll call was answered with a Bible verse, after which Donna Baker sang "I Don't Want A Lot for Christmas" and "When Santa Claus Gets Your Letter." She was accompanied by her mother, Mrs. E. N. Baker.

Mrs. J. Nelson Dunn told a Christmas story, "The Man at the Gate of the World," by W. E. Cule. Mrs. Boren discussed the difficulties involved when a German-born preacher lighted the first Christmas tree in America. The custom, she said, was borrowed from Germany and was begun in America in Cleveland in 1851. People declared the tree lighting a pagan custom before it became the tradition it is today, she said.

Following the program, Donna Baker distributed gifts which members had placed under the tree.

During the business meeting, $12.25 was collected to buy fats to be sent to Austria. Members voted to bring clothes and other contributions for Austria to be packed at the next meeting. Members also voted to support the Scurry County library. Mrs. R. E. Gray, president, reported that District 7 of the Texas Federation of Women's Clubs, of which clubs in this area are members, has given $271 the largest amount in the state toward maintaining headquarters in Austin. Mrs. Ben Weathers was appointed reporter and Mrs. Wade Watts, her assistant.

Refreshments were served 15 members.

THE ADVENTURES OF PATSY

Protestant Ministers Oppose Vatican Envoy, Aid To Spain

Although no active protest has been shown here concerning the possible sending of a federal envoy to the Vatican, most non-Catholics in Snyder are opposed to it, according to ministers here.

Several ministers of non-Catholic churches in Snyder were asked whether they favored or opposed an envoy to the Vatican and whether they favored cessation of federal aid to Franco Spain because of "persecution of Prostestants."

The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, said: "Sending federal representatives to the Vatican is a violation of the United States Constitution which guarantees Americans the separation of church and state so far as our government is concerned." He added that his opposition was one without prejudice against any particular religion "since I would oppose the sending of an envoy to any church organization, religious convention, synod, or other such group in America or anywhere else. We have an embassy to the Italian government in Rome, and the Pope is no farther from it than from his telephone."

On the subject of U. S. aid to Spain, Mr. Cates said he was opposed to it "so long as the government allows persecution of Baptists, Protestants, and other non-Catholics."

The Rev. Clifford Taylor of the First Christian Church said: "I am definitely opposed to sending an envoy to the Vatican, the same as I am opposed to sending one to any other religious body. Our churches have been urged to oppose this, and the church in Snyder has urged its members to express themselves as opposed to it." He said the church's state and international organizations had also opposed it.

On aid to Spain, Mr. Taylor said, "Protestants in Spain are not allowed to organize new churches, propagate beliefs, perform marriages or other ceremonies recognized by the government, hold offices, or teach. They are not allowed to have their own forms of recreation. They are not allowed to identify their church buildings publicly. Recently, there have been numerous instances of vandalism against church properties of Protestants there. I oppose federal aid to Spain first for these reasons and also because of the dictatorial nature of the Spanish government which was closely connected with Hitler, Mussolini, and the Japanese government during the war, to which it sent congratulations when the latter bombed Pearl Harbor."

None of the other ministers commented on aid to Spain. Four hundred Protestant leaders over the nation, however, recently urged President Truman to halt current financial aid going to Spain and to bar any alliance until the Franco government stops the persecution.

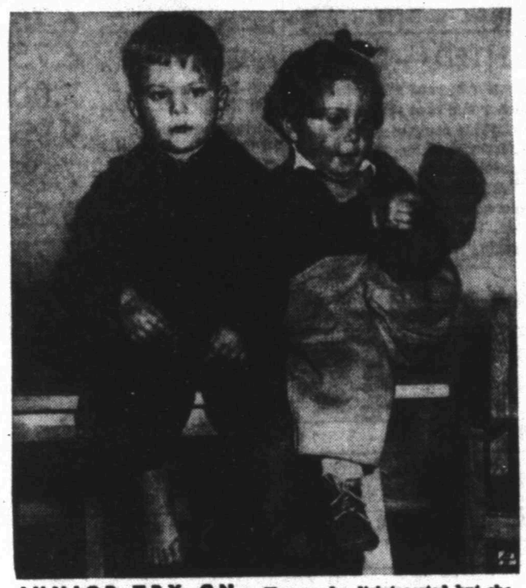

The Rev. Jack Dean, pastor of North Side Baptist Church, said: "Separation of church and state was one of the foundations on which America was built, and I am definitely opposed to anything that might destroy this foundation. To send an envoy to the Vatican would be to recognize the Vatican as a political state; and if we so recognize it, we should then require all Catholic priests in ths country to register as political representatives of the Vatican. But I am opposed to reorganizing any religious organization as a political government."

The Rev. E. K. Shepherd, pastor of the First Baptist Church, said: "The Vatican is not a political or state government, and for this reason I am opposed to our government sending an envoy to it. Such would also violate the principle of church and state separation, and I am opposed to any move contrary to this principle."

The Rev. W. W. Adcock, pastor of the First Methodist Church, said: "I am definitely opposed to sending an envoy to the Vatican, mainly because this would be a violation of the principle of separation of church and state guaranteed in our Constitution. It is also contrary to our traditional principles of the American system of government, by which one religion should not be respected by the government above another. I would oppose government representation to any church body."

The Rev. Robert Owens, pastor of the Assembly of God, said: "The main reason I am opposed to our government having an embassy at the Vatican is that our democracy is one of church and state separation."

The Rev. Ronald Hubbard, pastor of the First Presbyterian Church said: "The World Council of Churches represents many more people throughout the world than the Vatican does, and if we send an envoy to the Vatican, we should also send one to Geneva. But I am opposed to sending an envoy to any religious body. It would not be fair to churches, and it would be contrary to the priciples of our Constitution."

Cates Outlines Topics Of Discussion Sunday

The Rev. T. Gerald Cates, pastor of Calvary Baptist Church, has announced he would preach on the prophetic Scriptural promise of the Old Testament, "His Name Shall Be Called Wonderful," at the morning worship service Sunday. The subject for the evening service at 7:30 o'clock will be "The Message of the Christmas Angel."

The pastor's subject for the radio broadcast at 8:30 Sunday morning will be "The Christ of Prophecy," from the text of Micah 5:2. The adult Sunday school class will study the twentieth chapter of Revelation at 10 o'clock, the subject being "The Doom of Satan, the Millennium, and the Great White Throne of Judgment."

McMurry Band Played Here Wednesday Night

The McMurry College Indian Band played to an audience of 325 persons in the First Methodist Church Wednesday night.

Snyder was the last stop of a five days tour of West Texas churches and high schools by the band. The program was composed of religious music.

Good's Topic Selected

Joseph J. Good will speak on "Preincarnate Minister of Jesus" on the West Texas Bible Forum at 7:45 o'clock Sunday morning.

On the 8:15 o'clock program he will speak on 'Preparations" he stated.

Family Night Slated At Christian Church

Family night sponsored by the Christian Men's Fellowship of the First Christian Church will be held Thursday evening at 7 o'clock at the church.

Supper, recreation and special games for the children will be available, according to Hugh Taylor, Jr., publicity chairman. The tickets priced at $1.50 per family are on sale at the Ranch House and the B and B Steakhouse.

Two Subjects Picked For Church Of Christ

The subject for the two Sunday morning assemblies at 8:45 and 10:50 o'clock at the Church of Christ is "The Day of Reckoning", according to Ted Norton, pastor.

The theme for the Sunday evening meeting at 7 o'clock is "Are There Four Heavens and Three Hells?" Bible classes will assemble at 10 o'clock that morning, Norton said.

WHAT ARE YOUR CHANCES?

The chance of his being drafted for the army was worrying one Negro and another consoled him thus: "There's two things that can happen, boy. You is either drafted or you ain't drafted. If you ain't, you can forget it; if you is, you still got two chances. You may be sent to the front, and you may not. If you go to the front, you still has two chances. You may get shot and you may not. If you get shot, you still has two chances. You may die and you may not! And, if you die you still has two chances."

One's chance for heaven is determined by the individual himself (2Cor. 5:10). The way we live on this earth will determine whether we spend eternity in heaven or hell (Matt. 7:21-29; 25:31-46).

..If one is lost, he is without excuse. He has access to the word of God. He must "take time out" to learn what God intends for man to do in order to be saved, how to worship and how to live (John 8:31, 32). One can learn error as easily as he learns truth (1John 4:1).

A person who does not abide in the teaching of Christ hath not God (2John 9). Hence, one who joins a church not mentioned in the New Testament, wears a name it does not authorize, worships in a way it does not prescribe, or does not practice the "Golden Rule," is not abiding in the teaching of Christ.

Each person manifests his love for the Lord by doing His will (John 14:23). "The disciples were called Christians" (Acts 11:26), and they were all members of the church of the Lord (Acts 2:47). The individual congregations of the Lord's body were known as "the churches of Christ" (Romans 16:16).

Each person should learn "not to go beyond the things that are written." (1Cor.4:6). He should do what the New Testament says. When he does Bible things in Bible ways, and calls Bible things by Bible names, speaks where the Bible speaks, and is silent where the Bible is silent, he has divine assurance that this is "of faith," (Romans 10:17).

Two ways are open to every person (Matt. 7: 13,14). Which way are you taking? It would be a very splendid thing for you to attend the church of Christ in your community and see if these things are so. Do it this very next Sunday! Morning assemblies: 8:45 and 10:50 Bible classes for all ages: 10:00 Evening assembly 7:00 Ladies Bible Class Wednesday: 10:00 Mid-week Bible study, Wed. Eve.: 7:30

Methodist Program For Sunday Is Announced By Rev. W. W. Adcock

The annual Christmas musical program of the First Methodist Church will be presented Sunday night at 7 o'clock, according to the Rev. W. W. Adcock.

The Church's three choirs and pre-school age rhythm band will participate in the program. Adcock will give the Christmas story in scripture. Earlier in the day he will speak on "The Bible, A Living Book" at the 9 o'clock and 10:55 o'clock service, the latter will be broadcast.

A sextet composed of Misses Betty and Pam Sanderson, Miss Sara Hamilton, Mrs. Betty Campbell, Miss Jo Ann Tearson and Miss Jimmie Barrett will sing at the 10:55 o'clock service.

The annual Christmas offering is being received by the church this month for the Methodist Home at Waco, Adcock said.

Presbyterians On Radio

The Presbyterian Hour will be heard on the radio every Friday afternoon from 12:30 to 12:45 o'clock.

The program will be held for an explanation of the church's program and promotion of its activities, said the Rev. Ronald Hubbard, pastor.

Class Holds Banquet

The Esrudoma Sunday School class of the First Baptist Church had a Christmas banquet last night in the First Baptist Church.

The Christmas theme was carried out in decorations in the hall. The Rev. E. K. Shephard gave a short devotional and Mrs. Ralph Wesson gave a reading.

Three Parties Are Being Planned During Holidays By Church

Three Christmas programs are planned by the First Presbyterian Church next week.

The Presbyterian women will have a Caristmas party and program Tuesday evening at 7:30 o'clock. They will meet at the home of Mrs. Robert Wasson at 300 Thirty - seventh Street.

Mrs. James Kincaid will be hostess chairman and Mrs. Robert King program chairman. The wommen will exchange gifts and a praise offering will be given for missions.

The youth and senior choirs will meet at 7:30 o'clock Tuesday night for a caroling party, according to Tom Phillips, director. The groups will sing at homes all over the town, he said.

Next Friday night the church Sunday school will have a party. Gifts will be brought for children in the Presbyterian orphanage at Dallas.

Party Tonight At First Christian Church

A Christmas family night program will be held tonight at 7 o'clock in the First Christian Church, according to the Rev. Clifford Taylor, pastor.

A special program will be presented by seven girls from the Juliette Fowler Home in Dallas They will be accompanied by Hugh Blevins, manager of the home, Taylor said.

The church is collecting Christmas gifts for the children and aged people of the homes. The gifts will be sent Monday, Taylor added.

Loyalty Sunday At Presbyterian Church

Sunday morning will be loyalty Sunday at the First Presbyterian Church, stated the Rev. Ronald Hubbard, pastor.

Theme of the service will be "What Can I Do For Christ?" Sunday evening at 7:30 o'clock there will be a brief meditation on the section of the Apostolic Creed, "I Believe in the Holy Ghost", Hubbard said.

At 8 o'clock that evening a full length movie, "Second Chance," will be shown.

"O Come, All Ye Faithful"

Not many events in history have left their imprint upon the world for centuries. Man has a way of putting behind him the past—forgetting his triumphs, overcoming his defeats—as he faces new challenges in a changing world.

But at Christmas we remember an event of two thousand years ago. Not one of the momentous crises of military or political history! Just the birth of a child . . . in a stable . . . in a sleeping town . . . far away!

Why should such an event, so long ago, still set the world to singing?

It can only be because that event, unlike any other in the world's long history, affected everyone. What happened in Bethlehem twenty centuries ago has never stopped changing people's lives from that day until this!

Because that first Christmas has given you deeper happiness and richer hope—come, with all the faithful, to worship the Lord.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily

Czechs Believe Germans Will Flood Their Country Again

NEW YORK (AP) — Czechoslovaks are reported fearful that the Slansky-Clementis purge trials and hangings spell the quick Moscow-sponsored return of Sudeten Germans expelled by the late President Benes after World War II.

A Czechoslovak once close to the Benes government, after studying a letter from a professional man in Czechoslovakia, expressed belief the principal purpose of the trial was to clear out the chief opponents of German workers coming back into Czechoslovakia, a move long desired by Moscow.

Another trial aim was to forge stronger ties with Germans by playing on whatever anti-Semitic feeling remains in Germany, this former official said.

Relatives in the U. S. received from a member of their family, still in Czechoslovakia, a letter written after the trial sentences were announced. Identities of those involved must remain guarded.

The professional man is a Jew, one of those resettled from his former home into the Sudetenland along the border of Germany, after some three million Germans were expelled. Benes considered the Sudeten Germans a spearhead of provocation, blaming them for the inroads that Hitler was able to make in taking over Czechoslovakia before and after the Munich agreement in 1938.

The Sudeten people were skilled workmen, in glass and pottery, mines and industry. Many were engineers, technicians and factory administrators.

Their expulsion was a hard blow to Czechoslovak industry because it robbed the market of skilled workers and because the expelled Germans immediately set up competition in Germany with their skills. Some went to East Germany.

Their homes and furniture were confiscated and turned over to Czechoslovaks—a great many were brought from other parts of the country.

One idea was to have a convenient buffer group between the German border and Prague in case of any new German aggression.

Czech industry was working its way back to some sort of normalcy when the Communists took over in February, 1948, and announced even more grandiloquent four and five-year plans.

Late in 1948 Moscow began badgering the Czechoslovak government to bring back the Germans, especially from East Germany, where unemployment and near-famine made the situation dangerous for the Communist offshoot of Moscow.

The Kremlin also wanted the door opened to West Germans, hopeful Czechoslovak communism could provide a propaganda cement that would unify Germany along the lines Moscow has always wanted.

But the foreign minister, Vladimir Clementis, a Slovak, hated the Germans more than he loved Moscow. Rudolf Slansky, the Communist party boss, was a West Bohemian who had always lived in fear of Germany.

Together they fought the Moscow plan in the Cabinet and beat it early in 1949.

That was when Moscow began to catch up with Clementis, who had denounced the Stalin-Hitler pact of 1939 from his refuge in Paris.

The mystery was why it had taken so long to rub him out. One answer was that Slovaks had to be thoroughly policed against any uprising over one of their favorite sons.

The epilogue appeared ready to be written.

The latest letter from Czechoslovakia's Sudeten region put it this way: "We hear about the trials in Prague and we believe that our former guests are going to return. Some have already. That is the whole feeling here about the trials. My impression is that I shall have to leave here and go back to our former home in Bohemia."

U. S. Trying To Get Plane Reds Holding

WASHINGTON (AP) — The United States may take to the International Court its complaint against Russia and Communist Hungary for the 1951 seizure of an American Air Force cargo plane.

The plane was forced down in Hungary by Soviet fighters on border patrol. After being held for six weeks the four Air Force crewmen were released, but only after the U. S. paid a fine of $123,605 imposed by the Hungarians on a charge of illegally crossing the frontier.

The U. S. yesterday served a formal demand on Moscow for return of the plane and its cargo, or payment of its $98,779 estimated value, plus interest. Hungary was asked to turn over court records of the secret trial. Nothing was said about refunding the fine.

The demand appeared to be a futile gesture. Hungary has ignored such requests in the past, and the U. S. has never been able to get a satisfactory settlement of border incidents with Russia.

But the State Department said this government is "considering appropriate legal action" and the formal notes were deemed a necessary preliminray step.

If Russia and Hungary refuse to settle by negotiation, the next step presumably would be an appeal to the International Court at The Hague. Russia, however, has refused to be bound by decisions of this tribunal.

In any event, the State Department is building up a careful record, for a reckoning in the United Nations or elsewhere, which would serve also to refute Communist propaganda.

Russia has contended the plane was forced down while trying to deliver supplies to anti-Communist guerrillas. The State Department says it was on a routine flight taking supplies from Germany to the U. S. Embassy at Belgrade, Yugoslavia, and that the plane lost its bearing.

Russia has kept armed forces in Hungary ever since World War II.

Although the regular schedule for the pony express took 10 days from St. Joseph, Mo., to the Pacific Coast, the record run was made in seven days and 17 hours.

Republicans May Moan About Their Own Job Cutting Acts

WASHINGTON (AP) — A Republican-fathered device to trim the number of federal payrollers when most of them were Democrats may haunt the GOP when it takes over the reins of government next month.

It may have the effect of forestalling plans any Republicans might have to replace Democratic jobholders with Republicans after President-elect Eisenhower's inauguration.

Known as the "Jensen rider," it has been tacked on to most departmental money bills in the last two years. By current law, it is operative in most departments at least until next June 30.

In effect it says the federal payroll shall be cut about 10 per cent each year by forbidding the filling of more than one out of every four vacancies that occur. There are some exceptions.

Its author, Rep. Ben Jensen (R-Ia), said he realizes the plan might pose some difficulties for the incoming Republican administration.

But Jensen said in an interview that if the plan was equitable and fair when Democrats were running the show, it ought to be equitable and fair for the Republicans.

"It isn't a political program at all" he said, "Most of the jobs affected are civil service jobs anyhow, so they aren't political in nature."

He conceded that under a Democratic administration Democrats applying for civil service jobs might fare better than Republicans, and vice versa.

"There have been and there still are just too many people on the federal payroll and we have got to start cutting down if we're ever going to have real economy," he said.

"You just don't cut down by wholesale firings of people with families and long tenure of good service. You do it through the process of attrition—by not filling vacancies when these people quit their jobs, which they do by the thousands every year. It's a very fair system and if I have my way it will remain in effect until we get this thing in hand."

Jensen estimated that around 300,000 federal jobs become vacant each year and, under provisions of his rider to appropriation bills, only about 75,000 of them may be filled.

The present payroll of approximately 2½ million employes is at least 10 per cent too heavy, he said, adding:

"And unless the agencies themselves and a Budget Bureau take steps to cut down on employment, the Congress will have to keep cutting it down through an amendment such as mine."

Ban On Viewing Bodies Lifted In Arlington

WASHINGTON (AP) — The Army has lifted its ban which kept relatives from viewing the bodies of dead servicemen at burial ceremonies at Arlington National Cemetery.

Charles E. Burnett, who resigned as an Arlington cemetary funeral director in protest to the original order, said: "This is pretty much what I have been fighting for."

The Army, announcing yesterday that it would permit bodies to be viewed at Arlington under certain "very liberal" conditions, said the ban still stands at other military cemeteries because it lacked personnel and facilities to handle the job.

Ship Crew Members Are Going To Be Screened Before Allowed Ashore

WASHINGTON (AP)—The political complexion of crew members of some big foreign ships—including British and French — is to be screened by U. S. immigration inspectors before the men are allowed ashore at American ports. Communists are automatically barred.

The Justice Department said yesterday this is one of the steps being taken to comply with the new McCarran-Walter Immigration Act, which goes into effect, Dec. 24.

The British, reportedly concerned about delays which could be caused by questioning the 2,000-member crews of such ships as the Queen Mary and Queen Elizabet, are expected to lodge a protest with this government.

Combat Gives Soldiers Symptoms Of Diabetes

WASHINGTON (AP)—The stress of heavy combat fighting produces in many soldiers the same physical conditions found in persons suffering from diabetes, severe burns or infections, says a team of Army scientists.

Tests conducted under fire in Korea by a 13-member group directed by Johns Hopkins Universty under Army contract were reported yesterday.

After heavy combat, troops were said to be severely dehydrated, the sugar content in their blood approached that found in diabetics, and there was a marked deficiency of certain blood cells such as found in patients with severe burns or infections.

Food has two functions, first to supply energy to the body and second to build up tissues in growth or when they are worn out.

The Army announced in Washington it is ordering these armored shorts for its troops in Korea, weighing four pounds and capable of deflecting about 65 per cent of all types of missels. The shorts are modeled with the armored vest. They are held up by suspenders. Both are made of 12 layers of laminated nylon duck in water-resistant plastic layers with nylon fabric covering.

Big Constellation Is Put Thorugh Tests

WASHINGTON (AP) — The Navy said today its R7V-1 Super-Constellation, which it calls "America's fastest military air transport," has passed nine weeks of grueling strength tests.

To prove the structural strength of the 113-foot-long plane, engineers at the Lockheed Aircraft Corp. factory in Burbank, Calif., loaded the fuselage with lead ingots and added external pressures until the bending forces equalled 175,00 pounds.

The R7V-1 has a turbo-compound engine—a piston engine with a supplementary jet engine using the exhaust gasses—which gives it a cruising of 340 miles an hour or more, 50 miles an hour better than the regular piston engines.

Hermleigh Faces Its Toughest Opponent In Melvin Tonight

The Hermleigh Cardinals, district champs of the 5-B grid race for their third consecutive year and bi-district winner over Sanderson will go on the field for the last time of the season at 7:30 o'clock tonight in Melvin in an attempt to down the defending regional champs.

Melvin, which defeated Sanderson last year for regional after Sanderson whipped the Cardinals, will be trying for a nineteenth straight win.

Both the teams, undefeated this year, have compiled remarkable records. The Cardinals, who held six teams to only one touchdown and two scoreless, will be meeting a team that has been scored against only three times this season — twice in its 41-14 win over Baird in a bi-district tilt last week.

Coach Charlie White said his Cardinals are all in good shape for the game. They will be trying for their second time for the title. The first was in 1948, when Rising Star beat Hermleigh 33-13 in the battle.

The Melvin squad is sparked by Quarterback Harold White, 152-pound three-year letterman, who netted the Bulldogs 159 yards on seven passes against Baird.

Heading the Cardinal offense is Fullback Dickie Wall, who has rushed 1,198 yards in 152 [illegible] this season and led scoring with 19 touchdowns. Working close with Wall is Quarterback Floyd Hacker, who has completed 45 out of 106 passes for 1,255 yards and eight touchdowns.

On the other end of most of Hacker's passes tonight will be End Jimmie Cooper, receiver of 35 tosses this year for 1,060 yards and eight TD's.

During the season, the Cardinals have scored 368 points to opponents' 74, made 150 first downs to 69, gained 2,582 yards rushing to 886 and 1,337 passing to 605.

Melvin has scored 398 points to opponents' 20.

SW Conference Is Holding Its Own On Courts

Associated Press Staff

Southwest Conference basketball teams all have seen action and the record is very good—five victories in seven games.

Texas, Texas Christian and Texas A&M started the campaign Wednesday night with decisions over Oklahoma, Hardin-Simmons and University of Houston, respectively, while Arkansas was losing to Tulsa.

Last night, the other three members of the league opened the season with Rice beating Sam Houston State, 75-59, and Baylor edging Lamar Tech, 41-39—but Southern Methodist, one of the conference favorites, was surprised by Hardin-Simmons, 56-55.

SMU trailed the Cowboys for three periods, took the lead in the final stanza but faltered before a Hardin-Simmons rush in the last three minutes.

Hank Green, 6-foot-7 Cowboy star, roped 23 points to ride the Mustangs to defeat and win high-scoring honors for the night.

It took a whirlwind finish at Waco for Baylor's Bears to beat Lamar Tech of the Lone Star Conference.

The Waco tussle was a ragged affair until the final period when Baylor wiped out a 28-22 deficit to twice tie the count and then go ahead on Soph Kenny Morgan's first varsity field goal.

Rice overwhelmed Sam Houston State of the Lone Star Conference with stellar Gene Schwinger picking up where he left off last season.

Although the rangy Owl center played only 33 minutes, he scored 22 points before fouling out in the rough and tumble game.

Things looked pretty bad for the Owls in the fourth quarter. Schwinger was out, Don Lance fouled out, and Buzzy Bryan had preceded Lance to the sidelines. Rice held a shaky 57-53 lead and the Bearkats were bearing down.

A free throw by Tom Sewell closed the gap for the 'Kats to 57-54 but six straight charity shots shook the Owls loose and five field goals and another splurge of free throws left the SHSC team far behind at the close.

Schoolboys In Games Today

By The Associated Press

Three games Friday afternoon and five Friday night send two classes of the Texas Interscholastic League football campaign into their semi-finals.

But the big show comes Saturday when the finalists are determined in the upper brackets—Classes AAAA and AAA—with Lubbock and Baytown favored in AAAA and Breckenridge and Temple in AAA.

Friday afternoon Stamford plays at Childress and Killeen at Huntsville in Class AA. Friday night Stephenville and Terrell clash at Arlington and LaMarque and Yoakum battle at Wharton.

In next week's semi-finals the Stamford-Childress winner plays the Stephenville - Terrell winner, and the Huntsville-Killeen winner plays the Larmarque-Yoakum winner.

Friday afternoon Denver City goes to Wink in Class A while Friday Crowell and Van clash at Tyler, Smithville goes to Cedar Bayou and Deer Park and Hondo scrap it out at Pasadena. The Denver City-Wink winner plays the Crowell-Van winner and the Smithville-Cedar Bayou winner meets the Deer Park-Hondo winner in next week's semi-finals.

Stamford, Terrell, Huntsville and LaMarque are favored in Class AA and Denver City, Van, Cedar Bayou and Deer Park in Class A.

North Dallas journeys to Lubbock and Ray of Corpus Christi plays at Baytown in semi-finals of Class AAAA Saturday. Texarkana will be at Breckenridge and McAllen at Temple in the Class AAA penultimate round.

Cancel Valley Tournament To Save Trouble

HARLINGEN, Dec. 12 (AP)—The $10,000 Rio Grande Valley Open, scene of some of golf's greatest rhubarbs, has been cancelled for fear there might be another one.

In 1951 a group of golfers, including Jimmie Demaret and Vic Ghezzi, skipped the Valley Open to play in the Mexican National Open. The PGA fined the golfers.

Last year Harlingen was not on the PGA winter tour and there was a loud protest from this city which said it had been removed from the tour with no reason given.

Harlingen was restored to the circuit for this winter through efforts of sponsors of tournaments on the winter tour, who formed an association in protest against some of the practices of the PGA.

However, Lew Bray, president of the Lower Rio Grande Valley Golf Association, said last night the tournament was being cancelled because he could get no assurance from the PGA that the golfers wouldn't again pass up the Valley tournament.

Harlingen had, in confirming the dates—Feb. 19-22—asked the PGA to prohibit golfers from competing in any other tournament in this hemisphere at the time of the Harlingen meet. The provision was to prevent golfers from playing in the Mexican Open which is scheduled for the same date.

T. W. Crane, executive secretary of the PGA, acknowledged the letter but asked the Valley group to wait until the tournament committee decide to accept the provisions. After a wait of 10 days, the Valley Association directors voted unanimously to cancel the tournament.

In 1948 the Valley tournament was strife - torn in an argument over the rules of play. Two golfers—Henry Ransom and Norman von Nida—came to blows on the course in a personal disagreement. In 1949 there was another rhubarb when Dick Metz, another of the touring golfers, was quoted by a sports writer as criticizing the relations of the PGA with the tournament sponsors.

Then after the 1950 tournament passed without incident there came the 1951 blow-up over the golfers going to Mexico City. Even the State Department got into the act, saying the disagreement hurt the good neighbor policy.

SUBCOMMITTEE OPENS HEARING

Using a map to illustrate a point, Leander Perez, district attorney of St. Bernard and Plaquemines parish, leans over members of the congressional subcommittee which opened hearings in New Orleans, La., on the tidesland question. The committee members, seated are, left to right: Rep. Hamer Budge (R-Idaho); Rep. William H. Harrison (R-Wyo.); Rep. Clair Engle (D-Calif.). Perez recommended legislation that would make coastal boundaries of all states the same.

Tigers Take Another Crack At Lubbock Cagers There Tonight

Equipped with one more experienced player than they had when the Lubbock Westerners downed them 71-59 Tuesday night, the Tiger cagers tonight will attempt to take the team they almost beat here despite its height.

Back into the lineup after being out one game with a sprained ankle is Ned Underwood, 6-2 senior ace who led scoring last year with 240 points and got a good start against Slaton with 11 points. Underwood will start but may not play a full game because of his ankle, Coach Gene Gibson said.

Still out with a bad ankle is Joe Cargile, another leader last year, who was injured in practice and has not been able to play yet this season.

Gibson said he would also probably start either Reagan White, 6-1 or Bill Boyd, 6-1, at forward; Deanie Floyd 6-2, at forward; and Douglas Ayers and Joe Galyean, both 5-9, at guards. Underwood will take the center position.

Sparking the Lubbock team will be Forward Dennis Atkins, a 6-3 lad who racked up 19 points for the Westerners here, along with Guard Doak Walker, who made 13 here, Guard Dale Ball, who made 11, and Center Dane Grant, who scored 10. All the Westerners are taller than six feet.

Both the A and B squads defeated Slaton and lost to Lubbock.

Coach Hal Battle, B squad coach, said he will probably start Jack Spikes, 6-0, at center; Alan Snead, 5-10, and Billy Sellers, 5-9, at forwards; and Jimmy Bennett, 5-6, and Steve Blair, 5-7, at guards.

Starters and their total points for the two games already played are as follows.

Junior High In First Game

The first game on the junior high cage slate is scheduled at 4 o'clock this afternoon when they play host to the Fluvanna juniors.

Coach Jimmy Williams and his squad of 18 players have been working out intermittently, using the gymnasium when high school basketballers do not have it in use.

Williams said his team is looking in good shape for the amount of workouts it has had.

George Sauer Given Extension Contract

WACO, Dec. 12 (AP)—George H. Sauer, director of athletics and head football coach at Baylor University, has a regular job—no doubt about it.

President W. R. White of Baylor announced yesterday that Sauer's contract, which had two more years to run, had been extended to Feb. 1, 1960.

White said the contract extension was "designed to take all the pressure off the coach and enable him to give his full energies to the training of athletes."

Sauer has been at Baylor since Feb. 1, 1950, on a five-year contract. No announcement ever has been made of his salary.

Today the coach was in Dallas attending a meeting of the Southwest Conference.

Woman Shot To Death By Estranged Husband

PECOS, Dec. 12 (AP)—Mrs. Mildred Louise Gregson, about 30, was shot to death and her estranged husband, James Loyd Gregson, critically wounded in a shooting in a downtown Pecos cafe yesterday.

No charges have been filed.

Mrs. Gregson was a waitress in the cafe. The operator of the cafe said she and the Negro cook ran out when Gregson entered with a .22 rifle and began arguing with his wife.

Mrs. Gregson was dead when police arrived. Gregson was shot between the eyes.

The Gregsons formerly lived in Big Spring.

Baby Thrown To Safety From Burning Building

PITTSBURGH (AP) — Eighteen-month-old Darlene Daugherty was trapped in a burning third-floor apartment with her grandmother.

But Grannie—63-year-old Mrs. Mary McEvoy — wasn't sitting around waiting to be rescued. She tossed little Darlene across an alleyway into the arms of Mrs. John A. Paul standing on a porch five feet below the roof of her three-story home.

Shortly afterward firemen climbed into the apartment to rescue Mrs. McEvoy and Mrs. Clara Ferguson, a second floor tenant who had fled upstairs as the flames gushed upward.
