DOLLAR DEVALUATION TRIGGERS WAVE OF SELLING IN FOREIGN EXCHANGES

Price Of Gold On Free Market Hits Record High

LONDON (AP)—The devalued U.S. dollar was hit by a wave of selling in foreign exchanges today as government ministers sought to restore monetary stability.

The price of gold on the free market hit a record high of $72.30 an ounce at the afternoon fixing in the London bullion market.

Heavy dollar selling was first reported in the Tokyo market, which opens before others because of the time differential. The wave hit Zurich shortly after noon and carried the dollar to new lows against the floating Swiss franc.

The dollar moved down in afternoon trading in Frankfurt and reached 2.9250 German marks, just a hair above the new 2.9003-mark parity for the devalued dollar.

SWISS FRANCS

Late trading figures for the dollar on most other European exchanges also were lower than the more optimistic opening quotations.

In Tokyo the Japanese state bank stepped in to bolster the hard-pressed dollar and restrain the rising value of the yen. Japanese businessmen fear that if the yen rises too much higher against the dollar it will undercut the exports on which their economy is largely based.

On the Tokyo exchange the dollar sold at 270.8 yen, compared to 301.1 yen last Friday, the last day of trade before devaluation.

On the Zurich exchange, the dollar dropped to 3.3925 Swiss francs, a record low representing an 11.8 per cent dollar devaluation from the previous parity with the franc. The Swiss franc also is seeking its own level in a float similar to the yen's.

The monetary uncertainty spilled over into the London bullion market, traditional haven for smalltime speculators, to send the price soaring $1.10 an ounce to a new record high of $70.10.

DIAMONDS UP

The devaluation also hit the diamond market, sending the cost of raw stones up 11 per cent.

The U.S. decision Monday night to devalue for the second time in 14 months, and by an unexpectedly large 10 per cent, was seen in Europe as almost certain to halt the tremendous selling wave of dollars. But fears were voiced that the dollar crisis now may turn to speculation against other currencies and a new bout of monetary turmoil.

Five financially important countries now are allowing their currencies to float outside fixed exchange rates, adding to the confusion. They are Britain, Canada, Italy, Japan and Switzerland.

A number of governments were expected to adjust their currencies in the next few days. Israel, Indonesia, South Africa and South Korea decided Tuesday to follow the dollar down and devalue by 10 per cent. Most developing countries were expected to follow suit and retain the dollar as the major standard for international currency dealings, but at reduced rates.

ENOUGH

Only countries with relatively strong currencies were standing pat and not following the dollar down. Examples were France, the Netherlands and West Germany.

Financial sources in London said they suspected the dollar devaluation would be enough to reverse the growing American balance of payments deficit.

Japanese Finance Minister Kiichi Aichi told the lower house of the Diet that the government would help small and medium-size businesses, which are expected to be hit hardest by the upward movement of Japan's currency.

He also said Japan will try to find an appropriate new rate for the yen during the period of flotation but, at the present time, the government can't say how long the float will last.

HEART OF MY HEART — Lisa Morrissey, 15-month-old daughter of Capt. and Mrs. Leonard Morrissey of Webb AFB, shops for a Valentine, knowing full well this is a very special day for lovers, young and old alike.

Hint Mo re Money For Red Vietnam

WASHINGTON (AP) — Hanoi and Washington announced today they plan a joint economic commission to develop economic ties between North Vietnam and the United States and to consider postwar reconstruction of the bomb-battered North.

This was the only concrete new element in a joint communique issued following the departure from Hanoi Tuesday of Henry A. Kissinger, national security adviser to President Nixon, who spent almost four days in the North Vietnamese capital.

The communique said the two sides exchanged views during the Kissinger stay "on the manner in which the United States will contribute to healing the wounds of war and to postwar economic reconstruction in North Vietnam."

The document then said there was agreement to set up a joint economic commission, adding:

"This commission, which will be composed of an equal number of representatives from each side, will be charged with the task of developing the economic relations between the Democratic Republic of Vietnam and the United States."

Kissinger, now bound for mainland China for talks with Premier Chou En-lai, met in Hanoi with Premier Pham Van Dong, special adviser Le Duc Tho who was Kissinger's counterpart in arranging the Vietnam peace agreement, and Vice Premier Nguyen Duy Trinh.

At the White House, Press secretary Ronald L. Ziegler said the joint economic commission probably would be established in about a month.

HOW MUCH?

Asked how much money the United States might be prepared to contribute toward North Vietnamese reconstruction, Ziegler said such matters would be taken up by the commission and would be subject to consultation with Congress.

Various members of Congress have already come forward with objections to U.S. spending on North Vietnam reconstruction.

Ziegler promised that Kissinger would hold a formal news conference here to discuss the subject further soon after he returns from Peking next weekend.

Three general principles for governing relations between Washington and Hanoi were set forth in the joint statement:

—"All provisions of the Paris agreement on Vietnam and its protocols should be fully and scrupulously implemented.

—"The Democratic Republic of Vietnam and the United States should strive for a new relationship based on respect for each other's independence and sovereignty, noninterference in each other's internal affairs, equality and mutual benefit.

WILL HELP

—"The normalization of relations between the Democratic Republic of Vietnam and the United States will help to insure stable peace in Vietnam and contribute to the cause of peace in Indochina and Southeast Asia."

Walls Will Train Workers At Howard County College

Trustees of Howard County Junior College voted Tuesday to provide space for training of workers for needlecraft industries.

The immediate effect is to set in motion a program which Walls Industries, Inc. will operate in training a beginning core of employes for its new plant in Big Spring. However, Dr. Thomas Salter, president, told the board he conceived this to be the foundation for a program which might find Texas Education Agency approval to train such workers on a continuing basis for the IBJ Manufacturing Company, already in operation here, and Walls.

George A. McAlister Jr., president of the Chamber of Commerce, was on hand to support the request. This will, he said, additionally fulfill the college's role as a community college.

"As a community college, HCJC is being responsive to needs of the community," he said. "I think this will not only train people for skills to fill job openings caused by attrition, but also for expansion of facilities in this field."

TWO BUILDINGS

The college will provide space in two buildings, also see that adequate electrical service is provided. All installations and connections within the building, together with instructional costs, will be at the expense of Walls.

The board named Anna Smith to be dean of students rather than dean of women. It also adopted an uniform contract for all employes, specifying prime duties, also including special duties in order to balance load units per instructor.

AUTHORIZED

Also adopted was a corporate resolution which puts on paper the record of HCJC since 1954 in being an equal opportunity institution, said Dr. Salter. The resolution officially declares the College to be "an equal opportunity educational institution and employer; that students, faculty, and staff members be selected or assigned without regard to their race, color, creed, sex or national origin . . .'' Substance of the resolution will be carried in college catalogues.

Authority to purchase furniture for the business manager's office in the amount of $777 was approved. Passed over was a proposal to establish a television station-laboratory. Dr. Salter said he lacked definite cost figures on the project. Board members again raised the question of whether KWAB-TV had lived up to or was living up to its agreement with the college in exchange for a site on the campus.

Final head count for the spring semester was announced by the president. There were 1,299 who qualified for county in state support, four others who enrolled after the 12th class-day deadline, making 1,303. Of this number, there were 124 on the Lamesa campus, 121 on the San Angelo campus and 1,058 on the Big Spring campus. In addition to this figure, there were 37 enrolled in the Licensed Vocational Nurse program, making a total of 1,340 head count. The semester hour of 11,086 was down slightly from the fall figure.

City To Seek Club Director

"If the weather cooperates, the tennis center may be complete and ready for use by May 1," City Manager Harry Nagel stated here at City Hall this week.

The center is already under construction near the Dora Roberts Coimmunity Center. The city commission is currently in the process of setting up standards for selection of a manager for the facility.

"They will probably discuss this at the next meeting of the council," Nagel pointed out. The council is considering hiring one person to serve both as manager of the tennis center and manager of the community center.

The city has mentioned in past councils problems encurred at the center where a fulltime manager is needed. "We are probably going to be seeking a person that would operate both facilities and be in charge of food services, concessions, and all of it," Nagel added.

The tennis center would then be avaiable by rental to tennis instructors in addition to other uses of the facility.

Before accepting applications for the job, the commission will set up criteria for the manager they are seeking.

CLOUDY

Partly cloudy this afternoon through Thursday. High this afternoon, mid 40s. Low tonight, near 20. High Thursday, near 50.

DIVORCES

Fell Out Of Love With POWs

By The Associated Press

A few of the returning prisoners of war will find that freedom has a bittersweet taste.

The wives of at least two of the men released Monday in the first batch of men freed from North Vietnamese and Viet Cong prison camps have gotten divorces; a third started separation proceedings but decided to hang on a while longer.

Mrs. Garland Kramer of Tulsa, Okla., disclosed Tuesday that she had obtained a divorce last June from her husband, an Air Force captain shot down in January 1967. The divorce was granted in Tulsa on the grounds of incompatibility.

POLITICS

"I knew I couldn't go back," she said. 'We're grown apart."

Mrs. Kramer, who works for Rep. James Jones, D-Okla., said she had continued to write and send packages to Kramer while he was a prisoner of war.

She explained the divorce in a special letter she sent the Air Force for delivery to Kramer after his release.

She said that, when he left for Vietnam, she had been "neat and docile" but, since then, has studied politics, religion and been active in school and with their two children, Todd, 9, and Cynthia, 8.

The divorce, sought on March 24, 1972, and granted on June 30, is being contested by Kramer's father, who lives in Denver, Colo. He asked the courts to set it aside until his son's return.

LOVES HER

Also facing a divorce is Cmdr. Everett Alavarez of Santa Clara, Calif., who was shot down Aug. 5, 1964, the first American pilot captured in the Vietnam war.

Two years ago, Alvarez' wife, Tangee, obtained a divorce and remarried. "I just fell out of love with Everett," she said last October when the divorce was revealed.

She identified her husband only as "Andy" and refused to disclose where she, her new spouse and their daughter were living.

Alvarez' mother, Mrs. Soledad Alvarez of San Jose, Calif., sent the news of the divorce to her son shortly after it was granted. She said he wrote back: "I hope her present husband loves her as much as I did."

Charge Reds With Violating Cease-Fire

SAIGON (AP) — The United States today charged the Viet Cong with violating the Vietnam peace accord by stalling in the release of U.S. prisoners and declared it will tolerate no more delays in future releases.

A protest was handed to the Viet Cong as U.S. and North Vietnamese military representatives met to lay the groundwork for release of another 20 American prisoners of war from North Vietnam, probably before the end of the week.

The complaint handed to the senior Viet Cong military representative concerned Monday's release of 27 American prisoners who had been held in South Vietnam. Maj. Gen. Gilbert H. Woodward, chief U.S. delegate to the Joint Military Commission, said the day-long delay was "caused solely by the Provisional Revolutionary Government," the Viet Cong.

"The four-party Joint Military Commission agreed that the release of 27 U.S. prisoners at Loc Ninh would occur at 9 a.m. Feb. 12," Woodward said in his protest, also filed with the International Commission for Control and Supervision. "However, these prisoners were not released until 7:20 p.m."

Brig. Gen. Stan L. McClellan, who commanded the pickup Monday 75 miles north of Saigon, said the Viet Cong officials refused to go ahead with the U.S. prisoner release until their own exchange of prisoners with the South Vietnamese government was completed. This swap was held up by North Vietnamese and Viet Cong prisoners of Saigon who balked at leaving their compound for the exchange.

U.S., Cuba Slated To Sign Antihijacking Agreement

WASHINGTON (AP) — The United States and Cuba are expected to sign an antihijacking agreement by the end of this week, it has been learned.

The official time frame was put at a "few days" by Secretary of State William P. Rogers in Miami Beach, Fla., Tuesday night. But it is understood this means by Saturday at the latest.

MINOR DETAILS

Only minor details remain to be worked out. They concern such matters as arranging for the signing and exchanging of texts, and officials say there is no chance of a breakdown over these procedural matters.

Even though high administration officials from President Nixon on down through Rogers have acknowledged an agreement has been reached, no one would discuss the substance of the accord.

Nixon said Tuesday that Rogers would disclose the contents at an appropriate time, but sources said the silence resulted from an agreement with Havana not to disclose details until all procedural matters were concluded.

THE FUTURE

While no official would talk even privately about the agreement, under negotiation since late November, it was learned the last major problem was cleared away when a Cuban note was received Saturday.

This dealt with the classification and definition of hijackers and hijacking.

There had been a problem earlier over whether the agreement should be retroactive, which would mean some Cuban refugees now in the United States could be sent back.

Washington insisted the agreement should deal primarily with the future and not with past incidents, and all indications point to Cuba yielding on this point for the most part.

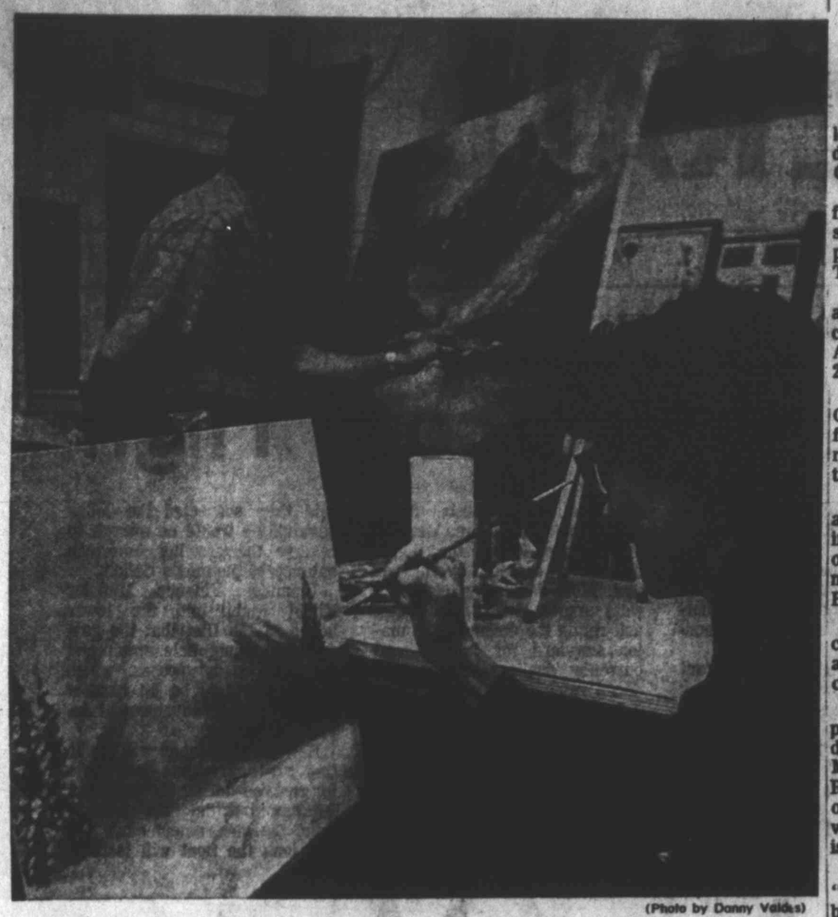

SEVEN NOTES

And while there was no firm sign about which way the classification dispute was settled there were indications of a compromise under which the degree of force used would be the main factor in determining whether a hijacking had been committed.

In the earlier negotiations, which involved an exchange of seven notes from Nov. 25 to last Saturday, the United States agreed to a Cuban proposal to include ships as well as aircraft.

There was a further, although indirect, pledge by Washington to keep anti-Castro elements from harassing Cuba.

On the Cuban side, Havana accepted an American proposal to include extradition as well as prosecution as alternatives in handling hijackers.

LEARNING FROM AN EXPERT — Mrs. Bill Wilson is one of the 18 local citizens taking instruction in oil painting from Albuquerque artist David Slade (background). Classes are held three times daily for a week at the Hobby Center.

Dave Slade Instructing In Painting This Week

Albuquerque artist David Slade is instructing three sessions a day for this week only in oil painting at the Hobby Center and Frame Gallery on Eleventh Place.

Eighteen local persons have already begun taking the classes which began yesterday and will continue through Friday. Class times are from 9 a.m. to 1 p.m., 2 p.m. to 6 p.m. and 7 p.m. to 11 p.m

Cost of the instruction is $5 a session. Those participating bring their own equipment such as paint, brushes and an easel.

The instruction, according to Hobby Center manager Mrs. Red Williams, is designed for anyone from a beginner to a more experienced painter and is individualized.

A collection of Slade's paintings are on display at the center and some are for sale.

Expressing his feelings about art, Slade said, "To me landscape painting offers the most challenging of all the fine arts. It has to do with pleasing the eyes of more people . . . There are many more things to paint, many more colors involved and so much satisfaction to the end product."

Slade, who hails from the Studio of Fine Arts in Albuquerque, said he became interested in art as a small boy in school.

"I used everything I could get my hands on to mark, make lines or just plain mess up what ever I tried to do. Today, many years later, I am still trying this same thing to express a feeling of all the beautiful things around me."

Slade travels throughout the southwestern United States teaching such workshops as the one at the Hobby Center.

Primarily a scenery painter, Slade said he stores up memories of pretty places and scenes in his head. "I do more mental sketching than actual painting."

Rehab Fee Voted; Land Trade OKed

By ANN STEVENS

City commissioners voted last night to pay a monthly fee of $417 to the Dora Roberts Rehabilitation Center and authorized the city manager to contact the district highway engineer about possible relocation of the overpass project.

In the four-hour meeting city dads also adopted a new telephone system for the city itself and approved a land trade with the Industrial Foundation to provide a site for the incoming Walls Industries.

Following in the footsteps of county fathers, the commission opted to pay a flat monthly fee effective March 1 to the Dora Roberts Center and to provide it free water, sewer and garbage service.

Both the county and city had previously paid for maintenance and service work at the center on an individual bill basis.

OWENS OR GOLIAD?

Considering changing location of the planned Snyder Highway overpass from Owens Street to Goliad, the commission gave City Manager Harry Nagel permission to contact Jake Roberts of the Highway Department.

"I want to impress upon him that we are just looking for information on the possibility. We would not be killing the project, but just showing our desire to relocate it," Nagel said.

Although claiming greater feasibility for the overpass at a Goliad Street site, Nagel stressed that he does not want to jeopardize the long-awaited project or delay its beginning.

Commissioners unanimously okayed installation of a new central phone system for the city hall and police station at a cost of $1,200 a month plus a $500 installation fee.

OVERLOADED, OUTDATED

Calling the present system at city hall overloaded and outdated, Southwestern Bell representatives said the new system, to include 14 lines instead of the current four, will make it easier for citizens calling the city.

A Bell spokesman from Midland said the system, which will feature a central console and full-time operator, will allow quicker routing of calls from the switchboard to the appropriate department.

Installation will take nine to 10 weeks and should be completed by the time a new phone directory is issued. The city will be given a new telephone number.

SITE FOR WALLS

In order to provide a site for immediate construction on a plant for Walls Industries, the commission instructed the city manager and attorney to draw up a deed to give the Industrial Foundation 20 acres of land south of the city cemetery.

In return, the Foundation will give the city 8.4 acres of land north of the cemetery and will pay $500 an acre for approximately 11 remaining acres in the trade.

Restrictions in the deed, to be approved at a called commission meeting, will specify that the rest of the land not used by Walls be allowed for industrial use only and that the Foundation move the baseball parks now at the site to another.

In other action, the commission:

- Officially called an election April 3 to elect two city commissioners.
- Approved on first reading the request of Aubrey Neighbors to rezone lot 6 and portions of lots 7 and 8 of the Amended College Heights Addition from SF-2 to Heavy Commercial in order to build a roller rink.
- Tabled a request to rezone block 1 of Belmont Addition and block 5 of Highland Park Addition from Neighborhood Service to Retail for purpose of an indoor golf course. Tabling followed Nagel's request to amend the zoning ordinance pertaining to location of such a golf course.
- Granted a temporary variance to the managers of Park Inn to allow operation of a pool hall until the pool hall ordinance can be revised.
- Approved a specific use permit for Christine Hines to build a package store at 1508-B Marcy.
- Accepted the high bid of $39.33 from Custom Signal Co. for two radar units for the police department.
- Accepted the low bid of $62.50 apiece from West Texas Fire Extinguisher Co. for bunker coats for the fire department.
- Granted permission to bid on six police patrol cars, a depository, and repair and painting of the water tower and the northside storage tank.
- Okayed payment of $792.17 to Mrs. Elizabeth Anderson for damages suffered when a city employe hit her car in an accident Dec. 8, 1972.
- Voted to donate a bulldozer and 16 hours of work to the Hi-Noon Optimist Club to help clear brush and make trails for its motorcycle track which will be open for city youngsters to ride in.
- Okayed payment of $5,741 in retrospective workmen's compensation to Herbert D. Barber and payment of $320.88 to the Texas Electric Service Co., for Christmas lighting.

Oil Activity Is Now At Low Ebb

Oil activity dropped to a new low ebb on Wednesday's report with only a completion in the Varel San Andres field listed.

The venture below 3,000 was good for 11.5 barrels of oil.

Henry and Landenberger continued to swab the Strawn but with no reported results in western Martin County, and Conoco No. 1 Moore in southeast Dawson was trying to free stuck drillpipe.

COMPLETIONS

HOWARD

Varel San Andres — Kewanee Oil Co. No. 4-F Guitar, 1,320 from north and west lines section 22-A-; Bauer and Cockrell six miles northwest Big Spring, total depth 3,190, plugged back 3,189, set 4½-in. at 3,185.39, perforated 3,062-3,128, acidized 1,500 gallons, fraced 17,500 gallons plus 25,000 pounds; initial potential pumping production 11.5 barrels 24.6-gravity oil 26.60 barrels water.

DAILY DRILLING

DAWSON

Continental No. 1 Moore at 4,800, fishing.

MARTIN

Henry and Landenberger No. 2 Nail, total depth 10,450, testing, no gauges.

HC Launching More Courses

Four short-courses open to local citizens will begin Thursday and Friday at Howard County Junior College.

All the courses, which last from 7-9 p.m., are part of the school's continuing education program. Several, described in Tuesday's Herald, begin tonight.

Beginning Thursday evening, an eight-week course in grocery checking will be offered in the Adult Education Building, Room 2.

Instructed by Mrs. Bob Custer, the course is designed for anyone wanting to learn to run cash register and to service the paying customer. Fee is $15.

Robert Deweese, art teacher at Goliad Junior High, will instruct an eight-week course in oil painting beginning Thursday night in the Practical Arts Building, Room 102.

According to Deweese, the course is offered for beginners and will cover the basics in canvas techniques. Fee is $10.

A ten-week course in photography will begin Thursday taught by Ron Stancill. Meeting in Practical Arts, Room 106, the course will focus on laboratory and field work with individual instruction. Fee is $20.

Friday night a course in "powder puff mechanics" will be offered in Practical Arts, Room 103.

Taught by garage owner James Banks, the six-week class is designed for women who want to learn the basic techniques of automobile repair. Cost of the course is $10.

Enrollment Shows Net Loss Of Two

Enrollment was steady in Big Spring schools last week. Elementary schools gained 10 to reach 3,500, but senior high lost nine to pull secondary enrollment down to 3,122. Hospital and homebound enrollments were 91, off four, making a net loss of two for the week or grand total of 6,723. This was 240 less than a year ago.

Grand Jury To Consider Wide Variety Of Cases

The grand jury, which convenes at 9 a.m. Thursday, will consider 24 cases charging defendants with offenses ranging from possession of marijuana to murder with malice.

Mrs. Nelta Lois Thompson, 44, Gail Route, is charged with murder with malice in the Monday night shooting of her ex-husband, R. L. Thompson, Cross Plains.

Bobby Torres is charged with assault with intent to murder Mina Hanks on Nov. 5. Also charged with assault with intent to murder is Richard Chavarria. Dennis Sanchez was the victim on Jan. 12.

Two men are charged with separate sex-related offenses. Clarence Grubaugh faces a complaint charging fondling on Feb. 6, and Jesus Jurado Marquez is accused of indecent exposure on Feb. 5.

BURGLARY COMPLAINTS

Those charged with burglary follow:

Troy W. Klaus, burglary of an auto belonging to James Rapalee and of an auto belonging to Everett Bedell, both on Nov. 17;

Chester Aaron Sweat III and Gary Eugene Bell, burglary of the Martin residence on Dec. 18;

Daniel Diaz, Ernesto Juarez and Guadalupe Ramos, burglary of the Toole residence on Jan. 22;

Daniel Diaz and Felipe Diaz, burglary of the Hernandez Grocery on Dec. 2;

Daniel Diaz, burglary on Feb. 17;

Ricky Blackmon, burglary of Casey's Body Shop on Jan. 23;

Felipe Diaz, Mary Diaz and Johnny Renteria, burglary of a laundromat belonging to Gene Nabors on Jan. 21;

And Randal Louis Easley, burglary of Floyd's Automotive on July 15.

DRUG OFFENSES CITED

Persons charged with drug offenses include:

Elbert Lloyd Fannin Jr., possession of marijuana on Nov. 30; Robert Eugene Chambers and Leonard Lamar Long, possession of dangerous drugs for sale on Jan. 17; and Sandy Williams, possession of marijuana on Jan. 11; and Michael K. Fryar, possession of marijuana on Jan. 17.

OTHER CASES

Jimmy Lee Hager is charged with forgery of a credit card on Jan. 21. Second offense driving while intoxicated is the complaint filed against Oren Harvey Conway.

Theft by bailee of a 1968 pickup is the subject matter of a complaint against Wayne Murray.

Froylan Flores Lopez is charged with forgery and passing a check at the Giant Discount Store on Dec. 21. Jay Hulon and Hazel Baker are charged with defrauding with worthless checks in separate cases. Hulon's complaint gives Holiday Inn as the victim on May 20, 1970, and Hazel Baker is accused of passing an $85 check to Foodway Stores on Sept. 22.

Jimmy Lee Smith is charged with carrying a prohibited weapon on licensed premises on Aug. 16.

DISMISSED CASES

District Attorney Robert H. Moore III has obtained dismissal of three cases prior to consideration by the grand jury. A complaint filed in justice court charging Jimmy Storey with forgery by check was dismissed for insufficient evidence.

Another man has been charged with burglary that Carl Johnson was charged with previously. So the complaint against Johnson has been dismissed.

And Eddie Jones no longer faces a felony complaint charging theft of a chain saw.

Already indicted when cases were dismissed are Henry Donohoo and Joe Nance. The state's motion for dismissal points out Donohoo is serving time for another conviction. Five years has passed since two defrauding by worthless check offenses involving Nance. Indictments charging Nance with defrauding by worthless checks were dismissed for insufficient evidence.

MRS. VIRGINIA TURNER

Mrs. John Turner Joins Home Firm

Mrs. John (Virginia) Turner recently joined Home Real Estate as a sales associate — specializing in residential listings and sales.

She has been a resident of Big Spring since 1965. She lives at 2714 Ann Drive with her husband John, who is employed by Cosden and her daughter, Christi, 12, who is a sixth grader at Kentwood Elementary.

She studied for a career in real estate at HCJC. She is a member of First Baptist Church, Beta Omicron Chapter of Beta Sigma Phi, Kentwood PTA and has served as a Brownie and Girl Scout leader.

DEATHS

Ida Opal Martin

Ida Opal (Baker) Martin, 75, of Big Spring, died Tuesday night in a local hospital.

Services are pending at Nalley-Pickle Funeral Home.

Mrs. Martin was born May 28, 1897 in Arkansas. She married M. T. Baker in 1911 and moved to Big Spring in 1946 from Erath County. Mr. Baker died in 1963.

In 1969 she married Charles Martin, who died in 1970.

Mrs. Martin had worked at the Big Spring State Hospital as an LVN until her retirement in 1959. She was a member of the Westside Baptist Church.

Survivors include four sons, Bill Baker, Big Spring, Herman Baker, Garland, Troy Baker, Arlington, and Floy Baker, Amarillo; seven daughters, Mrs. Vera Kiser, Mrs. Daisy Riggan, Mrs. Allene Snelson and Mrs. Gretchen Ray, all of Big Spring.

Also, daughters, Mrs. Artie Hatcher, Memphis, Tenn., Mrs. Joann Henry, Bastrop, La., and Mrs. Zolla Busby, Amarillo; and many grandchildren and great-grandchildren.

Mrs. Martin was preceded in death by one son.

Charles T. Pickers

Services have been tentatively set for 10 a.m. Friday at Trinity Memorial Park for Charles Thomas Pickers, the infant son of Mr. and Mrs. Ronald Pickers of Big Spring.

Charles was born Monday in a local hospital and died at 1 p.m. Tuesday.

Survivors include his parents; paternal grandparents, Mr. and Mrs. Charles Frederick Pickers Jr., Newport Richey, Fla.; maternal grandmother, Mrs. Gladys Hammock, Big Spring; maternal grandfather, Hughie Paul Hammock, Loveland, Ohio; seven uncles and three aunts.

George A. Bond

George A. Bond Jr., 63, who once was associated with the U.S. Experiment Farm at Big Spring, died at 12 noon Tuesday at the Goodfellow AFB Hospital in San Angelo. Services were pending at Johnson's Funeral Home in San Angelo.

Bond also served as the Martin County farm agent for several years prior to entering service in World War II in which he gave distinguished service in New Guinea and on Luzon, P.I. He came out as a colonel. He returned in 1947 to his native San Angelo and subsequently managed the wool laboratory for U.S. Testing Co.

Surviving are his wife, the former Alice M. Miles, to whom he was married here May 14, 1934; also two sons and four grandchildren.

Crofford Norman

Crofford Norman, 80, former resident of Big Spring and a long-time manager of the J. C. Penney store here, died Tuesday in Whitesboro.

Services will be conducted in Whitesboro Thursday 2 p.m. and burial will be there beside the grave of his wife, Frankie, who died several years ago.

Mr. Norman was preparing to leave his home to attend the funeral of a cousin when he was stricken with a heart attack.

Surviving are a daughter, Mrs. Mary Francis Covington, Bedford and two grandchildren.

More Girls Are Sought For March 3 Pageant

Deadline for entries to the Little Miss Big Spring Contest is set at Thursday before 9 p.m. Anyone desiring to enter should cointact Mrs. R. V. Colclazer at 1700 State.

There are now 26 contestants and more are needed, especially in the Junior Miss Division, for ages 13-16.

The Big Spring Choir Boosters are sponsoring the contest, which will be held at 7 p.m. Saturday, March 3 in the high school auditorium.

Preliminaries in the three-category event will be held at 9 a.m., the same day in the auditorium and will be open to the public.

Admission prices will be $1.25 for adults and 75 cents for children 12 years of age and under. Proceeds go to further choral programs at all schools.

The tickets are being sold by high school choir members and choir boosters and will also be available at the door. Programs, which will include pictures of all entries, will be available in the lobby for 25 cents each.

Those desiring to enter should turn in their $10 sponsor fee, picture and application form to Mrs. Colclazer.

Hise To Discuss Drug Problem

Lynn Hise, assistant superintendent in the Big Spring school district, will discuss the drug problem in the local schools at a meeting Thursday of the Howard County Drug Abuse Council.

Interested citizens, including adults and young people, are invited to attend the meeting at 7:30 p.m. in the Chamber of Commerce office.

Reports will also be given by the various newly formed committees of the Drug Council.

WEATHER

NORTHWEST AND SOUTHWEST TEXAS: Partly cloudy and colder tonight. Partly cloudy with little temperature change Thursday. Low tonight 16 Panhandle to 28 extreme southwest. High Thursday 40 Panhandle to 62 extreme southwest.

Juco Prexies Convene Here

Presidents of half a dozen West Texas public junior colleges, together with fine arts department representatives, convened here Tuesday at Howard County Junior College to talk of common problems.

It was the first such meeting since the Coordinating Board for Texas Colleges and Universities recently divided the state into basic districts.

Here to confer with the presidents was Roy Hawkins, Austin, representing the coordinating board.

The fine arts department delegates were to survey common problems and opportunities.

Hosting the presidents was Dr. Thomas Salter, president of Howard County Junior College. Others attending were Robert L. Clinton, Western Texas College, Snyder; A. G. Langford, Midland College, Midland; David L. Norton, Vernon Regional College, Vernon; Marvin Baker, South Plains College, Levelland; and Jack Rogers, Odessa College, Odessa.

Mrs. Mary Skalicky, head of the HCJC music department, was host to the fine arts visitors and was assisted by Pat Rutledge and Dan Shockey. Also attending were Ms. Mickey Baird, Snyder; Wally Jackson, Odessa; Ben Brock, Snyder; Bud Joyner, Vernon; Don Hunt, Midland; and W. L. Walker, Levelland.

Club Won't Meet

The Triple L Club will not hold its regular monthly meeting Thursday at the First Baptist Church, as scheduled, due to an all-church dinner this week. However, the sessions will be resumed with the March 15 meeting.

Four-Year-Old Is Lucky In Mishap

A four-year-old child escaped serious injury when struck by a car at the Big Spring Mobile Lodge trailer court here Tuesday.

Donald Allen Perry, was treated and released at Cowper Clinic for bruised ribs and legs after he ran from behind a parked vehicle into the path of a car driven by Michael David Teems, who resides at the camp. Police filed no charges in connection with the accident.

Sewing Fair Is Reset For Fall

LAMESA — A sewing fair, originally scheduled to have been held in Dawson County Thursday, has been cancelled and will be rescheduled next fall, according to the county agent's office

More time was needed to set up the type fair desired. Mrs. Mildred Crump, home demonstration agent, will be in charge of the event.

Woman Is Freed On $7,500 Bond

Mrs. Nelta Lois Thompson, 44, Gail Route, was released from county jail this morning on $7,500 bond set in connection with a murder complaint.

Mrs. Thompson is charged with the Monday night shooting of her ex-husband, R. L. Thompson, who died with a .38 caliber chest wound.

'Sick And Tired Of Whole Thing'

SAN JOSE, Calif. (AP) — Viewers flooded a local television station with telephone complaints after a rerun of the show "The Virginian" was cut short to show prisoners of war returning.

At least 75 calls from irate viewers were received after the show was cut off five minutes before its conclusion early Monday, a spokesman for KNTV said.

"Why are you cutting off our good program to show this kind of garbage that we're not interested in?" an answering service operator quoted one male caller as asking.

Another, who identified himself as a Vietnam veteran, claimed he was "sick and tired of the whole thing," the spokesman said.

Almost all the complainers were men.

Watch How Fast I'll Be Back!!

FLINT, Mich. (AP) — A trusting 25-year-old Flint woman still is waiting for her bargain-priced television set.

Bernastine Connie told police she was standing in front of a furniture store when a man approached and offered to sell her a set for $75. She declined to buy but changed her mind when he lowered the price to $50.

He took her into the store, showed her the set and told her to drive to the back of the store to pick it up.

When she got there and gave him the $50, he told her: "Watch how fast I'll be back with the television."

That was Saturday.

Shortage Of Orange Pickers Laid To Food Stamp Program

EDINBURG, Tex. (AP) — The federal food stamp program is making it difficult for Lower Rio Grande Valley citrus growers to find pickers for the early orange crop, an industry spokesman said Tuesday.

The claim was quickly denied by the administrator of the food stamp program in the two counties where certified persons can purchase food stamps. A farm labor union spokesman also offered a solution to the problem.

NOT TRUE

Mike Wallace, general manager of Texas Citrus Mutual, said a survey of growers and shippers shows 600 to 1,000 pickers are needed immediately to prevent the early orange crop from spoiling in the groves.

"Most of them said the food stamp program is the problem," Wallace said. "They couldn't get pickers because the workers are getting food stamps and if they work they can't get the stamps." "I'm sure that gentleman had some good reason for making that statement, but food stamps aren't to blame," said J. A. Covey, administrator for the food stamp program at Edinburg.

All persons certified for the food stamp program are required to register for work with the Texas Employment Commission, Covey said. He noted also that persons who fail to register periodically or who refuse to accept employment are removed from the rolls of those certified.

ONE OF BEST

"It's one of the best welfare programs we have ever had," Covey said of the food stamp program.

Covey pointed out that the food stamp program is expected to add $35 million to $38 million per year to the economy of neighboring Cameron County (Brownsville). He said a survey of Hidalgo County (Edinburg) grocers indicated they have hired more employes since the program was initiated there last December.

$1.30 PER HOUR

"It's the only program where the taxpayers stand a chance of getting something back out of it," Covey said. "All we're trying to do is serve the poor people."

David Hall of the United Farm Workers Organizing Committee, at McAllen, said the current rate of $1.30 per hour, the minimum wage, is not high enough to attract orange pickers.

"If any man among them (the growers) wants to pay a decent wage and sign a (union) contract, we'll furnish the workers," Hall said.

Dollar Is Devalued

The dollar has been devalued unilaterally by the United States. Ostensibly, this is an effort to lend more stability to the dollar's value and to lessen the speculation in the international money markets.

For the average persons this won't mean much, but for comparative purposes let it be noted that for most of us the dollar has been undergoing "devaluation" for a number of years through the medium of something we understand better — inflation.

In terms, perhaps over simplified, the 10 per cent devaluation ordered by President Nixon means that now it will take 10 per cent more dollars to buy something abroad. Just assume (not the actual case) that a dollar would bring a German mark on the open market. So now, if you want to buy something that formerly was 100 marks, you now must pay $110. Conversely, those 100 marks will now buy $110 worth of goods on the American market.

The theory — and to a large degree the practice — is that we will export more, because other countries will find that their currencies will buy more goods, and that we will import less, because our dollars will buy less goods.

What's behind all this manipulation? Again, an over-simplification: International traders, and particularly those who operate plants in other countries, have been betting that the dollar's inflation at home would catch up in overseas markets. So they have been selling dollars and buying other currencies in the belief that the dollar will go down in value. Hence, they will be holding currencies which will buy more goods than the dollar would have.

Apparently, they were right. The ultimate message is that we need to exercise more discipline in getting our own financial house in order. We can't go on piling inflation upon inflation without again and again having to devalue the dollar. And if this happens, someday we may pull out one too many cards and bring the entire international money card house tumbling down.

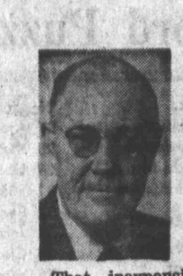

Great Duck War

Is the great duck and goose war between Louisiana and the Midwest about to be renewed again? The question arises from a charge by officials of the Louisiana Department of Wildlife and Fisheries that the U.S. Bureau of Sport Fisheries is withholding information about a man-made epidemic which is killing thousands of ducks and some geese in South Dakota.

Louisiana officials say they have been unable to get any information about a reported outbreak of viral enteritis on the Lake Andes National Wildlife Refuge in South Dakota. They say the disease is caused by over-population, after grain was spread in the refuge to attract ducks and geese, thereby interfering with their natural migration to southern feeding grounds.

Last year, just before the annual migration of ducks and geese got under way, Louisiana officials got word that federal-waterfowl sanctuaries in the Midwest were putting out grain to keep the waterfowl from migrating. This was most upsetting to Louisiana hunters. If the ducks and geese stayed on the refuges of the Midwest, the hunters wouldn't get to shoot them. At the time, they lodged strong protests with the Bureau of Sports Fisheries. Protestations of innocence and cultivation of deep silence were the only rewards for their pains.

Now the feud is being renewed. Louisiana officials are preparing to deliver one of the most self-satisfying statements known to man: "I told you so!"

Salty, Man

Around The Rim

Joe Pickle

That inexpensive commodity for your salt shaker may have a minimum price tag of $48 million on the Brazos River.

THIS (PLAN 4-B) appears to be the least cost of several plans drafted by the U.S. Army Engineers for reducing the salt pollution problem on the Brazos. It centers mainly on three reservoirs to catch water from the most troublesome spots. Other plans, or combinations involving reservoirs, pipeline to pump the salty water to the Gulf, wells to reduce artensian salt water pressure, and even diluting the Brazos with imported water, run up to as much as $383 million. These will be explained in a public presentation March 7 in Abilene.

THE PROBLEM is this: Although the Brazos is the longest (1,250 miles from headwaters to mouth) and contributes the most flow 5,300,000 (except for the border Red and Rio Grande Rivers), none of the water is considered potable. By the time the water reaches Possum Kingdom Lake, it has an average of 550 mppm chlorites and an average of 1,470 ppm dissolved solids. Even with dilution at Lake Whitney, near Hillsboro, it has an average of 275 ppm salt and 880 ppm dissolved solids. Finally, at Richmond, near the Gulf, the average salt is 105 ppm and the average total dissolved solids 390.

STATED DIFFERENTLY, an average of 3,440 tons of dissolved solids empties into Possum Kingdom Lake every day (about 60 per cent or around 2,000 tons of it from the trouble salt areas). Engineers hope to cut this down to about 650 tons per day from the trouble area. And this is important because population is projected to increase from the present 1,700,000 in the Brazos basin to 2,700,000 by the year 2020. They've got to have drinking water.

TO A FAR lesser degree, the Colorado River Municipal Water District has been facing this problem all along. Originally, Lake J. B. Thomas was moved upstream and Bull Creek reconnected by a diversion canal to avoid a serious salt situation. But everything below Lake Thomas flows into Lake E. V. Spence, which simply inherited what Lake Thomas avoided.

SO THE DISTRICT invested more than a million dollars in a diversion works at Colorado City. A low-water dam traps the normal low flow of the river (which sometimes may get as high as 20,000 ppm salt), and pumps divert it into a side reservoir, from which a portion is used for oilfield repressuring. When runoff from hard rains comes, it is of good quality and is allowed to flow over the low dam on downstream. During the year, the district diverts at this point about 20,000 tons of salt, which otherwise would get into Lake Spence.

BUT THIS is a never-ending battle, so recently CRMWD Directors authorized another study looking toward upgrading the yield of water from Beal's Creek which flows through Big Spring. One proposal is to put a low-water dam across the creek below Big Spring and divert the poor-quality low flow — just like the Colorado City project. Another is to try and pinpoint the source of salt water intrusion above Big Spring. If this can be located and shut off at the source, then the water coming through town eventually will be of potable quality.

Not only will this help ease the problem of improving quality of water going into Lake Spence, but it will be a big help to the City of Big Spring, which has a serious problem of salt water intruding into its outfall sewer mains and fouling up the treatment processes, not to mention reducing the resale possibilities.

My Answer

BILLY GRAHAM

Your thoughts on love would be appreciated. In a recent discussion, some thought there was only one kind of love for every situation. Others contended that love between mother and son, for example, would be different from the love between husband and wife. Can you help us find the answer? V.K.D.

The dictionary says that love is a strong attachment or devotion to a person. Obviously, this "strong attachment" will be evident in several levels of relationship, and accordingly, be shown in a variety of ways. As Van Gogh wrote, however, "Love is something eternal — the aspect may change, but not the essence."

Human love is a beautiful and mysterious thing. Someone has suggested that love is so critical for humankind, that a person without it can have his will to live impaired, and even ultimately suffer death. Whether it goes that far or not, we do know that the lack of love makes people depressed and anxious, void of any real purpose in life.

Now, there are two words to describe human love — eros, and filial. God's love, however, is contained in the word "agape." It's the sort of love that has an attachment for the unlovely, and even embraces those who resist and repel that love. It's no surprise then that the Bible says in I John 4:19, "We love . . . because He first loved us."

The marvel of the Gospel is that it arranges for faith to plant God's kind of love in our hearts. I tell you, once you have that, you can love everybody, and whatever the specific human relationship, it'll glow with a divine power and beauty.

Bra Brags Bared

Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Deer in America, just like people, are having a population explosion. There are more than 30 times as many deer in the country today as there were in 1900, the National Shooting Sports Foundation estimates. The statistics: 500,000 in 1900, 15 million now.

How liberated are U.S. women really getting? Well, when it comes to liberating their figures, they are getting more liberated all the time. A survey by Today's Health magazine to which 11,000 of its per cent of them are now willing to venture outside their homes without wearing a bra.

Salvaging its waste has become one of civilization's critical problems. If a way could be found to burn in power plants the 2½ billion tons of waste produced each year in the United States, the National Geographic Society says, it would generate half of today's nationwide output of electricity.

Quotable notables: "Life means living, not escaping. I'd prefer to die young than to sniff around life." — Pianist Arthur Rubinstein.

Safety note: Among dangerous driving habits, tailgating occupies an especially deadly place. A California study of 1,000 accidents showed 350 resulted from rear-end collisions. In cities, they led chiefly to vehicle damage; on super-highways, they often led to carnage.

Pert answer: When Dr. Jonas Salk, discoverer of the polio vaccine that bears his name, was asked why he devoted his life to research, he replied, "Why did Mozart compose music?"

Making A Bridle

David Lawrence

WASHINGTON — Sen. Charles H. Percy, (R-Ill.) and Sen. Alan Cranston, (D-Calif.), have come forth with a proposal to set upa congressional mechanism which would establish at the start of each session of Congress a joint meeting of the senior members of the ways and means, the finance and the appropriations committees of the two houses to limit budget outlays for the coming fiscal year.

A PANEL would be required to meet by March 30 and fix the top sum of expenditures in a joint resolution for the approval of the Senate and the House. The plan would stipulate that, until both approved the resolution, neither one could pass an appropriatioins bill. The theory is that each appropriations committee would be compelled to operate within an over-all budget ceiling.

Sen. Percy says the bill is especially timely in view of "the potential confrontation, and even constitutional crisis, that may be posed between the Congress and the executive over the question of executive impoundment of congressionally mandated appropriations." He asserts that "reform of the congressional appropriations system is the single most important issue we must address."

IT IS recalled that Congress in 1946 enacted virtually identical legislation, but it was never utilized and hence repealed.

Sen. Percy believes that, because there is no definite relationship between congressional decisions to raise money and decisions to spend it, the current methods are ineffective. He points out that the congressional committees which are responsible for appropriating funds do not weigh the amounts available for spending against the amounts to be appropriated. He contends that "there is no system of spending priorities."

THE OBJECTIVE of the proposal is to enable Congress to gain control over the whole spending process and thereby mitigate or eliminate the impounding problem. What is involved here, of course, is the question of how the legislative and executive branches of the government can cooperate in this field.

IN A large-sized private business, the treasurer of the company makes known the sums of money available for particular categories of operation. But a set of executive officers determines how much money shall be spent and whether some proposed expenditures shall be curtailed.

Wanna Buy A Book?

Robert E. Ford

Walked into a room in the new Dallas Federal Building the other day amid the jingle of the cash register and watched people thrusting money at essentially you and me.

IT WAS the Government Printing Office's Dallas Book Store, and it and 20 other emporiums like it in the United States made a profit of $9 million last year, which means that much less tax you have to pay.

The affable Edward J. Ochs, the manager, notes that the store is the only one between Denver and Birmingham, and in addition to a lot of walk-in sales, has a tremendous mail order business.

This is because the Dallas store can provide the same mail service as the Superintendent of Documents in Washington and often is faster. Please remit with order, however, says Ochs.

THE STORE itself is about the size of an average living room with shelves stuck everywhere they can be placed, both along the walls and in the middle of the floor.

Most of the shelves lean backward a little because that is the only way to both support and display the "books," some of them little more than folders — although there are some heavy, hard-cover volumes.

The range of subjects is enough to boggle the mind.

There are books on how to grow things, federal laws, how to do things, government procedures, health, physical fitness (it doesn't seem to be selling very well), historical places, fishing and hunting, how to retire and be happy, how to succeed in small business, and a whole cabinet full of aviation material.

OR YOU CAN buy 'Better Faster Typing" or "Current Research on Sleep and Dreams."

One by the National Park Service doesn't seem to be going very well, it appears from the size of the stack remaining. It is "Protecting Sherman's Lifeline." Down here, a better seller probably would be something on "New Ways To Save Richmond from the Yankees."

The Dallas store has about 1,500 items on the shelves out of the 25,000 or so books or booklets which remain on the active list and can get any of the others not immediately in sight.

What has been the biggest seller last fall and this winter?

Surprisingly, it is one single copy of the Federal Register in which new government regulations are published.

THE REGISTER is published daily, but this particular one, issued last Oct. 18, contained the "Occupational Safety and Health Act."

Ochs said industries in the Southwest ordered them by the hundreds, so that 25,000 have been sold since the Dallas store got its hands on a supply in December.

Last income tax season, the Dallas store sold 20,000 tax books for individuals and 10,000 for small businesses.

But in dollar volume, Ochs says, you surprisingly must look to the heavens.

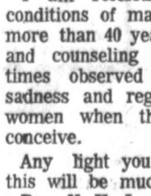

This is because of the huge sale of books about aviation.

NOT ALL government book stores find aviation a best seller. Why does the Dallas one?

"This is the greatest flying area in the world — the Southwest," said Ochs.

Napkin Rings Rounded Up

NORTH WOODMERE, N. Y. (AP) — Mrs. Meta Bleier started looking some time ago for a dozen silver plated, figural napkin rings, to dress up her table for dinner parties. These rings with their miniature sculptures enjoyed a vogue in the 1870s. After she had acquired the dozen, however, she found others too good to pass up. So now she has 304 of them.

Barrenness May Be Physical

Dr. G. C. Thosteson

Dear Dr. Thosteson: Is there a known physiological reason why many women no longer become pregnant after bearing one or more children?

I am referring to normal conditions of marriage. During more than 40 years of ministry and counseling I have many times observed a degree of sadness and regret in certain women when they no longer conceive.

Any light you can shed on this will be much appreciated. —Rev. K. E. J.

As far as we know there is no broad physiological reason for this to happen. It is usually a matter of minor physical defects which can occur as a result of birth processes.

For example, there might be an infection involved. Such post-birth infections can involve the cervix, making secretions hostile to the sperm.

The infection could also involve the tube, causing obstruction to the passage of ovum and sperm. Scar tissue from such infection could be the cause of this. Adhesions from infections outside the tubes could also be the fault.

Pregnancy has resulted in such instances when the adhesions are released.

Other causes of sudden loss of fertility can be a resumption of use of contraceptive pills that cause faulty ovulation.

All of this has to do with women, of course. But we can't discount the possibility of the male's role in this. A husband may have a declining sperm production.

So it is not a simple this or that proposition. The only way to learn for sure what causes infertility is a thorough investigation of both partners.

* * *

Dear Dr. Thosteson: When my children had their checkup recently, I asked the pediatrician about giving them vitamins. He said they were a waste of money, that they didn't do much good except to the manufacturer, but if I felt safer giving them, then not more than twice weekly. What's your opinion? — Mrs. A.C.

My opinion is just about like your doctor's except that I wouldn't have been so rough on the manufacturers, even though some of the greedy ones do indeed use a lot of scare propaganda to sell more. The reliable manufacturers don't.

Vitamins are necessary — if a patient isn't getting enough from his regular daily foods. So a properly fed child doesn't need vitamins in capsule form.

* * *

Dear Dr. Thosteson: Could you explain the meaning of the term "menometrorrhagia"? Also what is the meaning of "bilateral S-O"? —Mrs. R.D.

Been stealing a peek at your doctor's reports, have you? I think what you saw and misread was "menorrhagia," meaning abnormal bleeding associated with the menustral period.

"Bilateral S-O" would be bilateral salpingectomy and oophorectomy, meaning removal of Fallopian tubes and ovaries. The "bilateral" would mean that they were removed on both right and left side.

* * *

Emphysema can be controlled. To learn how to live with this serious lung disease, write to Dr. Thosteson in care of the Big Spring Herald, requesting a copy of the booklet, "How To Control Emphysema," enclosing a long, self-addressed (use zip code), stamped envelope and 20 cents in coin to cover cost of printing and handling.

They Also Know Second Place

PRAGUE (AP) — A receptionist in a north Bohemian hotel claims to have the largest hotel-labels collection in the world.

Josef Novotny of Liberec Interhotel has 39,000 hotel labels. The second in the world is a Spaniard with about 8,000 fewer labels, Czech Svobodne Slovo Daily said.

Calories Item

Market researchers for Burlington Northern, the nation's largest grain hauler, figure the 8.5 million tons of wheat carried by the railroad last year would make almost 18.7 billion loaves of bread, or more than 20 trillion calories worth.

Sin And Forgiveness

Marquis Childs

WASHINGTON — It is easy with a self-righteous invocation to morality to slam the door on amnesty for young Americans who escaped the Vietnam war by fleeing to Canada or some other haven. But the record on amnesty over the years reflects a profound element in the American character based on forgiveness and the remission of sins.

AS HE delivered his noble second inaugural address calling for malice toward none and charity for all, Abraham Lincoln had already granted amnesty to the men in the armies of the South who had been in rebellion for four years. Lincoln's sweeping grant of amnesty went contrary to widespread feeling in the North.

In a curious way, the amnesty issue arose after the end of the second World War. At Nuremberg, German generals and industrialists were being tried as war criminals charged with the extermination of 6,000,000 Jews and other minorities in the death camps. Daily reports told of death sentences meted out to those shown to have been the exterminators.

AT THIS point an unreconstructed Southerner, Rep. John E. Rankin of Mississippi, rose on the floor of the House to demand that these "disgraceful proceedings at Nuremberg" be stopped. This would stir eternal enmity of the German people.

"Suppose you people who won the war Between the States," Rankin said, addressing his Northern colleagues, "had two and a half or three years after the war closed, hanged Jefferson Davis, Robert E. Lee, Nathan Bedford Forrest, Gen. John B. Gordon, Wade Hampton and all the other great leaders of the Confederacy, how do you think we would have felt over it — even at this late date?

"SUPPOSE THAT Lee had won the Battle of Gettysburg and brought that unfortunate conflict to a close in our favor and we had proceeded to hunt down Lincoln and Andrew Johnson, U.S. Grant, General Meade and all the great leaders of the Northern side and then gone into the business world and destroyed the people who fought on your side, or supported your cause, how would you have felt over it.?"

A Devotion For Today..

Out of my distress I called on the Lord; the Lord answeered me and set me free. (Psalm 115:5, RSV)

PRAYER: Father, help us to be free from the prisons we make for ourselves. Free us from the walls, the fences, the handcuffs. Be our keeper, for then we shall be free indeed. For Jesus' sake. Amen.

(From the 'Upper Room')

City Election Set April 3

COLORADO CITY — Four council seats will be decided in a city election scheduled here April 3.

The four incumbents whose terms expire this year are Mike Burt, J. C. Britton, J. C. Brown and Frank Brownfield.

The council also decided to pay for the extension of lights to the high school tennis courts at the corner of 14th and Locust Streets. Initial cost of the extension will be $700 and the city expects the electric bill to be about $300 annually.

This is a cooperative gesture between the city and schools to provide courts for the tennis playing public. The courts are to be open to the public during non-school hours, according to city officials.

In other action, the council voted to lay a water line from the old Snyder Road and Interstate 20 to the country club if the club provides the pipe and the ditch.

It also received a notice from Lone Star Gas Co. that rates are to be increased by about five cents per month. The council had previously approved a gate rate clause that allows the gas company to pass on increases in the gate cost of gas to the consumer without council action.

And the council will advertise for bids on two police cars.

Policemen's Bargaining Bill Shot Up In House

AUSTIN, Tex. (AP) Diluted by a local option amendment that the sponsor said "guts it," a firemen's and policemen's collective bargaining bill gets a final Texas House vote today.

The controversial measure kept the House in session for about eight hours Tuesday before it was advanced, 104-38.

House members also passed to the Senate on a 143-0 vote a bill opening most state and local government files and records to reporters and anybody else who wants to see them.

FREEDOM

It was the third bill in a "freedom of information" package endorsed by Speaker Price Daniel Jr. to win House passage. Representatives already have sent the Senate a newsmen's "shield" bill and an open meetings bill.

The open records measure says officials are required to show records to Texas citizens who request them in writing. There is no such legal requirement now. The bill would exempt records of criminal investigations: officeholders' correspondence; personnel and medical records; and documents made confidential by other laws, such as franchise tax reports.

If an official claimed a document was exempt, he could be challenged in a hearing before the attorney general, who would decide the dispute.

Sponsored by Rep. Doyle Willis, D-Fort Worth, the firefighters' and policemen's bill would give them the right to bargain collectively with city councils over wages and working conditions — but only if local voters approved.

The local option feature was added, over Willis' protest, in an amendment by Rep. Ray Hutchison, R-Dallas.

IT SURE DOES

"It guts it — it sure does," Willis said.

Hutchison said the legislature had no right to impose collective bargaining without helping city governments pay higher salaries that might result.

The bill includes a provision requiring cities to pay firemen and policemen wages that are substantially the same as those prevailing "in comparable private sector employment" in their areas.

Also in the bill is a provision for arbitration of disputes that cannot be resolved through negotiation, along with the right of appeal to the courts from arbitrators' decisions.

Rep. Joe Hawn, D-Dallas, a retired fire captain, made the final appeal for the bill Tuesday, at the close of a nearly eight-hour debate.

MOONLIGHTING

"I know how it feels to answer 12 alarms on one winter night and have a sizeable fire at each one . . . I know the feeling of losing four close brother firemen at one fire because a roof collapsed . . . I have moonlighted to make a living throughout my entire fire-fighting career of 23 years," he said.

The Senate passed and sent to the House a bill allowing railroads to hire security officers to pr[illegible] their property. Also sent to the house was a measure allowing banks to open for business on Fridays before holidays that fall on Saturdays. A 1971 law requires them to close on such Fridays.

Singers Plan Kansas Trip

The Meistersingers of Big Spring High School are one of five high school choral groups in the United States invited to participate at the National American Choral Directors conference in Kansas City, Mo., March 8-11.

Jack Bowers, director of the choir here, will conduct the group in an hour's concert at the Saturday night 7:30-8:30 p.m. performance. They will premier a work especially written for the conference, "Trilogy" by Robert Beadell, of the University of Nebraska.

The composition was written for a choral group and brass and 10 members of the Big Spring High School band will accompany the choir.

The other choirs participating include the Indian Springs Men's Glee Club from Helena, Ala., the Lincoln East Singers from Lincoln, Neb., the Charlene Mission Choir from Charlene Mission ,Kan., and the Napperville Choral from Napperville, Ill.

Raids Snare Two Medical Doctors

AUSTIN, Tex. (AP) — Seven medical practitioners have been arrested and charged with drug law violations and several others are still under investigation, the Department of Public Safety said.

DPS Director Col. Wilson E. Speir said today that 12 persons had been arrested and charged, including two medical doctors, five doctors of osteopathy and five non-professional personnel associated with the doctors.

Several hundred thousand "dosage units of narcotics and dangerous drugs" were purchased or seized by a special DPS narcotics strike force in a statewide crackdown on illegal diversion of drugs.

"Several other medical practitioners are currently under investigation and charges against some of them may be filed later," Speir said.

Those charged with delivery or sale of drugs included:

Dr. Bernard Wiley Jones, about 70, Garland medical doctor, three counts; Dr. Kenneth E. Speak, 46, Dallas osteopath, seven counts; Dr. J .L. Lapp, 41, Garland osteopath, eight counts; Dr L. A. Weisman, 36, Corpus Christi osteopath, two counts; Dr. Stuart G. MacKount; Delores Simmons, 39, Garland, six counts; Larry Wayne Berry, 24, Corpus Christi, one count; Patricia L. Stout, 55, San Angelo, one count. Dr. Ronald Richard Anderson, 45, Dallas osteopath, three counts; Ronald Truly Latham, 28, University Park, one count; Floyd Dean Seiber, 24, Dallas, one count.

Late Tuesday night the Department of Public Safety said Dr. Clifford R. Haynes, 45, of Malakoff — between Athens and Corsicana — was arrested for delivery of dangerous drugs and had been lodged in the Henderson County jail at Athens.

Axe Murder

D'HANIS, Tex. (AP) — Sheriff's deputies have captured a suspect in the axe slaying of Erwin Jacog Lutz, 70, of D'Hanis, who was killed Monday.

Sheriff Charles J. Hitzselder says the suspect, Genaro Segura, 42, of Mexico, was captured with a gun belonging to the dead man and riding in Lutz's automobile.

No bond was set Tuesday for the suspect who is in county jail.

WITH THE GREATEST OF EASE — Odessa's Terry Been over-ran his target a bit Tuesday night during the Bronchos' Dist. 5-AAAA cage bout with Big Spring. Steer guard Charlie Brown (34) had just released a shot, and drew a foul from Been. The Steers turned back their guests, 97-85.

A DROUGHT ENDS

Steers Batter Odessans

It was an offensive bunch of Big Spring Steers that trod upon Odessa's Bronchos, 97-85 Tuesday night in Steer Gymnasium. In fact, they were almost obnoxious for a while. But Big Spring Coach Ron Plumlee didn't care. He loved it.

"Great, just great," he beamed following the triumph. "Now you can see why I still love these kids even when they lose."

The victory broke a five-game skid for the Steers, 14-17 on the year and 1-5 in the second half of Dist. 5-AAAA. And the "losing" Plumlee likely had in mind were recent painful losses to powerful Midland Lee (73-72) and Abilene Cooper (75-73).

Odessa slips to 16-14 on the season and 2-4 in league play.

The Big Spring Junior Varsity, coming on strong in the second half after a winless first half, completed the night for the hometowners with a 95-71 rout of the OHS JV.

There was never any real trouble Tuesday night for the Steers, thanks mainly to John Thomas Smith, Kevin Miller and Randy Marshall, who came off the bench to chip in 16 points, many of them crucial. Smith, who seems to shoot best off balance and surrounded by the enemy, hit 28 points to lead the Steers and Miller notched 20.

For Odessa, deadly Terry Been hit 24 points and 6-5 Carl Campbell dropped in 23.

A 16-2 spurt in the first quarter put the Steers ahead of their astonished guests, 24-8, and when Smith hit a layup with 12 seconds left the underdog hosts led by 30-10.

The Big Springers proved their first quarter accuracy was no fluke in the second stanza as their lead never dropped below 17 points. And with 1:09 left in the half, when Smith hit a pair of free throws following a three-point play by Charlie Brown, the Steers had their biggest bulge of the game, 52-26.

Odessa outscored the Steers 22-13 in the third period, and continued to whittle away at the lead until Campbell finally cut it to 10 points, 86-76, with 2:12 remaining. That was as close as the Bronchos could get, however, and Big Spring mounted the split to 97-81 with 11 seconds left on a basket by Brown before Campbell and Been scored last second field goals.

The Steer JV evened its season mark at 13-13 and ran its second half standing to 3-2 with its impressive win over the Odessans.

Albo Smith was the main man again, scoring 22 points, while Jeff Kuykendall and Larry Stanley each added 16. Thornhill hit 18 for the losers.

Coahoma Girls Triumph, Eye Regional Meet

FABENS — Sherry Griffin tossed in 32 points to spark the Coahoma Bulldogettes to a 66-63 victory over Fabens in bi-district action here Tuesday night.

With the win the Coahoma girls advance to the regional tournament in Lubbock on the Texas Tech campus, and meet Slaton in a first round game at 1 p.m.

Last year, Coahoma was beaten by Spearman in the first round.

Sally Echols added 18 points in the Coahoma victory and Theresa Beal notched 16. The game's high point honors went to Gloria Estrada of Fabens, however, as the hometown forward rang up 40 points.

Griffin's total included 13 of 14 free throws.

The victory leaves the Coahoma girls 25-4 on the year after completing Dist. 7-AA play with an 8-0 mark, while Fabens, Dist. 8-AA Champs, ended the season at 21-4.

San Angelo, Rebs, Bulldogs Score Dist. 5-4A Victories

ODESSA — Odessa Permian outscored San Angelo, 19-4, in the final period on the way to a 48-36 District 5-AAAA victory over the Bobcats here Tuesday night.

Sandy Lawrence of the Cats and David Nelson of the Panthers each scored 15 points.

The Bobcats fell to 2-4 in the last half standings and are 12-17 over-all. Permian, 3-3 in the second half standings is 16-13 on the year.

* * *

ABILENE — Midland Lee set the stage for its showdown struggle with Midland High by belting the Abilene Eagles, 74-64, here Tuesday night.

By beating the Bulldogs Friday night, the Rebels can tie for the second half championship in District 5-AAAA and win the right to represent the league in the playoffs.

Lee now has a 5-1 second half record while Abilene slumped to 1-5.

Monte Harris scored 15 points and James Edwards 14 for Abilene. Steve Cromwell banged in 23 and Don Bradley 22 for the winners.

* * *

MIDLAND — Midland High remained undefeated in second half District 5-AAAA play by bowling over Cooper, 83-70, here Tuesday night.

The Bulldogs, however, must defeat Midland Lee Friday night in order to force the Rebels, first half champions, into a post-season playoff.

The defeat was the second in six second half starts for Cooper. Midland is 6-0.

John Scott paced the Cougars with 19 points while Ron Taylor led Lee with 29.

Paint Rock Ends Forsan Dynasty

GARDEN CITY — Paint Rock rode its height advantage to earn a berth in the girls regional basketball here Tuesday night, ending a 13-year tradition at Forsan with a 68-56 bi-district victory.

The victory makes the Paint Rock girls 26-2 on the year, and sends them into the regional meet in Levelland Friday. They meet Fort Hancock in the opening game at 3 p.m.

It marks the first time in 13 years that Forsan won't be making the trip, as it ends the season with a 23-8 standing. Forsan was the 11-B winner and Paint Rock is representing District 12-B.

Paint Rock opened up a seven point lead at the end of the first quarter, 19-12, and stretched that margin to 11 at the half, 37-26. After that, the Buffalo Queens could get no closer than seven points.

Forsan committed 25 fouls, compared to 13 for Paint Rock, and the winners took advantage on 24 attempts. Cindy Haechten led Paint Rock with 35 points, Sharon Stephenson managed 26 and Leslie Reed added 7. Haechten and Stephenson, both 5-9, had too much height for the Forsan guards.

For the Queens, Janet Ellis notched 23 points, Brenda Cowley rang up 19, Kathy Reed hit 10 and Darlene Rister managed four.

* * *

FORSAN (56) — Brenda Cowley 7-5-19; Janet Ellis 11-1-23; Kathy Reed 5-0-10; Darlene Rister 2-0-4. Totals 25-6-56.
PAINT ROCK (68) — Sharon Stephenson 7-12-26; Cindy Haechten 12-11-35; Leslie Reed 3-1-7. Totals 22-24-68.

Forsan	12	26	39	56
Paint Rock	19	37	52	68

Runnels Closes Season With Win

The Runnels Yearlings closed out their season Monday with a 39-32 victory over Snyder Travis.

Cornell Kimble notched 21 points in guiding the Runnels eighth graders, who finished the year with an 11-8 mark. Elroy Green added 10. Jessie Doss, Harold Sherman and Alan Partee headed up the rebounding effort.

For Travis, Riggins was high with 11 points.

Colts Name New Coach

BALTIMORE (AP) — Howard Schnellenberger, who designed the ball control offense that helped carry Miami to the Super Bowl championship, was named today as head coach of the Baltimore Colts.

The 38-year-old Schnellenberger, an assistant coach in the National Football League for seven years, takes over a Baltimore team under a rapid transition after suffering its first losing season since 1956.

Joe Thomas, who has now employed three head coaches since taking over as general manager last July, is in the process of revising the makeup of the entire Colts' roster.

Since Jan. 22, Thomas has dealt off eight players, including six who had passed their 30th birthdays.

Thomas called for a youth movement when he fired Coach Don McCafferty following the fifth game of the 1972 season, and directed interim coach John Sandusky to bench veteran quarterback Johnny Unitas in favor of young Marty Domres.

Thomas said Schnellenberger, who was the head offensive coach under Don Shula at Miami and also worked with the Dolphins' receivers, was his "primary choice right from the start."

Sands Clips Loop By 1

SANDS — The Sands Mustangs had to hold off a furious last quarter rally by Loop here Tuesday to keep their District 8-B slate clean, turning back the Longhorns 63-62.

The Ponies, who had already claimed the title, were paced by Frosty Floyd with 16 points, Randy Cheatham with 15, Danny Coldiron with 14 and Kenneth Schuelke with 10.

For Loop, Danny Yocum hit 24 points.

Sands heads into playoff action with a 24-4 season mark and a 14-0 standing in district. The Mustangs meet Friday's Meadow-Wilson winner in bi-district.

In a junior varsity game, Sands rolled to a 55-39 decision over Loop as Andy Anderson rang up 28 points.

SANDS (63) — Ricky Hughes 2-0-4; Kenneth Schuelke 5-0-10; Danny Coldiron 5-4-14; David Barnes 1-2-4; Frosty Floyd 6-4-16; Randy Cheatham 7-1-15. Totals 26-11-63.
LOOP (62) — Danny Yocum 11-2-24; Boggon 6-0-12; Casas 2-0-4; Frazier 2-2-6; Aneniec 4-6-14. Totals 26-10-62.

LINKS LADIES — Two members of the Big Spring High School Gold Diggers, Nancy Smith (left) and Kathy Perry take a breather during a break in action at the Big Spring Invitational High School Golf Tournament Monday at Municipal Golf Course. The Gold Diggers were official scorekeepers for the event, won by Sweetwater and Midland High.

IN RECRUITING WAR

Pressure Found Shipman

By The Associated Press

David Shipman just thought he knew what it was like to be under the gun.

That was during the state football playoffs when he ran and passed the Odessa Permian Panthers to the Class 4A championship.

This was before the recruiters rang his telephone and doorbell day and night and shadowed his every step.

"People tried to tell me how it was going to be but the pressure is hard to imagine," said All-State bluechip Shipman, who signed a letter of intent with the Texas Aggies Tuesday.

Shipman's parents didn't even want hom to go to A&M. That's something else that hung heavy on his head.

"They bleed Orange," Shipman said of his parents, Mr. and Mrs. Kenneth Shipman, who are avid Texas Longhorn fans.

"I just liked it at A&M," Shipman said. "I just didn't like Texas... something made me uneasy."

Shipman, who had over 50 scholarship offers, said "My telephone rang so many times I can't count that high. I'm just glad it's finally all over.

"My last visit to Baylor — finally tipped me toward the Aggies. I came back from Baylor knowing I wanted to go to A&M instead of Texas."

Shipman said he didn't get any special promises from the Aggies—like he would be the starting quarterback in Coach Emory Bellard's Wishbone-T offense next year.

"I want to be a Wishbone quarterback but the only thing they promised me was that I would get a chance," Shipman said.

Shipman, who scored 23 touchdowns in leading Permian to a perfect record last season, said he probably saw more of A&M recruiter John Paul Young than members of his family during the high-pressure recruiting campaign.

"He's got a spare bed in my room," Shipman joked, the tension easing off. "I sure did see a lot of his (Young's) face."

Blackwell Bops Garden City

BLACKWELL — Blackwell's Hornets trimmed the Garden City Bearkats 61-51 in a Dist. 11-B battle here Tuesday.

Randy Chapman hit 21 for the Hornets, while Don Boyd added 14, Don Ely hit 12 and Tommy Bledsoe managed 11.

For Garden City, David Smith was high with 16 points and Guy Newell chipped in 15.

The Garden City Junior High teams split a pair of games with Sterling City Tuesday, the girls winning 35-28 and the boys falling to the Sterling juniors, 32-22.

Linda Schwartz paced the girls' win with 15 points, while Greg Frerich led the boys' losing effort with eight markers. The Garden City girls finished district play with an 11-1 mark, and will have a playoff Thursday at 6:30 p.m. with Forsan in Garden City.

* * *

BLACKWELL (61) — Tommy Bledsoe 4-3-11; Don Boyd 7-0-14; Randy Chapman 9-3-21; Matt Clarks 1-0-2; Don Ely 6-0-12; James Thompson 0-1-1. Totals 27-7-61.
GARDEN CITY (51) — Guy Newell 7-1-15; David Smith 7-2-16; Carlos Banuelos 3-2-8; Rusty Pendley 1-0-2; Norwin Bingham 2-2-6; Tim Bruce 1-0-2; Joe Wooten 1-0-2. Totals 22-7-51.

Sloppy Raiders Halt TCU, Remain On Top In SWC

By The Associated Press

If the true test of a championship team is winning on an off night, then the Texas Tech Red Raiders made giant strides toward the Southwest Conference basketball title Tuesday night.

The Red Raiders remained in sole possession of the SWC lead with a sloppy 74-64 victory over hapless Texas Christian.

Tech threw the ball away 23 times on turnovers and made only 16 of 28 free throws.

The Red Raiders almost blew a 21-point lead against the Horned Frogs in the second half as they won their eighth of nine SWC games.

"We are still weak on free throws," said a less than happy Tech Coach Gerald Myers. "We had them down and they didn't quit."

Tech only outrebounded the Horned Frogs 52-48 but did shoot a respectable 47.5 per cent from the field.

"TCU is a good young team with potential . . .it was a good win," said a relieved Myers.

Five Red Raiders were in double figures led by William Johnson with 20 points and Rick Bullock, the freshman sensation, who had 17.

Tech went into the game as the leading defensive team in the SWC and did little to tarnish that reputation.

The Red Raiders still lead SMU by a full game. The Mustangs dropped Rice 79-68 in Houston after overcoming an ice cold first half. SMU is now 7-2.

Freshman Ira Terrell, who had only four points at halftime, canned 21 in the second half to pace the Mustangs.

Mustang junior college transfer Sammy Hervey added 23 points.

Rice, which now owns a 2-7 conference slate, was headed by Steve Emshoff, who scored 27 points although he averaged only 9.3 markers going into the game.

The Texas Aggies, embroiled in a round of fisticuffs with SMU last Tuesday night, had another Tuesday night fight against Baylor in a 76-63 victory.

In the final three seconds, Aggie guard Mario Brown and Baylor guard Steve Dallas squared off. Peace was quickly restored and both battlers were retired to the bench. It was the third fight in five years at A&M-Baylor basketball games.

Union Rolls By Dragons

FLOWER GROVE — Union-Terry broke loose in the fourth quarter and rolled to a 71-50 decision over Flower Grove, ending the Dragons' season on a sour note.

Dickie Faught and Collie Booth paced the late burst that gave the visitors their big bulge as they outscored the Dragons 21-8 in the last eight minutes. Faught hit 28 points and Booth 26 as Union ended its year at 13-9 and 4-3 in the second half of District 8-B.

For Flower Grove, Jimmy Ross hit 17 points, David Pribyla managed 14 and Montie Foster added 10. The Dragons ended the season with 7-16 and 2-5 marks.

* * *

UNION (71) — Collie Booth 13-0-26; George Booth 3-0-6; Dickie Faught 12-4-28; Mickey Dixon 2-0-4; Armando Vasquez 1-0-2; Tommy Dixon 1-0-2; James Graves 0-2-2; Alex Rodriguez 0-1-1. Totals 32-7-71.
FLOWER GROVE (50) — David Pribyla 7-0-14; Jimmy Ross 7-3-17; Jay Mullins 3-0-6; Wesley Cockrell 0-1-1; Montie Foster 5-0-10; James Seely 0-2-2. Totals 22-6-50.

Union	12	33	50	71
Flower Grove	13	27	42	50

Kansas State Rally Nets 67-66 Win Over Kansas

By The Associated Press

Kansas State's basketball team spent most of the evening chasing an elusive commodity called momentum. And they found it just in time.

Lon Kruger pumped in two free throws with 22 seconds left as 15th-ranked Kansas State clawed back from a 13-point deficit for a 67-66 victory over Kansas Tuesday night.

Kansas led 62-49 with 5:30 left before Steve Mitchell, who finished with 17 points, and Larry Williams sparked a comeback that whittled the disadvantage to 66-65 with 52 seconds remaining. Kansas then attempted a basket but Kruger grabbed it and was fouled. He then bucketed both shots.

In other games involving nationally ranked teams, No. 2 North Carolina State thumped East Carolina 105-70 and No. 5 Marquette whipped Northern Illinois 93 - 80.

TREAD WEAR EXPECTANCY
Because of variable driving habits and road conditions under which tires are used, it is impractical for Montgomery Ward, and conceivably misleading to our customers, to guarantee any specific number of months or miles of tread wear. We can, however, indicate the wear potential we have built into our tires in terms of service in normal family use. If a Riverside tire wears down to the tread wear indicators during the Tread Wear Expectancy, Montgomery Ward will upon presentation of the tire and evidence of date of purchase replace the tire for the then current price less the following dollar allowances

Tread Wear Expectancy	Tread Wearout Allowance Prorated on Miles Driven
40,000 miles	
45 month	$13.00
40 month	10.00
39 month	8.00
36 month	6.00
33 month	5.00
30 month	4.00
24 month	3.00
18 month	2.00

Tread Wear Expectancy offer does not apply to tires used commercially.

SALES HELP WANTED—FEMALE

DYNASTY
FASHION
JEWELRY

The fastest growing prestige line of fine fashion jewelry is seeking part-time and full-time representatives in the Big Spring area.

NO INVESTMENT REQUIRED

You will be given over three hundred dollars worth of beautiful jewelry in a professionally-styled showcase. This elegant jewelry collection will be yours . . . to show and enjoy.

NO DOOR-TO-DOOR

You demonstrate and show our products in a pleasant, dignified environment. No canvassing. No inventory required. We handle most administrative details for you. Ideal for a woman who needs to choose her own working hours. No age limit. No sales experience required for part-time representatives. We provide training.

GENEROUS EARNINGS

This is an exceptional opportunity for ambitious women who would like to earn a substantial "second income." Or begin a full-time executive career in the fascinating jewelry industry. Our compensation plan is exceptionally generous and can lead to annual earnings into five figures.

SEE FOR YOURSELF

Our jewelry is of the finest craftsmanship and quality, and yet is reasonably priced. It has proved immensely popular where it has been introduced. But don't take our word for it. Call today to receive complete information describing the position we are offering. You'll receive a complimentary sample of our products at your private interview.

HOROSCOPE

CARROL RIGHTER

THURSDAY, FEBRUARY 15, 1973

GENERAL TENDENCIES: One of your best days for thinking big and getting big by expanding your vision far beyond present boundaries and gaining the goodwill of those in powerful position for the most ambitious undertaking you can conceive of. If you want the goodwill of bigwigs in fullest measure, compliment them on their achievements.

ARIES (March 21 to April 19) If you do those things that please others, you can have a delightful day and p.m. and you gain favors in return. Put your creative ideas to work and become more successful in the future. Avoid gossips, especially in p.m.

TAURUS (April 20 to May 20) Look at matters at home in the clear light of day and then you know how to please kin. More helpfulness toward them is important. Do some entertaining in p.m. that brings more goodwill your way.

GEMINI (May 21 to June 21) Showing partners that you appreciate their alliance can bring more cooperation in the future. Go out and shop for whatever is necessary to make operations more efficient. The evening is fine from the social standpoint.

MOON CHILDREN (June 22 to July 21) You can set wheels in motion now that will bring you an added income you need and want. Talk over business affairs with experts you trust. Some study in p.m. is good.

LEO (July 22 to Aug. 21) The planets are favorable and you can accomplish what means the most to you now. Out to social events that give you a chance to meet important personalities. Dress your best. Show you have excellent manners.

VIRGO (Aug. 22 to Sept. 22) Quietly analyze what your finest aims are and how you can attain them, and then set wheels in right motion. Your evening for romantic pleasure. Take the initiative and all will be splendid.

LIBRA (Sept. 23 to Oct. 22) Listen to the ideas of a good friend so you are able to gain some aims that mean a good deal to you. Discussions with personal pals can bring advance for all concerned. Show you are practical minded.

SCORPIO (Oct. 23 to Nov. 21) Contact higher-up and see where you can use your finest capabilities to good advantage. You can get into civic work that really appeals to you. Much added prestige can come of this, so do your best.

SAGITTARIUS (Nov. 22 to Dec. 21) Conditions arise that result in your benefit if you act quickly, wisely. Making new contacts of a highly spiritual nature is good now. The evening can be charmng from the social standpoint.

CAPRICORN (Dec. 22 to Jan. 20) Get an early start at those annoying responsibilities and improve your financial structure. Show more affection for mate and become chappier person. Avoid one who could get you into a good deal of trouble.

AQUARIUS (Jan. 21 to Feb. 19) A little more formality and you gain the goodwill of associates as well as their full cooperation now. Plan just how to handle that civic work so you get fine results and improve your reputation. Think logically, particularly.

PISCES (Feb. 20 to March 20) First plan your work with fellow workers and then work with them harmoniously and efficiently. Take some time to buy the items to add to your wardrobe that bring out your charm. Avoid one who does not really appreciate you.

♣ Q J 10

The bidding:

West	North	East	South
Pass	1 ♠	Pass	2 NT
Pass	3 NT	Pass	Pass

Opening lead: Nine of ♣

A slight slip by South, the declarer at three no trump, provided his opponents with an opportunity which they capitalized upon with rare delicacy and finesse.

West opened the nine of clubs, the deuce was played from dummy and East won the trick with the king. There appeared to be no further pickings for the defense in clubs, so East—in an attempt to make a play for his partner—shifted to the eight of hearts. South put in the ten and West was in with the king. It was apparent from the spots played that East had led the top of nothing so, in order to continue the assault on declarer's heart holding and still maintain communications with his partner, West returned the seven of hearts.

South won the trick with the jack and led the ten of spades. East played the ace and returned his last heart thru declarer's queen-four. West retained the ace-nine behind South and he scored two more tricks for the defense to register a well earned upset on the deal.

Altho the opposition had functioned with flawless timing against him, South had only himself to blame for losing the hand. Taking the club finesse at trick one was a purely mechanical gesture on his part which served only to set up the defense.

Observe that when dummy is spread, declarer has five top tricks—four diamonds and one club. As soon as the ace of spades is dislodged, he will have four more to bring the total to nine. He should, therefore, waste no time in trying for overtricks, inasmuch as the club finesse is not essential to his success.

By playing the ace of clubs at the outset, he retains a second stopper in the suit but—what is more to the point—he assures himself of establishing the game fulfilling trick before his opponents have a chance to coordinate their attack.

After East gets in with the ace of spades, if he shifts to a heart, the defense can do no better than cash out two hearts and one club after which, South has the rest of the tricks.

Holding Hands

Jean Adams'

TEEN FORUM

HANDS: (Q.) I love this girl very much, but I have not told her this. I have just told her I like her a lot. She says she likes me a lot too. The real problem is that she doesn't want her friends (girl-type) to know about our very deep friendship.

We have held hands twice. The first time was at a marching contest when nobody could see because we had jackets over our laps. The second time was on the bus coming back from the game, when it was dark. — Help in Alabama.

(A.) Why don't you just try holding her hand out in the open? There's nothing indecent about it. If she really likes you a lot she should be able to stand any remarks her friends make about your handholding.

MAKEUP: (Q.) I would like to know if it is safe to wear makeup as long as 12 hours. I wear a generous amount of foundation that is hypoallergenic and is supposed to help prevent blemishes. At night I wash my face well and apply a moisturizer.

Also I wear mascara and eyeliner and a cover-up around my eyes because I have rings there. — 15 in Wisconsin.

(A.) You are wearing a lot of makeup to be only 15. But it shouldn't hurt you if you clean it off nightly and let your skin breathe while you sleep.

The moisturizer treatment at night is good. If your skin is dry you should use it during the day, under the foundation.

You live in cold climate, which is hard on the skin. Makeup, properly handled, can serve not only as a beauty aid but also as a skin protector.

* * *

(Jean Adams reads and considers every letter, but she regrets that she cannot answer each personally. Mail your questions and comments to Jean Adams, care of The Big Spring Herald, P.O. Box 2402, Houston, Texas 77001.

Economic Census Forms Due Back

Thursday is the deadline for returning completed 1972 economic censuses questionnaires, the Bureau of the Census today reminded millions of the nation's business officials.

The Bureau, part of the U.S. Department of Commerce's Social and Economic Statistics Administration, mailed out the forms early this year to collect information for the censuses. Economic censuses are taken every five years to provide a regular report on the state of the nation's economy. More than two million questionnaires were mailed to the larger business and manufacturing firms. Answering census questions is required by law.

Hairy Situation

Dear Abby
Abigail Van Buren

DEAR ABBY: I am a young guy 20 years old and I will be inducted into the Army soon. This is fine with me as I always wanted to be a soldier, but I have a problem. All my hair fell out about a year ago and I wear a hairpiece. It is a really good one (I paid $580 for it and it is custom-made for me) and I almost never take it off. I go swimming in it, play football, and even hockey in it. I am worried about what the Army will do to me if I refuse to take it off. Abby, I don't need anyone to laugh at me. Maybe I am nuts for feeling that way about it, but I honestly don't have any hair on my head at all. Why it fell out, I don't know. It just did. My dad was bald at my age, too, so it could be hereditary. Anyway, I am not asking to be a longhaired guy because I know the Army doesn't go for that, but if they try to make me take it off they will need six guys to knock me out as it would destroy me emotionally to go around baldheaded.

Please hurry your answer, and thanks for your time.

UPTIGHT

DEAR UPTIGHT: You're lucky it's the Army because they allow men to wear hairpieces, cut to regulation length, even in training. The Marine Corps shaves all heads for the 12-week training period, so you'd be baldheaded for tht first three months whether you like it or not.

* * *

DEAR ABBY: About girls who wear glasses: When I was in college (Radcliffe, '40) we used to to say:

"Men don't mind the glasses
If you have the chassis."

JEAN V. OWENS, BETHLEHEM, PA.

DEAR JEAN: Cute. But you were topped by Mr. J. J. Conlon who wrote:

"Men who seldom make passes at girls who wear glasses are asses."

FATHER OF A BEAUTY, N.Y.C.

Rerceation Areas Are Explored

Recreation was stressed in a program given by Mrs. W. J. Priebe to City Home Demonstration Club members Friday in the home of Mrs. J. P. Gordon, 1509 E. 16th.

"Recreation means to rest and refresh," said Mrs. Priebe. "The first thing that comes to mind when we think of recreation is commercial, planned or crafts. However, there are many things we can do for recreation that just happen." She showed maps of travel trails, provided by the state highway department.

Discussing another area of recreation, the speaker demonstrated glass cutting as a hobby and showed how to make picture frames from standard molding. At the conclusion of her talk, each member told what she did for recreation.

Refreshments were served from a table decorated in the valentine motif, and the attendance prize was won by Mrs. W. N. Norred.

The next meeting will be Feb. 23 in the home of Mrs. Ervin Daniels.

Gets Certificate From Red Cross

WESTBROOK (SC) — Mrs. Kenneth Beasley was recently awarded a certificate of appreciation by the American Red Cross for her work as volunteer chairman of "project fund," a program designed to assist elderly in the community.

Mrs. Dick Wistrand, Mitchell County chairman, made the presentation. Mrs. Bonnie Burt of Colorado City, executive secretary of the Mitchell County Red Cross Unit, was also given a certificate.

"Acteen" Group Starts Projects

Four members of the "Acteens," First Baptist Church of Westbrook, are working on club projects.

A Mexican dinner was served Saturday by Miss Julie King and Miss Vicky Lamb for other "Acteen" members. Guests included the Rev. and Mrs. Roy Johnson and Mrs. G. D. Rollins, "Acteen" leader. The theme of Old Mexico was used in menu, decorations and programs.

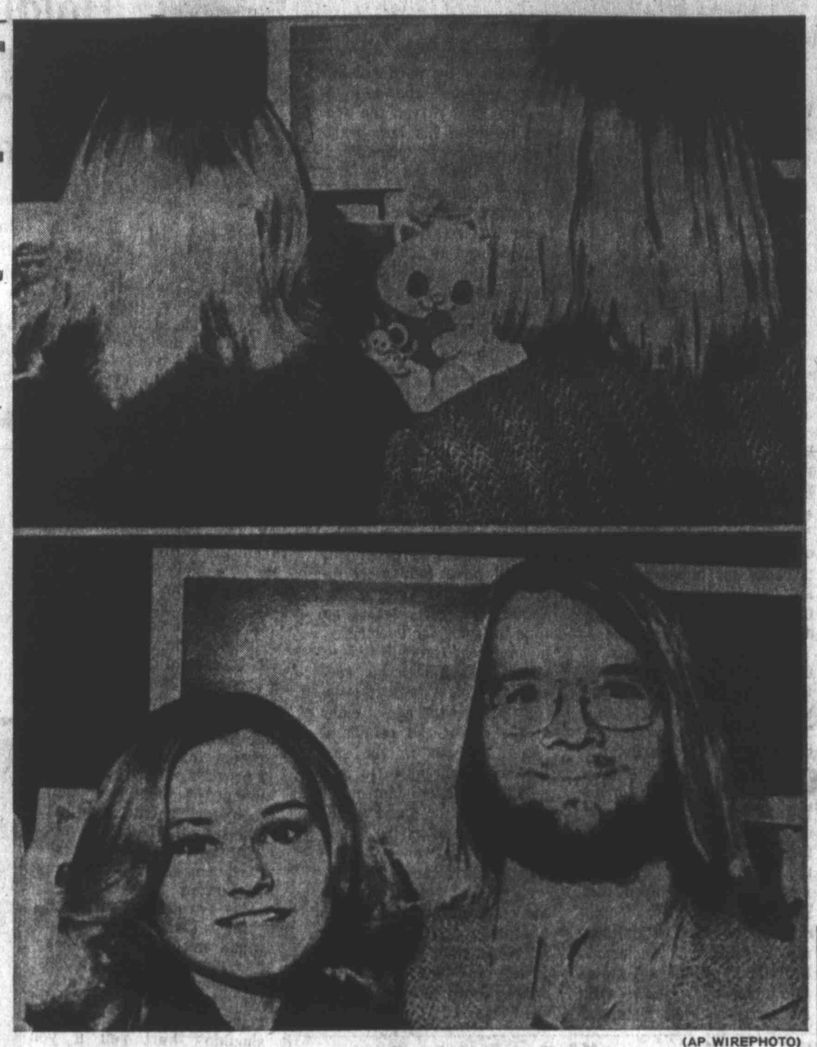

Bible study classes are being conducted by Miss Kathy Parsons and Miss Rhea Nell Johnson. Classes are held each Saturday at the church.

Describes Work Of Circuit Riders

Miss Jackie Whetsel, a representative of the volunteer office at Big Spring State Hospital, outlined services rendered by the volunteer Circuit Riders when she was guest speaker Monday for Bethany Class, First Baptist Church.

Hostesses for the luncheon meeting were Mrs. Mary Jenkins and Mrs. C. T. Clay. Decorations followed a Valentine theme. Mrs. C. A. Land was a guest.

Invocation was by Mrs. Jenkins, and devotional and closing prayer were by Mrs. Clay.

(AP WIREPHOTO)

HAIR STORY — Men's hair styles have changed so much that it's sometimes difficult to tell who's who from the back, as illustrated here by Pam Williams and Tom Sullivan, both of Basking Ridge, N.J. But the tradition of giving cards on Valentine's Day hasn't changed too much, and stores still display them by the hundreds, as Pam and Tom found Tuesday in a shop on New York's Fifth Avenue.

VALENTINE — Linda Rangei, 11, 'Valentine Sweetheart' of Westside Community Center will be honored at a party there today. A fifth-grader at Bauer School, she is the daughter of Mr. and Mrs. Johnny Rangel, 306 NW 9th.

Guests Visit In Westbrook

WESTBROOK (SC) — Guests of the T. A. Whitesides have been her parents, who reside in Farmington, N.M.

Mrs. Claude Upton is a patient at Malone and Hogan Clinic, Big Spring, following eye surgery.

The C. E. Rannes spent the weekend in Denton with their son and daughter-in-law, the Eddie Rannes.

Mrs. A. C. Moody is in Big Lake with her daughter and family, the N. L. Fusons.

WWI Luncheon

World War I Barracks and Ladies Auxiliary has scheduled a covered dish luncheon at noon Saturday in the IOOF Hall, 901 Magnolia.

B&PW Club Women Make Contributions

Three monetary contributions were approved by the Business and Professional Women's Club during a buffet dinner Tuesday in the Pioneer Gas Flame Room.

Twenty-five dollars will go to the Meistersingers to help pay for their trip to Europe, $15 will provide a Friend of Youth membership at the YMCA and $25 will be given to the Dora Roberts Rehabilitation Center.

Mrs. Charles Summers presided, announcing that the B&PW state convention will be May 25-27 at the Del Norte Hotel, El Paso. Big Spring, along with other clubs in District 8, will host a leadership breakfast May 26, according to Mrs. Maude Arnold, state president.

Mrs. Summers also announced that the local club's Bosses Night banquet will be March 27 at Coker's Restaurant. She introduced a new member, Mrs. George F. Foster, unit leader for Stanley Home Products. Mrs. B. N. Ralph, a former member, was a guest

Mrs. Mamie Roberts, reporting on Big Spring State Hospital activities, said the Circuit Riders will pick up anyone who can do volunteer work each Wednesday from 12:30 to 3 p.m. Those interested should call 267-8216.

Valentine Party For Mu Kappas

Mrs. Tommy Mills hosted a Valentine party Monday evening for members of Mu Kappa Chapter, Epsilon Sigma Alpha in her home at 2411 Alabama.

Gifts were exchanged, and prizes were awarded during games. The refreshment table was decorated in a Valentine motif. The next meeting will be at 7:30 p.m., Feb. 26 in the home of Mrs. Joyce Walker, 2406 Morrison.

Julius Paukunes Announce Birth

Mr. and Mrs. Julius Paukune, 3021 Cobblestone, Arlington, announce the birth of a daughter, Valarie Renee, Feb. 12 in the Mid-Cities Hospital, Grand Prairie. The infant weighed six pounds, two ounces. The couple has one other daughter, Juli Ann, 3. Mrs. Paukune is the former Ann Harrell, daughter of Mr. and Mrs. W. F. Harrell, 4205 Connally. Paternal grandparents are Mr. and Mrs. J. D. York, Fayetteville, Ark.

Safe Driving Emphasized

"What is a Safe Driver?" was the topic discussed by Mrs. Frank Wilson, Mrs. J. F. Skalicky and Mrs. E. A. Williams, program participants at a recent meeting of Fairview Home Demonstration Club in the home of Mrs. Irene McKinley, 617 Colgate.

The speakers emphasized that a good driver must have the right attitude toward other drivers, watch for developing situations and keep a safe distance behind the car in front of him. The new Texas Driver's Handbooks were distributed to each member.

Mrs. Wilson, president, introduced two new members, Mrs. Ethel Simmons and Mrs. Louella Click.

The club approved a contribution of $5 to the Meistersingers and agreed to help the students collect papers for their fund drive to finance a trip to Europe.

The attendance prize was won by Mrs. L. A. Griffith.

The next meeting will be at 2:30 p.m., Feb. 20 in the home of Mrs. P. P. VanPelt, 705 E. 15th.

Alatheans Give Valentine Tea

More than 100 guests attended a Valentine tea Sunday for ladies of First Baptist Church held at the home of Mrs. Clyde Angel, 710 Hillside. The tea was sponsored by the Alathean Sunday school class.

Red carnations centered the serving table which was covered with a pale pink cloth. Refreshments were served by Mrs. Wanda Patrick, Mrs. Bill Bradley and Mrs. Joe Whitten. Red carnation corsages were worn by those serving and Mrs. Angel.

Out-of-town guests were Mrs. Lester Morton and Mrs. Bill Bright, both of Midland; and Mrs. Les Caperton, San Angelo.

The No-Seam bra that smoothes and shapes
Freedom Front® by Olga

Imagine the freedom in a no-seam bra that adjusts to every move you make. It's all done with Olga's new Freedom Front design — a flexible little "breather window" that separates each side for perfect fit and comfort. And imagine the freedom — with a bra that adapts to every move you make, every hourly (even monthly!) body change. So important, Olga does the Freedom Front for every figure type, every fashion. Lightly shaped cups in sleek no-seam Dacron® polyester tricot. White, nude and pastels, 6.50.

Hemphill-Wells

NOW UNDERPANTS HAVE A PURPOSE
...TO TAME YOUR TUMMY!
WUNDERPANTS™
BY OLGA

Even slim figures can have a little tummy problem. So Olga invents Wunderpants — the first soft all-stretch underpants to do something neat for tummies.

The nice thing about Wunderpants is that you feel so natural wearing them. Because they give you all the sleek comfort of Olga's famous hidden seam design, plus a trim, smooth line with everything from panty hose to pantsuits.

Olga's Wunderpants are the softest all-stretch Power Tricot of nylon and Lycra® spandex, white, nude or pastels. S-to-XL, 5.50.

. . . for last-minute Valentine shoppers Cupid suggests a gift certificate from either or both shops.
