## HOOVER LANDSLIDE ENVELOPS FORTY STATES

### REPUBLICAN NOMINEE ROLLS UP RECORD ELECTORAL VOTE AS TICKET SWEEPS COUNTRY

**BY BYRON PRICE,**  
Associated Press Staff Writer

Pyramiding majorities today were disclosing the full measure of the Hoover sweep in yesterday's election. With a substantial bloc of returns tabulated in every state, the republican national ticket was leading at 11 A. M., in forty States, casting a collective total of 444 electoral votes.

The eight states held by Smith were Alabama, Arkansas, Georgia, Louisiana, Mississippi, South Carolina, Massachusetts and Rhode Island, having among them 87 electoral votes.

The state majorities established in these two groups were, with a few exceptions, steadily growing. Massachusetts in the Smith group, however, and Texas and North Carolina in the Hoover group, continued to swing near an even division. Many votes still were to be counted.

Returns from the congressional elections also were far from complete, but it was apparent that the swing to Hoover had carried into office increased majorities in both senate and house.

**Hoover Drives Wedge Into South**  
**BY W. F. CALDWELL,**  
Associated Press South News Editor

Herbert Hoover broke the Solid South yesterday. Virginia left the democratic ranks for the first time since reconstruction days and gave the republican presidential candidate a plurality that was indicated at more than 30,000 votes. Democratic state headquarters conceded the state to Hoover. With nearly all of the 200 missing precincts in normal republican counties the republican State Chairman R. H. Angell predicted that another 5,000 majority would be added to the Hoover lead with complete returns. With 1,429 of the 1,885 precincts reported Hoover had 145,641 votes to 124,520 for Smith.

Florida with nearly half the state counted showed Hoover over 15,000 votes ahead of Smith. The vote was Hoover 71,782, Smith 56,171, in

**COURT OF APPEALS IS ADAMANT TO APPEAL FROM SAN ANGELO**

AUSTIN, Nov. 7.—Death sentence of Floyd Newton Byrnes of San Angelo for the killing of Myrna Juergens, 13-year-old school girl, who he is charged to have killed with her mother and Mrs. Rose Schirra, was affirmed today by the court of criminal appeals.

The court reversed and remanded the 50-year prison conviction of James Powell, Atascosa county, sentenced to have killed Leon Means, a negro, in the same case.

Byrnes was taken into custody at Sulphur Springs a short time after the triple killing in Tom Green county. Officers said he made a confession in connection with the case.

**Amarillo High Puts Monograms on Hotel**

"Gone, But Not Forgotten." That term might well be applied to the football players and fans of Amarillo High school, who were here last week for the annual Westerner Sandie clash.

High on the Hotel Lubbock building, far removed from the clamor of the busy street, there has been painted a sign "AHS" and the Pi Delta Kappa—and from all indications it is there to stay.

Just when the sign was painted is not known but it's up there and that's that!

**Mother's Effort to Save Children Costs Her Life**

Effort of a mother to protect her children from injury last night cost the life of Mrs. Will B. Hunt, 27, 508 Avenue K, who raced in front of an on-rushing automobile after her children.

Mrs. Hunt was crushed to death between the car and the porch of her home. She and three girls were pushing a rented car, the starter of which had locked, when it suddenly started and with no occupant ran wild toward three children playing near the house.

Mrs. Hunt's two children, John Henry, 9, and Jack, 7, were injured slightly, and her niece, Billy

**Wuxtry! No Fights On Election Night**

Election night was just another night in Lubbock as far as lawlessness was concerned. In fact, police officers wish that every night was as devoid of offenses as last night was.

It is thought that a record was made in that there was no fight during the entire night. No arrests were made for drunkenness, and everything was quiet and peaceful except for occasional yelling.

The police blotter's story of election night this morning revealed only two arrests, both on charges of disturbing the peace. The offenders paid off with fines of \$15 each this morning and were released.

**Good Roads Program Heard By Rotarians**

The Lubbock Rotary club was given an insight into the proposed road bond issue in Lubbock county at noon today when the organization met in its regular weekly session. The program was in charge of J. A. Rix, president of the Lubbock County Good Roads association, and George Dupree and Spencer Wells made informative addresses.

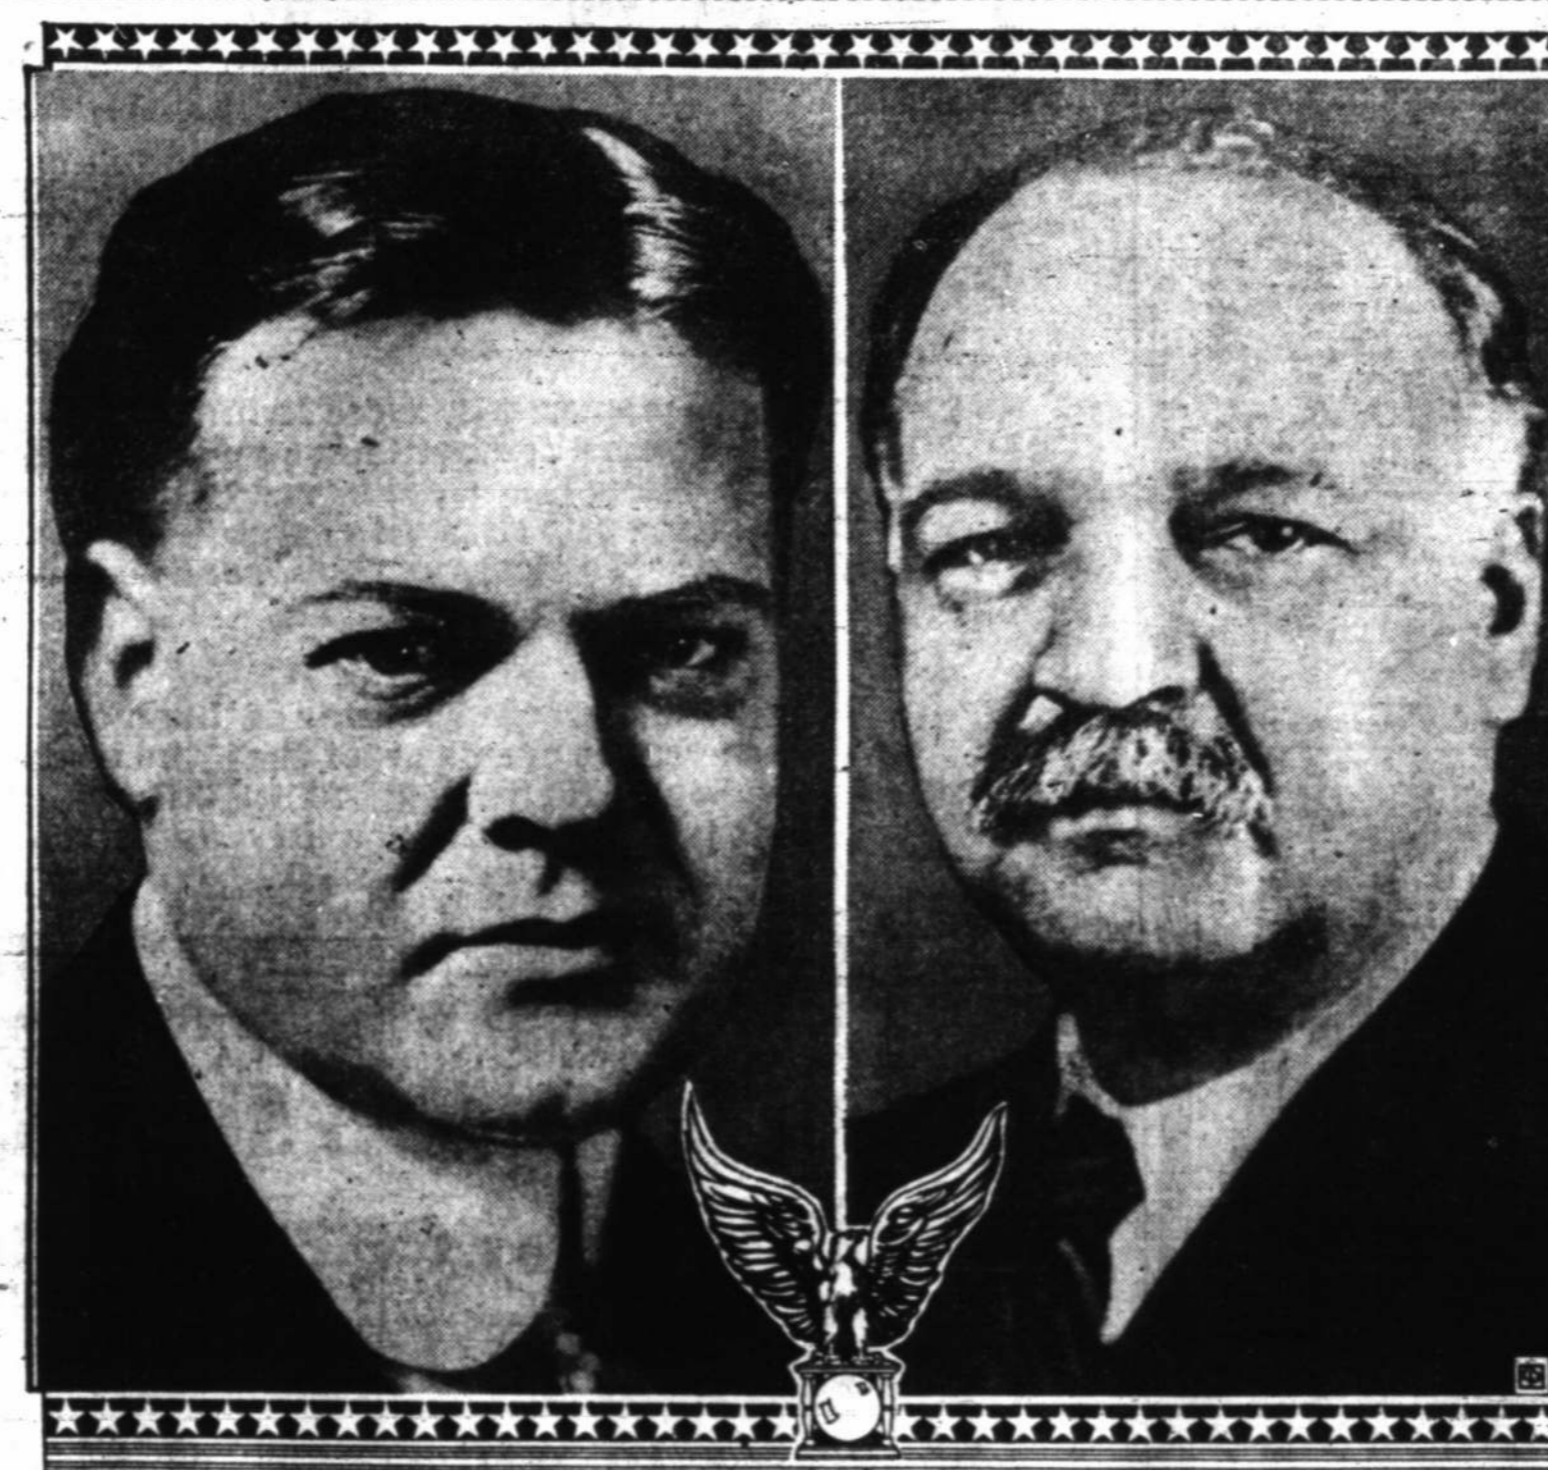

J. J. Clements, vice-president of the club, presided in the absence of President R. J. Murray. A number of Rotarians from Littlefield and Slaton were present at the meeting.

(By Associated Press)

BIG SPRING, Nov. 7.—A constable and another man were severely wounded in a shooting affray at Porsan, Howard county oil town, last night in which three officers participated.

Deputy Sheriff W. H. Nixon was accompanying Bunk Harris when the shooting began. One shot pierced the glass in a coupe in which the two were riding, another penetrated Harris' left lung above the heart, and a third shattered his left arm.

Constable Nichols was shot through the abdomen in the exchange. Deputy Constable T. M. Robinson, who was with Nichols, was not wounded.

Other officers said that Nichols yesterday made a raid on an alleged game and that Harris was arrested and fined on charges of gaming.

**SMITH MET DEFEAT WITH A SMILE**

**FIRST ACT UPON RECEIVING RETURNS SHOWING HIS LOSS WAS TO CONGRATULATE HOOVER**

**BY HAROLD OLIVER,**  
Associated Press Staff Writer

NEW YORK, Nov. 7 (AP)—Alfred E. Smith has fought the greatest battle of his long public career and has conceded his defeat.

Although returns were not complete, he has admitted today that his hopes for the presidency had been dashed by an overwhelming vote for Herbert Hoover, his republican opponent. But he went down smiling, saying his friends who stuck with him to the last, and now seeks "to be left alone for a while."

Surrounded by members of his family, the four times governor of New York had planned to stay at his hotel today preparing for the trip back to Albany, where he will vacate the governor's chair December 31. He probably will go to the state capital tomorrow and rest a while before taking a vacation trip with Mrs. Smith, who was by his side almost constantly throughout the long and arduous campaign.

Governor Smith was not long in sending his congratulations to Mr. Hoover. Soon after midnight he dispatched the following telegram to his opponent at Palo Alto, Calif.: "I congratulate you heartily on your victory, and extend to you my sincere good wishes for your health and happiness and for the success of your administration."

This was all the New York executive had to say for publication last night during a whirlwind dash about his native New York catching election returns on the fly. The democratic nominee finally motored back to his hotel shortly before one o'clock this morning.

At 2:15 a. m. he kissed each one of his children good night and cheerily announced that he would see them in the morning. Chairman Raskob and several old cronies were among the last to leave his suite.

In admitting the loss of his second fight in a political career that has run a quarter of a century, Gov. Smith found himself in the unusual situation of suffering the setback on his wife's birthday. While receiving returns at the General Motors building, the governor and Mrs. Smith were taken to Chairman Raskob's office before a huge birthday cake. It was a touching scene as the two glanced at the three tiers that made up the delicacy, upon which were figures portraying important milestones in the life of the Smiths.

**PLAN RECEPTION HERE FOR AIR TRIPPERS FROM FT. WORTH**

Plans for a cordial reception for the good-will Aerocar of the association of commerce of Fort Worth which arrives here at 11:45 o'clock Friday morning are being made by the airport committee of the Lubbock Board of City Development.

Composed of about twenty airplanes and approximately fifty persons, the Aerocar will land on Lubbock's temporary flying field, two miles east of the city on the Plainview highway.

The visitors will be guests of the local Chamber of Commerce at a luncheon at the Hotel Lubbock at 12 o'clock. The Aerocar will leave here about 1:30 o'clock to complete its tour of West Texas.

Local Boy Scouts will aid the police force in maintaining order at the flying field—and preventing

### ELEVEN THOUSAND MARGIN IS ACCORDED REPUBLICAN CHIEF IN LATEST VOTE TABULATION

(By Associated Press)

DALLAS, Texas, Nov. 7.—Sweeping the state like a West Texas sandstorm, Herbert Hoover today continued to increase his lead over Alfred E. Smith, and this afternoon was ahead by 11,058 votes.

Rural communities, where Smith had been expected to overcome the Hoover majority returned in larger centers, in any instances added to the republican nominee's majority. A lead of about 8,000 when tabulation ceased after midnight had jumped to 11,000 at 11 A. M., and had dropped only one vote in the 12 o'clock tabulation by the Texas Election Bureau.

At 1:15, reports had been received from 254 of the 253 counties, 39 complete, giving Hoover 262,950 and Smith 251,892.

**MARKET SOARS ON REPORT OF HOOVER VOTE**

NEW YORK, Nov. 7.—Wall Street ushered in today what will henceforth be known as the "Hoover Market" with a tremendous outburst of buying which carried scores of issues up to \$2 to \$10 a share, more than a dozen of them to the highest prices ever recorded.

Although Wall street election odds were five to one on Hoover, when the campaign closed, removal of all uncertainty as to the presidential outcome released a flood of pent-up bullish enthusiasm which created one of the wildest markets in recent months. Blocks of 5,000 to 20,000 shares changed hands at frequent intervals.

The stock ticker, manned by relays of operators working at top speed, tried ineffectually to keep pace with the large volume of trading. By the end of the first hour it was twenty minutes behind.

NEW YORK, Nov. 7.—The threatened revolt within the democratic ranks of Texas, scoffed at before yesterday's election by party leaders, was a grim reality this morning as party stalwarts strove to find a republican presidential candidate leading the way in the race for Texas' 20 electoral votes, which have never been cast, heretofore, for any but a democratic candidate.

**COUNTY VOTE IS UNCHANGED**

HOOPER MAJORITY NOW STANDS 1,000 OVER DEMO OPPONENT

With the report of each additional county precinct box today rolled higher the majority of Herbert Hoover in Lubbock county, the republican presidential nominee, was assured a majority here of more than 1,000 votes over Alfred E. Smith.

Reports from twenty-seven boxes, complete, out of the thirty-two in the county gave Hoover 2,971 and Smith 1,885, a lead of 1,086 votes. Of the boxes reported on, Hoover carried all by a varying degree of majority with one exception. The two candidates tied 7 and 7 in the Caldwell box and Smith carried Posey, 51 to 22.

Only five boxes have not been reported on. They include Union, Wolfarth, Slide, Hardy and Woodrow and all combined would not entitle a vote that could materially affect the present total. Although the definite returns have not yet been received it is reported that Hoover carried the Wolfarth box by two votes and that Smith carried the Woodrow box by a small majority. Should Smith carry each of the other boxes not reported on his total would be only five.

The city of Lubbock gave Hoover a substantial majority over Smith. Reports from the six city boxes gave Hoover 1786 and Smith 1235.

Almost 5,000 votes have already been reported and Amos Howard, county clerk, this morning predicted that the total of the county would be well above the mark, closely rivaling the heavy vote of the first primary last July.

The overwhelming victory of Hoover in the county set a new record, being the first time that the

# TEXAS GIVES HOOVER VOTE

### REPUBLICAN MAJORITY IN STATE MOUNTS AS TOTALS PILE UP

(Continued From Page 1)

Tabulated Herbert Hoover had a lead of 8,141 votes on the last tabulation made fairly today. Never before in the history of the state has a republican presidential hopeful been within shouting distance of the democratic candidate at midnight on election day. Hoover's total was 236,936 and Smith's 228,775. Probably more than 200,000 votes remain to be tabulated, an unknown quantity sufficient to turn the election either way by a comfortably large majority. There was little comfort in that fact for the democratic leader, however, as Hoover not only moved his strength at the barrier in last night's tabulation, but showed staying qualities which indicated that he might continue his pace to the last ballot.

The republican candidate was away in the lead, and though Smith forged to the front twice for brief intervals Hoover was never behind more than a few hundred votes. Democratic leaders had expected to trail during the earliest tabulations as most of the large cities were known to be strong Hoover centers. West Texas and the non-metropolitan counties of the state, on the other hand, were considered overwhelmingly in favor of Smith. This prediction held good as to the large cities, but many of the West Texas counties and other counties developed a husky sentiment for Hoover.

Smith leaders refused to admit that there was any danger that the state would go republican. They contended that returns from most of the Hoover strongholds were nearing completion and that the 39 counties which have made no reports to date, and the 200 which have made incomplete reports, would swing the balance to Smith.

# FARM MEET IS SET SATURDAY

### ROBERT H. BEAN WILL MAKE ADDRESS AT BUREAU SESSION

"Farm Relief" will be the chief topic of discussion at the regular weekly meeting of the Lubbock county farm bureau in the district court room at the court house next Saturday afternoon at 2 o'clock. County Judge-elect, Robert H. Bean will deliver the chief address on the subject of "Farm Relief". The program, which is in charge of Mrs. W. R. Shelby, includes a reading by Kathleen Payne, "Gang East, Gang West, Home is Best," by Miss Louise Baird, county home demonstration agent, and the report of R. E. Overstreet, state director of the farm bureau. Letters have been sent out by N. H. Payne, field representative of the organization, to group leaders of the bureau urging a large attendance at the meeting.

# THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

MY, what a water Clowny made. Right by the captain's side he stayed, all ready to run back and forth and bring out food galore. The captain had an appetite that seemed to Clowny near a fright. But, after while the captain said, "I can't eat any more."

"Please, clear the table nice and clean, and make it quite a tidy scene. And then go to the kitchen where there's other work to do. I'll let you wash the dishes there, and, seems to me, it's only fair to call the other Tynmites. They will soon be helping you."

The whole bunch to the kitchen went and 'bout a half an hour was spent in fixing things up proper, so the captain wouldn't kick. When they had finished, Scouty said, "It must be time to go to bed. The captain ought to let us, since we've done our work so slick."

But that's where they were badly fooled. The captain very shortly ruled that they must keep on working till the moon rose in the sky. Then he explained, "I've always found that hard work makes you sleep real sound. There's much for you to do for me before you close an eye."

"Down underneath the deck we'll go. I've something there I want to show. Just trail along behind me. It won't take you very long. Soon it will be time to go to bed."

(The Tynmites scrub the deck in the next story.)

"Our duty is plain, we think, to declare that our statutory laws relating to a justice of the peace subject the liberty of our citizens to the arbitrary judgment of a judicial officer who is disqualified because of a direct personal and pecuniary interest, and that his judgment and all others of like character are void because of violation of the provisions of both state and federal constitutions," the court held.

The court suggested that "the present unconstitutional status of this matter may be easily remedied by legislative enactment."

Citing the passage from the state constitution which says, "no judge shall sit in any case wherein he may be interested," the court declared that the Corpus Christi case presented the "question pointedly as to whether or not a justice of the peace in Texas who receives fees if a judgment of conviction is entered, but none otherwise, is qualified."

# Dangerous Business

"Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at Lubbock Drug Company."

I wish to announce that I have now returned to active practice in Lubbock.

# PREPARE BOOKLET FOR DISTRIBUTION IN PUBLICITY PLAN

Definite steps toward preparing the information booklet to be used in the follow-up campaign of the \$11,000 advertising program of the Lubbock Chamber of Commerce were begun this morning with the arrival of Eric Racey, representative of the Tracey, Lock and Dawson advertising company, which is to handle the campaign.

Mr. Racey arrived in the city this morning and started to work immediately on the booklets which are to be sent out in answer to requests following the advertisements which begin soon in a number of national and sectional magazines. "Farm Life in the South Plains" will be the title of the principal booklet.

As soon as the booklet is completed it will be presented to the advertising committee of the Chamber of Commerce for approval. This follow-up campaign was arranged because it is impossible to tell but a few facts about Lubbock and the South Plains in the magazine and paper advertisements. It is the purpose of these advertisements to stimulate enough interest in this section that requests will be sent here for additional information.

The company which is handling this campaign was formerly the Southwestern Advertising company.

# New Wire Service Inaugurated Here

Telegraph service along the route of the Fort Worth and Denver, South Plains Railway was opened yesterday. Ira Jenkins, Western Union manager, announced this morning. The first telegram sent on the wire came to Lubbock from Sterley Junction yesterday afternoon.

# Seventeen of Texas Congressmen Ahead

DALLAS, Nov. 7 (AP)—Seventeen Democratic Texas congressmen today had been assured election while a sea-saw race in the fourteenth district, the only one undecided, continued, first the Democratic and then the Republican candidate taking the lead.

At 10 a. m. Harry Wurzbach, Republican, incumbent, had a lead of 184 over McCloskey, Democrat. Only a few boxes in the ten counties, however, had made complete returns.

Perhaps what is lacking in solving the traffic problem these days is a little horse sense.

# Lubbock's Smartest Shop for Women DOES Set the Price for Ready-to-wear in Lubbock

Our Third Anniversary event is history, but it is interesting to note what a far-reaching effect the policies of this store have had in determining the prices of women's apparel in Lubbock and the South Plains.

Those women who were living in Lubbock more than three years ago, will have no difficulty in recalling the high prices they were forced to pay for smart apparel until the time this shop was established. But with the opening of Jarrett's Fashion Shop, ready-to-wear prices CAME DOWN.

And the increased volume of business we have enjoyed each year is ample proof that the women of Lubbock and the South Plains ARE SHREWD SHOPPERS. . . . excellent judges of value, quality and style.

# Jarrett's Advertised Prices and windows set the Ready-to-wear Price Pace in LUBBOCK TODAY

Not an idle statement either, for when a garment is placed in our window or advertised in the newspapers, shoppers from other stores immediately scrutinize them carefully, and then the scramble "to get in line" begins. We believe that it is a high compliment paid to the merchandising ability of this organization, and our one, fair price to all. No jockeying or haggling to see how much we can get a customer to pay for a garment . . . . is the ONE successful way to do business.

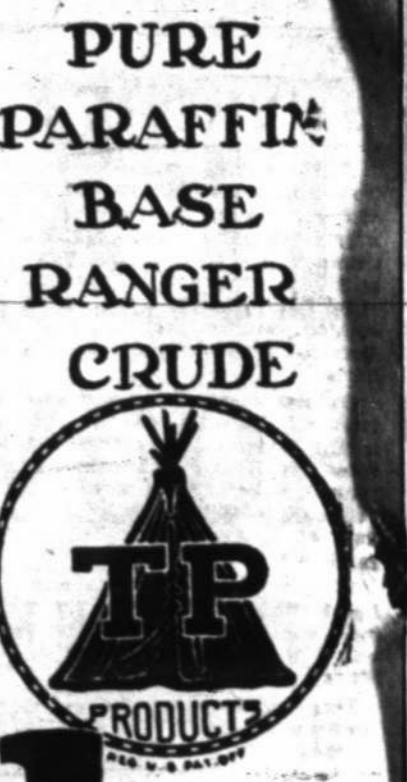

No other store in Lubbock today, selling apparel for women, sends buyers to the Eastern markets as often as Jarrett's . . . . two and three times a season, or between eight and twelve times a year, insuring our patrons of newest styles and fabrics priced at a fair and legitimate profit. . . . ONE PRICE TO ALL.

—and if the price has to be cut except for a special event, was it not marked too high in the first place? Think it over.

## 100,000 PLURALITY IS GIVEN REPUBLICANS IN NEW YORK

(By Associated Press)  
NEW YORK, Nov. 7 (AP)—The New York state plurality of Herbert Hoover, republican president-elect, over Governor Alfred E. Smith, his democratic opponent, was indicated at 100,000 today on the basis of revised figures in New York city and related returns that trickled in from the upstate republican strongholds.

Official revision of the returns from all the 3,492 election districts in the greater city gave 20,000 more votes for Hoover than the earlier returns, but the same revisions added \$5,000 to the Smith total, a net gain of 15,000 for the democratic candidate.

With all but 233 upstate districts heard from out of 8,267 in the state including New York city, the total was: Hoover 2,130,788; Smith 2,032,641.

This was a margin of 78,147 in Hoover's favor.  
Franklin D. Roosevelt, democratic gubernatorial candidate, had a lead of 64,083 over Attorney General Albert Ottinger, republican, with 347 districts unreported.

The total was: Roosevelt 2,077,673; Ottinger 2,013,590.  
The returns from the missing upstate districts were expected to cut the Roosevelt plurality to about 40,000.

Copeland Re-Elected  
United States Senator Royal S. Copeland, democrat, was re-elected, defeating former Ambassador Alanson B. Houghton of Corning, republican.

Governor Smith showed unexpected strength in the upstate cities, while Hoover cut into the usual democratic pluralities in New York city.

Four years ago Governor Smith defeated Colonel Theodore Roosevelt by 108,000 votes while President Coolidge was carrying the state by 870,000. Eight years ago, the year of the Harding landslide, the governor lost to Nathan L. Miller by 74,000.

Harding got the unprecedented plurality of 1,089,000 in the state.

Although Smith was strong in many of the state's cities the vote of the smaller towns and rural districts went heavily to Hoover, who, with the returns more than half in at a late hour last evening, was able to "come down to the Bronx," as the saying is, with a plurality that gave him the state.

With three New York city districts and 619 upstate districts missing Senator Royal S. Copeland, democrat, led Alanson B. Houghton,

### New High School At Olton Completed

OLTON, Nov. 7.—The new high school building at Olton is soon to be completed. This building is to be modern in every respect. It is of one story type, constructed with gray face brick trimmed with stone. This building is needed badly, the old buildings are very crowded. The Olton high school has 25 credits of affiliation, and is a member of the and secondary schools.

### Austin Landmark Moved to Estate

AUSTIN, Nov. 7. (AP)—A six-room two-story brick house, built in 1853 by John S. Swisher, treasurer of Texas when it was a republic, has been torn down at its old location here and is being restored to its original design on the estate of Dr. Z. T. Scott near Lake Austin.

Dr. Scott, who bought the house from the Texas-Mexican presbytery had to demolish the structure to move it. Wings will be added.  
Homer Griffith, Dr. S. E. Olden of the University of Texas, and other artists have made interesting sketches of the historic dwelling, which has been one of the capital city's show places. A history of it is being written by Mrs. J. Lynn Hunter of Austin.

### Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe way to keep a cut clean is to thoroughly wash every cut, no matter how small, with Liquid Borosone, to kill the germs, and then dust it with Borosone Powder, to hasten the healing. Liquid Borosone costs 30 cents, 60 cents, \$1.25 and \$1.50; Borosone Powder, 30 cents and 60 cents, and can be had at LUBBOCK DRUG CO.

## HOOVER WINS IN 40 STATES

### REPUBLICAN TICKET IS SUCCESSFUL IN ALL DOUBTFUL STATES

(Continued from Page 1.)

566 precincts out of 1,263.

Two of the other states in the group of ten which had previously gone democratic in every election for over half a century, Texas and North Carolina, showed leads for the republican presidential candidate.

## Majorities Mount As Reports Come In

BY BYRON PRICE Associated Press Staff Writer

A republican sweep from coast to coast, enveloping the border states and driving a wedge into the Solid South, still was piling up majorities for Herbert Hoover today as the returns told in expanding detail the story of yesterday's election.

As the figures stood this morning, with many votes still to be counted, about four-fifths of the states carrying nearly the same proportion of the electoral college, had either toppled into the republican column or were showing substantial evidence of doing so.

All of his calculations of victory crushed under the avalanche, Gov. Smith conceded the election of his opponent long before completion of the record breaking vote had neared completion. His own state of New York, the cornerstone of his hopes, had turned against him and given its great block of 45 electoral votes to Hoover.

At least two southern states, Virginia and Florida, were showing substantial evidence of going republican for the first time since the Civil War, while Texas and North Carolina as well the count hovered at the danger line.

Nor was there any evidence in the returns which piled in over night that the democratic crusade into the farm country would net Smith a single electoral vote. On the contrary, from the Alleghenies to the Rockies, the farm states were reporting hourly increasing majorities for Hoover and Curtis. Even Wisconsin, where much dependence had been placed in a coalition of democrats and LaFollette republicans, swung decisively over to the Democrats column after giving Smith the edge on the early returns.

Only in Massachusetts and Rhode Island, outside the south did the balance show signs of tilting in Smith's favor as the totals mounted throughout the night. Even if both of these two New England states were to wind up with democratic majorities, and Smith held only the southern states in which he had established substantial leads—Arkansas, Louisiana, Mississippi, Alabama, Georgia and South Carolina—Hoover's electoral college vote would be 444 out of the total 531.

No such high-water mark ever has been reached in any previous presidential election. Even in 1912, when the republican strength was split between Taft and Roosevelt, Wilson had only 435. Harding had 404 in the sweep of 1920, and Coolidge 382 four years ago.

The measure in which the result of the presidential balloting would be reflected in congressional and other local contests was not yet fully apparent today. It was apparent that there will be republican gains in both senate and house, but incomplete returns showed no sweeping number of overturns.

The very wide prevalence of the split ballot was apparent in the fact that many of the states which today still were keeping democratic candidates for governor and senator in the lead.

One of the great surprises for the democrats—and there were many of them in the combined returns of the forty-eight states—was the strength developed by Hoover in the cities. It was in the great centers of population that Smith had expected to run away with majorities could not overturn. In a dozen of the larger cities he had been accorded popular receptions of a magnitude difficult to match in American political history. But when the test came the city vote did not flock to him as any of his admirers supposed it would.

BOSTON, Mass., Nov. 7 (AP)—The

Massachusetts vote in yesterday's election saw-sawed back and forth as the results came in during the night and the result was in doubt early today.

With nearly one third of the state's 1,808 precincts still missing Smith was leading Hoover by a margin of 4,800 votes.

In the contest for governor, Allen, Republican, was 20,000 votes ahead of Sole, Democrat. Senator Walsh, maintaining his reputation of running ahead of his ticket in elections, had accumulated a total larger by 13,000 than that for Smith and appeared likely to be re-elected, his lead over Young, Republican, being 73,000.

The standing in 1,118 precincts was: Hoover 511,235; Smith 516,082. For governor: Allen 808,207; Cole 485,867. For senator: Young 487,053; Walsh 520,855.

## Smith Carries Rhode Island

PROVIDENCE, R. I., Nov. 7 (AP)—Governor Alfred Smith carried Rhode Island by 1,693 votes.

After a night of doubt, during which the ultimate outcome could not be guessed at, a million mark was passed by Smith 118,851, Hoover 117,158. It was not until the vote of 194 of the state's 196 precincts had been compiled at 4:40 o'clock this morning that Smith gained a lead of 2,728 votes over Herbert Hoover, a lead which the latter cut down but could not erase.

## Hoover Landslide Nearing Million

PHILADELPHIA, Nov. 7 (AP)—Herbert Hoover's lead in Pennsylvania over Governor Smith, continuing to mount and was approaching the three quarters of a million mark as additional returns were received.

Returns received from 6436 districts out of 6571 in the state gave Hoover a plurality of 728,050. The figures were Hoover 1,960,017; Smith 961,967.

## 600,000 Majority In Ohio Ballots

COLUMBUS, Ohio, Nov. 7 (AP)—Herbert Hoover's majority in Ohio over Governor Alfred E. Smith had reached approximately 600,000 when returns from 85 precincts of the state had been tabulated today.

Myers Y. Cooper's majority for governor over Congressman Martin L. Dacey, Democrat, had swelled to 243,000 on returns from 80 per cent of the state.

7572 precincts out of 8,990 gave Hoover 1,314,890; Smith 720,589. 7086 precincts gave United States Senator full term: Simpson D. Peas, 1,550,433; Charles V. Truax, 698,746. 6992 precincts for United States Senator: Short term: give Theo E. Burton, 1,047,194; Graham P. Hunt 660,902.

## Hoover Ahead In Missouri

ST. LOUIS, Nov. 7 (AP)—For president, returns from 2,289 precincts out of 4,283 in Missouri, including 643 in St. Louis and 426 in Jackson county, give: Hoover 609,800, Smith 508,146.

Outstate vote: Hoover 487,420, Smith 349,888. St. Louis vote: Hoover 182,420, Smith 167,458.

## New Jersey Runs True to Form

NEWARK, N. J., Nov. 7 (AP)—Running true to form, Republican candidates for national office, in sweeping the New Jersey field, carried state contests with them.

Wilson had only 435, Harding had 404 in the sweep of 1920, and Coolidge 382 four years ago.

The measure in which the result of the presidential balloting would be reflected in congressional and other local contests was not yet fully apparent today. It was apparent that there will be republican gains in both senate and house, but incomplete returns showed no sweeping number of overturns.

BOSTON, Mass., Nov. 7 (AP)—The

## Florida Wrested From Solid South

JACKSONVILLE, Fla., Nov. 7 (AP)—Their normal ballot swelled by an army of "Hoover Democrats," Republicans apparently have been able to wrest Florida from her place in the solid south, maintained for more than fifty years by sweeping Democratic majorities. With 555 precincts out of 1,263 tabulated, the

vote was Smith 96,171; Hoover 71,782.

## Hoover Margin 110,000 In N. Y.

NEW YORK, Nov. 7 (AP)—Herbert Hoover's margin of victory over Gov. Alfred E. Smith in the contest for New York's 45 electoral votes was approximately 110,000. With returns at hand from all except 182 of the election districts in the state, the actual Hoover plurality was 83,354. All the missing districts were in rural territory which

is normally overwhelming Republican.

On the state ticket the Democrats fared better. Franklin D. Roosevelt had an actual plurality of 84,926 over Albert Ottinger, Republican.

### TEAM APPEARS BETTER IN GO AGAINST FROSH

#### VARSITY BACKS PLUNGE THROUGH POWERFUL FRESHMAN LINE

A freshman football eleven found an aggressive, plunging Matador football machine on the Tech gridiron Tuesday afternoon when the two grid aggregations took advantage of the first clear skies and dry turf in the past two weeks to engage in one of the best scrimmage sessions of the season.

Facing the powerful Abilene Christian Wildcats here Saturday in their fourth annual clash, the Matadors have started training in earnest for what promises to be one of the closest battles of the year. Led by Levi Walker, Archibald Hodges and Brothers, the varsity gridgers ripped off gain after gain around the freshmen ends and completed a number of long passes against the first year hopefuls. The Matadors marched down the field with the aid of well-timed interference and pushed over a marker on short notice after taking the ball against the Frosh. The freshmen, however, showed a strong line.

Always giving the Matadors a stiff battle when the two teams meet, the Christians of 1928 are considered one of the most aggressive combinations ever to face a Tech team. With Roy Stevens, their scoring ace, going at top form this season, the Wildcats are coming to Lubbock determined to get back one of the prizes they have won to the Scarlet aggregation.

The Tech gridgers on the other hand are equally determined that they will avenge the 1927 defeat suffered at the hands of the Christian crew. The argued that the season is expected to witness the battle Saturday.

### RAN 98 YARDS

HERE'S Eugene McEver, promising sophomore halfback at the University of Tennessee, who placed his name in football's Hall of Fame in the recent Alabama-Tennessee game when he ran the opening kick-off of the game back 98 yards to touchdown. Coach Neyland, at Tennessee, thinks McEver will develop into an outstanding halfback before he ends his football career.

### HITTING SPORTS HIGH SPOTS WITH ALLAN CARNEY

Tech will be battling a team equal to its name Saturday when the A. C. C. Wildcats line up against them for 60 minutes of football. With two weeks of rest from matched games will put the Wildcats in at best form of the season. From the standpoint of the Christians, the game Saturday is the outstanding classic of the year.

"A win from the Matadors is the equivalent of five victories in the T. I. A. A.," an Abilene sports writer declares. "This sounds like the Christians are coming to Lubbock with blood in their eyes. It is the fourth annual encounter between Tech and A. C. C. Twice in three previous meetings between the Christians and Matadors, the Crimson horde has swept aside the Wildcats with impressive victories. It was not until last fall that the Wildcats were able to gain a decision over the Freedland-coached machine.

This was the second team outside the Southwest Conference ever to tag a defeat on the Bull Fight era. The Texas Teachers of Canyon later in the season added themselves to the select list of Tech conquerors. It is satisfying to note that these numbers have not been increased this season. And unless we're badly fooled, the Wildcats will go through the remaining games undefeated, making a total of seven victories and two defeats. The games lost have both been to Southwest Conference teams, Texas and T. C. U.

It goes without saying that this will be no easy task. Look 'em over A. C. C. this Saturday, Simmons the next and the Canyon. No one of these teams has special love for the Scarlet and Black of Texas Tech and will exert their last ounce of strength to stop the Matador attack and hang up a win over Tech. One boasting friend, Frank Bridges, Simmons mentor, would take great delight in trouncing Tech since both schools have aspirations for membership in the Southwest Conference.

At the beginning of the season the forty Frank Bogart announced that first he would give his attention to defeating S. M. U. and T. C. U. and then he would play a while with the other boys. The Cowboys not only were beaten decisively by the two Southwest Conference teams, but last week were bowled over by the Austin College Kangaroos, considered as the weak Kansas of the Texas Conference.

The Amarillo Sandies will be given a real test Armistice Day when they tackle the Vernon Lions on their home field. Vernon has one of the greatest defensive lines in the district and may hold the resented Sandstorm to a surprisingly low score. And the Lion attack isn't anything to be scoffed at. In Cox, giant fullback, and Lawrence, shifty halfback, the Lions have a couple of men who are always dangerous. In addition to their weight, Cox has plenty of speed, can pass and kick with equal ability.

This game comes on Monday and it won't find the Sandies in the best of condition for a hard game. The Lions have a golden opportunity to knock the Amarillo crew from their lofty perch and establish themselves as leaders of the district race.

### BULLDOGS ARE RESPECTED BY COACHES HERE

#### GAMES OF PAST PROVE DOPE NO FACTOR IN ANNUAL BATTLES

A lengthy scrimmage session was on the program for the Westerners Tuesday afternoon as the gold and black gridgers got down to serious training for their battle Friday with the Plainview Bulldogs. Determined that the Plainview eleven will not find them unprepared in the annual clash between the two teams, the Frnka-Morgan aggregation went through one of the most strenuous practice sessions of the season at Merrill park.

Making numerous shifts in the line and alternating with several backfield combinations, the high school mentors put their charges through more than three hours of intensive drill. Darkness found the gridgers battling the cannon fodder recruits back and forth in the practice field, running old plays and taking on several new formations which will be used against the Bulldogs Friday.

Pangburn Goes to Guard A number of new faces will likely appear in the Westerner forward line when they line up against the Plainview outfit on the latter's gridiron. The latest change has shifted Edward Pangburn, halfback to one of the guards posts. Pangburn is one of the best defensive players on the high school square and his presence in the line is calculated to lend considerable strength to the locals' defense.

Joe Leaverton and Rex Wright are working out at the tackle posts with Greer Frizzell, regular tackle, this week. One of these men will take the place of Raymond Barton in the game Friday. Barton was injured in the Electric contest and received further bruises in the clash with Amarillo last week. The other regular will probably be at their positions. Buckingham at center, Wilson at one of the guards and Castberry and Rich at the wings are almost certain starters.

Coaches Frnka and Morgan will leave here Friday morning with the squad and will be followed by the special train shortly after noon. Authorities are anxious that local fans who are planning on making the trip secure their reservations as soon as possible in order that the train may be assured. E. J. Lowry is in charge of arrangements.

### Texas Tech Course Planned At Snyder

SNYDER, Nov. 7.—Through the efforts of County Superintendent Bullock, the teachers of Scurry county have elected to take a ten-day course with educators from Texas Tech handling the matter. The course will open here Saturday, Jan. 5, and fifteen hours work count as residence work. Interest has been shown in all parts of the county, and it is a safe bet that more than 75 per cent of the 135 rural teachers of Scurry county will be identified with the new course.

Speaking of Football Plays Fail to Gain Yardage When They Go Against Defense Set to Stop Them

By "JOCK" SUTHERLAND University of Pittsburgh Football Coach

Many quarterbacks think in terms of mathematics when they are in scoring positions. Instead of the "shortest distance between two points is a straight line," it should be "the shortest distance to a touchdown is through the weakest part of the opposing team."

Anyone who has followed football has seen teams work the ball into scoring territory and then fall miserably in the attempt to score.

### GETS HIS CHANCE

WHO will play second base for the Washington club next season now that Bucky Harris is at Detroit? Most of the wise cubs in baseball circles think that Jack Hayes, who has been used on the infield since by the Senators the past two years, has the inside track for the job. Hayes learned his baseball at the University of Alabama.

Snyder Man Made Ralls C. C. Head

SNYDER, Nov. 7.—Arthur V. Bullock has accepted a position as secretary of the Chamber of Commerce in that district at Snyder, where he is a regular incubator for furnishing secretaries of Chamber of Commerce to West Texas folks as Mr. Bullock is the fourth man in the past six months to receive the honor. Homer L. Massey first went to Snyder, W. Patrick to Spur and Claude Holley to Quitaque.

### FARMERS GRIM IN PREPARING FOR MUSTANGS

#### AGGIES TO MAKE FIGHT FOR DOPE EDGE THAT IS GIVEN PONIES

(Special to The Journal) COLLEGE STATION, Nov. 7.—Facing what promises to be one of their toughest assignments of the season in the game with the powerful Southern Methodist University Mustangs at Cowboy stadium in Dallas next Saturday, the Texas Aggies are buckling down this week to the most serious grind of preparation for the present schedule. Because of the imposing record the Mustangs have made thus far, the Aggies will likely go into the game as the underdogs and fully cognizant of the uphill fight that will be necessary from the start of the game.

The Ponies were favored last year to defeat the Aggies but the predictions of the dopsters were set at naught by the furious style of play the Aggies staged. That game was played on Kyle Field, however, a condition that always gives the Aggies added inspiration. Next Saturday the conflict will be on foreign soil for the Aggies and that is expected to count to the advantage of the Mustangs.

Abundant Color Promised All in all, the coming game promises to be one of the most colorful gridiron scenes of the season, both on the field and in the stands. The entire A. and M. cadet corps of 2600 khaki-clad students, accompanied by their 100-piece band, will make the journey to Dallas to give their support to the Maroon and White warriors. Reports from Dallas indicate the S. M. U. student body and band will be on hand en masse. In addition, hundreds of fans from over the state are expected to add to the colorful crowd that will be on hand to view the contest.

Coach Dana Bible is putting the Aggies through a rigorous round of preparation this week to smooth off the rough edges evident in the team play of the revamped eleven that defeated the North Texas State Teachers' eleven last week. The showing made by the Aggies against the Teachers indicates the tentative changes made by the coaches in rebuilding their grid machine will become permanent. The Aggie line showed marked improvement and the Aggie backs were enabled to gain consistently throughout the game. Increased aggressiveness and smoother functioning of the Aggie machine has apparently been achieved by the coaches.

Aggies Passing Improved The good effect to which the Aggies' used their passes against the Teachers, indicates that Coach Bible's eleven may employ some of the Ponies' magic in the game. The Mustangs, always a passing team, may not have the stellar Hume in the game to do their passing, but in his absence Sammy Reed, understudy of the fleet Hume, will likely be on hand and give the Aggies pass for pass. It was Reed who hurried the pass that gave the Ponies their margin of victory over the Longhorns last Saturday.

Last year the Aggie-Mustang game was marked by the fight between the fleet Hume, Aggie captain and quarter, and Jerry Mann, Mustang captain and field general, both of whom were waging the fight which decided who would get the selection for quarterback on the All-Conference eleven. This year there will be no Mann and no Hume, but Coach Bible and Coach Morrison have two of the strongest backfield combinations in the Southwest and the fight bids well to be a brilliant one.

An Unpleasant Subject All of the functions of life are dependent to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 25 cents per bottle from Lubbock Drug Company.

### FRESHMAN MATERIAL IN AGGIES CAMP PROMISES REVENGE FOR CADETS ON TEAMS DEFEATING MAROON THIS YEAR

(Special to The Journal) COLLEGE STATION, Nov. 7.—Now that a seven weeks' weeding out process has reduced to 58 the squad of 212 freshmen football candidates who reported for training at the A. & M. College of Texas in September, the result shows a formidable array of potential varsity gridsters for the Texas Aggie line-up in 1929. Freshman Coach Roswell Higginbotham and his assistants have had a busy time of it this fall shifting, testing and training this group of husky freshmen.

Their work promises to pay big dividends next year, however, for the 58 men who have withstood the pruning knife promise to give the 1929 Aggies a stellar assortment of strong, heavy players. In this group are four former all-state players from Texas high schools, one all-state man from New Mexico, three who won all-city recognition in Dallas and Houston, and several others who earned distinction while playing with various junior colleges and high schools.

Line Prospects Bright It is in the line that the most imposing array of freshman material is found this year and these candidates for the forward wall are expected to be of great value to Line Coach "Chuck" Bassett in building the varsity line next season. The freshman line is probably the heaviest freshman material in the history of the college, averaging several pounds more to the man than does this year's varsity line.

The center of the line is probably the weakest point with only four candidates for the pivot berth. Outstanding among the candidates is A. R. Abbey, three-year man from Del Rio high school. Others who are making competition for this berth are L. T. Braawell, Jasper; P. L. Jones, Decatur, and Gene Teer, Houston boy and former member of the Sam Houston high school grid team.

Abundant Guard Material Great strength is to be found at guard positions where 16 men are putting up a bitterly contested battle for numerals. Among those showing especially good form are: Jack Christian, all-state man from Abilene; L. A. Puleswider, 205-pound guard from Whitesboro; A. A. Colasinski, Houston boy who won an all-city berth playing with the Heights high eleven; L. B. Lagow, stellar guard from Forest Avenue high school at Dallas, and Bentley Murphy, another Dallas boy, for three years a member of the Sunset high school team. Others fighting for the positions are: E. W. Cabines, Fort Worth; D. W. Carwell, Jr., Dallas; D. S. Hutchings, Houston; R. W. Rowley, Marshall, and S. G. Walker, Groesbeck.

Two Giant Tackles The great weight and power is found among the candidates for tackle; two men tipping the scales for well over 300 pounds. No candidate for tackle weighs less than 170 pounds. Outstanding among these men are, J. C. Blewett, former Decatur Baptist College and Decatur high school star; H. L. Fischer, Houston boy, who for three years was a member of the Heights high school eleven; O. B. Magill, all-state gridster from Marshall.

Stellar Men for Wings Outstanding contenders for wing positions are, Ed Foster, former Electra high school gridster; Tom Hill, all-state man from Waco high, and A. C. Moser, Dallas boy, and former gridster on the Dallas Academy eleven. Luther Bell and Pat Coleman, both of Harlingen; Harold Cornelison, San Angelo; B. A. Pierson, Marlin, and T. J. Wallace, San Benito, are also putting in strong bids for the ends.

In the backfield the outstanding player thus far has been T. E. Clark, all-state high school man from Marshall, and a numeral man from the Aggie freshman team last season. Clark left school last year before the close of school and was not eligible for varsity competition this season. He is an excellent punter and passer and while in high school was considered one of the best all around backs in the South. The additional year's work with the freshmen should round him into a very valuable man for the Aggies.

Others of Prominence Co-starring with Clark in the backfield are: H. P. Danaby, stellar high school player from Bryan; Robert Hartling, Houston boy and former Milby high school star; C. D. Maxwell, three-year man from Burnet; Rees Nelson, Dallas boy, and former high school star; A. L. Sibesta, stellar back from Marlin; Raymond Snyder, three-year man from Farmersville; Zeap Tipton, Fort Worth boy, and former Central high gridder; Joe N. Vanderlaan, stellar back from Corsicana. Other backfield candidates are, W. E. Davis, Fort Worth; J. S. Parrier, Dallas; Sam Grove, Fort Worth; M. R. Hayes, Crowley; R. N. Jordan, Houston; T. W. Klein, Texarkana, Ark.; S. F. Lehoucade, San Antonio; E. E. Meisenheimer, Jefferson; Paul W. McFadden, Cleburne; E. M. Tabor, Throckmorton, and William Wolf, Corpus Christi.

The freshmen are given daily workouts on Kyle Field, being used considerably in scrimmages with the varsity. Coach Higginbotham is being assisted by Track Coach Frank Anderson, Tucker Lister and "Kewpie" Rekkitor, the latter two being former Texas Aggie linemen.

### Snyder Chances Of Victory Are Dimmed

SNYDER, Nov. 7.—Gloom has settled over the prospects of Snyder high school Tigers for their forthcoming battle with the Sweetwater Mustangs, Armistice Day, with the announcement of the ineffectuality of their star quarterback, Glen Wilsford, who has been ruled out of the game, thereby forfeiting the game of Oct. 12th to Big Spring, which Snyder had won 7 to 0.

The local team has been badly demoralized over this happening and will enter the fray at Sweetwater, the underdog, but their spirit is the true one that was demonstrated here last year when Snyder defeated the Mustangs 6 to 0, the only team to defeat Sweetwater last year.

The Suez Canal is longer than the Panama Canal, the former being about 100 miles in length of approximately 60 miles longer than the latter.

Stellar Men for Wings Outstanding contenders for wing positions are, Ed Foster, former Electra high school gridster; Tom Hill, all-state man from Waco high, and A. C. Moser, Dallas boy, and former gridster on the Dallas Academy eleven. Luther Bell and Pat Coleman, both of Harlingen; Harold Cornelison, San Angelo; B. A. Pierson, Marlin, and T. J. Wallace, San Benito, are also putting in strong bids for the ends.

In the backfield the outstanding player thus far has been T. E. Clark, all-state high school man from Marshall, and a numeral man from the Aggie freshman team last season. has unsettled the industry. The rise in the public utilities undoubtedly was stimulated by Hoover's election...

Total sales in the first hour ran close to 1,300,000 shares but a moderate slackening in pace was noted before noon.

While Hoover's election, judged by Wall Street betting, generally was conceded, the action of the market indicated that many traders had temporarily withdrawn from the market until after the presidential choice became definitely established.

Although buying orders were distributed over a broad list, bullish demonstrations centered largely in the oil and public utilities. New high records were established by Standard Oil of New Jersey and California, Amerasia, Pure Oil, Texas Oil and Coal, Marland, Shell Union, Pan-American B and Phillips.

The rise in public utilities carried American and foreign power and common wealth power into new ground.

Wright Aeronautical, Victor Talking Machine, International Nickel, Case Threshing and Timken sold 4 to 7 1/2 points higher.

Foreign exchanges opened steady.

REPUBLICANS BOOST POWER IN THE HOUSE

GAIN ONE SENATOR AND ADD TO MAJORITY IN HOUSE BY ELECTION

BY FRANCIS M. STEPHENSON Associated Press Staff Writer Republicans increased their frail plurality of one in the senate and added to their comfortable working majority in the house on the basis of congressional election returns trickling in slowly behind the sweep of Herbert Hoover.

Upsets in Delaware and Maryland gave the republicans first blood in the senate contest. The democratic incumbents in these states, Senators Thomas F. Bayard and William Cabell Bruce, respectively, were counted out early last night.

The thirteen republican seats involved in the senate race appeared to be in the victory column, but the democrats, with 20 seats in the election block, were having their troubles in several states.

Riding the rolling Hoover tide in Kentucky, the republicans picked up half a dozen members in the house from that state and held their own in other normally republican districts.

However, the democrats kept most of their solid representations in the house from the deep South and from New York City despite the slashes on the presidential contests.

The present congress is made up as follows: Senate, 47 republicans, 46 democrats, one farmer-labor, two vacancies; House, 231 republicans, 193 democrats, 29 farmer-labor, one vacant, eight vacancies.

Republican Leaders Win Most of the republican leaders of the house were among the victors, including Speaker Longworth, Ohio; Rep. Tilson, of Connecticut, the chairman of the ways and means committee; Wood, of Indiana, who will become chairman of the appropriations committee, and Snell and Dempsey of New York, chairman of the rules and rivers and harbors committees, respectively.

Republican senators who were elected included Johnson of California; Fess of Ohio; Reed of Pennsylvania; Greene of Vermont; LaFollette of Wisconsin and Vandenberg of Michigan.

Republicans who will take over seats in the senate now held by democrats were Representative Theodore Burton of Ohio, who defeated Graham P. Hunt, democrat, the nominee for the vacancy left by the late Senator Frank Willis; John G. Townsend, Jr., of Delaware, and Philip Lee Goldsborough of Maryland.

Frederick Walcott of Connecticut, republican nominee for the seat given up by Senator George P. McLean, republican, defeated his democratic opponent, Augustine Longenecker.

Southern Democrats Returned Southern democratic senators apparently were returned to office without exception. Swanson of Virginia and Stephens of Mississippi having no opposition. Representative Tom Connally of Texas who defeated Senator Mayfield for the democratic nomination, was successful. Senators McKellar of Tennessee and Trammell of Florida had commanding leads.

In one of the most bitterly fought senate contests Henrik Shipstead of Minnesota, the lone farmer-labor senator, was given a second term. He defeated Arthur E. Nelson, republican.

Independent Group Back Most of the independent group of the senate were assured of election with Shipstead, and LaFollette already marked up and Senators Frazier, North Dakota, republican; Wheeler, Montana, democrat, leading Senator Dill, Washington, democrat, the other member of this bloc for whom Senator Norris, republican, of Nebraska, campaigned, was trailing his republican opponent.

The democrats gained one seat in the house in Indiana where Louis
