GOP Tax Cut Plan Shelved

Senate Puts Bill On Ice; Studies Of Budget Due Before Action On Levies

(By The Associated Press)

WASHINGTON, Feb. 3—The Senate put the Republican tax cutting bill on ice today.

The bill may stay in the cooler for two months or more.

And when it does come up for a Senate vote, it probably will call for less than the $6,500,000,000 cut overwhelmingly approved by the House.

The GOP measure rocketed through the House yesterday by a 297 to 120 count. That is 19 votes more than the two-thirds majority needed to override a veto.

Only one Republican—Rep. H. Carl Anderson of Minnesota — voted against it. Sixty-three Democrats voted for it.

But Senator Taft of Ohio, chairman of the Senate Republican policy committee, told reporters he doubts that the Senate will be able to override a veto unless the amount of revenue loss is reduced.

Taft did not say how much of a reduction he thinks will be necessary. But some leading Democrats predicted that if the bill is held down to around $4,000,000,000 any presidential objections will be overturned.

In any event the Senate is going to wait until the Senate-House budget committee takes a whack at President Truman's proposal to spend $39,700,000,000 during the fiscal year starting July 1.

Senate Republicans are aiming at a cut of at least $3,000,000,000 in the budget estimates, but some party members have said they

Blow Struck At Preparedness Plans For Rationing Of Meat

(By The Associated Press)

WASHINGTON, Feb. 3.—A Senate banking subcommittee today voted against authorizing the government to get ready for meat rationing.

Chairman Flanders (R-Vt) told reporters the vote was three to two against his bill to let the Agriculture department set up rationing machinery.

He said he and Senator Sparkman (D-Ala) voted for the measure. Against it were Senators Capehart (R-Ind), Buck (R-Del), and Willis Robertson (D-Va).

The subcommittee's recommendation against the measure goes now to the full banking committee.

It could override the smaller group, but that appears unlikely.

The action came shortly after the administration had asked Congress again to keep rent controls and to give it power to fix prices for meat and other foods and to ration them, if need be.

In the continuing Capitol Hill debate over how to deal with high prices:

1. Charles F. Brannan, assistant Secretary of Agriculture, went before the Senate banking committee and said meat rationing won't

DISASTER PROGRAMS EXPLAINED

Red Cross Session Continues In City

BY OPAL DIXON
Journal Staff Writer

Continuing a district Disaster Preparedness conference at which an official from the national Red Cross was discussing what should be done when disaster strikes, Red Cross personnel from West Texas and eastern New Mexico went into their final session this afternoon after recessing at noon so law enforcement officers might attend a luncheon and hear explanation of disaster conditions.

Maurice Reddy of Washington, D. C., assistant national administrator of disaster service, planned to explain the part the Red Cross is responsible for in a disaster and what part the local government fills.

Work Is Supplemental

The Red Cross does not take over any responsibility of law enforcement in a vicinity in a disaster, Reddy said. The Red Cross work is supplemental to local authority.

The meeting here, which will end this afternoon, is one of four being conducted in Texas and Oklahoma. Efforts are being made to make chapters in those states more conscious of "possible dangers of disaster in the southwestern area," said Malcolm Lockhart, assistant regional director of chapter service from midwestern area headquarters at St. Louis.

Texas and Oklahoma are two of the states in which the Red Cross has been most active in disaster operations in the last year, Lockhart said.

Millions Are Spent

Reddy said that the Red Cross spent $1,222,000 at Texas City following explosions there and more than $1,000,000 at Higgins, Tex., and Woodward, Okla., following tornados.

Long experience has taught that no community in the United States is immune from disaster, Reddy said. "They can happen and they do happen. Disasters have occurred where they have never occurred before.

"I don't expect one and I don't predict one," he said. "Preparedness is just like insurance on a house. You carry the protection but you're not going to get mad if your house doesn't burn down."

Red Cross representatives here include chapter chairmen, executive secretaries, volunteer workers, and national and area Red Cross personnel. "The aim of this meet-

Rain Breaking Coast Drouth

(By The United Press)

California farmers and citrus growers hoped today that heavy rains would follow in the wake of showers which ended one of the worst winter drouths in the state's history.

Snow and rain fell in the coastal area of the state yesterday, but light and scattered showers in the stricken central valleys failed to ease the serious water shortage.

More Rain Expected

Light rains and showers were expected this afternoon and tonight and the weatherman said that a low pressure area off the coast may bring the first really substantial rain in more than a month to the parched region.

Farther north, Oregon and Washington were suffering the coldest weather of the winter with temperatures dropping from 20 to 30 degrees along the coast

Big Slump For Production In '48 Forecast

Choice Beef Now Is Available But At Fancy Prices

(By The United Press)

CLEVELAND, Feb. 3. — The president of the American Stock Yards association today predicted higher meat prices and a shorter supply during the next 11 months.

A. Z. Baker, Asya head, said that the second largest slump in the history of meat production is in prospect for 1948. With supplies declining, he said, pork and beef prices will work "substantially" higher during the next few months while livestock prices will be maintained and "perhaps go somewhat higher."

In Specialty Class

Choice beef presently available, Baker said, is definitely in the specialty class and finds a market only with those who demand a fancy steak regardless of price.

Baker said three factors — the weather, labor relations and foreign commitments—will probably determine the outlook for livestock and meat prices this year.

"This country is eating itself out of livestock at the present rates of production and consumption," he said. "For producers it suggests prices as high, if not higher, than the all-time records established in 1947. For consumers the same holds true for prices of meat and in addition, less supplies available."

Feed To Be Short

The ASYA president pointed to the increase in short-feeding cattle, marketing them after 60 to 120 days on feed in contrast with the average feeding period of 200 days.

Another factor in the price picture, he said, was the amount of feed available. Baker said the Department of Agriculture predicted the most severe shortage in feed grains in 10 years will hit farmers who depend on buying grain to feed livestock and poultry.

The probable 1948 tonnage of all meats exclusive of lard will be 20 to 21 billion pounds compared with 23.741 billion pounds in 1947, he said.

Predicts Black Markets

"If the government keeps 'hands-off' the livestock and meat industry can look forward to a prosperous year and the American consumer to an adequate supply of meat at prices not far out of line with those for other commodities," Baker said.

"But if controls are re-imposed, black markets will return, the

Farmers Join Crop Program

Lubbock county will be among the few counties in the nation to participate this year in the government's experimental cotton crop insurance program after 200 farmers in the county signed contracts covering 256 farms prior to the application deadline last Saturday, it was announced today by Walter Y. Wells, county administrator.

The plan, as announced through the Federal Crop Insurance corporation, called for participation by 56 cotton producing counties in the nation, of which four were in western Texas. Lubbock was the only South Plains county in which the program was offered.

Showed Profit In '47

The program is an effort by Congress to arrive at a plan that will insure producers against unavoidable loss and still be self sustaining. In previous years the corporation has lost heavily, except for 1947, when it showed a profit for the first time, in both all-around operation and in the cotton program, Wells said.

Other West Texas counties in which the program was offered this year were Donley, in the Panhandle, which Wells said did not qualify because less than 100 farms were contracted; and Jones and Knox counties, reports from which had not been received here. The law requires participation by a minimum of 250 farms in a county before the program can become operative, and Jan. 31 was set as final date for applications.

Former Senator To Direct AFL League

MIAMI, Fla., Feb. 3. (AP)—AFL President William Green today announced the selection of Burton K. Wheeler, former Democratic senator from Montana, as director of the AFL's new Political League in the coming elections.

The post will pay $10,000, Green said. Wheeler will appear before the 30-member administrative committee of the newly-formed league here tomorrow. The committee still must approve the selection of the executive council, but Green indicated that would be a formality.

Lewis Claims Pension Fund Due Workers

Mine Leader Says Industry Failing In Its Contract

(By The United Press)

WASHINGTON, Feb. 3—John L. Lewis today posed the threat of a sudden soft coal strike to a nation already in the grip of one of its worst fuel crisis in history.

The unpredictable boss of the United Mine Workers charged that the soft coal industry has failed to live up to its contract by refusing to establish a pension fund for his 400,000 soft coal diggers.

Will Take Action

For that reason, Lewis said in a letter to the operators late yesterday, the union now "reserves the right, at will, to take any independent action necessary to the enforcement of the contract."

Coal industry spokesmen admitted that Lewis' "independent action" could mean a sudden strike by his soft coal miners. However, one industry official said the owners were inclined to believe Lewis was "just putting on the pressure" for acceptance of his $100 a month pension plan for miners over 60.

The mine chieftain, as usual, declined to comment.

Notice Is Required

The present agreement between Lewis and the operators runs until June 30. It provides that either party may terminate the contract earlier by giving at least 30 days' notice.

Spokesmen for the operators said they did not consider the Lewis letter "definite notice" of 30 days' termination.

Under the Taft-Hartley law, a union must give 60 days' notice that it intends to break off a contract. Lewis has consistently ignored the new labor law. Whether failure to abide by it in this case would result in prosecution was not clear, since the contract termination clause has not yet been tested in court.

Even if Lewis were to call a strike immediately, the coal supplies already above ground would carry the nation along for perhaps 30 days.

General agreement on the pension principle was written into last year's contract.

Frank Campbell Gets Prison System Post

HUNTSVILLE, Feb. 3 (AP) — Frank B. Campbell, 35, assistant manager of the Big Spring Chamber of Commerce, will assume direction of classification in the Texas Prison system Feb. 15.

Appointment of Campbell was announced yesterday by O. B. Ellis, general manager of the penal system.

Campbell replaces Roy Wade, State Department of Public Safety official who last week had accepted the appointment from Ellis.

Wade notified the prison manager he would be unable to accept the position in view of another business opportunity "too attractive to overlook."

Carl Basland resigned as classification director Jan. 1.

Once She Got More Greetings Than Anyone Else In Country

Little Miss Valentine May Never Walk Again But She Wants To Be Everybody's Valentine

(By The United Press)

CHICAGO, Feb. 3—Little Miss Valentine may never walk again but she said today she is more concerned about being everybody's Valentine.

Once she got more greetings on Valentine's day than anybody else in the country. That was in 1946, when the mailman brought 64,000 Valentines to her house. Last year the number dropped to 350.

Miss Valentine — blonde, 13-year-old Evelyn Valentine—said it wasn't that people had forgotten.

"It's just that I've moved so many times my friends don't know my address," she said.

Evelyn has been an invalid for nine years. Most of the time she has been bedridden with rheumatic fever. Four months ago, she was crippled by infantile paralysis in both legs.

"I was determined to get over that," she said. "Now one leg is all right and I can get around on crutches. I hope to be walking by myself next summer."

But the doctors aren't as optimistic. They say she may never recover fully because of the damage to her heart.

Evelyn became "Miss Valentine" in 1944, when a newscaster told her story over the radio. The Valentines came in by the thousands, from all parts of the world.

She was in a hospital in Miami, Fla., when Valentine's day came last year, and she got only 350 Valentines. She expects even fewer this year.

When she returned from Florida with her mother, Mrs. Harry Wright, the family ran up aginst the housing shortage. Since their return, Evelyn, her mother and her step-father have moved five

Safes Cracked Here

Cash Is Taken In Burglaries

A wave of burglaries—there were six reported Monday—continued overnight, police said this morning in reporting the cracking of two safes in Western Wrecking company, at 2722 Texas Ave., and theft of March of Dimes funds and $76 in other money from the Chicken village, at 1318 Nineteenth.

Preliminary reports of J. D. Jones, proprietor of the wrecking yard, estimated $380 had been removed from the safes.

Other Cases Reported

Police also were investigating the serious cutting of a negro woman, Lavita Johnson; theft of an automobile; pilfering from cars, and assorted other breaches of the law.

Police investigators Pete Hubbard and George Hall found that the wrecking company safes were moved from a front office to the rear of the building, by intruders who had pried open a back window to affect entrance.

There they knocked the knobs and, it was believed, placed a charge that blew the safes open.

Machines Are Rifled

Entrance to the Chicken village, a cafe, also was through a window, City Detective Lee Rice found. Burglars took $50 from a cigaret machine, $20 from a juke box, and a $6 roll of pennies from a cash register.

It was not known how much money was in the March of Dimes container.

"It was known, however, that greenbacks were stuffed in it, along with much silver. Some of the coins were half-dollars and quarters," Rice said.

Condition of the Johnson woman was being observed by officials and physicians. Jimmie B. Bagley, 56, a negro man was being held in connection with the assault on her.

Arrested At Residence

Police said he was arrested at his residence, after he had gone to bed, about 3:45 a. m.

Emma Jones, with whom the Johnson woman lived, told police there was a knock at her door about 3:15 a. m. It was Bagley, wanting to come in and see the Johnson woman, she said.

The Jones woman said she declined to open the door, whereupon Bagley burst it open, advanced on the Johnson woman

RAINS FALL OVER PLAINS TODAY

Rain Or Snow Due In Area Wednesday

Rain was falling on the South Plains today and temperatures remained mild in comparison to recent sub-freezing weather.

Rain measured .01 from midnight to 6:30 a. m. today at the U. S. Weather bureau station north of Lubbock. That was the first measurable amount this month, drizzle which had occurred previously in the last two days having been only a trace.

Minimum Is 39

Minimum temperature this morning was 39 degrees at 1:30 a. m.

The weather station at midnight had modified its earlier prediction of snow today in this area to probably drizzle and light rain. Forecast for Wednesday calls for "rain or snow in the Panhandle and South Plains." Rising temperatures were forecast for today, with colder weather late tonight and Wednesday. A cold front which had brought light snow to some northern Panhandle counties Monday night remained stationary, the weather station reported at 9 o'clock this morning.

Rainfall Is Reported

The heaviest rains fell in the Gulf and central portions of Texas. Brownsville had .87 inch of precipitation in 24 hours, following rains Sunday. Other 24-hour totals: Austin .57; Corpus Christi .49; Galveston .39; Victoria .82; San Antonio .19.

Rain in the Panhandle was not heavy enough to be of material assistance to crops. Amarillo had only .03 inch.

Arab Attack On Holy Land Jews Feared

DAMASCUS, Syria, Feb. 3. (AP)—Truckloads of armed Arabs rolling into Damascus led many observers to believe today that a general attack on Palestine Jews may be approaching.

Some believe such an attack has been set for Feb. 15.

Fawzi Bey Al Kaukji, leader of the Arab forces, told newsmen that "the Middle East's finest army is moving in."

Day Of Liberation Now Almost Forgotten

"The Americans Are Here!" Was Joyous Cry Heard In Manila 3 Years Ago Today

(By The Associated Press)

MANILA, Feb. 3—Three years ago today, at dusk, a whisper that grew into a thunderous shout spread over Manila: The Americans are here!"

It passed from lips to lips. Within half an hour, all Manila knew its day of liberation from the Japanese had come.

Some Remember

David Boguslav, editor of the Manila Times, noted today that it seems to be the fashion now to forget the crimes the defeated and frustrated Japanese committed while they still had strength to rape and burn.

"It seem to be the fashion to sneer at those (Americans) who came and fought and died. But here and there, in this city today, there are those who in the swirl of cigaret smoke see those strange, helmeted figures who came as a promise made good.

"There are those who, above the clamor of dance bands, hear the machineguns north of Far Eastern university, and the crash of tanks driving through the iron gates of Santo Tomas Internment camp."

Stylists Told Off

New Look Branded A Driving Hazard

WASHINGTON, Feb. 3 (U.P.) —The New Look for women, an auto safety expert said today, is definitely a hazard. Especially at night.

Burton W. Marsh, director of the traffic engineering and safety division of the American Automobile association, is the man who stands up to tell off the stylists.

As the hemline goes down, Marsh said, the death rate of women as pedestrians is likely to go up. Reason: drivers are used to seeing not only feminine legs but feminine legs clad in light, not dark-colored stockings.

"Swirling ballet skirts and the Gibson-girl silhouette look very pretty in the advertisements and on the ballroom floor," Marsh said, "but they are as out of place on the street and highway as a court train and diamond tiara would be in Benny's one-arm lunch."

Furthermore, he said, the voluminous skirt is no help in driving a car. It prevents quick operation of brake, clutch and accelerator.

New Student League Is Formed At Tech

Seeking to spread the theory of federal world government, and creation of a world police force, the Student League for World Government has been organized on the campus at Texas Tech, and at its first general meeting on Feb. 12 is to discuss a proposal to bring Albert Einstein here for a statewide meeting, it was announced today.

Members of the new group are also members of United World Federalists, an international organization whose members include Einstein, Supreme Court Justice, former Justice Owen J. Roberts, church leaders, and others, the announcement said. The UWF has a membership of more than 150,000 in the United States, it was said.

The Feb. 12 meeting of the league is to be held in room 302 of the administration building at the college. Foster Henderson of Newkirk, N. M., is president of the league. Other officers are Kenneth A. Wood of Olney, vice president; and Bill Solley of Odessa, treasurer. Richard M. Ehrlich of Miami, Fla., is UWF advisor. Faculty sponsors were announced as Prof. R. D. Mack of the government department; Prof. Ivan Little of the pholosophy department; and K. Nall of the English department.

Tech Dairy Judgers Win At Ft. Worth

Texas Tech's dairy judging team, coached by N. C. Fine, associate professor of animal husbandry, took first place in that division of judging contests at the Southwestern Exposition and Fat Stock show at Fort Worth today, according to an Associated Press dispatch.

Texas A. and M. was second, but other winners or number of teams competing were not reported. Tech's winning team was composed of Bill Atwood, Jack Burkhalter, Jack Erwin, and Jim Hutchins.

Teams from the college are competing also in other judging contests, but results had not been announced. Ray C. Mowery, professor and assistant head of the animal husbandry department, who coached the livestock judging team, was also with the Tech judgers at Fort Worth.

HST Accused Of "Stabbing In The Back"

Talk Of Calling A Dixie Convention Heard In Party

(By The Associated Press)

WASHINGTON, Feb. 3—In an angry outburst of the House floor, Dixie Democrats accused President Truman today of "stabbing" southern supporters by asking laws against lynching and racial discrimination.

Rep. Williams (D-Miss) shouted: "I would rather see my party go down in honorable defeat . . . than win an empty victory by stabbing its best friends in the back."

Others Also Chime In

Other southerners chimed in similarly.

In congressional cloakrooms, some southern Democrats were talking of calling a Dixie convention to split away from the President on the civil rights issue.

Rep. Cox (D-Ga) started the flare-up in the House over the President's civil rights message, sent to Congress yseterday.

Cox said:

Saddened And Sickened

"When I read this message I wonder if after all Henry Wallace is such a bad man. The President attacks people from the section of the country whose support he must have if he is to be re-elected. The whole thing saddens and sickens me."

One Deep South senator who asked not to be quoted by name told a reporter present plans are to ask the Conference of Southern Governors to call an all-southern convention.

Pick Own Candidate

Such a political gathering could pick its own candidate for President. But the main objective would be to work out some way to withhold at least part of the South's electoral votes from Mr. Truman.

The governors will meet at Tallahassee, Fla., Friday. They are certain to take up Mr. Truman's message yesterday urging Congress to act on a 10-point civil rights program.

The southerners are boiling mad over four of those points. They call for (1) a federal anti-lynching law, (2) a permanent fair employment practice commission, (3) an end to Jim Crow rules in transportation and (4) outlawing state poll taxes.

Senator Eastland (D-Miss) called these proposals "outrageous."

Iran's Border Area Is Tense

TEHRAN, Iran, Feb. 3 (U.P.) — The Iranian supreme war council met in special session today amid mounting tension over Russia's charges that American activity in Iran was threatening Soviet frontiers.

Premier Ibrahim Hakimi said that a reply to the Soviet note was under preparation and would be completed tomorrow.

Gen. Ali Razmara, chief of the general staff, said he was in constant radio communication with the 20 military outposts guarding Iran's border with Russia.

Branded As False

Col. Richard S. Marr, acting chief of the American military advisory mission, which Russia claimed is directing military preparations in Iran, said the Russian charges were false.

Political circles speculated that Russia might invoke a 1921 treaty with Iran and send troops across the border as a result of the Soviet note.

Under article six of the mutual aid treaty, Russia reserved the right to send in troops "should a third power make an effort towards armed intervention in Persia (Iran) or use Persian territory as a base for a military attack against Russia or other Allies, and should the Persian government, after receiving notice from Russia, be unable to check the menace."

An Era Of Confusion Followed By Peace Predicted For India

By DEWITT MACKENZIE
Associated Press Staff Writer

Jawaharlal Nehru, prime minister of the Hindu Dominion of India and faithful disciple of the martyred Gandhi, has declared that the restoration of peace in his strife-torn country is the issue on which his government will stand or fall.

That's Nehru's answer to those who slew the Mahatma. It's his answer to those who, the government tells us, also plotted to kill Nehru and other members of his cabinet because they advocated peace with the Moslems as Gandhi taught.

Some Oppose Peace

Good for Nehru! Such a stand for right and justice deserves success, but Gandhi's death emphasizes that the prime minister will be up against this appalling fact:

There still exist in this sorry world of ours powerful interests that don't want peace—or if they want peace, it must be the kind they themselves impose by force. That's the reason the United Nations can't function. It's the reason why wars still continue, and it is responsible in great degree for continuation of the economic chaos in many countries.

However, Nehru has recognized this truth and his declaration has been backed by concrete action. The Home ministry at New Delhi has abolished "any organization preaching violence of communal hatred." And we are likely to hear that this has hit in powerful quarters. The government also banned private communal armies. A mass meeting attended by an estimated half million people yesterday heard Nehru call on Indians not to take the law into their own hands, for "that is just the thing Gandhi would have abhorred."

That's the way Nehru is tackling the high and mighty who, for their own purposes, want war in India. As for the hundreds of millions among the rank and file, they want peace, just as do the rank and file in all other countries of the world. And because of that desire among the masses, I believe that in the long run peace will win in India, though the going may be tough and even bloody for a time.

One thing we certainly must expect, and that is much political confusion as the new dominion governments feel their way. Apropos of this I am getting inquiries as to what this situation may mean to Russia and to Communism.

Red Agents In India

There is Communism in India, though as in many other countries it is a hidden disease and it's hard to say how many people are infected. Certainly there are no Communistic elements discernable in the present governments. Nehru, for example, is a Socialist but has a deep abhorrence of totalitarianism.

However, it is a truism that Communism flourishes amidst chaos, and the disturbed conditions in India might provide soil for the ism's growth. The British government, before granting India her independence, was much concerned over Red potentialities and kept a sharp lookout along the northwest frontier which provided a conduit for the Red ism.

India and Afghanistan are connected by the great Khyber pass, through which Alexander and other conquerors came, and Afghanistan is much under the influence of her mighty Russian neighbor to the North. Over the generations a lot of trouble of one sort or another has come into India across that northwest frontier. Apropos of this, the Pathan tribesmen who are invading the state of Kashmir come from the northwest frontier, and they are a tough lot, as your correspondent well knows, having had some first-hand experience with them.

However, while there is no doubt that many Red agents have come into India through the northwest frontier.

Doctors To Examine Girl's Eye Injury

Another medical examination was to be made today of an injury to the right eye of Shirley Johnson, 14-year-old daughter of Mr. and Mrs. Mack Johnson of 2215 Twenty-first. The injury was suffered when she was struck by the sight instrument of an air rifle about 12:30 o'clock Sunday afternoon.

The girl is at her home. Physicians have said five to seven days from time of the injury will be required before extent of damage to her eyesight can be determined.

The accident occurred at the farm residence of Miss Johnson's grandparents near Littlefield. An air rifle being swung around by a youngster playing struck Miss Johnson. She was taken to a Littlefield hospital, then to Plains clinic in Lubbock for treatment. She is a junior in Lubbock High School.

Funeral Rites Today For Miss Lilla Cone

RALLS, Feb. 2. (Special)—Funeral services were planned for 2 o'clock this afternoon in Ralls Baptist church for Miss Lilla Cone, whose family moved to Crosby county in 1900.

Miss Cone died at Hot Springs, N. M., where she had lived for about four years.

The town of Cone, eight miles north of Ralls, was named for the Cone family, and oldtimers recalled that Cone is an older town than Ralls.

Rev. James E. Abernathy, pastor of Ralls Baptist church, was to officiate at services, assisted by Rev. W. R. Beaird, pastor of the Methodist church.

Marr Funeral home announced burial would be in Old Emma cemetery. Nephews were to be pallbearers.

Miss Cone is survived by three brothers, Frank Cone, Dimmitt, Henry, Canyon, and Kenneth, Amarillo; five sisters, Mrs. Walter Noble, Floyd, N.M., Mrs. Lela Cartwright and Mrs. Dera Jones, Los Angeles, Calif., Mrs. Vincent Manning, Petersburg, and Mrs. Flossie Rippy, Great Falls, Mont.

The Boy who Couldn't See the Basket...

A noted authority tells how a little planning can prevent a lot of family illness . . . and let you get more out of life!

by MISS RUTH HOULTON
Director, National Organization for Public Health Nursing

Miss Ruth Houlton

EVERY DAY, in one out of ten American families, someone is ill enough to be in bed—causing untold millions of dollars to be lost from jobs, not to mention the inconvenience and heartache!

And yet in many cases the trouble probably could have been prevented by proper care!

The case of Johnny Trask is a good example of how, with a little preparedness, a family can avoid a lot of unhappiness.

When Johnny first came to Milldale school (not real names, of course) he thought he might make the basketball team, because probably the basket wouldn't look fuzzy like the one at home.

When the public health nurse checked his eyes at the suggestion of his teacher, Johnny's sight as well as his feelings were saved. An eye specialist found Johnny's eyes were badly in need of attention.

His parents had put aside money for a health emergency. They were able to give Johnny medical care and corrective glasses immediately. And today, a year later, he's the star of the team!

Some Family Health Rules

To safeguard their health, every family should follow these simple rules:

1. *Have regular medical check-ups* for every member of the family. If caught in time, many illnesses can be prevented altogether. Or they can be checked before they become serious!

2. *Get plenty of fresh air, exercise, sleep and the right kind of food.*

3. *Maintain a safe home:* help prevent accidents by such simple precautions as keeping small children away from stoves, labeling medicines, picking up things left on stairs.

4. *Avoid arguments at mealtime,* when digestions are easily upset—or, better still don't argue. Happy, relaxed people are generally healthier.

5. *Be prepared for unexpected serious illness*—it may come in spite of your best efforts. Set aside enough money to pay for doctor and hospital if you should need them. Health and accident insurance, and group hospitalization plans, can help you do it. Remember, prevention is cheaper than medical care. But both are cheaper than illness!

How to PLAN for Family Happiness

● Planning for family health is only part of sound money planning. You'll be more likely to have enough money on hand when you need it, if you'll follow these few simple rules:

FOR TODAY... The first thing, for most families, is to take care of the larger fixed items such as rent, taxes, insurance, mortgage and installment payments, etc.

So start by adding up all your fixed items for the year, divide by 52, and set aside that amount weekly.

Also every family should have a "rainy day" fund equal to at least four weeks' income. Set aside a little every week until you have that much. Then you'll know how much you can spend for food, clothing, heat, light, amusements, and so forth.

FOR TOMORROW... We live in a changing world. Family needs and circumstances change . . . living costs . . . taxes. If you have not had your life insurance program reviewed lately, the chances are 2 to 1 that it should be brought up to date.

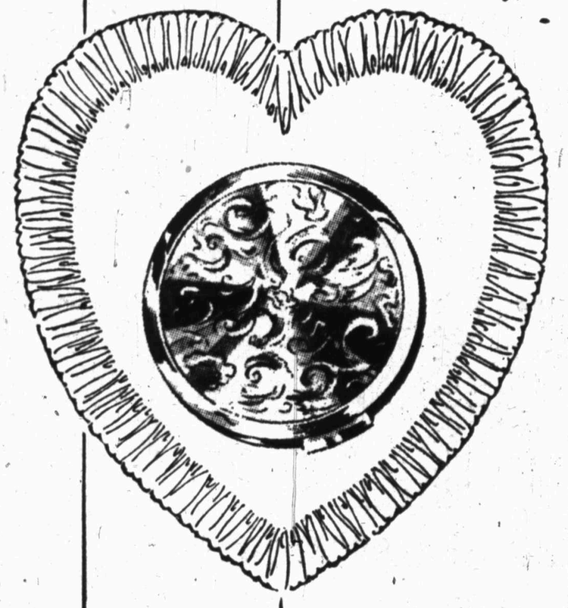

There are so many ways in which you can use your life insurance, that you should have the life insurance you now own checked to see if it is suited to your needs. This is a service that comes with your life insurance.

The person best equipped to help you with this is the well-trained life insurance agent. Get in touch with your agent, or write your life insurance company. INSTITUTE OF LIFE INSURANCE, 60 East 42nd Street, New York 17, N. Y.

Spain Stands Almost No Chance Of Being In On European Aid

BY R. H. SHACKFORD
United Press Staff Writer

WASHINGTON, Feb. 3—Spanish propaganda to the contrary. Franco Spain stands no chance in the forseeable future of being counted in on the multi-billion dollar Marshall plan, American diplomatic officials predicted today.

But whereas international diplomatic pressure through the United Nations failed to jar the Franco regime, these officials hope the "quarantine" of Spain from the European Recovery program may force Generalissimo Francisco Franco to start housecleaning.

Pressure May Grow

Diplomatic reports from Spain indicate that Spain's exclusion from the Marshall plan already has had its effects. These reports say Franco is under considerably more internal pressure than at any time since the war.

Franco is trying to counteract such pressure by what officials here describe as "whistling in the dark" propaganda to the Spanish people—telling them that Spain is going to be invited into the Marshall plan. Diplomats here believe that when the Spanish people discover that those promises don't come true, the pressure on Franco will become even stronger.

The feeling here is that the Spanish people—hungry and cold and isolated—will find it hard to excuse Franco when they begin to hear about the arrival of recovery supplies under the Marshall plan in neighboring countries, even Portugal.

Secretary of State George C. Marshall's attitude on Spain has been made very clear: The 16 European countries in the Marshill plan decided to keep Spain out and until they change their mind there is no issue.

He is represented as being confident that the 16 European nations will not change their mind short of drastic changes within Spain.

But Marshall can expect pressure from some quarters in Congress for inclusion of Spain in the program. It will come primarily from those who think of the Marshall plan as only an anti-Communist program.

Rep. Frances Bolton, R., O., is one of the group which thinks we ought to "go along—with Franco. Questioning Former Undersecretary of State Dean Acheson last week, she said:

Spain's Economy Fades

"In view of the fact that we do co-operate with some dictatorships and in view of the fact that Spain really did a lot to help the Allies during the war, I think it should be possible for us to forget the past and work together with the present regime."

The statistics disclose that Spain's economic situation has deteriorated. Her trade with the U. S. last year was only half that of the year before. Her trade with france has been completely cut off for nearly two years, although France is considering reopening her frontier with Spain.

United States relations with Spain have changed little. This country never was enthusiastic about the UN project to isolate Spain diplomatically and therefore at the last assembly opposed proposals to renew the UN denunciation of the present Spanish regime. The U. S. feels that the decision of a year ago to withdraw ambassadors from Spain worked to Franco's advantage rather than disadvantage — that Spain resented what they considered "interference."

But if the situation in southern Europe deteriorates rapidly, the United States might have to do some reconsidering in view of large American commitments in the Mediterranean which has become a virtual American sea. But nothing of that sort is even contemplated now, State department officials claim.

A NEW ARTIFICIAL EYE SERVICE

FEATURING THE AMAZINGLY LIFE-LIKE

MONOPLEX ALL-PLASTIC EYE

In keeping pace with the latest developments in artificial ocular prostheses, Broome Optical Company is pleased to make available to the people of Lubbock and surrounding communities, services for fitting, the new Monoplex All-Plastic Eye.

The Monoplex Eye is the result of several years of intensive research and development in the laboratories of the world's largest suppliers of ophthalmic materials.

Many features of the Monoplex All-Plastic Eye make it superior to the conventional glass eye. Besides the natural appearance, the Monoplex Eye is lightweight and comfortable to wear. Eye secretions will not cause it to roughen or pit, thus causing socket irritation. It is durable and will not break when dropped. Unaffected by sudden atmospheric or body temperature changes as in the case of glass eyes the Monoplex Eye will not explode.

Broome Optical Company's staff of trained artificial eye consultants is always available to advise about the Monoplex All-Plastic Eye. Appointments arranged for your convenience.

Sorority Council Plans Benefit Party, Dance

Plans for a Valentine dance at the Hilton hotel Feb. 14 and for a benefit bridge party to be given later in the month or in early March were discussed Monday night at a meeting of City council of Beta Sigma Phi sorority in the home of Mrs. Dorothy Ashby, 2123 Twenty-ninth.

Proceeds from the benefit party will go towards the fund to buy an iron lung to be used in Lubbock hospitals. The sorority already has $764.37 in the fund.

Attending were Mesdames H. I. Lynn, H. C. Lewis, Donald Helm, Misses Maxine McMillin and Wanda Ttnip.

Year's Plans Are Reported

At an executive session of St. Paul's Episcopal Woman's auxiliary Monday afternoon in Seaman hall, unit chairmen reported plans for the year. Seventeen women were present with Mrs. Clayton Carter, auxiliary president, in charge.

Mrs. Joe Baldridge, projects chairman, said the entire church membership is invited to a pancake supper to be sponsored by the auxiliary at Seaman hall Shrove Tuesday, Feb. 10, at 7 p. m.

Sewing will be done in homes of volunteer hostesses each fourth Monday, Mrs. George Pilcher, bazaar chairman, reported. Covered dish luncheons will be served. The first of these sewing-luncheons will be given at Seaman hall Feb. 23.

The choir guild is to attend a covered dish supper at 7 o'clock Wednesday night at Seaman hall and make organizational plans.

Regret was expressed that a member, Mrs. Tom J. Settle, is moving to Omaha, Neb.

St. Paul's Episcopal church is to be host to an annual Day of Prayer program Friday, Feb. 13.

Calvary Baptist Circle Meetings Are Reported

Meetings of Calvary Baptist WMS circles Monday afternoon were reported this morning.

Helen Leech circle met at the home of Mrs. J. W. Ray for Bible study. Attending were Mesdames J. D. Blethroade, B A. Jackson, G. L. Schantz and D. H. Diggs.

Ruby Hayden Procter circle met with Mrs. Walter Wells, 2408 Thirtieth. Mrs. Earl Allen asked invocation. Mrs. Wells taught a study from Luke, 12.

The circle will meet Monday, Feb. 16, with the Blanche Groves circle, at the home of Mrs. Bert Hattan, 2201 Twenty-fourth, for a book study directed by Mrs. Wells.

Five women attended.

MARY HAWORTH'S MAIL . . .

Determined To Have Share Of Happiness, Girl Resolves To Take Married Man From His Wife

DEAR MARY HAWORTH: I have made just one resolution for this year, and that is to take another woman's husband away from her. I have been in love with him for over a year and I do not intend to let a few silly tugs at my conscience keep me from having my share of happiness.

My campaign is mapped out and I don't see how it can fail. I have always been of the opinion that if a woman cannot hold her husband, she must have let herself slip miserably and she deserves to lose him.

Would you please give me your honest opinion of the matter? I know you are an honest person who hits from the shoulder and I can take it. This discussion might also help some other wavering female to take the plunge for what she knows she wants—whether she gets it by fair means or foul.

I really would appreciate your advice, as you are probably the only person to whom I would turn an attentive ear; and to prove my honesty I am signing my correct name, as I know you protect the writer's identity by publishing only initials. I shall be waiting for your reply.

Signed S.C.

GIRL IS COURTING SINGED-MOTH FATE

DEAR S. C.: You speak from vastly ignorance in arguing that if a wife can't hold her man, she deserves to lose him.

If, in order to keep him, she must be eternally vigilant to checkmate would-be raiders or surpass them in forms of allurement, it means that he is worthless stock in the way of husband-material, and that marriage in the real sense can't be developed in relation to him, because he is deficient in mature responsible qualities of character.

As a wise old social worker once said, having spent 30 years trying to iron out difficulties for unmarried mothers, "A man who lets two women compete for his favor isn't worth the attention of either." And speaking of unmarried mothers, the single girl who undertakes to steal a man from his wife, because she is desperately infatuated with the fellow, usually experiences the "singed moth" fate in some degree.

Whether she wins or loses the tussle, she will have forfeited her good name and incurred hangdog or defiant guilt feelings—which in themselves are seriously destructive of intrinsic dignity—before the curtain faills on the drama.

SUCH A VICTORY ENTAILS DEFEAT

THUS even if she gets the man by legal seizure eventually, her triumph will be vitiated by the psychological and social penalties incurred in process, and the radiant joy, satisfaction and pride which are every proper bride's proper portion—and which can only be her portion.

Moreover, having stolen the man by stealthy aggression and knowing his vulnerability to such approach, she would have no confidence in his stability and would be equally distrustful of all women, living in edgy anxiety lest some other pirate do unto her as she had done to his first wife. And I see no happiness in that prospectus.

To be attractive, healthy and happy after first youth, women need security, economic and social, preferably based on love-security in marriage (although money in one's own right is a great help, too, if one happens to have it!)—and to establish that type of security, it behooves a girl to by-pass philandering husbands and concentrate, in the springtime of life, on capturing an erstwhile undomesticated but absolutely sterling fellow. Hence my advice is to revamp your crusade accordingly.

M.H.

Mary Haworth councils through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

Seven Valley Cities Sued For Damages

EDINBURG, Feb. 3 (AP) — Seven Rio Grande cities have been named in a suit by Fred W. Turner of Weslaco, who seeks $20,000 and an injunction.

Turner filed the suit yesterday in 92nd District court. It asks an injunction to prevent the cities using waterways to dispose of sewage.

The suit alleges the cities' waste disposal methods pollute waterways draining to Llano Grande lake near Weslaco and have reduced the value of his property near the lake.

Named in the suit were the cities of Mission, McAllen, Pharr, San Juan, Alamo, Donna, and Weslaco.

LOOK OUT FOR PIN-WORMS
Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.
So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions.
P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

Idalou 4-H Girls Meet For Demonstrations

Demonstrations on making pot holders were given this morning at meetings of Idalou Junior and Senior 4-H Girls' clubs at the school.

Eighteen were present at the junior session with Mrs. D. O. Johnson, leader, in charge. Sequin pins and scarfs made at the last meeting were exhibited.

Sandra Johnson gave the pot holder demonstration, illustrating how to follow directions, to sew straight seams and put on bias tape. The articles will be completed at the next lesson.

Twenty-five senior girls met later in the morning for a similar demonstration.

Joyce Gossett and Frankie Moffit taught several new games which they had learned at a camp training session they attended Jan. 16-17.

Ten Indicted By Lynn Jury

TAHOKA, Feb. 3 (Specials)—A negro who escaped from Lynn county jail Sunday was indicted on a charge of murder with malice and three men who last Dec. 6 were alleged to have robbed a Close City grocery and later held Oleh Long, Grassland farmer, prisoner were indicted on an armed robbery charge by a 106th district grand jury which reported to Judge Louis B. Reed at 6 p. m. Monday.

The indictments were among eight naming 10 persons which were returned, said Calloway Huffaker, district attorney.

Wall Beaten Out

O. Z. Lafern, 30, was the negro against whom the murder with malice indictment was brought. He had been returned to Lynn county by Sheriff Sam Floyd about two months ago from Roswell, N. M., after another jail break.

He escaped by beating out a wall section of the jail with a window weight, and finding his way to liberty through the interior of the building, the sheriff said.

He is accused of having slain Andrew Words, a Lynn county black, after jerking him from a car, hammering him over the head with a gun, and chasing him through the rooms of a residence.

Escapees Indicted

He was described as 6 feet 1 inch tall and weighing 196 pounds. He allegedly is wanted in Bryan, his residence, for assault with intent to murder.

The three charged with armed robbery in another idictment had been listed as Charles R. Maley, 24, Edward Elsbury, 21, and William McClellan, 23. They had been identified as escapees from the U. S. Medical center at Springfield, Mo.

A grocery store at Close City, near Post, was robbed on Dec. 5, and Olen Long and his wife, were held prisoner for 19 hours on Dec. 6 and 7 before the trio was captured in Arizona approximately a week later.

Nightwatchman Assaulted

In another indictment Marion Rogers, 50, was named for aggravated assault, a misdemeanor, as result of a Thursday night assault upon Joe Northcut, about 70, O'Donnell nightwatchman.

Sheriff Floyd said Northcut remained in a Lamesa hospital for treatment of injuries. Rogers had posted $1,000 bail conditioning his appearance before the grand jury.

Three men were indicted on burglary charges as result of a breakin at the Key farm residence in Lynn county Saturday night.

Burglary Suspects Held

The three, whose names Huffaker said were not available last night, were arrested late Sunday in Crosby county after Lynn and Crosby officers had cooperated in the investigation.

The grand jury also returned an indictment naming Samuel Jackson, a negro, on a forgery charge.

herself in the lectoral college," he told a reporter.

Eastland refused to be more specific.

But at Jackson, Walter Sillers, speaker of the Mississippi House of Representatives, flatly urged a convention call to name a southern presidential candidate.

Sillers said he favors this course "even if it means throwing the election of President into the House of Representatives."

"Then we can let events take their course," the state lawmaker declared.

Still Another Course

Still another course being discussed by some southerners here is to have the state legislatures in Dixie appoint presidential electors who would be instructed not to vote for Mr. Truman.

Those back of this plan think that if they can get 60 electoral votes switched, they might throw a close presidential race into the House. Then they would propose a southern Democrat as a compromise between Mr. Truman and his Republican opponent.

Stock Market

STOCKS SLIP LOWER

NEW YORK, Feb. 3 (U.P.) — Stocks slipped lower today as Wall Street marked time pending further congressional action on the tax bill.

A few individual stocks among the pivotals went against the trend. These included International Harvester, up ½; Douglas up ½; and International Telephone and American Telephone, each up a small fraction.

Losses of a point or more were noted in Chrysler, Standard Oil company of California, Standard (N.J.), Dupont, Monsanto Chemical, Coca-Cola, Louisville & Nashville, Union Pacific and Hercules Powder.

Monsanto Chemical lost ½ point.

Steel shares were down fractions to nearly a point in Youngstown Sheet & Tube.

Cotton Market

NEW YORK REPORT

NEW YORK, Feb. 3 (AP) — Cotton futures were irregular in slow trading today. Uncertainty over the Marshall plan, dullness in the spot cotton markets, and the lack of aggressive demand for cotton goods accounted for scattered liquidation. There was further evenings-up in nearby March and switching into later months on the expectation of substantial deliveries of cotton against March contracts, with first notice day coming up February 24.

Mills bought futures mostly on the scale down.

Cotton closed barely steady.

Grain Market

CHICAGO REPORT

CHICAGO, Feb. 3 (AP) — Grain futures followed an uncertain course at the board of trade today. After a nervous start wheat steadied under the influence of commercial buying. Feed grains, however, were inclined to be heavy, due to an easier tone of the cash corn market.

Wheat held fairly well above yesterday's close until near the finish of the day's session when profit cashing developed.

At the finish wheat was ¼ to ¾ lower than yesterday's close, May $2.86¼-½, corn was 3⅝ to 6⅝ lower, May $2.47⅝-¾, oats were 1 cent to 1½ lower, May $1.18⅝-¾. Soybeans were unchanged to 7 cents lower, March $3.86.

Bibles For Students Is Gideon Project

Placing of a New Testament with Psalms and Proverbs added in the hand of every child in the fifth and sixth grades over the South Plains is a 1948 project of the Gideon organization, Henry Boswell, president of the Lubbock Gideon camp, revealed in a talk at the Optimist club luncheon at Hotel Lubbock today noon.

Boswell also revealed plans for a gigantic Gideon rally in Lubbock this summer which will feature street meetings and other similar gatherings.

Boswell, in reviewing briefly the history and work of the organization, said Gideons placed 9,500,000 Testaments in the hands of men and women in the armed forces during the war and had distributed more than 2,500,000 Bibles in hotels, hospitals, jails, aboard ships and other public places during the past.

Boswell was introduced by C. B. Boydston. H. G. Howard was introduced as a new member. Prior to the program, a male chorus line of "Rockettes" from the Jaycees' "Fun For You" show to be staged at Senior High school auditorium Thursday and Friday nights, entertained briefly with Harold Chapman announcing the show to the Optimists.

and slashed her across the cheek, jaw and above the right breast with a knife.

Auto Is Stolen

Bagley was in possession of a knife when arrested, police said.

A 1946 dark green Ford pickup automobile was stolen in 1200-block Broadway in Lubbock from Howard Kearney of Jayton. License number was listed as ME5767.

Kearney said office equipment was stowed in the back of the car.

An autopsy report by Dr. W. L. Baugh, county health officer, after examination of vital organs of Tony B. Harrison, 18, a negro girl, indicated to peace officers her late Sunday death "may have resulted from heart trouble indueed by drinking." Dr. Baugh found the woman's heart "acutely dilated." Her relatives had told officers their suspicions that she had been poisoned by whisky given to her by other negroes, but witnesses said "we all were drinking from the same bottle, pouring drinks from it into a paper cup."

Dr. Baugh reserved final entry of his opinion pending analysis of the viscera, which was sent to the Department of Public Safety, laboratory in Austin.

Radio Said Stolen

Olivia Rocca, who told police she had lived at a small hotel here with other girls, complained that a $61 radio had been stolen from her in Houston. She said she suspected a girl who had accompanied her there from Lubbock en route to New Orleans. She also accused the other girl of having stolen an overnight case from another girl here.

Several drunk driving and theft cases will be filed today, it was indicated by investigators.

D. A. Smith, 603 Ave. B, reported theft from a car Monday of articles valued at $75. These included safety lineman belt, wrenches and various other tools.

According to records at the sheriff's office, driver of a six-wheel truck was said to have loaded hegari bundles yesterday in a field which was the property of Paul Mathews of Shallowater.

Autopsy Ordered

Loss of a billfold containing approximately $50 and personal papers about 2:30 p. m. yesterday at a department store here was reported to police by Mrs. G. C. Vaught, Route 3, Lubbock.

Theft of fender skirts valued at $20 from a 1936 Ford at Tech gymnasium last night was reported by Dwane Vaughn, route 1, Tahoka, one of the Golden Gloves entrants.

The cold extended eastward over most of the northern portion of the nation today with the north central states and New England bearing the brunt.

The coldest spot in the nation early today was Pembina, N. D., where the mercury dropped to 25 degrees below zero. It was -24 at International Falls, Minn.; -22 at Bismarck, N. D.; -16 at Duluth, Minn.; -11 at Wausau, Wis.; -10 at Huron, S. Dak., and -1 at Mason City, Ia. The cold wave was expected to moderate somewhat as it moved southeastward through Illinois, Indiana and Ohio.

Cold air from northwest Canada rushed into New England today, reinforcing the prolonged cold spell. Temperatures sank far below zero in much of the northern portion early today.

News Briefs

The 1948 directory of Texas manufacturers, as prepared by the bureau of business research of the University of Texas, was received by the chamber of commerce here today for addition to its directory library. Fifty-five Lubbock firms are listed.

E. H. DeView, 31, of 1505 Broadway was undergoing surgery on his left arm early this afternoon at West Texas hospital, after suffering fracture of the arm at his home early Monday night while Indian wrestling with a friend. Indian wrestling was described as a test of strength in which two persons grip hands and attempt to "throw" one another.

Ronald Melton, 26, of Plainview, employe of Baker-Fleming Flash-O-Gas company, left West Texas hospital this morning. He suffered "freeze burns" of the left arm, right hand and chest when a coupling came loose as he was unloading butane gas from a truck into a storage tank at the company yard, 3205 Ave. H, about 8:25 p. m. Monday. No fire or explosion resulted, but four fire trucks and three police cars, and an ambulance went to the scene as a precaution.

Reports by committee chairmen reflecting widespread activity of the club in various civic and welfare circles were given at the Lions club luncheon today at the Hilton hotel. Program was in charge of J. Homer Millikin. Club President J. Wm. Davis presided, and invocation was by Elmer East. Announcements included the Junior Chamber of Commerce "Fun For You" program Thursday and Friday nights at the high school auditorium, and a regional meeting here Feb. 22 for Lions club officers and others from this area.

ing," said Reddy, "is to give these people some basic training in what to do when disaster strikes. These people will return to their own communities and attempt to build a strong organization in their chapters." They will be aided by Red Cross field representatives who will visit chapters and help complete plans.

Approximately 50 persons who are paid or volunteer workers with the Red Cross have registered for the meeting, which opened Monday morning. About half that number attended this morning's session. In addition, about 25 law enforcement representatives and others not registered for the meeting were expected to attend the luncheon today. Representatives of the police and sheriff's departments, state highway patrol, state department of public welfare and Lubbock fire department and the city engineer, city sanitarian and city health officer were to attend the luncheon.

Reddy said the midwestern area Red Cross office regards Lubbock county's disaster preparedness plan as "excellently worked out." Dr. Raymond F. Barnes, director of medical and health services of the area, thinks the medical plan which is part of the Lubbock county disaster preparedness plan "is tops," Reddy said.

Those registering Monday and today included Col. S. W. Anding, Santa Fe, N. M., chapter chairman of the Santa Fe county chapter; Mrs. Virginia McDowell, Clovis, N. M.; Miss Millicent Johnson, Amarillo; Mrs. Waunita Hutcheson, Plainview; Heydon Hensley, Memphis, Hall county chairman, and Mrs. Hensley; Richard M. Tweed, Borger; Mrs. Lyle Brandon, Dal Brandon, Littlefield; Ray Robbins, Lovington, N. M.; Frank Davis, Amarillo; Mrs. G. F. Branson, Pampa; Mrs. Ella Yeager, Roswell, N. Wright, Mrs. Hurley Carpenter, Frieda Agee, all of Lubbock, and the following national and midwestern area personnel: Scott Vail, national representative for New Mexico, Miss Edith Olsen, consultant for disaster nursing for the midwestern area, Miss Kathryn Gill, junior Red Cross field representative from the area office, and Miss Leah Jackson, chapter service, area office.

Three Misdemeanor Cases Filed Here

Two drunk driving charges and one accusing a defendant of misdemeanor theft were filed this morning in county court, as well as five check law violation charges in which defendants were not reported arrested.

Charged with drunk driving were Alfred Jacob Barnes, jr., 22, of route 3 Lamesa, who posted bond of $500 after pleading innocent; and Floyd Webb, 67, of Lubbock route 2, who had not gone before Judge Walter Davies to enter a plea.

Both figured in automobile mishaps Monday night, investigators said.

Hugh Carroll, 35, a negro, was charged with theft of a $26.95 radio from C. D. Helm. Helm ran the black down Monday afternoon and held him, after the radio had been stolen from Edwards Distributing company here, he told police.

Other county court judgments, announced late Monday, were: Fine of $50 and costs against E. J. Kilpatrick, 21, a negro, for aggravated assault; $50 and costs against Amon Melton, 39, drunk driving; $15 and costs against Andy Fain, 27, of Lubbock, check law violation. Harvey Landers, 48, a Levelland negro, pleaded innocent of drunk driving. Bond of $500 was set by Judge Walter Davies It was posted today, the sheriff's department said.

Truckman Charged In Woman's Death

HOBBS, N. M., Feb. 3 (U.P.) — A 32-year-old Carlsbad truck driver was in the city jail here today awaiting manslaughter charges following the death of Mrs. Don Topper, 40, 12 miles west of here.

State police said the driver had rammed into a 14-foot steel pole which struck Mrs. Topper while she was standing in front of her car at a service station. The driver was intoxicated at the time, according to state police.

The Monument, N. M., woman had stopped at the station last night to have her anti-freeze checked. While she was watching the attendant check the automobile, a heavy trailer and truck swerved off the Hobbs-Carlsbad highway and piled into the metal pole. The pole also struck the service station attendant.

Mrs. Topper is survived by one son and her husband, executive of the Amerada Petroleum Co., and member of the Monument School board.

New Faces To Be Seen In Second Night Of Golden Gloves

Knockouts And A TKO Feature First Rounds Here On Monday

New faces will make their appearance at 8 o'clock tonight when the second round of Lubbock's 12th annual Golden Gloves tournament will be staged in the tight confines of the Tech gym before an expected overflow crowd.

Among the debuts to be expected on tonight's card of nine scheduled fights, plus one exhibition, will be that of Billie Brackeen of Slaton, former bantamweight champion. Brackeen couldn't trim down to the slender edge required for the bantam class and was forced to leapfrog into the lightweight division of the open class.

Offering opposition for the punching Slatonite will be Hollis Black of Petersburg, a virtual unknown save for the fact that he comes from the "home of champions." Judging from first-night results, Black may carry plenty of dynamite for Battlin' Billy.

Earl Pollard of Lubbock, a highly regarded contender in the middleweight open division, will face the leather slinging of Jack Wilborn, who won an unimpressive victory over outclassed Dolphe McConnell last night.

* * *

Wilborn bloodied McConnell's nose early in the fight and kept it gushing for all three rounds, although the game Tech student came back for more. Wilborn was in good condition, gaining his greatest edge on that point, and carried the fight to his less able opponent.

LAST NIGHT'S RESULTS

Results of Golden Gloves bouts last night:

OPEN CLASS, 147-pounds, Frank Telles, Lubbock, knocked out Bill Mills, Brownfield, 1:10 of the third round; Clarence Byrd, Petersburg, scored technical knockout over Pete Jenkins, Muleshoe, 1:59 of the second round; Jack Wilborn, Lubbock, won over Dolphe McConnell, Lubbock, decision; Earl Pollard, Lubbock, bye.

NOVICE CLASS, 135-pounds, David Fawcett, Lubbock, knocked out Garner Barham, Tahoka, 0:45 of the first round; Edward Elliott, Lorenzo, decisioned Victor Armenta, Lubbock.

160-pounds, John Pritchard, Lubbock, decisioned Shelby Cole, jr., Lubbock; M. D. Stevens, Lubbock, bye.

175-pounds, John Seid, Muleshoe, decisioned Kelly Fregia, Lubbock; Richard Watson, Cooper, bye.

HIGH SCHOOL CLASS, 127-pounds, James Forbes, Brownfield, won over Dwayne Driver, Tahoka, decision; Ken Kirkpatrick, Petersburg, decisioned Jack Reed, Tahoka; Charles Brookshire, Tahoka, bye.

160-pounds, Walter Knapp, Crosbyton, beat Kelly Dobson, Lubbock, decision; Richard Wheat, Brownfield, bye.

May Be Top Fight

But in Pollard, a more polished fighter, Wilborn may find that he has met his match. Regardless of training—and both boys have received good instruction—it may well be the outstanding fight in the open division tonight.

The only fight in the high school novice division will pair Charles Brookshire of Tahoka and Ken Kirkpatrick of Petersburg in a featherweight match. Brookshire did not see action last night, while the Petersburg Puncher decisioned another Tahoka lad, Jack Reed, in three fast rounds.

Kirkpatrick had all the best of the fighting, carrying the aggressive action to his opponent and stinging him with a sharp left. His right, continually cocked in a menacing pose, was brought into use with telling effect at times, although Reed fought back.

Also booking into the kleig light for the first time in the regionals here will be Gene Amonett of Petersburg and Elmo Hall of Texas Tech, who will fight in the welterweight novice division.

Plenty Of Action

Neither has had sufficient experience to go into the open class, but have enough rudiments of the game to give a first-class ebhibition. Plenty of action is expected, with possibly a slight edge to Amonett.

Another pair of newcomers to the 1948 bouts will be Gyndolin Petty of Plainview against Roy Dean Seaney of Plainview. Both lads, in the featherweight novice class, are students at Wayland college and should put on a good show. They had byes in the opening round.

The championship of the middleweight novice class will be at stake when M. D. Stevens of Lubbock, who has not fought yet, faces John Pritchard of Lubbock. Pritchard decisioned Shelby Cole, jr., of Lubbock last night.

Pritchard, rangy and with a good reach advantage, used his height well to keep Cole away from him, while jabbing effectively to the face. Cole, a stocky, well-groomed fighter, had little chance to break through Pritchard's guard for effective counter-fighting, although he landed several solid blows.

Novice Title On Line

Another novice title will be on the line when Richard Watson of Cooper, untested here, goes against John Seid of Muleshoe, who won a quasi-popular decision from Kelly Fregia in the light heavyweight division last night.

Fregia seemed to be the better fighter, more experienced and with lasting power, but Seid caught the crowd's imagination and was more popular. Both boys spent three rounds trading leather with obvious relish and disregard for safety and there was only slight disagreement with the decision.

Two tested fighters collide in the lightweight novice class championship bout tonight, when David Fawcett of Lubbock tubs gloves with Edward Elliott of Lorenzo.

He Scored Kayo

Fawcett, you know, scored the record 45-second kayo of Garner Barham last night, while Elliott outboxed Victor Armenta of Lubbock to win a decision. Elliott and Armenta seemed slightly worried about exchanging too much leather and spent most of three rounds shadow-boxing. Armenta, who drew crowd laughter by telegraphing with his right glove, couldn't pin his opponent, who danced away and only occasionally came in for action.

Possibly the best fight on the card tonight will be the seventh, when Frank Telles of Texas Tech and Clarence Byrd of Petersburg tangle in a semi-final bout in the welterweight open division.

Telles scored an impressive knockout of defending champion Billy Mills in 1:10 of the third round, after weathering several good blows in the preceding rounds. Mills had a reach edge and tried to use it to keep Telles away, but the Tech student came inside it and over it to crash solid blows to Mills' head.

Had Telling Effect

The blows had telling effect, Mills going down in each round, until Telles finally laid him to rest in the third stanza. There was no question about Telles' ability to take it and the fight was not one-sided.

Byrd made sausage meat out of Pete Jenkins of Muleshoe, finally sending Jenkins to the mat for the Nth time in their fight to win by a technical knockout in 1:59 of the second round. Jenkins and Byrd traded leather with gusto throughout the first period and there was no sign of a let-up in the second. But Byrd finally reached an Achilles Heel when he opened up a two-handed attack on Jenkins' stomach.

Finally, after Jenkins had been floored twice in the round, Byrd caught him with a flush blow that rocked Jenkins to sleep. When the Muleshoe mauler climbed to his feet with a groggy look, O. J. "Bo" Sexton stepped in to halt the proceedings.

The fights were witnessed by a capacity crowd that included between 100 and 150 standing spectators. The good-humored crowd remained generally impartial, with the exception of a few fights, and enjoyed a good card.

General admission tickets went on sale at 7 p. m. and a large line had formed before that time. There was no disorder at any time.

Tickets will go on sale at 7 p. m. again and doors will open at the same time. General admission tickets also may be secured in advance during the day.

Judges for the fights are Babe Curfman, Elmer Tarbox and Stumpy Hamilton; timekeeper, E. J. "Pinky" Lowery; announcer, Wes Youngblood; assistant timekeeper, C. F. "Pat" Pattison.

Between . . . The Lines

— By JOE KELLY —

The first night of Golden Gloves activity at the regional tournament in the Texas Tech gym brought forth plenty of expected excitement, with one distinct upset and two unpopular decisions. There also was savage fighting, two clean knockouts and a technical kayo, while a fourth might have been called.

• • •

Only one of the fights was bloody, thus sparing those squeamish persons detesting its sight, but several of the bouts had plenty of action and were cleanly fought. Most surprising bit of action occurred in the Telles-Mills go, where the favored Mills, with at least a six-inch reach advantage, lost the crown he was defending on opening night.

• • •

There was no question of the knockout. Telles shook off several stiff jabs, biding his time and working in under Mills' long arms. When the Tech student did connect, his blows were solid, chopping rights and flicking lefts that carried a sting. It was a clean fight and the crowd really enjoyed the upset.

• • •

A disappointing showing was turned in by Pete Jenkins who, if he had been in better condition, might have beaten Clarence Byrd. Byrd, carrying an obvious love for fighting and weight behind each blow, gave up trying to lift Jenkins' head-off his shoulders. When he did, he punctured Pete's vital stomach. The Muleshoe fighter came up with clear eyes after each knockdown, but he didn't have it last night.

• • •

David Fawcett and Garner Barham didn't need any encouragement, when they danced from their corners, and began slinging leather from the opening gong. Fawcett opened up a vicious body attack with both hands and Barham pitched forward in 45 seconds. It was the fastest kayo of the evening, barely allowing the crowd any opportunity to judge either boys' ability.

• • •

It was a shame that the Tech gym wasn't twice as big, so that all the crowd wishing to see the fights could be accommodated, and it only emphasizes the fact that Lubbock needs a sports arena capable of seating a good-sized crowd. An arena with 6,000 seats would nearly have taken care of the crowd desiring to see the Golden Gloves and our hat's off to the men who stood throughout the entire 10-card show.

• • •

It also is a shame that so many fighters backed out in the last few days. Why they did, no one knows, but of the 71 entries, only 46 showed up to register, weigh-in and be classified. This shrunken list means only three nights of fighting, instead of four, with less fighting each night. It also means that several men will be crowned without swinging a blow.

• • •

Our hat is off to the opening night crowd who, when they were informed of the situation in regards to number of fights and fight nights, took the situation good-humoredly. Not one person took advantage of the offer for a money refund and the Tech gym was packed. It was disappointing to the crowd, of course, but it also was disappointing to the fighters and to the men who had worked so hard to plan a good show. We can only hope that the quality of the fights will make up for it and that next year original expectations will be fulfilled.

Locke Favored In Texas Open

BY WERNER RENBERG
United Press Sports Writer

DALLAS, Feb. 3—The cream of the world's golfers come to San Antonio this week in quest of gold at the Texas Open. And a golf expert in the Alamo City thinks Bobby Locke of South Africa may hit the jackpot.

The open, oldest tournament along the winter circuit, begins Friday, winding up with 36-hole finals on Sunday. The linksmen will get the feel of the fairways and greens Thursday in a double-header pro-amateur tourney at Brackenridge park and Fort Sam Houston golf courses.

The meet itself will be held over the 6,400 yard tree-lined Brackenridge municipal course. Par there is 36 out and 33 in, a total of 71.

Locke Is Favored

Who's gonna win the $10,000 golf classic?

Murray Brooks, who's seen golfers come and go during the years he's been manager of the Brackenridge park course, says Bobby Locke is the man to watch.

Reason: The course is made to order for the straight-shootin' South African who last year earned $7.31 every time he hit a golf ball in tournaments. For accuracy rather than distance hitting pays off on the comparatively short layout.

"It's not only because Locke is down the middle most of the time that he'll be tough here," says Murray. "But he adapts himself to conditions much quicker than our American players."

Caught On In Hurry

"Look how quickly he adapted himself to the customs of this country. Different food. Different hours. Different golf courses. He caught on in a hurry. On top of this ability, he's a great golfer. There's no doubt about it. I wouldn't take him against the field, but he's the player to bear watching."

Dick Peebles, sports editor of the San Antonio Express, points out that Locke would be the first foreign player to win the open if he cops the $2,000 first prize. Dai Rees and Charley Ward, two of England's top pros, played in the 1947 tournament, Peebles says, but he didn't finish low enough to pick up any chips. Rees didn't play well enough to qualify for the final 36 holes, while Ward finished with a 282 total, two strokes under par.

Oliver Defending Champ

Ed (Porky) Oliver is defending champion. But the odds are "agin" Porky this time. He won the open last year when he blazed down the stretch with a sizzling 64 to shade Texan Jimmy Demaret by a single stroke.

Only Wild Bill Melhorn ever won the title more than once. And he did it two years in a row, the only man ever to do so, back in 1928 and 1929.

Two Texans, Demaret and Ben Hogan, will be in the field. Besides Oliver and Hogan, four other former Texas Open winners will tee off Friday. They are Sammy Byrd, Johnny Revolta, Chick Harbert and E. J. (Dutch) Harrison. They head the contingent of golfers in the biggest golf tournament of the nation's largest state, the Texas Open.

Hapless Frogs Meet Texas Five Tonight

(By The Associated Press)

Undefeated Texas plays host to down-trodden Texas Christian university tonight at Austin, opening the week's Southwest conference basketball schedule.

Texas, winner of four straight games, shares the conference lead with Baylor and Arkansas.

A two-game series at Waco Friday and Saturday between Arkansas and Baylor highlights the seven-game slate this week.

Texas Christian, which has lost all three of its conference games, dropped a close decision to Texas earlier this year.

Contract Will Expire In June Of 1949

Bull Lynch Likely To Remain As Coach Of Amarillo Squad

AMARILLO, Feb. 3 (AP)—Howard Lynch apparently will continue as head football coach at Amarillo High school until his present contract expires in June, 1949.

Lynch said last night after a meeting of the school board "It looks to me like I plan to stay until the end of the contract."

The burly coach had requested the board for a vote of confidence two weeks ago.

A statement issued by the school board said:

"The board will not attempt to act as final arbitrator concerning the correctness of partisan arguments . . . the board stands ready to live up to its part of the contract which is in force until June, 1949. On the other hand, if, in the opinion of Coach Lynch . . . he should feel that it would be to his benefit and if he desires to sever relations as coach of the Amarillo High school football squad . . . the board would be bound . . . to accept his resignation."

Lynch told a reporter, "The board is running the school and whatever they say I'll do. I'll have to study the statement before making a definite comment. It looks to me like I plan to stay until the end of the contract.

Lynch has been on the Sandie staff 17 years and became head coach in 1937 when Blair Cherry joined the University of Texas staff.

City May Lease Army Air Base Gymnasium

Negotiations are under way between the City of Lubbock and Lubbock Army Air Field officers to lease the gymnasium at the air base for a recreation center.

However, until public notice is given that the gym has been opened to the public, outsiders may not have the use of the gym. Lt. Crites, post athletic officer, declared that vandals recently had caused some damage in the gym. He declared that he did not know whether the work was that of youths, or of older persons.

At the same time, several young boys were found playing basketball in the gym one day. When questioned, they said that they had been told the gym was open to the public, under an arrangement with the city recreation department.

Lt. Crites said that the city of Lubbock probably will lease the gym within the near future and, when this occurs, proper announcement of the fact will be made. Until then, only authorized personnel is allowed in the gym.

Townsend Will Be Honored At Banquet

HOUSTON, Feb. 3 (AP)—Byron (Santone) Townsend, Odessa backfield star voted the state's outstanding high school player, will attend the University of Houston Ex-Students' association football banquet here tomorrow night.

Townsend accepted the invitation after details of his participation on the program had been cleared by officials of the Interscholastic league.

Corbin J. Robertson, one of the committeemen arranging the banquet, said Townsend would be presented a scroll at the banquet.

"A suitable trophy symbolic of his being named as the state's most outstanding football player will be presented to Townsend during the spring graduation exercises at Odessa," Robertson said.

Two Methodist Grid Regulars Ineligible

DALLAS, Feb. 3. (AP)—Two varsity and seven freshmen football players will be ineligible to compete with Southern Methodist next season because of scholastic failure.

Among the seven are Billy Ray Sullivan, who did all of the kicking off for the undefeated, twice tied Mustangs last year, and Ted Hunt, promising freshman back from Goose Creek.

Dr. Edwin D. Mouzon, faculty chairman of athletics, said the seven had failed to pass their required work.

Cecil Moseley, guard from Masonic Home, was the other varsity player who failed to pass.

Publinx Association For Lubbock Planned

A proposed Publinx association for Lubbock will be discussed Wednesday night at 8, when interested golfers meet to hear plans of the Meadowbrook Country club.

The meeting, which will be held on the mezzanine floor of the Hilton Hotel, will formulate plans for at least five tourneys to be held here annually, as well as other golfing events. Cash awards will be put up for these events and under discussion will be amounts for each.

Election of officers will not be held at the first meeting, which is open to all persons interested in bringing better golf to Lubbock. Officers probably will be elected later, with the first meeting or two more of a "get acquainted" proposition.

All persons interested are urged to attend the meeting.

Hoyt Furniture Is Winner Of Tourney

SHALLOWATER, Feb. 3. (Special)—It was all over but the shouting today, as the Shallowater Invitational Indepedent Basketball Team tournament ended in a flurry of baskets last night, the Hoyt Furniture five of Lubbock edging the Ropesville quintet for the title, 33-28.

The Hoyt team held Ropesville in check throughout the game and, while not showing their usual cage fireworks, managed to hold the losers back throughout. An early Hoyt lead stood up and the furniture five never let Ropesville threaten too much.

Bownings of the victors and Mc-Rae of the losers tied for scoring honors with 14 points apiece.

In semi-final round games, Hoyt gained the last rung by beating the Leftwich Lumberjacks of Lubbock, 50-46, and the Ropesville quintet downed Abernathy, 37-31.

A large crowd packed the Shallowater High school gym each night of thetournament to see the better independent teams of this area fight it out.

Aggieland's Track And Field Stars Begin Drills This Week

COLLEGE STATION, Feb. 3 (AP)—Eighteen 1947 lettermen and two champions of previous years make up another formidable track and field squad which starts practice this week at Texas A. and M. college.

The Aggies are defending Southwest conference champions.

Relay Team Intact

Bob Goode of Bastrop, the conference javelin king in 1946 with a toss of 178 feet, 11 inches, is available again to aid George Kadera, the sophomore defending champ in the javelin, discus and shot. Kadera's best heave was 188 feet, 1 inch.

Albert Ricks of Houston has returned from the service after missing five seasons and is near top shape again. He cleared 6 feet, 6 inches, vaulted 13 feet and broad-jumped more than 22 back in 1942 when he tied for the title in the high jump and pole vault. He also took third in the broad jump.

Webb Jay of Overton, although second in the broad jump last year, will be strictly a sprinter. A weak ankle will force him to leave the leaping to the conference champ, Jimmy Hill of Ysleta, and Ricks.

The mile relay team, which added a number of titles to the conference crown, is intact with William Napier of Chicago, Ill., Erwin Bilderback of New York, Ray Holbrook of Goose Creek and Arthur Harnden of Yoakum again slated to run in that order. Harnden, Holbroook and Bilderback also finished one-two-three in the 440.

Davis On Team

Carrol Hahn of Mason, second in the half mile, has returned, as has Webster Stone of Los Angeles, a miler; and Jerry Bonnen of College Station and J. D. Hampton of Brady, two-milers.

Albert Haws of Laferia, who has bettered 6 feet, 6 inches but had a bad day in the last conference meet at Waco, will be aided in the high jump by Ricks. He also looms as No. 1 high hurdles candidate.

The other hurdler is improving Bob Hall of Dallas, who specializes in the lows.

The four lettermen pole vaulters not only will be available this year but next season, too. They are Leland Tate of Pampa, Leroy Bodemann of Aransas Pass and Jack Quirey of Louise, defending co-champions, and Johnny Davis of Lubbock.

Franklin Young of San Antonio again will support Kabera in the shot put. Young took fourth in the conference meet.

MAXIM EDGES SIKES

LITTLE ROCK, Feb. 3 (AP)—Joey Maxim, Cleveland, punched out a unanimous decision over Bob Sikes, Little Rock, in a ten-round heavyweight bout here last night. Maxim weighed 179 pounds; Sikes 188½. Maxim, a contender for the world's championship, was on the offensive most of the way and piled up a big lead in the early rounds, then withstood Sikes' efforts for a knockout in the last three stanzas.

WORKERS DEMAND MORE FOOD

Three Million Germans Go On Strike; Industry Is Stalled

(By The Associated Press)

HAMBURG, Germany, Feb. 3—Nearly 3,000,000 German workers went on a 24-hour hunger strike today. The walkout is expected to stall industry in the entire British zone and the state of Wurttemberg-Baden in the American sector.

Three simultaneous strikes began at midnight over an area reaching from Hamburg to Stuttgart, the greatest mass demonstration of this type yet held in Germany.

Street cars and trains stopped running at the appointed hour.

Only vital utilities continued to operate.

About 1,000,000 workers are involved in the Wurtemberg-Baden tie-up. The strikers have adopted the slogan the "unequally laden table."

The walkouts appear to be aimed against German food officials rather than the occupying powers.

Most of the strikers in the British sector are office workers seeking food rations equal to laborers.

Labor leaders are demanding a more even distribution of food, much of which is being diverted into the black market.

Both the British and American military governments have declared a policy of non-intervention.

Communists have been reported trying to horn in on the strike movement. Union and military government officials concurred in the opinion that the walkouts were not in the main Communist-inspired.

Recently mass demonstrations against food shortages have been called in the industrial Rhur and the U. S. zone state of Bavaria.

City Construction Permits Show Gain

The city building permit total last month was 77 per cent larger than in January, 1947, the final revised report of Building Inspector Lloyd Ross showed today.

The $719,792 total last month compared with $405,915 a year previously, an increase of $313,877.

Permits during February have totaled $37,750, of which $29,150 were issued today, including four for residences costing a total of $24,250. Three were to the South Plains Construction Co., for dwellings costing $6,000 each at 2302 and 2304 First street and one costing $5;800 at 2306 First. The other permit was to L. C. McBride for a residence costing $6,450 at 2601 Thirty-sixth street.

County Attorney At Bonham Will Resign

BONHAM, Feb. 3 (U.P.)—John C. Farmer, Marine veteran of World War II, has submitted his resignation as county attorney "effective as soon as successor can be appointed and qualified."

He is serving his second term now. He was first elected in 1942 but resigned to enlist in the Marines and was re-elected in 1946 for his second term. He will enter Couch and Cole in Bonham.

Commissioners court will meet Tuesday to act on the resignation and to name a successor.

School Immunization Ruling Reaffirmed

DALLAS, Feb. 3. (U.P.)—William Walker today stood rebuffed in his efforts to permit his children to enter school without compulsory smallpox vaccinations which, he said, violate religious freedom because drugs are "substituted for God's healing power."

Federal District Judge William H. Atwell refused federal jurisdiction yesterday. He said the rule had nothing to do with religion but is, instead, a protective measure for all children against risks of disease.

Walker turned to federal courts after carrying his fight for an injunction against School Superintendent W. T. White of Dallas and the State Board of Education through the state courts, losing all the way.

Local Fair Officers Honored At Meeting

Two officials of the Panhandle-South Plains Fair association resumed their local duties today after having been honored at the annual meeting of the Texas associations of Fairs and Expositions in Dallas over the weekend.

M. D. Fanning, secretary of the association here, was elected vice president of the state organization. A. B. Davis, manager of the South Plains association, received a scroll in recognition of his service as state president in 1930.

Oil Firm Announces San Juan Purchase

AZTEC, N. M., Feb. 3 (U.P.)—The Mudge Oil Co., of Dallas, Tex., today had possession of a 32,000 acre block of oil land in San Juan county, N. M.

W. R. Childers of Hobbs, N. M., sold the block for an estimated $75,000. Childers and his associates are said to have retained a 2 and one-half per cent overriding royalty.

Union Protests Cuts In Shipping Rates

NEW YORK, Feb. 3 (AP)—The U. S. Maritime commission was told by Atlantic and Gulf Coast ship operators yesterday that wage rates and other costs on government-subsidized merchant vessels must be lowered, but union spokesmen objected.

Francis S. Walker, the operators' spokesman, said at a commission hearing that "the present shipping boom will not be continued" and the expenses and wages "must come down."

Maritime Union Challenges Affidavit Clause Of Labor Law

BY FRED W. PERKINS
Special Correspondent

WASHINGTON, Feb. 3 — First test of the Taft-Hartley law to reach the Supreme court probably will be the CIO National Maritime union's challenge of the requirement that union officers sign non-Communist affidavits to qualify their organizations before the National Labor Relations board.

Three Federal judges began their study today of yesterday's day-long arguments by lawyers for both sides.

Appeal Likely

The government, through the NLRB General Counsel's office, is sure to appeal if the decision is adverse, and so is the union, according to its chief attorney, William L. Standard, of New York.

This case is likely to take precedence over a test of the political-activities section of the new law because the Department of Justice is still delaying prosecutions of open violations of the ban on use of union funds to influence voters.

In challenges of both sections of the law, union spokesmen charge that Congress violated fundamental rights of free speech, free assembly and free press, and therefore enacted an unconstitutional statute. Mr. Standard, for the maritime union, argued also that the denial of a union's right to function except under conditions was an infringement on property rights.

The case originated when the NLRB last Nov. 6 ordered collective bargaining elections among employes of two Great Lakes shipping fleets, the M. A. Hanna Co. and the Wilson Transit Co. The board denied a place on the ballots to the NMU because of its non-compliance with the Taft-Hartley law, but recognized a complying union, the AFL Seafarers.

While Joseph Curran, NMU president, has said that Communists are trying either to "rule o wreck" his union, he is supporting the legal action. Ferdinand Smith, NMU secretary, has lined up with the CIO's "Left Wing," and according to the House committee on Un-American activities, "makes no bones about his support of the Communist party."

Mr. Standard argued that the NLRB's stand "literally drives the NMU from the Great Lakes," and that since the union had spent large sums in organizing the field "there is a grave danger that this financial investment will be lost."

The NLRB brief, signed by General Counsel Robert N. Denham, said "Congress believed that officers of labor organizations who are Communists, or supporters of Communism, might in periods of national emergency utilize their power within such organizations to call and promote strikes contrary to the interests of our government, if those interests happened to be opposed to the interests of . . . Soviet Russia."

The brief stated also, "by providing employes with an incentive to replace Communist with non-Communist leaders, Congress acted to accomplish an objective well within its powers to avoid interruptions to interstate commerce. For Congress could reasonably conclude, as it did, that political strikes would be less likely to occur and true collective bargaining would best be fostered if labor organizations were headed by non-Communists."

The government brief sought to refute arguments that any private rights had been violated, and maintained Congress was looking after "public rights."

Sunday Cocktails and Ex-GI's in Court

Pair Claim They Were Selling Liquor To Raise Funds For Wounded Veterans

By LEO TURNER
United Press Staff Writer

NEW YORK, Feb. 3 — General Sessions court was asked today to rule whether a guest for Sunday cocktails can help foot the bill.

A tightwad host might get by with charging guests for using his heat, wearing out the furniture and listening to the radio. But watch that bottle.

Two officials of the New York chapter of the American Veterans Committee and a girl friend pleaded innocent yesterday to charges of selling liquor without a license when they were arraigned in Gambler's court — the clearing house for people who take a chance on making a quick dollar and get caught.

Intentions Were Good

The two dapper ex-GI's said they were merely sponsoring a $1-a-head benefit party to raise funds for hehabilitation of wounded veterans.

"Your honor, our intentions were of the best," said Harold Bellam, 32, chairman of the New York AVC Finance committee. "They just went astray."

"Young man," said the grey-haired magistrate on the bench, "it's not good intentions that go astray. It's the best laid plans of men and mice."

"Justice is tempered with mercy," said the defense lawyer.

"And proverbs have no standing in a court of justice," said the judge.

Four plainsclothesmen said they visited the two and one-half room apartment of Miss Onna White, 26, a dancer, Sunday, and had to pay $1 each to join the group fanning the breeze inside. They were given a tag which entitled them to one drink free, served up by Bellam whom they alleged was tending bar behind an ironing board.

A Technicality

The detectives had a drink of Scotch whisky each, chatted for 30 minutes, then arrested Bellam, Miss White and Morris Norman Eisner, 27, a member of the City AVC Executive committee.

The three waived examination in Gambler's court and were bound over for trial in General Sessions under $500 bond each.

"This liquor selling charge is just a technicality," protested the ex-GI's.

"So is murder," the judge said.

last month.

The estate is secluded from the public, on a tiny island off the Gulf coast, separated from the mainland by Gasparilla pass. Lamonth had spent his past three winters here in the pirate country of Florida, living quietly, occasionally doing a little tarpon fishing as his only form of exercise.

Burial In New York

The family said his body would be returned to New York for burial.

Mrs. Florence Haskell Corliss Lamont, whom he married in 1895, a son, Corliss Lamont, and a daughter, Mrs. Eleanor Cunningham, of Hartford, Conn., were with him at the time of his death. He also was survived by two other sons, Thomas Stilwell Lamont, a director of J. P. Morgan & Co., and Dr. Austin Lamont.

Presbyterian Meet Planned

Rev. H. Kerr Taylor, educational secretary of the executive committee of foreign missions, with headquarters in Nashville, Tenn., will speak in an inspirational meeting at 7:30 o'clock Wednesday night at the First Presbyterian church.

Delegations from surrounding towns are to be present.

The meeting will be sponsored by Men of the Church and auxiliary organizations of the First Presbyterian church. The Chapel Presbyterian church and Westminster organization located in the southwestern section of the city will cooperate in the meeting, said Dr. Jack M. Lewis, pastor of First Presbyterian church.

Dr. Taylor was a missionary of the Presbyterian church in China 17 years, returning to this country in 1933. At that time he became pastor of the Second Presbyterian church in Charleston, S. C. In 1935, he was called to the educational secretaryship of the committee of foreign missions.

He was described as "an exceedingly strong and inspirational speaker." The meeting will be open to the public. "All should take advantage of the opportunity to hear him Wednesday evening," said Dr. Lewis.

An informal reception will be conducted in Fellowship hall of the church immediately following the meeting, giving all who desire an opportunity to talk to Dr. Taylor.

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength — and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health. Adv

NOW at ZALE'S at a new low price—this amazing many-purpose *Emerson Radio*

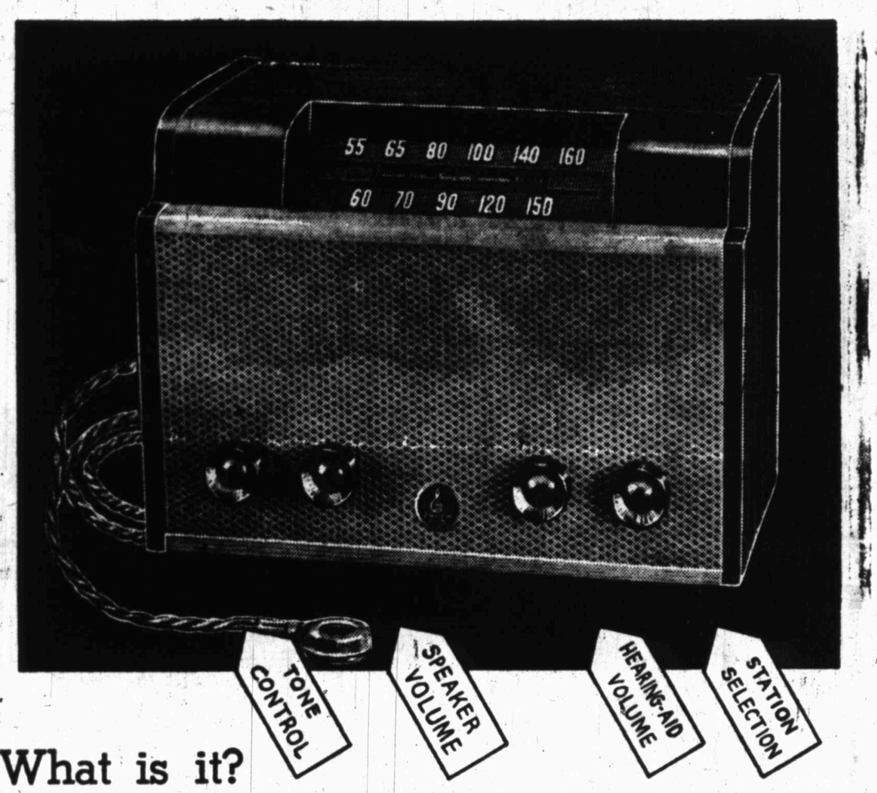

Junior can listen to any crash-bang cowboy program he pleases. The Magnetic Ear Receiver lets him turn it on full blast — and Pop can still enjoy his paper in peace.

Hard of hearing? Let the family have the loudspeaker on normal volume. You plug in your Magnetic Ear Receiver, raise your own volume as loud as you like — listen without affecting loudspeaker volume a bit.

If you're a night-owl, you can listen 'til dawn — know you're not disturbing anyone's dreams. Use the Magnetic Ear Receiver — and you won't disturb others.

What is it?

It's a radio with (1) a loudspeaker, *plus* (2) an individual magnetic ear receiver—each with its own separate volume control.

What does it do for you?

Lets you hear better — if you're hard of hearing.
Lets you hear exclusively — if others are sleeping.
Lets children hear exclusively — if they like cowboy programs when you want quiet.

What's the big price news on Emerson?

Formerly price-fixed at $45. Now price-fixed at just

Ever try reading the paper when Junior's got hot jive going full blast? Ever try listening in the little hours with someone trying to dream near you? Emerson hit on a sore problem in family listening — planned to lick it — did it with a radio that's like no other set going. They used an old idea, gave it a twist of sheer genius: a simple attachment that plugs into your set at one end, fits into your ear at the other. An attachment that comes with its own volume control — separate from the loudspeaker volume control. You listen through the ear receiver alone — and you listen in pure privacy. You use it if you're hard of hearing — get extra volume while the loudspeaker plays at normal pitch. And while the special ear receiver's tucked away, the whole family listens as it would to any radio — hears all Emerson's brilliant tone, gets speech and music with all the fidelity that's made Emerson engineering famous. Has 5 tubes plus rectifier; works on AC and DC. Order by mail or come try it, buy it today at Zale's!

School Costs Not Being Met

AUSTIN, Feb. 3 (AP)—Education costs in Texas are lagging behind increases in other governmental costs, the Texas State Teachers association claimed today.

"The spotlight of late has been on the increased appropriations for our schools, but official figures disclose that the cost of education has not kept pace with the total cost of government in Texas," Charles H. Tennyson, director of public relations for the association, said.

More Funds Needed

"The last Legislature increased appropriations for the Little Red School House, its modern counterpart and the colleges, but the percentage of the tax dollar going into education is not expected to be much greater than the high for the last 15 years," he estimated.

Tennyson said only 5 cents more of each tax dollar was required to educate the more than 1,500,000 grade, high school, and college students in Texas during the last fiscal year than it did to pay the pensions of fewer than a quarter-million aged, blind persons and needy children.

State comptroller figures, he said, showed the cost of public school education, as compared with the overall cost of state government, decreased 5 per cent during the past 15 years while pensions skyrocketed from 3 per cent of the total cost to 28 per cent.

At the same time, he claimed, the cost of state government has more than tripled in 15 years, while cost of education to the state has not kept pace.

He cited that government costs jumped from $107,922,451 during the 1932-33 fiscal year to $319,988,100 during the 1946-47 fiscal year.

Progress Made

In contrast, Tennyson said, education costs in 1932-33 were $40,529,256 and in 1946-47 were $106,013,331. During the same period public welfare costs rose from $3,242,564 to $90,213,091 and highway expenditures from $49,589,036 to $91,146,484.

"Educators in Texas have fought long and hard to bring the state into the front ranks in education. We are making progress, but we are not doing so at the cost of other governmental functions," Tennyson declared.

$3,500 Mark Passed In March Of Dimes

A total of $3,554.77 in contributions to the March of Dimes was reported by Marion T. Key and Waggoner Carr, co-chairmen of the campaign, Monday night.

The total included several contributions from schools. A contribution of $110.72 was received from Monroe, including $70.02 from Monroe elementary schools, $13.65 from Monroe High school and $27.05 from coin containers placed in Monroe. Other contributions included $23.40 from Shallowater, $27.20 from Idalou and $46.97 from Roosevelt. The figure for Idalou donations was incomplete. Frenship donations had previously been announced.

Receptacles from Texas Technological college were found to contain $78.28.

The "Wishing Well" will remain in front of Bowen's Drug store through Saturday this week, with civic club members in charge. Donations may be placed in the well. Receptacles attached to March of Dime posters also will remain in various locations.

Mobile Phone Used In Triplet Birth

DETROIT, Feb. 3 (AP)—Two of three triplets were dead today after they were born prematurely while a doctor gave instructions by mobile telephone from his car as he raced through traffic toward the mother's bedside.

The third child, a boy, was reported in good condition. Of the other two, both girls, one was born dead and the other died later.

Dr. Richard F. Kuhn, the physician, dodged traffic for six miles with one hand. He used the other to hold the phone while he shouted instructions to Jack Carron, 28, father of the triplets.

Carron, in turn, relayed the doctor's advice to an aunt and mother-in-law who attended his wife, Bernice, 25.

A colony of bees will pollinate about one-half billion flowers in a season.

Work To Begin Soon On Houston Project

HOUSTON, Feb. 3 (AP)—Construction of the $7,512,000 vehicular tunnel beneath the Houston Ship channel at Pasadena is expected to begin shortly.

The project was assured Saturday when a special election approved a $3,000,000 bond issue by a narrow margin.

County Auditor H. L. Washburn said an official canvas showing passage of the bonds will make awards of the contract for construction of the main unit to the low bidder, Merritt, Chapman and Schott of New York City, automatic

Resources Of U.S. Claimed In Danger

Sec. Krug Warns That United States Is No Longer The Land Of Unlimited Goods

WASHINGTON, Feb. 3. (U.P.)—America is no longer the land of unlimited resources.

Now there must be "full and wise" use of every ounce of remaining resources for military and economic security, Secretary of Interior J. A. Krug said today.

In his department's annual report, Krug said the federal government must finance most of the big program required to conserve and develop natural resources. The costs are "beyond the normal financial ability of private enterprise," he said.

Stressing the need for expanding fuel, mineral, power and food base, Krug said, "we have a long way to go" just to repair the damage of "past wanton exploitation."

Oil Gravest Problem

Oil is the "gravest problem," he said. But there are also "sharp and dangerous deficiencies" in industrial minerals and an "increasingly short supply" of metallurgical coal for steel production.

Unless electric power output is "will be seriously and irretrievably bottlenecked," Krug said.

Rehabilitation and irrigation of agricultural and grazing land is not keeping up with the rate of over-use, erosion and demands of an increased population, he said.

The country must stockpile and develop substitutes for war-depleted strategic and critical materials because in an emergency there will not be enough time, he said.

Population To Rise

It must also plan now for the needs of a population that will rise to 147,000,000 in 1950, 155,000,000 in 1960 and perhaps 165,000,000 in 1990.

There are "clear indications" in the western part of the country that "population growth is outstripping the development of opportunities for gainful employment," he said.

On oil, Krug said the nation has no reserve capacity of "any significance." Furthermore, there has been a "sharp falling off" in the average size of new fields. There must be not only increased discovery but also synthetic production, more imports, more secondary recovery and substitution of water power to run industrial plants.

Krug said the "easily-discovered mineral deposits are now being exploited or have been exhausted." There are immense known deposits of medium and low-grade ores that can be substituted for critical and strategic minerals. But where industry can find no "early reward," the government must set up the pilot plants and develop processing methods, he said.

Research Is Needed

In this connection, there is need for "far more extensive research" in the preparation of low-grade coal for industrial use, he said.

The over-all energy output must be expanded "rapidly." While there is enough coal, oil shale and water resources to last "hundreds of years," there is need for capital

American Evacuation In Changchun Begun

PEIPING, Feb. 3 (AP)—The air evacuation of all American nationals, including missionaries, from isolated Changchun was started today by American authorities.

The evacuees, who will be brought to Peiping, will include U. S. Consul Allen Siebens, who closed his consulate Saturday.

Meanwhile, Chinese commercial airlines announced they were increasing the number of daily flights from Mukden to Peiping to accommodate the increasing numbers wishing to leave the Manchurian city as the situation steadily worsens.

(In Nanking, a dispatch to the independent Hsin Min Pao from its Mukden correspondent said a large scale battle was developing on the outskirts of Mukden. The dispatch gave no details.)

Imperialism Charge Hurled At America

SOFIA, Feb. 3 (AP) — Bulgaria's Communist premier charged the United States today with trying to incite a new war.

Georgi Dimitrov, trusted confidant of Prime Minister Stalin and former secretary-general of the Comintern, declared also the United States was trying to dominte the world through the Marshall plan.

In a speech to Bulgaria's Communist-dominated political coalition, the Fatherland front, Dimitrov said American imperialistic policy had found obedient servants in Leon Blum, French Socialist leader, and Dr. Kurt Schumacher, German Social Democrat.

He termed Blum and Schumacher "false Socialists who want to mislead the working people."

Good Neighbor Honors To Be Awarded Here

Who's the two best "good-good neighbors" on the South Plains?

That question will be decided in a contest to be conducted by the Lubbock Junior Chamber of Commerce in the staging of the Jaycees' "Fun For You" show at Senior High school auditorium Thursday and Friday nights.

Every citizen of the South Plains is eligible to make an entry in the contest. All they have to do is write a letter about any person they know who has performed a kindly, unselfish deed, describe the deed or deeds in detail and mail it to Room 818, Hilton hotel.

To Make Awards

The contest judges will select from the letters the best-judged person for the title for each night of the show and a prize will be given, similar to the Tom Brenneman Breakfast in Hollywood program heard daily over KFYO. The letters will be read at the show each night.

The "Fun For You" show will be a series of simulated radio broadcasts and 171 members of the Jaycees will take part in the variety program, impersonating various stars of the programs such as Dr. I. Q., Tom Brenneman, Kay Kyser, and other radio stars.

A majority of the show will be audience participation events and during the two nights, more than $2,000 in prizes will be given away in the various quiz contests. Mac Preusch, KSEL announcer, will impersonate Harry Von Zell and act as master of ceremonies.

Many of the Jaycees will be dressed as chorus girls and impersonating various female stars such as Betty Grable, Mae West and others including a chorus line of Rockettes.

Mildred Duncan Williams of the Empire Producing company is director of the show, proceeds of which will go into the Jaycees health and safety funds.

Fox Terriers Given Barking Privileges

LINCOLN, Neb., Feb. 3 (AP)—Municipal Judge Edward Fisher today upheld the right of fox terriers to bark at passing pedestrians.

He dismissed a complaint charging two Lincoln men with harboring vicious and dangerous dogs.

Leslie C. Loomis, superintendent of the Lancaster County Humane society, testified he found the dogs had "normal fox terrier dispositions."

The complainant had charged that the dogs would bark and follow him for two blocks when he passed the owners' homes.

Tech Delegates To Conference Named

Mrs. Vivian Johnson Adams, head of the home economics education department at Texas Technological college, and Miss Esther Sorensen, district supervisor for the state board for vocational education, will represent Texas Tech at the Southern Regional conference sponsored by the vocational division of the United States Office of Education in Washington Feb. 14-22.

Mrs. Adams is a member of the committee on research on teacher education, and Miss Sorensen is to serve on the in-service teacher training committee and the committee on adult education.

The Southern region includes 12 southern states and Puerto Rico.

ROADS ARE DAMAGED

DALLAS, Feb. 3 (AP)—Recent snows and freezing rains caused an estimated $500,000 damage to Dallas roads and county commissioners here predicted the figure might be higher.

Americans Are Said Involved

WASHINGTON, Feb. 3 (U.P.) — The FBI and the State department were alerted today to reports that two surplus B-24 bombers have been illegally flown out of this country for an attempt to bomb the Venezuelan capital of Caracas.

One report, which lacked official confirmation, said the two privately owned Liberators were piloted by Americans but carried agents of a group of Venezuelan exiles who allegedly engineered the bomb plot.

FBI Investigating

The FBI, it was learned here, has been investigating the disappearance of the two planes for more than a week. One was flown away from Bush field, Augusta, Ga., on Jan. 26 and the other left Daytona Beach, Fla., the following day.

The State department was said to be investigating the case along with the FBI.

Authorities here could not confirm that the planes were headed for Caracas. But news dispatches from the Venezuelan capital said fire trucks and national guard detachments had taken up emergency posts at key points around the city to watch for an expected attack.

Protest Is Filed

These precautions were ordered after President Romulo Betancourt protested to the government of Nicaragua that exiled Venezuelan army officers in Nicaragua were conspiring to prevent the Feb. 15 inauguration of Venezuelan President-Elect Romulo Gallegos.

Betancourt said the exiles planned to use an "air force" that consisted of two four-engine B-24's flown to Nicaragua last week from the U. S.

In Washington, Nicaraguan representative Guillermo Sevilla Sacasa denied that any movement against Venezuela was being prepared on Nicaraguan soil.

Purchased From WAA

The two B-24's whose whereabouts is being sought by the FBI were purchased by private individuals from the War Assets administration.

The Augusta, (Ga.) Chronicle reported today that bombsights from the B-24's had been recovered although the bombers themselves still were missing.

The Chronicle said the bombers, together with a C-46 transport plane, were sold last summer by WAA to two Dallas, Tex., firms. It said they later were re-sold through advertisements in trade papers to a man who gave a New York hotel as his address. Neither the man nor the hotel was named.

DURING those tragic days at the end of last week, when American Army fliers combed the cruel Alps and wave-tossed Atlantic for missing planes, we watched the search through our mind's eye.

Scarcely more than a month ago, we flew, for the second time, the route between the Azores and Bermuda, on which a British plane, with Air Marshal Sir Arthur Coningham and 28 others aboard, had disappeared. Scarcely more than six weeks ago, we had flown over the mountain route to Udine Air field in Italy, along which crashed a U. S. Army transport plane carrying 22 passengers and crew.

It gives one an empty feeling in the pit of the stomach to recall the jagged, snow-covered peaks of the Alps, the sea of wasteland under the Brenner Pass, and wonder about the people — some of them wives and children of our troops in Trieste — who crashed there.

There's a gnawing feeling in the vitals when one who knows the route thinks of the 29 Britishers whose ship went down somewhere along the 2,144-mile overwater hop from the Azores to Bermuda.

★ ★ ★

As we read of the searchers over the Atlantic skylanes — American pilots and crews hoping for the sight of men on tiny rafts — we could picture, too, some of the goings-on at Lagens Field, our ATC station on Terceira, in the Azores; and at Kindley Field, our ATC station in Bermuda.

In our mind's eye we saw tall, spare, terse Col. John Warren, who bosses Lagens, directing the search from his station perched on the rock that is Terceira. We saw, too, Col. Tom Ferguson, C. O. at Kindley, doing a similar job, strangely tight-lipped, for ordinarily he is a most genial gentleman.

We wondered if Colonels Ferguson and Warren, in whose quarters we recently were so royally entertained, were themselves in the noses of low-flying searching planes, or whether they were chained on the ground, in their headquarters, directing the scores of aircraft circling the water, hundreds of miles from a landing field.

★ ★ ★

WHEN things are going easy, and when luck is with a man," as the late George M. Cohan used to put it, one would think that the job of commanding air stations like Kindley and Lagens Fields would be pretty much of a snap.

Maybe it is, in a way, because there are good staffs at those stations, good enlisted personnel.

The climate is usually good. There is time to relax, on occasion, and life flows along at a charmingly slow pace.

But then comes a break at one of the stations, each of which is the hub of a great deal of trans-Atlantic flying. Then life takes on its grimmest aspects. The task demands men with nerves of steel, constitutions of iron, for there is no rest during times of stress.

★ ★ ★

Maj. Gen. Robert W. Harper, commanding the Air Transport Command of the Army Air Forces, knew exactly what he was doing when he placed two former Texans at Kindley and Lagens.

For Lagens, on soil leased from Portugal, one of the busiest of all the world's outlying air stations, he chose the veteran Colonel Warren. This soldier's many years in the Air Forces have made him a master of operations. At Kelly and at Brooks, at San Antonio — at many a station around the globe — this man with the lined face won his command pilot's wings the hard way, in the early days. John Warren is known in the Army as "the guy who never sleeps." He shows up at his busy Operations headquarters at all hours around the clock.

For Kindley, on British soil 17 miles from Hamilton, Bermuda, General Harper selected Colonel Ferguson, also a command pilot. He bossed air operations for the Army at Love Field, in Dallas, and at Grand Prairie, during many of the war months. He knows what airplanes can do; what crews can do and how much they can stand. He isn't at Kindley because he is a gracious host to the many celebrites and high-ranking Army men who stop there. He's at Kindley because he knows the score when the weather takes a bad shift, or a ship drops out of sight en route.

WE wish it were possible for every interested American to see the workings of our ATC stations, far-flung around the world.

We wish it were possible for all interested Americans to get to know these men. For they make decisions which sometimes mean the difference between life and death for scores of human beings cast, willy-nilly, on the breast of an ocean with nothing between them and eternity but a fragile bit of inflated rubber.

At these isolated stations, far from home and the ways of home men, without glory, "keep 'em flying." When needed, they try

Bernard Shaw Describes Himself As A Communist

WASHINGTON. — Bernard Shaw, famed 91-year-old Irish wit and playwright, has written an interesting letter endorsing Henry Wallace.

However, if Wallace is not elected, Shaw says, he would prefer a Republican "because a Republican may steal a horse, where a Democrat dare not look over the hedge."

Shaw describes himself as "a Communist though not a member of the so-called Communist party," which according to friends means that Shaw believes in theories of community property, etc., but not the terroristic methods used by the Communist to put these principles into force.

Shaw's letter, written to Miss Fanny Holtzmann, New York attorney, follows:

• • •

Shavian Viewpoint

"14th January 1938

My dear Fanny,

I am not a Cobdenist Liberal, but the very opposite, a Communist, thought not a member of the so-called Communist party. On the whole, if on up-to-date New Deal European-minded candidate like Wallace is defeated, I should prefer a Republican president because a Republican may steal a horse where a Democrat dare not look over the hedge; and both Republicans and Democrats must go whither events drive them in spite of their party shibboleths.

Wallace has not taken the field too early. He should have done so months ago, because it is by his public meetings that he is gathering votes; and he also, like me, need not care a snap of his fingers which party he dislodges.

You write (31st December) as if you were a Liberal, and believe that Comdenists are more progressive than Fascist Tory-Democrats. The cast is exactly the reverse. Cobenist free trade and laissez-Faire are as dead as a doornail. Fascism (capture of the Socialist program by the capitalist leaders) has completely ousted Liberalism; and Socialist-Democracy is on the march working its own way and driving all capitalist parties in spite of their inertia.

Ponder this well, Fanny, before you meddle in politics, especially my politics. I know what I am writing about.

G. BERNARD SHAW

NOTE—A "Cobdenist Liberal" refers to followers of Richard Cobden, 19th century British Liberal who distrusted government intervention in trade and industry but believed in a people's movement for peace.

AS CIO Chief Phli Murray goes on the witness stand regarding the Marshall plan, he faces hot rebellion in his ranks from the National Maritime union which demands that goods shipped abroad under the Marshall plan be carried in American ships.

In mid-December two-fisted Joe Curran, head of the unruly Maritime union, together with John Green, head of the CIO's shipyard workers, told Murray he should qualify his support for the Marshall plan by stipulating that American seamen should carry Marshall plan goods in American ships at American pay scales. They pointed out that a large part of the steel we are sending to Europe is going into ships while our own shipyards are idle, and that more than 1,400 merchant ships have been turned over to European nations during the past year while there is unemployment among American seamen.

Indignant, Murray agreed.

However, Jim Carey, able CIO secretary, and prime mover within the CIO for the Marshall plan, has insisted that the plan must have the unqualified support of the CIO. The shipping matter, he maintains, can be fixed up satisfactorily.

Carey, a powerful influence inside the CIO, flew to Pittsburgh last week mainly to argue this point with his boss.

Meanwhile, Curran thinks that if Murray will continue to oppose the ship transfer he can win his maritime union over to supporting the Marshall plan. Also his moderate policy will be strengthened in the union elections which get underway March 1.

So Phil Murray, when he testifies on the Marshall plan, will be very much on the spot.

Republican Caucus

Highlights from the secret Republican caucus at which G. O. P. House leaders finally got unanimous support for the Knutson tax bill:

California's Bud Gearhart touched off some fireworks when he boasted that 77 per cent of the tax cuts would help people with incomes under $4,000.

"Even the Republicans," snorted Michigan's irascible Fred Crawford, "have fallen for the soak-the-rich hysteria. Both parties are trying to buy votes with handouts.

"Congress is 'crucifying' industry and destroying initiative with its one-sided tax legislation," continued the gentleman who has sometimes been called the General Motors representative in Congress. "I am tired of all this demagogy about soaking the rich when it is no longer possible to become rich, and all we have left are tired old men."

Speaker Joe Martin gave an inside report on what happened at the secret Democratic caucus just ended. The Democrats, he said, voted to oppose the bill in a body. Their strategy, he predicted, would be to move for recommittal, then fight for easing the reductions in each tax bracket.

Hal Holmes of Washington reported that "Muley Bob" Doughton of North Carolina, though a Democrat, was in favor of scrapping the President's plan for $40 exemption-reductions.

• • •

DANIEL REED of New York spoke for the Ways and Means committee. The tax bill, he said, was the result of meticulous study and research.

Crawford butted in and wanted to know whether there would be enough money to go around for both the tax reductions and the Marshall plan.

Reed replied in the affirmative, but said the Marshall plan should be scaled down anyway.

"I don't want to be pledged to tax reductions if it means wrecking the Marshall plan," broke in Minnesota's George MacKinnon.

William Dawson of Utah pointed out that Truman's plan offered more tax relief to the $2,400-$3,000 income bracket than the Knutson bill, and asked whether some adjustments ought to be made in the lower bracket.

Reed explained that the bill was worked out on a scientific, graduated scale and should not be distorted for any special group.

"The President is catering to that group alone in order to get votes," broke in Indiana's Halleck. "We shouldn't stoop to it."

There Will Be A Slight Delay

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

A WISCONSIN husband recently sued for divorce, claiming that his wife demanded 75 cents an hour for housework.

That wife just carried to its logical conclusion a notion that quite a few wives have today—that any work they do around a house isn't part of the marriage partnership but a special favor to the husband.

MILLETT

Most of them don't demand hourly wages, of course. But they do bring the point up in other ways.

They insist on a maid to do the housework, so they can be free to lead a purely social existence.

Or, if a maid is out of the question, they work grudgingly, as though something has been pushed off on them that wasn't their responsibility at all.

Or they demand constant praise for their work. If John gets up from the table without commenting favorably on his dinner, his wife starts feeling like a martyr.

• • •

MARRIAGE DID IT

WHAT all of these women refuse to acknowledge is that marriage makes a woman a housewife, and that husbands have as much right to expect them to hold down that job as wives have to expect their husbands to pay the bills.

If a woman refuses to acknowledge that fact, it is perfectly logical for her to decide that her husband ought to pay her hourly wages for her time.

Today's Thought

John answered and said, A man can receive nothing, except it be given him from heaven. — John 3:27.

"Try And Stop Me"

LITTLE Jonathan never had eaten oysters, and as far as he was concerned, didn't care if he ever did. His mother persuaded him to experiment one day, however, and ordered a plate of them at a Baltimore hotel. Jonathan put one in his mouth reluctantly.

Some minutes later, his mother remarked, "Jonathan, don't you want the rest of your oysters?"

With his mouth tightly closed, he managed to reply, "No, ma. I don't even want this one."

OSCAR Serlin, the producer of "Life with Father," had supreme faith in the property from the start, and events proved of course, that his faith was justified. Before he could produce the play, however, he had to win the consent of Mrs. Clarence Day, widow of the author of the book from which is was fashioned. Serlin had to borrow money to take her to lunch and persuade her to go along with the venture! Both of them will probably make a million dollars net from it.

Demos Jubilant Over Ike's Decision Not To Enter Race

WASHINGTON — Events of recent days have infused new life and new hope into Democratic headquarters here. First and foremost, of course is the fact that most of Gen. Dwight D. Eisenhower's ardent promoters have disconsolately accepted his statement of withdrawal as final and irrevocable.

The polls have shown that Eisenhower was far and away the most formidable opponent the Republicans could pit against Mr. Truman. Now that he is eliminated, his strength may go to other candidates, but the polls have shown that the President could defeat Sen. Robert A. Taft by a wide margin. While the outcome of a contest with Gov. Thomas E. Dewey would be close, Mr. Truman seems at the present writing to have a slight edge. Furthermore, these samples were taken after Henry Wallace had announced his third-party candidacy.

GOP In Demo Ranks

The tendency among the Democrats, for the moment at least, is to forget past troubles and worries in a surge of confidence. The Jefferson Day dinner on Feb. 19 will give their champion a chance to make a rousing speech, and party workers will use the same opportunity to get money for the '48 war chest.

But while Democratic divisions and differences may be swept out of sight for the time being, they are at least as sharp as those in Republican ranks. The gulf between the New Deal wing of the party and the stand-patters is wide and seemingly unbridgeable. Nor is this in any sense a regional division, since many of the most articulate Liberals in the party are from the South, once considered the stronghold of ultra-conservatism.

It is in California, where everything is at least twice life-size, that the conflict is seen in its gaudiest colors. Two Californians who face each other across the Divide symbolize the Left-Right split in the party. On the one hand is Edwin W. Pauley, spokesman for the big oil companies in the Tidelands oil fight and a successful speculator who admits to making nearly $1,000,000 dealing in commodities in a three-year period. In the opposite corner is James Roosevelt, son of the late President and a New Deal apostle.

To reconcile these irreconcilables, Chairman Howard McGrath of the Democratic National committee and his chief lieutenant, Gael Sullivan, recently visited California. As one result of their visit, Pauley is stepping out as national committeeman for that state. The present intention is to leave this office unfilled, until the Democratic convention in Philadelphia in July, when members of the California delegation will elect a new committeeman.

• • •

THE NET result of McGrath's visit was a personal victory for Jimmy Roosevelt. Whether this will bring harmony remains to be seen, since there are Democrats on the Liberal-Progressive side of the fence who harbor a deep distrust of the persuasive Jimmy.

Under a plan given McGrath's blessing, a slate of California delegates to the Philadelphia convention will be approved by Roosevelt and two Democratic leaders from northern California. The slate will be made up from lists submitted by county and district chairmen, who for the most part are believed to be Roosevelt men.

The opposition in California comes from the extreme left as well as from the right. It is centered in the person of ambitious, unpredictable Robert W. Kenny, former state attorney general who was defeated when he ran for governor. In that race, Gov. Earl Warren won both the Democratic and the Republican nominations.

At the PCA Third-Party rally in Chicago, Kenny announced that he would try to capture the Democratic presidential nomination for Henry Wallace. This would be possible under California's primary law. It does not, however, appear probable, although a sizable vote for Wallace in the June 2 primary would encourage the Wallaceites. California is one of four or five pivotal states in which the Third-Party drive will be concentrated.

As though this were not complication enough, the Democrats have still another problem in California. That is Sen. Sheridan Downey's passionate crusade to compel the Department of The Interior to repeal the 160-acre limit in the great Central Valley irrigation project. Elected as a Democrat on a platform calling for super-duper pensions for the aged, Downey today denounces Interior department officials as radicals and Reds who "would rule the Valley." This flies in the face of widespread popular support from labor unions and some from farm organizations for keeping the limit on the size of farms.

Smallpox is one of the most contagious of all diseases.

Today's Journal Editorial

A LAW WORTH CONSIDERING

The fact that 36 states have similar laws would seem to be evidence in support of a measure advocated for Texas by State Auditor C. H. Caveness. The suggested law would require proof of financial responsibility as a condition for obtaining an auto driver's license.

Specifically, Mr. Caveness would require the license applicant to prove he possessed liability insurance, cash and/or property to the total value of not less than $2,000, which would be liable for the settlement of claims resulting from traffic accidents.

There's no denying that, under present conditions, the victim of a traffic accident in Texas frequently cannot recover compensation for injuries, or damages, even though he may have been entirely without fault. The driver responsible for accident often is without assets of any kind and a court judgment against him is worthless. Under the law proposed, he would be required, at the least, to have insurance. If he could not get a policy, it would be pretty good evidence he should be kept off the highway.

True, the law might have objectionable features. Possession of $2,000 would not establish the qualifications of anyone as a safe driver. The law also would provide a rich harvest for insurance solicitors—and some of the so-called insurance might not be worth a thin dime.

But the proposal should help toward increased safety on the highways. Certainly it should not be discarded without thorough study.

ORDINANCE NO. 848
AN ORDINANCE AMENDING THAT PART OF THE SOUTH BUILDING LINE OF 34TH STREET AS ESTABLISHED BY ORDINANCE NO. 816, AS FOLLOWS, BEGINNING AT A POINT 40 FEET SOUTH OF THE NORTHWEST CORNER OF SECTION 10, BLOCK B, LUBBOCK COUNTY, TEXAS; THENCE EAST 4540 FEET TO A POINT, WHICH IS 40 FEET SOUTH OF THE NORTH SECTION LINE OF SAID SECTION 10, AFORESAID, SAID POINT ALSO BEING IN THE WEST PROPERTY LINE OF AVENUE Q; THENCE NORTH 40 FEET TO THE NORTH SECTION LINE OF SAID SECTION 10, AFORESAID; AND PROHIBITING THE PLACING OF BUILDING OR OTHER STRUCTURES OR REPAIR OR RECONSTRUCTION BETWEEN SAID SOUTH BUILDING LINE AS ABOVE ESTABLISHED, AND THE NORTH BUILDING LINE AS ESTABLISHED BY SAID ORDINANCE NO. 816, IN FURTHERANCE OF WIDENING, STRAIGHTENING AND IMPROVING SUCH PARTS OF STREETS; AND ESTABLISHING TIME FOR EXISTING STRUCTURES TO CONFORM, AND REPEALING THAT PART OF SAID ORDINANCE NO.816 IN CONFLICT HEREWITH; AND PROVIDING A PENALTY FOR THE VIOLATION HEREOF.

WHEREAS, Article 1106a, Revised Civil Statutes of Texas provides for the establishment of building lines on any part or side of any street in the City of Lubbock, said City of Lubbock having a population of more than 15,000, and,

WHEREAS, the City Commission of the City of Lubbock has heretofore by Ordinance No. 816, established a North and South building line along 34th Street as therein described; and,

WHEREAS, said Ordinance No. 816, established the South building line along the South Section line of Section 9, from a point beginning at the North-east corner of section 14, Block B, Thence East 7920 feet to a point in the North-South half section line of Section 7, Block B, Lubbock County, Texas, said point being in the South line of Section 7, Block B, Lubbock County, Texas, said section line being at the time of the passage of said Ordinance No. 816, the South City Limits line; and,

WHEREAS, subsequent to the establishment of said North and South building lines by said Ordinance No. 816, aforesaid, that portion of Section 10, Block B, lying South of 34th Street, and North of 42nd, Street, and East of the West line of Section 10, 4540 feet, has been taken into the corporate limits of the City of Lubbock; same being that portion of said Section 10, Block B, Lubbock County, Texas, lying East of College Avenue, and West of Avenue Q, and South of 34th Street, and North of 42nd Street, Lubbock, Texas; and,

WHEREAS, the City Commission of the City of Lubbock now desires to amend said Ordinance No. 816, in order to re-establish a South building line along that portion of 34th Street lying between the West section line of Section 10, 4540 feet East, to the West property line of Avenue Q, in connection with the widening, straightening and improving of that part of 34th Street, aforesaid, to prevent further buildings, structures or improvements of any nature being placed within the area required for such needed widening, straightening and improving said 34th Street; and,

WHEREAS, widening, straightening and improving said street, and the establishment of such building line aforesaid, is necessary and will ultimately provide a street of desirable and adequate width which will aid in relieving heavy traffic in congested areas in accordance with the City's comprehensive plan, THEREFORE,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF LUBBOCK, TEXAS:

Section 1. That, that part of Ordinance No. 816, establishing the South building line for 34th Street, Lubbock, Texas, along and from a point beginning at the Northeast corner of Section 14, Block B, Lubbock County, Texas, Thence East 4540 feet to a point in the South Section line of Section 9, Block B, Lubbock County, Texas, 740 feet West of the Southeast corner of said Section 9, aforesaid, be, and is hereby amended, and said South building line as established by said Ordinance No. 816, for that portion of said 34th Street, aforesaid, is hereby re-established, to be as follows: "Beginning at a point 40 feet South of the Northwest corner of Section 10, Block B, Lubbock County, Texas; THENCE East 4540 feet to a point which is 40 feet South of the North Section line of said Section 10, Block B, aforesaid, and 740 feet West of the East Section line of said Section 10, Block B, aforesaid. Said point also being in the West property line of Avenue Q; THENCE North 40 feet to the North Section line of said Section 10, Block B, aforesaid.

Section 2. That no building or other structure shall be erected, reconstructed or substantially repaired and no new building or other structure or part thereof shall be erected or re-erected between or within the North building line as established by Ordinance No. 816, and the South building line as re-established for 34th Street by this ordinance.

Section 3. That all structures on and between said North building line as established by Ordinance No. 816, and that part of the South building line as re-established for 34th Street by this ordinance, or extending in whole or in part within such building lines, aforesaid, are hereby required to conform to the North building line as established by said Ordinance No. 816, and that part of the South Building line as re-established by this Ordinance, within a period of not more than five (5) years from the effective date of this ordinance.

Section 4. It shall be unlawful for any person, firm or corporation, trustee or any authorized agent or representative thereof, to erect, reconstruct or substantially repair any building or other structure, or to erect or re-erect any new building or other structure within or between the North building line as established Ordinance No. 816, and that part of the South building line as re-established by this Ordinance, for 34th Street, and whoever shall violate any provisions of this section shall, upon conviction, be fined not exceeding $100.00.

Section 5. The provisions of Section 4 of this ordinance shall not apply to any agent, officer, employee or any person duly authorized by the State of Texas and/or the City of Lubbock when performing any employment pursuant to the widening, straightening or extension of the street and/or right-of-way contemplated by this ordinance.

Section 6. Further provided, that no portion of the North and South building lines for 34th Street, as established in Ordinance No. 816, is affected by this amendment, save and except that portion of the South building lines as re-established in this ordinance. Provided further, that that portion of the South building line for 34th Street, beginning at the Northeast corner of Section 14, Block B, Lubbock County, Texas, and running East 4540 feet, to a point in the South Section line of Section 9, Block B, Lubbock County, Texas; is hereby repealed, and is hereby re-established as described in Section 1, of this Ordinance.

Passed and approved by unanimous vote of the City Commission this 8 day of January, 1948.

New Methods Aid In Antelope Trapping

AUSTIN, Feb. 3 (AP) — New techniques in trapping antelope this year resulted in record-low losses of animals caught for the state's game restoration program.

Ernest G. Marsh, assistant director of wildlife restoration for the State Game commission, reported today losses of trapped animals were only one per cent compared with the five to ten per cent of previous years.

Using cotton mesh net traps and transporting the animals in dimly-lighted trucks helped cut down the death toll, Marsh believed.

Antelope driven into traps made of wire netting often killed themselves in colliding with it, or they banged themselves to death kicking around in the type of truck used before.

The new cotton mesh nets are more pliant and the antelope are quieter when transported in the dimly-lighted trucks, Marsh said.

The commission trapped 400 antelopes in overstocked areas around Marfa and Alpine, moved them to understocked ranges in the western Edwards plateau and the trans-Pecos. This program has been completed.

Marsh said the deer trapping program has resulted in transplanting of 1,500 animals and it still has 30 days to go.

Turkeys trapped and moved thus far total 300. They are being taken from the South Texas brush country and moved to east and northeast Texas.

Trial Of Five Is Continued

FORT WORTH, Feb. 3. (AP)—Trial of five former operators of the Southwestern College of Industrial Arts continued in Federal court here today.

The defendants are O. A. Cole, Louie A. Harris, Alton L. Moran, James D. Parnell and Leon Kane.

They are charged in a 32-count indictment. It alleges 482 fradulent tuition fee claims, totaling between $50,000 and $60,000, were made with the Veterans administration in behalf of the school.

Defense counsel contended yesterday that discrepancies between tuition fee claims filed and actual enrollment resulted from "clerical mistakes" and oversights by the Dallas Regional office of the Veterans administration.

Will Offer Proof

William Fonville, Assistant U. S. District attorney, told the jury the government will attempt to prove the defendants knew their claims were fraudulent at the time of presentation.

The school was purchased by a group of negro educators several weeks before the indictment was filed Nov. 6, 1947.

The first government witness, Luther V. Elliott, assistant finance officer for the VA in Dallas, revealed during cross-examination that one unsigned voucher presented by the school had been approved by his office.

"I can't explain that," Elliott said.

James Martin, attorney for Cole, was fined $25 by Judge T. W. Davidson for comments made during the swearing in of witnesses.

investment to tap these sources.

The electric power situation will be "serious" for several more years because of the steel shortage and "curtailed" federal programs for dam construction, he said. But demand requires a 37 per cent increase over 1946 capacity, by 1952, he said.

Cropland reserves—areas which can be irrigated or drained or otherwise brought into use at low cost—will be absorbed by an expected 10,000,000 increase in population by 1960. Topsoil is being lost at the rate of 500,000 acres a year. Krug said by comparison a "puny" 71,000 acres of irrigated land will be opened for farming in 1948.

The rehabilitation of 230,000,000 acres of grazing lands must be "accelerated far beyond the present rate"—1,000,000 acres a year—in order to meet "minimum" requirements of meat, leather and wool.

A human being transferred to the planet Mercury would be burned to death by the sun's heat, killed by its ultra-violet radiation asphyxiated from want of oxygen and desiccated from want of water.

"Dirty Ditties" Seized In Raid Staged By Memphis Police On Vulgar Recordings

MEMPHIS, Tenn., Feb. 3 (AP)—Memphis juke box fans said goodbye today to recordings of "Dirty Ditties."

Police Commissioner Joe Boyle yesterday seized some 400 juke box records of "Operation Blues" and a number of other selections and after a private audition in his office had the discs smashed to bits as "too suggestive and vulgar" for Memphis listeners.

City-Wide Raid

Boyle also took a crack at some radio programs aired over national hookups.

"We may be powerless to stop some of the indecent and vulgar radio programs that are coming over the air," he said "but we intend to see that the music played on public nickelodeons is decent."

He did not cite specific radio programs.

The commissioner listened behind closed doors for two hours yesterday to a number of juke box records that had been denounced as indecent.

Then he had the discs chopped up and ordered his officers to inspect every tavern in the city and confiscate all records on the blacklist.

Boyle cited "Operation Blues" as one of the more offensive recordings and named two others with suggestive, obscene titles and lyrics.

The commissioner did not cite any authority for his action, but a city ordinance makes it illegal to circulate "any book, writing, print, picture, newspaper, pamphlet or other work of obscene nature."

Boyle instructed seven amusement companies to discontinue placing the records in nickelodeons and ordered record shoops to take them off the shelves.

One juke box operator, Clarence A. Camp of the Southern Amusement Co., said Boyle was "one hundred per cent right" and promised in the future to censor the records himself.

A meeting of the Vernon T. Keaton detachment of the Marine Corps league is to be held tonight at 8 o'clock in the second floor district courtroom of the courthouse here, it was announced by J. Keith Wells, detachment commander. All ex-Marines, men and women, were urged to attend.

Several close relatives of Mrs. Rudolph Peel of 1510 Twenty-fifth have gone to Ville Platte, La., where Mrs. Peel is in serious condition in Ardoins hospital. Her parents, Mr. and Mrs. J. H. Bennett, and her two children, Don and Paulette, and Mr. and Mrs. J. A. Peel left Sunday night. Her husband already was in Ville Platte. J. A. Peel and Rudolph Peel are brothers. It had been erroneously announced Monday Mrs. J. A. Peel was ill. Condition of Mrs. Peel was improved slightly this morning.

SLATS-O-WOOD

THIS photograph tells only a small part of how this home was refreshed and beautified with Slats-o-wood. Because one of the most striking improvements is the addition of COLOR! Slats-o-wood come in such a range of colors, designs, and styles that no house can be drab and still wear Slats-o-wood. These window hoods, door hoods, and porch canopies are custom-built to your order, and permanently anchored to any building material. They need never be taken down. An occasional coat of paint renews their beauty at low cost.

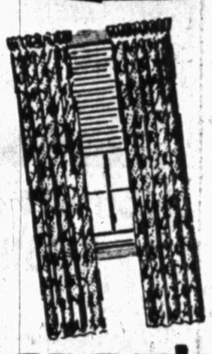

Slats-o-wood are scientifically designed to give protection the year round — the staggered slat arrangement (patented) filters out sun and glare, entices breezes and soft light. Budget plan available. Please phone us today for free inspection and estimate. You will be under no obligation, of course.

Russia Will Return Lend-Lease Ships

MOSCOW, Feb. 3 (AP)—A Tass dispatch from Washington said today that eight U. S. ships transferred to Russia under lend lease during the war are being returned.

The dispatch said Alexander Panyushkin, the Soviet Ambassador in Washington, informed the United States government Saturday that the vessels—seven tankers and a cargo vessel—would be returned during February and March.

(The State department in Washington confirmed last night that Russia had notified it of the projected return of the vessels. The United States has asked the Russians to return nearly 100 borrowed ships, or pay for them.)

War Crime Trials In Japan Are Recessed

TOKYO, Feb. 3. (AP)—The war crimes trial of former Premier Hideki Tojo and 24 other Japanese war leaders today was recessed to Feb. 9 to give the defense time to prepare its rebuttal.

HEAD COLD QUIZ... ARE HEAD COLDS CONTAGIOUS?

Answer: Yes, and they spread rapidly. So at first sign, put 2 drops, Penetro Nose Drops, in each nostril. They reduce watery flow and check sneezes that help spread infection. You breathe easier.

Save on FIRE INSURANCE

In recent years home owners have had to increase their Fire Insurance to meet rising property values and replacement costs. This means increased Fire Insurance premiums. But you can partially offset these increased costs by buying your insurance direct from this Company. Ask the Employers Casualty Company representative to explain.

Good Business Calls For Good Accounting

A well-known economist has said: "Once a business becomes too big for one brain to handle personally, accounting takes over the job."

American business could not have grown to its present size without accounting.

Advising business, big and small, on management problems involving accounting is an important part of the work of many Certified Public Accountants. They help management keep expenses in line with income . . . pay the right taxes (not too much or too little) . . . cut overall costs.

A CPA's work can help business efficiency and economy—which in turn may result in lower costs and lower prices.
