141 Ballots Cast In Absentee Box

More than 3,000 Mitchell County citizens are expected to ballot Tuesday in the election deciding Democratic or Republican administration for the nation the next four years.

The Stevenson, Kefauver-Eisenhower, Nixon presidential race is the top interest for the general election ballot. But extra interest is provided by eight proposed Texas

Cash and Car Merchants Climb to 108

Number of participating firms in Colorado City's Cash & Car Days increased to 108 Saturday.

New participants are Fowler's Premier Service Station and Sun-Up Grocery, according to Jeff Taylor, Cash & Car Days president.

The 108 participating firms offer tickets to customers for \$175 in cash weekly drawings and a 1957 air-conditioned Bel Air Chevrolet sedan that will be given away Christmas Eve.

Winning the top \$100 cash prize Thursday afternoon was R. L. (Bob) May, local oil and real estate dealer. The \$50 prize was won by Fred Warner of Mooney community. A housewife, Mrs. V. R. Trulock, won the \$25 award and immediately contributed \$5 of her prize to Mitchell County United Fund.

One ticket, No. 029224—was called Thursday afternoon for the \$25 prize with no response from the approximately 3,000 persons standing in 100-block of Walnut. It was the second number without a response since Cash & Car drawings began.

Cash & Car Days officials emphasized that cash prizes now given at the Thursday, 4 p. m., drawing include \$100, \$50 and \$25.

A big pre-Thanksgiving event is scheduled for Wednesday, Nov. 21, with one morning drawing and two afternoon drawings. The 10 a. m. drawing will give away five frozen turkeys and \$50. At 2 p. m. five more frozen turkeys will be given away with an additional \$50. Then at 4 p. m. the drawing will be for \$100.

constitutional amendments listed, also, on the ballot for approval or disapproval.

Campaigning in the presidential race has been almost nil here during recent weeks. Some telephone campaigning, however, was reported late in the week for the Republican ticket.

Supporters of Constitutional Amendment No. 4, the teacher retirement proposal, have been busy with an educational campaign for the last four weeks.

Amendment No. 4 has been endorsed here by Classroom Teachers Association, School Board President Johnny M. Moore, Suppt. Ed E. Williams and other leaders. And the supporters have provided speakers for numerous clubs and organizations in an effort to explain advantages of voting for No. 4.

If past performance means anything, Mitchell County can be expected to cast a majority of votes Tuesday for the Democratic ticket of Stevenson and Kefauver.

For in 1952, when Texas as a whole was helping elect the Republican ticket of Eisenhower and Nixon, Mitchell County was balloting 2,038 to 1,440 for Stevenson.

And last August in the state's second primary, the county voted more than two-to-one (2,136 to 1,016) in the governor's race for Ralph Yarborough, a staunch advocate of straight Democratic Party voting.

Tuesday's election, despite the extra interest created by the state constitutional proposals, is not expected to set any voting record in Mitchell County.

All-time record turnout at the polls was in the 1952 general election, when Ike and Adlai were presidential opponents the first time.

The 1952 general election brought 3,478 voters to the county polls. That was more than 100 higher than the previous record set just a few months earlier in the 1952 Democratic primary election.

Every major election in Mitchell County since then has hit the 3,000 mark. This year in the August Democratic runoff almost 3,200 ballots were cast.

Voting will be carried out Tuesday at nine precinct boxes in the county: Courthouse in Colorado City, Legion Hut in Colorado City, at Buford, Westbrook, Loraine, Carr, Cuthbert, Landers and Spade.

The polling places will be open until 7 p. m. Landers and Buford were the only boxes in 1952 to provide margins for Eisenhower and Nixon. Landers voted 12 to 10 and Buford balloted 50 to 47 for the Republican ticket.

The county's largest box, Precinct 1 at the Courthouse, in 1952 gave Stevenson only a small majority, 942 to 848. However, the Stevenson ratio was larger in other voting boxes—like at Legion Hut, 266 to 141; Westbrook, 151 to 64; Loraine, 394 to 265; latan (now included with Westbrook), 18 to 1.

Gist of proposed amendments on the ballot Tuesday are:

1. Authorizes the legislature to compensate persons fined or imprisoned for crimes they did not commit.

2. Allows county commissioners, courts to vary allocations of tax money without special elections.

3. Adds other colleges to the building program financed by the University of Texas Permanent Fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds.

4. Increases the benefits of the teacher retirement system.

5. Authorizes another \$100,000.

HONORING WOLF SQUAD

Wolverines Secure Brumbelow For Annual Football Banquet

Mike Brumbelow, athletic director and head coach at Texas Western College, will be speaker for the annual Wolverine banquet honoring Colorado City High's football squad.

Miss Jane Merrill announced Saturday that Brumbelow had accepted an invitation to speak at the banquet.

The banquet is scheduled here the night of Dec. 14 in Primary School cafeteria. Cosponsoring the banquet with the Wolverines is the Quarterback Club.

Expected to accompany Brumbelow here from El Paso for the event are two former Colorado City High star athletes now standouts for the Texas Western College grid team—Bernie Corbell and Don Maynard.

Brumbelow will be the first of two outstanding Southwest coaches who will speak at grid banquets here this winter. The second will be Bud Wilkinson, head coach at University of Oklahoma, who will address a February banquet here honoring all-

district players of District 3-AAA. Brumbelow, speaker for the Wolverine tribute to the Wolf squad, is one of the most respected mentors in the Southwest. He is in his seventh year at TWC, but his coaching and athletic career dates back more than 30 years ago when he was fullback at Jacksboro High.

At Texas Christian University in Fort Worth Brumbelow was shifted to guard and was honored as Southwest Conference's most valuable player his senior year.

His coaching career began the year after graduation at TCU when he remained at his alma mater for one year as freshman coach. Then he became a high school mentor for several years before returning to TCU as line coach.

During World War II Brumbelow served in the Navy. He entered the sporting goods business in Midland after his return to civilian life, but kept his hand in football, so to speak, as a scout for prominent colleges.

Officials of Texas Western College put him back in the coaching business in 1950 when they appointed him head mentor at the El Paso college.

Although known for his defensive genius, Brumbelow has developed a balanced attack at TWC that has placed the Miners in top offensive bracket. Last year, for example, the Miners led all Border Conference teams in defense and outgained all opponents by approximately 200 yards although the Miners ran 114 few plays than their foes.

POLICE SEARCH

Two Cars Stolen Here in 3 Days

Police issued pickup orders for two automobiles stolen here within three days.

Suspect in one of the cases was a young member of an out-of-town photo sales crew believed heading for northern states.

One car, a 1951 model four-door Studebaker, belonged to S. L. Simmons, 925 Vine.

The other missing auto was a 1956 Ford owned by Dyer Studio of Bellaire.

Simmons, reported to police that his Studebaker sedan was stolen Oct. 26 between 2 and 5:30 p. m. from T&P Station parking lot in downtown.

Chief Leon Yeager Saturday reported no trace of the vehicle that was driven away unnoticed during downtown weekday activity.

Sought as a suspect in the theft of the 1956 Ford was Don Seaton, member of a photo sales crew stopping in Colorado City.

Another member of the crew, Perry McDonald, told police that the car was stolen about 9 a. m. Sunday at White Way Motel. McDonald said the crew had obtained rooms at the motel late Saturday night.

His billfold money, the studio's car and Seaton were missing.

Deadline Nearing, for Thanksgiving Cakes

Band Boosters Club announced Saturday that orders for the club's fruit cakes must be placed by Nov. 12 to assure delivery for Thanksgiving.

The cakes are being sold by the boosters for both the Thanksgiving and Christmas season, but the Nov. 12 deadline is necessary for the first holiday season.

Proceeds from the annual cake sale provide financing for band development program in Colorado City public schools.

Dr. Marvin Majors, Band Boosters president, said that the Boosters will meet Monday at 7:30 p. m. in the band hall at Colorado City High.

FOR STATE HOSPITAL

TB Unit Sponsors Patient Gift Shop

Mitchell County Tuberculosis Association again this fall will sponsor a volunteer Christmas gift shop for patients at McKnight State Tuberculosis Hospital.

The shop provides gifts—contributed by interested citizens at no cost to the patients—for the patients to send home to their families for Christmas.

Articles collected here by the Mitchell County association will be transported to the hospital late this month.

Mrs. Jack Smith, president of Mitchell County's TB Association, and Mrs. C. P. Gary, executive secretary of the local unit, were at McKnight State Hospital this week.

They obtained data for the gift shop and heard McKnight State Hospital officials praise the volunteer gift shop plan as a "real service" to the TB patients in the hospital.

The two local TB Association officials were told that the gift shop plan reduces the number of

patient who leave the hospital in December before completion of treatment. Many of those premature departures in December are caused by patients desiring to provide gifts for their families during Yuletide, the pair was told.

Persons desiring to contribute articles here for the TB gift shop should contact either Mrs. Smith, RA 8-3155, or Mrs. Gary, RA 8-3097.

Gifts and cash donations should be turned in here before Nov. 26 because the gift shop will be opened at McKnight State Hospital for patients Dec. 3 to 7.

For family gifts the articles should be mailable and non-breakable. Suggestions are household linens, kitchen cutlery, plastic dishes, toilet articles, adult clothing articles, quilting and sewing goods, toys suitable for small children, dolls, gifts for teenagers such as clothing, accessories, school items and other articles.

'57 FINANCE QUOTA REACHED

United Fund 'Over Top With \$25,805 Pledges, Donations

Mitchell County United Fund's 1957 finance campaign Saturday went over the top.

A total of \$25,805 in pledges and contributions were reported by Dr. W. S. (Bill) Rhode, county-wide campaign chairman.

That sum is almost \$400 above the quota of \$25,454 set for the campaign to finance United Fund allocations to eight deserving agencies during 1957.

And the pledges and contributions are expected to pass the

\$26,000 mark as campaign cards, still out as the campaign office closed Saturday, are returned to United Fund officials.

Dr. Rhode estimated Saturday that approximately \$500 in the unreported group of pledges and contributions.

Both Dr. Rhode and Raymond Perdue, United Fund president, praised division leaders and all volunteer workers in the campaign.

They expressed appreciation to the public for its "splendid response" to the appeal to give the "United Way, once for all year."

The 1957 finance campaign reached its goal in only four weeks of actual solicitation—the quickest success in the three-year history of Mitchell County United Fund.

Here are the reports Saturday from the major divisions in the campaign:

Advance Gifts Division—\$12,745 collected on \$13,236 quota; 96.29 per cent within goal.

Special Gifts Division—More than 100 per cent with \$1,142 collected and a quota of \$3,818.

Employees Division—\$4,872.31 collected on \$6,364 quota; 76.56 per cent of goal.

General Solicitation Division—\$1,568 collected on \$2,036 quota;

77.03 per cent of goal.

County East Division—\$1,292.25 collected on \$1,550 quota; 78.98 per cent of goal.

County West Division—\$1,185.22 collected on \$1,800 quota; 65.84 per cent of goal.

Perdue and Dr. Rhodes credited success of the campaign to all the citizenry of the county.

"Understanding of the aims and principles of United Fund was evidence in all areas of the county," Perdue said, "and the bonafide desire for citizens to have a part in United Fund is evidenced in the work and the

FOR '57 COTTON CROP

Marketing Quota Referendum Set

The U. S. Department of Agriculture has announced the 1957 state acreage allotments for upland cotton; the national allotment for extra long staple cotton and set Dec. 11 as the date for a referendum on marketing quotas for the 1957 cotton crop.

The total allotments available for distribution in the states were set by the USDA at 17,585,463 acres.

The total allotment for Texas was set at 7,547,503 acres which includes 10,974 acres as Texas share of the national reserve.

The Agricultural Act of 1956 provides that a national acreage reserve of 100,000 acres be apportioned among States on the basis of the estimated needs of each State for additional acreage to establish minimum farm allotments under the act.

The marketing quota for the 1957 crop upland cotton was announced on Aug. 31 as 11,024,493 bales of 500 pounds gross weight. The marketing quota for extra long staple cotton, just announced, is 75,565 bales, and the national acreage allotment was set at 89,337 acres for the 1957 crop. At least two-thirds of the cotton producers voting in the Dec. 11 referendum must favor the marketing quotas if they are to be effective on the 1957 crops. Whether quotas are approved or disapproved, 1957 cotton acreage allotments will remain in effect as a condition of eligibility for price support.

Mrs. Alfred Richey returned to Lorraine Thursday after visiting for more than two months with her son-in-law and daughters—Master Sgt. and Mrs. Harris Hamilton in Hawick, N. C., and Mr. and Mrs. John Newton in Corpus Christi.

RESULTS PROVE POLIO STATE'S VACCINE

Multiple-Death Accidents Push '56 Texas Highway Traffic Toll Toward New Record

Multiple-fatality traffic accidents in Texas during the first eight months of this year are responsible for raising the State's traffic toll over the similar period for 1955.

And if the current trend continues, the all-time record of 2,547 deaths which were recorded last year stands to be exceeded by the end of December.

This information was contained in a statement released by Col. Homer Garrison Jr., director of the Texas Department of Public Safety, who said that while the records of the agency's statistical division showed two fewer fatal accidents through August than in the first eight months of 1955, that 32 more people were killed.

This is due, he pointed out, to the fact that more than one person was killed in many of these accidents.

Through August 31 of this year, 1,607 persons had died in 1,318 motor vehicle accidents in the state. In the same period last year, 1,320 mishaps claimed 1,575 lives.

The public safety director pointed to this past August 18 as the deadliest day, trafficwise, in Texas so far this year. On that date, 24 persons died in 14 accidents. This was a Saturday which is consistently one of the most hazardous days for highway travel but the traffic toll on that date approached the usual experience for a Christmas Eve which ordinarily runs the highest fatality total.

Garrison said that he could give no accounting for the extremely high number killed on August 18 but that 15 of the 24 persons were killed in just five of the total fatal accidents recorded on that date. He said that excessive speed was most frequently the contributing factor in the death of more than one occupant of a vehicle.

N. K. Woerner, chief of the DPS Statistical Division, has gone

State Capital NEWS

back through the Department's records since complete tabulations were started in 1939 and has itemized all of the Texas traffic accidents since that time which resulted in the deaths of six or more persons. His figures show that during the 17-year interval 63 fatal accidents have claimed the staggering total of 484 deaths.

The latest of these mass slaughter entries was the three passenger car accident in Tyler County on August 4, 1956, which cost eight lives.

The State's worst traffic mishap was the truck-train crash at Alamo in Hidalgo County on March 14, 1940, in which 29 farm workers were killed.

The second most deadly traffic disaster in Texas was the collision of the two Greyhound Buses on U. S. Highway 81 south of Waco on August 4, 1952. Twenty-eight persons were killed in that tragedy.

Receiving third top "billings" according to fatalities was the August 5, 1947, accident between two trucks north of Waxahachie in Ellis County on U. S. Highway 77, in which 19 persons were killed.

The state's most deadly traffic mishap involving only passenger vehicles was the two-car collision on U. S. Highway 80 near Weatherford in Parker County on February 7, 1953, which claimed nine lives.

Woerner's reports reflect only one year during this period in which a multiple-fatality traffic accident has failed to take at least six lives. That was in 1944. Thus far, in 1956, two such accidents marks the record. In addition to the one in Tyler County last month, a two passenger car

collision in Howard County on February 11 took six lives.

One year has passed since Harrison County physicians and school officials, in legal disregard for "priority" ages, gave 7,600 school children their first shots of Salk polio vaccine in Texas' first all-grades immunization campaign.

In the 12-months interim, not a single untoward reaction to the vaccine has occurred, and not a single case of paralytic polio has been diagnosed among the county's 50,000 population. One non-paralytic case was reported to state health officials in July.

"We consider the Harrison County campaign additional proof that Salk vaccine gives excellent protection against paralytic polio," said State Health Commissioner Henry A. Holle.

Dr. Holle called the East Texas county's drive against polio a "study in doctor-community cooperation."

He said careful analysis of the project may give an indication as to what percentage of population must be immunized to forestall a polio epidemic.

Approximately 58 per cent of the eligible Harrison County pop-

ulation was immunized with two shots of the protective vaccine. Third shots were given on the initiative of parents. In comparison, only 38 per cent of the entire state's under 20 population have received two shots as of Sept. 30.

Prime movers behind what Dr. James H. Harris called "the action of free men facing a new situation," were the 18 physicians who compose the county medical society.

The state department of health, with approval of federal authorities, designated Harrison County as a special study area and furnished sufficient vaccine to inoculate all willing school children in grades 1 through 12. By contrast, established priority ages at that time included children under 15 and pregnant women.

Priorities have since been eliminated on the use of commercial vaccine, but still apply to the use of public vaccine to persons under 20 and expectant mothers.

Teamed with the physicians in the altruistic enterprise were school officials, teachers, hospital and special duty nurses, and doctors' wives. Their time was donated free. Doctors dipped into their own resources for clinic supplies, and paid the bills incident to advertising the clinics.

Millard Fillmore was president when the first bathtub was installed in the White House in 1851.

NOV. 15 IN SCHOOL CAFETERIA

Final Plans Made for Spaghetti Supper to be Sponsored by Class

Final plans for the public spaghetti supper Nov. 15 were made Thursday by members of the 1949 Study Club during a meeting in the home of Mrs. Bill Carter.

The supper will be sponsored by the club from 6 p. m. until 8 p. m. in the Primary School cafeteria.

Tickets are now on sale at Eva's Dress Shop, according to the club reporter, or can be purchased from any club member. Program for the meeting included biographical sketches of three early personalities — a statesman, a president and an inventor.

Mrs. William Landau reviewed the biography of John Adams, second president of the United States.

"John Adams was born with an instinct for resistance and an acid tongue," Mrs. Landau said. "His character was a paradox — a fusion of two conflicting lives

in a single body." He played a leading part in the fight for American independence and in the founding of the Republic, the group heard.

His fame as a lawyer and patriot came when he was appointed counsel to petition the British governor to remove the Stamp Tax, which was repealed.

"John Adams played an important part in the adoption of the Declaration of Independence," Mrs. Landau said.

He served as vice president and then as president when George Washington refused to serve the third term. Four years later he was defeated in his bid for a second term by Thomas Jefferson.

John Adams and John Quincy Adams are the only father and son who both became presidents, the speaker said in conclusion.

Mrs. Dwayne Feaster reviewed the life of Thomas Jefferson, father of American democracy. In addition to being a lawyer and farmer, Jefferson was also a statesman, diplomat, administrator and philosopher. He was only 32 when he took his seat in the Continental Congress. He won imperishable fame as draftsman of the Declaration of Independence.

"The crowning achievement of his first administration as presi-

dent was the purchase of Louisiana from France, Mrs. Feaster said. "He also sent out the Lewis and Clark expedition to explore and establish the claim of the US to the Oregon Country."

"Jefferson retired from political life with hands as clean as they were empty."

Mrs. J. J. Mundy presented the biography of Eli Howe who invented the sewing machine.

The sewing machine was invented by Howe for his wife who died before the invention was complete, the group was told. Although he had to borrow a suit to wear to his wife's wedding, he later received his wealth and at one time outfitted a complete regiment.

He did not have a chance to enjoy his riches. After serving in the Civil War, he contacted bright disease and died at the age of 48, Mrs. Mundy concluded.

Members attending the meeting were Mrs. Joe Bell, Mrs. Howard Bynum, Mrs. Feaster, Mrs. Jimmy Harrison, Mrs. Walter Grubbs, Mrs. Jack Jordan, Mrs. Landau, Mrs. Mundy.

Also, Mrs. Charles Nuckolls, Mrs. Joe Salter, Mrs. Jane Steakley, Mrs. Gwan Strange, Mrs. Garlan Green, Mrs. Jimmy Kelley, Mrs. Fielding Lee Jr., Mrs. Fred McKay, Mrs. Jack McKinney and the hostess.

WSCS, Guild Observe Week of Prayer

Members of the Woman's Society of Christian Service and Wesleyan Service Guild of First Methodist Church last Sunday afternoon observed the "week of prayer."

A program, directed by Mrs. Arnel Smith, was presented in Fellowship Hall of the church.

Theme of the devotion, presented by Mrs. Dozier, was "Teach Me, Lord, that I May Teach." A solo, "Lord Speak to Me that I May Speak," was sung by Mrs. J. C. Garrett.

Week of prayer offering went to Holding Institute in Laredo, the Philippines, Burma, Sarawak in Borneo and Sumatra.

Mrs. Ethel Hardegree, Miss Nelda Garrett, Mrs. Ed Williams, Mrs. G. A. Horton and Mrs. N.H. White discussed accomplishments and needs of schools where the offering will go.

Rev. Jack Elzey, church pastor, said the benediction.

Kemp Here to Plan 'Attack' On Traffic Toll

Representative of Texas Department of Public Safety was here Friday making plans for Colorado City's participation in "Back the Attack on Traffic Accidents."

Ross Kemp of Abilene said the "attack" will begin Dec. 1 in a nationwide program, for traffic safety and continue through December and all of 1957.

Kemp, safety specialist for this district of State Highway Patrol, conferred with Police Chief Leon Yeager, Chamber of Commerce manager Bill Quimby and others.

Both Yeager and Quimby pledged cooperation in the campaign that will carry out a program planned by the President's Highway Safety Conference this year.

Kemp said law enforcement agencies, courts, county and municipal officials, chamber of commerce, civic clubs and organizations, women's groups and other organizations will be enlisted in "Back the Attack."

"Back the Attack" in Texas is being coordinated by Texas Safety Council, Texas Department of Public Safety, police departments and information media as a public opinion weapon against the all-time high traffic tolls within the state.

KNOW YOUR OPTOMETRIST

by this seal on his door...

It's your assurance of professional protection!

HE SHOULD:

Devote time to you for (1) A careful case history of how you use your eyes on your job, hobby and leisure (2) Examination of the eyes for disease (3) Visual analysis to determine type and severity of your visual problems (4) Diagnosis and prescription for lenses alone, visual training alone or combination of both.

HE DOES NOT:

(1) Advertise prices or bargains because there is no bargain in eye care. (All visual problems are not alike and the same prescription that would be good for one would not be good for another. The diagnosis of your visual problem determines the fee you pay for good visual care). (2) Show frames in a window display. (3) Display neon signs. (4) Practice under any other name than his own.

Have your eyes examined once a year... improve or conserve your vision!
