LBJ Reveals Plans For Double Manned Launch

PROBE FOR PLANE CRASH VICTIMS IN LONDON—Firemen probe wreckage of a British European Airways four-engine Vanguard which exploded as it landed at London, England, airport. Plane crashed into fog-shrouded runway, killing 36 persons aboard. It was due in from Edinburgh, Scotland, and making third pass at landing. (AP Wirephoto by cable from London)

Youngest Of Roosevelts Is Divorced

JUAREZ, Mexico (AP) — A Mexican divorce has parted John A. Roosevelt and his wife of 28 years, the former Anne Lindsay Clark of Nahant, Mass.

Roosevelt, 49, is the youngest of the late President Franklin D. Roosevelt's five living children. He is a New York investment executive.

Judge Lorenzo Holguin of the 1st Civil Court granted the decree last Friday on the basis of incompatibility.

Mrs. Roosevelt was said to have started the proceedings through a Juarez lawyer, Xavier Rosas Castillo.

The decree said Roosevelt will pay her $800 monthly alimony. A mutual agreement was reached on the disposition of common properties. No details were disclosed.

Custody of their daughter Joan, 13, was awarded to the mother.

The couple who married June 18, 1938, have two other children. They are Haven C Roosevelt, who is at Harvard Law School, and Anne (Mrs. Douglas S. Luke Jr.). A daughter, Sara, died Aug. 12, 1960, from injuries suffered in a fall from a horse.

John Roosevelt is the last of the former president's four sons to get his name on divorce records. James, Elliot and Franklin D. Roosevelt Jr. preceded him.

SETTING UP FOR THE ENEMY—An American advisor prepares a mortar position at the beleaguered post of Plei Me, some 210 miles north of Saigon, South Viet Nam, in anticipation of Viet Cong attack. The town, manned by Montagnard soldiers and American advisors, was under attack all last week by some 500 Viet Cong. (AP Wirephoto)

Flight Set For January

By FRANK CORMIER

JOHNSON CITY, Tex. (AP)—President Johnson announced today the United States will try to put two spaceships into orbit at the same time, probably in January, so they can attempt to rendezvous and fly in formation.

Since each craft would have a two-man crew, this would put four American astronauts into space simultaneously.

The purpose of the dual flights would be to make up some of the time lost last week when failure of an Atlas-Agena rocket forced postponement of the Gemini 6 flight.

Johnson made public a memo in which Administrator James E. Webb of the National Aeronautics and Space Administration informed him about the plan.

If all goes well, the two American spaceships would fly in formation as close to each other as possible—"a matter of feet," according to press secretary Bill D. Moyers.

The Soviet Union in 1963 put two manned spaceships into orbit simultaneously but, according to American estimates, they were separated by at least three miles.

Johnson, convalescing from his gall bladder operation at his ranch near here, has begun earnest talks about possible American visits by foreign leaders during the next couple of months.

Johnson and Secretary of State Dean Rusk conferred Wedneday about the scheduling of visits by foreign dignitaries, either at the LBJ Ranch near here or in Washington.

Johnson aides, while speaking about visits, mentioned only one the plan for a trip to the United States by West German Chancellor Ludwig Erhard. There has been speculation Erhard might come in November.

Joseph Laitin, assistant press secretary, said he did not know whether the Johnson-Rusk discussion also embraced the forthcoming visit of Britain's Princess Margaret or possible trips to this country by President Mohammed Ayub Khan of Pakistan and Premier Lal Bahadur Shastri of India.

Although Princess Margaret and her husband, Lord Snowden, are scheduled to be entertained at the White House on Nov. 17, there has been some talk that Johnson might meet with the royal couple at the ranch instead.

Rusk, who spent Tuesday night at the ranch, flew back to Washington with Mrs. Rusk late Wednesday.

Laitin said Johnson and Rusk had "extended and informal talks" during walks and drives around the 400-acre presidential property.

In addition to talking about visits by foreigners, Laitin said they discussed the Dominican situation, Viet Nam, recent events in Indonesia, foreign policy aspects of next year's legislative program, the forthcoming Algiers converence of unaligned nations and the Inter-American Conference which Rusk will attend next month in Rio de Janeiro.

Five Decrees Proclaimed By Catholics

VATICAN CITY (AP) — Pope Paul VI and the bishops of the Vatican Ecumenical Council proclaimed five decrees today. They included promises of a drastic overhaul of the government of the Roman Catholic Church and a new and friendlier approach to Jews and other non-Christians.

By almost unanimous votes the council gave final approval to the decrees, which brought to 10 the total number issued since the council first met in 1962. Six more remain to be enacted.

Pope Paul told the council assembled in St. Peter's that the decrees raised no question of changing the basic nature of the Church or reducing it to the level of secular culture.

"The question is rather to render the Church more capable of developing its mission of good in the renewed conditions of human society," the Pope said. "The Church is thinking, the Church is speaking, the Church is growing, the Church is building itself up."

He said the decrees created new obligations for Catholics and added that he hoped the consequences "would be salutary for souls and for the life of the Church of tomorrow."

The Pope said he hoped non-Catholic Christians would "wish to contmplate" the new decrees as a manifestation of his Church's "renovated faith."

He said he hoped for similar contemplation from non-Christians, especially Jews, whom he described as people "certainly not of reprobation or distrust but of respect, love and hope."

Java Under Martial Law

JAKARTA, Indonesia (AP) — Martial law was today reported proclaimed in central Java to counter widespread sabotage and terrorism.

The army newspaper Berita Yudha said Brig. Gen. Surjo Soempeno, commander of the Diponegoro Division, had decreed a "state of war" (martial law) after widespread subversive activities by "counter-revolutionaries of the Sept. 30" rebel movement.

Riots apparently instigated by the Communists wrecked the city of Surakarta last Saturday, the newspaper said.

The Communists have murdered 200 people in east and central Java and kidnaped numerous others, it said.

They also seized control of local governments in some areas, raided police posts to get arms, disconnected telephone lines and sabotaged railway and road communications, the newspaper said.

Army commandos and units of the Diponegoro Division were reported chasing Communist rebels throughout east and central Java.

The army continued its round-up of Communists in the Jakarta area, and newspapers reported 172 were arrested in the latest sweep.

One newspaper quoted a ranking police officer as saying that security forces discovered documents linkng the Communists to the Sept. 30 coup during one of the raids.

The newspaper added that security forces also seized documents revealing espionage activities by the Indonesian Communist party in the state apparatus.

Indonesian President Sukarno is opposed to the army's anti-Communist campaign; but so far has not succeeded in curbing it.

He met with Communist Chinese Ambassador Yao Chung Ming for the second time in 24 hours Wednesday night and declared that Indonesian-Chinese relations will remain strong and close "despite several slanders" intended to wreck them.

Food Prices Rising

WASHINGTON (AP) — Food prices dropped nearly 1 per cent in August but have been edging up again since, the Labor Department reported Wednesday after a national spot check of supermarkets.

Soaring meat prices head the advance, with the prices of eggs, milk and most other dairy products high and expected to go higher.

Red Suicide Squad Sought

SAIGON, South Viet Nam AP—U.S. Marine patrols went on the hunt for the Viet Cong around Da Nang and Chu Lai today after Communist mortars and suicide squads destroyed 19 helicopters and two bombers in simultaneous attacks on the two Marine centers in central Viet Nam.

Another 21 helicopters were damaged. The Marines reported they killed 39 grerrillas and suffered only light casualties during the two attacks just before midnight.

It was the third sabotage raid on the Marine air and infantry complex on the coast of central Viet Nam.

The Communists did the bulk of their damage at Marble Mountain, an air strip two miles across the river from the Da Nang air base. The attack destroyed or crippled two thirds of the 60 helicopters on the strip.

Seabees there also suffered light casualties from mortar shells. The main Da Nang base was not attacked.

Two AD4 Skyhawk jet bombers were destroyed at Chu Lai, 52 miles south of Da Nang.

Both airfields came under heavy mortar fire before Viet Cong suicide squads slipped in and attacked the aircraft with demolition charges and rifle fire but most of the damage was apparently caused by the mortars.

Maj. Gen. Lewis W. Walt, commander of Marines in Viet Nam, said several of the damaged helicopters would be flying again today. More than half of the wounded Marines were expected to be back on duty by tonight.

The Marines said 37 Viet Cong were killed at or near Marble Mountain and two at Chu Lai.

Gen. Walt reported a wounded guerrilla who was captured said the Marble Mountain suicide team came in boats down the Da Nang River and 200 or more guerrillas were suposed to back them up.

Says Agitation Is Nothing New

IOWA CITY, Iowa (AP) — U.S. Supreme Court Justice William P. Douglas says he isn't surprised at recent incidents of youths burning their draft cards.

He told about 3,000 students at the University of Iowa Wednesday night that such incidents are the kind of "agitations and controversies that have stirred every single generation in America."

Two University of Iowa students recently have burned what they said were their draft cards.

Wheat Pact Is Signed

WINNIPEG, Man. (AP)—The Canadian Wheat Board today announced a three-year agreement with Communist China for the sale of at least 112 million bushels of wheat starting next Aug. 1, and added it may be renegotiated for as much as 466 million bushels over a five-year term.

The announcement was timed to coincide with the arrival here of Trade Minister Mitchell Sharp, who said its value could range from a minimum of $200 million in three years to $900 million if the maximum five-year deal is worked out.

"On this basis," said the trade minister, "this would be the largest single wheat agreement ever concluded by the Canadian Wheat Board."

Warns China To Keep Hands Off!

WASHINGTON (AP) — The United States privately warned Red China to stay out of the India-Pakistan conflict during a critical phase of that crisis, U.S. officials said today.

The American warning may have had a salutary effect on Peking, the officials said. They noted that the Communist Chinese, after serving an apparent ultimatum on India, declared the Indians had dismantled alleged fortifications on Chinese territory.

The diplomatic means of the U.S. warning to the Chinese was not disclosed. It was understood that Washington made its position known at the Sept. 15 meeting between the U.S. and Red Chinese ambassadors at Warsaw. The Warsaw ambassadorial conferences are a regular point of U.S.-Communist Chinese contact.

School Musical To Open Tonight

The curtain will go up at 8 o'clock tonight in the Snyder High School auditorium for the first of three performances of the musical comedy "Brigadoon."

The musical is being presented by the SHS choral music and drama departments.

Other performances will be presented on Friday and Saturday nights.

Cast in starring roles are Powers Boothe as Tommy Albright; Kay Pitner as Fiona McLaren; Jackie Beane as Jeff Douglas; Deborah Norton as Meg Brockie; and Gary Sutton as Charlie Dalrymple.

Dozens more Snyder High School students have roles, including a full backstage chorus.

Gerald Lee Gafford, head of the school drama department, is the producer and director, while Jim Casey, head of the vocal music department, is the music director for the play. Jane Womack and Ralph Wesson are accompanists on the organ and piano, respectively, and Virginia Whitson and Patsy Elliott are musical assistants. Sue Parham is stage manager and Carol Gafford is in charge of scenic design.

Tickets are priced at $2 each for reserved seats, $1.50 each for adult general admission and $1 each for students.

He Won't Go—With Good Reason

WATERFORD, Conn. (AP) — The protest movement apparently has spread to the Cub Scouts.

At a Halloween party held by Waterford Pack 29, one member carried a sign that read:

"I will not go to Viet Nam—my mommy won't let me cross the street."

Cuban Refugees Wait For Airlift

KEY WEST, Fla. (AP)—Cuban Prime Minister Fidel Castro halted small boat sailings as of midnight tonight—in advance of a refugee airlift—and the Coast Guard geared to help hundreds of Cubans expected to rush embarkation before the deadline.

"They are on their way," a Coast Guard spokesman said.

Waves 10 feet high were reported in the Florida Straits which separate Cuba from the United States.

Castro's move was a prelude to a U.S-Cuban agreement to fly 3,000 to 4,000 refugees a month to the United States.

Gustavo Hidalgo, captain of a fly out refugees is expected to be announced in Washington and Havana Friday.

23-foot fiber glass boat arrived here today and said, "The Castro officials wanted to send out all boats that wanted to go, regardless of the weather."

Hidalgo said, "We radioed the Coast Guard to take off our women, children and old people; 11 were transferred to a Coast Guard vessel 20 miles from Cuba."

Four refugees and four crewmen stayed on board.

"It took us 28 hours to make the 90-mile return trip," Hidalgo explained. "We made the voyage to Cuba in seven hours in good weather."

Hidalgo lives in Miami.

The U.S-Cuban agreement to

Hoepfl Rites Time Changed

Time for the funeral rites for Otto J. Hoepfl, 68, of Hermleigh, has been changed to 10 a.m. Saturday. Mr Hoepfl died early Wednesday at his home.

Rosary will be said at 8 p.m. Friday at Bolger Funeral Home and the funeral rites will be held at St. John's Catholic Church, with Fr. William Lensing officiating. Burial will be in the Hermleigh Cemetery under Direction of Bolger Funeral Home.

Pallbearers will be Gary Seidenberger, Rickey Long, Harold Burns, Albert Kliss Jr., Leo Hoepfl and Herbert Hoepfl.

CELEBRATE TRINTY RIVER PROJECT PASSAGE—Texas Congressmen get together in Washington, D.C., to toast the passage of the Water Projects Authorization Bill which includes the $971 million Trinty River Project in Texas. The House passed the legislation after the Senate had approved it, and it has now been signed by the president. From left are: Reps. James C. Wright Jr., Olin E. Teague, Graham B. Purcell Jr., and Earle Cabell, all Democrats. (AP Wirephoto)

WEATHER

SNYDER TEMPERATURES: High Wednesday, 72 degrees; low, 39 degrees; reading at 7 a.m. today, 40 degrees.

North Central and Northeast Texas: Fair and mild tonight and Friday. Low tonight 42 to 52. High Friday 72 to 82.

Northwest Texas: Clear to partly cloudy and mild tonight and Friday. Low tonight 40 to 50. High Friday 73 to 83.

South Central and Southeast Texas: Clear to partly cloudy tonight and Friday. Low tonight 45 to 60. High Friday 75 to 84. Variable winds 5 to 15 knots on coast.

Southwest Texas: Clear to partly cloudy tonight and Friday. Low tonight 40 to 52. High Friday 73 to 85.

SELF-STYLED DICTATOR

Branco Seizes Power In Brazil

RIO DO JANEIRO AP - Brazil was reported calm today and most political leaders were silent after President Humberto Castello Branco dealt himself dictatorial powers.

Some 200 students demonstrated briefly in Rio de Janeiro, but no other unrest was reported after Castello Branco issued the sweeping new law Wednesday.

"We need tranquility for the nation's economic development," he told a television audience.

The decree overriding parts of the constitution came after an all-night debate in which Congress balked at approving creasing the scope of federal states.

With the measure facing defeat, the military government slammed the lid down.

The decree included these provisions:

—The abolition of all existing political parties;

—Presidential power to declare a state of siege for up to 180 days;

—Federal power to intervene in the states;

—Expansion of the Supreme Court from 11 to 16 judges;

—Presidential power to oust federal and local legislators and authority to suspend political rights of any citizen for 10 years.

The act also abolished direct election of the president by the people. Instead he will be chosen by Congress before next Oct. 3, and Castello Branco cannot succeed himself.

Justice Minister Juacy Magalhaes repeated a government prime that state governors who were elected earlier this month would be allowed to assume office.

The Brazilian Labor party of leftist ex-President Joao Goulart, who was ousted by a civil-military movement last year, said Catello Branco's decree "Mortally assaulted what remains of republican institutions."

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am sure you can help me. I am pregnant. I want to have never received a problem. I keep the baby in hopes of like this in your entire career! marrying him later. If this is I am a 24-year-old divorcee, and found out, could I be put in the mother of two children, jail, and my children taken from ages 3 and 5. I live alone, pay me? I would go to a lawyer my own bills, and try to live a port myself and up until I met this young man I have lived a but I am afraid he might press charges. Help me!

-LOOKS LIKE IT

DEAR LOOKS: Go to a lawyer. He will protect you and advise you of your rights and obligations. Confide in him and have no fear.

• • •

DEAR ABBY: I have not been able to find a satisfactory answer to something that has bothered me for a long time. Maybe you can help me. How does a person know when to tip and when not to?

For instance, the carry-out boys at the supermarket. Do they get paid by the market, or do they expect tips? How about doormen at swanky restaurants and hotels who do nothing but open the door for you?

I once spent the week-end at the country home of a friend. The maid made my bed and pressed my clothes and I felt that I should have given her something, but I wasn't sure it was proper so I didn't. Also I tried to tip a hairdresser once and he informed me indignantly that he was the OWNER of the shop and didn't accept tips. Is there any rule to follow?

BEWILDERED

DEAR BEWILDERED: Yes. Common sense. If you assume that almost everyone who serves the public depends on tips, you'll be right. (I happen to dislike this system, but it's true nevertheless.) When in doubt, ask.

Doormen should be tipped if they perform a special service such as hailing a taxi, or handling luggage. All beauty operators should be tipped. (Most shop owners will decline.) Servants in the home of friends deserve a gratuity for extra service. (It's not expected, but usually appreciated.) If there is a NO TIPPING sign, don't attempt to violate it.

• • •

DEAR ABBY: Concerning the southpaw problem: Can you tell me if Vladimir Horowitz, Artur Rubinstein, or Leonard Pennario are ambidextrous? Also, can you tell me if Jascha Heifetz, Yehudi Menuhin, and Gregor Piatigorsky are left-handed?

If those hard-working people can accomplish such miracles with both hands with equal ease, can't those natural-born fellows master the simple art of writing with their right hands without developing an assortment of emotional problems?

CURIOUS IN INGLEWOOD

DEAR CURIOUS: We would all probably amaze ourselves with the "talents" we could develop if we had to. When one loses a right hand, he can learn to write with his left. If both hands are gone, even the feet can substitute. But few learn braille until they're sightless.

• • •

CONFIDENTIAL TO PUZZLED IN ATHENS": It is said that "Diogenes struck the father when the son swore." Does that answer your question?

• • •

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

• • •

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Kennedy Lends Assist To Beame

By TOM FOSTER

NEW YORK (AP) — Democrat Abraham Beame's campaign to become mayor of New York is getting a major assist in the closing days of the tight race from Sen. Robert F. Kennedy, D-N.Y.

The senator is campaigning in the streets alongside Beame, who faces a strong challenge in next Tuesday's election from Rep. John V. Lindsay, the Republican-Liberal candidate.

Democratic strategists hope the popular Kennedy, 39, can offset the charm of Lindsay — and the lack of an endorsement of Beame's candidacy by President Johnson.

Beame, now city comptroller, told a rally Wednesday that a Democratic mayor can do more for the city because he can work better with Sen. Kennedy and President Johnson to get more federal aid. It's a point he has consistently stressed.

The President "does things in his own way," Beame said Wednesday night in his first comment on why Johnson's expected endorsement did not come at a $100-a-plate fund-raising dinner Tuesday. Johnson sent only his "warm regards."

Beame's advisers are counting upon the Kennedy to inject some glamor into the Democratic campaign. They concede that Beame, a short, stocky, graying man of 58, doesn't project that sort of image, especially when he shares a platform with Lindsay, tall and handsome at 42, and William F. Buckley, the Conservative party candidate.

Mayor Robert F. Wagner, a Democrat, is not seeking a fourth term.

The New York Daily News mayoral straw poll today gave these percentages: Lindsay 42.3; Beame, 40.1; Buckley, 17.6. The results were based on 11,106 straw votes to date.

The New York Herald Tribune poll, based on 13,197 straw votes to date, today showed these percentages: Beame, 41.8; Lindsay, 37.8; Buckley, 14.0.

RECEIVE AWARDS—Three Snyder insurance men received plaques from the Reserve Life Insurance Company's president for outstanding service. They are, from left to right, Tommy Davis, Joe Williamson and Jack Finley. Williamson, head of the local agency, also was lauded for "excellence in business management." The Snyder firm ranks second in the company in sales. The three recently attended a company convention in New York City along with other representatives of the firm from the parent office in Fort Worth. (Staff Photo).

Two Mishaps Are Logged

Officers investigated two motor vehicle accidents Wednesday.

The first one occurred at 1:00 p.m. at Twenty-fifth and Avenue R. Involved were cars of Jaunita Mae Ward, Route 2, and Curtis Dale Hall, 2211 Avenue C. Damage to the Hall vehicle was estimated at $100, and damage to the other car was set at $50.

The second mishap occurred about 9:30 p.m. on the west side of the courthouse. Involved were cars of David Wright Davis, Arah Route, and the parked car of W. T. Williams, Snyder. Damage to Williams' 1964 Model Rambler station wagon was set at $100, and damage to the other car — a 1959 Model Chevrolet — was estimated at $200.

In other action, police investigated the theft of two hubcaps from the car of Florine Richter, Route 1, Hermleigh while the vehicle was parked in the 2400 block of Ave. S about 3:15 p.m. Wednesday, and the theft of a red 21-inch boys' bicycle [illegible] dence, 2906 Denton. The bicycle was reported missing at 1:15 p.m.

Indictments Name Six

A Scurry County grand jury Wednesday returned 12 indictments against six persons. Six of the indictments were returned against Opal Bostrom. She was charged with forgery and passing on six counts.

Single indictments were returned in the other six complaints. Charged with DWI (second offense) were Jack D. Buckin, Norman, Okla., Minnie Lee Thompson and Cecil Lafayette Davis.

A misdemeanor charge of DWI was filed against Bobby Frank Roemisch. Forgery and passing indictments were brought in against Daniel Peavy and Billy D. White.

Nuclear Explosion Rescheduled Today

AMCHITKA ISLAND, Alaska (AP) — [illegible] ...ce by the weather, hope today to set off an 80-kiloton underground thermonuclear explosion [illegible] Aleutian Island.

The $10-million test blast was to have been touched off Wednesday but bad weather forced cancellation of the shot. It was rescheduled for 4 p.m. EST today.

The test is designed to test the nation's ability to identify and locate seismic disturbances caused by underground nuclear detonations.

Get rid of excess fat and live longer. Odrinex costs $2.00 and is sold on this guarantee. If not satisfied for any reason, bring the package to your druggist and get your full money back. No questions asked. Odrinex is sold with this guarantee by Irwin Drug Store—Snyder—Mail orders filled.

Inmates Train In Computer Programming

ATLANTA, Ga. (AP) — Twice a week 23 men stroll into a classroom here and listen to an instructor explain the art of computer programming.

The students have met nine times and have 35 weeks to go before they complete the training for the much-in-demand job.

The class grade average is 97.8, but the students are not geniuses, electronics experts or young scientists.

They are convicts in the Atlanta federal prison, part of a pilot project to rehabilitate prisoners and meet a space age need.

There are no chains, striped suits or guards in class. There is only pipe-smoking George Smith of the General Electric computer department, fielding questions tossed at him by the "computer cons."

Not all the students are expected to use this valuable training for a career, but all are eligible for parole and there is a critical shortage of computer programmers.

A GE spokesman said his firm will not try to hire the project graduates on their release solely because of GE's connection with the project. However, they will be objectively considered alongside other applicants.

At the prison, the students are given no special consideration. They attend class and do homework on their own time.

Sentence Is Levied

Frank Ortiz, 27-year-old Snyder man, received a 4-year prison term in District Court here this morning after he entered a guilty plea on a charge of breaking and entering.

The term was probated for four years. Ortiz was accused of entering a house owned by Perry Echols Sept. 24.

In County Court, Gene Kermit Appleton of Buffalo Gap was handed identical sentences after he pleaded guilty to two separate charges of driving while intoxicated. Each sentence included a 30-day jail term, a $50 fine plus court costs.

Cancer Unit Session Set

Members of the American Cancer Society have been reminded of a meeting to be held at 4 p.m. Monday, Nov. 1, in the Snyder National Bank community room.

In addition to the regular business meeting, the program will be presented by Clayton Williams, state treasurer of the Texas Division of American Cancer Society. Williams, who lives in Sweetwater, serves on the executive committee for the Texas Division of ACS and is active in local and district affairs.

His topic will be new research projects, accomplishments, and the state convention of the American Cancer Society. All members are urged to attend and the public is invited.

Gemini 7 Is Delayed

CAPE KENNEDY, Fla. (AP) —The 14-day Gemini 7 flight has been delayed until at least Dec. 8 by a decision not to use the Gemini 6 booster for the launching.

When the Gemini 6 rendezvous flight was postponed Monday because of failure of the Agena target rocket to achieve orbit, space agency officials said they would move ahead to Gemini 7, using the same rocket.

This would have required replacing the Gemini 6 spacecraft with the Gemini 7 capsule. It would have permitted advancing the Gemini 7 flight from its original Dec. 8 date to about Dec. 2 because the Titan 2 had been thoroughly checked on the launch pad.

An analysis of engine capability of the Gemini 6 rocket showed the power of the second stage might be marginal for lifting the heavier Gemini 7 spacecraft into the desired orbit.

So it was decided Wednesday to switch rockets, putting the flight back on its original timetable.

Navy Vessel Fitted With Beauty Parlor

WASHINGTON (AP) — The Navy hospital ship Repose will sail for the Viet Nam war zone fitted out with the latest in surgical and medical equipment — and a beauty parlor.

The beauty parlor, first ever installed on a Navy vessel, is intended to boost the morale of the nurses aboard the ship, the Navy said.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 3,000; calves 2,000; most at auction; standard and good heifers 13.40-21.40; fully cows 10 off; 10.50-14.25; standard and good calves 18.00-21.00; utility 11.00; choice feeder steers 22.00-23.50; good 21.00-24.00; good yearling heifers 19.00-20.75; good and choice slaughter calves 21.50-24.75; heifer mixed 20.50-21.50; good and choice stock cows 11.50-15.50.

Hogs 25; unchanged; top 20.50-20.75.

Sheep 400; unchanged; good and choice wooled lambs 20.00-22.50; shorn 18.00-21.00; goats 6.00-7.00; good and choice wooled feeder lambs 18.00-20.00.

NEW YORK (AP) — Cotton was on a six basis at noon today with no sales. December 36.05, March 36.44, May 37.00.

CHICAGO (AP) — Butter and eggs unchanged.

Rice Reserve Down

WASHINGTON (AP)—Stored stocks of rough rice declined and holdings of milled rice showed an increase in the Agriculture Department's Oct. 1 survey. Rough rice stocks totaled 1,547,000 bags, the second smallest holding since estimates were started in 1956. Milled rice stock totaled 944,000 bags, a year earlier.

UNION NEWS

By Mrs. J. R. Adams

Mr. and Mrs. Noel Hollar of Sweetwater spent the week-end with Mr. and Mrs. Ernest Hollar of Cushing.

Visitors last week with Mr. and Mrs. Joe Moore were Mrs. Pearl Long of Pampa, Okla., Mrs. Marie Vachon of Glenwood, Ark. and Milton Long of California.

Mr. and Mrs. Jesse Perkins and children of Lubbock visited Sunday with their parents, Mr. and Mrs. Jack White.

Bill Johnson of Abernathy visited Sunday with Mr. and Mrs. Rufe Moss.

Weekend visitors with Mr. and Mrs. F. A. Cowell were Mr. and Mrs. Donald Armstrong of Knox.

Mrs. J. J. Hall and Mrs. Ernest Hall attended the school reunion at Loraine Saturday.

Mr. and Mrs. W. R. Pate visited last week with Mr. and Mrs. E. D. Sanders in Hobbs, N.M.

Claud Holler of Ratel spent the weekend with Mr. and Mrs. Loyd Holler.

Mr. and Mrs. J. L. Crafton of Sanga and Mr. and Mrs. Jerry Steward of Fort Worth spent Sunday night with Mrs. J. B. Adams. They were on their way home from deer hunting in Colorado State. They had bagged their game and reported a wonderful trip.

Mr. and Mrs. Loyd Webb visited Sunday in Abilene with her brother, Ernest Lord, who is ill.

Mrs. Jack White was called to Hollis, Okla. Tuesday to be with her mother who has been in the hospital and was being brought home.

Mr. and Mrs. Gene Holler attended the Coahoma school homecoming over the weekend.

Mrs. H. G. Moore is home after an extended visit with her daughter, Mrs. Sheridan Hales and family in Denton, and with her son, Rev. Cecil Moore and family of Italy, Tex.

MISS VICKI MEBANE, freshman student at Texas Technological College is a nominee for the KTXT-FM, radio station homecoming queen. The station is operated on the campus and will enter a float in the homecoming parade on Saturday Oct. 30. Vicki has attended several dinners and presentations at which the nominees have been judged. She is now a finalist which was announced at a presentation dance held in the Koko Palace Monday night. Miss KTXT-FM will be chosen from the ten finalists and the remaining girls will be her court and ride the float in the parade. Vicki is the daughter of Mr. and Mrs. Nuell Mebane, 3503 Fortieth Street, Snyder.

Plainview H-D Club Meeting

The Plainview Home Demonstration Club met Tuesday at the Northeast community center with Mrs. Joe Eicke as hostess.

The meeting was called to order and roll call was answered with a "hobby".

Mrs. Clarence Moore gave a talk on new fabrics and their uses. Mrs. Walton McMillan gave a report on her trip to the State Convention in Austin.

New officers elected were Mrs. Walton McMillan, president; Mrs. Clarence Moore, vice president; Mrs. Oran Sturdivant, secretary; Mrs. John Floyd, treasurer; Mrs. Mozelle Roggenstein, reporter; and Mrs. Gertrude Murphree, council delegate.

Hostess gift went to Mrs. J. N. Eicke and recreation to Mrs. Clarence Moore.

Next meeting will be at the home of Mrs. J. N. Eicke. Plans will be made for the Christmas Party. Ladies interested in becoming a member are asked to attend. The club meets the third Tuesday of each month at the community center or at the home of the hostess. Guests are always welcome.

Those present were Mmes. J. N. Eicke, Joe Eicke, Jess Koonsman, John Floyd, Clarence Moore, K. G. Blalock, Hoyt Andrews, Edgar Shuler, Mozelle Roggenstein and W. E. McMillan.

Turkey Supper Set For Nov. 5 At High School

Snyder School Food Association met with Northeast Elementary, Mrs. Nona Cumbie and girls recently. The meeting was called to order by president - elect Eva Hutchins. Roll call was answered by a "hello" to all.

A film on sanitation was shown by Mr. Louie Vaughn.

Plans were made for the turkey supper at high school cafeteria on Nov. 5 before the Brownfield - Snyder football game. Serving time will be 5 to 8 p.m. with the public invited.

Thirty - three members and 11 visitors were present.

Re-Do Kitchen Before Annual Holiday Blitz

Before year's end, millions of American housewives will launch two all-out blitzkriegs upon their personal fortress — the kitchen.

These onslaughts will come at Thanksgiving and Christmas when preparing the lavish family feast is as much a gruelling chore as it is a rewarding tradition. So why not give the family a pre-holiday gift that everyone can enjoy — by remodeling the kitchen?

Modern built-ins, time-saving electrical appliances and, most important, a lot more counter-top working space will eliminate much of the Missus' holiday cooking drudgery and give her more time to enjoy family and friends.

Just as you would buy the most modern, up-to-date appliances, so should you install the most modern types of counter surface. That would be tough, durable ceramic tile.

Tile comes in more than 250 colors, patterns, sizes and shapes for the ultimate in decorating schemes. It's fireproof, so cooling oven - hot mince or pumpkin pies poses no danger to the tile surface. And knives or broken dishes can't mar scratchproof tile. Likewise cleaning up after the holiday dinner is a snap with a damp-ened cloth since ceramic tile is stainproof and wards off accidental spills and spatters.

Pecan Cinnabars

1 cups unsifted regular flour
2 tablespoons plus ½ cup sugar
½ teaspoon salt
½ cup butter or margarine
¼ cup warm water
1 package active dry yeast
1 egg yolk
¼ cup undiluted evaporated milk
1 cups chopped pecans
1 teaspoon cinnamon

In a large bowl, stir together the flour, 2 tablespoons sugar and the salt. Cut in butter until particles are fine. In a small bowl, dissolve the yeast in the water; add to flour mixture along with egg yolk and evaporated milk. Mix well; cover. Refrigerate for 2 hours or over night. Mix together the pecans, ½ cup sugar cinamon; sprinkle about ¼ of the mixture over lightly floured board or prepared pastry cloth. Turn out dough over pecan mixture on board; sprinkle both dough and a prepared stockinet-covered rolling pin with more of the pecan mixture. Roll dough to the size of a small rectangle; sprinkle with more of the pecan mixture. Fold ends over dough. Repeat rolling sprinkling and folding process until all pecan mixture is used. Roll out to make a 10 by 8 inch rectangle. Carefully slide orlift dough onto large greased cookie sheet. Bake in a hot (400 degrees) oven about 20 minutes. Cool on cookie sheet. Cut into 24 bars.

Round Top News

By Mrs. R. D. DURHAM

Visiting Mr. and Mrs. Walter Brown Tuesday were Mr. and Mrs. John Martin of Loraine.

Mr. and Mrs. Johnny Crawley of Cross Plains and Mr. and Mrs. Tommy Shelley and daughter Treasa of Big Spring spent Sunday in the home of Mr. and Mrs. Mark Holmes.

Mrs. Blake Durham and Helene Koch of Snyder visited Mrs. Betty Smith Tuesday afternoon. Mrs. Smith is critically ill in Root Hospital in Colorado City.

Guests Sunday of Mr. and Mrs. J. O. Sheid Jr. in Snyder were Mr. and Mrs. Billy Durham, Linda, Bubba and Brenda, Joan Whitehead and Wayne Willis of ACC.

Mr. and Mrs. Billy Mac Smyrl of Lubbock and Mr. and Mrs. Terry McAdams of Midland, visited with Mr. and Mrs. Blake Durham and Mark Friday and Sunday on their way to and from the Dallas Fair, and to attend the Tech-SMU football game.

Mr. and Mrs. Otho Smith of Morenci, Ariz. are here to be with his mother, Mrs. Betty Smith who is ill.

Judy Overby of Line Oil Camp spent Friday night and Saturday with Brenda Durham.

Mr. and Mrs. Leslie West spent a few days last week at Buchanan Lake fishing. They were accompanied by Mr. and Mrs. Woody of Colorado City.

WOMEN'S CALENDAR

THURSDAY

ABWA meets at 7 p.m. at Steak House.

Jayce-ettes meet at 7:30 p.m. at Snyder National Bank community room. Marlene Williams hostess.

FRIDAY

Altrurian Club, 3 p.m. at Martha Ann Woman's Club. Mrs. A. C. Proudt, hostess.

Duplicate bridge at Country Club, 8:30 p.m. Open.

Central Elementary P-TA Halloween carnival, 6 p.m.

Glazed Short Ribs

1 tablespoon salad oil
2 pounds beef short ribs, split
½ cup water
1 medium onion, sliced thin
Salt
½ cups tomato-base grill barbecue sauce (from a 1 pound and 3 ounce bottle)

In a large skillet, heat the oil; add the short ribs and brown on all sides. Place short ribs in one layer on a rack in a shallow baking pan; pour water into pan. Place onion slices on ribs, sprinkle with salt. Cover with foil. Bake in a moderate (350 degrees) oven for 1 hour. Drain off liquid. Brush ribs on both sides with barbecue sauce. Cover with foil. Continue baking in the most crabs oven until tender, about 1 hour. Makes 4 servings.

North Halloween Carnival Friday

The North Elementary P-TA will sponsor a Halloween Carnival Friday night starting at 6:30 at the school cafeteria.

Food, drinks, games and fun are in store for all. The public is invited.

For Chinese-type meatballs, add coarsely chopped drained water chestnuts and season with soy sauce rather than salt. Soy sauce varies in strength so the amount you add as seasoning will depend on the variety you use.

Party fare: make-your-own sundaes! Serve vanilla and chocolate ice cream with small bowls of slivered preserved ginger (along with some of the syrup), chopped toasted almond chocolate sauce, flaked coconut.

Record High Incomes Prove 1965 Best Year For Profit

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — U.S. corporations have rushed their profit up 11% per cent above a profits close to the $50-billion year ago to a record $61.6 billion mark. While tax income to the Uncle Sam's 22 per cent gain per third quarter of 1965 ran about 11 at $17 billion. 17 per cent above the 1964 pers. In sum, a 42 per cent spurt is od, early reports indicate. reported by Sinclair at $15 mill-

Almost all major industries (on Indiana Standard at $60 share in this year's gains, al- million is ahead by 17 per cent, though steel makers show a 6.3 per cent surge by Gulf mixed pattern as do tobacco prints it to $182 million. Conti- companies. In the oil motors rental has record profits of $24 electronics, rail airline and million, and Atlantic Refining & utility fields, company after record $15 million. Socony Mobil company reports record earn- has $76 million third quarter ings from record sales vol- profits, against $76 million a- ume. Most chemical firms, drug year ago. Union Oil has $32 mil- makers, nonferrous metals, ion against $23 million. Corn glass and heavy equipment Service reports $25 million makers are on the upside against $19 million. Sun Oil

The golden flood is one of the made $24 million.

The record gross nia has $18 million profit in the earnings also mean record tax third quarters against $16 mil- payments despite lower rates ion a year ago. Norfolk & This is one reason the U.S. Western $22 million against $20 Treasury is doing better than it million; New York Central $6 million against $6 million; Great Northern $11 million against $7 million; Baltimore & Ohio reports $5 million this year against $1.5 million last. And Missouri Pacific has risen to $6.3 million from $3.9 million.

U.S. Steel profits rose 36 per cent in the third quarter from a year ago, and Armco profits are up 29 per cent. But Republic did only slightly better this year than last. And the same is true of Kaiser Steel and Colorado Fuel & Iron. Youngstown Sheet & Tube, National, Allegheny Ludlum, Crucible and Granite City Steel trailed the year ago results. Most steel companies reported increased sales volume but rising costs that squeezed profits.

In other metals the picture is mostly bright. Kennecott Copper made a whopping jump from $3.7 million last year to $24 million this. Alcoa was up from $14 million to $17 million and Reynolds Metals jumped from $7 million to $11 million.

The profits reports will continue to pour in for a few more weeks. And they will add up to insurance that 1965 will prove the most profitable year American business has ever known.

Women Make Most Of Advertising

By HAL BOYLE

NEW YORK (AP) — Women get more sympathy in the[re] than men.

[illegible] earned the truth of the saying, "[illegible] glad to otherwise."

Dr. Helen Lewis Thomas, pointed out early in the last century, most men — and even a] quiet desperation." This is why [illegible] gets little general pity.

Women, on the other hand, tend to lead lives of noisy desperation. Thus they can claim to more sympathy—and they get it.

When a woman suffers a loss in life she announces it and complains about it to high heaven. She is immediately surrounded by solacing friends and neighbors who tell her she must calm down, take it easy, drink some tea and have something to eat.

When a man suffers a loss, he usually must face his misery alone. He is supposed to take it in Spartan silence, and even his oldest male friends are embarrassed to mention it. He must suffer by himself and pull himself together with little outside help.

These thoughts are stirred by a rash of articles in women's magazines about what one called "the empty arms syndrome."

This describes the predicament of many a middle-aged mother after her children are grown and flown. She misses her nestlings, and life seems empty and purposeless without them.

For years she slaved to please and placate them, to admonish and advise them. Now she feels useless, barren and unneeded.

What is there left for me to do?" she asks — about in her grief.

A thousand psychiatrists rush to her rescue. They pat her on the back, hold a handkerchief to her nose so that she can honk away, tell her she is still vastly important to the world, and made even more beautiful by her Indian summer loss. Well, well, well.

But what about dear old Dad? Isn't he a victim of "the empty arms syndrome," too? Doesn't he, after the nestlings have winged away, feel depressed at coming home to a house that no longer echoes with the music of his children? Doesn't he feel lonely, lost, and somewhat vague about the importance of his future?

There is only one young echo-maker in our house. She is only 12 now, but I fearfully foresee the day when she will grow up and fly away, with a husband of her very own. And my arms will then be as empty as her mother's.

On that distant wedding hour my wife will break into tears, and be surrounded at once with consoling guests who will tell her things like, "Look at it this way, Frances, you haven't really lost a daughter—you gained a son."

Connally To Speak

AUSTIN (AP) — Gov. Connally will be the luncheon speaker Friday for the annual meeting of the Texas Research League, a privately - financed organization specializing in governmental research.

Begin Blood Drive

WICHITA FALLS (AP) — A drive to collect blood for American troops in Viet Nam was started Wednesday by the Circle K Student Club at Midwestern University here.

A Junior Editors Quiz About BENJAMIN FRANKLIN

QUESTION: What did Benjamin Franklin do besides experimenting with electricity?

• • •

ANSWER: Benjamin Franklin gave the science of electricity a great boost when, in 1752, he flew a kite in a thunderstorm and found that electricity from lightning would run down the wire (1). Franklin also invented the lightning rod. The electrical terms, battery, armature, condenser, were created by him. Besides his electrical discoveries, Franklin made many other contributions to humanity. Starting as a poor printer, he became a successful publisher and influenced his readers toward ideas of thrift, honesty and hard work. A public-spirited man, he worked to organize a fire department in Philadelphia, established a hospital, founded a library (3) and a university (4). His useful inventions included an iron stove, which heated better than did a fireplace, and bi-focal glasses (2) with a section at the bottom which allowed close reading.

Americans, however, remember best the noble part Benjamin Franklin played in the days when the United States became a nation. He helped draft the Declaration of Independence and acted as one of its signers. Franklin, as Minister to France, arranged for gifts and loans without which America could probably not have achieved independence.

• • •

FOR YOU TO DO: Our article has not nearly enough space to list Franklin's achievements. Read a longer one in a history book or encyclopedia, so that you will really appreciate this remarkable man.

HELPS STUDENTS—Ford Motor Company presented Snyder High School with a new V-8 engine with automatic transmission and rear axle assembly Wednesday. The engine will be used in the school's program of shop instruction. At the presentation, from left, are Bill Wilson, owner of Wilson Motors, Snyder Ford dealer; John D. Putnam, district service representative from Dallas; Harold Bennett, president of the Snyder School Board; Jack Crawford, shop instructor; and Dr. Robert Clinton, superintendent of Schools.

Progress Made On Lake Plans

Steady progress is being made toward the Colorado River Municipal Water District's new lake on the Colorado River just above Robert Lee.

Core drilling on the northwest flank of the dam site will be completed within another 10 days or two weeks, O. H. Ivie, CRMWD general manager, estimated. Findings so far have indicated no foundation problems.

Surveying crews, running lines at the damsite and around the perimeter of the lake basin as flood mark, are about 30 per cent through with their work, he said.

As these reports become available, information will be turned over to George Thompson and John Berry of Sweetwater for land appraisals. When these are reported to the district, negotiations for land purchases will begin.

Colorado State University at Fort Collins is well along on its scale model of the giant spillway for the lake, and within two months data from tests is due to begin flowing to the engineers, Freese, Nichols and Endress of Fort Worth.

District officials are giving preliminary studies to immediate pipeline requirements, and at the same time they are checking costs of financing the project.

Previously, Ivie had estimated that it would be spring before bids for revenue bonds to finance the job could be received. He also thought June was the probable earliest date for letting the construction contract. By that time, however, the district hopes to have most of the land purchased and arrangements made for relocating about eight miles of the Robert Lee - Sterling City state highway, which will be inundated.

GETS SILVER WINGS—Second Lt. Thomas R. Heard, son of Mr. and Mrs. W. C. Hart, Route 1, Hermleigh, has been awarded the U.S. Air Force silver pilot wings upon graduation from flying training school at Webb AFB, Big Spring. Lt. Heard has been assigned to McChord AFB, Wash., for flying duty. A graduate of Snyder High School he received his bachelor of arts degree from the University of Texas where he was commissioned through the AFROTC program.

Teen-Age Finalists Are Named

By PEGGY SIMPSON

DALLAS (AP) — Seven finalists, selected from 60 contestants, were named today for the Miss Teen-Age America title to be awarded Friday night.

The finalists:

Cynthia Byrum, 17, Charlotte, N. C.

Linda Sullivan, 17, Dallas.

Judy Jacob, 17, Detroit.

Colette Daiute, 16, New York.

Deborah Sale, 17, Popular Bluff, Mo.

Carol Hare, 16, San Antonio.

LeAnne Davidson Turner, 16, Tulsa.

A special award for talent today to Cherie Dongieux, 17, of Richmond, Va., who sang and danced a parody to "You can't Get a Man with a Gun."

She and the seven finalists will perform Friday night at the pageant at which Miss Teen-Age America for 1966 will be named.

The winner will receive a $10,000 college scholarship, $5,000 in personal appearance fees and other awards.

Resignations Submitted By Navy Chiefs

NEW YORK (AP) — The chief and deputy chief of the Navy's Bureau of Ships have submitted their resignations.

The Navy said Wednesday night in Washington that the two rear admirals — William A. Brockett, 51, and Charles A. Curtze, 54 — had requested immediate retirement for personal reasons.

No action has been taken yet on the requests by Brockett, chief of the Bureau of Ships, and Curtze, his assistant. Both men, now assigned to the Pentagon, assumed their present posts in April 1963.

The Bureau of Ships is one of the most powerful divisions of the Navy. It is responsible for shipbuilding and ship maintenance, with an annual budget of $2 billion.

Curtze, a resident of Falls Church, Va., a suburb of Washington, said Wednesday night when asked for comment on his sudden request:

"I have good and sufficient personal reasons. I plan to pick up a lot of loose ends that I allowed to slip during my 35 years of Navy service."

Brockett was not available for comment.

The Navy declined to comment on the reasons for "the concerted action."

The New York Times said that from close associates of the two officers it was learned that the resignations, in effect, constituted a protest against the present management of the Pentagon by the office of Secretary of Defense Robert S. McNamara.

Lumberman's Rites Slated

DALLAS (AP) — Memorial rites were set for today in Dallas' First Community Church for Joseph L. Higginbotham, president of the Higginbotham-Bartlett Lumber Co.

Higginbotham, 57, died Tuesday after a brief illness.

He was a native of Dublin in Erath County and came to Dallas in 1914.

Higginbotham had been a director of the First National Bank and the Great National Life Insurance Co.

Survivors are his widow; four daughters, Mrs. Kyle Bayes of Los Angeles, and Miss Marian Higginbotham, Mrs. Richard Rogers and Miss Harriet Higginbotham, all of Dallas; two sisters, Mrs. R. H. Stewart Jr., Dallas, and Mrs. George S. Nalle, Austin; and two brothers, John and R. Wilson, both of Dallas.

Asthma Attacks Hit New Orleans

NEW ORLEANS (AP)—Over 100 persons were treated for asthma attacks in the past 24 hours, Charity Hospital said today.

The heaviest flow of patients came during the late evening when a smoggy haze hung over the city.

CROP Drive Is Set Here Sunday

High school and junior high students of the churches of Scurry County will canvass the homes of Snyder, Fluvanna, Ira and Hermleigh on Halloween for the Christian Rural Overseas Program.

Alan Lynch, chairman of the committee of the Ministerial Alliance which is directing the program in Snyder, called attention to the fact that much government - donated food is made available to needy persons overseas by CROP.

For example, 50 cents will provide a bowl of cereal to 50 children each day for a month; $1 will provide over 300 pounds of food in this phase of the program, but CROP also provides other type of supplies.

In the total program of CROP, $1 will provide about 70 pounds of aid; $2 will provide a hoe to help turn jungles into productive gardens in the new nations of Africa; $3 will provide a glass of milk a day for one child for a year; $4 will provide rice to feed one child a meal a day for year in the Child Feeding Program of Church World Service in Hong Kong.

Since 1947 CROP has been a community channel of the churches for a person-to-person program of continuing aid, disaster relief, self-help and community development. CROP's primary purpose is to provide assistance, high protein foods, emergency supplies, agricultural tools, seeds, etc., not otherwise available to the overseas programs of the churches.

In addition to exports of contributed and purchased food and supplies worth $15.6 million since 1947, CROP has turned over designated gifts to other relief agencies totalling nearly $2 million.

BIRTHS

Mr. and Mrs. R. D. Reynolds of Pensacola, Fla. are the parents of a 9 lb. 7 oz. baby boy born Oct. 26 at the Naval Hospital in Pensacola. Paternal grandparents are R. J. Reynolds, 2102 Forty - first, Snyder and maternal grandparents are Mr. and Mrs. J. Eidson, Columbus, Miss.

A baby girl, weighing 6 lbs. 10 oz. was born at 3:22 a.m. Oct. 27 to Mr. and Mrs. Albert Zamora of 1503 Ave. M.

Opportunities For Education Given New Dimensions

By G. K. HODENFIELD
AP Education Writer

WASHINGTON (AP) — The 89th Congress — pushed, pulled, prodded and cajoled by President Johnson — has planted the seeds of an educational revolution the likes of which this country has never seen.

It brings almost instant benefits to millions of young Americans. Yet, like any revolution, its final assessment must be left to the future.

Even the experts can only guess now what it all will mean.

Much of the new legislation is designed to encourage potential dropouts to stay in school and get the best education they can absorb. Suppose — just to pick a number — it salvages five million such youngsters.

How many of those five million will become teachers, doctors, inventors, scientists, engineers, or creative thinkers in the arts and humanities?

What will be the impact on the national economy if those five million, instead of spending useless lives on the welfare rolls, become wage-earning, tax-paying, home-owning, car-buying, contributing members of society?

The legislation will ease the college crush by providing new federal funds for dormitory and classroom construction. At the same time, it may make the crush even more severe by putting a college education within the financial grasp of more thousands of American youth.

Most of the new educational measures are designed primarily for the nation's young people. It will be a rare young American who, at some point in his lifetime, won't or can't derive some good from it.

And on some uncertain date in 1966, an even half of the total U.S. population will be age 25 or under — a factor that makes any estimate a hazardous guess.

The education legislation passed by the first session of the 89th Congress literally has something for everyone.

It spreads its benefits like the morning dew over preschool tots and college graduates, over struggling junior colleges and wealthy universities, over the gifted student and the mentally handicapped, over the children of poverty, the sons and daughters of middle income families and the scions of the rich.

So varied, and yet so all-encompassing, are the programs that conceivably a 3-year-old urchin living in the slums could have Uncle Sam's helping hand at his shoulder for the 26 years it would take before he could hang out his shingle as a practicing M.D.

To begin with the youngest.

For the first time there is national legislation to strike away the chains of ignorance, poverty and incredible isolation in which millions of American children live.

It's called "Operation Head Start."

The idea is to give some semblance of a preschool experience to children so economically and culturally deprived that they are doomed without it.

There were more than 560,000 children, aged 4 and 5, enrolled in eight-week Head Start programs last summer.

There were 5-year-olds born in Daytona Beach, Fla., who got their first look at the Atlantic Ocean and the broad beach which has made the city famous; children who had their first taste of a fresh tomato, who saw their first movie, who had their first ride on an elevator.

In Rockford, Ill., a Head Start teacher passed out crayons. The children, who had never seen a crayon before, began eating them.

These children never held a pencil in their hand, heard a story, saw a magazine or book. They had virtually no vocabulary. Many had never been toilet trained.

Such children are two years behind the average child on the very day they enter first grade. Lost from the beginning, they keep falling farther behind. By the time they have been automatically promoted to the fourth grade, all escape routes are closed.

They are well on the way to becoming hopeless, helpless derelicts in an affluent society.

Operation Head Start is no cure-all. First, it now reaches only a fraction of the children who need its help. Second, there needs to be a follow-up program through at least the first three grades of school.

The program already has been expanded. By the end of next June, it is expected that at least 200,000 children aged 3, 4 and 5, will be in a year-round program. Another 300,000 will have an eight-week program.

In the view of many experts, Operation Head Start is the most urgently needed of the new programs, the one with the greatest potential impact.

Will it really work? The final answer probably won't be known until the children involved do or do not drop out of school 10 or 11 years hence.

The one great hope of Head Start is that it will break the generations-old vicious circle of deprived children growing up to be deprived parents producing yet another, and bigger, generation of deprived children.

The same hope is held for the $1.3 billion Elementary and Secondary Education Act of 1965. More than $1 billion of the total is to help local school districts strengthen educational programs where there are concentrations of disadvantaged children.

This bill has been termed a legislative miracle because it offers help to pupils in private and parochial schools while keeping the purse strings in the hands of public school officials. Many earlier aid-to-education proposals foundered in Congress on this question of separation of church and state.

Here are just a few of the ways local school districts may spend the money: Special classes for the physically handicapped, language laboratories, remedial reading programs, additional teachers, summer school and day camps, and English programs for children who do not speak English.

One acceptable way for parochial school pupils to benefit from these and other programs is through "shared time" schedules, where they attend a public school for only a part of their instruction.

The bill also provides more money for educational research, and for the purchase of textbooks and library books, which parochial schools could use on a loan basis. Another provision is for the establishment of supplementary education centers, open to all children.

"Operation Upward Bound," administered by the Office of Economic Opportunity, is a plan to salvage youths capable of doing college work who have fallen and failed somewhere along the way.

One such youth, a delinquent and potential criminal, was brought before a judge in Arlington, Va., early last summer. He could have been sent to a reform school.

Instead, after a careful study of his record and background, he was sent to an Upward Bound project at Dartmouth College for the summer. He is now enrolled in a private, prestige prep school in New England, with the school and the government footing the bill, and doing well.

This program, like Head Start, seems certain to grow from its current $25 million budget.

The three-year, $2.3 billion program of support for higher education, passed in the waning days of the first session, breaks vast new areas of legislative ground.

It includes $70 million a year for three years in federal scholarships for promising, exceptionally needy students; $55 million for one year to help struggling institutions of higher education, with 22 per cent set aside for junior colleges and technical institutes; $50 million a year for three years to help college libraries buy books; a program of government-insured loans, with the government paying part of the interest for students from families with less than $15,000 annual income — this is in addition to the NDEA student loan program; a liberalized work-study program for needy college students; fellowships to help teachers earn higher degrees; a national teacher corps to make specially trained teachers available to low-income areas and doubled expenditures for college construction grants.

Earlier, Congress passed legislation authorizing the expenditure over four years of $787.5 million for the improvement of medical education, including construction — and — operating grants, student loans and $1,500 annual scholarships.

SPORTS

Four Grid Games Set

There are four football games on tap tonight involving Snyder teams. The Travis 8th and 9th grade units host Runnels in a "double header" that will begin shortly after 6 p.m.

The Lamar 9th grade team will be at Andrews for a 6 p.m. collision, and the "B" team travels to Stamford for a 7:30 p.m. affair.

Probable starters for the 9th grade Travis team are: LE Harold McCoullough, LT John Holdren, LG Valvin Garcia, C Danny Brinner, RG Rocky Cowan, RT Gary Nunnery, RE Thomas McDorman, QB Benny Ward and David McGinnis, LH Florencio Valdez, RH Jerry Tate and David McGinnis, and FB Gary Welch. Coach is Wayne Tyrone.

Coach Tyrone said five starters are out for the 9th grade. FB Raymond Rios, QB Kenny Sehested, T David Haywood, LB Jerry King, and HB Charlie Johnson.

Coach Jerry McLeod's 8th grade lineup includes LE Mike Elkins, LT Rocky Land, LG Dennis Blythe, C Eddie McClain RG Delbert Hirst, RT Dennis Carlton, RE Wesley Bishop QB Jimmy Patrick, LH Howard Murphree, FB Ricky Glasscock, and RH Merce Hernandez.

Diamonds Are A Girl's Best Friend

PASADENA, Calif. (AP) — A grand theft charge against Marguerite Wendell Mays, former wife of San Francisco Giants' baseball ace Willie Mays, has been dismissed as an apparent case of mistaken identity.

Mrs. Mays, 35, was arraigned in Pasadena Municipal Court Monday on a charge of stealing a $4,400 diamond ring last Aug. 25 from a Pasadena jewelry store.

On Tuesday, Judge Louis T. Fletcher dismissed the complaint at the request of John F. Hopkins, chief deputy of the Pasadena district attorney's office. Hopkins told Judge Fletcher that witnesses who had identified Mrs. Mays from photographs are now unable to swear it was the same person.

Kicking Of Gill A Real Thrill

LUBBOCK, Tex. AP - In these days of specialists, Texas Tech has one - fellow named Kenneth Gill - who really is not since he's a regular linebacker and does his kicking on the side.

But the results are the same as if he just sat on the bench and waited to be summoned to boot the ball between the goal posts.

Gill is winning as many games as the fellows who pass and run with the ball.

Take last week, in Texas Tech's 26-24 victory over Southern Methodist. Gill furnished eight points via two conversions and a pair of field goals. His 36-yard placement opened the scoring and his 34-yarder went the Red Raiders ahead for keeps, 19-17, with 44 seconds left in the first half.

Oklahoma State felt Gill's toe a week earlier in a 17-14 Tech victory. Texas Christian would have had a tie had it not been for Gill's four points after touchdowns. The score was 28-24.

In the 26-7 victory over Kansas, Gill's kicking was more of a factor than the score indicated. He opened the game's scoring with a 46-yard field goal, while his kickoffs and a missed field goal try kept the Jayhawks in poor field position.

Last year, Gill had some vital field goals. The most significant were 33 and 36 yards in a 6-6 tie with Rice, the team he'll be kicking against here Saturday.

Gill's 51-yarder against Mississippi State in last fall's opener was the second longest in Southwest Conference history.

Also, it broke a Tech school record of 43 yards that had endured since 1926.

Certainly entitled to be called a "kicking specialist," Gill has a wry grin when he hears the term. As a Tech linebacker, Gill leads the Red Raiders in both tackles and big defensive plays with 84 and 16, respectively.

Even without acclaim, Kenneth would be happy just playing football. An athletic career didn't seem likely in his early years when he had to wear a special shoe to correct a club foot.

Walker, Smith Tie

ANDREWS AP -Jack Walker of Midland and S. A. Smith of Andrews were tied for first place going into the final round of the West Texas PGA Golf Tournament today.

Walker shot a one-under-par 69 and Smith shot a 68 Wednesday and the two were deadlocked at 137 for 36 holes three strokes better than Richard Hale of Perryton and Danny Swain of Odessa.

It is a 54-hole tournament.

Ira Shares Loop Lead

Ira, McCaulley and Blackwell took the lead in District 4-B (Six-Man) football, following initial league action last week. Losers in the first round of action were Hobbs, Divide and Highland. However, the picture could change this week with Ira at Blackwell, Divide at Hobbs and McCaulley at Highland.

Ira is the only undefeated team in the league after six weeks of play, and Hobbs lost its first contest (to Ira) last week. Divide's only loss in six games was a 13-30 decision to McCaulley.

SEASON STANDINGS

Team	W.	L.
Ira	6	0
Hobbs	5	1
Divide	4	1
McCaulley	4	2
Blackwell	2	4
Highland	0	6

DISTRICT STANDINGS

Team	W.	L.
Ira	1	0
McCaulley	1	0
Blackwell	1	0
Hobbs	0	1
Divide	0	1
Highland	0	1

LAST WEEKS RESULTS: Ira 43, Hobbs 40; McCaulley 30, Divide 13; Blackwell 33, Highland 6.

THIS WEEK'S SCHEDULE: Ira at Blackwell; Divide at Hobbs; McCaulley at Highland.

Ed Lopat Is KC Wheel

KANSAS CITY, Mo. (AP)—Ed Lopat, who expressed relief when fired as field manager by the Kansas City Athletics in 1964 but hung on with them in various odd jobs, was appointed executive vice president of the American League baseball club Wednesday.

Lopat, 47, once a left-handed pitching ace for the New York Yankees, will be second in command only to A's owner Charles O. Finley.

"Everyone in the organization comes under my supervision," Lopat told a news conference. He said that includes Hank Peters, who had been the club's general manager, and Alvin Dark, former manager of the San Francisco Giants.

Dark and Peters will be his administrative assistants, Lopat said. When Dark was hired in August it was announced that he would be answerable only to Finley.

"Dark will work out of the front office as a liason man and trouble shooter," Lopat explained. "He will do the same job for us that Harry Craft does for Baltimore."

King Shifts Tech Defense

By The Associated Press

The footballs are expected to fly right, left and obnoxious in Southwest Conference football Saturday if a hint can be taken from the way the boys are practicing.

Arkansas, the conference leader that tries to fight off a challenge from Texas A&M, spent most of its time Wednesday working on pass - defense.

The Razorbacks have had 105 passes completed on them this season and the Aggies are quite cognizant of it. The Aggies warmed up for an air assault on Arkansas by throwing 22 against Baylor last week.

Texas Christiain coach Abe Martin named Kent Nix as his starting quarterback for the game with Baylor after Nix had shown some nifty tossing in practice.

That makes two since Baylor passes just for exercise and then doubles the production in a game.

Baylor coach John Bridgers had more worries than the TCU passing attack. Regular guard Benny Brott may not be able to play for Baylor's offensive unit because of a practice field injury.

Texas tried to stop the Southern Methodist offense when the freshmen worked against the varsity and the results, said a spokesman for coach Darrell Royal, were negative.

The Longhorns also had difficulty handling the SMU defense.

Southern Methodist used its freshmen to simulate the Texas offense and defense and apparently had better luck since the results of the project weren't revealed.

Rice was a trifle dejected when offensive tackle Leroy Ryza sprained his ankle during scrimmage and may not be able to play against Texas Tech at Lubbock Saturday. And coach Jess Neely didn't think the Wednesday workout was very good. The team didn't show much life, he observed.

Coach J. T. King of Texas Tech shifted some players in order to bolster his defense that has sagged because of injuries. The chief change was to send offensive starting tackle John Porter to first team defense. King said Porter rated well in the workout.

Texas A&M lost a player to an injury while he was studying in the dormitory. Defensive end Grady Allen's bruised thigh hemorrhaged and he will be out for the rest of the season.

Allen couldn't recall definitely when he hurt the thigh but it must have been against Baylor Saturday, since there has been no contact work this week.

Lobos Gain Ground

KANSAS CITY AP- Sul Ross gained some ground but still was in third place in the NAIA football ratings today.

The Texas school, with a 6-0 record, is only five points out of second place. Findlay, Ohio, leads the poll, with St. John's of Minnesota No. 2.

CANYON GUN CLUB PLANS SIGHTING-IN

The Canyon Gun Club will hold a sighting-in day for all hunters of the area on Saturday and Sunday.

The club range southwest of Snyder will be open from 1 p.m. to 5 p.m. both days, and members of the club will be on hand all afternoon to help hunters sight in their rifles.

The Canyon Gun Club is offering this opportunity as a public service to hunters in this area and as part of a nation-wide program conducted by the National Rifle Association. Hundreds of NRA affiliated clubs throughout the country are taking part in the program.

A correctly sighted-in rifle is an important step to safe and accurate shooting and increases the percentage of clean kills. Familiarization firing and knowledge of the point of impact of the gun being used adds to safety and enjoyment of the sport of hunting.

Detailed information on sighting-in techniques and firing points for zeroing in will be available at the range. Hunters are requested to have all firearms unloaded and actions open when entering the range. Targets will be furnished by the club free of charge.

Running deer matches will be held Sunday afternoon following the sighting-in period.

Frogs Flail Bruins

FORT WORTH (AP)—Texas Christian lashed Baylor 25-6 Wednesday night to push into first place in Southwest Conference freshman football.

The Wogs were winning their third straight. Southern Methodist and Texas also are undefeated but have played only two games.

Ross Montgomery scored two touchdowns, Mike Hall one and Norman Bulaich one in the TCU conquest.

Steve Lane got the Baylor touchdown at the end of a 75-yard drive.

As far back as the 18th Century, two Swiss watchmakers built three incredible dolls that still write, draw and play for visitors to the History Museum in Neuchatel, Switzerland.

Lamar Slips To No. 10

By The Associated Press

North Dakota State remained a strong leader in the Associated Press, small college football poll today while two other unbeaten - untied teams, Long Beach State and Colorado Western State, made the most rapid advances.

The Bisons from Fargo, N. D. 14-7 winners over Montana State for a 7-0 record last Saturday, collected six first-place votes and 135 points in this week's voting by a special panel of 16 regional experts. Points were awarded on a basis of 10 for a first place vote, 9 for second, etc.

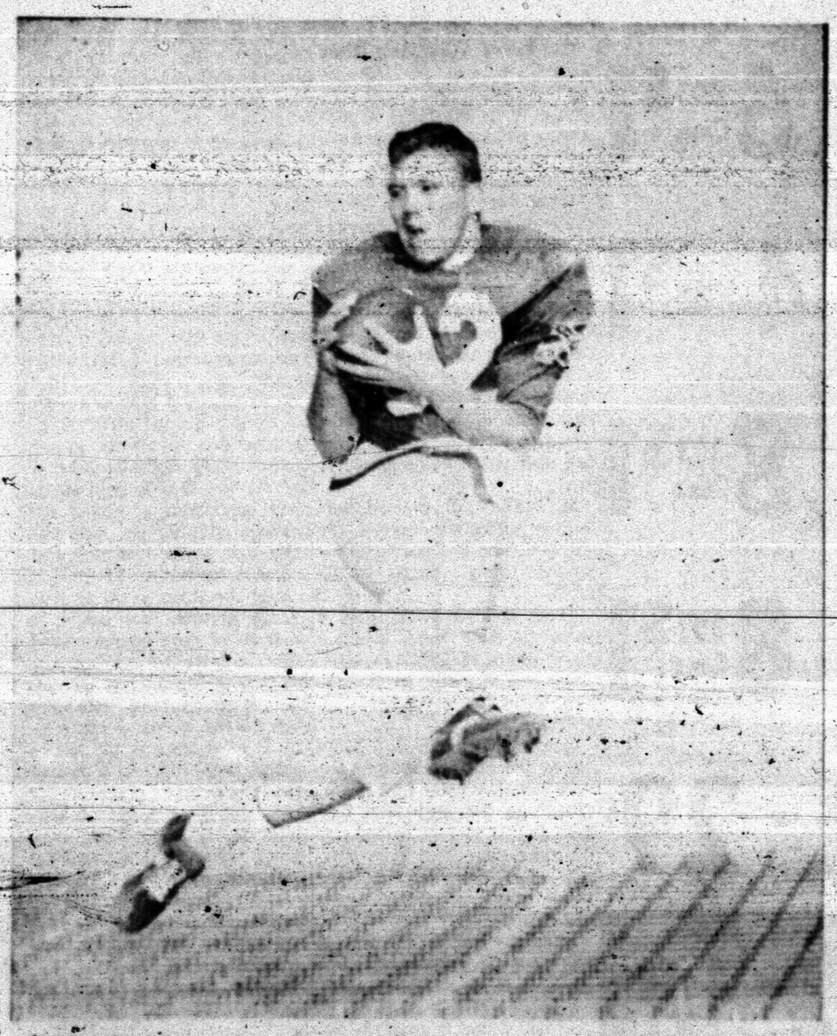

Maine's Black Bears advanced one place to second with 95 points after roughing up Rhode Island 36-0. Middle Tennessee gained two places to third on the strength of its 30-28 victory over Morehead while Los Angeles State, which defeated Fresno State 17-15, held the No. 4 spot.

Long Beach State, 10th a week ago, zoomed to the No. 5 position and Colorado Western State moved up three places to sixth.

Florida A&M lost its first game, 45-6 to Tennessee State, and fell from second place to seventh. Tennessee State, unranked a week ago, climbed to ninth place.

Northern Illinois, also unranked last week, moved into eighth spot on a 6-0 record, including a 38-12 conquest of the University of Wisconsin, Milwaukee branch, Saturday.

Lamar Tech slipped three positions to 10th after losing its first game, 14-6 to Texas A&I.

FORMER TIGER—Billy Stewart of Snyder plays tight end for the 1965 Arlington State College varsity squad. A sophomore, he's 6-1, 180 and was an all-district selection at Snyder, where he earned three football letters and two in basketball. Stewart is majoring in history at ASC.

Record New Car Sales Easing Steel's Plight

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — New car sales are setting a record this month, and by doing so are helping to offset the plunge of steel production to the lowest level in nearly two years.

These crosscurrents in the economy are important not only for what they reveal of the present state of industry and trade but perhaps more for what they might do to consumer and business psychology.

Steel long has had the reputation of being a basic industry. When mill production booms, the public thinks all must be well with the rest of the economy.

Auto sales long have been regarded as the chief clue to how the public feels about the present state of affairs and about future prospects. New car sales are a test both of how much money the public has to spend and of its willingness to spend it.

So now steel production is falling and auto sales are rising. Economists are quick to come up with explanations of both factors and of their apparent contradiction.

That cars are selling faster this October than last may not be as glamorous as it seems at first glance. That steel production is falling and new orders coming in slower than expected may not be as calamitous as it sounds.

In the first 20 days of October 547,000 American made cars were sold, compared with 374,000 in the like period of 1964. The industry counts on selling enough more to push October's total above 800,000. At mid-month, the dealers were selling 64 per cent more a day than a year earlier.

But comparisons can be tricky. This year the new models were displayed later. October is seeing the first chance the buyer had to get a 1966 model; a year ago the 1965 models had been around for some time. Also, last year General Motors was struck and many dealers were short of GM cars.

In the case of steel, the drop in production for eight straight weeks, with signs that the decline is continuing, also must be put into perspective. The mills now are producing at less than two-thirds of capacity, at the lowest level since December 1963.

But most of this drop had been expected. It resulted from the big buildup in stocks by consumers who feared a steel strike. This was averted by a new labor contract settlement early in September. Consumers have lots of steel on hand and aren't pressing the mills for shipments.

But what is worrying the mills is that the drop in new orders, although that too was expected, is more severe than first thought likely and is lasting longer than the mills had hoped.

New Cosmos Lofted

MOSCOW (AP) — The Soviet [illegible] unmanned satellite in its Cosmos space exploration series, the Soviet news agency Tass reported. Tass said the satellite, Cosmos 94, carries scientific instruments for the space exploration program announced in March, 1962.

37th Annual Carnival Set At Fluvanna

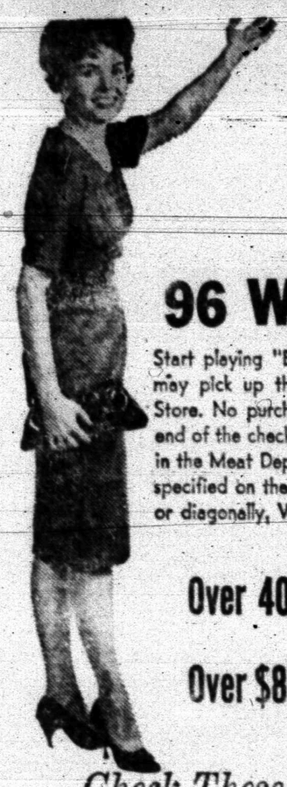

FLUVANNA—Following a tradition begun back in 1929, Fluvanna School will again this year present its annual Carnival on Friday at the school. This will also be the 37th presentation and crowning of the school's King and Queen and Royal Court.

The Carnival is a PTA-sponsored activity which usually involves most of the people of the community. It begins several weeks in advance when committees meet to formulate plans. It climaxes in Friday's schedule, touched off by an annual White Kitchen luncheon at noon open to all, followed by games which begin in the gymnasium at 4:30 in the afternoon, and closing after the formal presentation in the auditorium. This last event begins at 9:30 p.m.

The Carnival is an event open to all in the area and is usually attended by a thousand or so persons.

HOUSE FOR SALE M-2

"FALL WINDS"

bring "WINDFALLS". You can surely classify this three bedroom, den, two bath brick in the highly regarded Colonial Hills Addition as a "WINDFALL"! It is centrally air conditioned; has a fireplace; den and kitchen are completely paneled; fenced; double garage. And, is F.H.A. appraised for $18,900.00 for assume, conventional loan, and, owner would consider a large trade-in in west or southwest.

JUST FAR ENOUGH

but not too far from town: about 3½ miles from east circle; 240 acre farm that is "nearly perfect" for raising your family (all it needs is a house); minerals, leasing rights and half of royalty go with the place, a real find in this county. If you want to move your family to the edge of town, this is the place you have been looking for. Or, invest now and build later.

TRICK OR TREAT?

Don't trick yourself by being a reject when I can treat you to home ownership with nothing down, with a large selection of houses to choose from.

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY—Flying Saucer weather is here. We have had a long spell and it seems to be getting more tense.

Rural ladies and gentlemen in the Pacific Coast State of Guerrero (where Acapulco is) have seen scads of Flying Saucers lately. All sizes and shapes.

They seem to be drifting around the whole country. A big year for tourism if you ask me.

And the Mexican government has no definite comment. Just a request for official observers to keep their eyes open.

Everybody else's eyes seem to be wide open for the Saucers are seen every few days in some part of the country and many of these devices favor Mexico City.

Possibly the crews come from a planet that's hot and dry so they like it up here in the mountains.

This is the only decent explanation I can find. With all the situations we have around the globe, who would want to fly here from Mars just to be friends? The risk is too great. And nobody can afford to be friends with the human race.

I imagine the Saucer crewmen gather every evening to swap lies about what they have done during the day. Tie their craft to a cloud somewhere and everybody gets out to stretch and boil up a pot of coffee.

"Hey," one of them says, "you guys should of seen the panic we set off today down Acapulco. They was running every which way."

So a second one says, "We shouldn't be scarin' these poor earthlings like that. They're only people."

And the first one snorts, "So that's why—they're nothin' but people. And mark my words, Hartley, people with these crazy bombs can be just as dangerous as intelligent beings."

Hartley yawns and replies, "That's why I like it around Mexico City. They got no bombs and nobody is sore about anything. Sunshine and easy living for me."

A recent report has a Saucer going in the drink at Lake Texcoco. The lake being a collection of cracked mud in the dry season and oversized puddles when it rains.

But there she went. Sailed around the airport a few times, possibly calling the tower on the wrong frequency, and finally splashed in a big pool of rain water and disappeared.

Nobody went out to punch around with poles and see what was there. The tower merely said it had enough work keeping up with the regular planes flying around.

But a number of the pilots swear they witnessed the landing. Just a big saucer thing that kept losing altitude and finally hit in the lake.

Would Up Import Limit

EL PASO Tex. (AP)— Rep. Richard White, D-Tex., said Wednesday a measure he offered in Congress last week would encourage border trade expansion by increasing to $200 the value of duty free imports allowed from Mexico and Canada.

White said he hopes to get the resolution before a House committee early next year.

Called the Border Trade Areas Act, it also would allow importation of one gallon of duty-free liquor.

The $200 exemption would apply, however, only to tourist-purchased goods bought within five miles of the borders.

Legislation passed this year imposes duty over a $100 retail value and on more than one quart of liquor.

STUDENT GROUPS REPORT

Dissenters Seen As Hard-Core Radicals

By JERRY BUCK
Associated Press Writer

Viet Nam protest movements on U. S. college campuses involve only a small hard core of dissenters, top officials of 85 colleges and universities told The Associated Press today.

Put into perspective, members of the protest organizations —anti - Viet Nam and antidraft —represent only a minute fraction of the total number of students on each campus.

In some cases the number is fewer than 25 among enrollments of 12,000 and more.

An Associated Press poll of college officials from coast to coast showed a large number of schools having no organized dissent at all to U. S. policy in Viet Nam.

And the antidraft movement involves even fewer students.

"The rank and file of American college students are pretty conservative," said Dr. Hurst R. Anderson, president of American University in Washington, D.C.

"Some like to shock their conservative parents by going home and saying things like 'I've turned Socialist,' " he said. "They are sincere about it, but maybe the sincerity is pretty thin."

Noting that 500 students among the 7,500 at Texas Western College at El Paso paraded in support of U.S. policy, the president, Dr. Joseph Ray, said: "We think our students show that good citizenship is not new to a college campus. Their responsibilible voices can be heard above the bawling of a few social dissents."

Dr. Ralph Bursick, senior vice president of the University of Cincinnati, said he estimates that no more than 20 to 25 of the school's 14,000 day students and 10,000 night students are involved in the protests.

"I don't think reports of thousands of students participating gives an accurate picture," he said. "When you divide that by the number of colleges you wind up with a very minute particle."

At the University of Michigan at Ann Arbor, where students were among the 38 persons arrested during a sit - in at the Selective Service office, Richard L. Cutler, vice president for student affairs, said he believed only 100 to 150 students are engaged in anti-Viet Nam activities. The school has an enrollment of 34,453.

Asked if he thought the movement is Communist - inspired, Cutler replied: "I think not. However, hard core Communists —are always attracted to centers of disorder. They are eager to assist in the disruption of order. I do not believe these movements are Communist-dominated, but I dare say there are a few Communists participating in this."

On the Michigan campus senator Stanley Nadel, 21, of Ann Arbor, said he is chairman of the Committee to Aid the Vietnamese. He said about 25 students are selling Viet Cong postage stamps and lapel pins to aid the Communists.

Three organizations promoting protests at Michigan State University at East Lansing are the May Second Movement, Students for a Democratic Society and the Humanist Society.

Louis Hekhuis, director of student affairs at MSU, said, "My personal, unofficial estimate of the strength of this entire movement is less than one per cent of the student body — and I'll go even lower if pressed."

"If you look at the membership roster of any of these groups you'll find members of some of the others," he said.

The University has an enrollment of 35,000 students.

Charles McClure, associate more than 20 students among dean of students at UCLA, Los the more than 28,000 would be Angeles, said, "There are 15 to sufficiently dedicated to hold a 20 people who run all the pro- protest sign or make a speech. test groups and are the sole A spokesman for the Univermembers. They have a very sity of New Mexico in Albuquervery small following in terms of que, where 12,000 students are their absolute position, but a enrolled, said there is a W.E.B. large following in that people DuBois Club that is not sanc- are interested in any issue." tioned by the university. It has McClure said he did not think about eight to 12 members.

Controversy Rages Over Bishop's Plan

LONDON (AP) — Controversy raged today over the archbishop of Canterbury's suggestion that Christians should support military action against Rhodesia's white settlers if they declare independence without Britain's approval.

Critics ranging from Conservative members of Parliament to the Socialist president of the Methodist Conference, Lord Soper, denounced the suggestion as irresponsible.

The Church of Scotland, with a long history of African missionary work, dissociated itself from the archbishop's views and from a resolution supporting the archbishop passed by the British Council of Churches in Aberdeen.

Salvation Army leaders also dissented.

The archbishop, Dr. Michael Ramsey, is spiritual leader of the Church of England. Addressing the British Council of Churches on Tuesday he compared Britain's responsibility to Rhodesia's Africans with its 1939 treaty obligations to Poland.

"This country had its obligations to Poland," he said. "It was necessary to use force in fulfilling them.

"Our country has obligations to Rhodesia. If our government thought it practicable and desirable to use force in discharging not a new but a continuing obligation to Rhodesia, then as Christian people, unless we are pacifists, it would be right to say that force should be used."

HOSPITAL NOTES

(It is requested that visiting be done only during visiting hours of 2 to 4 p.m. and 7 to 8:30 p.m.)

Chaplain: Rev. John Gordon

ADMISSIONS: Clifton Green, 2300 Ave. J; J. W. Layne, 105 Thirty - fourth; Dolores Joges, 3732 Ave. V; Dan Rogers 1811 Nineteenth Street.

DISMISSALS: James Magness, Alton Greenfield, Mary Yeilding, Rushia Crenshaw, Barbara Faver, J. D. Scott, Glenn Wilson, Joan Beavers, Estelle Cofton.

Date Set For Lifting Barge

BATON ROUGE (AP)—A program of public safety precautions during the salvaging of a chlorine-laden barge from the Mississippi River here begins Friday with the first evacuations.

An Army hospital train from Atlanta will take 400 aged and infirm residents of the area to a state hospital at Pineville, 100 miles away.

The target date for lifting the barge and its 600 tons of liquefied chlorine in four metal tanks is Monday.

The barge sank during the Sept. 9-10 Hurricane Betsy.

TO MANAGE CUBS — Leo Durocher, above, has been named manager of the Chicago Cubs. Durocher, who formerly managed Brooklyn Dodgers and New York Giants, was a television commentator during the past season. (AP Wirephoto)

LITTLE GIRL, BIG DRUM — Tufts University football fans this season have been treated to unusual sight of tiny Paula Lutzin, Albany, N.Y., toting a huge bass drum at Medford, Mass. Paula stands four feet eight inches tall and weighs 90 pounds. She's followed the pre-game practice by James Thomas, six feet, tow-haired tuba, who says drum he's from Chesterfield, Mo. (AP Wirephoto)
